DDOT Information Technology Electronic Systems

Cityworks

This is a web-based/Commercial of the Shelf (COTS) Work Order Management System DDOT uses to manage over 250K 311 Service Request (SR) each year. This system currently integrates with OUC 311 CSR system.

- System Age – 12 years
- Last Upgrade – 2016
- Data Available to Public – Yes

Compendium

The web-based SharePoint DDOT Compendium is an online reference that provides comprehensive information about all of DDOT's policies, procedures, and services. The Compendium contains a variety of materials - ranging from regulations, to federal legislation, to transportation studies, to FAQs. It is organized alphabetically, by subject, and contains summary pages that provide links to all related documents and references.

According to the District Department of Transportation Policy Compendium Act of 2012 (District Law 19-168):

- "On or before September 30, 2013, the District Department of Transportation shall prepare a policy compendium listing all of the agency's policies and procedures that affect the management of the transportation network and public space...,"
- "The District Department of Transportation shall make the policy compendium available online...,"

The Compendium complements the innovative online resources already provided by DDOT and the District government, such as DDOT's website (www.ddot.dc.gov) for current department news and projects, DDOT's Transportation Online Permitting System (TOPS) for processing public space applications and permits, and 311 Online for accessing city service requests.

DDOT Information Technology Electronic Systems

Cyclomedia Globespotter

This is a hosted, web-based/GIS centric solution used to view panoramic street level imagery collected for the District Government. The system produces Cycloramas (digital, spherical, 360° panoramic images).

- High resolution imagery
 - Well defined internal image geometry
 - Accurate georeference (10 cm) and orientation (0,1°)
 - Complete Metadata
 - All Roads and Alleys were collected
 - Delivery through web hosting or local installation
 - Integrated with ArcGIS and AGO
 - Data Collection Toolbar
 - Measuring tool
-
- System Age – 4 years
 - Last Upgrade – 2016
 - Data Available to Public – No
 - URL - <https://globespotter.cyclomedia.com/>

HPMS

This is the Highway Performance Monitoring System, a web-based application used by IPMA for managing roadway condition data into the mandated FHWA 2010+ format. It generates accurate reports for annual FHWA submittal.

- System Age – 5 years
- Last Upgrade – 2014
- Data Available to Public – Yes
- URL - <http://ddotgisapp02/hpms>

DDOT Information Technology Electronic Systems

Nearmap

This is a hosted, web-based/GIS imagery solution used to view aerial photography collected for the District Government. The company is able to capture new imagery every 3-4 months at very high resolution.

- High resolution imagery
 - Accurately georeferenced (15cm)
 - Delivery through web hosting or local installation
 - Integrated with ArcGIS and AGO
 - Data Collection Toolbar
 - Measuring tool
-
- System Age – 3 years
 - Last Upgrade – 2016
 - Data Available to Public – No
 - URL - <http://go.nearmap.com/>

Park DC App

The parkDC mobile app provides real-time parking availability and rate information in the District's Penn Quarter and Chinatown neighborhoods. The app aims to reduce the time needed to find parking, improve turnover of high-demand spaces, provide better parking information, and reduce congestion.

Developed by DDOT, the parkDC app provides parking availability and rate information for on-street parking in the Penn Quarter-Chinatown area, which is bordered by E Street and H Street, NW, between 3rd Street and 11th Street. This is the study zone for DDOT's demand-based pricing pilot program that uses meter rate adjustments to improve parking availability.

The parkDC app shows on-street parking availability using green, orange and red lines, which indicate low, medium or high numbers of spaces. Hourly prices are provided for each block. The parkDC app also provides location, daily rates and hours of operation for parking garages. System Age – 3 years

- Last Upgrade – 2016

DDOT Information Technology Electronic Systems

- Data Available to Public – No
- URL – N/A. Application is available as free download in Android and iOS mobile devices

Protrack+

This web-based GIS centric application captures the geographic extent of all roadway projects. In addition, the system will be used to monitor protected streets, and begin cost sharing initiatives with other roadway stakeholders. ProTrack+ assists with the overall management of DDOT projects through the entire project life cycle, including but not excluding funding obligation, contract award, solicitation and project close out. This system will also serve as a central repository for all project related information.

- System Age – 3 years
- Last Upgrade – 2017
- Data Available to Public – Yes
- URL: <https://protrackplus.ddot.dc.gov>

RideDC

The RideDC Portal Dashboard was conceptualized to provide DC retail establishments and organizations with a web-based tool that would allow users to easily create their own “custom” dashboard to display a dynamic map of transit options near their establishment. The RideDC Portal Dashboard provides near real-time information about multi-modal transportation options and locations on the map. The portal displays:

- Metro Bus / DC Circulator schedules and Nextbus updates
- Metrorail arrival predictions
- Capital Bikeshare bike and open dock availability
- Carsharing location and car availability

The custom dashboard are expected to be display on a monitor near the exit of the retail establishment or somewhere easily accessible to visitors of the establishments, offering the clients near real-time transportation options for their next destination.

DDOT Information Technology Electronic Systems

- System Age – 2 year
- Last Upgrade – 2014
- Data Available to Public – Yes
- URL - <http://ridedc.ddot.dc.gov/>

RideDC Trip Planner

The rideDC Trip Planner is a mobile application designed to help residents and visitors navigate around the District. An updated version of the trip planner, which was released in July 2016, features real-time rail and bus arrivals, as well as current bus locations. The application is map centric and contains a trip planner feature that allows users to chart a course between two destinations using a variety of transit options, including Metrorail, Metrobus and Capital Bikeshare. Transit options are also available in a table format that features route destination information and arrival times for all modes except Capital Bikeshare.

- System Age – 1 year
- Last Upgrade – 2016
- Data Available to Public – No
- URL – N/A. Application is available as free download in Android and iOS mobile devices

Roads and Highways

Roads and Highways is a new GIS centerline inventory and maintenance tool at DDOT. The tool allows DDOT to update the linear referencing system (LRS) through standard GIS software (ArcGIS) and maintain the attributes and characteristics of the centerline via a secured Web application. The resulting data are shared via public-facing Web services.

- System Age – 3 years
- Last Upgrade – 2016
- Data Available to Public – Yes

Sharepoint 2010 and 2013

DDOT Information Technology Electronic Systems

This Microsoft web-based solution is used for internal collaborations, conference room reservation, leave calendar, projects and so on with added features in Microsoft products.

- System Age – 7 years
- Last Upgrade – 2014
- Data Available to Public – No

StormTrak

StormTrak is a web-based application used during snow and storm events to track labor and material cost for DDOT and DPW.

- System Age – 4 years
- Last Upgrade – 2014
- Data Available to Public – No

TOPS

This web-based application is the District Department of Transportation's Online Permitting System (TOPS) that allows you to apply for a Public Space Occupancy, Construction, Excavation or Annual Rental Permit required for use of public space within the District of Columbia. You can be a home owner, tenant, or business needing to occupy metered or unmetered curbside parking, sidewalk, alley or travel lane areas for your activity or construction related work. Once registered, the system makes it easy for you to log into your account any time to apply for a permit, edit your application, upload plans electronically, or check the status of your application. TOPS even allows you to pay for the permit online and then print your permit and reserved parking or emergency not parking signs at any of the DDOT kiosks. The DDOT kiosks are conveniently located at the local 2nd, 3rd, 4th, 5th, 6th, 7th Metropolitan Police Department District offices and our DDOT Public Space Permit Office at 1100 4th Street SW.

District Department of Transportation (DDOT) FY2016 Performance Accountability Report (PAR)

Introduction

The Performance Accountability Report (PAR) measures each agency's performance for the fiscal year against the agency's performance plan and includes major accomplishments, updates on initiatives' progress and key performance indicators (KPIs).

Mission

The District Department of Transportation's (DDOT) mission is to enhance the quality of life for District residents and visitors by ensuring that people and goods move safely with minimal adverse impact on residents and the environment.

Summary of Services

DDOT executes its mission through the work of several divisions. The Infrastructure Project Management Administration designs and builds roads, bridges, rails and other transportation infrastructure projects; the Progressive Transportation Services Administration provides public transportation service through Metro and the Circulator bus system; the Transportation Operations Administration ensures a safe and user-friendly transportation environment; the Planning, Policy and Sustainability Administration develops strategic goals for the agency; the Public Space Regulation Administration regulates the safe and efficient use of the public space for various public and private uses; the Urban Forestry Administration maintains the District's street trees, providing our community with traffic calming, improved air quality, increased ground water retention that minimizes runoff and flooding, temperature moderation, and aesthetics.

Overview – Agency Performance

The following section provides a summary of DDOT performance in FY 2016 by listing DDOT’s top accomplishments, and a summary of its progress achieving its initiatives and progress on key performance indicators.

Top Agency Accomplishments

Accomplishment	Impact on Agency	Impact on Residents
ProTrack Plus	Constituents have the ability to utilize (DTAP) District Transportation Access Portal. (DTAP), a component of ProTrack Plus, is a public facing website that provides constituents, residents, private developers, utility companies and contractors access to ongoing project information, open solicitations and bid documents.	DDOT’s Office of Information Technology and Innovation (OITI) completed the launch of ProTrack Plus. ProTrack Plus is a GIS-centric web application that relates DDOT’s various construction projects to our transportation assets. Users access a construction project’s financial and procurement information, using the GIS map-based function. ProTrack Plus serves as a digital hub for all DDOT projects, program documentation, contract solicitation approval workflow and construction management documents. Thus far in FY 16, DDOT has launched several modules with ProTrack Plus starting with Call for Projects, Small Business Enterprise and Contract Solicitation. It increases the clarity and transparency among colleagues and external parties and help DDOT manage projects through their entire life cycle. DDOT staff can track and manage projects through various phases including call for projects, funding obligation, contract and procurement, construction management, payment tracking and project closeout processes eliminating the current stove piping/silos that exist between project-related applications.

Infrastructure Improvement Plan
(Alleys/Sidewalks)

The work DDOT performs on these assets improve the quality of life and provide safe passage for the residents within the District.

DDOT has worked aggressively to increase the amount of alleys and sidewalks that were rehabilitated in FY 16. The Asset Management team received an increase in funding for FY 16 to improve the condition of these assets within the District. DDOT was provided 13% more funding for alley rehabilitation projects in FY 16 over FY 15 levels. In FY 16, through increased budget allotments, better financial management, and aggressive program management DDOT was able to rehabilitate more alleys in our AlleyPalooza program. Similar to alleys, DDOT received increased funding in FY 16, for sidewalk rehabilitation compared to FY 15 levels. This increase in funding allowed DDOT to increased the number of sidewalk blocks from 175 to 261.

Public Space Permitting Process

This streamlined process has minimized the turnaround times for constituents from application to issuance and provided more open data for the people to view.

DDOT completed the year with various improvements to the Public Space Permitting Process. In FY 16, DDOT's Public Space team processed 94% of the public space permits on time (defined as being approved pending payment no more than 30 days following submission). Performance has improved dramatically over the past five (5) fiscal years, but specifically in FY 16 same day approval occurred 48% of the time. The Public Space Office has improved their service delivery time by 17% for approvals within 30 days but also reduce the overall number of days to approve by 41. These performance improvements happened while the number public space permits tripled in the last five fiscal years. The Public Space Administration also implemented several updates/upgrades to the Transportation Online Permitting System in FY 16 such as:

1. Automatic truck routing system;
2. All approved traffic control plans for construction staging areas were made viewable by the public;
3. Launched new permit types for buses
4. Updated permit application for trees based new legislation.

In FY 2016, DDOT had 41 Key Performance Indicators. Of those, 5 were neutral. Of the remaining measures, 46% (19 KPIs) were met, 22% (9 KPIs) were nearly met, and 20% (8 KPIs) were unmet. In FY 2016, DDOT had 44 Initiatives. Of those, 39% (17) were completed and 36% (16) were nearly completed, and 25% (11) were not completed. The next sections provide greater detail on the specific metrics and initiatives for DDOT in FY 2016.

FY16 Objectives

Division	Objective
Infrastructure Project Management Administration (IPMA)	Preserve the existing transportation infrastructure assets to maintain and improve condition rating in a cost effective manner.
Infrastructure Project Management Administration (IPMA)	Incorporate into the infrastructure design sustainability, multimodal, historic preservation and low impact elements.
Office of the Director (OD)	Implement and enhance sustainable, environmentally-friendly practices and alternative transportation modes (OCAP Action Item 1.4.5, 3.7.1, 3.7.2 and Indicator 3C).
Planning, Policy and Sustainability Administration (PPSA)	Comprehensive and integrated transportation planning.
Planning, Policy and Sustainability Administration (PPSA)	Research, develop and document leading-edge transportation policies.
Planning, Policy and Sustainability Administration (PPSA)	Champion a sustainable transportation system that meets the travel needs of the public, efficiently and affordably, while protecting the environment and the cultural resources of the District.
Progressive Transportation Services Administration (PTSA)	Increase and promote mass transportation modes to meet the mobility and economic development needs of the District.
Public Space Regulation Administration (PSRA)	To increase and improve the timeliness, consistency, transparency and completeness of public space permits.
Public Space Regulation Administration (PSRA)	Increase the knowledge, skills, and ability of staff in the performance of duties.
Transportation Operations Administration (TOA)	Ensure that the District's current transportation assets (traffic signals, parking meters, streetlights) are in good condition and utilized at their optimal capacity.
Transportation Operations Administration (TOA)	Enhance operational efficiency, safety and customer service.
Urban Forestry Administration (UFA)	Increase the number and improve the health of street trees in order to provide District neighborhoods with a healthy urban tree canopy (Sustainable DC Plan Nature Action 2.1)

FY16 KPIs

Objective: Comprehensive and integrated transportation planning.

Measure	Target	Freq	Q1	Q2	Q3	Q4	Total	KPI Status	KPI Barriers
PPSA - New sidewalk segments constructed	20	A					21	Met	
PPSA - Number of Capital Bikeshare stations in DC	240	A					236	Nearly Met	Bikeshare station installation requires extensive outreach and coordination with agency and community partners. DDOT installed an impressive number of new Capital Bikeshare stations in FY16 and nearly met its target.
PPSA - Percent of zoning case transportation impact reports submitted a minimum of 10 days before hearing	100	Q	100	92.86	92.31	100	95.3	Nearly Met	DDOT submitted 41 transportation impact reports at least 10 days before the zoning hearing, out of a total of 43 cases. Many of these cases involve complex development projects with input from a wide range of stakeholders necessary. In addition, the District has seen a marked increase in development review demands.
PPSA - Vehicle miles traveled per capita	5,450	A					7,725,222	Neutral Measure	

Objective: Ensure that the District's current transportation assets (traffic signals, parking meters, streetlights) are in good condition and utilized at their optimal capacity.

Measure	Target	Freq	Q1	Q2	Q3	Q4	Total	KPI Status	KPI Barriers
TOA - Fatality rate per 100 million vehicle miles traveled (VMT)	1.1	A					0	Met	
TOA - Miles of pavement markings refreshed	125	Q	17	10	50	65	142	Met	

TOA - Number of street/alley lights converted to Light-Emitting-Diode (LED)	200	Q	270	257	260	129	916	Met	
TOA - Average maintenance cost per parking meter	170	Q	73.3	74.7	78.7	79.8	76.4	Met	
TOA - Average percent of parking meters working daily	99	Q	99.86	99.86	99.76	99.85	99.8	Met	
TOA - Percent of streetlights fixed within schedule of service (based type of repair required)	95	Q	90.78	95.54	95.83	91.49	93.1	Nearly Met	The year-end goal for the above KPI was listed in quickbase as 95%. It should have been listed in quickbase as 90%. Their year-end actual was 93.14%. If adjusted to what the program knew to be the goal the streetlight team would have achieved their year-end goal.
TOA - Number of signs installed/replaced (includes permanent and emergency no parking signs)	36,000	Q	6,068	9,114	10,602	10,903	36,687	Neutral Measure	
TOA - Number of citations per Traffic Control Officer (TCO)	600	Q	173.2	122.9	77.2	3.3	90.2	Neutral Measure	
TOA - Number of injury crashes per million vehicle miles traveled (VMT)	1.3	A					1.6	Unmet	The target was an aggressive goal of 1.3 and we had a final number of 1.59. This is something that we do not control but can try only to reduce or effect through Vision Zero programs since it has a lot to do with driver behavior.

TOA - Number of crashes per million vehicle miles traveled (VMT)	3	A					6.4	Unmet	The target was an aggressive goal of three and we had a final number of 6.37 which is lower than the FY 15 final number. This is something that we do not control but can try only to reduce or effect through Vision Zero programs since it has a lot to do with driver behavior.
TOA - Percent of potholes filled within 48 hours	80	Q	73.23	49.68	82.04	95.18	56.2	Unmet	This goal was unmet because percent of potholes filled within 48 hours is captured only during Potholepalooza, which occurs in the spring. The normal response time is 72 hours for regular season.

Objective: Increase and promote mass transportation modes to meet the mobility and economic development needs of the District.

Measure	Target	Freq	Q1	Q2	Q3	Q4	Total	KPI Status	KPI Barriers
PTSA - Subsidy per Circulator rider	2.95	A					3.1	Nearly Met	Lowering the subsidy per Circulator rider depends on collecting more fare revenue from a higher number of riders. Ridership was not high enough to produce the right amount of fare revenue to meet the target.

PTSA - Circulator farebox recovery ratio	18.5	Q	15.73	16.83	17.99	16.53	16.7	Nearly Met	A higher farebox recovery ratio is dependent on higher ridership, and ridership was not high enough in FY16 to meet the target. Transit ridership has seen a decline region-wide in the past 12 months.
PTSA - Average streetcar operating cost per revenue hour	0	Q	0	469.5	497.7	495.1	492.5	Neutral Measure	No target was established for this KPI.
PTSA - Total Circulator riders	8,509,282	Q	1,213,908	1,153,561	1,265,906	1,243,790	4,877,165	Unmet	The FY15 target of over 8.5 million riders represents a 125% increase over FY15 ridership, which was unrealistic. Additionally, transit ridership has seen a decline region-wide over the past 12 months.
PTSA - Average Circulator operating cost per revenue hour	75	Q	89.9	86	77	83.5	83.9	Unmet	FY16's operating cost per revenue hour is in line with the Circulator's current contract performance goal. The fiscal year target of \$75 does not reflect present operating cost and service delivery needs.

Objective: Increase the number and improve the health of street trees in order to provide District neighborhoods with a healthy urban tree canopy (Sustainable DC Plan Nature Action 2.1)

Measure	Target	Freq	Q1	Q2	Q3	Q4	Total	KPI Status	KPI Barriers
UFA - Street tree mortality rate	7.5	A					1.7	Met	
UFA - Percent of green infrastructure sites inspected	90	A					103.7	Met	
UFA - Percent of street tree population inspected	29.5	A					40.1	Met	
UFA - Average cost per street tree installed	375	A					345	Met	

UFA - Average cost per tree box maintained	70	Q	100.6	94.6	46.1	76.3	80.1	Met	
UFA - Percent of street trees in a healthy condition	97	A					95.2	Nearly Met	<p>There a couple of factors that contributed to nearly making the goal. The first is that UFA always see a dramatic rise in the number of poor and dead condition trees in Q3, as that is when spring arrives, and struggling tree reveal their vigor (or lack thereof). The second explanation is that UFA does there street tree planting in Q1 and Q2. So the overall percentage of fair, good and excellent condition trees goes way up during those quarters, and then comes somewhat back to earth beginning Q3, and to a lesser extent also in Q4.</p>
UFA - Number of trees planted Citywide (Sustainable DC Nature Goal 2)	8,000	Q	0	2,820	2,598		5,418	Unmet	<p>We did not receive notice to proceed on our contract that delivers tree planting until the middle of February. This timeline left us with less than half of our usual planting season remaining to accomplish our goal of 8,000 trees. Despite this truncated season, we mobilized extra crews, worked weekends, and installed nearly 6,000 new trees.</p>

Objective: Preserve the existing transportation infrastructure assets to maintain and improve condition rating in a cost effective manner.

Measure	Target	Freq	Q1	Q2	Q3	Q4	Total	KPI Status	KPI Barriers
IPMA - Percent of sidewalks in plan completed	90	A					91.1	Met	
IPMA - Percent of current year projects completed within 10% of budget (except for those with scope change)	95	A					100	Met	
IPMA - Percent of current year projects completed within 60 days of planned end date (except for those with scope change)	95	A					100	Met	
IPMA - Percent of blocks in paving plan completed	90	A					82	Nearly Met	Due to weather and seasonality, DDOT performs this work through the first quarter of the next fiscal year. Each year we lose the second quarter due to snow and cold weather that makes it impossible to perform this type of work. The blocks that are planned are completed by the calendar year timeframe. In FY 17, we have tried to adjust the number for this timing issue.

NA	78	Q	75.12	75.12	75.12	77.85	75.8	Nearly Met	We do have a paving plan that allows us to focus on the streets with the poorest conditions. DDOT is only able to produce PCI data every two years on the local roads and every year on federal streets. The number of federal streets is low so it cannot alter the city wide street condition. Once we get the new PCI data, not the 2013 data we are using now, the changes in PCI will be very apparent in the newest PCI data.
IPMA - Average cost per mile of sidewalk installed	400,000	Q	354,731	1,715,001.80	576,599	308,177.2	404,250.70	Nearly Met	DDOT expanded the amount of sidewalk work that we did this fiscal year. This work was also more varied and covered many locations which can increase the mobilization costs. The complexity of some of the repairs and the expanded use of materials such as Flexipave have increased some of the costs related to sidewalk repairs but provide more effective repairs.
IPMA - Number of structurally deficient bridges	9	A					5	Neutral Measure	

IPMA - Average cost per lane mile paved	450,000	Q	432,045.80	1,146,683.20	1,401,191.9	1,255,442.2	930,626.10	Unmet
---	---------	---	------------	--------------	-------------	-------------	------------	-------

The cost per mile included other costs such as curb, gutter, sidewalk and other work related to roadway maintenance. The invoicing is based on total square feet or cubic feet of materials related to work that month. DDOT is working to drill down or change the invoicing process so that we can pull apart the efforts on each block of roadway work.

Objective: To increase and improve the timeliness, consistency, transparency and completeness of public space permits.

Measure	Target	Freq	Q1	Q2	Q3	Q4	Total	KPI Status	KPI Barriers
PSRA - Online public space permits issued	13,000	Q	3,391	3,146	4,995	4,951	16,483	Met	
PSRA - Weekly field inspections and field services performed	1,000	Q	905	1,037	1,137	1,203	4,282	Met	
PSRA - Average days for a technical review approval	6	Q	4.6	3.1	4.3	4.7	4.2	Met	
PSRA - Percent of public space permits processed on time	94	Q	95.32	97.09	94.8	94.82	95.4	Met	
PSRA - Average cost per public permit processed	150	Q	155.9	167.2	127.4	131.6	143.7	Met	

DDOT nearly met the targeted average 6 days to perform inspections. DDOT has seen an increasing demand for inspections without an associated increase in personnel to perform these inspections, yet has continued to perform at a high level.

PSRA - Average inspections review days	6	Q	6.6	6.8	6.8	7.6	7	Unmet
--	---	---	-----	-----	-----	-----	---	-------

FY16 Workload Measures

Measure	Freq	Q1	Q2	Q3	Q4	Total
Number of public space permits issued	A					44,925
Total violations written by Traffic Control Officers (TCOs) annually	A					106,898
Number of fatalities	A					22
Number of pedestrian fatalities	A					6
Number of motorcycle fatalities	A					3
Number of bicycle fatalities	A					1
Total number of service requests	A					99,218
Number of incidents responded to by Traffic Management Center (TMC) & Roadway Operation Patrol (ROP)	A					7,254
Number of street tree spaces or boxes under DDOT jurisdiction	A					155,550
Number of students in School Transit Subsidy Program	A					16,392
Number of crashes	A					22,684

FY16 Initiatives

Title: DDOT will repair, rehabilitate, and enhance the District's roadways.

Description: DDOT's pavement management program is a planned strategy of cost effective treatments to improve and maintain the District of Columbia's roadway network system. The local paving work plan includes various pavement treatments such as milling and resurfacing, slurry seal, deep patching and crack sealing. The plan for the federal roadway network will include a variety of treatments similar to local streets. After the treatments are applied, those segments of pavement will experience an increase in the average pavement condition index from a poor/very poor rating to good/excellent rating. The segments are selected based on pavement condition data which indicates the condition of the roads.

Complete to Date: 50-74%

Status Update: The Task Order was issued in June and work is on-going to complete the FY16 plan

If Incomplete, Explanation: The paving plan is implemented weather permitting from throughout the calendar year. This may not coincide when the fiscal begins and ends. Work continued on the paving plan through FY 17 1st Quarter KPI.

Title: DDOT will repair and maintain the District's bridges.

Description: DDOT's bridge asset management program maintains an inventory of structures; conducts biennial National Bridge Inventory (NBI) and element level inspections; performs condition assessment and load ratings of all structures; and implements bridge preservation actions that are intended to address bridges while they are still in good or fair condition. Bridge preservation activities will be performed based on prioritization of structures as part of the overall preservation program. Some repair activities require design.

Complete to Date: 75-99%

Status Update: DDOT continued implementing its bridge asset management program: Performed biennial National Bridge Inventory (NBI) and element level inspection on 45 bridges. Underwater Inspection completed. Continues implementing bridge preservation actions that are intended to address bridges while they are still in good or fair condition. End the first base year FY 2014 Preventive Maintenance Contract

If Incomplete, Explanation: Asset Management is currently waiting for the new bridge inspection contract to be awarded which has extended into 1st Quarter FY17.

Title: DDOT will repair, rehabilitate, and reconstruct the District's tunnels.

Description: DDOT's tunnel management system allows DDOT to update and maintain condition data of the various tunnel within the District. DDOT manages a citywide performance based tunnel contract, which contains asset inventory and performance measures for the mechanical, electrical, structural, and lighting assets within the tunnels. Assets will receive preventive maintenance based on established standards to maintain an accepted level of service. Additionally, engineering design for an emergency communication system within the mall tunnel to further improve emergency response and safety needs will be completed.

Complete to Date: 75-99%

Status Update: DDOT's Tunnel Team is continuing to provide preventive and routine maintenance on all assets associated with the 15 tunnels under the purview of the current tunnel maintenance contract

If Incomplete, Explanation: The tunnel team is waiting to obtain a purchase order.

Title: DDOT will preserve the District's alleys.

Description: DDOT's alley program involves a broad scope of work ranging from everyday maintenance, such as pothole repair, to the complete reconstruction or rehabilitation of an alley. DDOT will continue to preserve district alleys in 2016. AlleyPaloosa 3 and 4, a core component of this function, will occur in the

summer of FY 16.

Complete to Date: 75-99%

Status Update: DDOT is completing AlleyPalooza AP3, and continue working on AP4 (64 alleys, 8 alleys/ward

If Incomplete, Explanation: AP3 work is completed. AP4 is currently in production.

Title: DDOT will design and construct DC Power Line Undergrounding Project (DC PLUG) feeders.

Description: The DC PLUG initiative is a unique regulated public-private partnership between the District of Columbia and the electric company, Pepco, to underground up to 60 primary and lateral mainline feeders in Wards 3, 4, 5, 7 and 8 over the next 10 years (approximately). DDOT and Pepco jointly submitted a Triennial Plan by order to the DC Public Service Commission (PSC), which was approved in November 2014. The plan is for DDOT to design and construct the civil infrastructure (conduits and manholes) to support the electrical infrastructure (cables, ties, and transformers) that Pepco will design and construct. In FY16, DDOT will construct Feeder 308 in Ward 3 and design numerous other feeders.

Complete to Date: 0-24%

Status Update: The bids were opened in the first quarter of FY 16. DDOT is working with Office of Contracts and Procurement to determine the next steps in the procurement process based on the results of the bids

If Incomplete, Explanation: Award of Feeder 308 is delayed until resolution of next steps of procurement process. The remaining 21 feeders are on hold due to legal challenge from GSA which is delaying bond issuance.

Title: DDOT will rehabilitate the Francis Scott Key Bridge.

Description: DDOT will rehabilitate and preserve the historic Francis Scott Key Bridge, a District landmark and one of the most picturesque bridges on the Potomac River. The bridge was originally constructed in 1925 and was rehabilitated in 1986 with a new deck. When complete, this project should allow the bridge to maintain the current level of service for the next 30 years.

Complete to Date: 0-24%

Status Update: The project was awarded to the contractor and Notice to Proceed was given on Sep. 27th

If Incomplete, Explanation: Work is proceeding as planned. The project is scheduled to complete in summer 2018.

Title: DDOT will construct Minnesota Avenue Streetscape (Sustainable DC Plan Energy Action 1.3, Transportation Action 2.5, Water Action 2.2 and Power Undergrounding Age-Friendly DC Goal: Domain No. 2).

Description: DDOT will begin the Minnesota Avenue Streetscape project which includes safety improvements and sustainability. Phase I of the project is from A Street SE to just south of Benning Road NE, and Phase II is from just south of Benning Road NE to Sheriff Road NE. The project will incorporate traffic calming measures as part of the overall design including high visibility crosswalks and new curb extensions which promote pedestrian safety by reducing crossing distances at crosswalks. Components of the project include: wheelchair ramps, traffic signal and streetlight upgrades, stormwater reducing green elements (e.g., catch basins and tree boxes).

Complete to Date: 25-49%

Status Update: Reconstruction continues and as of this quarter, the project is 46% complete. Phase II PS and E design 100% complete and ready for advertisement. Currently, OCP has the package and working to advertise the project

If Incomplete, Explanation: Construction of Phase I is on schedule but not slated to be completed by Sept 30, 2016.

Title: DDOT will lead a construction project to revitalize Kennedy Street Northwest.

Description: The Kennedy Street Revitalization project will upgrade the streetscape between Georgia Avenue and North Capitol Street, NW. By improving traffic safety and transit operations, sidewalks, street lighting, and ADA facilities, the project will meet most of the commitments made in Kennedy Street Revitalization Plan. DDOT will rehabilitate street and sidewalk pavement on the street and sidewalks (improving pedestrian mobility) and install trees to reduce impervious surface stormwater.

Complete to Date: 25-49%

Status Update: Bids received in early July. Notice to Proceed is 10/24/16

If Incomplete, Explanation: This is a one year project, thus completion will not be until approximately late summer 2017.

Title: DDOT will expand the South Capitol Street Bike Trail (Sustainable DC Plan Nature Action 3.2; and Transportation Action 2.1).

Description: The South Capitol Street Bike Trail project is part of a continuing effort to expand multi-modal transportation options and connect the District to regional multi-use trail systems. It consists of the preliminary design of 4.25 miles of a new bicycle/multi use trail on the west side of South Capitol Street from the intersection of Firth Sterling Avenue to the Oxon Run trail in Southeast DC. This new trail section will be a vital link allowing District residents to access major trail systems within Maryland and Virginia (and vice versa) and will supplement commuting options for employees of the Coast Guard Headquarters and Department of Homeland Security facilities at St. Elizabeth's West Campus as well as Joint Base Anacostia Bolling (JBAB) facilities. The trail will be lighted, landscaped and feature safe new crossings and bicycle/pedestrian signals at the major entrances to JBAB and at cross roads. Preliminary Design is complete, and the agency will pursue the next phase of design in FY16.

Complete to Date: 25-49%

Status Update: Discussion continues with OCP to proceed with the final design task order

If Incomplete, Explanation: This is a multi year project, thus completion will not be until approximately late summer 2020.

Title: DDOT will strive to enhance the customer service experience using a data-driven system.

Description: In FY16, the Office of the Director will utilize a data-driven approach to respond to constituent inquiries through an existing system. This process will include improved routing, accountability, and response timelines. To deliver these improvements, the agency will establish goals and track progress over time.

Complete to Date: Complete

Status Update: DDOT continues to refine the service delivery process and program. DDOT updated all of the service request types in 311 this quarter. The update included combining service types, adjusting SLA timelines and improving the flex note questions. These changes were reviewed by the OCA and implemented with the help of OUC and DDOT OITI staff. The changes were made using several years of data and direct feedback from the program staff

Title: DDOT will enhance our website and social media presence.

Description: DDOT will enhance its website and social media presence in FY16. The website is the communications tool and vehicle that holds most of the information about the agency. Similarly, Twitter and other social media outlets are a valuable way to communicate to the public and specific stakeholders. The agency will track progress on this initiative using website traffic, twitter followers (and retweets), and general public feedback.

Complete to Date: Complete

Status Update: In the final quarter of 2016, DDOT's Twitter account earned about 1 million impressions over the three-month period, averaging at 11.5K per day. Impressions refer to the number of times a tweet is seen. The engagement rate was nearly 1% with 2.5K link clicks, 719 retweets, 777 likes and 1,000 replies. Since the third quarter, DDOT added 1,302 followers to reach 31,913. DDOT gained around 14 new followers per day. DDOT's website averaged more than 90,000 unique visitors for July, August and September and more than 114,000 visitors overall

Title: DDOT will promote equity and inclusion in the planning and delivery of transportation projects and services and in employment opportunities.

Description: "In FY16, DDOT will comply with Title VI law by ensuring that DDOT policies and services are implemented in a non-discriminatory and equitable manner. To work towards this goal, DDOT is developing a system that will incorporate census information on seniors and low-income minorities into existing data collection processes that inform analyses and planning. Additionally, DDOT has a stated commitment to equal employment opportunity, including employment and training. In FY16, DDOT will hold annual training for managers on EEO civil rights laws, with particular focus on sexual harassment and reasonable accommodations subject areas, as this training helps to reinforce workforce and management understanding of civil rights laws. Additionally, DDOT is working to pilot a job creation and training program in Wards 7 and 8, which will expand opportunities for District residents on DDOT jobs; DDOT will explore expansion of this program to all eight wards upon completion of the pilot."

Complete to Date: 75-99%

Status Update: In Q4 an LGBT Workplace Inclusion Training was held. DDOT completed 14 mandatory trainings on sexual harassment for all DDOT employees. A reasonable accommodations policy and procedure manual is drafted and pending final approval. We have incorporated Census data on older adults and low-income populations into the GIS database. We will secure a contractor in 2017 to further analyze the data and are exploring creative methods to determine how projects can ensure equity and inclusion

If Incomplete, Explanation: A reasonable accommodations policy and procedure manual is drafted and pending final approval.

Title: DDOT will continue implementation of the moveDC Plan (Sustainable DC Plan Climate and Environment Action 2.4, Nature Action 3.1; and Transportation Actions 1.3, 1.4, 3.5, Age-Friendly DC Goal: Domain No. 2)

Description: The moveDC Plan outlines a transportation vision through 2040 to accommodate growth, improve safety, and increase transportation options in the District. The plan includes green initiatives, parking management, evacuation planning and routing, and the use of Intelligent Transportation Systems; all aimed at finding innovative and effective ways to move people and goods. moveDC incorporates opportunities for climate adaptation and long term sustainable funding into final outcomes of the plan as a part of Sustainable DC goals. Initiating the implementation process will include policy, programmatic, and infrastructure initiatives. DDOT continues to advance the 2-year Action Plan, and FY16 will provide an opportunity to evaluate initial implementation efforts with ongoing trends to recommend further near-term actions.

Complete to Date: 75-99%

Status Update: 16th Street Transit Priority Study is in design, ped safety improvements, East Side downtown bicycle facility study nearly complete, Completed Crosstown Study, completed State Rail Plan, TDM Strategic plan almost complete, dynamic parking in Penn Quarter/ Chinatown continues, Completed revisions to DEM, initiate and continue parklet program, completed post construction analysis project and performance metric toolki

If Incomplete, Explanation: These improvements are apart of the 2 year action plan which is still in progress.

Title: DDOT will advance the 16th Street Transit Priority Study recommendations (moveDC Two-Year Action Plan; Sustainable DC Plan Transportation Action 1.3).

Description: The 16th Street corridor was identified as a transit priority corridor in moveDC and has been the focus of community advocacy. DDOT is in the process of conducting a planning study and community engagement to determine the appropriate approach to transit improvements in the corridor, in order to improve transit performance and efficiency, increase transit ridership, and increase overall person-carrying capacity of the transportation system. The planning study will be complete in January 2016, and DDOT will begin advancing study recommendations, potentially including advancing capital improvements into the design process.

Complete to Date: 75-99%

Status Update: Study is complete, Consultant interviews for design process are scheduled for the week of 10/1

If Incomplete, Explanation: Study is complete, however, the design process is still ongoing.

Title: DDOT will complete a study of east side of downtown bicycle connections.

Description: Currently, there is no continuous north-south bicycle facility east of 11th Street NW. In FY16, DDOT will finalize a planning study of north-south bicycle facilities to identify potential route(s), engage with community stakeholders, and conduct analysis. The study area will focus on the area between 9th and 4th Streets NW.

Complete to Date: 75-99%

Status Update: Study is continuing. DDOT has reached internal consensus on a recommended approach, and is preparing briefing materials for OCA. Anticipated completion of study in Q1201

If Incomplete, Explanation: Study is still on-going and slated to be completed by Q1 2017.

Title: DDOT will advance the Union Station to Georgetown Environmental Assessment for DC Streetcar.

Description: DDOT will continue to advance the Union Station to Georgetown Environmental Assessment (EA) to determine the preferred approach to extending the existing H/Benning Streetcar Line to Georgetown. The EA will involve stakeholder and public engagement and will be substantially complete by the end of FY16, with final completion expected in late 2016 (FY17).

Complete to Date: 50-74%

Status Update: We continue to make good progress on this effort. Staff are working to advance analysis on multiple fronts including detailed analysis of existing transit, projection of future ridership, noise, vibration, and traffic. We are preparing for a public and Consulting Parties meeting in the next quarter. We would anticipate conclusion of the process in early FY18

If Incomplete, Explanation: This is a multi-year study slated to be completed in early FY 18.

Title: DDOT will support the implementation of the Vision Zero Initiative.

Description: Working with more than 20 District Agencies, DDOT has coordinated the development of an interagency Vision Zero Action Plan. The Action Plan will outline policy, programmatic, and infrastructure investments needed to eliminate transportation-related fatalities in the District within 10 years. Implementation of the Action Plan will consist of initial implementation steps, a legislative package advancing to the Council, and administration of a new Vision Zero fund to support new programs and initiatives.

Complete to Date: 50-74%

Status Update: DDOT continues to lead implementation of the Vision Zero action plan. FY16 grants were awarded, and FY17 are currently being scored. 43% of the action plan strategies are complete and 49% of strategies are on schedule to be completed. A 2nd proposed rulemaking for Vision Zero will be published in Q1 of FY17.

If Incomplete, Explanation: FY16 grants were awarded, and FY17 are currently being scored. 43% of the action plan strategies are complete and 49% of strategies are on schedule to be completed. A 2nd proposed rulemaking for Vision Zero will be published

Title: DDOT will conduct Neighborhood Curbside Management Studies and work to develop a policy.

Description: The management of curbside use is essential to the efficient functioning of the transportation system. A comprehensive curbside management study and report has provided the framework for balancing the debate about the often conflicting demands on the curbside in the District. In FY15, DDOT began implementing a refined and coordinated approach with three neighborhoods for residential, commercial and visitor parking that was based on the DDOT Curbside

Management Study. Based on these pilot studies, DDOT will also explore citywide changes to existing programs that may require legislation and new regulations, as well as expanding data collection and analysis capabilities.

Complete to Date: 75-99%

Status Update: DDOT is currently scheduling public meetings to review findings and discuss next steps. These meetings are anticipated to be held in November 2016

If Incomplete, Explanation: DDOT is currently scheduling public meetings to review findings and discuss next steps. These meetings are anticipated to be held in November 2016.

Title: DDOT will collect data to evaluate recent transportation projects. (Sustainable DC Plan Transportation Action 2.4)

Description: DDOT installs permanent counters to, among other things, to determine whether transportation asset/projects are performing as anticipated. In FY15, DDOT installed three permanent counters, counting people walking and biking. In FY16, DDOT will enhance its data collection functions by deploying three additional permanent counting stations. The information gathered will assist DDOT in evaluating bicycle and pedestrian performance information and identifying gaps for further data collection. Complete Post Construction Analysis Study and use the recommendations to incorporate performance measures in future projects.

Complete to Date: Complete

Status Update: DDOT completed installation of 3 new bike lane counters, and is currently validating their accuracy in advance of making the data openly available. 2 more bikelane counters are awaiting resolution of minor site issues, and will be installed shortly. DDOT still needs to identify suitable locations for two trail counters

Title: DDOT will construct priority sidewalk segments.

Description: Sidewalks are important to advancing pedestrian safety and supporting the ability of District residents and visitors to walk comfortably to meet their everyday needs. DDOT has made progress in this area, but significant sidewalk gaps still exist in many places, and other locations have substandard sidewalks. DDOT will refine agency processes for identifying, prioritizing, and constructing new sidewalks. Priority will be placed on sidewalks near schools, transit stations, and in areas with large juvenile or senior populations. During FY16, DDOT will identify and build at least 20 segments of new sidewalks.

Complete to Date: Complete

Status Update: DDOT completed 15 segments of sidewalk in Q4 for an annual total of 21 segments of new sidewalk.

Title: DDOT will complete a major expansion of the Capital Bikeshare system.

Description: DDOT will expand the Capital Bikeshare system by approximately 25 percent, including expanded service in low- and moderate-income communities within the District. As part of the expansion, DDOT will also develop expanded strategies towards equity and inclusion to broaden the membership base and participation in the program.

Complete to Date: 75-99%

Status Update: Incremental

If Incomplete, Explanation: This project is still ongoing. DDOT is continuing to expand the Capital Bikeshare system.

Title: DDOT will review all agency policies, programs, and planning initiatives for compliance with guidelines of the Age-Friendly DC Task Force, the Health in All Policies Task Force, and the Americans with Disabilities Act (ADA).

Description: There are several overarching initiatives that have been launched to guide the District into a more sustainable future. The mission of the Age-Friendly DC Task Force is to ensure that the District will be an Age-Friendly City that is inclusive and accessible and encourages active and healthy aging. The Health in All Policies Task Force was established through the Sustainable DC Transformation Order which spelled out the steps necessary to make the District the healthiest, greenest, and most livable city in the United States. All DDOT policies, programs and planning initiatives will be evaluated to ensure that they meet the intent of these directives. In addition, DDOT will develop a plan to install ADA-compliant transportation infrastructure in under served and areas with the greatest need through innovative mapping and data-driven techniques.

Complete to Date: 75-99%

Status Update: This is an ongoing effort; several of the individual elements have achieved their goals for this year (e.g., retrofitting bus stops) but other areas remain ongoing. See also initiatives 1.4 and 1.7 under PTSA/TDD as those are directly related to this initiative. The Age-Friendly DC Dashboard also tracks the initiatives for this effort

If Incomplete, Explanation: This is an ongoing effort; several of the individual elements have achieved their goals for this year (e.g., retrofitting bus stops) but other areas remain ongoing.

Title: DDOT will partner with community organizations to educate the community on bicycle and pedestrian safety.

Description: Each year, DDOT partners with regional agencies around the annual Street Smart campaign administered by the Metropolitan Washington Council of Governments (COG) as well as working with the Metropolitan Police Department on the Bike Rules/Road Rules campaign. In FY16, DDOT will also educate more than 3,000 adults and children on the topic of bicycle and pedestrian safety.

Complete to Date: 75-99%

Status Update: In Q4 DDOT engaged with MPD and regional partners to plan for the Fall kickoff media even for the Fall 2016 Street Smart campaign, set for early November. DDOT is developing a scope of work for funding maintenance of the DCPS Biking in the Park bicycles

If Incomplete, Explanation: In Q4 DDOT engaged with MPD and regional partners to plan for the Fall kickoff media even for the Fall 2016 Street Smart campaign, set for early November. DDOT is developing a scope of work for funding maintenance of the DCPS Biking in the Park bicycles.

Title: DDOT will launch passenger service for H Street/Benning Corridor of the DC Streetcar (Sustainable DC Plan Transportation Action 1.1).

Description: In FY 16, DDOT will launch passenger service for the H Street/Benning Road line of the DC Streetcar. In FY15, DDOT requested that the American Public Transportation Association (APTA) conduct a peer review for the DC Streetcar program. The final APTA report released in June 2015 found no fatal flaws preventing the DC Streetcar from starting passenger service on the H Street/Benning Road corridor. Following certification by the State Safety and Oversight Office (SSOO), DDOT will prepare to launch passenger service.

Complete to Date: Complete

Status Update: 7-day service and 12-minute headways began on 9/18/16

Title: DDOT will continue with the second phase of construction for the DC Streetcar's Car Barn Training Center (CBTC II).

Description: DDOT is currently constructing the DC Streetcar's Car Barn Training Center, a 15,000 square foot, two-story maintenance and training facility. The facility will be compliant with green building (LEED) and Historic Preservation standards and will include employee locker and break rooms, space for light vehicle maintenance, and a 1,500-square-foot community room, and a training center.

Complete to Date: 50-74%

Status Update: Incomplete work includes shop track 5 (under phase 2), OCS items, ongoing tele-communication provider (Verizon/DC Net), parti-

tions/finishing for office rooms, break room, training rooms, corridors, elevator, lobby/vestibule areas on level 1 and 2, carpet, floor finishing, ceiling and stair treads, paint work at maintenance bay, entry plaza stairs, site seat/gravity walls, and grading at CBTC2 south side and green roof activities are ongoing
If Incomplete, Explanation: This project is ongoing as work is still being completed within ongoing telecommunication areas.

Title: DDOT will continue to support the enhancement and implementation of the Kids Ride Free program on Metrobus and Metrorail through the School Transit Subsidy program.

Description: During FY 16, in partnership with WMATA, DME, and OCTO, DDOT will continue to promote and enhance the Kids Ride Free programs through a comprehensive outreach strategy and direct contact with schools, students, parents, and WMATA staff including bus operators and station managers. In conjunction with this effort, WMATA will require students to tap their DC One Cards on the Metrobus farebox and the Metrorail faregate each time they board the bus or enter the rail system. DDOT will also work with WMATA and OCTO to collect data on the performance of the new free rail program to see how it is being used by students and how any changes could be made to improve students' access to subsidized transit. Funding for the School Transit Subsidy Program is included in the DDOT budget.

Complete to Date: 75-99%

Status Update: As of FY16 Q4, approximately 13,000 students downloaded the Kids Ride Free Bus and Rail Combo pass onto their DC One Cards (12,949 passes were downloaded as of Set. 27, 2016). Students continue to take about 25,000 bus trips each school day. Students are taking a slightly lower number of rail trips each day compared to last quarter—about 7,700.

If Incomplete, Explanation: Students are continuing to use the Kids Ride Free Bus and Rail combo passes.

Title: DDOT will continue to explore and Implement alternative paratransit services to complement MetroAccess service.

Description: During FY 15, DDOT initiated a number of programs to better serve the District's disabled residents who are unable to use traditional fixed-route transit. In FY 16, DDOT will continue a second year of the Transport DC pilot in partnership with the DC Taxicab Commission. The pilot is designed to provide a more convenient transportation alternative for the District's MetroAccess customers; rather than taking a MetroAccess van that requires advance booking, these customers can take a taxicab. The program yields a cost savings for the District of approximately \$20 per trip taken via a taxicab compared to a MetroAccess trip. DDOT will continue to fund the Transport DC pilot in FY 16 from the MetroAccess savings realized under the program and will continue to monitor its effectiveness, specifically, the extent to which the program is shifting ridership from MetroAccess to Transport DC. DDOT is also exploring additional use of Medicaid transportation providers instead of MetroAccess at a lower cost to the District, and partnerships with grocery store delivery services for MetroAccess customers to reduce the number of paratransit trips.

Complete to Date: 75-99%

Status Update: DDOT's role in Transport DC was to transfer subsidy funds from WMATA to the Dept. of For Hire Vehicles. In FY16, DDOT transferred 100 percent of the budgeted subsidy amount to DFHV

If Incomplete, Explanation: DDOT is still exploring additional mobility options for MetroAccess customers in FY17 to reduce use of the highest cost MetroAccess program.

Title: DDOT will conduct a thorough Circulator System performance review to ensure close adherence to the promised 10-minute service frequency and improved system reliability.

Description: DDOT will initiate a series of actions to improve Circulator system reliability on all six routes in order to better meet the Circulator promise of frequent service all day. These actions include an in-depth condition assessment of the systems 29 oldest buses; a review of maintenance adequacy by the Circulator operator; installation of an improved real time bus locator system to generate improved Where's My Bus information; analysis of bus requirements on the new

National Mall route under actual operating conditions; assessment of the bus assignments on existing routes and a bus stop consolidation review of the Navy Yard to Union Station route. These actions will take place concurrent with the a new Circulator operations contract that has significant financial incentives and penalties to encourage better service delivery and route supervision.

Complete to Date: Complete

Status Update: DDOT worked with WMATA to hire an operations analysis consultant to review the current operations and develop a new schedule to improve on-time performance. The new schedule was developed in Q4 and implementation scheduled to begin on 10/2/16. In September 2016, DDOT also hired a contractor to conduct the fourth maintenance audit, where the rate of safety-sensitive defects remained at 0.27, a rate more than 90% below the rate in the first audit from August 2015

Title: DDOT will procure the next generation of the DC Circulator buses to replace deteriorating fleet, improve customer service, and expand our areas of service in the District of Columbia (Sustainable DC Plan Nature Actions 3.4; and Transportation Action 1.2, Age-Friendly DC Goal: Domain No. 2).

Description: DDOT has initiated work to begin the procurement of the next generation of DC Circulator buses this fiscal year. The procurement contract will allow for the purchasing of buses to replace the oldest DC Circulator buses in our fleet, stabilize our existing service and lastly expand service to new destinations in the city as recommended in the DC Circulator Transit Development Plan Update 2014. The procurement contract will include various options allowing the flexibility for additional buses to be purchased in 2015, 2016 and 2017 per DC Council funding commitments to the program.

Complete to Date: Complete

Status Update: DDOT has submitted a bus procurement package for review by the OCP and submission to DC Council. DDOT seeks to purchase 40 new buses for the Next Generation of DC Circulator buses from New Flyer and Proterra. This procurement will introduce for the first time electric buses into the fleet which will replace the oldest DC Circulator buses in our fleet and stabilize our existing service. DDOT also seeks a new maintenance and storage facility to accommodate the current and expanding fleet.

Title: DDOT will complete accessibility improvements to 51 high-priority bus stops identified by WMATA.

Description: WMATA has prioritized 51 bus stops in need of accessibility improvements due to their proximity to MetroAccess registered users and/or high ridership levels. Improving these bus stops will enable MetroAccess registrants to take more of their trips on fixed route services and provide improved safety and mobility at highly utilized bus stops.

Complete to Date: Complete

Status Update: DDOT worked with WMATA to identify 51 high-priority bus stops in need of ADA improvements. DDOT's goal was to develop design sketches for all 51 stops and to make physical improvements to 26 of the stops in FY 16 and the remaining stops in FY 17. In the course of identifying stops, DDOT added stops in need of improvement that were nearby the priority stops and the total number grew from 51 to 68 bus stops . Of these, 52 stops were improved in FY 2016

Title: DDOT will reduce the review and approval time on public space permit applications via the Transportation Online Permit System (TOPS).

Description: DDOT's Public Space Regulation Administration (PSRA) will continue to streamline the public space permitting process to minimize the turnaround times from application to issuance. As part of this initiative, DDOT will maintain a thorough comment and review processes, while issuing permits with minimum delay. DDOT will expand and enhance the TOPS system wherever possible.

Complete to Date: Complete

Status Update: DDOT improved the efficiency and transparency of TOPS. An automatic truck routing system was implemented; a module was launched that

made all approved traffic control plans for construction staging areas viewable by the public; review processes were streamlined. We increased user functions by allowing for searches using tracking numbers and permit numbers in addition to addresses, blocks, intersections, and maps. We launched new permit types for buses and updated permit application for trees based new legislation

Title: Coordinate the enhancement of utility capital improvement projects (CIP) to reduce duplicative excavations and to minimize impacts on neighborhoods during CIP work.

Description: The major utilities perform hundreds of large scale Capital Improvement Projects (CIPs) annually. These projects range in size from one block to city-wide programs. Many of these projects are years in the planning stages and often can be situated in the same areas. DDOT will coordinate its infrastructure projects with utilities, including schedules and locations. PSRA will monitor the utilities work and records to make sure the information is accurate and up to date. DDOT tracks the number of inspections it makes and will continue to do so to reduce duplicative impacts.

Complete to Date: Complete

Status Update: All utilities are now regularly presenting their CIP work at the monthly coordination meeting facilitated by DDOT

Title: DDOT will revise the preliminary design review meeting process.

Description: DDOT issues permits for development projects, and PSRA manages the Preliminary Development Review Meeting (PDRM) process. These projects typically involve the most complex and multifaceted uses of public space. PSRA will enhance the PDRM process through process re-engineering and solicitation of stakeholder feedback. Among other goals, DDOT will standardize inputs and outputs of the program.

Complete to Date: 50-74%

Status Update: The Office of the Budget Director has not notified DDOT of any action it has taken on this initiative

If Incomplete, Explanation: This project is still ongoing and is currently being reviewed by the Office of the Budget Director.

Title: DDOT will streamline the Public Space Committee application process.

Description: PSRA provides administrative support to the Public Space Committee (PSC), a multi-agency body established through a Mayor's Order that makes determinations on certain classes of public space permit applications. PSRA will review and streamline the PSC's processes, including identification of the classes of applications submitted to it for decisions.

Complete to Date: Complete

Status Update: The LOS has been implemented

Title: DDOT will increase the number of networked parking meters and payment options, and fully implement the parkDC Penn Quarter/Chinatown Parking Pilot.

Description: To encourage more efficient use of curbside spaces, DDOT will continue to implement technology to network 7,500 parking meters and implement approaches for parking management within the District. These technologies and approaches will result in different pricing strategies to encourage turnover or offer parking allowances for residents. In FY16, DDOT will also complete the parkDC Penn Quarter/Chinatown Parking Pilot. DDOT is defining individual on-street parking spaces through new parking space markers with labels (unique individual parking spaces). This will eliminate the need for users to return to their vehicle to display a receipt.

Complete to Date: 75-99%

Status Update: Price adjustment deployed on 10/17/16. Outreach to stakeholders occurred in late August/September 2016. Traveler information app undergoing QA/QC.

If Incomplete, Explanation: This project is ongoing. Price adjustment deployed on 10/17/16. Outreach to stakeholders occurred in late August/September 2016. Traveler information app undergoing QA/QC.

Title: DDOT will implement new agency guidelines for the installation and fabrication of signs and work to address proactively the conflicting signs service requests.

Description: DDOT will publish the 2016 issue of the District of Columbia Signs and Pavement Markings manual in 2016. This manual defines the universe of approved signage for public space in the District, illustrating the only allowable options for sign types to manage particular behaviors. In FY16, DDOT will implement this manual, which will promote clarity and transparency on the meaning of different signs. DDOT will also proactively address conflicting signs service requests through process enhancements such as service request routing, enforcement, and design improvements.

Complete to Date: 75-99%

Status Update: The Field Operations Division is conducting the final review of the draft manual. The manual will be released to internal and external customers in early FY17. Conflicting signs are reviewed and submitted daily; assigning to appropriate divisions for corrective action

If Incomplete, Explanation: The Field Operations Division is conducting the final review of the draft manual. The manual will be released to internal and external customers in early FY17.

Title: DDOT will maintain Streetlights in a State of Good Repair (Sustainable DC Plan Energy Action 1.3, Nature Action 2.2).

Description: In FY16, DDOT will maintain its streetlights, including replacing traditional light bulbs with Light-Emitting-Diode (LED) bulbs. LED lights consume 50 percent less electricity and have a lifespan of 15 years, compared with six months for incandescent, two years for mercury vapor, and four years from high pressure sodium. This is a multi-year initiative, with the overall goal of converting all streetlights to LED at a rate of 200 per fiscal year.

Complete to Date: 50-74%

Status Update: OAG is currently reviewing the revised LED contract documents. We expect to receive the comments on November 3, 2016. Once comments are resolved, we will finalize the documents and submit it to OCP for solicitation. Also, please be informed that OCTO has come into the picture and has proposed to add items related to Wireless Access Points. We are evaluating whether or not we accept the proposed additions. We anticipate the solicitation of this project in November 2016

If Incomplete, Explanation: OAG is currently reviewing the revised LED contract documents. We expect to receive the comments on November 3, 2016. Once comments are resolved, we will finalize the documents and submit it to OCP for solicitation. Also, please be informed that OCTO has come into the picture and has proposed to add items related to Wireless Access Points.

Title: DDOT will complete the Agency's Fleet Inventory and Fleet Guidelines.

Description: DDOT will complete an annual inventory and establish fleet guidelines for the agency. The annual inventory will populate our fleet management system, which will be used to enhance our fleet's utilization and inform fleet procurement decisions. The fleet guidelines will include evaluative criteria: 1) Availability (percentage of time the equipment is up and running during the hours it is needed); 2) Utilization (the number of miles/hours a piece of equipment is being used compared to other equipment of the same class/relative age); 3) Maintenance/Repair Ratio (the percentage of total maintenance and repair costs that is spent on PM work as opposed to repairs or unscheduled maintenance).

Complete to Date: 75-99%

Status Update: Fleet and Legal have met on this issue we are waiting on legal to return with final written SOP after presentation to Collective Bargaining team then to Executive for approval

If Incomplete, Explanation: This project is still in development. Fleet and Legal have met on this issue we are waiting on legal to return with final written

SOP after presentation to Collective Bargaining team then to Executive for approval.

Title: DDOT will enhance city-wide traffic signal operations by developing and implementing optimized signal timing plans.

Description: The safety and efficiency of the transportation network in the District is directly associated with the efficient operation of traffic signals. This project is part of the District's goal to improve overall traffic flow, optimize pedestrian crossing times, and reduce bus delays. DDOT will continue its program of systematically optimizing the timings of all traffic signals. 857 traffic signals have been optimized to-date. In FY 2016, DDOT will complete optimization of 386 traffic signals (Phase-3) which includes corridors north of Downtown. By spring 2017, the entire signal system will be optimized. DDOT intends to continue this system-wide optimization program once in every four years.

Complete to Date: Complete

Status Update: Optimization of 386 intersection networks is complete. Configuration packages for all locations have been prepared and provided to DDOT's field maintenance division for distribution

Title: DDOT's Urban Forestry Administration will work to decrease mortality rate of trees.

Description: The Urban Forestry Administration (UFA) will closely track tree mortality among street trees. Monitoring the tree mortality rate will assist UFA with the planning of the tree planting program within the District and ensure we remain on track to accomplish the 40 percent canopy goal by 2032 as outlined in the District's Sustainable DC Plan and Urban Tree Canopy Plan.

Complete to Date: Complete

Status Update: Every year, UFA examines the rate of successful establishment of newly planted trees after they have been growing for 2 full seasons. In FY 16, UFA reviewed the trees installed in FY 14. The data collection is largely complete, and is being processed now

Title: DDOT's Urban Forestry Administration will Increase diversity of tree species planted in public space (Sustainable DC Plan Nature Action 2.1, 2.5; and Water Action 2.2).

Description: In FY15, the District planted nearly 130 different species and cultivars, with an even greater diversity planned for FY16. Through a process of rigorous tree inventory analysis, UFA has identified those species that occur in an overabundance and monoculture. Over time, an increased diversity will help insulate the urban forest from pest and disease threats.

Complete to Date: Complete

Status Update: In early FY 16, DDOT/UFA completed an analysis of the structure of the urban forest under its stewardship. The report "Assessment of Urban Street Tree Pests and Strategies for Reducing Losses," provides valuable insight into the sections of the public urban forest that may be at the greatest risk and allows UFA to act on changing the tree species selection to combat future issues

Title: Inspect green infrastructure sites within the public right-of-way to ensure that these sites are operational, plant material is alive, and invasive species are removed.

Description: This initiative will ensure that we remain compliant with our MS4 permit and are improving water quality. These sites range from small green spaces that are depressions allowing water to percolate to medium size green spaces that have drainage being routed from the site to large retention ponds that have trash grates and large landscaped berms.

Complete to Date: Complete

Status Update: UFA is delivering routine maintenance on a regular basis to the GI Sites under DDOT's purview. This maintenance need is ongoing, and so UFA's service delivery is similarly repetitive.

Title: DDOT will increase green infrastructure sites within the right-of-way.

Description: DDOT retrofits impervious surface in the public right of way (PROW) to reduce stormwater runoff. This work involves increasing use of stormwater retention, low impact development (LID), and green infrastructure in construction projects (e.g., permeable pavement, bioretention, increased soil volumes, green alleys). Installation of Green Infrastructure reduces stormwater runoff and helps DDOT meet requirements in the District Municipal Separated Storm Sewer System (MS4) Permit issued by EPA.

Complete to Date: Complete

Status Update: By ensuring UFA representation at all development review opportunities, we have been well positioned to advocate for the adoption of elements of green infrastructure in the public right of way.

Title: DDOT's Urban Forestry Administration will use swarm capturing techniques to cultivate and maintain beehives in public space throughout the District (Sustainable DC Plan Food Action 1.4).

Description: This initiative will help with the pollination of trees and plants citywide and meet the goals of Sustainable DC. Many are located in community gardens (Mclean Gardens, Wangari Gardens and Alger Park) and on sites with partners like Earth Conservation Corps. This program provides a site and hive structure for native swarms that we collect and increase the number of natural bee colonies in the District.

Complete to Date: Complete

Status Update: UFA has expanded its beekeeping operation and assisting the bees in making preparations for the fall and winter. This includes acquiring provisions sufficient to supply them the caloric input they will require, and protect them from mite attacks. These types of activities are seasonal in nature. Also, 5 gallons of honey was harvested in FY16. UFA recently held a honey tasting here at DDOT, during which much of this honey was raffled off to the staff.

Question 13

DISTRICT DEPARTMENT OF TRANSPORTATION
 Operating Budget/Expenditures by Administration - FY16 and FY17

	FY16 Approved Budget PRE-CAFR			Variance Description	FY17 Approved Budget as of 12/31/16 (1st QTR)			Variance Description
	FY16 Approved Budget PRE-CAFR	FY 16 Expense/Obligation	Variance		FY17 Approved Budget as of 12/31/16 (1st QTR)	FY17 1st QTR Expense/Obligation	Variance

Question 14 - Reprogramming - FY2016

Origination of Funds (From)	Designation of Funds (To)	Amount	Purpose
Transportation Infrastructure Mitigation	PayGo Capital Budget to Project CD056A/04, 11th St, SE Bridges	\$ 458,653.33	Budget is needed to allow DDOT to complete project requirements for 11th St Corridor. (Supposed to be processed in FY15 - memo dated 3/25/15)
PPSA - Policy Development	PayGo Capital Budget to Project SR319C/03, DC Water LTCP	\$ 1,309,890.87	Budget is needed to support DDOT's costs for review of plans, permit issuance, & field verification. (Update included addition of 6 questions on pg. 4)
Sherman Street (AD310C/04) & In-House Planning Projects (PM301C/01/03)	IT Infrastructure Implementation (N1704C/06)	\$ 134,000.00	Budget is needed for FEMS technology upgrades and digitizing department manuals and order books and upgrading the intranet.
Various Local Capital Projects (EDS06C, CA302C, ESDS04C, CE310C & EDS01C)	Alley Rehabilitation (CEL21C/04)	\$ 1,177,303.00	Budget is needed for citywide alley rehabilitation work.
Various projects and phases (AF083A, AF084A, AF085A, AF086A, AF087A & AF088A)	Various projects and phases (AF083A, AF084A, AF085A, AF086A, AF087A & AF088A)	\$ 708,916.02	The funds are needed in various projects and phases to meet the contractual estimates. This reprogramming properly aligns the TIGER grant budget in SOAR.
TOA Transportation Infrastructure Mitigation (Revenue)	PayGo to MRR16C, Virginia Avenue Tunnel	\$ 1,164,100.00	Budget is needed to allow DDOT to complete project requirements of awarded capital project and to fulfill the terms of the 12/15/14 MOA between CSX & DC.
TOA - Traffic Services	PayGo to TID01C, Traffic Infrastructure Development	\$ 38,010.00	The agency has received the ability to collect funding from developers for transportation infrastructure
Local Operating Budget	PayGo to 6EQ01C, Equipment Acquisition	\$ 1,445,738.26	Funds are needed to purchase additional equipment outside of the existing FY 2017 fleet replacement schedule.
Local Operating Budget	PayGo to FLD01C, Bloomingdale/LeDroit Park Flood Mitigation	\$ 512,887.83	Funding is needed to complete the design of Stormwater work to mitigate flooding in the Bloomingdale neighborhood.
Ward 8 Streetscapes, SR098C	Reverse PayGo to multiple Operating Budgets	\$ 6,440,222.06	Funds are needed for administrative activities that were previously charged to federal funds (CDBG) and HOME Investment Partnership Program and HPTF Projects

Question 14 - Reprogramming - FY2017

Origination of Funds (From)	Designation of Funds (To)	Amount	Purpose
Special purpose operating budget from 6909 as PayGo operating budget Capital budget from GFL01C/04 - DDOT Facilities	Local Capital project MRR08A - Long Bridge Study/Environmenta New Capital project FTF01C/04 - Resurfacing Rippling Floor	\$ 300,000.00 \$ 62,000.00	The agency has received a federal grant with local matching funds from partners, and has made a local contribution to complete an Environmental Impact Statement on the Long Bridge (VRE Funds) The funds are needed to complete major critical upgrades at the Fort Totten Trash Transfer Station
Special purpose operating budget from 6901 as PayGo operating budget	Local Capital project MRR08A - Long Bridge Study/Environmenta	\$ 700,000.00	The agency has received a federal grant with local matching funds from partners, and has made a local contribution to complete an Environmental Impact Statement on the Long Bridge
Local Capital project EW002C - East Washington Street Traffic Relief	Local Capital project BRI01C - Parkside Bridge - Parkside	\$ 1,400,000.00	The Parkside Pedestrian Project is a key component of the Kenilworth Ave Corridor Study and will provide safe, well lit, disabilities-accessible pedestrian travel.
Special purpose operating budget from 6909 as PayGo operating budget	Local Capital project MRR08A - Long Bridge Study/Environmenta	\$ 300,000.00	The agency has received a federal grant with local matching funds from partners, and has made a local contribution to complete an Environmental Impact Statement on Long Bridge (DRPT Funds)
Local Capital fund 0332 within projects EW001C & EW002C	Local Capital project FLD01C - Prevention of Flooding in Bloomingdale	\$ 467,292.55	The funding is needed to advance designs and to complete construction for Stormwater work to mitigate flooding in the Bloomingdale neighborhood
Local Capital projects: AD201C, CE301C, CE503C, CIT15C, ED302C, ED303C, EDL01C, EDL09C, EDS06C, PM301C, PM302C, PM303C, PMT04C & NPP01C	Local Capital project CEL21C - Alley Rehabilitation	\$ 2,465,855.57	Of the \$2.5M funds requested, \$1M is needed to perform a citywide alley condition assessment. The remaining amount is needed to fund additional rehabilitation projects as part of Alleypalooza
Local Capital projects: CE312C, CG311C and CG312C	Local Capital project CG313C - Greenspace Management	\$ 2,591,607.57	Funding is needed to consolidate Urban Forestry Division's local capital portfolio to provide greater flexibility to deliver the District's tree canopy coverage goals.
Special purpose operating budget from 6901 as PayGo operating budget	Local Capital project PM01LA - Pennsylvania Avenue East / White House Transp. Study	\$ 272,307.00	The funds are needed to complete technical tasks.

Question 15 - Intra District MOU Log - FY2016

Request Date	Buyer Agency	Seller Agency	Description of Service	Amount
July 30, 2015	DDOT	DOEE	To install Stormwater reduction devices and technologies in the public space - up to \$1200 grant to eligible residents	\$ -
August 4, 2015	OP	DDOT	Implementation of Sustainable DC Innovation Challenge, Pavers on CT Ave, NW	\$ 50,000.00
September 15, 2015	DDOT	DGS	Perform preliminary work to quantify the risks associated with the proposed development of Green Space along PA AVE	\$ 200,000.00
October 6, 2015	DDOT	DCCAH	Provide DCCAH assistance with an art event called Art All Night	\$ -
October 27, 2015	DDOT	OCME	OCME employ one FTE who will perform necessary toxicology casework & improve chemical testing knowledge base	\$ 165,000.00
November 4, 2015	DDOT	DCHR	To provide funding for the Capital Fellows Program in FY16	\$ 112,697.00
November 4, 2015	DDOT	FEMS	To upgrade the existing FEMS simulator so that it can mimic various District Traffic & other incident scenarios	\$ 351,048.54
November 4, 2015	DDOT	OAG	Administrative costs, courier and transportation, and telecommunication services	\$ 162,000.00
December 5, 2015	DDOT	MPD	Provide Funding for Automated Traffic Enforcement Equipment Installation & Maintenance for FY16	\$ -
December 17, 2015	DDOT	OAG	Administrative costs, courier and transportation, and telecommunication services	\$ 392,000.00
December 23, 2015	DDOT	MPD	For various safety related enforcement activities and to include DUI enforcements and pedestrian safety initiatives	\$ 2,745,595.63
January 6, 2016	DPW	OSSE	DDOT will provide training and review applicable invoices	\$ -
February 2, 2016	DDOT	DCTC	DC Taxicab will provide service of trips to & from eligible facilities for DC residents enrolled in MetroAccess program	\$ 2,800,000.00
January 8, 2016	DDOT	DOEE	Funding for the Greening the Fleets Project	\$ 10,000.00
January 11, 2016	DDOT	MPD	For reimbursable services from MPD	\$ 800,000.00
August 3, 2015	DDOE	DDOT	Clean Water Act State Revolving Fund Projects	\$ 3,780,774.00
February 11, 2016	DDOT	OUC	Citywide Radio System, Computer-Aided Dispatch and Mobile Data Services	\$ 51,502.81
January 8, 2016	DDOT	DPW	Commercial Driver Licenses Training	\$ 25,000.00
February 5, 2016	DPW	DOC	DDOT will provide training and review applicable invoices if DOC provides personnel for snow emergency	\$ -
February 23, 2016	DDOT	ODR	To fill contract positions to support strategies in the Vision Zero Action Plan	\$ 100,000.00
March 25, 2016	DDOT	DPW	To provide drug and alcohol testing for 100 DDOT employees	\$ 144,000.00
October 1, 2016	DDOT	DGS	FY16 Citywide Fleet Estimate/Advance	\$ 4,698,592.00
March 3, 2016	DDOT	OCTO	To Purchase PCs for Agency PC refresh Project for Fiscal Year 2016	\$ 18,000.00
May 9, 2016	DDOT	OCTO	Help Administer the school transit subsidy program	\$ 250,000.00
April 1, 2016	DDOT	OAG	To provide legal services to DDOT	\$ 154,124.00
April 12, 2016	DDOT	DPW	To purchase and install Side-Underride Prevention Devices on dump trucks	\$ 156,000.00
April 20, 2016	DDOT	OAG	For appraisals and review concerning the acquisition of property for Jemals Buzzards Point	\$ 136,000.00
April 21, 2016	DHCD	DDOT	For public improvement construction projects in the District	\$ 4,455,451.00
April 25, 2016	DDOT	OCA	Citywide services for Sign Language Interpreter	\$ 3,522.00
April 29, 2016	DDOT	DCST	DC Streetcar storage	\$ -
May 20, 2016	DDOT	DMHHS	To solicit and procure art installation to improve traffic safety	\$ 41,000.00
April 25, 2016	DDOT	DPW	Financial services for OCFO Staff	\$ 887,816.00
June 1, 2016	DDOT	OAG	For appraisals and review concerning the acquisition of property for Jemals Buzzards Point	\$ 75,000.00
June 1, 2016	DDOT	DOEE	To fund projects within the District to benefit the water in the District	\$ -
June 2, 2016	DDOT	OCA	Evaluate whether the District's street light system can be delivered through the use of innovative project delivery method	\$ 150,000.00
June 9, 2016	DDOT	DCHR	To provide suitable and compliance services for FY16	\$ 5,837.00
June 14, 2016	DDOT	OCA	Citywide MOU for recycle and disposal	\$ 302,430.00
July 18, 2016	DDOT	OAG	For appraisals and review concerning the acquisition of property for Jemals Buzzards Point	\$ 15,000.00
July 22, 2016	DDOT	DMHHS	Develop a data collection tool for training module	\$ 20,000.00
July 29, 2016	DHCD	DDOT	For public improvement construction projects in the District	\$ 1,951,759.77
August 4, 2016	DDOT	ODR	to purchase a motorized scooter	\$ 1,350.00
August 15, 2016	DDOT	OUC	Citywide Radio System, Computer-Aided Dispatch and Mobile Data Services	\$ 6,192.00
June 30, 2016	DDOT	OCTO	Help Administer the school transit subsidy program	\$ 100,000.00
September 1, 2016	DDOT	OCTO	To increase server space	\$ 13,066.54
September 1, 2016	DDOT	OCTO	To purchase and install SQL servers for Tops Database migration	\$ 19,280.00
September 1, 2016	DDOT	OGC	Three procurement personnel for procurement initiatives	\$ 55,286.72

Question 15 - Intra District MOU Log - FY2016

Request Date	Buyer Agency	Seller Agency	Description of Service	Amount
June 2, 2016	DDOT	OCA	OP3 and DDOT to work together to the District street light system	\$ 150,000.00
August 11, 2015	DDOT	OP/SHPO	One full - time employee to review DDOT projects	\$ 140,000.00
July 29, 2016	DDOT	DOEE	Distribution of grant funds from the Clean Water Act State Revolving Fund	\$ 331,759.00
June 6, 2016	DDPT	DPW	Parking and Towing Enforcement for Streetcar Line	\$ 823,610.63

Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
ELC	6EQ01C	Equipment Replacement	This project is for the replacement cost for fleet, primarily light vehicles used by DDOT inspectors, engineers, etc. for work performed throughout the city.	3,208,209	ONGOING
OPS	AD012A	Lighting Asset Management Program - STP	This subproject provides a five-year contract for the preservation of electrical system assets for the District's major streets and freeways, including maintenance of manholes, conduit and cable, streetlight poles, foundations, and lighting fixtures. Also includes Welcome to Washington Signs and navigational lights.	14,528	COMPLETED/CLOSEOUT
IPMA	SR096C	Eastern Market Plaza & French Street	The project is to provide streetscape improvements in Ward 6 on French Street and around Eastern Market Plaza.	100,000	COMPLETED/CLOSEOUT
IPMA	ED064A	Revitalization of Minn Ave NE From A St to Sheriff Rd.	Revitalization of Minnesota Avenue, NE from A Street, SE to Sheriff Road, NE. Phase 1 from A Street, SE to mid-block between Dix Street and Benning Road will be constructed first. Phase 2 from the mid-block to Sheriff Road will be constructed as second phase subsequent to NEPA review of Benning Road Streetcar; streetcar route (to Minnesota Metro Station, to Benning Road Metro Station, or both) will be determined by NEPA process ending no earlier than March 2014; therefore, phase 2 will be deferred until route selected to avoid redesign/reconstruction.	199,525	COMPLETED/CLOSEOUT
OPS	AD304C	Streetlight Asset Management	This subproject provides a five-year contract for the preservation of electrical system assets for the District's major streets and freeways, including maintenance of manholes, conduit and cable, streetlight poles, foundations, and lighting fixtures. Also includes Welcome to Washington Signs and navigational lights. This project renovates and replaces the District's aging transportation electrical infrastructure that is not eligible for Federal Highway funding.	13,194,417	ONGOING
PPSA	AD306C	Improve Lighting for Pedestrian Safety	Improve safety for bicyclists and pedestrians through infrastructure improvements, public education and outreach, and improved enforcement.	2,435,456	ONGOING
IPMA	MRR22A	Minn Ave Revitalization Ph 1	The work under this contract includes the reconstruction of Minnesota Avenue from A Street, SE to 300 feet south of Benning Road, NE. The project corridor is approximately one-half mile in length, includes the East Capitol Street Bridge (Minnesota Avenue over East Capitol Street), and is located in both northeast and southeast Washington, DC (reference site map Figure 1.1). The major components of construction include the removal of existing asphalt and PCC pavement, reconstruction of pavement using full depth asphalt, total removal of existing sidewalks, curb and gutter, construction of granite curb and concrete gutter, replacement of existing sidewalk with new PCC or exposed aggregate sidewalk, installation of PCC wheelchair ramps with detectable warning surfaces, reconstruction of PCC driveway entrances and elimination of driveway entrances as shown on drawings, construction of landscaping and streetscaping, including modifications to the East Capitol Street Bridge, installation of bioretention facilities with plantings, new tree plantings, installation of water quality, catch basins and new PCC stormdrain pipe, construction of relocated water main and service connections, replacement of existing fire hydrants with traffic-type breakaway fire hydrants, installation of permanent roadway signs and pavement markings, installation of street lights, traffic signals, and related conduits and wiring.	1,532,466	FY 2019
OD	AF028A	Civil Rights / EEO compliance Monitoring Program	This subproject will continue program development, administration, and implementation of EEO procedures, including complaints and investigations; establishment of Title VI & ADA Standards and Procedures; conducting citywide ADA self-evaluations; designing and structuring of automated tracking systems for all programs including EEO, DBE, ADA, Title VI and Public Participation; and facilitating mandatory training requirements. Additionally, this program will support the Department's initiative/outreach efforts being coordinated with the DC Office of Latino Affairs (OLA) via the Latino Action Plan.	24,172	COMPLETED/CLOSEOUT
OPS	AF045A	Amber Plan Program activities in DC	This is a citywide project for the purpose of implementing systems and procedures that have been identified as necessary to incorporate various traveler information such as changeable message signs (CMS) in the issuance of child abduction or AMBER Alerts.	60,500	ONGOING
OPS	AF048A	FY07 Asset Inventory - ADA	8888(399): Pilot Asset Inventory & ADA Compliance: Asset inventory and evaluation for ADA Compliance in the Golden Triangle. This project is the DDOT Civil Rights Compliance Program. The project is for language services and ADA program goals as well as training associated with Title VI, Title VII, and ADA internally and externally. This project will continue program development, administration and implementation of EEO procedures, including complaints and investigations; establishment of Title VI & ADA Standards and Procedures; conducting citywide ADA self-evaluations; designing and structuring of automated tracking systems for all programs including EEO, DBE, ADA, Title VI, and Public Participation; and facilitating mandatory training requirements. Additionally, this program will support the Department's initiative/outreach efforts being coordinated with the DC Office of Latino Affairs (OLA) via the Latino Action Plan.	688,346	COMPLETED/CLOSEOUT
OD	AF055A	FY06 Civil Rights Compliance Program	This is a citywide project for the purpose of implementing systems and procedures that have been identified as necessary to incorporate various traveler information such as changeable message signs (CMS) in the issuance of child abduction or AMBER Alerts.	3,000	COMPLETED/CLOSEOUT
OD	AF058A	Pilot Business Opp. & Workforce Dev. Center (BOWDC)	The purpose of this project is to operate the BOWDC, develop and expand new and existing programs related to the BOWDC, identify and recruit participants, and fully integrate DDOT's Disadvantaged Business Enterprises (DBE) and On-The-Job Training (OJT) Supportive Services. Funding will be used to support the Agency's efforts to increase the overall number of minority and women-owned entrepreneurs underrepresented in the District of Columbia's federally-funded highway transportation construction projects. The funding will also provide critical resources to provide workforce development training for qualified minorities and women who are placed in or interested in non-traditional jobs leading to careers in the highway construction industry with a focus on hard-to-fill trades. This project conforms to 49 CFR Part 26 and 23 CFR Part 26.	34,636	COMPLETED/CLOSEOUT
PPSA	AF066A	Recreational Trail Maintenance Grants	Programs associated with the Recreational Trails Program – a program established to develop and maintain recreational trails and trail-related facilities.	22,223	ONGOING
PPSA	AF081A	District Statewide Freight Plan	Development of a District freight plan to enhance the safety and efficiency of moving goods.	29,021	COMPLETED/CLOSEOUT
IPMA	AW032A	Anacostia Kenilworth Trails (TIGER)	The Kenilworth Trail of the Anacostia Riverwalk comprises a total of 4 miles of trails starting north of the Benning road bridge on the east side of the Anacostia River and meanders along the river and the neighborhoods into Maryland. The District portion of the project ends at the district border with the state of Maryland.	1,830,858	COMPLETED/CLOSEOUT
IPMA	CA303C	Culvert Rehabilitation & Replacement	Under this funding account, DDOT will inspect, design, and rehabilitate or reconstruct Culverts throughout the District.	877,565	ONGOING
IPMA	MNT01A	CW Pump Stations Rehab	This project studies and designs solutions to citywide drainage and flooding problems. Flooding locations include intersections and underpasses with or without pump stations.	641,093	ONGOING
IPMA	BR005C	H Street Bridge	The H Street Bridge spans over the Amtrak corridor near Union Station in the downtown area of the District of Columbia. The bridge carries three lanes of H Street traffic in each direction over 1st Street and 2nd Street NE and over the Union Station rail yard (which includes both Amtrak and WMATA tracks).	38,500,000	FY 2022
PPSA	ED102C	Rhode Island NE Small Area Plan	Funding to plan and implement streetscape improvements along Rhode Island Avenue in keeping with the Great Streets Plan.	155,380	FY 2018
IPMA	PM088A	CW TRANSPMGMT PLAN	Prepare a citywide transportation management plan to respond to stakeholders concerns regarding the traffic impacts due to multiple construction projects.	1,898	COMPLETED/CLOSEOUT
IPMA	AF089A	Final Design of Oxon Run Trail	Improve access within Oxon Run Park for non-motorized, bicycle and pedestrian transportation.	20,000	COMPLETED/CLOSEOUT
IPMA	CD049A	PA Ave. NW BR over Rock Creek (No. 0118)	Investigation and design for rehabilitation of the bridge superstructure and approach roadway improvements.	12,435	FY 2018
IPMA	AW000A	SOUTH CAPITOL STREET CORRIDOR	The proposed improvements to South Capitol Street are intended to realize the vision set forth in the L'Enfant Plan through downgrading South Capitol Street from an expressway to an urban boulevard and gateway to the District of Columbia's Monumental Core. A key feature of this project will be the construction of a new and architecturally significant Frederick Douglass Memorial/South Capitol Street Bridge. This structure will spark the transformation of the South Capitol Street corridor and create a world class gateway between the east and west sides of the Anacostia River. Additional park lands will be created in the area adjacent to the new bridge to promote liveable communities, expand recreational options, and reconnect the city to the Anacostia riverfront. Economic development opportunities will be created and improved connectivity for residents will be provided to federal installations and job centers, including enhanced access to the Department of Homeland Security, U.S. Navy Yard, Bolling Air Force Base, the Anacostia Annex, and Andrews Air Force Base in Maryland.	54,373,297	ONGOING
PPSA	OSS11A	Truck Size & Weight	Installation and maintenance of the District's commercial scale facilities and equipment located in public space.	140,681	FY 2019
IPMA	AW003A	ST. ELIZABETHS TRANSP ACCESS STUDY	Multimodal transportation improvements associated with the redevelopment of St. Elizabeth's East and West Campuses to provide better access to Congress Heights, Anacostia, and existing transportation infrastructure.	21,399	COMPLETED/CLOSEOUT
PPSA	PM0E8A	District Statewide Freight Plan	Development of a District freight plan to enhance the safety and efficiency of moving goods.	4,324	FY 2017
IPMA	AW015A	RIVERWALK (KENILWORTH)	This segment is a critical piece to connect existing constructed trails in Bladensburg, Maryland to the rest of the completed and planned Riverwalk segments—eventually linking to major regional trail segments.	2,017,285	COMPLETED/CLOSEOUT
IPMA	AW027A	ST E'S EAST CAMPUS FEAS STU	The District of Columbia Department of Transportation (DDOT) will be responsible for improvements to the transportation and utilities infrastructure to support the Stage 1 of the St. Elizabeth's East Campus Redevelopment project. The project will be administered as Design-Build Construction Contract. Design and construction is anticipated to start from late 2014 and continue until 2016.	424	COMPLETED/CLOSEOUT
OD	AF083C	16th St, NW Bus Priority Imprvs	Implement Transit Improvements in this Corridor using the following tools: Transit Signal Priority, Curb Extensions, and Real-time Bus Information Displays at bus stops.	69,799	COMPLETED/CLOSEOUT
OD	AF085C	H St/Bening Rd Bus Priority Imprvs	Implement Transit Improvements (Bus) on the H/Benning Corridor using the following tools: Real-time Bus Information Displays and Safety Improvements at Bus Stops (Emergency Call Boxes or other Similar Safety Improvements).	32,199	COMPLETED/CLOSEOUT

**FY16 KA0 Performance Oversight Hearing
Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
			PTSA is funding a number of projects that will improve bus efficiency in the District with a combined value of more than \$1.8 million.		
TDD	BEE00C	Bus Efficiency Enhancement	- Bus Intersection Analysis and Bus Stop ADA Improvements - Design and analysis task with HNTB is underway with expected spending of \$275k in FY 2016 (PO536941) - Bus ADA Improvements - Construction of \$1.3 million in improvements expected to begin in July 2016 - Analysis of Bus Lanes in Downtown DC with cost of \$252k is underway (PO540998)	5,372,753	ONGOING
OD	AF086C	WI Ave Bus Priority Imprvs	Impelement Transit Improvements in this Corridor using the following tools: Transit Signal Priority and Real-time Bus Information Displays at bus stops.	176,781	COMPLETED/CLOSEOUT
OD	AF087C	TR Bridge to K St Bus Priority Imprvs	Implement technologies to improve Transit and traffic flow in the Downtown core along the TR Bridge to K St Corridor using the following: Transit Signal Priority, Traffic Signal Optimization and Uninterruptible Power Supplies (UPS).	75,885	COMPLETED/CLOSEOUT
OPS	CA301C	Repair And Maintain Curbs And Sidewalks	This project is to provide for the restoration and rehabilitation of distressed sidewalks, curbs and gutters, minor drainage improvements, and temporary paving of new streets that are not eligible for federal aid highway funding. The way the work will be accomplished will be by re-engineering the contracts into geographically-based contracts. This will produce a comprehensive improvement of a neighborhood and will reduce disruption in the community. Additionally, a detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction.	3,965,304	ONGOING

**FY16 KAO Performance Oversight Hearing
Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
IPMA	CA302C	Repair/Maintain Curbs/Sidewalks/Alleys	This project is to provide for the restoration and rehabilitation of distressed sidewalks and alleys, curbs and gutters, minor drainage improvements, and temporary paving of new streets that are not eligible for federal aid highway funding. The work will be done by re-engineering the contracts into geographically-based contracts. This will produce a comprehensive improvement of a neighborhood and will reduce disruption in the community. Additionally, a detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction.	0	COMPLETED/CLOSEOUT
OD	AF088C	14th St Bridge to K St Priority Impr	Implement technologies to improve Transit and traffic flow in the Downtown core along the 14th St Bridge to K St Corridor using the following: Transit Signal Priority, Traffic Signal Optimization and Uninterruptible Power Supplies (UPS).	192,491	COMPLETED/CLOSEOUT
IPMA	CAL16C	Ada Ramps	Citywide Sidewalk Repair/Replace and upgrading of wheelchair ramps, bus stops, and overall accessibility.	2,001,303	ONGOING
OPS	CB008A	HWY SAFETY IMPROV PROG	This project will provide oversight, direction and system structure, highway facilities and operations, human and vehicle performances, and emergency vehicle services. Data will be collected and maintained. Since August 1994 DDOT has assumed the responsibility for developing and implementing a Safety Management System (SMS) and a Highway Safety Improvement Program (HSIP). These elements are mandated by the Federal Government under Public Law 102-240 Section 1034 of Title 23 U.S.C. Implementation of the Safety Management System and the Highway Safety Improvement Program may save lives, reduce injuries and property damage.	2,147,803	COMPLETED/CLOSEOUT
IPMA	BRI01C	Pedestrian Bridge	The Parkside pedestrian Bridge Spans across the DC-295 Freeway and CSXT and WMATA railroad tracks at the Minnesota Metro Station. The project is to be completed with local funds and a contribution (up to \$3 million) from an adjacent developer.	12,173,751	FY 2020
OPS	CB031A	Replacing & Upgrading Attenuators & Guiderail-IM	This project provides repair, replacement, and upgrading of safety appurtenances on and off the Federal-Aid Highway System (NHS) that have been damaged by errant vehicles and replacement of units that do not meet the requirements of NCHRP (National Cooperative Highway Research Program) Report 350. Work also includes constructing guiderails and attenuators at new locations and removal of units in locations where they are no longer needed.	618,746	COMPLETED/CLOSEOUT
OPS	CB032A	Replacing & Upgrading Attenuators & Guiderail	This project provides repair, replacement, and upgrading of safety appurtenances on and off the Federal-Aid Highway System (NHS) that have been damaged by errant vehicles and replacement of units that do not meet the requirements of NCHRP (National Cooperative Highway Research Program) Report 350 and MASH. Work also includes constructing guiderails and attenuators at new locations and removal of units in locations where they are no longer needed.	395,230	COMPLETED/CLOSEOUT
OPS	CB045A	Pavement Skid Testing	The District Department of Transportation (DDOT) annually implements a skid testing sub-program under the Highway Safety Improvement Program (HSIP). Under this sub-program, consultants conduct pavement skid resistance testing at thirty (30) wet pavement, high crash locations as identified by the DDOT staff through recent crash data.	250,815	ONGOING
OPS	CB048A	CW Road Safety Audit Program	City-Wide Safety Program	897,499	ONGOING
IPMA	CBT52A	FY04 HAZ ELIM/SPOT IMPR EAS	The Traffic Division of DDOT proposes to use 80 percent Federal funding to remove streetlights from the median and install on the side of the roadway to eliminate potential hazards from medians.	421	COMPLETED/CLOSEOUT
IPMA	CD013A	South Capitol Street EIS	The FEIS will result in a preferred alternative for construction. The scope of design and construction will be determined after the R.O.D. is issued by FHWA.	1,080,968	COMPLETED/CLOSEOUT
IPMA	CD056A	11th St Bridge SE Replace / Reconfigure	To replace existing structures with new structures and provide direct access from I-295 to Downtown DC (via I-395).	2,087,050	FY 2022
IPMA	CD015A	Repainting of Chain BR Over Potomac River	This project replaces pin and hanger in three spans of the bridge and adds safety by installing Catcher beams at the pin and hanger locations. The project also repaints structural steel components and maintains concrete work on the deck and supports.	195,643	COMPLETED/CLOSEOUT
PPSA	EDS00C	Great Streets - General Planning	General Great Streets planning activities including planning activities related to undergrounding of selected primary electrical feeders in Wards 3, 4, 5, 7 & 8.	12,770	ONGOING
IPMA	CD037A	27th St Bridge Over Broad Branch, NW	Reconstruction of 27th Street Bridge over Broad Branch NW	20,000	COMPLETED/CLOSEOUT
IPMA	CD044A	Project Management - AWI	AWI Program Management.	2,921,549	ONGOING
IPMA	EW002C	E Washington Street Traffic Relief	The East Washington Project calls for building new ramps to and from the 11th Street Bridge on the east side of the Anacostia River to directly connect the Southeast Freeway and Kenilworth Avenue/DC-295. This will divert traffic from congested local streets in communities along the Anacostia River to the interstate/regional network.	1,625,956	FY 2022
IPMA	EDL03C	Pa Ave, Se Streetscape Improvements	Identify methods to improve transportation services, safety, and the visual appearance of the right-of-way to encourage or strengthen economic development and prepare concept design plans. Prepare environmental approval documents, detailed design plans and specifications, and construct recommended transportation system improvements identified through the projects.	124,823	FY 2018
IPMA	MRR23A	Rehab of 1st St NE	Reconstruction/Resurfacing of First Street NE from G Street to New York Avenue.	477,914	COMPLETED/CLOSEOUT
IPMA	CD055A	11th St Bridges SE Replace / Reconfigure	Replacement and reconfiguration of the existing deteriorating bridges and ramps at the Anacostia River crossing near 11th Street SE, connecting Anacostia Freeway and the Southeast Freeway. New freeway ramps east of the river will connect both directions of the Anacostia Freeway with eight freeway lanes across to the Southeast Freeway. Additionally, two lanes in each direction of local roadway will connect surface streets east and west of the river. All improvements are consistent with the goals of the Anacostia Waterfront Initiative.	256,222	COMPLETED/CLOSEOUT
IPMA	PM0MLC	Materials Testing Lab	A/E was selected. First Scoping work held on 4/5/2016. A/E firm will visit the site prior to preparing the proposed scope of work for DDOT review and approval.	1,501,624	FY 2018
IPMA	CD058A	Rehab of L'Enfant Promenade	The maintenance of the three bridges and plaza at the L'Enfant Promenade (Bridges #517, 1114, and 1108).	197,909	COMPLETED/CLOSEOUT
OPS	CD063A	FY12-FY16 Asset Pres & Prev Maint of Tunnels	This is a performance-based contract that enables sustained preventive maintenance, rehabilitation, and preservation of all tunnel assets in DDOT inventory System. The principal objectives relative to public safety are: the maintenance of automated or natural exhaust system for the expulsion of harmful carbon monoxide gas from all tunnels and the provision of an adequate lighting system within each tunnel.	1,308,948	ONGOING
IPMA	AW001A	Suitland Parkway-MLK Jr. Ave Interchange	Redevelopment of the South Capitol Street and the Anacostia Waterfront is a part of the Anacostia Waterfront Initiative. The interchange at Suitland Parkway and MLK is proposed as part of the South Capitol Street Record of Decision (ROD).	533,819	FY 2024
IPMA	CD503A	SOUA BR OVER ANA RIVER #54	This project funded the design of the Sousa Bridge over the Anacostia River.	265,266	COMPLETED/CLOSEOUT
IPMA	CDT22A	BR #4 Jefferson ST Over C&O	This project reconstructs all three bridges (superstructure and substructure). In addition to replacing the deteriorated bridge structures, utilities will be supported under the new bridges.	1,335,922	COMPLETED/CLOSEOUT
IPMA	CDT28A	PEDESTRIAN BR OVER KENILWORTH AVE-NASH	Replacement of Douglas Street Pedestrian Bridge over Kenilworth Avenue (Bridge No. 0068).	253,534	COMPLETED/CLOSEOUT
IPMA	CDT50A	SE FWY BR 7TH-11TH STS CE,C	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system.	76,166	COMPLETED/CLOSEOUT
IPMA	CDT51A	REHAB OF 9TH ST BR OVER SW FREEWAY	Rehabilitation of 9th Street Bridge and girder repairs of 10th Street bridge over southwest freeway.	34,999	COMPLETED/CLOSEOUT
IPMA	CDT89A	SOUTH DAKOTA AVE. NE OVER RAILROAD BR	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system.	15,836	COMPLETED/CLOSEOUT
IPMA	CDT91A	11TH ST BR OVER RR #516	This project rehabilitates and reconstructs the 11th Street Bridge, adjacent ramps, roadway approaches, and intersection.	24,582	COMPLETED/CLOSEOUT
IPMA	CDT96A	ATLANTIC ST BR SE OV OXON RUN	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system.	9,720	COMPLETED/CLOSEOUT

**FY16 KAO Performance Oversight Hearing
Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
IPMA	CDTB6A	REHAB OF K. Mass. & H BR OV CENTER LEG FWY	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system. The replacement or rehabilitation of deteriorated bridges is the Department's highest priority in the transportation capital improvements program. The average service life of a bridge deck is approximately 30 years. Of the Districts 229 bridges, 127 or 55 percent were constructed between 1958 and have reached the point of requiring major deck rehabilitation. Bridges are critical links to the District's street and highway network serving millions of people each day. Bridge improvements affect thousands of District residents and travelers and business commerce from other localities. Bridges have a significant impact on safety, businesses, and neighborhoods if timely improvements are not implemented.	799,512	COMPLETED/CLOSEOUT
IPMA	CDTB8A	Rehab of CT Ave BR over Kingle Valley (#27)	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system. The replacement or rehabilitation of deteriorated bridges is the Department's highest priority in the transportation capital improvements program. The average service life of a bridge deck is approximately 30 years. Of the Districts 229 bridges, 127 or 55 percent were constructed between 1958 and have reached the point of requiring major deck rehabilitation. Bridges are critical links to the District's street and highway network serving millions of people each day. Bridge improvements affect thousands of District residents and travelers and business commerce from other localities. Bridges have a significant impact on safety, businesses, and neighborhoods if timely improvements are not implemented.	362,799	COMPLETED/CLOSEOUT
IPMA	CDTC2A	35th St, NE Bridge over E Capitol St	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system. The replacement or rehabilitation of deteriorated bridges is the Department's highest priority in the transportation capital improvements program. The average service life of a bridge deck is approximately 30 years. Of the District's 229 bridges, 127 or 55 percent were constructed between 1958 and have reached the point of requiring major deck rehabilitation. Bridges are critical links to the District's street and highway network serving millions of people each day. Bridge improvements affect thousands of District residents and travelers and business commerce from other localities. Bridges have a significant impact on safety, businesses, and neighborhoods if timely improvements are not implemented.	52,155	COMPLETED/CLOSEOUT
IPMA	CDTC5A	Recon of 16th St,NW on Military Rd	This project installs a stone faced concrete barrier median on Military Rd from the 14th Street intersection to Oregon Ave intersection, NW to provide improved traffic mobility and safety. The project also improves street lighting on the same stretch of Military Rd and on the ramps to and from 16th Street.	484,913	COMPLETED/CLOSEOUT
IPMA	CDTD4A	New Hampshire AVE BR NE OVER RR, REHAB	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system.	657,603	COMPLETED/CLOSEOUT
IPMA	CDTE0A	Design/Build of 9th St BR OV NY Ave & Amtrak NE	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highways facilities on and off the federal aid highway system.	185,858	COMPLETED/CLOSEOUT
IPMA	CDTE5A	Rehab of CT Ave, NW Devonshire Pl- Macomb St (#27)	This project repairs, restores, and replaces deteriorated, unsafe bridge structures, tunnels, and elevated highway facilities on and off the federal aid highway system.	70,096	COMPLETED/CLOSEOUT
IPMA	CDTE7A	Rehab of 35th St NE RWYs & E Capitol St Service Rds	This program provides for the restoration and rehabilitation of distressed street and highway pavements through resurfacing improvements on the federal aid highway system.	76,684	COMPLETED/CLOSEOUT
IPMA	CDTE8A	Rdwys New Hampshire Ave, NE BR OV CSX & WMATA	This program provides for the restoration and rehabilitation of distressed street and highway pavements through resurfacing improvements on the federal aid highway system.	271,245	COMPLETED/CLOSEOUT
IPMA	CDTF3A	Rehab of SD Ave BR over CSX RR, Roadways	The bridge beams have corroded and the concrete pier caps have deteriorated so much to warrant a rehabilitation of the bridge.	1,124	COMPLETED/CLOSEOUT
OPS	CE301C	Pavement Marking & Traffic Calming	This program provides for the restoration and rehabilitation of distressed street and highway pavements through resurfacing improvements on local roads not eligible for federal aid. Further, this citywide project will provide for pavement markings to indicate travel lanes, bicycle lanes, parking lanes, and turning lanes on District roadways. This project will also enable the Department to implement various traffic calming measures to slow speeding vehicles including speed bumps, rumble strips, chokers, bump-outs, pavement markings, and other techniques to reduce travel speed on District roads.	406	COMPLETED/CLOSEOUT
OPS	CE302C	Street Repair & Maintenance of Equipment	This program provides for the purchase of Street Repair Equipment and technology improvements essential to the (in-house) restoration and rehabilitation of distressed street and highway pavements through resurfacing improvements on local roads not eligible for federal aid.	1,110,590	ONGOING
OPS	CE303C	Street Repair Materials	This project will provide the needed material to address all aspects of street repair and maintenance thus extending the useful life of the network of local roadways and alleys throughout the District. The material is designated for local streets.	23,097	ONGOING
OPS	CE304C	Street Signs Improvements	This project will provide the needed supplies, materials, and equipment to address all aspects of local streets and parking sign repair and maintenance, including the installation of new signage. Without adequate funding the Sign Shop and its specialized employees will not be able to fulfill the mandate to continue replacing and upgrading signage on local streets and alleys. This initiative was spurred by the one time Barney Circle reallocated funding to address areas of deficiencies on neighborhood streets. This funding would allow the signage program to continue to make strides in addressing critical safety deficiencies. This program not only supports major safety initiatives such as school signage, but it offsets potential claims associated with faulty or faded signage. This program also is a means of generating much needed revenue by enhancing parking enforcement through both traffic and parking signage.	4,257,941,100	ONGOING
OPS	CE307C	Bridge Operation & Maintenance	This project funds in-house staff salaries, equipment, and materials to apply preventive maintenance measures and activities citywide to area bridges and truck scale maintenance.	2,373,402	ONGOING
OPS	CE308C	Concrete, Asphalt And Bridge Maintenance	Project should be titled Resurfacing, Repair and Maintenance of Local Streets & Bridges. This project funds staff salaries, equipment, and supplies for in-house staff to perform milling and paving/resurfacing of local streets. Includes funding portion of underground utility locating and marking.	665,000	ONGOING
OPS	CE309C	Masonry & Concrete Maintenance	This project includes sidewalk maintenance & repair work. This project should be titled Resurfacing, Repair and Maintenance of Local Sidewalks. Project funds staff salaries, equipment, and supplies for in-house staff performing installation, repair, and maintenance of brick and concrete repairs on local sidewalks, curbs, and gutters.	2,823,842	ONGOING
OPS	CE310C	Street Alley Maintenance And Repair	This project funds in-house staff salaries, equipment, and supplies to respond to safety repairs & patching including preventive maintenance, patching, and some resurfacing of local alleys. Includes the installation of speed humps, preventive maintenance crack seal of local streets, pothole repair, and full depth patching.	3,726,088	ONGOING
IPMA	AW011A	South Capitol Street Bridge Replacement	Redevelopment of the South Capitol Street corridor is a part of the Anacostia Waterfront Initiative. Currently Phase 1 of the project (Segments 1 and 2) has been solicited with proposals due Q1 FY 2017. This will be a design-build project.	80,887,908	FY 2021
IPMA	AW031C	South Capitol Street/ Frederick Douglass	Funds for Right of Way Acquisition to build South Capitol Street and New Frederick Douglass Bridge.	98,565,167	FY 2021
PPSA	CE313C	North Capitol St.Triangle Park	To construct improvements to the triangle park at North Capitol Street and Florida Avenue NW. DDOT will enter into an MOU with a main street organization to manage the space. This project will make the park a more inviting space for the community. This project is necessary to revitalize the triangle park at North Capitol St and FL Ave. The project will start in FY2017.	251,427	FY 2017
IPMA	CE503C	Union Mkt Infrastructure	DDOT identified infrastructure upgrades, including utilities, needed to support Union Market development in advance of projected development activity. The project was conducted in conjunction with DDOT's Florida Avenue Multimodal Safety and Operations study.	132	COMPLETED/CLOSEOUT
IPMA	CEL21C	Alley Repairs And Improvements	Of the 367 miles of alleys in the District, 30% of are in poor condition and 37% are in fair condition. DDOT typically funds alley repairs and improvements out of its Local Roads Construction and Maintenance Fund (LRCMF), where they compete with street repairs and improvements, curbs, sidewalks, trees, storm water management, snow fleet, parking meters, and design studies.	568,647	ONGOING
IPMA	CETG6A	VARIOUS, FY97 7TH FA RESURFACING	Pavement resurfacing project.	31,561	COMPLETED/CLOSEOUT
IPMA	CETK7A	FY00 2ND FA RESURF	Pavement resurfacing project.	1,890	COMPLETED/CLOSEOUT
UFA	CG311C	Tree Pruning	Pruning of trees located in the right of way throughout the District. Project expenditures are occurring daily. Old POs are being deobligated.	1,312,945	COMPLETED/CLOSEOUT
UFA	CG312C	Tree Removal		1,118,362	COMPLETED/CLOSEOUT
UFA	CG313C	Integrated Pest Management Program	Plant health services citywide to include tree pruning, removal, female ginkgo spaying, dutch elm disease control, and other plant health services.	2,923,617	ONGOING
UFA	CG314C	Tree Planting	Tree planting citywide in the right of way, mainly as street trees. Just fewer than 6,000 new trees installed during FY16.	1,586,530	ONGOING
OPS	CI034A	FY08 CW Thermoplastic Pave Markings	To provide installation of new pavement markings and refurbishment on all STP and NHS routes throughout the District of Columbia.	260,121	COMPLETED/CLOSEOUT
OPS	CI035A	ITS On Call Technical Support Services	Identify, study, and design elements of Intelligent Transportation System technology for implementation on District of Columbia highways and primary routes.	627,603	ONGOING
OPS	CI053A	Weigh-In-Motion	In 2009, the International Road Dynamics, Inc (IRD) was issued a two-year contract to maintain the two WIM stations on New York Avenue and I-295. IRD conducts system calibration, system validation and data collection, and transmit the maintenance data and service reports to DDOT as well as conduct emergency repairs as needed. IRD also provides training to the DDOT staff. Install battery-based uninterruptible power supply for critical signalized intersections. This system would automatic transfer from electrical power to battery back-up power at the sign of power loss. This system would eliminate the need and the labor costs for mobilization of generators and use of TCO's and or MPD in critical intersections during power loss. The UPS would be able to provide up to 6 hours of uninterrupted power supply at these critical intersections.	62,266	ONGOING
OPS	CI056A	Traffic Signal Uninterruptible Power Supply (UPS) System		1,199,604	ONGOING
OPS	CI060A	Develop. of Advanced Transp. Mgmt System	DDOT will build next-generation Advanced Transportation Management System for incident management, traffic operation, and special event management.	490,766	ONGOING

**FY16 KAO Performance Oversight Hearing
Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
OPS	CI063A	FY-2010 CW Traffic Signal Construction Contract	Install new and modify existing traffic signals on the National Highway System and on the Surface Transportation System throughout the District.	381,099	ONGOING
TDD	CIR14C	Circulator Buses	This ongoing project will fund the purchase of Circulator buses needed for replacement of buses and expansion of bus fleet.	27,371,210	ONGOING
TDD	CIRFLC	Circulator Fleet Rehab	This project is for the refurbishment of the District's Circulator buses.	70,000	ONGOING
OPS	CIT15C	Pavement Markings	This project is for pavement marking material and labor hours associated with pavement markings.	102	COMPLETED/CLOSEOUT
IPMA	CK001A	RECON OF BRNTWD RD 9TH-RH AV	This project reconstructs streets on the Federal-aid Highway System. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	3,466	COMPLETED/CLOSEOUT
IPMA	CK002A	Recon of 1st St, NE K St to NY Ave	This project reconstructs streets and highways on the Federal-aid Highway System. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	39,966	COMPLETED/CLOSEOUT
IPMA	CK026A	RECON OF COLUMBUS CIRCLE	This plan is to develop an ITC project at this location to improve safety for pedestrians, better traffic flow, and enhance the landscape in the traffic islands.	2,043,079	COMPLETED/CLOSEOUT
IPMA	CKT69A	RECON OF BLADENBURG RD NE MT OLIVET	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	220,750	COMPLETED/CLOSEOUT
IPMA	CKT74A	Recon of 16th St NW Alaska Ave to Primrose Rd	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	177,423	COMPLETED/CLOSEOUT
IPMA	CKT76A	Recon of 18th St NW Florida-Mass Ave	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	634,852	COMPLETED/CLOSEOUT
IPMA	CKT83A	Recon of F St NW 17th to 23rd St	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	1,803,417	COMPLETED/CLOSEOUT
IPMA	CKT89A	RENO RD NW NEB AVE-MIL RD	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	26,270	COMPLETED/CLOSEOUT
IPMA	CKT96A	HISTORIC ST ALLEYS, TO DSGN RECON STS	The District of Columbia Department of Transportation proposes to initiate a new federally funded Historic Street & Alley Program for streets and alleys that are not on the federal-aid highway system. Federal Enhancement funds will be used to preserve streets and alleys in historic Districts that serve public multi-modal transportation needs. This program will mitigate safety, lighting, traffic control, drainage, and pavement vibration problems. The objective of the District Historic Streets & Alleys Program is to design and reconstruct deteriorated streets and alleys to accommodate pedestrians and bicycles, provide improved transportation access to historic areas, and rehabilitate and restore historic transportation features. Historic streets and alleys serve as important transportation connectors to local, arterial, and collector streets and serve residential traffic, commuters, emergency vehicles, delivery trucks, trash trucks, bicyclists, and pedestrians.	12,234	COMPLETED/CLOSEOUT
IPMA	CKTB4A	BENNING RD-16TH TO OKLAHOMA	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required when the highway pavement has reached the end of its useful life and can no longer be resurfaced.	445,225	COMPLETED/CLOSEOUT
IPMA	CKTB5A	BENNING RD-ANACOSTIA OV KEN	This project reconstructs streets and highways on the Federal aid highway system. Total roadway reconstruction is required from 39th St. to 42nd St. The highway pavement has reached the end of its useful life and can no longer be resurfaced.	168,559	COMPLETED/CLOSEOUT
IPMA	CKTC0A	RECON OF KLINGLE RD	This project includes preliminary design for Klingle Rd, any necessary environmental remediation, and construction.	197	COMPLETED/CLOSEOUT
PPSA	CM023A	Bike Sharing	Capital Bikeshare is a bicycle sharing program that allows for point-to-point bike trips in the District. It currently features 214 stations with over 2,000 bikes in all 8 Wards of the city.	2,991,943	ONGOING
PPSA	CM074A	District TDM Program (goDCgo)	The District TDM Program is an ongoing initiative of the District Department of Transportation that provides employees, residents, and visitors with the education and assistance they need to make more informed choices about their daily travel. Program efforts focus on the overall reduction of single-occupant vehicle travel through the promotion of sustainable modes.	304,469	ONGOING
PPSA	CM077A	DDOT CLIMATE CHANGE/AIR QUALITY PLAN	Project supports DDOT's vital role in identifying climate change mitigation and adaptation measures for the District's transportation network, which would allow for sustainable transportation solutions.	4,024	ONGOING
PPSA	CM086A	Safe Routes to School - Ongoing	Increase walking and bicycling to school and associated safety through planning, engineering, education, and enforcement.	566,518	ONGOING
PPSA	ED017A	MINN AVE/BENNING RD TRANSP	Conduct a planning and transportation management study to prepare for reconstruction of this roadway and determine what traffic calming measures should be implemented for economic development initiatives.	2,505	COMPLETED/CLOSEOUT
IPMA	ED0B6A	Q St Green alley btwn Q place & Q st. NW	To design and construct a permeable alley with stormwater planters.	9,269	FY 2017
IPMA	ED035A	PA/MN AVE DSGN	This project is the second phase of the Great Streets Pennsylvania Ave Project which includes the design and construction of Pennsylvania Ave from the Sousa Bridge to 27th Street including the redevelopment of Twining Square.	3,140	COMPLETED/CLOSEOUT
IPMA	ED047A	Middle Georgia Ave, Great Sts	Reconstruction of Middle Georgia Avenue Great Street NW from Otis Place to Webster Street	742,119	COMPLETED/CLOSEOUT
IPMA	SR097C	Ivy City Streetscapes	Ivy City is a neighborhood in Ward 5 that has few trees and limited green space, which contributes to its relatively poor air quality. This project will fund tree boxes, trees, and sidewalk improvements in Ivy City.	350,000	FY 2018
IPMA	ED0B1A	Penn Ave., SE Ph II	This project will prepare the Environmental Assessment for FHWA & NPS for the Pennsylvania Ave SE and Minnesota Ave, SE intersection and the portion on Penn Ave between 27th street and the Sousa Bridge.	30,440	COMPLETED/CLOSEOUT
IPMA	ED0B3A	ARTWALK MET BRANCH & L&M TRAIL	Build the Metropolitan Branch Trail between L and M Streets NE.	551,818	COMPLETED/CLOSEOUT
DDOT	ED0BPA	ECONOMIC DEVELOPMENT	Provide transportation improvements to targeted areas as a means to stimulate private-sector activity and improve the quality of life in District neighborhoods.	14,369,466	ONGOING
UFA	ED0D3A	Impervious Pavement Removal	Removal of impervious pavement to improve stormwater management and help DDOT to meet MS4 permit requirements. Project is complete and in closeout.	68,148	COMPLETED/CLOSEOUT
IPMA	SR098C	Ward 8 Streetscapes	Revitalization of Martin Luther King Jr. Avenue, SE. Design from South Capitol Street to Milwaukee Place, Washington, DC.	400,770	FY 2018
OPS	ED302C	Local Streets Parking Studies	Conduct parking studies to increase curbside parking supply and improve safety on local streets.	10,958	COMPLETED/CLOSEOUT
OPS	ED303C	Local Streets Traffic Studies	Conduct transportation audits and transportation studies on local streets city-wide to improve safety and mobility. Studies would address multi-modal needs, including pedestrian systems, bicycle routes and lanes, transit services, and automobiles.	145,303	COMPLETED/CLOSEOUT
PPSA	ED305C	Neighborhood Streetscape Improvements	Implement streetscape improvements and livability study recommendations; including plan, design, and construction of local roadways, sidewalks, alleys, streetlights, bicycle lanes, transit services, and street trees and treeboxes.	439,791	COMPLETED/CLOSEOUT
OD	AF084C	GA Ave Bus Priority Imprvs	Impelement Transit Improvements in this Corridor using the following tools: Transit Signal Priority, Curb Extensions, Real-time Bus Information Displays at bus stops, and Transit-Only lanes on GA Ave between Florida Ave NW and Barry Pl NW.	281,260	COMPLETED/CLOSEOUT
IPMA	ED310C	Cleveland Park Streetscapes	Safety improvements on the Connecticut Avenue corridor between Macomb Street and Porter Street. Improvements include new streetlights, updated crossing signal for pedestrians, and mid-bloc crosswalk.	565,572	FY 2018
IPMA	EDL01C	Neighborhood Streetscape	Streetscape and safety improvements to various neighborhoods.	36,573	ONGOING
IPMA	ED311C	Kennedy Streetscape	This project will fund streetscape improvements for Kennedy Street NW from North Capitol Street NW to Georgia Avenue NW. This project will supplement federal-aid project MNT07A and fund improvements identified as part of the Kennedy Street Revitalization Plan, which was developed by the Office of Planning in partnership with residents and community groups.	332,473	FY 2018
IPMA	EDL06C	Minnesota Ave. Streetscape Improvement	The construction of designed streetscape improvements.	3,553	COMPLETED/CLOSEOUT
IPMA	EDL09C	Glover Park Streetscape	Prepare plans and specifications to make improvements to transportation services, pedestrian access, and the visual appearance, including lights and tree boxes, of the commercial district of Glover Park.	89,582	COMPLETED/CLOSEOUT
PPSA	PM301C	In House Planning Projects	This project funds in-house projects and personnel costs related to neighborhood planning, policy analysis, research, proposal development, and development review / traffic impact studies.	9,563	COMPLETED/CLOSEOUT
IPMA	EDS06C	Great Streets - MLK Ave/South Capitol St	Streetscape and safety improvements to three segments of Martin Luther King Jr. Avenue/South Capitol Street corridor: Anacostia (Good Hope Road to Howard Road), Congress Heights (Gate 4 to Esther Place), and Bellevue extended (Esther Place to Southern Avenue).	0	COMPLETED/CLOSEOUT
IPMA	EW001C	11th Street Bridge	This local capital project helped fund the 11th St. SE Bridges design, property assessments and construction, and affiliated nearby elements like the St. Elizabeth's campus draft EIS.	69,062	ONGOING
PPSA	PM304C	Advanced Design And Project Constructio	This project funds charge codes for DDOT staff in IPMA/TOA, etc to be able to charge for their time in reviewing/participating in PPSA Studies and Plans.	885,266	COMPLETED/CLOSEOUT
IPMA	FDT01A	Recon of the S. Entrance of the Gtown U in D.C.	This program is to design and construct Congressionally-mandated demonstration projects required by the Surface Transportation and Uniform Relocation Assistance Act of 1987. (P.L. 100-17). This project was mandated by the U.S. Congress on behalf of Georgetown University. The project is under the control of the Federal Highway Administration. It includes replacing asphalt pavers, upgrading drainage, repairing retaining walls, and replacing trees.	59,375	COMPLETED/CLOSEOUT

FY16 KAO Performance Oversight Hearing
Question 17 - Capital Funds

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
OD	FDT06A	GIS - Transp Enterprise Asset Mgmt System	Traditionally, the District Department of Transportation's (DDOT) project management process has relied extensively on paper-driven documentation that is segmented, residing in various inboxes and file folders. Because of this segmentation, it is customary for project stakeholders to be unaware of each other's roles and responsibilities. In addition, where data is captured electronically, it usually requires project and program managers to enter the same information into multiple databases. This task is not only time consuming and inefficient, but introduces errors and inconsistency in the overall data collection. DDOT's Office of Information Technology and Innovation's (OITI) new project management system, ProTrack+, addresses these issues by removing redundant data entry and increasing project-related transparency. ProTrack+ will serve as a digital hub for all project and program documentation, approval workflow, and configuration management. It will increase clarity and transparency among colleagues and external parties while drastically improving data integrity. ProTrack+ helps manage DDOT projects through their entire life cycle, helping users track and manage projects through various phases including call for projects, funding obligation, contract and procurement, construction management, invoice processing and payment tracking, and project closeout processes. This white paper explains the critical elements of ProTrack+ and how the application will play a central role in reconstructing DDOT's project and program management process.	1,519,461	ONGOING
OD	FDT09A	MOTOR VEHICLE INFO SYS	This program is to design and construct Congressionally-mandated demonstration projects required by the Surface Transportation and Uniform Relocation Assistance Act 1987 (P.L. 100-17).	58,090	COMPLETED/CLOSEOUT
IPMA	FLD01C	Prevention of Flooding in Bloomingdale	This project is to install green infrastructure (GI) in the Bloomingdale and LeDroit Park neighborhoods as medium term flood mitigation per the Mayor's Task Force report. The report calls for DDOT spending \$10M over 5 years.	792,714	ONGOING
IPMA	CD051A	Replacement of Kenilworth Pedestrian Bridges	The project purpose is to replace three existing Pedestrian Bridges over Kenilworth Ave at Lane Pl(Bridge#0066), Nash St(Bridge#0067)and Douglas St(Bridge#0068) to improve pedestrian safety and mobility across DC-295 (Kenilworth Ave Freeway) including its service roads, update bridge ramps to the current ADA requirement, increase vertical clearance for the bridges to the current standard requirements, and to improve bridge structural condition to the current design standards and specifications..	2,244,042	FY 2018
OD	GFL01C	DDOT Facilities	Faragut Site Development and Construction of the street and bridge facility as well as the truck shelter.	734,442	ONGOING
DDOT	HTF00A	11TH STREET BRIDGE	This project serves as the debt service payment for the 11th Street Bridge GARVEE Bonds. The 11th Street Bridges design build project represents a significant step forward in DDOT's Anacostia Waterfront Initiative infrastructure endeavor. The project improved mobility by providing separate freeway and local traffic connections to area roadways. Providing these connections allowed for the creation of the "Grand Urban Boulevard" envisioned for the South Capitol Street Corridor. The project provided multi-modal transportation options for vehicles, pedestrians, bicycles, and the DC Streetcar, replaced existing structures that are both functionally deficient and structurally obsolete; provided an additional alternate evacuation route from the Nation's Capital, and supported the overall environmental mission of the Anacostia Waterfront Initiative. The first phase of the innovative design build to budget project started construction in December 2009, and was completed in 2013. This project is the largest project ever completed by DDOT and is the first river bridge replacement in the District of Columbia in more than 40 years. This project improved travel for both local and regional traffic.	24,092,333	ONGOING
IPMA	HTF02A	Rehab of 11th St SE Bridge over SE Frwy	Rehabilitation of 11th St SE Bridge over Southeast Frwy - GARVEE Expenditures. The project consists of rehabilitation of existing deck and steel beams.	2,194,476	COMPLETED/CLOSEOUT
IPMA	IRT48A	3RD FA ALLEY RESURFACING	This project is in response to the Transportation Equity Act for the 21st Century (TEA-21), Public Law 105-178 and TEA-21 Restoration Act (Title IX of H.R. 2676). Under the law, the District is allowed to use \$37.8 million out of the full \$173 million for Local Street Improvements and the remaining \$75.2 million for National Highway System activities. The project matching requirements will be 15% local and 85% federal. The \$173 million may require as much as \$31 million in matching funds. Use of the \$173 million is restricted to the 4 year under contract or construction clause in the law.	35,436	COMPLETED/CLOSEOUT
UFA	IRT59A	FY99 FA DEAD TREE REMOVAL	Tree removal services for dead, dying, and diseased trees.	221,400	COMPLETED/CLOSEOUT
DDOT	MNT00A	MAINTENANCE	Any routine preventive maintenance or minor rehabilitation project including, but not limited to, typical maintenance program, resurfacing, sealing, pothole repair, streetlight and signal maintenance not including major upgrades (which would be in "operations" section), and asset management: a. Bridge rehabilitation and maintenance; b. Interstate (projects on streets functionally classified as interstates or freeways); c. Primary (projects on streets functionally classified as National Highway System routes or Major arterials); d. Secondary (projects on streets functionally classified as minor arterials or collectors; and e. Pedestrian and bicycle facilities (sidewalks, cycle tracks, and trails).	8,532,500	ONGOING
IPMA	ED028A	Recon of Southern Ave SE	The purpose of this project is to improve vehicular and pedestrian safety along Southern Ave SE corridor from S. Capitol St to 23rd St. The project design includes two phases: Phase 1: Project limits are between S. Capitol St SE and Barnaby Rd SE. Completed preliminary engineering and environmental on 4/17/2015 for this project phase and currently the final design and PS&E package preparation is on progress with a planned end date of 3/17/2017. Phase 2 of the project is the continuation of Phase 1 Southern Avenue corridor reconstruction, which is currently in the preliminary design stage. The purpose of Phase 2 is to improve vehicular, bicycle, and pedestrian safety by improving the existing road condition along Southern Avenue SE between Barnaby Road and United Medical Center (UMC).	1,204,351	FY 2017
IPMA	MNT02A	Culvert Rehab & Replacement	The Purpose of this project is to collect information on existing Culverts within the district bi-annually and establish a database for followup on maintenance and capacity assessment. A new database update will be completed in FY 2017.	250,227	COMPLETED/CLOSEOUT
IPMA	MNT04A	Sheriff Rd NE Safety Improvements	This is a traffic calming and safety improvement project to address various issues along the corridor.	190,712	COMPLETED/CLOSEOUT
UFA	CE312C	Puerto Ave Noise & Vibration Barrier Wall	Tree planting occurred in spring 2016 in an effort to mitigate noise and vibrations that emanate from the adjacent CSX tracks.	160,300	COMPLETED/CLOSEOUT
OPS	MNT06A	CW Sidewalk & Retaining Wall Condition Survey	Citywide Sidewalk and Retaining Wall Condition Survey	4,666	COMPLETED/CLOSEOUT
OPS	MNT08A	FA Preventive Main & Emerg Repairs on Hwy Structures	A construction project to provide repair and preventive measures on bridges, culverts, walls, and other highway structures.	680,873	ONGOING
OPS	MNT09A	FY13 Traffic Signal Maintenance	This project funds a contractor's maintenance of traffic signals and selected intelligent transportation system assets District-wide, and affiliated DDOT in-house labor expenses.	1,125,190	ONGOING
OPS	MNT10A	FY13 FA Pavement Restoration - NHS	Pavement Restoration on NHS routes, milling, paving, sidewalk, curb & gutter upgrades.	922,193	ONGOING
DDOT	MRR00A	MAJOR REHAB, RECON	Any rehabilitation projects in excess of \$5M, all street reconstruction projects, all major streetscape projects, all new construction or vehicle lane additions. This would include significant transportation construction projects that integrate multi-modal facilities such as transit, multi-use trails, etc. in the appropriate corridor(s). a. Bridge replacement; b. Interstate (interstate or freeway); c. Primary (NHS or other major arterial); d. Secondary (minor arterial or collector) and e. Pedestrian and bicycle facilities (sidewalks, cycle tracks, and trails).	40,134,989	ONGOING
IPMA	MRR01A	Safety & Geometric Improvs of I-295/DC295	Safety and Geometric Improvements of I-295/DC 295 from Eastern Avenue to Chesapeake Street.	356,638	COMPLETED/CLOSEOUT
IPMA	MRR03A	7th St NW from N St to FL Ave	The 7th Street project limits were initially part of the Howard Theater Streetscape. However, to expedite the work around the theater, the 7th St limits were removed from the project at 100%.	393,621	COMPLETED/CLOSEOUT
IPMA	ED005C	11th St Bridge Park	In partnership with a non-profit organization, DDOT is looking into using the old 11th street Bridge piers to support a new bridge superstructure, deck, land scape, and other amenities.	2,356,793	FY 2020
IPMA	MRR09A	Blair / Cedar / 4th Street NW	This 5-legged, geometrically skewed intersection is complicated for vehicles and pedestrians. Because of its complex nature, the intersection operates at a LOS E-F and has a high crash rate. The intersection is located one block west of the Takoma Metro Station which generates high pedestrian traffic. It's also on a primary commuter route to Maryland; the ADT of Blair Rd is 15,000 vehicles. There are also many businesses at and near the intersection.	115,850	ONGOING
IPMA	MNT05A	CW engineering services for structures	Citywide open engineering services for structure and bridges.	4,974,715	FY 2020
PPSA	MRR12A	Boundary Stones Preservation Project	Locate boundary stones in the District of Columbia. Assess conditions and restore as appropriate.	30,650	COMPLETED/CLOSEOUT
IPMA	MRR19A	CT Ave Streetscape, Ph 3	This job number is for construction of Phase III only. NTP 2/1/14. Former Design Contract was DC #SR078A.	1,032,820	COMPLETED/CLOSEOUT
IPMA	MRR20A	Wards 5&6 Resurfacing & Upgrades	This project is completed and closed.	691,660	COMPLETED/CLOSEOUT
IPMA	MRR21A	Rehab of 6 BRs over Watts Branch	Work includes but not limited to the following: New superstructure for Bridge Nos. 0129,0132, 0204 and 0222. New wearing Surface for Bridge Nos.0196 and 0199. New deck joints for all the six bridges. Replacement of blackwalls for deck extension/approach slab details. Rehabilitation of abutment beam seats on bridge with new superstructure. New approach slabs for bridges on 58th Street, Division Ave and Gault Place. New pedestrian railing on all bridges. Repair of existing substructure (concrete and masonry). Scour protection for the bridges. New approach roadway. New sidewalk and ADA ramps where needed and improvement of lighting near the bridge.	215,128	COMPLETED/CLOSEOUT
IPMA	MRR11A	Canal Road - Preliminary Study	The Preliminary study of Canal Road examined the current and future needs relating to traffic safety, operations, infrastructure conditions, and pedestrian and bicycle connections to existing recreational trails and destinations.	56,714	COMPLETED/CLOSEOUT
IPMA	CD052A	Benning Rd BR over Kenilworth Ave.	DDOT is currently planning to reconstruct Benning Road between Oklahoma Avenue and Minnesota Avenue and the section of Minnesota Avenue between Benning Road and the Minnesota Avenue Metro Station. This project will also include addition of a streetcar line. This project will conduct a NEPA document for the construction as described.	193,330	FY 2017
PPSA	NPP01C	Neighborhood Parking Performance Fund	Funds for neighborhood transportation improvements in Performance Parking Zones.	3,285,257	ONGOING

Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
DDOT	OSS00A	OPERATIONS, SAFETY & SYSTEM EFFICIENCY	Any project with a primary focus of improving the safety and efficiency of our transportation system. In practice, this involves a variety of safety initiatives including engineering, and safety education programs and campaigns aimed to reduce crashes, fatalities, injuries and property damage. The category also includes Intelligent Transportation Systems and architecture, congestion management, and traffic management to maintain functional mobility on District roadways for people and freight, while also addressing impacts to local communities: a. Traffic operations and improvements including ITS; b. Signal and streetlight system operations and upgrades; c. Safety program; d. Safe Routes to School; e. Livable Streets; f. Freight and motor coach program; and g. Parking program.	22,167,873	ONGOING
IPMA	OSS01A	K Street NW ADA Improvs	Address ADA deficiencies along K Street NW from 12th Street to 21st Street.	16,941	ONGOING
IPMA	SR071A	Capl Hill Infrast Improvs, 17th St Benning to Potomac	Review of Capitol Hill Study recommendation to address today's safety and transportation issues along this corridor.	20,000	FY 2018
OPS	OSS12A	Moveable Barrier System	This project funds a contractor's operation and maintenance of the moveable barrier system on the Theodore Roosevelt Bridge consisting of portable concrete barriers and a barrier transfer machine, which alters the number of lanes for morning versus evening traffic flows. It also funds affiliated DDOT in-house labor expenses.	158,762	ONGOING
OPS	CD032C	FY12 CW Open end Bridge Des. Consultant Services	FY12 Citywide Open End Bridge Design Consultant Services	183,183	COMPLETED/CLOSEOUT
IPMA	PLU00C	PowerLine Undergrounding	DC Powerline Undergrounding Initiative	6,537,149	ONGOING
DDOT	PM000A	PLANNING, MANAGEMENT & COMPLIANCE	Any project that identifies transportation needs, sets strategic objectives, develops best practices & recommendations and/or evaluates project alternatives (such as corridor studies, area studies, feasibility studies, plans, etc). Any activities approved for funding under the State Planning and Research program including, but not limited to, data collection and analysis, programming, plan development, and performance measurement. Any training or staff development activities and any compliance review or reporting activities are included as Management and Compliance including, but not limited to, right of way management, environmental review and clearance (NEPA) and compliance review, enforcement or reporting associated with other federal or local statute: a. State planning and research; b. Right of Way management; c. Environmental clearance; d. Training; and e. Civil Rights and ADA compliance.	21,620,783	ONGOING
OD	PM025A	GIS-Web Based Utility Notification	The Department is requesting \$650,000 in new funding to develop a web based GIS application to notify utility companies on permitting. The purpose of this project is to: 1) facilitate the two-year plan reports that utility and telecommunication companies are required to submit to DDOT; 2) integrate the two-year plan data and DDOT street construction projects; and 3) co-locate and coordinate all street cuts whether by DDT or utility and telecommunication companies by using GIS technology.	30,835	COMPLETED/CLOSEOUT
IPMA	PM067A	Rights Of Way Program - Federal	Assemble and document data on DDOT-controlled lands in the District of Columbia and develop a geo-based land data map. Provide annual funding for surveys, title searches, appraisals, and other land acquisition and disposal activities prior to the development of specific capital projects.	19,423	COMPLETED/CLOSEOUT
IPMA	PM081A	LP_Far NE Livability Plan (49th Street)	Develop design plans for the implementation of traffic calming measures recommended in the Far Northeast Livability study and make all handicap ramps ADA compliant.	37,778	COMPLETED/CLOSEOUT
PPSA	PM087A	Research & Technology	The purpose of the Research Program is to support the broad mission of the Agency, which is to enhance the quality of life for District residents and visitors by ensuring that people, goods, and information move efficiently and safely, with minimal adverse impacts on residents and the environment. To achieve this, the Research Program encourages innovation and supports and promotes new technologies, practices, and procedures to better serve the public.	372,251	ONGOING
OPS	CD053A	Bridge Management Program	This project provides funds to support the Bridge Management Program and to pay the annual AASHTO Bridge Management software license fee.	125,091	COMPLETED/CLOSEOUT
PPSA	PM098A	SPR	The State Planning and Research Program (SP&R) is a program of salaries and services funded from 2 percent of funds apportioned for selected federal highway-aid categories. The SP&R Program is mandated pursuant to 23 U.S.C. 103(l)(6), 133(b)(7), 157c.	174,903	COMPLETED/CLOSEOUT
PPSA	PM0B2A	FY14 Metropolitan Planning	Annual work program for DDOT funding for regional planning activities conducted by Metropolitan Washington Council of Governments to support the regional Unified Planning Work Program.	189,220	ONGOING
PPSA	PM0B4A	FY14 Research & Tech	The Research and Technology Transfer Program coordinates the Agency's research activities, helping to deliver life cycle cost savings and innovative solutions that improve the quality of life in the District. Guided by the Research Strategic Plan, which lays out the blueprint for the research program for the next five years (2013-2017).	205,200	COMPLETED/CLOSEOUT
OD	PM0B7A	FY13 On Job Supportive Services	Documents are being compiled for submission to FHWA for project close-out.	10,248	COMPLETED/CLOSEOUT
OD	PM0B8A	Civil Rights EEO Compliance Monitoring	The Office of Civil Rights administers compliance programs and policies related to civil rights for the agency. The mission of OCR is to ensure DDOT's compliance with the following federal and District laws: the Federal Disadvantaged Business Enterprise (DBE) Program, Title VI and Title VII of the Civil Rights Act of 1964; Titles I, II, and VI of the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, the DC Human Rights Act of 1977 and the DC Language Access Act of 2004.	1,285	ONGOING
IPMA	PM0C9A	Transp Alternatives - Green Alleys	Design Green Alleys.	23,522	ONGOING
PPSA	PM0D3A	FY14 Environ Mgmt System (EMS)	This project implements DDOT's environmental oversight.	582,256	ONGOING
OD	PMT28A	GIS PROGR IMPLEMENTATION	The purpose of this project is to continue efforts to complete a Geographic Information System (GIS) for the District of Columbia. A total of \$7.5 million (matched by an additional \$1,875,000 in District Highway Trust Funds) from the Transportation Equity Act for the 21st Century (TEA-21 Section 1601 High Priority Projects Program) funds have been allocated to the District's Geographic Information System (see TEA-21 Section 1602 Project #233).	38,760	COMPLETED/CLOSEOUT
IPMA	CD014A	FSK BR Over Potomac River (Bridge No. 0007) -Phase II	Preservation/rehabilitation of the Key Bridge substructure and superstructure.	16,463	FY 2018
IPMA	CD066A	Replacement of 31st St BR, NW	Replacement of 31st Street Bridge over the C&O canal and approaching roadways.	260,079	FY 2018
PPSA	PM302C	Parking Projects:Plan & Implementation	Provide DDOT with a blueprint for strategic planning that supports the creation of public parking facilities throughout the District	280,493	COMPLETED/CLOSEOUT
PPSA	PM303C	Planning Projects Planning & Preliminary D	This project funds planning studies and other projects that DDOT contracts out to meet agency and city goals. It includes Livability Studies, neighborhoods plans, environmental initiatives, public engagement activities, freight planning, and report production.	423,110	COMPLETED/CLOSEOUT
PPSA	MRR08A	Long Bridge Study	The Long Bridge is a two track railroad bridge across the Potomac River used to carry freight and passenger rail (CSX, VRE, Amtrak). The bridge is owned by CSX. FRA gave DDOT an ARRA grant to study the bridge.	12,924	FY 2019
PPSA	CE311C	Hazardous Road Segments Improvement	Improve pedestrian and bicycle access on East Capitol Street between 42nd Street and Southern Avenue, and Maryland Avenue NE between 2nd and 15th Streets.	270,274	ONGOING
OD	PMT04C	GIS-100% Locally Funded	The purpose of this project is to continue the development of the District of Columbia's Geographical Information System. This project funds elements not eligible for Federal participation. The total cost of this project will be \$14 million. The purpose of this system is to provide computer tools and a common graphical, digital set of information to assist the Department in servicing the citizens of the District of Columbia. It also will create a digital database of information that can be manipulated, modified, and updated for all users. This will replace many of the redundant processes and out of date maps used by various branches within the District. This GIS will also provide a link to the several management and monitoring systems pursuant to the Intermodal Surface Transportation Efficiency Act of 1991.	448	COMPLETED/CLOSEOUT
IPMA	PMT10A	POLICY, PROCEDURE & GUIDELINE FOR BRIDGE	This project develops and updates policy and procedure manuals for DDOT.	141,385	COMPLETED/CLOSEOUT
OPS	AD020A	FY11 CW Streetlight Asset Management	Streetlight Asset contract- 2nd Generation.This 5-year lighting contract to maintain and rehabilitate the District's aging electrical system.	754,779	COMPLETED/CLOSEOUT
TDD	SA306C	Street Car H St/Benning/K St Line	This project supports the design, construction, operations planning, start-up, and program management of the DC Streetcar program.	17,341,174	ONGOING
IPMA	SR004A	Rehab of NH Ave. NW, Dupont Circle to VA Ave.	Roadway resurfacing, reconstruction, and improvement of New Hampshire Ave, between Dupont Cir. & Virginia Ave.	435,932	COMPLETED/CLOSEOUT
IPMA	SR008A	W/d 3 Resurfacing, Recon, Upgrading Dsgn	Roadway Resurfacing, Roadway Reconstruction, and Roadway Upgrading will be combined into this new project. Each contract will be developed by ward to perform resurfacing, reconstruction, and upgrading within the same geographic area. It is believed that combining all three elements into one contract will produce a comprehensive improvement of a neighborhood and will reduce disruption to the community. A detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction. This plan would include when streets would be closed, parking management issues, movement of vehicular traffic, temporary bus routes, and other mitigation measures to facilitate access into and out of the neighborhood.	11,867	COMPLETED/CLOSEOUT
IPMA	SR009A	Oregon Ave Improvements NW	Design and prepare construction documents for roadway improvement, installation of new sidewalk on west side, new curb and gutter, streetlights, signage and pavement markings, drainage structures and system, LID facilities, and a new bridge over Pinehurst Run. Improvements included under EA Alternative 3 Modified.	105,630	ONGOING
OPS	SR014A	FY06 CW F.A. Pave Restoration	Roadway Resurfacing, Roadway Reconstruction, and Roadway Upgrading will be combined into this new project. Each contract will be developed by ward to perform resurfacing, reconstruction, and upgrading within the same geographic area. It is believed that combining all three elements into one contract will produce a comprehensive improvement of a neighborhood and will reduce disruption to the community. A detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction. This plan would include when streets would be closed, parking management issues, movement of vehicular traffic, temporary bus routes, and other mitigation measures to facilitate access into and out of the neighborhood.	196,488	COMPLETED/CLOSEOUT

**FY16 KA0 Performance Oversight Hearing
Question 17 - Capital Funds**

Administration	DC Project Number	Project title	Project Description	Available Funds (as of 12.31.16)	DELIVERY DATE
IPMA	SR022A	CW FA PAVEMENT RESTORATI	Roadway Resurfacing, Roadway Reconstruction, and Roadway Upgrading will be combined into this new project. Each contract will be developed by ward to perform resurfacing, reconstruction, and upgrading within the same geographic area. It is believed that combining all three elements into one contract will produce a comprehensive improvement of a neighborhood and will reduce disruption to the community. A detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction. This plan would include when streets would be closed, parking management issues, movement of vehicular traffic, temporary bus routes, and other mitigation measures to facilitate access into and out of the neighborhood.	129,240	COMPLETED/CLOSEOUT
PPSA	SR026A	FY05 PLMNY PRJT DVPT CW	Roadway Resurfacing, Roadway Reconstruction, and Roadway Upgrading will be combined into this new project. Each contract will be developed by ward to perform resurfacing, reconstruction, and upgrading within the same geographic area. It is believed that combining all three elements into one contract will produce a comprehensive improvement of a neighborhood and will reduce disruption to the community. A detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction. This plan would include when streets would be closed, parking management issues, movement of vehicular traffic, temporary bus routes, and other mitigation measures to facilitate access into and out of the neighborhood.	15,147	COMPLETED/CLOSEOUT
IPMA	SR032A	Intersection Improvs at SD Ave & Riggs Rd	Roadway Resurfacing, Roadway Reconstruction, and Roadway Upgrading will be combined into this new project. Each contract will be developed by ward to perform resurfacing, reconstruction, and upgrading within the same geographic area. It is believed that combining all three elements into one contract will produce a comprehensive improvement of a neighborhood and will reduce disruption to the community. A detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction. This plan would include when streets would be closed, parking management issues, movement of vehicular traffic, temporary bus routes, and other mitigation measures to facilitate access into and out of the neighborhood.	575,688	COMPLETED/CLOSEOUT
IPMA	SR033A	Eastern Ave Varnum-Randolph	Roadway Resurfacing, Roadway Reconstruction, and Roadway Upgrading will be combined into this new project. Each contract will be developed by ward to perform resurfacing, reconstruction, and upgrading within the same geographic area. It is believed that combining all three elements into one contract will produce a comprehensive improvement of a neighborhood and will reduce disruption to the community. A detailed coordinated plan can be prepared for the entire neighborhood with participation from community leaders prior to the beginning of construction. This plan would include when streets would be closed, parking management issues, movement of vehicular traffic, temporary bus routes, and other mitigation measures to facilitate access into and out of the neighborhood.	20,000	COMPLETED/CLOSEOUT
IPMA	SR035A	Environl Ass of OR Ave NW	Environmental Assessment of Oregon Avenue.	53,097	COMPLETED/CLOSEOUT
IPMA	SR036A	Recon of 18th S, NW FL Ave to Columbia Rd	Total reconstruction of 18th Street including alignment change. Sidewalk will be widened by 6' and 4' on each side and angle parking will be converted to parallel parking.	1,917,112	COMPLETED/CLOSEOUT
OPS	SR037A	FY 2007 Pav Restoration - NHS Sts	National Highway System Routes Pavement Restoration project.	909,756	ONGOING
IPMA	SR049A	Kenilworth Ave NE from E Cap St Ramp to CSX RR	Reconstruction of the Kenilworth Avenue NE, North bound, from East Capitol Street Ramp to CSX Rail Road Bridge overpass South of Nannie Helen Burroughs Avenue.	99,278	COMPLETED/CLOSEOUT
IPMA	SR052A	American Veterans Disabled for Life Memorial	Phase I: Installation of a new telecommunications ductbank Phase II: Closing of C Street between Washington Avenue SW and 2nd Street.	1,131,876	COMPLETED/CLOSEOUT
IPMA	SR055A	NJ Ave, NW MA AVE to NY AVE	This is a safety improvement project to facilitate pedestrian and motorist flow. New Jersey will be converted into two-way traffic from New York to K Street, NW. Reconstruction of New York Ave N.W from 1st to 3rd Street.	97,966	COMPLETED/CLOSEOUT
IPMA	MRR04A	Rehab of E Cap St BR over Anacostia River(#233)	The objective of this project is to rehabilitate the old bridges to eliminate all deficiencies, increase safety for the traveling public, enhance the service life of the bridge structures, and maintain the traffic during construction without causing major delay and without impacting the neighborhoods.	481,233	FY 2017
IPMA	SR060A	Environ Ass. of Broad Branch Rd NW	Environmental Assessment of Broad Branch Road from Linnean Ave to Beach Drive.	318,450	COMPLETED/CLOSEOUT
IPMA	SR065A	Klingle Valley Trail	The Federal Highway Administration (FHWA), in conjunction with the District Department of Transportation (DDOT) and in cooperation with the National Park Service (NPS), proposed the construction of a multi-use trail facility within the 0.7 mile barricaded portion of Klingle Road between Porter Street, NW, and Cortland Place, NW. An Environmental Assessment (EA), which analyzed environmental impact of the project, was prepared in accordance with the National Environmental Policy Act of 1969 (NEPA), the Council of Environmental Quality (CEQ) regulations (40 CFR 1500-1508), and the FHWA's Environmental Impact and Related Procedures (23 CFR 771). The design is complete with all related permits. It was advertised on 10/31/2014.	20,000	COMPLETED/CLOSEOUT
IPMA	ED070A	Recon of U St, NW	Phase I: U Street from 9th Street to 14th Street to resurface roadway, and upgrade sidewalk, street lighting, traffic signal, and landscape. Phase II: U Street from 14th Street to 18th Street will be a total reconstruction including sidewalk, traffic signal, and streetlights.	504,537	FY 2019
IPMA	SR075A	K ST,NW TRANSITWAY EA/30% PE	Develop phasing plan for future construction of K Street Transitway.	229,915	COMPLETED/CLOSEOUT
IPMA	SR077A	C&O Canal Wall Capstone Replacement	Design and construction of the wall capstone replacement and guardrail installation.	56,736	COMPLETED/CLOSEOUT
IPMA	SR078A	CONN AVE NW STREETSCAPE Phase 2&3	Median improvement from L to P and east side from K to L and signal improvement at L & Desale (Phase II -Construction) and H Street to Dupont Cir (Phase III - Design).	144,614	COMPLETED/CLOSEOUT
IPMA	SR079A	Harvard Triangle Intersection Improvs	Reconstruction of roadway, including sidewalk, street lighting, traffic signal, and landscape.	941,306	COMPLETED/CLOSEOUT
IPMA	SR084A	Safety Improvs of 15th NW, W St, FL Ave & NH Ave	Safety Improvement and ADA compliance at the intersection.	102,438	COMPLETED/CLOSEOUT
IPMA	SR089A	GLOVER PARK STREETSCAPE	Reconstruction and modification of streetlight, traffic signal, and roadway alignment of Glover Park NW, Wisconsin Avenue from Massachusetts Avenue to Whitehaven Parkway NW.	20,000	COMPLETED/CLOSEOUT
OPS	SR092A	FY11 FA Pavement Restoration CW	Multi-year citywide pavement resurfacing/restoration, upgrading of sidewalk, curb and gutter, wheelchair ramps.	903,933	ONGOING

Question 20 - Agency FY2016 Surplus
 Department of Transportation (KA0)
 FY 2016 Budget Balance Explanations

Local Fund

APPR FUND 0100 CSG	FY16 Budget	FY16 Expenditures	Variance	Comments
0011 - 0015	\$ 40,348,642	\$ 42,370,558	\$ (2,021,916)	Balance is due to increased personnel costs, especially overtime incurred from snow deployment and special events
PS	\$ 40,348,642	\$ 42,370,558	\$ (2,021,916)	
0020	\$ 951,770	\$ 698,109	\$ 253,661	Balance is due to lower than anticipated cost of supplies and materials, such as uniforms.
0030	\$ 7,817,430	\$ 6,841,411	\$ 976,019	Balance is due to lower than anticipated cost of utilities, such as electricity.
0031	\$ 150,000	\$ 110,000	\$ 40,000	Balance is due to lower than anticipated cost of telephone services.
0040	\$ 5,313,976	\$ 4,628,598	\$ 685,378	Balance is due to lower than anticipated cost of other services and changes across 32 programs and activities, including information technology and risk management services.
0041	\$ 25,777,525	\$ 25,368,426	\$ 409,099	Balance is due to lower than anticipated cost of contractual services across 28 programs and activities, including developer review and transit-related services.
0050	\$ 1,568,048	\$ 1,567,024	\$ 1,024	
0070	\$ 138,918	\$ 95,734	\$ 43,184	Balance is due to lower than anticipated cost for equipment purchases.
NPS	\$ 41,717,667	\$ 39,309,301	\$ 2,408,366	
Total	\$ 82,066,309	\$ 81,679,859	\$ 386,450	

Federal Grant Fund

APPR FUND 0200	FY16 Budget	FY16 Expenditures	Variance	Comments
200	\$ 3,647,311	\$ 3,634,930	\$ 12,381	Balance is an accounts payable credit adjustment

Special Purpose Revenue Fund

APPR FUND 0600	FY16 Budget	FY16 Expenditures	Variance	Comments
0600	\$ 16,287,751	\$ 16,287,751	\$ -	No balance

Intra District Fund

APPR FUND 0700	FY16 Budget	FY16 Expenditures	Variance	Comments
700	\$ 2,412,231	\$ 2,412,231	\$ -	No balance

Question 25 - Intra District MOU Log - FY2016

Request Date	Buyer Agency	Seller Agency	Description of Service	Amount
July 30, 2015	DDOT	DOEE	To install Stormwater reduction devices and technologies in the public space - up to \$1200 grant to eligible residents	\$ -
August 4, 2015	OP	DDOT	Implementation of Sustainable DC Innovation Challenge, Pavers on CT Ave, NW	\$ 50,000.00
September 15, 2015	DDOT	DGS	Perform preliminary work to quantify the risks associated with the proposed development of Green Space along PA AVE	\$ 200,000.00
October 6, 2015	DDOT	DCCAH	Provide DCCAH assistance with an art event called Art All Night	\$ -
October 27, 2015	DDOT	OCME	OCME employ one FTE who will perform necessary toxicology casework & improve chemical testing knowledge base	\$ 165,000.00
November 4, 2015	DDOT	DCHR	To provide funding for the Capital Fellows Program in FY16	\$ 112,697.00
November 4, 2015	DDOT	FEMS	To upgrade the existing FEMS simulator so that it can mimic various District Traffic & other incident scenarios	\$ 351,048.54
November 4, 2015	DDOT	OAG	Administrative costs, courier and transportation, and telecommunication services	\$ 162,000.00
December 5, 2015	DDOT	MPD	Provide Funding for Automated Traffic Enforcement Equipment Installation & Maintenance for FY16	\$ -
December 17, 2015	DDOT	OAG	Administrative costs, courier and transportation, and telecommunication services	\$ 392,000.00
December 23, 2015	DDOT	MPD	For various safety related enforcement activities and to include DUI enforcements and pedestrian safety initiatives	\$ 2,745,595.63
January 6, 2016	DPW	OSSE	DDOT will provide training and review applicable invoices	\$ -
February 2, 2016	DDOT	DCTC	DC Taxicab will provide service of trips to & from eligible facilities for DC residents enrolled in MetroAccess program	\$ 2,800,000.00
January 8, 2016	DDOT	DOEE	Funding for the Greening the Fleets Project	\$ 10,000.00
January 11, 2016	DDOT	MPD	For reimbursable services from MPD	\$ 800,000.00
August 3, 2015	DDOE	DDOT	Clean Water Act State Revolving Fund Projects	\$ 3,780,774.00
February 11, 2016	DDOT	OUC	Citywide Radio System, Computer-Aided Dispatch and Mobile Data Services	\$ 51,502.81
January 8, 2016	DDOT	DPW	Commercial Driver Licenses Training	\$ 25,000.00
February 5, 2016	DPW	DOC	DDOT will provide training and review applicable invoices if DOC provides personnel for snow emergency	\$ -
February 23, 2016	DDOT	ODR	To fill contract positions to support strategies in the Vision Zero Action Plan	\$ 100,000.00
March 25, 2016	DDOT	DPW	To provide drug and alcohol testing for 100 DDOT employees	\$ 144,000.00
October 1, 2016	DDOT	DGS	FY16 Citywide Fleet Estimate/Advance	\$ 4,698,592.00
March 3, 2016	DDOT	OCTO	To Purchase PCs for Agency PC refresh Project for Fiscal Year 2016	\$ 18,000.00
May 9, 2016	DDOT	OCTO	Help Administer the school transit subsidy program	\$ 250,000.00
April 1, 2016	DDOT	OAG	To provide legal services to DDOT	\$ 154,124.00
April 12, 2016	DDOT	DPW	To purchase and install Side-Underride Prevention Devices on dump trucks	\$ 156,000.00
April 20, 2016	DDOT	OAG	For appraisals and review concerning the acquisition of property for Jemals Buzzards Point	\$ 136,000.00
April 21, 2016	DHCD	DDOT	For public improvement construction projects in the District	\$ 4,455,451.00
April 25, 2016	DDOT	OCA	Citywide services for Sign Language Interpreter	\$ 3,522.00
April 29, 2016	DDOT	DCST	DC Streetcar storage	\$ -
May 20, 2016	DDOT	DMHHS	To solicit and procure art installation to improve traffic safety	\$ 41,000.00
April 25, 2016	DDOT	DPW	Financial services for OCFO Staff	\$ 887,816.00
June 1, 2016	DDOT	OAG	For appraisals and review concerning the acquisition of property for Jemals Buzzards Point	\$ 75,000.00
June 1, 2016	DDOT	DOEE	To fund projects within the District to benefit the water in the District	\$ -
June 2, 2016	DDOT	OCA	Evaluate whether the District's street light system can be delivered through the use of innovative project delivery method	\$ 150,000.00
June 9, 2016	DDOT	DCHR	To provide suitable and compliance services for FY16	\$ 5,837.00
June 14, 2016	DDOT	OCA	Citywide MOU for recycle and disposal	\$ 302,430.00
July 18, 2016	DDOT	OAG	For appraisals and review concerning the acquisition of property for Jemals Buzzards Point	\$ 15,000.00
July 22, 2016	DDOT	DMHHS	Develop a data collection tool for training module	\$ 20,000.00
July 29, 2016	DHCD	DDOT	For public improvement construction projects in the District	\$ 1,951,759.77
August 4, 2016	DDOT	ODR	to purchase a motorized scooter	\$ 1,350.00
August 15, 2016	DDOT	OUC	Citywide Radio System, Computer-Aided Dispatch and Mobile Data Services	\$ 6,192.00
June 30, 2016	DDOT	OCTO	Help Administer the school transit subsidy program	\$ 100,000.00
September 1, 2016	DDOT	OCTO	To increase server space	\$ 13,066.54
September 1, 2016	DDOT	OCTO	To purchase and install SQL servers for Tops Database migration	\$ 19,280.00
September 1, 2016	DDOT	OGC	Three procurement personnel for procurement initiatives	\$ 55,286.72

Question 25 - Intra District MOU Log - FY2016

Request Date	Buyer Agency	Seller Agency	Description of Service	Amount
June 2, 2016	DDOT	OCA	OP3 and DDOT to work together to the District street light system	\$ 150,000.00
August 11, 2015	DDOT	OP/SHPO	One full - time employee to review DDOT projects	\$ 140,000.00
July 29, 2016	DDOT	DOEE	Distribution of grant funds from the Clean Water Act State Revolving Fund	\$ 331,759.00
June 6, 2016	DDPT	DPW	Parking and Towing Enforcement for Streetcar Line	\$ 823,610.63
September 21, 2015	DDOT	DOEE	Fiscal Year 2012 MS4 Enterprise Funds	\$ -
January 20, 2016	DDOT	OCA	Citywide Sign Language Interpretation Services	\$ 1,653.00
May 10, 2016	DDOT	DOEE	Clean Water Act State Revolving Fund Projects and Stormwater Enterprise Fund	\$ 3,310,591.82
September 6, 2016	DDOT	OCFO	To collect surface rental bills	\$ 107,188.00

Question 25 - Intra District MOU Log - FY2017

Request Date	Buyer Agency	Seller Agency	Description of Service	Amount
August 1, 2016	DDOT	DOEE	Low impact development technologies to manage Stormwater	\$ -
August 23, 2016	DDOT	OP/SHPO/OGC	To fund one full - time employee to review DDOT projects	\$ 140,000.00
September 1, 2016	DDOT	OGC	Fund 3 procurement personnel to support procurement initiatives and operational activities of DDOT	\$ 460,103.06
September 5, 2016	DDOT	OAG	For Impaired and Under the Influence Driving	\$ 704,700.00
September 5, 2016	DDOT	OCME	To Improve Toxicological Investigation of Drug Impaired Driving	\$ 259,970.00
September 7, 2016	DDOT	OCME	To improve toxicology investigation and drug impaired driving	\$ 194,210.00
September 13, 2016	DDOT	DOEE	To assist with the implementation of planting trees in the District	\$ 300,000.00
September 14, 2016	DDOT	OAG	To operate the Traffic Safety Resource Prosecutor Program	\$ 172,500.00
September 19, 2016	DDOT	DCHR	Provide suitability & compliance service for candidates for employment	\$ 28,058.00
September 23, 2016	DDOT	MPD	Reimbursable duty services provided on Streetcar (H street, NE & Benning RD, NE)	\$ 1,418,562.00
September 27, 2016	DDOT	DC WASA	For restoration work for north-south alley west of First St. NW	\$ 301,307.19
September 27, 2016	DDOT	DOEE	Time extension for Low Impact Development projects (MS4)	\$ -
September 28, 2016	DDOT	WMATA	Time extension only for TAP Funds	\$ -
October 5, 2016	DDOT	DPW	To install side-underride prevention devices	\$ 73,680.00
October 6, 2016	DDOT	DMV	To design an eCitation system compatible with sister agencies	\$ 500,000.00
October 7, 2016	DDOT	DC FEMS	To purchase onsite safety gear	\$ 317,561.66
October 13, 2016	DDOT	OCME	To purchase a Liquid Chromatograph Mass Spectrometer	\$ 350,000.00
October 27, 2016	DDOT	DDOT	Solve delays in entering Traffic Convictions received from other jurisdictions/states	\$ 50,000.00
November 2, 2016	DDOT	DCOP	Installation of sidewalk pavers	\$ -
November 17, 2016	DDOT	DMHHS	To gather transportation safety data related to: pedestrians	\$ 20,000.00
November 28, 2017	DDOT	Authority	Stage buses for the Inauguration at RFK stadium parking lot	\$ 65,219.50
November 28, 2016	DDOT	DMPED	Design review and construction for future public space streets in reservation 13	\$ 5,932,394.00
November 28, 2016	DDOT	MPD	Carry out goals & operating of alcohol Counter measures/Impaired Driving Program	\$ 1,134,082.08
December 7, 2016	DDOT	MPD	Increase seat belt usage with all vehicle drivers & occupants within the District by brightening law enforcement	\$ 699,123.49
December 9, 2016	DDOT	MPD	To deter aggressive driving, by providing educational materials & increased enforcement on District roadways	\$ 421,140.66
December 27, 2016	DDOT	OUC	For CW Radio System, Computer - Aided Dispatch, & Mobile Data Computing	\$ 75,365.93
December 28, 2016	DDOT	ORM	Vision Zero Defensive Driver Training Program	\$ 130,000.00

Q27 & Q28 AUDITS AND RECOMMENDATIONS

Report Date	Report Number	Report Title	Issue	Issuing Entity	Compliance Status	Recommendation Summary	Estimated Completion Date/Date Resolved	Status of Implementation
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Contract duplicate payment	DIG	Closed	1. Initiate the process to seek reimbursement from FHWA in the amount of \$307,352 (or 83.15% of \$369,600) on the portion of the Federal Financial Participation (FFP) that was not approved by the DOT. \$888(171) for payment to the contractor that DDOT determined was not applicable.	Completed	No status required
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Internal control deficiencies in management of federal-aid projects	DIG	Closed	1. Establish internal controls to ensure that new procedures and processes are timely put in place, through the Construction Management Manual, are sufficient to timely identify and correct errors. 2. Maintain and make available for review upon request, a record of training provided to project management staff and contract administration personnel to ensure compliance with the Construction Management Manual and effective management of construction projects. 3. Ensure compliance with DODOT's requirements governing change orders.	Completed	No status required
7-Apr-14	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Project files missing supporting documentation	DIG	Closed	5. Seek assistance from FHWA regarding design costs approved in Report FMEQSOA for 8888(171) for Deloitte and any documentation supporting the FHWA Area Engineer's decision related to the project. If there is no documentation endorsing the FHWA Area Engineer's decision, DDOT should initiate the process to seek reimbursement from FHWA in the amount of \$77,442 (or 83.15%, or \$92,655) for FFP.	2016	Although FHWA agreed to the initial lowered scope of the project and its estimated cost, as outlined in Report FMEQSOA for 8888(171), the design cost in question was beyond the initial decision to obligate federal funds. In order to be eligible for reimbursement, the design costs would have been required to be part of an approved Form 1365, and neither DODOT or FHWA can find evidence that the work was covered by a Form 1365. As a result FHWA provided written notice on July 28, 2016, that it could not participate. The project is closed in the FHWA's accounting system FMS.
7-Apr-14	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Project files missing supporting documentation	DIG	Closed	6. Ensure compliance with DODOT's CM regarding maintenance of contract files.	2017	Begin necessary further investigation and determine appropriate action March 2, 2016. The project files do not have supporting documentation.
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Rights-of-way renewal policies and procedures have not been revised to incorporate changes in governing legislation	DIG	Closed	7. Revise the Rights-of-Way Policies and Procedures to reflect current law governing the HFF.	Completed	Previous procedures restricted. The amount of Rights-of-Way revenue transferred to the HFF annually is determined by BSA legislation, with a one-time annual transfer to the HFF once sufficient rights-of-way revenue is received. Rights of Way fees are always deposited to the DC. Current law and recorded as rights of way revenue in the K20 Transfer Agency.
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Rights-of-way renewal policies and procedures have not been revised to incorporate changes in governing legislation	DIG	Closed	8. Monitor the recording of ROW rental fees to ensure that ROW revenue is deposited into the correct account.	Completed	Previous procedures restricted. The amount of Rights-of-Way revenue transferred to the HFF annually is determined by BSA legislation, with a one-time annual transfer to the HFF once sufficient rights-of-way revenue is received. Rights of Way fees are always deposited to the DC. Current law and recorded as rights of way revenue in the K20 Transfer Agency.
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Contract files lack evidence of compliance with certain provisions of procurement laws and regulations	DIG	Resolved	9. Ensure compliance with procurement laws and regulations.	Ongoing	DDOT has designated a Supervisory Contract Specialist to be a Compliance Officer responsible for ensuring contract files are complete. He has undertaken a systematic review of all active contract files, and continues to assist the Contract Specialists in the remediation of those files that have been missing documentation. He has instituted periodic meetings with the Contract Specialists to review the status of pending contracting actions and go over the latest paperwork requirements and procedures.
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Contract files lack evidence of compliance with certain provisions of procurement laws and regulations	DIG	Resolved	10. Ensure that contract files contain evidence of compliance with relevant procurement laws and regulations.	Ongoing	DDOT has designated a Supervisory Contract Specialist to be a Compliance Officer responsible for ensuring contract files are complete. He has undertaken a systematic review of all active contract files, and continues to assist the Contract Specialists in the remediation of those files that have been missing documentation. He has instituted periodic meetings with the Contract Specialists to review the status of pending contracting actions and go over the latest paperwork requirements and procedures.
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	DDOT lacks controls to monitor direct labor payroll costs charged to highway trust fund projects	DIG	Closed	11. Develop, document, and implement controls for the periodic review of payroll costs to ensure that only allowable payroll costs are charged to projects.	Completed	
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	DDOT/OCFO recorded DC water advance for project in wrong fund	DIG	Closed	12. Monitor activity posted to the HFF to ensure it is in accordance with established budget authority.	Completed	
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Incorrect cost allocation overhead posting	DIG	Closed	13. Adhere to established policies and procedures to ensure that cost allocation journal entries posted to SOAR are correct, and 14. Ensure that entries submitted to OFOS for processing are correctly recorded in SOAR.	Completed	This was a one time error when OFOS posted an incorrect upload batch and the error was not detected. Accounting staff now reviews the entry once upload is completed to ensure that no error has been made prior to posting.
April 7, 2014	DIG No. 12-1-13(KA)B	HIGHWAY TRUST FUND MEMORANDUM OF RECOMMENDATIONS FOR FY ENDED 9/30/12	Incorrect classification of motor fuel tax refunds due	DIG	Closed	15. Develop clear and concise policies and procedures to ensure that refunds owed by the HFF are correctly classified in SOAR and incorporated into the OTR section of the HFF's Revenue Cycle Memorandum that outlines current revenue controls, policies, and procedures.	Completed	Implemented
April 11, 2014	DIG No. 11-2-28(KA)B	AUDIT OF CONTRACT MANAGEMENT AT THE DISTRICT DEPARTMENT OF TRANSPORTATION	Compliance, internal control, and economy and efficiency	DIG	Closed	Expedite the construction management manual in all construction management contracts and amend existing contracts to incorporate the manual.	Completed	Implemented
April 11, 2014	DIG No. 11-2-28(KA)B	AUDIT OF CONTRACT MANAGEMENT AT THE DISTRICT DEPARTMENT OF TRANSPORTATION	Compliance and internal control	DIG	Closed	Develop a procedure to standardize the initial CM meeting to ensure that adequate documentation systems are designed and implemented for construction projects, and require that the results of the meeting be documented in the construction management project files.	Completed	Implemented Procedures
April 11, 2014	DIG No. 11-2-28(KA)B	AUDIT OF CONTRACT MANAGEMENT AT THE DISTRICT DEPARTMENT OF TRANSPORTATION	Compliance, internal control, and economy and efficiency	DIG	Closed	Implement a program to develop or enhance project engineer skills that are necessary to effectively oversee construction management documents and inspection of construction projects. The program should require that the verification of project staff certification and experience, and the acceptance or approval of staff by DODOT's Engineer or higher representative be documented in the project files.	Completed	Implemented Program
April 11, 2014	DIG No. 11-2-28(KA)B	AUDIT OF CONTRACT MANAGEMENT AT THE DISTRICT DEPARTMENT OF TRANSPORTATION	Compliance and internal control	DIG	Closed	Develop a list of the project deliverables required by each construction management contract, include them in the monthly reports, and require the CM to address the status of each deliverable in the monthly report.	Completed	Monthly reports are required on all CM management construction projects and ongoing. DODOT also implemented a new contract file management system to ensure that all contract files are complete. The CM checklist has been implemented and all Program Managers have been advised to use the checklist.
April 11, 2014	DIG No. 11-2-28(KA)B	AUDIT OF CONTRACT MANAGEMENT AT THE DISTRICT DEPARTMENT OF TRANSPORTATION	Economy and Efficiency	DIG	Closed	Require IFMA approval on contract deliverables included in construction contracts and establish periodic reviews to eliminate or reduce unnecessary contract deliverables as project work draws to completion.	Completed	CMs are required to document and/or process DFRs, reports, RFIs, correspondence that will be reviewed/approved by IFMA Staff. Contract Administration training was offered to all IFMA engineers. Draft CM checklist is under discussion and will be implemented. The CM checklist has been implemented and all Program Managers have been advised to use the checklist.
September 14, 2014	DIG No. 14-1-0063	SPECIAL EVALUATION: PARKING AND AUTOMATED TRAFFIC ENFORCEMENT TICKETS - PART I: TICKET ISSUANCE PRACTICES	ATE Policies	DIG	Open	1. A January 2014 report to the D.C. Council, which was intended to "instill public trust that speed cameras are installed by the D.C. government to improve safety and not just increase local revenues," outlined the need for speed cameras at 241 (planned/proposed locations that were studied, however, at nearly half of those locations, the 50th percentile speed - a common traffic engineering benchmark - was at or below the posted speed limit. (1) That the Chief of MPD (CMPD) and the Director of DDOT (DDOT), to bolster public trust in the District's automated speed enforcement program, critically evaluate the January 2014 traffic safety study and its results, and request and document further justification prior to installing ATE equipment at any of the planned or proposed locations addressed in the study.	Ongoing	Collaborated with MPD and Responded to OIG on August 20, 2014. Data is being gathered to conduct the evaluation.
September 14, 2014	DIG No. 14-1-0063	SPECIAL EVALUATION: PARKING AND AUTOMATED TRAFFIC ENFORCEMENT TICKETS - PART I: TICKET ISSUANCE PRACTICES	ATE Policies	DIG	Open	2. That the D.C. Council, following collaboration with MPD, DDOT, and outside subject matter experts, amend the D.C. statute that authorizes the use of ATE to: (1) require a robust justification, accompanied by traffic data, of the need for an ATE device at a planned location; (2) within a reasonable period following installation of the device, require a statistical analysis of the device on traffic safety at the location; and (3) make all of these documents readily available to the public on DODOT's website.	Ongoing	Collaborated with MPD and Responded to OIG on August 20, 2014. Data is being gathered to conduct the evaluation.
September 14, 2014	DIG No. 14-1-0063	SPECIAL EVALUATION: PARKING AND AUTOMATED TRAFFIC ENFORCEMENT TICKETS - PART I: TICKET ISSUANCE PRACTICES	ATE Policies	DIG	Open	3. The D.C. Code and DCM are silent with regard to other important ATE program issues that should be addressed in the statute or regulations, such as the confidentiality and retention of information, as well as limitations on camera operations and the information captured by them. That the D.C. Council, after conferring with MPD and DDOT, consider revisions to the D.C. Code to codify key ATE program elements, including, but not limited to: (1) the confidentiality of and limitation on use of all images and other information collected by the District's ATE program; (2) guidelines and limitations for the retention and destruction of all images and videos captured by the District's program equipment; (3) limitations on the number of cameras that can be placed in the District and their hours of operation; (4) the requirement for a site-specific safety study prior to each new camera placement; and (5) the requirement for a sign at every location where ATE equipment is deployed.	Ongoing	Collaborated with MPD and Responded to OIG on August 20, 2014. Data is being gathered to conduct the evaluation.
September 14, 2014	DIG No. 14-1-0063	SPECIAL EVALUATION: PARKING AND AUTOMATED TRAFFIC ENFORCEMENT TICKETS - PART I: TICKET ISSUANCE PRACTICES	Parking Enforcement	DIG	Open	8. TCOS lack written instructions about key facets of locking operations, foremost being how they should take photographs of violating vehicles, which has led to glaring inconsistencies in TCOS' locking practices. The OIG team also noted numerous inconsistencies between DODOT's and DPW's locking operations. That the DODOT promulgate new, comprehensive policies and procedures that address situations commonly encountered by TCOS, including but not limited to: writing a ticket for a vehicle parked at a broken meter; documenting a violation after a motorist drives away before the TCOS has finished writing the ticket; testing a meter before issuing a parking ticket; and reporting a broken parking meter.	3/1/2015	Collaborated with MPD and Responded to OIG on August 20, 2014. DDOT engaged a consultant to update Standard Operating Procedures and TCOS training manual. The SOPs will incorporate guidance on including photographs when citations are issued. The SOPs and updated Training Manual are due to be completed in March 2015, and all TCOS will receive training. DDOT also procured new handheld devices that have the capacity to store photographs. These are the same devices (and software) used by DPW users.
September 14, 2014	DIG No. 14-1-0063	SPECIAL EVALUATION: PARKING AND AUTOMATED TRAFFIC ENFORCEMENT TICKETS - PART I: TICKET ISSUANCE PRACTICES	Parking Enforcement	DIG	Open	9. TCOS are not required to take photographs that document parking and moving violations, nor do they write or process citations describing the types and number of photographs that best support the violation they encounter. That DODOT promptly write and implement policies and procedures, and train TCOS on them, for photographing parking and moving violations. Further, to improve consistency and uniformity between DODOT's and DPW's ticket writing processes, DODOT should coordinate with DPW to ensure that policies and procedures by DPW's Parking Enforcement Management Administration. That, regardless of whether the ticket for a particular parking violation is issued by DODOT or DPW, the photographic evidence presented to the motorist will be consistent.	3/1/2015	Collaborated with MPD and Responded to OIG on August 20, 2014. DDOT engaged a consultant to update Standard Operating Procedures and the TCOS training manual. The SOPs will incorporate guidance on including photographs when citations are issued. The SOPs and updated Training Manual are due to be completed in March 2015, and all TCOS will receive training. DDOT also procured new handheld devices that have the capacity to store photographs. These are the same devices (and software) used by DPW users.
September 14, 2014	DIG No. 14-1-0063	SPECIAL EVALUATION: PARKING AND AUTOMATED TRAFFIC ENFORCEMENT TICKETS - PART I: TICKET ISSUANCE PRACTICES	Parkable Policies	DIG	Closed	10. DDOT does not closely monitor transaction fees paid to Parkmobile, or track and analyze Parkmobile complaint data. That the DODOT establish systems and assign responsibility for monitoring on a monthly basis: (1) the transaction fees paid to Parkmobile and (2) the number and types of complaints lodged with both the District's and Parkmobile's customer service entities.	Completed	DDOT receives monthly reports regarding transaction fees that are paid to Parkmobile. In addition, DDOT requested and received a breakdown of equities to Parkmobile and will implement a process to receive the information on a monthly basis. The District Customer Service Center (311) forwards all complaints directly to Parkmobile.
September 17, 2014	DCAR2014	DISTRICT SPECIAL EVENTS PROCESSES CAN BE IMPROVED	Transparency of Fee Collection Practices	DC Auditor	Open	Auditor recommends that District agencies establish a system to ensure that special event organizers are charged the correct fees and payments are received in a timely manner, in accordance Mayor's Special Events Task Group Planning Guide.	Completed	Responses submitted to DC Auditor but response not acknowledged in Final Report.
September 17, 2014	DCAR2014	DISTRICT SPECIAL EVENTS PROCESSES CAN BE IMPROVED	Transparency of the Internal Control process for special events	DC Auditor	Open	Auditor recommends that District agencies establish a system to ensure that special event organizers are charged the correct fees and payments are received in a timely manner, in accordance Mayor's Special Events Task Group Planning Guide.	Completed	Responses submitted to DC Auditor but response not acknowledged in Final Report.
September 26, 2014	DCAR2014	STATUS REPORT ON IMPLEMENTATION OF DISTRICT OF COLUMBIA AUDITOR RECOMMENDATIONS	Grant Management	DC Auditor	Closed	DDOT should ensure adherence with grant agreement terms prior to disbursing grant payments	Completed	According to DC Auditor - this has been implemented
September 26, 2014	DCAR2014	STATUS REPORT ON IMPLEMENTATION OF DISTRICT OF COLUMBIA AUDITOR RECOMMENDATIONS	Grant Management	DC Auditor	Closed	DDOT should ensure adherence with grant agreement terms prior to disbursing grant payments	Completed	According to DC Auditor - this has been implemented
September 26, 2014	DCAR2014	STATUS REPORT ON IMPLEMENTATION OF DISTRICT OF COLUMBIA AUDITOR RECOMMENDATIONS	Grant Management	DC Auditor	Open	DDOT should ensure adherence with grant agreement terms prior to disbursing grant payments	In Progress	Agency has made necessary changes. According to DC Auditor - this is in progress. DODOT reports that this recommendation has been implemented. However, they have not provided documentary evidence to support this assertion.
January 30, 2015	DIG No. 14-1-23(KA)	DISTRICT DEPARTMENT OF TRANSPORTATION HIGHWAY TRUST FUND FINANCIAL STATEMENT AUDIT FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2014	Highway Trust Fund	DIG	Closed	DIG audited financial statements of the HFF, which is administered by the DODOT as of and for the year ended September 30, 2014. These financial statements are the responsibility of the HFF's management and the OIG's OIGSA responsibility is to express an opinion on these financial statements based on their audit.	N/A	N/A
April 1, 2015	NA	Report of the APTA Peer Review Panel on the Streator Service Referrals	Streator program overview	APTA	Closed	There appear to be no critical issues in the project that would prevent it from beginning passenger or revenue service. 18 items were recommended to complete prior to entering revenue service.	Completed	DDOT has addressed all issues.
January 4, 2016	DCAR16014	STATUS REPORT ON IMPLEMENTATION OF DISTRICT OF COLUMBIA AUDITOR RECOMMENDATIONS	Contractor Selection & Quality Assurance	DC Auditor	Open	DDOT should develop clear and complete guidance for required responsibility reviews that will be consistently standardized and documented.	In Progress	DDOT is preparing a response to address DC Auditor recommendations.
January 4, 2016	DCAR16014	STATUS REPORT ON IMPLEMENTATION OF DISTRICT OF COLUMBIA AUDITOR RECOMMENDATIONS	Contractor Selection & Quality Assurance	DC Auditor	Open	DDOT management should further clarify their policies and procedures to indicate what deadline to use when calculating presale budgeted savings. In addition, the date when contract work is deemed to be complete must be clearly communicated to all parties and documents.	In Progress	DDOT is preparing a response to address DC Auditor recommendations.
January 4, 2016	FTA SMR	FTA State Management Review	State Management Review	DDOT	Open	DDOT needs some clarifications in their procurement and grants management standard operating procedures to include new FTA grant requirements, which included ensure all subcontractors provide a DUNS number, correct FFR reporting to FTA and OIGSA, inclusion of consistent standard operating procedures to include new FTA grant requirements, inclusion of consistent verification in procurement of vehicles that required it FTA and the Post Award audits. FTA also indicated the need for additional clarification regarding verification of Lobbying Certifications when required and clarify the need to further improve our practices regarding our vehicle maintenance over the 5210 funding. DDOT revised all its processes to date and provided revised FTA, DCA, and OIGSA writing their comments.	Completed	FTA has closed out all findings of the 2015 Agency State Management Plan. DDOT has implemented all corrective actions.
August 24-26, 2015	DC Ci-Bus Audit 1	DC CIRCULATOR VEHICLE & MAINTENANCE EVALUATION	Fleet Maintenance Oversight	DDOT	Open	DDOT oversight work with WMATA continues to ensure they hold the contractor responsible for completing the close out of findings in each audit. To date, all safety critical "A" defects and the remaining "B" and "BR" defects have been resolved. FT has not implemented a detailed maintenance program for the buses and is still in the process of installing an effective preventative maintenance program. As of March 1, 2017, First Transit has hired 12 needed mechanics to perform effective maintenance functions but is still contracting out work to close out defect inspectors for the May 2016, September 2016 and January 2017 audits. In the fall of 2016, First Transit hired a new Maintenance Manager for the property that is working directly with the First Transit regional office to address the audit findings. First Transit has provided access to training for maintenance technicians to increase the number of Automotive Service Excellence (ASE) certified technicians; however, the existing incentive program to encourage technicians to acquire ASE certification is inadequate as it has not yielded an increase in technician certification. The new manager implemented Zonar (a maintenance support electronic system) in December 2016 and is currently providing ongoing training to technicians. DDOT conducts calls with WMATA and FT staff twice a week with the goal of increase communication between the team and to better support program service goals.	Ongoing	DDOT continues to coordinate with WMATA to ensure First Transit continues to improve in performance and maintenance management of its fleet.
January 11 - 14, 2016	DC Ci-Bus Audit 2	DC CIRCULATOR VEHICLE & MAINTENANCE EVALUATION	Fleet Maintenance Oversight	DDOT	Open	DDOT oversight work with WMATA continues to ensure they hold the contractor responsible for completing the close out of findings in each audit. To date, all safety critical "A" defects and the remaining "B" and "BR" defects have been resolved. FT has not implemented a detailed maintenance program for the buses and is still in the process of installing an effective preventative maintenance program. As of March 1, 2017, First Transit has hired 12 needed mechanics to perform effective maintenance functions but is still contracting out work to close out defect inspectors for the May 2016, September 2016 and January 2017 audits. Introduction

The District Department of Transportation conducted site visits to five high crash intersections in Summer 2015 with Councilmember Mary Cheh. Following these site visits, DDOT designated a staff location lead to each intersection, along with issue leads to address specific mode categories (pedestrian, bicycle, and vehicle). DDOT determined resolutions and assigned implementation dates for each intersection issue. Department staff hold regular meetings with internal working groups and senior management to facilitate progress, and coordinate regularly with external partners including the Metropolitan Police Department, the Department of For-Hire Vehicles, and Metro. To date, of the 46 issues identified across all five intersections, DDOT has resolved 34, 8 are pending action as part of other capital projects, and 4 rely on long-term solutions.

Table 1: Intersection Issues Status

Site Visit Location	Issues Resolved	Issues Pending Action	Long-Term Issues
First Street and Massachusetts Avenue NE	11	0	1
Bladensburg Road and New York Avenue NE	6	2	1
14 th Street and U Street NW	8	1	0
Minnesota Avenue and Benning Road NE	5	3	1
Wisconsin Avenue and M Street NW	4	2	1

The following update details work completed on each intersection to date, expected issue completion dates, and next steps.

High Crash Intersection Site Visits

First Street and Massachusetts Avenue NE

Figure 1: First Street and Massachusetts Avenue NE Site Visit Observations

1.1. Next Steps

Issue	Resolution	Status	Timeline
Pedestrian Issues			
P1. Short crossing time for pedestrians across Mass Ave NE.	Additional time can be added, requiring re-optimization of Columbus Circle signals and shifting to 100 second cycles after peak hours	Work completed	Implemented 3/31/16
P2. Lack of marked crosswalks across Massachusetts Avenue.	Field investigation identified two potential options. Both would require installation of ADA ramps, modification of the median, and pedestrian signals, relocation of 4 catch basins, a traffic signal pole and light poles. There are also operational concerns with the signal phasing, turn lanes, and vehicular storage capacity along Columbus Circle due to several closely spaced signals.	Additional design and cost estimation would be mid-term activity potentially coordinated with other physical improvements. No work programmed at this stage.	Resolved 6/3/16

High Crash Intersection Site Visits

Issue	Resolution	Status	Timeline
P3. Pedestrian/Bike conflicts from 1st Street/MBT to Mass Ave.	Add green paint and refresh bike symbols in concrete bike area, chevrons to enhance bike lanes south and north of crosswalk by bike station, bike signal signs under bike signals; remove ped crossing heads in bike lane; add shared lane markings in last segment of 1st St before Mass Ave.	Work completed	Implemented 5/31/16
P4. Pedestrian phasing at Louisiana and Mass. Ave.	Evaluate signal phasing to reduce conflicts with pedestrians.	Work completed	Implemented 5/31/16
Bike Issues			
B1. Difficulty of westbound bikes on Mass Ave.	Add bike boxes on westbound Mass. Ave. at Louisiana and pocket lane at E St	Work completed	Implemented 5/31/16
B2. Pedestrian/Bike conflicts from 1st Street/MBT to Mass Ave.	Add green paint and refresh bike symbols in concrete bike area, chevrons to enhance bike lanes south and north of crosswalk by bike station, bike signal signs under bike signals; remove pedestrian crossing heads in bike lane; add shared lane markings in last segment of 1st St before Massachusetts Avenue.	Work completed	Implemented 5/31/16
B2. Pedestrian/Bike conflicts from 1st Street/MBT to Mass Ave.	Widen pedestrian curb ramp on the southwest corner of 1 st St, E St, and Massachusetts Avenue.; install bike crosswalk by separating from pedestrian crosswalk.	Sidewalks under jurisdiction of Architect of the Capitol. Potential to modify ramps in conjunction with other bike improvements.	Implementation timeline to be developed with AOC.
B3. Eastbound Mass. Ave. biking conditions.	Add bike box on eastbound Mass. Ave. at 1st; add right turn only pavement markings and RIGHT LANE MUST TURN RIGHT signs on westbound Mass. Ave. at Louisiana and Delaware.	Work completed	Implemented 6/13/16
B4. Bike connection from bike-share station on 2nd Street to Mass. Ave.	Extend contra-flow south of bike station to crosswalk. At that point use wayfinding to the existing sidewalk network through plazas.	Preliminary contra-flow design complete. Behavioral observations indicate multiple desire lines and potential conflict areas. Not recommended for installation.	Resolved 11/1/16

High Crash Intersection Site Visits

Issue	Resolution	Status	Timeline
Vehicle Issues			
V1. Red light running.	Explore automated red light enforcement with MPD.	MPD determined that Camera is not possible on Columbus Circle curve.	Resolved 4/8/16
V2. Driver confusion on Columbus Circle.	Add lane configuration pavement markings sign; add puppy tracks on Mass. Ave. through both legs of 1 st St.	Through arrows and markings installed.	Implemented 6/13/16
V3. Parking in no-parking areas.	Explored the addition of flex posts or other barriers to keep drivers from parking in these areas.	Will continue to monitor for safety issues.	Resolved 5/16/16

Table 2: First Street and Massachusetts Avenue NE Next Steps

Bladensburg Road and New York Avenue NE

Figure 2: New York and Bladensburg Road NE Site Visit Observations

High Crash Intersection Site Visits

1.2. Next steps

Issue	Resolution	Status	Timeline
Pedestrian Issues			
P1. Pedestrian crossings of New York Avenue.	Switch phase from leading to lagging for westbound to southbound protected left and northbound to eastbound.	Work complete	Implemented 5/12/16
P2. Pedestrian refuge islands on New York.	Fixing curb ramps and medians as part of NHS restoration in FY17.	ADA evaluation was completed. Recommendations were forwarded to Asset Management for implementation by September 30, 2017.	Implementation to be scheduled in 2017.
P3. Pedestrian conditions along New York Avenue.	Fixing curb ramps and medians as part of NHS restoration in FY17.	ADA evaluation was completed. Recommendations were forwarded to Asset Management for implementation by September 30, 2017.	Implementation to be scheduled in 2017.
P4. Bladensburg Road south of New York Avenue.	Install rectangular rapid flash beacon.	Work completed.	Completed 9/16.
Bike Issues			
B1. Bike conditions at intersections.	Install bike box on northbound Bladensburg to ease left turns onto Queens Chapel Rd. Climbing lane on Queens Chapel from Bladensburg to 22 nd St.	Work complete	Implemented 6/18/16
B2. Bicycle racks at Fifth District Police Station.	Install bicycle racks.	Racks delivered to MPD for installation	Completed 7/31/2016.
Vehicle Issues			
V1. Access management and curb cuts.	Assess potential to close some driveways that do not meet DDOT standards. Evaluate potential closures as part of New York Avenue Streetscape project.	Anticipated completion of New York Avenue Streetscape study in late 2017.	Implementation TBD.
V2. Queens Chapel Road gets used as a cut-through when traffic is congested along New York Ave.	MPD already enforcing oversize vehicle restrictions in the vicinity.	MPD is currently enforcing in that vicinity.	Resolved 6/17/16
V3. Driver confusion and signage.	Upgrade lane use signage.	Work complete	Implemented 5/12/16

Table 3: Bladensburg Road and New York Avenue NE Next Steps

High Crash Intersection Site Visits

14th Street and U Street NW

Figure 3: 14th and U Street NW Site Visit Observations

1.3. Next steps

Issue	Resolution	Status	Timeline
Pedestrian Issues			
P1. Pedestrian crossings and signal timing	A Barnes Dance is not possible given traffic levels overall. Elimination of signal phase will be conducted in two phases: Phase elimination without the removal of the signal head, followed by permanent removal.	New signal design removes leading left phasing and adds additional Flashing Don't Walk time.	Implemented 4/30/16

Issue	Resolution	Status	Timeline
P2. Pedestrian crossings on 14th Street corridor.	Locations are too close to adjacent signals to meet HAWK standards. Locations do not meet DDOT's RRFB guidelines, but still under evaluation at 14th/Wallach and 14th/Church. Crosswalk markings are in place.	RRFB evaluation complete.	Resolved 4/8/16
P3. Late night/weekend pedestrian volumes.	Current traffic control deployment as part of evening deployment shift until 10pm.	Deployment in place Wednesday-Sunday.	Implemented 4/8/16
Bike Issues			
B1. Turning movement conflicts for bikes.	Implement green paint prior and through the intersection.	Green paint installed.	Implemented 5/31/16
B2. Parking in bike lanes.	Work with DPW and MPD to improve enforcement of parking in bike lanes.	Flagged for DPW/MPD enforcement.	Implemented 4/8/16
B3. Potential conflicts between "bus bulbs" and bikes.	Include in final design for 14th Street streetscape project.	Concept design is complete and will be incorporated into final design for 14th Street project. Contract preparing to advertise for construction.	Implementation TBD based on construction.
B4. Valet stand conflicts with bike lanes.	Work with permit holders to improve compliance, including enforcement.	Monday-Sunday enforcement began in May.	Implemented 5/16/16
Vehicle Issues			
V1. U-Turns mid-block along U St and 14th St.	DC Taxicab Commission education.	DCTC conducted education campaign.	Implemented 4/22/16-4/23/16
V2. Speeding in corridor.	MPD has red light and speed on green camera in place for southbound 14th St and U St. Flagged for MPD enforcement in corridor with 3rd District.	Sent to MPD for evaluation.	Implemented 1/1/16

Table 4: 14th Street and U Street NW Next Steps

High Crash Intersection Site Visits

Minnesota Avenue and Benning Road NE

Figure 4: Minnesota Avenue and Benning Road NE Site Visit Observations

1.4. Next steps

Issue	Resolution	Status	Timeline
Pedestrian Issues			
P1. Pedestrian crossing improvements.	Refurbish crosswalks and install flexible posts.	Pedestrian crosswalks were refurbished. Flexible posts for temporary pedestrian refuge installed.	Implemented 4/22/16
P1. Pedestrian crossing improvements.	Redesign pedestrian crossing. Pedestrian crossing evaluation and design will be implemented under the Minnesota Avenue Phase II project.	Funding for project obligated and in procurement process.	Implementation date TBD based on construction schedule.
P2. Setback of south side Minnesota Avenue pedestrian crossing.	Improve visibility at the intersection. Evaluate diagonal pedestrian crosswalk design. Improved pedestrian crossing will be implemented during Phase II construction.	Funding for project obligated and in procurement process.	Implementation date TBD based on construction schedule.

High Crash Intersection Site Visits

Issue	Resolution	Status	Timeline
P3. Bus stop locations.	Coordinate with WMATA.	Short term bus stop relocation was discussed. WMATA is not planning to make any changes before Phase II construction.	Resolved 4/22/16
P3. Bus stop locations.	Relocate the bus stop close to the intersection.	Bus stop relocation evaluation and design is on-going and will be implemented in Minnesota Avenue Phase II construction.	Implementation date TBD based on construction schedule.
P4. Benning Road pedestrian crossing.	Evaluate signal timing. Improve visibility of pedestrian crosswalk. Pedestrian crossing times were optimized and updated as part of citywide Signal Optimization project.	No further timing changes are recommended currently.	Implemented 4/15/16
Bike Issues			
B1. Bike access on Minnesota	Evaluate Bike access on Minnesota Avenue. Encourage biking on Anacostia trail, with signage directing cyclists.	The northern section of Minnesota Ave from Meade to Eastern could accommodate bike lanes. Mid-term a lane could be reconfigured for bikes. The Anacostia Riverwalk Trail is the recommended parallel route. A long-term option is to acquire the CSX railway corridor for a trail.	Environmental Assessment under way on Benning, complete 2017.
Vehicle Issues			
V1. Signal operations for transit vehicles.	Evaluate phasing, especially for eastbound to northbound X2 bus.	Increase green time for eastbound to northbound left turn in PM rush. Rephasing is not possible with existing infrastructure constraints.	Implemented 4/15/16
V2. Driver behavior, including blocking the box and red light running.	Evaluate photo enforcement opportunities with MPD and/or TCO presence. Move “Do not block firehouse” sign closer to the station.	Block box enforcement technology is not available at this time. TCOs are working from 3 pm to 7 pm and safety technicians are assisting pedestrians from 10 am to 1 pm. “DO NOT BLOCK FIREHOUSE” sign and a stop bar were installed for short-term improvements. A new traffic signal will be installed during Phase II of the project.	Implemented 6/1/16. New signal implementation TBD based on construction schedule.

Figure 5: M Street and Wisconsin Avenue NW Site Visit Observations

1.5. Next steps

Issue	Resolution	Status	Timeline
Pedestrian Issue			
P1. Short crossing time for pedestrians across M St.	Signals redid overlap and increased Flashing Don't Walk times.	Signals redid overlap and increased Flashing Don't Walk times.	Implemented 3/31/16
P2. Long crossing distances and small queuing areas for pedestrians, especially on weekends.	Curb extension not feasible due to eastbound right turning vehicle path impact on northbound left turn lane.	Not recommended for implementation.	Resolved 7/25/16
P3. Frequent pedestrian crossings on Wisconsin outside of crosswalk south of M Street.	Crosswalk recommended but will require ADA ramps.	To be scheduled for implementation.	Implementation Spring 2017.

High Crash Intersection Site Visits

Issue	Resolution	Status	Timeline
P4. High pedestrian volumes coincide with off-peak auto times.	Signals redid overlap and increased Flashing Don't Walk times.	Evaluation completed. Coupled with signals evaluation for Issue P1.	Implemented 5/31/16
P5. Pedestrians run for buses, particularly for buses accessing eastbound M Street stop east of Wisconsin Ave.	Evaluate potential for bus stop location changes.	Safety and operations evaluation recommends moving bus stop at SE corner of Wisconsin/M to M/31st.	Bus stop relocation to be coordinated with WMATA.
Vehicle Issues			
V1. Bad driver behavior, particularly running red lights and blocking box.	Crash history and safety analysis does not fit with need for red light camera. Not priority installation location currently.	MPD has determined a red light camera is technically feasible, but would have substantial costs that are not budgeted at present.	Re-evaluate need based on available resources.
V2. Traffic and turning movement volumes.	TCO deployment under investigation.	Signal timing evaluation completed. Data collection took place June 14-15. TCOs began deployment.	Implemented 7/16/16

Table 6: M Street and Wisconsin Avenue NW Next Steps

Conclusion

DDOT continues to place a high priority on resolving the issues disclosed during the site visit process. The agency has found the exercise to be a highly valuable complement to its ongoing Vision Zero activities. The next round of site visits has been completed, and DDOT has begun implementing recommendations and is finalizing a report to issue in January 2017.

2016 High Crash Intersection Site Visits

1.0 Introduction

The District Department of Transportation (DDOT) and Councilmember Mary Cheh coordinated site visits to eight “high crash” intersections during 2016. Five of the site visits occurred during a two-week period from May 25 to June 2, 2016. The remaining three were conducted on August 17 and 18, 2016. The site visits engaged members of the local Advisory Neighborhood Commissions (ANCs), Business Improvement Districts (BIDs) and other business groups, members of the Bicycle and Pedestrian Advisory Councils (BAC and PAC), the Washington Area Bicyclist Association (WABA), All Walks DC and other concerned stakeholders. The following table outlines the locations and dates of each of the conducted site visits.

Site Visit Location	Date
Firth Sterling and Suitland Parkway SE	May 25, 2016
14 th Street and Columbia Road NW	May 26, 2016
Georgia Avenue and Kennedy Street NW	May 26, 2016
44 th Street and Nannie Helen Burroughs Avenue NE	May 31, 2016
18 th Street and Adams Mill Road NW	June 2, 2016
Wisconsin Avenue and Albemarle Street NW	August 17, 2016
Connecticut Avenue and Porter Street NW	August 17, 2016
Wisconsin Avenue, Van Ness Street, and 39 th Street NW	August 18, 2016

Table 1. Site Visit Locations and Dates

Collectively, these eight intersections were the locations of 3 fatalities and 23 disabling injuries in the last three years. With the Vision Zero Initiative, DDOT and the District as a whole seeks to eliminate traffic-based fatalities and serious injuries within 10 years. To accomplish this requires a proactive approach to analyzing and addressing behaviors and physical conditions that contribute to traffic deaths. DDOT analyzed historical crash data to inform the discussion and formulation of action steps at each of the intersections. This process reinforced the incomplete nature of crash data. For example, a contributing factor is not specified in many of the crashes at the eight intersections visited. Through our efforts to enhance data collection and reporting as part of the Vision Zero initiative, we will work collaboratively with our enforcement partners to ensure that we have comprehensive data to inform our safety priorities and improvements.

The site visits were conducted in an open and collaborative manner, with participants identifying and discussing issues and potential solutions. Each site visit summary includes:

1. Crash analysis and data

2016 High Crash Intersection Site Visits

2. Recent and planned projects for the location
3. A discussion of site visit observations
4. A summary of next steps and action items

DDOT intends to use these site visit summaries as a guide to inform and prioritize short-term, interim, and longer-term infrastructure improvements to promote increased safety at these locations. DDOT values the collaborative nature of the site visits and intends to utilize this method of targeted stakeholder engagement on safety issues moving forward.

2.0 Firth Sterling and Suitland Parkway SE

The intersection of Firth Sterling and Suitland Parkway, SE is located east of the Anacostia River, between Interstate 295 and the historic Anacostia neighborhood. It is one block from the Anacostia Metro station.

Figure 1. Firth Sterling and Suitland Parkway SE Site Visit

Suitland Parkway SE is a four-lane roadway, oriented east-west, with exclusive left-turn and right-turn lanes. Per the DDOT Functional Classification Map, Suitland Parkway SE is classified as a freeway/expressway roadway, and Firth Sterling Avenue SE is classified as a collector roadway. The posted speed limit on Suitland Parkway is 35 mph. North of Suitland Parkway, Firth Sterling Avenue SE is a three-lane road (with one inbound through lane and one exclusive left-turn lane and one receiving lane). South of Suitland Pkwy, Firth Sterling Avenue SE is a four-lane road (with one inbound through lane, one exclusive right-turn lane, and two receiving lanes). The only marked and signalized crosswalk is on the east side of Firth Sterling. There are two free right turn slip lanes with marked crosswalks (northeast-bound Firth Sterling to southeast-bound Suitland Parkway and northwest-bound Suitland Parkway to northeast-bound Firth Sterling). Firth Sterling Avenue is an important connection for people walking between the Anacostia Metro Station on one side of Suitland Parkway and the Barry Farm community, St. Elizabeths, and Joint Base Anacostia-Bolling on the other.

2016 High Crash Intersection Site Visits

There are no bus stops at the intersection and no parking at or near the intersection. There is an existing speed camera on Suitland Parkway, in the northwest direction, approximately 0.3 miles prior to Firth Sterling Avenue SE.

The August 2016 site visit included staff from Councilmember Cheh’s office, bicycle advocates, media organizations, as well as representatives from the Pedestrian Advisory Council.

2.1. Traffic and Pedestrian Volume Data

Below is the summary of Average Daily Traffic (ADT) volumes, on Suitland Parkway SE and Firth Sterling Avenue SE in the vicinity of the study intersection, per the 2014 DDOT Traffic Volume Maps:

- Suitland Parkway SE handles ADT volumes of 55,500 vehicles per day (VPD).
- Firth Sterling Avenue SE handles ADT volumes of 11,500 VPD.
- AM peak hour pedestrian volume (counted in November 2012) is 67.
- Mid-day peak hour pedestrian volume is 35 pedestrians.
- PM peak hour pedestrian volume is 96 pedestrians.

Figure 2. Southbound Suitland Parkway approach to Firth Sterling Ave. SE

2.2. Crash Data

From January 1, 2013 to December 31, 2015, there were 132 crashes at this intersection. The predominant crash type was “left turn, hit vehicle,” which accounted for approximately 40 percent of all crashes. A substantial number of these crashes occurred when eastbound Suitland Parkway drivers

2016 High Crash Intersection Site Visits

attempted turn left to northbound Firth Sterling. Nearly 30 percent of crashes were rear ends, which occur due to sudden stops.

The severity of these crashes is high. Out of 132 total crashes, there were two fatalities, and 112 injuries, of which 11 were disabling injuries, while only 14 were non-disabling injuries. Speed may be a factor in the high crash severity, as vehicle speeds on Suitland Parkway are relative high for an at-grade intersection (Suitland Parkway has a posted speed limit of 35 mph). There were two pedestrian crashes and one bicycle crash at this intersection. Figure 5 is a crash data summary table for the intersection and Figure 6 provides an overall crash diagram. Almost half of the crashes happened between 6:30pm and 7:30am.

Figure 3. Firth Sterling and Suitland Parkway SE Crash Data

2016 High Crash Intersection Site Visits

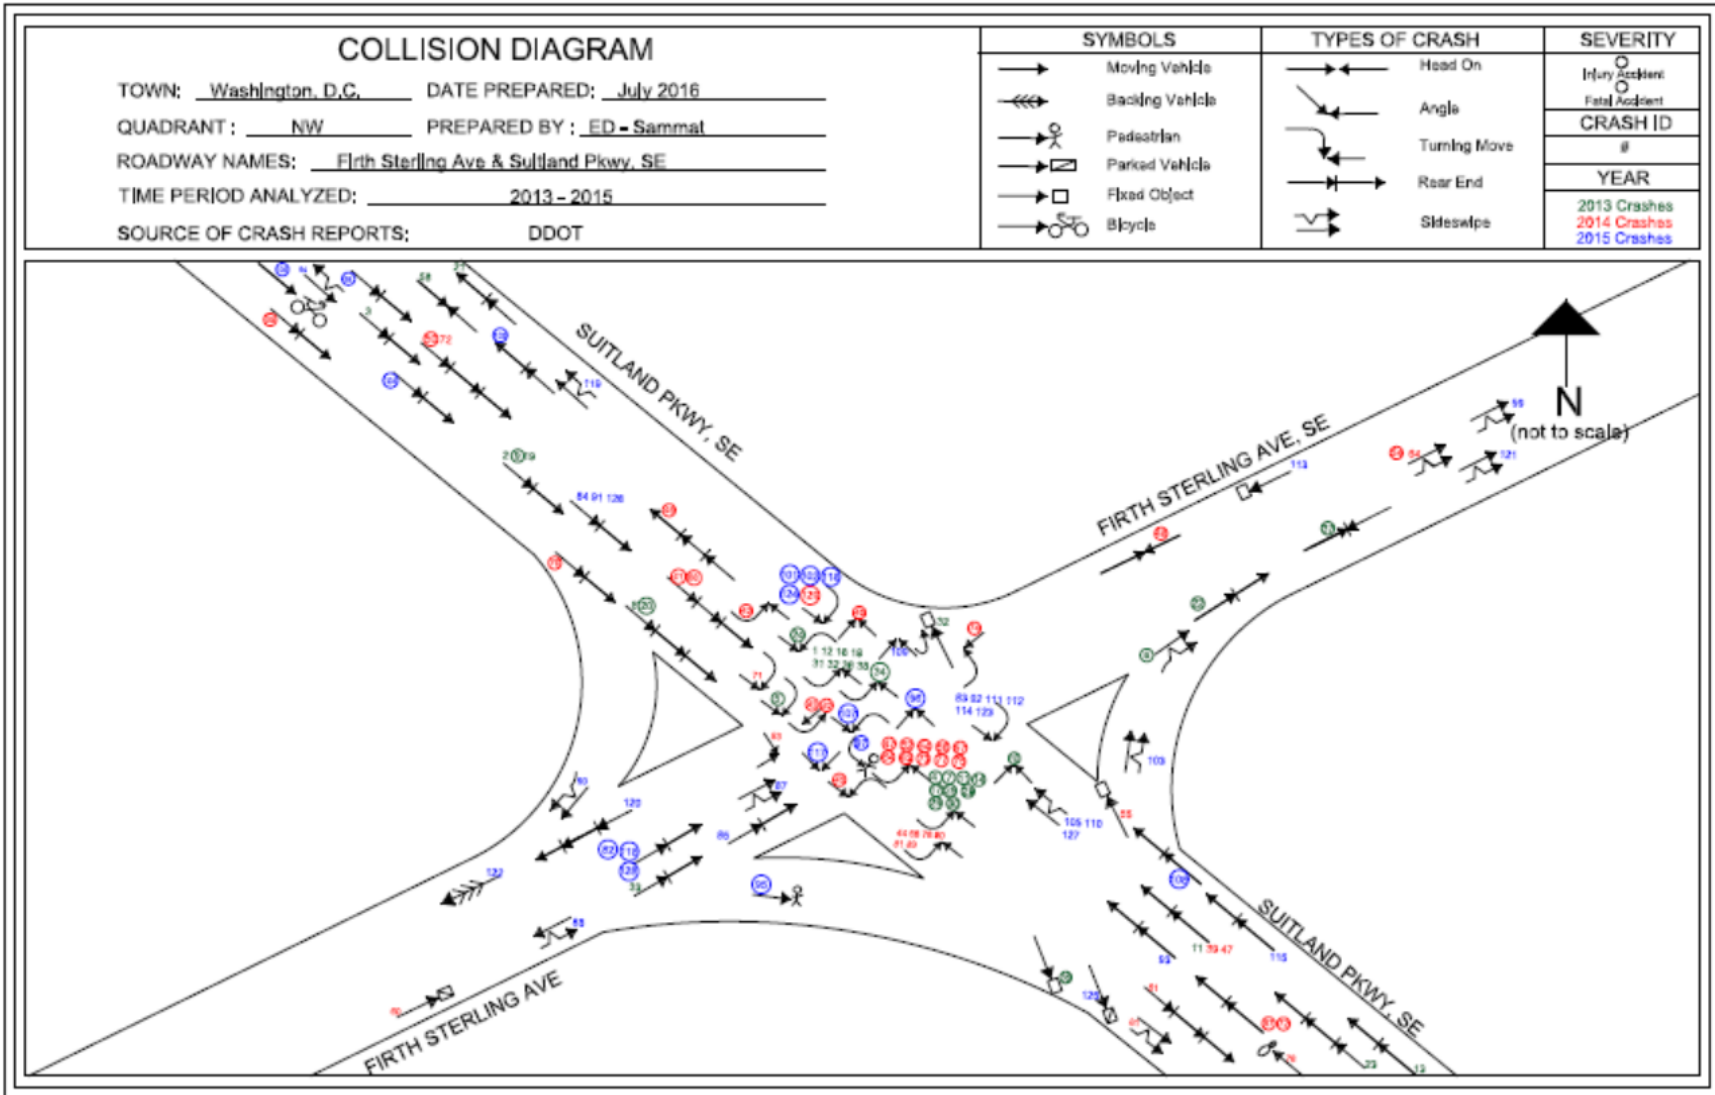

Figure 4. Firth Sterling and Suitland Parkway SE Crash Diagram

2016 High Crash Intersection Site Visits

2.3. Site Visit Observations

On May 25, a DDOT Vision Zero site visit to the intersection of Suitland Parkway and Firth Sterling Avenue SE was conducted. The following are initial observations based on the site visit and DDOT's preliminary assessment of crash data.

Figure 5. Eastbound Firth Sterling Ave approach to Suitland Parkway SE

As seen in Figure 2, the traffic signal arrays on Suitland Parkway provide protected/permissive left-turn phases. As part of the ongoing HSIP process, the feasibility of converting the left-turn signal displays to protected-only phasing will be evaluated. This could mitigate the left-turn angular collisions previously identified from the intersection crash history. During the PM peak-hour observations conducted on May 25, left-turn volumes and the storage capacity of the southbound left-turn bay appear to support the provision of protected-only phasing.

Beyond the left-turn issue, the site visit provided some insights into issues to investigate further:

The right lane on eastbound Firth Sterling Avenue ends at Suitland Parkway, with only one lane carried across the intersection (except for buses, which are allowed to cross the intersection in the right lane). The pavement markings, however, are worn, which might reflect (and also contribute to) the relatively large number of vehicles that maintain a second through lane across the intersection by driving over the pavement markings. A review of the current configuration should be undertaken to determine the **Spring 2016 High Crash Intersection Site Visits**

feasibility of restoring the second travel lane across the intersection. In addition, although left turns are apparently prohibited for traffic on eastbound Firth Sterling Avenue onto northbound Suitland Parkway/South Capitol Street, there are no signs mounted on the mast arm to indicate No Left Turns.

Figure 6. Southeast corner of Suitland Parkway at Firth Sterling Ave SE

The curve radius for traffic on eastbound Firth Sterling Avenue turning right onto southbound Suitland Parkway allows for relatively high travel speeds and likely contributed to one of the two pedestrian crashes, which occurred in this location. Consideration should be given to reducing the turn radius as a pedestrian safety measure. One site visit attendee questioned the need for a slip lane at all. This would dramatically slow turning vehicles, but may not be feasible without major changes because of the amount of truck traffic using this intersection.

While the site visit was during the day, the issue of lighting levels was raised. It is important that lighting levels are adequate to provide proper visibility of all road users, especially pedestrians in the crosswalks. The site visit was in May, which made it quite noticeable that the sidewalk along Firth Sterling Avenue is virtually devoid of trees.

Overall Issues

- O1. Roadway markings are faded.
- O2. Roadway lighting may be a factor in crashes and was identified by pedestrian users as being dim at night.

Pedestrian Issues

- P1. Crosswalk markings are faded.
- P2. Fast right turns at slip lane for vehicles turning eastbound from Suitland to Firth Sterling cause hazard to pedestrians, and vegetation obstructs view for drivers.
- P3. Slip lane from northbound Firth Sterling to eastbound Suitland Parkway, encourages fast turns and creates pedestrian hazards.
- P4. Some curb ramps do not meet current ADA requirements.
- P5. Pedestrian connection to Barry Farm community is lacking.

Bicycle Issues

- B1. No designated bicycle facilities on Firth Sterling (which has streetcar tracks). Bicyclists must share facilities.
- B2. No designated bicycle facilities along Suitland Parkway.

Vehicular Issues

- V1. Vehicles observed cutting through the pedestrian cut-through in the island on the north side.
- V2. Cars observed blocking the box.
- V3. Vehicles observed driving straight in the right turn only lane of northbound Firth Sterling.

2.4. Next Steps

The following table identifies the next step for each issue and the associated timeline. Wherever possible, both design/evaluation and implementation timelines are noted, but further exploration for some issues may find potential solutions infeasible.

Issue	Next Step	Timeline
Overall Issues		
O1. Roadway markings are faded.	Refurbish all roadway markings.	Evaluation: July 2016 Implementation: Shop order for refurbishment to be submitted in April 2017.
O2. Roadway lighting may be a factor in crashes and was identified by pedestrian users as being dim at night.	Evaluate lighting levels and location of street lights.	Evaluation: February 2017 Implementation: Mitigation will be based on outcome of evaluation.
Pedestrian Issues		
P1. Crosswalk markings are faded.	Refurbish crosswalks markings.	Evaluation: February 2017 Implementation: A subsequent field visit determined that the crosswalk is in good condition, and no action is needed at this time.
P2. Fast right turns at slip lane for vehicles turning eastbound from Suitland to Firth Sterling cause hazard to pedestrians, and vegetation obstructs view for drivers.	Install signage to warn drivers to stop for pedestrian in slip lane crosswalks.	Evaluation: July 2016 Implementation: Shop order for advanced warning signage for pedestrian crossings to be submitted by mid-March 2017. Service request submitted to UFA for vegetation trimming.
P3. Slip lane from northbound Firth Sterling to eastbound Suitland Parkway encourages fast turns and creates pedestrian hazards.	Reconfigure intersection geometry to tighten the slip lane radius (existing is a 189' radius) of slip lane or remove slip lane.	Evaluation: Winter 2017 Implementation: Long-term, part of South Capitol Street Phase 1 project.
P4. Some curb ramps do not meet current ADA requirements.	Assess all ramps for ADA compliance.	Evaluation: July 2016 Implementation: Long-term, part of South Capitol Street Phase 1 project.
P5. Pedestrian connection to Barry Farm community is lacking.	Component of Barry Farm redevelopment and South Capitol Street Corridor project.	Evaluation: Fall 2016 Implementation: Further study necessary to identify optimal connection solution. To be identified and implemented as part of South Capitol Street Corridor Project, Segment 3.

Issue	Next Step	Timeline
Bicycle Issues		
B1. No designated bicycle facilities on Firth Sterling (which has freight rail and streetcar tracks). Bicyclists must share facilities.	DDOT has started a feasibility study for creating a multi-use trail along the rail corridor adjacent to Firth Sterling Ave.	Evaluation: Winter 2017 Implementation: Subject to feasibility study findings.
B2. No designated bicycle facilities along Suitland Parkway.	A multi-use trail is planned for the north side of Suitland Parkway between Firth Sterling and the new South Capitol St. bridge.	Evaluation: Spring 2017 Implementation: Long-term, part of South Capitol Street Phase 2
Vehicular Issues		
V1. Vehicles observed cutting through the freight rail cut-through in the island on the north side.	Assess how to block the cut through to vehicular traffic (possibly with flex posts).	Evaluation: July 2016 Implementation: Shop order for installing flex posts and pavement markings to be submitted by April 2017.
V2. Cars observed blocking the box.	Review traffic signal timing to minimize northbound traffic queuing on Firth Sterling during the PM peak period.	Evaluation: July 2016 Implementation: A new timing plan was developed and implemented on January 30, 2017. Signal timing adjustments reduce potential occurrences for intersection blockage.
V3. Vehicles observed driving straight in the right turn only lane of northbound Firth Sterling.	Assess how to channelize vehicular traffic (possibly with flex posts).	Evaluation: July 2016 Implementation: Spring 2017

Table 2. Firth Sterling and Suitland Parkway SE Next Steps

3.0 14th Street and Columbia Road NW

The intersection of 14th Street and Columbia Road NW is located one block south of the Columbia Heights Metro Station. At the study intersection, 14th Street is a north-south roadway, with two-way traffic and Columbia Road is an east-west roadway allowing one-way westbound only traffic. East of 14th Street, from 7am to 6:30pm Columbia Road is a two-lane road with full-time on-street parking on the south side. West of 14th Street, Columbia Road is a one-lane road with the exception of north side restricted parking in the PM rush period of 4pm to 6:30pm.

Figure 7. 14th Street and Columbia Road NW Site Visit with Councilmember Cheh

The May 26, 2016 site visit included Councilmember Cheh and staff, bicycle and pedestrian advocates, media organizations, as well as representatives from the Pedestrian Advisory Council.

3.1. Crash Data

From January 1, 2013 to December 31, 2015, there were nearly 100 crashes at this intersection. Approximately 40 percent of the crashes were sideswipes, which tend to occur when drivers quickly change lanes. Over 13 percent of the crashes were rear end, which occur due to sudden stops. The severity of these crashes was low, with no disabling injuries, and seven non-disabling injuries. Speed

Spring 2016 High Crash Intersection Site Visits

was a factor in one collision, and alcohol/drugs in three of the crashes. Figure 8 provides the summary report of crashes at this intersection. The seventeen bicycle collisions at 14th Street and Columbia Road makes this intersection the second highest intersection in the city for bicycle crashes. Analysis of sixteen of the seventeen bicycle crash reports revealed that the two most prevalent crash types were dooring-related (31 percent) and sideswipe crashes (25 percent). Figure 8 provides a collision diagram for the bicycle crashes at this intersection.

3.2. Recent and Planned Projects

In 2009, DDOT completed a reconstruction of 14th Street between Irving and Newton Streets. In addition to narrowing the roadway, it included a public plaza at the intersection of Kenyon Street and Park Road. DDOT recently analyzed east-west mobility in this area as part of its Crosstown Multi-Modal Study (dccrosstownstudy.com). At the time of the site visit, south of Columbia Road there was a half-mile gap in the existing bicycle lane network to Florida Avenue. DDOT's 2005 Bicycle Master Plan and moveDC Plan call for installing bicycle lanes in this section of 14th Street, and installation is currently in progress.

3.3. Site Visit Observations

On Thursday May 26, 2016 beginning at 8:30am participants identified issues related to all travel modes. Some may only require minor fixes, while others could require more substantial capital improvements. Many require further investigation and evaluation by DDOT. The timeline for next steps is included in the next section.

Figure 11. 14th Street and Columbia Road NW Site Visit Observations

Overall Issues

O1. Roadway markings are faded. 14th Street is four lanes south of Columbia Road, and three lanes with bicycle lanes to the north. Faded roadway markings can add to confusion for road users, particularly due to the absence of the northbound left turn lane – an essential component of the lane drop that occurs at this intersection. 14th Street is a concrete roadway, which means that thermoplastic markings have to be refurbished more frequently.

Pedestrian Issues

P1. There is a loading zone on 14th Street on the northwest corner that extends to the crosswalk. When a large vehicle is parked in this loading zone, it obstructs the visibility of drivers making a southbound right-turn, thereby endangering pedestrians in the crosswalk.

- P2. 14th Street southbound cars turning right onto Columbia Road are conflicting with pedestrians in the crosswalk.
- P3. Some of the curb ramps at the intersection of 14th Street and Columbia Road do not meet ADA slope and truncated dome requirements. They may also require audible pedestrian signals (APS).

Bicycle Issues

- B1. 14th Street southbound cars turning right onto Columbia Road are conflicting with through bicyclists.
- B2. Participants noted the high volume of cyclists on 14th Street and the lack of bike lanes south of Columbia Road. This observation is confirmed by a May 2013 traffic volume count at 14th Street and Columbia Road of 171 southbound bicyclists in the AM peak period, representing over 25 percent of the southbound vehicular traffic at this intersection.

Vehicular Issues

- V1. There is significant traffic congestion occurring on Columbia Road to the west of 14th Street. Up until approximately two years ago, this section of Columbia Road was similar to the sections east of 14th Street – two travel lanes during rush hours. Now, there is resident permit parking (RPP) on the south side and PR rush-hour restricted parking on the north side.
- V2. Participants observed that drivers frequently “block the box.” Cars stop in the intersection after the light turns red, thereby obstructing the passage of vehicles from the cross street.
- V3. A participant who resides near this intersection commented that illegal loading frequently occurs in the bus zone on Columbia Road just west of 14th Street, and double-parking/loading in the southbound 14th Street travel lane just north of Columbia Road.
- V4. On Columbia Road, just west of 14th Street, there are alley entrances on either side of the street that nearly align (Harvard Court NW to the south). Drivers often dart across from the southern entrance to the northern side. One of the 16 bike collisions occurred at this location.
- V5. The northbound 14th Street inside lane is left only at Columbia Road, but the pavement markings are faded and there is no dedicated left turn phase. Consequently, some drivers

were observed going straight from this lane and merging into the one northbound lane in the next block. The bike lane in this block is often blocked as a result of this merging.

V6. A participant noted that there are bus stops on nearly every block of 14th Street in this area. Bus stop consolidation could help to simplify operation for all modes.

V7. There is a no right turn on red sign for southbound 14th Street that is located too far to the right of the intersection.

3.4. Next Steps

The following table identifies the next step for each issue and the associated timeline. Wherever possible, both design/evaluation and implementation timelines are noted, but further exploration for some issues may find potential solutions infeasible.

Issue	Next Step	Timeline
Overall Issues		
O1. Roadway markings are faded.	Restripe all roadway markings.	Evaluation: Fall 2016 Implementation: All markings installed between Florida and Girard. Girard to Columbia to be installed in Spring 2017.
Pedestrian Issues		
P1. NW corner loading zone obstructing crosswalk visibility	Move the loading zone back from the crosswalk.	Evaluation: Fall 2016 Implementation: Signs to be installed (loading zone moved) in March 2017.
P2. Vehicle/pedestrian conflicts from SB 14th St to WB Columbia Road	Add a leading pedestrian interval (LPI) to give people walking an earlier start entering the crosswalk.	Evaluation: Fall 2016 Implementation: November 9, 2016 on all four crosswalks.
P3. Some curb ramps do not meet current ADA requirements.	Assess all ramps for ADA compliance.	Evaluation: Spring 2017 Implementation: To be scheduled following evaluation.
Bicycle Issues		
B1. Vehicle/bicycle conflicts from SB 14th St to WB Columbia Rd	Add a leading pedestrian interval (LPI) to give people biking a head start crossing the intersection. Identify pavement markings to highlight bicycle presence.	Evaluation: Fall 2016 Implementation: November 9, 2016 on all four crosswalks.

Issue	Next Step	Timeline
B2. High volume of cyclists	Bike lane does not continue south of Columbia Rd. Investigate adding a bicycle lane to improve visibility of cyclists and separation from motor vehicle traffic.	Evaluation: Summer 2016 Implementation: Bike lanes installed between Florida and Girard. Girard to Columbia to be installed in Spring 2017.
Vehicle Issues		
V1. Traffic congestion on Columbia Rd west of 14 th St	Investigate why Columbia Rd was reduced to one lane during the AM rush hour.	Evaluation: Spring 2017. Current configuration is due to need for resident-only parking on north side of street. Implementation: To be based on the outcome of field evaluation.
V2. Cars observed blocking the box.	Explore adding a second lane on Columbia Rd during the AM rush, and/or signal operations that would improve traffic flow.	Evaluation: Spring 2017 Implementation: To be based on the outcome of field evaluation.
V3. Illegal loading in Columbia Rd bus zone west of 14 th St and double-parking/loading in 14 th St SB travel lane	Investigate if current loading zones are adequate; enforcement	Evaluation: Winter 2017 Implementation: Loading zones to be resized/repositioned in March 2017.
V4. Cars observed “shooting” across Columbia Rd west of 14 th from the alleys	Explore traffic calming strategies	Evaluation: Winter 2017 Implementation: Mitigation not currently possible. DDOT practice is to not implement traffic calming in alleys due to drainage and other safety concerns.
V5. Some cars in NB left turn lane at Columbia not turning left, going straight through intersection, merging into one travel lane	Refresh faded left-turn markings; identify traffic signal changes to ease left turns; consider advance signs for left turn lane	Evaluation: Fall 2016 Implementation: Markings to be refreshed in Spring; does not meet warrant for a protected left turn signal.
V6. Multiple bus stop locations along corridor	Investigate bus stop consolidation to reduce potential conflicts	Evaluation: Fall 2016 Implementation: WMATA is not pursuing stop consolidation at this time based on community feedback.
V7. No right turn on red sign located too far from intersection.	Move sign to traffic signal mast arm.	Evaluation: Summer 2016 Implementation: March 2017
