Specialized Personnel & Physical Resources (Description Provided by Program)
The school provides individualized instruction and instructional materials. The instruction employs a diversity of material and techniques. Student evaluation is ongoing. Student to teacher ratio is 3:1. Students are supported in their learning and educational functioning by the service staff from speech/language, occupational therapy, art therapy, clinical psychology, counseling and the Behavior Center. The school has a transition and vocational education program designed to provide students with job sampling and work experience that
School serves students with language-based learning disabilities in grades 5-12.
Co-educational special education day school that offers programs for elementary, middle, and high school students pursuing a diploma or a certificate of completion. The curriculum offerings include the core subjects along with enhanced curriculum where they employ an integrated curriculum with experience-based learning opportunities, brain-based teaching strategies, and character education. Clinical services include individual and group therapy, occupational therapy, speech/language therapy, psychiatric evaluations and consultation
The school is state certified and offers a full curriculum. Students receive a wide variety of treatment modalities that incorporate family involvement.
The school is a 365-day per year non-graded residential program and non-graded 12 month day program. Classroom and community-based instruction are provided to students on an individual and/or small group basis. There is a minimum staff-pupil ratio of 1:2. Instructional areas include communication, self-care, and daily living, functional academics, fine and gross motor skills, socialization skills, recreation and occupational guidance and preparation. Each student has an individualized schedule for programming in school and in the residence (if applicable). A primary goal of the school is to integrate students into the community and facilitate functional instructional programs and activities to assist students in meeting annual goals. Students are also provided opportunities to experience vocational training. Students in residential program reside in townhouses, apartments, or single- family homes with a maximum of 3 students in home.
Program offers invaluable care for non-adjudicated male and female youth who are between the ages of 12 and 19. Students who benefit most from this program meet diagnostic criteria for a mental health condition, possess an IQ of 40 and above, have a history of trauma, display behavioral concerns, present with educational deficits, and grapple with unresolved grief or substance abuse concerns.

Students are assigned to classrooms based on age and functioning level. These groupings are co-educational. The educational and vocational curricula are individualized for each student's educational/vocational strengths and needs. IEP goals generally address development of functional academic skills, communication skills, pre-vocational skills, vocational skills, and social-emotional skills. Goals are developed through an assessment process that includes both educational and functional behavior assessment. IEP may also include individualized positive behavior support plans. Classroom activities are supplemented by campus-based activities, and service learning projects, Students have the opportunity to participate in a various extra-curricular activities, such as Special Olympics, student council, cheerleading, and chorus. Class size is small (8 or less students) and run by a certified special education teacher. Teachers are supported in their work by special education supervisors, a school psychologist, and a school behavior analyst. Students may also receive speech therapy, occupational therapy, or physical therapy if on their IEP.
Motivational Interviewing, Trauma Focused Cognitive Behavior Therapy, Dialectical Behavior Therapy, Structured after-school activity groups, (music groups, fitness /exercise groups, team sports, cheer/ dance)
School provides a stimulating educational environment for children and youth while they receive mental health treatment. Classroom instruction is designed to take into account how children learn and provide for many different styles of learning.
Treatment philosophy utilizes a trauma informed, student centered approach that includes family support and involvement within a therapeutic milieu.
School provides residential, clinical, medical and special education in supportive environments for students lacking skills necessary for relationships and experience high levels of anxiety. Social skill development is emphasized and practiced each day in all domains. The treatment philosophy emphasized is Positive Behavior Interventions and Support (PBIS), which is seen as an effective behavioral change process that is widely employed throughout the program. The recovery focused treatment environment is based on cognitive behavioral approaches and focuses on ways to address a variety of complex emotional and behavioral difficulties.
School serves high functioning Autism, Asperger's, anxiety disorders, school phobia, and PTSD through the use of positive behavioral interventions and supports, token economy, executive functioning training and Equine Assisted Learning/Therapy.

Individual and small group instruction is provided in a safe nurturing setting. Research based strategies, speech/language, occupational therapies, special reading programs, expressive therapies & positive behavior support systems are provided along with weekly parent counseling, daily telephone calls to parents to consult with the school/staff psychiatrist. School also holds teacher/parent meetings and consults with other family support groups. Play therapy, behavior modification, cognitive, psychosocial, family system therapies, group therapy, individual and group psychotherapies, PBIS are employed to support students' emotional and social development. School also provides other academic support tools, therapeutic recreation, medication management, and music workshops.
School provides educational and therapeutic services to children and adolescents with autism, pervasive developmental disorder, and developmental delays in one or more areas.
School provides a full continuum of educational services and therapeutic supports to meet the academic and emotional needs of each student. Students we serve are on target to complete their high school diploma. Students can also receive a Certificate of Attendance. School curriculum includes all subjects required by the state and local school systems, and a specialized Career Research and Development Program of Study. Instructional strategies are used to meet the standard of the Common Core State Standards and prepare student for the P ARCC assessments. The comprehensive psycho- educational day program includes educational, psychiatric, psychological, social, and medication evaluations and management. Individualized educational and clinical programs are designed to meet the diverse needs of students and include drug and alcohol education, prevention, and counseling. Case
School serves students with emotional and behavioral disabilities and autism spectrum disorders. Therapeutic Community Program employs a group therapy model to serve students in grades 1-12. Positive peer pressure and problem solving groups help students cope with emotional struggles and behavioral issues to find success in the classroom. The program uses ABA and other behavioral approaches along with integrated speech/language and occupational therapies as needed.

Trauma-informed therapy, music therapy, animal assisted therapy
School is the only residential treatment center (RTC) in the state of Virginia that has earned the Sanctuary certification for trauma informed residential care. The school provides multidisciplinary care for some of the most challenging at risk children/adolescents and their families who have experienced traumatic events and losses in their lives that have caused them to act out and/or be unsafe. Specific program tracks include: Treatment for Sexually Acting out Youth (TSAY), Treatment for Exploited Children (TEC- sex trafficking), and Substance Abuse (as a secondary diagnosis). The program serves youth who have experienced a traumatic event and/or recurrent ongoing trauma (abuse, neglect, exploitation, gang involvement, witness to violence, etc.) and have begun to act out in ways that may make them unsafe in a less secure setting. Clinical program is structured on a client-centered, family-focused approach using a strength-based, trauma informed model of care. Using this technique in a structured environment with definitive guidelines helps our residents and their families focus on changing inappropriate behavior so that they may achieve their goals.
School offers hope and healing for youth ages 5 to 18 at the time of admission with several psychiatric diagnoses and/or developmental disabilities. School also provides intensive, residential treatment to youth in a comfortable setting that is conducive to healing. Our facility specializes in treating children and adolescents with depression, bipolar, ADHD, and other mental health issues. We even have specific treatment programs for those with intellectual disabilities or those with self-injurious behavior.
Dog therapy, individual pacing and instruction method
Specialized Academic interventions are provided to students with significant reading, math, and writing deficits. Research-based methodologies are provided by teachers trained in Orton-Gillingham programs including Wilson, LIPS, and Language! Behavior, social-emotional, and social skills interventions are provided by social workers and counselors. A multi-level system consisting of positive supports through individual as well as group therapy are

provided. Related services consisting of Speech & Language, Counseling, Social Work, and Occupational Therapy are provided in accordance with the IEP. Pull-out and in-class services are provided. Transition services include in-house training opportunities (culinary, in-school businesses) as well as out of the building job placement opportunities. Career research and development occurs at all grade levels. Programming for students on the Autism spectrum include a greater focus on life skills training and social skills development. High functioning student are provided with enhanced SLP services focusing on pragmatic language and comprehension.
Program is individualized due to the diagnostic category of residents.
School integrates academic, social, and pragmatic skills in a low student/teacher ratio classroom environment. The school's Multiple Learning Needs Program provides therapeutic, academic, social and pragmatic skills, and incorporates general education curriculum and social skills so that students master their individual academic, life skills and social/emotional goals. The post-high school program is a community focused, life skills program that prepares students ages 18-22 for successful transition from school to employment and adult life. Students work at community job sites to acquire pragmatic employability skills. The autism program employs a highly structured teaching environment including the use of evidenced based practices and ABA. The proactive generalization program ensures that student progress transfers to all settings. The model Asperger program provides a dynamic, rigorous and experiential program that integrates social learning into all aspects of the academic program. Social skills, executive functioning, flexible thinking and self-regulation are incorporated.
School provides services to students diagnosed moderate to severe language and learning disabilities and/or mild to moderate autism, through a multi-disciplinary team approach. Pre-school program uses a developmental model and blends social interactive play, experiential learning activities and language lessons with an intense emphasis on communication, interaction, and problem solving. Lower/middle school and high school programs are diploma based and provide instruction through the Common Core Curriculum in all academic subjects as well as the strategies needed for academic, social and post-graduation success. The STRIDE (grades K-5) and EXCEL (grades 9-12) programs are transitional programs designed for students who require more intensive support in regulation, perspective-taking, engagement, group process, and social interactions.
School offers academic programming that follows the core curriculum, functional academics, transition services in the classroom and the community, job training and life skills programming, individual and group therapy, and family supports.

School serves students from 9th through 21 yrs. Career and technology education provided as well as community-based instruction and internships are provided. Students are served in one of two Professional Learning Communities. PBIS employed. Lower and middle school (K-8). Special education services and related services including OT, PT, MH, AT & SLP. Students are served in one of 4 professional learning communities specialized to meet specific, disability related needs
School educates students with a range of learning differences and ADHD in a comprehensive, supportive Pre-K-12 Program. They provide differentiated instruction and individualized, related services to meet the needs of a diverse population and ensure that parents and families are partners in the students' educational life. School also offers an extended-year option for high school student.
School serves students with average to superior intelligence with language-based learning disabilities in an environment of inquiry and hands-on exploration. Students are taught to advocate for themselves to become engaged and compassionate members of a global society. Content is presented using multi-sensory experiential teaching and arts based activities through a rigorous instructional model. Teachers develop an individual plan for every student, differentiate instruction in all content areas and focus on remediating academic deficits while building critical thinking and analytical skills. Elementary and
Vision of school is to embrace lifelong learning through innovation, accountability, and an unwavering commitment to service excellence. All will be treated with respect, in a safe environment that is conducive to learning. We will assess students' academic performance, engage through active learning, instruct through differentiated instruction and generalize skills, for successful transition. Each student is provided with psychiatric services, nursing care, crisis stabilization, individual, group and family therapy, functional behavioral assessments, behavior supports, and ABA.
School provides research based educational, vocational and behavioral services to students in need of a highly structured individualized learning environment. Curriculum and instruction are designed to help each student master grade appropriate academic, vocational, and social skills through a variety of traditional and researched based innovative approaches (Cognitive Behavioral Training, Parent Management Training, ABA and milieu therapy).

Early Childhood - Integrated preschool and kindergarten program that includes both students with visual impairments and their typical peers. Integrated OT, PT, and speech therapies along with social workers, psychologists, and specialists teachers. Expanded Academic Program - Academic 1st-12th grade program for students with visual impairments with and without additional disabilities. Integrated OT, PT, and speech therapies along with counselors, psychologists and specialists teachers. Functional Academic Program - 1st -21 program for students whose program includes modified academic content and pre-vocational skills. Integrated OT, PT, and speech therapies along with counselors, psychologists and specialists teachers. SOLAR Program - 1st - 21 program for students with visual impairments and social, language, and behavioral needs. Integrated OT, PT, and speech therapies along with counselors, psychologists and specialists teachers. LIFE Program - 1st -21 program for students with visual impairments, cognitive impairments, and frequently physical and medical disabilities. Integrated OT, PT, and speech therapies along with counselors, psychologists and specialists teachers.
Millcreek offers educational programing for children with special needs and is accredited as an educational component of the Psychiatric Residential Treatment Facility by the State Department of Education. The school stresses the importance of the individual belief that each student must be recognized as unique. A special course of instruction is prescribed in a stimulating environment designed to develop the whole child to his or her fullest potential, intellectually, socially, emotionally, and physically.
Monroe is committed to fostering academic excellence in students challenged by learning difficulties. The school's program is designed to assist junior and senior high school students with mild to moderate learning needs who are experiencing inconsistencies between their academic achievement and intellectual abilities in one or more academic areas, such as reading, writing, oral expression, math. School also serves students with attention-deficit hyperactivity disorder (inattentive type), other health impairment, multiple disabilities, or students just in need of a small milieu. School offers students a diploma-based, college preparatory program with courses, activities, and technical skills that will prepare them for transition to college or the work world. The school promotes an alliance among students, parents, faculty, and community organizations to produce self-sufficient, lifelong learners. Academic support also includes vocational coursework and training and reading and math resource. Students receive the following related and clinical services: clinical counseling, independent evaluations, speech-language therapy and evaluation, occupational and physical therapy and crisis management. Monroe School's transitional services provide students with community-based internships and jobs, post-secondary resources/support, career and college preparation and transition training.

Day special education and related services program. A special education teacher and an instructional assistant staff every classroom with no more than 9 students in each classroom. The school also employs 5 vocational education teachers, a music teacher, nurse, Director of Clinical and Related Services, vocational coordinator, a speech and language therapist, occupational therapist, 3 social workers, and a counselor. Each student is provided individualized instructional programming and related services based on their IEP. The school offers 5 vocational programs including automotive, culinary arts, building maintenance, horticulture, and barbering.
School offers vocational programs, behavior support, and therapeutic counseling.
School offers a 12-month comprehensive program with integrated education (academic and vocational) and treatment (clinical and behavioral management) into a unified process that enhances learning and prevents more restrictive or residential care. Core academic courses are offered in English/language arts, social studies, mathematics, science, technology education and career development. The school has a career services training center to provide individualized competency based programs that integrate vocational and academic education. Pre-Career Specialties include graphic communication, computer science, automotive mechanics, and construction methods. Related services include individual and group psychotherapy, family therapy, case management, psychological assessment, speech and language services and occupational therapy.
School is offered weekly all year round. All core classes are offered in addition to music, art, Spanish, PE/health, and occupational studies. Teachers are trained in their modalities MDT and PMT. Individual programming is offered for all patients based on individual needs. Family support services, family training, and educational meetings are offered to engage families.
Schools provide students with individualized, integrated academic, therapeutic, & transition services aligned to the Maryland and DC standards. Intensive academic preparation for transition to high school & post-secondary education are provided. There is also an emphasis on school-to-work transition.
School provides individualized support in self-contained classes to help students access a

standard or functional curriculum. Community activities, related services, and traditional academic courses are provided. The school also uses a behavioral approach to help students achieve academic, emotional and behavioral improvement. Traditional courses grades 3-12, career preparation, counseling and related services provided.

Individualized weekly clinical therapy is provided for all students using cognitive-behavioral therapy, play therapy, and trauma-based approaches. Students receive speech/language and occupational therapy services based on the IEP. Weekly group therapy focuses on 5 skill-based modules: mindfulness, emotion regulation, distress tolerance, social skills, and self-esteem. Students also receive group art therapy weekly. Therapeutic program provides a highly structured and consistent environment. Staff are trained in proactive crisis prevention and intervention using the CPI model as well as understanding the impact of trauma and attachment disruptions. A multidisciplinary approach is used to provide education services that are aligned with the Common Core Standards and the treatment of children with emotional disabilities.

School leads students towards academic achievements while building healthy relationship within a therapeutic environment. Respect and compassion guide them as they partner with the students to help them build on and lead with their individual strengths. School serves grades 6 through 12 full day Special Education day school students, partial day Special Education students grades 6 through 12, General Education students who participate in treatment at the residential treatment center grades 6 through 12, and a Continuation of Public School Program for Elementary (grades 6 through 8) and Secondary (grades 9 through 12). The only diagnoses or behavioral characteristics that would exclude an adolescent from consideration are those who demonstrate severe psychosis. Discharge services are provided to our students/residents. School policies prohibit discrimination on the basis of race, color, national origin, sex, creed, religion, or sexual orientation. Students in grades 9 through 12 receive instruction in content areas needed to meet graduation requirements to obtain a high school diploma or certificate of completion. Students in grades 6 through 8 are given instruction in all academic areas. The curriculum documents used for instruction have been adopted from the Maryland College and Career Readiness Standards as well as various local school systems. All classes are mixed grades. Special education and regular education students are educated by teachers who meet state certification requirements. Teacher is assigned to each class for a ratio of 1 to 6. An aide will be present in the classroom if the class size exceeds six in order that the ratio is 2 to 9 with an overall average class size of 6 students.

Related services are provided, by individuals who meet state licensure requirements, individually or in mixed groups as necessary and appropriate per each student's IEP. The related services provided are: individual and group counseling, speech/language therapy, and occupational therapy. The staff includes: President of Behavioral Health, Vice President of Operations, Director of Education/Principal, Asst. Director of Education/Asst. Principal, Administrative Assistant/ Registrar, Occupational Therapist (contractual), Speech & Language Pathologist (contractual), Therapist, Teachers, Teacher Aides, Behavior Specialist (vacant), and Behavioral Support personnel. The residential treatment center offers therapeutic

The school offers a community-based learning environment where students engage in traditional academics in the classroom and also utilize the community as a learning tool through volunteerism and school-based instruction that is supplemented with learning activities conducted in the community. Students are provided with related services as outlined by their IEPs. While servicing other disability categories, the school primarily serves students on the autism spectrum. In addition, students participate in the Mayor's Summer
The Village Academy of MD (VAMD) is a Therapeutic day school for students identified with special education needs. In addition to the education services, the school provide Career and Technical Education Training (CTE). School is committed to providing the highest quality of therapeutic academic programs, for students identified with disabilities, that enable them to obtain a high school diploma and job readiness training in an emotionally nurturing and safe environment that honors and values each student's assets. The education program consists of a highly structured learning environment that integrates academics, career training, behavior management and clinical services as well as providing access to extra-curricular activities and athletics.
Strength Based Treatment Plan, CBT, DBT, Narrative Therapy

The school's programs are staffed by certified special education teachers who are supported by a large, in-depth resource of professional related service providers (e.g., occupational therapists, speech therapists, physical therapists, clinicians, nurses) to meet the educational, emotional, behavioral, and medical needs of our students. Educational goals and objectives are defined through the Individualized Education Program (IEP) process. The school's approach to education is person-centered and focuses on each student's strengths, interests, abilities, aptitudes, learning needs, and educational levels. The school offers a12 month, extended school year, special education program for students with IEP. The program embraces an open door policy for parents while at the same time ensures a secure physical environment with small class sizes that allow for the use of evidence-based teaching strategies and configurations of self-contained or departmentalized instruction. The class sizes and student/teacher ratios allow for the majority of faculty and staff to personally know each student in our schools and therefore are an asset to the student's learning process; it also promotes active supervision of students throughout the school day.

Instructional time is highly structured throughout the school day. Instruction is differentiated to meet student needs and ranges from focusing on grade level academic skills through high school, primary academic skills (reading, writing and arithmetic), and/or functional community/life skills (e.g., money use, survival skills, and, if appropriate, basic self-help skills). In addition, students are afforded opportunities to participate in adapted physical education, music, art, sensory room, school library, and the cooking program. Progress report cards are written and distributed 5 times per year. There is frequent, ongoing collaboration among team members, including parents, about how students are doing in school, which allows for modifying instruction and goals as needed.

Positive behavior support (PBS), assistive technology, psychological support, and access to nursing and medical care are part of each student's education as deemed necessary by the IEP team. All education staff, including PBS team members, receives initial and annual training to work safely and effectively with all students in creating and maintaining a safe and therapeutic learning environment. Additionally, many students have an individual behavior

YFT's state and regionally accredited secondary school provides at risk children a stable, supportive educational environment. While most of our students live on campus, day school students are welcome as well.

OSSE FY17 POH Q91C RESPONSE - LIST OF ALL OTHER INSTITUTIONS THAT RECEIVE NONPUBLIC FUNDING

The following are nonpublic schools that do not have a COA but receive funding from OSSE's nonpublic tuition. That inlcudes, but is not limited to: HOD placements, CFSA placements, DYRS placements, other agency placements, and LEA placements where OSSE has had to identify a nonpublic school for a student outside of the COA list due to COA nonpublic school ability to serve specific disabilities.

Title	Oversight 2017 Q91 Attachment- Students in Non-Public Schools
Table of Contents	Data Notes: Details of data file 2017_Q91D_by_school: Students in non-public schools by attending school 2017_Q91D_by_LEA: Students in non-public schools by responsible LEA 2017_Q91D_by_age: Students in non-public schools by age 2017_Q91D_by_disability: Students in non-public schools by primary disability
Data Source	This Oversight Hearing question utilizes Child Count as of 10/5/2016.
Data Notes	To protect privacy, OSSE has suppressed information and reported ranges when publishing the information could potentially identify individual students. • N<5, 10, 25, etc. indicates that the number could be any number less than the stated value. • DS indicates that the data are suppressed because publishing the number would permit the calculation of suppressed data. • NA indicates that data are unavailable for reasons that include the school, LEA, or subgroup did not exist or the data were not provided by the LEA. • <5% or >95% indicates that the value could be any percentage less than 5% or greater than 95%. This Oversight Hearing question utilizes the finalized SY1617 Child Count data. Data is limited to students who were enrolled as of Oct. 5, 2016, which is different than how the data was presented in the previous year. LEA Code and LEA Name are not included in the school level sheet. This is an exception to the formatting specifications because multiple different LEAs can send students to a given non-public school.

Question 95 Attachment – HELC Commissioner Bios

Mary E. Dilworth

Mary E. Dilworth is a nationally recognized expert on education research, policy and program development. She is best known for her work in teaching, teacher education, and teachers' professional development and has received special recognition for her accomplishments in the areas of teacher and learner diversity and equity issues. Dr. Dilworth is editor of an upcoming book focusing on millennial teachers of color and serves as an advisor to a range of non-profit education organizations and institutions. She recently completed work as a co-principal investigator for a National Science Foundation (NSF-DR12) project designed to recruit, prepare, license and employ middle and high school science teachers from under-represented groups. In 2012-2013 she served as a visiting professor and director of the Center for Urban Education at the University of the District of Columbia and prior to this worked as vice president for research and higher education at the National Board for Professional Teaching Standards. Before joining the Board she was senior vice-president of the American Association of Colleges for Teacher Education (AACTE).

Prior to joining the staff of AACTE, Mary E. Dilworth was affiliated with Howard University in Washington, D.C. She was a research fellow with the University's Institute for the Study of Educational Policy (ISEP) and subsequently the coordinator of education and training for Howard University Hospital. While at ISEP, Dilworth wrote the book Teachers' Totter: a Report on Teacher Certification Issues widely recognized as heightening the national discourse on the disparate impact of licensing tests on under-represented groups. Earlier in her career, Dilworth worked for a national advisory council on education professional development, and a Washington, D.C. based research consulting firm, where she managed research and professional development projects with federal agencies and the District of Columbia Schools (DCPS). She taught second and six grades in DCPS while pursuing a Master's degree.

She has written, edited and contributed to scores of scholarly books, articles, policy and research reports and essays. Her recent contributions include: a 2014 NEA report, Time for a Change: Diversity in Teaching Revisited; a chapter in the 2013 International Guide to Student Achievement; an entry in James A. Banks' Encyclopedia of Diversity in Education (i2012); the 2012 article, Historically Black Colleges and Universities in Teacher Education Reform in the Journal of Negro Education, and guest editor with Michael Knapp of the summer 2010 issue of the journal, Theory into Practice.

Dilworth holds and has held a number of elected and appointed positions on boards and commissions including: the American Educational Research Association (AERA); the Educational Testing Service (ETS); the National Education Association (NEA); the American Federation of Teachers (AFT) and the Ford Foundation. She has been an invited lecturer at a variety of institutions e.g., International Forum on Teacher Education – Shanghai PRC, Texas A&M University and the University of Wisconsin. Throughout her career, Mary E. Dilworth has received a number of honors and awards for community service including Frito-Lay and the National Council of Negro Women's Black Women Who Make It Happen award. Dilworth received her BA degree in elementary education, and MA degree in student personnel administration in higher education from Howard University and a doctorate from Catholic

University of America in higher education administration. administration in higher education from Howard University and a doctorate from Catholic University of America in higher education administration.

John M. Cross
Vice Chair, Higher Education Licensure Commission

John M. Cross was appointed by Mayor Muriel Bowser of Washington, D.C. to the Higher Education Licensure Commission in 2015 to a three year term. His interests on the Commission have centered on the financial and academic viability of the post-secondary schools that it regulates. He became vice chair in 2016.

Mr. Cross has over 47 years' experience in government and government affairs, business management, corporate relations, and news media, with nearly 40 of those years spent in Washington. His wide experience includes service as president of three businesses, four years as a TV reporter, several additional years in print and audio journalism, and positions with public interest organizations, as well as government. He focused on management issues affecting business for several years including business development and human resource issues.

Throughout his life, government has continued to be at the center of his interests. It began with several years at *BusinessWeek,* reporting in its Washington bureau, then continued as professional staff with the US Senate's Small Business Committee and President Carter's White House Conference on Small Business.

He was vice president for corporate communications for a housing subsidiary of GE Capital, based in Alexandria, where he was involved in issue-related government relations as part of his overall position in charge of internal and external communications. For several years he was in charge of the subsidiary's minority development programs.

He was president of an Australian business information company's American subsidiary where he produced *Business Essentials* audio magazines with particular emphasis on management and government issues. He also managed his own communications firm for several years with a variety of clients.

During the early 1980s in Pittsburgh, he was an on-camera reporter for business news at WPXI-TV. He also was a news anchor for Pittsburgh's WTKN-AM news and free-lanced for KTVU-TV Salt Lake City.

DC Habitat for Humanity named him vice president of its board of directors during the 1992 Jimmy Carter Work Project that constructed homes on Benning Road SE. He was also active as a volunteer for over 15 years with the Servicemember's Legal Defense Network ending the military's "Don't Ask, Don't Tell" policy.

He earned a bachelor's degree in history and a master's degree in Chinese studies from Brown University. Following that, at Columbia University, he studied journalism, receiving a master's of science. He has lectured and served as an advisor at Carnegie Mellon University and the University of Pittsburgh. He lectured on government relations and journalism at Columbia and the University of North Carolina, Chapel Hill. Mr. Cross' primary education began in his native UK. He graduated from Barrington, Rhode Island, High School. He was naturalized a US citizen in 1974.

JoAnne Deborah Joyner, PhD, RN, PHMCNS-BC
Adjunct Professor
Behavioral Health and Health Care Ethics Consultant

Dr. JoAnne D. Joyner is an adjunct professior at Trinity Washington University in the School of Nursing and Health Professions. Prior to this position, Dr. Joyner served as Director and Associate Professor in Schools of Nursing at the University of the District of Columbia (UDC) and Bowie State University. She also served as a *Buckley Visiting Scholar* at Adelphi University, School of Nursing in Garden City, New York. Before her retirement from the Washington, DC, Veterans Affairs Medical Center, Dr. Joyner functioned as as the Director of Nursing for Behavioral Health Services. She is certified as an Advanced Practice Nurse in Adult Psychiatric and Mental Health Nursing by the American Nurses Credentialling Center.

Dr. Joyner's career was greatly enhanced by her professional experiences at the William A. White Building at St. Elizabeths Hospital - a major brance for mental health research by the National Institutes of Mental Health at that time. In addition, she became an experienced nurse ethicist with certifications in Intensive and Advanced Bioethics from Georgetown University and the Veterans Health Administration. She was chair of the Washington, DC VAMC Ethics Advisory Committee for five years and functioned as a nurse ethicist at the VA's National Center for Ethics in Health Care.

Dr. Joyner is a graduate of the Washington Hospital Center School of Nursing and received her Bachelorate from what is now Washington Adventist University in Takoma Park, Maryland. In addition, she received a Master of Science in Nursing, a Doctor of Nursing Science and a Doctor of Philosophy degree from The Catholic University of America.

Dr. Joyner served as the chairperson of the Board of Nursing for the District of Columbia from 2005 - 2008. Her most recent research activity involved functioning as co-investigator and co-author of a study funded by the National Council of State Boards of Nursing which described the utilization of unlicensed assistive personnel in acute care setting. She currently serves on the Committee for Impaired Nurses for the Board of Nursing of the District of Columbia and was appointed to the Higher Education Licensure Commission of the District of Columbia in August 2014. She continues to provide education and consultation in the areas of behavioral health and health care ethics.

Dr. Joyner lives in Washington, DC with her husband of 32 years; she enjoys live theater, travel, listening to the blues and jazz and preparing gourmet meals for family and friends.

Biographical Summary for Janette Hoston Harris
Historian for Washington, DC

Dr. Harris was the first City Historian for the District of Columbia. She was appointed by Mayor Marion Barry in 1998 and has served Mayor Fenty, Williams, Gray and Bowser of Washington, DC. She is Founder and President of the Washington, DC Hall of Fame Society, a former consultant on the Carter G. Woodson Historical Home which is administered by the National Park Service. She was appointed by the current Mayor, Vincent C. Gray as a Commissioner on the African- American Affairs Commission and Historian-In-Residence. She was appointed by Mayor Bowser to serve as a Commissioner on the Marion Barry Commission and the Commissioner on African American Affairs.

As a member of Alpha Kappa Alpha Sorority, she was appointed as Chairwoman of the North Atlantic Regional Centennial Committee and has served for eight years as the Sorority's first Regional Historian.

Dr. Harris' professional career included a professorship of African American, Black Women and the District of Columbia histories at the University of the District of Columbia from which she retired after twenty years. She taught at Bowie State University, Bowie, MD as an Adjunct Professor for six years. She has served on the Selection Board-Senior Foreign Service, U.S. Department of State for five years.

Dr. Harris' educational career included being an honorary graduate of Southern University and Central State University with a BA in Psychology. She earned a MA and Ph.D. from Howard University in African American and United States histories. She is a former Commissioner on the Mary McLeod Bethune Council House which is under the federal government, Department of Interior and also formerly served on the Martin Luther King, Jr. Commission.

She served under DC Mayor Sharon Pratt Kelly's administration as Director of Council Affairs in the Office of Intergovernmental Relations. She was also appointed State Director of Education for the City and as a member of the Historic Preservation Review Board.

A prominent historian and writer, Dr. Harris was elected as National President of the Association for the Study of Afro-American Life and History (ASALH) and was the first female historian to serve. She is the biographer of Dr. Charles Harris Wesley, former President of Central State University. She has lectured and published in several journals and books.

An attorney by profession, an educator by choice

Mrs. Cheryl Steplight received a Juris Doctorate from Georgetown University Law Center (1992) and a Bachelor of Science in Economics from Hampton University (1988). After several years in solo practice and eight years as a trademark attorney with the US Patent & Trademark Office, she left the practice of law altogether to homeschool her children. This was one of the highlights of her life.

It was during this time that, in addition to working as a trademark consultant, Cheryl began freelance writing. She's a published author whose works appear in both books and magazines. She's also done ghost writing, business writing, and editing.

Cheryl stepped further into entrepreneurship when she combined her loves of knitting, teaching, and writing. She opened a brick and mortar yarn shop on Capitol Hill called The Knitting Loft. This provided her with on-the-job training in every aspect of owning and running a small business.

After closing her shop, Cheryl has come full circle. She has returned to academia. Noticing a gap when students transition from middle to high school and from high school to college, she developed a study skills course. It includes note taking, test preparation, and what she calls "academic planning". She provides individual instruction through tutoring as well as small group classes.

ANITA BELLAMY SHELTON
WASHINGTON, DC

BACKGROUND SUMMARY

- Over 30 years of experience administering mental health programs for social service agencies, and developing innovative public and private sector programs for children and families in the District of Columbia
- Consultant on program development, case management, human rights and rights of persons with disabilities
- Counselor of children with emotional and behavioral problems

EDUCATION

- Master of Social Work (MSW) 1959 Howard University School of Social Work
- Bachelor of Arts (BA) 1957 Howard University, Major: Sociology
- Early Childhood Education (courses) Bank Sheet College of Education

EMPLOYMENT HISTORY

Anita B. Shelton, MSW **January 2007-Present**
Management Consultant

Providing management and quality assurance services in the areas of educational assessment, parent training, case management and community development. Independent contracts include DC Superior Court, Houston Associates, Center City Community Corporation (4C's), Parklands Community Center and Edgewood Development Corporation.

Hillcrest Children's Center **January 2000-January 2007**
Executive Director

Administered and managed the program and budget of Hillcrest Children's Center (HCC), a social service agency that provides services and programs that address the needs of children and families. Hired, supervised and evaluated the clinical staff of psychiatrists, psychologists and licensed clinical social workers who provided outpatient mental health services to children and adults. Developed and managed public and private foundation fund, government grants and contracts. Prepared the annual budget and audit preparations. Directed substance abuse prevention and parent education programs to address pressing needs of youth. Advocated and planned for improvements and expansion of behavioral health services.

Riverside Treatment Services, Inc. **January 1997-January 2000**
Director of Intake and Community Outreach
Director of Planning and Government Affairs

Directed the intake and admissions process of a private 150-bed psychiatric hospital and behavioral health care system for children and adolescents. Supervised and provided program direction to administrative staff and program staff. Developed policy and procedures in compliance with the standards of the Joint Commission of Accreditation Health Care Organization, DC Department of Consumer and Regulatory Affairs, and Medicaid. Planned and conducted seminars and grand rounds for mental health professionals, parents and community leaders.

District of Columbia Mental Health Association **March 1996-January1997**
Executive Director

Administered a voluntary mental health organization that conducted programs of advocacy, public information, and education for residents of the District of Columbia. Directed and coordinated activities, supervised 12 staff members and 200 volunteers, and managed all matters pertaining to program finance, membership and resource development.

Howard University, Washington, DC **January 1984-December 1985**
Assistant Director of Practicum

Developed and coordinated the field instructional program at Howard University School of Social Work, an accredited Master's Degree program for over 200 students. Taught classes on urban problems, race and class issues as they related to social work practice.

Office of Human Rights **1979-1983**
Director of Equal Opportunity, District of Columbia Government

Directed a staff of 50 employees, including lawyers, in the field of employment practice, affirmative action, contract compliance and the enforcement of human rights laws. Served as the Equal Employment Opportunity Officer for the DC Government, responsible for oversight of affirmative action and equal opportunity programs for 38 government agencies, including special programs for Hispanic women and the physically challenged.

Q96 Attachment 1 – FY17 POH HELC Quarterly Reports

HIGHER EDUCATION LICENSURE COMMISSION
FY17 FIRST QUARTER REPORT
(OCTOBER 1, 2016 THROUGH DECEMBER 31, 2016)

As required by DC Official Code §38-1307 (2) (a) (2006), the Higher Education Licensure Commission (HELC) is pleased to submit the quarterly report with the actions of the HELC during the first quarter of FY 17.

Provisional/Initial: A first license granted to an institution which allows them to operate and confer degrees or certificates. It is generally granted for one year.

1. Kaplan, Inc. d/b/a Metis (D) (Ward 2)
2. BEI Capelli, LLC d/b/a The Salon Professional Academy (ND) (Ward 6)

Permanent: A degree granting institution that has been licensed and in good standing with the Commission for at least 5 years, that is accredited by an accrediting organization recognized by the US Department of Education, and has demonstrated financial soundness, upon request may receive a permanent license, subject to periodic review.

None

Renewal: This designation allows the institution to continue operating and may be granted for 1-3 years.

1. Daniel Morgan Academy (D) (Ward 2)
2. New York University (D) (Ward 2)
3. Stevens Institute of Technology (D) (Ward 2)
4. The Southern Baptist Theological Seminary-Washington, DC (D) (Ward 6)
5. United Planning Organization Workforce Institute (ND) (Ward 5)
6. Innovative Institute (ND) (Ward 5)
7. Immaculate School of Allied Health (ND) (Ward 5)
8. Toni Thomas Associates, Inc. d/b/a Community Empowerment Training Academy (ND) (Ward 8)
9. Captec Professional Training Center (ND) (Ward 4)
10. Intellect Health Institute (ND) (Ward 7)

Reinstatement: When an institution fails to submit an application for license renewal the Commission may approve a request for reinstatement up to sixty (60) days after the license has expired.

None

Amendment: An action taken when an institution seeks approval to make changes to their current license. These may include name, ownership, program and location.

1. Technical Learning Center d/b/a Prospect College (D) (Ward 2)
2. The Excel Institute (New name: Excel Automotive Institute) (ND) (Ward 7)

Agent: This license allows representatives from the institution to recruit District students for a period of one year.

New

None

Renewals

1. Ross University – School of Medicine (Jean-Deane Nwafor)

Conditional Exemption: The Commission may determine licensure is not required based on the institutions offerings in accordance with DC Official Code §38-1310 and grant an exemption from licensure to an institution. Exemptions must be requested and are approved on an annual basis.

New

1. Charter Oak State College

Renewals

1. National Customs Brokers & Forwarders Association of America, Inc. d/b/a NCBFAA Educational Institute (ND) (Ward 2)
2. Saint Leo University

Denial: This action revokes licensure or does not grant initial or renewal licensure to an institution.

None

Naming Protocol: Words that imply a connection to the Federal or District government may not be used in the name of the institution. In compliance with DC Official Code §38-1309 (c-1) these institutions sought approval from the Commission for a name change.

None

Revocation: This action revokes program approvals and or full licensure from an institution.

None

SARA: This action grants approval for local domiciled degree granting institutions to join a reciprocity agreement which seeks to establish comparable national standards for the interstate offering of postsecondary distance-education courses and programs.

1. American University
2. Strayer University

Closure Plan: Closure of a school shall be done in accordance with a written plan which is submitted at least ninety (90) days prior to closure and approved by the Commission.

1. Med Tech College (D) (Ward 2)
2. Radians College (D) (Ward 2)
3. Humane Society (D) (Ward 2)

Deferral: This action postpones the Commission's decision on the application to allow the submission of additional information.

1. Intellect Health Institute, LLC

Withdrawal: An institution may withdraw their application prior to a motion for an official action/decision by the Commission.

None

Order in Offer of Compromise: This is a settlement agreement reached between an institution and the Commission.

None

State Approving Agencies (SAA): This action grants approval for institutions to be recognized by the US-Department of Veterans Affairs as a recognized education provider for veteran's students using the GI Bill education benefits.

None

Complaints: Pursuant to DC Official Code §38-1306 (c) (4) complaints may be filed with the commission against post-secondary education institutions operating in the District.

None

What are the key responsibilities of this team?	• Strategic plan implementation progress monitoring and support • Effective and consistent coordination with internal and external stakeholders • Agency's policy agenda, including new and updated regulations, policies, an coordination with DC Council and State Board of Education • Budget and performance plan development and reporting	• Strategic communications plan implementation • Relationships with reporters; responses to media inquiries • Structures and channels for communicating with key audiences and stakeholders • Internal and external newsletters: OSSE Wire, LEA Look Forward • Coordination with Mayor's communications team	• Recruitment process • Employee relations • Performance management • Staff capacity building • Coordination with DCHR

VERSION AS OF JANUARY 2018

Office of the State Superintendent of Education FY2017

FY2017 Performance Accountability Report

The Performance Accountability Report (PAR) measures each agency's performance for the fiscal year against the agency's performance plan and includes major accomplishments, updates on initiatives, and key performance indicators (KPIs).

Mission

The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so District residents receive an excellent education and are prepared to achieve success in college, careers, and life.

Summary of Services

The Office of the State Superintendent of Education serves as the District of Columbia's State Education Agency (SEA). In this role, OSSE manages and distributes federal funding to education providers and exercises oversight responsibility over federal education programs and related grants administered in the District to ensure quality and compliance. OSSE also serves as the standard-bearer in education for the District of Columbia. OSSE develops state-level education policies and standards aligned with school, college, and workforce readiness expectations. OSSE further ensures that the District collects and reports accurate and reliable data. OSSE provides technical support to increase effectiveness among education providers, thereby improving outcomes for all students. OSSE also leads the Special Education Transportation (Agency Code GO0), Non-public Tuition (Agency Code GN0), and administers the District of Columbia Public Charter Schools Payments.

FY17 Top Accomplishments

Accomplishment	Impact on Agency	Impact on Residents
Start of School Initiative - a cross-agency effort to improve the way that OSSE supports LEAs at the start of a new school year.	This initiative brought teams from across the agency together to problem solve and coordinate through a monthly stats meeting format, prepare more coordinated and streamlined communications together, and organize our first ever Start of School Summit.	As a result of this initiative: 1) LEAs received information about newly enrolled special education students earlier than ever before and were able to plan more effectively for these new students. 2) LEAs had their student information system connected to OSSE's data systems sooner, enabling them to access more detailed information about their special education students as well as historical test scores and begin preparing for the audit, the basis on which they are funded. 3) LEAs received more streamlined and prioritized information about expectations and tasks needed for the start of school, enabling them to focus more of their time on direct preparations for their students
My Child Care DC (http://childcareconnections.osse.dc.gov/) - a new website to enable parents to find comprehensive information about their child care options, including quality indicators, in a single place.	The initiative brought together our early learning, technology and communications teams to collaborate on the development and marketing of this website.	The user-friendly website, which was launched at the end of September, helps parents and caregivers make informed choices about childcare. This website helps parents identify childcare providers who meet their needs and incentivizes providers to improve, since information about quality is now more transparent to parents.
Accountability System - a new statewide accountability system under the Every Student Succeeds Act, developed in partnership with DC Public Schools, Public Charter School Board, State Board of Education, and LEA Leaders and approved by the Department of Education.	A significant investment of time and resources by our agency leadership, data team, and programmatic leads has gone into the development of our new accountability system. We are now focused on its successful implementation and the creation of a user-friendly report card for parents and other stakeholders.	Currently DC has multiple models of accountability running in parallel and information on schools in multiple places. The result is confusion and inconsistent information for families and schools. A common accountability system for all schools in DC will enable accurate identification of low-performing schools across both sectors, thoughtful interventions to drive improvement, and more informed decision-making for families.

2017 Strategic Objectives

Objective Number	Strategic Objective
1	High quality and actionable data: OSSE will provide high-quality data and analysis that will empower LEAs, CBOs, and providers to meet the needs of all learners and allow education partners to make informed policy decisions.
2	Quality and equity focus: OSSE will work with our education partners to set high expectations for program quality and align incentives to accelerate achievement for those learners most in need.

3	Responsive & consistent service: OSSE will provide responsive, consistent, and considerate customer service to free up LEAs, CBOs, and providers and allow them to focus on instruction and support for students.
4	Top notch talent: OSSE will attract, develop, and retain top-notch talent to build a highly effective state education agency that makes a meaningful contribution to DC education.
5	Create and maintain a highly efficient, transparent and responsive District government.**

2017 Key Performance Indicators

Measure	Freq	Target	Q1	Q2	Q3	Q4	FY 2017	KPI Status	Explanation
1 - High quality and actionable data: OSSE will provide high-quality data and analysis that will empower LEAs, CBOs, and providers to meet the needs of all learners and allow education partners to make informed policy decisions. (4 Measures)									
Percent of user requests via the services portal solved and closed within five days of receipt	Annually	92%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	77.5%	Unmet	With the increased functionality of the OSSE Help Desk, we began tracking new issue types including non-technical program specific questions, ADT feed failures (pre-start of school), new user requests that required program authorization and others. These new additions, which were not taken into account when we set our target, have skewed the numbers to reflect a much lower 5 day resolution rate. If we took those specific requests out and compared them to last year's ticket types that numbers are much more in line with our targets. We are looking at ways to either report on these separately or remove them all together

Percent of all students graduating from high school in four years	Annually	78%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	72.4%	Nearly Met	While we did not meet the aggressive target of 78%, the graduation rate has increased from 65% to 72% in 2 years, representing significant progress that we will continue to build on.
Percent of all students at college and career ready level in reading on statewide assessment	Annually	30%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	31%	Met	
Percent of all students at college and career ready level in mathematics on statewide assessment	Annually	30%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	28%	Nearly Met	While we did not meet our ambitious target, we increased 3 points over last year.
2 - Quality and equity focus: OSSE will work with our education partners to set high expectations for program quality and align incentives to accelerate achievement for those learners most in need. (8 Measures)									
Amount of Medicaid reimbursement collected	Annually	$3000000	Annual Measure	Annual Measure	Annual Measure	Annual Measure	$3763557	Neutral Measure	
Percent of DC public and public charter school students completing a post-secondary degree within six years of college enrollment	Annually	35%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	Data Forthcoming		
Number of affordable infant and toddler slots at child development centers	Annually	7091	Annual Measure	Annual Measure	Annual Measure	Annual Measure	6674	Nearly Met	Explanation forthcoming.
Percent of early childhood and development programs that meet Gold tier quality	Annually	50%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	49.5%	Nearly Met	At 49.5%, this target was met.
Number of adults who receive a State Diploma (inclusive of NEDP or GED)	Annually	400	Annual Measure	Annual Measure	Annual Measure	Annual Measure	350	Neutral Measure	

Number of disconnected youth that were re-enrolled in an educational program through the reengagement center	Quarterly	250	31	50	35	89	205	Unmet	Enrollment was lower than anticipated in Q1 and Q3, due in part to limited enrollment times.
Number of residents who enroll in an Adult and Family Education funded program	Annually	2950	Annual Measure	Annual Measure	Annual Measure	Annual Measure	3032	Met	
Percentage of enrolled residents who complete at least one functioning level	Annually	41%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	36.6%	Unmet	While we did not meet our target, we had a 3 point increase over last year.
3 - Responsive & consistent service: OSSE will provide responsive, consistent, and considerate customer service to free up LEAs, CBOs, and providers and allow them to focus on instruction and support for students. (8 Measures)									
Average response time for complaints	Annually	48	Annual Measure	Annual Measure	Annual Measure	Annual Measure	72	Unmet	Meeting this target continues to be a challenge due to capacity constraints. However, we did see some improvement over last year.
Percent of timely Individuals with Disabilities Act (IDEA) due process hearing decisions	Quarterly	90%	100%	100%	95.1%	100%	98.3%	Met	
Percent of grant funds reimbursed within 30 days of receipt	Quarterly	90%	82.6%	91%	85.4%	76%	83.2%	Nearly Met	In Q4, a key team was short staffed and then had new staff, which resulted in a much longer processing time than the target of 10 days for this phase of the process. We will work closely with this team in FY18 to bring our processing rate back up to the target of 90%.

Number of A-133 audit findings	Annually	5	Annual Measure	Annual Measure	Annual Measure	Annual Measure	0	Met	
Percent of eligible infants and toddlers under IDEA Part C (birth-3) for whom an evaluation and assessment and an initial IFSP meeting were conducted within required time period	Annually	100%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	Data Forthcoming		
Average number of days taken to complete reviews of educator licensure applications	Quarterly	15	61	20	17	37	33.8	Unmet	OSSE experienced a staff shortage on this team for part of the year, which increased our response time in addition to a number of technical challenges with the new online application. OSSE worked quickly to resolve all technical issues with the online system, but these challenges did impact timelines when they occurred. OSSE is pleased to share that it is in the process of transitioning to a more comprehensive and reliable online application system during FY18 which is expected to alleviate future problems.
Percent of IEPs reviewed that comply with secondary transition requirements	Quarterly	55%	73%	85%	85%	92%	83.8%	Met	
Percentage of timely completion of state complaint investigations	Annually	100%	Annual Measure	Annual Measure	Annual Measure	Annual Measure	100%	Met	

We've revisited a project to standardize District wide measures for the Objective "Create and maintain a highly efficient,

2017 Strategic Initiatives

Title	Description	Complete to Date	Status Update	Explanation
ADULT AND FAMILY EDUCATION (2 Strategic initiatives)				

Strengthen CTE programs	Strengthen CTE programs of study that lead to certifications, credentials, or diplomas associated with the District's most promising occupations though creating documented and widely accessible pathways or programs (internships, dual enrollment programs, aligned curricular programs; certifications) with postsecondary institutions and high wage/high demand industries.	75-99%	We are currently providing technical assistance to support LEAs' work to create the programs of study.	All Perkins-funded CTE subgrantees developed at least 1 program of study connecting secondary schools to postsecondary programs. Full implementation of this standard by all subgrantees is expected prior to the next Perkins application (summer 2018). OSSE and UDC-CC are creating policies that enable CTE dual enrollment programs on LEA campuses with LEA teachers (initial course expected fall 2018).
Tuition Assistance Grant	Make postsecondary education more affordable by proposing policy changes to the Tuition Assistance Grant program including those that will expand opportunities for older students as well as increase the award amount for students attending community college to up $10,000 per year.	Complete	This initiative is complete	
CHIEF INFORMATION OFFICER (1 Strategic Initiative)				
Consolidate help desks	Today OSSE has about a dozen or more mechanisms used to capture customer communications for assistance. None of these currently integrate with each other so it's very difficult to analyze the data to determine if we are doing a good job at supporting our customers or not. The new OSSE CRM tool will provide a single source "truth" about our customers calls and troubles. It will allow us to identify trends, provide strategic technical assistance to LEAs and CBOs, and report on trouble areas that need focus. All of these will improve the customer experience via thoughtful outreach, better communications and increased first call resolution to issues.	Complete	The work has been completed.	
GRANTS MGMT AND PROGRAM COORDINATION (2 Strategic initiatives)				
Risk based monitoring	Expand OSSE's new K-12 risk based monitoring approach to reduce administrative burden, give high performing LEAs flexibility to keep growing what works, and target resources wisely to LEAs that are struggling.	Complete	ESSE has completed all onsite and desktop monitoring activities for the 2016-17 school year according to schedule.	

Enterprise Grants Management	Increase the experience of the local education agencies, community-based organizations and other organizations who are the external end users of the Enterprise Grants Management System (EGMS) through better communication of the system's capabilities through training resources and guidance and technical assistance by knowledgeable grant managers.	Complete	OGMC has held EGMS 101 trainings for new external users/vendors this fiscal year and streamlined communications. Additionally we have guidance documents and training videos on the front page of EGMS, along with the help desk information as well as providing one-on-one training for site/user specific issues.	
HUMAN RESOURCES (3 Strategic initiatives)				
Streamline HR processes.	Accelerate and streamline HR processes. For example, streamline recruitment process and develop a common onboarding process. In FY17, we will be rolling out a new (and more comprehensive) onboarding process. In addition, we are looking to streamline the recruitment process by strengthening candidate outreach processes, clarifying roles, responsibilities, and expectations for all internal recruitment stakeholders, developing a recruitment manual for hiring managers, and adding extra capacity to the recruitment team.	75-99%	We've rolled out a new and more comprehensive onboarding process, recruitment manual for managers, and newsletter for managers, all of which has helped streamline the recruitment and onboarding processes.	This work took the backseat to other HR priorities but will be continued in FY2018 with a focus on discipline, compliance and leave.
Agency-wide HR mapping	Agency-wide mapping of all staff and vacancies, as well as current staff performance, professional development needs, potential career paths, and manager next steps. This will lead us to better systematically target and offer incentives, recognition, and professional development activities—for training, development, and retention purposes.	50-74%	We have rolled out ew trainings on 'managing up', 'the growth mindset' and 'how managers can facilitate PD' sessions . We also hired a new team member who will lead our people analytics function.	While we made improvements with our professional development this year, we want to focus more on our people analytics function in FY18, which will enable us to more effectively target and offer incentives, recognition and PD opportunities in the future.

Professional growth	There is an agency-wide strategy and vision for professional growth, an agreed-upon bar of excellence for training, and employee clarity as to which trainings are required, optional, or not applicable. (e.g., develop and organize a series of trainings for Directors and Managers around best practices in procurement, ethics, and OGC SOPs for review of legal documents.) For FY17, we are looking to map all available trainings for staff—currently, notifications of trainings is not consolidated. In addition, we are also looking to facilitate more specific trainings (either by working with internal OSSE staff to develop and deliver trainings or coordinate the delivery of training by external entities). Finally, we are developing policies with regards to what is expected of employees and managers in terms of training.	Complete	We have mapped trainings for staff; we are launching a consolidated learning portal shortly that focuses on tools, resources, and information about trainng/PD. Finally, we have emphasized training/PD in our performance management trainings for managers and staff.	
NUTRITION SERVICES (1 Strategic Initiative)				
Health standards	Implement new health education standards and health assessment in the 2016-2017 school year. This will raise the bar for health education in the District to ensure that students know more about their health and the health of their community. The health assessment allows OSSE to annually monitor student health knowledge that informs planning and programs.	Complete	The health education standards have informed OSSE presentations, webinars, and programs, and the team has conducted outreach via events and grantee site visits. The standards are utilized when developing new programs and plans.	
OFFICE OF THE ENTERPRISE DATA MANAGEMENT (2 Strategic initiatives)				
Commonly requested data warehouse	Create an easily accessible warehouse of commonly requested data points and automate required annual reporting (EdFacts, SPED reporting, General Education reporting). Data will be available to different users (LEAs, public) depending on type of data and level of granularity. Includes new visualizations for LEAs in Qlik.	75-99%	OSSE initiated its distribution of 30,000 tokens to our data visualization platform, Qlik, in order to expand access appropriately to more individuals in LEAs and in nonpublics who can use the data to inform their work. We also continue to improve our data infrastructure and have recently hired a consultant who will evaluate and make recommendations for further enhancements.	Procuring a consultant to analyze our data infrastructure needs has taken longer than anticipated.
Successfully administer the assessment portfolio (PARCC, NCSC, Science, Science Alt, ACCESS) providing clear guidance and documentation to LEAs prior to test administration, and real-time triage and comprehensive support to LEAs during test administration.	Successfully administer the assessment portfolio (PARCC, NCSC, Science, Science Alt, ACCESS) providing clear guidance and documentation to LEAs prior to test administration, and real-time triage and comprehensive support to LEAs during test administration. Provide meaningful distribution of results to the public, LEAs, schools, and families.	Complete	We completed the administration of all statewide assessments for the 2016-17 school year and released the results in August.	
OFFICE OF THE STATE SUPERINTENDENT (5 Strategic initiatives)				

DEL Website	Consolidate existing parent and community data portals and launch a new child care quality website that includes monitoring reports, complaints and quality ratings. (Child Care and Development Fund requirement)	Complete	My Child Care DC (childcareconnections.osse.dc.gov) launched on Sept 29. See PAR accomplishment for more detail.	
ESSA Accountability	Development of, in partnership with education cluster partners and other stakeholders, a new statewide accountability system under the Every Student Succeeds Act. DC is making tremendous progress, but our PARCC scores show us that we have a long way to go. Current reality is multiple models of accountability running in parallel: OSSE's ESEA Waiver PCSB Performance Management Framework DCPS 40/40 plan And information on schools in multiple places: My Schools DC Equity Reports LearnDC Report Cards PCSB LEA Reports The result is confusion for families and for schools. Where we want to go with accountability: Common model of school accountability for all schools in DC: -Accurate identification of low performing schools across both sectors -Thoughtful interventions to drive improvement -Integrated public reporting -Flexibility in consequences across roles of SEA, authorizer, LEA	Complete	Our state plan has been approved by the Department of Education. We also completed the development of business rules for the new system. We have now shifted into planning for the successful implementation of the new system.	
Healthy Schools Act Evaluation	Complete evaluation of the Healthy Schools Act implementation efforts for the past 5 years and use results to inform amendments to the Act and regulations development. The evaluation will be completed in October 2016, which will enable OSSE to work with the Healthy Youth and Schools Commission to draft amendments to the Healthy Schools Act to be proposed by June 2017.	Complete	The evaluation was completed through a contract. All deliverables were received by OSSE.	

Early childhood investment analysis	Analysis of investments in subsidy, child care, and early intervention to determine recommendation for potential future citywide investments. DEL is working to establish financial models that will support the agency in analyzing and projecting the investments needed for child care subsidy, quality enhancements, and early intervention based on policy and regulatory changes at the federal and local level. In particular, these financial models will allow OSSE to provide informed recommendations for potential subsidy rate increases, Quality Rating and Improvement System incentives, Pre-K Enhancement and Expansion slots, and expansion of eligibility for early intervention services.	Complete	Based on the cost analysis we conducted, we made recommendations to increase rates for infants and toddlers, which are the most expensive to serve due to the low caregiver to child ratio as well as for home-based providers, because this group had lagged behind in rate increases. The increases went into effect in October.	
Data privacy and security	Development of privacy, confidentiality, and data sharing policies that protect data while allowing for certification, analysis and reporting. Publicize business rules to provide transparency into calculations.	Complete	We completed our first-ever training of LEAs at our inaugural Start of School Summit and initiated a secound round of annual trainings for all staff at OSSE. We have also publicized the business rules for our new accountability system in order to provide transparency into the calculations.	
STUDENT ENROLLMENT AND RESIDENCY (1 Strategic Initiative)				
Revise residency regulations	Revise residency regulations, which will provide greater clarity to the public and local education agencies on proof of District residency during school enrollment and residency fraud investigation. These measures will help ensure that seats in District schools are appropriately available for District residents.	Complete	The regulations have been approved by Council.	

Special Education Transportation FY2017

FY2017 Performance Accountability Report

The Performance Accountability Report (PAR) measures each agency's performance for the fiscal year against the agency's performance plan and includes major accomplishments, updates on initiatives, and key performance indicators (KPIs).

Mission

The mission of the Division of Student Transportation is to provide safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia. The agency's work is designed to achieve four main objectives: Safety, Efficiency, Reliability, and Customer Focus.

Summary of Services

Special Education Transportation is a Division within the Office of the State Superintendent of Education

FY17 Top Accomplishments

Accomplishment	Impact on Agency	Impact on Residents
DOT completed Phase 3 of the Automated Event Notification Services, a student specific alert system to parents regarding the status of a particular student. Since implementing Phase 3 of the system, call volume has decreased by 11% from the same time last year. Phase 1 produced general mass messaging regarding specific events such as inclement weather closures and operating status. Phase 2 generated route specific messages regarding bus status.	Proactive communication aligns with OSSE's strategic plan priority to provide responsive, consistent, and considerate customer service.	Phase 3 of the Automated Event Notification System implemented an enhanced communication tool that would allow parents to receive student specific alerts. This proactive approach is intended to reduce complaints, increase trust and improve overall communication regarding student transportation.
DOT enhanced community engagement and outreach by including the Transportation Advisory Council (TAC) established by DOT in FY16 to discuss resolutions for transportation issues. DOT also continued its ongoing partnerships with LEAs to increase community awareness in order to better inform children and families about student transportation services. DOT conducted over 300 school visits to assess the quality of transportation services and to remedy any issues and participated in numerous community events in FY17.	Site visits and the TAC align with OSSE's strategic plan priority to provide responsive, consistent, and considerate customer service.	On site visits enhanced community engagement and outreach to ensure transportation needs were met. These visits also increased community awareness in order to better inform children and families about student transportation services. DOT also continued the Transportation Advisory Council (TAC) which provides a forum for broad-based and robust discussions of transportation issues. The TAC includes stakeholder representation from parents of special needs students, advocacy groups, DCPS, charter schools, CFSA, and Adult Protective Services.

DOT implemented the communication and training program for certification deadlines. The program offered detailed training sessions to LEAs and allowed them to submit data onsite with hands on assistance from DOT staff. The program was a success as it returned an increased percentage of students that were certified before the SY deadline, 29% of eligible students certified by the deadline in SY16 compared to the 56% certified in SY17 , a 27% increase.	Proactive communication aligns with OSSE's strategic plan priority to provide responsive, consistent, and considerate customer service.	Working closely with LEAs to meet certification deadlines increases overall service delivery to students and families. Ensuring that eligible students are certified by the deadlines allow the routing team to place each student on a bus route by start of school, thus improving school readiness.

2017 Strategic Objectives

Objective Number	Strategic Objective
1	Customer Service: Provide accurate, responsive, and pro-active communication and services to ensure a positive customer experience through friendly and respectful interactions.
2	Safety: Support learning opportunities by providing the safest and least restrictive transportation options to eligible District of Columbia students.
3	Reliability: Establish and maintain the infrastructure necessary to ensure eligible students receive reliable transportation services to and from school.
4	Efficiency: Maximize the use of human, physical, financial, and technological resources by continuously striving for the most cost effective operations.
5	Create and maintain a highly efficient, transparent and responsive District government.**

2017 Key Performance Indicators

Measure	Freq	Target	Q1	Q2	Q3	Q4	FY 2017	KPI Status	Explanation
1 - Customer Service: Provide accurate, responsive, and pro-active communication and services to ensure a positive customer experience through friendly and respectful interactions. (1 Measure)									

Average percent of calls answered	Quarterly	92%	81.5%	83%	91.5%	89%	87%	Nearly Met	Although the target was not met, DOT made some great strides in answering parent calls. Throughout this fiscal year, we saw an increase in calls answered each quarter with the exception of Q4 which traditionally includes an influx of calls due to start of school. The percent of calls answered this year was also greater than that of FY15 and FY16. DOT will continue to improve operations in order to drive down the call volume and improve the percent of calls answered.
2 - Safety: Support learning opportunities by providing the safest and least restrictive transportation options to eligible District of Columbia students. (1 Measure)									
Preventable accidents per 100,000 miles	Quarterly	0.97	0.6	0.3	1.4	1.2	0.6	Met	
3 - Reliability: Establish and maintain the infrastructure necessary to ensure eligible students receive reliable transportation services to and from school. (1 Measure)									

Percent On-Time Arrival at School AM (20 minute window)	Quarterly	94%	89.5%	87.3%	87.6%	82.4%	86.7%	Nearly Met	Meeting on-time arrival continues to be an area for concern due to staff shortages and call outs which delay routes. DOT is also in the process of procuring a more efficient system to track all stops on a bus journey.
4 - Efficiency: Maximize the use of human, physical, financial, and technological resources by continuously striving for the most cost effective operations. (1 Measure)									
Variable Cost per Route (Fuel, Maintenance, Overtime)	Quarterly	1100	1754	1795	1736	1621	1727	Unmet	DOT's pain point for this KPI is overtime costs. When staff do not come to work, available staff must be paid overtime to ensure that all routes are covered. DOT has also re-evaluated its target based on current spending and has increased the target in FY18 to better align with operational costs.

We've revisited a project to standardize District wide measures for the Objective "Create and maintain a highly efficient, transparent and responsive District government." New measures will be tracked in

2017 Workload Measures

Measure	Freq	Q1	Q2	Q3	Q4	FY 2017
1 - Coordinate and execute strategic internal and external communications. (3 Measures)						
Number of students receiving school bus transportation	Quarterly	3183	3210	3261	2994	3162
Number of schools supported	Quarterly	230	230	229	184	218
Number of students whose parents receive reimbursement or participating in the Metro farecard, token or DC One Card Program	Quarterly	23	26	26	12	22
2 - Enhance bus safety by focusing on staff training and improving operations (1 Measure)						
Number of bus drivers and attendants	Quarterly	1136	1127	1119	1082	1116
3 - Provide coordination and oversight of fleet and terminals/ facilities (1 Measure)						
Number of buses in service	Quarterly	92.9%	94.6%	92.6%	94.7%	93.7%

2017 Strategic Initiatives

Title	Description	Complete to Date	Status Update	Explanation
COMMUNICATION, OUTREACH & ADMINISTRATION (3 Strategic initiatives)				
Automated Event Notification System	OSSE DOT will implement Phase 3 of the Automated Event Notification Services, a student specific alert system to parents regarding the status of a particular student. Phase 1 produced general mass messaging regarding specific events such as inclement weather closures and operating status. Phase 2 generated route specific messages regarding bus status.	Complete	Phase 3 of this initiative has been completed. The Parent Resource Center has the ability to make student specific notifications via the automated system. The supervisory team completed the Black Board Connect SOP to support the Automated Event Notification Services (SOP-PR.19).	

Customer Engagement Center	OSSE DOT will pilot and evaluate the Communication Hub within the division to determine its effectiveness. This hub will centralize all communication regarding student transportation, such as bus schedules, route arrival status, enrollment needs, and drive communication. By establishing the Communication Hub, OSSE DOT will ensure all messaging is aligned for effective internal and external communication.	Complete	DOT implemented an upgraded communications infrastructure within the Dispatch Unit to improve the communication flow and customer experience between terminal and office staff. The upgraded telecommunication system converged the voice and data telephone system into voice over internet protocol and created a unified communications system that will improve call handling. The upgraded system also features menu prompts to improve caller navigation and software upgrades that track employee performance related to call handling/customer service.	

Customer Engagement and Outreach	OSSE DOT will enhance community engagement and outreach by including the Transportation Advisory Council (TAC) established by DOT in FY16 to discuss resolutions for transportation issues. OSSE DOT will also partner with sister agencies to increase community awareness in order to better inform children and families about student transportation services.	Complete	DOT continues to partner with our LEAS to provide educational/technical support. The Community Outreach Specialists worked diligently during the fourth quarter to partner with LEA's and schools to assist with ESY and SOS tote calendars and TRF submissions. In Q4, specialists conducted 55 school visits to assess the quality of transportation services and to remedy any issues. The Outreach Specialists represented DOT at the SOS Summit in August 2017 and Parent Summit in September 2017. The TAC will host its next meeting on 10/30/17.	
INSPECTIONS AND FLEET MANAGEMENT (2 Strategic initiatives)				

Student Ridership Tracking System	OSSE DOT will address implementation issues with the current Student Ridership Tracking System and GPS then determine if this system is most effective to meet the needs of operations. Based on the evaluation, OSSE DOT will explore other systems that will streamline bus tracking and will either develop an implementation plan for a new system or an improvement plan to ensure the current system is being utilized to its fullest potential. This initiative will make reporting for all stops in a bus journey (arriving/departing homes, schools, terminals) traceable.	75-99%	DOT is still experiencing issues with the current NAVMAN system. NAVMAN has attempted to address these issues through maintenance visits. DOT is preparing a meeting in FY18 with OCP regarding the poor performance of NAVMAN. There was a new application suite solicitation released in Q4. However, no complete finalized responses from vendors were received.DOT is currently performing market research and revising the SOW for the new solicitation. The new SOW will include routing and scheduling capabilities with student ridership and GPS tracking.	There are still many inconsistencies in the current Student Ridership Tracking System. DOT has deemed its current system ineffective and is moving towards procuring a new system that will accurately report all stops in a bus journey. In the interim, DOT is working with OCP to address concerns and poor performance with the current vendor.
New School Bus Terminal	OSSE DOT will open a new school bus terminal that encompasses an on-site maintenance and repair facility. The current lease for the New York Avenue Bus Terminal expires on June 30, 2018. In FY16, OSSE DOT purchased the location for the new terminal. The facility's office space will be rehabilitated, one warehouse will be converted to a driver waiting area, and other warehouses will be outfitted for bus maintenance. This will expand DOT's capability to repair vehicles in-house more efficiently than the current procurement scenario.	0-24%	In Q4, DOT procured and has begun working with the architect to redesign of the W Street Terminal. Soil sampling was conducted to determine if the soil was contaminated at the property. DOT is also still actively working with DGS to obtain a waiver for current zoning restrictions.	The opening of the new terminal will be an extended process. There have been some notable barriers thus far to include not receiving a waiver for zoning restrictions. Based on the rate of current progress, the new terminal will not be fully operational until 2019.
PROGRAM MANAGEMENT & RESOURCE ALLOCATION (2 Strategic initiatives)				

Automated Tracking System for Time Keeping	OSSE DOT will automate its staffing, leave and overtime tracking system in order to better determine the need for hiring staff and to achieve potential cost savings which will improve service provided to students/ parents.	50-74%	The OSSE team has started working with a new time and attendance vendor, Kronos. In Q4, Phase I- Initiate, was completed to include setting up the cloud hosting site. Phase II- Collaborate, began at the end of Q4 with HR requirements gathering and inter-phase kickoff meetings. Phase III- Adopt, will take place in Q1 of FY18 with a full implementation of the new system at the end of Q1.	A new project manager was hired to oversee the new time and attendance vendor. Based on the requirements needed from the new system, the original project plan was adjusted in order to ensure the system is fully functional to meet operations. Delaying the roll out will also ensure a smooth transition from the old to new system to include intensive training, data uploading, etc.
Improve and Coordination with LEAs for Transportation Certification Deadlines	OSSE DOT will implement the communication and training program for certification deadlines. Through a detailed training schedule and ongoing communication to LEAs, this program will improve the level of compliance necessary to effectively plan and schedule transportation for the upcoming school terms. The goal of this program is to support LEAs to attain 100% certification by the Extended School Year (ESY)and School Year (SY) deadlines.	Complete	DOT completed the implementation of the communication and training program for the certification deadlines. The program was successful as it returned an increased percentage of students that were certified before both the Extended School Year (ESY) and School Year (SY) deadlines. In addition to the increase, the division experienced a decrease in the number of transportation request forms that were submitted during the month of September this year versus last year, which is also an indicator of the increased level of compliance by the deadline.	
TRAINING COORDINATION AND LOGISTIC (3 Strategic initiatives)				

School Bus Safety Monitoring Program	OSSE DOT will implement a Bus Safety Monitoring Program to discourage unsafe activities and promote best practices in safety for student transportation. Drivers will be randomly observed in the field and at the terminals, evaluated and scored based on a rubric informed by jurisdictions with similar programs. Poor performance will result in disciplinary action, while incentives will be offered to encourage outstanding performance	50-74%	The revised bus safety monitoring program has been completed and is currently being reviewed by the Office of Labor Relations and Collective Bargaining Agreement. Once reviewed to ensure the program does not conflict with any current union agreements, the program will be implemented.	Due to staff turnover internally and with sister agencies there was a delay in executing the program. Now that the program has been updated and presented, pending approval, DOT anticipates execution in FY18.
Implement Vision Zero Program	The District Vision Zero Program aims to eliminate fatalities and serious injuries to travelers in the city by 2024. To ensure the safety of its staff, OSSE DOT will create an education campaign outfitting buses with messages to encourage safe driving. OSSE DOT will also develop a year-long bus safety awareness campaign for parents, schools, bus drivers, and communities, and establish a recognition program for drivers with excellent safety records. OSSE DOT will also develop school safety zones for drop-off and pick-up at all school locations to decrease the likelihood of accidents.	75-99%	DOT launched the "Safety is in Your Hands" campaign as part of its year-long safety campaign. In Q4, staff with no driving violations in the last six months were also acknowledged, photos of staff were sent to DDOT as part of the District's Vision Zero Program. All schools with multiple routes have received safety zones, additional safety zones will be implemented based on the need.	The year-long bus safety campaign and driver recognition program were completed as well as the development of school safety zones. These initiatives will be ongoing. However, buses were not outfitted with safety messaging because the mechanical review determined that the magnetic decals designed would not be secured on the bus, only adhesive decals could be used and there is limited space available due to restrictions. DOT is working with OSSE communications to redesign the education campaign with an anticipated launch in January 2018.

Student Toolkits and Bus Seating Assignments	OSSE DOT will enhance seating assignments on the bus by implementing student toolkits with the necessary medical and safety needs based on a student's IEP. Intentional seating will allow staff and responding emergency personnel to quickly attend to and address specific health/ medical needs for each student in the event of a medical emergency. This seating will also enhance bus safety for students and staff.	75-99%	In Q4, the daily notice check list was completed. DOT also secured all resources and equipment needed to enhance the student toolkits. DOT is in the process of stabilizing routes due to start of school, therefore, full implementation/roll out will take place on November 17, 2017.	There was a delay in procuring all the needed equipment in FY17. Based on this delay and the initial roll out date, DOT determined that it would be most effective to wait until after the start of school routes are stabilized to implement the updated tool kits. Although implementation did not take place in FY17, DOT will have full implementation on all buses in the beginning of November 2017.

Office of the State Superintendent of Education FY2018

Agency Office of the State Superintendent of Education **Agency Code** GD0 **Fiscal Year** 2018

Mission The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so District residents receive an excellent education and are prepared to achieve success in college, careers, and life.

2018 Strategic Objectives

Objective Number	Strategic Objective	# of Measures	# of Operations
1	High quality and actionable data: OSSE will provide high-quality data and analysis that will empower LEAs, CBOs, and providers to meet the needs of all learners and allow education partners to make informed policy decisions.	4	6
2	Quality and equity focus: OSSE will work with our education partners to set high expectations for program quality and align incentives to accelerate achievement for those learners most in need.	9	4
3	Responsive & consistent service: OSSE will provide responsive, consistent, and considerate customer service to free up LEAs, CBOs, and providers and allow them to focus on instruction and support for students.	8	8
4	Top notch talent: OSSE will attract, develop, and retain top-notch talent to build a highly effective state education agency that makes a meaningful contribution to DC education.	0	1
5	Create and maintain a highly efficient, transparent and responsive District government.**	9	2
TOT		**30**	**21**

2018 Operations

Operations Header	Operations Title	Operations Description	Type of Operations	# of Measures	# of Strategic Initiatives
1 - High quality and actionable data: OSSE will provide high-quality data and analysis that will empower LEAs, CBOs, and providers to meet the needs of all learners and allow education partners to make informed policy decisions. (6 Activities)					
OFFICE OF THE STATE SUPERINTENDENT	Conduct research and data analysis for key education issues for the District	e.g., Student Mobility Report, Equity Reports, evaluations of key programs/projects, next generation assessment results, and fulfillment of additional data requests	Key Project	0	1
OFFICE OF THE STATE SUPERINTENDENT	Support accountability and continuous improvement across the District's education landscape	Manage state accountability system Provide transparency on key education data	Daily Service	0	1
ELEM & SECOND ASST SUPERINTENDENT'S OFF	Provide technical assistance and support to LEAs	Provide technical assistance, oversight, and support to improve performance of low-performing schools and boost college- and career-readiness of students and equitable access to effective educators	Daily Service	0	0
OFFICE OF THE ENTERPRISE DATA MANAGEMENT	Manage District of Columbia federal reporting to the US Department of Education	Collect, validate and aggregate data for federal reporting from LEAs.	Key Project	0	0
NUTRITION SERVICES	Administer national school breakfast, national school lunch, and child and adult food care programs	Federal meal programs designed to provide nutritious meals throughout the day, particularly for low income child and students	Daily Service	3	0
OFFICE OF THE ENTERPRISE DATA MANAGEMENT	Administer annual state assessment program	Successfully administer the assessment portfolio (PARCC, NCSC, Science, Science Alt, ACCESS) providing clear guidance and documentation to LEAs prior to test administration, and realtime triage and comprehensive support to LEAs during test administration. Provide meaningful distribution of results to the public, LEAs, schools, and families. www.osse.dc.gov/parcc	Key Project	0	0
TOT				3	2
2 - Quality and equity focus: OSSE will work with our education partners to set high expectations for program quality and align incentives to accelerate achievement for those learners most in need. (4 Activities)					
NUTRITION SERVICES	Support increased access to and participation in programs that promote academic, physical, and emotional health and well-being of students	Ranges from implementation of the Healthy Schools Act programs including school gardens to implementation of the DC State Athletics Association	Daily Service	0	0
STUDENT ENROLLMENT AND RESIDENCY	Manage annual student enrollment audit and ongoing student residency verification	Manage annual student enrollment audit and ongoing student residency verification	Key Project	1	1

ADULT AND FAMILY EDUCATION	Provide adult literacy, occupational literacy, and postsecondary education training to DC residents	Includes coordination with DOES and WIC.	Daily Service	0	2
GRANTS MGMT AND PROGRAM COORDINATION	Administer federal and local grants to LEAs, CBOs, and other organizations on a variety of topics	e.g., ESEA, IDEA, Perkins, Community Schools, environmental literacy, school gardens, McKinneyVento	Daily Service	0	2
TOT				1	5
3 - Responsive & consistent service: OSSE will provide responsive, consistent, and considerate customer service to free up LEAs, CBOs, and providers and allow them to focus on instruction and support for students. (8 Activities)					
DC REENGAGEMENT CENTER	Ensure opportunities for youth and adults to gain skills and re-engage in education and career programs	Oversee the DC Re-Engagement Center and share learnings from its operations with other city agencies and nonprofits engaged in related work with youth.	Daily Service	0	0
STUDENT HEARING OFFICE	Provide a fair and equitable alternative dispute resolution process	Oversee the alternative dispute resolution process.	Daily Service	0	0
CHIEF INFORMATION OFFICER	Operate Schools Technology Fund	Distribute small grants to LEAs to support technology in schools	Key Project	0	0
ECE CHILD CARE SUBSIDY PROGRAM	License child care facilities and administer child care subsidies	Promote accountability and excellence; hold system accountable for results; provide high-quality, safe, and healthy early care and education opportunities for children	Daily Service	2	2
HIGHER EDUC FINANCIAL SVCS & PREP PRGMS	Administer DCTAG and Mayor's Scholars Programs	Administer DCTAG and Mayor's Scholars Programs to support college access for DC high school seniors.	Key Project	1	0
ELEM & SECOND ASST SUPERINTENDENT'S OFF	Provide professional development to educators on a variety of topics	Provide professional development to educators on a variety of topics that is high quality and responsive to the needs of LEAs.	Daily Service	0	1
NUTRITION SERVICES	Oversee the Summer Food Service Program	Federal meal program operated during summer months when school is out and ensures youth have access to nutritious meals all year round.	Key Project	1	0
SPECIAL EDUCATION ASST SUPERINDENTENT'S	Provide oversight and support to LEAs with implementation of the Individuals with Disabilities Education Act	Ensure that children with qualifying developmental disabilities access and receive timely and high-quality services	Daily Service	1	1
TOT				5	4
4 - Top notch talent: OSSE will attract, develop, and retain top-notch talent to build a highly effective state education agency that makes a meaningful contribution to DC education. (1 Activity)					
HUMAN RESOURCES	Recruitment, Professional Development, Progressive Discipline, Compliance, and Leave and Payroll for OSSE and OSSE DOT employees	Quality design and effective implementation of Recruitment, Professional Development, Progressive Discipline, Compliance, and Leave and Payroll for OSSE and OSSE DOT employees	Daily Service	0	1
TOT				0	1

5 - Create and maintain a highly efficient, transparent and responsive District government. (2 Activities)					
OFFICE OF THE CHIEF OF STAFF	Maintain transparent and responsive communications system to improve public outreach, inform the public and internal stakeholders about OSSE services, and provide access to critical data	osse.dc.gov learndc.org results.osse.dc.gov mcff.osse.dc.gov	Daily Service	0	1
OFFICE OF THE CHIEF OF STAFF	Implement policy agenda,including coordinating with program offices to draft regulations and required reports	OSSE engages with LEAs and the public regarding proposed regulations through outreach and discussion with major stakeholder groups through means such as working groups, meetings, and public hearings. In addition, OSSE informs LEAs of new or updated regulations or policies through existing partner lists and coalitions or consortia, as well as through OSSE's weekly newsletter, the LEA Look Forward. OSSE provides a formal public comment period for proposed regulations (generally 30 days).	Daily Service	0	0

Percent of low income students participating in the Summer Food Service Program	☐	Not available	Not available	76%	Data Forthcoming
3 - Provide oversight and support to LEAs with implementation of the Individuals with Disabilities Education Act (1 Measure)					

Number of students with Individualized Education Programs (IEPs)		Not available	Not available	12258	12811

Initiatives

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date	Add Initiative Update	# of Initiative Updates	Needs Initiative Update Notification
Administer federal and local grants to LEAs, CBOs, and other organizations on a variety of topics (2 Strategic initiatives)					
Maximize the impact of OSSE's grantmaking	Leverage our grantmaking to advance OSSE's strategic plan, especially focused on Quality and Equity as well as Responsive and Consistent Service. This will include developing a methodology to determine which grants are best as competitive and which are best as per-pupil allocation and streamlining the process for all grants to reduce the burden on grantees and applicants.	09-30-2018	Add Initiative Update	0	Needs Update
Risk-Based Monitoring	Implement year 3 of risk-based monitoring across subgrantees in order to relieve of them unnecessary administrative burden. High performing subgrantees are given the flexibility to keep growing what works, and resources are wisely targeted to subgrantees that are struggling. Successful implementation will be evaluated using LEA survey feedback and a review of rate of year over year change in risk status from prior FFY.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
License child care facilities and administer child care subsidies (2 Strategic initiatives)					
Early Childhood Workforce	Provide job-embedded training, technical assistance, and scholarships for the early childhood workforce in FY18 in partnership with higher education institutions and partner agencies to support them in obtaining the required advanced certification.	09-30-2018	Add Initiative Update	0	Needs Update
Expand access to infant and toddler seats	Through the District's investment, OSSE will incentivize child development providers to improve the supply of child care services for infants and toddlers throughout the District by providing grants to 1) establish new or expand existing child development facilities serving infants and toddlers including in district government facilities and 2) provide technical assistance and training to child development facility operators to support compliance with the licensure process for efficient and effective operations.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Maintain transparent and responsive communications system to improve public outreach, inform the public and internal stakeholders about OSSE services, and provide access to critical data (1 Strategic Initiative)					
Start of School	Build on the momentum of FY17 to create a frictionless start of school for the 2018-19 school year for LEAs in their partnership with OSSE through earlier access to information, strengthened systems and stable transitions. By streamlining services and requests, OSSE will enable LEAs to spend more time on what matters most: building relationships with students and families.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Manage annual student enrollment audit and ongoing student residency verification (1 Strategic Initiative)					
Streamline Residency Verification & Enrollment Processes	Partner across MySchoolDC and the enrollment and residency teams to create more streamlined, online residency verification and enrollment processes.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Provide adult literacy, occupational literacy, and postsecondary education training to DC residents (2 Strategic initiatives)					

Career Pathway Development	Support the development and implementation of a career pathways system as required by WIOA to improve outcomes for adult learners and disconnected youth. Implement integrated adult and career education models through new AFE grant requirements and supported by the citywide adult literacy community of practice.	09-30-2018	Add Initiative Update	0	Needs Update
Adult Learners Transportation Subsidy	Provide enrollment data for adult-serving LEAs and OSSE Adult & Family Education (AFE) sub-grantees to WMATA/DDOT to support their implementation of the Adult Learners Transportation Subsidy program.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Provide oversight and support to LEAs with implementation of the Individuals with Disabilities Education Act (1 Strategic Initiative)					
Supporting students with disabilities with transitions from high school	Implement a new system of LEA secondary transition monitoring which reasonably measures compliance with requirements, incorporates secondary ST monitoring into nonpublic monitoring protocol for 2017-2018, and monitor performance through monthly cross-functional secondary transition (ST) data and practice reviews.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Provide professional development to educators on a variety of topics (1 Strategic Initiative)					
ESSA Funding & Support	Ensure that LEAs and other subgrantees are supported with effective implementation of ESSA requirements in the 2017-2018 SY. Issue key ESSA guidance related to transfer and consolidation of funds to LEAs and provide foundational training and individualized technical assistance on an as-needed basis, including a focus on key supports identified in the new ESSA accountability system.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Recruitment, Professional Development, Progressive Discipline, Compliance, and Leave and Payroll for OSSE and OSSE DOT employees (1 Strategic Initiative)					
Strengthen Recruitment	Strengthen OSSE's pipeline of talent and reduce the agency's vacancy rate by rolling out a recruitment tracking system, with success metrics and recruitment training for managers and targeting a 15 person candidate pipeline for all common vacancy types.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Support accountability and continuous improvement across the District's education landscape (1 Strategic Initiative)					
Accountability System & School Report Card	Develop the accountability report card and website with strong community engagement in the process so that these tools become the go-to resource for families to inform their decision-making about school options starting in the SY18-19 lottery. Oversee a smooth and effective transition to a new accountability system for all public schools beginning in fall 2018.	09-30-2018	Add Initiative Update	0	Needs Update

Special Education Transportation FY2018

Agency Special Education Transportation **Agency Code** GO0 **Fiscal Year** 2018

Mission The mission of the Division of Student Transportation is to provide safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia. The agency's work is designed to achieve four main objectives: Safety, Efficiency, Reliability, and Customer Focus.

2018 Strategic Objectives

Objective Number	Strategic Objective	# of Measures	# of Operations
1	Customer Service: Provide accurate, responsive, and pro-active communication and services to ensure a positive customer experience through friendly and respectful interactions.	1	1
2	Safety: Support learning opportunities by providing the safest and least restrictive transportation options to eligible District of Columbia students.	1	1
3	Reliability: Establish and maintain the infrastructure necessary to ensure eligible students receive reliable transportation services to and from school.	1	1
4	Efficiency: Maximize the use of human, physical, financial, and technological resources by continuously striving for the most cost effective operations.	1	1
5	Create and maintain a highly efficient, transparent and responsive District government.**	9	0
TOT		**13**	**4**

2018 Key Performance Indicators

Measure	New Measure/ Benchmark Year	FY 2014 Actual	FY 2015 Target	FY 2015 Actual	FY 2016 Target	FY 2016 Actual	FY 2017 Target	FY 2017 Actual	FY 2018 Target

Initiatives

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date	Add Initiative Update	# of Initiative Updates	Needs Initiative Update Notification
Coordinate and execute strategic internal and external communications. (2 Strategic initiatives)					

Upgraded Dispatch Communications Infrastructure	OSSE DOT will implement an upgraded communications infrastructure within the Dispatch Unit to improve the efficiency of the communication flow and customer experience between Dispatchers, Bus Staff, and the Parent Resource Center. Specifically, the upgraded telecommunication system will converge the voice and data telephone system into voice over internet protocol (VoIP) and create a unified communications system that will improve call handling. Additionally, the upgraded system will feature menu prompts designed to improve caller navigation and software upgrades that track employee performance as it relates to call handling and customer service.	09-30-2018		1	
Customer Service Training Program	OSSE DOT will implement a customer service training program for all staff that provides practical skills and tools for employees to use as standards of behavior when communicating with parents, students, LEAs, stakeholders and colleagues.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				1	

Enhance bus safety by focusing on staff training and improving operations (3 Strategic initiatives)

DOT Vision Zero Program	The District Vision Zero Program aims to eliminate fatalities and serious injuries to travelers in the city by 2024. To ensure the safety of its staff, OSSE DOT will create an education campaign outfitting buses with messages to encourage safe driving. OSSE DOT will also develop bus staging plans for drop-off and pick-up at all school locations to decrease the likelihood of accidents between buses.	09-30-2018	Add Initiative Update	0	Needs Update
Safety Awareness Campaign	OSSE DOT will develop a safety awareness campaign in conjunction with National School Bus Safety Week to include targeted messaging from DOT leadership, a public education campaign and the development/ dissemination of marketing materials to promote school bus safety, This campaign will begin during National School Bus Safety Week (October 16-20) and will expand throughout the school year for parents, schools, bus drivers, and communities.	09-30-2018	Add Initiative Update	0	Needs Update
Traffic Cameras and Investigations	OSSE DOT will partner with DDOT to develop a process for accessing District of Columbia traffic cameras to aid bus accident and incident investigations.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	

Internal Management to Improve External Services (1 Strategic Initiative)

Staff Recruitment and Retention	OSSE DOT will recruit and retain a well-trained workforce committed to the delivery of quality services to eligible students with disabilities in the District of Columbia. OSSE DOT will enhance its current recruitment strategies by increasing internet presence, conducting community outreach, participating in job fairs and encouraging internal promotions in order to attain a sufficient driver/attendant bench. OSSE DOT will also retool its retention strategies in order to retain and reward staff.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0	
Provide coordination and oversight of fleet and terminals/ facilities (3 Strategic initiatives)					
Student Ridership Tracking System	OSSE DOT will procure and pilot a more reliable, efficient and user- friendly Student Ridership Tracking System and GPS which will better meet the needs of operations. This new system will make reporting for all stops in a bus journey (arriving/ departing homes, schools, terminals) traceable.	09-30-2018	Add Initiative Update	0	Needs Update

New School Bus Terminal	OSSE DOT will open a new school bus terminal, located at 1601 W. Street NE, that encompasses an on-site maintenance and repair facility. The current lease for the New York Avenue Bus Terminal expires on June 30, 2018. In FY16,OSSE DOT purchased the location for the new terminal. The facility's office space will be rehabilitated,one warehouse will be converted to a driver waiting area, and other warehouses will be outfitted for bus maintenance. This will expand DOT's capability to repair vehicles in-house more efficiently than the current procurement scenario.	09-30-2018	Add Initiative Update	0	Needs Update
Terminal Upgrades	OSSE DOT will enhance work facilities by conducting terminal upgrades to include purchasing new trailers, improving work space and providing additional on site amenities.	09-30-2018	Add Initiative Update	0	Needs Update
TOT				0

d)

GOVERNMENT OF THE DISTRICT OF COLUMBIA

ADMINISTRATIVE ISSUANCE SYSTEM

Mayor's Order 2017-313
December 18, 2017

SUBJECT: **SEXUAL HARASSMENT POLICY, GUIDANCE AND PROCEDURES**

ORIGINATOR: Office of the Mayor

By virtue of the authority vested in me as Mayor of the District of Columbia by sections 422(2), (3), and (11) of the District of Columbia Home Rule Act, 87 Stat. 790; Pub. L. No. 93-198, D.C. Official Code § 1-204.22(2), (3), and (11) (2016 Repl.), and the District of Columbia Human Rights Act of 1977, D.C. Law 2-38, D.C. Official Code §§ 2-1401.01 *et seq.* (2016 Repl.), it is hereby **ORDERED** that:

I. Purpose

The purpose of this Order is to reaffirm and make clear that that the District of Columbia Government (the **"District of Columbia"**) does not tolerate any form of sexual harassment in the workplace. Sexual harassment is recognized as one of the most unjust, demeaning, and demoralizing examples of workplace misconduct.

II. Individuals Affected

(a) Prohibitions

The District of Columbia prohibits workplace sexual harassment by all District of Columbia employees, officials, and all employees under the Mayor's jurisdiction. The prohibition also applies to third parties doing business with, or carrying out the goals and objectives of the District of Columbia government, such as vendors, contractors, grantees, customers, and other persons visiting or working at District of Columbia worksites inside and outside District of Columbia agencies, who may not sexually harass District employees. Further, while carrying out their duties as contractors or grantees for the government, contractors and grantees of the District of Columbia may not engage in workplace sexual harassment, although not every procedure set forth in this Order applies to persons not working for the District government. In the course of their duties as members of District of Columbia Boards and Commissions that report up to the Mayor, board members are bound by the procedures and deadlines set forth herein.

(b) **Protections**

The protections against workplace sexual harassment extend to employees, contractors, interns, and any other persons engaged by the District of Columbia to provide permanent or temporary employment services at District of Columbia worksites inside and outside District of Columbia agencies, and to applicants for District government employment, although not every procedure set forth in this Order applies to persons not working for the government. District of Columbia employees are protected from sexual harassment by contractors, grantees, clients, applicants, and members of the public with whom they interact as part of their District of Columbia employment. Members of Boards and Commissions that report up to the Mayor are also protected as employees. Without limiting this broad definition, persons protected by this Mayor's Order will be referred to as "employees."

(c) **Agencies Not Reporting To Mayor**

Laws prohibiting sexual harassment apply throughout the District government. Agencies not reporting up to the Mayor are asked to ensure that their employees are given training, information, protections, and processes afforded in this Order to employees of agencies reporting to the Mayor.

III. Definitions of Sexual Harassment

(a) ***Quid Pro Quo*** **Sexual Harassment**

Quid pro quo sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when any one of the following criteria is present:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; or

2. submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting the individual.

(b) **Hostile Environment Sexual Harassment**

Other conduct – if severe or sufficiently pervasive as to alter working conditions – may create a "hostile environment" and is also prohibited. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment. Unless the conduct was particularly severe or pervasive, where no warning or admonition is necessary, the person creating such an environment must have been told that the conduct is unwelcome or must stop.

The following are examples of unwelcome conduct that may create an intimidating, hostile or offensive work environment and that are not acceptable in the District of Columbia employment environment, including during work related travel:

1. sex acts;

2. display of sexual organs;

3. giving a preference to a third party who is engaged in a sexual or romantic relationship, to the disadvantage of an employee who is not engaged in a sexual relationship with a supervisor, hiring official, or person exercising authority over the disadvantaged party, (described legally as a "paramour preference");

4. using sexually oriented or sexually degrading language describing an individual or his/her body, clothing, hair, accessories or sexual experiences;

5. sexually offensive comments or off-color language, jokes, or innuendo that a reasonable person would consider to be of a sexual nature, or belittling or demeaning to an individual or a group's sex, sexual orientation, or gender identity;

6. "sexting" or seeking or sending pictures of intimate body parts, or taking or displaying pictures of body parts meant to be covered up (such as "upskirting" pictures), including by sending messages of a suggestive nature on self-destructive messaging apps where documentation of the written word or images is difficult to document;

7. displaying or disseminating sexually suggestive objects, books, screensavers, magazines, photographs, music, cartoons, or computer internet sites or references;

8. unnecessary and inappropriate touching or physical contact, such as intentional and repeated brushing against a colleague's body, touching or brushing a colleague's hair or clothing, massages, groping, patting, pinching, or hugging, that a reasonable person would consider to be of a sexual nature;

9. leering, ogling, or making sexually suggestive gestures or sounds, such as whistling or kissing noises;

10. making inquiries about someone's private sex life or describing one's own sex life;

11. workplace sexual comments, conduct, displays and suggestions between two willing parties that would cause a reasonable third party to be offended;

12. any unwanted repeated contact, including, but not limited to in-person, or telephonic, for romantic or sexual purposes; and

13. sexual assault, stalking, trapping someone such that they are not free to leave and a sexual encounter is expected or threatened, threats of bodily harm relating to sex or the refusal to have sex, or other crimes related to egregious acts of sexual harassment.

(c) **Sexual Harassment is Prohibited by and Between All Persons**

1. Sexual harassment may be committed by persons of the same sex, or perceived sex, and by those who share the same sexual orientation or the same gender identity or expression, as well as by persons of the opposite sex or gender identity, and shall be prohibited.

2. Sexual harassment is not limited to inappropriate exercise of authority by persons in power over an employee. It can even occur by an employee towards a supervisor.

3. Supervisors are responsible for ensuring a workplace free of sexual harassment.

4. When sexual harassment occurs between colleagues or by clients or customers upon an employee, and it is brought to an appropriate person's attention, the agency must investigate and remedy the situation.

IV. Consensual Relationships

(a) Sexual or romantic relationships between employees and supervisors in the employee's chain of command are strongly discouraged.

(b) The Director of the Department of Human Resources (**DCHR**) is directed to develop and propose reporting mechanisms to help guard against conflicts of interest and "paramour preferences" that could arise when sexual or romantic relations develop within the chain of command.

(c) The existence of a consensual sexual or romantic relationship between an employee and a supervisor may be a factor in any proceeding in which the relationship is alleged to have contributed to a hostile work environment and/or adversely affected the terms and conditions of employment of the involved parties or a third party.

(d) Employees who engage in a limited consensual relationship with a supervisor or colleague, such as going out to dinner or on dates, remain free to refuse further sexual overtures and have the right to demand that sexual or sexually harassing conduct going beyond that which was consented to must stop. Alternatively, they also may seek the assistance of a supervisor or manager, the agency General Counsel, or the person designated by the agency pursuant to Section V, below, to demand that sexually harassing conduct cease.

(e) Conduct that was once welcome or consensual may become unwelcome. Once the conduct is no longer welcome, and the formerly-consenting employee, or a supervisor, agency designee or counsel, tells the other party to stop, all unwelcomed behavior of a sexually harassing nature must cease.

(f) If legal action is commenced against the District of Columbia and/or a supervisor who engaged in a sexual/intimate relationship with an employee, or a person engaged in a potentially-conflictual relationship, the existence of the sexual or romantic relationship will be a factor in the District of Columbia's decision to provide legal representation to the supervisor or the employee(s) engaged in a potentially-conflictual relationship.

V. Procedures for Stopping Sexual Harassment; Reporting, and Investigating Sexual Harassment Claims

(a) Agency Responsibilities

1. Agencies shall immediately disseminate to all employees the Mayor's letter dated December 18, 2017 discussing our DC Values and condemning sexual harassment, as well as this Mayor's Order. Within thirty (30) days after the effective date of this Order, agencies shall follow up to ensure delivery to difficult-to-reach employees, including employees on leave and work-related travel. Each employee shall confirm receipt of these documents by email or signed copy as instructed by the agency.

2. Within thirty (30) days after the effective date of this Order, all agencies shall designate an Equal Employment Opportunity (EEO) Officer, HR Manager, or any other individual competent in EEO laws to accept sexual harassment complaints and review (henceforth, "**Sexual Harassment Officer**") and investigate claims, and an office to which claims should be reported, in the event the Sexual Harassment Officer is unavailable. The name of such designated Sexual Harassment Officer and office must be submitted to the Office of Human Rights at OHR@dc.gov. Changes or updates to this list must be provided to OHR via OHR@dc.gov within ten (10) business days of any such change. Smaller agencies may by agreement obtain assistance from a sister or superior agency in handling these matters provided its employees are notified of who will review and investigate claims of sexual harassment. For the purpose of this Order, agencies availing themselves of another agency's help will still be referred to as the "agency," even if another agency is providing investigation, human resource, and legal help through a jointly-designated Sexual Harassment Officer and office.

3. Within thirty (30) days after the effective date of this Order, each agency shall display, in noticeable and conspicuous locations accessible and used by a substantial number of agency employees, notices setting forth the District of Columbia's policy prohibiting sexual harassment. Each notice shall contain the identity and location of the agency's designated Sexual Harassment Officer, and office, who is responsible for receiving claims of sexual harassment and ensuring

that they are investigated. The notice shall advise employees that a sexual harassment complaint and any subsequent investigation shall be kept confidential to the greatest extent possible consistent with their investigation and resolution.

4. DCHR and the Office of Human Rights **(OHR)** shall develop and deliver on-going sexual harassment trainings for employees of the District of Columbia. OHR and DCHR shall conduct workshops for approximately 1500 managers by March 14, 2018 and shall ensure that all agencies have the capacity to respond effectively to allegations of sexual harassment, directly or through agreements with other agencies.

5. The Mayor's Office of Legal Counsel (**MOLC**) and OHR shall conduct a training on sexual harassment law before January 31, 2018 for all agency General Counsels or their designees.

6. Managers shall give all employees time to take a course or refresher course on sexual harassment, to be provided by DCHR or OHR, by February 28, 2018, and all current employees shall take such a course, in person or online. New employees shall take a course on sexual harassment as part of the on-boarding process and in no event more than fourteen (14) days of being on-boarded. All employees shall take a refresher course at least once every two (2) years.

7. Those entering into contracts or grants with the District government must affirm that they will abide by the District of Columbia Human Rights Act including its prohibitions on sexual harassment, consistent with 4 DCMR 1100 *et seq*. District agencies drafting contracts and grants shall include such covenants as part of the contract or grant agreement.

8. The best preventative measure to combat sexual harassment is for the workplace to be a place of respect for all persons, at all times. At work, at all times, we seek to serve the residents of the District of Columbia, a mission that is compromised whenever and wherever sexual harassment occurs.

(b) **Employee Communication**

1. An employee must either: (A) tell the person who is engaging in offensive or inappropriate sexual conduct to stop and that such conduct is unwelcome; or (B) ask the employee's supervisor or counsel or the agency's designated Sexual Harassment Officer to advise the person that the conduct is offensive and unwelcome. Employees and others engaged in intervention are encouraged to document all intervention efforts or requests to cease reported inappropriate sexual conduct, including conversations, text, or email exchanges. Some conduct is so egregious that no warning is necessary before personnel action or other consequences ensue; other times, it is necessary to indicate that the conduct is unwelcome.

2. Employees who believe they are being sexually harassed are urged to collect and preserve evidence of any offensive conduct. However, even in the absence of emails, pictures, or other physical evidence, employees should report sexual harassment as described below.

(c) **Reporting Inappropriate or Potentially Inappropriate Conduct of a Sexual Nature**

1. All District of Columbia employees are responsible for ensuring the workplace is free of sexual harassment. Employees who know of incidents of sexual harassment, as well as behavior which may create an intimidating, hostile or offensive work environment, or who are victims of sexual harassment or inappropriate conduct, should report the sexual harassment or inappropriate conduct to the Sexual Harassment Officer or office designated by the agency, or the supervisor or manager of the employee engaging in inappropriate conduct, or to their own supervisor. If the alleged harasser is the employee's immediate supervisor, then the employee should report the conduct to the alleged harasser's supervisor, or to the Sexual Harassment Officer.

2. If the complaint is against an agency director, the report shall be submitted to the appropriate Deputy Mayor for review. If the complaint is against a Deputy Mayor the report shall be submitted to the City Administrator. If the report is against the City Administrator, the report shall be submitted to the Mayor's General Counsel, who shall also receive complaints against any agency director in the Executive Office of the Mayor. If the complaint is against the Mayor's General Counsel or the Mayor, an independent consultant shall be hired to conduct an investigation, and a final investigative report shall be submitted to the Inspector General for the District of Columbia for review.

3. If the alleged harasser is the employee's immediate supervisor, then the employee should report the conduct to the alleged harasser's supervisor, or to the Sexual Harassment Officer.

4. The procedures and remedies specified herein are not intended to preclude an employee from seeking any remedies he or she may have in a court of law.

(d) **Agency Review and Investigation of Reported Claims**

1. Any supervisor or manager who receives a complaint or concern regarding sexual harassment or inappropriate conduct must take immediate steps to notify the Sexual Harassment Officer, who will ensure that an investigation is conducted and take other appropriate action. Any such effort shall be documented.

2. Where there is an allegation of criminal misconduct, including for example, sexual assault, kidnapping, stalking, and threats to do bodily harm, the agency may, after consulting its General Counsel, place the victim and/or the alleged harasser on administrative leave with pay pending final administrative resolution

of the complaint or any criminal proceeding. The complainant at his or her choice may report the alleged criminal violation to a law enforcement agency, including the Metropolitan Police Department (**MPD**). Where either the agency or an appropriate law enforcement officer determines that a criminal violation occurred, the agency shall recommend discipline of the perpetrator up to, and including, termination.

3. When an allegation of sexual harassment is reported, including allegations of criminal conduct, the agency shall notify the agency's General Counsel, who in turn must notify MOLC of the allegation.

4. Allegations of sexual harassment shall be investigated and resolved as soon as practicable, but no later than sixty (60) days after reporting. The agency or office investigating the charges must provide the employee and the alleged harasser with a written notification of its findings and conclusions after the sixty (60) day period, and shall convey the same to MOLC.

5. The agency shall also require that any employee found to have engaged in inappropriate conduct who is not terminated must attend mandatory sexual harassment training within sixty (60) days of receipt of the findings. Such training is supplemental to any disciplinary actions and must occur even if the employee recently received training.

6. The agency shall also remind complainants of sexual assault or other possible crimes of the existence of the DC Victim Hotline. The Hotline, 1-844-443-5732, is available 24/7 by telephone, text or online chat to seamlessly connect victims of crime to free resources to help them navigate the physical, financial, legal, and emotional repercussions of crime. In particular, through the Hotline, victims may be matched with an advocate who can help them decide whether to pursue a matter through the criminal justice process.

(e) **Employee Responsibility to Participate in Agency Investigation**

1. All District of Columbia employees are expected to cooperate in the agency's investigation of sexual harassment complaints.

2. If an employee who alleges sexual harassment, or is believed to have been the victim of sexual harassment, declines to assist and/or participate in the investigation of the allegation, the agency may on its own initiative initiate and conduct an investigation.

3. Agencies must balance the need to respect a victim's wishes not to proceed or cooperate with an investigation, with the responsibility of the agency to ensure a respectful workplace free of sexual harassment. Employees who were not themselves victimized, who, after a direct request of the agency, decline to

participate in a sexual harassment investigation, may be subject to disciplinary action. Any consideration of whether to recommend disciplinary action for failure to cooperate in an investigation requires heightened sensitivity on the part of the agency, and should be conducted in consultation with the agency's General Counsel and MOLC.

(f) **Timely Filing; Statute of Limitations**

All complaints of sexual harassment shall be reported as promptly as possible. Agencies may consider alleged acts of sexual harassment for disciplinary purposes beyond the legal statute of limitations, consistent with the District Personnel Manual and any collective bargaining agreements, taking into consideration the sensitive nature of the alleged offense, the pressure the complainant may have felt not to report the conduct, when the victim became aware of behavior that was not immediately apparent, or a pattern of harassing behavior that developed over time. The statute of limitations for complaints filed at OHR is within one year of the harassment or its discovery.

(g) **Rights of the Alleged Harasser**

Persons accused of sexual harassment deserve the full protections afforded to them under the law in administrative matters, including, but not limited to, the right to respond to allegations of sexual harassment; to counsel and representation, including a union representative or other representative of their choosing, and including the presumption of innocence, unless and until there is a finding of harassment after an investigation by the agency or where appropriate, OHR. The right to counsel does not include the right to have counsel paid for by the government.

(h) **Interim Remedial Actions**

Pending final resolution of a sexual harassment complaint, and in order to protect the rights of the alleged victim as well as the alleged harasser, the agency may take prompt temporary personnel actions that do not result in any adverse employment action to either party. When an agency becomes aware of an allegation of sexual harassment, the agency shall notify the alleged harasser of the reported behavior to ensure that any such conduct ceases immediately and is not repeated.

Interim remedial actions are administrative rather than disciplinary and may include, but are not limited to, transfers, reassignment of duties or reporting requirements, mandatory administrative leave with pay, or other appropriate measures that do not result in reduction of pay, demotion in title or responsibility, or other loss of employee benefits. Where a request for separation, such as a job reassignment, from the alleged harasser is made by the alleged victim, the agency must require the victim to make the request in writing. DCHR is encouraged to find alternative, reasonably comparable placements, even in different agencies, during the pendency of an investigation for the accuser or accused in lieu of administrative leave with pay, where possible.

(i) **Discipline for Making False Statements or Representations**

In recognition of the seriousness of workplace sexual harassment charges, the agency shall recommend disciplinary action, up to and including termination, of any employee found to have knowingly and intentionally made materially false statements or representations in relation to a sexual harassment claim or investigation. Termination is only available if such statements were in writing and the allegations were formally made with warnings as to their legal force, or under oath.

Consideration of whether to recommend disciplinary action against an employee who is also the alleged victim of sexual harassment requires heightened sensitivity on the part of the agency and should be conducted in consultation with the agency's General Counsel and MOLC.

(j) **Discipline after a Finding of Sexual Harassment**

The agency shall recommend appropriate disciplinary action, up to and including termination of any employee found to have engaged in sexual harassment as defined in Section III of this Order.

(k) **Referral to the Board of Ethics and Government Accountability (BEGA)**

Some claims of sexual harassment may also involve ethical violations, such as if an employee is giving gifts to an employee for sexual favors or to a potential reporter of sexual harassment, or if an employee is using government resources to copy and disseminate inappropriate pictures. Credible violations of the Code of Conduct should be reported to BEGA. Its penalties are in addition to any personnel actions taken by the agency.

VI. Concurrent Remedies and Jurisdiction

(a) **Filing a Formal Complaint with the Office of Human Rights**

In addition to pursuing action within the agency, an alleged victim of sexual harassment, or a person acting on the victim's behalf with or without the victim's consent, may report a sexual harassment claim within one year of the alleged harassment or its discovery to OHR using its Intake Questionnaire Form.

(b) **EEO Counseling Option When Filing a Claim with OHR**

EEO Counseling is not required prior to the filing of a complaint with OHR; however, if the employee wishes to first seek informal resolution, EEO Counseling is available. To exercise this option, the employee must contact a certified EEO Counselor within 180 days of the alleged harassment. The EEO Counselor must then resolve the complaint within thirty (30) days, or at maximum sixty (60) days, and issue an Exit Letter outlining the rights of the individual reporting the claim as well as the counselor's efforts to resolve

the claim. If the employee is not satisfied with the outcome of the counseling effort, the employee may file a formal complaint with OHR within fifteen (15) days of receiving the Exit Letter. EEO Counselors will not conduct an investigation. They will simply review the case and try to achieve an informal resolution.

VII. Prohibition against Retaliation

(a) Retaliation Prohibited

Retaliating against an employee for reporting or filing a claim of sexual harassment, assisting another person in filing or asserting a claim of sexual harassment, opposing sexual harassment, acting as a witness in a sexual harassment investigation, refusing to follow orders that would result in sexual harassment, intervening to protect others from sexual harassment or advances, or challenging an allegation of sexual harassment, is strictly prohibited. Employees shall not be penalized as a result of their assertion of rights provided under the District of Columbia Human Rights Act or providing truthful information in connection with an investigation (whether on behalf of a complainant or a respondent). Retaliatory behavior can include but is not limited to unwarranted reprimands, unfairly downgrading personnel evaluations, transfers to less desirable positions, verbal or physical abuse, and altered and more inconvenient work schedules. Employees found to have engaged in retaliatory behavior shall be recommended for termination.

(b) Process for Alleging Retaliation

Employees who believe they have been retaliated against must file a complaint with an EEO Counselor within 180 days of the alleged retaliation and subsequently file a complaint with OHR within fifteen (15) days of receipt of the Exit Letter, if the employee is not satisfied with the outcome of EEO Counseling.

(c) Limits

Lodging a sexual harassment claim or triggering an investigation does not shield an employee from all discipline or discharge. Agencies are free to discipline or terminate employees if the agency is motivated by non-retaliatory and non-discriminatory reasons that would otherwise result in such consequences.

VIII. Confidentiality

The complaint file, including all information and documents contained in the file as well as information received during investigation of the complaint, shall be confidential. The agency shall take all reasonable steps to ensure that no information contained in the complaint file is disseminated except in furtherance of the investigation; resolution of the allegations; execution of any consequences stemming from the investigation; when lawfully released; or when required by court order.

The agency must take all reasonable efforts during the conduct of an investigation to protect the identities of the alleged harasser and the alleged victim, as well as witnesses for either party. However, the alleged harasser shall be promptly advised of the complaint and its substance and be given an opportunity to respond to the allegations.

This confidentiality requirement does not preclude the agency from reporting a suspected illegal or improper act, or conduct related to the investigation, to an appropriate enforcement, investigating and/or legal organization or from cooperating in any related investigation.

IX. Applicability of Personnel Rules

Any proposed personnel action instituted under this Order is subject to the District of Columbia Personnel Regulations as set forth in the District of Columbia Personnel Manual.

X. Implementation

Where responsibility is not otherwise specified, the Director of the Office of Human Rights, or the designee of the Director of the Office of Human Rights, is authorized and directed to implement this Order and to monitor the compliance of executive departments and agencies with its directives.

XI. Rescission/Repeal

To the extent that any provision of this Order is inconsistent with the provisions of any Commissioner's Order, Order of the Commissioner, or previous Mayor's Order, the provisions of this Order shall prevail and shall be deemed to supersede the earlier provisions. Mayor's Order 2004-171, dated October 20, 2004, is rescinded.

XII. EFFECTIVE DATE: This Order shall become effective immediately.

MURIEL BOWSER
MAYOR

ATTEST:

LAUREN C. VAUGHAN
SECRETARY OF THE DISTRICT OF COLUMBIA

		NOTES		Postsecondary and Career Education/Assistant Superintendent/Professional Services/FY17/0100/40/401/LE700/LE701/Local Funds Noted: Funds were credited back to the account because the international call was a one time event and we were being charged a monthly fee for services. Note: This transaction is being disputed because the services that were charged during the previous cycle should have been provided as a sometime event. The vendor has been contacted several times via phone call to ensure cancellation. A web profile was established for the initial international conference call for a DC-CAN meeting; however, the web profile does not provide an option to cancel their services online.

Progress Report #8 – May 31, 2017
Government of the District of Columbia
2016 Single Audit

A) PURPOSE

This report provides the status of the District of Columbia's Single Audit for the year ended September 30, 2016.

B) SIGNIFICANT ACCOMPLISHMENTS

Phase I: Planning

1) All entrance conferences are completed and audit fieldwork has started for all agencies.

Phase II: Understanding of Internal Controls

1) All internal control narratives are completed for all agencies:

Phase III: Compliance and Controls Test Work

1) All testing has been completed for all Agencies, working on resolving exceptions until May 31st, 2017.
2) All areas are in Manager and Director-level review stage.

C) ITEMS EXPECTED TO BE ACCOMPLISHED NEXT PERIOD

1) Continue wrapping up all Agency program review and significant IT applications noted during the audit.
2) Finalize findings and obtained sign-off from Agency personnel.

D) POTENTIAL AUDIT DELAY ISSUES

No potential delay issues noted.

E) CURRENT FINDINGS

1) Finding Number: **2016-001**
   Prior Year Finding Number: **2015-001**
   DHS – SNAP Special Tests and Provisions – ADP System for SNAP
   Date reported to the Agency: **May 17, 2017**

2) Finding Number: **2016-002**
   Prior Year Finding Number: **2015-002**
   DHS – SNAP Special Tests and Provisions – EBT Card Security
   Date reported to the Agency: **May 12, 2017**

3) Finding Number: **2016-003**
   Prior Year Finding Number: **2015-003**
   DCPS – CNC Eligibility
   Date reported to the Agency: **May 1, 2017**

4) Finding Number: **2016-004**
Prior Year Finding Number: **2015-006**
DHCD – CDBG Allowable Costs
Date reported to the Agency: **May 23, 2017**

5) Finding Number: **2016-005**
Prior Year Finding Number: **2015-009**

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Department of Health Care Finance

Office of the Chief Financial Officer

April 6, 2017

Yvonne Smith
Chief Utilization Manager
Non-Public Payment & Recovery Units
Strategic Operations Unit
DC Office of the State Superintendent of Education (OSSE)
810 First Street, NE, 5th Floor
Washington, DC 20002

Re: Final Notice of Program Reimbursement (FNPR) Fiscal Periods: 10/1/2013 – 9/30/2014
Provider Number: 041240500

Dear Ms. Smith:

In accordance with Sections 1309 through 1311 of Title 29 of the District of Columbia Municipal Regulations (DCMR) and the D.C. State Plan for Medical Assistance (State Plan), the Department of Health Care Finance (DHCF) has made a final determination of program reimbursement for your program for the period beginning October 1, 2013 through September 30, 2014.

Enclosed within exhibit one are the following:

1) Your audited cost report, which includes an audit adjustment report. The audit adjustment report included with the audited cost report reflects the individual adjustments made and includes appropriate reference to and citation of applicable law, regulation, and general program instructions, which were used as a basis for these adjustments.
2) Schedule of findings and recommendations. The schedule of findings and recommendations details various criteria, conditions, causes, effects, and recommendations which have been noted in the course of the audit investigation.
3) Report on Compliance and Internal Control over Compliance. The report summarizes deficiencies and significant deficiencies in internal control over compliance noted which might lead to a reasonable possibility of material noncompliance with a federal program compliance requirement, or other important concerns.

The final determination differs from what is shown as total amount payable to your program on your submitted cost report because, in accordance with the D.C. State Plan for Medical Assistance, adjustments resulting from the audit are incorporated in this final notice of program reimbursement.

Based on the calculation exhibited in the audit adjustments (see exhibit one), our determination results in a total program reimbursement (amount due your program for providing services to Medicaid recipients) of $11,363,633. After deducting payments of $1,333,909, the Medicaid program owes your program $10,029,724, of which $7,020,807, of FFP is due. Since a net settlement is due to your program, our payment will be processed within forty-five (45) days of the date of this notice, provided that no other balances are owed to the D.C. Medicaid program.

You are hereby notified of your right to an administrative review of this Final Notice of Program Reimbursement. Within sixty (60) days of the date of the FNPR, a program that disagrees with the FNPR shall submit a written request or administrative review of the FNPR to:

Darrin Shaffer, Agency Fiscal Officer
Department of Health Care Finance
441 4th Street, N.W., Suite 960S
Washington, DC 20001

The written request for administrative review shall include a specific description of the audit adjustment or item to be reviewed, the reason for the request for review of the adjustment or item, the relief requested, and documentation in support of the relief requested.

The Medicaid Program shall mail a written determination relative to the administrative review to your program no later than hundred and twenty (120) days from the date of receipt of your program's written request for administrative review. Within thirty (30) days of receipt of the Medicaid Program's written determination, the provider may appeal the written determination by filing a written notice of appeal with the

DC Office of Administrative Hearings
441 4th Street, N.W., Suite 450N
Washington, DC 20001-2714

Filing an appeal with the Office of Administrative Hearings shall not stay any action to recover any overpayment to your program. Your program shall be liable immediately to the Medicaid Program for any overpayment set forth in the Medicaid Program's determination.

This determination is subject to revision during the three (3) year period following the date of this notice, if such revision is required by the discovery of an error in this determination or additional documentation and/or updated information is obtained. Where such revision is required, a new notice will be issued as soon as possible after a revised determination.

If you have questions, you may contact me at (202) 442-9079.

Sincerely,

Darrin Shaffer, AFO, DHCF

INDEPENDENT AUDITOR'S REPORT

Report on Compliance

We have audited the Office of the State Superintendent of Education (OSSE) compliance with Medicaid laws and regulations reflected in the Provider Reimbursement Manual (PRM Pub. 15) and the District of Columbia (D.C.) State Plan applicable to the Financial and Statistical Report (cost report) for the year ended September 30, 2014.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of OSSE's management.

Auditor's Responsibility

Our responsibility is to express an opinion on OSSE's compliance based on our audit of the cost report. We have not audited the financial statements of OSSE, as of and for the year ended September 30, 2014 and accordingly, we do not express an opinion thereon.

We conducted our audit of compliance in accordance with the auditing standards generally accepted in the United States of America and the applicable standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with Medicaid laws and regulations that could have a material effect on the determination of reimbursable costs occurred. An audit includes examining, on a test basis, evidence about OSSE's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of OSSE's compliance with those requirements.

Basis for Qualified Opinion

OSSE did not comply with various Medicaid compliance requirements. These findings are fully explained in the accompanying Appendix A - Findings and Recommendations. Accordingly, certain adjustments have been proposed to the cost report based on those items of noncompliance. The details of the adjustments are on page 4 of the accompanying Medicaid Adjustment Report and their effects on expenses can be found on page 3 of the cost report. As noted above, our responsibility is to express an opinion on OSSE's compliance, based on an audit of the cost report. The ultimate disposition of the adjustments and findings is the responsibility of the Government of the District of Columbia Department of Health Care Finance.

bsmith@bertsmithco.com

AN INDEPENDENT MEMBER OF
BDO
ALLIANCE USA

Qualified Opinion

In our opinion, except for the effects of the accompanying Medicaid Adjustment Report and the related findings referred to above, OSSE complied, in all material respects, with the requirements governing the allowability of costs eligible for reimbursement pursuant to the principles promulgated by the Provider Reimbursement Manual (PRM Pub. 15) and the applicable District of Columbia State Plan for the fiscal year ended September 30, 2014.

Internal Control over Compliance

The management of OSSE is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above applicable to allowable cost reimbursement. In planning and performing our audit, we considered OSSE's internal control over compliance to determine the auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of OSSE's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in OSSE's internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in the internal control over compliance that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Appendix A - Findings and Recommendations as items 2014-02, 2014-05 and 2014-06 to be material weaknesses.

A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention. We consider the deficiencies in internal control over compliance described in the accompanying Appendix A - Findings and Recommendations as items 2014-01, 2014-03, 2014-04, 2014-07 and 2014-08 to be significant deficiencies.

OSSE's Response to Findings

OSSE's response to the findings identified in our audit are described in the accompanying Appendix A - Findings and Recommendations. We did not audit OSSE's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the District of Columbia Department of Health Care Finance and the management of OSSE, and is not intended to be and should not be used by anyone other than these specified parties.

Dan Smith & Co

Washington D.C.

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
MEDICAID ADJUSTMENT REPORT
FOR THE YEAR ENDED SEPTEMBER 30, 2014

Adjustment No.	Description	Cost Increase (Decrease)
1	To adjust salaries and wages to agree to OSSE's accounting records. [OMB Circular A-87, Cost Principles and Medicaid State Plan-Attachment 4.19B]	
	Salaries and Wages and Benefits	$ 1,280,095
2	To include OSSE's fringe benefit costs based on the agency's actual fringe benefit rate for the fiscal year. [OMB Circular A-87, Cost Principles and Provider Reimbursement Manual (PRM)-Part I: 2304.1]	
	Salaries and Wages and Benefits	$ 12,867,429
3	To adjust nonpayroll costs to agree to OSSE's accounting records. [OMB Circular A-87, Cost Principles and Medicaid State Plan-Attachment 4.19B]	
	Non-Payroll Costs	$ (434,389)
4	To adjust salary costs for costs that could not be supported with documentation. [OMB Circular A-87, Cost Principles and Medicaid State Plan-Attachment 4.19B]	
	Non-Payroll Costs	$ (8,147)
5	To recalculate depreciation expense based on the agency's recorded fixed assets. Provider Reimbursement Manual (PRM)-Part I: 104]	
	Nonpayroll Costs	$(12,442,848)
6	To adjust indirect costs based on allowable payroll, fringe benefits and nonpayroll costs in accordance with OSSE's approved indirect cost rate agreement. [OSSE's approved Indirect Cost Rate Agreement]	
	Indirect Costs	$ (1,209,118)
7	To adjust Medicaid claims paid to agree with DCHF records. [Medicaid State Plan – Attachment 4.19B]	
	Paid Claims	$ 8,787

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS

2014-01 *Cost Report Expenditures Not Reconciled to Accounting Records (Adjustment #1 and #3)*

Findings: The payroll and nonpayroll (less capital expenditures) costs in the cost report did not agree to OSSE's accounting records. The cost report reflected payroll and nonpayroll expenditures of $47,130,097 and $7,053,310, respectively. In our review of OSSE's accounting records and testing of the costs, we were able to substantiate payroll costs of $48,410,192 and nonpayroll costs of $6,618,921.

	Cost Report	Accounting Records	Difference (Under) Over
Payroll	$47,130,097	$48,410,192	$(1,280,095)
Nonpayroll	$ 7,053,310	$ 6,618,921	$ 434,389

Regulation(s):

- **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.
- **Medicaid State Plan Attachment 4.19B** – Transportation costs included on the cost report worksheet will only include those personnel and non-personnel costs associated with special education reduced by any federal payments for these costs, resulting in adjusted costs for transportation. The source of these costs will be the audited Trial Balance and supporting General Ledger, journals and source documents kept by OSSE. Costs are reported on an accrual basis.

It appears that the payroll and nonpayroll (less capital expenditures) costs may have been based on estimates and or budgeted amounts. Adjustments were made in the adjusted cost report to increase the payroll costs by $1,280,095 and decrease the nonpayroll costs by $434,389 for the differences between the cost report and the accounting records.

Recommendation: We recommend that OSSE include only those allowable costs that reconcile to its accounting records.

Management's Response: *Findings:* OSSE concurs with the Auditor's findings. The $1,280,095 increase in payroll costs and the $434,389 decrease in non-payroll expenditures resulted from the inclusion of invoices from the prior fiscal year in the cost report.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE DOT will continue to work closely with the Agency Fiscal Officer (AFO) accounting office to ensure that costs reconcile with accounting records.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2014-02 ***Fringe Benefits Excluded from the Cost Report (Adjustment #2)***

Finding:

OSSE incorrectly excluded fringe benefit costs from the cost report. It was determined that OSSE's payroll system was unable to produce a report which shows the fringe benefits paid for each employee. As a result, a fringe benefit rate was calculated based on OSSE's total salaries and wages and fringe benefits incurred for the fiscal year. The fringe benefit rate calculated for 2014 was 26.58%. The recalculation resulted in an increase to fringe benefit costs of $12,867,429. An adjustment has been made in the adjusted cost report.

Regulation(s):

- **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.

- **Provider Reimbursement Manual (PRM)-Part I: 2304.1** – A participating provider of services must make available to its Intermediary its fiscal and other records for the purpose of determining its ongoing record keeping capability. The Intermediary's examination of such records and documents are necessary to ascertain information pertinent to the determination of the proper amount of program payments due the provider.

The calculation resulted in an increase of $12,867,429 to fringe benefit costs. An adjustment has been made in the adjusted cost report.

Recommendation:

We recommend that OSSE calculate and include actual fringe benefit costs incurred for their employees in the cost report. If the actual fringe benefit costs cannot be determined from its accounting records, a fringe benefit rate should be calculated and applied to the allowable payroll costs.

Management's Response:

Findings: OSSE concurs with the Auditor's findings that the fringe benefit costs were inadvertently excluded from the cost report.

Recommendation: OSSE concurs with the Auditor's recommendations. Fringe benefits incurred will be included in the cost report and any problems entering data into the report will be addressed.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2014-03 ***Some Fuel Costs Not Adequately Supported with Documentation (Adjustment #4)***

Findings: Our testing of monthly fuel expenditure transactions revealed that some of the fuel expenditures were not adequately documented:

- The cost of fuel for leased vehicles was included in fuel costs.
- The fuel costs for one month per the billing statement did not agree to the costs as recorded in the accounting records.

The fuel costs for leased vehicles were inadvertently included in the cost report. Leased vehicles do not transport Medicaid students and as such the costs are unallowable. In addition some fuel costs could not be substantiated with supporting documentation.

Regulation(s):

— **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.

— **Medicaid State Plan Attachment 4.19B** states that transportation to and from school may be claimed as a Medicaid service when the following conditions are met:

a. Transportation is specifically listed in the IEP as a required service.
b. The child requiring transportation in a vehicle with personnel specifically trained to serve the needs of an individual with a disability.
c. A medical service is provided on the day that specialized transportation is billed; and
d. The service billed only represents a one-way trip.

Our testing resulted in a decrease to fuel costs of $8,147. An adjustment has been made in the adjusted cost report for the disallowance.

Recommendation: We recommend that OSSE adjusts costs that are unallowable and cannot be supported during cost report preparation.

Management's Response: *Findings:* OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE DOT will continue to work closely with the Agency Fiscal Officer (AFO) accounting office to ensure that costs reconcile with accounting records. Additionally, any fuel charges related to vehicles that do not transport Medicaid eligible students will not be included in the cost report.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2014-04 ***Depreciation Expense Not Calculated Properly (Adjustment #5)***

Finding: OSSE included depreciation expense of $13,364,802 in the cost report. Based on the buses purchased in the prior and current fiscal years, the calculated depreciation expense should have been $921,954. An adjustment was made in the adjusted cost report to decrease depreciation expense by $12,442,848.

Regulation(s):

— **PRM-Part I: 104** – Depreciable Assets---Assets that a provider has an economic interest in through ownership (regardless of the manner in which they were acquired) are subject to depreciation. Depreciation is that amount which represents a portion of the depreciable asset's cost or other basis which is allocable to a period of operation. The amount of depreciation is determined by the provider's method of depreciation accounting.

Recommendation: We recommend that OSSE calculates depreciation expense only on recorded depreciable assets used to provide transportation services under the Medicaid program.

Management's Response:

Findings: OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE DOT will continue to work closely with the Agency Fiscal Officer (AFO) accounting office to ensure that depreciation expense is calculated for all depreciable assets used to provide transportation services under the Medicaid program and that the amounts included in the cost report reconcile to accounting records for depreciation expense for the period covered in the cost report.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2014-05 ***Indirect Cost Rate Used Not In Accordance With Indirect Cost Rate Agreement (Adjustment #6)***

Finding:

OSSE has an approved indirect cost agreement which allows the agency to charge indirect costs to federal programs. Under the agreement, indirect costs can only be applied to sub-awards up to $25,000.

It appears that OSSE applied the approved 20% indirect costs rate to the entire nonpayroll expenditure population instead of applying the rate to subawards up to $25,000.

Regulation(s):

— **OSSE Approved Indirect Cost Rate Agreement** – Under the indirect cost rate agreement, the base for calculating indirect costs is the direct costs less items of equipment, alterations and renovations, flow-through funds and that portion of each sub-award in excess of $25,000.

The net effect to the cost report was a decrease of $1,209,118 in indirect costs. An adjustment has been made in the adjusted cost report.

Recommendation:

We recommend that OSSE allocate indirect costs to the Medicaid program in accordance with its approved indirect cost rate agreement.

Management's Response:

Findings: OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. Medicaid is a reimbursement of expenses incurred by OSSE DOT for transporting Medicaid eligible students. However, they are federal funds and subject to applicable indirect cost rate per the Agency Fiscal Office.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2014-06 ***Inaccurate Reimbursable Payments (Adjustment #7)***

Finding: The total Medicaid paid claims paid amount of $1,342,696 in the cost report did not agree with the D.C. Department of Health Care Finance's (DHCF) records of $1,333,909.

Regulation(s):

— **Medicaid State Plan - Attachment 4.19B** – The cost reconciliation process must be completed with twenty-four months of the end of reporting period covered by the annual cost report. The total CMS-approved, Medicaid allowable scope of costs based on CMS-approved cost allocation methodology procedures are compared to the provider's Medicaid interim payments for school based health services delivered during the reporting period as documented in the Medicaid Management Information System (MMIS) resulting in cost reconciliation.

An adjustment of $8,787 was made in the cost report to agree with DHCF's records.

Recommendation: We recommend that OSSE reconcile their paid claims records to DHCF and include this figure in their cost report.

Management's Response:

Findings: OSSE does not concur with the Auditor's findings. OSSE reports what has been actually paid out by DHCF at the time of cost reporting. OSSE has no knowledge of the process DCHF utilizes to determine this figure. It would be beneficial for DHCF to explain their calculation for this field.

Recommendation: OSSE concurs with the Auditor's recommendation if DCHF will provide the figure and agree to explain the method utilized to determine the calculation for this field.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2014-08 ***Some Pay Rates Not Supported with Adequate Documentation***

Finding: Of sixty (60) payroll transactions reviewed, the pay rate for thirty transactions did not agree to the Personnel Action Form (PAF) forms reviewed. We reviewed the earnings statements and timesheets supporting the hours worked and determined that the costs appear reasonable and consistent with adjusted salary bases. No adjustment to the cost report has been proposed for this item. We have noted this finding as a deficiency in internal control over compliance.

Regulation(s):

- **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.

- **Provider Reimbursement Manual (PRM)-Part I: 2304.1** – A participating provider of services must make available to its Intermediary its fiscal and other records for the purpose of determining its ongoing record keeping capability. The Intermediary's examination of such records and documents are necessary to ascertain information pertinent to the determination of the proper amount of program payments due the provider.

Recommendation: We understand that the pay rates resulting from AFSCME wage negotiations were retroactively changed as a result of personnel negotiations. The former existing record of the pay rates were overridden by the changes. OSSE should have provided a crosswalk between the prior salary bases and the newly enacted base which resulted from the Union Agreement. All documentation supporting claims for reimbursements for health related services provided for Medicaid eligible students need to be maintained. OSSE should work with the Office of Pay and Retirement Services to ensure that a document trail is created for all pay adjustments.

Management's Response:

Findings: OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE's Human Resources department will continue to work closely with the Office of Pay and Retirement Services (OPRS) to ensure that a new payroll transaction is entered for any and all pay rate changes. Entering a new payroll transaction will create a separate Personnel Action Form (PAF) for record keeping purposes, eliminating the issue of pre-existing pay rate data being erased.

Re: Final Notice of Program Reimbursement (FNPR) Fiscal Periods: 10/1/2014 – 9/30/2015
Provider Number: 041240500

Dear Ms. Smith:

In accordance with Sections 1309 through 1311 of Title 29 of the District of Columbia Municipal Regulations (DCMR) and the D.C. State Plan for Medical Assistance (State Plan), the Department of Health Care Finance (DHCF) has made a final determination of program reimbursement for your program for the period beginning October 1, 2014 through September 30, 2015.

Enclosed within exhibit one are the following:

1) Your audited cost report, which includes an audit adjustment report. The audit adjustment report included with the audited cost report reflects the individual adjustments made and includes appropriate reference to and citation of applicable law, regulation, and general program instructions, which were used as a basis for these adjustments.
2) Schedule of findings and recommendations. The schedule of findings and recommendations details various criteria, conditions, causes, effects, and recommendations which have been noted in the course of the audit investigation.
3) Report on Compliance and Internal Control over Compliance. The report summarizes deficiencies and significant deficiencies in internal control over compliance noted which might lead to a reasonable possibility of material noncompliance with a federal program compliance requirement, or other important concerns.

The final determination differs from what is shown as total amount payable to your program on your submitted cost report because, in accordance with the D.C. State Plan for Medical Assistance, adjustments resulting from the audit are incorporated in this final notice of program reimbursement.

Based on the calculation exhibited in the audit adjustments (see exhibit one), our determination results in a total program reimbursement (amount due your program for providing services to Medicaid recipients) of $15,271,664. After deducting payments of $1,472,578, the Medicaid program owes your program $13,799,086, of which $9,659,360, of FFP is due. Since a net settlement is due to your program, our payment will be processed within forty-five (45) days of the date of this notice, provided that no other balances are owed to the D.C. Medicaid program.

You are hereby notified of your right to an administrative review of this Final Notice of Program Reimbursement. Within sixty (60) days of the date of the FNPR, a program that disagrees with the FNPR shall submit a written request or administrative review of the FNPR to:

Darrin Shaffer, Agency Fiscal Officer
Department of Health Care Finance
441 4th Street, N.W., Suite 960S
Washington, DC 20001

The written request for administrative review shall include a specific description of the audit adjustment or item to be reviewed, the reason for the request for review of the adjustment or item, the relief requested, and documentation in support of the relief requested.

The Medicaid Program shall mail a written determination relative to the administrative review to your program no later than hundred and twenty (120) days from the date of receipt of your program's written request for administrative review. Within thirty (30) days of receipt of the Medicaid Program's written determination, the provider may appeal the written determination by filing a written notice of appeal with the

DC Office of Administrative Hearings
441 4th Street, N.W., Suite 450N
Washington, DC 20001-2714

Filing an appeal with the Office of Administrative Hearings shall not stay any action to recover any overpayment to your program. Your program shall be liable immediately to the Medicaid Program for any overpayment set forth in the Medicaid Program's determination.

This determination is subject to revision during the three (3) year period following the date of this notice, if such revision is required by the discovery of an error in this determination or additional documentation and/or updated information is obtained. Where such revision is required, a new notice will be issued as soon as possible after a revised determination.

If you have questions, you may contact me at (202) 442-9079.

Sincerely,

Darrin Shaffer, AFO, DHCF

INDEPENDENT AUDITOR'S REPORT

Government of the District of Columbia
Department of Health Care Finance

Report on Compliance

We have audited the Office of the State Superintendent of Education (OSSE) compliance with Medicaid laws and regulations reflected in the Provider Reimbursement Manual (PRM Pub. 15) and the District of Columbia (D.C.) State Plan applicable to the Financial and Statistical Report (cost report) for the year ended September 30, 2015.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of OSSE's management.

Auditor's Responsibility

Our responsibility is to express an opinion on OSSE's compliance based on our audit of the cost report. We have not audited the financial statements of OSSE, as of and for the year ended September 30, 2015 and accordingly, we do not express an opinion thereon.

We conducted our audit of compliance in accordance with the auditing standards generally accepted in the United States of America and the applicable standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with Medicaid laws and regulations that could have a material effect on the determination of reimbursable costs occurred. An audit includes examining, on a test basis, evidence about OSSE's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of OSSE's compliance with those requirements.

Basis for Qualified Opinion

OSSE did not comply with various Medicaid compliance requirements. These findings are fully explained in the accompanying Appendix A - Findings and Recommendations. Accordingly, certain adjustments have been proposed to the cost report based on those items of noncompliance. The details of the adjustments are on page 4 of the accompanying Medicaid Adjustment Report and their effects on expenses can be found on page 3 of the cost report. As noted above, our responsibility is to express an opinion on OSSE's compliance, based on an audit of the cost report. The ultimate disposition of the adjustments and findings is the responsibility of the Government of the District of Columbia Department of Health Care Finance.

T:202.393 5600
TF: 1.855.479.0548
F: 202.393.5608

bertsmithco.com
bsmith@bertsmithco.com

AN INDEPENDENT MEMBER OF BDO ALLIANCE USA

Qualified Opinion

In our opinion, except for the effects of the accompanying Medicaid Adjustment Report and the related findings referred to above, OSSE complied, in all material respects, with the requirements governing the allowability of costs eligible for reimbursement pursuant to the principles promulgated by the Provider Reimbursement Manual (PRM Pub. 15) and the applicable District of Columbia State Plan for the fiscal year ended September 30, 2015.

Internal Control over Compliance

The management of OSSE is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above applicable to allowable cost reimbursement. In planning and performing our audit, we considered OSSE's internal control over compliance to determine the auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of OSSE's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in OSSE's internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in the internal control over compliance that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Appendix A - Findings and Recommendations as items 2015-04 and 2015-05 to be material weaknesses.

A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention. We consider the deficiencies in internal control over compliance described in the accompanying Appendix A - Findings and Recommendations as items 2015-01 through 2015-03 and 2015-06 to be significant deficiencies.

OSSE's Response to Findings

OSSE's response to the findings identified in our audit are described in the accompanying Appendix A - Findings and Recommendations. We did not audit OSSE's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the District of Columbia Department of Health Care Finance and the management of OSSE, and is not intended to be and should not be used by anyone other than these specified parties.

MEDICAID ADJUSTMENT REPORT
FOR THE YEAR ENDED SEPTEMBER 30, 2015

Adjustment No.	Description	Cost Increase (Decrease)
1	To adjust OSSE's fringe benefit costs based on the agency's actual fringe benefit rate for the fiscal year [OMB Circular A-87, Cost Principles and Provider Reimbursement Manual (PRM)-Part I: 2304.1]	
	Salaries and Wages and Benefits	$ 250,710
2	To adjust nonpayroll costs for costs not related to Medicaid students [OMB Circular A-87, Cost Principles and Medicaid State Plan-Attachment 4.19B]	
	Nonpayroll Costs	$ (3,399)
3	To adjust the nonpayroll costs to agree to the agency's accounting records. [OMB Circular A-87, Cost Principles and Medicaid State Plan-Attachment 4.19B]	
	Nonpayroll Costs	$ 1,209,559
4	To calculate depreciation expense based on the agency's recorded fixed assets. Provider Reimbursement Manual [PRM-Part I: 104]	
	Nonpayroll Costs	$ (2,097,058)
5	To adjust indirect costs based on allowable payroll, fringe benefit, and nonpayroll costs in accordance with OSSE's approved indirect cost rate agreement. [OSSE's approved Indirect Cost Rate Agreement]	
	Indirect Costs	$ (2,709,855)
6	To adjust medicaid paid claims per the cost report to paid claims per the file received from DHCF. [Medicaid State Plan-Attachment 4.19B]	$ (11,527)

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS

2015-01 *Incorrect Calculation of Fringe Benefit Costs in the Cost Report (Adjustment #1)*

Finding: OSSE incorrectly calculated fringe benefit costs. It was determined that the OSSE's payroll system was unable to produce a report which shows the fringe benefits paid for each employee. As a result, a fringe benefit rate was calculated based on OSSE's total salaries and wages and fringe benefits incurred for the fiscal year. The fringe benefit rate calculated for 2015 was 26.86%. The recalculation resulted in an increase to fringe benefit costs of $250,710. An adjustment has been made in the adjusted cost report.

Regulation(s):

- **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.

- **Provider Reimbursement Manual (PRM)-Part I: 2304.1** – A participating provider of services must make available to its Intermediary its fiscal and other records for the purpose of determining its ongoing record keeping capability. The Intermediary's examination of such records and documents are necessary to ascertain information pertinent to the determination of the proper amount of program payments due the provider.

The recalculation resulted in an increase to fringe benefit costs of $250,710. An adjustment has been made in the adjusted cost report.

Recommendation: We recommend that OSSE include only actual fringe benefit costs incurred for their employees in the cost report. If the actual fringe benefit costs cannot be determined from its accounting records, a fringe benefit rate should be calculated and applied to the allowable payroll costs.

Management's Response: *Findings:* OSSE is unable to provide any details on fringe benefit amounts paid by employer. Per the Education Cluster Controller, Peoplesoft is unable to produce a report which shows the total amount of fringe benefits paid for each employee. As a result, the fringe benefit cost is calculated by determining the fringe benefit rate for the DOT for the fiscal year and multiplying that amount by the allowable payroll costs.

Recommendation: OSSE DOT will calculate the fringe benefit using the formula provided.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2015-02 *Some Nonpayroll Costs Were Not Allowable (Adjustment #2)*

Findings: Our testing of monthly fuel expenditures transactions revealed costs which were unallowable.

- The cost of fuel for leased vehicles was included in the cost report

The fuel costs for leased vehicles were inadvertently included in the cost report. Leased vehicles do not transport Medicaid students and as such the costs are unallowable.

Regulation(s):

— **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.

— **Medicaid State Plan Attachment 4.19B** states that transportation to and from school may be claimed as a Medicaid service when the following conditions are met:

a. Transportation is specifically listed in the IEP as a required service.
b. The child requiring transportation in a vehicle with personnel specifically trained to serve the needs of an individual with a disability.
c. A medical service is provided on the day that specialized transportation is billed; and
d. The service billed only represents a one-way trip.

Our testing resulted in a decrease to fuel costs of $3,399. An adjustment has been made in the adjusted cost report for the disallowance.

Recommendation: We recommend that OSSE adjusts costs that are unallowable and cannot be supported during cost report preparation.

Management's Response: *Findings:* OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE DOT will continue to work closely with the Agency Fiscal Officer (AFO) accounting office to ensure that costs reconcile with accounting records. Additionally, any fuel charges related to vehicles that do not transport Medicaid eligible students will not be included in the cost report.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2015-03 ***Cost Report Expenditures Not Reconciled to Accounting Records (Adjustment #3)***

Findings: The nonpayroll (less capital expenditures) costs in the cost report did not agree to OSSE's accounting records. The cost report showed nonpayroll contract use costs of $1,337,344. In our review of OSSE accounting records and testing of the costs, we were able to substantiate nonpayroll costs of $2,546,903.

	Cost Report	Accounting Records	Difference
Nonpayroll	$1,337,344	$2,546,903	$1,209,559

Regulation(s):

— **OMB Circular A-87, Cost Principles** states, "...to be allowable under Federal awards, costs must be adequately documented. Costs must also be necessary and reasonable for proper efficient performance and administration of Federal awards.

— **Medicaid State Plan Attachment 4.19B** – Transportation costs included on the cost report worksheet will only include those personnel and non-personnel costs associated with special education reduced by any federal payments for these costs, resulting in adjusted costs for transportation. The source of these costs will be the audited Trial Balance and supporting General Ledger, journals and source documents kept by OSSE. Costs are reported on an accrual basis.

It appears that some nonpayroll contract use costs were excluded from the cost report in error. Adjustments were made in the adjusted cost report to increase the nonpayroll costs by $1,209,559 for the differences between the cost report and the accounting records.

Recommendation: We recommend that OSSE include only those allowable costs that reconcile with its accounting records.

Management's Response: *Findings:* OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE DOT inadvertently excluded the cost for a major contractor providing emergency transportation services to special education students. OSSE DOT will more closely examine our submissions with multiple levels of review.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2015-04 ***Depreciation Expense Not Calculated Properly (Adjustment #4)***

Finding: OSSE included depreciation expense of $3,412,152 in the cost report. Based on the buses purchased in the prior and current fiscal years, the calculated depreciation expense was $1,315,094. An adjustment was made in the adjusted cost report to decrease depreciation expense by $2,097,058.

Regulation(s):

— **PRM-Part I: 104** – Depreciable Assets---Assets that a provider has an economic interest in through ownership (regardless of the manner in which they were acquired) are subject to depreciation. Depreciation is that amount which represents a portion of the depreciable asset's cost or other basis which is allocable to a period of operation. The amount of depreciation is determined by the provider's method of depreciation accounting.

Recommendation: We recommend that OSSE calculate depreciation expense only on those depreciable assets used to provide transportation services under the Medicaid program.

Management's Response:

Findings: OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. OSSE-DOT will continue to work closely with the Agency Fiscal Officer (AFO) accounting office to ensure that depreciation expense is calculated for all depreciable assets used to provide transportation services under the Medicaid program and that the amounts included in the cost report reconcile to accounting records for depreciation expense for the period covered in the cost report.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2015-05 ***Indirect Cost Rate Used Not In Accordance With Indirect Cost Rate Agreement*** **(Adjustment #5)**

Finding:

OSSE has an approved indirect cost agreement which allows the agency to charge indirect costs to federal programs. Under the agreement, indirect costs can only be applied to sub-awards up to $25,000.

It appears that OSSE applied the approved 29% indirect costs rate to the entire nonpayroll expenditure population instead of applying the rate to subawards up to $25,000.

Regulation(s):

— **OSSE Approved Indirect Cost Rate Agreement** – Under the indirect cost rate agreement, the base for calculating indirect costs is the direct costs less items of equipment, alterations and renovations, flow-through funds and that portion of each sub-award in excess of $25,000.

The net effect to the cost report was a decrease of $2,709,855 in indirect costs. An adjustment has been made in the adjusted cost report.

Recommendation:

We recommend that OSSE allocate indirect costs to the Medicaid program in accordance with its approved indirect cost rate agreement.

Management's Response:

Findings: OSSE concurs with the Auditor's findings.

Recommendation: OSSE concurs with the Auditor's recommendations. Medicaid is a reimbursement of expenses incurred by OSSE DOT for transporting Medicaid eligible students. However, they are federal funds and subject to applicable indirect cost rate per the Agency Fiscal Office.

APPENDIX A

OFFICE OF THE STATE OF SUPERINTENDENT OF EDUCATION
FINDINGS AND RECOMMENDATIONS *(Continued)*

2015-06 ***Inaccurate Reimbursable Payments (Adjustment #6)***

Finding: The total Medicaid claims paid amount of $1,461,051 in the cost report did not agree with the D.C. Department of Health Care Finance's (DHCF) records of $1,472,578.

Regulation(s):

— **Medicaid State Plan - Attachment 4.19B** – The cost reconciliation process must be completed with twenty-four months of the end of reporting period covered by the annual cost report. The total CMS-approved, Medicaid allowable scope of costs based on CMS-approved cost allocation methodology procedures are compared to the provider's Medicaid interim payments for school based health services delivered during the reporting period as documented in the Medicaid Management Information System (MMIS) resulting in cost reconciliation.

An adjustment of $11,527 is made in the adjusted cost report to agree with DHCF's records.

Recommendation: We recommend that OSSE reconcile their paid claims records to DHCF and include this figure in their cost report.

Management's Response:

Findings: OSSE does not concur with the Auditor's findings. OSSE reports what has been actually paid out by DHCF at the time of cost reporting. OSSE has no knowledge of the process DCHF utilizes to determine this figure. It would be beneficial for DHCF to explain their calculation for this field.

Recommendation: OSSE concurs with the Auditor's recommendation if DCHF will provide the figure and agree to explain the method utilized to determine the calculation for this field.

Government of the District of Columbia
810 First St. NE, 4th Floor
Washington, DC 20002

Dear Ms. Palmer,

In July, 2016, the USDA FNS Mid-Atlantic Regional Office (MARO) conducted a Management Evaluation (ME) of DC Office of the State Superintendent of Education's (OSSE) Child and Adult Care Food Program (CACFP) administration. The ME report disclosed findings in the State agency's Program operations and prescribed corrective actions to address all areas of regulatory non-compliance.

Based on the documentation submitted by your office and reviewed by MARO, OSSE has satisfactorily completed all corrective actions; as required. As a result, the DC FY 2016 CACFP ME is considered closed and no further action is required.

Thank you for the cooperation and support you and your staff have given throughout the ME process. We look forward to our continued partnership as we work to support FNS' mission to increase food security and reduce hunger.

Sincerely,

Timothy M. Walsh, Branch Chief

Dear Ms. Palmer:

This is to advise your office that the Fiscal Year 2017 TEFAP Management Evaluation review of the District of Columbia Office of the State Superintendent of Education that was conducted during May 2017 is now closed. Information responding to all corrective actions was provided. FNS staff reviewed the materials and validated implementation of all required corrective actions. Therefore the referenced review is closed as of the date of this letter.

We appreciate the cooperation and assistance of all staff involved during the course of this review process and look forward to our continuing productive work relationship. If you have questions or concerns, or if we can be of further assistance, please contact Andrea Czajkowski at 609-259-5151.

Sincerely,

Timothy M. Walsh, Branch Chief

Dear Ms. Palmer:

We have received your agency's multiple responses to the Fiscal Year 2015 District of Columbia Summer Food Service Program Management Evaluation (ME) covering the following program areas:

- Resource Availability
- Program Operations
- Program Oversight
- Appeal Procedures
- Waivers
- State Agency Civil Rights and Administration
- Financial Management

The responses to the Findings were adequate and we consider the Management Evaluation closed. Verification of the required corrective Actions taken by your office as a result of the review may be validated during a future on-site review.

We appreciate your cooperation in responding to the recommendations made by our reviewers. If you have any questions concerning this letter, please contact Joyce Rouba at 609-259-5136.

Sincerely,

UNITED STATES DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202

DEC 0 1 2016

Dr. Tony D. Johnson
Director, District of Columbia, State Office of Career and Technical Education
Office of State Superintendent of Education
810 First Street NE, 2nd Floor #2028-C
Washington, District of Columbia 20002

Dear Dr. Johnson:

Enclosed is the final report for the June 6–10, 2016, on-site monitoring visit conducted by the U.S. Department of Education (Department), Office of Career, Technical, and Adult Education (OCTAE), Division of Academic and Technical Education (DATE), pursuant to the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins, Perkins IV, or the Act). The purpose of this monitoring visit was to assess the degree to which the District of Columbia's Office of the State Superintendent of Education (DC OSSE), which is the agency that has been delegated responsibility by the District of Columbia Commission for Career and Technical Education (DC CCTE) (the sole state agency) to implement its Perkins grants to administer its Perkins grants, is meeting the requirements of Perkins IV. We hope that as a result of this visit, your State will identify ways to improve its Perkins administration, implementation, and accountability systems.

The DATE monitoring team identified four (4) compliance findings during its review. These findings are contained in the fiscal, local applications, accountability, and programs of study sections of the report. Applicable sections of Perkins IV and/or other relevant compliance documents are cited for each finding, along with corrective actions that the State must take to achieve compliance with Perkins IV. **Unless otherwise noted, all corrective actions must be submitted to our office for review and approval by close of business on Friday, March 17, 2017.**

The monitoring team also identified improvement strategies within specific sections of the report as possible ways for the State to strengthen its Perkins administrative, implementation, and accountability systems. We encourage you to implement these strategies, although you are not required to do so.

Thank you for a productive visit and your willingness to discuss strategies to prepare all career and technical education students in the District of Columbia for a successful future.

Sincerely,

Edward R. Smith, for

Sharon Lee Miller
Director
Division of Academic and Technical Education

Enclosure

FINAL REPORT:
District of Columbia's Compliance with the
Carl D. Perkins Career and Technical Education Act of 2006
(Perkins IV)

Overview

The U. S. Department of Education (Department), Office of Career, Technical, and Adult Education (OCTAE), Division of Academic and Technical Education (DATE), conducted an on-site monitoring visit to the District of Columbia's Office of the State Superintendent of Education (DC OSSE) on June 6–10, 2016, pursuant to the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins, Perkins IV, or the Act). The purpose of this monitoring visit was to assess the degree to which the DC OSSE, the agency that has been delegated responsibility by the District of Columbia State Board of Education (DC SBE) (the sole state agency) to implement its Perkins IV grant is meeting the requirements of Perkins IV.

The DC OSSE's Division of Postsecondary and Career Education (STATE) provides more than 8,000 students with career and technical education (CTE) programming in 34 CTE programs within 11 career clusters. These programs are offered via the State's Perkins secondary and postsecondary subrecipients within 20 high schools and public charter schools, the Education Services of Greater Washington, and the University of the District of Columbia-Community College (UDC-CC).

Monitoring Team Members

Name	Area(s) of Review
Edward R. Smith*	Local Applications
Andrew Johnson	Fiscal Program Responsibility
Jay Savage	Accountability, Special Populations
Sherene Donaldson	Programs of Study

* Monitoring Team Lead

Areas of Review

NOTE: What follows is a brief review of several District of Columbia Public Schools reorganization plans that were designed to provide effective career and technical educational opportunities to District of Columbia students. As a result of these changes, CTE programing at DCPS involving the transfer of Perkins State Administration and State Leadership activities from DCPS to the State Office of Career and Technical Education (SOCTE) within DC OSSE.

CTE Delivery System Prior to 2007: From the standpoint of Federal education policy, Washington, D.C. has a unique duality (without precedent elsewhere in the country) as both a "State"—the District of Columbia, and city oversight; Washington, DC. For almost 40 years, the District of Columbia Board of Education, established by D.C.'s Home Rule Charter played a corresponding dual role: as both DC's State Board of Education and Washington's Local Board of Education. Similarly, CTE Delivery System Prior to 2007: From the standpoint of Federal education policy, D.C. has a unique duality (without precedent elsewhere in the country) as both a "State"—the District of Columbia, and city oversight; Washington, DC. For almost 40 years,

the District of Columbia Board of Education, established by D.C.'s Home Rule Charter played a corresponding dual role: as both DC's State Board of Education and Washington's Local Board of Education. Similarly,

District of Columbia Public Schools (DCPS)—in its capacity as the staff of the D.C. BOE—played a dual role as, in effect, the "Washington D.C. Department of Education" and the "City of Washington School Department."

Moreover, for the specific purposes of the Perkins Act, the DC BOE represented both a State "Eligible Agency" as defined in §3(9)—a State Board designated as the sole State agency responsible for the administration or oversight of CTE in the State—and a local "Eligible Recipient" as defined in §3(11)—an LEA (including a public charter school) eligible to receive assistance under §131.

Correspondingly, the DCPS Office of Career and Technical Education (OCTE) was assigned responsibility for both State Administration and State Leadership under Perkins sections 112 and 124 (among others), and Local Plans and Uses of Funds under sections 134 and 135.

CTE Delivery System 2007 to the Present: The Public Education Reform Amendment Act of 2007: The purpose of the Public Education Reform Amendment Act of 2007 include the following: 1) established the District of Columbia Public Schools as a cabinet-level agency subordinate to the Mayor; 2) created a Chancellor of the District of Columbia Public Schools; 3) established a Department of Education headed by a Deputy Mayor for Education; 4) amended the State Education Office Establishment Act of 2000 to change the name of the State Education Office to the Office of the State Superintendent of Education; and 5) transferred and assign state-level education agency functions to the State Superintendent of Education Office.

On April 19, 2007, final passage of the Public Education Reform Amendment Act of 2007 (PERAA) set the stage for major structural changes in the administration of public education in the District of Columbia—including the administration of Federal education assistance programs authorized under the Carl D. Perkins Career and Technical Education Act of 2006 (P.L. 109-270). With the passage of PERAA, the role of the DC Board of Education has been recast in strictly State-level terms.

Under the new framework, the DC BOE became an advisory body, the DC State Board of Education. All State-level functions were transferred from DCPS to the Office of the State Superintendent of Education (DC OSSE—previously the State Education Office, SEO) and other agencies under the umbrella of the new DC Department of Education (DC DOE).

With respect to Perkins Act programming, Perkins State Administration and State Leadership activities were transferred from DCPS OCTE to the State Office of Career and Technical Education (SOCTE) within DC OSSE—effective October 1, 2007, the beginning of the Federal and District of Columbia 2008 fiscal years.

Local functions performed by DCPS/OCTE were unaffected by the transfer of State functions to DC OSSE, as are the local operations of other eligible recipients under §131—including DC Public Schools and DC Charter schools.

A. Fiscal Program Responsibility

Current Status:

The OSSE received a Perkins IV Title I basic grant award totaling $4,214,921 for program year (PY) 2016-17, beginning on July 1, 2016. The State targeted 5.93percent of its Title I funds for State administration activities and 9.06 percent for State leadership. From its State leadership funds, the State allotted $150,000 for nontraditional activities and $42,150 for State institutions. The remaining 85.01 percent of the Title I funds were allocated to secondary and postsecondary eligible recipients, with 83.74 percent of these funds slated for the secondary level, and 16.26 percent for the postsecondary level.

For PY 2016, the OSSE is currently in the process of utilizing Title I ten percent reserve funds under the authority of section 112(c) for the first time under the Perkins IV law. The OSSE is planning to distribute these funds to four (4) charter school districts to provide additional resources to assist them in meet their Perkins performance goals that OSSE has established for the PY 2016-17 school year, as well as to ensure greater equity among all Perkins funded CTE programs in the District.

The OSSE has made a concerted effort to reduce the level of carryover by expending a substantial portion of its section 112 (a)(1) flow through funds, section 112 (a)(2) State leadership funds, and section 112 (a)(3) State administration funds during the first twelve months of grant availability.

The DC City Council has demonstrated a significant financial commitment to CTE with annual State appropriations for secondary CTE programs.

Findings:

Finding #1: The OSSE failed to submit financial status reports that were complete, accurate, and reliable.

Evidence: This determination was made after an extensive review of the fiscal year (FY) 2013 Perkins final financial status report (FSR), OSSE's financial records, and conferring with appropriate OSSE personnel. During the review, OSSE was unable to reconcile expenditures that it reported on the FY 2013 final FSR (obligation period July 1, 2013 to September 30, 2015) to formula distribution funds for secondary recipients (row G, column 9 of the FSR) and other leadership activities (row O, column 9 of the FSR) to summary financial records provided by the OSSE staff. These financial records showed formula distribution funds for secondary recipients were under reported by $19, 221.22 and other leadership activities were over reported by $19,221.22.

Relevant Legal Requirement: 2 CFR 200.302 of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Final Rule (Uniform Guidance).

Corrective Action Required: The OSSE must provide accounting records to verify its formula distribution funds for secondary recipients and other leadership activities to support its final FSR

for its FY 2013 grant, which it submitted March 31, 2015. If the OSSE cannot verify its reported Federal expenditures for its FY 2013 grant with its existing accounting records, the OSSE must file an amended final FSR to reflect the non-Federal expenditures supported by its existing accounting records. The OSSE also must adopt and submit policies and procedures to ensure that its financial management system meets the standards required by § 2 CFR 200.302 in the Uniform Guidance. The OSSE must submit this documentation and FSRs to this office by close of business on Friday, December 30, 2016.

Suggested Improvement Strategies:

Strategy #1: The OSSE should consider adopting policies and procedures to clarify the secondary alternative formula allocation process that is currently being utilized. For example, the OSSE should consider referencing the actual elements that comprise the secondary and postsecondary formula (grades 9-12 free and reduced lunch enrollment data and grades 9-12 enrollment data) instead of the elements spelled out in section 131 of the Perkins IV law.

B. Local Applications

Current Status:

DC OSSE administers an electronic local application system based on its five-year plan and annual updates. The on-line/electronic local application process is designed to meet the intent of the Perkins legislation. The electronic local application simplifies facilitates local application planning by secondary and postsecondary grantees, by providing direction on the permissive uses of Federal funds for CTE, and requiring subrecipients to meet the assurances specified in Perkins IV. The DC OSSE uses an electronic local application system based on a local five-year plan with annual updates. The on-line/electronic local application review form contains a number of basic elements: required description, location, provided/not provided/notes sections that are included on the on-line form/document to provide a relevant review of local applications.

DC OSSE developed a rubric to evaluate its FY 2015 annual local applications against the requirements of section 134(b) of Perkins IV. In addition, the DC OSSE's online Electronic Grants Management System (EGMS), which manages Perkins budgets, change requests, and requests for reimbursement, can enable staff to drill down to the object code to determine how Perkins funds are actually spent. The online EGMS captures accounting categories such as salaries, equipment and supplies, etc.; and program categories (i.e., guidance, professional development, special populations, etc.). This financial system is a useful tool in linking the use of program funds (with breakdowns per *program* area) to performance results which enhances the State's ability to determine the local impact of student performance levels.

It is also important to note that DC OSSE developed a comprehensive monitoring process to evaluate all secondary and postsecondary recipients. This process includes a risk analysis rubric to determine which eligible recipients shall receive an on-site visit or desk audit. Secondary recipients are on a six-year, on-site review cycle, while postsecondary recipients primarily receive desk audits due to budget constraints. All reviews culminate with a comprehensive monitoring report that include findings, corrective actions, if any, and timeframes for the completion of corrective actions. Specifically, the DC OSSE developed the following two CTE

Policies and Procedures manuals: a) Guidance for Carl D. Perkins Grant Recipients 2014; and b) Guidance for Carl D. Perkins Grant Recipients 2012-2017.

Findings:

Finding #1: The DC OSSE's online local application form failed to address several required elements in section 134 of the Perkins Act.

Evidence: This determination was made after reviewing local applications submitted by the following schools: Youthbuild Public Charter School (PCS), Washington Math Science & Technology PCS, Friendship PCS, Maya Angela PCS, Integrated Design & Electronics Academy PCS, Ellington School of the Arts, McKinley Technology HS, H.D. Woodson HS, Cardozo HS, Phelps ACE HS, Columbia Heights Education Campus HS, Booker T. Washington HS, Wilson HS, Woodson HS and UDC-CC, as well as conferring with appropriate DC OSSE personnel.

It is important to note that the on-line local application form *failed* to require local recipients to describe how they will: (1) encourage career and technical education students to enroll in rigorous and challenging academic subjects; (2) assure that career and technical education students are taught to the same academic standards as all other students; (3) provide programs that enable special populations to meet local adjusted levels of performance; (4) provide activities to prepare special populations for high skill, high wage, or high demand occupations; (5) provide opportunities for students in non-traditional programs; (6) ensure special populations will not be discriminated against; (7) identify and adopt strategies to overcome barriers for special populations; (8) provide programs that enable special populations to meet local adjusted levels of performance; and (9) support career guidance and academic counselors, including individuals in groups underrepresented in the teaching profession.

Relevant Sections of the Legislation: Sections 134(b)(1), 134(b)(2), 134(b)(3)(A-E), 134(b)(5), 134(b)(7), 134(b)(8)(A-C), 134(b)(9), 134(b)(10), 134(b)(11), and 134(b)(12)(A-B).

Corrective Action Required: The DC OSSE must revise and submit to this office for review its on-line secondary and postsecondary local application form(s) to address each of the required elements of section 134 of Perkins IV. The revised on-line electronic local application form must be used as the basis for the allocation of funds to both local and postsecondary eligible recipients for FY 2017 beginning July 1, 2017.

Suggested Improvement Strategies:

Strategy #1: DC OSSE should consider refining its definition of "size, scope, and quality" for approved programs, services, and activities, for example, with "size" predicated on a minimum student participation level, "scope" tied more closely with the concept of "programs of study," and "quality" connected to placement or graduation rates.

C. Program of Study

Current Status:

DC OSSE's Division of Postsecondary and Career Education provides 34 CTE programs within 11 career clusters. These programs are offered via the State's Perkins secondary and postsecondary subrecipients within 20 high schools and public charter schools, the Education Services of Greater Washington, and the University of the District of Columbia-Community College (UDC-CC). The State is in the midst of implementing a comprehensive district-wide CTE strategic plan. This plan is composed of seven strategies that are poised to improve CTE within the District of Columbia by 2017. It provides non-regulatory guidance for LEAs to use to measure the alignment of their Perkins funded CTE Programs with the CTE Strategic Plan indicators.

The plan strives to ensure that 80% of the students within the District complete a CTE program of study that leads to an industry-recognized certification or credential with the District's most promising occupations. It identifies 12 priority career sectors within the District. The State is in the process of developing example frameworks of CTE POS for each of the POSs within the state's identified career clusters and promising occupations. These frameworks are estimated to be completed and made fully available to State's local education agencies (LEAs) for the 2017-18 school year.

The DC OSSE has recognized policies and guidelines that their LEAs and postsecondary institutions must follow in order to apply for State approval of CTE programs. DC OSSE's website provides online resources that depict a listing of the State's LEAs that offer CTE programs within the identified career pathways. DC OSSE uses the EGMS for the Perkins local applications and provides LEAs with the opportunity to submit their local application information for their CTE programs. This online system was intended to provide secondary and postsecondary eligible recipients a mechanism for which they could demonstrate alignment of their CTE program delivery pursuant Perkins legislation. DC OSSE is also responsible for approving CTE POS administered by Perkins secondary and postsecondary eligible recipients.

DC OSSE also assesses the Perkins LEAs using the State's Career and Technical Education Comprehensive Monitoring Tool. For example, this tool reviews the LEAs in 12 program quality areas that include curriculum, instruction, assessments, postsecondary connections, industry connections, career awareness, special education, special populations, financial administration, equipment and inventory management, expenditures, and time and effort. However, DC OSSE could not provide documentation of having provided their secondary and postsecondary eligible recipients with at least two POS pursuant to Perkins that could be adopted by the LEAs and postsecondary institutions to be offered as an option to students when planning for and completing future coursework.

The District of Columbia Public Schools (DCPS), one of the District's largest (LEA), offers 21 CTE and National Academy Foundation (NAF) Programs. There are 14 NAF career academies at six (6) DCPS schools. DC OSSE also has CTE programs at two District of Columbia Public Charter Schools (DCPCS). These academies prepare students in engineering, hospitality and information technology.

In addition to reviewing documents at the State, monitoring personnel conducted on-site visits to the nine eligible subrecipients: Six DCPS Schools (Wilson HS, Dunbar HS, Chesterfield HS, Ballou H.S. and Ballou STAY) and three public charter schools (Youthbuild, Friendship Tech Prep and Friendship Collegiate). Monitoring personnel also met with representatives from UDC-CC. Each subrecipient discussed their CTE programs and how the provided beneficial outcomes for students. Students were being provided with CTE experiential learning opportunities that utilized community partners who made contributions to the CTE programs monitored. The UDC-CC had partnerships with each of the sites visited and provided opportunities for CTE students to earn postsecondary credits and credentials. During these visits, monitoring personnel met with school and district administrators, staff, parents, and students, all of whom were familiar with both career pathways and POS; however, *none* of the eligible recipients were able to produce any evidence of offering at least one POS pursuant to Perkins IV.

Findings:

Finding #1: DC OSSE failed to provide documentation that it has established at least one career and technical programs of study (POS) that may be adopted by LEAs and postsecondary institutions to be offered as an option to students (and their parents as appropriate) when planning for and completing future coursework.

Evidence: This determination was made after reviewing State-level documentation pertaining to POS and interviewing state staff.

Relevant Sections of Legislation: Section 122(c)(1)(A)(i-iv)

Corrective Action Required: BDC OSSE must develop or adopt at least *one* career and technical POS that meet the requirements of section 122(c)(1)(A)(i-iv) of Perkins IV. Following development/adoption of at least two POS, the State must submit the POS to OCTAE and provide evidence that it has disseminated the POS to all LEAs and postsecondary institutions, either by posting the POS to the State's CTE website or by other means of dissemination. The required elements of a POS must be in place July 1, 2017.

Finding #2: Both DC OSSE and the STATE failed to ensure that each subrecipient offered at least POS pursuant to Perkins IV.

Evidence: This determination was made after conducting on-site reviews, interviewing key staff, and reviewing "*state*"-level and local-level documentation pertaining to POS.

Relevant Sections of Legislation: Section 134(b)(3)(A) and 135(b)(2)

Corrective Action Required: Both DC OSSE must revise its local application(s) and accompanying instructions to conform to the requirements of section 134(b)(3)(A) and Section 122(c)(1)(A)(i-iv) of Perkins IV. DC OSSE and the STATE must submit its revised local application(s) and accompanying instructions to OCTAE before the next allocation of federal Perkins funds to eligible recipients after July 1, 2017.

DC OSSE must revise its Perkins subrecipient monitoring instruments and guidelines to ensure that subrecipients continue to offer *at least one POS* in accordance with their approved online

local application form. This form must be submitted to this office by close of business on Friday, March 17, 2017. Following the allocation of federal Perkins funds to eligible recipients after July 1, 2017, DC OSSE must submit a random set of approved secondary and postsecondary annual applications to OCTAE as evidence that *each* subrecipient offers at least one POS.

Suggested Improvement Strategies:

Strategy #1: The funded subrecipients' applications failed to address the requirements of section 134(b) and were not consistent in how they were completed and implemented. A formal/standardized process should be developed to determine whether a subrecipient was compliant with section 134(b). In addition, DC OSSE should also consider conducting a complete review of POS documents and follow-up corrective actions regarding any non-compliance issues. A review of this nature may include an annual assessment of both secondary and postsecondary subrecipients' implementation of a POS pursuant to Perkins IV. This could be accomplished by adding questions regarding POS implementation to the revised annual local application and to the onsite monitoring instruments.

Strategy #2: DC OSSE should consider revising the Perkins local plan to require eligible recipients to upload at least one approved POS template or to list their approved program(s) of study, and to identify their secondary or postsecondary partner(s) in the POS via the EGMS. Doing so would make it easier for District staff to determine that all Perkins eligible recipients have met the requirement for offering *not less than one POS* and allow Perkins POS documentation to be accessed with the local plan.

Strategy #3: DC OSSE should consider providing professional development activities and technical assistance, with a particular focus on the joint secondary–postsecondary POS planning, course sequencing, and alignment based on the career and technical education programs of study frameworks that are currently being developed. It is important to note that the DC OSSE developed a POS Framework (currently in template form) could become a useful and effective tool; particularly if both secondary and postsecondary subrecipients implement this form collaboratively.

Strategy #4: DC OSSE's subrecipient, DCPS, utilizes an online academic and career guidance platform to track and record student achievement and progress. DC OSSE should consider collaborating with DCPS and the UDC-CC via technical assistance initiatives in an effort to streamline and align POS. In addition, DCPS could incorporate a POS theme into their professional development and training opportunities for guidance and career counseling staff using the online academic and career guidance platform. Moreover, DC OSSE could develop and host technical assistance webinars that emphasize the importance of joint secondary-postsecondary planning, course sequencing, and alignment within the subrecipients' student data systems.

Strategy #5: DC OSSE should consider working with DCPS to enhance the online academic and career guidance platform so that it is more intuitive and beneficial for student users as it is now primarily designed to be used by local and district-level staff.

Strategy #6: DC OSSE should re-evaluate the utility and currency of established POS articulation agreements. It appears that some of these agreements were fashioned under Title II, Tech Prep and have remained intact or expired with no significant modifications since. Given the emergence of performance results for planning purposes, and the prevalence of dual enrollment and dual credit opportunities for POS students, articulation agreements should embody considerably more facets of postsecondary and secondary POS components aligned with the CTE programming in DC. As the District looks to enhance various programmatic components of its CTE POS program; it could consider not only expanding its program of dual and articulated credits for secondary students, but the DC OSSE should also develop district-wide (and multistate) articulation agreements to increase the portability of credits earned by CTE POS students who later attend postsecondary institutions throughout the Washington, DC metropolitan area.

Strategy #7: DC OSSE should consider reviewing its alternative programs to ensure they meet the allowed use of funds legislation set forth by Perkins IV. We also recommend that DC OSSE conduct a thorough review of the Youthbuild and Ballou STAY programs regarding how CTE instruction and services are being administered.

D. Accountability

Current Status:

The DC OSSE failed to meet seven (7) of the fourteen State-adjusted performance levels at the time of submission of its December 31, 2015, Consolidated Annual Report (CAR), covering FY 2014-15. In addition, it failed to meet the following two indicators: secondary academic attainment in reading/language arts (1S1) and postsecondary student retention (3P1) by the 90 percent threshold allowable under the Act and, therefore, was required to implement a program improvement plan pursuant to section 123(a)(1) of Perkins IV. See Table I. Finally, it is important to note that DC OSSE stipulated that *no* revisions were required for performance levels, definitions, or measurement approaches for PY 2014-15.

Secondary data is reported by LEAs through the District Student Identification System (DSIS). Post-secondary institutions use site-based data systems for maintaining and submitting data to the DC OSSE. It is important to note that the Office of Career and Technical Education hosts annual data conferences that provide training to local education agencies (LEAs) personnel regarding data management, ensuring accurate reporting of data, and data submission.

In PY 2014-15, the DC OSSE worked to ensure the accuracy of data contained in the District Student Information System (DSIS) by conducting training workshops to provide technical assistance and instruction to school district personnel on CTE data elements in the DSIS. The workshops addressed the importance of data quality when evaluating and describing program performance.

The data collected in the DSIS is linked to the District's Longitudinal Data Systems (SLDS). The SLDS has been designed to permit State offices, schools, and other stakeholders make data-informed decisions to improve student learning and outcomes. This data system not only permits the District to evaluate the CTE program, but assists the LEAs in prioritizing resources to improve delivery of training to enrolled students. This SLDS is a significant improvement over

the previous STARS system and has helped advance and expand the District's K-12. Similarly, the postsecondary data system has assisted in collecting longitudinal data on P-20W CTE students and programs. The postsecondary data system is especially noteworthy because until the District instituted its "Community College" program within the UDC system, the tracking of individual CTE students was laborious and unreliable. Now, the postsecondary data system can return valid and reliable data on postsecondary CTE students.

TABLE 1
PERFORMANCE LEVELS AND ACTUAL PERFORMANCE:
Program Year 2014-15

Indicator Code	Indicator	Grand Total Student Numerator	Grand Total Student Denominator	Grand Total Performance Levels	Grand Total Actual Performance * Failed to meet performance level **Failed to meet performance level by the 90% threshold
SECONDARY LEVEL					
1S1	Academic Attainment Reading/Language Arts	21,229	27,872	93.00%	76.17%**
1S2	Academic Attainment Mathematics	5,956	9,247	65.00%	64.41%*
2S1	Technical Skill Attainment	21,702	37,339	42.00%	58.12%
3S1	Secondary School Completion	43,401	43,886	95.00%	98.89%
4S1	Student Graduation Rate	42,810	45,124	92.50%	94.87%
5S1	Secondary Placement (postsecondary, employment, military)	37,055	37,283	75.00%	99.39%
6S1	Nontraditional Participation	28,754	154,076	19.20%	18.66%*
6S2	Nontraditional Completion	2,371	14,208	18.00%	16.69%*
POSTSECONDARY LEVEL					
1P1	Technical Skill Attainment	66,734	81,601	79.25%	81.78%
2P1	Credential, Certificate or Degree	31,517	59,352	46.25%	53.10%
3P1	Student Retention or Transfer	3,970	8,683	51.10%	45.72%**

Indicator Code	Indicator	Grand Total Student Numerator	Grand Total Student Denominator	Grand Total Performance Levels	Grand Total Actual Performance * Failed to meet performance level **Failed to meet performance level by the 90% threshold
4P1	Student Placement (apprenticeship, employment, military)	29,505	29,927	98.25%	98.59%
5P1	Nontraditional Participation	11,354	70,797	17.65%	16.04%*
5P2	Nontraditional Completion	3,174	24,511	13.29%	12.95%*

Findings:

No findings were noted.

Suggested Improvement Strategies:

Strategy #1: DC OSSE should consider developing a comprehensive set of written data analysis rules regarding the *collection* of student and program performance data and information. Although DC OSSE has developed a data reporting manual for its CTE programs, the manual does not discuss how data should be incorporated into final reports as well as how data can be used to develop corrective actions in response to performance shortfalls.

Strategy #2: DC OSSE should consider undertaking more regular analysis of disaggregated data to identify and quantify disparities in student outcomes. This information could be used as a basis for statewide technical assistance and special initiatives designed to address performance shortfalls. Additionally, the DC OSSE should consider strengthening the relationship between data programmers and program staff to improve efficiency and service to districts.

Strategy #3: DC OSSE should consider refining the local improvement plan template in order to capture useful information from local recipients (e.g. timeline for completion of strategies and initiatives, responsible persons for implementation of initiatives, benchmarks, and strategies to evaluate progress). An improved local improvement plan should also note performance targets for each indicator and actual performance data. By allowing subrecipients to address *indicator performance* rather than program category performance, the District may enhance its evaluation of LEA progress.

Strategy #4: DC OSSE should consider creating an automated system that links the local application, local improvement plans, and local annual reports. An integrated automated system can automatically populate performance data into a local improvement plans, annual reports and local applications on the updated online EGMS. The integrated automated system would allow

for a more seamless transition of information and significantly increase the accuracy, validity and reliability of collected data.

Strategy #5: DC OSSE should consider creating a budget matrix to help local recipients and State officials track and link expenses to performance data. This effort would enable an evaluation of how Perkins resources are used to fund activities and initiatives directly linked to performance shortfalls. Moreover, it may also prove to be useful in monitoring program initiatives and overall local recipient performance.

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Office of the Inspector General

Inspector General

OIG

March 30, 2017

Antwan Wilson
Chancellor
District of Columbia Public Schools
1200 First Street, N.E., Suite 1230
Washington, D.C. 20002

Hanseul Kang
Director
Office of the State Superintendent of Education
810 1st Street N.E., Ninth Floor
Washington, D.C. 20002

Dear Chancellor Wilson and Director Kang:

The purpose of this letter is to inform you that the Office of the Inspector General (OIG) plans to conduct an Audit of the District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS) Student Residency Verification Program. The objectives of the audit are to assess DCPS' and PCS': (1) enrollment processes for non-resident students; and (2) revenue collection processes for recording and reporting non-resident tuition and fines.

This audit was included in the *Fiscal Year 2017 Audit and Inspection Plan*, and will be conducted under project code OIG No. 17-1-16GA. Please reference this project code in correspondence involving this audit. Our preliminary audit fieldwork will begin on or about April 3, 2017.

T. Dinell Arnold, Audit Director, will call to arrange an entrance conference to discuss the audit process, the audit objectives, and to answer any questions you may have. Should you have questions in the interim, please contact me or Toayoa D. Aldridge, Assistant Inspector General for Audits, at (202) 727-2540.

Sincerely,

Daniel W. Lucas
Inspector General

DL/tda
