OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
FY12 OVERSIGHT FOLLOW-UP QUESTIONS

COUNCIL OF THE DISTRICT OF COLUMBIA
COMMITTEE EDUCATION
THE HONORABLE DAVID CATANIA, CHAIRMAN OF THE COMMITTEE ON EDUCATION
JOHN A. WILSON BUILDING

OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
FY12 Oversight Follow-up Questions

1) Please detail the process for paying child care providers that participate in DC's child care subsidy program? Please list the number of students participating in the program, the number of child care providers participating in the program, and the total amount of payments made to child care centers under subsidy program in FY12 and to date in FY13

RESPONSE:

Number of Students *number fluctuates daily*	**Number of Subsidy Providers**	**FY12 Total Payments**	**FY13 Total Payments** *year- to- date*
7,305	223	$64.5 million	$27.6 million

**As of January 2013.*

About the Process
Providers are required to submit a Daily Attendance Report for each child approved for subsidy by the Department of Human Services (DHS). DHS oversees Early Childhood Education subsidy program payments. The Attendance Report is the basis for all payments. Providers will be paid for the actual verified number of days a child attends.

Procedural Steps:

1. Each child development facility (referred to as "Provider") with a Child Care Subsidy Agreement with the OSSE, shall maintain daily attendance records that identify the name(s) of the child(ren) to whom services are provided and the dates that care is provided, using the official OSSE Daily Child Care Attendance Form or entering the attendance report into the OECE (Office of Early Childhood Education) database (Provider Attendance Module).

2. All Monthly Attendance Reports must be signed by the Director or authorized person indicating that the information reported is accurate. If the information is entered directly into the OECE database, a copy of the Attendance Report and a signature sheet must be forwarded to OSSE, certifying that all information entered into the OECE database is true and accurate.

3. The Provider shall submit the Daily Attendance Report for each child to OSSE's Eligibility Monitoring Unit Attendance Report Coordinators by close of business, on the fifth (5^{th}) business day of each month, for the previous month of service. Failure to submit the Attendance Report in a timely manner may result in a delay of payment.

4. An official Monthly Non-traditional Attendance Report provided by OSSE should be submitted for children receiving non-traditional child care services. These reports should include the same information as the regular Monthly Attendance Report. Providers must attach to the Attendance Report written justification for "excused absences" for all children reported as having "excused absences" in the month. Non- Traditional Attendance is denoted for abnormal

hours. For instance, we have centers that operate 24hrs a day and/or weekends, which is considered non-traditional.

5. The Attendance Report Coordinators shall review all attendance reports for terminations and written justification for children with reported "excused absences." If a Provider does not have subsidized children enrolled in the facility, they must submit an Attendance Report indicating such. The Attendance Report Coordinators shall maintain tracking systems for receipt of Provider Monthly Attendance Reports. The Coordinators will update the Provider Attendance Module to reflect all reported "unexcused absences," "excused absences," terminations, and closures. Nontraditional Attendance Reports are forwarded to the Accounts Payable Unit for manual processing and payment.

6. Upon completing the data entry, the coordinators will report all nontraditional and traditional terminations to DHS/CCSD; unexcused absence terminations to the Eligibility Monitoring Unit; and the Pending Attendance list to the Education Services Monitoring Unit, the Eligibility Monitoring Unit, and the Accounts Payable Unit.

7. The Provider shall review the Monthly Pay Statement each month for accuracy. Providers shall submit an OSSE Error Report to the Eligibility Monitoring Unit to report any payment errors.

2) Please detail the one outstanding U.S. Department of Education "high risk" status finding and the steps OSSE is taking to address this issue.

Response:
As of July 2012, OSSE has not yet fully implemented a process for calculating and charging indirect costs to federal education programs that demonstrate sound internal controls and sustained improvement in accurate accounting and recording of federal grant expenditures. In prior single audits, the auditors found that DCPS repeatedly incorrectly calculated and charged indirect costs to federal education programs and that DCPS' accounting system was not capable of calculating and recording indirect costs for federal programs. The auditors further concluded that since DCPS applied a manual process to calculate and charge indirect costs, DCPS personnel might have incorrectly calculated indirect costs on unallowable expenditures. For single audit periods 2005 and 2006, the auditors questioned costs in the total amount of $695,108.

In the 2007 single audit, the auditors were unable to determine the amount of questioned costs because the calculation of indirect cost did not agree with the amount recorded in the District of Columbia's accounting system and DCPS was unable to locate supporting documentation for the amounts used in the indirect cost calculations. OSSE recognized the inconsistent application of indirect cost rates when it assumed State Education Agency (SEA) responsibilities from DCPS in October 2007. Furthermore, OSSE committed, in the U.S. Department of Education's (ED) High-Risk Corrective Action Plan (HRCAP), that the audit deficiencies made under DCPS would be addressed through a reassessment of agency policies and procedures for indirect cost calculation and reimbursement now that OSSE was the SEA. During this period, OSSE informed ED that effective FY08, OSSE would suspend the charging of indirect costs to federal education grants until OSSE could create a sound process for claiming indirect costs to federal grants.

ED is waiting for the final submission of the following documents prior to approval:

- Final indirect cost policies and procedures that provide assurances to ED that OSSE's internal controls and methodology for calculating and charging indirect costs are based solely on allowable expenditures, and
- Confirmation that OSSE maintains supporting documentation for its indirect costs charges to federal grants consistent with OSSE's applicable approved Indirect Cost Rate Agreements.

OSSE is currently in the process of finalizing a proposal in conjunction with the Agency Chief Financial Officer. This process includes creating a comprehensive data source of federal grant award, type of rate (restricted & unrestricted), and administrative set-aside limits. Once the process is established, OCFO staff will complete a comprehensive data analysis that outlines draw down amounts per quarter by grant program, which will then be submitted for ED approval.

b. Also, please detail the finding currently in dispute with the US Department of Education.

Response:
In January 2013, the Department commended DC OSSE for making improvements to its time distribution policy and a new single system of recording payroll expenditures and time and effort data. They praised our approach for maintaining these documents in a central repository. However, we are still working closely with the Department to finalize the implementation of our policy regarding payroll record-

keeping. Our current payroll system maintains federal salary charges based upon grant programs and in some instances, it tracks required set-aside expenditures through the use of project phases or PCAs. The use of project phases as a tracking mechanism is only consistent across federal grant awards. DC OSSE and the CFO are working to implement a consistent system to track functions regardless of local or federal funding.

Additionally, there is a need for the OSSE in collaboration with the OCFO to develop and implement a process by which we reconcile all salary expenditures on the actual time and effort worked by each employee whose salary is funded by a federal grant program. When a person works under two or more cost objectives, OSSE has to distribute the time and charges among the respective cost objectives. If there is difference between the actual and budgeted charges, reconciliations must take place at least quarterly. Moving forward we will build a process into our policy where differences will be reconciled on a quarterly basis.

To ensure appropriate documentation that will meet the requirements of federal time and effort reporting, DC OSSE has developed a new set of protocols that will track the cost objectives each employee works under. Additionally, to jumpstart implementation the first week of April, employees funded in part or whole on federal funding and members of the OCFO participated in one of ten training sessions regarding the redesigned process the last week of March. OSSE has 136 federally funded positions. To date, we have provided training to 118 employees and have scheduled training for the remaining 18 employees this week.

3) Please submit the final results of OSSE's mobility study and the data that was used to conduct the study in an Excel compatible format.

6) Is OSSE responsible for monitoring DC wards with special needs that are placed outside of the district? If so, how does OSSE budget for these students?

RESPONSE:
Yes. OSSE is ultimately responsible for monitoring DC wards with special needs who are placed outside of the District. This monitoring is supported by federal grant funds distributed through Part B of the Individuals with Disabilities Education Act (IDEA).

To ensure that DC wards are provided a Free and Appropriate Public Education (FAPE) as required by IDEA, OSSE is in the process of developing a Memorandum of Agreement (MOA) between OSSE, the Child and Family Services Administration, and the District of Columbia Public Schools to ensure coordination of service delivery and the provision of FAPE for these students.

7) What is the status of the contract with Mathematica Policy Research to develop the value added system for schools and teachers when we met last week? Do you have additional information on the status of this contract and the MOU OSSE has with DCPS to pay back the portion of funds that OSSE was unable to allocate?

RESPONSE:
OSSE has a Memorandum of Understanding (MOU) with DCPS to use their contract with Mathematica to implement a value added model for Race to the Top (RTTT) participating schools. Last year, SY 11-12, Mathematica was already doing this work for DCPS, so when the model was expanded to include Race to the Top participating charter schools, it made sense to use the same contract vehicle. OSSE was responsible for $406,064 and paid that amount through an interagency transfer on September 26, 2012.

This year, for SY 12-13, OSSE and DCPS have another MOU for a slighter higher amount, $448,575. OSSE plans to make one lump sum payment through an interagency transfer to DCPS, as we did last year, as soon as DCPS completes the invoice review and officially requests the funds.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
AND
THE DISTRICT OF COLUMBIA PUBLIC SCHOOLS
FOR
VALUE-ADDED ASSESSMENT SYSTEM FOR SCHOOLS AND TEACHERS

I. INTRODUCTION

This Memorandum of Understanding (MOU) is entered into between the Office of the State Superintendent of Education (OSSE), the Buyer, and the District of Columbia Public Schools (DCPS), the Seller, collectively referred to herein as the "Parties".

OSSE has requested services of DCPS to carry out work under a contract DCPS has with Mathematica Policy Research ("MPR" or "the Vendor") to support the Value-Added Assessment System for Schools and Teachers ("Value-Added project"). This contract was modified in accordance with requests from OSSE to expand the scope of work. OSSE will fund the additional costs over and above the DCPS contract cost for the modification.

II. OVERVIEW

The purpose of the Value-Added project is for the Vendor to provide analysis services to DCPS to support the school and teacher evaluation system currently in place. This contract was originally written with the intention of providing these services for DCPS alone.

As requested by the OSSE, the purpose of the contract modification is to expand the set of teachers eligible to receive value-added measures to include teachers in charter schools. The cost proposal of the modification of the MPR contract includes costs for expanding the value-added assessment system to include charter schools, but does not reflect the full amount that would be needed for a stand-alone contract to perform these services for charter schools. Much of the work that will be done under the modification is already covered under the original DCPS contract, but all additional costs for the modification not covered in the original DCPS contract will be funded by OSSE.

III. SCOPE OF SERVICES

Pursuant to the applicable authorities and in the furtherance of the shared goals of the Parties to carry out the purposes of this MOU expeditiously and economically, the Parties do hereby agree:

A. Responsibilities of Seller DCPS

DCPS shall:

1. Monitor the contract administration and deliverables.
2. Complete quarterly evaluations, monitor status reports from the Vendor and provide copies of the status reports to OSSE on a quarterly basis.
3. Pay the Vendor the total funds transferred under this MOU, $448,575.00, for all additional services rendered pursuant to the modification of Vendor's contract with DCPS, which includes additional services provided on behalf of OSSE.

B. Responsibilities of Buyer OSSE

OSSE shall:

1. Provide the funding amount stated in Section VI.A.1 of this MOU to DCPS via Intra-District advance for the personnel, activities and other DCPS obligations specified in this MOU.
2. Provide data and decisions pertaining to the Value-Added project on the same project timeline as DCPS.
3. Provide funding to compensate for additional preparatory work conducted by the Vendor should OSSE not be able to deliver data and decisions on a timeline consistent with the DCPS project plan; provided, however, such funding will be provided upon a modification of this MOU or a separate MOU between the Parties.

IV. DURATION OF MOU

A. The period of this MOU shall be from October 1, 2012 through September 30, 2013, unless terminated in writing by the Parties prior to the expiration.

B. The Parties may extend the term of the MOU by exercising a maximum of three (3) one (1) year option periods. The total term of this MOU, including the exercise of any option clause, may not exceed four (4) years. Option periods may consist of a year, a fraction thereof, or multiple successive fractions of a year. The parties shall provide written notice of their intent to renew an option period prior to the expiration of the MOU.

C. The exercise of an option period is subject to the availability of funds at the time of the exercise of the option.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
AND
THE DISTRICT OF COLUMBIA PUBLIC SCHOOLS
FOR
VALUE-ADDED ASSESSMENT SYSTEM FOR SCHOOLS AND TEACHERS

I. INTRODUCTION

This Memorandum of Understanding (MOU) is entered into between the Office of the State Superintendent of Education (OSSE), the Buyer, and the District of Columbia Public Schools (DCPS), the Seller, collectively referred to herein as the "Parties".

OSSE has requested services of DCPS to carry out work under a contract DCPS has with Mathematica Policy Research ("MPR" or "the Vendor") to support the Value-Added Assessment System for Schools and Teachers ("Value-Added project"). This contract was modified in accordance with requests from OSSE to expand the scope of work. OSSE will fund the additional costs over and above the DCPS contract cost for the modification.

II. OVERVIEW

The purpose of the Value-Added project is for the Vendor to provide analysis services to DCPS to support the school and teacher evaluation system currently in place. This contract was originally written with the intention of providing these services for DCPS alone.

As requested by the OSSE, the purpose of the contract modification is to expand the set of teachers eligible to receive value-added measures to include teachers in charter schools. The cost proposal of the modification of the MPR contract includes costs for expanding the value-added assessment system to include charter schools, but does not reflect the full amount that would be needed for a stand-alone contract to perform these services for charter schools. Much of the work that will be done under the modification is already covered under the original DCPS contract, but all additional costs for the modification not covered in the original DCPS contract will be funded by OSSE.

III. SCOPE OF SERVICES

Pursuant to the applicable authorities and in the furtherance of the shared goals of the Parties to carry out the purposes of this MOU expeditiously and economically, the Parties do hereby agree:

A. Responsibilities of Seller DCPS

DCPS shall:

1. Monitor the contract administration and deliverables.
2. Complete monthly evaluations, monitor status reports from the Vendor and provide copies of the monthly status reports to OSSE on a quarterly basis.
3. Pay the Vendor the total funds transferred under this MOU, $406,064.00, for all additional services rendered pursuant to the modification of Vendor's contract with DCPS, which includes additional services provided on behalf of OSSE.

B. Responsibilities of Buyer OSSE

OSSE shall:

1. Provide the funding amount stated in Section VI.A.1 of this MOU to DCPS via Intra-District advance for the personnel, activities and other DCPS obligations specified in this MOU.
2. Provide data and decisions pertaining to the Value-Added project on the same project timeline as DCPS.
3. Provide funding to compensate for additional preparatory work conducted by the Vendor should OSSE not be able to deliver data and decisions on a timeline consistent with the DCPS project plan; provided, however, such funding will be provided upon a modification of this MOU or a separate MOU between the Parties.

IV. DURATION OF MOU

A. The period of this MOU shall be from October 1, 2011 through September 30, 2012, unless terminated in writing by the Parties prior to the expiration.

B. The Parties may extend the term of the MOU by exercising a maximum of three (3) one (1) year option periods. The total term of this MOU, including the exercise of any option clause, may not exceed four (4) years. Option periods may consist of a year, a fraction thereof, or multiple successive fractions of a year. The parties shall provide written notice of their intent to renew an option period prior to the expiration of the MOU.

C. The exercise of an option period is subject to the availability of funds at the time of the exercise of the option.

V. AUTHORITY FOR MOU

D.C. Official Code § 1-301.01(k)

VI. FUNDING PROVISIONS

A. Cost of Services

1. Total and actual cost for all goods and services under this MOU shall not exceed four hundred and six thousand and sixty-four dollars ($406,064.00). Funding for the goods or services shall not exceed the actual cost of the goods or services including labor, materials and overhead, provided all costs and expenditures shall not exceed four hundred and six thousand and sixty-four dollars ($406,064.00).

2. In the event of termination of the MOU, payment to Seller shall be held in abeyance until all required fiscal reconciliation is complete, but not longer than September 30th of the current fiscal year.

B. Payment

1. Payment for all goods and services provided by DCPS shall be made through an Intra-District advance by Buyer to Seller based on the amount of this MOU.

2. Seller shall submit information quarterly explaining the amounts billed for that period, as well as the vendor monitoring reports referenced in Section III.A.2. of this MOU. The information shall include: (1) labor costs and (2) materials costs.

3. Advances to Seller for the services to be performed/goods to be provided shall not exceed the amount of this MOU.

4. Seller shall relieve the advance and bill Buyer through the Intra-District process only for those goods or services actually provided pursuant to the terms of this MOU. Seller shall return any excess advance to OSSE by September 30th of the current fiscal year.

5. The Parties' Directors or their designees shall use their best efforts to resolve all adjustments and disputes arising from services performed under this MOU. In the event that the Parties are unable to resolve a financial issue, the matter shall be referred to the D.C. Office of the City Administrator.
