Teacher Recruitment and Selection

Key Highlights

1. The DCPS recruitment site that was launched in late fall 2012, www.joindcpublicschools.com, attracted an additional 80,000 unique visitors in the SY 13-14 recruitment season.
2. In 2014, DCPS increased the size of the teacher recommended pool by 56% compared to 2013.
3. The application for DCPS teacher and educational aide positions launched on January 5, 2015, on par with last year.
4. The order of the selection process was changed this year in order to capture video footage of teaching practice at an earlier stage, as we have found it to be predictive of future performance on IMPACT.

Recruitment Strategy

DCPS leverages a multi-faceted strategy to attract applicants to teaching positions. Key recruitment activities fall under the following categories: marketing and advertising, proactive sourcing, campus and community partnerships, and the Capital Commitment Fellowship.

A summary of key expenditures is below.

Recruitment Category	FY 2013 Actual	FY 2014 Actual	FY 2015 To Date
Online Postings	\$13,081	\$30,803	\$12,000

Bus / Metro Ad	\$22,000	\$0	\$0
TOTAL	\$80,050	\$87,879	\$26,945

Marketing and Advertising: DCPS posts teacher vacancies on a variety of sites for both general and subject-specific teacher recruitment. Some prominent sites include Education Week, National Council for Teachers of Mathematics, and the National Association for Bilingual Education. We also continue to leverage our recruitment website, www.joindcpublicschools.com, which targets candidates for roles across the school district including teacher, school leader, and central office roles. We pursue very limited print advertising, but feature advertising on websites and via e-mail.

In order to meet talent needs for special education classrooms in the district, we place online postings and print ads with targeted networks including: National Association of Special Education Teachers (NASSET), Council for Exceptional Children (CEC), and American Association on Intellectual and Developmental Disabilities (AAIDD).

In order to attract teachers of color and especially males of color to DCPS, we are very intentional in developing postings and ads that feature teachers of color, as this reflects the diversity among our existing teacher force and student body. Additionally, we identify sites to post where we are more likely to reach diverse teaching candidates such as: Diversity Recruitment Partners, or National Alliance of Black School Educators.

Proactive Sourcing: DCPS is implementing a comprehensive strategy for headhunting (also known as sourcing or mining) to attract experienced teachers. To pursue teaching candidates, our team proactively identifies teachers across the country who have a demonstrated track record of success working in a high-need school. We especially focus on school districts with student demographics comparable to DCPS, in order to increase the cultural responsiveness and awareness a prospect would bring regarding the needs facing our students and community. Additionally, we recruit in districts with high English language learner populations, particularly in the Southwest, as this is a growing and urgent still set needed among teachers in DCPS. Once candidates are identified, we invite them to participate in one-on-one prospect cultivation calls as well as group webinars. These calls offer a forum for us to share details of promising initiatives and progress in DCPS that might inspire teachers to join our efforts to provide a world-class education to all of our students. Last year, we sourced an additional 10,000 prospects, in addition to further cultivating over 15,000 prospects we identified in the prior year.

Campus and Community Partnerships: Our campus outreach focuses primarily on attracting candidates for hard-to-fill and specialized subject areas. For example, we engage in outreach to universities with strong programs in bilingual education, autism, Montessori, etc. Additionally, as teachers of color represent only 18% of the teaching force nationwide, we actively recruit teachers graduating from Historically Black Colleges and Universities (HBCUs) as well as Hispanic Serving Institutions (HSIs). HBCUs continue to produce a disproportionate number of Black teachers entering the workforce, roughly 50% of the total each year. Where possible, we recruit from graduate programs in education as well, as they are somewhat more likely to include experienced teachers who are pursuing additional development. Additionally, we are closely tracking student teachers who are receiving training in our schools, in order to cultivate them to apply early for teaching positions.

The teacher recruitment team also formally manages the District's contracts with Teach for America (TFA) and the DC Teaching Fellows (DCTF). We provide staff from both programs with information about how the cohorts are performing and how they can support Corps Members and Fellows to develop through coaching over the course of the school year. Additionally, we expect our pipeline partners to attract diverse talent as well. For the upcoming cohorts, both organizations anticipate at least 40% of their teachers will be people of color.

Capital Commitment Fellowship: In DCPS, we know that teaching talent will play a crucial role in meeting our goals for students. As a result, through our Capital Commitment Fellowship (CCF), we start to recognize top performing teachers before they even begin in our classrooms and actively incentivize them to teach in the District's high-poverty schools.

Based on teaching candidates' demonstration of strong instructional knowledge and focus on student achievement in our selection process, we invite exceptional candidates to apply for the Capital Commitment Fellowship, which is a selective cohort of experienced educators who are motivated to work in high-poverty schools where they are needed most. Individuals who are chosen to be a part of the Capital Commitment Fellowship are afforded the following benefits:

- **Individualized support throughout the hiring process.** This may include a personal hiring liaison from the DCPS Teacher Recruitment & Selection Team.
- **Increased leadership opportunities.** All Fellows will enter the district at the Advanced stage on the DCPS LIFT career ladder – which means access to additional leadership opportunities, all while remaining in the classroom.
- **Increased salary.** Capital Commitment Fellows will receive a two year service credit increase upon acceptance of a teaching position at a high-poverty DCPS school.

Overall, 35% (126) of 356 the total candidates hired through Teach DC went to one of our 40 lowest performing schools, while 78% (276) went to high-poverty schools (including the 40 targeted). This is proportional to the overall representation of 40 targeted schools in our district, as well as the total vacancies filled in 40 targeted versus other schools.

Of the 29 Capital Commitment Fellows who joined the district, 100% are teaching at high-poverty schools (including the 40/40), and 34% specifically joined the lowest 40 performing schools in the district.

Selection Strategy

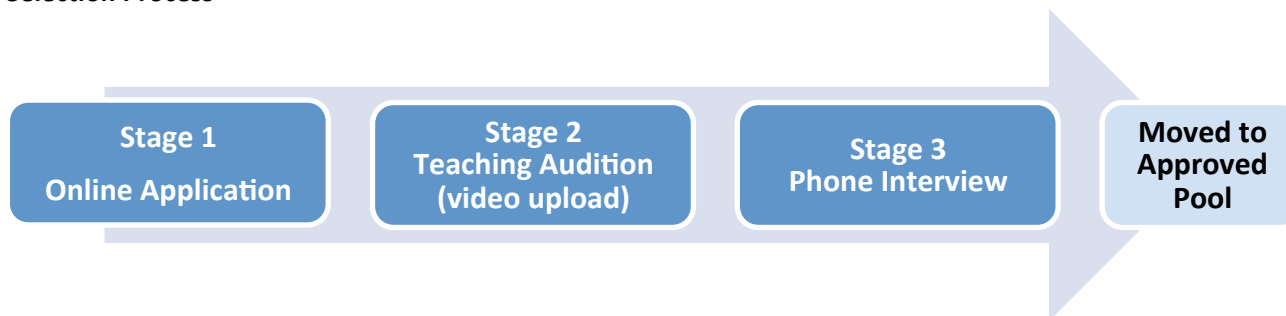

The teacher recruitment and selection team ensures that candidates complete a rigorous, competency-based assessment process that will be predictive of their future performance in DCPS classrooms. Our selection criteria align with the DCPS Teaching and Learning Framework (TLF) that is used as the basis for IMPACT evaluations. We hire Teacher Selection Ambassadors (TSAs) to conduct interviews and rate candidates on their instructional expertise. These TSAs are high-performing DCPS teachers who have themselves demonstrated skill in meeting the highest standards of the TLF and exhibiting strong content knowledge. Portions of TSA training are identical to that of principals and master educators, to ensure their ratings of instructional competencies align with how teachers will ultimately be evaluated if they are hired. TSAs interview candidates whose subject areas match theirs, which allows TSAs to leverage their context expertise in screening candidates.

Competencies Assessed

Teaching candidates are assessed on the following competencies:

1. **Instructional Expertise**
 - Standards-based and developmentally appropriate planning and content delivery
2. **Track Record of Success**
 - Evidence of prior achievement with students
3. **Core Values / Beliefs**
 - Familiarity with challenges of urban schools and belief that all students can achieve at high levels
4. **Communication Skills**
 - Ability to convey information clearly and accurately

Selection Process

Step 1: All candidates apply through an **Online Application**. DCPS works closely with OSSE to ensure that candidates who advance beyond the application meet OSSE’s minimum requirements for licensure. Through questions and essays, the online application assesses the competencies outlined above.

Step 2: Candidates who advance beyond the application phase are invited into submit at 20 -30 minute **Video Upload** of their classroom practice. This stage allows for additional evidence of instructional expertise in their actual classroom setting. For candidates who are novices or returning to the classroom from another role, there will be opportunities to instead do an **Audition** in a DCPS classroom where they teach a lesson to DCPS students. The candidates receive the teacher’s objective in advance of the audition so that they create a lesson that aligns with the teacher’s plan.

Step 3: Candidates who advance beyond the video upload are invited for a **Phone Interview**. This phase consists of questions that follow up on the application and video that candidates provide at the earlier stages.

Step 4: Candidates who successfully complete the phone interview stage will be placed in the **pool of “recommended candidates,”** from which principals select candidates to interview for hire.

Additional Requirements for Capital Commitment Fellowship Consideration

In order to be considered for the Capital Commitment Fellowship (CCF), candidates must complete the following in addition to the standard application process above. This year, to further streamline the process, we invite candidates to submit additional materials following the initial application stage if they would like to be considered for the CCF. This way, they can complete a single differentiated interview (rather than the two that were required in past seasons) and will receive notification of whether they were admitted to the CCF closer to when they are notified they have advanced to the general teacher recommended pool.

1. **A second screen of instructional effectiveness.** A 20-minute video of the candidate teaching in action. That video must be different than the audition video they submit to DCPS as a part of the regular teacher application.
2. **Submission of a data tracker.** Applicants for the Capital Commitment Fellowship must also submit data demonstrating their success in increasing their achievement.

Chancellor Henderson Announces DCPS Will Not Use Student Test Scores in Teacher Evaluations Next School Year

District of Columbia Public Schools (DCPS) Chancellor Kaya Henderson [announced today](#) that the school system will not use student test scores for teachers' 2014-15 performance evaluations. This change – which will only apply to the 2014-2015 school year – is a result of the school system's transition to a new state assessment, the PARCC, which is aligned to the rigorous Common Core State Standards.

DCPS uses what is known as a "value-added" measure to quantify the impact that a teacher has on student learning. For the past four years, DCPS has calculated value-added scores for teachers whose students take DC's "state" assessment, the DC CAS. Though it is possible to do the same with the PARCC assessment, DCPS has decided to hold for one year, acknowledging that the data from the new test may not be available in time for the school system to generate final teacher ratings by mid-summer, when it traditionally informs educators of their scores. DCPS will return to using value-added measurements during the 2015-16 school year.

"We firmly believe that student learning is a key indicator of teacher performance – and value-added is one of the best ways to measure that. But we also know that new assessments always bring delays and unexpected complications," said Henderson. "Our teachers want and deserve clarity about when they will receive their final evaluations. So we decided to hold on value-added for one year as we work out any potential wrinkles."

For the past few years, teachers whose students take the DC CAS had 35 percent of their evaluations tied to value-added scores. For the 2014-15 school year, that 35 percent will be replaced by classroom observation data. DCPS will continue to offer bonuses up to \$20,000 for top-performers working in low-income schools.

The PARCC is a new assessment aligned to the Common Core State Standards. DCPS implemented these rigorous, internationally-benchmarked standards beginning in the 2010-11 school year, and remains unequivocally committed to them. States and school districts across the country are in the process of using new state exams, such as the PARCC, that measure student performance aligned to these standards.

June 19, 2014

Dear Teachers,

I hope you are having a wonderful last week of school. I'm writing to provide you with a very important update about how our move to the PARCC next year (to replace the DC CAS) will affect IMPACT.

As you know, teachers in tested grades and subjects currently have 35% of their IMPACT scores tied to the performance of their students on the DC CAS. We use a "value-added" measure to do this, whereby we compare the learning trajectory that students are on with how they actually perform in a particular teacher's class. To calculate value-added scores, we need test data from before *and* after a student was with a particular teacher. Given this, many of you have naturally asked if we would be able to calculate value-added scores next year, when the "before" data will come from the DC CAS, but the "after" data will come from the PARCC.

Though it is possible to calculate value-added scores with two different assessments, we have decided not to include these scores in IMPACT next year. We made this decision because there are always unexpected complications when a new assessment is adopted, which have the potential to cause a delay in when we would be able to provide final IMPACT scores. We of course want to avoid this so that you have clarity about your IMPACT ratings on a reasonable timeline.

This means that, for next year only, all Group 1 teachers will be treated like Group 2 teachers (no value-added). We remain deeply committed to value-added measurement, and will return to it for the 2015-16 school year.

If you have any questions about this change, please do not hesitate to reach out to the IMPACT helpline. We want to make sure you have all the information you need on this very important topic.

Thank you so much for all that you do, each and every day, on behalf of our students.

Sincerely,

Kaya Henderson

Q26 Attachment_Emergency Response Procedures

Emergency and Safety Alliance - ESA

DCPS is one of three DC school systems participating as a member of the Emergency and Safety Alliance (ESA). The others are the DC Public Charter Schools and the Archdiocese of Washington Catholic Schools. Not only is DCPS a participating site, we are also a part of DC's interagency ESA team that plans, implements, manages, and sustains emergency response. This partnership was formed in 2007 with representatives from the Department of General Services; Department of Health; Metropolitan Police Department; Fire and Emergency Medical Services (FEMS); Department of Homeland Security and Emergency Management Agency (DHS/HSEMA); DC Office of Risk Management; DC Public Charter School Board and the Executive Office of the Mayor. The ESA website was developed from this coalition and stores the individual emergency response plans (ERP) for DCPS.

Emergency Notification

DCPS Executive Support Team Leader or Manager (EST) gets notification either directly from Metropolitan Police Department (MPD), Homeland Security Emergency Management Agency (HSEMA) alerts, or the Office of School Security when an emergency occurs. Schools may become aware of an issue that is directly impacting them, from first responders or Central Office if the situation is imminent and may impact them or other neighboring schools.

DCPS takes its cues from the MPD, the Deputy Mayor for Public Safety & HSEMA, and other local or federal agencies. We work with HSEMA as they both support and coordinate homeland security and emergency management efforts, ensuring that emergency operations in the District of Columbia are prepared to protect against, plan for, respond to, and recover from natural and man-made hazards. Our recent work with HSEMA entails the identification and assessment of shelters in the event of a major widespread or catastrophic occurrence.

Emergency Response

MPD may order a lock down or other action depending on the nature of the event. DCPS (principal or designee) Central Office, FEMS, or Washington Gas can declare an evacuation. Additionally, in instances where a lockdown, evacuation, shelter-in-place, or placing a school on alert status is warranted, whether preventive or emergency, the principal or his/her designee has the authority to do so. MPD, DCPS Central Office as well as our Office of School Security will place a school on lockdown or in alert status if there is a community-based situation occurring that has yet to filter down to the school.

Depending on the incident and if appropriate the EST Leader will activate the EST. The EST Manager will make decisions in response to the critical incident. DCPS EST Manager liaises with MPD or other first responders to determine which steps to take to secure and protect students, staff or school property. MPD or School Security will keep EST updated as needed and when lock down or alert status for schools can be lifted. School leaders are given up-to-the-minute updates from first responders or school security, as appropriate.

There are varied types of issues or occurrences that are considered emergencies and each of these

would elicit a unique response. School staffs (new and returning) are made aware of the appropriate emergency responses as delineated in the flip charts and “Red Book” during training sessions and beginning of year school-based activities. The flip chart is a handy tool that references the best practices in responses for instances of - medical; unidentified person or intruder on school property; utility failure (electric, water, gas); weapons; severe weather, fire, student in crisis, bomb threat, physical threat, missing child, death on school site or in community; hazardous materials spills or releases; active shooter/armed suspect. The guidance put forth in the trainings and resource tools are considered best practices that offer the best chance of achieving a desired outcome – namely, the preservation of life (self and others), property, or being able to notify public safety as necessary.

Emergency Response Documents

DCPS has three documents that guide emergency response for schools and the central office: School Emergency Response Plan and Management Guide (Red Book); Continuity of Operations Plan (COOP) the last update for information in the COOP took place, October 2014; and Central Office Emergency Response Plan. Each document includes Universal Emergency Response Procedures, Emergency Response Protocols, Recovery, Prevention, and Reporting Forms, but each document has unique purposes.

1. **School Emergency Response Plan and Management Guide (Red Book)** with abbreviated flip charts that hangs in each classroom was rolled out to schools in 2009. The book was designed to be easily updated, hence, the three-hole punched format. There have been a number of updates to the protocols section, but there are major sections of the book that need to be updated. This year, the partnering agencies will begin the work of fully update the Red Book during the next 12-18 months.

Currently, the following resources are found on the ESA website and in the actual “Red Book” to aid in developing and maintaining the individualized emergency response plan for school teams (SERT):

- a. [The ESA application;](#)
- b. [School Emergency Response Plan and Management Guide;](#)
- c. [Universal Emergency Response Procedures;](#)
- d. [Emergency response protocols;](#)
- e. [Recovery;](#)
- f. [Prevention; and](#)
- g. [Reporting forms \(i.e., fire drills\)](#)

All of our schools have their plans on the ESA website. To date, 95% of school buildings have updated school emergency plans on the ESA website. The Department of General Services (DGS) and DCPS School Operations have been responsible for ensuring school plans have been updated for the current school year.

Through our partnership with DGS, 13 new and 9 modifications to existing protocols have been completed and approved. All revised and new sections have been re-organized and merged into the Guide; an updated on-line Guide is available with these integrations and a new table of contents.

New Guide Sections

- Emergency Response Protocol - Wild Animal Encounters
- Prevention Protocol - Anti-Idling
- Prevention Protocol - Before and After Hour Programs
- Prevention Protocol - Construction Dust
- Prevention Protocol - Food in Classrooms
- Prevention Protocol - Infectious Disease Cleaning
- Prevention Protocol - Integrated Pest Management
- Prevention Protocol - Painting in Schools
- Prevention Protocol - Pets in Classrooms
- Prevention Protocol - Radon
- Prevention Protocol - Safe Handling/Disposal of Needles
- Prevention Protocol - Smoke Free Public Buildings
- Prevention Protocol - Universal Waste

Revised Guide Sections

- Emergency Response Protocol - Active Shooter/Armed Suspect
Renamed to synchronize terminology
- Emergency Response Protocol - Medical Emergencies
Now includes guidance on ambulance procedures
- Prevention Protocol - Asbestos Management
Major procedural changes to reflect current operations
- Prevention Protocol - Fire and Life Safety Guidelines
Renamed and expanded
- Prevention Protocol - Hazardous Waste Disposal
Minor procedural changes to reflect current operations
- Prevention Protocol - Indoor Air Quality
Rewritten to reflect new initiatives
- Prevention Protocol - Safe Drinking Water
Rewritten to reflect new initiatives
- Universal Emergency Response - Lockdown Procedures
Minor inclusion to align with EST operations
- Universal Emergency Response - When to Call 911
Now includes guidance on who, when, and how to call 911

- 2. Continuity of Operations Plan (COOP):** The COOP is activated in response to emergency situations in which the DCPS Chancellor or/his/her designee determines that the office's primary facility – 1200 First St. NE – has been compromised and cannot be used to perform essential functions. Contained in Section 2 of the "Red Book," the COOP provides for resuming and sustaining essential functions – and the fulfillment of the mission of DCPS – as soon as possible during and after a localized, District-wide, or catastrophic emergency. As soon as emergency response personnel have minimized injury, loss of life, and property damage to DCPS, this COOP plan should be implemented. The primary objectives of this plan are to:

- a. Ensure the continuous performance of the essential functions and objectives of the DCPS; and
- b. Protect facilities, systems, equipment, records and assets of DCPS.

To further clarify, the essential functions of DCPS are as follows:

- Ensure that students and staff are in a safe and secure environment at all times;
- Ensure that instruction continues and that needed resources are available;
- Maintain day-to-day school operations, i.e. non-teaching related functions;
- Provide clear, concise and meaningful information to parents, the public and the media; and
- Maintain internal communication with all DCPS schools, facilities and coordinating agencies.

DCPS provides annual maintenance, training and exercise of the COOP plan.

- 3. Central Office Emergency Response Plan** – The agencies in the 1200 First Street building have agreed to participate in a Unified Command System, which is a federal government set of policies and practices for emergency response. This is how we collaborate with the other DC agencies and the federal agencies in our building. DC Government and the US Government each have a designated official to represent their agencies, and each agency has an Occupant Emergency Plan (OEP) Coordinator. I am DCPS' designated official and Rebecca Newman serves as the OEP Coordinator. This guide informs the way central office employees respond to emergencies. Additionally, evacuation drills occur annually, bi-annually or quarterly or depending type or guidance from DHS and Emergency Management Agency (HSEMA), such as participating in the Great Shake Out (a yearly earthquake drill). The first formal Emergency Response training session floor monitors and DCPS points of contact took place in October, 2014.

Public safety is ever evolving and therefore, DCPS is working to always keep abreast of the best and most current practices and to appropriately train school and central office staffs. With the need to revamp the "Red Book" and the School Emergency Procedures Flipcharts, and the hiring of the new Director for School Security – we are planning for a more cohesive and structured training approach and schedule for schools going into SY 2015-2016.

The following training sessions and drills have been made available to DCPS school leaders and staff and members of individual SERT:

Q69 Attachment_Program Staff Allocations and Resources

SY 14-15 Staff Allocations:

- **Behavior and Education Support:** 1 Teacher, 1 Behavior Technician, 1 Paraprofessional: 10 Students. Behavior and Education Support program classrooms are designed for students who are identified as having emotional/behavioral disabilities or who exhibit behaviors that significantly interfere with learning despite multiple interventions.
- **Early Childhood Communication and Education Support:** 1 Teacher, 2 Paraprofessionals: 6 Students.
- **Communication and Education Support** [both HFA (high functioning autism) and non-HFA classrooms]: 1 Teacher, 2 Paraprofessionals: 8 Students. Both Early Childhood Communication and Education Support and Communication and Education Support programs serve students who have been identified as having a primary diagnosis of ASD or who require additional communication development, social-emotional, adaptive behavior and academic support are eligible for these classes. HFA classes typically serve students who have the ability to function on or above grade level but have difficulty accessing the general education curriculum. They require specific instruction in social skills, behavior management, and executive functioning.
- **Specific Learning Support:** 1 Teacher, 1 Paraprofessional: 12 Students. The Specific Learning Support program caters to students who have been diagnosed with a specific learning disability (SLD) or who demonstrate complex learning needs and require intensive and prolonged specialized instruction.
- **Independence and Learning Support:** 1 Teacher, 1 Paraprofessional, 10 Students. These full time classrooms typically serve students who have been identified as having an intellectual disability or who exhibit delays in measured intelligence and adaptive functioning.
- **Sensory Support:** 1 Teacher, 1 Paraprofessional, 12 Students. Full time programs serve students whose educational disability includes a sensory impairment.
- **Early Learning Support:** 1 Teacher, 1 Paraprofessional, 10 Students. These classrooms typically serve students with a primary diagnosis of developmental delay (DD), or demonstrate delays in cognition, communication, social/emotional, motor and adaptive skills.
- **Medical and Education Support:** 1 Teacher, 1 Paraprofessional, 1 Dedicated Nurse, 10 Students. These classrooms typically serve students who have a congenital or acquired multi-system disease, a severe neurological condition with marked functional impairment, and/ or technology dependence for daily living.

DCPS 2014 Parent Surveys

DCPS administered surveys to parents at all grade levels in the spring of 2014. A parent census, given by paper and online, had a 13% response rate. In order to have results that are representative of the district, DCPS also worked with an external contractor to conduct a telephone survey with a stratified random sample of parents (stratified by ward, race of the student, and elementary/middle/high school). The final responses were weighted by those three variables in order to produce results that are representative of the district. The telephone sample had a 51% response rate (512 responses).

Key Findings

- Overall, 88% of parents are satisfied with their child's school
- Parents were the most satisfied with children at schools in Ward 3 and least satisfied in Ward 1 and Ward 8
- Top areas where parents would like to see improvements are facilities, communication, and curriculum/course selection

How was the data used?

A key strategy for meeting our Capital Commitment goals is to engage and motivate students and families. In 2014 we asked DCPS parents to tell us about how their child's school partners with them to improve academic achievement. Roughly half of our families told us that their school does "very well" in building trusting relationships with families (55%); in talking with families about their expectations for their child's future (48%); and in talking with families about the skills their child needs to learn in school (51%). A third of families told us that their schools were "okay" in these areas.

In order to reach our goals, we realize that far more parents need to agree that their school is doing it's very best to engage them as valued partners in learning. We are currently training teachers in 21 schools to improve their family engagement mindset and skillset through the DCPS/Flamboyant Foundation Family Engagement Partnership. This parent feedback from the stakeholder survey tells us that we need to be doing even more. In FY15, we're planning to expand this work to a selection of DCPS middle and high schools. In the spring of 2016, we plan to expand this partnership to 14 or more additional DCPS elementary schools and education campuses. In FY14, our Family Engagement Collaborative Teacher Fellowship brought this training to 52 teachers across 28 schools. In FY15, we've doubled this to serve 117 teachers in 38 schools. We aim to continue this training initiative into the future. This also tells us that we need to strengthen the skills of our future school leaders, so we're expanding the scope of family engagement training that our Mary Jane Patterson Principal Fellows experience during their leadership formation (12 hours total across 5 sessions).

While most parents agreed that the process for getting involved with their school's parent organization was clear (89%), fewer agreed that it was clear how to take on a parent leadership role (i.e. joining LSAT)

at their child's school (51%). This tells us that we need to do a better job of developing and sustaining collaborative relationships between school leaders (teachers and principals) and parents with potential for leadership. We're currently developing a self-serve toolkit that can help school leaders and parents better develop and sustain collaborative relationships, and a program of support for schools and parents who want to implement this toolkit for the coming school year.

The results of the parent survey from 2014 provide very helpful information as related to community engagement as well. Eighty-three percent of DCPS families strongly agree that they have an opportunity to provide feedback on major decisions affecting their school and 76% state they have a chance to weigh in on major district initiatives. While this is very strong, the Office of Family and Public Engagement continually strives to create new and easier-to-access engagement activities for families, such as engaging online via EngageDCPS.org or engaging in discussions in their own communities through living room chats or the new Everyone, Everywhere Campaign.

Questions in Parent Satisfaction Index
Would you recommend that a friend send his or her child to this school?
I feel welcome at this school.
This school keeps me regularly informed of my child(ren)'s progress.
There is an opportunity for me to provide feedback on major decisions that affect my school.
The teacher's at my child's school want me to be involved in my child's education.
This school helps me be the best partner I can be in my child's education.
How well does your child's school build trusting relationships with you?
How well does your child's school talk with you about the expectations you have for your child's future?
How well does your child's school talk with you about the skills your child needs to learn this year?
How well does your child's school provide you with activities you can use at home to support your child's learning?
How well does your child's school share information with you about how the school is planning to improve?

DCPS 2014 Student Surveys

DCPS administered satisfaction surveys to students in grades 3 and higher in the spring of 2014. In addition to collecting general data on school climate, the survey is also the primary way of measuring progress against DCPS' 4th Capital Commitment Goal that 90 percent of students will say they like their school by 2017. The survey questions grouped are grouped into six categories, one of which is used to create the Student Satisfaction Index, the metric DCPS uses to measure progress against Goal 4. In 2014, **67% of students responded** to the survey, representing all schools across the district.

Key Findings

- Overall, **80% of students view their school positively**
- Student satisfaction increased from 78% in 2013
- Student satisfaction is highest for grades 3-5 and lowest in the middle grades (6-8)
- Black and Hispanic students are least satisfied
- Top improvements requested by students were school lunch, facilities, and cleanliness
- Students rated their teachers highly as well as their personal motivation

Categories Measured by the Student Survey	% of Students Rating Category Positively
Student Perceptions of Teachers	86%
Student Satisfaction Index (Student's overall satisfaction with their school)	80%
Student Perceptions of Safety	82%
Student Motivation	98%
Peer to Peer Interaction	32%
Student Perceptions of Other Adults	81%

How was the data used?

- To create a **Student Satisfaction Index** (for the district and for each school) to measure the 4th Capital Commitment Goal
- To help principals shape their Comprehensive School Plan and set goals around student satisfaction
- To onboard new principals and staff members about the school culture
- As one indicator to flag schools that need extra support (trainings and professional development) from the Student Discipline and School Climate team

District of Columbia Public Schools DCPS (GA0)

MISSION

The mission of DC Public Schools is to ensure that every DCPS school provides a world-class education that prepares ALL of our students, regardless of background or circumstance, for success in college, career, and life.

SUMMARY OF SERVICES

DCPS delivers all services required to provide students with a quality education. These include: • Operating schools that provide a consistent foundation in academics, strong support for social/emotional needs, and challenging themes and programs; • Hiring, developing, and rewarding teachers, principals, aides, and other staff; • Developing and implementing academic programs that provide all students with meaningful options for life; • Collecting data and providing decision- and policy-makers with accurate information about how our students and the school district are performing; • Providing schools the administrative and operational support they need to foster student achievement; creating forums for interaction and continued dialogue between DCPS and its community stakeholders.

ACCOMPLISHMENTS

- ✓ Increased audited enrollment to the highest level in over five years
- ✓ Improved high school DC CAS performance to historic highs in reading and math
- ✓ Increased in-seat attendance to 89% and reduced truancy to 18%

Office of the Chief of Schools

OBJECTIVE 1: Ensure that every DCPS school provides a world-class education that prepares all of our students, regardless of background or circumstance, for success in college, career, and life

INITIATIVE 1.1: Monitor and provide technical assistance on comprehensive school planning and resource alignment – particularly in the bottom 40 schools. (One City Action Plan- Action 2.2.6)

-  **Fully Achieved.** All schools either developed a comprehensive school plan or an improvement plan under OSSE's ESEA waiver. The instructional superintendents worked with their school leaders to analyze data in order to identify school needs. They developed an action plan around reading and math gains, in-seat attendance, and other school identified goals. The plan also identified potential supports needed for implementation and set benchmarks to gauge success of plans.

INITIATIVE 1.2: Offer extended day programming in targeted schools.

-  **Fully Achieved.** In academic year 2013-2014, DCPS successfully implemented Extended Day at nine schools, providing additional instructional time for students. DCPS also completed a planning process for increasing from nine sites to 25 sites for the current 2014-2015 academic year.

INITIATIVE 1.3: Implement Ninth Grade Academies to Support Incoming Freshman at Comprehensive High Schools.

-  **Fully Achieved.** In the 2013-2014 school year, DCPS established targeted ninth grade academy (NGA) programs at comprehensive high schools across the District to help first-year ninth grade students successfully transition to and succeed in high school. The following targeted resources have been provided to Ninth Grade Academies: A ninth grade academy coordinator at each school responsible for the facilitation, support and monitoring of the program's success; after school and Saturday school support for students who are at risk or off track to promote to the tenth grade; educational field trip opportunities; and, supplies. Finally, academy leaders are provided ongoing professional development at monthly group meetings and regular one-on-one consultations in the field with the Director of Ninth Grade Academies.

INITIATIVE 1.4: Empower and support students to stay on track to graduation.

-  **Partially Achieved.** DCPS students in grades 6-12 continued to take advantage of the Individual Graduation Plan (IGP) during the 2013–14 school year. Once students completed their course selections through the system, schools built aligned master schedules that would advance students towards timely graduation. Separately, DCPS continues to provide programmatic resources for middle and high school grades that support the social emotional needs and successful transition of students including Advisory program, Brainology, Peer Health Exchange, a comprehensive school counseling program and other academic guidance activities. DCPS continued to support students' ability to stay on track to graduation by increasing available course offerings by expanding the summer credit recovery program for grades 9-12.

INITIATIVE 1.5: Provide schools with the support they need to identify struggling students before they fall too far behind to graduate on time and target resources to those student populations.

Partially Achieved. DCPS provides schools with student data on an ongoing basis so that they can effectively monitor student performance and target additional resources and interventions. In addition, DCPS targeted several programs at populations at greatest risk for not graduating on-time. First, DCPS continued to offer the Summer Bridge program for preparing rising 8th graders for 9th grade. This work complements the ninth grade academies that were introduced to ensure students transition to 10th grade on-time. Unlike in past years, DCPS offered the program to all comprehensive and application high schools – but enrollment did not meet expectations. Separately, DCPS provided summer opportunities for ELL students to earn additional credits or develop further proficiency in English. DCPS also opened the International Academy at Cardozo to serve recently arrived ELL students in grades 9-10 in school year 2014-2015. The International Academy will fully integrate language and content instruction for these students.

INITIATIVE 1.6: Assess students' career readiness and increase participation in Career and Technical Education (CTE).

Partially Achieved. Students who choose to enter the workforce after high school must be prepared to succeed. To that end, DCPS continued to implement the Employability Assessment (EA) to all Career and Technical Education (CTE) programs of study to ensure students participating in CTE coursework are building necessary work-related skills. DCPS also continued to work toward increasing the number of students who complete CTE Programs of Study, resulting in industry certification and/or college credit. Schools will also create individualized Program of Study Improvement Plans that will serve as roadmaps for improving their CTE outcomes.

OBJECTIVE 2: Ensure that schools provide support for present, healthy students

INITIATIVE 2.1: Develop clear and consistent implementation guidance, support and accountability systems for district-level attendance policies (One City Action Plan -Action 2.2.4).

Fully Achieved. DCPS made a system-wide shift to measure attendance using “in-seat attendance” (ISA) in the 2013-14 school year. Unlike average daily attendance, ISA counts all absences – excused and unexcused. To ensure this change was reflected in school practices, DCPS updated attendance guidance provided to schools. DCPS also trained instructional superintendents, school leaders, school-based attendance designees and teachers on the new attendance expectations and adjusted its data collection process to include ISA metrics. DCPS also worked to increase ISA, reduce the number of truant students, and reduce out-of-school suspensions. Additionally, DCPS schools implemented an Attendance Student Support Teams (SST) process for students who accumulated 5 days of unexcused absences and monitored school implementation. A Student Support Team (SST) is a group of school staff who meet about an individual student to identify barriers to attendance and determine appropriate supports and interventions to reduce absences. This work contributed to a district-wide improvement in in-seat attendance and truancy rates.

INITIATIVE 2.2: Increase support for schools in the implementation of differentiated interventions.

Partially Achieved. Early warning indicators (EWI) – an integrated dataset on students'

attendance, behavior and course marks – helped schools target interventions based on student need. In FY15, DCPS has finalized a draft Response to Intervention (RTI) Policy and Guidance that provides schools with comprehensive guidance on how to implement tiered support systems for students who are struggling with academics, behavior or attendance. We are on target to distribute the RTI Guide will provide schools with follow-up support on using EWL indicators, implementing or improving RTI or Multi-tiered systems of support (MTSS) teams, planning, and progress monitoring.

Office of Data and Strategy

OBJECTIVE 1: Support decision-making with accurate information about how our students and the school district are performing

INITIATIVE 1.1: Provide support to schools and central office to ensure a smooth and gradual transition to the PARCC assessments in SY2014-2015.

Partially Achieved. DCPS began the transition to the PARCC assessment in FY14. The Office of Data & Strategy (ODS) is leading a cross-agency task force that identified and is monitoring all the necessary steps for this transition. These steps include assessment administration and scheduling support, technology requirements (the PARCC is a fully online assessment), and ensuring students get classroom exposure to strong Common Core-aligned instruction and PARCC features like highlighting and drag-and-drop. DCPS also conducted PARCC field testing in spring 2014 to determine other needs at the school-level. ODS has communicated guidance to schools on testing logistics and is in the midst of monthly trainings. Key OSSE policies – particularly on test integrity guidance and accommodations for special populations – remain unresolved as of January 2015. Full guidance to schools will be created once these policies are defined.

INITIATIVE 1.2: Ensure DCPS has a cost-effective, user-friendly Student Information System (SIS) and increase data use and quality across schools and central office.

Partially Achieved. In FY2014, DCPS selected Follett as the vendor for a new student information system called Aspen. The Office of Data & Strategy conducted focus groups involving school-based staff as well as central office business owners to determine the scope and design for this system in its first year. Elementary Schools transitioned to this system in the beginning of school year 2014-2015. As was originally planned, secondary schools will remain on the current system, DC STARS, in 2014-2015 and will transition in the 2015-2016 school year. DCPS also installed infrastructure to integrate multiple data systems into a single reporting platform with the goal of satisfying all data requests from this platform by school year 2015-2016.

Office of Family and Public Engagement

OBJECTIVE 1: Partner with families and community members who demand better schools

INITIATIVE 1.1: Help schools build trusting relationships with families through the expansion of home visits and knowledge sharing on best practices for family engagement.

Fully Achieved. In school year 2013-2014 the Office of Family and Public Engagement (OFPE) collaborated with Flamboyant Foundation to expand the home visit model to additional schools. First, through a competitive process, six new schools launched home visit programs in the 2013-2014 school year, for a total of 21 schools engaged in the Family Engagement Partnership. Second, 110 Teacher Fellows participated in home visit training in the Spring of 2014, known as the Family Engagement Collaborative (FEC). These teachers began home visiting in the summer months of 2014 and are actively visiting families in their homes during

school year 2014-2015. FEC Fellows represent 39 DC Public Schools across the grade spectrum.

INITIATIVE 1.2: Support schools in providing parents with up-to-date student performance data and home learning activities aligned to the Common Core Standards.

● **Fully Achieved.** In the 2013-2014 school year, the Office of Family and Public Engagement (OFPE) continued to provide DCPS middle schools a grade book system that helped teachers track student growth and progress and families gain timely access to student-specific academic information. Separately, OFPE trained Family Engagement Partnership and Family Engagement Collaborative teachers to implement Academic Parent Teacher Team Meetings (APTT) and improved parent-teacher conference structures. OFPE also worked with the DCPS Office of Teaching and Learning (OTL), the Flamboyant Foundation, and a team of 10 DCPS teachers to generate activities that families can do at home to support learning that is happening at school. These activities are aligned to the DCPS curriculum, and the common core state standards in Reading and Math in pre-Kindergarten through grade 8.

INITIATIVE 1.3: Inform family and community stakeholders about DCPS goals and academic priorities and create opportunities for them to contribute to the success of our schools in a meaningful way.

● **Fully Achieved.** In the 2013-2014 school year DCPS launched two major citywide engagement campaigns. First, “ENGAGE DCPS: Budget Matters” was a public engagement campaign that provided information and generated feedback from a variety of stakeholders, including Local School Advisory Teams, on FY 2015 budget priorities. Second, in coordination with the Deputy Mayor for Education (DME), DCPS helped plan and execute a series of citywide meetings where stakeholders were engaged on how their school boundaries and feeder patterns would be impacted through a set of recommendations by a citizen’s advisory committee. Separately, the Chancellor engaged families in a variety of settings with a series of Living Room Chats in all eight Wards of the City and launched a monthly Parent Cabinet meeting incorporating 25 representatives from all 8 Wards. Most importantly, the Parent Cabinet allowed parent leaders to directly inform the Chancellor about system wide policies and programs affecting schools.

INITIATIVE 1.4: Continue to develop and maintain accurate, timely and relevant communication with current and potential DCPS families, community and partners.

● **Fully Achieved.** In the 2013-2014 school year the Office of Family and Public Engagement (OFPE) utilized multiple communication channels to reach key stakeholders including monthly family and parent leader emails, webinars and district and school-wide meetings. DCPS digital and social media communications reach also increased. In FY14, DCPS gained 10,200 new Twitter followers and 4,400 new Facebook fans. DCPS trended twice on Twitter (#beautificationday and #chancellorsaddress) during two key public facing events. DCPS had over 1.3 million website visitors and 8.4 million page views and 27% new visitors.

INITIATIVE 1.5: Develop district-wide resources that enable schools to more strategically leverage community partnerships in support of school literacy goals.

● **Partially Achieved.** In 2013-2014 school year, the Office of Family and Public Engagement (OFPE) conducted consultations with each of the 40 lowest performing schools to identify partnership needs and opportunities, while also informing central office partnership strategies. OFPE collaborated with the Office of Teaching and Learning (OTL) on a bid for literacy partners to support DCPS schools for the 2014-2015 school year. OFPE used that process to identify key strategic partners to provide literacy support services to the targeted 40 schools. This new

approach has improved collaboration between schools and partners while also creating more accountability for partners to impact literacy goals.

Office of Human Capital

OBJECTIVE 1: Develop and retain the most highly effective and highly compensated educators in the country, and recognize and reward their work

INITIATIVE 1.1: Recruit and select the best possible teacher talent.

Fully achieved. During the 2014 hiring season, DCPS significantly expanded recruitment for new hires for school year 2014-2015. This effort attracted an additional 40,000 unique visitors to the website launched in 2013 and also launched a new blog to raise the voices of teachers in DCPS classrooms: <http://joindcpublicschools.wordpress.com>. This sustained head-hunting identified an additional 10,000 prospects who are already outstanding teachers from around the country. The volume of applications remained high, at over 1,700 for each of the past two years. The applications generated 800 recommended candidates for open teaching positions, compared to 500 last year. Finally, the second cohort of the Capital Commitment Fellowship grew from 21 in the previous year to 30 in the current year.

INITIATIVE 1.2: Rigorously evaluate teacher performance.

Fully achieved. OHC's IMPACT team supported administrators and master educators in order to strengthen the accuracy of teacher assessments and to ensure teachers received meaningful feedback from observations. The IMPACT team provided training to build evaluators' fluency with the nine teacher "Teach" standards and shared best practices for efficient evidence collection and the delivery of effective feedback. Specific supports included visiting schools to deliver overviews of the "Teach" standards and facilitating classroom walkthroughs (all participating administrators improved in their rating accuracy), facilitating a 9-hour training series for returning administrators (91% of administrators agreed this series improved their effectiveness), and launching an online training platform, using videos of instruction, to provide new evaluators with comprehensive, interactive curriculum on the nine Teach standards. DCPS now has over 500 videos in its library to support a normed interpretation of the rubric by evaluators.

INITIATIVE 1.3: Retain the best teacher talent.

Fully achieved. From school year 2013-2014 to school year 2014-2015, DCPS retained 89% of its Effective teachers and 92% of its Highly Effective teachers. Additionally, 234 teachers reached the "Expert" stage on the LIFT career ladder, the first cohort of highly effective teachers to reach the top stage. These teachers received an additional five-year step increase in base compensation, and were moved to the Ph.D. salary band, in recognition of their consistent high performance under IMPACT. OHC also began implementation of new initiatives to support teacher retention and recognition in DCPS, including the expansion of part-time teaching roles, high-touch retention support, and a biweekly newsletter of teacher leadership opportunities. Pilots of new teacher leadership roles expanded significantly, from 10 schools in 2012-2013 to 25 schools in 2013-2014, driven by significant interest among principals and teachers.

INITIATIVE 1.4: Provide Master Educator pedagogical support to the 40 targeted schools.

Fully achieved. All new teachers in the 40 lowest performing schools were offered master educator pedagogical support, and 75% elected to participate in intensive coaching structured around developmental "sprints." Teachers received discrete feedback on a narrow element of

instructional practice, had opportunities to practice strategies with the master educator and individually with their students, and received incremental feedback on their growth and support in moving to other areas of practice. Participating teachers made substantial growth over the course of the year on the teacher assessment rubric, the TLF. Additionally, 92% of participating teachers reported an overall positive experience with being coached by a master educator.

INITIATIVE 1.5: Recruit and select the best possible school leadership talent.

Fully achieved. The first cohort of the Mary Jane Patterson Fellows, DCPS' school leadership pipeline program, completed their training at the end of the 2013-2014 school year. Eight Patterson Fellows from this first cohort are now serving as first year principals in DCPS schools across the City. These Fellows represent approximately 30% of the cadre of new principals hired for this school year. For the 2014-2015 school year, the second cohort of Patterson Fellows were paired with mentor principals and are currently serving as assistant principals. In addition to the 8 Patterson Fellows hired as principals for the 2014-2015 school year, DCPS had more high-quality principal candidates this year than in any previous year. The recruitment and selection efforts led to the increased quality of the principal pool and DCPS remains confident that this trend will continue for recruitment for the 2015-2016 school year.

INITIATIVE 1.6: Retain the best school leader talent.

Fully achieved. DCPS retained 80% of all principals from the 2013-14 to the 2014-15 school year, and 94% of the Effective and Highly Effective principals. DCPS attributes this to the efforts outlined in the initiative description, including performance bonuses and multiple high-quality learning opportunities. 88% of all EML participants were retained in the system.

OBJECTIVE 2: Provide schools with the central office support they need to foster student achievement.

INITIATIVE 2.1: Provide efficient and customer service oriented Human Resources.

Fully achieved. In FY14, Human Resources received consistent, positive feedback about its customer service, showing increased trust and satisfaction with the continually improving HR teams and division as a whole. The Human Resources team updated the materials that employees can access via the website and continued to think critically and strategically about the HR staff structure, which in FY14 included the creation of "hybrid" positions. Individuals in these positions act as subject matter experts on two collaborating teams, maximizing staff talent and knowledge.

INITIATIVE 2.2: Continue to streamline, improve and procure new technology infrastructure to support efficient customer service.

Partially achieved. DCPS continues to streamline, update, and integrate its technology systems and infrastructure to provide superior customer service to its employees. Over the last year, DCPS has gathered and implemented new user requirements for its Salesforce recruitment and applicant management system to improve customer service to internal and external applicants. DCPS also partnered with OCTO to provide best practices and insight as the District adopted Salesforce. DCPS also participated in a series of system requirements meetings with OCTO and DCHR to provide input into the upcoming upgrade of PeopleSoft, the human resources management system. DCPS continues to think strategically about how HR systems manage and protect employee data. For example, DCPS now regularly reviews PeopleSoft User Roles and levels of access to ensure that employees have the appropriate access to the system

and ensuring employee data is protected. DCPS is delayed in launching a Separations database, which will electronically capture information from employees who are resigning from DCPS. DCPS will begin using the online platform during the 2014-2015 school year.

Office of Specialized Instruction

OBJECTIVE 1: Ensure that schools provide a consistent foundation in academics, strong support for social/emotional needs, and a variety of challenging programs

INITIATIVE 1.1: Reduce non-public enrollment by 50% by the end of SY2014-2015.

Fully Achieved. As of August 2014, the citywide enrollment number is 1,022, representing a 54% reduction from when this initiative began in January 2011 (2,204). DCPS has achieved this goal through two strategies: 1) increasing the number of students who graduate from Non-Public schools through more effective monitoring processes, as well as greater accountability of schools to provide the necessary courses; and 2) DCPS created 31 new full-time classrooms for SY 13-14 to serve students returning from non-public schools and for those whose needs would have formerly necessitated a non-public placement. Additionally, self-contained autism and behavior support classrooms were supported by coaches who are experts in behavior management.

INITIATIVE 1.2: Increase the percentage of students with disabilities served in general education classes to exceed the national average by SY2014-2015.

Partially Achieved. Goalbook is an online teacher resource that provides teachers access to a bank of example special education student goals aligned to the Common Core State Standards. The Office of Specialized Instruction expanded the use and training of Goalbook in school year 2013-2014 to 50 schools. Professional development on Goalbook included how to write effective goals for students and lesson plan development. Teachers reported improved confidence in writing measurable goals. Because these goals were aligned to the CCSS, they helped ensure that special education students have greater access to the general education curriculum. The Office of Specialized Instruction also launched a tool to assist school-based special education teams in determining the appropriate number of hours and setting for specialized instruction. This tool will be fully implemented and monitored during the 2014-2015 school year.

INITIATIVE 1.3: Reduce Special Education enrollment to 15% by SY2014-2015.

Partially Achieved. As of Child Count October 2013, Special Education enrollment was 16.1%. Early intervention is important to ensuring that students receive the services and supports they need when they need them. As part of OSI's objective to building a sustainable child find system, OSI continued to increase the percent of identified providers performing screenings from 37% to 50% by the end of school year 2013-2014. This has helped DCPS meet the established benchmark of an 8.5% identification rate of three to five year old children who are eligible to receive special education services. OSI also focused on expanding social emotional capacity by increasing the number of psychologists and social workers. This ensures students' needs are met outside of special education. OSI is continuing to develop and implement a framework for exiting students from Special Education services by better aligning eligibility criteria and individualized student needs.

INITIATIVE 1.4: Serve all families who want to place their three and four-year-old children in high-quality, comprehensive DCPS classrooms.

Fully Achieved. In school year 2013-2014, the OSI Early Childhood Education division assessed

the needs for additional classrooms throughout the District, which informed the decision to expand early childhood classes to three additional schools. The Early Childhood Family Services Team conducted home visits designed to promote family engagement and empower parents and families to be actively engaged in their children's learning and development. Fifty-six percent of these visits were completed and will continue into the 2014-2015 school year. Early Childhood maintained focus on the implementation of research-based curricula in Title I classrooms. This resulted in the adoption of the Tools of the Mind, Montessori, Creative Curriculum and a modified Reggio-Emilia approach in early childhood classrooms.

OBJECTIVE 2: Implement a rigorous, relevant, college preparatory curriculum that gives all students meaningful options for life.

INITIATIVE 2.1: Empower DCPS schools to provide a positive, inclusive environment for all students with disabilities. (One City Action Plan – Action 2.2.1)

● **Fully Achieved.** In school year 2013-2014, OSI continued to work toward ensuring that schools provide the appropriate supports and services to all students. The Teaching and Learning Framework, the rubric used for teacher evaluations, was modified in school year 2013-2014 to improve the definition of high-quality instruction. OSI will continue to communicate expectations to school and teachers and support them in providing a positive inclusive environment.

INITIATIVE 2.2: Improve access for students with disabilities to post-secondary opportunities aligned with interests. (One City Action Plan – Action 2.2.1):

● **Fully Achieved.** This initiative is ongoing. During school year 2013-2014 the Office of Specialized Instruction Transition team implemented 64 course offerings for students in pre-K through 12th grade designed to improve their academic and post-secondary success. For students in middle grades and high schools, self-advocacy courses were implemented to teach students to be aware of their abilities and limitations in the academic environment to better position them to be advocates for themselves. These courses will expand to elementary grades in school year 2014-2015. OSI also established a partnership with the Arc of DC and three local schools to provide supports and training to students for independent living. The OSI Transition team continued implementation of the Competitive Employment Opportunity (CEO) program, which was developed in school year 2011-2012 as a pathway to align students with mentors in fields of their expressed interest.

INITIATIVE 2.3: Focus on academic achievement for students requiring additional supports.

● **Fully Achieved.** The Office of Specialized Instruction implemented several specialized reading interventions in full-time special education programs across DCPS in 250 classrooms. This represented a large investment in improving literacy for students in these programs – often who need the most academic support of any students in the district. Preliminary data shows students' reading levels improved and, as a result, more students accessed the general education curriculum. OSI continued to provide over 300 other professional development opportunities during school year 2013-2014 for teachers of students with disabilities and classroom paraprofessionals, many of which were delivered in collaboration with experts from outside of DCPS.

● **INITIATIVE 2.4: Expansion of Early Childhood Curriculum.**

Fully Achieved. In recent years, DCPS has sought to increase the number of its pre-Kindergarten classrooms implementing a research based curriculum. In school year 2013-2014,

DCPS extended research based curriculum to 16 Title I schools. This curriculum also supports the rapidly increasing dual language populations at these schools. Early Childhood Education continued to support the Montessori School Recognition at 2 Title I schools that have Montessori classrooms. Schools implementing the Tools of the Mind curriculum ended their third year of full implementation.

Office of Teaching and Learning

OBJECTIVE 1: Implement a rigorous, relevant, college preparatory curriculum that gives all students meaningful options for life.

INITIATIVE 1.1: Develop core curricular resources for continued support of the Common Core Standards implementation.

● **Fully Achieved.** In the last two years, DCPS has attained distinction as one of the first school districts in the nation to fully align its curriculum to the rigorous expectations of the Common Core State Standards. As part of this alignment process, DCPS has implemented a 120-minute literacy block, a dedicated time during every school day when elementary school students focus on their reading and writing skills. DCPS has provided additional resources to teachers in the form of curricular documents, new assessments to help measure students' skills, and targeted programs that support both struggling readers as well as those who are already reading at advanced levels.

INITIATIVE 1.2: Implement a focused literacy strategy and provide targeted supports to accelerate reading achievement.

● **Fully Achieved.** In school year 2013-2014, DCPS asked elementary schools to implement one of three literacy focus areas – Close Reading, Phonics and Morphology, or Small Group Literacy. In addition, DCPS provided Assistant Principals of Literacy and Reading Specialists to targeted schools and began implementing the Common Core writing standards.

INITIATIVE 1.3: Increase access to advanced and enriched programming in our schools.

● **Fully Achieved.** In school year 2013-2014, DCPS offered training to targeted schools on implementing Enrichment Clusters, continued to implement Advanced Readers Extension modules and offered schools more resources for the Junior Great Books program.

INITIATIVE 1.4: Increase access to rigorous Advanced Placement courses in schools.

● **Fully Achieved.** In school year 2013-2014, DCPS offered trainings for teachers to improve the quality of Advanced Placement (AP) courses. DCPS also made use of an "AP Potential" selection tool and other strategies to increase the number of students enrolled in AP. For instance, the number of students enrolled in AP courses has increased. There were over 4,900 enrolled seats in AP courses. That is up 8% from the same time in 2013 (4,600). These enrollment figures include students who take multiple AP courses in one year. In addition, the number of DCPS students taking exams has increased. In 2014, 2,620 students took at least one AP exam, compared to 2,500 students in 2013.

OBJECTIVE 2: Retain the most highly effective and highly compensated educators in the country.

INITIATIVE 2.1: Provide schools with high-quality instructional coaches.

● **Fully Achieved.** Instructional coaches are staff embedded in schools to train and support teachers. DCPS recruited a large pool of candidates from which to select instructional coaches. Once hired, instructional coaches took part in trainings to prepare them to support their schools in implementing literacy focus areas as well as other instructional strategies.

INITIATIVE 2.2: Train and support coaches on running Collaborative and Individual Learning Cycles on schools' literacy focus areas.

● **Fully Achieved.** In school year 2013-2014, 10 Managers of Instructional Coaches (MICP) managed a cohort, or cluster, of schools in which they trained and supported instructional coaches. MICP's provided targeted training to build coaches' knowledge of the collaborative learning cycles (CLC) -- a job-embedded professional development process between coaches and teachers. In training sessions with MICP's, coaches learned how to use school data to drive teacher practice and student achievement. Coaches then observed modeled, planned and debriefed side-by-side with their teachers on a regular basis. Additionally, teachers met with their coach each week to discuss progress, data, and implementation.

Office of the Deputy Chancellor for Operations

OBJECTIVE 1: Provide schools with the central office support they need to foster student achievement

INITIATIVE 1.1: Improve the ability of schools to align spending with instructional goals effectively and efficiently (One City Action Plan Action 2.2.6).

● **Partially Achieved.** Principals received support and training throughout the school budget development process. School budget resources were allocated in alignment with the Chancellor's instructional priorities. The working group mentioned will be convened prior to the start of the FY16 school budget development process. In addition, the at-risk funding formula was partially implemented during the FY15 school budget process because of a delay in DCPS receiving its local budget allocation from the City.

OBJECTIVE 2: Increase enrollment in DCPS

INITIATIVE 2.1: Develop and implement a comprehensive plan for student recruitment and enrollment growth (One City Action Plan Action 2.2.7).

● **Fully Achieved.** The Student Enrollment & School Funding Division of the Office of the Deputy Chancellor for Operations was created in July 2013 to lead DCPS efforts to increase enrollment. This division coordinates the enrollment process and also provided new training to principals on best practices for targeting re-enrollment efforts in the summer. In October 2014, DCPS reported student enrollment of 47,663 or a 2.7% increase from 2013's audited enrollment. A final audited enrollment figure will be available in early 2015. The student enrollment division will continue to explore ways to streamline the enrollment process for families, including the possibility of online enrollment.

OBJECTIVE 3: Ensure that schools provide a consistent foundation in academics, strong support for social/emotional needs, and a variety of challenging themes and programs.

INITIATIVE 3.1: Improve contract and operational management while providing nutritious meals that meet federal and local requirements.

● **Fully Achieved.** DCPS monitored food service contracts through the 2013-2014 school year. The FY14 closeout process is ongoing. However, DCPS expects the three primary food service contracts to finish the year within budget as a result of monitoring.

● **INITIATIVE 3.2: Deploy state-of-the-art technologies in the classroom as well as implement blended learning programs and online testing.**

Partially Achieved. Over the last 18 months, DCPS began preparing schools for the technology requirements of the PARCC online assessment, which will be administered for the first time in spring 2015. DCPS worked with OCTO to ensure schools met the PARCC-recommended

benchmarks for the ratio of students-to-computers, sufficient network bandwidth and wireless density, and technical support staff during the testing window. In addition to fulfilling PARCC requirements, these efforts have increased the quality of technology in schools and will allow schools to implement blended learning programs with greater fidelity and success.

⁵ This metric was removed from the DCPS parent survey. It is replaced with a new metric in the FY2015 performance plan. The new metric is percentage of surveyed parents who agree or strongly agree their child's school "helps me be the best partner I can be in my child's education." In FY2014, the value for this metric is 87%.

FY 2015 PERFORMANCE PLAN DC Public Schools

MISSION

Our purpose is to ensure that every DCPS school provides a world-class education that prepares ALL of our students, regardless of background or circumstance, for success in college, career, and life.

A CAPITAL COMMITMENT

In spring 2012, DCPS launched a five-year strategic plan, A Capital Commitment. Fiscal year 2015 (FY15) is the third full year of the plan that set five goals for 2017:

1. At least 70% of our students will be proficient in reading and math, and we will double the number of advanced students in the district.
2. Our 40 lowest-performing schools will increase proficiency rates by 40 percentage points.
3. At least 75% of entering 9th graders will graduate from high school in four years.
4. 90% of students will say they like their school.
5. DCPS will increase its enrollment over five years.

The initiatives chronicled in the FY15 DCPS Performance Plan directly support the achievement of these goals.

SUMMARY OF SERVICES

DCPS delivers all services required to provide students with a quality education. These include:

- Operating schools that provide a consistent foundation in academics, strong support for social emotional needs, and challenging themes and programs;
- Hiring, developing, and rewarding effective teachers, principals, aides, and other staff
- Developing and implementing academic programs that provide all students with meaningful options for life;
- Collecting data and providing decision- and policy-makers with accurate information about how our students and the school district are performing;
- Providing schools the administrative and operational support they need to foster student achievement; creating forums for interaction and continued dialogue between DCPS and its community stakeholders.

¹ Every year the Mayor publishes a budget book detailing spending by agency for the upcoming fiscal year. To ensure consistency and parity across agencies, the budget book publishes data regarding agency “activities.” These refer to initiatives within a cost center. For instance, the budget for the Office of the Chief Financial Officer (cost center) is presented in terms of accounting operations, budget operations, and CFO operations (activities). At DCPS, an agency supporting functions within numerous offices, this method can appear opaque to some readers. For example, the Office of Human Capital has no mention in the FY15 DCPS agency budget chapter. Instead, that office’s budget is represented by the following activities:

- Labor Management & Partnerships
- Master Educators
- Personnel
- School Transformation

These activities do not present a clear picture of the office, whose mission is to ensure that DCPS has the most effective teachers, principals, and central office staff in the nation. As such, we have organized this plan by DCPS office.

² The Office of Planning & Postsecondary Readiness is a new office in FY15. It is responsible for college and career readiness programs and developing new or reopening school plans that ensure every student has access to exciting and engaging educational options.

³ In the FY14, DCPS reported 77% students receive a free or reduced price lunch in FY13. The value is revised to 78% based on a final review of the data.

Office of Teaching and Learning

SUMMARY OF SERVICES

The Office of Teaching and Learning delivers high-quality instructional resources, enhances classroom practice and scales effective programs to increase DCPS student achievement and prepare all students for success in college, career, and life.

OBJECTIVE 1: Implement a rigorous, relevant, college preparatory curriculum that gives all students meaningful options for life.

INITIATIVE 1.1: Develop core curricular resources aligned to the Common Core State Standards.

Four years ago, DCPS began aligning curriculum to the Common Core State Standards (CCSS) – instructional standards which map what a student needs to know to be ready for college and careers. In school year 2014-2015, DCPS will continue to increase curricular resources that support teaching the CCSS. In addition, this year, through the Common Core Reading Corps curriculum fellowship, DCPS teachers and coaches will create new text modules, resources that help teachers teach students rigorous texts. The next phase of this work will be complete by **June 30, 2015**.

INITIATIVE 1.2: Provide teachers with professional development in five core instructional focus areas.

In school year 2013-2014, the Office of Teaching & Learning (OTL) piloted a focus area strategy for professional development in literacy instruction. Elementary school principals selected one of three areas of literacy instruction on which to focus teacher professional development (PD). In school year 2014-2015, based on feedback and lessons learned, OTL will expand this strategy by offering five focus areas, including a mathematics cohort, for schools serving grades K-8. DCPS will also continue expanding resources to support teaching of the Common Core Writing standards through expanding focused writing models. The next phase of this work will be complete by **June 30, 2015**.

INITIATIVE 1.3: Provide additional literacy staff and resources to support instruction at targeted low-performing schools.

In school year 2013-2014, DCPS hired and trained Assistant Principals of Literacy and Reading Specialists to lead and support literacy instruction at a targeted group of schools. Assistant Principals of Literacy are charged with developing school-wide plans and interventions to raise student achievement in literacy while Reading Specialists work individually with struggling readers. In school year 2014-2015, eight new Reading Specialists will support middle grade students at several new schools. In addition, students at six middle grade schools will partner with The Writing Revolution, a national non-profit focused on helping students express their thinking more clearly in writing. This work will be complete by **June 30, 2015**.

INITIATIVE 1.4: Increase access to advanced programming in our schools.

DCPS will continue to increase access to high quality college-preparatory courses and advanced programming in our schools. DCPS' official program for nurturing creativity and finding talent in students, the School-wide Enrichment Model (SEM), is entering its third year and expanding into four new school in school year 2014-2015. The district will also continue to provide a Junior Great Books supplementary curriculum to expose elementary students to challenging literature to increase their literacy. Finally, DCPS will offer Advanced Readers Extensions (DARE) so that English/Language Arts teachers in grades 2-5 can offer advanced readers an enrichment extension to their regular curricular units. This work will be complete by **June 30, 2015**.

INITIATIVE 1.5: Increase access to Advanced Placement courses and improve instructional quality and rigor.

DCPS graduates must be prepared to succeed in postsecondary education. To that end, DCPS will work to increase the access to and the quality of Advanced Placement (AP) courses. DCPS will partner with the College Board and The National Math and Science Initiative (NMSI) to provide teachers professional development to increase the quality of AP instruction. DCPS will also purchase new curricular materials and textbooks for AP courses. Finally, by leveraging the College Board's "AP Potential" selection tool, DCPS will increase the number of students enrolled in AP courses. This work will be complete by **June 30, 2015**.

INITIATIVE 1.6: Expand the Embassy Adoption Program in Middle Grades. In 2014-2015, DCPS's Embassy Adoption Program (EAP) will celebrate 40 years of innovative global education programming in DCPS. Each year, EAP matches 50 fifth and sixth grade classrooms with an embassy partner. The program creates direct interaction between DCPS students and diplomats from around the world, allowing students to learn about the language, customs, history and culture of their embassy's country. This year, the program is growing to support more middle grade students by partnering with more embassies. The next phase of this work will be complete by **June 30, 2015**.

OBJECTIVE 2: Develop the most highly effective educators in the country.

INITIATIVE 2.1: Provide schools with high quality instructional coaches.

In school year 2014-2015, DCPS will support a strategic recruitment and staffing campaign to recruit and select high quality instructional coaches whose skills align to each school's 2014-2015 literacy and math focus area. In addition, DCPS will work to ensure that instructional coaches have a strong knowledge base of literacy content areas through regular professional development and in-depth training on literacy focus areas over the summer prior to the school year. This work will be complete by **September 30, 2015**.

INITIATIVE 2.2: Provide teachers with instructional coach-led job-embedded professional development.

Research shows that stand-alone workshops simply do not change instructional practice. As such, DCPS instructional coaches use Individual and Collaborative Learning Cycles (ILCs and

CLCs) to embed training in the daily work of teachers. In particular, the Office of Teaching & Learning will prepare instructional coaches during summer 2014 on how to use data connected to schools' instructional focus areas, so that teacher workshop professional development is reinforced on the job throughout school year 2014-2015. This work will be complete by **September 30, 2015**.

KEY PERFORMANCE INDICATORS – Office of Teaching & Learning

Office of Human Capital

SUMMARY OF SERVICES

The Office of Human Capital (OHC) works to ensure that DCPS has the most effective teachers, principals and central office staff in the nation. Its work is organized into the following four areas:

- **Teacher Effectiveness:** Responsible for recruitment, selection, and onboarding of new teachers, as well as the evaluation, development, recognition, and retention of classroom teachers and other school staff
- **Principal Effectiveness:** Responsible for recruitment, selection, and onboarding of new school leaders, as well as the evaluation, development, recognition, and retention of school leaders
- **Central Office Effectiveness:** Responsible for recruitment, selection, and onboarding of new Central Office staff, as well as the evaluation, development, recognition, and retention of staff
- **Human Resources:** Responsible for providing outstanding customer service to DCPS employees on all staffing, benefits, payroll, and other related issues

OBJECTIVE 1: Develop and retain the most highly effective and highly compensated educators in the country, and recognize and reward their work..

INITIATIVE 1.1: Rigorously evaluate teacher performance.

In order to ensure valid data on teacher effectiveness, DCPS will continue to implement the IMPACT evaluation system with fidelity. OHC will provide school leaders and Master Educators with instructional templates to guide their assessment of the 9 Teach standards that underpin the evaluation system. OHC will develop and maintain videos of instruction that have been normed by Master Educators and school leaders to train and assess their evaluation of the 9 Teach Standards. This work will be complete by **September 30, 2015**.

INITIATIVE 1.2: Recruit and select the best possible teacher talent.

In school year 2014-2015, DCPS will continue to expand recruitment capacity to support principals in hiring great talent, with a particular focus on an elite corps of veteran teachers known as the Capital Commitment Fellowship and recruiting great talent from across the country. OHC will use social networks, videos that profile DCPS schools and staff members, and create partnerships with local universities to attract talent. OHC will continue to revise and implement its teacher selection model using IMPACT data to determine what parts of the selection process are most predictive of success in the classroom and by seeking feedback from principals and candidates on the selection process. This work will be completed by **June 30, 2015**.

INITIATIVE 1.3: Retain the best teacher talent.

Now that IMPACT allows DCPS to identify the highest performers, the district must invest renewed energy in recognizing and retaining them. The centerpiece of this work will continue to be the Leadership Initiative for Teachers (LIFT) career ladder system. DCPS will continue performance pay and will also design and implement new initiatives to support teacher leadership in schools, including piloting new teacher leadership roles over the course of school year 2014-2015. This work will be complete by **June 30, 2015**.

INITIATIVE 1.4: Recruit and select the best possible school leadership talent.

DCPS will expand school leader recruitment capacity with a particular focus on the 40 targeted schools. To build the pipeline of future principals, OHC will continue to support the Mary Jane Patterson Fellowship, our internal pipeline that recruits Assistant Principals, Coaches, Teachers, and Central Office Leaders into a 1.5 year fellowship to prepare them for the principal-ship. OHC will revise its selection model for principals, APs, and instructional superintendents, using School Leader IMPACT data to determine what parts of the selection process are most predictive of success in the classroom. This work will be complete by **June 30, 2015**.

INITIATIVE 1.5: Retain the best school leader talent.

DCPS will continue to implement an aggressive pay for performance system for school leaders, including special incentives to serve in the 40 targeted schools. DCPS will also continue to target training and support to existing school leaders in a number of ways, including high quality Leadership Academy sessions for principals, using small-group learning cohorts to differentiate for school leaders' needs, and continuing to support and assess the effectiveness of the Executive Masters in Leadership (EML) program at Georgetown University for selected DCPS principals. This work will be complete by **September 30, 2015**.

OBJECTIVE 2: Provide schools with the central office support they need to foster student achievement.

INITIATIVE 2.1: Provide efficient and customer service-oriented Human Resources.

To ensure that DCPS employees are provided outstanding customer service, the Office of Human Capital will maintain its current HR Answers helpline, which includes both a phone number and email address to receive inquiries each day. We will also proactively provide more information to our employees via our website, including information about basic HR policies and procedures, benefits, retirement, compensation, and union contracts. We will measure our success toward this goal by surveying our employees annually. This work will be complete by **June 30, 2015**.

INITIATIVE 2.2: Continue to streamline, improve and procure new technology infrastructure to support efficient customer service.

In school year 2014-2015, the Office of Human Capital will continue to collaborate with DCHR and OCTO to upgrade and enhance technology systems, including integrating FileNet and our Talent Selection, Hiring, and Onboarding (TSHO) platform in order to improve our document management system. This will allow us to more easily manage our data. We will also continue to focus on improving the accuracy of the data by improving the user experience in PeopleSoft and TSHO, and thus decreasing user error. This work will be complete by **September 30, 2015**.

INITIATIVE 2.3: Ensure schools have the staff to meet their needs by providing strategic staffing support.

In school year 2014-2015, we will work to provide more high-value, proactive support to school leaders throughout the district as they develop staffing plans, budgets, and identify personnel vacancies. We will do this in service of our goal that 100% of vacancies identified by July 15 are filled with quality candidates by August 1. In addition, DCPS will pilot a Strategic School Operations (SSO) pilot that will provide nine schools with a school operations specialist who will ensure high functioning operations and allow school leaders to focus on instruction and student achievement. This work will be complete by **August 30, 2015**.

KEY PERFORMANCE INDICATORS – Office of Human Capital

Measure	FY 2013 Actual	FY 2014 Target	FY 2014 Actual	FY 2015 Projection	FY 2016 Projection	FY 2017 Projection
Percentage of teachers rated Effective or Highly Effective on IMPACT ⁵	73%	N/A	77%	73%	81%	90%
Retention rate of teachers rated Effective or Highly Effective on IMPACT ⁶	83%	N/A	83%	88%	89%	90%
Percentage of teachers with value-added data	14%	22%	13%	N/A ⁷	15%	15%
# HR constituent cases open 50+ days	2	0	0	2	2	2

⁵ This metric replaces a key performance indicator in the FY14 performance plan, percentage of teachers highly qualified. IMPACT is DCPS's system for assessing the performance of teachers and other school-based staff.

⁶ In the FY14 performance plan, this KPI focused only on the retention of highly effective teachers. This year, the KPI is expanded to cover the retention rate of both effective and highly effective teachers. No target was set for this metric last year.

⁷ DCPS uses what is known as a "value-added" measure to quantify the impact that a teacher has on student learning. For the past four years, DCPS has calculated value-added scores for teachers whose students take DC's "state" assessment, the DC CAS. Though it is possible to do the same with the PARCC assessment, DCPS has decided to pause this calculation for one year because the data from the new test may not be available in time for the school system to generate reliable and final teacher ratings by mid-summer, when it traditionally informs educators of their scores. DCPS will return to using value-added measurements during the 2015-16 school year (FY16).

Office of Specialized Instruction

SUMMARY OF SERVICES

The Office of Specialized Instruction (OSI), formerly the Office of Special Education (OSE), is working to make DCPS schools the schools of choice for students requiring additional supports by providing high quality instruction and services as close to home as possible in a timely and consistent manner. This includes:

- Building neighborhood school capacity
- Managing non-public enrollment and costs for students receiving special education services
- Expanding early identification of students to allow for timely intervention
- Prioritizing academic achievement for all students requiring additional supports
- Creating a culture of inclusiveness for all students

OBJECTIVE 1: Ensure that schools provide a consistent foundation in academics, strong support for social emotional needs, and a variety of challenging programs .

INITIATIVE 1.1: Increase the percentage of students with disabilities served in general education classes to exceed the national average by the end of SY2014-2015.

The Office of Specialized Instruction (OSI) is undertaking a number of strategies to increase the number of students with disabilities served in general education classes. This includes providing guidance and support to ensure that neighborhood schools are prioritizing inclusive opportunities for students while offering a full continuum of need-based services to students with disabilities. OSI will maximize exposure to instruction while ensuring related service delivery. Finally, OSI will monitor neighborhood school performance and provide support to schools struggling to meet this goal. This work will be complete by **September 30, 2015**.

INITIATIVE 1.2: Reduce special education enrollment to 15% by the end of SY2014-2015

DCPS has set a goal to reduce special education enrollment to 15% overall by the end of school year 2014-2015. To meet this goal, OSI will ensure that the percentage of three-to-five year-old children who are eligible to receive special education services remains at the established benchmark of 8.5%. Additionally, DCPS is committed to building capacity with external partners to support a sustainable Child Find system by increasing awareness around developmental screenings and expanding the network of partners who will provide these screenings. Lastly, DCPS will develop a framework for exiting students from Special Education services that is aligned to eligibility criteria and individualized student needs. This next phase of work will be complete by **September 30, 2015**.

INITIATIVE 1.3: Expand and improve engagement with families with preschool age children.

The Office of Specialized Instruction believes that strong family engagement results in greater academic success for children. Empowering parents and families to be actively engaged in their children's learning and development, their own learning, and the Early Childhood program assists the District in identifying any delays that a child may have as early as possible and

provide appropriate services to help address those delays. This work will be completed **September 30, 2015.**

INITIATIVE 1.4: Expand the DCPS early childhood curriculum.

The Office of Specialized Instruction will maximize the blended funding used in the Head Start School-Wide Model (HSSW), which supports investments in curricula, comprehensive services, instructional materials, and extensive professional development in Title I schools. DCPS will also ensure that non-Title I schools are implementing research-based curricula in their pre-kindergarten (PK) classrooms and support implementation by teachers. DCPS will continue investments in the Tools of the Mind curriculum and promote research-based approaches in other classrooms. This work will be complete by **September 30, 2015.**

OBJECTIVE 2: Implement a rigorous, relevant, college preparatory curriculum that gives all students meaningful options for life.

INITIATIVE 2.1: Improve access for students with disabilities to post-secondary opportunities that are aligned with their interests.

The Office of Specialized Instruction will offer courses in school year 2014-2015 that were designed by the Transition team. This will complement DCPS's commitment to providing a seamless postsecondary transition program beginning in pre-kindergarten and ending at high school. OSI will monitor transition plans on a monthly and quarterly schedule and provide feedback to schools. This next phase of this work will be complete by **June 30, 2015.**

INITIATIVE 2.2: Focus on improving academic achievement for students requiring additional supports.

The Office of Specialized Instruction will expand investments to improve instruction and student outcomes for English language learners through the implementation of programming at the high school and middle school grades for newcomers to the United States and through focused language acquisition training and support. For students receiving special education services, OSI will continue the development and implementation of a staff training model that focuses on literacy, behavior, IEP quality, transition services, paraprofessional training, and more. OSI will continue providing a suite of reading interventions for students in full-time classrooms and expand reading interventions to students in middle grade resource rooms (directly supporting Goals 1 and 2 of A Capital Commitment). The next phase of this work will be complete by **June 30, 2015.**

KEY PERFORMANCE INDICATORS – Office of Specialized Instruction

Measure	FY 2013 Actual	FY 2014 Target	FY 2014 Actual	FY 2015 Projection	FY 2016 Projection	FY 2017 Projection
Number of students served in non-public placements (new in FY13)	1,218	1,100	1,005	N/A ⁸	N/A	N/A
Reduction in special education non-public enrollment (new in FY13)	45% ⁹	50%	54%	N/A	N/A	N/A
Percentage of SPED students proficient or advanced in reading on DC CAS [One City Action Plan 2.2.5] (new in FY13)	18%	23%	18%	PARCC Baseline	N/A ¹⁰	N/A
Percentage of SPED students proficient or advanced in math on DC CAS [One City Action Plan 2.2.5] (new in FY13)	20%	29%	21%	PARCC Baseline	N/A	N/A
Percentage of ELL students proficient or advanced in reading on DC CAS [One City Action Plan 2.2.5] (new in FY15) ¹¹	37%	N/A	36%	PARCC Baseline	N/A	N/A

⁸ The Mayor's goal is to decrease non-public enrollments to 1,100 (50% reduction) by the end of FY15. This target means DCPS would reach that goal a year early. Therefore, no additional target is set for FY15.

⁹ This KPI was reported differently in the FY13 and FY14 MPPs and FY13 PAR. In those documents, the current non-public enrollment was reported as a percentage of the baseline non-public enrollment of 2,200 at the beginning of Mayor Gray's term. In this version, the KPI is reported as percentage point reduction in non-public enrollment since the baseline.

¹⁰ As of the 2014-2015 school year, all public schools in the District of Columbia have replaced the DC CAS with the Partnership for the Assessment of Readiness in College and Careers assessments. After the baseline year of data is available, projections for FY16 and beyond will be provided.

¹¹ This metric is new in FY15 and reflects the expanded scope of the Office of Specialized Instruction to include the Language Acquisition Division, which focuses on programming for English language learners (ELLs).

Office of Chief of Schools

SUMMARY OF SERVICES

The mission of the Office of the Chief of Schools (OCOS) is to ensure that every DCPS school provides a world-class education that prepares all students, regardless of background or circumstance, for success in college, career, and life. The Office of the Chief of Schools provides the following services:

- Planning, monitoring, and feedback to schools regarding efforts to ensure that DCPS students attain proficiency in reading and math.
- Technical assistance in comprehensive school planning and aligning procured resources to school need, particularly in the lowest 40 schools; Monitoring fidelity to comprehensive school plans and approved federal grant applications for School Improvement Grant (SIG) schools
- Ensuring students are in school and ready to learn by coordinating student supports and creating the conditions for the engagement of healthy, present and positive members of safe learning environments
- Ensuring student success in college, careers and life through access to high-quality programming and essential supports

OBJECTIVE 1: Ensure that every DCPS school provides a world-class education that prepares all of our students, regardless of background or circumstance, for success in college, career, and life.

INITIATIVE 1.1: Ensure that schools promptly identify struggling students and assign them intervention services.

Response-to-Intervention (RTI) is a student assessment and early intervention strategy that focuses on preventing failure and maximizing academic, behavioral and social emotional outcomes for students. In school year 2014-2015, the Office of the Chief of Schools will partner with the Office of Teaching and Learning to ensure that schools have clearly articulated and universally known RTI plans that integrate academic, behavioral and attendance interventions. School support will include diagnostic assessments, professional development and technical assistance in identifying appropriate interventions. Each school will be monitored to ensure they are implementing plans with fidelity. The first phase of this work will be complete by **June 30, 2015**.

INITIATIVE 1.2: Extend the school day in more schools.

To increase the amount of learning time for our students, DCPS will continue to offer extended day programming in targeted DCPS schools in school year 2014-2015. Staffed by DCPS teachers, extended day programming will include opportunities for differentiated instruction, like remediation and enrichment, and will stress consistency in schedule and programs for students. The goal of each extended day site is to enhance student learning and thereby increase academic and other student outcomes. The next phase of this work will be complete by **June 30, 2015**.

INITIATIVE 1.3: Support incoming freshmen at comprehensive high schools through Ninth Grade Academies.

Ninth Grade Academy is a grade level academy designed and established to help first-year ninth grade students successfully transition to high school and promote to the tenth grade. DCPS created these academies in school year 2013-2014 based on best practices, research and successful programs in other urban school districts. In school year 2014-2015, DCPS will focus on continuous improvement of ninth grade academies as well as develop effective tenth grade support systems that focus on foundational skills required for graduation in four years and college and career readiness. The next phase of this work will be complete by **September 30, 2015**.

OBJECTIVE 2: Ensure that schools provide support for present and healthy students.

INITIATIVE 2.1: Reduce all absences and expand interventions for excused and unexcused absences.

In recent years, DCPS attendance policies have focused on mandated responses to truancy, or the persistent absence of a student ages 5 – 17 years old without a valid excuse. This work includes attendance referrals to other city agencies, data tracking, and the presence of student support teams in DCPS schools. In school year 2014-2015, DCPS will expand this work to increasing In-Seat Attendance, a more comprehensive measure of whether students are present in school. In particular, the Office of Youth Engagement (OYE) will provide school leaders and staff with training on addressing excused and unexcused absences and additional funding to support attendance outreach. OYE will also partner with outside organizations to provide targeted supports (e.g., Attendance Matters Campaign, t-shirts, back-to-school flyers, radio ads, student incentives, etc.) for high absentee schools. The next phase of this work will be complete by **June 30, 2015**.

OBJECTIVE 3: Ensure that schools provide a consistent foundation in academics, strong support for social emotional needs, and a variety of challenging themes and programs

INITIATIVE 3.1: Develop and implement school climate improvement plans in a targeted group of underperforming schools.

In school year 2014-2015, the Office of Youth Engagement (OYE) will provide professional development and technical assistance to a pilot group of 14 schools' leaders to help them create uniform and comprehensive school climate plans to improve behavior and satisfaction. At another five schools, the OCOS will train teachers in evidence based classroom management and behavior modification modules that will help reduce disruptions to the delivery of instruction. Lessons from these pilots will be extrapolated to ensure that every one of the 40 lowest performing schools receives training and develops school climate plans in future school years. The first phase of this work will be complete by **September 30, 2015**.

INITIATIVE 3.2: Provide Proving What's Possible (PWP) school grants to increase students' satisfaction with their schools.

In school year 2014-2015, DCPS has provided targeted funding at the rate of \$100 per student (based on projected enrollment) – and a minimum of \$10,000 – to schools with the goal of increasing student satisfaction as measured by DCPS' annual stakeholder survey of students. In the spring of FY14, school leaders were charged with submitting proposals that detailed various ways in which they would use awarded funds to improve the percentage of students who report that they like coming to school. The majority of student activities funded by PWP grants group into the following categories: assemblies, field trips and experiential learning; clubs and teams; bullying and/or socialization programming; incentives and awards; and, improved programming and technology. This work will be complete by **September 30, 2015**.

INITIATIVE 3.3: Improve HIV/STI prevention through enhanced sexual health curriculum and services.

DCPS's HIV/STI Prevention Grant is a five-year grant funded by the Centers for Disease Control and Prevention through 2018. Over this five-year grant window, DCPS will work with 22 priority schools to provide intensive support and technical assistance in the implementation of the sexual health curriculum, sexual health services, safe and supportive school environments and policies. Strong relationships with priority school staff, local and national partners are essential in the success of the program goals. The next phase of this work will be complete by **September 30, 2015**.

Office of Planning & Postsecondary Readiness¹⁴

SUMMARY OF SERVICES

The Office of Planning and Postsecondary Readiness (OPPR) is responsible for guiding and implementing school plans that will support every student's access to exciting and engaging educational options that will prepare them for future college and career opportunities. The office is comprised of three divisions for the purpose of coordinating the following key functions:

- Create and support district- and school-level innovations designed to foster student-centered learning environments;
- Coordinate other key departments in DCPS to plan and deliver high-quality schools;
- Promote college and career preparedness through programming, partnerships, resources, and high-quality career and technical education.

OBJECTIVE 1: Ensure that every DCPS school provides a world-class education that prepares all of our students, regardless of background or circumstance, for success in college, career, and life.

INITIATIVE 1.1: Increase student access to and success in courses worth college credit.

A dual-enrollment program enables high school students to enroll in approved college courses, taken on a college campus, and simultaneously earn high school and college credit. Students who pursue dual enrollment courses graduate high school and enroll and persist in college at higher rates, earn higher college grades, and complete college more quickly than their peers. Dual enrollment also exposes our students to the rigors of college, and gives them a better understanding of what it takes to succeed in the college classroom. In the year ahead, DCPS will improve and expand our dual enrollment course offerings for high school students at the excellent local postsecondary institutions. The next phase of this work will be complete by **September 30, 2015**.

INITIATIVE 1.2: Launch Career Academies to better equip high school students with the skills necessary for college and careers. In school year 2014-2015, DCPS will launch seven new National Academy Foundation (NAF) Career Academies at six high schools, serving approximately 400 students. The seven Academies feature programming in engineering, information technology and hospitality. Students will learn skills necessary to prepare them for college and to secure high skill, high wage, and high demand jobs in the District in these industries. The Academy model includes strong college and industry partnerships as well as work-based learning experiences and rigorous content. Academy students will also participate in internships and upon completion of their program, students will receive an industry recognized certification. The first phase of this work will be complete by **June 30, 2015**.

¹⁴ The Office of Planning & Postsecondary Readiness is a new office in FY15. It is responsible for college and career readiness programs and developing new or reopening school plans that ensure every student has access to exciting and engaging educational options.

INITIATIVE 1.3: Provide middle grades students exposure to college and career experiences through the DC Meets Washington (DCMW) program.

DC Meets Washington (DCMW) is a program piloted in Summer 2014 that provides rising 7th and 8th grade students with college and career exposure and planning that will help them prepare for their futures and provide relevance to their middle grade studies. During the program, students will be exposed to college and career opportunities within the IT, Engineering, Hospitality, and Government sectors, which are among the top high-wage and high-demand career sectors in the District. They will meet with local leaders from each of these sectors, and participate in site visits in which they can directly experience different professional and postsecondary opportunities in each of these fields. In addition, students will receive academic supports to prevent them from experiencing summer learning loss. The next phase of this work will be complete by **September 30, 2015**.

¹⁵ In FY15, the Office of Planning and Postsecondary Readiness will be held accountable for this KPI which was previously owned by the Office of the Chief of Schools. In FY16, more KPIs will be added for OPR once more baseline data is captured.

Office of Family and Public Engagement

SUMMARY OF SERVICES

The Office of Family and Public Engagement (OFPE) works to accelerate the rate of achievement in DC Public Schools by investing families and the greater DC community in student and school success by providing the following services:

- Strengthening school-based family engagement
- Developing school, family, and community partnerships
- Engaging DCPS stakeholders in collaborative planning and implementation of district-wide initiatives
- Cultivating strategic community partnerships district-wide that contribute to student achievement

OBJECTIVE 1: Partner with families and community members who demand better schools.

INITIATIVE 1.1: Teach mindsets and skills to improve and sustain academically-focused relationships with families.

This year, DCPS will expand the Family Engagement Partnership (FEP) – an innovative family engagement partnership with the Flamboyant Foundation – to 21 schools. The FEP is an intensive, school-wide intervention designed to support student success by transforming the ways in which teachers and families collaborate with one another – in particular through home visits and whole-class family meetings focused on academic performance and strategies for home support (Academic Parent Teacher Teams). To support this work, OFPE and the Flamboyant Foundation provide resources, training and support to help school staff build relationships with families and leverage them as academic partners. This work will be complete by **September 30, 2015**.

INITIATIVE 1.2: Teach mindsets and skills to improve and sustain academically-focused relationships with families.

In school year 2014-2015, DCPS will continue to expand the Family Engagement Collaborative (FEC) Teacher Fellowship to 110 teachers from 39 schools. The FEC initiative provides teachers with an intensive, year-long professional development opportunity where they gain family engagement strategies including relationship building (home visits) and academic partnering. Teachers will be responsible for conducting home visits and attending professional learning community sessions. This work will be complete by **September 30, 2015**.

¹⁶ This metric is revised from FY14 because the parent survey items have changed. The new metric is the appropriate measure of success for the district’s focus on school-level family engagement.

Office of Data and Strategy

The Office of Data and Strategy (ODS) keeps DCPS focused on its strategic goals by using research, analysis, and robust data to drive planning, direct funding to support key initiatives, hold the organization accountable for getting results, and communicate success. The Office of Data and Strategy includes the following teams:

- Federal Programs and Grants
- Data Systems
- Data and Strategy
- Assessments
- Intergovernmental Affairs

OBJECTIVE 1: Support decision-making with accurate information about how our students and the school district are performing.

INITIATIVE 1.1: Provide support to schools and central office to ensure a smooth and gradual transition to the PARCC assessments in SY2014-2015¹⁷.

In school year 2014-2015, all public schools in the District of Columbia will transition from the DC-CAS assessment to the Partnership for Assessment of Readiness for College and Careers (PARCC) assessments. Unlike the DC CAS, PARCC will be a fully-online assessment and schools will need various supports to ensure a successful transition. The Office of Data & Strategy (ODS) is leading a task force of school and central office representatives that is identifying all the necessary steps for this change. ODS support will include, but will not be limited to, training, communication materials, coordination, and alignment of existing supports for assessments. The first year of implementation will be complete by **September 30, 2015**.

INITIATIVE 1.2: Ensure DCPS has cost-effective, user-friendly data systems and increase data use and quality across schools and central office.

In FY14, the Office of Data & Strategy (ODS) developed the scope for a new student information system (SIS) and transitioned elementary schools to the new system in August. ODS will continue to build on the system framework and will implement it in secondary schools beginning in spring 2015. ODS will also begin to install and deploy the infrastructure necessary to integrate other internal and external DCPS data systems to create a comprehensive reporting system, or “platform,” that will more efficiently satisfy all data reporting needs once fully implemented. This first phase of this work will be complete by **September 30, 2015**.

Office of the Deputy Chancellor for Operations

SUMMARY OF SERVICES

The Office of the Deputy Chancellor for Operations coordinates school and central operations services, school budgets, and the enrollment process to ensure that DCPS schools will be ready on the first day of school and every day after. The Office of the Deputy Chancellor provides the following services:

- School budget and enrollment oversight including the pre-kindergarten and out-of-boundary lotteries
- School Operations
- Food Services
- Technology infrastructure and support, acting as the liaison between DCPS and OCTO
- Procurement, including ordering of textbooks and instructional materials
- Realty functions and management of the warehouse for the school district
- Facilities planning and coordination with Department of General Services and Deputy Mayor for Education
- Audit Compliance

OBJECTIVE 1: Provide schools with the central office support they need to foster student achievement.

INITIATIVE 1.1: Ensure schools are prepared for computer-based assessments by upgrading and aligning hardware, network, and IT support.

Unlike the DC CAS, the Partnership for Assessment of Readiness for College and Careers (PARCC) is an online, computer-based test. As a result, schools must have the hardware, IT and support infrastructure to execute the assessment by spring 2015. Based on a pilot in spring 2014, the Office of the Deputy Chancellor will work to provide the following supports to ensure schools are ready for PARCC: hardware upgrades (schools will have the computers they need), network upgrades (schools will have the internet capabilities needed for online testing), and increased IT support (technical support staff will be assigned to schools). The next phase of this work will be complete by **June 30, 2015**.

OBJECTIVE 2: Increase enrollment in DCPS.

INITIATIVE 2.1: Increase enrollment.

DCPS has set a strategic goal to increase enrollment by 2017. There were several unique challenges with enrollment in FY14, including the unified lottery system (MySchoolDC) implemented for the first time in spring 2014, yet DCPS increased enrollment by nearly 1,000 students. In school year 2014-2015, the Office of the Deputy Chancellor for Operations will build on this success. In particular, ODC will provide professional development to 30 schools' leaders on creating targeted walk lists and employing canvassing strategies to reach out to returning families and boost re-enrollment rates. This work will be complete by **June 30, 2015**.

OBJECTIVE 3: Oversee the implementation of agency-wide priorities.

INITIATIVE 3.1: Conduct agency sustainability assessment using OCA approved criteria developed by DDOE and OP in accordance with Mayor's Order 2013-209 (Sustainable DC Governance Goal 1, Action 1.2; Built Environment Goal 3)

Within one hundred twenty (120) days after the City Administrator approves sustainability assessment criteria developed jointly by the District Department of the Environment and the Office of Planning, each agency head subject to the authority of the mayor shall use the criteria to evaluate the sustainability of their respective operations in accordance with the requirements of Mayor's Order 2013-209, the Sustainable DC Transformation Order, and submit to his or her responsible Deputy Mayor and the Office of the City Administrator the results of the agency's internal assessment. **This work will be complete by April 2015.**

*The Washington Teachers' Union (WTU) includes teachers, instructional coaches, counselors, librarians, and related service providers (e.g., psychologists, speech/language pathologists, and social workers).

**Non-WTU positions are those that belong to the other three DCPS unions: the Council of School Officers (CSO), the American Federation of State, County, and Municipal Employees (AFSCME), and the Teamsters. The CSO includes principals, assistant principals, deans, coordinators, and some related service providers; AFSCME includes office staff, educational aides, and other support staff; and the Teamsters includes custodians and attendance counselors

Note: Because we often post a position before it is truly vacant, in order to fill it quickly, the date posted does not always reflect the date a position became vacant. Additionally, school-based positions do not have an exact posting date, as many of these positions are posted year-round and the initial posting may not correlate to a current opening.
