

Attachment III-Federal Grants						
Agency Name: Department of Energy and Environment						
Grant Name	Estimated Balance into FY 2018	Estimated FY 2018 Award	Federal Agency Awarding the Grant	New/On-going	Purpose	
13EVTS	51,232.92	51,232.92	NOAA	On-going	American Shad Population Dynamics and Stock Enhancement Assessment	
14EVNI	100,000.00	100,000.00	Environmental Protection Agency	On-going	To assist the recipient in implementing their EPA-approved Section 319(h) nonpoint source (NPS) pollution control program activities	
15EVBA	200,000.00	200,000.00	National Fish & Wildlife Foundation	On-going	Retrofit an 11-acre site with green infrastructure to restore natural hydrology, prevent flooding and erosion, and protect habitat of the endangered Hay Spring amphipod	
15EVCA	220,914.65	220,914.65	Environmental Protection Agency	On-going	To provide the District of Columbia with on-site construction management and oversight services to fully support the District's endeavor to accomplish construction and/or improvement of its waste facilities as authorized in the Appropriations Act of 1997.	
15EVNI	125,000.00	125,000.00	Environmental Protection Agency	On-going	A program to prevent and control pollution from non-point sources	
15EVSD	24,546.07	24,546.07	Environmental Protection Agency	On-going	To provide the District of Columbia with on-site construction management and oversight services to fully support the District's endeavor to accomplish construction and/or improvement of drinking water facilities as authorized under the Safe Drinking Water Act.	
16EVAM	54,940.50	110,708.30	Environmental Protection Agency	On-going	The goal of the PM 2.5 Monitoring Program is to provide ambient data that support National Air Quality Programs, including both mass measurement and chemically resolved, or speculated data. Data from this program will be used for the PM 2.5 National Ambient Air quality Standards (NAAQS) comparisons, development and tracking of implementation plans, assessments for regional haze and assistance for studies in health effects and other ambient aerosol research activities. This grant is for the implementation, operation and maintenance of the DC DOE OM 2.5 Monitoring Network for the District.	
16EVBG	278,861.97	278,861.97	Environmental Protection Agency	On-going	Perform program development activities to establish and enhance the four elements of their Brownfield Section 128(a) State Response Program; establish and maintain public records of sites including activities related to institutional controls; and site-specific assessments.	
16EVFD	500,000.00	500,000.00	National Fish & Wildlife Foundation	On-going	The Fort DuPont Watershed Restoration Project will be a sub-watershed wide project to catch and filter storm water on private property and public space and to restore degraded streams and wetland areas.	
16EVHT	116,768.75	330,794.21	Dept. of Defense- Army Corp. of Engineers	On-going	This grant is issued under a Cooperative Agreement (CA) with the U. S. Department of Defense under which the DDOE is reimbursed for technical review and comments and other related activities for Installation Restoration Projects at active and Formerly Used Defense Sites (FUDS) in the District of Columbia.	

Attachment III-Federal Grants						
Agency Name: Department of Energy and Environment						
Grant Name	Estimated Balance into FY 2018	Estimated FY 2018 Award	Federal Agency Awarding the Grant	New/On-going	Purpose	
16EVNI	410,000.00	410,000.00	Environmental Protection Agency	On-going	The purpose of this program is to address the control and prevention of non-point source pollution to the District's surface and ground waters. The DC NPS Management Program is part of a comprehensive District watershed management program that strives to meet the national EPA Goal #2 of Safe and Clean Water, and Strategic Plan Objective 2.2: Protect Water Quality. Support for the program comes from Federal Clean Water Act 319(h) funds.	
17EVAC	0.00	200,000.00	DOI - Fish & Wildlife Service	New	Boating Access Grant	
17EVAP	1,376,563.67	1,376,563.67	Environmental Protection Agency	On-going	This agreement will provide assistance to the recipient in its efforts to implement air pollution control programs throughout the District of Columbia, including continuing development and implementation of stationary source regulations; continuing promulgation and update of enhanced mobile source regulation; improvement of emission inventories for modeling simulations; and to operate a monitoring network that collects air data. These activities are to improve and maintain the public's air quality.	
17EVAT	32,000.00	32,000.00	Environmental Protection Agency	On-going	The Grant enables the DDOE to provide support for the National Air Toxics Trend Site (NATTS) in Washington, DC. The site is part of a 27-site national network of air monitoring stations established to full fill the need for long-term monitoring data and to track trends in ambient air toxics levels to facilitate measuring process toward emission and risk reduction natural gas.	
17EVCB	786,392.00	1,566,584.39	Environmental Protection Agency	On-going	This grant funds DOEE to support the urban nonpoint source component of the District's Watershed Implementation Plan (WIP) by providing technical services to review plans for BMP installation and use voluntary means to install BMPs on both public and private lands. The work under this grant will also set goals for the District to continue its education and outreach activities in its WIP as will as support Bay coordination efforts.	
17EVFC	30,000.00	30,000.00	Homeland Security - U.S. Department of. FEMA	On-going	FEMA's CTP Program established partnerships with states and local communities that participate in the National Flood Insurance Program (NFIP). <u>The purpose of the CTP Program is to provide, through a cooperative agreement, funds to ensure that a partner can perform program management and technical mapping-related activities.</u> The District of Columbia is a participating NFIP community, which implements sound floodplain management practices to protect the District's residents and property owners.	

Attachment III-Federal Grants						
Agency Name: Department of Energy and Environment						
Grant Name	Estimated Balance into FY 2018	Estimated FY 2018 Award	Federal Agency Awarding the Grant	New/On-going	Purpose	
17EVFE	23,000.00	23,000.00	Homeland Security - U.S. Department of. FEMA	On-going	Funding to support the District's flood plan management program in compliance with the National Flood Insurance Program. Grantee shall perform the work described in the Community Assistance Program - State Support Services Element (CAP-SSSE) agreement, scope of work, or work plan which was included as part of the application package and made a part of the agreement articles.	
17EVHW	0.00	261,388.68	Environmental Protection Agency	On-going	To continue to support the development/implementation of the District of Columbia's program controlling the generation, transport, treatment, storage and disposal of hazardous Waste, which will reduce waste generation, increase hazardous waste recycling, and ensure proper management of waste and petroleum products at facilities.	
17EVLV	0.00	469,165.54	Environmental Protection Agency	On-going	The purpose of this agreement is to assist the District Department of Energy and the Environment in its ongoing efforts to administer its lead program through certification and accreditation of lead paint professionals, monitor lead-based activities through inspections and notification procedures, issue enforcement actions to ensure compliance with requirements and to deter father violations, provide compliance assistance tot he regulated community: provide education on lead regulations and lead issues to the public.	
17EVLU	0.00	489,510.94	Environmental Protection Agency	On-going	To continue to assist the Department of Energy and Environment in implementing an effective Leaking Underground Storage Tank (LUST) regulatory program as set forth in Subtitle 1 of the Solid Waste Disposal Act, as amended.	
17EVMP	209,632.95	209,632.95	Environmental Protection Agency	On-going	The funds will support the development of an online permit application system and fund the re-location of the Village Green park bench air monitoring station with continued operation and community outreach for 2 years.	
17EVNI	132,000.00	650,000.00	Environmental Protection Agency	On-going	The purpose of this program is to address the control and prevention of non-point source pollution to the District's surface and ground waters. The DC NPS Management Program is part of a comprehensive District watershed management program that strives to meet the national EPA Goal #2 of Safe and Clean Water, and Strategic Plan Objective 2.2: Protect Water Quality. Support for the program comes from Federal Clean Water Act 319(h) funds.	

Attachment III-Federal Grants						
Agency Name: Department of Energy and Environment						
Grant Name	Estimated Balance into FY 2018	Estimated FY 2018 Award	Federal Agency Awarding the Grant	New/On-going	Purpose	
17EVRA	0.00	970,470.57	Environmental Protection Agency	On-going	This agreement funds DOEE to implement a Chesapeake Bay Regulatory and Accountability (CBRAP) grant program. The funding under this program will support the Districts' Chesapeake Bay coordination to enhance DOEE's storm water and erosion/sediment control inspection activities and help implement new Storm water regulations. This funding will also support the development of an illicit discharge detection program and support a new pollution prevention program targeting government facilities.	
17EVSR	74,913.00	74,913.00	Environmental Protection Agency	On-going	The project will provide funding to the District Department of Energy and Environment (DOEE) to influence mechanical behavior and practices at auto body and repair shops in the DC area. The program will offer a clear, unified message about how to reduce pollution through source reduction and develop source reduction plans, consisting of workshops, onsite technical assistance, newsletters and a green certification program.	
17EVST	0.00	241,578.68	Environmental Protection Agency	On-going	To assist the recipient's program in implementing an effective underground storage tank regulatory program as set forth in Subtitle 1 of the Solid Waste Disposal Act, as amended.	
17EVWP	250,373.19	1,251,865.93	Environmental Protection Agency	On-going	To assist the recipient in establishing and maintaining adequate measures for the prevention and control of surface ground water pollution and in implementing the EPA approved Section 106 program.	
18EVAE	0.00	405,769.47	DOI - Fish & Wildlife Service	New	Educate Students and other District residents about the biology, ecology, and conservation of the District's aquatic resources and encourage the safe and ethical use of fishery resources	
18EVCD	0.00	345,976.65	Health & Human Services - Center for Disease Control	New	Grant funds are to be used for Childhood lead poisoning prevention activities. The grant will be used to close a significant screening gap in the District of Columbia which is known to be a jurisdiction at significant risk of containing hazardous lead exposures, primarily due to the age of its housing stock and to the disproportionately high poverty rate of its residents/	
18EVCV	0.00	37,000.00	DOI - Fish & Wildlife Service	New	Clean Vessel Act Pump out Program- To purchase a pump out boat and using it to prevent boat sewage from entering the waters of the District of Columbia.	
18EVFC	0.00	60,000.00	Homeland Security - U.S. Department of. FEMA	New	FEMA's CTP Program established partnerships with states and local communities that participate in the National Flood Insurance Program (NFIP). <u>The purpose of the CTP Program is to provide, through a cooperative agreement, funds to ensure that a partner can perform program management and technical mapping-related activities.</u> The District of Columbia is a participating NFIP community, which implements sound floodplain management practices to protect the District's residents and property owners.	

Attachment III-Federal Grants						
Agency Name: Department of Energy and Environment						
Grant Name	Estimated Balance into FY 2018	Estimated FY 2018 Award	Federal Agency Awarding the Grant	New/On-going	Purpose	
18EVFE	0.00	57,317.24	Homeland Security - U.S. Department of. FEMA	New	Funding to support the District's flood plain management program in compliance with the National Flood Insurance Program. Grantee shall perform the work described in the Community Assistance Program - State Support Services Element (CAP-SSSE) agreement, scope of work, or work plan which was included as part of the application package and made a part of the agreement articles.	
18EVFM	0.00	443,048.16	DOI - Fish & Wildlife Service	New	This project funds coordination of all Federal Aid projects to assure that all rules and regulations are complied with and that projects are conducted in a timely manner.	
18EVFS	0.00	679,553.27	DOI - Fish & Wildlife Service	New	Sport fisheries research and management activities; boating access development and maintenance; aquatic resource education activities; lake construction and maintenance; land acquisition; technical assistance; planning; habitat enhancement; administration; coordination; and hatchery construction are eligible under the Act.	
18EVHT	0.00	109,051.52		New	This grant is issued under a Cooperative Agreement (CA) with the U. S. Department of Defense under which the DDOE is reimbursed for technical review and comments and other related activities for Installation Restoration Projects at active and Formerly Used Defense Sites (FUDS) in the District of Columbia.	
18EVIR	0.00	100,000.00	Environmental Protection Agency	New	To support the development/implementation of the District of Columbia's program controlling the generation, transport, reduction, storage and disposal of hazardous waste recycling which will reduce waste generation, increase hazardous waste recycling, and ensure proper management of waste and petroleum products at facilities. Federal funds in the amount of \$487,081 are contingent upon availability of additional funds.	
18EVMB	0.00	88,272.75	DOI - Fish & Wildlife Service	New	Funding to plan and implement projects for the benefit of a diverse array of wildlife and associated habitats, including species that are not hunted or fished. It also fulfills unmet needs of wildlife in the District of Columbia that includes wildlife education and recreation activities.	
18EVNI	0.00	481,869.34	Environmental Protection Agency	New	The purpose of this program is to address the control and prevention of non-point source pollution to the District's surface and ground waters. The DC NPS Management Program is part of a comprehensive District watershed management program that strives to meet the national EPA Goal #2 of Safe and Clean Water, and Strategic Plan Objective 2.2: Protect Water Quality. Support for the program comes from Federal Clean Water Act 319(h) funds.	
18EVPP	0.00	182,768.20	Environmental Protection Agency	New	To perform approved pesticide program activities including: enforcement of pesticides regulations and programs related to Certification and Training for pesticides applicators; worker protection, water quality, container containment as well as endangered species.	

Attachment III-Federal Grants						
Agency Name: Department of Energy and Environment						
Grant Name	Estimated Balance into FY 2018	Estimated FY 2018 Award	Federal Agency Awarding the Grant	New/On-going	Purpose	
18EVWN	0.00	5,000.00	DOI - Fish & Wildlife Service	New	Bat Monitoring and Disease Surveillance in the District of Columbia	
18EVWQ	0.00	100,000.00	Environmental Protection Agency	New	Grant agreement will assist in carrying out EPA approved Section 604(b) water quality management planning activities.	
18EVWS	0.00	184,111.18	DOI - Fish & Wildlife Service	New	The objective of this grant is to collect additional information on the status and distribution of mammal, amphibian, reptile and invertebrate species of greatest conservation need, and to develop a Comprehensive Weed Management Plan for the District of Columbia.	
18IDCR	0.00	3,977,809.11	Environmental Protection Agency	New	Tracking of Indirect cost recovery expenses for the agency	
81EVWT	0.00	12,500.00	DOI - Fish & Wildlife Service	On-going	To address regional wildlife conservation issues with the input and involvement of multiple parties involved in the creation and implementation of the State Wildlife Action Plans, using a funding mechanism that is equitable to all Northeast States and the District of Columbia.	
91EVAR	33,000.00	33,000.00	DOI - Fish & Wildlife Service	On-going	The purpose of this project is to operate and maintain of the District of Columbia's Aquatic Resources Education Center. Activities conducted under this grant will ensure the Center is in good working condition and provides a safe, comfortable, and attractive facility for people to learn about the District's fisheries and aquatic resources.	
LIEA18	0.00	10,435,086.07	Health & Human Services	New	LIHEAP is funding by the federal Department of Health and Human Services (HHS) and helps eligible District residents pay heating and cooling bills. The amount of people that this grant can serve is based on the allotted budget/the average dollar amount of benefit payments made.	
SEP018	0.00	243,312.87	Dept. of Energy	New	SEP is funded by the US Department of Energy (DOE) (Fund detail 8220) and assists the District in addressing its energy priorities and program funding to adopt emerging renewable energy and energy efficiency technologies.	
SHOP17	0.00	6,968.75	Dept. of Energy	On-going	SHOPP is funded by the US Department of Energy (DOE) and collects heating oil and pricing data during the heating season	
WAP017	0.00	600,015.23	Dept. of Energy	On-going	Weatherization Assistance	
Total	\$5,030,140	\$28,787,162.28
