During the performance period, for the third year, VCare consistently exceeded expectations for the timely procurement of transition services for MFP participants. On a weekly basis, VCare produced payments for services within 1-2 business days although 5 days from payment request to payment has been allotted. Beginning March 2016, as the team worked to meet a September 30, 2016 deadline set by the Deputy Mayor's Office, VCare, as needed, made special arrangements to produce payments within hours to meet MFP participants' needs based on demands of property managers and other service providers. In addition, VCare's strategic partnerships continued to be critical in securing the housing required for MFP participants to transition to the community.

MedStar Family Choice Health Plan

DHCF-2013-C-0003-03

Rating Period, 8/01/2015 – 4/30/2016

Supplemental Performance

Business Relations:

MedStar has been very responsive to all inquiries and has been pro-active with regards to areas that were identified for improvement. For example, when the trends for the Hospital Emergency Room Utilization were shared, MedStar initiated an Emergency Department Diversion program to help mitigate the recurrence of low acuity admissions. They were also receptive to adopting other ideas to educate their members on the appropriate use of the ER via kitchen magnets, newsletters and other non-conventional forms of communication. During the viral data breach, MedStar informed their Contract Administrator immediately and kept DHCF informed as developments occurred. Also, when errors are observed in MCO reports, MedStar acknowledges and resubmits as requested without hesitation. Finally, the staff has always complied with requests for documentation or written dispositions of outcomes that relate to member complaints brought forth to DHCF.

RATED EXCELLENT

Customer Satisfaction:

The staff has always strived to accommodate or at least acquire all information as it relates to customer satisfaction. Complaints have chiefly related to the Transportation Provider and MedStar acknowledges that this area is in need of improvement. They have worked to seek better outcomes for the members by meeting with their delegated vendor to provide qualitative measures in place to ensure that transportation is provided in a timely fashion. Also, when other complaints have been presented to me, I forward the complaints to MedStar for resolution. Their team immediately reaches out the member to resolve the issue at hand. I have yet, as their acting Contract Administrator, received an unresolved matter that MedStar did not attempt to address. Their efforts demonstrate
