UG706C Project Description:

The University of the District of Columbia (GFO) has one Capital pool project, UG706C, from which several sub-projects are executed. The project is used to renovate the Van Ness Campus and facilities at other locations within the University of the District of Columbia system (UDC), including the University’s College of Arts and Sciences, School of Business and Public Administration, School of Law, School of Engineering and Applied Science, College of Agriculture, Urban Sustainability, & Environmental Sciences, and the Community College sites at Bertie Backus and PR Harris. The scope of work may include addressing much needed renovations to classrooms, academic laboratories, athletic facilities, auditoriums, faculty and administrative offices, and material storage areas. The scope of work may also include upgrades to the mechanical, electrical, and structural systems, installation of energy management systems and monitoring equipment, and new energy efficient windows throughout the Van Ness Campus. The projects are designed and constructed with enhancing campus sustainability as a primary objective.

**The University has requested a budget increase of \$70M over the next 6 years. The purpose of the increase is to address the need for capital projects associated with the approved Strategic plan and continued infrastructure upgrades.

20. (a) In table format, please provide the following information for fiscal years 2013, 2014, and 2015 (to date), regarding your agency's use of cellular phones and mobile devices: (1) individuals (by name and title/position) authorized to carry and use such devices; (2)

total annual expense (FY) for each individual's use; and (3) justification for such use (per person). If the list is more than one page in length, you may provide it as an attachment.

(b) Please describe how your agency manages and limits its mobile, voice, and data costs, including cellular phones and mobile devices.

21. (a) Does your agency have or use one or more government vehicles? If so, for fiscal years 2013, 2014, and 2015 (to date), please list these vehicles. You may group the vehicles by category (e.g., 15 sedans, 33 pick-up trucks, three transport buses, etc.).

Yes, the university has government vehicles. For fiscal years 2013, 2014 and 2015, the university fleet includes 7 sedans, 1 dump Truck, 1 pickup truck, 4 passenger vans, 2 utility vans, 1 light duty truck, 1 trailer, 1 tractor and 1 motor coach.

(b) Please list all vehicle accidents involving your agency's vehicles for fiscal years 2013, 2014, and 2015 (to date). Provide: (1) a brief description of each accident; (2) the type of vehicle involved; (3) the justification for using such vehicle; (4) the name and title/position of the driver involved; and (5) whether there was a finding of fault and, if so, who was determined to be at fault.

On October 24, 2013 the university transportation department was notified of an incident involving one of the university fleet (Grand Caravan) that resulted in a cracked windshield. The driver of the vehicle at the time was Ms. Jennifer Smith. Ms. Smith is no longer with the university but stated she was on 295 behind a dump truck when an object came off the back of the truck hitting the windshield causing it to crack. No photos were taken of the windshield. This particular vehicle is used to travel to and from the university farm.

On October 25, 2013 the university public safety department was notified of an accident involving one of the university fleet. Mary E. Farrah (UDC Staff) was operating UDC Owned Vehicle (White Chevy Multi-passenger van DC 9051) east bound on Taylor St NW from 14th St. She attempted to yield to another vehicle traveling west bound due to the size of the vehicle. While doing so she misjudged the distance between her vehicle and a parked vehicle and hit the front driver's side bumper. The bumper was pulled from the body slightly after making contact with the mud flap/running board of the striking vehicle. MPD was contacted and Officer Anthony D. Christian of the 4th district responded. Officer Christian prepared a damaged property report (CNN 153-511). No notices of infraction were issued. Ms. Farrah was provided a DPW vehicle accident report and was instructed to complete the forms immediately and to contact her immediate supervisor to complete the supervisory investigation section.

On August 5, 2014 the university transportation department was notified of an accident involving one of the university fleet. Roy Lycorish (UDC Staff) was operating a UDC owned vehicle (2009 Chevy Silverado DC-9005) driving on Old Baltimore Pike when he rear ended another vehicle waiting at the stop light (outcome pending investigation).

On February 4, 2015 the university transportation department was notified of an incident involving one of the university fleet (Chevy Van DC-9051). Ms. Lorraine Clark (UDC Staff) was pulling out of a parking space in the Van Ness Campus Parking garage she turned sharply and misjudged the distance. By doing this, the running board was ripped off the van.

22. D.C. Law requires the Mayor to pay certain settlements from agency operating budgets if the settlement is less than \$10,000 or less than two years old (see D.C. Code § 2-402(a)(3)). Please itemize each charge-back to your agency for a settlement or judgment pursuant to D.C. Code § 2-402.

None.

23. (a) D.C. Law prohibits chauffeurs, take-home vehicles, and the use of SUVs (see D.C. Code §§ 50-203 and 50-204). Is your agency in compliance with this law? Please explain any exceptions.

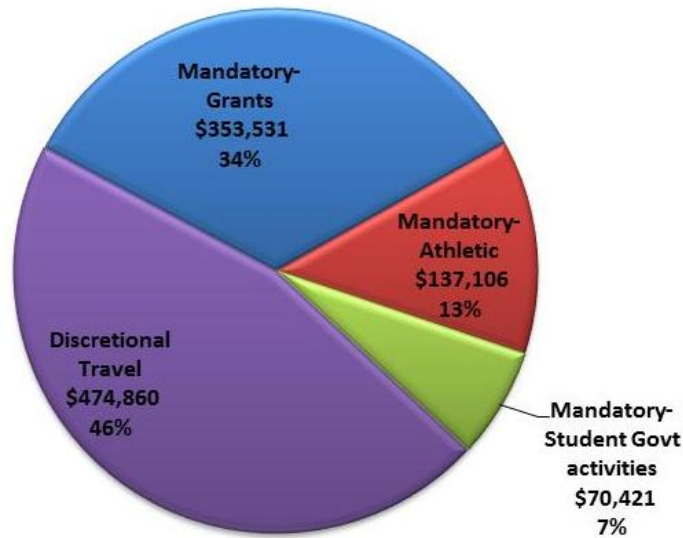

Yes, the University of the District of Columbia is in compliance with this law.

(b) If there are exceptions, please provide the following: (1) type of vehicle (make, model, year); (2) individuals (name/position) authorized to have the vehicle; (3) jurisdictional residence of the individual (e.g., Bowie, MD); and (4) justification for the chauffeur or take-home status.

24. In table format, please provide the following information for fiscal years 2013, 2014, and 2015 (to date) regarding your agency's authorization of employee travel: (1) individuals (by name and title/position) authorized to travel outside the District; (2) total expense for each trip (per person, per trip, etc.); and (3) justification for the travel (per person).

The UDC uses two methods for procuring travel: the Purchase Card – where employees procure travel via credit cards issued by the University. In this method, the only information received by the OCFO is a credit card statement with multiple card charges. Cardholders then identify the accounts to which the expenditures are to be charged. No detailed information is provided by either the credit card company or the procuring department on travel events. Also, the University's financial systems do not include a travel module to maintain detailed travel information – who, why, where & when. The respective department or office is the repository for that detail. Travel Authorization/Direct Payment – where employees procure travel with funds that are; advanced by the University, paid directly to third party vendors, provided by the employee and is later reimbursed or, any combination of the preceding three methods. Although the accounting system identifies these transactions as travel related, the lack of a travel module in Banner precludes the maintenance of detailed travel information – such as the who, why, where & when. Each respective department or office that has a travel budget allocation is the repository of that information

University travel expenditures for FY 2014 totaled \$1,035,917, which includes \$561.1K (55%) in mandatory travel and \$474.5K (46%) in discretionary travel. The travel expenditure category represented less than 1% of all FY 14 University expenditures.

Mandatory travel includes three major categories:

- Grant funded travel (thus required by the funding agency) - \$353K (34%)
- Athletic team transportation - \$137K (13%)
- Student organization travel funded by student fee revenue which can only be used for student organization activities - \$70K (6.8%)

A significant amount of discretionary travel supports faculty and staff professional development which is required to meet professional and regional accreditation standards.

The University does not prepare a "current annual performance plan", that is submitted to the City Administrator. The Vision 2020 Strategic Plan approved by the Board of Trustees on February 18, 2014, is the framework by which the University makes strategic resource allocations and decisions about academic programs realignment and reductions, personnel realignment, increased recruitment and enrollment targets, and balancing cost reductions with targeted increases to improve University outcomes.

27. What are your top five priorities for the agency? Please provide a detailed explanation for how the agency expects to achieve or work toward these priorities in fiscal years 2015 and 2016.

In accordance with the Strategic Plan recommendations, the University's top five priorities include making program changes and investments in the following areas:
