The Honorable Kenyan McDuffie
Chair, Committee on the Judiciary

Washington, DC 20004

Dear Councilmember McDuffie:

This letter is in response to your correspondence received January 23, 2016, in advance of the Committee's Fiscal Year 2015 Performance Oversight hearing of the Metropolitan Police Department (MPD). Please note that throughout the letter, we highlight relevant Department policy that exists in General or Special Orders. All referenced orders are available online at: <http://mpdc.dc.gov/page/directives-public-release>.

General Questions

- Please provide, as an attachment to your answers, a current organizational chart for the agency, including the number of vacant, frozen, and filled FTEs in each division or subdivision. Include the names and titles of all senior personnel. Also provide the date that the information was collected on the chart.***

The organizational chart is attached, and a table with the personnel information is below. The table identifies civilian vacancies that are funded and approved for hiring. It does not reflect sworn "vacancies," as deployment is allocated according to the current staffing levels. All new recruits are assigned to patrol upon graduation from the training academy, and veteran sworn members are allocated to address current and emerging issues as needed.

Patrol Services Bureau – coordinates crime prevention and reduction efforts in the seven police districts. In addition to providing professional and effective patrol services throughout the District, this division responds to all calls for police service and coordinates police services to residents, visitors, and commuters.

In addition to the seven police districts, PSB contains one subdivision:

- **Special Liaison Division** – provides targeted outreach and specialized response to historically underserved communities.

Investigative Services Bureau – works with the community to solve crimes, helps bring offenders to justice, supports the recovery of victims, and protects witnesses. As part of this responsibility, ISB, in conjunction with the Department of Forensic Sciences, operates the District’s Consolidated Forensic Laboratory to enhance the District’s capabilities for crime scene investigations and evidence analysis. The Bureau also supports school safety in partnership with the District of Columbia Public Schools and the District of Columbia Public Charter Schools and works to reduce juvenile victimization and delinquent behavior through a variety of programs.

The ISB contains the following four subdivisions:

- **Criminal Investigations Division** – investigates and solves crimes so that offenders are brought to justice, and provides assistance to victims;

- **Narcotics and Special Investigations Division** – provides proactive criminal enforcement services so that citizens can live in neighborhoods free from drug dealing, drug-related crime, and prostitution;
- **Crime Scene Investigations Division** – processes crime scenes and coordinates evidence collection; and
- **Youth and Family Services Division** – investigates abuse of minors, sexual abuse, internet-related crimes against minors, and human trafficking; processes all juvenile arrestees; coordinates proactive outreach to community members and youth; directs the School Resource Officer program; and manages the security contract for D.C. Public Schools.

Homeland Security Bureau – integrates intelligence and operational functions to ensure that the District is well protected and that the government prevents and is prepared to respond to threats and critical incidents. The division also works directly to support patrol operations to reduce crime and fear of crime with specialized patrol and tactical resources, and works constantly to improve information-sharing, process relevant information, and provide actionable intelligence to relevant personnel.

This division contains the following four subdivisions:

- **Special Operations Division** – provides specialized patrol, tactical, rescue, and security services to the public, businesses, and government in the District;
- **Intelligence Division** – works with local and federal partners to assist with intelligence gathering and dissemination relating to crimes that have been committed, or would possibly be committed, within the District of Columbia;
- **Tactical Information Division** – supports District functions in keeping both the command staff and the community aware, by sending out crime alerts that give timely information about offenses occurring within neighborhoods, and liaises with the Washington Regional Threat Analysis Center and the Capitol Police; and
- **Patrol Support Division** – augments patrol functions by providing additional uniformed personnel to perform patrol functions in various areas and at times areas with higher crime rates, and helps to keep non-patrol members abreast of current tactics and trends related to street patrol.

Strategic Services Bureau – integrates training, research, program and policy development, and strategic analysis and planning to support MPD and the District by identifying and implementing innovative policing and business practices.

This bureau contains the following five subdivisions:

- **Strategic Change Division** – coordinates strategic planning, government relations, legislative affairs, and organizational performance management;
- **Policy and Standards Division** – develops policies and procedures for the department;
- **Metropolitan Police Academy Division** – provides training to MPD recruits and MPD-sworn personnel to create a capable, knowledgeable, and professional staff;
- **Recruiting Division** – conducts outreach to recruit a diverse and highly qualified workforce, and conducts comprehensive examination and background screening on all prospective applicants; and

- **Reserve Corps Division** – provides high-quality volunteer public safety support services to the Department.

Corporate Support Bureau – oversees the major administrative, technical, and business functions of the department that are critical to keeping the complex and large agency running effectively and efficiently, including fleet management, equipment and supply, and evidence and property control.

This division contains the following six subdivisions:

- **Disciplinary Review Division** – reviews sustained misconduct cases for MPD employees; conducts resolution and adverse action hearings; and
- **Human Resource Management Division** – hires, retains, and makes appropriate duty status determinations for sworn personnel.

Internal Affairs Bureau – acts as the guardian of MPD’s reputation and ensures MPD’s accountability through comprehensive investigations of alleged misconduct and uses of force.

This division contains the following four subdivisions:

b. *Please provide a narrative explanation of any changes made during the previous year.*

The biggest changes in 2015 include the department moving from a decentralized Vice Unit model to a centralized, highly-trained, model for drug enforcement. As a result, the Criminal Interdiction Unit and Narcotic Enforcement Unit were created within the Narcotics and Special Investigations Division. Other major changes include the citywide realignment of the

Offices of General Counsel under District agencies again, and the realignment of our internet and photographic units under the Office of Communications.

9. *With regard to the use of communication devices:*

a. What procedures are in place to track which individuals or units are assigned mobile devices (including, but not limited to smartphones, laptops, and tablet computers)? Please include how the usage of these devices is controlled.

Requests for mobile technology equipment or services are submitted with justification through the division and bureau for approval and then to the Executive Office of Chief of Police for final approval.

Once approved, the request is tracked to ensure the equipment is ordered if required and issued to the requestor. Assets are logged into the WASP inventory database along with device tracking information, including the name of the employee to whom it was assigned. Mobile communication devices (smartphones, pagers, wireless air-cards) are entered into a District government’s Fixed Cost Management System (FCMS).

General Order 302.11 Telecommunication Devices establishes the policy and procedures for the issuance and management of telecommunication devices. Each member is also required to adhere to the District of Columbia Cellular and Landline Telephone Usage Policy. Both agreements are distributed when devices are issued.

b. How does your agency limit the costs associated with its mobile devices?

The Department is committed to using mobile technology resourcefully to support public safety in an efficiently manner to keep cost down. In doing so, the Department pursues many options and the Telecommunications Support Unit (TSU) works in partnership with Office of the Chief Technology Officer (OCTO/DCNET) to ensure the city gets the best value for equipment and services.

Currently, each mobile device is allowed 400 “pooled minutes”, with unlimited text messaging, and unlimited data plan to avoid overages for the Department.

Reports are reviewed quarterly by each Bureau to ensure assigned devices are still justified to each member per the current assignment. TSU monitors any overages and/or discrepancies in billing; members are required to pay any and all overages or costs for unapproved usage (such as use of 411 or international calls).

When a member retires or separates from the Department, his/her cell phone, pager and laptop are reissued to another member.

If possible mobile devices have been purchased at zero cost or reduced cost by using zero usage numbers. In short, we strive to make every dollar count when managing equipment and services for the Department.

c. For FY15 and FY16, to date, what was the total cost including, but not limited to, equipment and service plans for mobile communications and devices?

Device	FY2016 ¹	FY2015	FY2014
Cellular	\$157,219.38	\$861,046.87	\$585,058.19
Pager	\$10,412.74	\$62,631.29	\$57,967.99

FY15 Special Purpose Revenue Funds

Agency Fund: 1555 Reimbursement from other Government Agencies (non-DC)

Authority to Charge Fee: Administrative Authority

Authority to Dedicate: D.C. Official Code § 1-204.24d (this section of the Home Rule Act provides general statutory authority for accounting procedures and fund controls)

DESCRIPTION AND PURPOSE OF FUND: The purpose of this lapsing fund is to reimburse the Police and Fire Clinic, which is administered by the Metropolitan Police Department, for the costs of serving outside law enforcement agencies such as the U.S. Park

Police and the U.S. Secret Service. The clinic provides medical evaluation and care to injured officers. Starting in FY2011 and going forward, this fund is also used for reimbursements from the federal government (and states) for participation in regional task forces (e.g., Money Laundering Task Force, Regional Fugitive Task Force, Joint Terrorism Task Force, etc.). These reimbursements—governed by an MOA—are predominantly for reimbursement of overtime incurred during an MPD officer’s participation in a regional task force.

DESCRIPTION OF REVENUE SOURCE: The fund receives revenue from reimbursements paid by other law enforcement agencies.

Fiscal Year	Fund Detail	Revenue	Expenditures
2015	1555 – Reimb. from Other Governments	\$387,703	\$396,948
2016*	1555 – Reimb. from Other Governments	\$29,368	\$230,142

* As of 2/8/16

Agency Fund: 1614 Miscellaneous: Overtime

Authority to Charge Fee: D.C. Official Code § 47-2826, Title III of the FY2015 Budget Support Act of 2014, and DCMR Title 24, Chapter 38.

Authority to Dedicate: D.C. Official Code § 1-204.24d (this section of the Home Rule Act provides general statutory authority for accounting procedures and fund controls) and Title III of the FY2015 Budget Support Act of 2014 (under Congressional Review)

DESCRIPTION AND PURPOSE OF FUND: The purpose of this lapsing fund is to reimburse the Metropolitan Police Department (MPD) for the cost of overtime needed for the MPD to staff certain bars and clubs in DC, and special events such as parades, carnivals, and movie productions.

DESCRIPTION OF REVENUE SOURCE: The Fund receives revenue from the owners, managers, or promoters of bars, clubs, and special events. Although the managers or promoters of an event must pay a license fee of \$205 per day (which is collected by the Department of Consumer and Regulatory Affairs), the statute further provides that, “The Mayor may adjust the license fee to cover the costs to the District of providing, police, fire, and other public services that are necessary to protect public health and safety.” Furthermore, Title III of the FY2015 Budget Support Act of 2014 (under Congressional Review) provides that MPD can charge and collect reimbursable fees for providing police escorts, staffing special events, and providing security details to establishments such as bars, nightclubs, and sports teams which are necessary to protect public health and safety.

Fiscal Year	Fund Detail	Revenue	Expenditures
2015	1614 – Miscellaneous, Overtime	\$4,945,952	\$4,500,000
2016*	1614 – Miscellaneous, Overtime	\$1,420,325	\$606,691

* As of 2/8/16

Agency Fund: 7278 Asset Forfeiture

Authority to Charge Fee: United States Code Title 21, Section 853; Title 21, Section 881; Title 18, Section 981; and Title 19, Section 1616a

Authority to Dedicate: D.C. Official Code § 1-204.24d (this section of the Home Rule Act provides general statutory authority for accounting procedures and fund controls)

DESCRIPTION AND PURPOSE OF FUND: This is a non-lapsing fund that supports a variety of law enforcement functions of the Metropolitan Police Department, such as reward payments, witness protection, and confidential informants. Beginning in FY2019, this fund will no longer be receiving revenue as a result of Act 20-619, the “Civil Asset Forfeiture Amendment Act of 2014.” Details are provided below.

DESCRIPTION OF REVENUE SOURCE: The revenue for the fund comes from asset and property seizures by federal law enforcement agencies for violations of the controlled substances and racketeering acts. Under the “Equitable Sharing “ program, the U.S. Attorney General has the authority to share property, as well as proceeds from the sale of the property, with state and local law enforcement agencies that participated directly in the seizure or forfeiture. Federal law allows revenue allocated to state and local law enforcement agencies through the Equitable Sharing program to be used for law enforcement purposes.

Act 20-0619, the “Civil Asset Forfeiture Amendment Act of 2014,” requires that any proceeds from a federal asset forfeiture case be deposited into the general fund beginning on October 1, 2018 (FY 2019). This would be in violation of the requirements of the Equitable Sharing program, and will result in the loss of equitable sharing revenue and effectively eliminate participation in the program. Therefore, this fund will no longer be receiving revenue beginning in FY2019.

Revenues derived from asset forfeitures conducted independently by the D.C. government are already deposited into the general fund.

Fiscal Year	Fund Detail	Revenue	Expenditures
2015	7278 – Asset Forfeiture	\$385,950	\$385,949
2016*	7278 – Asset Forfeiture	\$119,059	\$238,972

The grievance process covers individual, group (five or more similarly situated employees), and class (all members of the bargaining unit) grievances. At the informal grievance step, the employee seeks to resolve the issue with a management representative at the lowest level capable of resolving the grievance. If that is unsuccessful, the employee may file a written Step 1 Grievance with his or her commanding officer. If the parties are not able to resolve the matter, the employee may file a written Step 2 grievance with the Chief of Police. If the grievance is denied, the Union may elect to pursue the matter to arbitration.

No changes to agency policies or procedures have been finalized at this time, although the Department is in the process of changing its policy concerning compensation to members subpoenaed as the result of the performance of their official duties by a non-governmental attorney or unrepresented party.

25. The Fiscal Year 2015 estimate is based upon the hours worked by the specialists, plus a half-time standard year for the FOIA Officer, who has other duties in addition to processing FOIA requests. The Fiscal Year 2015 estimate is based upon an allocation of hours for a standard year on the same basis.

29. Please provide a list of all studies, research papers, reports, and analyses that the agency prepared, or contracted for, during FY15 and FY16, to date. Please state the status and purpose of each. Please submit a hard copy to the Committee.

Personnel

1. Please separately list each employee whose salary was \$100,000 or more in FY15 and FY16, to date. Provide the name, position number, position title, program number, activity number, salary, and fringe. In addition, state the amount of any overtime or bonus pay received by each employee on the list.

The OCFO is preparing this information, and we will transmit it as soon as possible.

2. Please list in descending order the top 25 overtime earners in your agency in FY15 and FY16, to date. For each, state the employee's name, position number, position title, program number, activity number, salary, fringe, and the aggregate amount of overtime pay earned.

The requested information is attached.

3. Please provide a table, broken down by funding source and purpose (categories including, but not limited to, court, special events, and automated traffic enforcement), of overtime hours and expenses for FY10 to FY16, to date.

Excluding overtime for the Automated Traffic Enforcement Program, which, until FY2012, was funded by a reimbursement from a special purpose revenue fund, the use of locally funded overtime has decreased each budget under Chief Lanier's tenure until FY2014 and FY2015. In FY2007, the last budget under the Williams' administration, which included one quarter under a crime emergency, the Department used 609,019 locally funded overtime hours.

In 2014, approximately three-fifths of the increase was used for investigations, and two-fifths for targeted overtime in the Sixth and Seventh Districts. In 2015, the majority of the increase was again to combat crime, specifically to add footbeats and other targeted overtime in the Fifth, Sixth, and Seventh Districts, and for a citywide response to robbery trends. Additional hours were also focused on investigations, as well as specific efforts, such as snow events, recruiting, training, promotional exams, and the Halloween detail. Many of these hours are likely being incurred due to a decrease in staffing, both in patrol and in specific units.

4. Please provide a description of how and when overtime shifts are created and how officer selections are made to fill overtime slots.

Planned overtime shifts – as opposed to unanticipated overtime needed for law enforcement issues such as processing arrests, call backs, or holding members over to deal with emergencies (such as weather and critical incidents) – vary by event type.

- On-premises alcohol establishments:** Businesses licensed for on-premises alcohol consumption can request from MPD “reimbursable details.” By law, officers may not work part time for these establishments, but can work overtime, during which they are working for and accountable to the Department. In accordance with federal law, these members are paid at an overtime rate to be reimbursed by the establishment. A coordinator in each relevant police district tracks the assignment. The overtime slot is available on a first come basis to members who have taken an online training, with first preference giving to members in the district. If a slot is not filled by a district member, the opportunity is paged out department wide, and filled by officers who have taken the training based on who calls in first. If officers violate the Reimbursable Detail directive (for instance by not showing up for an assignment or not providing a required report), they are prohibited from participating for 60 to 90 days.
- Crime-related overtime:** Occasionally, overtime to address a specific crime issue may be available. Police district commanders create a plan of action, identify deployment areas, and assign officers from the relevant districts who volunteer to work this overtime.
- Special events:** When a special event on public space is approved by the Mayor’s Special Event Task Group, MPD receives a request for reimbursable police services. The special event or request for police services is then assigned to the Special Operations Division (SOD) – Planning & Logistics Unit, which works with the event planners to assess the number of officers needed to staff the event. The actual number of personnel required for

each special event or detail is determined by the specific concerns associated with each special event, and the number of personnel needed to maintain public safety during it. In general, these special events are deemed to be reimbursable details in which the overtime is paid by the organizer.

After the initial SOD planning process, a teletype is issued department-wide outlining the overtime positions required to staff the special event and instructing members how to sign up for the overtime. The overtime staffing is filled on a “first come” basis utilizing email time stamps. The selected members are then notified by email that they have been selected and where to report for the overtime assignment.

This process is utilized when the special event has been planned in advance, and there is sufficient time to announce the overtime positions to the Department. However, in the instances of certain dignitary movements where there is insufficient time to issue a teletype, or if there is a late vacancy in the staffing, the overtime is announced to the entire Department through the RSAN Alert system, which reaches members’ cell phones, email accounts, or other selected electronic device designated by the member.

- **Specialized Units:** Certain overtime assignments for specialized or technical positions are filled internally within the Special Operations Division, where specific SOD personnel are required to perform the specific assignment, such as a Detail Commander, EOD Technician, EOD K9 Handler, Boat Operator, Tactical Officer, Motor Officer, and Motorcade Escort Officer.
- **Automated Traffic Enforcement:** Over the past several years, the Department has purchased new equipment and restructured the program so as to minimize the reliance on overtime. Previously, only trained and certified police officers could work the overtime shifts that ensure the photo enforcement equipment is deployed per our operating schedule and that all speed enforcement units are set up, tested, and operating properly. They were also used as the last step in our review and approval process prior to mailing tickets.
- **Traffic and other Grant Funded enforcement:** The Department receives several grants that allow for overtime traffic enforcement. When an initiative is scheduled, a teletype notification is issued department wide instructing members on how to sign up for the special event overtime, and when they can begin signing up. The overtime staffing is filled on a “first come” basis utilizing email time stamps.

Certain grant funded programs, such as some impaired driving enforcement, car seat installation, or underage tobacco sales must rely on members with specialized training. Because the number of members with such training is small, the notice is usually issued to members with the training.

Events for which we receive limited notice may be handled differently in order to ensure that members with the appropriate training and experience are available and on site.

5. ***Please explain how overtime abuse is identified and dealt with, and how overtime abuse will be prevented in the future.***

MPD monitors the use of overtime by: (1) establishing expectations of all managers that it is their responsibility to manage all resources entrusted to them; (2) holding managers

specifically accountable for the overtime used under their command; and (3) regularly auditing overtime and conducting integrity checks to monitor its usage. These three initiatives have contributed to the overall reduction in overtime. As shown in the last several years, the top 25 overtime earners are primarily members who are earning overtime as detectives, in automated traffic enforcement, or in reimbursable functions.

All MPD employees are aware that efficient use of total resources is a primary objective for me, and all resources, to include labor, are to be managed in the most efficient and effective way possible.

6. Please provide each collective bargaining agreement that is currently in effect for agency employees. Please include the bargaining unit and the duration of each agreement.

The following items are attached:

- The CBA for the Fraternal Order of Police, with the Articles awarded by the Arbitrator inserted in. That said, the FOP has appealed it to the Court of Appeals so the previous contract, with the exception of the articles awarded by the arbitrator and approved by the Council, remains in a holdover status. The period covered by the CBA runs through FY 2017.
- Civilian working conditions may be governed by either of two unions:
 - The period covered by the NAGE agreement ran through FY 2010, and is in a holdover status.
 - The period covered by the AFGE agreement ran through FY 1995 and is in a holdover status.
- Compensations for civilians in unions are covered by the Compensation Units 1&2 agreement, which runs through FY 2017.

7. Does the agency conduct annual performance evaluations of all its employees? Who conducts such evaluations? What steps are taken to ensure that all agency employees are meeting individual job requirements?

- a. Please identify the criteria used to evaluate an officer's performance.**
- b. How are officers reviewed for promotions and raises?**
- c. How much weight does the number of arrests an officer makes carry?**

All employees receive annual performance ratings each fiscal year. Civilian employees and sworn members at the rank of Lieutenant and above are on a rating scale of five core competencies which include: communication, customer service, goal attainment, accountability, job and job knowledge. In addition, each are given a minimum of three specific SMART goals to achieve, based on their respective job duties and responsibilities. Rating are conducted by each employee's supervisor, and reviewed by the rater's supervisor. Numerical scores are given in each of the five criteria, and averaged for an overall rating. The highest rating is Role Model (5), Highly Effective (4), Valued Performer (3), Marginal Performer (2), and Inadequate Performer (1).

Officer and Sergeant performance ratings are based on a cumulative evaluation of seven criteria, which include job knowledge, problem solving, professionalism, interpersonal relations, communication, work habits and general policing. Ratings are conducted by each officer's immediate supervisor, and reviewed by the rater's supervisor. Numerical scores are given in each of the seven criteria, and averaged for an overall rating. The highest rating is Significantly Exceeds Expectations (5), followed by Exceeds Expectations (4), Meets Expectations (3), Needs Improvement (2), and Does Not Meet Expectations (1). The number of arrests made by an officer is not a rated factor in the annual performance process, but as one of many benchmarks of productivity, may receive some level of consideration in the general policing category of the evaluation.

Sworn members receive step increases based on the pay scale published by the DC Department of Human Resources. Step advancement has waiting periods of one year for steps 2-4, two years for steps 5-6, and 3 years for steps 7-9. Cost of living increases are governed by the Collective Bargaining process. As career service employees, promotions to the ranks of Sergeant through Captain are based on a competitive civil service examination process, as outlined by the District Personnel Manual.

Depending on an officer assignment, general productivity in terms of arrests, tickets, and so forth may receive some level of consideration in one of the seven overall evaluation criteria – general policing. Otherwise, there is absolutely no emphasis or even direct notation of number of arrests on the evaluation. The Department does routinely recognize officers for outstanding police work, which in some instances reflects the closure of cases, especially major cases with a significant impact on public safety.

8. Please provide the number of Reserve Corps Members, broken down by Level I and Level II members, for FY15 and FY16, to date.

The figures are provided below. In FY2015 and 2016 (to date), 12 Level II Reserve Corps members graduated. The Department plans to begin a new training for Level II members in April. Of note, individual armed level 1 members provided an average of 526 hours of service each during 2015. Reserve members provided a total contribution of approximately \$1.4 million in services for the year. In addition, other citizen volunteers and interns contributed an additional almost \$1.2 million dollars in supplemental volunteer services contributions.

Level II (Armed)	13
General Reserve (Unarmed)	18

9. Please provide the number of sworn and civilian employees who separated from the Department in FY14, FY15, and FY16, to date, the reason(s) indicated for their separation, and how many years of service they each had with the Department.

Please see the attached for detailed information.

10. Please provide the number of sworn officers, separated by rank, currently eligible for retirement.

The tables below show both the number of members becoming newly eligible to retire, as well as the cumulative impact of retirement eligibility, for FY2016 through FY2020. The cumulative numbers would, of course, be offset by any separations in prior years. However, this illustrates that even after the initial impact of the retirement bubble begins to wane, the cumulative impact will linger: anyone who does not retire right away adds to the number of potential retirees in the following years.

12. Please provide the staffing levels and the hours of operation for FY15 and FY16, to date, for each liaison unit, along with any changes in the hours of operation for each unit in FY15 and FY16, to date.

During the FY 15 year, the Special Liaison Division (SLD) operated on three tours of duty:

- Daywork 1000-1830 hours, 7 core members
- Evening 1400-2230 hours, 9 core members
- Powershift 2000-0430 hours, 4 core members

At the end of the FY 15 year, the Special Liaison Division manpower was decreased from 20 to 15 members due to four retirements (three from the Latino Liaison Unit (LLU) and one from the Deaf and Hard of Hearing Liaison Unit (DHHLU)) and one transfer from the Lesbian, Gay, Bisexual, and Transgender Liaison Unit (LGBTLU) at the request of the officer.

At present, SLD operates on two tours of duty, based on the general level of demand for response to calls for service and attendance at community meetings. If a critical incident occurs on midnights, the call would be assigned to SLD affiliates or the on-call core SLD member.

- Daywork 1000-1830 hours, 6 core members
 - LGBTLU 3 members
 - LLU 1 member
 - ALU 1 member and 1 civilian community outreach coordinator
 - DHHU 1 member

- LLU 2 members
- ALU 4 members
- DHHU 1 member
- **Affiliate Detail**
 - Each SLD unit has a monthly detail and receives 4 to 5 affiliate members to train for a 30 day detail with each liaison unit; glu receives 2 affiliate members in said rotation; we also added in an African Affiliate liaison in 2016

The total for all members is in the table below. Please note that for those members under Specialized Units or non-patrol members, most of these members were initially trained when they were officers in patrol, but they have since been reassigned or promoted. This furthers the goal of having a strong set of allies embedded throughout the department to serve both as informal resources or leaders internally and externally.

Agency Operations

1. ***What are your top five priorities for the agency? Please provide a detailed explanation for how the agency expects to achieve or work toward these priorities in FY16.***

The Department’s top priorities are as follows:

Homicide & Robbery Reduction (1 & 2)

As always, the safety of residents of and visitors to the District is the Department’s top priority, and we continue to focus on driving down violent crime. While assaults with dangerous weapons (-3%) and sex assaults (-7%) were down significantly in 2015, homicides and robberies were up. As an initial matter, it is important to recognize that robberies are still historically low. The 5 percent increase this year follows an 18 percent reduction in 2014. Indeed, there were 22 percent fewer robberies in 2015 than in 2007 – despite the fact that our population grew 12 percent during that time. Nevertheless, it is still too many.

There are some common elements for the strategies to address these crimes, including analyzing information on crimes and offenders, working to get repeat violent offenders and illegal guns off the street, and deploying our patrol and special unit resources to best address areas with known issues.

We work collaboratively with many partners to deter crimes, or to solve those that happen. We work with partners in the community and social service agencies on projects like Youth Creating Change, the Junior Cadet Program, and Junior Police Academy, to host engaging activities with youth that help to support positive futures while building relationships between youth and police. We work with government operations agencies to highlight infrastructure issues – such as better street lighting – that can help to improve the safety and well-being of a neighborhood, and can particularly help to deter crimes of opportunity on the street. We also work with law enforcement partners to ensure that as we investigate these crimes, subpoenas or warrants are considered and issued, and evidence is processed, expeditiously.

Earlier this year, we announced a new Robbery Intervention Task Force that highlights how we will be using resources that we have been developing in 2015. In recent months, MPD has added Criminal Research Specialists to the Command Information Center (CIC). The Criminal Research Specialists work with the technicians, detectives, and officers in the CIC to quickly use all of our available tools to analyze incoming information and send out better, actionable information to the field.

The Robbery Task Force illustrates how this works. Our crime analysis indicates that there is a small population of repeat violent offenders targeting our communities. These repeat offenders will often go on robbery sprees targeting several victims in a short period of time. The Task Force will target those offenders by quickly responding to robbery sprees or patterns as they develop. Our CIC will immediately notify units in the field when a pattern arises so that uniform resources can be quickly and appropriately deployed. We have also embedded an officer with Metro to be able to quickly link activity in public space with crimes or suspects on the Metro. When arrests are made, resources will be focused on these cases so that all available evidence - video, forensics etc. - are properly collected and submitted for analysis.

Body-Worn Camera Implementation

The use of body-worn cameras (BWCs) will benefit members of the community and the Department by improving police services, increasing accountability for individual interactions, and strengthening police-community relations. This project has been in the works for almost three years, as Chief Lanier directed her team to begin researching a program in the spring of 2013. In October 2014, MPD launched Phase I of the body-worn camera program, focusing on the selection of the best camera model for the members of the MPD. Phase II of the body-worn camera program was launched on June 29, 2015, with 400 of the selected model camera distributed to the Fifth and Seventh Police Districts, 200 per district. This deployment was designed by a team of national researchers who are analyzing the impact of body-worn cameras on such issues as citizen complaints and use of force. The lessons and findings of this evaluation will benefit District residents, the MPD, and law enforcement agencies and communities across the country which are also considering the use of body-worn cameras.

While we have been working for almost three years, the major push begins this spring with the deployment of more than 2,000 cameras to seven police districts and three substations in 2016. The response to question 15 provides more details about the deployment plan. Patrol

officers throughout the city are eager to get the cameras as they too have seen that the advantages in this program.

Use of Force Reengineering

Over the past 18 months, the law enforcement profession has come under more scrutiny than any time in perhaps decades. Several high profile use of force incidents around the country have had a profound impact on both the communities we serve, as well as police officers, from the rank and file up to the leaders. With this background, Chief Lanier and members of her executive command staff have spent the past year working with the Police Executive Research Forum and police leaders around the country examining long-held underlying principles in American law enforcement and the use of force standards and trainings that have arisen from them. We have looked to other countries and their practices, in part to challenge our own assumptions. Over the next year and into the future, to meet evolving policing and community needs, MPD will re-engineer its use of force policy and associated trainings, standard operating procedures, language, operations, investigations. These changes will help to protect the safety of both the public and police officers, while aligning policies and trainings with evolving legal standards for use of force.

Sworn Member Recruitment & Retention

As is explained at length in the response to question 38, we have a multi-faceted approach to retaining current and attracting new officers to the Department. This remains one of our highest priorities for 2016 and several more years to come.

2. Please list each new program implemented by the agency during FY15 and FY16, to date. For each initiative please provide:

- a. *A description of the initiative;*
- b. *The funding required to implement to the initiative; and*
- c. *Any documented results of the initiative.*

Many of MPD’s new programs and initiatives are described in detail in our FY15 and FY16 Performance Plans and our FY15 Performance Accountability Report. (These are attached in response to questions 26 and 27.) The FY16 initiatives are ongoing and the results have not yet been documented. These initiatives are primarily implemented using existing staff and resources. A key exception to this is the body-worn camera project, for which the FY15 and FY16 funding is captured in the table below.

Item	Qty.	Cost
BWCs	2380	\$1,049,620
Evidence.com Subscriptions	2380	\$2,436,240
Docks & Accessories		\$826,902
Phone Service		\$1,188,600
FOIA Compliance		\$5,363,801
DOJ/BJA Grant to purchase 500 additional units		\$1,000,000

There are, of course, programs that do not align with the planning phases of the performance plans and therefore are not captured in them. The most important of these in FY15 may have been the June 2015 launch of the Criminal Interdiction Unit (CIU). As part of the Narcotics

and Special Investigation Division, the CIU is comprised of highly trained and professional members who are committed to targeting crime patterns as they emerge, focusing on violent crime and the evolving modern drug trade. The core mission of the CIU is to apprehend violent offenders while fostering legitimacy and acceptance within the community we serve. Using intelligence-based strategies and technology, the CIU focuses on the prevention, enforcement, and suppression of organized pattern crimes and repeat violent offenders.

To address the changing environment and technical savvy of today's criminal drug industry, the CIU uses investigative technology, intelligence, best practices, problem solving, and community-oriented crime prevention strategies to accomplish their mission. The unit conducts reactive and proactive criminal investigations, developing the majority of their cases through the utilization of informants and contacts developed within the community and criminal element. The CIU works closely with and conduct parallel investigations with district detectives in their effort to apprehend violent offenders throughout the city. The unit focuses on crimes such as shootings, home invasions, carjacking's, robberies and burglaries.

3. Please explain the impact on your agency of any legislation passed at the federal level during FY15 and FY16, to date, which significantly affected agency operations. If regulations are the shared responsibility of multiple agencies, please note.

We are not aware of any federal legislation passed this year or last which significantly affected agency operations.

5. ***Please identify any statutory or regulatory impediments to your agency’s operations, including any outstanding legislative requirements of the agency (e.g. implementation of rulemakings).***

The Department is not aware of any outstanding rulemakings to be implemented. There are certainly numerous statutory and regulatory challenges to effective and efficient operations. The Department works closely with the Mayor in developing proposed legislation to address these.

For instance, Mayor Bowser’s *Public Safety and Criminal Code Revisions Amendment Act of 2015* included several proposals to eliminate impediments to more effective delivery of public safety services. These include issues such as modifying the retention requirement for CCTV video from ten days to 30 days as the Courts and prosecutors have expressed significant concern about the government destroying videos of incidents ten days after they happen – even if the government was not aware of a pending action. Moreover, maintaining CCTV footage for only ten days makes little sense when body-worn camera footage is maintained for 90 days.

The proposal also would have eliminated requirements that if a driver cannot show proof of insurance, he or she must be cited for both a \$30 ticket for failing to **show** proof of insurance and a \$500 ticket for failing to **have** insurance. Even though the \$500 ticket can be contested later in adjudication at the Department of Motor Vehicles if insurance was in effect when the ticket was issued, it can be costly and time-consuming for drivers who have insurance, but cannot produce their insurance card at the time of the stop. Equally important, it often leaves drivers with the feeling that an officer is over-ticketing them and abusing his or her authority. These are just two examples of outdated statutory requirements that we have identified to Council as hindering our effectiveness.

Please see the attached table.

8. ***Please provide a curriculum for any specialized training provided to officers in the Gay and Lesbian Liaison Unit.***

The officers in the LGBTLU have all been in the unit for at least a decade.

- Officer Zunnobia Hakim: 2003

- Officer Joseph Morquecho: 2003
- Officer Kevin Johnson: 2006

Over the past decade, they have attended many trainings with national and community organizations such as:

- Anti-Defamation League
- Helping Individual Prostitutes Survive
- PFLAG
- Human Rights Campaign
- Rainbow Response
- Women Empowered Against Violence

Sergeant Jessica Hawkins, who assumed responsibility for the unit as of March 2015, has not yet attended any specialized training.

10. Please provide an agenda, including the name of the instructor for each segment, for the following:

- a. The last three MPD investigator schools; and**
- b. The last three MPD in-service/professional development courses.**

The Department is compiling this response and will forward it as soon as possible.

11. What type of training do officers receive for handling biased-based crimes? What is the protocol for filing paperwork when an individual reports a bias-based crime?

Members have received multiple trainings over the years through Daily Roll Call reminders, online training, and Professional Development Training. In 2015, in partnership with various community organizations, MPD developed an extensive training on issues of importance to the LGBTQ community, including responding to possible biased-motivated crimes. The Department's protocol is detailed in Special Order 11-22, which is available on our public website at <http://mpdc.dc.gov/page/directives-public-release>.

12. Are officers receiving regular continuing LGBTQ, intimate partner violence, and sexual assault training?

- a. What are the continuing education requirements for these topics?**
- b. Who provides and consults on this training?**

New recruits receive training on all of these topics. All members are required to participate in 40 hours of continuing education (called Professional Development Training, or PDT) each

year. This includes 16 hours of biannual firearms requalification, which includes related issues such as use of force and de-escalation. The topics in the remaining 24 hours varies, but must address a variety of issues such as changing laws, officer safety, and emerging topics. Other training is also provided in online training or roll call training, or as elective courses. While training is vital, it is also critical that we deliver it in a thoughtful manner since every 8-hours of mandatory department-wide training is the equivalent of taking approximately 14 or 15 officers out of service for the entire year. For our 40 hour training, that is 70 to 75 members out of service. Therefore, the training curriculum is set each year with the only constant being the 16 hours of firearms requalification.

In 2015, MPD launched a comprehensive department-wide training on issues of importance to the LGBTQ community. To the best of our knowledge, there are no other police departments requiring such extensive training of all of its members. The major topics of the course included: LGBT Cultural Competency; Handling Interactions with Transgender Individuals; Domestic Violence in LGBT Relationships; and Bias-Motivated Crimes. The training included an extensive online presentation to review Department policies and previous trainings, and to introduce some new concepts. It was followed by a 4-hour classroom training led by experienced officers who are core or affiliate members of the LGBTLU. The classroom session focused on scenarios designed to present officers with situations they will likely encounter, and provided a forum for discussing how they would respond to the incident and individuals on the scene. The emphasis on interactive and hands-on exercises requires officers to demonstrate the skills learned in training. The training also included videos of community members discussing their experiences with police and the impact the interactions had on them. The training was developed by MPD with support and consultation with the following community groups: the DC Trans Coalition, GLOV, Casa Ruby, Rainbow Response, GLAA, the DC Center, HIPS, and SMYAL.

The most recent training on sexual assaults for members outside of the Sexual Assault Unit (SAU) was a clarification of policy specifying that officers must immediately call for a SAU detective for any crimes with sexual overtones.

13. Please provide MPD’s monthly deployment schedule for FY15 and FY16, to date.

The information in the deployment system is captured as a current snapshot. Due to technical changes, MPD does not have deployment schedules for FY15. The report was updated and reissued in December 2015. The reports for December 2015 through February 2016 are attached.

14. Please provide the year-to-date crime comparisons by District and PSA for FY14, FY15, and FY16, to date.

The data is attached.

15. Please provide the body-worn camera rollout schedule for FY15, FY16, and FY17.

Deployment Summary:

Phase	Date	# BWC Deployed	Running Total
One	Oct 1, 2014 – Jun 12, 2015	168 (taken back at end of phase)	168

Three	Starting March 2016	2400 (planned dates below)	2800
Academy	Starting July 2016	500	3300

The table below provides tentative dates for implementation in the police districts. As you know, MPD is working with an outside research team to conduct a robust study designed to assess the impact of body-worn cameras. The study parameters include establishing a control group, which means that only half of all eligible members in each district will initially receive BWCs. The second distribution will be in December to the rest of the patrol members. Deployment to specialized units will be done after the first round of patrol deployments.

* The Fifth and Seventh Districts received 200 cameras in June 2015. These are reflective here in the 2nd round so that they can be included in the totals.

16. Regarding MPD's Body-Worn Camera Program, please provide:

17. Please provide the anticipated timeline and rollout schedule for the U.S. Department of Justice-provided funding to procure 500 additional body-worn cameras.

Because the technology is continuously being advanced, it is not advantageous to procure cameras in advance of the deployment schedule. Therefore this procurement will be secondary to the larger primary procurement.

a. Will this grant cover the entire cost of the additional cameras? If not, how much will the Department pay?

Yes, the grant covers the entire cost of the additional cameras.

b. When these cameras, in addition to the other 2,800, are rolled out, how many officers will remain without cameras?

Virtually all uniformed, community-facing officers will receive body-worn cameras.

18. Please provide the number of notices of infraction issued by officers for violations of Title 31 of the DCMR for FY15 and FY16, to date, by PSA.

a. Please provide the total amount of notices of infraction upheld by police district for FY15 and FY16, to date.

This information is recorded and maintained by the Department of Motor Vehicles. We are working with them to provide the information.

19. *Since announcing the Illegal Gun Initiative, how many tips has MPD received that successfully led to the recovery of illegal guns?*
- How many guns were recovered as a result of these tips?*
 - How many rewards have been issued since announcing the increase in rewards for tips leading to the recovery of illegal guns?*
 - What is the total amount of reward money that has been distributed since the announcement of the Illegal Gun Initiative?*

Twenty guns have been recovered since announcing the initiative. For 14 of the 20 recovered guns, the rewards were funded through the new initiative. Six recoveries were funded by the existing Crime Solvers program.

MPD has distributed \$14,475 in reward money in relation to 19 rewards since the announcement of the Illegal Gun Initiative. (Please note that more than one gun may have been recovered per tip.)

20. *Of the illegal guns recovered in FY15 and FY16, to date:*
- How many had high-capacity magazines?*
 - How many were found in homes?*
 - How many were recovered on the street during investigative efforts?*
 - How many were recovered following the commission of a crime?*
 - How many were recovered from an individual with a prior criminal history in the District? With a prior arrest or conviction for a violent crime?*
 - Please provide the locations of all illegal guns recovered.*

Information about guns recovered are tracked by the Department of Forensic Services.

21. *Please provide the protocol for responding to criminal incidents that occur in and around school property, including the protocol for notifying school officials and parents of the circumstances surrounding those incidents.*

The initial response depends on the nature of the incident. If a School Resource Officer (SRO) is on the scene, the school may not call 911, and the SRO may handle it. If 911 is called, the Office of Unified Communications will dispatch it as with other calls for service in which the first factor is the nature and priority of the call. If it is a priority one call needing immediate response, it will be generally be dispatched to an available officer in the patrol district. The relevant SROs will also respond and will likely be engaged in or responsible for any follow up, but they may not be the first available officer. Otherwise, these will be handled as with any other incident, with supervisors and watch commanders involved depending on the significance or severity of the incident. Also serious crimes and trends are shared with school administrators in real time. The school would be responsible for notifying parents as appropriate.

22. *Please provide the number of calls made to the Department of Behavioral Health Crisis Response Team by officers for FY15 and FY16, to date.*
- How many referrals were made to the Department of Behavioral Health Crisis Response Team in FY15 and FY16, to date?*

b. Does the Department have on-staff behavioral health personnel to support officers

MPD has almost 800 trained Crisis Intervention Officers, including patrol members, School Resource Officers, and Emergency Response Team members. DBH conducts the 40-hour trainings and certifies the participants. Each year, five classes of approximately 25 students each are held. In 2016, a management level briefing is also planned. Per information provided by DBH, in FY15, MPD transported individuals 2,841 times to the Comprehensive Psychiatric Emergency Program. The Department does not have on-staff behavioral health personnel to support officers in the field. The Department relies on its experts in its partner agencies, including DBH, which are best suited to hire and supervise such staff.

23. Please provide the deployment plan for ensuring safe routes to schools for District students, including any data that was used to create the deployment plan.

The Department's overall school safety strategy includes Safe Passage Operational Plans that address crime that youth may encounter while traveling to and from school. In addition to conflicts among associates that may flare up when students leave the safety of school, students may also fall victim to the same types of stranger crimes against persons that any individual may face, such as robbery or assault. As such, MPD works both to reduce crimes of opportunity and to deter potential targeted violence.

The Department works with other stakeholder agencies and resources to identify and support safe routes to and from school as well as major transportation points (e.g., Metro train and bus stops) after school dismissal. Both the SROs and police district personnel coordinate with Metro Transit Authority Police and others to optimize safety and security in these areas. MPD patrol officers on foot, Segways, or bike beats are deployed to these routes to support Safe Passages. Depending on the specifics and logistics of the school, other resources may include school administrators, school crossing guards, the Department of Parks and Recreation's Roving Leaders, and private businesses along the route. These stakeholders ensure students are able to travel in certain areas safely and without incident. Deployment and action plans to address hot issues are checked through daily conference calls between MPD, DCPS, Metro Transit, Roving Leaders, and contract security. Information is shared about incidents that may affect student safety at dismissal time, and additional resources are deployed if necessary.

The District Department of Transportation's (DDOT) School Crossing Guard program plays a major role in ensuring that students are safe as they travel to and from school. Crossing guards are posted at intersections near DCPS and charter schools to:

- Encourage youth to behave in a safe manner near traffic;
- Provide assistance if the natural traffic flow does not allow enough time for youth to safely cross a street;
- Alert motorists to the presence of pedestrian traffic; and
- Observe and report any incidents or conditions that present a potential hazard to youth.

24. Please provide the total number of special police officers for FY15 and FY16, to date, including to where they were commissioned.

The Department of Consumer and Regulatory Affairs processes the licensing of special police officers, and has provided the following information regarding the number of special police officers being licensed in the District of Columbia:

- In Fiscal Year 2015, there were a total of 3,402 new special police officers licensed.
- In Fiscal Year 2016, as of January 31, 2016, there have been a total of 531 new special police officers licensed.
- As of January 31, 2016, there are a total of 7,085 active special police officer licenses available for renewal by May 31, 2016.

In regards to where they were commissioned, this information is not captured as special police officers are licensed by company. As of January 31, 2016, there are 334 licensed private security agencies in the District of Columbia.

25. *Please explain the disciplinary process for special police officers, including the circumstances under which a commission may be revoked.*

The disciplinary process for the special police officers mirrors that for the members of the Metropolitan Police Department. Pursuant to Title 6A D.C. Municipal Regulations § 1100.6, “Special police officers appointed under the provisions of either §1100.4 or §1100.5 shall be amenable to the rules laid down for the government of the Metropolitan Police Force in so far as those rules are applicable”.

In investigating matters that may result in disciplinary action for special police officers, the Security Officers Management Branch (SOMB) or Internal Affairs Bureau (Serious Use of Force) will conduct an investigation in the same manner as that of any MPD member. In disciplinary instances that are not outlined in DCMR Title 6a (i.e. special police officer arrests DCMR 6a, Sections 1102.3, 1102.4, 1102.6, positive drug screenings DCMR 6a, Section 1106.8), SOMB may consult with the MPD’s Disciplinary Review Branch to determine the appropriate disciplinary action to ensure that the discipline is appropriate and in line with MPD policies, and to ensure that any discipline issued does not exceed the discipline that an MPD member would receive for similar conduct.

As special police officers have police powers and arrest authority on private property, they are served a PD Form 77 (Revocation/Restoration of Police Powers and Notice of Duty and Pay Status) when they are suspended or revoked. Some circumstances that may be eligible for suspension or revocation may include the following:

Pending criminal case in court:

- DCMR Title 6a, Chapter 11, Section 1102.6 states “If a special police officer is arrested, the special police officer shall report the arrest to the Mayor within two (2) business days. The commission of such special police officer shall be suspended immediately, and the security agency shall be notified of such suspension immediately, pending further disposition. If a special police officer fails to report an arrest as required, the special police officer’s commission shall be summarily revoked”.

Certain Dispositions of an arrest for a Crime of Violence:

- DCMR Title 6a, Chapter 11, Section 1102.2 states “An applicant shall be ineligible to be commissioned as a special police officer if that applicant has ever been convicted of, pled

guilty or nolo contendere to, or been given probation before judgment for any offense in any jurisdiction that would be a crime of violence, as defined in D.C. Official Code § 23-1331 (4), if committed in the District of Columbia”.

Certain Dispositions of an arrest for a Crime of Violence:

- DCMR Title 6a, Chapter 11, Section 1102.3 states “If an applicant has ever been convicted of, pled guilty or nolo contendere to, or been given probation before judgment for any offense, other than a crime of violence, as defined in D.C. Official Code §23-1331(4), in any jurisdiction that would be a felony if committed in the District of Columbia, the applicant shall be ineligible to be commissioned as a special police officer for ten (10) years following the applicant’s release from incarceration and the conclusion of any court ordered parole, probation, or supervision relating to that offense”.

Testing Positive on a Drug Screening:

- DCMR Title 6a, Chapter 11, Section 1106.8 states “The commission of a special police officer who fails a reasonable suspicion drug or alcohol test shall be summarily revoked.”

26. Please explain, in detail, what is included in a compliance check for special police officers and security guards. Please provide:

- a. The number of compliance checks completed in FY15 and FY16, to date;**
- b. The location where each of the above-mentioned compliance checks was completed; and**
- c. The status of each compliance check, including any failures to comply.**

The Security Officers Management Branch (SOMB) conducts site inspections of Special Police Officers (SPO) and Security Officers (SO) working on private property in the District of Columbia. When performing an inspection at a location, the following inspection is conducted to ensure that the SPO or SO is in compliance with the established regulations:

- SPO/SO is asked to present their licensing credential. The credential is then examined to ensure the following:
 - Name on credential matches the individual
 - Photo matches the individual
 - Expiration date is current on the credential
 - Employing company is correct for the post
 - Employing company on credential matches uniform worn
 - Credential is correct for individual’s assignment (e.g., an SO is not working an SPO post)
 - Credential properly lists if they are armed or unarmed (SPO only)
- Uniform is inspected, to ensure the following:
 - Uniform shirt is correct for the licensed individual
 - SOs are wearing the required and appropriate identifying badges/patches
- Equipment is inspected, to ensure the following:
 - SOs are not permitted to carry handcuffs or any weapons, other than a wooden baton

- SPOs cannot carry any equipment that is not approved for use by MPD officers
- Firearms
 - With appropriate safety measures available, site inspectors are permitted to inspect the firearms used by armed SPOs. These inspections are only done if the location has a suitable location to do so.
 - If any derelictions are noted, an audit will be conducted of the employing security agency's firearms.
- Post Orders/ Logbooks
 - The post orders and log books are reviewed to determine that the SPO or SO is performing the required duties for that location

Attempts are made to speak with resident managers of apartment building, managers or retail establishments or property managers during these inspections to determine if there are any questions that they may have, or any concerns as it relates to the inspections that were conducted. Copies of DCMR Title 17 (SO) and Title 6a (SPO) are offered so that these property supervisors are aware of the guidelines and the laws associated with the private security industry.

27. How are stops categorized for purposes of maintaining and collecting stop data?

Although there has been significant national attention to the use of stops or stops and frisks as a program to combat crime, it is important to recognize that MPD does not treat this as a program, an initiative, or a tool for law enforcement. MPD policy, training, and practice conform with the legal definition of a "Terry Stop." This name comes from the standards established in a 1968 case Supreme Court decision in *Terry v. Ohio*. Briefly, the Court held that police may conduct a limited search of a person for weapons that could endanger the officer or those nearby, even in the absence of probable cause for arrest. When a police officer observes unusual conduct which leads him or her to reasonably suspect criminal activity has occurred, may be occurring, or will occur, and that the persons with whom he is dealing may be armed and presently dangerous, the officer may approach and briefly detain

the subject for the purpose of conducting a limited investigation. The officer must identify himself or herself as a police officer and may make reasonable inquiries. If after initial investigation the officer still has a reasonable fear for the safety of himself and others, the officer may conduct a limited search of the outer clothing in an attempt to discover weapons that might be used to assault him or her.

These police interactions with citizens which do not result in other police action (such as a traffic ticket or arrest) are generally categorized in three ways: a contact, a stop, or a frisk.

- **Contact:** A contact is generally conduct by a member which places the sworn member in face-to-face communication with an individual citizen under circumstances in which the citizen is free not to respond and to leave. This may or may not be investigative in nature. For instance, it may be a business contact, giving someone directions, or talking to a resident on their front porch.
- **Stop:** The temporary detention of a person for the purpose of determining whether probable cause exists to arrest that person. A stop occurs whenever an officer uses his/her authority to compel a person to halt, remain in a certain place, or to perform some act (such as walking to a nearby location where the officer can use a radio or telephone). If a person is under a reasonable impression that he/she is not free to leave the officer's presence, a "stop" has occurred.
- **Frisk:** A limited protective search for concealed weapons or dangerous instruments. Usually, it occurs during a "stop" and consists of a pat down of the individual's clothing to determine the presence of weapons and other dangerous objects

Below is an excerpt from MPD General Order 304.10 outlining the regulations surrounding the documentation of contacts, stops, and stops and frisks. The full order is available online at <http://mpdc.dc.gov/page/directives-public-release>.

- **Forcible Stops and Frisks:** Whenever any force is used to stop a person pursuant to Part III.B of this order, or whenever any frisk is conducted pursuant to Part III.C of this order, regardless of whether or not an arrest follows, a PD Form 251 shall be made containing all pertinent details of the incident, including all factors relied upon in determining that the stop or frisk was justified.
- **Non-Forcible Stops:** Whenever a person is stopped without the use of force, the stop shall be recorded on a PD Form 76, which shall contain all pertinent details of the incident including all factors relied upon in determining that the stop was justified. The PD Form 76 shall be forwarded by the reporting officer to his/her commanding officer.
- **Contacts:** Documenting contacts is optional unless required by the commanding officer. Officers are reminded that use of the PD Form 76 during a contact may be interpreted as coercive by some citizens. Consequently, if a determination is made before or during a contact to record information, the citizen should promptly be informed that the PD Form 76 is strictly for internal use by this Department and is not available to the public and does not signify or imply an arrest circumstance or involvement in criminal activity.

In FY16, to date, there have been six reward payments approved related to homicide cases ranging in value from \$6,000 up to \$25,000. The total value of rewards issued for tips relating to homicide cases in FY16 is \$90,000.

31. *Please provide the homicide closure rates for FY15 and FY16, to date, by district.*

Clearance rates are always provided by the calendar year. MPD calculates clearance rates in compliance with FBI Uniform Crime Reporting standards.

The Department is working on this information and will provide it as soon as possible.

33. *When a violent crime occurs and a resident experiences property damage, what is the established protocol to provide that resident with a report and follow up?*

A detective must contact the victim of violent crime within 48 hours of the case being assigned to them for follow up investigation. Detectives will provide the victims with copies of the police reports and information on the Victim's Crime Compensation program (VCP). They will also assist the victims with the VCP package and referral. Detectives are required to keep victims updated on the status of the case and any time the case changes in status.

34. *What specific strategies is the Department employing to combat the flow of synthetic drugs into the District?*

The Department employs multiple enforcement strategies to combat synthetic drugs in the District. The Narcotics Enforcement Unit works to address street level narcotics trafficking, to include the street level sale of synthetic drugs. Much of this work is done in areas near the Martin Luther King Jr. Library located at 9th and G Streets NW, the CCNV shelter located at 2nd and D Streets NW, and the area around Bladensburg Road and Benning Road NE. The NSID Major Case Unit addresses retail locations that sell synthetic drugs. This unit works with other District agencies such as DCRA to address those businesses that sell synthetic drugs. The Major Case Unit also works with federal law enforcement such as Homeland Security and the Drug Enforcement Agency to investigate and disrupt individuals and organizations that are trafficking synthetic drugs into the District.

35. *How many seizures of synthetic drugs being transported into the District has the Department made in FY15 and FY16, to date?*

On September 1, 2015, members of the Metropolitan Police Department, Maryland State Police, Homeland Security, and the Drug Enforcement Agency interdicted a shipment of synthetic drugs shipped from California to the District. This shipment contained over 19,000 packets of the synthetic drug brand "Bizarro". The total weight of the drugs was over 116 kilograms. Two subjects were arrested in this operation. Subsequent arrests were made in other states by the federal law enforcement that was related to this case.

To date for FY16 a shipment containing over 2,000 packets of the synthetic drug brand "Bizarro" was seized from a storage facility in the District. These packets weighed 7,714 grams.

36. *How many arrests did MPD make for possession of synthetic drugs in FY15 and FY16, to date, and what was the age, gender, and race or ethnicity of the arrestee? How many of the individuals arrested had been arrested previously in the District?*

Due to the nature of synthetic drugs and the requirements that the courts have regarding these drugs, possession cases are very difficult for law enforcement to make. However, MPD/NSID has made 136 arrests for the Distribution of Synthetic Drugs. Thus far, year to date, MPD/NSID has made 18 arrests for Distribution of Synthetic Drugs.

37. *Since the alleged rise of the use and sale of synthetic drugs in the District, has MPD provided officers with any additional training on how to recognize the signs of synthetic*

drug use?

The Department's Narcotics and Special Investigations Division conducts training for patrol officers and new recruits. In 2016, NSID has patrol classes scheduled throughout February and March. These classes provide officers with instruction on how to identify synthetic drugs, strategies to employ when coming into contact with individuals possessing or selling synthetic drugs, and signs and symptoms individuals may exhibit when they have ingested synthetic drugs. These classes are designed to provide veteran officers with the tools to understand what synthetic drugs are as well as recognize the signs and symptoms of individuals who are under the influence of synthetic drugs.

NSID also conducts synthetic drug training for Recruit Officers. This training is part of an 8-hour block of instruction in Basic Narcotics Recognition. The synthetic drug portion of this training is on the recognition of synthetic narcotics and the recognition of the signs and symptoms of synthetic drug use.

38. *What retention efforts does MPD employ to ensure that the District maintains an adequate number of officers on the street? Please speak specifically to initiatives relating to morale, benefits, tuition or academic incentives, diversity, and professional and leadership development.*

Ensuring that MPD maintains an adequate number of officers on the street is a top priority for the Department. The Department has taken a multi-faceted approach to looking at leadership development and retention. Understanding that the next few years will continue to present large retirement numbers, the Department has initiated several efforts.

We are awaiting passage of two critical legislative provisions that will help us to retain our current command staff and attract new but experienced members. One will allow command staff – of which more than half will be eligible to retire by the end of 2016 – to earn a small amount of comp time, and the other will allow experienced military and law enforcement officers to use their years of experience in lieu of education requirements. The first provision will offer Fair Labor Standards Act-exempt time off for work performed in excess of an 80-hour biweekly pay period to experienced command staff members. With unprecedented retirement eligibility looming at the command staff levels, it is essential that the Council restore this benefit that, according to contemporaneous reports, it never intended to remove. It is a small token of appreciation for the work – and incredibly long hours – those officers put in to ensure our city remains safe and will assist in their retention. It is limited to 80 hours in a single year, must be used by the end of the year following its accrual, and cannot be cashed out upon separation from the Department.

While MPD has some of the highest officer recruitment standards of any police department, lowering the number of years of active military or other law enforcement service required for new recruits will increase the number of eligible recruits while still maintaining the current qualification and eligibility standards. The Metropolitan Police Department is preparing to launch an “Experienced Officer Training Program”, which will be an 11-week program at the Police Academy for recruits with law enforcement experience in other jurisdictions. The start of this program is dependent on the changes to the minimum years of service.

The Department has also launched the 2016 Police Officer Retention Program. This program recognizes the need for continued education, and reinforces the Department's commitment to

retaining our talented and valuable members. To promote these efforts, Mayor Bowser requested and received approval for funding for Fiscal Year 2016 for two programs to provide support to selected members who have pursued, or who would like to pursue, higher education while also providing incentives to members to remain with the Department. Additionally, the Department is making the programs available to selected members' dependent children as well. There are two key components including:

- FY 2016 Loan Forgiveness Program - providing eligible and qualified sworn employees or their dependent children loan repayment assistance of up to \$12,500 for debt accrued from accredited colleges and universities in return for signing an obligated service agreement.
- FY 2016 Tuition Reimbursement Program – providing eligible and qualified sworn employees or their dependent children tuition reimbursement of up to \$12,500 for coursework toward a bachelor's or a master's degree in any field from an accredited college or university in return for signing an obligated service agreement.

For either of these programs, to qualify, members must be eligible to retire by December 31, 2016, and upon selection, sign a three year obligated service agreement, or have between three and seven years of service as an MPD police officer as of November 2, 2015, and upon selection, sign a 4-year obligated service agreement.

The Department recognizes the value of continuing education for rising leaders. In the fall of 2016, the Department, in partnership with American University and George Washington University signed an agreement in support for a Graduate Certificate in Strategic Management and Executive Leadership for Law Enforcement program. This certificate-based program provides selected students up to 18 graduate credits jointly from American University and George Washington University. The Department expects to advertise this opportunity further during 2016.

The Graduate Certificate program is another option added on to existing relationships with George Washington University and Johns Hopkins University. Each year the department sponsors select leader(s) to attend either the Johns Hopkins Public Safety Leadership Academy or George Washington University's Police Science program. Additionally, the Department offers a Tuition Reimbursement Program where employees may receive up to \$800 per semester scholarships to reimburse them for academic expenditures (limit \$2,400) per year. This coursework may be applied to the aforementioned programs or towards other relevant coursework. In addition to the formal academic programs with the above listed institutions, the Department continues to sponsor MPD members to attend the Federal Bureau of Investigation's National Academy and other law-enforcement specific management training courses.

The Department continues to recognize and value diversity. During 2015, the Metropolitan Police Department worked to modify the internal protocols regarding the administration of the Language Access Program to ensure all bi-lingual or multi-lingual officers could become certified during their time in the Metropolitan Police Academy. In prior years, officers had to wait to become certified until graduation; however, as a recruiting mechanism, the \$1,300 per year Language Stipend may now be received from the date of hire. The Department continues to encourage bi-lingual or multi-lingual officers to become certified and offers the stipend as recognition for their efforts.

The Department understands the need to maintain a healthy workforce and has developed several programs to help maintain and encourage officer's physical well-being. Each year, the Department sponsors a "Biggest Loser" style physical fitness program, encouraging officers to safely and responsibly lose weight and establish healthy dietary standards. During 2015, as further recognition towards members the Department launched a supplemental "Focus on Fitness" physical assessment. This recognition program allowed members to demonstrate their physical capacity on a series of assessments to earn administrative leave in recognition of their achievement. Members received 4, 8, 12, or 16 hours of leave based upon their scores, as benchmarked against the Cooper Standards for Law Enforcement. The Department expects to repeat the "Focus on Fitness" physical assessment program again during 2016.

The Recruiting Division has conducted detailed benchmarking of national and regional law enforcement agencies. The Metropolitan Police Department maintains its' competitiveness in terms of salary and benefits. The Department maintains one of the strongest retirement programs in the region, offering 62.5 to 80%, plus sick leave percentages, at the time of retirement (25 years of service). The District offers a strong salary and paid family leave. Additionally, given the size of the Department, there are a wide variety of promotional positions available. Should a member become promoted, the Department invests an additional two to three weeks of specialized training as a part of the promotional curriculum for new rising officials to each rank. Officers at all ranks have the ability to participate in continuous specialized training throughout their career. The Department offers a wide variety of specialized training (e.g., mountain bike, crisis intervention officer, human trafficking, synthetic cannabinoid, etc.). Members recognize and appreciate the wide variety and availability of training opportunities available to them.

The Department values diversity in many forms. Of all major city police departments, MPD most closely mirrors the racial demographics of the city it polices.² Chief Lanier was a national leader in issuing policies to allow for religious exemptions to uniform and appearance requirements (Special Order 11-18), and to ensure that when interacting with individuals, that officers permit them to continue wearing religious head coverings or other articles of faith (Special Order 12-03). Department managers and leaders include individuals of diverse gender identity / expression and sexual orientation. The Lesbian, Gay, Bisexual, and Transgender Liaison Unit (LGBTLU, formerly known as GLLU) is led by a transgender female sergeant, and the members of the Fraternal Order of Police, which represents the officers and sergeants of the Department, recently elected the gay sergeant who used to lead the LGBTLU as their new chairman.

The Department's Special Liaison Units—the Asian Liaison Unit, Deaf and Hard of Hearing Unit, LGBTLU, and the Latino Liaison Unit—work closely with historically underserved communities, and remain a model for community policing. In 2009, MPD expanded the liaison units to include trained "affiliate officers" working on patrol in each district. Affiliate officers have volunteered to receive specialized training on diverse communities, their particular issues, and how to best serve them. Affiliate officers also serve as informal liaisons and sources for their fellow patrol officers. The Affiliate program has also served a model to launch a new African Liaison Affiliate Detail, which works to connect MPD officers with the District's

sizable African community. These are just some of the ways that MPD works to support diversity in its police force and the community.

39. Please describe all current community policing initiatives, including community outreach.

At the Metropolitan Police Department, community policing is not an initiative or a program, but rather core principles that inform and ground our practices. From the beginning of Chief Lanier's tenure, her Guiding Principles – which have been repeatedly shared with the force and the community – have emphasized community policing:

- Reduce and manage fear in the community;
- Change the culture of the MPD from reacting to crime to sustaining neighborhoods;
- Position the MPD to be viewed and respected nationally and internationally as a model for how it serves the community;
- Build homeland security into the culture of the MPD and the community without creating fear;
- Make the relationship between police and neighborhoods paramount – tailoring policing to neighborhoods;
- Build on what the MPD has done right;
- Focus on MPD's routine activities, fostering innovation, all while maintaining fiscal accountability;
- Encourage teamwork and leadership at every level of the police department and throughout the community;
- Emphasize to every MPD employee that they have the power to influence positive change – and encourage them to improve the sphere they work in;
- Throughout the department, focus on how the MPD can address youth issues;
- Enhance follow-up in all aspects of the department to meet community needs.

As such, it is not possible to simply provide a list of all community policing initiatives. We would recommend reading MPD's annual reports for the past eight years to get an idea of the Department's interactions and activities with the community. These can all be found online at <http://mpdc.dc.gov/page/mpdc-annual-reports>. A small sample of recent or ongoing initiatives is provided below.

- Department members – from patrol officers up to the Chief of Police – get feedback from and work with the community in numerous ways. They receive emails and calls from individuals. Information is shared and quickly responded to on email groups. Patrol districts host or attend a significant number of meetings each month. Each month, the district commanders meet with their Citizen Advisory Councils (CAC), and the Chief meets with the chair of each CAC.
- The Department has an extensive outreach effort. In 2015 alone, the districts estimate that they reached more than 30,000 youth and adults through events such as National Night Out, Beat the Street, movie nights, Halloween Safe Haven, Holiday parties, Senior Bingo and Play Streets. We increase our efforts throughout the summer as well to keep youth involved in positive activities. During the winter holiday season, the Department hosts Shop with a Cop, in which more than 200 youth are partnered with an MPD officer for holiday shopping.

- The Volunteer Services Unit includes the Collegiate Internship Program, Citizen Volunteer Corps and Police Reserve Corps programs. With over 180 active volunteers between these three programs, the Department benefited by the 64,570 hours of supplementary contributions in 2015. In addition to receiving valuable contributions to the Department in manpower, these three programs serve as a very important component of MPD's community engagement philosophy. Each of these volunteers is provided training and becomes knowledgeable ambassadors of the police department to the communities in which they live and work.
- In the summer of 2015, Mayor Muriel Bowser and Chief Cathy Lanier launched the Metropolitan Police Department's Community Engagement Academy. This initiative allows a diverse group of interested community members the ability to learn firsthand about police operations and provide comments and recommendations on police and community interactions. The Department sought to provide all participants with a personal view of the positive aspects and challenges that confront officers on a daily basis. This initiative helps to strengthen police and community relations through education, awareness, and discussion. During 2015, over 45 members participated and the initiative will be ongoing throughout 2016. Some of the key topic areas included recruiting, training, juvenile issues, use of force, and the role of a police officer in society.
- Moreover, each Patrol District, and the Special Liaison Unit, has persons assigned as outreach coordinators. The outreach coordinator's responsibilities have been to overcome the language access barriers in services offered by the MPD, identify crime trends that are unique to the community (e.g. mail, credit card, and identity frauds), and educate the community on public safety issues and reporting practices. The outreach coordinator has successfully utilized their public relations and language skills to identify the community needs, promote awareness, find volunteers, and organize events that benefit the agency. The initiative has enhanced partnership and allowed MPD to work closely with the members of the community to educate the importance of public safety.
- MPD is working to prevent future violence is through our proactive engagement of youth and young adults through many programs. One example of this is our Youth Creating Change (YCC) program launched in 2014. Youth from some of the District's neighborhoods facing the greatest challenges with persistent violence participate in the three-month program. The program helps young adults aged 15-19 develop skills and abilities in the areas of leadership, teamwork and community development.
- MPD's Junior Cadet Program, works with 125 students at five participating elementary schools, on a 40-week program that includes lessons on safety, civics, history, life skills development, and academic achievement. Moreover, the program provided school supplies, Thanksgiving baskets, and Christmas toys to students and hosted field trips to the Air and Space Museum, Gettysburg Battleground, Luray Caverns, and the US Capitol where they met US Delegate Eleanor Holmes Norton. As a result of the initiative, teacher assessments of the overall behavior and academic achievements of participants increased.

40. Please provide the shot spotter detection data for FY15 and FY16, to date.

An incident is an event that triggered a reaction from the gun detection sensors. Each event could be any one of the following:

- A single shot fired
- Multiple gun shots fired
- Sensors were unable to determine whether a gun shot or a fire cracker was fired

In all the above cases the number of rounds expended per event are not indicated in this report. One triggering event is reported as one incident. Each of these is going to prompt an investigation.

41. Has training on human trafficking been put in place for MPD officers, as required by the Sex Trafficking of Children Prevention Amendment Act of 2014?

MPD will host two 8-hour seminars and a 4-hour 8-part on-line learning module, for Professional Development Training in 2016.

a. What agency/organization is providing the training?

The DC Human Trafficking Task Force; Free, Aware, Inspired, and Restored (FAIR) Girls; Shared Hope International; and the United States Attorney’s Office

b. What percentage of MPD officers has completed this training?

The Act was passed in December 2014, too late to include in the 2015 annual Professional Development Training. Therefore this will be included as part of the 2016 training to be launched later this spring.

42. How does MPD plan to train School Resource Officers to identify the signs of sex trafficking of minors?

In 2015, the SROs participated in training provided by the Metropolitan Police Academy (MPA), in conjunction with the DC Human Trafficking Task Force; Free, Aware, Inspired, and Restored (FAIR) Girls; Shared Hope International; and the United States Attorney's Office.

In the one-day seminar, members learn effective tools in identifying the crimes of sex trafficking and labor trafficking through comprehensive case examples and evidence-based law enforcement strategies. The training addresses the following topics:

- National & local scope juvenile sex trafficking
- Victim profiles (vulnerabilities, statistics, traditional ideologies)
- Various forms of minor sex trafficking (street pimps, familial, gang, etc)
- Trafficker profiles
- Recruitment/grooming techniques
- Methods of control/coercion
- “The Game” (terminology, rules)
- Gang trafficking dynamics, recruitment, control
- Psychological/behavioral/social indicators of trauma
- Red flags and tips on interacting with potential victims
- Case studies
- Local resources and appropriate responses to suspected victims

43. What do officers do when they identify a minor that is or is at-risk of being sex trafficked?

Whenever a minor child comes into the contact of MPD and found to be at-risk of being sex trafficked, MPD will take custody of the minor and make immediate notification to our Human Trafficking Unit, Child and Family Services, and the appropriate community advocacy group for the particular vulnerable population.

44. Where does MPD refer minors who have been or are at-risk of being sex trafficked? What additional resources does MPD need to adequately serve this population?

The Youth and Family Services Division works with Courtney’s House, Fair Girls, and Champs to provide additional resources for minors.

45. Please provide the data for FY15 and FY16, to date, of the number of minors that MPD has referred to CFSA because they were identified as or are at-risk of being sex trafficked by age, gender, race, and ward.

No cases have been referred to CFSA. The victims or those considered at-risk are referred to Fair Girls and Courtney’s House and Champs.

46. The Sex Trafficking of Children Prevention Amendment Act of 2014 only provides immunity from prosecution for prostitution to minors under 18 years of age. How will

MPD handle young adults under 21 years of age who are under the care and custody of CFSA until 21 years of age?

For criminal cases, anyone older than 17 is an adult, regardless of whether they are in the care and custody of CFSA.

47. Has MPD implemented trauma-informed trainings to help MPD officers understand the signs of trauma and how to best respond? If not, does MPD have plans to do so?

Detectives have received training on the principles of trauma-informed investigations. Recruits at the academy are taught how to recognize it, and how to handle the situation and who to notify when encountering relevant situations in the field.

48. How many minors has MPD taken into custody because they had reasonable grounds to believe the minor was truant? Please break this data down by age, gender, race, and ward.

49. What procedure does MPD follow when an MPD officer takes a minor into custody for truancy?

When a member observes a juvenile of apparent compulsory school attendance age on public space or in a public place unaccompanied by an adult having custodial right or lawful interest in the child during periods when schools are in session (0930 to 1430 on school days), the officer shall initiate a stop of the youth in order to determine if he or she is truant.

The youth will be asked to present an official document authorizing his/her absence from school. The member initiating the stop shall also make an inquiry to determine if the juvenile is wanted on an outstanding custody order, or the subject of a missing person report.

A youth that is unable to justify their absence from school will be taken directly back to his/her school. The initiating member will document the contact on a PD 379T and forward a copy to the MPD Youth and Family Services Division.

50. Please provide the curriculum for the training that is given to all school security personnel providing security for DCPS. Include the number of hours in each of these trainings and information about the instructors (name and relevant experience).

The contractor is required to ensure that all employees performing on the contract have completed the basic training curriculum prior to assignment. Each employee shall receive a minimum of 45 hours of basic training. New employees hired by the contractor shall not report to duty until this training has been completed. Special Police Officers, referred to as Guard IIs under the contract, shall receive an additional nine hours of basic training. Supervisors shall receive 16 hours of additional supervisory training. The Contract Administrator (CA), her staff, or other MPD and/or DCPS staff are authorized to inspect training sessions.

51. Please give the number of School Resource Officers employed by MPD. In addition to training, please list additional qualifications required of School Resource Officers, if any.

The current manpower for School Resource Officers is 92. The additional qualifications of an SRO are as follows:

- The member must have no less than three years as a sworn member.
- Have no adverse actions within a year of applying for the position.
- Have a good sick leave record as evident by having their Optional Sick Leave privileges in effect.
- Must have received a "Meets Expectations" or better on their latest Performance Evaluation.
- Must be full duty at the time they were selected.
- Must have current in service training and firearms certification by the department's Police Academy.
- Must have a comprehensive knowledge of the laws and regulations that must be enforced in the District of Columbia pertaining to juveniles.
- Have the desire to work with all juveniles including those that may be "At Risk" to enter the juvenile criminal justice system.
- Must be able to pass School Resource Officer certification training.

52. Please give the number of students arrested on school grounds in school year 2014-2015 and school year 2015-2016, to date. For each student arrested, please list:

- a. *The reason for the arrest;*
- b. *The student's age, gender, race, and grade;*
- c. *If the student has an IEP;*
- d. *The school campus where the arrest was made;*
- e. *The reason for the arrest; and*
- f. *If the arrest was made by a School Resource Officer.*

The attached information includes a list of all individuals under 21 years of age and arrested during the school year (August – June) near or on school grounds. Data includes arrests made by MPD and other law enforcement agencies.

It is important to note that an arrestee may not be a student, and the arrest may not have any relation to the school. When an arrest is made outdoors, the address on record for that arrest is the closest physical address. For instance, if a person under the age of 21 is pulled over for a criminal traffic offense beside a school, the arrest location will be the school’s address.

Under those parameters, there have been 289 individuals arrested during SY14-15, and 135 individuals arrested during SY15-16 (as of February 1, 2016) at school addresses.

MPD does not record data in our Record Management System on the arrestee’s school grade, IEP status, or whether an arrest was made by a School Resource Officer.

53. Please explain the method behind the “cluster model” used to deploy School Resource Officers to schools. Are School Resource Officers consistently assigned to the same schools each school year? If not, please explain why.

Under the cluster model, SROs are assigned to groups of DC Public and Charter Schools in one geographical area within a Patrol District. While high schools receive the most attention due to size and complexity of issues, SROs also provide outreach to middle schools. To the extent possible, SROs are assigned to the same clusters each year in order to develop a relationship between the SROs, the school administrators, students and the PSA personnel in that cluster. Changes may be necessary to address vacancies due to issues such as separations, promotions, or long-term leave.

Below are some of the duties and responsibilities of the SROs.

- Coordinate mediations and response to conflicts that have happened or may happen off school grounds;
- Coordinate the Safe Passage Program to provide safe routes for youth to and from schools;
- Provide mentoring and outreach programs, such as seminars/assemblies and presentations on trending topics that may impact public safety, including bullying, drug use, social media, and gangs, and other issues, such as transitioning to the ninth grade;
- Conduct school security assessments focused on crime prevention through environmental design, and participate in security meetings with the school administration;

NSID falls under the Investigative Services Bureau which is headed by Assistant Chief Peter Newsham.

b) To whom does the head of the NSID report?

The NSID Commander reports to the Assistant Chief of Police Peter Newsham of the Investigative Services Bureau.

c) Which MPD districts maintain a NSID?

NSID is a centralized Division that provides citywide response to drug, gun, and prostitution complaints.

f) What metrics are used to measure the effectiveness of the NSID?

NSID's performance is assessed by several different factors that are designed to reduce gun violence and narcotic enterprises and complaints in the District. - i) Do NSID officers receive any training distinct from and in addition to the training received by patrol officers?***

NSID members receive training from outside sources in addition to the mandatory In-Service Training required by MPD. For instance, the DEA provides PCP remediation courses for members as well as Clandestine Laboratory Training. Clandestine Laboratory trained members are recertified every year. The Washington Humane Society provides dog catch pole training. The United States Attorney's Office provides training annually as a refresher as well as to discuss new laws and new court orders and precedent. This training is in addition to the firearms requalification NSID Annual In-Service Training.

- o) What are the consequences, if any, for failing to attend a training?***

NSID members who fail to attend the required in service training would be investigated and disciplined in a manner consistent with MPD policy.

- p) What is/was the mission of the NSID's Major Case Branch?***

Please see the response to Question 56.

- q) What is the consequence if an officer in the NSID is found to have violated a General Order?***

NSID members who have violated a General Order would be investigated and disciplined in a manner consistent with MPD policy.

56. What is the purpose and mission of the Investigative Section of the Major Case Branch?

Within NSID/Major Case Branch are investigative and tactical units that address narcotic complaints in the District. The investigative unit, NIU, conducts investigations into mid and

larger scales narcotic trafficking operations, handles complaints of narcotic trafficking that is occurring inside of residences and apartments, and conducts narcotic training for patrol officers, recruit officers, other government agencies such as CSOSA, OAG, and the USAO. Outdoor drug complaints such as those that occur in park areas, street corners, or apartment building courtyards are addressed by the Narcotics Enforcement Unit or NEU. This unit targets the individuals that are selling drugs.

57. *What is the purpose and mission of the Safe Streets Task Force of the Major Case Branch?*

The Safe Streets Task Force is a joint enforcement effort between the FBI, MPD, US Park Police, US Marshals Service, and Prince George's County Police. The mission of this unit is to investigate and dismantle violent drug organizations in the District of Columbia. This unit conducts long term, complex narcotic investigations that cross jurisdictional boundaries and often involve transnational narcotic networks. The task force targets violent offenders involved in or associated with narcotics trafficking.

58. *What is the purpose and mission of the Gun Recovery Branch of the Major Case Branch?*

The Gun Recovery Unit (GRU) conducts firearms interdiction operations to recover illegal guns in the District of Columbia. GRU along with ATF investigates and tracks the origins of firearms recovered in the District in order to identify and apprehend illegal gun traffickers. The GRU also performs the following functions; investigates gun tips from the public that are called into the CIC, performs home visits to confirm addresses of offenders who have been court ordered to register as gun offenders, conducts monthly home checks in support of Gunstat, follows up on OCAP Lethality Assessments involving firearms in an effort to recover them and prosecute offenders, and to support and assist the patrol section with firearms related matters. GRU also assists with investigations into social media issues such as individuals posting photos of firearms or posing with firearms.

a) *Where is the Gun Recovery Unit (GRU) situated in the MPD chain of command?*

The Gun Recovery Unit is in the Investigative Services Bureau in the Narcotics and Special Investigations Division.

b) *Is the GRU currently active?*

Yes. The Gun Recovery Unit operates seven days a week. Half of the members have Friday and Saturday as days off. The other half has Sunday and Monday as days off.

c) *What is the command/supervisory structure within the GRU?*

The Gun Recovery Unit consists of twenty officers and one detective. The GRU is managed by Lieutenant Leslie Parsons with three sergeants supervising the officers. Lieutenant Parsons reports to Captain George Caldwell of the Narcotics and Special Investigations Division. The commanding official of NSID is Commander Robin Hoey. NSID falls under the Investigative Services Bureau which is headed by Assistant Chief Peter Newsham.

d) *To whom does the head of the GRU report?*

Please see the response above.

e) *What metrics are used to measure the effectiveness of a particular unit within the GRU?*

The effectiveness of GRU is assessed through a variety of factors, including gun seizures, and investigations of gun tips, domestic referrals involving firearms, and criminal gun cases.

f) *Who is responsible for evaluating the effectiveness of a particular officer within the GRU?*

The Sergeants assigned to the GRU are responsible for evaluating and monitoring the officers assigned to the GRU. This is overseen by the Lieutenant of the GRU.

g) *What data is collected to track the activity of the GRU?*

The GRU completes a nightly report that documents all activity from the shift. The GRU also completes a monthly report documenting all activities for the month.

h) *Do GRU officers receive any training distinct from and in addition to the training received by patrol officers?*

Members of GRU participate in a yearly in-service training which is held at NSID. In 2015, the unique trainings for GRU members included presentations to assist members in identifying human trafficking, the services offered and equipment available from the Electronic Surveillance Unit, handling and accounting for seized or forfeited property, and a refresher in characteristics of an armed gunman. The Department of Forensic Science also provided a presentation outlining an overview of the services they offer and equipment that is available to members. The GRU received a block of instruction on ethics and an overview of narcotics identification and enforcement. In addition to the annual in-service training, GRU members have received instruction and certification in how to use a dog catch pole from Animal Control. This allows members to safely control an animal on a search warrant or any other situation in which law enforcement will encounter an animal. This is typically a four hour block of instruction taught by Animal Control at their facility.

i) *How many hours of training are required of GRU officers?*

GRU is under the same requirement of in-service training hours as members assigned to a patrol district.

j) *Who conducts the trainings (MPD employee, outside consultant)?*

The majority of the training is conducted in house by MPD employees. During the annual in-service training, some of the presentations are provided by the United States Attorney's Office and the Department of Forensic Science. The dog catch pole training is taught by members of the Animal Control Agency.

k) *Where is the training conducted (in-house, off-site)?*

For the Gun Recovery Unit, all training is conducted in house except for the dog catch pole training.

l) *How often does training occur?*

GRU members receive annual in service training just like any officer assigned to patrol. Members qualify with their service weapons twice a year.

m) How do GRU officers document their attendance at training?

GRU members document their training on a sign in sheet or attendance log that is used to document attendance to the course.

n) What are the consequences, if any, for failing to attend a training?

An investigation into the matter is initiated. The member is subject to discipline for the violation just like any other member of the department.

o) What are the necessary qualifications to become an officer in the NSID and GRU?

The qualifications for becoming a member of a specialized unit are detailed in General Order 301.02, which is available online at <http://mpdc.dc.gov/page/directives-public-release>.

p) What is the consequence if an officer in the GRU is found to have violated a General Order?

General Order violations would be investigated and disciplined in a manner consistent with MPD policy, including General Order 120.21.

59. Please provide all documents associated with all contacts between NSID and GRU officers and members of the public that did not result in an arrest.

60. Please provide all documents associated with all arrests made by the NSID or by GRU including police/incident reports and all other documents generated by officers in connection with an arrest.

Given the unprecedented breadth of the requests in questions 59 and 60 seeking all documents related to contacts and arrests, and the substantial volume of responsive information, the Department was unable to compile and review the records within the allotted time. As you know, the documents sought contain a variety of confidential and/or privileged information that is not otherwise subject to disclosure. In addition to general personal privacy considerations, these include law-enforcement sensitive material, non-public arrestee information, and confidential juvenile information, the unauthorized disclosure or re-disclosure of which is a criminal offense under D.C. Official Code § 16-2336. Notwithstanding those considerations, the Department recognizes the Council's oversight authority and suggests a discussion on a proposed framework by which responsive information could be provided in an efficient manner while protecting the relevant individual privacy and law enforcement interests.

61. Please indicate whether the NSID and the GRU collect the following data in connection with arrests made by officers within their respective units:

- a. Arrest date;**
- b. Arresting Officer's assignment;**
- c. Criminal complaint number;**
- d. Arrest number**
- e. Age of arrestee;**

- f. Sex;*
- g. Race; and*
- h. Police Service Area location.*

All arrests are completed in the Department's Record Management System and contain most of the information above. It does not include the arresting officer's assignment, but that information can be obtained by cross-referencing the officer's unique identifier with other databases.

62. Explain the levels of discipline for officer misconduct.

There are two levels of discipline: corrective action and adverse action. General Order 120.21, which is available on our website at: <http://mpdc.dc.gov/page/directives-public-release>, defines both.

Corrective Action – A PD Form 750 (Dereliction Report), a letter of prejudice, or an official reprimand.

Adverse Action – Any fine, suspension, removal from service, or any reduction in rank or pay of any member who is not serving a probationary period.

63. What is the consequence if a rank-and-file patrol officer is found to have violated a General Order?

Any member who violates a General Order could be charged under General Order 120.21, Table of Offenses and Penalties, Section A, "Offenses," which states, "Conduct described below is prohibited, and shall serve as the basis for an Official Reprimand, or Adverse Action." The specific charge would be Number 16, "Failure to obey orders or directives issued by the Chief of Police." The penalty for this violation is given in Section B, "Penalties," and is described as "Reprimand to removal" for the first violation, "Suspension for 1 day to removal" for the second violation, and "Suspension for 15 days to removal" for the third violation.

64. What treatment services are available to officers who witness traumatic events during the course of their work?

In 1997, the United States Congress mandated that the District government privatize the medical and behavioral health services available to officers and other covered members who incur performance of duty related injuries and illnesses. The medical and occupational health programs are administered by the Police and Fire Clinic through a contract with the District government.

The Police and Fire Clinic provides integrated managed care, wellness and occupational health services designed to evaluate covered members (i.e., police officers and firefighters, and other covered public safety personnel), their ability to perform the full range of their duties when they incur performance of duty injuries or illnesses, and who witness traumatic events during the course of their work. Those services are available to covered members 24 hours a day, seven days a week.

Additionally, pursuant to General Order 201.28, MPD also offers officers the services of the Metropolitan Police Employee Assistance Program (MPEAP). MPEAP provides counseling assistance to officers and their families who encounter job stress or personal problems.

65. *Through what process are officers assigned to and/or rotated through different units within MPD?*

Upon graduation from the Metropolitan Police Academy, officers are assigned to one of the seven patrol districts. Once assigned, they will complete their field training program, receive certification, complete their probationary period, and continue service as a career officer in their respective police district. During their career service, sworn members are able to move through the Department through a variety of competitive assignment and detail opportunities. Each year, the Department posts dozens of vacancy opportunities for which officers may apply for an transfer to a specialized unit, such as the Emergency Response Team, Harbor Patrol, K-9, School Resource Officer, and Narcotics and Special Investigations, to name just a few. In addition, sworn members have the option to participate in the competitive civil service promotional process for advancement to a variety of positions, including Investigator, Sergeant, Lieutenant, and Captain – all which follow the competitive civil service exam process as outlined in the District Personnel Manual.

66. *How many officers are currently assigned to patrol the Metropolitan Branch Trail (MBT)? Please provide a breakdown of how these officers patrol the trail, i.e. foot patrol, bike patrol, or Segway.*

Four mountain bike officers patrol the Metropolitan Branch Trail. Depending on staffing, days off, and weather conditions, there is usually at least one or two officer mountain bike officers assigned to the trail daily.

67. *Given the fact that the District Department of Transportation plans to construct a four-mile extension up to Takoma, what plans, if any, does MPD have to increase staffing along the MBT?*

MPD will address this need and reallocate resources as merited if and when the extension is completed.

68. *How many MPD-owned cameras are in operation along the MBT? Please provide the location of each camera along the MBT and how the footage is monitored.*

At this time, there are no MPD-owned cameras in operation along the MBT.

69. *Does MPD currently have the capacity to integrate its cameras with call boxes along the MBT to ensure that trail users can call 911?*

At this time, there are no MPD-owned cameras in operation along the MBT.

70. *How many crimes were committed on the MBT in FY15 and FY16, to date? How many of these crimes resulted in an arrest?*

Crimes within 200-feet of the Metropolitan Branch Trail were mapped and the selected reports read to ascertain whether they occurred on the trail grounds. Only robbery, assaults with a dangerous weapon, and sex abuse cases were included in the query as no residences/businesses exist on the trail nor are motor vehicles allowed. This information should be considered preliminary and subject to change due to the variety of ways in which crimes on the trail are captured. Because the trail does not contain any physical addresses, inclusion of reports in these statistics is dependent on appropriate keywords and/or location descriptions occurring in the report.

All of the reported crimes that occurred on the Metropolitan Branch Trail during the listed time period were robberies.

Crimes Reported on the Metropolitan Branch Trail:

FY 2015 = October 1, 2014 – September 30, 2015: Eight (8) crimes

FY 2016 to-date = October 1, 2015 – January 31, 2016: Three (3) crimes

October 1, 2014 – January 31, 2016 Total: Eleven (11) Crimes

FY 2015 to-date = October 1, 2014 – January 31, 2015: Two (2) crimes

FY 2016 to-date = October 1, 2015 – January 31, 2016: Three (3) crimes

FY 2016 to-date vs. FY 2015 to-date: 33% decrease

Number of Reported Crimes Closed by Arrest:

Eight (8) of the Eleven (11) Metropolitan Branch Trail robberies that have occurred between October 1, 2014 and January 31, 2016 have been closed by arrest

71. *What is MPD's plan for reducing domestic violence-related homicides?*

The Department collaborates with experts in the community in an effort to reduce the risk of escalation and lethal violence in households that are known to have experienced domestic violence (DV).

As an initial matter, MPD assigns all DV cases to an investigator/detective for investigation. In domestic cases involving a violent crime, a detective is required to contact the victim and initiate an investigation within 24 hours of receiving the assignment. Victims of non-violent crimes must be contacted within 48 hours. Cases assigned to detectives are reviewed by detective sergeants at five and ten days after a case has been assigned to a detective to ensure the case is progressing to a resolution. The lieutenant will follow-up at 30 days to provide further direction for any cases that have not been resolved.

The Department works with the SAFE Crisis Response Line (formerly known as the On-Call Advocacy Program, or OCAP), which provides victim advocacy to victims immediately after an intra-family event while police officers are on the scene. Over the years the program has been expanded citywide and is currently available 24 hours a day, seven days a week. The program provides officers and victims access to an advocate who can discuss safety concerns and provide referrals to legal and social services. Additionally, advocates are able to provide immediate crisis intervention, find shelter for the victim, create a safety plan, provide referrals to resources, provide information about the legal system, both civil and criminal, and educate the victim about the cycle of violence. They also provide assistance with accessing the Crime Victim's Compensation Program (CVCP).

The Lethality Assessment Program (previously known as the Domestic Violence Assessment Tool) connects DV victims to advocates who ask them a series of questions to ascertain their level of safety in that relationship. If the victim scores high, an alert will be sent to various agencies to ensure coordination in safeguarding the victim. If MPD receives an alert and there was not an arrest on the scene, an on-duty detective will be assigned to the case with the goal of preparing and presenting an arrest warrant to the United States Attorney's Office as soon as possible.

MPD's Victim Services Branch provides victim advocacy and services to DV victims either upon request, or to those identified as the highest priority by either the detective or by their location within a high-risk Police Service Area. The Victim Services Branch assists victims with accessing the Crime Victims Compensation Program, housing relocation, safety planning and education about the criminal justice process. MPD has also partnered with several other agencies to make services more accessible to victims of domestic violence through Domestic Violence Intake Centers. Currently one intake center is located at the Superior Court and another at the United Medical Center. These centers provide victims the ability to receive assistance from different agencies and organizations in one location.

72. *Has MPD invested any additional resources into reducing domestic violence homicides?*

During FY 2015, Victim services conducted 97 outreach activities to various programs, including Break the Cycle, House of Ruth, Congress Heights Senior Wellness Center, DVIC & OCAP Advocates, Salvation Army, and LaClinica Del Pueblo.

73. *Has MPD entered into any MOUs or other collaborations with community organizations, domestic violence victim service providers, or other government agencies to reduce these homicides?*

The Department has an MOU with SAFE for the Crisis Response Line and the LAP Alert. MPD also has an MOU with the DC Superior Court Domestic Violence Intake Center.

74. *How many officers are in the Domestic Violence Unit are dedicated to serving civil protection order petitions and civil protection orders (CPOs)?*

Two members are dedicated to serving civil protection order petitions and civil protection orders.

75. *How many petitions did they attempt to serve in FY15 and FY16, to date? In how many of these did they complete service?*

- FY15 = 112 Served and 220 Attempted
- FY16 = 40 Served and 122 Attempted

76. *How many CPOs did they attempt to serve in FY15 and FY16, to date? In how many of these did they complete service?*

- FY15 = 1,377 Served and 840 Attempted
- FY16 = 429 Served and 232 Attempted

77. *Last year, MPD said it planned to move the Domestic Violence Unit, the Youth*

Investigations division, and the School Security Division under one command to create a Family Division.

a. What is the status of this plan?

On January 4, 2015, the School Security Division was realigned from the Patrol Services Bureau to the Investigative Services Bureau, Youth Investigations Division. On June 19, 2015, the Youth Investigations Division was renamed Youth and Family Services Division. At this time, the plan to move the Domestic Violence Unit under the Youth and Family Services Division has been put on hold due to concerns over adequately staffing the unit. It was determined that this model would require more resources than the Department has available.

b. Has MPD reached out to domestic violence stakeholders for feedback and input on this plan? If so, which ones?

During the initial planning stages, former YFSD Commander Daniel Hickson and current Captain Michelle Williams met with members from DC SAFE.

78. What are the criteria for being assigned to the Domestic Violence Unit?

The qualifications for becoming a member of a specialized unit are detailed in General Order 301.02, which is available online at <http://mpdc.dc.gov/page/directives-public-release>. In addition to meeting these requirements, DVU members must have a good knowledge of police policy, procedures, and regulations in respect to the handling of intra-family offenses, the dynamics of domestic violence and other types of violent crime, and the impact on victims and witnesses.

79. Do domestic violence detectives receive any additional or specialized training? If so, please provide a curriculum for the additional or specialized training and include the number of hours of this training and information about the instructors.

In 2015, all detectives received an 8-hour class on domestic violence taught by Full Faith and Credit/Primary Aggressor and the DC Coalition Against Domestic Violence. The topics addressed by these community groups included:

- Primary aggressor
- Elements of self-defense
- The intersection of sexual violence and stalking
- Tactics a batterer may use to influence an officer's ability to identify the primary aggressor
- Understanding the negative consequences created by inappropriate dual arrests
- Common batterer tactics to influence detectives and culturally specific considerations

80. What training, if any, is given to all officers regarding how to interact with domestic violence survivors and how to respond to a domestic violence incident?

Recruits at the academy during their initial recruit training receive 24 hours of Domestic Violence training by the Academy training staff and 20 hours of Hate/Bias training by the Academy training staff. Training includes how to respond and how to interact with victims.

In 2015, all detectives received an 8-hour class on domestic violence taught by Full Faith and Credit/Primary Aggressor and the DC Coalition Against Domestic Violence.

81. What training, if any, was given to all officers regarding enforcing civil protection orders?

Recruit officers at the academy during their initial recruit training receive CPO/TPO training during the 24 hours of Domestic Violence training.

82. Does MPD have a procedure for receiving feedback from domestic violence survivors regarding their interactions with officers, detectives and victim advocates?

The Domestic Violence Unit serves as a liaison among criminal justice agencies, victim service agencies and advocates, and the general community in and around the Metropolitan Washington area. The unit receives daily feedback regarding the interactions between officers / detectives and citizens, by phone and email. The unit provides support and interacts with residents through community outreach and education events, as well as a daily interaction with victims in the Domestic Violence Intake Centers. The unit also participates in several monthly meetings where information and concerns are shared and immediately addressed. As a liaison unit, the DVU links victims to their investigators, advocates, and victim services. DVU provides copies of police reports, as well as the information needed to file a police complaint.

I hope you find this information helpful. Please do not hesitate to contact me if you have any further questions.

Sincerely,

Cathy L. Lanier

*Patrol Services Bureau*³

SUMMARY OF SERVICES

Patrol Services Bureau – coordinates crime prevention and reduction efforts in the seven police districts. In addition to providing professional and effective patrol services throughout the District, this division responds to all calls for police service. This division contains the following two activities:

- **Patrol Services** – provides focused law enforcement, responds to calls for service, and provides crime prevention services to residents, visitors, and commuters; and
- **Special Liaison Unit (Patrol Support)** – provides targeted outreach and specialized response to historically underserved communities.

OBJECTIVE 1: Provide the highest quality police service with integrity, compassion, and a commitment to innovation.

INITIATIVE 1.1: Enhance partnership with the LGBT community (Age-Friendly DC Goal: Domain # 5).

In December 2011, Chief Lanier asked the Anti-Defamation League, a national leader on the issue of hate crimes, to assist the Department by conducting an impartial review of MPD's hate crimes and community programs, comparing them with programs in other departments in the nation, and identifying any areas that might be strengthened. The Task Force issued its report in February 2014. In the spring of 2015, MPD will complete its work with the community on the most important recommendation of the report by launching an enhanced training curriculum for all of its members on hate crimes and LGBT cultural competency.

Deadline: February 28, 2015

OBJECTIVE 2: Improve police service to the public through the integration of the Department's people, technology and business systems.

INITIATIVE 2.1: Deploy Telestaff system to automate officer time and attendance.

The Department is continually seeking new ways to improve police processes to maximize resources in operations. To automate and streamline time and attendance practices, MPD will deploy the Telestaff system that will allow card/biometric access, time/record keeping of all personnel, automation of leave request and ceiling limits, and tracking of personnel details and assignments. **Deadline: September 30, 2015**

INITIATIVE 2.2: Improve processing of field arrests and alternative release options for minor offenses.

Using non-custodial field arrests (criminal citations in lieu of custodial arrest) and alternative release options for arrestees can benefit the community, the Department, and arrestees. By using non-custodial field arrests, police officers will be able to spend more time on the street. Moreover, minor arrests will be able to be handled more expeditiously, allowing criminal justice resources to focus on serious and violent offenders. A new law, the *Post-Arrest Process Clarification Amendment Act of 2014*, is projected to become effective in December 2014. It will streamline some of the requirements and processes of arrest and release, allowing MPD and the criminal justice system to make it easier for officers to use non-custodial field arrests, while ensuring appropriate mechanisms are place to use the tools fairly and consistently with the public. **Deadline: September 30, 2015**

The Financial and Cyber Crimes Unit (FCCU) will be the primary unit within the MPD that will receive, review, and investigate allegations of crimes that are facilitated within a cyber environment. Additionally, the FCCU will partner with the Federal Bureau of Investigation's Cyber Division and the United States Secret Service's Electronic Crimes Task Force to receive training in the investigation of cyber crimes and to assist in the investigation of criminal allegations that have a multi-jurisdictional and/or international aspect. PERFORMANCE INITIATIVES – ASSESSMENT DETAILS

Patrol Services Bureau

OBJECTIVE 1: Provide the highest quality police service with integrity, compassion, and a commitment to innovation.

INITIATIVE 1.1: Enhance partnership with the LGBT community (Age-Friendly DC Goal: Domain # 5).

In December 2011, Chief Lanier asked the Anti-Defamation League, a national leader on the issue of hate crimes, to assist the Department by conducting an impartial review of MPD’s hate crimes and community programs, comparing them with programs in other departments in the nation, and identifying any areas that might be strengthened. The Task Force issued its report in February 2014. In the spring of 2015, MPD will complete its work with the community on the most important recommendation of the report by launching an enhanced training curriculum for all of its members on hate crimes and LGBT cultural competency.

Completion Date: February 28, 2015.

● **Performance Assessment Key: Fully Achieved.**

The Metropolitan Police Department is proud of its partnership with the LGBT community in the District. MPD has innovative programs such as the Gay and Lesbian Liaison Unit (GLLU), which is staffed by four officers and one sergeant, and have invested in a higher level of training for “Affiliate officers.” Affiliate officers are allies of the LGBT community who work

throughout the city supporting members of the community. There are currently more than 70 active affiliate members.

The department-wide training launched in March 2015. The major topics of the course include: LGBT Cultural Competency; Handling Interactions with Transgender Individuals; Domestic Violence in LGBT Relationships; and Bias-Motivated Crimes. The training includes an online presentation to review Department policies and previous trainings, and to introduce some new concepts. It is followed by classroom training led by experienced officers who are core or affiliate members of the GLLU. The classroom session focuses on scenarios designed to present officers with situations they will likely encounter, and provide a forum for discussing how they would respond to the incident and individuals on the scene. The emphasis on interactive and hands-on exercises requires officers to demonstrate the skills learned in training. The training also includes videos of community members discussing their experiences with police and the impact the interactions had on them. By the end of Fiscal Year 2015, almost all members had taken the online training, and more than 2,100 members had attended the classroom training. The training will continue throughout 2015.

OBJECTIVE 2: Improve police service to the public through the integration of the Department’s people, technology and business systems.

INITIATIVE 2.1: Deploy Telestaff system to automate officer time and attendance.

The Department is continually seeking new ways to improve police processes to maximize resources in operations. To automate and streamline time and attendance practices, MPD will deploy the Telestaff system that will allow card/biometric access, time/record keeping of all personnel, automation of leave request and ceiling limits, and tracking of personnel details and assignments. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Partially Achieved.**

Due to data enhancements implemented in PeopleSoft by the Office of the Chief Technology Officer (OCTO), the Metropolitan Police Department (MPD) has delayed the deployment of the Telestaff system. The enhancement currently does not allow MPD to automatically transfer attendance and leave data to the Telestaff system, and both OCTO and MPD are working to address the issue. The two main components of the Telestaff system, which include the scheduler and timekeeper, track personnel details, assignments, and attendance. For the scheduler piece, MPD has completed a pilot project and training in the Sixth District. The timekeeper function has been designed, and a training module for officers was developed. MPD expects to implement a department-wide pilot for the scheduler piece and the timekeeper function in Fiscal Year 2016. Once completed, there will be greater efficiency in how MPD processes time and attendance and tracks personnel assignments.

INITIATIVE 2.2: Improve processing of field arrests and alternative release options for minor offenses.

Using non-custodial field arrests (criminal citations in lieu of custodial arrest) and alternative release options for arrestees can benefit the community, the Department, and arrestees. By using non-custodial field arrests, police officers will be able to spend more time on the street. Moreover, minor arrests will be able to be handled more expeditiously, allowing criminal justice resources to focus on serious and violent offenders. A new law, the *Post-Arrest Process Clarification Amendment Act of 2014*, is projected to become effective in December 2014. It will streamline some of the requirements and processes of arrest and release, allowing MPD and the criminal justice system to make it easier for officers to use non-custodial field arrests, while ensuring appropriate mechanisms are in place to use the tools fairly and consistently with the public. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

With the enactment of the *Post-Arrest Process Clarification Amendment Act of 2014*, the Metropolitan Police Department (MPD) implemented several process and technological changes to improve handling of minor arrests. Through collaboration with the Office of the Attorney General, DC Superior Court, US Attorney's Office, and other District law enforcement agencies, a new *Notice to Appear in Court or Post and Forfeit Form* reflecting the changes in the law was developed and launched. Moreover, MPD is transforming the new form into a handout in all six Limited English Proficiency languages that will be shown during the arrest booking process to better inform arrestees of their rights. The information card has not been deployed yet due to a language translation error that the DC Superior Court is working to address. In addition, MPD is also in the process of redesigning the 61D arrest form to improve arrest processing documentation for non-custodial arrests. With the August 2015 implementation of MPD's new records management system (Cobalt), MPD has also made technological enhancements to make the process more efficient for officers and to improve data tracking. The next phase of enhancements in the record management system scheduled for FY16 will also ensure that the arresting officers are automatically notified if an arrestee does not report to a District station within 15 days after receiving a non-custodial arrest form.

Investigative Services Bureau

OBJECTIVE 1: Safeguard the District of Columbia and protect its residents and visitors.

INITIATIVE 1.1: Improve response to youth violence and recidivism by enhancing Youth Investigative Division's administrative and operational functions.

In an effort to improve response to youth violence and repeat arrests by juveniles, the Department will develop strategies to modernize and automate the administrative and operational functions of the Youth Investigative Division (YID). The enhancement will ensure information is shared internally as well as with the other law enforcement agencies in order to maximize the District's efforts to reduce youth violence. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

The Metropolitan Police Department (MPD) established the Major Recidivist Unit to enhance efforts to effectively adjudicate adults and juveniles who have a history of repeat arrests for violent crimes. The MPD's general papering rate for juvenile arrests is approximately 50 percent. In comparison, the cases adopted by the Major Recidivist Unit had a 95 percent paper rate during the fiscal year. To further improve response to youth violence and operational functions of the YID, MPD's Intelligence Division transferred the responsibility of conducting weekly youth violent crime prevention meetings to the YID and incorporated several changes. The meetings now focus on information sharing with our juvenile justice partner agencies with an emphasis on reducing juvenile retaliatory assaults. In FY15, there has been anecdotal evidence of a reduced number of post-school fights reported by the school resource officers, and fewer incidents of assaultive behavior by juveniles.

INITIATIVE 1.2: Establish a Financial and Cyber Crimes Unit within the Special Investigations Branch of the Criminal Investigations Division to investigate crimes facilitated in the cyber realm.

The Financial and Cyber Crimes Unit (FCCU) will be the primary unit within the MPD that will receive, review, and investigate allegations of crimes that are facilitated within a cyber environment. Additionally, the FCCU will partner with the Federal Bureau of Investigation's Cyber Division and the United States Secret Service's Electronic Crimes Task Force to receive training in the investigation of cyber crimes and to assist in the investigation of criminal allegations that have a multi-jurisdictional and/or international aspect. The FCCU's analytical support team will analyze and review local, national, and international trends in cyber crimes. Crime prevention information will be shared with the public through a variety of communication tools. The FCCU will also assist in developing and implementing internal policy and training. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

In FY15, the Financial and Cyber Crimes Unit (FCCU) assumed responsibility for oversight of the Department's cyber crime related investigations. All FCCU members completed the Federal Bureau of Investigation's Cyber Crime Academy classes and established a collaborative working relationship with the FBI's Cyber Division. In addition, three members have been deputized by the agency to serve as the subject matter experts in cyber crimes and have worked together with US Secret Service's Electronic Crime Task Force to investigate cyber crime cases with both multi-jurisdictional and international aspects. Due to partnership with our federal partners, MPD's capability to gather evidence to further investigations involving cyber crimes has greatly improved, and the efforts of FCCU have resulted in case closures, arrest warrants, and prosecution of criminal organizations that utilize cyber capabilities. MPD has also focused efforts in disseminating press releases and warning the public of activities and tactics used by criminals to acquire information for illegal purposes.

Homeland Security Bureau

OBJECTIVE 1: Safeguard the District of Columbia and protect its residents and visitors.

INITIATIVE 1.1: Reduce robberies, burglaries, and thefts by targeting criminal fencing operations.

MPD will enhance its effort to reduce robberies, burglaries, and thefts by designing a modern Fencing/Pawn Squad that targets criminal fencing operations. The unit will focus on identifying how stolen properties are fenced or re-sold on the black market. The squad will be responsible for identifying stolen properties from robberies, burglaries, and thefts and developing intelligence that can be used by patrol officers and detectives for prevention strategies and repeat offender identification. **Completion Date: September 30, 2015.**

Performance Assessment Key: Fully Achieved.

In FY15, MPD created the Fencing/Pawn Squad which has identified stolen properties and provided new leads and evidence for robberies, burglaries, and thefts. Some notable accomplishments by the Fencing/Pawn Squad included the recovery of \$222,250 worth of stolen properties, a long term investigation resulting in the arrest of a pawn shop owner charged with a felony trafficking in stolen goods, and an arrest of 10 counts of theft of stolen auto which disrupted an automobile and copper theft ring that operated between November 2014 and February 2015. The Squad also trained 52 MPD personnel to use the Pawn Database, a record management system that requires all pawn shops and secondhand dealers to report electronics into MPD's database. The training has allowed more patrol officers and detectives to identify repeat offenders and potential leads in cases related to robberies, burglaries, and thefts. Due to the Squad's efforts, many victims of crimes in the District who presumed their belongings were lost had them returned, and pawn shops and secondhand dealers have been shown that they will be arrested if they purchase stolen goods and fail to report items they are taking in. Compliance with laws and regulations in place will continue to reduce property crimes and make it difficult for criminals to benefit from selling stolen goods.

INITIATIVE 1.2: Implement all recommendations from the Navy Yard After Action Report.

After the Navy Yard incident, the Department performed an extensive after-action analysis that reviewed the strengths and weaknesses of the police and emergency response; from the first 911 call through the subsequent investigation. MPD will ensure that all recommendations from the Navy Yard After Action Report are fully implemented. The goal will be to use the lessons learned to improve critical incident response capabilities, which includes improvements to our applicable policies, training, and equipment based on our assessment and the many lessons learned from our response. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

The Metropolitan Police Department (MPD) has implemented the comprehensive list of recommendations from the Navy Yard After Action Report in order to improve the city's critical incident response capabilities. These recommendations covered a wide array of critical items within our policies, training, and equipment. All sworn members of the department have participated in additional training, including simulated active shooter response training at our Tactical Village complex and in real-world scenarios at other venues (military bases, schools, etc.). MPD has also participated in multi-agency training and simulated exercises, to include items such as critical incident response, Rescue Task Force training, and mass witness management. In addition, patrol members have participated in Tactical Emergency Casualty Care (TECC) training, and MPD procured 1,700 TECC kits in order for members to provide emergency medical care to injured officers or civilians in the first critical moments. In learning from our response to the Navy Yard, MPD has also procured radio ear pieces for all sworn members. The Department developed a new Critical Incident Response Vehicle which can rapidly respond to incidents. Furthermore, MPD has developed and updated numerous policies and procedures related to critical incident. Going forward, MPD members, along with other area law enforcement agencies and emergency responders, will continue to train

extensively for the possibility of an active shooter or other critical incident. The Department does so with the hope of never again having to respond to such a tragedy, but as the primary law enforcement agency for the District, MPD is acutely aware of the potential for such an incident to occur. The implementation of the recommendations stemming from our review of the Navy Yard shooting allows MPD to be even better prepared for responding to all types of critical incidents.

Support Services

OBJECTIVE 1: Safeguard the District of Columbia and protect its residents and visitors.

INITIATIVE 1.1: Enhance processes to identify and return stolen property, thereby disrupting black markets and criminal enterprises.

MPD will streamline the Department's databases that store information on recovered and stolen properties. The new database will allow cross referencing of properties against multiple Record Management Systems and identify whether a property was connected to a crime. The Department will also develop a process to search for a stolen property's serial number on Craigslist/eBay. The process of sharing photos and detail information of recovered properties to the public will also be improved through updating them on multiple social media platforms.

Completion Date: September 30, 2015.

● Performance Assessment Key: Partially Achieved.

In FY15, the Metropolitan Police Department's Pawn Unit began conducting weekly Craigslist searches to identify stolen properties. When a comparable item was identified, a member from the Pawn Unit contacted the complainant to see if there are identifying markings on the property. The Department has also begun utilizing the Regional Pawn Data Sharing System for Metropolitan Washington Council of Governments to expand searches for stolen items.

MPD currently utilizes multiple evidence management systems including Evidence on Q, Evidence.com, DIMS, Commander, and City Web to track and store data on evidence and properties. Although MPD's FY15 goal was to streamline the Department's evidence and record management databases to allow cross referencing of multiple systems to identify whether a property was connected to a crime, this project was delayed due to the implementation of a new records management system (Cobalt) in August 2015. MPD is currently working to include this capability during the future RMS enhancements.

OBJECTIVE 2: Provide the highest quality police service with integrity, compassion, and a commitment to innovation.

INITIATIVE 2.1: Implement a civilian employee orientation program.

Civilian employees are critical assets in supporting the mission of the Department. MPD will develop a civilian orientation program that will provide new civilian employees with details on the applicable MPD policies, processes, command structure, and other institutional

knowledge. New civilian supervisors will be provided with information on disciplinary process and labor agreements. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

In FY15, MPD developed a new monthly civilian employee orientation program that occurs at the Metropolitan Police Academy in conjunction with the sworn recruit orientation. The orientation program provides an overview of the agency including its command structure, policies, and processes along with presentations from the Information Technology and Equal Employment Opportunity units. Furthermore, the Human Resource Management Division introduced a new employee handbook which provides enhanced coverage of topics that impact civilian employees. In addition to introducing the Department's policies and procedures, the civilian employee orientation program has been successful because it has helped new employees to learn about the Department's culture and values so that they are better able to support the mission of the Department.

OBJECTIVE 3: Improve police service to the public through the integration of the Department's people, technology and business systems.

INITIATIVE 3.1: Implement the Dual Badge Graduate Certification Program.

In an effort to provide career advancement opportunities for sworn and civilian members, a joint academic graduate certificate program from the American University and George Washington University will be offered to a competitively selected cohort of 18-20 employees from MPD and other law enforcement agencies in the Washington Metropolitan area. Each course will combine theoretical and practical subject matter, giving special attention to high priority law enforcement topics. The 18-month program will begin in spring 2015.

Completion Date: September 30, 2015.

● **Performance Assessment Key: Fully Achieved.**

In FY15, the Metropolitan Police Department (MPD) successfully developed the Dual Badge Graduate Certificate Program in partnership with the American University and George Washington University. The funding for the program has been approved, and the Department expects to provide scholarships to up to approximately 75 members. The first cohort will begin classes in FY16. Data will be monitored throughout the program to measure success of officer participation and retention.

INITIATIVE 3.2: Enhance the Department's disciplinary process.

To ensure that the internal disciplinary system is efficiently being used to address willful policy violations and misconduct, MPD will propose a strategy to reduce the use of Incident Summary numbers and administrative investigations when not necessary. The Department will also develop alternative discipline methods to correct performance issues as well as prepare for potential policy changes that will arise from the deployment of body cameras.

Completion Date: September 30, 2015.

● Performance Assessment Key: Fully Achieved.

In FY15, the Metropolitan Police Department (MPD) introduced multiple strategies to improve the Department’s disciplinary process. First, the investigation form for minor disciplinary issues was shortened to make it more efficient for investigating officials. Second, the Department has been working to establish procedures for an education-based discipline program that re-educates members on proper department policies. The Department has completed a draft General Order on education-based discipline as of the end of the fiscal year. The education-based discipline, which will be implemented in FY16, will reduce time officers spend on suspension for minor infractions, build professional confidence in correcting minor disciplinary problems before they become serious, and keep officers on the street to maintain a uniform presence and reduce crime.

Operations/ Agency Management

OBJECTIVE 1: Improve police service to the public through the integration of the Department’s people, technology and business systems.

INITIATIVE 1.1: Develop a strategy to implement a pilot for police body cameras to reduce citizen complaints and officer misconduct.

MPD will develop a strategy to roll out a body camera pilot project that includes: procurement, analysis, distribution, policy, and training development. The focuses of the technology will be to reduce citizen complaints and officer misconduct as well as to improve documentation of serious uses of force and field supervision. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

The use of body-worn cameras (BWCs) will benefit members of the community and the Department by improving police services, increasing accountability for individual interactions, and strengthening police-community relations. In October 2014, the Department launched Phase I of the body-worn camera program, focusing on the selection of the best camera model for the members of the MPD. After evaluating five different models with a total of 400 cameras, MPD selected models provided by Taser that allow officers to annotate video in the field, without taking officers off the street.

Phase II of the body-worn camera program was launched on June 29, 2015. All of the cameras that had been tested in Phase I were exchanged for 400 of the selected model. These were distributed to the Fifth and Seventh Police Districts, with each receiving 200 new cameras. This deployment was designed by a team of national researchers who will analyze the impact of body-worn cameras on such issues as citizen complaints and use of force. The lessons and findings of this evaluation will benefit District residents, the MPD, and law enforcement agencies and communities across the country that are also considering the use of body-worn cameras.

INITIATIVE 1.2: Strengthen the Department's privacy management practices.

As technology and data collection tools continuously expand, state and local police departments must be cognizant of a range of current and emerging privacy issues. MPD's Chief Privacy Officer will develop strong privacy policies and ensure protocols are developed concurrently with the implementation of new tools and databases. The Privacy Officer will also strengthen the Department's current privacy management practices and work hand-in-hand with the various divisions, partner agencies, and subject matter experts to ensure a sound and prudent approach to privacy practices. **Completion Date: September 30, 2015.**

● **Performance Assessment Key: Fully Achieved.**

The Metropolitan Police Department (MPD) accomplished this initiative by not only creating a new law enforcement privacy office and hiring its first dedicated Privacy Officer responsible for fully integrating strong privacy principles into both our daily operations and policy development. MPD's Privacy Officer is fully integrated in to the creation of MPD policies and procurement of technology. The Privacy Officer attends weekly meetings for various technologies employed by MPD and reviews all policies before they are finalized. Additionally, the Privacy Officer reviews proposals regarding new technology in order to provide a full privacy analysis as MPD explores and considers new tools and procedures. It is difficult to quantify privacy impacts, but the Privacy Officer has reviewed more than 20 MPD policies to ensure the appropriate privacy protections are considered and included. Additionally, the Privacy Officer is deeply involved in a number of critical technology projects, such as the body worn camera deployment, which have significant privacy implications. Our commitment to strong privacy principles results in policies and practices that include strong privacy protections for the public and people we serve. These privacy protections are memorialized

within our policies and procedures. The public will see a strong emphasis on privacy protections as it relates to the collection of sensitive information, retention and storage, and transparency. The Privacy Officer helps guide us through the challenge of balancing individual privacy and our commitment to transparency of operations.

OBJECTIVE 2: Oversee the implementation of agency-wide priorities.

INITIATIVE 2.1: Conduct agency sustainability assessment using OCA approved criteria developed by DDOE and OP in accordance with Mayor’s Order 2013-209 (Sustainable DC Governance Goal 1, Action 1.2; Built Environment Goal 3).

Within one hundred twenty (120) days after the City Administrator approves sustainability assessment criteria developed jointly by the District Department of the Environment and the Office of Planning, each agency head subject to the authority of the mayor shall use the criteria to evaluate the sustainability of their respective operations in accordance with the requirements of Mayor’s Order 2013-209, the Sustainable DC Transformation Order, and submit to his or her responsible Deputy Mayor and the Office of the City Administrator the results of the agency’s internal assessment. **Completion Date: April 2015.**

 **Performance Assessment Key: Fully Achieved.**

From April 8, 2015, to June 16, 2015, 121 managers from the District Government, including MPD, completed the District Sustainability Survey issued by the Department of Energy and the Environment and the Office of Planning. On August 19, 2015, all employees also received the opportunity to complete the assessment.

**ARTICLE 1
PREAMBLE**

Section 1

This Collective Bargaining Agreement (this Agreement) is entered into between the Metropolitan Police Department (the Department or the Employer), and the Fraternal Order of Police/Metropolitan Police Department (FOP/MPD) Labor Committee or the Union.

Section 2

The parties to this Agreement hereby recognize that the collective bargaining relationship reflected in this Agreement is of mutual benefit and the result of good faith collective bargaining between the parties. Further, both parties agree to establish and promote a sound and effective labor-management relationship in order to achieve mutual understanding of practices, procedures and matters affecting conditions of employment and to continue working toward this goal.

Section 3

The parties hereto affirm without reservation the provisions of this Agreement, and agree to honor and support the commitments contained herein. The parties agree to resolve whatever differences may arise between them through the avenues for resolving disputes agreed to through negotiations of this Agreement.

Section 4

It is the intent and purpose of the parties hereto to promote and improve the efficiency and quality of service provided by the Department. Therefore, in consideration of mutual covenants and promises contained herein, the Employer and the Union do hereby agree as follows:

**ARTICLE 2
RECOGNITION**

The Employer recognizes the FOP/MPD Labor Committee as the exclusive representative of a unit consisting of the following employees of the Metropolitan Police Department:

All police privates, including investigators and desk sergeants, detectives, and police sergeants employed in the uniformed and plainclothes forces of the Metropolitan Police Department, unless assigned to the Internal Affairs Division, excluding management executives, confidential employees, supervisors, and employees engaged in personnel work in other than a purely clerical capacity.

**ARTICLE 3
PROBATIONARY OFFICERS**

Officers serving a probationary period shall not be entitled by virtue of this Agreement to any rights and/or privileges that exceed or are in conflict with the provisions of the Comprehensive Merit Personnel Act, or any Departmental rules and regulations governing probationary employees.

**ARTICLE 4
MANAGEMENT RIGHTS**

The Department shall retain the sole right, authority, and complete discretion to maintain the order and efficiency of the public service entrusted to it, and to operate and manage the affairs of the Metropolitan Police Department in all aspects including, but not limited to, all rights and authority held by the Department prior to the signing of this Agreement.

Such management rights shall not be subject to the negotiated grievance procedure or arbitration. The Union recognizes that the following rights, when exercised in accordance with applicable laws, rules and regulations, which in no way are wholly inclusive, belong to the Department:

1. To direct employees of the Department;
2. To determine the mission, budget, organization, number of employees, number, type and grade of employees assigned, the work project, tour of duty, methods and processes by which such work is performed, technology needed, internal security practices, or relocation of facilities;
3. To relieve employees of duties because of lack of work or other legitimate reasons;
4. To hire, promote, transfer, assign and retain employees in positions within the Department;
5. To suspend, demote, discharge, grant or deny step increases and take other disciplinary actions against employees for cause;
6. To take any action necessary to carry out the mission of the Department in an emergency situation, and to alter, rearrange, change, extend, limit or curtail its operations or any part thereof;
7. To determine the qualifications of employees for appointment, promotion, step increases, and to set standards of performance, appearance and conduct; and,
8. To formulate, change or modify Department rules, regulations and procedures, except that no rule, regulation or procedure shall be formulated, changed or modified in a manner contrary to the provisions of this Agreement.

ARTICLE 5 NO STRIKE CLAUSE

Section 1

For the purpose of this contract, the term "strike" includes any strike or concerted action with others involving failure to report for duty; the willful absence from one's position; the slowdown or stoppage of work; the abstinence in whole or part from the full, faithful, and proper performance of the duties of employment or in any manner interfering with the operation of the Department for the purpose of inducing, influencing, or coercing a change in the conditions or compensation or the rights, privileges or obligations of employment.

Section 2

Neither the Union nor any employee in the bargaining unit shall initiate, authorize, actively support or participate in a strike.

Section 3

The Department shall discipline, as deemed appropriate, any employee who engages in a strike. Any disciplinary action taken by the Department against striking employees shall not be construed as a violation by the Department of any provisions of this Agreement.

Section 4

In the event of a strike as prohibited by this Article, the Employer agrees that there shall be no liability on the part of the FOP/MPD Labor Committee provided that upon notification, in writing, by the Employer of said strike, the FOP/MPD Labor Committee meets the following conditions:

1. Within no more than eight (8) hours after receipt of written notification by the Employer of any strike, the FOP/MPD Labor Committee shall publicly disavow the action by posting a notice on each Union space on Departmental bulletin boards and issuing a press release to the media stating the strike is unauthorized and unsupported by the Union;
2. The FOP/MPD Labor Committee shall in good faith promptly direct (in writing, verbally, or both) the employees in the bargaining unit to return to work notwithstanding the existence of any strike and use every reasonable effort in cooperation with the Employer to terminate the strike; and,
3. The Union's failure to comply with the above conditions, in the event of a strike in which members of the bargaining unit participate, shall be grounds for the Employer to terminate this contract.

**ARTICLE 6
UNION MEMBERSHIP**

Section 1

Any employee may join or refrain from joining the Union without interference, coercion, restraint, discrimination or reprisal from the Department or the Union. An individual's right or status as an employee will not be affected because of membership or non-membership in the Union.

Section 2

This Agreement does not preclude any employee from bringing matters of personal concern to the attention of the Union or management officials without fear of reprisal or intimidation.

**ARTICLE 7
DUES CHECKOFF**

Section 1

The Employer agrees to withhold the payment of dues or a service fee to the Union from the wages of every unit employee.

Section 2

Membership in the Union shall not be a condition of employment in the Metropolitan Police Department.

Section 3

The Employer will be held harmless against any and all claims, demands, suits or any other liability arising out of its good faith actions to implement this article and will in all cases be held harmless in any claim concerning service fee payments.

**ARTICLE 8
UNION/EMPLOYEE RESPONSIBILITIES**

Section 1

Neither the Union nor any employee in the bargaining unit shall conduct Union business or carry on Union activities (soliciting members, distributing literature, attending Union meetings, etc.) during employee working time or on the Department's premises, except as provided for in Article 11. Distribution of literature or other contacts pertaining to Union business will be conducted during non-work time of both the Union representatives and members being contacted. There is to be no interference by members in a non-duty status with other employees' performance of official duty during working hours.

Section 2

The Union agrees that an employee who requests Union representation shall be represented at each stage of the grievance procedure by no more than one Union/employee representative.

Section 3

The Union, in recognition of its responsibility, agrees to train its Chief Stewards and Stewards in the scope of their duties and in the manner in which such duties are to be accomplished.

Section 4

The Union shall provide management with a current list of all Chief Stewards and Stewards and keep management informed in writing of any changes in union representatives.

RIGHTS OF EMPLOYEES/UNION REPRESENTATIVES

Section 1

Union employee representatives shall be selected in any manner determined by the Union from among actively employed members. The Union shall be entitled to designate not to exceed fifteen (15) Chief Stewards and not to exceed sixty-nine (69) Stewards. Members of the Union's Executive Board, shall be assigned to work the same tour of duty on which the Department's Executive Staff (i.e., Assistant Chief, Commander and Inspector) work the majority of their basic tours to facilitate their interaction with Departmental officials and to carry out their representational duties. Such members shall not exceed fifteen (15). The Union shall identify to the Employer the names of the members of the Union's Executive Board.

Section 2

1. The Employer shall not discriminate against any employee because of his membership or non-membership in the Union. The Employer shall not restrain or coerce any employee in the exercise of any rights granted under this Agreement, or discriminate against or take reprisals against any employee for exercising any rights granted under this Agreement.

2. The Employer recognizes that it may not transfer, change or terminate a detail or assignment of a unit member in reprisal for exercising a right under this Agreement. This section does not modify or diminish management's rights to take personnel actions under applicable regulations, Department orders, and other relevant articles in this agreement. When a claim is made that the Employer's action has violated this Section, the Employer, upon request, shall provide a non-discriminatory reason(s) for such action.

3. At the Union's option, a grievance alleging a violation of this section may be filed directly with the appropriate Assistant Chief and then at Step 2 (with the Chief of Police) under Article 19 of this Agreement.

Section 3

Official time, i.e. time within a member's scheduled working hours, shall be provided in accordance with this article to investigate, process and present grievances. The use of all official time will be recorded on the Official Time Form (Exhibit A).

Section 4

The Employer shall provide union stewards, employees and union officials with official time in the manner hereinafter described to receive, investigate, prepare and present grievances to management.

1. Employees shall be granted official time as authorized (up to one hour per grievance as needed) upon individual request within their regularly scheduled working hours to report grievances to their union representatives and to present grievances to management.

2. Union Stewards shall be granted up to one hour of official time within their regularly scheduled working hours per grievance to investigate, receive and present each grievance in accordance with the provisions of the negotiated grievance procedure.

Chief Stewards shall be entitled up to two (2) hours of official time within their regularly scheduled working hours per grievance in order to reduce the grievance to writing and to present the grievance in accordance with their responsibilities under the negotiated grievance procedure.

4. The designated Union representatives shall be granted official time within their regularly scheduled working hours as needed to attend meetings of Boards provided for in this Agreement to which they are appointed and to attend conferences with management.

5. The Labor Committee Chairman shall be entitled to use up to forty (40) hours each week for the purpose of carrying out his representational responsibilities under this Agreement and applicable law. The Labor Committee Chairman shall respond to inquiries by the Department's Labor Relations Representative regarding the type and number of representational activities engaged in for a particular period; such inquiries to be reasonable in number and nature.

6. The Labor Committee Chairman and one (1) Committee Official, as permanently designated by the Chairman, shall be assigned to work the same tour of duty on which the Department's Executive Staff (i.e., Assistant Chief, Commander and Inspector) work the majority of their basic tours of duty to facilitate their interaction with Departmental officials and to carry out their representational duties for the term of this Agreement.

7. In the event a member of the Executive Board must fulfill the duties of a Steward or Chief Steward under this Article, he/she shall be entitled to the same amount of official time as would have been provided to the Steward or Chief Steward to fulfill their responsibilities under this Article. This substitution will only be permitted in the absence or illness of a steward assigned to a representational matter.

8. The Employer shall provide up to forty hours of official time each week for one Bargaining Unit member as permanently designated by the Chairman, to receive, investigate, prepare for and represent members in any meetings, conferences, or similar events of a member

required to appear before or on behalf of the Office of Police Complaints.

Section 5

The Employer agrees that permission for an employee to advise his/her Union of his/her grievance or for the Union representative to hear the employee's grievance will not be unreasonably delayed; however, the Union recognizes that workload and scheduling considerations will not always allow for release of employees from their assignments, nor shall the presentation or receipt of grievances interfere with the performance and reporting requirements of employees.

Section 6

The following procedure shall be utilized by employees and designated Union representatives and officials requesting official time for the purposes described in Section 4.

When it is necessary for contacts to be made between employees and Union representatives in connection with the prosecution of a grievance, the member who desires the meeting shall request authorization from his/her Lieutenant, or above, to be relieved from duty for this purpose. The Lieutenant, or above, shall be informed of the purpose of the request, the employee's destination, if he is leaving the immediate work area, the amount of time needed and the employee he/she desires to contact. On return, the employee must report to the Lieutenant, or above, and initial the Official Time Form completed by the Lieutenant.

Section 7

This article does not preclude employees from selecting an individual other than a Union representative to represent the employee in a grievance, except that no rival organization may represent an employee in the negotiated grievance procedure, and provided also that if other than a Union representative is used, a representative of the exclusive organization must be given an opportunity to be present at the resolution of the grievance. The grant of official time detailed in Section 4 applies only to a FOP/MPD Union representative.

Section 8

Any persons filing a grievance or representing an employee in a grievance subject to the provisions of this Agreement shall be assured freedom from restraint, coercion, or reprisal. However, notwithstanding the general nature of labor relations activities, the parties shall maintain a business like decorum that supports conflict resolution and shall refrain from harassment and the use of scurrilous or disrespectful language.

Section 9

Five (5) members of the Union's negotiating team shall initially be entitled to official time that coincides with their scheduled tour of duty to prepare for negotiation of a successor collective bargaining agreement. The determination of the number of active employees on the Union's negotiating team during collective bargaining shall be the subject of negotiations during Ground Rules bargaining for any successor collective bargaining agreement.

(c) when an employee or management requests a 30-business day automatic extension, the fifty-five (55) business day time limit shall be extended by that 30-business day extension of time.

Section 7

The employee shall be given fifteen (15) business days advance notice in writing prior to the taking of adverse action. Upon receipt of this notice, the employee may within ten (10) business days appeal the action to the Chief of Police. The Chief of Police shall respond to the employee's appeal within fifteen (15) business days. In cases in which a timely appeal is filed, the adverse action shall not be taken until the Chief of Police has replied to the appeal. The reply of the Chief of Police will be the final agency action on the adverse action.

Section 8

Upon receipt of the decision of the Chief of Police on adverse actions, the employee may appeal to arbitration as provided in Article 19. Employees must use the negotiated grievance procedure (NGP) for a suspension of less than ten (10) days. In cases where a Departmental hearing has been held, any further appeal shall be based solely on the record established in the Departmental hearing. In such a case, the appellate tribunal has the authority to review the evidentiary ruling of the Departmental Hearing Panel, and may take into consideration any documentary evidence which was improperly excluded from consideration by the Departmental Hearing Panel.

Section 9

The appeals allowed by Section 8 of this Article shall not serve to delay the effective date of the decision by the Department.

Section 10

If the Employer suspends an officer without pay during the resolution of a criminal indictment and the criminal indictment is dropped or in any way resolved, then the Employer agrees to return the officer to a pay status or issue notification of the charges and proposed action within thirty (30) business days of the date the indictment was either dropped or resolved. Likewise, if the Employer suspends an officer without pay after the officer has been convicted of criminal charges, the Employer agrees to either return the officer to a pay status or issue notification of the charges and proposed action within thirty (30) business days of the date it removed the officer from the pay status.

Section 11

Disciplinary action will not preclude an employee from participating in the promotional process. Notwithstanding the foregoing, if, after the eligibility list is formed, a final disciplinary penalty of a suspension of twenty (20) days or greater is imposed, the member need not be promoted from that list. In addition, notwithstanding the foregoing, if after the eligibility list is formed an adverse action is proposed, the promotion may be held in abeyance pending a final disposition. If the disposition is favorable to the member, or the penalty is less than a suspension of twenty (20) days, he/she shall be promoted forthwith with back pay retroactive to the date when the member would otherwise have been promoted.

Section 12

An employee shall be given administrative leave of up to: ten (10) hours to prepare for his/her defense against any proposed discharge or suspension of more than thirty (30) days; four (4) hours to prepare his/her defense against any proposed fine or suspension of ten (10) days through thirty (30) days; and, two (2) hours to prepare his/her defense against any proposed fine or suspension of less than ten (10) days. If the employee requests the assistance of a Union employee representative, the representative shall be granted official time within his/her regularly scheduled hours up to the same amount of time as the employee he/she is representing.

Section 13

A District or Division Commander shall attempt to resolve a disciplinary matter after a conference with an affected employee and his Union representative (unless representation is voluntarily waived by the employee) without resorting to the steps outlined elsewhere in this

Article. If discipline is recommended by an Administrative Board or by a Commander or Director other than the one to whom the employee is permanently assigned, the Conference shall be held with the Department Disciplinary Review Officer (DDRO). The employee, once notified and prior to the conference, may during the day-work tour review the investigative report of the incident that resulted in the proposal that is the subject of the conference. The following conditions apply to the conference:

1. The penalty does not exceed a fine or suspension of ten (10) days. Transfer, reassignment, change of days off, and nontraditional penalties including, but not limited to, community service, counseling, etc. are specifically permitted under this Section;
2. The affected officer voluntarily agrees to the penalty and waives all appeal rights after having been given an opportunity in the conference to present his/her side of the matter;
3. Any statements made in the conference (including proposed settlement) or actual agreement shall not be used by either party as evidence or precedent in that case or any other; except that the outcome of such a conference may be considered in the future for purposes of progressive discipline.
4. If an agreement is not reached between the affected employee and the District or Division Commander (or the DDRO, where applicable), normal disciplinary procedures shall be followed in imposing any penalty.

Section 14

When a member is placed in a non-contact status pending investigation of the use of deadly force, the member may remain in non-contact until the Department's investigation is completed and submitted to the U.S. Attorney's Office for presentment to a Grand Jury. If the Department's in-house review of this investigation determines at this stage that the use of deadly force appears to be justified and reveals no other areas of concern, upon a positive recommendation from the Police and Fire Clinic regarding the Officer's physical and mental health, the Department will restore the member to a full duty status.

The Department's decision whether or not to return a member to a full duty status will not be subject to the contractual grievance procedure or any other appeal. After the Department has made the decision to return an officer to full duty status and additional information is received that would dictate a different course of action, the Department reserves the right to place that member in a non-contact status.

The decision to place an officer in a duty status at any time does not preclude the Department from conducting an administrative investigation which may result in Adverse Action.

When the Department determines to place an officer in non-contact status, the member shall not automatically be forbidden to carry his/her authorized weapon, except in the following circumstances.

1. The member is indicted by a Grand Jury;

2. The member has been found guilty by a trial board and recommended for termination;
3. The Board of Surgeons recommends that the member's authorization to carry a weapon be revoked on account of mental illness and/or an emotional or psychological condition or because a physical disability makes the member's use of a weapon hazardous; and,
4. Suspensions, except for those imposed for alleged activities carrying no demonstrated or potential threat to public safety, and disciplinary suspensions.

In all other circumstances, it shall be the Department's policy to permit an officer or sergeant to continue to carry the authorized weapon for self-protection, if he/she so requests, stating that he/she has good reason to fear injury to his/her person or property. Permission need not be granted if the Chief of Police or his/her agent reasonably determines, based upon the particular facts and circumstances of the case, that the permission should be denied for reasons of public safety or welfare.

ARTICLE 13 INVESTIGATORY QUESTIONING

Section 1

The efficiency of the service of the Department, including internal security practices and the obligation of members to respond to questioning shall be governed by existing Departmental policies and procedures unless abridged by this Agreement.

Section 2

Types of Questioning:

(a) Administrative Interview – Formal official questioning conducted by the Department to question an employee about an administrative matter.

(b) Criminal Interview - Formal official questioning conducted by the Department to question an employee about a criminal matter, where the member has not been identified as a target.

(c) Interrogation - Formal official questioning conducted by the Department of a member who has been, or may be, identified as a target of a criminal investigation.

Section 3

Where (1) an employee can reasonably expect discipline to result from an investigatory interview, or (2) the employee is the target of an administrative investigation conducted by the Employer, at the request of the employee, questioning shall be delayed for no longer than two (2) hours in order to give the employee an opportunity to consult with a Union representative. The two-hour limit will be strictly adhered to unless management agrees that the issue is sufficiently complex and therefore requires additional time for preparation. Where management agrees that

additional time should be granted such additional time will not exceed four (4) hours. The Department shall not intentionally mislead a member or Union representative as to the purpose of the questioning.

(a) A member's Union representative may be present at all administrative interview sessions under this Article, but may not answer questions on behalf of the employee. The Department reserves the right to refuse a particular Union representative for good cause, and the member to be interviewed shall then name an alternate representative.

(b) In no event may a Union representative be present during any criminal interview or interrogation.

Section 4

1. Prior to commencement of any interview or interrogation, members shall be informed of the type of investigation being conducted (criminal or administrative).

2. Prior to the commencement of any administrative interview, criminal interview or interrogation, a member shall be informed of:

(a) Whether the member is a target of the investigation, if known at that time.

(b) The name(s) of the complainant(s) if known, unless this information would jeopardize the investigation.

(c) The name of the Departmental official conducting the interview. No Department official who has reason to believe that he/she may become a subject of the investigation will conduct interviews related to the investigation. If a member raises an objection, they are entitled to note the objection without any repercussion. Such an objection shall not delay the interview or interrogation.

(d) The names of persons present.

(e) The name of the official authorizing the Reverse-Garrity warnings (if applicable).

(f) The subject officer shall be provided a written copy of the Reverse-Garrity warning signed by the official that delivers the warning.

(g) Management's failure to abide by any of the procedures listed in paragraphs a-f will not be a bar to the processing of a case or the imposition of corrective or adverse action, including termination. This does not preclude the Union from including such failure in the defense of a subject member.

Section 5

The questioning will take place at a reasonable time, unless the exigencies of the situation require otherwise in the judgment of the official in charge of the investigation.

Section 6

Interview and interrogation sessions will not consume unreasonable periods of time, without periodic rest periods to allow for meals and personal necessities.

Section 7

During interviews, members shall not be subjected to scurrilous language.

Section 8

If the matter under investigation involves a violation of criminal law, at the point the investigation focuses upon the member being questioned as a principal, the member shall be advised of his/her rights under the rules of criminal procedure.

Section 9

When, in the judgment of the Department, an administrative interview is to be recorded, all portions of the administrative interview shall be recorded with proper notations as to when rest breaks and off-the-record discussion began and ended.

If a recording device is used, a copy of the tape shall be made available to the Union at its request and at its expense if the copy is relied upon in proposing action against a member.

Section 10

When a member is informed that he/she is a target of an investigation, the member will, upon request, be advised if that case is on-going until that case is finally resolved or the member is served with administrative or criminal charges.

Section 11

No photo of a member under investigation shall be made available to the media prior to a conviction for a criminal offense or prior to a final decision by the Chief of Police in the adverse action process.

ARTICLE 14 TRANSFERS

Section 1

Employee(s) may be transferred from one Division or District to another Division or District for the efficiency of the service of the Department. The employee (s) shall be informed in writing by an official of the Department of the reason for his/her transfer, unless the transfer was initiated at the request of the employee. The reason given will entail an explanation which will elaborate on why the transfer is for the efficiency of the service. Such elaboration will not be the basis of a grievance by the transferred employee or any other employee affected unless it conflicts with Section 3 of this Article.

Section 2

Where possible, an employee will be given five (5) days advance notice of his/her transfer. The Department agrees that prior to the transfer of any Union official or representative, the Union shall be given a reasonable advance notice of such transfer (not less than seven (7) days) in order to provide the Union time to designate a Union officer or representative in lieu of the transferred member.

Section 3

Transfers or reassignments will not be used in lieu of discipline but may form part of a disciplinary action as provided under Article 12, Section 13 - Discipline, and except the Chief of Police or the acting Chief of Police may transfer a member in a review of an appeal of adverse action in lieu of any other penalty imposed. This decision by the Chief constitutes final agency adverse action which may be further contested outside the agency as provided in other applicable articles of this agreement.

ARTICLE 15 LEAVE

Section 1 Funeral Leave

Employees shall be entitled to use three (3) days, of their accrued annual leave or leave without pay (their regular scheduled day of work before the funeral, the day of and the day following the funeral) in the event of the death of a member of their immediate family. For the purpose of this article, immediate family shall mean an employee's spouse, child, parent, brother, sister, spouse's parent, brother, or sister, child's spouse, grandchild or grandparent.

Section 2 Leave for Conventions and Union Functions

Employee representatives, not to exceed four (4), desirous of attending conferences, luncheons or conventions of the Fraternal Order of Police shall be entitled to use their accrued annual leave or leave without pay, in accordance with the Department's established leave policy and procedures.

Section 3 Leave for Membership Meetings

The Department agrees to maintain a liberal leave and compensatory time policy for the employee representatives who are desirous of attending the membership meetings of the FOP/MPD Labor Committee.

Section 4

There will be no interference with outside employment when sick leave is taken for medical and dental appointments.

Section 5

Employees shall be charged sick leave for time spent while on duty seeking diagnosis and/or treatment for non duty related illnesses or injuries.

Section 6

The parties agree to the following timelines concerning certification of performance of duty injuries:

1. The department shall determine whether a member's injury or illness was sustained by the member in the performance of duty within 30 calendar days of a claim being reported to a supervisor.
2. If the department fails to meet the 30-day deadline, there shall be a rebuttable presumption that the member's injury or illness was sustained in the performance of duty. Until the presumption is rebutted by a finding by the department that the injury or illness was not sustained in the performance of duty, the department shall be responsible for all treatment costs and disability compensation pay (i.e., the department shall carry the member in a "POD" status).
3. The member shall receive a written decision on an appeal of a non-"POD" ruling within 120 calendar days of the filing date. Members shall provide all requested documentation within ten (10) business days of the request. Any documentation requested but not provided within ten (10) business days by the member will not be considered, will not be included as part of the record, and may not be raised in any subsequent appeal, except in the discretion of the Chief of Police or designee. Any delay or stay of proceedings that occurs at the request of, or as a result of the member, shall not count towards the 120 days.
4. If the department fails to meet the 120-day deadline, there shall be a rebuttable presumption that the member's injury or illness was sustained in the performance of duty. Until the presumption is rebutted by a finding by the department that the injury or illness was not sustained in the performance of duty, the department shall be responsible for all treatment costs and disability compensation (i.e., the department shall carry the member in a "POD" status).

5. The parties agree that non-performance of duty decisions shall not be subject to grievance or arbitration. Notwithstanding any other provision of law, rule, regulation, or this agreement, the only issues that may be grieved and arbitrated under this section are whether management failed to place a member in "POD" status at the expiration of the 30-day or 120-day periods referenced in paragraphs 2 and 4. The parties agree that the workers compensation program for members is set by law and is not subject to appeal under this agreement.

ARTICLE 16 EMPLOYEE RECORDS

Section 1 - Medical Files

An employee or his/her representative designated in writing may review his/her medical file in accordance with established Police and Fire Clinic policy and District regulations governing disclosure of such information.

Section 2 - Official Personnel Folders

1. The Official Personnel Folder of an employee shall be disclosed to him/her or to his/her representative, designated in writing, in the presence of a representative of the Department, in accordance with District regulations concerning the release of such information.

2. The contents of Official Personnel Folders shall be maintained as prescribed by governing District regulations.

Section 3

The Department, upon written request of an employee, will remove from the Personnel Folder investigative reports which, upon completion of the investigation are classified "exonerated" and/or "unfounded." Complaints against employees that are pending Department review, or that have been classified as "exonerated" and/or "unfounded" shall not be used to support a current allegation of wrongdoing or proposed penalty against an employee.

ARTICLE 17 JOINT SAFETY COMMITTEE

Section 1

The Department and the Union agree to establish a standing Joint Safety Committee which shall meet every three (3) months, or more often at the request of either party, to review safety conditions; to discuss matters of mutual interest and benefit pertaining to safety; and to make recommendations for improvement of safety conditions to the Chief of Police.

Section 2

The Joint Safety Committee shall consist of not more than three (3) individuals appointed by the Department, including the Agency's Risk Management official who shall serve on the Joint Safety Committee as one of the Agency's representatives, and three (3) individuals appointed by the Union, who shall be selected annually to serve on the Committee for a period of one (1) year. The Union shall notify the Chief of Police in writing of the names and work locations of their appointees and the names and work locations of a designated alternate for each standing member.

Section 3

A summary report of the Committee's meeting(s) shall be submitted quarterly to the Chief of Police. If additional meetings are held, summary reports of those meetings shall also be submitted. The recommendations of the committee, including dissenting or additional recommendations by individual committee members and or the Agency's Risk Management official, shall be submitted in writing to the Chief of Police subsequent to each meeting.

Section 4

The Chief of Police shall, within twenty (20) days from receipt of the recommendations of the Committee advise the Committee in writing of his/her decision on the recommendations submitted.

Section 5

The members of the Joint Safety Committee appointed by the Union shall be granted official time to attend meetings when they occur during regular working hours of the employees. The Union shall notify the Department's Labor Relations Representative at least one (1) day in advance of any scheduled meeting if an alternate will attend in the absence of the appointed member.

Section 6

Disputes arising under this article shall not be subject to the negotiated Grievance Procedure.

**ARTICLE 18
UNION REPRESENTATIVES ON BOARDS**

The Union shall be entitled to have one voting member sit on the Uniform and Equipment Board and one permanent, non-voting, member to sit on the Use of Force Review Board and the Crash Review Board. These members will be selected by the Union from its membership. Membership on a Board is not a full-time assignment but merely allows the member identified to attend Board meetings involving their members. If the union-identified member on a Board violates a confidentiality agreement relative to the work of the Board, such member will be removed from the Board, in the sole discretion of management, and the removal will not be subject to grievance or appeal. The Union will then be entitled to nominate a replacement

member for the Board subject to the approval of the Chief of Police or his designee. The Union shall notify the Chief of Police in writing within thirty (30) days from the effective date of this Agreement of the name and work location of the individual selected by the Union to serve on the Board and the name and work location of an alternate to serve in the absence of the standing member.

ARTICLE 19 GRIEVANCE PROCEDURE

A. PURPOSE

The purpose of this Grievance Procedure is to establish an effective mechanism for the fair, expeditious and orderly adjustment of grievances. Only an allegation that there has been a violation, misapplication or misinterpretation of the terms of this Agreement shall constitute a grievance under the provisions of this Grievance Procedure. Grievances not alleging violations of the contract may be grieved in accordance with the internal agency grievance procedure as set forth in Chapter 16 of the DC Personnel Regulations.

B. PRESENTATION OF GRIEVANCES

Section 1

A grievance may be brought under this procedure by one or more aggrieved employees with or without Union representation.

1. If a grievance involves all the employees in the bargaining unit, the grievance may be filed by the Union as a class grievance directly at Step 2 of the Grievance Procedure. It is understood that grievance filed by the union as class grievances will be processed only if the issue raised by the grievance is the same to all employees involved.

2. If a grievance involves a group of five (5) or more employees, the grievance may be filed on behalf of the group by the Union Chairman at the lowest level capable of resolving the grievance. The grievance shall identify and be signed by at least five members of the group and be signed by the Union Chairman and shall be in accordance with the same time limits and other requirements as if it were an individual grievance.

Section 2

A grievance shall not be accepted by the Department or recognized as a grievance under the terms of this Agreement unless it is presented by the employee to management at the Oral Step of this procedure not later than ten (10) business days from the date of the occurrence giving rise to the grievance or within ten (10) business days of the employee's knowledge of its occurrence, or in the case of class grievances, by the Union not later than thirty (30) business days from the date of the occurrence giving rise to the grievance or within thirty (30) business days of the Union's knowledge of its occurrence at Step 2 of the grievance.

Section 3

A grievance not submitted by the employee within the time limits prescribed for each step of the procedure shall be considered satisfactorily settled on the basis of the last decision received by the employee which shall not be subject to further appeal, nor shall the Union be entitled to pursue the grievance further. A grievance not responded to by the appropriate management representative within the time limits specified at any step shall enable the employee to pursue the grievance at the next higher step of the procedure.

Section 4

The time limits prescribed herein may be waived by mutual agreement, in writing, by the

parties thereto but if not so waived must be strictly adhered to.

C. PROCEDURAL STEPS

The parties agree that whenever a due date set forth below falls on a weekend or holiday, the due date shall be extended until the next business day. Business days are Monday through Friday, not including weekends or regular District government holidays.

Informal Step

The aggrieved employee, with or without his/her Union Steward shall meet with the official at the lowest level capable of resolving the grievance, who is not a member of the certified bargaining unit, and orally discuss the grievance. If the official lacks the authority to resolve the grievance, he/she shall refer the employee to the appropriate management official. The official shall make a decision and orally communicate this decision to the employee within three (3) business days from the initial presentation of the grievance.

Step 1

Section 1

If the grievance is not resolved informally, the employee shall submit a written grievance to his/her Commanding Officer within seven (7) business days following the informal response. The specific written grievance presented at Step 1 shall be used solely and exclusively as the basis for all subsequent steps. The employee shall be represented at Step 1 by his/her Steward. The written grievance at this step and all thereafter shall contain the following:

1. A statement of the specific provision(s) of the Agreement alleged to have been violated, misapplied or misinterpreted;
2. The manner in which the provision is purported to have been violated, misapplied or misinterpreted;
3. The date or dates on which the alleged violation, misinterpretation or misapplication occurred;
4. The specific remedy or adjustment sought;
5. Authorization for the Union or other employee representative, if desired by the employee, to act as his/her representative in the grievance; and,
6. Signature of the aggrieved employee.

If the grievance does not contain the required information, the grievant shall be notified and granted five (5) business days from the receipt of the notification to resubmit the grievance. Failure to resubmit the grievance as required within the five (5) business day period shall void the grievance.

Section 2

The employee's Commanding Officer shall respond in writing to this grievance within seven (7) business days of its receipt. The written response shall contain the following:

- (a) An affirmation or denial of the allegations made by the employee;
- (b) An analysis of the alleged violation of the Agreement;
- (c) The remedy or adjustment, if any, to be made; and,
- (d) Signature of the appropriate management representative

Step 2

1. If the grievance is not resolved at Step 1, the employee shall submit a written grievance to the Chief of Police within seven (7) business days following receipt of the Commanding Officer's response. The written grievance filed at this step need not be signed by the employee. The Chief of Police, or his/her alternate, shall respond in writing to the grievance within fifteen (15) business days of its receipt.

2. Class grievance shall be submitted by the Union in writing at this step of the grievance procedure as provided for in part B, Section 1.1 of this article and shall contain the following:

- (a) A statement of the specific provision(s) of the Agreement alleged to have been violated;
- (b) The manner in which the provision is purported to have been violated;
- (c) The date or dates on which the alleged violation occurred;
- (d) The specific remedy or adjustment sought;
- (e) A statement that the grievance involves all employees in the bargaining unit and that the issue or issues raised by the grievance are the same as to all employees involved;
- (f) Signature of the Chairman of the FOP/MPD Labor Committee; and,
- (g) The required information must be furnished in sufficient detail to identify and clarify the matter at issue which forms the basis for the grievance. If the grievance does not contain the required information, the Chairman of the FOP/MPD Labor Committee shall be notified and granted five (5) business days from receipt of the notification to resubmit the grievance. Failure to resubmit the grievance as required within the five (5) business day period shall void the grievance. The Chief of Police or his/her alternate, shall respond in writing to the class grievance within twenty one (21) business days of its receipt.

D. GENERAL

Section 1

The Department and the Union agree that every effort will first be made to settle the grievance within the Department and at the lowest possible level.

Section 2

The employees in the unit and the Union shall follow the procedures set forth in this Article with respect to any grievance they may have and shall not follow any other course of action to resolve their grievances. If either breaches this provision, the right to invoke the provisions of this Article as to the incident involved shall be forfeited.

Section 3

The settlement of a grievance prior to arbitration shall not constitute a precedent in the settlement of grievances.

Section 4

The fact that a grievance is raised by an employee, regardless of its ultimate disposition, shall not be recorded in the employee's Official Personnel Folder or in any file or record utilized in the promotion process; nor shall such fact be used in any recommendation for job placement; nor shall an employee be placed in jeopardy or be subject to reprisal for having followed this Grievance Procedure.

Section 5

If an employee is given a directive by a supervisory authority which he/she believes to be in conflict with the provisions of this Agreement, the employee shall comply with the directive at the time it is given and thereafter exercise his/her right to grieve the matter. The employee's compliance with such a directive will not prejudice the employee's right to file a grievance, nor will his/her compliance affect the resolution of the grievance.

Section 6

The presentation and discussion of grievances provided for in this Article shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, to attend. No witnesses shall be heard unless their relevancy to the case has been established. Such witnesses shall be present only for the time necessary for them to present personal testimony. When the presentation and discussion of grievances or hearing as provided for in this procedure are held during the normal working hours of the participants, all employees who are entitled to be present shall be excused with pay for that purpose.

Section 7

No recording device shall be utilized during any step of this procedure. No person shall be present at any step for the purpose of recording the discussion.

E. ARBITRATION

Section 1

The parties agree that arbitration is the method of resolving grievances which have not been satisfactorily resolved pursuant to the Grievance Procedure and is the agreed to method of appealing **any fine, suspension, removal from service, or any reduction of rank or pay of any employee who is not serving a probationary period.** ~~adverse actions, where the penalty exceeds five (5) days, as defined in Article 12 (Discipline).~~

Section 2

Within fifteen (15) business days of the decision of the Chief of Police on an adverse action or grievance, the Union, on behalf of an employee or employees, may advise the Chief of Police in writing, signed by the aggrieved employee, of its demand for arbitration. The parties agree to meet at least once in a last attempt at conciliation. Should conciliation fail to settle the dispute, the parties will attempt to agree on a statement of the issue for submission to arbitration. If the parties are unable to agree on a joint statement of the issue the arbitrator/mediator shall be free to determine the issue.

Section 3

If the Department believes the issue is not arbitrable and the Union disagrees or if agreement cannot be reached on a joint stipulation of the issue, each party shall submit its own statement of the issue to arbitration and the arbitrator will rule on arbitrability as a threshold issue before proceeding to a hearing on the merits. The arbitrator shall be selected by the parties from a panel or panels submitted by the Federal Mediation and Conciliation Service in accordance with that Service's procedures.

Section 4

Submissions to arbitration shall be made within ten (10) business days from any attempt at conciliation

Section 5

1. The arbitrator shall hear and decide only one grievance or appeal in each case.
2. The parties to the grievance or appeal shall not be permitted to assert in such arbitration proceedings any ground or to rely on any evidence not previously disclosed to the other party.
3. The hearing on the grievance or appeal shall be informal and the rules of evidence shall not apply. The hearing shall not be open to the public or persons not immediately involved unless all parties to the same agree. All parties shall have the right at their own expense to legal and/or stenographic assistance at this hearing.
4. The arbitrator shall not have the power to add to, subtract from or modify the provisions of this Agreement in arriving at a decision of the issue presented and shall confine his decision solely to the precise issue submitted for arbitration.

5. Arbitration awards shall not be made retroactive beyond the date of the occurrence of the event upon which the grievance or appeal is based.

6. The arbitrator shall render his/her decision in writing, setting forth his/her opinion and conclusions on the issues submitted, within thirty (30) days after the conclusion of the hearing. The decision of the arbitrator shall be binding upon both parties and all employees during the life of this Agreement.

7. A statement of the arbitrator's fee and expenses shall accompany the award. The fee and expense of the arbitrator shall be borne by the losing party, which shall be determined by the Arbitrator.

Section 6

Either party may file an appeal from an arbitration award to the PERB, not later than twenty (20) days after the award is served for reasons which show that:

1. The arbitrator was without authority or exceeded the jurisdiction granted
2. The award on its face is contrary to law and public policy; or
3. Was procured by fraud, collusion or other similar and unlawful means.

Arbitrator invoices will be paid promptly. However, if the award is ultimately overturned and the losing party changes, the losing party shall reimburse the other party.

Section 7

In lieu of the arbitration procedures in this article, the parties may by mutual agreement, refer a particular grievance to expedited arbitration. The parties shall meet and select an arbitrator from the list of approved arbitrators. The hearing shall be conducted as soon as possible and shall be informal in nature. There shall be no briefs, no official transcript, no formal Rules of Evidence and the arbitrator shall issue a decision within five (5) days after the close of the hearing. The decision is binding on the parties.

The Union would agree to return this Article to status quo, with the sole exception of the Union's changes to Part E (Arbitration), Section 1 (striking the five-day limit).

**ARTICLE 20
SPECIAL ASSIGNMENTS**

Special Assignment vacancies shall be posted and shall be filled in accordance with applicable Department orders. However, the Department shall have the authority to assign members to the Executive Protection Unit and the Office of Professional Responsibility as the Chief of Police or his/her designee deems appropriate. Official Code § 1-612.01. Schedules shall be emailed to members or posted in a fixed and known location. Notice of any changes to their days off or tours of duty shall be made fourteen (14) days in advance. Section 4

Shift changes during a scheduled period made voluntarily at the request of an officer and upon approval of the Employer shall not require additional compensation.

ARTICLE 25 SENIORITY

Where objective considerations are equal, seniority shall be used as the tie breaker in assigning days off, vacations, and special assignments as defined in the applicable General Order.

"Objective considerations" include, but are not limited to such matters as: ability; skill; and qualifications for an assignment; and, suitability and availability of other qualified members of the bargaining unit in the case of days off-and vacations. Seniority is defined as time in grade for Sergeants, Technicians, and Officers (including D-1s and D-2s and Master Patrol Officers). For those receiving tech pay (including D-1's and D-2's), seniority is defined as time in the position carrying tech pay. In the event two or more Officers have the same time in grade, the tie breakers shall be applied in the following order:

1. time on the Department (continuous service to include all time served in the Department minus any break in service three years or less);
2. rank on promotion list; and
3. last four digits of employee's social security number with the lower number prevailing.

Any member who resigned and was rehired within one (1) year shall have his/her seniority computed by deducting the time lost due to his/her resignation.

This Article also does not prohibit a Commander from establishing a schedule that allows the partnering of experienced officers with less experienced officers on any tour of duty.

ARTICLE 26 TEMPORARY DETAILS AND ACTING PAY

Section 1

When the Department temporarily details a member and when the member returns to his/her original unit, the member shall be reassigned to his/her original position, if it still exists, or a comparable assignment if the original position no longer exists, and days off.

Section 2

An employee detailed or assigned to a position carrying additional compensation for more than 90 consecutive days shall receive the higher rate of pay beginning the first full pay period following the 90 day period.

Section 3

Management shall take measures to ensure that an employee assigned or detailed to a higher graded position is not arbitrarily removed from the detail and then reinstated to the detail in order to avoid acting pay in accordance with Section 2 above.

Section 4

Details or assignments to a higher graded position shall not be used as a pre-selection device for permanently filling the position. The permanent filling of the position shall be made in accordance with existing selection procedures.

Section 5

A report will be submitted twice a year, on January 1 and June 1, respectively, to the Union identifying by name and assignment those bargaining unit employees detailed to special assignment positions as designated by General Order 201.4.

Section 6

Nothing in this Article will preclude the Department and the Union from mutually agreeing to waive these provisions for unusual circumstances.

Section 7

Upon selection of an employee for a detail to a higher graded position, the selecting official shall issue a written justification to the record for the selection. The justification shall not be subject to an appeal or grievance.

**ARTICLE 27
PERFORMANCE EVALUATION**

The existing General Order 201.20, Performance Rating Plan, shall remain in effect unless the Department provides the Union with notice of any proposed change(s).

Section 2

Scheduled leave shall count towards a member's 171-hour threshold established by the FLSA. Scheduled leave is only annual, restored, District of Columbia compensatory, or FLSA leave that is submitted to the member's lieutenant at least forty-eight (48) hours in advance of the shift the leave would commence. Any other type of leave shall not constitute scheduled leave.

Section 3

Leave requests not affirmatively approved shall be deemed denied. Notwithstanding any other provision of law, rule, regulation, or this agreement, a member's failure to submit a leave request at least forty-eight (48) hours in advance of the shift the leave would commence shall not be the subject of grievance, arbitration, or litigation.

PREAMBLE

This Agreement is entered into between the District of Columbia (hereinafter referred to as the Employer) and the American Federation of Government Employees, District of Columbia Locals (hereinafter referred to as the Union).

The Employer and the Union recognize the need to provide efficient service to the public and to maintain and increase the quality of service. Both parties further agree to the need for establishing and maintaining a sound labor-management relationship and mutually agree to continue working toward this goal. Each side has been afforded the opportunity to put forth all its proposals and to bargain in good faith. Both parties agree this Agreement expresses the results of their negotiations. Each party declares without reservation the contents of the Agreement. Therefore, to ensure the stability of the Agreement, no new provisions shall be proposed during the term of this Agreement, unless provided for elsewhere in this Agreement or such proposal is entertained by mutual agreement of the parties.

The Preamble is intended to provide the background and purpose of the collective bargaining agreement. Alleged violations of the Preamble per se will not be cited as contract violations.

ARTICLE 2
GOVERNING LAWS AND REGULATIONS

SECTION 1:

In the event any D.C. Government-wide rule or regulation or Department rule, issuance or policy is in conflict with this Agreement, the terms of this Agreement shall prevail.

SECTION 2:

Except in emergency situations, the Department will consult with the Union prior to implementing any Department-wide rule, regulation or policy which is in conflict with this Agreement.

ARTICLE 3
UNION SECURITY AND DUES DEDUCTION

SECTION 1:

The terms and conditions of this Agreement shall apply to all employees in the bargaining unit without regard to Union membership. Employees covered by this Agreement have the right to join or refrain from joining the Union.

SECTION 2:

The Employer agrees to deduct Union dues from each employee's bi-weekly pay upon authorization of D.C. Form 277. Form 277. When Union dues are canceled, the Department shall withhold a service fee in accordance with Section 3 of this Article. This provision shall supersede any other dues deduction agreement in effect prior to the effective date of this Agreement.

SECTION 3:

Because the Union is responsible for representing the interests of all bargaining unit employees without discrimination and without regard to Union membership, Management agrees to deduct a service fee from each non-Union member's bi-weekly pay, without written authorization. Upon the showing of the Local Union that sixty percent (60%) of the eligible employees in the bargaining unit for which it has certification, are Union members, the Department shall begin withholding, not later than the second pay period after this Agreement becomes effective and the showing of sixty percent (60%) is made, a service fee applicable to all employees in the bargaining unit(s) who are not Union members. The service fee and/or Union dues withheld shall be transmitted to the Union, minus a collection fee of five cents (\$.05) per deduction per pay period. The service fee withholding shall continue for the duration of this Agreement. Payment of dues or service fees through wage deductions shall be implemented in accordance with procedures established by the Department and this Article. Employees who enter the bargaining unit where a service fee is in effect shall have the service fee or Union dues withheld by the appropriate Department after the sixty percent (60%) showing is made.

SECTION 4:

The service fee applicable to non-Union members shall not exceed the amount of the Union dues. Payment of dues or service fees shall not be a condition of employment.

SECTION 5:

When a service fee is not in effect, the Union may require that an employee who does not pay dues or service fee shall pay all reasonable costs incurred by the Union in representing such employee(s) in grievance, adverse actions or appeal proceedings in accordance with the provisions of the Comprehensive Merit Personnel Act (CMPA).

SECTION 6:

The Union shall indemnify, defend and otherwise hold the Department harmless for any good faith errors, or omissions in carrying out the provisions of this Article.

Grievances must be presented within twenty (20) work days from the date the employee or Union became aware of the grievance. The Union representative must be present if the employee so desires. However, if an employee(s) presents a grievance directly to the Employer for adjustment consistent with the term of this Agreement, the Union shall have an observer present. The Employer representative shall communicate the decision within ten (10) working days from the presentation of the grievance. The Employer shall present a written response when the grievance is presented in writing and an oral response when the case is presented orally.

B. STEP 2:

If the matter is not satisfactorily settled at Step 1 of the presentation of grievance, the employee(s) or the Union representative may, within ten (10) working days, submit the matter in writing to the next level Employer representative. The Employer representative will meet with the Union representative and the aggrieved employee(s) within five (5) working days after receipt of the grievance. The Employer representative shall give the employee(s) and the Union her/his written response within five (5) working days after the meeting.

The grievance at this and at every further step shall contain:

1. A statement of the specific provision(s) of the Agreement alleged to be violated.
2. The date(s) on which the alleged violation occurred.
3. A brief description of how the alleged violation occurred.
4. The specific remedy or adjustment sought.
5. Authorization by the employee if Union representation is desired.

Should the grievance not contain the required information, the Grievant or Union representative shall be so notified and given fifteen (15) working days from receipt of notification to resubmit the grievance. Failure to resubmit the grievance within the fifteen (15) day period shall void the grievance.

C. STEP 3:

If the grievance is not settled at Step 2, the employee(s) or the Union may within ten (10) working days forward the grievance to the Department Head for further consideration. The Department Head will review the grievance, consult with the employee(s) and the Union, and give the employee(s) and the Union his/her written answer within ten (10) working days after receipt of the grievance.

D. STEP 4:

If the grievance is not satisfactorily settled at Step 3, the Union may refer the matter to arbitration.

SECTION 5 - ADVERSE ACTION GRIEVANCES:

A. STEP 1:

A grievance which involves an adverse action, a removal or reduction in grade based on unacceptable performance shall be presented in writing by the concerned employee and the Union representative with the Agency Head within forty-five (45) calendar days of the final notice of action. The Employer will have fifteen (15) working days in which to answer the complaint in writing.

B. STEP 2:

If the matter is not satisfactorily settled at Step 4, the Union can invoke arbitration within twenty (20) working days of receipt of the Employer's decision at the Step 4 level.

The Union may, prior to the implementation of the penalty, request that the deciding official consider delay of the implementation of the decision pending the outcome of the arbitration. The Union and Management agree that such arbitrations will be scheduled and heard within 30 days after the Agency Head's decision to delay implementation. A withdrawal of the arbitration or delay in scheduling of such arbitration by the Union will result in the immediate implementation of the penalty. If the Agency Head denies the request to consider the delay of the implementation of the penalty, then Steps 1 and 2 of this Section shall apply.

SECTION 6 - UNION/CLASS GRIEVANCES:

STEP 1: The Employer and the Local President or his/her designee will meet within five (5) working days after receipt of the grievance to discuss the grievance.

STEP 2: The Department Head shall give the Local President his/her written response within ten (10) working days after the meeting. If the grievance is not settled by this method, the Union may refer the matter to arbitration. Nothing herein will preclude

other party from attempting to settle such grievances informally at the appropriate level.

SECTION 7 - ARBITRATION:

A. SELECTION OF AN ARBITRATOR: The parties agree that a panel of arbitrators will be selected by the parties within thirty (30) working days of the signing of this Agreement to hear arbitrations. The panel will consist of seven (7) arbitrators who will be selected alternately to hear cases.

B. A committee of Union representatives and Management officials that are party to this agreement will meet quarterly to review the status of grievances, the selection of arbitrators and other issues related to this grievance procedure.

C. When mutually agreed by both parties, the following expedited arbitration procedures shall be used:

1. The arbitration will be held within thirty (30) working days of the request to arbitrate.

2. There shall be no stenographic record of the proceedings.

3. The hearing shall be conducted by the Arbitrator in whatever manner that will most expeditiously permit full presentation of the evidence and arguments of the parties. The Arbitrator shall make appropriate minutes of the proceedings. Normally, the hearing shall be completed within one (1) day. In unusual circumstances and for good cause shown, the Arbitrator may schedule an additional hearing to be held within seven (7) days.

4. There shall be no posthearing briefs.

5. Time of Award - The award shall be rendered promptly by the Arbitrator and unless otherwise agreed by the parties, no later than seven (7) days from the date of the closing of the hearing.

6. Form of Award - The award shall be in writing and shall be signed by the Arbitrator. If the Arbitrator determines that an opinion is necessary, it shall be in summary form.

D. The parties agree that arbitrations not heard under the expedited arbitration procedure will be scheduled and heard within ninety (90) days unless the parties mutually agree to extend the time limits.

SECTION 8 - GENERAL:

1. Witnesses shall be sequestered upon request of either party.
2. If either party desires a verbatim record of the proceedings, it may order such record. The party desiring the record shall make the record available to the other party and pay full costs of the transcript. Upon mutual agreement, the expenses may be shared.
3. The parties shall request that the arbitration award be in writing and set forth the Arbitrator's findings, reasoning and conclusions, within thirty (30) days after the conclusion of the hearing. Time limits may be extended by mutual agreement except in the case of expedited arbitrations.
4. The Arbitrator shall not have the power to add to, subtract from, or modify the provisions of this Agreement through the award.
5. The Arbitrator's award shall be binding upon both parties. Nothing in this Section prevents either party from appealing an award pursuant to the negotiated grievance procedure, in accordance with D.C. Code §1-605.2. Either party may submit the award for reconsideration by filing an Arbitration Review Request with the Public Employee Relations Board (PERB) within the time prescribed by law and regulation. Whenever an Arbitrator's decision is appealed, the decision shall remain in effect pending the outcome of the appeal process.
6. A statement of the Arbitrator's fee and expenses shall accompany the award. The fee and expense of the Arbitrator shall be born by the losing party. In cases where it is unclear whether or not a party has lost the case, the Arbitrator will make the determination.
7. Any dispute over the application of an Arbitrator's award, the Arbitrator shall retain jurisdiction.

SECTION 9 - APPEAL AND GRIEVANCE OPTIONS:

An aggrieved employee affected by a removal or reduction in grade based on unacceptable performance, or adverse action may at his/her option raise the matter under a statutory appellate procedure or the negotiated grievance procedure, but not both.

For the purpose of this Section and employee shall be deemed to have exercised his/her option under this Section when the employee files a notice of appeal under the appellate procedure or files a grievance in writing under the negotiated grievance procedure.

UNION 10 - QUESTIONS OR GRIEVABILITY:

In the event either party should assert a grievance non-grievable or non-arbitrable, the original grievance shall be considered amended to include this issue. Any dispute of grievability or arbitrability shall be referred to arbitration as a threshold issue(s).

Memorandum of Understanding

Between
Compensation Units 1 & 2
and
The District of Columbia
Concerning Classification and Compensation Collaborative Review

"The Parties hereby agree that in order to support the objective of rewarding a high performance workforce, a training program for all bargaining committee members shall be developed by a joint labor-management committee. The Committee will be composed of sixteen members, eight appointed by labor and eight appointed by management and the Chief and Co-Chief negotiators of Compensation Units 1 & 2. This training program shall enhance the understanding of compensation and classification concepts and explore the appropriateness and application of high performance rewards to the District's workforce.

Furthermore, the Parties hereby agree that the District and the Unions shall commence a joint labor-management classification and compensation collaborative review of District jobs. This project shall examine the current classification and compensation systems in order to ensure that job classifications fairly represent actual work performed by District employees as well as the appropriateness of the District's current classification and compensation systems.

In order to support the training, classification and compensation joint labor-management initiatives, it is understood that the District shall retain the services of The Segal Company to assume the role of the lead consultant with these projects."

APPENDIX B

**MEMORANDUM OF AGREEMENT
BETWEEN THE
DISTRICT OF COLUMBIA
AND
COMPENSATION UNITS 1 AND 2
CLASSIFICATION AND COMPENSATION REFORM TASK FORCE INITIATIVES**

Pursuant to the terms of the "Memorandum of Understanding Between Compensation - Units 1 and 2 and the District of Columbia Concerning Classification and Compensation Collaborative Review," which was incorporated as part of the Compensation Agreement between the District of Columbia Government and Compensation Units I and 2, FY 2001-FY 2003 ("Compensation Agreement"), the District of Columbia Government and the Unions in Compensation Units I and 2, established the Joint Labor-Management Classification and Compensation Reform Task Force (Joint Task Force). In addition, under the terms of the Compensation Agreement, the District Government agreed to set aside certain funding in fiscal years 2002 and 2003, which would be used by the Joint Task Force to implement initiatives designed to reform the District's compensation and classification systems.

The Compensation Agreement provides that in FY 2003 the District shall invest the equivalent of a minimum of one percent (1 %) increase in the aggregate salaries of Compensation Units 1 and 2 ("1 % Set-aside") toward classification and compensation reform. The District expended a portion of the 1 % Set-aside to implement the first significant change to the compensation system in the District by changing the pay progression of Compensation Units 1 and 2 employees, or how employees move between steps within a grade. The Joint Task Force has also agreed to begin the first classification reform project by reviewing the position classifications in each of the 9 occupational pay groups and where appropriate reclassify positions and adjust the grades and rates of pay for the reclassified positions.

The Joint Task Force classification review will begin in August 2003, with a review of positions in the clerical/administrative occupational group and specific classification series and/or positions, which the Joint Task Force has determined, requires immediate review. The Joint Task Force has agreed that the District shall expend the unencumbered FY 2003 1% Set-aside fund balance under the terms of the Compensation Agreement, to fund increases in salaries or make other pay adjustments for employees in Compensation Units 1 and 2 who occupy positions the grade and/or the rate of pay of which is changed because of reclassification, re-grading, rate adjustment or changes in the District's classification and/or compensation policy as part of the classification reform project initiated by the Joint Task Force in FY 2003.

The Joint Task Force has agreed to apply any rate adjustment retroactively to a date in FY 2003. The retroactive date of implementation will be determined based on the number of employees affected and the unexpended balance of the 1% set-aside. That is pay adjustments will be made in affected employees' pay retroactive to the date permitted by the fund balance. Payment to employees should be made by March 31, 2004.

Further, the contracting parties agree that amounts hereafter designated through collective bargaining for classification and compensation collaborative review under the terms of the FY 2004 to FY2006 Compensation Units 1 and 2 Agreement, shall be accorded similar treatment for purposes of implementation. Specifically, any funds set aside in the Fiscal Years 2004, 2005 or 2006 shall be available for expenditure in that fiscal year or any other fiscal year covered by the Compensation Unit 1 and 2 agreement. Provided however, that all funds set aside for compensation and classification reform shall be expended or obligated prior to the expiration of the Compensation Units 1 and 2 Agreement for FY2004 – FY2006.

AGREED, this 26th day of August, 2003.

Section 2

The purpose of these meetings shall be to discuss different points of view and exchange views on working conditions, terms of employment, matters of common interest or other matters which either party believes will contribute to improvement in the relations between them within the framework of this Agreement. It is understood that appeals, grievances or problems of individual employees shall not be the subject of discussion at these meetings, nor shall the meetings be for any other purpose which will modify, add to or detract from the provisions of this Agreement.

Section 3

The Department and the Union agree to exchange agendas of topics to be discussed at least five (5) days in advance of the date set for the meeting. If unusual circumstances or timeliness of events do not allow for inclusion of discussion items on the agenda submitted in advance of the meeting, the Department or the Union may present discussion items at the scheduled meetings, and the issues thus presented may either be discussed by both parties or tabled, by either party, for later discussion.

ARTICLE 11 NON-DISCRIMINATION AND AFFIRMATIVE ACTION

2. Section 2 - Affirmative Action

1. The Employer will continue to conduct an affirmative action program and a workplace environment plan formulated and implemented in accordance with applicable laws and regulations.
2. The Union shall have one (1) member on the Employer's EEO Counselor List selected

by the Union president or his/her designee. The member shall be either a local executive board member or a shop steward/Union representative.

3. The Union shall be provided the opportunity for involvement in the assessment and development stages of the Employer Affirmative Action Plan. In addition, the Union may submit written comments and suggestions for the Employer's consideration during the assessment and development stages.
4. The Employer agrees to provide the Union with a reasonable number of copies of the Affirmative Action Plan and will make it available for review by employees. Additionally, the Employer will provide a copy of the EEO complaint procedure to the Union and to employees.
5. The Employer and the Union will respect an employee's right to file a formal discrimination complaint under the Metropolitan Police Department's equal employment opportunity program (EEO).
6. Final selection and appointment of EEO Counselors is a management responsibility. The Union will be provided with a list of the names of the EEO Counselors and EEO Officer.
7. Allegations of discrimination based on Union affiliation may be grieved and arbitrated under this Agreement. All other allegations of discrimination will be filed with the Department's EEO office, the District's Office of Human Rights or the U.S. EEO office.

ARTICLE 12 USE OF FACILITIES

Section 1

The Union agrees to request, in advance, the use of space to conduct Union meetings during non-working hours of employees involved. If the request for the use of space is approved, reasonable care will be exercised in using the space and the area will be left in a clean and orderly condition. When use of the facilities is to be scheduled after 1600 hours, the Union will request this use three (3) days in advance.

Section 2

The Employer agrees to provide bulletin boards in appropriate areas for use by the Union. Material posted on these boards must be related to legitimate interests of the Union and bear the signature of a Union representative who is an employee of the Agency.

Section 3

The Employer agrees to designate a mailbox within the Department's internal mail system for use by the Union.

Section 4

The Employer agrees to furnish to the Union a suitable location in each district or at department headquarters which will normally be available to the Union in connection with the handling of employee grievances and complaints. If that area, however, is not then available, a like area will be made available.

ARTICLE 13 CONTRACTING OUT

Section 1

It is understood that decision regarding contracting out are within the discretion of the department. Prior to contracting out which deviates from the agency's past practice, the Employer agrees to consider existing resources, to consult with the Union and agrees to consider the views, recommendations or suggestions offered by the Union.

Section 2

The Employer agrees to notify the Union within thirty (30) calendar days of any contracting out actions, which will displace any career employee. The Employer further agrees to minimize displacement action through realignment, retraining and restricting hiring and to exert other action necessary to retain career employees consistent with applicable laws and regulations and to place employees who have been displaced by such action in other available vacant positions within MPD for which they are qualified and able to perform with minimum training. "Minimum training" refers to instruction intended to familiarize and acclimate reassigned employees with the procedures followed in a new position/department.

ARTICLE 14 EMPLOYEE LISTS

Quarterly, during the term of this Agreement, the Employer shall provide the Union, upon request, with an alphabetical list of employees in the bargaining unit. This list shall include the employee's name, address, telephone number, assignment and service computation date.

**ARTICLE 15
VACANCY ANNOUNCEMENTS**

Section 1

All Vacancy Announcements for positions covered by this Agreement, for which the area of consideration is unlimited, will be posted on the District's Office of Personnel web site for at least ten (10) days. Vacancy announcements for which the area of consideration is limited to the Metropolitan Police Department will be open for at least five (5) days and carried in the Dispatch, and on the MPD website for five (5) days.

Section 2

Employees must submit an application in the manner outlined in the announcement to be considered. The Department agrees to advise candidates that their application has been received, upon telephonic request by the applicant. Non-selected applicants will be notified by the Department of their non-selection. Competitive or non-competitive appointment or promotion from a group of candidates who were properly qualified, ranked or certified is not grievable under this contract.

Section 3

Where all other factors are equal among applicants, the vacancy shall be filled by the applicant who has seniority in the Department.

Section 4

Employees may individually or with a Union representative request a final review of a specific promotion action for which they applied and were not selected.

**ARTICLE 16
JOB DESCRIPTIONS**

Section 1

Each employee covered by this agreement shall be supplied with a copy of his/her job description. The Union shall be supplied with a copy of each job description upon request. The Union shall be given the opportunity to review substantial changes in job descriptions prior to implementation. This review will not delay the implementation of changes.

Section 2

The phrase “performs other duties as required or assigned” and phrases of similar nature in the job description are understood to mean duties, which are reasonably related to the duties outlined.

Employees will not be required to work outside of their job descriptions on a regular basis.

Section 3

An employee may appeal the classification of his position at any time.

ARTICLE 17 REDUCTION IN FORCE

Section 1

The Employer agrees to provide the Union with advance information concerning a reduction in force.

Section 2

The Employer further agrees to minimize the effect on career employees to whatever extent possible through reassignment, retraining, or restricting recruitment and any other appropriate means to avoid separation of employees in full compliance with all laws and regulations of the District of Columbia.

ARTICLE 18 SCHEDULING

Section 1 – Work Schedule

Work schedules showing the employee's shift, work days and hours shall be posted or otherwise made known to the employee. The workweek for full-time employees shall normally consist of five consecutive days, eight (8) hours of work, Monday through Friday, totaling forty (40) hours unless the employee is assigned to a twenty-four (24) hour operational unit.

Special schedules shall be established for employees who are assigned in a twenty-four (24) hour operational unit and are required to work on Saturday and/or Sunday as part of their regular workweek. The workday for employees assigned in a twenty-four (24) hour operational unit shall consist of eight (8) hours of work. Work schedules for employees assigned to these units shall be posted and show the employee's workdays, tour of duty and days off or otherwise made known to the employee.

Section 2 – Changes In Work Schedule

Prior to any changes to the employee's work schedule, the Employer shall provide the employee with a fourteen (14) day notice. The Employer will also furnish the employee the reasons for the new assignment or change in the work schedule.

An employee's workweek or tour of duty shall not be changed for brief periods of time or on short notice for the purpose of avoiding the payment of overtime. Except when the Chief of Police determines that a unit would be seriously handicapped in carrying out its function or that costs would be substantially increased, the working hours in each day in the basic workweek shall be the same.

Section 3 - Rest Periods

All employees shall be provided two fifteen (15) minute rest periods for each tour of duty.

The same principle shall apply for overtime worked beyond the regular shift except that the employees need work only one (1) or more hours to qualify for the first fifteen (15) minute overtime rest period. Where possible, this initial overtime rest period shall be granted prior to the beginning of overtime work.

Section 4

Unit employees shall be granted a ten (10) minute personal cleanup period, if needed, prior to the end of the tour of duty.

ARTICLE 19 LEAVE

Section 1 – Annual Leave

Annual leave shall be requested by the employee from their immediate supervisor or his/her designee. Management agrees to provide the employee an opportunity to use the annual leave that is earned. Requests for annual leave will not be denied without sufficient cause and shall be based upon factors which are reasonable, equitable and do not discriminate against any employee or group of employees. Leave previously approved will not be cancelled or rescheduled by the employer without a good and sufficient reason, which shall be in writing in the remarks section on the DCSF-71.

Any normal requests for accumulated annual leave must be submitted on a DCSF-71 to the immediate supervisor or his/her designee. Requests for one day of leave or more shall be requested at least one (1) day in advance. Management shall allow an employee to submit an annual leave request four (4) months or more in advance, but no more than 12 months prior to

the date(s) the leave is requested.

It is the responsibility of the employee to notify his/her supervisor of the need for emergency annual leave prior to his/her tour of duty when possible. Call-in for emergency annual leave shall be at least one (1) hour before the start of the tour of duty, and will state the reason for the requested leave and the expected duration.

Requests for annual leave shall be approved on a first received basis. But in the event two or more requests for the same period are received and staffing requirements prevent the granting of all such requests, when objective considerations are equal, the conflict shall be resolved on the basis of employee seniority as determined by D.C. Service computation data.

If an employee is unavoidably or necessarily absent for less than one hour, or tardy, the Agency, for adequate reason may excuse him or her without charge to leave. When an employee is charged with leave or placed on any type of non-pay status, the Agency may not require him or her to perform work for any part of the leave charged against his or her account or non-pay period.

At retirement, resignation or separation, employees shall receive a lump sum payment for all annual leave not used to offset debt to the Department.

In the event of an unforeseen emergency, a family member may contact the employee's supervisor; however, the employee must make direct contact with his/her supervisor or the next higher level manager as soon as practical but no later than the employee's end of tour of duty.

Accrued sick leave shall be requested and approved in advance for visits to and/or appointments with doctors, dentists, practitioners, opticians, chiropractors, etc. and for the purpose of securing diagnostic examinations, treatments and x-rays.

If absent three (3) workdays or less, the employee shall be required to certify to his or her incapacity by initialing the time and attendance report or by signing the DCSF-71, application for leave. An absence in excess of three (3) workdays should be supported by a medical certificate the reverse of the DCSF-71, or similar statement. In the event that the illness was of a nature that medical treatment was not required, the employee's supervisor (or appropriate official) may accept a suitable statement signed by the employee in lieu of a medical certificate.

If, however the illness was of such a nature that medical treatment could not be obtained because of remoteness or location or other reason, the person responsible for approving leave may accept an appropriate statement signed by the employee in lieu of a medical certificate. The minimum charge for sick leave is one hour; additional charges are in multiples of one hour.

Where there is reason to believe that sick leave is being abused, the supervisor should notify the employee in writing that a medical certificate will be required for any future absence that is to be charged to sick leave, regardless of its duration. When it is determined that an absence is not properly chargeable to sick leave or annual leave, absence without leave shall be charged. Unapproved absences also may be made a basis for disciplinary action.

Permanent employees who have completed their probationary periods shall be eligible to request advance sick leave. An employee who has completed one (1) year of service shall be granted up to thirty (30) days of advance sick leave upon submission of medical certification and as allowed by departmental rules.

Section 3 - Family and Medical Leave

Official Code § 32-501 et seq., employees shall be entitled to up to sixteen (16) weeks of family and medical leave in accordance with the District of Columbia Family and Medical Leave Act (FMLA). Employees are also entitled to twelve (12) weeks of federal FMLA leave. An employee is not entitled to both types of leave in one year.

Maternity leave of absence shall be granted to pregnant employees who request same. The leave shall commence upon the date requested by the employee and may continue up to four (4) months. Employees must qualify for maternity leave under the Family Medical Leave Act. Maternity leave may be any combination of accumulated annual leave, sick leave, compensatory time or leave without pay at the employee's option. A pregnant employee shall be entitled to use accrued sick leave for the period she is unable to work for medical reasons certified by a physician.

The light duty detail shall be terminated as soon as the employee is medically able to return to his or her permanent assignment. The light duty detail may last no more than 90 days, except that the Chief of Police shall have the discretion to extend the detail, provided the prognosis is that the employee is not permanently disabled and will medically recover to the point of being able to return to his or her permanent assignment. Section 2

Discipline shall be appropriate to the circumstances and shall be corrective rather than punitive in nature, and shall reflect the severity of the infraction. Discipline shall be administered to reflect the severity of infraction, consistent with the principles of progressive discipline. Progressive discipline does not require all discipline to start at the corrective level. Some infractions will support adverse action for the first offense.

In appropriate cases, consideration shall be given to correcting the problem through progressive discipline and the use of the employee assistance programs as provided under D.C. Official Code § 1-620.07.

Section 3

For purposes of disciplinary actions and penalties, days are defined as workdays (not including Saturdays, Sundays or legal holidays).

If any disciplinary action results in a suspension without pay in excess of three (3) days, a reduction in grade, or a removal, the Union may on behalf of the employee appeal the final Agency action to arbitration as provided in Article 25.

If the Union declines to advance an appeal to arbitration, or at the election of an employee, an appeal may be made to the Office of Employee Appeals on those disciplinary actions that result in a suspension without pay for ten (10) days or more, a reduction in grade or a removal.

Section 7

The Employer agrees that the notice of proposal for corrective or adverse action will identify the causes and the reasons for the proposed action. The Employer agrees to notify the employee of his/her right to representation in corrective or adverse actions. The material upon which the proposed discipline is based shall be made available to the employee and/or his/her authorized representative for review. The employee and/or his/her authorized representative shall be entitled to receive copies of the material within a reasonable time.

An employee shall be given two (2) hours of administrative leave to prepare for his/her defense against a proposal of suspension for three (3) days or less.

If discipline is recommended by an Administrative Board or by a Commander or Director other than the one to whom the employee is permanently assigned, the Conference shall be held with the Department Disciplinary Review Officer (DDRO). The employee, once notified and prior to the conference, may review the relevant investigative report. The following conditions apply to the conference:

1. The penalty does not exceed a fine or suspension of ten (10) days.
2. Transfer, reassignment, and nontraditional penalties including, but not limited to, community service, counseling, etc. are specifically permitted under this Section;
3. The affected employee voluntarily agrees to the penalty and waives all appeal rights after having been given an opportunity in the conference to present his/her side of the matter;
4. Any statements made in the conference (including proposed settlement) or actual agreement shall not be used by either party as evidence or precedent in that case or any other; except that the outcome of such a conference may be considered in the future for purposes of progressive discipline.

1. If a grievance involves all the employees in the bargaining unit, the grievance may be filed by the Union as a class grievance directly at Step 2 of the grievance procedure. It is understood that grievances filed by the Union as class grievances will be processed only if the issue raised by the grievance is the same as to all employees involved.
2. If a grievance involves a group of employees within a district or division, the grievance may be filed by the Union on behalf of the group of employees or by the group of employees at the appropriate management level authorized to resolve the issue.

A grievance not responded to by the appropriate management representative within the time limits specified at any step shall enable the employee to pursue the grievance at the next higher step of the procedure.

Section 4

The time limits prescribed herein may be waived by mutual agreement, in writing, by the parties hereto, but if not so waived must be strictly adhered to.

C. PROCEDURAL STEPS

Informal Step

The aggrieved employee, with or without his Union representative, shall meet with the management official at the lowest level capable of resolving the grievance, who is not a member of the certified bargaining unit, and orally discuss the grievance. If an employee is given a directive by a supervisory authority which he/she believes to be in conflict with the provisions of this Agreement, the employee shall comply with the directive at the time it is given and thereafter exercise his/her right to grieve the matter. The employee's compliance with such a directive will not prejudice the employee's right to file a grievance, nor will his/her compliance affect the resolution of the grievance.

Section 6

The presentation and discussion of grievances provided for in this Article shall be conducted at a

time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, to attend. No witnesses shall be heard unless their relevancy to the case has been established. Such witnesses shall be present only for the time necessary for them to present personal testimony. When the presentation and discussion of grievances or hearings as provided for in this procedure are held during the normal working hours of the participants, all employees who are entitled to be present shall be excused with pay for that purpose. An employee scheduled to work shift work or weekends will have his/her hours changed to coincide with the time of the hearing.

Section 7

No recording device shall be utilized during any step of this procedure. No person shall be present at any step for the purpose of recording the discussion.

The hearing shall not be open to the public or persons not immediately involved unless all parties to the same agree. All parties shall have the right at their own expense to legal and/or stenographic assistance at this hearing.
4. The arbitrator shall not have the power to add to, subtract from or modify the provision of this Agreement in arriving at a decision of the issue presented and shall confine his decision solely to the precise issue submitted for arbitration.
5. Arbitration awards shall not be made retroactive beyond the date of occurrence of the event upon which the grievance or appeal is based.
6. The arbitrator shall render his/her decision in writing, setting forth his/her opinion and conclusions on the issues submitted, within thirty (30) days after the conclusion of the hearing.
