GOVERNMENT OF THE DISTRICT OF COLUMBIA Executive Office of the Mayor Office of Victim Services and Justice Grants

February 1, 2016

Honorable Kenyan McDuffie Committee of the Judiciary and Public Safety Council of the District of Columbia 1350 Pennsylvania Ave. NW Washington, DC 20004

Dear Councilmember McDuffie:

In response to your letter dated January 7, 2016, please find the Office of Victim Services and Justice Grants responses to your questions. Please do not hesitate to let me know if I can provide any additional information or documentation.

Sincerely,

Michelle M. Garcia

Michelle M. Garcia

Director

GOVERNMENT OF THE DISTRICT OF COLUMBIA Executive Office of the Mayor Office of Victim Services and Justice Grants

General Questions

1. Please provide, as an attachment to your answers, a current organizational chart for the agency, including the number of vacant, frozen, and filled FTEs in each division or subdivision. Include the names and titles of all senior personnel. Also provide the date that the information was collected on the chart.

Please see Attachment A.

a. Please provide an explanation of the roles and responsibilities for each division and subdivision.

The Office of Victim Services and Justice Grants has two divisions: Victim Services and Justice Grants. The Division of Victim Services is led by the Deputy Director of Victim Services, currently Cortney Fisher, and fulfills the duties and responsibilities of the previous Office of Victim Services. The duties and responsibilities of the Division of Victim Services includes: acting as the State Administering Agency for federal formula funds from the Office for Victims of Crime and the Office on Violence Against Women, providing advice and counsel to the Executive on best and emerging practices in victim services, coordinating and implementing a continuum of care for service to all crime victims in the District, and serving as coordinator and staff to the Victim Assistance Network, Domestic Violence Fatality Review Board, the Sexual Assault Victims' Rights Amendment Act of 2013 Task Force, and the Sexual Assault Response Team.

The Division of Justice Grants is led by a Deputy Director, currently a position which is currently unfunded, and fulfills the duties and responsibilities of the previous Justice Grants Administrator. These duties are currently being handled by the Senior Grants Management Specialist. The duties and responsibilities of the Division of Justice Grants includes: acting as the State Administering Agency for federal formula funds from the Office of Justice Programs, providing advice and counsel to the Executive on best and emerging practices on truancy prevention and intervention, juvenile justice, delinquency prevention, and services for reentering citizens, coordinating and implementing a continuum of care for reentering citizens, managing the Show Up, Stand Out truancy prevention program, and serving as coordinator and staff to the Juvenile Justice Advisory Group (JJAG).

b. Please provide a narrative explanation of any changes made during the previous year.

During the previous year the previous Office of Victim Services and the previous Justice Grants Administration were merged into one agency: the Office of Victim Services and Justice Grants. During the merge of the agencies, the separate divisions were created (as described in 1(a), the position of Deputy Director was established to provide expertise in each Division, and the position of Financial Analyst was converted to the position of Administrative Officer and now includes the duties of operations, human resources, as well as budget and finance.

2. Please provide, as an attachment, a current Schedule A for the agency, which identifies all employees by title/position, current salaries, fringe benefits, and program. This Schedule A should also indicate if the positions are continuing/term/temporary/contract and whether they are vacant or frozen positions.

Please see attachment B.

a. For each vacant position, please provide the status of the Agency's efforts to fill the position, as well as the position number, the title, the program number, the activity number, the grade, the salary, and the fringe associated with each position. Please also indicate whether the position must be filled to comply with Federal or local law.

OVSJG currently has no vacancies.

- b. For each filled position, please provide the employee's length of service with the agency.
- 3. Please list all employees detailed to or from your agency, if any. For each employee identified, please provide the name of the agency the employee is detailed to or from, the reason for the detail, the date of the detail, and the employee's projected date of return.

OVSJG has no employees detailed to or from our agency.

- 4. Please provide the Committee with:
 - a. A list of all employees who received or retained cellphones, personal digital assistants, or similar communications devices at agency expense in FY15 and FY16, to date;

5. With regard to the use of communication devices:

a. What procedures are in place to track which individuals or units are assigned mobile devices (including, but not limited to smartphones, laptops, and tablet computers)? Please include how the usage of these devices is controlled.

Each month, the individual to whom the mobile device is assigned is provided a statement of their usage. Quarterly, the Administrative Officer reviews the statements of usage for indications of personal or increased usage. When an indication of increased usage or personal usage is flagged, the employee meets with the Administrative Officer and the Director to discuss the usage and make restitution to the District for unallowable costs, if necessary.

b. How does your agency limit the costs associated with its mobile devices?

We manage and limit mobile communications by adhering to the procedures listed in 5(a).

c. For FY15 and FY16, to date, what was the total cost including, but not limited to, equipment and service plans for mobile communications and devices?

The FY15 the total cost for devices was \$8,674.08, and the FY16 to date cost for mobile communications is \$2,892.16.

6. For FY15 and FY16, to date, please list all intra-District transfers to or from the agency.

AWARD PERIOD: 10/1/2015 – 9/30/2016 AWARD AMOUNT: \$159,015.00

(SORNA)

AWARD PERIOD: 10/1/2015 – 9/30/2016 AWARD AMOUNT: \$79,507.00 (PREA)

PURPOSE: JAG funds support all components of the criminal justice system from multijurisdictional drug and gang task forces to crime prevention and domestic violence programs, courts, corrections, treatment, and justice information sharing initiatives. JAG funded projects may address crime through the provision of services directly to

individuals and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures. 10% of the funds support DC's compliance of the Sex Offender Registry Notification/Adam Walsh Act (SORNA) and Prison Rape Elimination Act (PREA). SORNA focus is on technology improvements with data sharing between CSOSA & MPD. PREA focus is on technical assistance provided to Department of Corrections to address sexual assaults occurring within correctional facilities and to be compliant of national PREA standards.

JAG funds may be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and information systems for criminal justice, as well as research and evaluation activities that will improve or enhance:

- Reentry Services / Community Corrections
- Planning, evaluation, and technology improvement programs
- SORNA and PREA Compliance

PURPOSE: The Coverdell program awards grants to states and units of local government to help improve the quality and timeliness of forensic science and medical examiner services. Among other things, funds may be used to eliminate a backlog in the analysis of forensic evidence and to train and employ forensic laboratory personnel, as needed, to eliminate such a backlog.

Residential Substance Abuse Treatment Program (RSAT)

AWARD PERIOD: 10/1/2013 – 9/30/2017 AWARD AMOUNT: \$34,551.00 AWARD PERIOD: 10/1/2014 – 9/30/2018 AWARD AMOUNT: \$35,412.00

PURPOSE: The Residential Substance Abuse Treatment for State Prisoners Program furthers the Department's mission by assisting state, local, and tribal efforts to break the cycle of drugs and violence by reducing the demand for, use, and trafficking of illegal drugs. RSAT funds may be used to implement three types of programs: residential, jail-based, and aftercare. Applications involving partnerships with community-based substance abuse treatment programs will be given priority consideration. At least 10 percent of the total state allocation shall be made available to local and tribal correctional and detention facilities—provided such facilities exist—for either residential substance abuse treatment programs or jail-based substance abuse treatment programs that meet specific criteria in partnership with Department of Corrections (DOC).

11. Please list all memoranda of understanding (MOU) entered into by your agency during FY15 and FY16, to date, as well as any memoranda of understanding currently in force. For each, indicate the date entered and the termination date.

Response to this item can be found in item 6.

12. Please list the ways, other than memoranda of understanding, in which the agency collaborated with analogous agencies in other jurisdictions, with federal agencies, or with non-governmental organizations in FY15 and FY16, to date.

Collaboration with other agencies and our non-governmental partners is central to the mission of the Office of Victim Services and Justice Grants. In Fiscal Years 2015 and 2016, the Office of Victim Services and Justice Grants has engaged in collaboration in the following ways:

JUSTICE GRANTS

JGA is the fiscal agent for the Project Safe Neighborhood (PSN) discretionary grant funds allocated to the District from 10/1/13-3/31/16. PSN is a DOJ funded program

designed to create safer neighborhoods through a sustained reduction in crime associated with gang and gun violence. PSN Task Force is staffed by the U.S. Attorney's Office and JGA was responsible for implementing research based youth development activities and for funding a crime-analysis study in three PSA's through George Mason University (report is not available at this time). JGA routinely participates in facilitated meetings with the District's Criminal Justice Coordinating Council (CJCC), and with federal funding divisions of the Office of Justice Programs to review funding priorities and highlight emerging trends related to SORNA Compliance, Disproportionate Minority Contact and information sharing/IT connectivity projects.

VICTIM SERVICES

- Staffing and coordinating the Victim Assistance Network, which is a collaborative network of more than 40 victim service providers in the District
- Coordinated a project with the Office for Victims of Crime (federal agency within the Department of Justice) to pilot their newly released Toolkit for victim service providers acting in a mass disaster by training District victim service providers in mass disaster response
- Served as staff and co-coordinator (with DC Survivors and Advocates for Empowerment) of the Domestic Violence Criminal Justice Response Team
- Served as staff and coordinator of the DC Sexual Assault Response Team
- Served as staff and member of the Sexual Assault Victims' Rights Amendment Act Task Force
- Coordinated a Mental Health Subcommittee of the Victim Assistance Network in an effort to coordinate the victim-focused mental health services into a continuum of care
- Co-coordinated (with the Network for Victim Recovery of DC) the Victims Legal Network of DC, which is a network of victim-focused legal service providers
- Coordinated a Housing Workgroup comprised of the four victim-specific housing providers (DC SAFE, House of Ruth, My Sister's Place, and the District Alliance for Safe Housing), the DC Coalition Against Domestic Violence, and the DC Crime Victims Compensation Program towards the goal of coordinating the victim-specific housing providers into a continuum of care
- Staffed and coordinated the Project CHANGE-MS Advisory Board, as part of the establishment of male-specific services for victims of violent crime
- Staffed and administered the Domestic Violence Fatality Review Board
- Works consistently and collaboratively with the District-based colleges and universities to assist in enhancing their responses to victims of violence on their campuses
- Works consistently and collaboratively with the District-based military installations to assist in enhancing their responses to victims of violence on their campuses
- Works consistently and collaboratively with the Department of Human Services, Homeland Security and Emergency Management Agency, the Department of

Behavioral Health, and the Department of Health to re-establish the District's plan for a Family Assistance and Family Reunification Center in the event of a mass disaster

13. Please list all currently open capital projects, including an update on all capital projects under the agency's purview in FY15 and FY16, including the amount budgeted, actual dollars spent, and any remaining balances. In addition, please provide:

OVSJG has no capital projects.

- a. An update on all capital projects begun, in progress, or concluded in FY14, FY15, and FY16, to date, including the amount budgeted, actual dollars spent, and any remaining balances.
- b. An update on all capital projects planned for FY16, FY17, FY18, FY19, FY20, and FY21.
- c. Do the capital projects begun, in progress, or concluded in FY14, FY15, or FY16 to date have an impact on the operating budget of the agency? If so, please provide an accounting of such impact.
- 14. Please provide, as an attachment, a list of all budget enhancement requests (including, but not limited to capital improvement needs), for FY15 and FY16, to date. For each, include a description of the need and the amount of funding requested.

Please see Attachment C.

15. Please list, in chronological order, every reprogramming in FY15 and FY16, to date, that impacted the agency, including those that moved funds into the agency, out of the agency, and within the agency. Include the revised, final budget for your agency after the reprogrammings for FY15 and FY16. For each reprogramming, list the date, the amount, the rationale, and the reprogramming number.

16. Please list each grant or sub-grant received by your agency in FY15 and FY16, to date. List the date, amount, and purpose of the grant or sub-grant received.

Please see the response for item 8 for the agency list of grants received. OVSJG did not receive any sub-grants for either FY15 or FY16.

- 17. How many FTEs are dependent on grant funding? What are the terms of this funding? If it is set to expire, what plans (if any) are in place to continue funding?
 - 2.675 FTE's are dependent on grant funding. The grants that support these FTE's are Federal formula grants that we receive annually and are not in any danger of expiring.
- 18. Please list each contract, procurement, lease, and grant awarded, entered into, extended and option years exercised, by your agency during FY15 and FY16, to date. For each contract, please provide the following information, where applicable:
 - a. The name of the contracting party;
 - b. The nature of the contract, including the end product or service;
 - c. The dollar amount of the contract, including budgeted amount and actually spent;
 - d. The term of the contract;
 - e. Whether the contract was competitively bid or not;
 - f. The name of the agency's contract monitor and the results of any monitoring activity; and
 - g. Funding source.

19. Please list all pending lawsuits that name the agency as a party. Please identify which cases on the list are lawsuits that potentially expose the city to significant financial liability and/or will result in a change in agency practices, and the current status of the litigation. Please provide the extent of each claim, regardless of its likelihood of success. For those identified, please include an explanation about the issues involved in each case.

OVSJG has no pending lawsuits.

20. Please provide the total number of administrative complaints or grievances that the agency received in FY15 and FY16, to date, broken down by source. Please describe the process utilized to respond to any complaints and grievances received and any changes to agency policies or procedures that have resulted from complaints or grievances received.

OVSJG has no administrative complaints or grievances.

21. Please list and describe any ongoing investigations, audits, or reports on the agency or any employee of the agency, or any investigations, studies, audits, or reports on the agency or any employee of the agency that were completed during FY15 and FY16, to date.

There are no ongoing investigations, audits, or reports on the agency or any employee in the agency for either FY15 or FY16 to date.

22. Please describe any anticipated spending pressures for FY16. Include a description of the pressure, the estimated amount, and any proposed solutions.

OVSJG has no spending pressures.

23. Please provide, as an attachment, a copy of the agency's FY15 performance plan. Please explain which performance plan objectives were completed in FY15 and whether or not they were completed on-time and within budget. If they were not, please provide an explanation.

Please see attachment D.

24. Please provide, as an attachment, a copy of your agency's FY16 performance plan.

Please see attachment E.

25. Please provide the number of FOIA requests for FY15 and FY16, to date. Include the number granted, partially granted, denied, and pending. In addition, please provide the average response time, the estimated number of FTEs required to process requests, and the estimated number of hours spent responding to these requests.

In FY2015, OVSJG received and granted 3 FOIA requests. In FY2016, OVSJG received and granted 1 FOIA request. Zero FTEs are required to process requests. Most requests were processed in under one hour.

26. Please provide a list of all studies, research papers, reports, and analyses that the agency prepared, or contracted for, during FY15 and FY16, to date. Please state the status and purpose of each. Please submit a hard copy to the Committee.

OVSJG engaged subgrantees in two separate evaluation projects in FY15 and FY16 to enhance specific program aspects that increase effectiveness and efficiency. Justice Grants subcontracted with Choice Research Associates to provide analysis and evaluation of the Show Up, Stand out (SUSO) program for FY15 and FY16.

- a. Year 2 Preliminary Attendance Data and Year 3 Demographic Data-Young Men of Color (deliberative report, March 2015)
- b. Year 3 Preliminary Outcomes for Quarter 1-3 Family Engagement Program (deliberative report, June 2015)
- c. SUSO Program Evaluation Year To Date (Executive Summary)

Justice Grants subcontracted with Justice Research and Statistics Association to inform the office's long-term strategy of supporting the implementation and utilization of evidence-based practices. The Building Capacity for Performance Measurement and Evaluation (BCPME) project is designed for victim services, reentry services and juvenile delinquency service providers to use performance measure data to build evidence of program processes and outcomes. BCPME is an on-going technical assistance offered to subgrantees by OVSJG. Building Capacity for Performance Measurement and Evaluation: Performance Measurement in Prisoner Reentry, Delinquency Prevention and Intervention, and Victim Assistance Services (January 2015). Final report is pending.

In Fiscal Year 2015, and continuing into Fiscal Year 2016, Victim Services has contracted for or participated in the development in the following studies, research papers, reports, and analyses:

- Project CHANGE Toolkit and Project Evaluation: An Analysis of the Project CHANGE/Polyvictimization Response Team Project.
- Sexual Assault Victims' Rights Amendment Act of 2013: Reports of the Independent Expert Consultant.
- Sexual Assault Victims' Rights Amendment Act of 2013: Report of the Task Force.
- An Evaluation of the District of Columbia Victim-Specific Housing Programs (report not yet available).

27. Please identify all electronic databases maintained by your agency, including the following:

- a. A detailed description of the information tracked within each system
- b. The age of the system and any discussion of substantial upgrades that have been made or are planned to the system; and
- c. Whether the public can be granted access to all or part of each system.

ZoomGrantsTM: In FY15, OVSJG continued using a web-based grants management system to streamline the application and monitoring process of successful subgrantees. Grants managers utilize Zoomgrants to track progress of projects and account for grant funds. Accounts are renewed on an annual basis for each of the solicitations released by OVSJG Technical upgrades are maintained by the vendor at no additional cost to OVSJG.

In FY16, OVSJG staff can validate frequently the subgrantee's sam.gov and DUNS registration. This feature is consistent with future improvements and stipulations related

to Digital Accountability and Transparency Act (DATA) signed by President Barack Obama in May 2014.

Efforts To Outcomes (ETO®): In FY15, JGA engaged Social Solutions to establish a case management system and performance management software for the truancy reduction initiative Show Up, Stand Out (SUSO) program available in 58 elementary and middle schools. Data is limited for JGA staff to collect uniform data across providers and report in aggregate form to review program outcomes for evaluation purposes and trend analysis. Public may not access any part of this system.

The public may apply for JGA grants by directly logging at www.zoomgrants.com . Access is also provided on JGA's grant funding opportunity weblink available at www.ovsjg.dc.gov

Personnel

1. Please separately list each employee whose salary was \$110,000 or more in FY15 and FY16, to date. Provide the name, position number, position title, program number, activity number, salary, and fringe. In addition, state the amount of any overtime or bonus pay received by each employee on the list.

2. Please list in descending order the top 25 overtime earners in your agency in FY15 and FY16, to date. For each, state the employee's name, position number, position title, program number, activity number, salary, fringe, and the aggregate amount of overtime pay earned.

There was no overtime paid in FY15 or FY16 to date.

3. For FY15 and FY16, to date, please provide a list of employee bonuses or special award pay granted that identifies the employee receiving the bonus or special pay, the amount received, and the reason for the bonus or special pay.

There were no bonuses or special awards paid out in FY15 or FY16 to date.

4. Please provide each collective bargaining agreement that is currently in effect for agency employees. Please include the bargaining unit and the duration of each agreement.

OVSJG does not have any collective bargaining agreements.

5. Please provide a list of any additional training or continuing education opportunities made available to agency employees. For each additional training or continuing education program, please provide the subject of the training, as well as the number of agency employees that were trained.

Agency employees are encouraged to participate in training and professional development that is offered routinely by the Department of Human Resources. In addition, staff participate in mandatory and recommended training and conferences that are made available within the District, as well as through national technical assistance providers. In Fiscal Year 2015, staff participated in the following trainings:

- 2015 STOP Violence Against Women Administrators' Conference, April 2015 (1 staff trained)
- DC Department of Behavioral Health Certification Training for Mass Disaster Response (5 staff trained)
- OVC TTAC 2015 National Victim Assistance Academy Skills Institute: Strategic Planning for VOCA Administrators and Program Managers (2 staff trained)
- OVC TTAC 2015 National Victim Assistance Academy VOCA Leadership Institute (2 staff trained)
- 2015 VOCA National Training Conference (2 staff trained)
- Office of Justice Programs Financial Management Training (1 staff trained)
- National Crime Victim Law Institute Crime Victim Law Conference (2 staff trained; 1 staff presented)
- DC Victim Assistance Academy: Working with Latino Victims of Crime (1 staff trained)
- DC Victim Assistance Academy: Working with Asian-Pacific Islander Victims of Crime (1 staff trained)
- DC Victim Assistance Academy: Working with African Victims of Crime (1 staff trained)
- DC Victim Assistance Academy: Working with Victims in a Mass Disaster (2 staff trained)
- American Society of Criminology Annual Meetings: Existing and Proposed Policies to Address Gender-Based Violence on College Campuses (1 staff presented)
- Women of Color Network Training (2 staff trained)
- 6. Does the agency conduct annual performance evaluations of all its employees? Who conducts such evaluations? What steps are taken to ensure that all agency employees are meeting individual job requirements?

OVSJG does conduct performance evaluations of its employees. The evaluations are conducted by the Director or Deputy Director, depending on who the employee reports to. It is a combined effort of the employee and the supervisor to ensure that job requirements have been/are being met.

How does the agency ensure that staff are trained in trauma-informed practices? What trauma-informed training is mandated for staff, and what trauma-informed training is

available for staff?

While trauma-informed training is not mandated for staff, the OVSJG staff capitalize on community and nationally provided training opportunities related to trauma informed practices. Of the trainings that were mentioned in Question 5 of this section, the following included training on trauma-informed practices:

- 2015 STOP Violence Against Women Administrators' Conference, April 2015 (1 staff trained)
- DC Department of Behavioral Health Certification Training for Mass Disaster Response (5 staff trained)
- 2015 VOCA National Training Conference (2 staff trained)
- Office of Justice Programs Financial Management Training (1 staff trained)
- National Crime Victim Law Institute Crime Victim Law Conference (2 staff trained; 1 staff presented)
- DC Victim Assistance Academy: Working with Latino Victims of Crime (1 staff trained)
- DC Victim Assistance Academy: Working with Asian-Pacific Islander Victims of Crime (1 staff trained)
- DC Victim Assistance Academy: Working with African Victims of Crime (1 staff trained)
- DC Victim Assistance Academy: Working with Victims in a Mass Disaster (2 staff trained)
- American Society of Criminology Annual Meetings: Existing and Proposed Policies to Address Gender-Based Violence on College Campuses (1 staff presented)
- Women of Color Network Training (2 staff trained)
- Office of Justice Programs Financial Management Training to address best practice on Federal grants management process. 2 staff
- Federal Performance Management Tool (PMT) to address best practices on submitting District's performance measures 2 staff
- Understanding the New OMB Uniform Guidance 1 staff
- What the DATA Act means for the future of open data -1 staff
- IT Project Management 1 staff
- Introduction to Staff Management 1 staff
- Strategy and Performance Management 1 staff
- Coalition on Juvenile Justice to address juvenile delinquency and best practices on juvenile confinement 1 staff
- Second Chance Act Technical Assistance provided by Council of State Governments specifically to address reentry services for returning citizens with co-occurring disorders (mental health and substance abuse). 1 staff
- Women, Reentry and Everyday Life: Time to Work? Seminar for sub-grantees and 1 staff by Dr. Venezia Michalsen.

Additionally, OVSJG actively works to recruit and hire staff with background and experience

in trauma-informed policy and program development and implementation. Several staff have extensive experience providing trauma-informed services and/or hold advanced degrees related to working with trauma victims.

Agency Operations

1. Please describe any initiatives that the agency implemented in FY15 or FY16, to date, to improve the internal operations of the agency or the interaction of the agency with outside parties. Please describe the results, or expected results, of each initiative.

In Fiscal Year 2015, the victim services team began implementation of the Performance Measurement Initiative (PMI). PMI is intended to create standardized measurement across agencies and disciplines of the services that are provided. In Fiscal Year 2015, all grantees of victim services funds were required to report on a standard set of data measures, including the number of victims served, the number of victims receiving each type of service provided, the age of the victims, and the Ward residence of the victim. In Fiscal Year 2016, the victim services team implemented outcome measures for each grantee receiving funds. Grantees are required to report on standard outcomes based on the type of service provided.

As required by and for administration of federal funding streams (Byrne JAG, Title II Formula), OVSJG grant managers have coordinated the District's response for compliance of the Prison Rape Elimination Act (PREA) with both juvenile and criminal justice agencies. OVSJG grant managers are responsible to coordinate training, technical assistance and services to reduce the likelihood of sexual assaults occurring within jails, prisons and juvenile facilities. The Department of Corrections (DOC) successfully completed DOJ audit of PREA compliance standards in December 2014. Department of Youth Rehabilitation Services (DYRS) is in the process of coordinating mock audits and OVSJG will continue to support the District's compliance rate with pass-through funds.

Justice Grants is increasing training and technical assistance to sub-grantees to include CBOs as well as District agencies. Justice Grant's efforts have included accessing funds and subject matter experts in the areas of reentry, forensic sciences, and performance measures/evaluation. Justice Grants provided trainings to: community based reentry coordinators on gender based approaches in creating case management plans for returning citizens, forensic specialists on examining blood stains, and sub-grantees on collecting relevant and reliable measures intended to enhance accountability.

- 2. What are the agency's top five priorities? Please explain how the agency expects to address these priorities in FY16.
 - 1) <u>Launch of the Crisis Continuum Program</u>, in collaboration with MedStar Washington Hospital Center, DC Forensic Nurse Examiners, Network for Victim Recovery of DC, and the Wendt Center for Loss and Healing. The victim services team has dedicated a significant amount of resources to establishing the District's first ever

victim-centered, hospital-based, trauma-informed intervention for victims of homicide and attempted homicide. The development of the CCP has been occurring for over a year. Services will begin on April 1, 2016. Thus far, the following activities have been completed: construction of a forensic suite in the MedStar Washington Hospital Center Emergency Department; development of inter-agency protocols to facilitate the deployment of nurses and advocates at the optimal time; funding has been provided to all relevant agencies to hire and train staff.

- 2) Show Up, Stand Out (SUSO) truancy reduction program, which is designed to reduce the rate of unexcused absences for elementary and middle school students by eliminating barrier to school attendance. In FY16, local funds will continue to target interventions prior to Child and Family Services referrals and thus reducing referrals of children and families to the DC Courts. We are also exploring expansion of SUSO to high schools.
- 3) Implementation of the Sexual Assault Victims' Rights Amendment Act of 2013
 Independent Expert Consultant recommendations, as well as the recommendations of the Task Force which are approved by Council. The victim services team has been actively involved in the SAVRAA Task Force throughout the last Fiscal Year and received the reports of the Independent Expert in late September and October, and have begun implementing recommendations. To accomplish this, victim services will be hiring at least one additional staff member to work specifically on the sexual assault program and policy development of the office.
- 4) Improve services for adult returning citizens, by continuing to dedicate federal funds and working with the Office of Returning Citizens Affairs (ORCA,) other executive agencies, and a range of community based organizations. In FY16, will focus on revisiting the needs of the District to develop an informed, long-term strategy to improve services for returning citizens, and to implement evidence-based practices to expand community-based organization's capacity to meet needs of returning citizens with mental health and substance abuse issues. In FY16, JGA will continue to fund reentry coordinator positions, partner with CJCC's stakeholder groups to improve utilization of technology to share data, and support cross-disciplinary task force efforts to improve outcomes for returning citizens by partnering with ORCA and the Corrections Information Council (CIC).
- 5) Coordination of victim-specific housing providers. In Fiscal Year 2016, the victim services team has launched an initiative, in collaboration with the DC Coalition Against Domestic Violence, to coordinate the victim-specific housing providers around a central database and around a central protocol for referring victims from emergency to short-term to long-term transitional housing. Thus far, the process has included regular meetings of the affected partners and an exploration of databases that may work for this initiative.
- 3. Please list each new program implemented by the agency during FY15 and FY16, to date. For each initiative please provide:

- a. A description of the initiative;
- b. The funding required to implement to the initiative; and
- c. Any documented results of the initiative.

Intimate Partner Violence (IPV) ACCESS

The IPV ACCESS Project is a collaborative initiative which includes DC Forensic Nurse Examiners and DC SAFE. The goal of IPV ACCESS is to bring medical forensic care to intimate partner violence victims, in conjunction with on-call crisis victim advocacy. IPV ACCESS is funded by a grant from the Office on Violence Against Women. Over the course of three years, IPV ACCESS will cost \$649,592. IPV ACCESS began on October 1, 2014, with operation of exams commencing on January 1, 2016. In one year and one quarter, IPV ACCESS has provided 111 medical forensic exams for intimate partner violence victims.

Emergency and Victim Services Interpreter Bank

The Emergency and Victim Services Interpreter Bank (Interpreter Bank) launched on October 1, 2014. The purpose of the Interpreter Bank is to recruit and train interpreters to provide on-call and scheduled, in-person and telephonic, interpretation services for victims of crime. Interpreters are trained in the "language" of trauma and victimization and are available to victims in an emergency, 24 hours a day, 7 days a week. OVSJG has granted \$441,492 to Ayuda for development and operation of the Interpreter Bank over Fiscal Year 2015 and 2016. In Fiscal Year 2015 and thus far in Fiscal Year 2016, the Interpreter Bank has trained 52 interpreters in 13 languages, has provided 879 victims with interpretation services, and has provided 15 organizations with translated materials.

DC Victim Services Hotline

The DC Victim Services hotline launched on October 1, 2015 to provide crisis intervention and hotline services to victims of all crime in the District. OVSJG has granted the National Center for Victims of Crime \$476,514 in Fiscal Year 2015 and 2016. Only in the first quarter of operation, the DC Victim Services hotline has provided hotline services to 51 unique victims, both primary and secondary. The hard launch of the hotline will occur during National Crime Victims' Rights Week in April 2016.

Crisis Continuum Project

The Crisis Continuum Project (CCP) is a collaborative project between MedStar Washington Hospital Center Trauma Department and Emergency Department, DC Forensic Nurse Examiners, Network for Victim Recovery of DC, DC SAFE, and the Wendt Center for Loss and Healing. The goal of the project is to provide on-site medical forensic care and on-call victim advocacy to victims of attempted homicide and family of homicide victims who report through MedStar Washington Hospital Center. The CCP is the District's first comprehensive hospital-based crisis intervention program that will link victims of crime to vertical advocacy and medical forensic care. Direct medical forensic and advocacy services will launch in April 2016. OVSJG has granted approximately \$686,256 thus far to the four organizations named above to build and launch the CCP.

There are no documented results thus far because direct services will not launch until April 2016.

Project CHANGE – Male Survivor

Project CHANGE – MS is a project funded by the Office for Victims of Crime to enhance the District's existing Crisis Continuum Project (described previously). Project CHANGE – MS will connect male victims of crime identified in the CCP with community-based organizations designed to reintegrate the victim into the community in the aftermath of the victimization. Additionally, there will be a case review process implemented to review cases that have been served through the CCP, including a fatality review for homicide cases. The District is one of several projects that was funded by the Office for Victims of Crime, and will work closely with Cure Violence, the identified technical assistance provider, to develop the program. Over the course of three fiscal years, Project CHANGE – MS will cost approximately \$1 million. There are no documented results thus far because the project began in October 2015 and the first year is dedicated to a needs assessment.

Domestic Violence Criminal Justice Review Team

The Domestic Violence Criminal Justice Review Team (DVCJRT) is a review team cochaired by OVSJG and DC SAFE. The intent of the Domestic Violence Criminal Justice Review Team is to convene criminal justice partners towards the goal of sharing data about high risk intimate partner violence cases, and review the collective response of each criminal justice agency. To date, OVSJG has expended \$0 to coordinate the DVCJRT. However, it is likely that OVSJG will have to add an FTE or a consultant to accomplish the goals of the DVCJRT over the course of the next several fiscal years. There are no documented results thus far.

Domestic Violence Fatality Review Board

The Domestic Violence Fatality Review Board (DVFRB) was transferred from the Office of the Chief Medical Examiner to OVSJG in December 2015. The intent of the DVFRB is to review identified domestic violence-related fatalities and provide recommendations for system change to the Executive and the Council. To date, OVSJG has expended \$0 to coordinate the DVFRB. However, OVSJG has budgeted \$150,000 in Fiscal Year 2016 to hire a consultant and to develop a database that will facilitate the reviews. There are no documented results thus far.

Show Up, Stand Out (SUSO):

Based on the success of SUSO's truancy reduction initiative's Family Engagement Model for elementary school students, OVSJG launched the Youth Engagement Model for middle school students in FY15. These efforts will continue with local funds. Deliberative reports on SUSO from FY 14-FY16 are attached in an effort to documents results of this pilot initiative. The SUSO initiative launched as the "Community Based Truancy Reduction" initiative in FY 13 with 1.1 million local (non-lapsing) funds to operate 6 CBO's exclusively in 5 elementary schools to approximately \$3 million local funds to operate 13 CBO's in 67 elementary and middle schools in FY16.

4. Please describe any steps the agency took in FY15 and FY16, to date, to improve the transparency of agency operations.

Beginning in Fiscal Year 2015, and continuing into Fiscal Year 2016, OVSJG has redesigned its website, primarily for the purpose of merging the two separate agencies, but also towards the goal of providing transparency of agency operations. Over the course of Fiscal Year 2015, OVSJG took steps to put the minutes and deliverables of all Task Force and Committee meetings staffed by OVSJG onto the website, e.g. SAVRAA Task Force. Additionally, OVSJG has recently redesigned its website to include a list of all grantees, by funding source, as well as a list of all services, by type of service. All notices regarding funding opportunities, current list of staff contacts, and easy access to information about OVSJG's largest programs are also easily accessible. In Fiscal Year 2016, OVSJG intends to continue improvement of its website, as well as social media footprint, to increase transparency.

5. Please list all regulations for which the agency is responsible for oversight or implementation. Please list by chapter and subject heading, including the date of the most recent revision.

OVSJG is not currently responsible for the oversight or implementation of any regulations.

6. Please discuss the status of the following programs:

a. Zoomgrants;

OVSJG has streamlined the grants solicitation and sub-award administration process using a "one-stop" electronic award management system. An electronic application, award management and progress report modules are now available online for sub-grantees and staff to access on 24/7 basis. Features to manage budget modifications, site-visit documentation and closeouts have been added as enhanced features. As of FY16, OVSJG is able to verify sub-grantee's sams.gov registration as required to improve the transparency of operations.

b. Efforts To Outcomes (ETO); and

The web-based performance management system is available to the SUSO subgrantees to enter individual level data, and accessible to Justice Grants staff as needed to run aggregate reports. OVSJG has an assigned ETO administrator who is responsible for making improvements to the current module to improve accountability measures and program efficiency to directly impact truancy reduction in elementary and middle students. Justice Grants is in the process of expanding the performance management system to include a module for reentry sub-grantees responsible for improving outcomes for returning citizens. JGA is working with current sub-grantees and an evaluator to configure the reentry module.

c. Show Up, Stand Out (SUSO).

Show Up, Stand Out (SUSO): Based on the success of SUSO's truancy reduction

initiative's Family Engagement Model for elementary school students, Justice Grants launched the Youth Engagement Model for middle school students in FY15. These efforts will continue with local funds. Deliberative reports on SUSO from FY 14-FY16 are attached in an effort to documents results of this pilot initiative. The SUSO initiative launched as the "Community Based Truancy Reduction" initiative in FY 13 with 1.1 million local (non-lapsing) funds to operate 6 CBO's exclusively in 5 elementary schools to approximately \$3 million local funds to operate 13 CBO's in 67 elementary and middle schools in FY16.

7. Please discuss SUSO's elementary and middle school programs during FY15 and FY16, to date. Would the agency support a similar program for high school students?

Please refer to General Question 26 for a summary of SUSO's elementary and middle school programs during FY15 and FY16 to date.

While OVSJG is interested in exploring expanding SUSO to high schools, currently the agency does not have long-term fiscal and staff capacity to support similar program efforts.

For the past few years, supplemental funding has been provided to the DHS's PASS and ACE programs as well as community based youth service providers to engage high school students in a truancy and suspension/expulsion reduction pilot and/or diversion initiatives. Funds were made available through lapsing federal funding streams.

8. Has the agency assisted and/or funded the Office of Returning Citizen Affairs in providing transportation tokens and facilitating birth certificates during FY15 and FY16, to date? If so, how many residents have benefited from this funding?

The FY15 Council's Initiative allocated \$16,713.00 in local funds to facilitate transportation tokens and birth certificates for returning citizens, which Justice Grants subsequently sub-awarded to a community service provider who was already engaged with returning citizens pre-release from the DOC facility. OVSJG and the provider agreed on a referral process for all returning citizens, despite the release of DC or out-of-state facility, to access these funds directly from the assigned provider. Current subgrantees and ORCA received information on accessing supplemental funds for transportation and birth certificates. Based on closeout procedures, the provider was able to validate the purchase and distribution of transportation tokens and birth certificates to over 300 residents.

Although a similar allocation was not specifically made available for returning citizens in the FY16 local budget, we are considering supplementing current reentry sub-grantees with portion of local funds to provide transportation tokens and birth certificates. This funding is targeted for distribution during Spring FY16.

9. Please discuss what federal funding may expire after FY16 that directly affects returning citizens.

In FY 14, in partnership with Department of Corrections and Department of Behavioral Health (DBH), we received a federal Second Chance Act grant to address substance abuse and mental health issues (co-occurring disorders) of 225 females being released from the DOC facility. This grant is due to expire as of 9/30/16. It is in the best interest of the District to continue the two DBH staff positions with local funds as well as fund two community based providers to continue to focus on co-occurring disorders of returning citizens. This initiative may likely enhance the capacity for providers to build capacity to access health care for returning citizens and review trends in challenges related to accessing quality health care to meet specific needs of the population.

10. What new initiatives are the agency implementing to support returning citizens?

The following is a list of FY16/FY 17 initiatives in progress to support returning citizens (with federal funds):

- Dedicate federal funding streams to support community based reentry coordinator positions
 (6-8 staff) who are engaged in client management pre-release and post-release from DOC
 facilities. The target population is individuals with co-occurring disorders beginning in FY
 16. Justice Grants will continue to assist with providing transportation tokens and facilitating
 birth certificates with local funds, as available.
- Support DOC's effort to implement family reunification programs. Justice Grants currently
 funds a provider to conduct transition circles within the DOC facility and a therapeutic arts
 program.
- In FY 16, Justice Grants launched an initiative to collect data on programs offering services to returning citizens using Efforts to Outcomes (ETO) performance management system. This is currently in the discovery and configuration process. The initial configuration phase of the blueprint will begin in Spring FY16.
- Partner with ORCA, CJCC and CIC to update the District's Reentry Strategic Plan to leverage BJA's Byrne JAG and Second Chance Act technical assistance providers. The multiyear Reentry Strategic Plan will also inform OVSJG of the District's priority areas for the Byrne JAG federal funds for the next few years.
- Partner with ORCA to award Federal funds to support a full-time case manager position and part-time peer support specialist positions.
- Support the District's continuous compliance of Prison Rape Elimination Act (PREA) standards, and the District's compliance of the Sex Offender Registry and Notification Act (SORNA).

11. Has the agency revoked any grants in FY15 or FY16, to date?

OVSJG has not revoked any grants in FY15 or FY16 to date.

- 12. Please provide a detailed description of the programs, recommendations, and initiatives of the Juvenile Justice Advisory Group (JJAG) during FY15 and FY16, to date.
 - a. How many youth members participate in JJAG?
 In FY15, there were a total of seven youth members—3 girls and 4 boys. In FY16, there are five youth members—2 girls and 3 boys, ages range from 15-20. Youth represent Wards 5, 6, 7, 8. In June 2015, the Youth's Mayor's Order was signed by Mayor Muriel Bowser. This document officially recognizes the youth who are committed to the work of the JJAG.
 - b. JJAG advises several executive agencies on juvenile justice matters. Please share the feedback from those agencies and improvements in juvenile justice outcomes as a result of JJAG's efforts during FY15 and FY16, to date.

 The JJAG is a vital component of the success of the Title II Formula Grant. Members meet on a monthly basis to discuss various issues relating to juvenile justice. The feedback received is transmitted into the 3-year state plan—a requirement under the Juvenile Justice and Delinquency Prevention Act (JJDPA). Members are instrumental in crafting the District of Columbia's State application. The three-year application seeks the expertise of the JJAG members and their respective agencies. The application provides a summary of the tireless efforts made in curbing juvenile delinquency by DC's juvenile justice agencies. The three-year plan is submitted on an annual basis to the Office of Juvenile Justice and Delinquency Prevention for federal funding.
- 13. Besides JJAG and the agency's truancy initiatives, does the agency manage any other programs that affect juveniles or that require the agency to interact with District juveniles?

Title II Formula Grant funding allows OVSJG to award programs that improve the desired outcomes for the District's criminal and juvenile justice systems. In FY15, Alternatives to the Court Experience Diversion Program (ACE) was launched by the Department of Human Services (DHS. ACE is an inter-agency initiative spearheaded by the Department of Human Services (DHS) and the Department of Behavioral Health (DBH) in collaboration with the Office of the Attorney General (OAG), Court Social Services (CSS), the Metropolitan Police Department (MPD, The DC Trust, and community-based service providers. In less than one year, ACE has established itself as the single point of entry for all youth formally diverted from arrest or prosecution. In FY16, OVSJG funded the Multicultural Career Intern Program (MCIP) housed at the Columbia Heights Educational Campus, a continuation of a successful evidenced-based Youth Delinquency program for at-risk youth and their families. The program will provide comprehensive evidence-based wrap-around services with engaging preventative and diversionary activities that focus on enhanced academic study, counseling services and physical activities. In addition, the United Planning Organization has implemented the Providing Opportunities with Educational Readiness (P.O.W.E.R.) program, which provides high quality after- and out-of-school time programming by offering case

management services, educational, and socio-emotional supports that help students mitigate the barriers to full social and academic engagement by decreasing truancy and school absenteeism. This project will enhance the case management services to program participants and their families, including parents. P.O.W.E.R.'s juvenile delinquency prevention program works with youth on multiple platforms through a comprehensive case management approach that develops specific academic and personal goals for youth and provides wrap around and supportive services for them and their families when needed. The trauma informed approach recognizes that for this population of youth, repetitive and significant encounters with trauma and stress have real consequences for the physical, social, and emotional wellbeing of children. Lastly, Urban Ed is proposing to work with 60 youth through the continued implementation of our IT Youth Empowerment project to help them evade the temptations of the streets and find positive alternatives to crime and violence through solid careers within the information technology field. Youth are now going to work as certified technicians and getting paid, which has permanently changed their lifestyles and diverted them to more positive alternatives. Urban Ed has identified a market segment that extends beyond minimum wage jobs and into tangible careers within high demand markets, and in the DC region technology is one of those solid career fields that can provide opportunities for youth to penetrate. Tier 1 and 2 computer support specialist positions are those that do the frontline troubleshooting, repair and configurations within corporate environments.

14. Please list the task forces and organizations of which the agency is a member.

- National Association of Victim Assistance Administrators
- DC Victim Assistance Network
- Sexual Assault Victims' Rights Amendment Act of 2013 Task Force
- DC Sexual Assault Response Team
- National Criminal Justice Association (NCJA)
- Coalition on Juvenile Justice (CJJ)

15. Please discuss the agency's participation and coordination with the Criminal Justice Coordinating Council and the Office of Partnerships and Grant Services. Specifically speak about the three year plans and annual reports.

The formal agency participation at CJCC's leadership meeting is limited to the Deputy Mayor of Public Safety and Justice who is also responsible for oversight of OVSJG as part of the Office of the City Administrator (OCA) effective FY16. The Director of OVSJG has direct access to the Deputy Mayor on a daily basis, and attends both the Public Safety and Cabinet meetings.

According to CJCC's by-laws, OVSJG is not an active member. However, the role for OVSJG as a participating agency in discussions regarding District's priorities or Federal initiatives is delineated in CJCC's Grants and Planning Committee activities. Alternatively, OVSJG participates in discussions by invitation only or at public meetings conducted by CJCC. For the past several years, Justice Grant's three year plans associated with OJP funding streams have offered supplemental funds to support

District's strategic plans on juvenile justice and adult reentry reforms.

In FY16, CJCC along with the Office of Partnerships and Grant Services launched the Grants and Planning Committee (previously defunct) activities with the Director of OVSJG as the co-chair. With this revamped governance structure, OVSJG has collaborated with the agencies to develop priority areas for several federal funding streams consistent with the District's long-term strategic plans. This is specifically relevant to the juvenile justice and adult reentry strategies initiated by Justice Grants. In FY16, OVSJG will continue to collaborate with CJCC and OPGS to develop the reentry strategic plan and notify to community based organizations the intent to fund priority areas.

16. Please discuss the agency's Title II Formula Grant funding from OJJDP.

OVSJG was awarded a total of \$400,000 in FY15 & 16 by the Office of Juvenile Justice and Delinquency Prevention (OJJDP). The Title II Formula Grant is the primary funding for juvenile justice authorized under the Juvenile Justice Delinquency Prevention Act (JJDP Act) of 1974. The OVSJG focused funding on the following purpose areas: Compliance Monitoring, Delinquency Prevention, Disproportionate Minority Contact, Planning and Administration, Diversion, Prison Rape Elimination Act, and the State Advisory Group allocation. Funds are used to support best practices efforts targeted to prevent delinquency, eliminate prison rape and increase diversion opportunities. OVSJG sub-awarded \$340,000 to eligible organizations district wide, and \$60,000 for Planning and Administration, and SAG allocation. In FY15, the OVSJG successfully awarded five grants to non-profit and government agencies and in FY16, OVSJG awarded seven grants. All grants are awarded for one year, which the OVSJG track's the progress of each grantee by requesting data on a quarterly basis on information that directly aligns with OJJDP's performance measures. The goal of funding is to develop and strengthen preventive services designed to reduce the number of youth entering the juvenile justice system.

17. Please provide a list of projects, programs, and initiatives funded by OVSJG (and OVS/JGA) in FY 2015 and FY 2016, to date. How many victims did these projects/programs serve (if known or estimated)? Additionally, provide a list enumerating each of these projects and programs along with the grantee, a brief description, the applicable dates, funding sources, and amounts funded.

18. Please explain in detail the process by which grantees are notified that they will receive funding from the agency.

The following timeline was in place for funding that was awarded in Fiscal Year 2015. While each year is slightly different in terms of specific dates, all funding solicitations and decisions are made at approximately the same time each year:

- Notice of Funding Availability: Posted on or about March 30, 2015
- Request for Applications posted: On or about April 6, 2015
- Open Solicitation Period: April 6, 2015 May 8, 2015
- Deadline to submit applications: May 8, 2015
- Peer Review Period: May 18, 2015 June 19, 2015
- Review panel period: June 26, 2015
- Consolidation of review panel results: July 1 3, 2015
- OVSJG Internal Review: July 6 July 25, 2015

• Awarding decisions to applicants: July 27, 2015 – September 1, 2015

a. If a grantee receives reduced funding for the next fiscal year, how much notice are they given?

Grants are evaluated from year-to-year based on a variety of factors, including fiscal and programmatic performance in the last fiscal year, priorities of the office, priorities as set by Council, priorities as set by the VAN, and the applicant's specific needs set forth in the application. Applicants are instructed that each application is separate and distinct from the last application, and that funds are not guaranteed from one fiscal year to the next. Each applicant receives notice of funding approximately 30-60 days before the beginning of the fiscal year.

b. If a grantee receives reducing funding for the next fiscal year, what is the process by which they can dispute the reduction in funds?

Applicants are invited to discuss their funding needs at any time with the Deputy Director for the Division in which they are applying for funding. If an applicant is interested in discussing or receiving information regarding non-award decisions, applicants may request an explanation in writing and receive a summary of information obtained during the grant review process.

19. How does OVSJG work with current grantees to assess their ongoing needs throughout the year following initial grant awards?

OVSJG grant managers maintain a close working relationship with all grantees during the course of the grants. All grantees are encouraged to meet with their grant manager periodically to review their needs and to receive technical assistance where it is warranted.

20. Please explain in detail the agency's auditing process for grantees. Please list all audits conducted in FY15 and FY16, to date. Include the agency or organization that was audited, the reason for the audit, and the results of the audit.

OVSJG does not conduct audits of grantees, unless there is an extenuating circumstance. However, OVSJG routinely conducts site visits of its grantees.

21. How does the agency measure grantee success?

As stated previously, OVSJG grant managers assess the programmatic success of grantees through the Performance Management Initiative, which has set standard data measures for all grantees, and standardized outcome measures for each type of service.

22. How are funding priorities set by the agency between various victim services constituencies/sub-populations (e.g. domestic violence, sexual assault, other crime victims)?

The victim services team sets funding priorities in collaboration with the DC Victim Assistance Network, and in response to the identified needs of the community and the District.

23. For FY 2015 and FY 2016, to date, please provide an itemization by category of how funds were awarded from the Crime Victims Assistance Fund.

Funds were awarded from the VAF only for the Domestic Violence Hotline and ASK/U-ASK Programs.

24. Please describe any training and technical assistance that OVSJG offers its subgrantees.

OVSJG provides standard training and technical assistance to grantees each year. The standard training includes a pre-bidder's conference (to provide assistance in applying for the funds), and a post-award conference (to provide guidance with reporting requirements and assisting the awardees with understanding the standard regulations of being a grantee). Both the pre-bidder's conference and the post-award conference include financial fraud prevention training and Office of Civil Rights training modules which are conducted by employees from the Department of Justice. In addition, grantees regularly meet with and communicate grant managers to answer the specific questions of their grant and their funding streams.

25. Please provide an update on the implementation of the Domestic Violence Hotline.

During Fiscal Year 2015, the "domestic violence hotline" was shifted from a single issue hotline to a hotline that is accessible for all victims of crime in the District. The deliberations regarding the domestic violence hotline highlighted the need for hotline services for all victims of crime, most notably victims of elder abuse, financial fraud, attempted homicide, homicide, and mass violence. After OVSJG received reports of extremely low usage during the first quarter of Fiscal Year 2015, OVSJG worked with the operator of the hotline, as well as other members of the victim services community to transform the single issue hotline into a hotline that is accessible to all victims, via phone, chat, and text. The DC Victims Hotline became operational on October 1, 2015. During the first six months of hotline operations (October 1, 2015 – March 31, 2016), OVSJG is working closely with the National Center for Victims of Crime (the provider of hotline services) to ensure that all policies, protocols, and technologies are functioning as intended. In April 2016, OVSJG will formally launch the hotline, using a public relations firm to market the hotline to its intended users. Ads through WMATA will be in use.

26. How has the agency worked to meet the needs of victims specifically from historically-underserved and/or marginalized communities (immigrants, low-English-proficiency, LGBTQ, etc.) in FY15 and FY16, to date? What efforts or initiatives are planned to better reach these communities?

The needs of crime victims who live in or identify with historically-underserved and/or marginalized communities is a core priority for OVSJG. In Fiscal Year 2015, OVSJG launched a special DC Victim Assistance Academy program specifically intended to link culturally-specific service providers to mainstream, or core service providers in the District, and to increase the cultural capacity of core service providers to provide service across the spectrum of geography, religion, ethnicity, sexual orientation, sexual identity, national origin, and race. This Academy program began in Fiscal Year 2014 when OVS teamed with the Mayor's Office of Lesbian, Gay, Bisexual, and Transgender Affairs to develop a curriculum and host an Academy to enhance victim service providers' abilities to work with crime victims who identify as lesbian, gay, bisexual, and transgender. In Fiscal Year 2015, OVSJG hosted three additional cultural capacity building Academies: Working with Latino Victims of Crime, Working with African Victims of Crime, and Working with Asian and Pacific Islander Victims of Crime. In all of the Academies, OVSJG partnered with leading culturally specific victim service providers and the Mayor's Offices of Community Affairs. All four academies were well attended and well received.

Additionally in Fiscal Year 2015, OVSJG launched the Emergency and Victim Services Interpreter Bank (discussed in Question 3 above). The Emergency and Victim Services Interpreter Bank is the first program of its type in the country and is designed to provide on-site, on-call interpreters to victims of crime who speak a language other than English as their first language. The Interpreter Bank has been hugely successful in helping the victim services community meet the needs of victims who speak English as a second language.

In Fiscal Year 2016, OVSJG intends to continue, refine, and expand the work of the Emergency and Victim Services Interpreter Bank, as well as cultivate and develop programs that can serve the needs of traditionally underserved and/or marginalized populations. Examples of these expansions include: implementation of the Crisis Continuum Project (described above) that will provide critical on-site and on-call services to victims of attempted homicide and homicide, a program to serve victims of elder abuse, increased engagement with the military communities, and engagement of the current victim-specific housing providers to ensure that the needs of all victims are best met when seeking housing services.

27. What was the balance of the Victim Assistance Fund (VAF) at the end of FY15?

The balance of the VAF was \$3,181,660.78 at the end of FY15.

28. What is the amount of the last transfer from the Court into the VAF? On what date was that transfer made?

OVSJG received \$1,503,874.00 from the DC Courts on 5/12/2015.

29. What grants have been made out of the VAF in FY15 and FY16, to date? What grants are planned for in the remainder of FY16?

The grants that have been made or will be made out of the Victim Assistance Fund in Fiscal Year 2015 and currently planned for 2016 are:

- Men Can Stop Rape, Re-launch of the ASK DC and UASK DC websites and smartphone applications
- Elder abuse project (exact funding to be determined)
- Crisis Continuum Project support (exact funding to be determined)
- Consultant for Domestic Violence Fatality Review Board (exact funding to be determined)
- Database for Domestic Violence Fatality Review Board (exact funding to be determined)
- Database for Victim-Specific Housing Providers (exact funding to be determined)

30. What was the balance of the Shelter Fund at the end of FY15?

The balance of the VAF was \$1,024,522.82 at the end of FY15.

31. What spending was made from the Shelter Fund in FY15 and FY16, to date? What spending is planned for the remainder of FY16?

There were no expenditures from the Emergency Shelter Fund in FY15 or FY16 to date. There are currently no planned expenditures in FY16.

32. What is the amount of VOCA funds received by the District to be administered by OVSJG in FY16? What is anticipated for FY17?

For Fiscal Year 2016, OVSJG received \$4,443,304 from the Victims of Crime Act Formula grant, \$119,640 from a Victims of Crime Act Fund discretionary grant to conduct strategic planning for victim services in the District, and \$95,009 from a Victims of Crime Act Fund discretionary grant to re-establish the District's Victim Assistance Academy program. FY17 funding will be dependent on the VOCA cap determined by Congress.

a. What plan does OVSJG have to use these funds to assist crime victims?

The Victims of Crime Act Formula grant is guided, to a large extent, by the formula provided to the State Administrators. For each grant provided, 10% of the funding has to be utilized for child abuse services, 10% has to be utilized for domestic violence services, 10% has to be utilized for sexual assault services, and 10% has to be used to provide services to underserved crime victims, which includes homicide. Five (5%) of the grant is used for administrative support within OVSJG. The remaining 55% of the grant can be used at the discretion of the State Administrator. For Fiscal Year 2016, the VOCA Formula grant has been granted to the following organizations for the following grant programs: Safe Shores, personnel services for the District's child advocacy center; Network for Victim Recovery of DC, vertical advocacy and legal services for all victims of crime in the District, including the crisis sexual assault response; Legal Aid Society, civil legal services for victims of domestic violence; DC Volunteer Lawyers Project, civil legal services for victims of domestic violence;

DAWN, advocacy for survivors of sexual assault and domestic violence who are deaf and hard of hearing; Ayuda, Emergency and Victim Services Interpreter Bank project; Fair Girls, advocacy and mental health care for victims of human trafficking; Wendt Center, mental health care for victims of trauma.

The strategic planning grant is intended to convene stakeholders and grantees toward the goal of developing a strategic plan for the development of victim services. Grantees from that funding source to date are, Lynn English Consulting and the National Center for Victims of Crime.

The Victim Assistance Academy Grant is intended to re-establish the District's Victim Assistance Academy program. Grantees from that funding source to date are, Dynamic Strategies, LLC and Anne Seymour.

33. How will the fiscal impact of new costs related to the SAVRAA Task Force and/or Independent Expert Consultant's recommendations impact existing victim services grants?

The fiscal impact of the new costs related to the SAVRAA Task Force and the recommendations of the Independent Expert Consultant are, to some extent, dependent upon the Council. However, OVSJG is committed to the recommendations of the Independent Expert Consultant which have included recommendations for the operations of OVSJG itself. Of the recommendations for the Independent Expert Consultant, OVSJG is in the process of hiring an additional staff person to provide additional support to the Sexual Assault Response Team. This funding will be provided by additional administrative funding provided by the Victims of Crime Act Formula grant. OVSJG is also committed to providing a database for the Sexual Assault Response Team, for the purpose of sharing data and reviewing cases. It is intended that the Sexual Assault Response Team database can be built parallel to or with the database that will support the operations of the Domestic Violence Fatality Review Board.

a. What is the estimated fiscal impact of recommendations in Task Force Report? The estimated fiscal impact of the Task Force Recommendations is attached to this submission.

b. What are the agency's plans to fund these recommendations without impacting grantees?

The fiscal impact of the Task Force Recommendations is largely dependent on Council to approve the recommendations and appropriate funds to carry-out the recommendations. Recommendations of the Independent Expert Consultant are planned to be funded out of the Victim Assistance Fund.

34. What are the agency's plans to provide administrative support and coordination for the Domestic Violence Fatality Review Board in FY16?

The Domestic Violence Fatality Review Board was transferred to OVSJG in December

2015. On January 20, 2015, OVSJG attended its first full meeting of the Domestic Violence Fatality Review Board. OVSJG intends to assume the responsibility of providing administrative support and coordination beginning at the March 2016 meeting of the Domestic Violence Fatality Review Board. In addition, OVSJG has begun the process of evaluating databases that will be sufficient for facilitating the case review of the DVFRB. OVSJG plans to purchase and customize that database before the conclusion of Fiscal Year 2016. OVSJG also intends to hire a consultant with specialized experience in fatality review coordination. A first Request for Applications, which closed on December 1, 2015, yielded no applicants. OVSJG is working closely with the DVFRB to revise the Request for Application and re-post the Request for Application.

a. How much has the agency budgeted for providing this support? For Fiscal Year 2016, OVSJG has budgeted \$150,000 to support the Domestic Violence Fatality Review Board.

b. How will the agency ensure that this administrative support will be staffed consistently from year to year?

For future fiscal years, OVSJG intends to continue the contract for the consultant and/or add an additional FTE to the OVSJG staff, duties which will include the administrative support and coordination of the DVFRB.

35. Please describe the Domestic Violence Near-Fatality Review Committee.

a. What is its purpose/mission?

In 2009, the District of Columbia adopted a risk-based approach to interventions in intimate partner violence cases, through the High Risk Domestic Violence Initiative, signed by City Administrator Neil Albert. This approach brought DC in line with progressive jurisdictions around the country that used validated science-based assessments to ensure connection between community based advocates and victims of serious violence--the most important measure to ensure stable outcomes--, as well as to ensure that a Coordinated Community Response existed between the various criminal justice and social service agencies whose services and actions are vital to victim safety.

Through the HRDVI, these danger assessments and the system of alerts, called the Lethality Assessment Project, are coordinated by DC SAFE, the city's community-based crisis advocacy organization for domestic violence. Since the adoption of this protocol, over 2,400 survivors screened as high risk have received enhanced and expedited community-based advocacy, with increasing response and participation by government agencies in the coordinated response. The LAP has created strongly positive outcomes for victims. In a 2014 survey of both high-risk survivors and those who were not assessed as high risk, the rate of new incidents of victimization among the high-risk pool was nearly half that of the population as a whole. A 2015 evaluation found that domestic violence offenders in cases handled through LAP were arrested 30% more frequently than non-LAP cases, and arrests occurred in nearly half the time; LAP cases also had a higher rate of criminal charges, and a

higher rate of case closure through successful prosecution.

The 2009 HRDVI also called for a Criminal Justice Response Team and a Case Management Review Team, composed of representatives from agencies who support and serve domestic violence victims, including the United States Attorney's Office, the DC Superior Court, the Metropolitan Police Department, the Department of Human Services, the Department of Behavioral Health, and others, to examine current cases to ensure effective interagency communication and effective interventions. In 2015, since LAP has grown to a stable program, DC SAFE has worked to implement this vision. With the assistance of the DC Office of Victim Services and Justice Grants, they have convened these agencies in a **High Risk Domestic Violence Intervention Team.** (Formerly referred to as the Criminal Justice Response Team), identified in the question as the "Near Fatality Review Committee.")

The mission of this team will be to review a core of current serious intimate partner violence cases. LAP programs are intended to ensure an active connection between the highest risk survivors and community advocacy; in effect, this is an innovative way of combining the LAP model, proven nationwide, and emerging High Risk Team models. A High Risk Team model calls for an active, operational, and senior body of representatives from agencies and organizations of interest to respond to the highest risk cases as a seamless team, ensuring linkage and information sharing. By combining this High Risk Team approach with a LAP model, DC will ensure that while the community based advocacy organization like DC SAFE is able to be the primary advocate and entry point for survivors, the interagency response for difficult or high risk cases (near homicides, survivors with frequent victimizations, or other high risk cases) does not depend on direct advocacy, but is a concerted and committed effort. The information sharing that this approach also engenders will improve all parties' resource allocation and promote a broader understanding of victimization in our community.

The team will not be a near-fatality review; cases examined by the team will be current crisis cases. The team's mission will then have two purposes: first, to ensure the cases brought to the team are effectively coordinated to a safe and stable outcome; second, to identify opportunities for system improvement and generate any recommendations or proposals as they become apparent in individual cases or as trends in joint data.

b. Who are the members?

At this time members of this HRDVIT are those named in the original order drafted by the City Administrator and or the members that signed on to the original LAP MOU and have been coordinating the direct services. To date, members have met to build consensus on how to structure and organize the team and its membership. DC SAFE intends, with the assistance of OVSJG, to expand the existing LAP agreement to formalize the membership and operations of the HRDVIT. Currently, the following agencies participate in the LAP or are participating in the formation of the HRDVIT:

USAO, MPD, DCSC, PSA, CSOSA, DHS, DCHA, DBH, DBH, CFSA, and OAG. Currently the proposed membership structure is the following: "New members shall be sponsored by a current member, reviewed for scope, role, and suitable relevance, and voted on by group. The CMRT may always invite other agencies to attend case review meetings as needed if the agency has relevant information on cases being reviewed with no need for membership."

i. How are members chosen?

ii. How long do they serve on the committee?

The HRDVIT is intended to provide focused operational oversight for interventions, with specific attention to current and active cases and process. Therefore, members of this team must be from agencies that are providing the relevant direct services to the population in questions, must be able to make decisions on internal policy for their agency, and make decisions on information sharing for their agency. The HRDVIT does not have a focus on public policy. The FRB will review all homicides in the intended population and provide recommendations to the HRDVIT, as well as to other recipients as required by law. All teams will collect data on services in the intended population area and provide them for annual review by an external partner. Currently, the interactions between the FRB and the HRDVIT are still to be determined.

iii. Are there any community members?

As an extension of the risk-based initiative known as LAP, membership will likely be composed of the LAP-participating agencies to ensure a comprehensive operational cross-section of the domestic violence crisis services community is represented. Currently participating representatives agree that additional community members may be included through a nomination process yet to be determined.

c. Will it evaluate the response of the community and government to domestic violence survivors in specific cases?

Yes. The HRDVIT will focus on current, high-risk cases, and evaluate the specific needs of the survivor, and the individual and systemic response of community and government providers. The immediate goal will be to ensure the survivor's safety in the case; the secondary goal will be to identify opportunities for system improvement.

i. If so, what type of cases will it review?

Cases selected from review will likely be chosen from existing LAP cases, as LAP reflects DC policy since 2009 and is a scientifically-based risk management tool. These cases are intimate partner violence cases where a screening has identified abuser-generated or environmental risks (such as the possession of a firearm by the offender, or incidents of strangulation) that are closely associated with a significantly elevated risk of serious re-assault or

homicide.

ii. How will it choose which cases to review?

Currently there are around 1,000 LAP cases annually with specific agency action requested; as this number is very large, the HRDVIT representatives are currently discussing a reasonable methodology supported by national best practices to identify the most challenging and critical cases. The methodology for case selection is yet to be determined, as is the nominating process. The current group consensus identifies two possible ways for nominations to occur; through a standard criteria applied to all LAP cases, or through nominations of a fixed number of cases periodically from each participating representative.

iii. How will it ensure the confidentiality of victims' personally-identifying information during the review?

Survivor confidentiality is of the utmost importance, and the agencies represented in this team are well-versed in the protection of victim information. At the point of inception in 2009 all agencies spent a year in conversation about confidentiality, victim information, and each agency's mandate/policy around sharing of victim information. This influenced how the policies around sharing of information were formulated for the LAP. In fact, information sharing around cases with the intent of coordination and service provision has been happening since 2009 among the members of this team. DC SAFE, as the community-based advocacy organization, currently keeps a record of Release of Information for each of its clients. In the event that a case nominated for review does not include a Release of Information from a victim for the agencies represented, or for the HRDVIT as a whole, the review team can conduct its review in two stages--first reviewing non-confidential events and factors in the case as a whole, and then excusing representatives who have not been granted a Release for any remaining review where victim-disclosed personally identifiable required for a successful intervention.

d. How will it communicate its recommendations to the Council and domestic violence stakeholders?

To date, this has yet to be determined. The consensus of the group which has met to date is that the team requires a process whereby recommendations for system changes or policy changes that exceed the authority of group representatives can be communicated to stakeholders (VAN, DCCADV, etc.) and the Council. The team may produce a summary of recommendations periodically, or invite a non-participating independent organization to generate an annual report on the findings of the case review and shared data, depending on the final working structure of the team. That said, the intent of this group is not to create policy initiative but to create systemic coordination and procedural change that impact the safety and offender accountability in high risk cases of intimate partner violence.

e. How often does it meet, and how often has it met to date?

The HRDVI in 2009 originally envisioned the CJRT and CMRT as two morning meetings to review the current status of cases. At the time this best practice had not been attempted in an area with as substantial case numbers as DC and had to be modified. The current operational pace of victim services and the strong and sustained success of the LAP make this meeting structure both unfeasible and unnecessary. The LAP coordinates communication about cases on a daily bases within 24 hours of an intervention. Case review with both teams is handled on the agency level. Under the proposed structure the HRDVIT will likely meet monthly to quarterly, depending on the scope of cases nominated as yet undetermined. Since June of 2015, there have been two meetings of the group.
