# Alcoholic Beverage Regulation Administration

The Adjudication Division is responsible for the administration of the ABC Board's adjudicative system.

There are two primary case processing and adjudication components: enforcement cases and protest cases.

For enforcement cases, the Adjudication staff works closely with ABRA investigators and the Office of the Attorney General to ensure that cases are brought timely for hearings before the Board. Additionally, staff prepares Board Orders and ensures the collection of Board-ordered fines. For protest cases, the Adjudication staff tracks all filed protests and works closely with licensees, Advisory Neighborhood Commissions and the public to keep parties apprised of hearings and the protest process. For those protests that settle through ABRA's mediation process, staff reviews and briefs the Board on Settlement Agreements, as well as prepares the Board Orders approving the settlement.

# Alcoholic Beverage Regulation Administration

ABRA's Licensing Division processes alcoholic beverage license applications to issue new and renewed licenses to off-premise retailers (liquor stores, grocery stores, and markets), and on premise retailers (restaurants, hotels, and nightclubs), as well as to other establishments that manufacture, distribute, sell, serve or import alcoholic beverages in the District of Columbia. ABRA also issues ABC manager's licenses and temporary licenses at a specific location for up to four days. The division provides technical assistance to the public about the licensing process. Licensing personnel work with Advisory Neighborhood Commissions (ANCs) and other community organizations to notify the public and keep an open dialogue among these groups. In addition, licensing staff members evaluate and recommend changes in licensing processes, regulations, and licensing fees.

# Alcoholic Beverage Regulation Administration

The Enforcement Division conducts regulatory and voluntary agreement compliance inspections, conducts underage compliance checks, conducts joint investigations as needed with the Metropolitan Police Department (MPD), Fire and Emergency Medical Services Department, (FEMS), the Office of Tax and Revenue (OTR), the Department of Consumer and Regulatory Affairs (DCRA), and others; and conducts various inspections associated with the licensing and adjudicatory processes such as final, compliance, placard, special event, and financial audit investigations. The program also participates in Neighborhood Core Meetings, meetings and briefings with MPD Districts, police roll calls, and other activities in order to facilitate interagency cooperation and knowledge sharing on matters of common concern.

# Alcoholic Beverage Regulation Administration

The Agency Management Program provides for administrative support to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting. In addition, the Records Management component provides file, document and database information to ABRA staff, the Alcoholic Beverage and Control (ABC) Board and the general public so that they can receive accurate information and files. The Public Information Officer (PIO) is responsible for planning, developing, and communicating the agency's programs, policies, and activities, as well as externally to the general public through news media, various constituencies, and municipal entities for the agency. The PIO is responsible for providing leadership and direction for program operations including, but not limited to records management, community resources, and communications.

6. Does the agency conduct annual performance evaluations of all its employees? If so, who conducts such evaluations? What steps are taken to ensure that all agency employees are meeting individual job requirements?

**Response: Yes, ABRA conducts mid-year and annual performance plans for its employees, including managers. Mid-year performance plans are required to be completed by managers and reviewed with the employee. The mid-year is a marker for the employee to ensure they are on track to meet or exceed their performance goals. Annual performance plans are then completed at the end of the fiscal year by the manager to evaluate the employee’s performance and provide feedback. The mid-year review provides an opportunity for all managers to ensure that employees are meeting their individual job requirements. Managers may at any time during the course of the performance year provide feedback to the employee to encourage and assist with meeting all job requirements.**

8. Please provide an explanation of the type of work approved for overtime pay. Please provide a list of employees and the amount of overtime they were paid.

**Response: The Enforcement Division offers overtime for matters related to investigative operations and special events. Operational matters where overtime would be approved includes investigating violent incidents after normal working hours; undercover operations during hours the investigative staff is not normally working; and compliance checks. ABRA investigators also work overtime at special events such as festivals and other entertainment events designated by the Mayor’s Special Events Task Group (MSETG). In addition, overtime is granted for time sensitive investigative or administrative matters, which cannot be completed during the employee’s regular working hours.**

**The Licensing Division sometimes offers overtime for matters related to processing an influx of new and substantial change license applications and renewal applications. Matters where overtime would be approved includes renewal periods of specific license classes and annual payments. Additionally, overtime may be offered to work on time sensitive licensing/agency projects. Finally, ABRA’s Community Resource Officer and other ABRA staff sometimes receive overtime to attend and give presentations at community meetings held in the evening or for trainings for the public held on weekends.**

16. What steps were taken in FY16 and FY17, to date to reduce the following:

- A. Energy use
- B. Communication costs
- C. Space utilization

**Response: During FY16 and FY17, ABRA has made every effort to comply with all requests for energy conservation by the Department of General Services (DGS). ABRA has attended tenant meetings for the Reeves Center to ensure that we are updated on the latest issues and concerns with conserving energy. Additionally, ABRA has participated in DGS’ building survey. This included ABRA assisting a team of engineers in taking an inventory of all of the equipment that are associated with the mechanical, electrical and plumbing systems within the building to assess their efficiency. To date, ABRA continues to conform to all requests to conserve energy made by DGS.**

**ABRA reviews the cost of communication devices on an annual basis. ABRA is assisted by the Office of the Chief Technology Officer (OCTO) in reviewing the cellular devices as well as our landlines. OCTO advises ABRA when a line has been inactive for over two months and could potentially be suspended until needed thus providing a cost savings. ABRA continues to take advantage of these scenarios to ensure cost savings.**

**At this time, ABRA is still utilizing space in the Reeves Center and has no immediate plans to move. Potential enhancements could be made to ABRA’s current space if needed in the future to add additional cubicles or offices.**

If so, how many complaints and investigations were initiated as a result of this program in FY16 and thus far in FY17? (Please provide a list of complaints and investigations by college or university in the District)

**Response: Yes, ABRA is still operating the “DC: Double Check 101” program. ABRA received four (4) complaints in FY16 through the DC: Double Check 101 program and followed each complaint with some form of enforcement action (monitoring, meeting with management, ID checks, etc.) As a result of those complaints, two (2) investigative cases were generated by ABRA’s Enforcement Division. As of February 1, 2017, ABRA has received four (4) complaints in FY17 through the DC: Double Check 101 program and is following up with some form of enforcement action. Two (2) investigative cases were generated by the Enforcement Division as a result of the FY17 complaints.**

**A list of the four complaints from FY16 is attached. Below is a list of the four complaints received in FY17:**

**October 18, 2016: ABRA received an e-mail from George Washington University regarding Shadow Room allowing underage drinking. Monitoring conducted, no violations found, Shadow Room is now out of business.**

**October 19, 2016: Catholic University sent an e-mail advising of underage drinking at Rumors. Location was monitored, no violations found.**

**December 12, 2016: ABRA investigators responded to a complaint regarding FoBoGro from MPD regarding a university student that is a minor that was using a fake ID to purchase alcohol. A case was generated.**

**January 24, 2017: ABRA investigator with DC Double Check 101 program contacted George Washington University Police regarding a GWU student contacted with fake identification at Georgetown Piano Bar. A case was generated.**

**Response: There were no license revocations in FY16. There have been no license revocations thus far in FY17 (through the end of January 2017).**

**There were four (4) licenses in FY16 that the Board summarily suspended following a MPD Chief of Police closure. Those four establishments are:**

- (1) Bar Code, 1101 17<sup>th</sup> Street, NW;**
- (2) Bravo Bravo, 1001 Connecticut Ave, NW;**
- (3) Cedar Hill, 2200 MLK Jr Ave, SE; and**
- (4) Salina’s, 1936 9th Street, NW.**

**As of February 1, 2017, there has been one license thus far in FY17 that the Board summarily suspended following an MPD closure. That establishment is Cities DC located at 1909 K Street, NW.**

**All of the summary suspensions were based on the Board’s finding that the operations of the licensed establishment presented an imminent danger to the health and safety of the public.**

**Excluding the licenses that are suspended as the result of summary suspension cases, ABRA suspended 23 licenses in FY16 and 9 licenses in FY17 (through January 2017).**

49. Explain ABRA's current procedures with respect to responding and investigating complaints about noise from ABC establishments?

**Response: ABRA responds to noise complaints according to DC Official Code § 25-725, which reads as follows:**

**25-725. Noise from licensed premises**

**(a) The licensee under an on-premises retailer's license shall not produce any sound, noise, or music of such intensity that it may be heard in any premises other than the licensed establishment by the use of any:**

**(1) Mechanical device, machine, apparatus, or instrument for amplification of the human voice or any sound or noise;**

**(2) Bell, horn, gong, whistle, drum, or other noise-making article, instrument, or device; or**

**(3) Musical instrument.**

**(b) This section shall not apply to:**

**(1) Areas in the building which are not part of the licensed establishment;**

**(2) A building owned by the licensee which abuts the licensed establishment;**

**(3) Any premises other than the licensed establishment which are located within a C-1, C-2, C-3, C-4, C-M, or M zone, as defined in the zoning regulations for the District; or**  
**(4) Sounds, noises, or music occasioned by normal opening of entrance and exit doors for the purpose of ingress and egress.**

**(c) The licensees under this subchapter shall comply with the noise level requirements set forth in Chapter 27 of Title 20 of the District of Columbia Municipal Regulations.**

**The open access complaint process currently in place, allows complainants to forward complaints using the following methods:**

- ABRA phone hotline;**
- ABRA on-line complaint form;**
- Email;**
- Letter; and**
- Twitter**

**For complaints that are received while the noise (usually music) is active, complainants commonly call the ABRA hotline and speak with the Supervisory Investigator on-duty.**

**The complaint is screened and recorded to ensure that it is responded to by the appropriate agency. The complaint is included on the ABRA noise log with the following information:**

- 1. Time and date of the complaint;**
- 2. Name and address of the establishment that is the subject of the complaint;**
- 3. Name and address of the complainant, if available;**
- 4. Nature of the noise complaint; and**
- 5. Whether the complaint was substantiated.**

**If it is a matter for ABRA, the on-duty Supervisory Investigator refers to the District of Columbia Official Zoning electronic map to determine the zoning information for the complainant's address. ABRA records would also be reviewed to determine if there is a settlement agreement.**

**Following this supervisory assessment; the complainant is provided with information concerning ABRA's response options and the likelihood of a violation based on zoning information.**

**If it is determined that the circumstances are fitting for ABRA follow-up, the complainant is provided with an overview of the standard procedures for follow-up, which involves two investigators entering the complainant's residence to determine whether the noise can be heard with the doors and windows closed. If the complainant elects to have investigators respond, the supervisor sends two investigators to the residence. Upon their arrival, the investigators enter the residence to listen and determine if there is a noise violation.**

**If the noise is not heard, investigators will advise the complainant and notify the licensee's representative that the business was the subject of a complaint.**

**If noise is heard the investigators will respond to the establishment, to verify the source and advise the licensee's representative (owner or ABC Manager) of the violation. In the days following the violation notification, one of the investigators will prepare a case report. The report will detail the circumstances and investigative findings.**

**Regardless of how and when the noise complaint is received, an ABRA employee will contact a representative (ABC Manager or owner) of the establishment by phone or registered mail, or in person to inform them that the establishment is the subject of a noise complaint.**

**ABRA's Noise Program Coordinator is Supervisory Investigator Keith Gethers who is responsible for maintaining the log, responding to questions and concerns, and conducting presentations. In situations where the law does not provide the desired relief, the complainants are supplied with alternative methods to seek relief or a compromise via one the following processes:**

**Alternative Dispute Resolution: Efforts are undertaken with complainants and ABC licensees to informally resolve issues. For noise – the agreed upon remedies commonly involve agreements to reposition speakers, determine and utilize predetermined volume settings and reduce bass settings (which is a common problem).**

**Settlement Agreement Enforcement:** ABRA is responsible for enforcing the terms of settlement agreements. A settlement agreement is a contractual agreement between an ABC licensee and often a protestant to a license, which becomes part of the terms of the ABC license.

**Filing a Protest:** A Protest is a written statement submitted to the ABC Board opposing the issuance of, or modification to, an establishment's ABC license. Protests are often initiated in regards to:

- A new ABC license application or license renewal (every three years);
- Transfer of an ABC license to a new location;
- Substantial changes to the nature of an operation, e.g. the addition of a sidewalk café, summer garden, extension of hours of operation or additional seating;
- Changes to license class (e.g. from restaurant to tavern); and
- Application for an entertainment endorsement.

54. Please identify all electronic databases maintained by ABRA, including the following:

**Response: ABRA currently maintains an electronic database via licensing software offered by proprietor Accela, Inc. ABRA upgraded to the newly released 8.0 version of the software in the spring of 2016. Another user upgrade to the 9.0 version of the system is planned for the near future. The database is utilized by ABRA's licensing, enforcement, and adjudication divisions.**

A. A detailed description of the information tracked within each system

**Response: Accela, Inc. hosts the database system and data in a Cloud environment on Accela servers. Information retained in the Accela system includes current and historical licensee data and records. The Accela system also:**

- 1. Establishes and maintains lists of users;**
- 2. Creates lists of record types (license types and statuses, substantial changes, change of offices/ownership information, renewals and payments with receipts, protests, enforcement complaints, citations, comments, workflows, etc.);**
- 3. Creates a list of reports to include any documents that are generated by Accela (e.g. receipts, licenses, citations, etc.);**
- 4. Generates statistics on the number of records (e.g. how many records for each type of license and how many complaints per type, etc.); and**
- 5. Maintains billing and payment invoices relevant to new and existing licenses and renewals.**

B. The age of the system and any discussion of substantial upgrades that have been made or are planned to the system

**Response: Accela is requiring users to upgrade to the 9.0 version of the system in the future. The last phase of upgrading the system will include implementation of Accela's Citizen's Access portal, which features online payment and renewals. This phase will also include enhancing mobile enforcement capability and system safeguards.**

C. Whether the public can be granted access to all or part of each system

**Response: As part of a future upgrade, the public will be granted access to the system through Accela's Citizen's Access portal. Through this portal, the public will be able to establish and access secure, interactive, individual user accounts; submit license applications; make payments via PayPal interface; and peruse licensing data and/or request information.**

55. What has the agency done in the past year to make the activities of the agency more transparent to the public? In addition, please identify ways in which the activities of the agency and information retained by the agency could be made more transparent.

**Response: ABRA provides transparency to the public through a multi-pronged approach.**

**First, all Alcoholic Beverage Control Board (Board) public hearing notices, agendas, decisions, orders, transcripts and rulemakings are made available on ABRA’s website. The majority of these documents are posted to the site on a weekly basis. Many of the same documents are also posted to the DC Register.**

**Second, members of the public can sign up to have notice of many Board and agency activities emailed directly to their inbox each week. This includes Board hearing schedules, agendas, orders and decisions as well as ABRA trainings, media releases, licensee updates and newsletters.**

**In addition, Board hearings are open to the public. Hearing schedules are communicated not only through the website and email updates but also on placard notices that are posted on affected establishments. These notices provide the public with notice of business development and license renewals in their community and allow them to be a part of the protest process.**

**ABRA’s Legal Division and the Office of Public Information coordinate to develop information that is provided at community and ANC meetings and trainings. These meetings serve to educate and inform community members on issues regarding license renewals and requirements for the submission of settlement agreements.**

**The licensing, legal, and director general email accounts were initiated, to give the public yet another way to reach ABRA staff. Between old ways to reach us (in person, on the phone, the list-serv), and the new technology-friendly steps that have continued to grow with the times, there is a convenient way for any person to keep in touch with ABRA and get the information they need 24-hours a day. The agency has also refined the license renewal processes and procedures to streamline renewals and facilitate a better returning customer experience.**

**ABRA has also taken steps towards final implementation of Accela Citizens Access, which will make ABRA information and services far more interactive and accessible online to a**

**larger number of citizens. This is a viable important step towards transitioning virtual citizen access to expand and enhance ABRA's customer access and services through this portal.**

**Alcoholic Beverage Regulation Administration (“ABRA”)**  
**FY16-17 Performance Oversight Hearing Questions**  
**Committee on Business and Economic Development**

56. How does the agency solicit feedback from customers?

**Response: ABRA has been conducting surveys on its trainings to learn how well these seminars are working for licensees and the community and whether the agency needs to make any adjustments to the presentations.**

**We also encourage licensees and the public to provide comments on rulemakings. A good example of this includes the recent public hearing on the Reimbursable Detail Subsidy Program Rulemaking on Feb. 15, 2017. During that hearing, members of the public can submit comments on the Board’s rulemaking. The Board will take all of the comments it receives on the issue into consideration prior to delivering a final rulemaking.**

57. Has the agency changed its practices as a result of such feedback?

**Response: Feedback received on ABRA trainings was positive and did not indicate the need for changes; however, the agency is continuing surveying attendees to verify whether trainings may need to be adjusted in the future.**

**Additionally, the Alcoholic Beverage Control Board will take all of the public comments it receives on the Reimbursable Detail Subsidy Program rulemaking into consideration prior to issuing a final rulemaking on the issue.**

58. Please provide any additional information, feedback, or requests to the Committee that ABRA deems necessary.

**Response: ABRA has no additional feedback or requests at this time.**
