(b) Notwithstanding the provisions of Chapter 45 of Title 28, a manufacturer or manufacturers and a partnership or representative organization may negotiate, enter into agreements with, share the burdens of their operation with, and conduct business with each other in accordance with this subtitle in ways that may affect competition. The report shall further advise the Council whether the convenient collection service alternative to the minimum collection share requirement allowed under section 119(a)(3) has generated per capita collection rates similar to the best performing electronics waste programs in other jurisdictions, considering relevant differences in covered electronic equipment and the electronics waste stream.

Sec. 125. Limitation in the event of a federal program. **New § 8-1041.11**

Upon the establishment and implementation of a federal program for the collection and recycling or reuse of covered electronic equipment discarded by households, sections 115, 116, 117, 118, 119, 120, 121, 122, 123, and 124 shall not apply to that covered electronic equipment.

(a)(1) The Mayor, pursuant to Title I of the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1204; D.C. Official Code § 2-501 *et seq.*), shall issue rules to implement the provisions of this subtitle within one year of its effective date.

(2) The Mayor may expand the definition of covered electronic equipment to include items exempted in section 115(4); provided, that the Mayor shall not do so before January 1, 2018; provided further, that the Mayor shall not include household appliances. Before issuing such a rule, the Mayor shall provide a report and economic analysis to the Council outlining the reasons that expanding the definition is beneficial to the District's electronics waste diversion activities and will likely result in higher recycling or reuse rates of the electronic equipment that the Mayor proposes to include.

(b) The Mayor may establish civil penalties or fines to enforce the provisions of this subtitle and the regulations promulgated pursuant to this subtitle.

SUBTITLE P. UNITED MEDICAL CENTER TRANSFORMATION INITIATIVE

Sec. 5151. Short title.

This subtitle may be cited as the "United Medical Center Transformation Initiative Act of 2014".

Sec. 5152. Findings and policy.

(a) It is the policy of the District government that there shall be an enduring, full-service hospital east of the Anacostia River. To effect this policy, the government is committed to improving the United Medical Center ("UMC") with the expectation that its improved financial condition (i.e., solvency) will enable eventual divestiture of UMC from District ownership and management.

(b) The government recognizes and supports the proposition that maintaining full hospital service may likely entail more than renovation of the current facility on Southern Avenue, S.E.

(c) Substantial funding has been made available to UMC in the Capital Improvement Plan accompanying the Fiscal Year 2015 budget. Although most of these dollars are strategic investment in facilities, equipment, and information technology, the Council would be supportive of utilizing these dollars toward a viable proposal, which may involve a public-private partnership, to construct a new hospital facility rather than renovation of the existing facility.

(d) The Council affirmatively approved a contract in 2012 with Huron Consulting Group ("Huron") in part to improve the operations of UMC and to assist with the divestiture of UMC from District ownership and management. Huron is urged to solicit bidders for ownership and management without constraint as to a particular business model or financing structure other than to obtain an offer that is both in the best interest of the District government and the policy to maintain an enduring, full-service hospital east of the Anacostia River.

(e) The Executive is urged to move forward expeditiously with improving UMC operations and soliciting proposals for private sector takeover of the ownership and management of the United Medical Center.

Actions may be maintained by one or more employees who may designate an agent or representative to maintain such action for and on behalf of themselves or on behalf of all employees similarly situated.

"(2) For the purposes of this subsection, 2 or more employees are similarly situated if they:

"(A) Are or were employed by the same employer or employers, whether concurrently or otherwise, at some point during the applicable statute of limitations period;

"(b)(1) The court, in any action brought under this section shall, in addition to any judgment awarded to the prevailing plaintiff or plaintiffs, allow costs of the action, including costs or fees of any nature, and reasonable attorney's fees, to be paid by the defendant. In any judgment in favor of any employee under this section, and in any proceeding to enforce such a judgment, the court shall award to each attorney for the employee an additional judgment for costs, including attorney's fees computed pursuant to the matrix approved in *Salazar v. District of Columbia*, 123 F.Supp.2d 8 (D.D.C. 2000), and updated to account for the current market hourly rates for attorney's services. The court shall use the rates in effect at the time the determination is made.

"(2) If the fees remain unpaid to the attorney at the time of any subsequent review, supplementation, or reconsideration of the fee award, the court shall update the award to reflect the hours actually expended and the market rates in effect at that time. No reduction shall be made from this rate, or from the hours actually expended, except upon clear and convincing evidence that the reduction will serve the remedial purposes of this law. Any court reviewing such a reduction shall review it *de novo*.

"(3) Costs shall also include expert witness fees, depositions fees, witness fees, juror fees, filing fees, certification fees, the costs of collecting and presenting evidence, and any other costs incurred in connection with obtaining, preserving, or enforcing the judgment or administrative order.

"(4) The Mayor shall not be required to pay the filing fee or other costs or fees of any nature or to file bond or other security of any nature in connection with any action or proceeding under this section.

"(c)(1) Any action commenced in a court of competent jurisdiction on or after the effective date of the Wage Theft Prevention Amendment Act of 2014, passed on 2nd reading on July 14, 2014 (Enrolled version of Bill 20-671), to enforce any cause of action for unpaid wages or liquidated damages under this act, the Minimum Wage Revision Act, the Sick and Safe Leave Act, or the Living Wage Act, or any regulation issued pursuant to this act, the Minimum Wage Revision Act, the Sick and Safe Leave Act, or the Living Wage Act, must be commenced within 3 years after the cause of action accrued, or of the last occurrence if the violation is continuous, or the cause of action shall be forever barred.

"(2) This period is tolled:

"(A) From the date the employee files an administrative complaint with the Mayor until the Mayor notifies the employee in writing that the administrative complaint has been resolved or until the administrative complaint is withdrawn by the employee, whichever is sooner; or

"(B) During any period that the employer fails to provide the complainant with actual or constructive notice of the employee's rights.".

New § 32-1308.01

(h) A new section 8a is added to read as follows:

"Sec. 8a. Administrative actions on employee complaints.

"(a) When an employee requests administrative enforcement of this act, the Minimum Wage Revision Act, the Living Wage Act, and the Sick and Safe Leave Act, the Mayor shall investigate and make an initial determination regarding alleged violations. A signed complaint for non-payment of earned wages shall be filed with the Mayor, no later than 3 years after the last date upon which the violation of this act, the Minimum Wage Revision Act, the Sick and Safe Leave Act, or the Living Wage Act is alleged to have occurred or the date on which the employer provided the complainant with actual or constructive notice of the employee's rights, whichever is later.

"(b) If the alleged non-payment of earned wages violation is ongoing at the time of the filing of the complaint, the complaint may also seek recovery of amounts that accrue after the filing of the complaint. With regard to amounts that were due at the time the complaint was filed, an aggrieved employee may recover only those amounts that became lawfully due and payable within the 3-year period before the date the complaint was filed. This period is tolled during any period that the employer fails to provide the complainant with actual or constructive notice of the employee's rights or on other equitable grounds.

"(1) The complaint shall set forth the facts upon which it is based with sufficient specificity to determine both that an allegation of non-payment of earned wages has been made and that the other criteria stated in this section have been met.

"(2) In addition to the other requirements of the complaint set forth in this section, the complaint shall be sworn and shall include or attach the following information:

"(A) The complainant's name, address, and telephone number (or alternate address or telephone number if the complainant desires);

"(B) Sufficient information to enable the Mayor to identify the employer through District records, such as the employer's name, business address, license plate number, or telephone number; and

"(C) An explanation of the alleged violations, which may include the approximate or actual dates the violations occurred, the estimated total dollar amount of unpaid wages, and an explanation of how the total estimated amount of unpaid wages was calculated.

"(3) The Mayor shall request additional information from the complainant to:

"(A) Amend a charge deemed insufficient;

"(B) Cure technical defects or omissions;

"(C) Clarify or amplify allegations; or

"(D) Ensure that any violations related to or arising out of the subject matter set forth or attempted to be set forth in the original charge are adequately alleged in the complaint

"(c)(1) The Mayor shall deliver the complaint and a written notice to each respondent upon completion. The written notice shall set forth the damages, penalties and other costs for which the respondent may be liable, the rights and obligations of the parties, and the process for contesting the complaint.

"(2) The Mayor shall also include an additional notice to employees stating that an investigation is being conducted and providing information to employees on how they may participate in the investigation. Upon receipt, the respondent shall post this additional notice for a period of at least 30 days.

"(3) Within 20 days of the date the complaint and written notice are mailed, the respondent shall:

"(A) Admit that the allegations in the complaint are true and pay to complainant any unpaid wages or compensation and liquidated damages owed and pay to the Mayor any fine or penalty assessed; or

"(B) Deny the allegations in the complaint and request that the agency make an initial determination regarding the allegations in the complaint.

"(4) If a respondent admits the allegations, the Mayor shall issue an administrative order requiring the respondent to pay any unpaid wages, compensation, liquidated damages, and fine or penalty owed and requiring the respondent to cure any violations. The Mayor may also proceed with any audit or subpoena to determine if the rights of employees other than the complainant have also been violated.

"(5) If a respondent denies the allegations, the respondent must notify the Mayor of that decision and may provide any written supporting evidence within 20 days of the date the complaint is mailed.

"(6) If a respondent fails to respond to the allegations within 20 days of the date the complaint is delivered, the allegations in the complaint shall be deemed admitted and the Mayor shall issue an initial determination requiring the respondent to pay any unpaid wages, compensation, liquidated damages, and fine or penalty owed and requiring the respondent to cure any violations.

"(7) The Mayor shall issue an initial determination within 60 days of the date the complaint is delivered. The initial determination shall set forth a brief summary of the evidence considered, the findings of fact, the conclusions of law, and an order detailing the amount owed by the respondent or other relief deemed appropriate, if any. The initial determination shall be provided to both parties and set forth the losing party's right to appeal under this section or to seek other relief available under this act.

"(8) In addition to determining whether the complainant has demonstrated that the employer has violated one or more provisions of this act, or the Minimum Wage Revision Act, the Sick and Safe Leave Act, or the Living Wage Act, by applying the presumption required by section 5(b), the Mayor shall make an initial determination of whether the complainant is entitled

to additional unpaid earned wages due to other District laws such as the Living Wage Act, the Sick and Safe Leave Act, or the Minimum Wage Revision Act.

"(9) If the Mayor fails to issue an initial determination within 60 days of the filing of a complaint, the complainant shall have a right to request a formal hearing before an administrative law judge.

"(d)(1) The Mayor shall work with the parties in an attempt to conciliate. Any conciliation agreement shall be between the respondent and the complainant and shall be reduced to an administrative order requiring the respondent to pay any unpaid wages, compensation, liquidated damages, and fine or penalty owed and requiring the respondent to cure any violations.

"(2) When an administrative order issued as a result of a conciliation agreement is subsequently breached, the Mayor or the complainant may enforce the administrative order pursuant to this section.

"(e)(1) Within 30 days of the issuance of the initial determination or administrative order, not issued as a result of conciliation, either party may file for a formal hearing before an administrative law judge. If the initial determination was not issued within the 60-day period specified in subsection (c)(7) of this section, a complainant may file for a formal hearing before an administrative law judge. An administrative law judge shall conduct a hearing to determine whether a violation of this act or the Minimum Wage Revision Act, the Living Wage Act, or the Sick and Safe Leave Act has occurred. The hearing shall be scheduled within 30 days of a request, except that the administrative law judge shall issue an order based on the findings from the hearing. The administrative law judge may grant each party one discretionary continuance due to hardship or scheduling of up to 15 days. The administrative law judge may grant any other request for continuance only for good cause.

"(2) The administrative law judge shall have the authority to administer oaths, issue subpoenas, compel the production of evidence, receive evidence, and consolidate 2 or more complaints into a single hearing where such complaints involve sufficiently similar allegations of fact to justify consolidation.

"(3) All parties shall appear at the hearing, with or without counsel, and may submit evidence, cross-examine witnesses, obtain issuance of subpoenas, and otherwise be heard. Testimony taken at the hearing shall be under oath, and a transcript shall be made available at cost to any individual unless the case is sealed. Testimony may also be given and received by telephone.

"(4) The burden of proof by a preponderance of the evidence shall rest upon the complainant, but shall shift to the respondent when the following conditions are met:

"(A) A respondent failed to keep records of an employee's hours worked, or records of compensation provided to an employee are imprecise, inadequate, missing, fraudulently prepared or presented, or are substantially incomplete; and

"(B) A complainant presents evidence to show, as a matter of just and reasonable inference, the amount of work done or the extent of work done or what compensation is due for the work done.

"(5) Where the conditions in paragraph 4(A) and (B) of this subsection are met, the respondent must present compelling evidence of the precise amount of work performed and exact compensation promised or present compelling evidence to negate the reasonableness of the inferences drawn from the complainant's evidence. If the respondent fails to meet this burden, the administrative law judge shall award damages based on the complainant's evidence and may award approximate damages where necessary.

"(6) If a respondent does not appear after receiving notice of a hearing pursuant to this section, the administrative law judge shall proceed to hear proof of the complaint and render judgment accordingly. If, after receiving notice of a hearing pursuant to this section, the complainant does not appear, the administrative law judge shall dismiss the complaint without prejudice.

"(f)(1) At the conclusion of the hearing, the administrative law judge shall issue a decision setting forth a brief summary of the evidence considered, findings of fact and conclusions of law, and an order detailing the relief determined appropriate to the parties and their representatives within 30 days of the hearing.

"(2) Appropriate relief may include any and all unpaid wages, reasonable attorneys' fees and costs, pursuant to subsection (b) of this section, and any liquidated damages.

"(3) The decision and order shall be considered a final administrative ruling, enforceable in a court of competent jurisdiction, and reviewable as provided by applicable law.

"(g)(1) Respondents shall comply with the provisions of any order or conciliation agreement affording relief and shall furnish proof of compliance to the Mayor as specified in the order. If the respondent refuses or fails to comply with the administrative order or conciliation agreement, the Mayor or the complainant may record a lien and may sue in the Superior Court of the District of Columbia for a remedy, enforcement, or assessment or collection of a civil penalty.

"(2) The Superior Court of the District of Columbia shall have no jurisdiction to adjudicate the merits of the underlying claim, but is limited to enforcement of the administrative order or conciliation agreement.

"(3) The Mayor may, at the request of an employee, take an assignment in trust for the assigning employee of such wages and join in a proceeding or action such claims against the same employer as the Mayor considers appropriate, and the Mayor shall have power to settle and adjust any such claim or claims on such terms the Mayor may consider just; provided, that no settlement for an amount less than the amount awarded by the administrative law judge shall be agreed to without the complainant's consent. The Mayor shall maintain regular contact with the complainant concerning the procedural status of any legal actions brought under the assignment and the complainant shall have the right to inquire about and receive information regarding the status of the enforcement action.

"(h) If a respondent fails to timely comply with an administrative order or conciliation agreement that has not been stayed, the Mayor shall:

"(1) Assess an additional late fee equal to 10% of the total amount owed for each month any portion of the award and any already accrued late penalty remains unpaid;

"(2) Require the respondent to post public notice of their failure to comply in a form determined by the Mayor; and

"(3) Consider any unpaid amount to be owed the District as past due restitution on behalf of an employee and suspend any licenses issued to do business in the District as set forth in subsection (i) of this section. Penalty amounts, including civil and criminal penalties and late fees, and any wages, damages, interest, costs, or fees awarded to an employee or representative shall be a lien upon the real estate and personal property of the person who owes them. The lien shall take effect by operation of law on the day immediately following the due date for payment, and, unless dissolved by payment, shall as of that date be considered a tax due and owing to the District, which may be enforced through any and all procedures available for tax collection.

"(i)The Mayor shall:

"(1) Deny an application for any license to do business issued by the District if, during the 3-year period before the date of the application, the applicant admitted guilt or liability or has been found guilty or liable in any judicial or administrative proceeding of committing or attempting to commit a willful violation of this act, the Minimum Wage Revision Act, the Living Wage Act, or the Sick and Safe Leave Act, or any other District, federal, or state law regulating the payment of wages. This subparagraph shall not apply to any person whose final administrative adjudication or judicial judgment or conviction was entered before the effective date of the Wage Theft Prevention Amendment Act of 2014, passed on 2nd reading on July 14, 2014 (Enrolled version of Bill 20-671); and

"(2) Suspend any license to do business issued by the District if the licensee has failed to comply with an administrative order or conciliation agreement issued under this section. Once alerted to an alleged lack of compliance, the Mayor shall notify the business that its license will be suspended in 30 days until the business provides proof that it is in full compliance with the administrative order or conciliation agreement, including any requirements for accelerated payment, interest, or additional damages in the event of a breach. Before the license suspension, the business will have an opportunity to request a hearing to be held pursuant to the Administrative Procedure Act.

"(j) The administrative remedies established in this act shall be in addition to any other criminal, civil, or other remedies established by law that may be pursued to address violations of this act and shall not prejudice or adversely affect any other action, civil or criminal, that may be brought to abate a violation or to seek compensation for damages suffered.

"(k) Any person may be represented by counsel in any proceeding under this act. Any party, including corporate entities, as an alternative to counsel, may be assisted by a non-lawyer authorized by that party in accordance with 1 DCMR § 2835, except where such representation is prohibited by law or disallowed by the administrative law judge for good cause.

"(l)(1) Any party may request that a subpoena be issued by the administrative law judge. Witnesses summoned by subpoena shall be entitled to the same witness and mileage fees as are witnesses in proceedings in the Superior Court of the District of Columbia. Fees payable to a witness summoned by subpoena issued at the request of a party shall be paid by that party.

"(2) Within 10 days after service of a subpoena upon any person, the person may petition the administrative law judge to quash or modify the subpoena. The administrative law judge shall grant the petition if he or she finds that the subpoena:

"(A) Requires appearance or attendance at an unreasonable time or place;

"(B) Requires production of evidence that does not relate to the matter; or

"(C) Does not describe with sufficient particularity the evidence to be produced, that compliance would be unduly onerous, or for other good reason.

"(3) In the case of refusal to obey a subpoena, the administrative law judge or any party may seek enforcement of a subpoena issued under the authority of this act by filing a petition for enforcement in a court of competent jurisdiction. In the enforcement proceeding, the court may award to the party prevailing in the enforcement proceeding all or part of the costs and attorney's fees incurred in obtaining the enforcement order.

"(4) Any person who fails or neglects to attend and testify or to answer any lawful inquiry or to produce records, documents, or other evidence, without good cause, may be fined by a court of competent jurisdiction not more than the amount set forth in section 101 of the Criminal Fine Proportionality Amendment Act of 2012, effective June 11, 2013 (D.C. Law 19-317; D.C. Official Code § 22-3571.01) or imprisoned not more than 60 days, or both.

"(5) Any person who makes or causes to be made any false entry or false statement of fact in any report, account, record, or other document submitted to the administrative law judge pursuant to its subpoena or other order, or who willfully mutilates, alters, or by any other means falsifies any documentary evidence, may be fined by a court of competent jurisdiction not more than the amount set forth in section 101 of the Criminal Fine Proportionality Amendment Act of 2012, effective June 11, 2013 (D.C. Law 19-317; D.C. Official Code § 22-3571.01), or imprisoned not more than 60 days, or both.

"(m)(1) The administrative law judge, in any action brought under this section shall, in addition to any administrative order awarded to the prevailing plaintiff, allow costs of the action, including costs or fees of any nature, and reasonable attorney's fees, to be paid by the defendant. In any administrative order in favor of any employee under this section, and in any proceeding to enforce an administrative order, the court shall award to each attorney for the employee an additional judgment for costs, including attorney's fees computed pursuant to the matrix approved in *Salazar v. District of Columbia*, 123 F.Supp.2d 8 (D.D.C. 2000), and updated to account for the current market hourly rates for attorney's services. The administrative law judge shall use the rates in effect at the time the determination is made.

"(2) If the fees remain unpaid to the attorney at the time of any subsequent review, supplementation, or reconsideration of the fee award, the administrative law judge shall update the award to reflect the hours actually expended and the market rates in effect at that time. Codification District of Columbia Official Code 2001 Edition

Disposition of District Land for Affordable Housing Amendment Act of 2014

BE IT ENACTED BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this act may be cited as the "Disposition of District Land for Affordable Housing Amendment Act of 2014".

(a) A new subsection (a-3) is added to read as follows:

"(a-3)(1) If a proposed disposition of real property will result in the development of multifamily residential property consisting of 10 or more units ("multifamily units"), the following affordable housing requirements shall apply:

"(A) If the multifamily units are located in the following areas, at least 30% of the units shall be dedicated as affordable housing:

"(i) Within 1/2 mile of a Metrorail station that is in operation or for which a construction contract has been awarded on or before the date of the disposition;

"(iii) Within 1/4 mile of a Priority Corridor Network Metrobus Route, as designated by the Washington Area Metropolitan Transit Authority, located entirely or partially within the District of Columbia;

"(B) If the multifamily units are located outside of the areas described in subparagraph (A) of this paragraph, at least 20% of the units shall be dedicated as affordable housing;

"(C) The units dedicated as affordable housing pursuant to subparagraphs (A) and (B) of this paragraph shall remain affordable housing units for the life of the building; and

"(D) The purchase price for the second and subsequent sales of the units dedicated as affordable housing described in subparagraphs (A) and (B) of this paragraph shall be determined by a formula established by the Mayor.

"(2) The units dedicated as affordable housing pursuant to subparagraphs (A) and (B) of this paragraph shall be made available according to the following affordability levels:

"(A) In the case of rental units, 25% of the units shall be housing for which a very low-income household will pay no more than 30% of its income toward housing costs, and 75% of such units shall be housing for which a low-income household will pay no more than 30% of its income toward housing costs; and

"(B) In the case of ownership units, 50% of the units shall be housing for which a low-income household will pay no more than 30% of its income toward housing costs, and 50% of the units shall be housing for which a moderate-income household will pay no more than 30% of its income toward housing costs.

"(3) The Mayor shall take into account the affordable housing requirements of this subsection when establishing the terms and conditions under which real property is to be disposed. "(6) The Mayor may reduce the affordable housing requirements of this section if the proposed disposition of real property finances the development of a significant public facility. For the purposes of this paragraph, the term "public facility" means a building, structure, or system that is an asset of the District government eligible for capital spending and subject to depreciation. A public facility may include a fire station, public library, public school, stadium, or homeless shelter. Notwithstanding the priority to finance a significant public facility,

the Mayor shall nevertheless endeavor to provide affordable housing, consistent with this section, to the extent economically feasible.".

(b) Subsection (b)(5) is amended to read as follows:

"(5) If applicable, a finding that the Developer will achieve the affordable housing requirements established by subsection (a-3) of this section or, if those requirements will not be achieved, a written certification by the Chief Financial Officer pursuant to subsection (a-3)(4) of this section;".

"(2) "Housing costs" means:

"(A) In the case of rental units, rent and utilities.

"(B) In the case of ownership units, mortgage payments, including principal, interest, and property insurance, taxes, homeowner association, condominium, or cooperative fees, and utilities.

(c) The Harbor Master shall maintain in its files, for each vessel for which it has created a certificate of title, all title brands known to the Harbor Master, the name of each secured party known to the Harbor Master, the name of each person known to the Harbor Master to be claiming an ownership interest, and all stolen-property reports the Harbor Master has received.

(d) Upon request, for safety, security, or law-enforcement purposes, the Harbor Master shall provide to federal, state, or local government the information in its files relating to any vessel for which the Harbor Master has issued a certificate of title.

(e) Except as otherwise provided by the law of the District other than this act, the information required under section 9 is a public record. The information provided under section 7(b)(3) is not a public record.

Sec. 12. Action required on creation of certificate of title. **New § 50-1541.11**

(a) On creation of a written certificate of title, the Harbor Master promptly shall send the certificate of title to the secured party of record or, if none, to the owner of record, at the address indicated for that person in the files of the Harbor Master. On creation of an electronic certificate of title, the Harbor Master promptly shall send a record evidencing the certificate of title to the owner of record and, if there is one, to the secured party of record, at the address indicated for that person in the files of the Harbor Master. The Harbor Master may send the record to the person's mailing address or, if indicated in the files of the Harbor Master, an electronic address.

(b) If the Harbor Master creates a written certificate of title, any electronic certificate of title for the vessel is canceled and replaced by the written certificate of title. The Harbor Master shall maintain in the files of the Harbor Master the date and time of cancellation.

(c) Before the Harbor Master creates an electronic certificate of title, any written certificate of title for the vessel must be surrendered to the Harbor Master. If the Harbor Master creates an electronic certificate of title, the Harbor Master shall destroy or otherwise cancel the written certificate of title for the vessel which has been surrendered to the Harbor Master and maintain in the files of the Harbor Master the date and time of destruction or other cancellation. If a written certificate of title being canceled is not destroyed, the Harbor Master shall indicate on the face of the certificate of title that it has been canceled.

Sec. 13. Effect of certificate of title. **New § 50-1541.12**

A certificate of title is prima facie evidence of the accuracy of the information in the record that constitutes the certificate of title.

Sec. 14. Effect of possession of certificate of title; judicial process. **New § 50-1541.13**

Possession of a certificate of title does not by itself provide a right to obtain possession of a vessel. Garnishment, attachment, levy, replevin, or other judicial process against the certificate of title is not effective to determine possessory rights to the vessel. This act does not prohibit enforcement under law of the District other than this act of a security interest in, levy on, or foreclosure of a statutory or common-law lien on a vessel. Absence of an indication of a statutory or common-law lien on a certificate of title does not invalidate the lien.

Sec. 15. Perfection of security interest. **New § 50-1541.14**

(a) Except as otherwise provided in this section or section 29, a security interest in a vessel may be perfected only by delivery to the Harbor Master of an application for a certificate of title that identifies the secured party and otherwise complies with section 7. The security interest is perfected on the later of delivery to the Harbor Master of the application and the applicable fee or attachment of the security interest under D.C. Official Code § 28:9-203.

(b) If the interest of a person named as owner, lessor, consignor, or bailor in an application for a certificate of title delivered to the Harbor Master is a security interest, the application sufficiently identifies the person as a secured party. Identification on the application for a certificate of title of a person as owner, lessor, consignor, or bailor is not by itself a factor in determining whether the person's interest is a security interest.

(c) If the Harbor Master has created a certificate of title for a vessel, a security interest in the vessel may be perfected by delivery to the Harbor Master of an application, on a form the Harbor Master may require, to have the security interest added to the certificate of title. The application must be signed by an owner of the vessel or by the secured party and must include:

(1) The name of the owner of record;

(2) The name and mailing address of the secured party;

(3) The hull identification number for the vessel; and

(4) If the Harbor Master has created a written certificate of title for the vessel, the certificate of title.

(d) A security interest perfected under subsection (c) of this section is perfected on the later of delivery to the Harbor Master of the application and all applicable fees or attachment of the security interest under D.C. Official Code § 28:9-203.

(e) On delivery of an application that complies with subsection (c) of this section and payment of all applicable fees, the Harbor Master shall create a new certificate of title pursuant to section 8 and deliver the new certificate of title or a record evidencing an electronic certificate of title pursuant to section 12(a). The Harbor Master shall maintain in the files of the Harbor Master the date and time of delivery of the application to the Harbor Master.

(f) If a secured party assigns a perfected security interest in a vessel, the receipt by the Harbor Master of a statement providing the name of the assignee as secured party shall not be required to continue the perfected status of the security interest against creditors of and transferees from the original debtor. A purchaser of a vessel subject to a security interest that obtains a release from the secured party indicated in the files of the Harbor Master or on the

certificate of title takes free of the security interest and of the rights of a transferee unless the transfer is indicated in the files of the Harbor Master or on the certificate of title.

(g) This section shall not apply to a security interest:

(1) Created in a vessel by a person during any period in which the vessel is inventory held for sale or lease by the person or is leased by the person as lessor if the person is in the business of selling vessels;

(2) In a barge for which no application for a certificate of title has been delivered to the Harbor Master; or

(3) In a vessel before delivery if the vessel is under construction, or completed, pursuant to contract and for which no application for a certificate of title has been delivered to the Harbor Master.

(h) This subsection applies if a certificate of documentation for a documented vessel is deleted or canceled. If a security interest in the vessel was valid immediately before deletion or cancellation against a third party as a result of compliance with 46 U.S.C. § 31321, the security interest is and remains perfected until the earlier of 4 months after cancellation of the certificate of documentation or the time the security interest becomes perfected under this act.

(i) A security interest in a vessel arising under D.C. Official Code § 28:2-401, § 28:2-505, § 28:2-711(3), or § 28:2A-508(e) is perfected when it attaches but becomes unperfected when the debtor obtains possession of the vessel, unless before the debtor obtains possession the security interest is perfected pursuant to subsection (a) or (c) of this section.

(j) A security interest in a vessel as proceeds of other collateral is perfected to the extent provided in D.C. Official Code § 28:9-315.

(k) A security interest in a vessel perfected under the law of another jurisdiction is perfected to the extent provided in D.C. Official Code § 28:9-316(d).

Sec. 16. Termination statement. **New § 50-1541.15**

(a) A secured party indicated in the files of the Harbor Master as having a security interest in a vessel shall deliver a termination statement to the Harbor Master and, on the debtor's request, to the debtor, by the earlier of:

(1) Twenty days after the secured party receives a signed demand from an owner for a termination statement and there is no obligation secured by the vessel subject to the security interest and no commitment to make an advance, incur an obligation, or otherwise give value secured by the vessel; or

(2) If the vessel is consumer goods, 30 days after there is no obligation secured by the vessel and no commitment to make an advance, incur an obligation, or otherwise give value secured by the vessel.

(b) If a written certificate of title has been created and delivered to a secured party and a termination statement is required under subsection (a) of this section, the secured party, not later than the date required by subsection (a) of this section, shall deliver the certificate of title to the debtor or to the Harbor Master with the statement. If the certificate of title is lost, stolen, mutilated, destroyed, or is otherwise unavailable or illegible, the secured party shall deliver with

the statement, not later than the date required by subsection (a) of this section, an application for a replacement certificate of title meeting the requirements of section 22.

(c) On delivery to the Harbor Master of a termination statement authorized by the secured party, the security interest to which the statement relates shall cease to be perfected. If the security interest to which the statement relates was indicated on the certificate of title, the Harbor Master shall create a new certificate of title and deliver the new certificate of title or a record evidencing an electronic certificate of title. The Harbor Master shall maintain in its files the date and time of delivery to the Harbor Master of the statement.

(d) A secured party that fails to comply with this section is liable for any loss that the secured party had reason to know might result from its failure to comply and that could not reasonably have been prevented and for the cost of an application for a certificate of title under section 7 or 22.

Sec. 17. Transfer of ownership.

New § 50-1541.16

(a) On voluntary transfer of an ownership interest in a vessel covered by a certificate of title, the following shall apply:

(1) If the certificate of title is a written certificate of title and the transferor's interest is noted on the certificate of title, the transferor promptly shall sign the certificate of title and deliver it to the transferee. If the transferor does not have possession of the certificate of title, the person in possession of the certificate of title shall have a duty to facilitate the transferor's compliance with this paragraph. A secured party shall not have a duty to facilitate the transferor's compliance with this paragraph if the proposed transfer is prohibited by the security agreement.

(2) If the certificate of title is an electronic certificate of title, the transferor promptly shall sign and deliver to the transferee a record evidencing the transfer of ownership to the transferee.

(3) The transferee has a right enforceable by specific performance to require the transferor comply with paragraph (1) or (2) of this subsection.

(b) The creation of a certificate of title identifying the transferee as owner of record satisfies the requirements of subsection (a) of this section.

(c) A failure to comply with subsection (a) of this section or to apply for a new certificate of title shall not render a transfer of ownership of a vessel ineffective between the parties. Except as otherwise provided in sections 18, 19, 23(a), or 24, a transfer of ownership without compliance with subsection (a) of this section is not effective against another person claiming an interest in the vessel.

(d) A transferor that complies with subsection (a) of this section is not liable as owner of the vessel for an event occurring after the transfer, regardless of whether the transferee applies for a new certificate of title.

Sec. 18. Effect of missing or incorrect information. **New § 50-1541.17**

Except as otherwise provided in D.C. Official Code § 28:9-337, a certificate of title or other record required or authorized by this act is effective even if it contains incorrect information or does not contain required information.

Sec. 19. Transfer of ownership by secured party's transfer statement. **New § 50-1541.18**

(a) In For the purposes of this section, "secured party's transfer statement" means a record signed by the secured party of record stating:

(1) That there has been a default on an obligation secured by the vessel;

(2) The secured party of record is exercising or has exercised post-default remedies with respect to the vessel;

(3) By reason of the exercise, the secured party of record has the right to transfer the ownership interest of an owner, and the name of the owner;

(4) The name and last-known mailing address of the owner of record and the secured party of record;

(5) The name of the transferee;

(6) Other information required by section 7(b); and

(7) One of the following:

(A) The certificate of title is an electronic certificate of title;

(B) The secured party does not have possession of the written certificate of title created in the name of the owner of record; or

(C) The secured party is delivering the written certificate of title to the Harbor Master with the secured party's transfer statement.

(b) Unless the Harbor Master rejects a secured party's transfer statement for a reason stated in section 8(c), not later than 20 days after delivery to the Harbor Master of the statement and payment of fees and taxes payable under the law of the District other than this act in connection with the statement or the acquisition or use of the vessel, the Harbor Master shall:

(1) Accept the statement;

(2) Amend the files of the Harbor Master to reflect the transfer; and

(3) If the name of the owner whose ownership interest is being transferred is indicated on the certificate of title:

(A) Cancel the certificate of title even if the certificate of title has not been delivered to the Harbor Master;

(B) Create a new certificate of title indicating the transferee as owner; and

(C) Deliver the new certificate of title or a record evidencing an electronic certificate of title.

(c) An application under subsection (a) of this section or the creation of a certificate of title under subsection (b) of this section is not by itself a disposition of the vessel and does not by itself relieve the secured party of its duties under Article 9 of Subtitle I of Title 28 of the D.C. Official Code.

New § 50-1541.19

Sec. 20. Transfer by operation of law.

(a) For the purpose of this section:

(1) "By operation of law" means pursuant to a law or judicial order affecting ownership of a vessel:

(A) Because of death, divorce or other family law proceeding, merger, consolidation, dissolution, or bankruptcy;

(B) Through the exercise of the rights of a lien creditor or a person having a lien created by statute or rule of law; or

(C) Through other legal process.

(2) "Transfer-by-law statement" means a record signed by a transferee stating that by operation of law the transferee has acquired or has the right to acquire an ownership interest in a vessel.

(b) A transfer-by-law statement must contain:

(1) The name and last known mailing address of the owner of record and the transferee and the other information required by section 7(b);

(2) Documentation sufficient to establish the transferee's ownership interest or right to acquire the ownership interest;

(3) A statement that:

(A) The certificate of title is an electronic certificate of title;

(B) The transferee does not have possession of the written certificate of title created in the name of the owner of record; or

(C) The transferee is delivering the written certificate of title to the Harbor Master with the transfer-by-law statement; and

(4) Except for a transfer described in subsection (a)(1)(A) of this section, evidence that notification of the transfer and the intent to file the transfer-by-law statement has been sent to all persons indicated in the files of the Harbor Master as having an interest, including a security interest, in the vessel.

(c) Unless the Harbor Master rejects a transfer-by-law statement for a reason stated in section 8(c) or because the statement does not include documentation satisfactory to the Harbor Master as to the transferee's ownership interest or right to acquire the ownership interest, not later than 20 days after delivery to the Harbor Master of the statement and payment of fees and taxes payable under the law of the District other than this act in connection with the statement or with the acquisition or use of the vessel, the Harbor Master shall:

(1) Accept the statement;

(2) Amend the files of the Harbor Master to reflect the transfer; and

(3) If the name of the owner whose ownership interest is being transferred is indicated on the certificate of title:

(A) Cancel the certificate of title even if the certificate of title has not been delivered to the Harbor Master;

(B) Create a new certificate of title indicating the transferee as owner;

(C) Indicate on the new certificate of title any security interest indicated on the canceled certificate of title, unless a court order provides otherwise; and

(D) Deliver the new certificate of title or a record evidencing an electronic certificate of title.

(d) This section shall not apply to a transfer of an interest in a vessel by a secured party under part 6 of Article 9 of Subtitle I of Title 28 of the D.C. Official Code.

New § 50-1541.20

Sec. 21. Application for transfer of ownership or termination of security interest without certificate of title.

(a) Except as otherwise provided in section 19 or 20, if the Harbor Master receives, unaccompanied by a signed certificate of title, an application for a new certificate of title that includes an indication of a transfer of ownership or a termination statement, the Harbor Master may create a new certificate of title under this section only if:

(1) All other requirements under sections 7 and 8 are met;

(2) The applicant provides an affidavit stating facts showing the applicant is entitled to a transfer of ownership or termination statement;

(3) The applicant provides the Harbor Master with satisfactory evidence that notification of the application has been sent to the owner of record and all persons indicated in the files of the Harbor Master as having an interest, including a security interest, in the vessel, at least 45 days have passed since the notification was sent, and the Harbor Master has not received an objection from any of those persons; and

(4) The applicant submits any other information required by the Harbor Master as evidence of the applicant's ownership or right to terminate the security interest, and the Harbor Master has no credible information indicating theft, fraud, or an undisclosed or unsatisfied security interest, lien, or other claim to an interest in the vessel.

(b) The Harbor Master may indicate in a certificate of title created under subsection (a) of this section that the certificate of title was created without submission of a signed certificate of title or termination statement. Unless credible information indicating theft, fraud, or an undisclosed or unsatisfied security interest, lien, or other claim to an interest in the vessel is delivered to the Harbor Master not later than one year after creation of the certificate of title, on request in a form and manner required by the Harbor Master, the Harbor Master shall remove the indication from the certificate of title.

(c) Unless the Harbor Master determines that the value of a vessel is less than $5,000, before the Harbor Master creates a certificate of title under subsection (a) of this section, the Harbor Master may require the applicant to post a bond or provide an equivalent source of indemnity or security. The bond, indemnity, or other security may not exceed twice the value of the vessel as determined by the Harbor Master. The bond, indemnity, or other security must be in a form required by the Harbor Master and provide for indemnification of any owner, purchaser, or other claimant for any expense, loss, delay, or damage, including reasonable attorney's fees and costs, but not including incidental or consequential damages, resulting from creation or amendment of the certificate of title.

(d) Unless the Harbor Master receives a claim for indemnity not later than one year after creation of a certificate of title under subsection (a) of this section, on request in a form and manner required by the Harbor Master, the Harbor Master shall release any bond, indemnity, or other security.

Sec. 22. Replacement certificate of title. **New § 50-1541.21**

(a) If a written certificate of title is lost, stolen, mutilated, destroyed, or otherwise becomes unavailable or illegible, the secured party of record or, if no secured party is indicated in the files of the Harbor Master, the owner of record may apply for and, by furnishing information satisfactory to the Harbor Master, obtain a replacement certificate of title in the name of the owner of record.

(b) An applicant for a replacement certificate of title must sign the application, and, except as otherwise permitted by the Harbor Master, the application must comply with section 7. The application must include the existing certificate of title unless the certificate of title is lost, stolen, mutilated, destroyed, or otherwise unavailable.

(c) A replacement certificate of title created by the Harbor Master must comply with section 9 and indicate on the face of the certificate of title that it is a replacement certificate of title.

(d) If a person receiving a replacement certificate of title subsequently obtains possession of the original written certificate of title, the person promptly shall destroy the original certificate of title.

Sec. 23. Rights of purchaser other than secured party. **New § 50-1541.22**

(a) A buyer in ordinary course of business has the protections afforded by D.C. Official Code §§ 28:2-403(2) and 28:9-320(a) even if an existing certificate of title was not signed and delivered to the buyer or a new certificate of title listing the buyer as owner of record was not created.

(b) Except as otherwise provided in sections 17 and 24, the rights of a purchaser of a vessel that is not a buyer in ordinary course of business or a lien creditor are governed by Subtitle I of Title 28 of the D.C. Official Code.

Sec. 24. Rights of secured party. **New § 50-1541.23**

(a) Subject to subsection (b) of this section, the effect of perfection and nonperfection of a security interest and the priority of a perfected or unperfected security interest with respect to the rights of a purchaser or creditor, including a lien creditor, is governed by Subtitle I of Title 28 of the D.C. Official Code.

(b) If, while a security interest in a vessel is perfected by any method under this act, the Harbor Master creates a certificate of title that does not indicate that the vessel is subject to the security interest or contain a statement that it may be subject to security interests not indicated on the certificate of title:

(1) A buyer of the vessel, other than a person in the business of selling or leasing vessels of that kind, takes free of the security interest if the buyer, acting in good faith and without knowledge of the security interest, gives value and receives possession of the vessel; and

(2) The security interest is subordinate to a conflicting security interest in the vessel that is perfected under section 15 after creation of the certificate of title and without the conflicting secured party's knowledge of the security interest.

Sec. 25. Duties of Harbor Master. **New § 50-1541.24**

(a) The Harbor Master shall retain the evidence used to establish the accuracy of the information in its files relating to the current ownership of a vessel and the information on the certificate of title.

(b) The Harbor Master shall retain in its files all information regarding a security interest in a vessel for at least 10 years after the Harbor Master receives a termination statement regarding the security interest. The information shall be accessible by the hull identification number for the vessel and any other methods provided by the Harbor Master.

(c) If a person submits a record to the Harbor Master, or submits information that is accepted by the Harbor Master, and requests an acknowledgment of the filing or submission, the Harbor Master shall send to the person an acknowledgment showing the hull identification number of the vessel to which the record or submission relates, the information in the filed record or submission, and the date and time the record was received or the submission accepted. A request under this section shall contain the hull identification number and be delivered by means authorized by the Harbor Master.

(d) The Harbor Master shall send or otherwise make available in a record the following information to any person that requests it and pays the applicable fee:

(1) Whether the files of the Harbor Master indicate, as of a date and time specified by the Harbor Master, but not a date earlier than 3 days before the Harbor Master received the request, any certificate of title, security interest, termination statement, or title brand that relates to a vessel:

(A) Identified by a hull identification number designated in the request;

(B) Identified by a vessel number designated in the request; or

(C) Owned by a person designated in the request;

(2) With respect to the vessel:

(A) The name and address of any owner as indicated in the files of the Harbor Master or on the certificate of title;

(B) The name and address of any secured party as indicated in the files of the Harbor Master or on the certificate of title, and the effective date of the information; and

(C) A copy of any termination statement indicated in the files of the Harbor Master and the effective date of the termination statement; and

(3) With respect to the vessel, a copy of any certificate of origin, secured party transfer statement, transfer-by-law statement under section 20, and other evidence of previous or current transfers of ownership.

(e) In responding to a request under this section, the Harbor Master may provide the requested information in any medium. On request, the Harbor Master shall send the requested information in a record that bears the seal of the Harbor Master and is attested to by an appropriate official.

Sec. 26. Rules. **New § 50-1541.25**

(a) The Mayor may promulgate rules to carry out the provisions of this act pursuant to the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1203; D.C. Official Code § 2-501 *et seq*.), and to set fees, taxes, and other charges with respect to the titling, registration, and numbering of vessels, and otherwise to amend the Harbor Regulations (Article 29 of the Police Regulations of the District of Columbia, effective April 26, 1940, as amended; 19 DCMR Chapter 10).

(b) The Mayor may promulgate the rules to take effect on or after January 1, 2016.

Sec. 27. Uniformity of application and construction. **New § 50-1541.26**

In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

Sec. 28. Relation to Electronic Signatures in Global and National Commerce Act. **New § 50-1541.27**

This act modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act, approved June 30, 2000 (114 Stat. 464; 15 U.S.C. § 7001, *et seq.*), but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. § 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. § 7003(b).

Sec. 29. Savings clause. **New § 50-1541.28**

(a) The rights, duties, and interests flowing from a transaction, certificate of title, or record relating to a vessel that was validly entered into or created before January 1, 2016, and would be subject to this act if it had been entered into or created on or after January 1, 2016, remain valid on and after January 1, 2016.

(b) This act does not affect an action or proceeding commenced before January 1, 2016.

(c) Except as otherwise provided in subsection (d) of this section, a security interest that is enforceable immediately before January 1, 2016, and would have priority over the rights of a person that becomes a lien creditor at that time is a perfected security interest under this act.

(d) A security interest perfected immediately before January 1, 2016, remains perfected until the earlier of:

(1) The time perfection would have ceased under the law under which the security interest was perfected; or

(2) Three years after January 1, 2016.

(e) This act shall not affect the priority of a security interest in a vessel if immediately before January 1, 2016, the security interest is enforceable and perfected, and that priority is established.

Soccer Stadium Development Amendment Act of 2014

BE IT ENACTED BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this act may be cited as the "Soccer Stadium Development Amendment Act of 2014".

New Chapter 16A, Title 10

TITLE I. ASSEMBLAGE OF SITE;
AUTHORITY OF MAYOR TO EXERCISE EMINENT DOMAIN.

New § 10-1651.01

Sec. 101. Definitions.

For the purposes of this title, the term "soccer stadium site" means the real property described as Squares 603S, 605, 607, 661, and 661N, and the northwest portion of Lot 24 in Square 665 as described in the letter of intent between the District and Potomac Electric Power Company dated December 27, 2013, and all public alleys and streets to be closed within these squares.

New § 10-1651.02

Sec. 102. Findings.

The Council finds that:

(1) RFK Stadium is no longer suitable as a home for D.C. United in that it was not designed to host soccer, but was designed for football and baseball, has a capacity much larger than current Major League Soccer Stadiums, is more than 50 years old, is in deteriorating condition, and is near the end of its useful life.

(2) Without the development of a new soccer stadium, it is likely that D.C. United would ultimately move to another jurisdiction where it could participate in the development of a modern, state-of-the-art, outdoor soccer stadium, which would cause the District to lose the economic and fiscal benefits associated with the team's location in the District.

(3) The development and operation of a new, state-of-the-art, LEED certified outdoor soccer stadium at Buzzard Point and the planned development on its ancillary site will increase economic activity.

(4) The stadium is proposed to be located in Buzzard Point, an underutilized industrial area that has long been targeted for redevelopment and, in anticipation of that redevelopment, has been rezoned for higher density use, but that, without a catalytic, public-sponsored project, is not likely to see significant redevelopment for a minimum of 8 years and likely longer.

(5) Developing a state-of-the-art, LEED certified outdoor soccer stadium at Buzzard Point will serve to accelerate that redevelopment as well as promote economic development in the Buzzard Point and Capitol Riverfront neighborhoods and enhance economic vitality in the District of Columbia.

(6) Improvements in the physical environment of Buzzard Point catalyzed by the soccer stadium will connect Buzzard Point to the emerging Capitol Riverfront area to create a vibrant, mixed-use neighborhood with improved pedestrian circulation and continuous public access to the water, offer new development opportunities that could promote mixed-use development and increase the inventory of affordable housing through inclusionary zoning, and provide ways to improve the environmental health of Buzzard Point.

(7) Improvements and infrastructure investments represented by the development of a new, state-of-the-art soccer stadium project at Buzzard Point will leverage other nearby District investments such as the South Capitol Street Bridge project and the parking facilities for Nationals Park and, along with the successful and planned development at the Yards and the Wharf, combine to anchor a new, mixed-use neighborhood that would reconnect residents to the waterfront, enhance the natural environment, and establish an attractive gateway to the District while improving conditions for nearby residents.

Sec. 103. Assemblage of soccer stadium site. **New § 10-1651.03**

(a)(1) The Council disapproves the exchange agreement between the District of Columbia and SW Land Holder, LLC dated May 23, 2014 (the "exchange agreement") and the amendment to the exchange agreement dated October 7, 2014.

(2) The Mayor shall acquire Squares 605, 607, and 661 and the northwest portion of Lot 24 in Square 665 as described in the letter of intent between the District and Potomac Electric Power Company ("PEPCO") dated December 27, 2013 for market value at a cost not to exceed $88.9 million; provided, that the cost may exceed $88.9 million if in an eminent domain proceeding the court determines or an appraisal conducted by the District establishes a value for one or more properties that causes the cost to exceed $88.9 million.

(b) Notwithstanding An Act Authorizing the sale of certain real estate in the District of Columbia no longer required for public purposes, approved August 5, 1939 (53 Stat. 1211; D.C. Official Code § 10-801 *et. seq.*), or other provision of law, the Council authorizes the Mayor to transfer Lot 82 in Square 559 to PEPCO in exchange for $15.8 million.

(c) The Mayor is not authorized to exchange or otherwise dispose of the Franklin D. Reeves Center, located on Lot 844 in Square 204, in conjunction with the assemblage of the soccer stadium site.

(d) The Mayor shall transmit any agreement to acquire any portion of Squares 605, 607,

or 661, or the northwest portion of Lot 24 in Square 665 as described in the letter of intent between the District and PEPCO dated December 27, 2013 to the Council no fewer than 30 days before the effective date of the agreement.

(e) The Mayor may exercise eminent domain in accordance with the procedures set forth in subchapter II of Chapter 13 of Title 16 of the District of Columbia Official Code to acquire any portion of Squares 605, 607, or 661, or the northwest portion of Lot 24 in Square 665 as described in the letter of intent between the District and PEPCO dated December 27, 2013.

Sec. 104. Amendments to ground lease and development agreement. **New § 10-1651.04**

(a)(1) The Mayor shall transmit to the Council a ground lease ("revised ground lease") that amends the ground lease between the District of Columbia and DC Stadium LLC, dated May 23, 2014 ("original ground lease"), for lease of the soccer stadium site to DC Stadium LLC no fewer than 30 days before the effective date of the revised ground lease.

(2) The revised ground lease shall:

(A) Not contain any provision to abate District sales tax; and

(B) Contain modifications to conform the terms of the original ground lease to the provisions of this act.

(b)(1) The Mayor shall transmit to the Council a development agreement ("revised development agreement") that amends the development agreement between the District of Columbia and DC Stadium LLC, dated May 23, 2014 ("original development agreement"), for the development of the soccer stadium site, not fewer than 30 days before the effective date of the revised development agreement.

(2) The revised development agreement shall:

(A) Extend the date by which the District shall acquire control of the soccer stadium site to September 30, 2015;

(C) Set a date by which DC Stadium LLC shall complete the construction of a soccer stadium at the soccer stadium site;

(D) Extend other dates as negotiated between the District and DC Stadium, LLC;

(E) Amend section 5.9 of the original development agreement to read as follows: "Land Contribution. Within 30 days of the District's acquisition of either Lot 7 or Lot 802 in Square 605, the Stadium Developer shall pay to the District, or its designee, Two Million Five Hundred Thousand Dollars ($2,500,000.00) to offset Land acquisition costs, unless the District acquires either Lot 7 or Lot 802 in Square 605 by the use of eminent domain and the

aggregate price paid by the District for Lot 7 and Lot 802 is less than $25,148,760.";

(F) Amend section 9.1(c) of the original development agreement to read as follows: "Designated Entertainment Area. The District shall grant to the Developer 'signage rights' with respect to the Land, such signage rights to be those rights described in the proposed Chapter 8 of Title 13 of the District of Columbia Municipal Regulations published in the DC Register on August 17, 2012."; and

(G) Provide that no fees, proffers, or deposits shall be borne or waived by the District pursuant to section 7.6 of the original development agreement before October 1, 2015.

(c) DC Stadium, LLC and the District shall agree to terms within the revised ground lease and revised development agreement providing that, notwithstanding any other provision of the revised ground lease or revised development agreement, DC Stadium LLC covenants and agrees:

(1) To enter into a labor peace agreement that conforms in content to the requirements set forth in section 4 of the District Hotel Development Projects Labor Peace Agreement Act of 2002, effective April 2, 2003 (D.C. Law 14-266; D.C. Official Code § 32-853), with each labor organization that requests a labor peace agreement and which represents, or reasonably might represent, food service or concession workers at the soccer stadium to be constructed at the soccer stadium site, workers in any hotel development located on the Adjacent Land (as defined in Exhibit A-2 to the original ground lease), or any group or subgroup of such workers; and

(2) To require, as a condition of any assignment, sublease, or transaction of any kind transferring, in whole or in part, any rights under the revised development agreement or the revised ground lease to any other entity, that such assignee, sublessee, transferee, or other entity:

(A) Adopt and execute any labor peace agreement entered into by DC Stadium LLC pursuant to paragraph (1) of this subsection or, to the extent that DC Stadium LLC has not entered into such a labor peace agreement with any labor organization that requests a labor peace agreement and that represents, or reasonably might represent, workers described in paragraph (1), to enter into such agreement; and

"Sec. 2. Credit allowed a domestic ceding insurer.

"(a)(1) Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a reduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of subsections (b), (c), (d), (e), (f), or (g) of this section.

"(2) Credit shall be allowed under subsections (b), (c), or (d) of this section only in respect to cessions of those kinds or classes of business that the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a United States branch of an alien assuming insurer, in the state through which it is entered and is licensed to transact insurance or reinsurance.

"(3) Credit shall be allowed under subsections (d) or (e) of this section only if the applicable requirements of subsection (h) of this section have been satisfied.

"(b) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is licensed to transact insurance or reinsurance in the District.

"(c) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited by the Commissioner of the Department of Insurance, Securities, and Banking ("Commissioner") as a reinsurer in the District. To be eligible for accreditation, a reinsurer shall:

"(1) File with the Commissioner evidence of its submission to the District's jurisdiction;

"(2) Submit to the District's authority to examine its books and records;

"(3) Be licensed to transact insurance or reinsurance in at least one state, or, in the case of a United States branch of an alien assuming insurer, entered through and licensed to transact insurance or reinsurance in at least one state;

"(4) File annually with the Commissioner a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and

"(5) Demonstrate to the satisfaction of the Commissioner that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume

reinsurance from domestic insurers. An assuming insurer is deemed to meet this requirement as of the time of its application if it maintains a surplus as regards policyholders in an amount not less than $20 million and its accreditation has not been denied by the Commissioner within 90 days after submission of its application.

"(d)(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is domiciled in, or, in the case of a United States branch of an alien assuming insurer, is entered through a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this statute, and the assuming insurer or United States branch of an alien assuming insurer:

"(A) Maintains a surplus as regards policyholders in an amount not less than $20 million; and

"(B) Submits to the authority of the District to examine its books and records.

"(2) The requirement of paragraph (1)(A) of this subsection does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system.

"(e)(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution, as defined in section 4(b), for the payment of the valid claims of its United States ceding insurers, their assigns, and successors in interest. To enable the Commissioner to determine the sufficiency of the trust fund, the assuming insurer shall report annually to the Commissioner information substantially the same as that required to be reported on the National Association of Insurance Commissioners Annual Statement form by licensed insurers. The assuming insurer shall submit to examination of its books and records by the Commissioner and bear the expense of the examination.

"(2)(A) Credit for reinsurance shall not be granted under this subsection unless the form of the trust and any amendments to the trust have been approved by the commissioner of the state where the trust is domiciled or the commissioner of another state who, pursuant to the terms of the trust instrument, has accepted principal regulatory oversight of the trust.

"(B) The form of the trust and any trust amendments shall also be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in its trustees for the benefit of the assuming insurer's United States ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the Commissioner.

"(C) The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. No later than February 28 of each year, the trustee of the trust shall report to the Commissioner in writing the balance of the trust and a listing of the trust's investments as of December 31 of the preceding year and shall certify the date of termination of the trust, if so planned, or certify that the trust will not expire before December 31 of that year.

"(3) The following requirements apply to the following categories of assuming insurer:

"(A) The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers, and, in addition, the assuming insurer shall maintain a trusteed surplus of not less than $20 million, except as provided for in subparagraph (B) of this paragraph.

"(B)(i) At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least 3 full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency.

"(ii) The minimum required trusteed surplus shall not be reduced to an amount of less than 30% of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust.

"(4)(A) In the case of a group including incorporated and individual unincorporated underwriters:

"(i) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after August 1, 1995, the trust shall consist of a trusteed account in an amount not less than the group's respective underwriters' several liabilities attributable to business ceded by United States domiciled ceding insurers to any member underwriter of the group;

"(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before July 31, 1995, and not amended or renewed after that date, notwithstanding the other provisions of this act, the trust shall consist of a trusteed account in an amount not less than the group's respective underwriters' several insurance and reinsurance liabilities attributable to business written in the United States; and

"(iii) In addition to these trusts, the group shall maintain in trust a trusteed surplus of which $100 million shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account.

"(B) The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members.

"(C) Within 90 days after its financial statements are due to be filed with the group's domiciliary regulator, the group shall provide to the Commissioner an annual

certification by the group's domiciliary regulator of the solvency of each underwriter member or, if a certification is unavailable, financial statements prepared by independent public accountants of each underwriter member of the group.

"(5) In the case of a group of incorporated underwriters under common administration, the group shall:

"(A) Have continuously transacted an insurance business outside the United States for at least 3 years immediately before making application for accreditation;

"(B) Maintain aggregate policyholders' surplus of at least $10 billion;

"(C) Maintain a trust fund in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of the group;

"(D) Maintain a joint trusteed surplus of which $100 million shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group as additional security for these liabilities; and

"(E) Within 90 days after its financial statements are due to be filed with the group's domiciliary regulator, make available to the Commissioner an annual certification of each underwriter member's solvency by the member's domiciliary regulator and financial statements of each underwriter member of the group prepared by its independent public accountant.

"(f)(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that has been certified by the Commissioner as a reinsurer in this state and secures its obligations in accordance with the requirements of this subsection.

"(2) To be eligible for certification, the assuming insurer shall meet the following requirements:

"(A) Be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the Commissioner pursuant to paragraph (4) of this subsection;

"(B) Maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the Commissioner pursuant to regulation;

"(C) Maintain financial strength ratings from 2 or more rating agencies deemed acceptable by the Commissioner pursuant to regulation;

"(D) Submit to the jurisdiction of the District, appoint the Commissioner as its agent for service of process in the District, and agree to provide security for 100% of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

"(E) Meet all applicable information filing requirements as determined by the Commissioner, both with respect to an initial application for certification and on an ongoing basis; and

"(F) Satisfy any other requirements for certification considered relevant by the Commissioner.

"(3) An association, including incorporated and individual unincorporated underwriters, may be a certified reinsurer. To be eligible for certification, in addition to satisfying requirements of paragraph (2) of this subsection:

"(A) The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the Commissioner to provide adequate protection;

"(B) The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

"(C) Within 90 days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the Commissioner an annual certification by the association's domiciliary regulator of the solvency of each underwriter member or, if a certification is unavailable, financial statements prepared by independent public accountants of each underwriter member of the association.

"(4)(A) The Commissioner shall create and publish a list of qualified jurisdictions under which an assuming insurer licensed and domiciled in such jurisdiction shall be eligible to be considered for certification by the Commissioner as a certified reinsurer.

"(B)(i) To determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the Commissioner shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction must agree to share information and cooperate with the Commissioner with respect to all certified reinsurers domiciled within that jurisdiction.

"(ii) A jurisdiction may not be recognized as a qualified jurisdiction if the Commissioner has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered at the discretion of the Commissioner.

"(C)(i) A list of qualified jurisdictions shall be published through the National Association of Insurance Commissioners Committee Process. The Commissioner shall consider this list in determining qualified jurisdictions.

"(ii) If the Commissioner approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the Commissioner shall provide thoroughly documented justification in accordance with criteria to be developed under regulations.

"(D) United States jurisdictions that meet the requirement for accreditation under the National Association of Insurance Commissioners financial standards and accreditation program shall be recognized as qualified jurisdictions.

"(E) If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the Commissioner has the discretion to suspend the reinsurer's certification indefinitely, in lieu of revocation.

"(5) The Commissioner shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the Commissioner pursuant to regulation. The Commissioner shall publish a list of all certified reinsurers and their ratings.

"(6)(A) A certified reinsurer shall secure obligations assumed from United States ceding insurers under this subsection at a level consistent with its rating, as specified in regulations promulgated by the Commissioner.

"(B) For a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the Commissioner and consistent with the provisions of section 3, or in a multi-beneficiary trust in accordance with subsection (e) of this section, except as otherwise provided in this subsection.

"(C) If a certified reinsurer maintains a trust to fully secure its obligations subject to subsection (e) of this section and chooses to secure its obligations incurred as a certified reinsurer in the form of a multi-beneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other United States jurisdictions and for its obligations, subject to subsection (e) of this section. It shall be a condition to the grant of certification under this subsection that the certified reinsurer shall have bound itself, by the language of the trust and agreement with the commissioner with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust, any deficiency of any other such trust account.

"(D) The minimum trusteed surplus requirements provided in subsection (e) of this section are not applicable with respect to a multi-beneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this subsection, except that such trust shall maintain a minimum trusteed surplus of $10 million.

"(E) With respect to obligations incurred by a certified reinsurer under this subsection, if the security is insufficient, the Commissioner shall reduce the allowable credit by an amount proportionate to the deficiency. The Commissioner has the discretion to impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

"(F)(i) For the purposes of this subsection, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure 100% of its obligations.

"(ii) For the purposes of this subsection, the term "terminated" refers to revocation, suspension, voluntary surrender, and inactive status.

"(iii) If the Commissioner continues to assign a higher rating as permitted by other provisions of this section, this requirement shall not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

"(7) If an applicant for certification has been certified as a reinsurer in a National Association of Insurance Commissioners accredited jurisdiction, the Commissioner has the discretion to defer to that jurisdiction's certification and has the discretion to defer to the rating assigned by that jurisdiction, and such assuming insurer shall be considered to be a certified reinsurer in this state.

"(8)(A) A certified reinsurer that ceases to assume new business in the District may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business.

"(B) An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection.

"(C) The Commissioner shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

"~~(~~g) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subsections (b), (c), (d), (e), or (f) of this section, but only as to the insurance of risks located in jurisdictions where the reinsurance is required by applicable law or regulation of that jurisdiction.

"~~(~~h)(1) If the assuming insurer is not licensed, accredited, or certified to transact insurance or reinsurance in this state, the credit permitted by subsections (c) and (d) of this section shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

"(A) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, comply with all requirements necessary to give the court jurisdiction, and abide by the final decision of the court or of any appellate court in the event of an appeal; and

"(B) To designate the Commissioner or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding company insurer.

"(2) This subsection is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes if this obligation is created in the agreement.

"(i) If the assuming insurer does not meet the requirements of subsections (b), (c), or (d) of this subsection, the credit permitted by subsection (e) or (f) of this section shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

"(1) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (e)(3) of this section, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceeding under the laws of its state or country of

domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund.

"(2) The assets shall be distributed by and claims shall be filed with and valued by the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies.

"(3) If the commissioner with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement.

"(4) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this provision.

"(j)(1) If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the Commissioner may suspend or revoke the reinsurer's accreditation or certification.

"(2) The Commissioner shall give the reinsurer notice and opportunity for a hearing. The suspension or revocation shall not take effect until after the Commissioner's order on a hearing, unless:

"(A) The reinsurer waives its right to a hearing;

"(B) The Commissioner's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subsection (f)(7) of this section; or

"(C) The Commissioner finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the Commissioner's action.

"(3)(A) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with section 3.

"(B) If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with subsection (f)(6) of this section or section 3.

"(k)(1) A ceding insurer shall take steps to manage its reinsurance recoverables proportionate to its own book of business. A domestic ceding insurer shall notify the Commissioner within 30 days after reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, that exceeds 50% of the domestic ceding insurer's last reported surplus to policyholders, or after it is determined that reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit.

The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

"(2) A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the Commissioner within 30 days after ceding to any single assuming insurer, or group of affiliated assuming insurers, more than 20% of the ceding insurer's gross written premium in the prior calendar year, or after it has determined that the reinsurance ceded to any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.".

SUBTITLE P. UNITED MEDICAL CENTER TRANSFORMATION INITIATIVE

Sec. 5151. Short title.

This subtitle may be cited as the "United Medical Center Transformation Initiative Second Congressional Review Emergency Act of 2014".

Sec. 5152. Findings and policy.

(a) It is the policy of the District government that there shall be an enduring, full-service hospital east of the Anacostia River. To effect this policy, the government is committed to improving the United Medical Center ("UMC") with the expectation that its improved financial condition (i.e., solvency) will enable eventual divestiture of UMC from District ownership and management.

(b) The government recognizes and supports the proposition that maintaining full hospital service may likely entail more than renovation of the current facility on Southern Avenue, S.E.

(c) Substantial funding has been made available to UMC in the Capital Improvement Plan accompanying the Fiscal Year 2015 budget. Although most of these dollars are strategic investment in facilities, equipment, and information technology, the Council would be supportive of utilizing these dollars toward a viable proposal, which may involve a public-private partnership, to construct a new hospital facility rather than renovation of the existing facility.

(d) The Council affirmatively approved a contract in 2012 with Huron Consulting Group ("Huron") in part to improve the operations of UMC and to assist with the divestiture of UMC from District ownership and management. Huron is urged to solicit bidders for ownership and management without constraint as to a particular business model or financing structure other than to obtain an offer that is both in the best interest of the District government and the policy to maintain an enduring, full-service hospital east of the Anacostia River.

(e) The Executive is urged to move forward expeditiously with improving UMC operations and soliciting proposals for private sector takeover of the ownership and management of the United Medical Center.

Rent Control Hardship Petition Limitation Congressional Review Emergency Amendment Act of 2014

BE IT ENACTED BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this act may be cited as the "Rent Control Hardship Petition Limitation Congressional Review Emergency Amendment Act of 2014".

Sec. 2. The Rental Housing Act of 1985, effective July 17, 1985 (D.C. Law 6-10; D.C. Official Code § 42-3500 *et seq.*), is amended as follows:

Note, § 42-3502.06

(a) Section 206(c) (D.C. Official Code § 42-3502.06(c)) is amended to read as follows:

"(c)(1) At the housing provider's election, instead of any adjustment authorized by subsection (b) of this section, the rent charged for an accommodation may be adjusted through a hardship petition under section 212. The petition shall be clearly identified as an election instead of the general adjustments authorized by subsection (b) of this section. The Rent Administrator shall accord an expedited review process for these petitions and shall issue and publish a final decision within 90 days after the petition has been filed.

"(2) In the case of any petition filed under this subsection as to which a final decision has not been rendered by the Rent Administrator at the end of 90 days from the date of filing of the petition and as to which the housing provider is not in default in complying with any information request made under section 216, the rent charged adjustment requested in the petition may be conditionally implemented by the housing provider at the end of the 90-day period; provided, that the conditional rent increase for an affected unit shall not exceed 5% of the rent charged.

"(3) A conditional rent charged adjustment shall be subject to subsequent modification by the final decision of the Rent Administrator on the petition. If a hearing has been held on the petition, the Rent Administrator shall, by order served upon the parties at least 10 days before the expiration of the 90 days, make a provisional finding as to the rent charged adjustment justified by the order, if any. Except to the extent modified by this section, the adjustment procedures of section 216 shall apply to any adjustment.

"(4) If the Rent Administrator denies the requested rent increase or approves a rent increase that is less than the amount of the conditional rent increase charged by the housing

provider, the housing provider shall refund to the tenant within 21 calendar days of the Rent Administrator's order any rent paid in excess of the amount approved by the Rent Administrator, except that the tenant may elect within 14 calendar days of the Rent Administrator's order to apply the amount of the refund as a credit against future rental payments.".

Note, § 42-3502.12

(b) Section 212(c) (D.C. Official Code § 42-3502.12(c)) is amended to read as follows:

"(c)(1) At the housing provider's election, instead of any adjustment authorized by section 206(b), the rent charged for an accommodation may be adjusted through a hardship petition under this section. The petition shall be clearly identified as an election instead of the general adjustments authorized by section 206(b). The Rent Administrator shall accord an expedited review process for these petitions and shall issue and publish a final decision within 90 days after the petition has been filed.

"(2) In the case of any petition filed under this subsection as to which a final decision has not been rendered by the Rent Administrator at the end of 90 days from the date of filing of the petition and as to which the housing provider is not in default in complying with any information request made under section 216, the rent charged adjustment requested in the petition may be conditionally implemented by the housing provider at the end of the 90-day period; provided, that the conditional rent increase for an affected unit shall not exceed 5% of the rent charged.

"(3) A conditional rent charged adjustment shall be subject to subsequent modification by the final decision of the Rent Administrator on the petition. If a hearing has been held on the petition, the Rent Administrator shall, by order served upon the parties at least 10 days before the expiration of the 90 days, make a provisional finding as to the rent charged adjustment justified by the order, if any. Except to the extent modified by this section, the adjustment procedures of section 216 shall apply to any adjustment.

"(4) If the Rent Administrator denies the requested rent increase or approves a rent increase that is less than the amount of the conditional rent increase charged by the housing provider, the housing provider shall refund to the tenant within 21 calendar days of the Rent Administrator's order any rent paid in excess of the amount approved by the Rent Administrator, except that the tenant may elect within 14 calendar days of the Rent Administrator's order to apply the amount of the refund as a credit against future rental payments.".

BE IT ENACTED BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this act may be cited as the "Lots 36, 41, and 802 in Square 3942 and Parcels 0143/107 and 0143/110 Eminent Domain Authorization Emergency Act of 2014".

Sec. 2. Findings.

The Council finds that:

(1) The District of Columbia Water and Sewer Authority ("DC Water") currently operates a site south of N Place, S.E., north of the Anacostia River and between 1st and Canal Streets, S.E. ("DC Water Site").

(2) Pursuant to the Anacostia Waterfront Framework Plan, the District of Columbia plans to dispose of and develop a portion of the DC Water Site so as to leverage other large-scale District investments in the Capitol Riverfront/Near Southeast neighborhood, such as the South Capitol Street Bridge project and Nationals Park, thereby serving to accelerate and promote economic vitality as well as enhance economic development in the District of Columbia.

(3) For the planned disposition and development to proceed, it is necessary for DC Water to relocate the functions currently at the DC Water Site.

(4) The District of Columbia and DC Water have entered into a Memorandum of Understanding for DC Water to relocate a portion of the uses from the DC Water Site to a site in Prince Georges County, Maryland.

(5) The District desires to relocate the current DC Water Site uses not being relocated to the Prince Georges County site, including customer care and sewer service operations, to Lots 36, 41, and 802 in Square 3942 and Parcels 0143/107 and 0143/110 ("W Street Site").

(6) The W Street Site is currently occupied by a private trash transfer station.

(7) The trash transfer station is a blighting factor in Brentwood and its surrounding communities.

(8) Residents of Brentwood and the surrounding communities have concerns regarding the noxious fumes that emanate from the trash transfer station and pervasive vermin

and have complained that there is an increased incidence of health concerns.
