C. ORGANIZATION AND OPERATIONS

1 Please provide a complete, up-to-date organizational chart for the agency and each division within the agency. Please include an explanation of the roles and responsibilities for each division and subdivision within the agency.

- Please include a list of the employees (name and title) for each subdivision and the number of vacant positions.

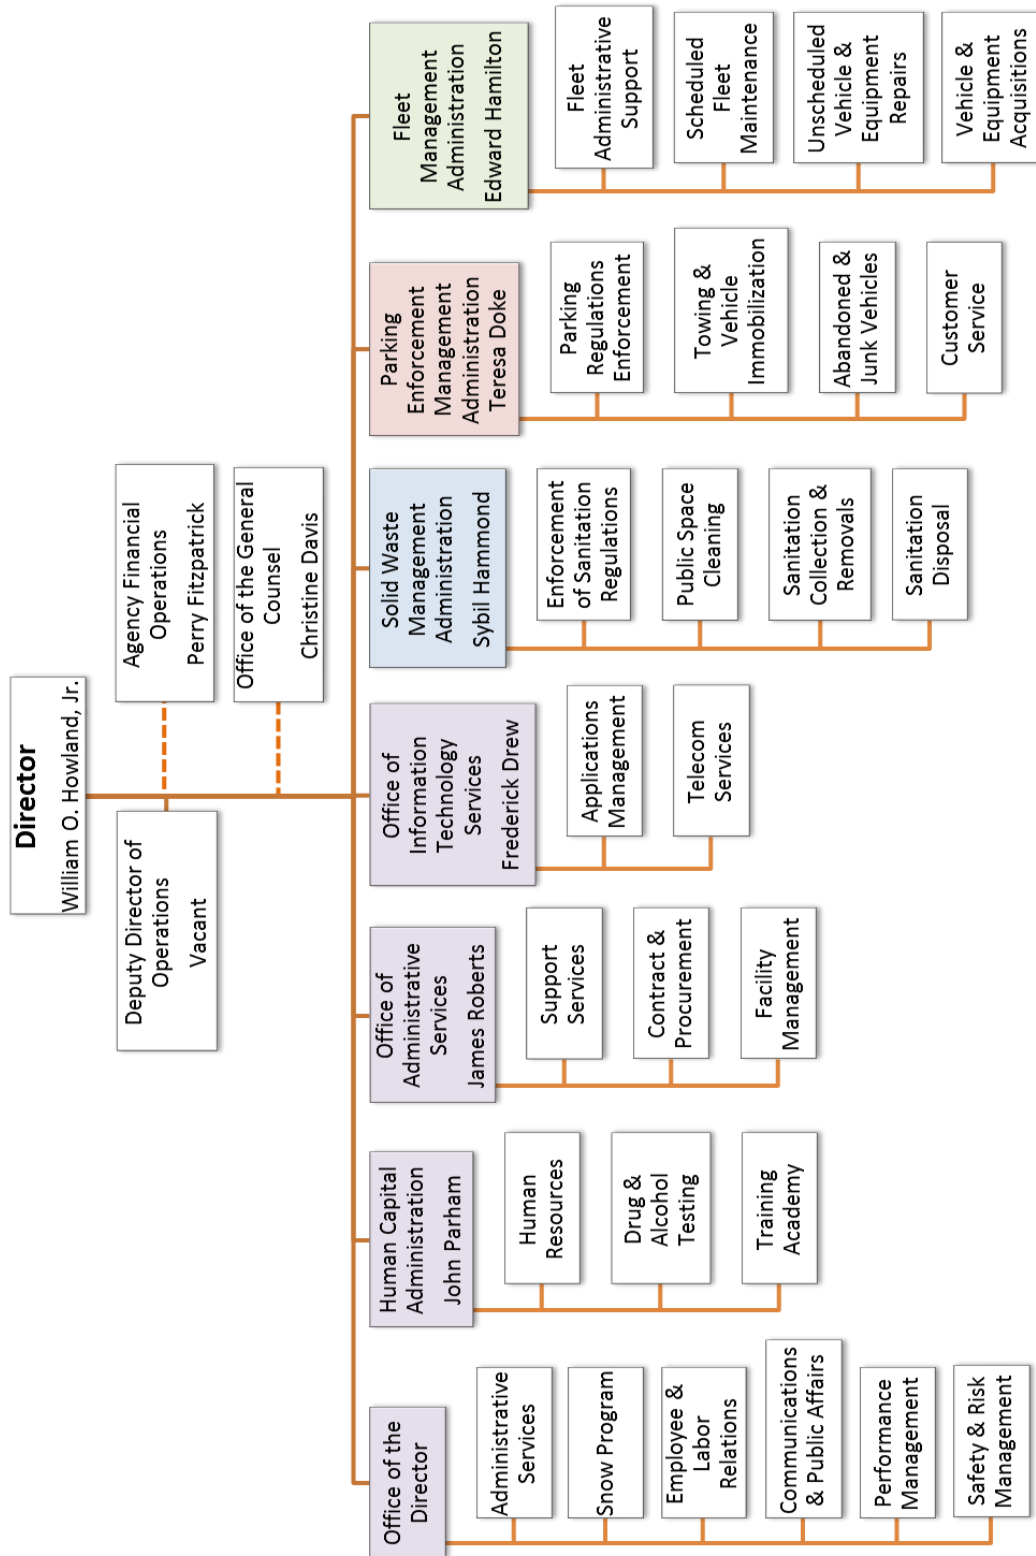

The list of employees, etc. is included in the answer for Question 3 (see **Figure 29**: [Questions 1 & 3] Complete, Up-to-Date Position Listing for DPW on page 62).

For the organizational chart by division with an explanation of the roles, see:

- **Figure 1**: [Question 1] DPW - Agency Organizational Chart on page 6;
 - **Figure 2**: [Question 1] DPW Agency Management Organizational Chart on page 7;
 - **Figure 3**: [Question 1] DPW Solid Waste Management Organizational Chart on page 8;
 - **Figure 4**: [Question 1] DPW Parking Enforcement Management Organizational Chart on page 9; and
 - **Figure 5**: [Question 1] DPW Fleet Management Organizational Chart on page 10
-
- Has the agency made any organizational changes in the last year? If so, please explain.

The agency has not made any organizational changes in the last year.

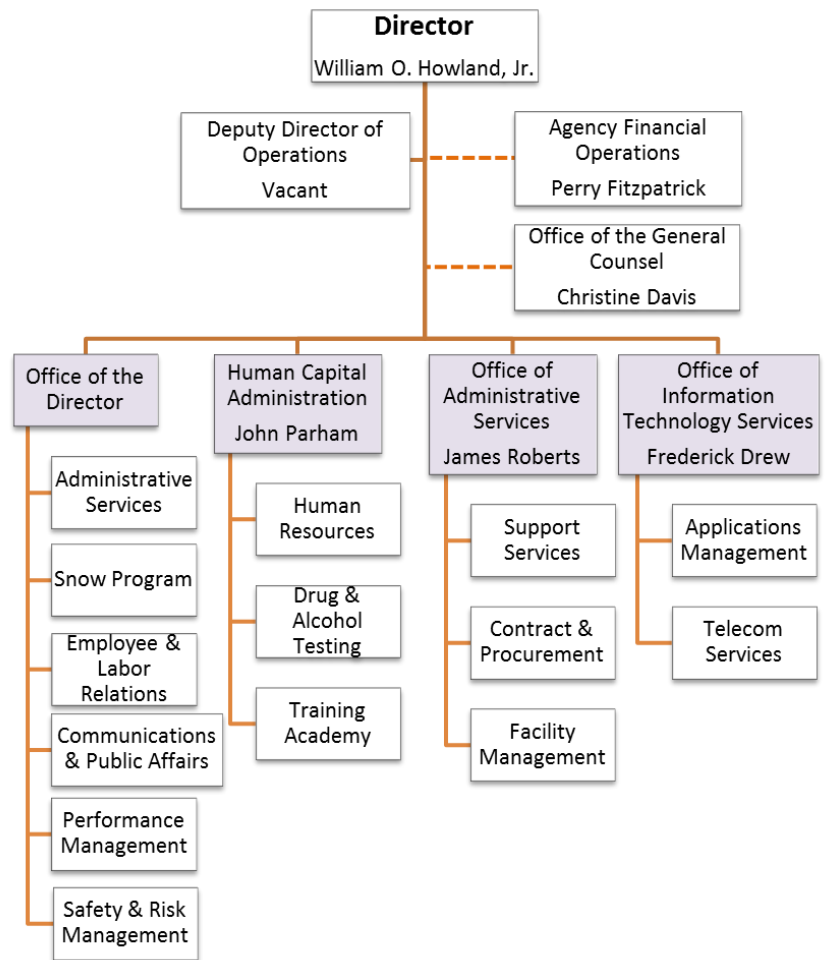

Figure 1: [Question 1] DPW - Agency Organizational Chart denoting Divisions

Agency Management - provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using division-based budgeting. Sub-divisions include:

- *Office of the Director* – provides overall direction and leadership for all DPW functions.
- *Human Capital Administration* – provides personnel training and development and drug and alcohol testing services to DPW employees.
- *Office of Administrative Services* – provides procurement, contract management, facilities management, copier maintenance, and mail services.
- *Office of Information Technology* – provides and maintains the information technology for all of the department administrations and offices. OITS advises administrations of new technologies that support their business requirements, develops standards to ensure conformity and integration among DPW divisions, and administers telecommunications systems, voice and data, for the department.
- *Agency Financial Operations* – provides comprehensive and efficient financial management services to and on behalf of District agencies so that the financial integrity of the District of Columbia is maintained. The Agency

Figure 2: [Question 1] DPW Agency Management Organizational Chart

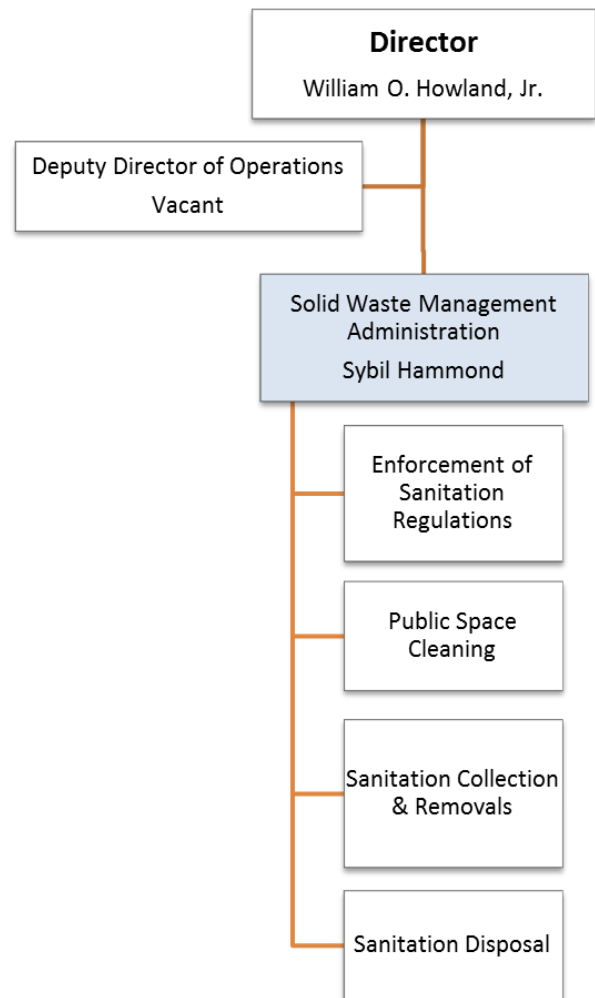

Financial Operations is part of the Office of the Chief Financial Officer and has a “dotted” line relationship with DPW.

- *Office of the General Counsel* – provides legal services, including but not limited to legal advice, representation at administrative hearings, legal sufficiency review of documents, legislative drafting, FOIA and Ethics.

Solid Waste Management (SWMA) - performs a number of daily operations, including trash and recycling collection, sanitation education and enforcement, graffiti removal, public litter can service, fall leaf collection, transfer station/disposal services, and street and alley cleaning. SWMA contains the following 4 activities:

- *Enforcement of Sanitation Regulations* - inspects properties for sanitation violations; enforces sanitation regulations, including commercial recycling; educates residents and businesses about sanitation regulations; coordinates Helping Hand cleanups; conducts community outreach;
- *Public Space Cleaning* – provides comprehensive street and alley cleaning services to residents, visitors, and businesses so that they can live, work, and play in clean neighborhoods. Specific services include mechanical street sweeping, litter can collections, rights-of-way mowing, nuisance and graffiti abatement, seasonal leaf collection, and snow and ice removal; litter and illegal dumping cleanup;
- *Solid Waste Collection and Removals* – provides solid waste (trash, recycling, and bulk) collection services to residents of single-family homes so

Figure 3: [Question 1] DPW Solid Waste Management Organizational Chart

that they can have their trash, recyclables, and bulk items removed conveniently and regularly; and

- *Sanitation Disposal* – provides municipal waste disposal services to DPW, other District agencies, private haulers, and residents so that they can unload collected waste safely, conveniently, and legally. Collects household hazardous waste and electronic materials; and shreds residents' personal documents.

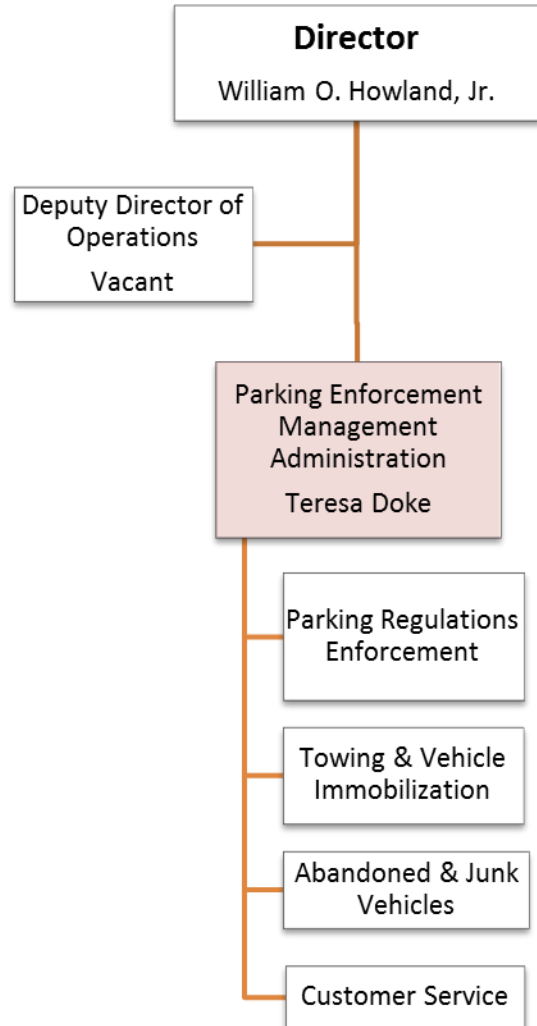

Parking Enforcement Management (PEMA)

- provides on-street parking enforcement services, including ticketing, towing, booting, impoundment, and removal of abandoned and dangerous vehicles.

PEMA contains the following 4 activities:

- *Parking Regulations Enforcement* – provides parking enforcement of the District's parking regulations to promote vehicular safety and provide smooth traffic flow and increased access to short-term parking at meters and long-term parking on residential streets;
- *Towing* – provides reduced parking congestion in the District by facilitating the timely relocation and/or impoundment of illegally parked vehicles from public space; and
- *Abandoned and Junk Vehicles* – provides the oversight of safe streets through the efficient removal of abandoned and dangerous vehicles from public space and nuisance properties within the District. Manages the impoundment lot.
- *Customer Service* – provides assistance to residents, visitors and employees with

Figure 4: [Question 1] DPW Parking Enforcement Management Organizational Chart

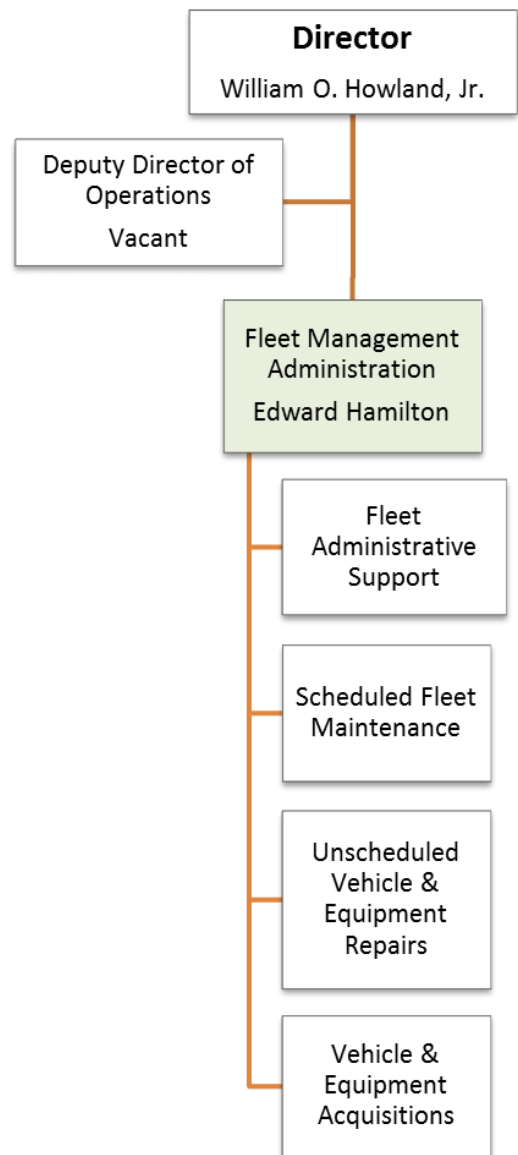

parking management issues. Manages the Towing Control Center and will dispatch Parking Officers upon request and coordinate tow request and information.

Fleet Management (FMA) - keeps the District government going by repairing and maintaining more than 3,000 vehicles used for all city services except police, fire, corrections and schools. FMA also fuels all 6,000 DC government vehicles, including school buses, fire and trash trucks, police cars, street sweepers and the vehicles used in the Snow and Ice Control Program. The majority of DC government agencies rely on Fleet's expertise when acquiring new vehicles to meet program needs. FMA contains the following 5 activities:

- *Fleet Administrative Support* – provides administrative and managerial personnel and nonpersonal services support for the District-wide fleet operations. This includes, but is not limited to, uniform rentals, office supplies, information technology acquisitions, and information technology software maintenance/license renewals.
- *Fuel Services* – helps the District reduce its fuel consumption and meet its environmental goals for improved air quality; provides District agencies with operational fueling stations; procures fuel, oil, and other lubricants; introduces alternative fuel; and installs fuel rings;
- *Scheduled Fleet Maintenance* – performs preventive maintenance services, including changing oil and filters and checking tires, engines, batteries, and transmissions; and

Figure 5: [Question 1] DPW Fleet Management Organizational Chart

prepares vehicles for seasonal and year-round duties (alley cleaning, snow removal, leaf collection, pothole repair, etc);

- *Unscheduled Vehicle and Equipment Repairs* – tows inoperable vehicles, diagnoses why vehicles are not operating properly, and makes the necessary repairs or transfers vehicles to vendors for return to service; and
 - *Vehicle and Equipment Acquisitions* – consults with District government agencies about vehicle needs, procures vehicles, disposes of vehicles when they exceed their useful life, and manages the DC Fleet Share Program.
- 2 Please list each **new program** implemented by the agency during FY 2013. For each initiative please provide:
- A description of the initiative
 - The funding required to implement to the initiative
 - Any documented results of the initiative

Figure 6: [Question 2] New Programs Implemented by DPW in FY 2014

New Programs Implemented by DPW in FY 2014
<p>Initiative: Trash and Recycling Container Refresh (DPW – Solid Waste Management Administration) <i>Funding Required:</i> \$11 Million</p>
<p>Description and Documented Results in FY 2014: In FY 2014, the Department of Public Works distributed more than 200,000 new trash and recycling containers to residences eligible for DPW collection services. The \$11 million distribution effort was initiated to improve the quality of solid waste containers that were in service and to help eliminate a source of food for rats and other vectors.</p> <p>Notable details about this distribution include:</p> <ul style="list-style-type: none"> • Larger recycling containers were issued to all. Those residents living in the outer ring of the District received 64 gallon recycling containers and residents living in the inner city received 48 gallon containers. These new containers replaced the old 32-gallon carts that were issued in 2005.

New Programs Implemented by DPW in FY 2014
<ul style="list-style-type: none"> • The larger recycling containers have resulted in an increase in the amount recyclables collected by DPW collection crews. • DPW collected and recycled more than 1.5 million pounds of unwanted trash and recycling carts. Using an average weight of 20 lbs per cart, this means that almost 77,000 old and broken carts were removed from District streets and alleys.
<p>Initiative: Expansion of the Household Hazardous Waste and e-Cycling Program (DPW – Solid Waste Management Administration) <i>Funding Required:</i> \$325,000</p>
<p>Description and Documented Results in FY 2014: DPW expanded its existing program and began weekly collection of household hazardous waste including electronics (e-cycling) in April 2014 at the Fort Totten Transfer Station (Fort Totten). DPW has continued this weekly collection on Saturdays to the present time. DPW has also continued the once per month shredding event for personal documents over the same time period.</p> <p>Regarding household hazardous waste and e-cycling, increased program participation by District residents has been observed in the quantity of material received at Fort Totten. Our data shows increases in material quantities received. Aside from increased material quantities, vehicle throughput has also increased for household hazardous waste and e-cycling.</p>
<p>Initiative: FASTER upgrade (DPW – Fleet Management Administration) <i>Funding Required:</i> \$554,240.00</p>
<p>Description and Documented Results in FY 2014: In FY14 DPW implemented a faster and more stable Web-Based Fleet Management System to manage and track all Fleet Vehicles/Equipment maintenance, labor and parts used by DPW, FEMS and MPD. The program has a projected completion date of February 2015.</p>

3 Please provide a complete, up-to-date **position listing** for your agency, which includes the following information for each position:

- Title of position
- Name of employee or statement that the position is vacant, unfunded, or proposed.
- Date employee began in position
- Salary and fringe benefits, including the specific grade, series, and step of position
- Job status (continuing/term/temporary/contract)

Please list this information by program and activity

See **Figure 29:** [Questions 1 & 3] Complete, Up-to-Date Position Listing for DPW on page 62.

4 Does the agency conduct annual **performance evaluations** of all its employees? Who conducts such evaluations? What steps are taken to ensure that all agency employees are meeting individual job requirements? What steps are taken when an employee does not meet individual job requirements?

The Department of Public Works conducts annual performance evaluations based on the guidelines established by the DC Department of Human Resources. The evaluations are conducted by supervisory personnel and may include both mid-year and annual evaluations. In addition, employees who provide services on a temporary seasonal basis are evaluated, which is then used as a portion of the criteria to be hired in the future. The performance evaluations supported the Strategic Plan of DPW as well as the FY 2014 Performance Plan. Feedback is provided continuously to DPW employees to ensure adherence to performance goals and competencies.

- 5 Please list all **employees detailed** to or from your agency, if any. Please provide the reason for the detail, the detailed employee's date of detail, and the detailed employee's projected date of return.

No employees were detailed to or from DPW in FY 2014.

- 6 Please provide the Committee with:

- A list of all employees who receive cellphones, personal digital assistants, or similar communications devices at agency expense.

See **Figure 30:** [Question 6, 1st Bullet] DPW Employees who Receive Cellphones, PDAs, or Similar Communications Devices at the Agency's Expense on page 106.

- A list of all vehicles owned, leased, or otherwise used by the agency and to whom the vehicle is assigned.

See **Figure 31:** [Question 6, 2nd Bullet] All Vehicles Owned, Leased, or Otherwise Used by DPW on page 131.

One DPW employee has an assigned vehicle: Director William O. Howland, Jr. is assigned a Toyota Tacoma (Equipment #20-10900). Vehicle assignments for all other agencies are maintained by each agency head per Mayor's Order 2009-160 as noted in the excerpt below.

According to Mayor's Order 2009-160,

Section I: The head of each agency shall implement and maintain a system of managing the use of vehicles for authorized government business that ensures ...accountability of operators ...having assigned custody of a government vehicle; complete knowledge of the nature of vehicle assignments and custody.

- A list of employee bonuses or special award pay granted in FY 2014 and FY 2015, to date.

No employees received bonuses or special pay in FY 2014 or FY 2015 YTD.

- A list of travel expenses, arranged by employee

See **Figure 7:** [Question 6, 4th Bullet] Travel Expenses by Employee (FY 2014 – FY 2015 YTD) on page 15.

Figure 7: [Question 6, 4th Bullet] Travel Expenses by Employee (FY 2014 – FY 2015 YTD)

Philyaw, Theresa Rose, Sabrina Walker				

(Question #6 continued)

- A list of the total overtime and workman’s compensation payments paid in FY 2014 and FY 2015, to date

The total paid in FY 2014 for overtime: \$6,350,250

The total paid in FY 2015 YTD for overtime: \$ 2,325,002

The total paid in FY 2014 for workman’s compensation: \$257,106

The total paid in FY 2015 YTD for workman’s compensation: \$10,563

7 Please identify all electronic databases maintained by your agency, including the following:

- A detailed description of the information tracked within each system
- The age of the system and any discussion of substantial upgrades that have been made or are planned to the system
- Whether the public can be granted access to all or part of each system

See **Figure 8**: [Question 7] Electronic Databases Maintained by DPW on page 18.

Figure 8: [Question 7] Electronic Databases Maintained by DPW

Figure 8: [Question 7] Electronic Databases Maintained by DPW					
Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
Solid Waste Management Administration					
1	Residential Trash Routes	Polygons representing boundaries of residential trash routes with route ID and trash collection day.	N	6	As needed
2	Residential Recycling Routes	Polygons representing boundaries of residential recycling routes with route ID and recycling collection day.	N	10	As needed
3	Trash/recycling Day Boundaries	Polygons representing boundaries of trash and recycling day areas with collection day attribute.	Y	6	As needed
4	Points of Service	Points representing the collection locations for all residential trash/recycling customers.	N	8	As needed
5	Leaf Collection Boundaries	Polygons representing boundaries of leaf collection areas with area ID and leaf collection pass schedule.	Y	8	Yearly schedule attributes are updated
6	Signed Street Sweeping Routes	Lines paralleling street blocks representing the blocks that are part of the weekly signed street sweeping program.	N	5	As needed
7	Litter can Locations	Points that represent the positions of litter cans maintained by DPW along with indication of type of can and proximity to a bus stop.	N	10	As needed
8	Street and Alley Cleaning Routes	Polygons representing boundaries of street and alley cleaning routes with route ID.	N	9	As needed

Figure 8: [Question 7] Electronic Databases Maintained by DPW

Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
9	Bulk Appointment Locations	Locations of bulk collection appointments with items to be collected, date of collection, Customer Service Request (CSR) number, and street segment ID of the street segment associated with the address. This database is generated through an interface with the CSR.	N	9	As needed
10	Web Reporting	Web Reporting is a real time reporting module in the Scale System used by the client to generate daily transactional report via internet. Each client can generate at any given time the number of trucks dumped by their drivers.	N	5	As needed
11	Scale System	Scale System database is used for all of the transfer station operations.	N	6	As needed
12	Work Management System - Trakster	SQL Server database containing all SWMA operational data based on route. Includes time, personnel assignments, tonnage, equipment, service request information Includes an interface to CSR to bring service requests in and to close out service requests in both systems.	N	9	As needed
13	Web-based Leaf Collection Tracking	SQL Server database containing attribute information associated with street centerlines that tracks leaf collection status of that street segment.	N	3	As needed
14	Web-based Street and Alley Cleaning Tracking	SQL Server database containing attribute information associated with street centerlines that tracks cleaning status of that street or alley segment.	N	3	As needed

Figure 8: [Question 7] Electronic Databases Maintained by DPW					
Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
15	Commercial Recycling & Haulers Tracking System	SQL Server database used to track and manage commercial recycling plans and commercial recycling haulers registered with DPW.	N	10	As needed
16	eSWEEP	New Mobile public space ticket issuance and mangement system. Tracks and manages notice of violations(NOV) from electronic issuance, notification to violator thru final decision render from the Office of Administrative Hearings (OAH) in accordance with the Litter Control Act.	N	4	System Enhancements (option year 1, option year 3). Requested upgrades to support operational demand and efficiencies.
17	eTIMS/SWEEP Ticket Processing	ACS vendor proprietary ticket information management system managed by DMV. Used to track, manage and report on SWEEP tickets issued prior to 2011 with final disposition rendered from OAH and payments made by respondents.	N	10	Proprietary vendor system. Table codes are added upon request.
Office of the Director					
18	Motorola Customer Service System (311 System)	Citywide system for logging citizen requests for service administered by the Office of Unified Communications and accessed by agencies that perform the services scheduled through the system.	Y	6	OUC Plans Upgrade to new system - Salesforce
Human Capital Administration					
19	Compliance Information System	SQL Server database containing DPW and DDOT drug and Alcohol testing.	N	8	As needed or requested

Figure 8: [Question 7] Electronic Databases Maintained by DPW					
Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
Office of Information Technology Services					
20	DPW IT Equipment Inventory	Strategic Asset Management System - Computer equipment inventory logs equipment make, model, serial number, location of equipment, and warranty information.	N	7	As needed
Parking Enforcement Management Administration					
21	Dispatch and Lot Management System (DLMS)	DLMS Web-based system Microsoft's 2012 Server, SQL database, .NET front end and Android tablets. Impounds vehicles, Owner Notification, Inventory Maintenance, Vehicle Disposition, and System Administration. Interfaces with Citywide CAD System.	N	0.5	As needed
22	Parking Beats	Polygons representing boundaries of parking beats with beat ID.	N	9	As needed
23	Abandoned Vehicle Investigator Areas	Polygons representing boundaries of abandoned auto investigator areas with area ID.	N	5	As needed
24	MES (Back Office users)	Mobile Enforcement System (MES) database used to administer the ticketing handheld software accounts. The age: System 13 years - Oracle database 3 years	N	3	System upgraded as needed or requested
25	MES-ROSA (Back Office users)	Mobile Enforcement System (MES) database used to administer the ROSA application on PEMA MDTs. The age: System 8 years - Oracle database 3 years	N	3	System upgraded as needed or requested

Figure 8: [Question 7] Electronic Databases Maintained by DPW

Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
26	MES-RPP (Back Office users)	Mobile Enforcement System (MES) database used to administer the RPP application on PEMA MDTs. The age: System 13 years - Oracle database 3 years.	N	3	System upgraded as needed or requested
27	MES-Towing System (Back Office users)	Mobile Enforcement System (MES) database used to administer the Towing application on PEMA MDTs.	N	4	System upgraded as needed or requested
28	MES-TicPix	Mobile Enforcement System (MES) module used to review pictures taken to support parking tickets written by PEMA Parking Enforcement Officers	N	3	System upgraded as needed or requested
29	ACS Scofflaw (Front end and Back Office users)	Database of vehicles on the scofflaw list (2 or more parking tickets more than 60 days overdue for payment). Derived from the eTIMS database (a DMV system).	N	8	System updated according to DMV timetable and needs
30	ACS eTIMS (Back Office users)	Ticket Management System administered by DMV through their ticket processing contractor ACS.	N	8	System updated according to DMV timetable and needs
31	ACS Report View	Old report view system - predates Business objects, but still used to run some specific reports. Under DMV administration.	N	13	DMV replaced it with Business Objects, but still kept available to allow special reporting.

Figure 8: [Question 7] Electronic Databases Maintained by DPW

Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
32	GoogleDocs for Rush Hour Tows (Editors + Viewers)	A Google Docs table that generates temporary Towing Control Numbers that allow crane drivers to conduct their work in the field without being delayed by a wait for the assignment of an official TCN by the CAD system. The official TCN is later associated with the temporary number so the details of the tow can be entered into CAD.	N	7	As needed
33	CAD Users (Operators and Management)	Centralized Towing System is a module of the Intergraph CAD system operated by Office of Unified Communications. It tracks all information related to towed vehicles including locations towed from and towed to, times, vehicle make, model, color, and tag.	N	8	System upgraded as needed or requested
34	GovDeals	On-line abandoned vehicle auctioning system that tracks vehicles, customers, bidding, and transactions related to disposal of abandoned vehicles.	Y	1	System upgraded as needed or requested
35	Phase II (applicable users)	Old abandoned vehicle system used for historic data lookup.	N	22	No longer upgraded
Fleet Management Administration					
36	Fleet Management System, (FasterWeb)	Database used by DPW FMA to track and manage all Fleet vehicle parts, maintenance and labor performed by DPW, FEMS and MPD.	N	0.5	As needed
37	Invoice Tracking	Database used internally by DPW FMA to track and manage its invoices.	N	13	As needed

Figure 8: [Question 7] Electronic Databases Maintained by DPW

Line #	System Title	Description & Information Tracked	Public Access (Y/N)	Age (Years)	Upgrades and Reason(s)
38	Fuel Management System (Ward4)	Database used by DPW FMA to track fuel usage of DC Govt. Vehicles and manage DC Govt. fuel sites.	N	14	As needed
39	Fleet Share	Application tracks a subset of DPW's fleet vehicles at District locations and District Government users.	N	6	As needed

- 8 What has the agency done in the past year to make the activities of the agency more transparent to the public? In addition, please identify ways in which the activities of the agency and information retained by the agency could be made more transparent.

Web sites: www.DPW.dc.gov, snow.dc.gov

These sites provide specific, useful information to District residents as well as others interested in knowing how we deliver our services. The most active section of DPW.dc.gov is where press releases are posted. These releases advise residents of services, such as the weekly household hazardous waste and e-cycling drop-off and the monthly document shredding program. They reflect how services are affected by weather and holidays.

On the DPW site's homepage is "New to the Neighborhood," a box with links to key services, e.g., trash/recycling collections, snow removal and rules about how to use Ft. Totten. Additionally, the home slide banners reflect new programs, seasonal program and ongoing programs. The banners are updated to keep this section fresh and attractive.

In FY 2014, there were 293,153 new and returning visitors to the site and almost 1 million page views. In March, there was a sharp spike in the number of page views we attribute to multiple snow events and the beginning of residential street sweeping season.

Snow.dc.gov is the Website where the public goes whenever snow is forecast. Here we post deployment releases, provide real-time information showing where plows are working and what types of treatment have been applied to the streets.

In FY 2014, there were 15,853 new and returning visitors to the site and more than 33,000 page views. As with DPW.dc.gov, the majority of interest in the site occurred in March.

Social media: Twitter, Facebook, Instagram, You Tube

DPW has a robust social media outreach program. In FY 2014, we added our Instagram account, which has 37 followers. Our Twitter and Facebook accounts attracted 5,582 followers and 1,279 likes, respectively. Our You Tube account is where our videos are stored. The most recent video production was the 2014 Truck Touch Dance, which has 252 views.

Listserv, DC Council, ANC and PIO Messaging

Every news release distributed by DPW also is sent to about 80 neighborhood listservs, DC Councilmembers, all Advisory Neighborhood Commissioners. Councilmembers and Commissioners are asked to share the information with their constituents. News releases also are distributed to all DC government Public Information Officers and they are asked to share the information with their co-workers.

Additional Direct Contact with the Public

DPW actively participates in community meetings and other events. We make oral presentation and provide print materials for residents to take with them. Additionally, we used the distribution of new trash and recycling containers to all DPW's collections customers to provide printed information in English and Spanish about the proper use of the containers, how to distinguish between what goes in the trash versus recycling container.

Media Outreach

DPW distributes news releases to about 70 reporters, editors and media outlets. Since we do not control what is used, or how our information may be interpreted, we rely on these the means of information dissemination listed above to communicate with the public.

How to Make DPW's Activities More Transparent

In FY 2015, DPW will translate every news release into Spanish, thus making our information more accessible to people whose primary language is Spanish.

9 How does the agency solicit feedback from customers? Please describe.

- What is the nature of comments received? Please describe.
- How has the agency changed its practices as a result of such feedback?

Information from 311 service requests, DPW's clearinghouse and listserves provide invaluable feedback about our performance. DPW's very active role in neighborhood listservs, where we receive significant feedback about our services and much of that feedback is generated by residents new to the District. As a result of the feedback we received, we are more careful about using jargon in information posted on the listservs and give more extensive explanations of services.

10 How was the agency tried to reduce agency energy use in FY 2014?

During FY 2014, DPW attempted to reduce its energy usage by continuing to utilize the electric charging stations at the Reeves Center (2000 - 14th Street, NW) and at 441 - 4th Street, NW for electric vehicles in the District fleet.

11 Please complete the following chart about the residency of new hires:

Figure 9: [Question 11] Number of Employees Hired in FY 2014 and FY 2015 YTD

Position Type	Total Number		Number Who are District Residents	
	FY 2014	FY 2015 YTD	FY 2014	FY 2015 YTD
Continuing	31	2	23	2
Term	60	24	47	20
Temporary	33	127	27	98
Contract	0	0	0	0

D. BUDGET AND FINANCE

- 12 Please provide a chart showing your agency's approved budget and actual spending, by division, for FY 2014 and FY 2015, to date. In addition, please describe any variance between fiscal year appropriations and actual expenditures.

See the following tables for DPW's approved budget and actual spending by division for FY 2014 and FY 2015 YTD:

- **Figure 32:** [Question 12] Agency Management Budget vs Actuals for FY 2014 and FY 2015YTD (31Dec2014) [Approp Fund 0100] on page 207;
- **Figure 33:** [Question 12] Agency Management Budget vs Actuals for FY 2014 and FY 2015YTD (31Dec2014) [Approp Fund 0600] on page 208;

Office of the Chief Financial Officer	Facilitation of credit and debit card transaction processing for revenue collection	\$ 86,000.00
TOTAL		\$ 1,179,300.51

- 15 Please identify any special purpose revenue accounts maintained by, used by, or available for use by your agency during FY 2014 or FY 2015, to date. For each account, please list the following:
- The revenue source name and code
 - The source of funding
 - A description of the program that generates the funds.
 - The amount of funds generated by each source or program in FY 2014 and FY 2015, to date
 - Expenditures of funds, including the purpose of each expenditure, for FY 2014 and FY 2015, to date

See Figure 14: [Question 15] Special Purpose Revenue Funds (FY 2014 & FY 2015 YTD).

Figure 14: [Question 15] Special Purpose Revenue Funds (FY 2014 & FY 2015 YTD)

Fund Detail	Title (Source Name)	Code	Who Pays (Fund Source)	Description	FY14		FY15		
					Revenue	Expenditures	Revenue	Encumbrances	Expenditures
6000	General Fund	DC Budget Support Act.	Vendors, sponsors or those who put on the events.	DPW charges various entities for costs associated with deploying equipment; and; for setting up / cleaning up before / during special events.	\$ 256,444.30	\$ 256,444.30	\$ 305,641.69	\$ -	\$ -
6010	Super Can Program	D.C. Law 6-100 Litter Control Administration Act of 1985 D.C. Law 5-20, 30 DCR 3331	District Residents	The District collects revenue from entities and individuals who purchase Super Cans as part of the District's litter control program.	78,097.37	86,333.35	14,504.55	-	-
6072	District Recycle Program	D.C. Law 11-94, D.C. Code 6-3457 Section 8 of the Solid Waste Facility Permit Act of 1995 (DC Law 11-94; DC Code 6-3457, 3415, 3454)	Private Haulers	The District charges private haulers a \$1 surcharge on each ton of waste they dump at our transfer stations. This surcharge is used to support the District's recycling program.	279,069.27	279,069.27	54,413.45	-	-
6082	Solid Waste Disposal Cost Recovery Fund	DC Official Code 1-325.91	Private Haulers	The District charges refuse haulers to dump trash at our transfer stations. Also when we transport and dispose of a given customer's refuse, we charge that customer a fee for doing so.	4,066,428.28	3,393,107.60	1,337,333.92	353,311.74	375,485.19
6591	Nuisance Abatement Program	D.C. Law 6-100 Litter Control Administration Act of 1985 DC Code 45-2559 DC Law 7-38, Litter Control Expansion Act of 1987; DC Act 6 - 128	Persons who violate the District's sanitation laws.	DPW recovers the clean-up related costs it incurs when it has to remediate a private property that fails to meet the City's "Clean It or Lien It" standards.	1,441,183.92	1,441,059.62	611,523.46	265,224.00	431,575.80
					\$7,388,519.06	\$6,270,459.07	\$1,588,200.15	\$2,583,345.00	\$706,204.77

16 Please provide a list of all projects for which your agency currently has capital funds available. Please include the following:

- A description of each project, including any projects to replace aging infrastructure (e.g., water mains and pipes).
- The amount of capital funds available for each project

- A status report on each project, including a timeframe for completion
- Planned remaining spending on the project

Currently DPW does not have any projects with capital funds available.

- 17 Please provide a complete accounting of all federal grants received for FY 2014 and FY 2015, to date.

DPW did not receive any federal grants in FY 2014 or FY 2015 year to date.

- 18 Please list each contract, procurement, lease, and grant ("contract") awarded, entered into, extended and option years exercised, by your agency during FY 2014 and FY 2015, to date. For each contract, please provide the following information, where applicable:

- The name of the contracting party
- The nature of the contract, including the end product or service
- The dollar amount of the contract, including budgeted amount and actually spent
- The term of the contract
- Whether the contract was competitively bid or not
- The name of the agency's contract monitor and the results of any monitoring activity
- Funding source

See Figure 55: [Question 18] Contracts Awarded by DPW FY 2014 – FY 2015YTD on page 228.

- 19 Please provide the details of any surplus in the agency's budget for FY 2014, including:

- Total amount of the surplus.
- All projects and/or initiatives that contributed to the surplus.

DPW had a surplus in Fund 6082 (Trash and Disposal) of \$673,320.68 as a result of not finding enough expenditures eligible for usage of this particular fund.

DPW had a surplus in Fund 0100 (Local Fund) of \$559,000 as a result of DPW not spending the entire \$3.75M Budget Modification it received for snow related PS expenditures. DPW spent its entire original PS budget in FY 2014 in the local fund.

E. LAWS, AUDITS, AND STUDIES

- 20 Please identify any legislative requirements that the agency lacks sufficient resources to properly implement.

The Department is not aware of any legislative requirements that we have insufficient resources to properly implement.

- 21 Please identify any statutory or regulatory impediments to your agency's operations.

The Department is not aware of any statutory or regulatory impediments to our operations.

- 22 Please list all regulations for which the agency is responsible for oversight or implementation. Please list by chapter and subject heading, including the date of the most recent revision.

23 Please explain the impact on your agency of any federal legislation or regulations adopted during FY 2013 that significantly affect agency operations.

DPW is not aware of any federal legislation or regulations adopted during FY2014 that significantly affect agency operations.

24 Please provide a list of all MOUs in place during FY 2014.

Figure 15: [Question 24] MOUs in Place for FY 2014

Figure 15: [Question 24] MOUs in Place for FY 2014	
Collaborating Agency	Description
OCA	Citywide MOU for disposal and recycling services provided at DPW's trash transfer stations.
OAG	DPW sought legal services including legal advice, litigation support and programmatic support to its operations from OAG.
DBH	DBH sought drug and alcohol testing services and training from DPW.
DDOT	DDOT purchased DPW Drug and Alcohol Testing services for employees who are required to have a CDL in order to perform their jobs.
DCBOEE	DC BOEE sought services of 32 licensed drivers to transport and deliver election results during the primary and general elections.
DC Commission on Art & Humanities (DC CAH)	DC CAH assisted in the installation and furnishing of public art under the DC Murals program.

Figure 15: [Question 24] MOUs in Place for FY 2014

Collaborating Agency	Description
ORCRA	DPW provided Commercial Driver's License (CDL) training to returning citizens.
DDOT & DC Water	DDOT and DC Water provided services, including equipment and labor, to assist DPW with emergency snow removal and ice control operations.
OCTO	OCTO provided a multi-tiered database, application and web environment to support the FASTER application.
DCPL	DCPL sought defensive driving training classes.
OCTO	OCTO provided re-imaging to 113 personal computers at two sites.
DDOE, DDOT, DMV	Agencies transferred funds back to DPW for shared services provided by the OCFO.
DGS	DPW sought immediate short-term warehouse space for the deployment of the supercan project. The identified space was located at 3370 V Street, NE.
OAG, OCP	DPW sought assistance of support staff assigned to DPW, outside of their tour of duty, in the preparation of informational packets regarding the new supercan and recycling bin distribution
DC Water	DPW partnered with DC Water to procure the professional services of Cornell University ILR Extension and Outreach Division to share the costs of delivering on-site training regarding conducting investigations.
OUC	DPW paid for the use of OUC's Computer Aided Dispatch (CAD) and Radio systems. DPW uses CAD to dispatch tow cranes in the Centralized Towing program.

25 Please provide a list of all studies, research papers, and analyses (“studies”) the agency requested, prepared, or contracted for during FY 2014. Please state the status and purpose of each study.

Figure 16: [Question 25] Studies DPW Requested, Prepared, or Contracted (FY14)

Topic	Status	Purpose
Mobile Computing 2013-1016 Strategic Plan	Completed June 5, 2013	Because the operations of DPW are essentially in the field (City sanitation services, parking enforcement, fleet services for District staff use of vehicles), it is crucial in field communications, and in staff’s use of portable devices, that DPW is aware of the direction of the market, the communication and intelligent devices available, coming, and planned in the market as it relates to DPW’s acquisition of devices, and communication and mobile computing services.
Roadmap For The Long-Term Solid Waste Management Needs Of The District	DPW plans to conduct a public session in the near future to further explain the study and to receive resident and interest group feedback.	Study that will provide a strategic roadmap for the long-term solid waste management needs of the District. The study will include the development of a quantitative planning tool that will calculate the amount of air, land and water resources that our current solid waste management system uses. DPW plans to use that information to compare several alternative solid waste management strategies including source reduction, material reuse, increased recycling and refining residual materials for energy. These data will be used in the future design of an integrated solid waste management system that returns value to the District economy in the form of jobs, localized control of materials, and natural capital asset capacity.

- 26 Please list and describe any ongoing investigations, audits, or reports on your agency or any employee of your agency, or any investigations, studies, audits, or reports on your agency or any employee of your agency that were completed during FY 2014 or FY 2015, to date.
- a) In 2013, the Office of the Inspector General began an audit of Parking and Automated Traffic Ticket Enforcement, which reviewed the ticket writing practices of DPW, DDOT and MPD. The Report of Special Evaluation: Parking and Automated Traffic Enforcement Tickets –Part 1: Ticket Issuance Practices was released on September 8, 2014.
 - b) In September 2014, the Office of the Inspector General began a re-audit of DPW's Inventory, Usage and Maintenance of District Vehicles. The purposes of the re-audit are to determine the cost effectiveness of vehicle usage and maintenance for District government vehicles and the accuracy of vehicle inventories. The audit is ongoing.
 - c) In September 2014, the Office of the Inspector General informed DPW that it plans to conduct a review of DPW's purchase card program during FY2015. The purpose of the review is to determine whether DPW: 1) complied with requirements of applicable laws, regulations, policies, and procedures; 2) implemented adequate internal controls to safeguard against fraud, waste and abuse. The OIG review has not yet begun.
- 27 Please identify all recommendations identified by the Office of the Inspector General, D.C. Auditor, or other federal or local oversight entities during the previous 3 years. Please provide an update on what actions have been taken to address these recommendations.

In The Report of Special Evaluation: Parking and Automated Traffic Enforcement Tickets—Part 1: Ticket Issuance Practices the OIG made several recommendations regarding DPW's practices.

1. DPW direct a comprehensive review and update of PEMA's SOPs and Training Manual.

PEMA's review of the training manual and SOPs began in November 2013 and was ongoing during the OIG's review. In

addition to the manual and the SOPs, PEO's receive timely updates through roll calls, in-service training, and one-on-one training.

2. DPW use the updated documents as the basis for proposed changes to the DCMR that incorporate more specific guidance on topics including, but no limited to (1) ticketing federal and District government and utility vehicles and (2) PEO's authority to void tickets while on patrol so that District motorists and other stakeholders better understand PEO's discretion while on patrol and the ticketing procedures they are expected to follow.

DPW disagreed with this recommendation. DPW agreed to work with DDOT, the regulatory authority, regarding amending necessary parking regulations. However, DPW believes no further clarity is needed regarding the issuance of tickets to federal and District government vehicles. As we explained to the OIG, federal and District government vehicles are exempt from paying for metered parking. If the PEO observes any other violation, he or she is required to issue a ticket. The operator of the federal or District government vehicle can then adjudicate the ticket through DMV.

DPW also informed the OIG that it will not give PEO's the authority to void tickets while on patrol. In years past, DPW had a problem with paper tickets and the ease with which they could be voided by PEO's. DPW's current policy is a substantial step towards increasing accountability and integrity in the ticket issuing system. If a PEO in the field had the authority to VOID a parking ticket he or she may be tempted to accept a bribe in exchange for this action. Requiring the approval of a supervisor ensures that the PEO's are operating ethically. Further, requiring supervisor approval is an important element of quality control and will help ensure consistency in this area.

3. DPW take immediate steps to improve PEO's compliance with PEMA's requirements for capturing photographic evidence of parking violations.

The TicPix program is considered internal guidance, and is not an agency requirement for issuing tickets. At this time, the photographs are posted on-line for at least on year. The OIG review of 250-issued tickets over a period of more than one year is thus not an accurate assessment of the number of photographs taken during that time frame. Since the report, the TicPix program has been undergoing business process improvements, including more robust training and closer managerial monitoring.

4. PEMA implement a written policy that any parking ticket for which the required number of photographs is not available through DPW's TicPix website shall be dismissed due to lack of evidence (unless the motorist is given a reason why the required number of photos was not available in TicPix).

The TicPix program was instituted mainly as a courtesy to motorists. It was not intended to change the evidentiary requirements for establishing a prima facie case for a parking violation. Once a motorist challenges the ticket, he or she may rebut the prima facie case by evidence that the violation was issued in error through the adjudication process. As far as DPW is aware, there is no jurisdiction in the country that requires PEOs to take pictures as part of the ticketing process.

5. DPW propose amendments to the DMCR that:1) enumerate the number and types(s) of photographs required for issuance of each type of parking violation and made available through the TicPix website; and 2) document PEMA's policy of dismissing any parking ticket for which the required number of photographs is not available through TicPix.

DPW disagrees with the proposal to require photographs as part of the ticketing process.

F. PROGRAM-SPECIFIC QUESTIONS

I. SOLID WASTE MANAGEMENT ADMINISTRATION

- 28 Please list the amount of waste and recyclables collected by type (i.e. household waste, household recycling, bulk trash, electronic waste, hazardous waste) in FY 2013, FY 2014, and FY 2015, to date.

See Figure 17: [Question 28] Waste and Recyclables Collected by Type (in Tons) for FY 2013, FY 2014, and Q1-FY 2015 (shown below).

Figure 17: [Question 28] Waste and Recyclables Collected by Type (in Tons) for FY 2013, FY 2014, and Q1-FY 2015

Material Type Collected	Tonnage		
	FY 2013	FY 2014	FY 2015 (Qtr1)
Household Waste	93,827	91,963	21,511
Household (Curbside) Recyclables	32,216	33,238	7,934
Bulk Trash	2,594	2,558	583
Seasonal Leaves	5,920	6,054	6,396
Shredded Paper	137	145	37
Electronic Waste	137	154	NA
Toters	0	766	25
Total	134,831	134,906	36,486

- 29 In FY 2014, DPW began a weekly collection of household hazardous waste at the Fort Totten Transfer Station. Please provide an update on this collection, including whether or not DPW plans to continue the weekly collection.

DPW expanded its existing program and began weekly collection of household hazardous waste including electronics (e-cycling) in April 2014 at the Fort Totten Transfer Station (Fort Totten). DPW has continued this weekly collection on Saturdays to the present time. DPW has also continued the

once per month shredding event for personal documents over the same time period.

Regarding household hazardous waste and e-cycling, increased program participation by District residents has been observed in the quantity of material received at Fort Totten. Figure 18 and Figure 19 present FY 2013 and FY 2014 data and demonstrates the increases in material quantities received and the resulting percent change between fiscal years.

Aside from increased material quantities, vehicle throughput has also increased for household hazardous waste and e-cycling, which is presented in Figure 20. Average vehicle counts are presented for pre-program expansion and program expansion time periods. Vehicle throughput is also presented for the shredding events to demonstrate increased resident participation in another program.

Based on the information provided in Figure 18, Figure 19, Figure 20, and the increased program participation by District residents, DPW plans to continue the weekly collection of household hazardous waste and e-cycling as well as the once per month shredding event.

Figure 18: [Question 29] Household Hazardous Waste Collected FY 2013 vs. FY 2014

	HHW Collected		Difference (+/-)	% Change
	FY2013	FY2014		
Total Drums	650	836	186	22%
Total Gallons	31,075	40,895	9,820	24%
Total Pounds	54,595	62,175	7,580	12%

Figure 19: [Question 29] e-Cycling Collected FY 2013 vs. FY 2014

	e-Cycling Collected		Difference (+/-)	% Change
	FY2013	FY2014		
Total Pounds	274,783	307,416	32,633	11%
Total Tons	137	154	17	11%

Figure 20: [Question 29] Household Hazardous Waste, e-Cycling and Shredding Vehicle Throughput (Pre vs. Post Program Expansion)

Program	Average Vehicle Count (Once per Month)			
	First Saturday (Only)		Thursday (Only)	
	Pre-Program Expansion Oct. 2013- Mar. 2014	Expanded Program Apr. 2014- Jan. 2015	Pre-Program Expansion Oct. 2013- Mar. 2014	Expanded Program Apr. 2014- Jan. 2015
HHW	307	335	31	46
e-Cycling	749	782	40	61
Shredding	641	809	N/A	N/A

- 30 In its responses to the Committee during FY 2014 Performance Oversight, DPW stated that DC Water was working with “DPW and a private waste management firm to test food slurries in a model digester.” This test was conducted to see how to best introduce food into DC Water’s anaerobic digesters. What were the results of that testing? Does DPW anticipate starting a pilot with DC Water in 2015 in which organic material will be collected for composting in DC Water’s anaerobic digesters?

DPW participates in ongoing discussions with DC Water regarding the viability of introducing food waste into their anaerobic digesters. I am pleased to inform the Committee that the testing of food slurries in the model digester has yielded good results. DC Water is confident that the digesters are capable of handling food waste in addition to sludge. The food waste must be cleaned of non-food objects (forks, plastic bags, etc.) and ground into an appropriate consistency. Neither Blue Plains nor DPW has a blending facility or space to site one. As a result, collection, cleaning and grinding will likely require a private sector partner who can provide an appropriate facility. Also, the economics of this process compared with the cost of disposing mixed solid waste has yet to be determined.

In FY 2015, DPW, DC Water and our sister agencies will focus our efforts on trying to create a viable economic model that would meet our needs. If the economics work, the City would solicit the services of a private sector partner to create a grinding and pulping facility and craft a program designed to divert food waste from the general waste stream.

- 31 In its responses to the Committee during FY 2014 Performance Oversight, DPW stated that every solid waste inspector will have been prepared to issue citations for recycling violations by the end of 2014. Are all SWEEP inspectors now trained to issue both recycling and waste violations? If not, how many inspectors have been cross-trained?

During FY 2014 we continued to provide training opportunities on recycling for all inspectors. We found that large group training sessions were not as effective as small in-the-field trainings. Based upon this, we have been actively working with inspectors in areas that have larger commercial areas. More than half of the inspectors have had small group or one on one training. However, there is still some reluctance to issue recycling violations, which is driven in part by some inspector's lack of familiarity with the violations.

- 32 Please list the number of citations DPW issued in FY 2014 for solid waste violations by type. In particular, please identify how many citations were for recycling violations.

In FY 2014 SWEEP issued 20,852 Notices of Violation (NOV) and of that 2,905 were for recycling violations. A breakdown of the 20,852 tickets by violation is shown in Figure 21, Figure 22, Figure 23, and Figure 24.

Figure 21: [Question 32] Number of Solid Waste Notices of Violation (NOV) [Commercial] Issued in FY 2014 by Type

Solid Waste Notice of Violation (Commercial)	# Issued
Improper Storage	4,925
Improper Storage - Abatement Required	458
Improper Solid Waste Container	17
Insufficient Number of Containers	164
Unclean, Damaged Container	72
Unsafe, Unclean Or Non-Odor Free Containerization	1
Debris Drained Into Storm Sewer	5
Nuisance Or Unsightly Space	188
Container Lacks Collectors Name, Phone Number And Capacity	216
Dangerous Obstruction In Public Space Without A Permit	10
Obstructing/Occupying Public Space Without A Permit	81
Obstructing Free Use Of Public Space-Overgrowth Of Shrubs, Trees, Bushes	105
Improperly Protected Worksite-Failure To Properly Protect Public Space When Travel Is Obstructed	11
Improper Disposal Of Container Capable Of Confining Children	15
Failure To Maintain Abutting Public Space & Cause A Nuisance	376
Failure To Maintain Abutting Public Space - Abatement	250
Open Food Waste Stored For Collection	13
No Licensed Solid Waste Collector	309
Failure To Collect Solid Waste At Least Twice Weekly	52
Unenclosed Or Uncovered Solid Waste Collection Vehicle	3
Collecting Solid Waste Without A License	10
Failure To Maintain Public Parking	70
Advertising Device On Sidewalk	1
Illegal Deposits In Alleys/Public Space	59
Total Solid Waste Violations (Commercial) Issued: 7,411	

Figure 22: [Question 32] Number of Solid Waste Notices of Violation (NOV) [Residential] Issued in FY 2014 by Type

Solid Waste Notice of Violation (Residential)	# Issued
Solid Waste Not Properly Stored/Contained For Collection And Providing Food Or Breeding Ground For Rodents Or Causing A Potential Fire Hazard - Abatement Required	1,174
Solid Waste Not Properly Stored/Contained For Collection And Providing Food Or Breeding Ground For Rodents Or Causing A Potential Fire Hazard	4,980
Overweight Conventional Solid Waste Container	6
Open/Uncovered Solid Waste Containers	76
Insufficient Number Of Containers	28
Unclean, Damaged Container	4
Container Without Tight-Fitting Lid Or Not Watertight	7
Improper Solid Waste Containers-Contents Cannot Be Emptied	1
Illegal Plastic Bags-Plastic Bags Are Illegal, Except Inside A Proper Solid Waste Container	245
Improper Solid Waste Container At Point Of Collection	4
Dangerous Obstruction In Public Space Without A Permit	4
Dangerous Obstruction In Public Space Without A Permit - Abatement Required	92
Obstructing Free Use of Public Space-Overgrowth of Shrubs, Trees, Bushes	539
Improperly Protected Worksite-Failure To Properly Protect Public Space When Travel Is Obstructed	19
Improper Disposal Of Container Capable Of Confining Children	19
Failure To Maintain Abutting Public Space	962
Failure To Maintain Public Space & Create A Nuisance	203
Construction/Demolition Waste Out For Collection	54
Leaves Swept Onto Public Space	2
Solid Waste Containers Out For Collection At Wrong Time Or Place	532
Household Hazardous Waste Out For Collection	12
Solid Waste Not Properly Bundled	26
Improper Disposal Of Bulky Waste	30
Overweight Supercan	4
Failure To Maintain The Public Parking	223
Improperly Enclosing The Public Parking	1
Enclosing The Tree Space	9
Illegal Deposits In Alleys/Public Space	187
Total Solid Waste Violations (Residential):	9,443

Solid Waste Notice of Violation (General)	# Issued
Littering	154
Posting Notices On Public Lampposts	3
Illegal Dumping	69
Illegal Dumping-From A Vehicle	7
Illegal Dumping Of Solid Waste, Hazardous Waste Or Medical Waste On Either Private Or Public Space	2
Illegal Dumping Of Waste From Private Property To Private Property	19
Trailing Mud, Rocks On Public Space	8
Nuisance Vacant Lot	784
Improper Use Of Public Litter Receptacle	43
Sign(s), Poster(s)on Trees In Public Space	4
Total Solid Waste Violations (General):	
	1,093

Figure 24: [Question 32] Number of Recycling Notices of Violation (NOV) Issued in FY 2014 by Type

Recycling Notice of Violation	# Issued
Failure To Arrange For Proper Removal Of Recyclables	139
Failure To Have A Sufficient Number Of Containers For Separated Recyclables	566
Failure To Have A Valid Recycling Registration	81
Failure To Have Sufficient Number Of Separated Recycles	6
Failure To Maintain Containers For Recyclables Properly	9
Failure To Notify Tenants/Occupants Of Recycling Requirements And Programs	2
Failure To Post Recycling Signs	7
Failure To Provide Quarterly Reports	2
Failure To Provide Timely Quarterly Reports	9
Failure To Separate Paper, Paperboard, And Cardboard From Other Solid Waste	1
Failure To Separate Recycling From Other Solid Waste	2,075
Insufficient Collection Of Recyclables	7
Simultaneous Transporting Of Recyclables With Other Materials	1
Total Recycling Violations:	
	2,905

- 33 Please list the recycling diversion rates at DPW collection properties for FY 2013, FY 2014, and FY 2015, to date. Has there been a significant change in the diversion rates?

The increase in the FY 2014 diversion rate was driven by the almost 800 tons of unwanted Toters that were recycled. The 1st quarter of FY 15 is skewed higher by the more than 5100 tons of leaves that have been composted.

Figure 25: [Question 33] Residential Recycling Diversion Rate FY 2013 – FY 2015-Q1

Fiscal Year	Residential Diversion Rate
2013	28.3%
2014	29.8%
2015 (Q1)	36.6%

- 34 Does DPW collect recycling or other waste diversion rate data citywide, including non-DPW collection properties? If so, please provide the recycling rates for non-DPW collection properties in the District for FY 2013, FY 2014, and FY 2015, to date.

DPW does require registered recycling haulers to submit quarterly reports detailing the amount and type of materials recycled as well as where the material was processed. While this report gives DPW an idea about recycling activity by the commercial sector, we do not know whether it is comprehensive. Without knowing the amount of materials actually collected by these haulers...both trash and recycling...it is impossible to calculate a valid diversion rate.

- 35 In the FY 2015 budget, the Committee provided \$150,000 for residential recycling education. How is DPW using these funds?

DPW has produced a brochure that describes the requirements for both residential and commercial recycling. During the week of February 16, 2015, the brochure will be distributed to all households that receive trash and recycling collection services from DPW. We also will distribute the brochure citywide to commercial property owners.

DPW will also develop and implement a radio and cable television advertising campaign to reach DPW's recycling collection base about what materials are acceptable. The need for such a campaign was made clear by the increase in contamination of recyclables that occurred simultaneously with the increase in the recycling rate following last year's distribution of the larger recycling cans. While every recycling can was packed with an information kit about what items are trash and what items are recycling, the evidence of more contamination shows that we need to use other than print materials to reach our audience.

- 36 In the FY 2015 budget, the Committee provided \$715,000 for the establishment of a new Office of Waste Diversion. How is DPW using these funds?

DPW is working with the Mayor's Office and Chief Financial Officer to develop an implementation plan for the creation of this office to ensure that it achieves the intended policy goal while using resources effectively.

- 37 In the FY 2015 budget, the Committee provided \$200,000 for the replacement of trash and recycling cans in public space. Has DPW started to replace older cans?

The purchase order has been issued and the containers should begin arriving in the Spring of 2015.

- 38 Last year the Council passed the "Sustainable Solid Waste Management Amendment Act of 2014," which required the creation of an interagency working group. What is the status of this working group?

DPW meets regularly with members of the Department of the Environment, the Department of General Services, the Office of Planning, DC Water and the Office of the City Administrator to discuss, coordinate and plan initiatives related to solid waste management. The primary focus of these discussions to date has been finding an opportunity and solution to divert food waste from the general waste stream.

- 39 What were the results of DPW's contracted study to develop a strategic roadmap for the District's long-term solid waste management needs?

The study is in a final draft form and DPW plans to brief the Mayor and the City Administrator in March. Briefly, the study looks at the District's solid waste management system through an environmental lens and quantifies

the air, land and water resources necessary to process the more than 900,000 tons generated by residents, businesses and visitors each year. This analysis provides the District with an objective, technology-neutral approach going forward to craft a system consistent with the goals of Sustainable DC, treating waste as residual assets while minimizing greenhouse gas and other emissions.

- 40 Please describe “Litter Free DC,” DPW’s program to eliminate litter from District streets.

In FY 2015, DPW is implementing a site-based litter prevention outreach program to educate middle- and high-school youth about the costs and consequences of littering. The overarching program goal is to reduce litter, thereby reducing the dollars spent to clean it up. The program will target areas of the District where Solid Waste Management Administration (SWMA) employees report the greatest need for litter prevention activities. Outreach will be conducted through school assemblies held in conjunction with the District Department of the Environment (DDOE), social media and other events that attract this population. Additionally, the Advisory Neighborhood Commissioners (ANC) who represents these areas will be involved as resources to support the program by sharing their knowledge of the neighborhood with DPW, giving youth the opportunity to discuss their role in the program at community meetings and providing periodic assessment of the program’s progress. Success will be measured by achieving a 95% rating of “clean” or “moderately clean”.

DPW launched the program at the November 2014 YMCA Youth in Government program, where participants learned about the program and signed up for additional information. We also signed up parents who attended the Mayor’s February 2nd Open House.

A comprehensive media partnership was created with WJLA/NewsChannel 8 for advertising on both channels, Web banners and tweets.

II. SNOW REMOVAL/LEAF COLLECTION/CHRISTMAS TREE REMOVAL

- 41 In addition to using a beet-derived de-icing chemical, is DPW using other green practices to manage snow removal?

The District Snow Team is continually researching and piloting new green practices and products. As mentioned, we use a beet juice derivative in our salt brine to pre-treat roadways and bridges for specific winter weather events. Our use of this product has been received with satisfactory results and has allowed us to be proactive and, in some occasions, not apply salt to routes due to the brine pre-treatment.

Another product the snow team is utilizing and we consider green would be our sidewalk de-icing agent, "Blizzard Wizard", from International Salt. We utilize the product on our bridge sidewalks. The product is friendly to pets and the environment and has earned positive reviews from the EPA.

DPW is also piloting new spreader controllers in the new dump truck design that we expect will reduce the salt use from our manual control systems. The controller has ground speed sensors that detect the speed of the truck and when stopped, the spinner stops spreading. We expect this to assist drivers and reduce salt spillage. Also, the bodies on the new dump trucks will allow easy unloading of salt back at the salt domes when events are completed which we expect will save on salt use.

We have also replaced an old salt shed made of fabric with a new, larger Barrel Dome construction salt dome at Fort Reno. The design of the larger dome improves our ability to store salt and to load trucks efficiently and has a new stormdrain retaining system for the possible runoff that may occur.

We have increased the use of new weather products and Roadway Weather Information Stations (RWIS) which allow us to monitor the roadway temperature so we can make better decisions on treating or not treating roadways or routes with salt. In the early months of winter and in the later months of winter the pavements are typically warmer and we can reduce our salt use with this information. There are two additional stations being constructed with the 11th Street Bridge Project and they should be online next winter.

III. PARKING ENFORCEMENT MANAGEMENT ADMINISTRATION

42 Please list the approximate number of parking enforcement officers, booting staff, and towing staff, in FY 2013, FY 2014, and FY 2015, to date.

Figure 26: [Question 42] Parking Enforcement Staff Count (FY 2013 – FY 2015 YTD)

Position	Fiscal Year		
	2013	2014	2015 YTD
Parking Enforcement Officer	193	181	217
Lead Parking Enforcement Officer	20	21	21
TOTAL PARKING ENFORCEMENT OFFICERS	213	202	238
TOTAL BOOTERS	7	7	7
TOTAL MOTOR VEHICLE OPERATORS	30	26	29

43 Please list the number of citations, by type, that PEMA officers wrote and the number of vehicles booted in FY 2013, FY 2014, and FY 2015, to date.

Figure 27: [Question 43] Parking Enforcement Citations Issued by Type (FY 2015 YTD – FY 2013)

71	8810 - Truck: Tractor, Conventional	1

- 45 How many fueling sites does DPW manage? How many of these sites offer CNG or other types of alternative fuels? What has DPW done to increase the use of alternative fuels?

DPW manages twelve fueling sites. Two sites offer CNG; one fast-fill at 1835 West Virginia Ave NE, and one time-fill at 1241 W St NE. One site (West Virginia Ave, NE) offers ethanol (E-85). Five sites offer biodiesel: West Virginia Ave, Ft Totten, MPD 2nd District, MPD 3rd District, MPD 6th District.

In FY 2014 DPW increased E-85 usage from FY 2013 numbers by approximately 20,000 gallons. This was the fourth straight year that DPW has increased the use of E-85 in the District's fleet. DPW also continued to be a national leader in the use of Biodiesel fuel providing over 1.3 million gallons to the District's fleet. According to the Department of Energy's Alternative Fuel Life-Cycle Environmental and Economic Transportation (AFLEET) Tool's conversion factors, the use of Biodiesel in place of Diesel fuel reduced the District fleets greenhouse gas emissions by 2,118 tons in FY 2014.

- 46 In its responses to the Committee during FY 2014 Performance Oversight, DPW stated that it had submitted a capital enhancement request for the construction of two new CNG fueling stations. What is the status of this project?

DPW's capital budget enhancement request for funds to construct two new CNG fueling stations was not approved.

G. ANSWER TO QUESTION #1 & #3 (ORGANIZATION AND OPERATIONS)
