In 2012, DPR implemented an EEO Sexual Harassment policy that is followed by the Agency to prevent, investigate, correct, and remediate claims of sexual harassment. The policy and training is presented to all new DPR employees and seasonal employees when on-boarded at DPR. All other employees participate in training through available online trainings from OHR and DCHR. If a claim is made, all investigations are lead through the EEO Counselor process with the help of the Office of General Counsel and the Office of Human Resources collaboratively with management.

In December 2017, DPR came under a new Mayor's Order providing for additional remedies to prevent sexual harassment. We have implemented the process under the Order which calls for naming a Sexual Harassment Officer to perform investigations, sexual harassment prevention signage, an online training requirement for all DC Government employees, and in-person training requirements for managers.

DPR received one sexual harassment complaint in April FY17. The DPR manager advised the employee to contact an EEO counselor and OHR, provided the EEO policy, and looked into the matter to take corrective actions. These allegations were investigated, but there were no findings. To date, in FY18, DPR has received one allegation that is currently under investigation.

**14. How does the agency solicit feedback from customers? Please describe.**

DPR obtains customer feedback in a variety of ways, for example: community meetings; social media (twitter, Facebook, etc.); email; phone calls; in-person interactions at DPR facilities; customer service surveys; program surveys; and community surveys regarding capital projects.

▪ **What is the nature of comments received? Please describe.**

DPR receives a wide variety of customer feedback. For example, DPR received an 88.8 percent satisfaction rating through customer service surveys for FY2017. Specific comments are generally related to: maintenance requests; trash pick-up requests; questions about facility hours of operation; and general feedback about DPR programs.

▪ **How has the agency changed its practices as a result of such feedback?**

The comments received from customers are shared with DPR managers in order to address any issues or concerns that might affect a guest's experience at a specific location or program. For example, in FY18, DPR started a pilot for increased hours of fitness centers in the morning based on customer feedback in FY17. Additionally, positive feedback is also shared so that staff can be recognized for their performance. Finally, the feedback is also used to improve marketing and outreach, depending on the preferred method of communication by each demographic.

#### **D. PROGRAM-SPECIFIC QUESTIONS**

##### *I. Personnel and Customer Service*

- 37. In FY 2017, DPR distributed a new Customer Service Handbook to DPR employees and started providing training on the Handbook. How many DPR employees have been trained on this new Handbook, and does DPR have any metrics indicating that DPR customer service has improved in FY 2017 and FY 2018, to date?**

All of DPR's employees were trained on the agency's Customer Service standards in FY 2017. DPR provided multiple trainings in FY 17, including:

- DPR's All-Hands Conference;
- Staff trainings; and
- Manager trainings.

In FY18, DPR has an initiative to expand DPR employees' knowledge on customer service by organizing and administering new trainings on emotional intelligence, cultural sensitivity, LGBTQ sensitivity, and language access.

It should be noted that as part of the agency's efforts to improve customer service, a new customer service survey was developed and implemented in FY 2017. As a result, DPR is unable to compare customer service scores from prior fiscal years. In FY 2018, DPR is carefully monitoring the agency's customer service scores compared to the FY 2017 baseline, which was initiated mid-fiscal year.

- 38. Given the significant effort DPR made in FY 2016 and FY 2017 to reclassify FTEs to correct their Schedule A position listings, does DPR foresee further significant reclassifications in the upcoming budget cycle?**

In FY 2016 and FY 2017, DPR made several hundred corrections to the agency's Schedule A to correct various position listings. This was a significant undertaking. Moving forward, DPR anticipates some additional reclassifications, but not as many as FY 2016. In the upcoming budget cycle, for example, the majority of these reclassifications will be the result of management decisions.

- 39. Does DPR give preference to DCPS school leagues or teams for the use of their facilities, especially when the league/team's normal facilities are closed for renovations or construction?**

DPR is committed to assist DCPS school leagues and teams to provide use at recreational facilities and amenities. As part of DPR's permits regulations, DPR has a prioritization protocol to determine which organizations have higher priority for available space during site planning and open permit registration windows. This includes:

1. DPR-sponsored activities
2. DPR Partners with written agreement
3. DCPS/Charter School Programs
4. Youth Non-profit Organizations with over 75% of participants residing in the District
5. Adult Non-profit Organizations with over 75% of participants residing in the District
6. Other organizations, groups, or individuals for private use that are based in the District

After the registration window closes for a season, available space is reserved on a first come, first serve basis.

## *II. Facilities*

- 40. In FY 2017 and FY 2018 to date, how many times have DPR facilities, including swimming pools, opened late or closed? Please break down by facility and provide the length of each delay and why it occurred.**

Please see Attachments:

"Question 40 – FY17 & FY18 DPR Recreation and Aquatic Center Disruptions"

- **Has the Office for Labor Relations and Collective Bargaining finalized a new collective bargaining agreement to help decrease the number of delayed openings and closures, as recommended by the Committee in its FY 2017 and FY 2018 Budget Reports?**

The Office of Labor Relations and Collective Bargaining (OLRCB) is leading negotiations for a new collective bargaining agreement. At this time, a new agreement has not been finalized.

- **Has DPR changed its maintenance schedule so that indoor pools are closed for maintenance in the summer, rather than the winter, so that teams and residents can use the outdoor pools when their normal pools are closed?**

The maintenance schedules are created in partnership with the Department of General Services (DGS) to best meet repair and fiscal timelines before the entire seasonal inventory comes online. Historical facility utilization rates, program enrollment, and attendance are factored into closure timing as well. At this time, DPR and DGS have not changed the maintenance schedule for indoor pools.

**41. What progress did DPR make in FY 2017 in preparing necessary updates to DPR's Master Facility Plan? When will the updated Plan be completed?**

In FY 2017 and FY 2018 to date, DPR has begun preparing the groundwork to update DPR's Master Plan, including the following:

- Hire a new Community Planner;
- Recruiting a second Community Planner & Capital City Fellow;
- Engaged in citywide planning initiatives that would be incorporated in DPR's Master Plan, such as Sustainable DC 2.0, Resilient DC, the Anacostia Waterfront Initiative Framework, the Cultural Plan, and Comprehensive Plan;
- Partner with the Office of Planning (OP) on a Small Parks Strategy for the District;
- Initiate preparations for a comprehensive assessment of DPR's inventory and a new needs assessment; and
- Review OP's demographic trends and projections for the District.

DPR plans to begin the formal update process of the Master Plan beginning in FY 2019.

**42. Please provide a list of the outstanding maintenance requests for all DPR facilities, including the date each request was submitted.**

Please see Attachments:

“Question 42 - Salesforce DPR Open Work Orders by Site”

“Question 42 - Salesforce DPR Open Work Orders by Age”

43. **At the FY 2016 DPR Oversight hearing and subsequent meetings, Director Anderson told the Committee that DPR would provide a cost estimate for opening one recreation center in each Ward on Sundays. Unfortunately, the Committee has yet to receive the information. Please provide the overall cost estimate, as well as an explanation of the costs, below.**

The staffing cost to operate one recreation center in each ward from 10 AM – 4 PM will be approximately \$29,744 per month. However, during our analysis of implementing Sunday hours, DPR experienced concerns with offering staff two (2) consecutive days off, which is a major concern for the Union. The logistics of this change to DPR operations is complicated by this issue, and goes beyond a financial analysis to include but not limited to adherence to the current CBA, staffing levels, etc.

As a result, and in the spirit of working towards the goal of expanding access, DPR began looking at providing access to fitness centers in the early morning and expanding hours in the evenings during the summer at select recreation centers in target PSAs. DPR is piloting both of these initiatives this year. For example, DPR started to open three (3) fitness centers at 6am beginning on February 5, 2018. The fitness centers included: Deanwood, Takoma, and Turkey Thicket.

### *III. Policies and Programming*

44. **Please provide a list of DPR programming and attendance in FY 2017 broken down by ward, facility, gender, and age group.**

Please see Attachment "Question 44 – DPR FY17 Programs"

- **What progress has DPR made in developing 2-year site plans for each facility?**

One primary aspect of the two-year site plans is aligning staff skills and abilities to community desired programs. DPR has piloted this new approach at two (2) recreation centers to better serve seniors and school age youth. DPR will be expanding this pilot as staffing patterns allow. Additionally, implementing the new management structure will add additional Recreation Managers to aid in the success of this initiative.

- **How does DPR identify gaps in programming at different DPR facilities?**

DPR uses data from a needs assessment, community meetings, and inquiries from the public to understand community programmatic needs. Based on that information, DPR will work to identify resources to see if those programs can be offered.

- **What are the reasons that DPR would cancel or discontinue programming at a DPR facility? Please provide a list of programs that have been discontinued in**

**FY 2017 and FY 2018, to date, and provide the reason each program was discontinued.**

Classes or programs are generally cancelled for low registration and/or attendance. DPR will review the enrollment rates during each registration cycle and cancel programs if an appropriate registration threshold has not been met.

Please see Attachment “Question 44 – FY2017 & FY2018 To Date Cancelled Programs”

- **What new programming ideas have emerged from the Teen Town Halls and other outreach to teens that DPR has conducted in FY 2017 and FY 2018, to date? Have these new programs led to a rise in teen participation in DPR programming?**

Through community engagement with teens, DPR has experienced an increase in teen participation in DPR programming and DPR has gathered a significant amount of feedback from teens about the agency's recreational programming and activities. From this feedback, DPR has started planning and implementing the following:

- Video game tournaments at new tech lounges;
- Creation of E-Sports teams at new tech lounges;
- Youth Development Workshops (tools for Life's Journey), which is a partnership with the US Attorney's Office, the DCISB, and DC Pregnancy prevention to provide workshops on a variety of essential teen based topics, such as, but not limited to, internet and computer safety, bullying, understanding legal rights, marijuana laws, teen domestic violence, and financial awareness; and
- LGBTQ Teen Nights, which is a partnership with the Mayor's Office of LGBTQ Affairs to offer a series of quarterly fun nights based on themes picked by the teens.

**45. How does DPR enforce the nutrition standards and food marketing requirements set forth in the “Department of Parks and Recreation Fee-based Use Permit Authority Amendment Act of 2012”?**

Through the Summer Meals Program and Afterschool Meals Program administered by the Capital Area Food Bank, DPR follows required nutrition requirements as set forth by the "Department of Parks and Recreation Fee-based Use Permit Authority Amendment Act of 2012." For example, nutritional standards are incorporated in the food-vendor contract for the Summer Meals Program.

- 46. Please describe improvements made to DPR's online database of programming in FY 2017 and FY 2018, to date. Can residents now see the availability of DPR's amenities in real-time?**

In FY 2017, DPR implemented its new recreation management and permits system, RecTrac. This new system allows residents to view available programs and spaces (i.e. gymnasiums, multipurpose rooms, etc.) in real time (with the exception of any spaces that may be subject to a seasonal permitting window). Following the closing of a seasonal permitting window, permits availability can be viewed in real time and are available on a first-come, first-serve basis based on availability.

- 47. Please provide an update on DPR's Greenhouse Cooperative. Where are the greenhouses funded through this program located and how many are operational? How many residents are participating in programming at each location?**

DPR currently has two fully functional greenhouses at the Theodore Hagans Recreation Center and the second location at the Arboretum Recreation Center. The agency is currently working on renovating two additional greenhouses located at the Twin Oaks Community Garden and the Lederer Youth Garden.

At the Theodore Hagans Recreation Center, DPR has five non-profits or approximately five residents growing produce and flowers at this greenhouse. At the Arboretum Recreation Center, DPR currently has one non-profit, but expects to grow with the Arboretum intergenerational garden club, which has approximately 20 participants. In exchange for participation, DPR requires each non-profit to donate some seedlings and free classes to the local youth and senior gardening programs.

- 48. On September 13, 2017, Councilmember Cheh sent a letter to DPR Director Keith Anderson recommending that DPR work with the National Park Service (NPS) to develop a streamlined system for transferring underutilized NPS small parks to the District so that they can be better maintained and fully used as community resources. Has DPR explored this recommendation and what progress has been made, if any?**

Currently, there are two bills in Congress, HR 2897 and S 1956, that would clarify the District's ability to enter into a Cooperative Management Agreements (CMAs) with the National Park Service, which are NPS' preferred mechanism for allowing the District to manage and maintain NPS parcels. While there would not be full transfer of jurisdiction, this would clarify the District's ability to spend capital and operating dollars on the design, construction and maintenance of these parcels, including small parks.

DPR Engages with NPS regularly and there is an interest in further conversations to pursue shared maintenance agreements of small parks. DPR will also be looking at the network of NPS small parks as part of its Master Plan, and has had conversations with groups such as Biophilic DC about creating biophilic corridors across DPR and NPS green spaces. DPR staff has also attended NACE Partnership Summits and has had conversations with NPS about partnering on the community engagement around the long term planning for Anacostia

Central. Further discussion of which particular NPS small park parcels would make sense to come under District management would take place once the ability of the District to enter into CMAs is clarified in law.

The House bill has passed and been referred to the Senate.

Additionally, DPR has continued to work regularly with the Office of Planning and District Department of Transportation on the District's Small Parks Strategy to develop potential strategic plans, designs, themes, and uses for the District's inventory of small parks. For example, DPR can utilize the model it used to revitalize the small park at Petworth into a meditation garden.

**49. Has the Senior Programming Specialist at Chevy Chase Community Center been hired? Will this position focus exclusively on Senior Programming?**

Yes, the Senior Programming Specialist has been hired. She is currently focused on expanding the Senior Fit and Wellness Classes at Chevy Chase, creating a designated senior suite for seniors inside of the Community Center, organizing field experiences for the spring, beginning with the Senior Lifestyle Expo on March 1, and designing new cultural arts programming for spring and summer.

**50. Given the lack of a Senior Center in Wards 2, 3, and 4 west of Rock Creek, what efforts has DPR made to make senior programming available to seniors in these parts of the District?**

DPR has taken the following steps to enhance senior programming in targeted areas:

- Hired a dedicated staff member for senior programming at Chevy Chase Community Center (please see response to Question 49);
- Building new senior lounges at Stead Recreation Center (Ward 2) and Palisades Recreation Center (Ward 3);
- Continued senior activities at Guy Mason, such as social luncheons, book clubs, holiday special events, etc.;
- Created a Senior programming survey to collect data on what seniors would like to see at the recreation centers that they frequent the most;
- Revamped the Senior Programming Selection Menu to give staff an innovative and equitable list of programmatic offerings to include suggestions from the Senior programming survey; and
- Created a planning tool for City Wide or Regional Senior Events, to ensure seniors have transportation and access to events and a variety of senior related resources and guidance to meet their recreational and/or personal needs.

*IV. Health and Environment*

**51. How is DPR promoting and growing the community gardens program? How many new community gardens did DPR open in FY 2017?**

DPR did not open any new gardens in FY 2017. However, the Marvin Gaye Community Garden and the Kelly Miller Urban Farm were completed in late 2017 and will be open to the public in 2018.

DPR is utilizing diverse outreach strategies to promote and grow community garden programs, including:

- Creating a Local Artist Project to contact young, influential artists to create flyer designs for our program schedules; and
  - Partnering with new community partners with unique and loyal relationships with relatively “hard-to-reach” audiences – particularly one of our weakest demographics of intergenerational, senior, youth and new adult groups.
- 
- **Does DPR work with DGS to identify District-owned properties that would be suitable sites for community gardens?**

Yes, DPR is working closely with DGS on the DC Urban Farming and Food Security Act’s land leasing initiative to identify government owned land to lease to for-profit farms. DPR and DGS have identified DPR sites and are working to release an RFP this spring to find potential farmers. Program regulations are currently under development and will need to be reviewed. This process should be finalized in the coming months.

**52. How has DPR expanded the urban beekeeping program in FY 2017? How many new beekeeping locations have been established and how many residents have been able to participate in the program, compared to FY 2016?**

Currently, DPR has seven (7) sites and 18 beekeepers participating in the beekeeping program, which is an increase of five (5) beekeepers from FY2016. The agency is assessing potential locations for expansion of the program.

**53. How many residents participated in the Community Compost Cooperative Network in FY 2017? How many composting sites were established in FY 2017 and what is the total number of sites? Approximately how much organic waste did the program divert from the solid waste stream in FY 2017?**

DPR has 45 operational compost cooperative sites with approximately 1,000 participants. The program diverts approximately 22 tons of organic waste (mixture of carbon and food scraps) a month and approximately 264 tons in FY17.

DPR has recently expanded to another 11 sites and is working to activate these locations.

- **Does DPR coordinate with DPW to send some of the leaves being collected by DPW to community composting sites?**

DPR has begun preliminary conversations with DPW to discuss the feasibility of this effort.

**54. How many meals did DPR serve in FY 2017 as part of the Summer Food Service Program? How does that compare with the number of meals served in FY 2016, FY 2015, and FY 2014? How many sites did DPR sponsor as part of the program?**

In FY17, DPR served DPR 438,092 meals as part of the Summer Food Service Program and sponsored a total of 176 sites. Below is the number of meals served for the previous three (3) years:

- FY16: 530,160 meals
- FY15: 719,422 meals
- FY14: 813,602 meals

▪ **How does DPR work with its food vendor to ensure that the food tastes good and is of high quality? Does DPR do any child satisfaction surveys related to the food served through the Summer Food Service Program?**

DPR usually works closely with the food vendor to set-up food tastings of the proposed summer menu prior to the start of the program. The attendees are the DPR staff and the OSSE Program Coordinator in order to confirm the menu items are USDA approved menu selections. In FY 2018, DPR does intend to solicit feedback on the quality and taste from this year's participants.

▪ **What challenges do children face in accessing the Summer Food Service Program, and how could DPR's program be improved to reach more children?**

DPR works closely with OSSE to reduce potential challenges and is dedicated to improving standards and participation by:

1. Providing more variety of food options. In FY 2017, the menu was modified to improve food quality and respond to customer feedback. Some food options are heavily relied on. For example, cereal, specifically "Cheerios", appeared daily. However, there is evidence that children preferred yogurt and muffins, which were only offered once a week. DPR was encouraged to learn one of the most popular food options provided as a pilot in FY 2017 was the healthy salad. Based on this feedback, DPR will continue this meal option in FY 2018.
2. Increase awareness. In FY 2018, DPR will work diligently to increase awareness among the targeted youth through an improved marketing strategy.
3. Additional Staff Support. In addition, staff can also assist with encouraging children to eat different fruits and vegetables which are provided in the menu of the day. Some children are often not exposed to these types of food at home and although offered the healthy food options through the Summer Meals Program, they may not elect to eat them unless encouraged to do so.

**55. How many children and meals were served at DPR facilities in FY 2017 as part of the At-Risk Afterschool Meals Program? How many DPR locations participate in the program?**

DPR works with Child Care Resources and the Capital Area Food Bank to offer after school meals at 19 DPR locations. Both organizations are sponsors with the At-Risk Afterschool Meals Program. In FY 2017, a total of 60,292 meals were served by these organizations.

- **Of the meals served through this Program, how many are hot meals and how many are ready-to-eat snacks (i.e. granola bars)?**

There were a total of 40,882 hot meals served through the At-Risk Afterschool Program, provided by the Capital Area Food Bank. The meals were served on Tuesday and Thursday, and consisted of a menu variety, two (2) out of five (5) days per week. Approximately 68 percent of the meals are hot meals, and the remainders are cold meals, which consist of sandwiches and wraps.

In addition, DPR served 16,642 shelf stable snacks, which were provided by Child Care Resources.

- **How many children participate in afterschool programs at DPR facilities and do not receive meals through the At-Risk Afterschool Meals Program?**

DPR has one hundred twenty-four (124) After School Programs operating at thirty-six (36) sites for FY 2017 that qualify for afterschool meals, and a total of 1,536 children participate in these programs. Of these, 19 DPR sites receive afterschool meals. Therefore, there are currently 17 sites that do not receive meals out of the 36 sites that offer After School Programs.

In addition to these sites receiving meals, an additional four (4) sites receive snacks through this program, administered by Childcare Resources.

**56. The Healthy Parks Amendment Act of 2018, introduced on February 6, 2018, proposes several expansions to DPR programming. Please provide separate spending plans for implementing the following provisions of the bill:**

- **Offering supper meals through the At-Risk Afterschool Meals Program at all eligible DPR facilities to children in DPR afterschool programs and other eligible children;**
- **Creating a mobile meal truck pilot to distribute meals as part of the Summer Food Service Program.**

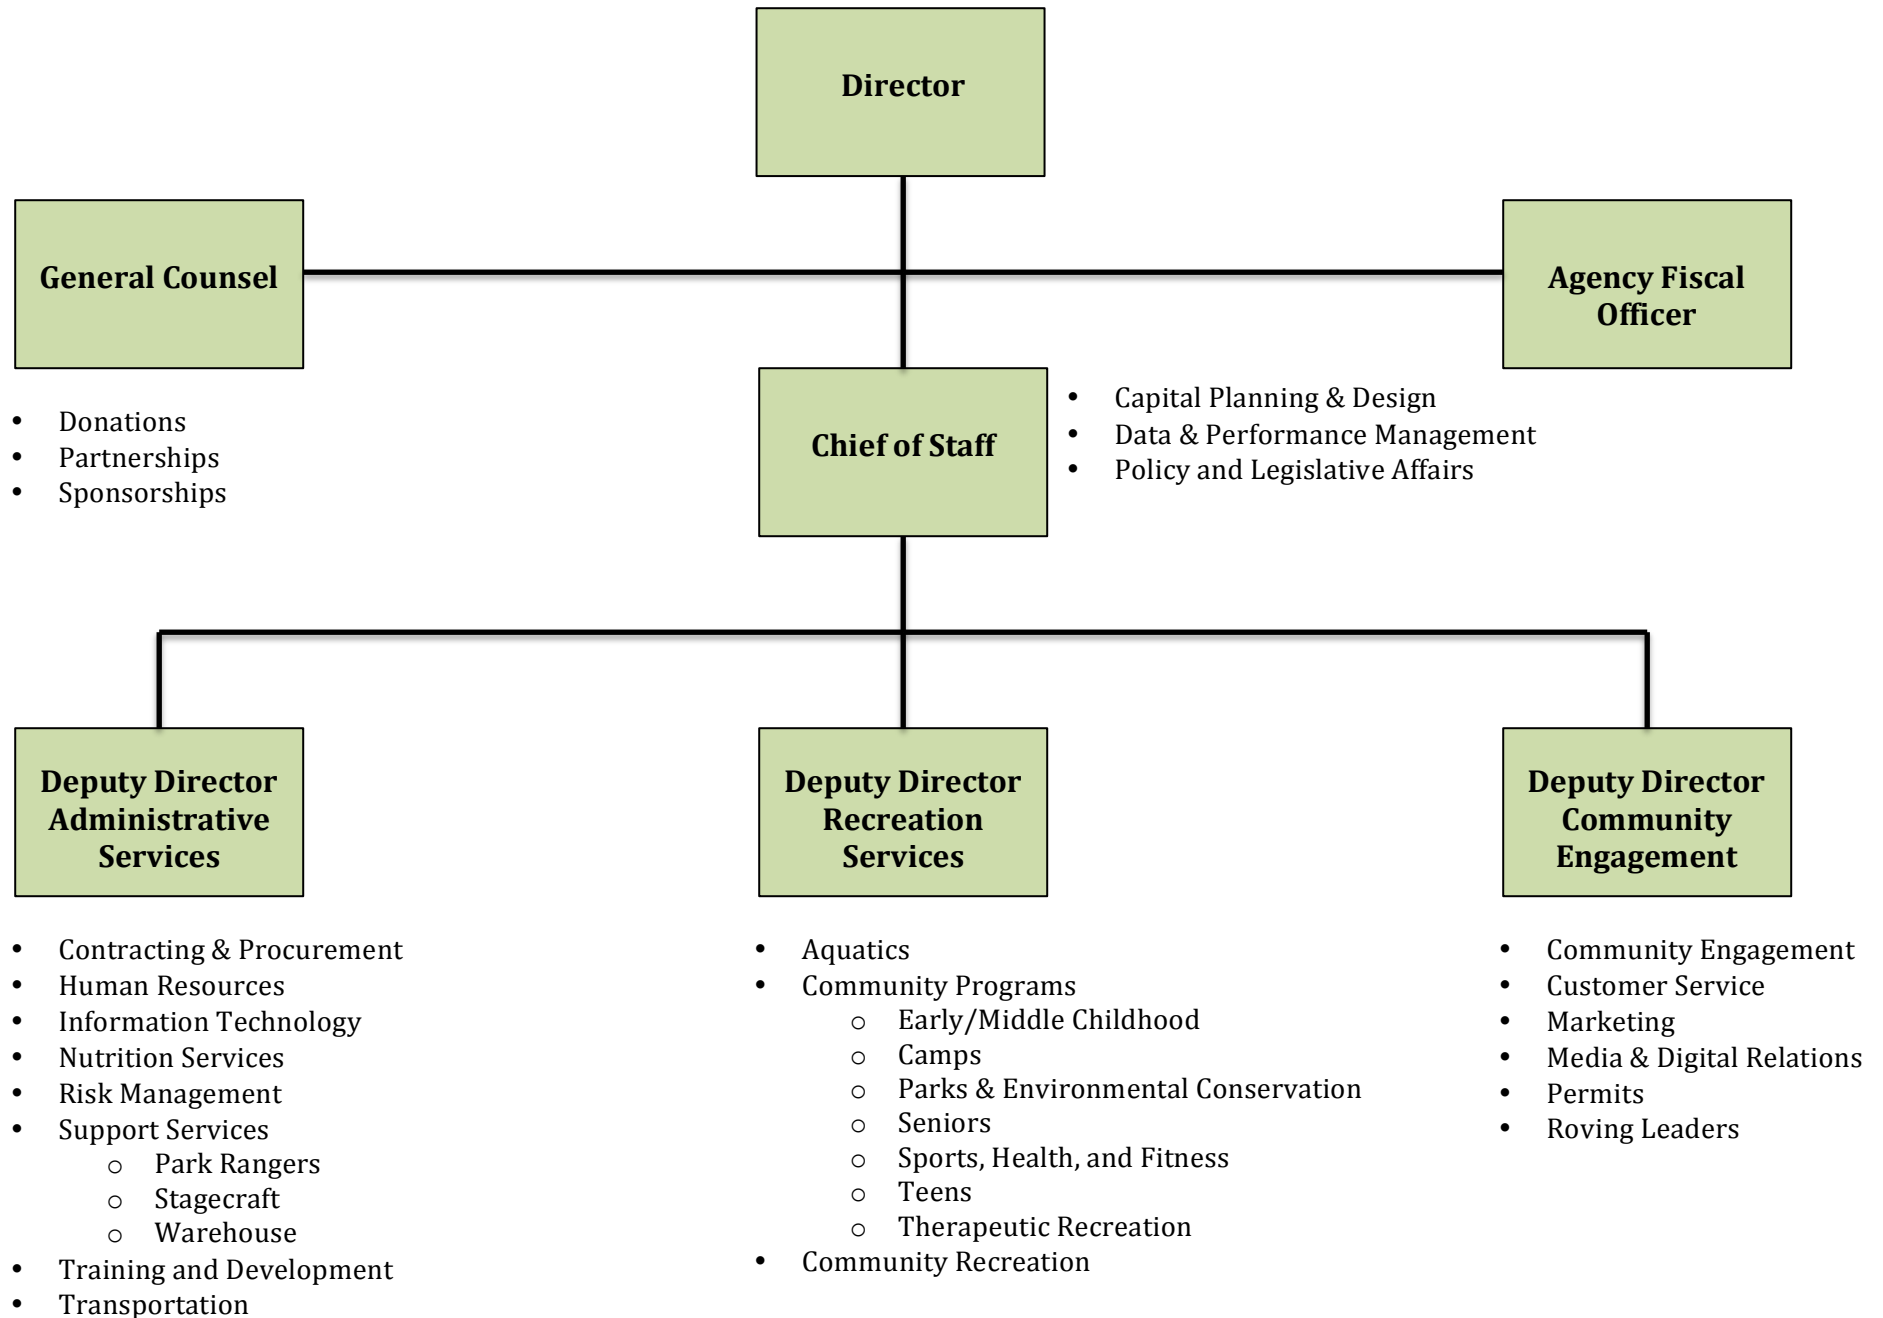

DPR is currently in the process of reviewing the legislation with other agency partners, such as OSSE and DPW. A cost estimate could not be prepared in time for this response. We look forward to providing the Executive's views on this legislation once all parties have had a chance to review.

- 57. Has the DPR Partnerships Office followed up on next steps outlined at the November 2017 meeting with this Committee regarding sunscreen dispensers at DPR facilities, as it indicated it would at the meeting?**

In November 2017, DPR began conversations with Impact Melanoma about opportunities to sponsor sunscreen and the possibility of working with the National Parks and Recreation Association to implement the initiative. The conversations are currently ongoing.
