<b>Continue to develop and finalize fiscal and administrative procedures to better support disaster operations. (1 Initiative Update)</b>								
	Continue to develop and finalize fiscal and administrative procedures to better support disaster operations.	The agency has worked closely with the OCFO, OCP and OCA to ensure the successful execution of this initiative. Thus far, we have developed a process and guidance in coordination with our key stakeholders. In fact, we have implemented our new process as part of the District's 2017 Presidential Inaugural planning effort. After the conclusion of the inaugural activation, we will convene an after action and incorporate suggested improvements into our process.	50-74%	High	Incremental	The agency has received an overwhelmingly positive response from internal and external stakeholders and the efforts of this initiative have cemented the strong partnership between HSEMA, OCP, OCA and OCFO. Also, by implementing the new processes during the 2017 Presidential Inauguration, we were able to put theory to practice and have identified ways to strengthen our refined fiscal and administrative processes during normal day-to-day operations and emergency activations.		FY17Q1
<b>Further integrate the National Capital Region (NCR) Information Collection &amp; Coordination Center (IC3) capabilities into the JAHOC, EOC, and throughout the NCR to improve situational awareness in emergency situations and day to day coordination. (1 Initiative Update)</b>								
	Further integrate the National Capital Region (NCR) Information Collection & Coordination Center (IC3) capabilities into the JAHOC, EOC, and throughout the NCR to improve situational awareness in emergency situations and day to day coordination.	This is an ongoing progress that is bearing the region fruit. During the Inauguration planning process, over 500 additional people throughout the region were added to the dashboard.	50-74%	Medium	Incremental	The integration and the increased accessibility of the dashboard and our IC3 information has been a tremendous success, providing increased situational awareness to both District employees and our regional partners.		FY17Q1
<b>HSEMA will finalize the establishment of two certified type three incident management support teams. (1 Initiative Update)</b>								
	HSEMA will finalize the establishment of two certified type three incident management support teams.	Of the 47 positions within the EOC, 80% are fully certified.	75-99%	High	Incremental	While we did not activate the EOC ISTs during this period for a real-world incident, we have established the processes to activate and sustain the teams so that they are ready to activate for the inauguration. We also exercised the team during the 2017 Winter Snow Exercise and saw continued improvement in EOC operations as well as better support for the emergency liaison officers from the other District and partner agencies. <b>Improve District situational awareness by providing tactical and strategic intelligence for both activations and during steady state. (1 Initiative Update)</b>						
Improve District situational awareness by providing tactical and strategic intelligence for both activations and during steady state.	The WRTAC engages with the Joint All-Hazards Operations Center on a daily basis and provides relevant information updates as necessary. The WRTAC provides intelligence support during activations by having liaison officers (LNOs) onsite, forward deploying analysts to external operation centers (OCs), participating in regional and national Homeland Security Information Network (HSIN) chatrooms, and conducting social media research	75-99%	High	Incremental	The WRTAC provides intelligence support during all activations and serves as a link between fusion centers in the NCR. During steady state, the WRTAC provides weekly contributions to the Operations Weekend Situation Report, briefs the JAHOC during shift changes as situations require, and maintains 24-hour accessibility for intelligence and information updates.	FY17Q1
<b>Planning integration for persons with disabilities and access and functional needs (DAFN). (1 Initiative Update)</b>
