**FY 2018 Budget Post-Hearing Questions**  
**Department of Parks and Recreation**

***Operating Budget***

1. Please provide the Committee with a crosswalk showing which FTEs and non-personnel funds were shifted between programs in the proposed FY 2018 budget.

*Response:* See attached documents

2. Please provide more details about the National Recreation and Parks Association re-accreditation and why it is a valuable investment for the District.

*Response:* The Commission for Accreditation of Park and Recreation Agencies (CAPRA) is a quality assurance and quality improvement process demonstrating an agency's commitment to its employees, volunteers, patrons, and community. The accreditation lasts for five (5) years before it must be renewed. For each review process, there are three phases: (1) development of the agency self-assessment report; (2) on-site visitation; and (3) the Commission's review and decision. It takes up to two (2) years to go through the accreditation process.

Achieving accreditation has benefits for the public and the agency. For the public, residents can be assured and be validated that they are receiving well-administered services in accordance with approved professional practices that are peer reviewed, have an agency that is held accountable and responsive to meet their needs, and have improved customer and quality services. For the agency, there will be increased efficiency and evidence of accountability, the identification of areas for improvement by comparing to national standards of best practices, the building of a stronger team, and the creation of an environment for regular review of operations, policies and procedures, and continual improvement.

In 2013, the Department of Parks and Recreation (DPR) received its first national accreditation. Out of 3,000 parks and recreation agencies from all over the country, only 153 agencies (or 5%) have received this exclusive honor. DPR's accreditation expires in October, 2018 and the agency is currently in the process of beginning the self-assessment of the accreditation process.

3. Please provide a breakdown of the \$330,000 increase to the Director's Office in the proposed FY 2018 budget, including how much is being spent on each item.

*Response:* For personnel services, the vacancy savings rate was reduced from 26.0% in FY 2017 to 6.6% in FY 2018. The increase that is attributed to the change in the vacancy savings rate is \$211,000. The additional \$56,000 is due to salary and fringe increases, and personnel changes.

For non-personnel services (NPS), DPR has consolidated the funds for the Merchant Services MOU with the Treasury Department totaling to \$48,000. Additionally, DPR budgeted \$15,000 for its re-accreditation. The total NPS budget increase is \$63,000.

4. In the proposed budget, Sports, Health and Fitness Programs gain 17.8 FTEs, but DPR's pre-hearing questionnaire says this is a technical error and that these FTEs should be in Seasonal Camps. Is that correct?

*Response:* The technical error was for 11.7 of the FTEs that should have been loaded in Seasonal Camps. The balance is an increase in Sports, Health and Fitness.

a. The proposed budget shows Seasonal Camps losing 11.7 FTEs. Given this technical error, is this program actually gaining 6.1 FTEs?

*Response:* The technical error was for only 11.7 of the FTEs loaded in Sports, Health and Fitness that should be transferred to Seasonal Camps. Seasonal Camps has no change in FTEs from FY 2017 to FY 2018.

### ***Capital Budget***

1. The proposed FY 2018 budget includes \$250,000 for ADA Compliance. DPR states in its pre-hearing questionnaire that 2/3 of DPR facilities are not yet in ADA compliance. Is this level of funding adequate to swiftly reach ADA compliance for more DPR facilities?

*Response:* Funding is adequate to make swift ADA compliance improvements. As described in the pre-hearing questionnaire, the agency has sufficient funding to bring an additional 1/3 of its inventory into full ADA compliance within the next 6 year CIP. DPR also continues to strive to align ADA improvements with

existing capital improvement projects. Since this project is a priority, the Administration is committed to working with DPR if additional funding is required in the future.

2. The proposed budget includes a new Playground Equipment capital project with \$1.4 million in FY 2018. DPR's pre-hearing questionnaire lists the 2 playgrounds to be renovated with this funding, 16th Street and Walter Pierce, both of which are in Ward 1. Why were these playgrounds prioritized?

*Response:* It is DPR's goal that playgrounds are safe, functional, and fun spaces for residents to recreate. In determining the need for playground improvements, DPR looks at a number of factors, including safety and usage. Both the 16th Street and Walter Peirce playgrounds are heavily used playgrounds that are in need of important safety improvements. In addition to these two playgrounds, the FY18 funding will also be used to begin planning for the W St Playground, in Ward 3, which has been identified as a high priority playground.

3. Why is the Stead Park Rec Center funding spread out over three years when this type of project can normally be done in one year?

*Response:* The planning, design, and construction phases of a recreation center normally takes 2-3 years depending on the complexity of the project. Working with our partners at DGS, DPR has determined the best method is to spread the project out, in order to provide meaningful community engagement and development of program spaces, which takes approximately a year. Additionally, due to the facility being historically significant, DPR must engage with the Historic Preservation Office and the National Capital Planning Commission on compliance, which can take several months. The construction phase can take up to 12 months to complete.

4. The Committee understands that the funding for Yards Park and Canal Park is excess revenue from a US-DOT PILOT. What kind of upkeep and maintenance is specifically needed for these parks and what is the average annual cost?

*Response:* Yards Park and Canal Park are a couple of the most highly utilized and coveted green spaces within the District. The 2017 operating budget for Yards Park is \$1,100,000 and \$400,000 for Canal Park. These budgets reflect managing to the available revenue streams and to repair and replace significant amenities within the parks such as landscaping, water feature maintenance, lighting repair, as well as routine park maintenance. Both parks have won

numerous awards and citations, frequently referencing their leadership in environmental stewardship or in urban placemaking. Maintaining and programming these parks at a high level helps sustain their vital role in the Capitol Riverfront community.

a. Once the PILOT funding runs out, about how much will the District have to pay every year for upkeep of these parks?

*Response:* Upon the completion of the funding, the District, DGS in particular, would absorb most of the costs. Additionally, DPR plans to continue working with the Capitol Riverfront BID to upkeep the park.

b. Is DPR working to decrease upkeep costs for the parks to save the District money once this PILOT revenue runs out?

*Response:* DPR will continue to work with the Capitol Riverfront BID and the DGS on upkeep of the park.

5. For project QH750C Park Improvements- Project Management, no expenditures have been posted in FY2017. Please explain why the balance and the additional proposed spending, including funding for a new FTE, are both necessary for FY 2018.

*Response:* With an increase in the number of capital projects, DPR is in need of additional staff. DPR is currently in the process of recruiting a Community Planner (FTE) that will be funded out of the FY17 budget. This planner will be on-board in the summer of 2017.

a. When will DPR hire this new FTE? The FTE will be hired this spring 2017.

*Response:* DPR is in the process of recruiting for this position and expects to have it filled this summer.

**DPR Electronic Databases**

System	Description	Age of System	Public Use	Notes
Administrative Software Applications Program (ASAP)	DPR's online registration system and is used to manage the following: Customer enrollment and payment acceptance for fee-based classes; Program attendance; Reservations (permitting) and payment acceptance for DPR facilities for both resident and government use; and Sales of DPR Fitness Center memberships and aquatic passes.	DPR began using ASAP in FY 2011.	Members of the public use this system to enter account information, register for programs, and purchase passes for aquatic and fitness facilities.	DPR has committed to Vermont Systems Recreation & Parks Software which will eventually replace ASAP software. The transition of software will allow ASAP to be fully supported through FY17, while the agency starts planning, implementing, and supporting new software system at the start of February 2017. This will allow the transition to alleviate any downtime and keep the program utilizing both software platforms for FY 17.
Quickbase Application - Internal Operations	DPR's internal request management system used to track the following: DPR Service Request Center – DPR internal request management system used to track the following: - Internal DPR requests for the Communications Division - Internal DPR requests for the Facilities Division - Internal DPR requests for the Finance Division - Internal DPR requests for the Information Technology Division - Internal DPR requests for the Risk Management Division - Internal DPR requests for Agency Approvals - Internal DPR requests for the Warehouse Division - Internal DPR requests for the Transportation & Stage Craft Division	DPR developed this application and has been using it since FY 2011.	This is an internal system used by DPR. Members of the public will not have access.	There are no plans to replace this system. FY 17 budget plans to work with OCTO developers to implement plan for "clean-up" data that can be transparent and utilized into technology advancement such as Salesforce, Tableau, etc.
Quickbase Application - Volunteer, Summer Hire, and Contracting Tracking	This system is used to accept and track applications from individuals looking to volunteer, applying for summer positions, and contractors. QuickBase is heavily utilized for data count for volunteers, member engagements, and projects that are held by DPR. It is utilized as a central hub for accessibility to positions available, camp registration, and personnel involvement for general public as well as staff members.	DPR developed this application and has been using it since FY 2011.	This is an internal system used by DPR. Members of the public will not have access.	There are no plans to replace this system. Possible adaptation to Vermont Systems onboarding with similar programming options.
Quickbase Application - Permits Application	DPR's application for permit requests. The Application form is a formal request for permit with the DC Department of Parks and Recreation. A permit request must be submitted for each facility or equipment constituents would like to reserve, however this application is not for the National Park Service picnic grove or volleyball courts. Permits are not valid until the permit notice is issued and any and all fees have been paid in full. Applicants must have the permit on site with them during the permit hours. This application request does not guarantee the space or time you are requesting.	DPR developed this application and has been using it since FY 2011.	Members of the public use this application to request permits of DPR's facilities. Members of the public will have access to the application form, but do not have access to the internal database once submitted.	DPR is in the process of soliciting a replacement comprehensive recreation management system with online registration services. DPR anticipates awarding a contract by Fall 2016. Possible adaptation to Vermont Systems onboarding with similar programming options.
RemedyForce Ticketing System and Inventory Management	DPR deskside and call center IT support has implemented OCTO's ticketing system for meeting specific KPI's and SLA's for computer, phone, email, and server support documentation. Remedyforce also documents asset management of district-issued equipment to include phones, computers, and tablets. For all staff members, should they have an IT issue or question, they are advised to contact the OCTOhelps Call Center where a ticket can be submitted for resolution of phone support, dispatch for onsite Technician help, or triage to OCTO group for further assistance. The Remedyforce System displays transparent dashboard that is customized towards Parks and Recreation problem tickets, problematic Recreation sites, and data used to help streamline IT processes to reduce price and time for DPR staff members.	DPR has developed the outsource of technical assistance with OCTO since FY 2011 and will implement asset management starting FY17 for DPR equipment.	This is an internal system used by all district government employees for IT needs. Members of the public will not have access to the Remedy Ticket System.	There are no plans to replace Remedyforce Ticketing System. DPR would like to be more involved with OCTO Technical Support and focus DPR IT on application support and strategic management.

## Department of Parks and Recreation FY2016

Agency Department of Parks and Recreation Agency Acronym DPR Agency Code HA0 Fiscal Year 2016

### 2016 Objectives

#### FY16 Objectives

Objective Number	Objective Description
<b>Office of the Director (3 Objectives)</b>	
1	Ensure high-quality programs and services through internal and external communication systems, excellent customer service and interagency collaboration.
2	Support Recreation and Leisure Activities by Maintaining a High-Performing Workforce.
3	Oversee the implementation of agency-wide priorities.
<b>Operations (3 Objectives)</b>	
1	Ensure that facilities, resources and equipment are functioning in support of recreation programs and activities.
2	Incorporate environmental stewardship in both agency programs and internal operations.
3	Increase access to healthy foods.
<b>Partnerships &amp; Development (1 Objective)</b>	
1	Deliver outstanding partners, volunteers, and external resources to support program goals and fill asset gaps.
<b>Programs Division (1 Objective)</b>	
1	Provide equal access to high quality programs that are outcome-based and focused on the user.

### 2016 Key Performance Indicators

Measure	Division	Frequency of Reporting	Current Fiscal Year Target	Q1FY2016	Q2FY2016	Q3FY2016	Q4FY2016	FY 2016	Was KPI Met?	Please explain any barriers to meeting your KPI Target?
<b>1 - Deliver outstanding partners, volunteers, and external resources to support program goals and fill asset gaps. (4 Measures)</b>										
Percent of annual operating budget supported by external sources		Annually	11					4.3%	Unmet	The FY16 goal was established by using the FY15 baseline. However, FY15 included several one-time donations, such as approximately \$1 million for a single capital project. DPR did not take this into consideration when setting the target in FY16, which resulted in an unrealistic target for the year.
Number of volunteers processed and approved to work		Quarterly	500	56	221	202	251	730	Met	

Measure	Division	Frequency of Reporting	Current Fiscal Year Target	Q1FY2016	Q2FY2016	Q3FY2016	Q4FY2016	FY 2016	Was KPI Met?	Please explain any barriers to meeting your KPI Target?
Number of volunteer hours		Quarterly	20000	3,462	4,953	10761	12099	31275	Met	
Number of sponsorships executed		Quarterly	5	0	2	1	2	5	Met	
<b>1 - Ensure high-quality programs and services through internal and external communication systems, excellent customer service and interagency collaboration. (2 Measures)</b>										
Percent of net positive customer experience ratings		Quarterly	93	98.21	94.81	86.81	93.7	93%	Met	
Number of DPR Town Hall Meetings		Quarterly	8	0	0	0	10	10	Met	
<b>1 - Ensure that facilities, resources and equipment are functioning in support of recreation programs and activities. (2 Measures)</b>										
Number of playgrounds renovated		Quarterly	5		1	2	0	3	Neutral Measure	Two playgrounds were delayed due to permitting and recruitment. The playgrounds are projected to be completed in early FY17.
Number of DPR playgrounds with ADA accessibility plan implemented		Quarterly	5		1	2	0	3	Unmet	Two ADA improvements were delayed due to permitting and recruitment. The improvements are projected to be completed in early FY17.
<b>1 - Provide equal access to high quality programs that are outcome-based and focused on the user. (3 Measures)</b>										
Percent of participants who met program goals.		Quarterly	88	67.43	77.92	89.52	79.32	78.5%	Unmet	DPR is exploring two potential improvements to address the decrease in the percent of participants surveyed who report that the program goals were met. First, DPR is reviewing the goals to ensure they are attainable. Second, DPR will improve communication to ensure that expectations are aligned at the start of each program.
Percent of programs rated at 70% or higher.		Quarterly	92	85.37	81.82	86.67	95.59	90.4%	Nearly Met	DPR exceeded the year end actual from FY15 by 6%. However, the agency had hoped to increase performance by an additional 2%, and just missed that aggressive target.
Percent of program utilization		Quarterly	78	77.65	74.96	79.16	88.48	80.6%	Met	
<b>2 - Incorporate environmental stewardship in both agency programs and internal operations. (3 Measures)</b>										
Number of DPR Community Gardens		Annually	28					34	Met	
Number of Community		Quarterly	80	20	29	43	30	122	Met	

Measure	Division	Frequency of Reporting	Current Fiscal Year Target	Q1FY2016	Q2FY2016	Q3FY2016	Q4FY2016	FY 2016	Was KPI Met?	Please explain any barriers to meeting your KPI Target?
Gardening Classes		Annually	50					50%	Met	
Percent of playgrounds with recycling & trash reduction programs		Annually	50					50%	Met	
<b>2 - Support Recreation and Leisure Activities by Maintaining a High-Performing Workforce. (2 Measures)</b>										
Percent of staff that completed annual training requirement		Annually	85					100%	Met	
Staff fill rate (full time employees)		Annually	95					84.5%	Unmet	Due to a couple of factors, DPR was not able to meet the staffing target. First, DPR's capacity became limited for year round recruitment when the agency had to focus on the hiring of 500+ summer seasonal employees. Second, DPR received notice early in the fiscal year that the agency was facing a spending pressure, so recruitment was slowed to stay within budget.
<b>3 - Increase access to healthy foods. (2 Measures)</b>										
Percent of summer meals for which DPR receives reimbursement		Annually	95					100%	Neutral Measure	
Number of free meals served		Annually	900000					583261	Unmet	Some of the largest partner organizations are no longer participating in DPR's summer meals program. In addition, DPR saw a decrease in the number of days that summer meals were made available at select locations.

2016 Workload Measures

Measure	Frequency of Reporting	Q1FY2016	Q2FY2016	Q3FY2016	Q4FY2016	FY 2016

2016 Initiatives

Objective -	Objective	Objective Title	Initiative	Initiative Title	Initiative	Update	Initiative Status	Status of	Explanation of	%	If not 100%,
-------------	-----------	-----------------	------------	------------------	------------	--------	-------------------	-----------	----------------	---	--------------

Agency	Number	Number	Description	from:	Update	Impact	Impact	Complete	please explain why this initiative wasn't completed in FY16:	
<b>Office of the Director - 1 (1 Initiative)</b>										
Department of Parks and Recreation	1	1.1	<p>Ensure high-quality programs and services through internal and external communication systems, excellent customer service and interagency collaboration.</p> <p>1.1 Continue implementing the DPR Community Engagement Strategy by increasing the number of community town halls hosted in each ward.</p>	In FY15, the Office of the Director implemented a community engagement strategy to capture critical feedback through various avenues such as GradeDC, programmatic surveys, social media and four (4) community Town Hall meetings. In FY16, DPR will host eight (8) community town hall meetings across the District to promote and educate the community on the benefits of recreation and leisure services, and gather community input on DPR service delivery.	FY16Q4	DPR exceeded the target of 8 town halls by completing 10 town halls in FY 16. DPR held at least one town hall per ward, and two specialty town halls on select topics. DPR engaged the community to learn of their recreation and leisure needs and is reviewing the communities' feedback.	Incremental	Community feedback will enable the agency to make better informed decisions regarding how to continuously improve programs, and to ensure that programs are available where there is the greatest community interest.	Complete	
<b>Office of the Director - 2 (2 Initiatives)</b>										
Department of Parks and Recreation	2	2.1	<p>Support Recreation and Leisure Activities by Maintaining a High-Performing Workforce.</p> <p>2.1 Launch Leadership Development Program to enhance on-the-job training opportunities</p>	In FY 16, DPR will continue its effort to support workforce development by ensuring that least 90% of employees	FY16Q4	DPR made some significant progress towards the development of a training academy. The	Incremental	The quality of DPR services and programs should improve with additional training and professional development	50-74%	DPR's training coordinator left mid-way through the year, whose responsibility was to

				and increase the level of service delivery.	complete District mandated leadership and management educational requirements.. DPR will also support the pathways to the middle class initiatives by specifically designing a framework and academy based system of education by which employees can increase their level of competency in core function areas of to park and recreational services. By driving leadership and managerial competency and developing a academy structured educational program rooted in accredited recreational service delivery concepts and practices, our agency will aid in developing a pipeline for the career advancement and professional growth of District employees and residents.		agency documented and completed several mandatory trainings for staff on topics such as CPR, mandatory reporting, ethics, lifeguard certifications, etc. Several staff were also provided specialized training. For example, DPR kicked off a training program for staff to prepare a CPRP exam and certification. The agency is also in the process of hiring a new training coordinator and is building a detailed training plan for each business unit.		opportunities.		create the Training Academy. DPR is currently in the process of hiring a new training coordinator.
Department of Parks and	2	Support Recreation and Leisure	2.2	Ensure DPR is staffed to maximize	In FY15, the Human Resources Office	FY16Q4	In FY 16, DPR made a concentrated	Incremental	The quality of DPR services and programs	Complete	

Recreation		Activities by Maintaining a High-Performing Workforce.		agency effectiveness by exploring alternative staffing models to enhance operational efficiency.	began the process of developing a comprehensive staffing plan to align staffing capabilities with core agency programs. To maximize the effectiveness of agency staff, the Human Resources Office will explore different staffing patterns and identify the core competencies necessary to better support agency operations, to include assessing human capital management. In FY16, alternative staffing patterns will be utilized to support the strategic direction of the agency and increase employee retention to improve overall service delivery.		effort to improve the staffing levels within the agency. First, the creation of 3 new Deputy Directors allowed DPR to reduce spans of control and increase operational efficiency. Next, DPR conducted a management analysis, leading to an approved request to the Mayor and Council for a more robust management structure. DPR is working to hire 24 new managers in FY 17. Also, DPR conducted a detailed staffing analysis for each of its sites to further examine how to improve level of service.		should improve with enhanced operational efficiency.		
<b>Office of the Director - 3 (1 Initiative)</b>											
Department of Parks and Recreation	3	Oversee the implementation of agency-wide priorities.	3.1	Support the reaccreditation of the CAPRA national accreditation by establishing baseline data and reviewing agency policies and procedures.	In FY 2016, to support the reaccreditation of the agency's CAPRA national accreditation, DPR will begin to roll out key strategies to establish baseline data.	FY16Q4	In FY 16, DPR worked to review its policies, in preparation for it's reaccreditation efforts. The agency has reviewed around 40	Incremental	Improving agency policies and increasing the collection of data will support the agency's efforts to seek reaccreditation, and will improve the	Complete	

					All agency initiatives will align with agency goals, and division-specific action plans and metrics will be developed to support these initiatives. The division action plans and metrics will serve as a baseline to inform progress moving forward. In addition, DPR will review all policies and procedures of the agency and update as necessary.		policies and has drafted a new policy manual. The manual is currently under review. Additionally, the agency has made a major focus on the collection of data to make better informed decisions. The agency has collected data on enrollment, site visitation, customer satisfaction, social media usage, and more.		quality of agency programs and services.		
--	--	--	--	--	---	--	---	--	--	--	--

**Operations - 1 (2 Initiatives)**

Department of Parks and Recreation	1	Ensure that facilities, resources and equipment are functioning in support of recreation programs and activities.	1.1	Renovate and improve District playgrounds by implementing the improvements highlighted by the DPR Playground Score Cards. (Sustainable DC Action NA3.1 and NA3.3, Age-Friendly DC Goal: Domain 1).	Focusing on key strategies outlined in agency plans and Sustainable DC Plan to improve the quality of life of District residents, DPR will expand access to parks and open spaces to all residents. In coordination with the Department of General Services (DGS), the District renovated 14 playgrounds in FY15 and will renovate and improve an additional 5	FY16Q4	DPR completed three (3) of the five (5) playgrounds. However, the last two (2) playgrounds could not be completed before the end of the fiscal year due to delays with procurement and permitting. Nevertheless, both playgrounds are on track to be completed in early FY17.	Incremental	Renovating and improving playgrounds will increase usage and overall quality of life for District residents.	50-74%	Two (2) playgrounds could not be completed before the end of the fiscal year due to delays with procurement and permitting.
------------------------------------	---	---	-----	--	--	--------	---	-------------	--	--------	---

					playgrounds in FY16.						
Department of Parks and Recreation	1	Ensure that facilities, resources and equipment are functioning in support of recreation programs and activities.	1.2	Finalize Adoption of New Registration & Permit System	In support of national industry standards, DPR will improve the use of technology to help the agency operate more efficiently and effectively. DPR will implement a new registration and permit system to better meet the needs of District residents. The registration and permit system will support the collection and analysis of participate data and aid future decision-making regarding property improvements and program operations.	FY16Q4	A new registration and permit system was procured in FY16. The system is in the process of being implemented, and will to live to the public in FY17.	None	A new registration and permit system will improve customer service and overall customer satisfaction.	Complete	
<b>Operations - 2 (3 Initiatives)</b>											
Department of Parks and Recreation	2	Incorporate environmental stewardship in both agency programs and internal operations.	2.1	Increase the District's tree canopy by planting additional trees at DPR parklands. (Sustainable DC Plan Nature Goal 2; Waste Action 2.1)	In support of Sustainable DC Plan, DPR will collaborate with The Urban Forestry Administration to determine key planting locations for trees on DPR parklands . The expansion of the tree canopy and natural features of DPR parklands will increase	FY16Q4	In coordination with the Urban Forestry Administration, DOEE, and other partners, DPR identified more than 30 potential tree planting locations on DPR land. DPR is now coordinating the tree planting schedule for FY17.	Incremental	Increasing the tree canopy on DPR property will improve the sustainability of the District of Columbia, improve air quality, and have several other environmental benefits, such as erosion control, etc.	Complete	

					resident's access to parks; foster a greater connection to green space and encourage outdoor recreation and leisure activities.						
Department of Parks and Recreation	2	Incorporate environmental stewardship in both agency programs and internal operations.	2.2	Expand DPR's composting program.	In FY 2015, DPR started a cooperative composting program at 22 operational sites across the city. The program has seen success by inviting 300 residents to participate in this pilot. In FY 2016, DPR plans to expand the composting program to 50 operational sites across the city.	FY16Q4	DPR successfully built 50 compost bins across the city. Currently, about 1000 people participate in the composting program and DPR is outreaching to more communities to expand this number of participants. DPR estimates that 10 tons of material is composted each month.	Incremental	Composting is an effective way to reduce greenhouse gas emissions and produce a nutrient rich soil.	Complete	
Department of Parks and Recreation	2	Incorporate environmental stewardship in both agency programs and internal operations.	2.3	Expand residents' access to parkland by better utilizing small parks and pocket parks.	In support of Sustainable DC Plan and agency plans, DPR will utilize the District's urban infrastructure to meet residents' outdoor recreation needs. Accordingly, DPR will launch a Small Parks Initiative to maximize the use of parkland equitably throughout the	FY16Q4	In FY 16, DPR completed 17 pop-up events in small parks throughout the city that ranged from cultural arts, to fitness, and even a sidewalk karaoke. Additionally, DPR moved forward with plans to build two (2) zen gardens, which are currently	Incremental	Increasing public access to green space strengthen's the community's sense of place, supports economic development, improves safety and security, promotes health and wellness, and protects environmental resources.	Complete	

				city. Through small park improvements and small park events/activities, DPR will support the District's open space plan and increase residential connections to green space, to include building Zen parks.			under procurement, and procured two (2) new solar benches that provide a charging station and wi-fi for park patrons.			
<b>Operations - 3 (3 Initiatives)</b>										
Department of Parks and Recreation	3	Increase access to healthy foods.	3.1	Help facilitate access to fresh, healthy foods to District residents by activating community gardens and expanding community gardening classes. (Sustainable DC Plan Food Actions 1.2 and 3.4)	As part of the Sustainable DC Plan, DPR activated three (3) new community gardens and hosted 113 Community Gardening classes in FY15. In FY16, DPR will study the potential of adding 1-2 community gardens, which will potentially increase the acres of land available for agricultural use, including the building of a rooftop urban farm. Additionally, DPR will increase the number of community gardening classes to 115 classes, and standardize the tool share initiative to further increase	FY16Q4	In FY16 DPR completed 122 community garden classes and had over 2,200 participants. DPR activated six (6) new community gardens, one (1) partner urban farm and, due to FY16 research, is moving forward with building a new community garden, urban farm, and rooftop farm in the coming years. DPR has standardized the tool share program with an online tracking system for participants borrowing tools.	Demonstrable	Improving access to healthy foods promotes health and wellness.	Complete

					the use of our community gardens. The community gardening initiative will increase residents' awareness of agricultural practices.						
Department of Parks and Recreation	3	Increase access to healthy foods.	3.2	Expand DPR's meal program by expanding Saturday Summer Meal Feeding Sites.	<p>In FY15, DPR reached approximately 17,000 youth through the DC Free Summer Meals Program and Supper Meals Program. DPR will continue to expand the Supper and Summer Meals Program in FY16 by:</p> <ul style="list-style-type: none"> <li>• Initiating three (3) additional Saturday Summer Meal sites;</li> <li>• Distributing 900,000 free meals; and</li> <li>• Maintaining the summer meals for which DPR receives reimbursement to 90%</li> </ul> <p>DPR will continue to work with the Office of the State Superintendent of Education, the Office of Contracting and Procurement and sister</p>	FY16Q4	In FY 16, in partnership with the Capital Area Food Bank, DPR had 18 locations that served Saturday meals to youth. In addition to these locations, DPR had 193 locations that served free summer meals. DPR served over 500,000 meals throughout the year and had 100% of summer meals reimbursed by OSSE.	Incremental	DPR's meal program provides District residents with free nutritional food.	75-99%	Due to other available options, numerous constituents chose other meal choices than the free meals program. Additionally, some sites participating in DPR's sponsorship reduced the number of service days for their summer programs, thus serving less meals than in previous years. Additionally, DPR's largest unaffiliated site did not participate in DPR's sponsorship this year, further reducing the number of meals that DPR normally serves.

					agencies to examine opportunities to increase the percentage of locally sourced food it serves.					
Department of Parks and Recreation	3	Increase access to healthy foods.	3.3	Pilot Pop-Up Park Activities Across the City	In FY 16, DPR plans to pilot a variety of pop-up activities in park spaces across the city, including a pop up farmers market. These events are designed to increase equity across the city, increase the reach of DPR programs, and to support small businesses and entrepreneurs across all 8 Wards.	FY16Q4	In FY16, DPR hosted 17 small park pop-up events at 8 different parks across the city. DPR worked with local dance companies, animal education organizations, cultural art organizations to provide fun activities for residents in all 8 wards. Additionally, DPR showcased the talents of the SYEP participants in the musical theater camp and hosted sidewalk karaoke.	Demonstrable	This pilot series created new relationships between DPR and the community to promote the use of DPR small parks.	Complete
<b>Partnerships &amp; Development - 1 (3 Initiatives)</b>										
Department of Parks and Recreation	1	Deliver outstanding partners, volunteers, and external resources to support program goals and fill asset gaps.	1.1	Enhance volunteer tracking through the development of a new volunteer database to more effectively quantify volunteer services.	DPR will implement a new volunteer tracking system to enhance the volunteer management program. This centralized volunteer system will enable the agency to better	FY16Q4	In FY 16, DPR procured a new volunteer tracking system. This system has simplified and streamlined volunteer process and tracking.	Incremental	A new tracking system will streamline and improve the process to recruit and process DPR volunteers.	Complete

					use volunteers throughout the agency. The assortment of educational volunteer opportunities offered by the volunteer program will increase the amount of learning experiences for District residents. Moreover, the enhanced volunteer management program will maintain at a minimum of 500 volunteers processed and approved to work. Volunteers will contribute 20,000 hours to the agency.					
Department of Parks and Recreation	1	Deliver outstanding partners, volunteers, and external resources to support program goals and fill asset gaps.	1.2	Enhance volunteer training to include Cardiopulmonary Resuscitation (CPR) trainings.	On average, DPR enlists 550 volunteers annually, including volunteers for DPR's programs, such as Cooperative Play, coaches for various sports programs, various programmatic partners, etc. In FY 16, DPR plans to offer volunteers with CPR certification trainings. With numerous volunteers in direct contact	FY16Q4	In partnership with ServeDC, DPR provided CPR training for cooperative play and sports program volunteers.	Incremental	CPR training increases the ability to save lives in emergency situations.	Complete

					with DPR participants, especially youth, it is beneficial for volunteers to have this life protecting certification. This initiative will encourage safety within DPR facilities and programs.						
Department of Parks and Recreation	1	Deliver outstanding partners, volunteers, and external resources to support program goals and fill asset gaps.	1.3	Diversify DPR's programmatic partnerships portfolio.	Throughout the year, DPR partners with various organizations that provide various types of services, free of charge to participants. In FY 2016, DPR will seek to diversify its programmatic partnerships portfolio, to include organizations that focus on health and fitness, education, literacy, age-friendly services, and special-needs. DPR will partner with at least two (2) organizations in each of these fields.	FY16Q4	DPR has successfully established two (2) partnerships in each of the five (5) focus areas.	Incremental	New partnerships enable DPR to offer new and expanded programming.	Complete	
<b>Programs Division - 1 (5 Initiatives)</b>											
Department of Parks and Recreation	1	Provide equal access to high quality programs that are	1.1	Explore the feasibility of developing a new DPR program rating	DPR currently uses a systematic program evaluation	FY16Q4	DPR piloted a new program quality measurement tool for its	Incremental	The new evaluation tool will enable DPR to measure the quality of DPR	Complete	

		outcome-based and focused on the user.		system to improve the observation and monitoring of programs.	process to measure and improve the quality of all DPR programs: the Program Assessment and Assistance System (PAAS). PAAS collects information on program outcomes using research based evaluation tools such as surveys, focus group interviews, staff interviews and formal observations. DPR then uses this information to make programmatic adjustments that will yield an increase in the percentage of participants meeting program goals. In FY16, while still utilizing the current PAAS system, the Programs Division will explore a new program evaluation processes to improve the monitoring of programs.		summer camp programs based on industry best practices from the American Camp Association. The Program Quality Assessment (PQA), was easier to administer and more comprehensive than previous quality measurement methods. DPR is currently assessing how the tool can be expanded to measure all programs.		programs more accurately and improve the ability to make program adjustments, when necessary.		
Department of Parks and Recreation	1	Provide equal access to high quality programs that are outcome-based and focused on the user.	1.2	Launch development of 2-year site program plans to ensure DPR is equitably meeting residents'	The Programs Division staff will incorporate customer feedback into service delivery to enhance visitor	FY16Q4	With the completion of the community town halls, DPR begun the development of 2 year site programming	Incremental	2-year site program plans will ensure that DPR programming is aligned with community interest and	Complete

2016 Accomplishments

**Accomplishments**

What is the accomplishment that your agency wants to highlight?	How did this accomplishment impact residents of DC?	How did this accomplishment impact your agency?
DPR upgraded ten (10) fitness centers in support of the Mayor's FitDC Initiative and three (3) playgrounds.	Residents received new and improved recreation and fitness amenities at locations across the city.	DPR has upgraded amenities to better serve customers.
Increase in participation at recreation centers with an increase in site visitations (up by 9%) and program registration (up by 16%).	Residents were provided more opportunities to participate in DPR programs and activities throughout the year.	DPR served more patrons and participants and saw an increase in participation in programs and activities.
Successful summer operations with an increase of summer camp participation (up by 21%), outdoor pool attendance (up by 38%), and participation in Roving Leader evening events (up by 90%).	Residents were provided more opportunities to participate in DPR summer programmings, activities, and amenities.	DPR was able to serve more participants and saw a significant increase in participation.

The first half of the fiscal year spending is not indicative of the full year spending for DPR. During the third fiscal quarter NPS spending and hiring increase to support the summer programming.

# Question 14 - Reprogrammings

## Department of Parks and Recreation Reprogramming List

Agency/Agency Code	FY	Fund Detail	Grant Number/Project Number	Phase	Requested Amount	Transaction Type	Purpose of Reprogramming for Which Funds Were Dedicated	Reprogrammed Use of Funds
<b>OPERATING</b>								
DPR/HA0	2016	100			290,902.00	Reprogramming	Funding dedicated to support supplies and materials, membership services, IT hardware, contractual services, and equipment and equipment rental for agency-wide, more specifically the Agency Management Programs, Programs Division, Partnerships and Development Division, Park Policy and Programs Division, and Operations Division.	Funding reprogrammed to support supply and materials, telephone services, contractual services, agency-wide, and fitness equipment.

THE HAMILTON GROUP	Areta Fingertip Pulse Oximeter Overview: This Fingertip Pulse Oximeter is the perfect choice for monitoring and measuring on-the-spot SpO2 and pulse rates. With digital blood oxygen and pulse sensor meter, this device provides you a fast and accurate reading of your real time oxygen saturation of arterial hemoglobin and pulse rate. The strength and regularity of your pulse is indicated by the bar graph and waveform on the display. The universal finger clip allows the oximeter to fit a range of finger sizes, from children through adults. It turns off automatically when a finger is removed. The Fingertip Pulse Oximeter is approved by the FDA and can be used without a medical prescription. Features: Measure and monitor blood oxygen saturation levels (SpO2) and pulse rate in seconds with high accuracy. Shows the reading in numbers as well as the wave forms (plethysmograph), and the bar graph gives a visual indication of the irregular, weak heartbeat, or incorrect reading Smart display in 4 directions and 8 modes by simply pushing one button; user friendly Audio alarm available to alert abnormal SpO2 level and pulse rate Easy and convenient one button operation Auto power-off after 10 seconds; last display mode saved after power off Resistance to ambient light and interference of man made light Comes with elegant carrying case and neck/wrist cord Approved by FDA; perfect for sport and aviation use Batteries included and last for more than 24 hours of continuous use	15,180.50

<b>0600 - SPECIAL PURPOSE REVENUE FUNDS ('O'TYPE) Tot:</b>	<b>3,962,497.40</b>	<b>2,461,017.67</b>	<b>1,501,479.73</b>
<b>Grand Total</b>	<b>46,870,400.57</b>	<b>44,997,530.55</b>	<b>1,872,870.02</b>

The total FY 2016 Surplus was \$1,872,870.02 (\$371,390.29 in the Local Fund and \$1,501,479.73 in the Enterprise Fund). The surplus was due to hiring less seasonal staff than projected, and the timing of the acquisition of the replacement permit system and equipment purchases for recreation centers.

Question 29 - IQ Customer Complaints (FY16 - FY17 to date)

<b>Date</b>	<b>Subject</b>	<b>Complaint</b>	<b>Resolution</b>	<b>Resolved</b>

Priority*	Work Description	Aging	Date Work Requested
High	The pavement on the basketball court is cracked in several places. There is a hole about 4in deep and 3 wide in several different places. The entire court pavement needs to be replaced.	482	10/16/2015
Routine	Director Anderson has requested that the walking track around the artificial turf field's end zone be removed for safety purposes. It's about 175 linear feet of walkway. I'm attaching an aerial photo of the requested work. Thank you!	401	1/5/2016
Routine	Retractable shade in multipurpose room 123 is no longer operable. The covering is disconnected and the shade is tangled underneath.	392	1/14/2016
Routine	Install "NO PARKING" signs on fencing of one side of Parking Lot. Install poles and signs on other side of Parking Lot.	391	1/15/2016
Routine	Please have the rubber siding on the roof repaired due to the domestic water leak from the solar panel pipe.	365	2/10/2016
Routine	Metal schingles on the roof are hanging and is a safety hazard for patrons.	362	2/13/2016
Routine	Ceiling leak behind the receptionist desk	350	2/25/2016
High	Lamond Recreation Center. Repair roof, unit leaking down into gymnasium.	344	3/2/2016
Routine	Remove Big box of donated computers from the computer lab.	343	3/3/2016
Routine	Roof eaves need to be repaired.	325	3/21/2016
Routine	Please investigate: DVR camera system is making a loud disturbing noise.	322	3/24/2016
Routine	washer and dryer need to be removed none repairable.	321	3/25/2016

Routine	ROSE PARK RECREATION CENTER 2609 DUMBARTON STREET NW Replace the damaged flag at Rose Park. Thanks in advance and Please take a picture of the new flag.	318	3/28/2016
Routine	OUTSIDE TENNIS COURTS #5 AND #6 FENCE IS UNSTABLE. THE BOTTOM LOOKS LIKE IT MAY FALL OVER.	316	3/30/2016
Routine	Main pool complex missing 6X4 feet roof shingles. POC: Joy Little 202-576-7068	316	3/30/2016
Routine	Please have all toys removed/disposed of from playground area.	315	3/31/2016
Routine	Add 8inches of EWF and Repair ladder at base.	315	3/31/2016
Routine	need gates put on to playground.	314	4/1/2016
Routine	need new floor 20x40 install	308	4/7/2016
Routine	Repair batting cage	307	4/8/2016
Routine	New York Ave Park - Wheel missing from the giant stride - playground area	304	4/11/2016
Routine	Two lights on the field between the 80 yard line are out, and need to be repaired.	303	4/12/2016
Routine	door contractor is needed for special door closure and handle	303	4/12/2016
Routine	Vandalized/ Broken sticks at xylophone.	302	4/13/2016
Routine	Missing Slats on a gaming table	297	4/18/2016
Routine	Roof overhang seems to be rotting internally and should have the same angle as the other roof sections.	297	4/18/2016
Routine	One guard chair is in need of a wheel.	295	4/20/2016
Routine	the whirly playground apparatus has come down and needs to be reinstalled (its inside the rec center)	294	4/21/2016

Routine	Reference Related WRC - 410303 Requires more manpower than available The ceiling plaster is crumbling and falling in the 2nd floor multi-purpose room. Also, water leaks from the ceiling in the hallway just outside of the 2nd floor multi-purpose room (ongoing concern whenever there is heavy rain).	293	4/22/2016

Routine	Deep Cleaning of building interior and restrooms	94	11/7/2016
High	<p>because rain water sheet flow goes over the dry dirt patch in front of the stairs. The tan color on the field is dirt. There is also a gully to the right of the stairs that leads from the black top to the 6x6 PT wood wall. Thanks for having a crew come out and do some repair work on the wall at Palisades by replacing some of the pressure treated 6x6 timbers. It will certainly mitigate some of the storm flow and the sediment it carries onto the field. However, a substantial portion of the sediment flow also comes from rainwater flowing over the dirt between the top of the stairs and the black top walk. This is a significant barren, dirt slope. Given the amount of foot traffic leading from the sidewalk to the top of the steps, it's unlikely grass seed would take hold and grow to capture the runoff. Based on opinions from several engineers (parents of the players for whom we conduct soccer training) who assessed the site, additional mitigation work including the construction of a few wide steps from the black top sidewalk to the top of the existing step is needed to truly eliminate the flow and protect the field. On days when it rains and afterward you can see</p>	94	11/7/2016
Routine	The field house needs to have an alarm system installed immediately.	94	11/7/2016

High	Remove down trees	59	12/12/2016

High	North Michigan Park. Lobby. Replace blown ballast & bulbs, area is completely dark. Note: Please provide case of bulbs for staff. POC: Sylvia Dillahunt (202)718-4894	58	12/13/2016
High	We continue to have an issue with dogs in the park. Many near-by residents bring their dogs here to use the bathroom and also dogs are sometimes off leash. Signage is somewhat confusing to some people. Is there a way to address this? Also, the dog waste that people put in the trash receptacles stinks to high heaven in the summertime. Is there another option for a dog waste receptacle that we could purchase for the park? We need to install dog signage and a new receptacle. I will reach out to dpr about the signage and receptacle.	56	12/15/2016
High	Soft Play Surface in need of repair ? We have had several contractors out to talk about repair of the soft play surface. They both told us the problem is a bad installation. The top coat of material should have been at least ½? thick and appears to be at most 1/8?.	56	12/15/2016

Routine	Inspect Fire alarm. We have received report that it is faulty.	10	1/30/2017
Routine	Request for the electrician to come after 12pm, Monday, Wednesday, Friday or after 1:30pm Tuesday and Thursday, so Bob Stowers, Site Lead can be present. The small lights on the outside of all our exit doors will not turn on. I checked the circuit breakers and nothing seems wrong, so we need an electrician to figure this out. Perhaps at the same time, he/she could bring the bulbs I mentioned last week and remove the two on the front roof that I am unable to unscrew. Thanks. Bob Robert Stowers Senior Branch Director Boys & Girls Clubs of Greater Washington/Jelleff Recreation Center Like Us Watch Us Follow Us Boys & Girls Clubs of Greater Washington   Jelleff Recreation Center 3265 S Street NW   Washington, D.C. 20007 202-462-1317 PHONE   202-797-1066 FAX	10	1/30/2017

## **DPR Liaison Unit**

### **Official DPR Agency Mission –**

DPR's mission is to enhance the quality of life and wellness for DC residents and visitors by providing equal access to affordable and quality recreational services by organizing programs, activities and events.

### **DPR Liaison Unit Objective –**

As the intermediaries between DPR and DGS relations, the Liaison unit supports the agency's mission of promoting the efficient and effective management of the DPR Parks and Recs system by communicating, escalating and assisting in the coordination of Operational and Maintenance activities.

### **DPR Liaison Unit Goals –**

- Provide dedicated customer service to the wide variety of internal and external customers.
  - Recognize various levels of emergency requests and respond accordingly by dispatching the appropriate Maintenance Team and providing timely feedback to DPR Personnel.
  - Assist with the coordination of all DPR special events and projects with minimal disturbance to the individual site and escalate any special cases that may need additional attention or a heightened level of visibility and response.
  - Increase and facilitate the sharing of information internally within the DGS Facilities Units, to enhance collaboration, productivity and efficiencies as we strive for operational and procedural consistency within DPR portfolio of sites
  - Promote effective communication with all DPR Managers and site staff.
  - Conduct quarterly meetings with DPR Managers and Site Staff to ensure the systematic support of DGS as it relates to their issues and concerns.
  - Provide regular and routine written reports and updates associated with Liaison efforts.
  - Ensure 24 hour access is available to our work teams to promote the agencies mission of well-maintained and secure facilities.
  - Communicate emergencies 24 hours a day / 7 days a week to all DGS Facilities Units and ensure receipt.
-

## Roles and Responsibilities –

### 1. Main FMT POC for:

- DPR Site Operations
- DPR Parks & Rangers Division
- After-Hour Emergencies (Mon – Sat)
- Closed DPR Sites
- Weekend & Weekday Special Events

## Annual Responsibilities

- Pool Readiness (Every March, Weather Permitting)
- Landscaping/Beautification & Field Maintenance (Every January, Weather Permitting)
- DPR Spring & Summer Maintenance Blitz (Every February)

## Priority & Response Service Levels

The matrix below details the five priority levels that should be identified at the time in which a work order or issue is escalated to the DGS Liaison Unit. These are based on the potential risk to building or occupants and the impact on the schools ability to deliver its' core mission.

### Priority #1 Immediate / Same Day Response (**Emergency or Safety**)

- Direct health or safety impact and preventing the delivery of the DPR core mission
  - Examples – HVAC system shutdown, No water, No Power, Sewage backup, Major roof leak, inability to secure the building envelope (windows/doors)

### Priority #2 (High)

- If not attended to, possible direct health or safety impact to the delivery of the DPR core mission
  - Examples – Individual HVAC unit issues, Pest control issues, Pipe leak

### Priority #3 (Medium)

- Work order has been outstanding for over 15 days. No immediate health or safety impact but needs attention due to the prevention of a specific component of the building.
  - Example – Broken toilet, Damaged water fountain, Specific electrical issues

### Priority #4 Date Sensitive Response (Scheduled)

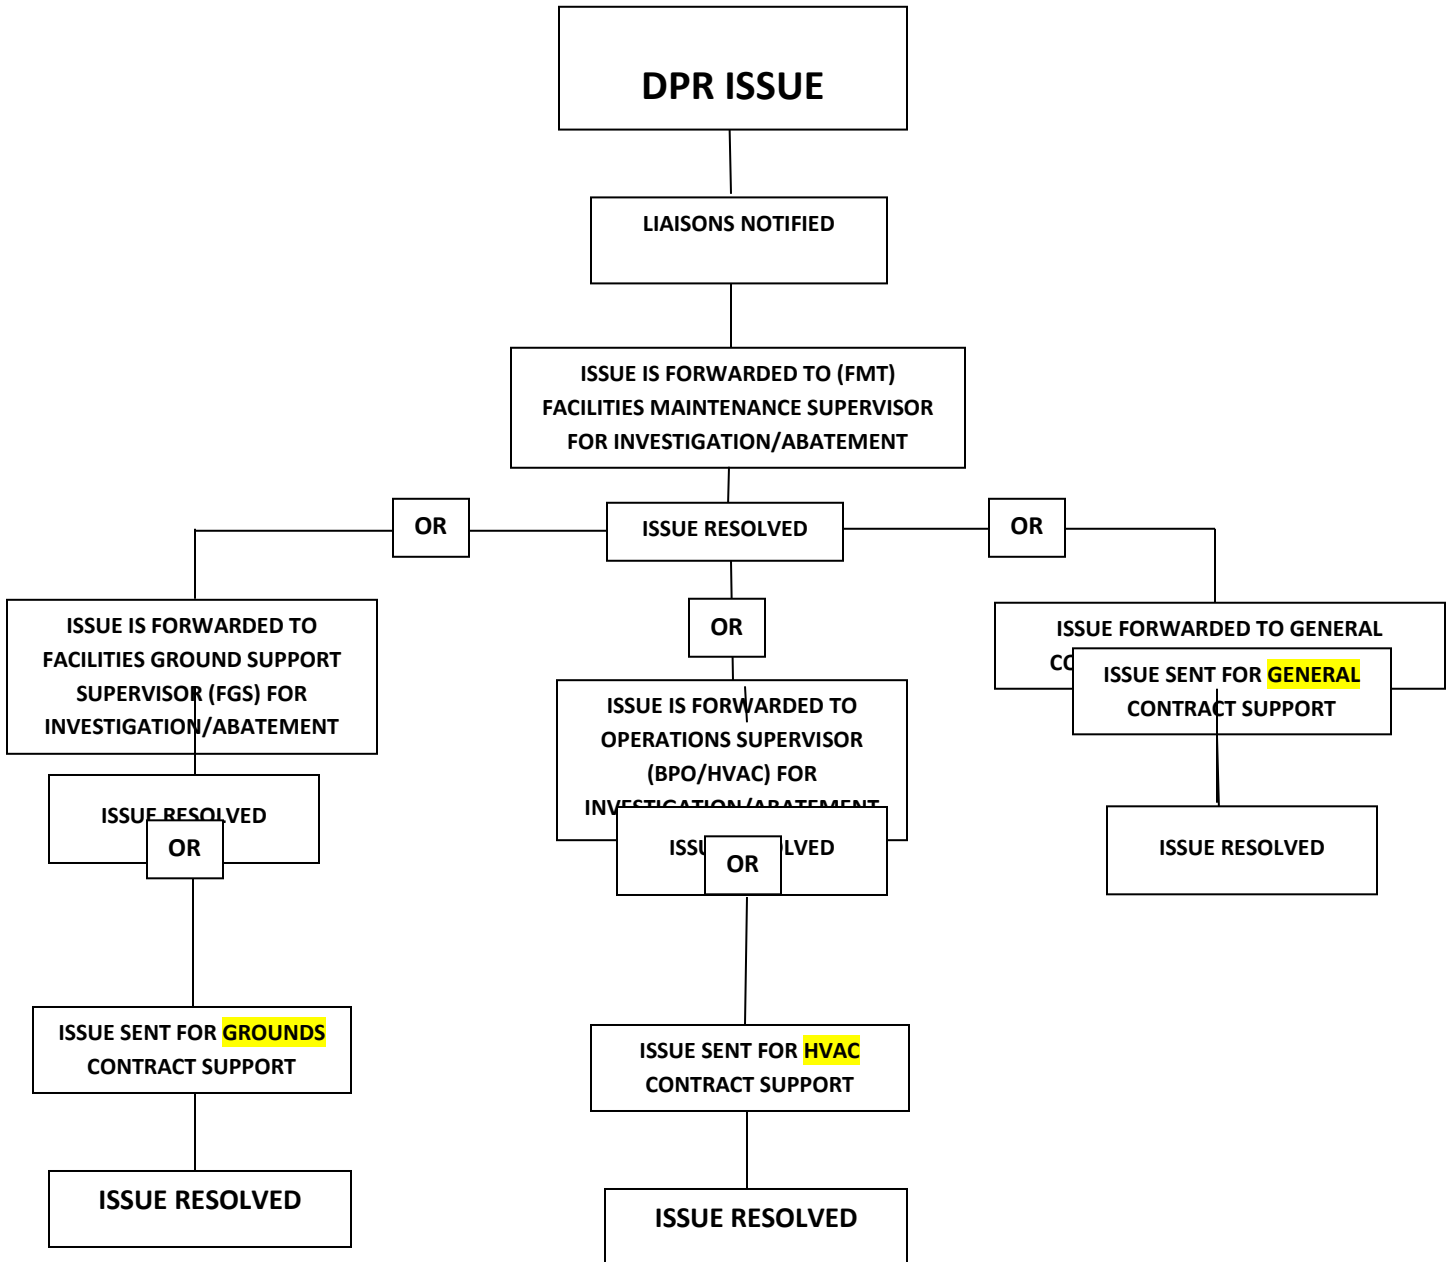

- Work order has been submitted based on specific date/time sensitivity need.
    - Example – Special Visits/Events
-

Priority #5 (Low)

- Work order has been outstanding for over 30 days. Requests that have an impact on aesthetics but have minor impact on the function of the facility.
  - Example – Patching/Painting of a wall, Replacement of ceiling tiles, Power washing of an exterior section of the building, Landscaping

## DGS Work Order Communication Flow Chart – DPR Escalated Issues

**LIAISONS ARE NOTIFIED OF EVERY STEP/CHANGE**

Question 37 - FY16 FY17 Maintenance Requests

#	Status	Problem Location	Location Name	Problem type	Priority*	Work Description	Room Name/Num	Age (Days)	Date Requested

Supply Closet	66	11/29/2016
480530	Approved	1119 10th Street NW, Washington, DC, 20001	10TH STREET PARK	OTHER MAINT	High	We continue to have an issue with dogs in the park. Many near-by residents bring their dogs here to use the bathroom and also dogs are sometimes off leash. Signage is somewhat confusing to some people. Is there a way to address this? Also, the dog waste that people put in the trash receptacles stinks to high heaven in the summertime. Is there another option for a dog waste receptacle that we could purchase for the park? We need to install dog signage and a new receptacle. I will reach out to dpr about the signage and receptacle.	park	50	12/15/2016

Question 37 - FY16 FY17 Maintenance Requests

477619	Issued and in Process	3100 DENVER STREET SE, Washington, DC, Washington, DC 20020 USA	HILLCREST RECREATION CENTER	OTHER GENERAL	High	Last week a couple of workers came out and installed a handicap automatic door opener for the front entrance right side( if you're facing the doors coming in to the center) set of doors. This week the doors do not always open when the button is pushed or only one opens. If it opens, it does not stay open long enough for elderly patrons to pass through or people with baby strollers to pass through. When the patrons are part way through the door starts to close on them.	front door	73	11/22/2016
477878	Issued and in Process	3100 DENVER STREET SE, Washington, DC, Washington, DC 20020 USA	HILLCREST RECREATION CENTER	ELECTRONICS	Routine	Repair security alarm panel.	Entrance	67	11/28/2016
482772	Issued and in Process	3100 DENVER STREET SE, Washington, DC, Washington, DC 20020 USA	HILLCREST RECREATION CENTER	REPAIR WINDOW	High	HillCrest Rec. Seal/Caulk around windows to prevent water entry or leakage. The water leakage has thus cause extensive damage to the existing floor and should be addressed as soon as possible to eliminate future issues to new floor. POC: Betty Henderson (202) 645-9200	Gymnasium	28	1/6/2017
483454	Issued and in Process	3100 DENVER STREET SE, Washington, DC, Washington, DC 20020 USA	HILLCREST RECREATION CENTER	CARPENTRY	Routine	The handicap door closer is broken. C/S needs to perform the repair.	Main Entrance.	24	1/10/2017

Question 37 - FY16 FY17 Maintenance Requests

475903	Closed	1327 VAN BUREN STREET NW, Washington, DC, Washington, DC 20012 USA	FORT STEVENS RECREATION CENTER	PLUMBING	Routine	On Election Day, November 8th, the Site Leader reported an urgent concern related to overflowing toilets and sinks in the men's and women's restrooms. As I understand, both general contractor (Ft. Stevens is under renovation - general contractor only replaced fixtures) and DGS visited the site to address the issues. I have received reports that there is still a concern related to the washing machines located in the restrooms. Request a follow-up assessment by DGS Team to determine any lingering issues or issues related to the washing machines. Thank you very much.	Bathrooms	0	11/8/2016

Question 37 - FY16 FY17 Maintenance Requests

474231	Closed	26TH STREET AND O STREET NW, Washington, DC, Washington, DC 20007 USA	ROSE PARK RECREATION CENTER	WATER FOUNTAIN	Routine	The water fountain next to the playground is running continuously. Regarding the water fountain: I believe that a plumber has been out to work on it in the past and it's possible that he/she may have thought any problem was resolved and reported it as such in your work order system. However, it continues to malfunction. Again the specific issues are: - Inoperable or intermittently inoperable open valves at one or more of the 3 outlets - One or more of the open valves ceases to work when another valve is opened - Continued flooding from both the dog bowl and from the structure itself; indicating a leak somewhere within the internal plumbing, i.e. 2 separate issues	next Playground	4	10/28/2016
474554	Closed	26TH STREET AND O STREET NW, Washington, DC, Washington, DC 20007 USA	ROSE PARK RECREATION CENTER	EXTERIOR LIGHT	Routine	There are some lights out at the Rose Park Trail	Trail	2	11/1/2016

Question 37 - FY16 FY17 Maintenance Requests

482332	Closed	300 VAN BUREN STREET NW, Washington, DC, Washington, DC 20012 USA	TAKOMA RECREATION CENTER	PLUMBING	Routine	Mr Keith Anderson: (Jackson: Mr Anderson's email was too difficult to find. I only have the generic departmental email. Will you please forward to him?) You may not be aware. The Takoma men's locker room has nine (9) showers. Of those 9, only TWO (2) are in operating order. And one of those 2 is the handicapped hand-held shower. These showers have been broken for weeks. I had hoped they would have been fixed in November when the pool "closed for repairs. But no shower repairs were made. The staff seems aware, but not of the extent. Apparently, they call issues in to General Services (?) but no action has been taken. You'd think that after this many weeks it would have risen to your level. In less than one month Wilson Pool will close for ONE MONTH. Will you please try to have the Takoma showers repaired before the Wilson regulars start using the Takoma pool? Thanks for your attention to our situation. Patrick Garvin 202-906-0133	Aquatic Center	2	1/3/2017

## 1.0 OVERVIEW

The District of Columbia Government, through the Homeland Security and Emergency Management Agency (HSEMA), will activate the District Cold Emergency Plan when a Cold Emergency occurs. The purpose of the Cold Emergency Plan is to ensure all residents, workers and visitors are protected from extreme cold weather and to prevent illness, injury and death. This plan will be reviewed annually and revised as needed by September 1 of each year.

## 2.0 COLD EMERGENCY PLAN LEVELS

The Cold Emergency Plan will be activated based on periods of cold temperatures combined with wind chill and precipitation. The Cold Emergency Plan designates two alert levels based on the temperature and other meteorological factors. An alert will remain in effect until 7:00 am of the following day for which it is called or longer if conditions persist or worsen. A Hypothermia Alert will also be deactivated once the temperature reaches the threshold (15°F or 20°F) necessary for a Cold Emergency Alert.

### 2.1 Hypothermia Alert

---

A Hypothermia Alert is issued whenever the actual or forecasted temperature, including the wind chill factor, falls below 32°F.

### 2.2 Cold Emergency Alert

---

A Cold Emergency Alert is issued whenever the actual or forecasted temperature, including the wind chill factor, falls to 15°F, or 20°F, including wind chill, and one or more of the following conditions exists:

- Steady precipitation for 60 consecutive minutes
- Snow accumulation of 3 inches or more
- Other meteorological conditions provided by the National Weather Service (NWS) or threats as determined by HSEMA

## 3.0 COLD WEATHER SURVEILLANCE

HSEMA will monitor data from the NWS for the prediction of weather conditions consistent with extreme cold.

When the actual or forecasted temperature, including the wind chill factor, falls below 32°F, the Department of Human Services will activate the Hypothermia Alert; HSEMA will send e-mail/text notifications to senior officials and citizens and notify the shelter hotline (202)-399-7093.

When the NWS predicts extreme cold weather conditions, HSEMA will convene a conference call with the Department of Human Services (DHS), the Department of Behavioral Health (DBH), the Department of Health (DOH), the Office of the City

Administrator (OCA), the Deputy Mayor for Health and Human Services (DMHHS) and the Deputy Mayor for Public Safety and Justice (DMPSJ) in order to decide whether current or predicted conditions necessitate activating a Cold Emergency Alert.

## 4.0 COLD EMERGENCY PLAN INTERVENTIONS

### 4.1 Hypothermia Alert

---

#### 4.1.1 Public Notification

The District of Columbia government will comply with the communications plan detailed in the annual Winter Plan developed by the Interagency Council on Homelessness (ICH). Additionally, the government will tweet the activation and status of Hypothermia Alerts and Cold Emergencies from @DCHypothermia. The DC government may supplement communications with notices on websites, email, press releases and television and radio PSAs. This messaging is geared toward the general public and will be made available in various languages. Refer to the Winter Plan and "Cold Emergency Communications Plan" for details.

#### 4.1.2 24 Hour Staff Coverage Plans

By September 1 of each year, all agencies included in this plan will be required to have written staff coverage plans that ensure appropriate designation of essential employees and adequate staffing during Hypothermia and Cold Emergency Alerts with the heaviest coverage during the most severe part of the day (usually overnight). This applies to DC government agencies and nonprofit organizations or other providers under contract or grant agreement with the District of Columbia government.

#### 4.1.3 Warming Centers

By September 1 of each year, the Department of General Services (DGS) will update the list of available Warming Center sites. The District will activate designated public buildings, including but not limited to, public libraries, recreation centers, and Senior Wellness Centers, as Warming Centers to serve as temporary respite from the cold. The general public will be allowed to congregate in Warming Centers during normal business hours. Warming Centers may not be activated if the District government is closed due to weather conditions.

#### 4.1.4 Winter Plan

The District will operate under the standard "Hypothermia Alert" operating procedures as laid out in the annual Winter Plan produced by the Interagency Council on Homelessness as required by Mayor's Order 2001-161, dated October 31, 2001 and any subsequent Mayor's Orders.

## 4.2 Cold Emergency Alert

---

### 4.2.1 Above Hypothermia Alert Actions Apply

All of the above interventions indicated for a Hypothermia Alert apply.

### 4.2.2 Vulnerable Resident Priority List

By September 1 of each year, all District government-funded caseworker teams serving clients who are not homeless, but are disabled, medically fragile, homebound, or otherwise vulnerable will create a Cold Emergency Priority List of known clients. Contingency plans should be developed in the case that the Cold Emergency may interrupt services such as home health aide visits, homebound meal delivery or the ability of the resident to make adequate preparations for the Cold Emergency by him or herself. The Priority List is to be updated as additional vulnerable clients are identified throughout the winter season. Caseworkers will contact clients on their priority list within 24 hours of activation or planned activation of the Cold Emergency Alert.

### 4.2.3 Emergency Warming Shelters

In the event the DC government shuts down due to inclement weather, facilities and centers typically open for public use will be closed. Should a government closure occur, Hypothermia shelters (including designated recreation centers), may open prior to 7:00 pm. Activating Hypothermia shelters prior to 7:00 pm will be determined by the severity of the weather.

### 4.2.4 Involuntary Transport

Every effort will be made to secure client's cooperation with voluntary transport to a warm and safe setting. If an individual refuses to go inside, the outreach team will call DBH or the Metropolitan Police Department (MPD) for involuntary transport if deemed appropriate by those authorized to perform an FD-12 (DBH officer or agent, MPD officer, or licensed psychologist), to the Comprehensive Psychiatric Emergency Program CPEP or to other local emergency departments for emergency physical and mental health evaluation in accordance with provisions of the Ervin Act (78 Stat. 944; D.C. Official Code § 21-521).

### 4.2.5 Emergency Animal Sheltering

DOH, and /or a designee will coordinate animal sheltering for companion animals in District operated emergency shelters, as needed, and based upon established planning criteria.

## 5.0 POWER OR HEAT OUTAGES

### 5.1 Individual/Isolated Power or Heat Outages

---

In cases of individual power or heat outages during any Cold Weather Alert, affected residents should call 311/211 for referral to appropriate agencies or resources

## 5.2 Large Scale Utility Outages

---

Any large scale power, heat or water outage should be reported to the HSEMA command center by calling 202-727-6161. Consistent with the District Response Plan, and depending on the level of the emergency and scale of the power/heat outage, the District government may take the following actions to ensure the safety of residents in affected areas:

- Distribute warm clothing, blankets and space heaters (in the case of heat outages where electricity is still operational).

- Activate Warming Buses.

- Activate Emergency Shelter or Warming Sites. If a public facility is designated as an Emergency Shelter or Warming Site, the hours of operation may be extended and some or all of the regular programming may be cancelled to accommodate the displaced residents, workers and visitors.

- Distribute meals in Emergency Shelters, Warming Sites or Warming Buses.

- Coordinate animal sheltering for companion animals owned by residents affected by the power/heat outage, as needed, and based upon established planning criteria.

## 6.0 RESPONSIBILITIES OF OPERATING AGENCIES

### 6.1 Common Responsibilities for All Operating Agencies

---

All operating agencies maintain legacy responsibilities from previous documents and plans, including the annual Winter Plan produced by the ICH and Mayor's Order 2001-161 dated October 31, 2001, or any subsequent Mayor's Orders. Similarly, all agencies will ensure that contract and grant documents reflect the expectations of contractors and grantees that have responsibilities under this plan in the case of Hypothermia or Cold Emergency Alert activation. In addition, all agencies will provide protective equipment and take cold protective actions as necessary for their employees who work outside during the Hypothermia or Cold Emergency Alert activation

### 6.2 DC Office on Aging (DCOA)

---

DCOA will:

- Coordinate the activation of Senior Wellness Centers as Warming Centers and make notifications and alerts to community-based organizations serving residents age 60 and older.

- Support all activities under Sections III and IV as they relate to residents who are 60 and older and/or are disabled.

- Coordinate availability of Seabury Connector (formerly known as WEHTS) vans for increased shelter hotline transportation capacity when appropriate.

## 6.3 DC Public Library (DCPL)

---

DCPL will:

1. Ensure that public libraries are activated as Warming Centers during Hypothermia and Cold Emergency Alert activation and will notify their staff and security officers. All libraries will operate as they do during normal operations. The general public will be allowed to go in to warm up, but must obey all rules and regulations in force by each site.
2. Use social media to push information out to the public about the availability of Warming Centers and encourage use of the facilities

## 6.4 Department of Behavioral Health (DBH)

---

DBH will:

1. Assess individuals refusing to move to a warm and safe setting for potential involuntary transportation to (CPEP) or another mental health facility for emergency physical and mental health evaluation in accordance with provisions of the Ervin Act (78 Stat. 944; D.C. Official Code § 21-521).
2. Ensure that DBH resources are properly mobilized to provide for involuntary transportation of individuals to mental health facilities and work with MPD to utilize their additional transportation resources when necessary.
3. Create and consistently update a Cold Emergency Priority List and Vulnerable Resident Priority List.

## 6.5 Department of Consumer and Regulatory Affairs (DCRA)

---

Upon report of a utility outage, DCRA will inspect residential units and buildings during a Cold Emergency and report any that are without heat. DCRA inspectors will identify those residents that may need space heaters after 5:00 pm and report such information to HSEMA.

## 6.6 Department of Energy & Environment (DOEE)

---

DOEE will provide space heaters to HSEMA to distribute after 5:00 pm in the event of an emergency. DOEE will proactively share information with residents about the programs that help eligible residents with their utility (e.g., gas and electric) bills.

## 6.7 Department of Disability Services (DDS)

---

DDS will create and consistently update a Vulnerable Resident Priority List.

## 6.8 Department of General Services (DGS)

---

DGS will:

1. Update the list of available Warming Center sites by September 1 of each year.
2. Ensure that security in any government building that allows access to the general public has been notified that the Hypothermia or Cold Emergency Alert activation has taken place.
3. Notify HSEMA of any DC government facilities that are without heat or otherwise compromised, in particular, those that may be activated during a Hypothermia or Cold Emergency Alert.
4. Provide contractor grade, large garbage bags for homeless individuals' belongings to homeless outreach teams, bus/van drivers, warming buses and other emergency or overflow shelter locations.

## 6.9 Department of Health (DOH)

---

DOH will:

1. Assess the medical impact of the cold conditions; coordinate with HSEMA/AlertDC to develop messaging and inform the public of appropriate health precautions and cold prevention and protective actions, most notably for those with health and medical issues.
2. Initiate hospitals and EMS organizations' reporting activities and monitor hospital emergency department admissions related to cold illnesses and injuries through the DOH Health and Medical Coalition (HMC).
3. Coordinate with and support ESF #6 functions as required; and maintain situational awareness of affected residents and their disposition by using the Patient Tracking capability, if transported to shelters, warming centers or area hospitals.
4. Conduct syndromic surveillance for cold weather related illnesses and injuries.
5. Conduct food safety and security activities at mass feeding sites, as needed.
6. Coordinate animal sheltering for companion animals in District-operated emergency shelters, as needed, and based upon established planning criteria.

## 6.10 Department of Human Services (DHS) and the Family Support Administration (FSA)

---

DHS and FSA will:

1. Incorporate interventions under this plan into the hypothermia training for outreach workers and shelter providers as indicated in the Winter Plan.
2. Coordinate the staffing of non-shelter interventions under Hypothermia and Cold Emergency Alerts.
3. Create and consistently update a Cold Emergency Priority List and Vulnerable Resident Priority List.

4. Coordinate with HSEMA to determine the locations of Warming Buses.
5. Promote awareness of the DC Shelter Hotline as a resource for those who are homeless and unsheltered.
6. Ensure that the DC Shelter Hotline contractor has adequate phone line and dispatch center staff capacity and adequate electronic and social media capacity during Hypothermia and Cold Emergency Alert activation in order to handle increased volume of public contact. Hotline contractor will have access to the Language Line service for callers who do not speak English.
7. Increase transportation capacity as needed for Cold Emergency Alert activation.
8. Disseminate information during Hypothermia and Cold Emergency Alert activation to its network, including but not limited to: ICH members, all shelter providers and outreach agencies, and other relevant providers in the 211/*Answers, Please!* database.

## 6.11 Department of Human Services, Office of Emergency Management (DHS/OEM)

---

DHS/OEM will:

1. Coordinate the activation and staffing of DGS\DPR facilities used as Emergency Warming Centers after normal business hours as a result of isolated large scale power outages.
2. Coordinate with District Government and Non-Government agencies to provide transportation and other commonly distributed goods as needed. Coordinate with other District agencies for needed support within the identified Warming Centers (climate control, custodial services, security, etc.)

## 6.12 Department of Parks and Recreation (DPR)

---

DPR will:

1. Ensure that recreation centers are activated as Warming Centers during Hypothermia and Cold Emergency Alert activation and will notify their staff and security officers. All recreation centers will operate as they do during normal operations. The general public will be allowed to go in to warm up, but must obey all rules and regulations in force by each site.
2. Use social media to push information out to the public about the availability of Warming Centers and encourage use of the facilities.

## 6.13 Department of Public Works (DPW)

---

DPW will coordinate with HSEMA, DGS and DHS as needed to ensure proper sanitation procedures at public facilities and for vehicles activated in a Hypothermia or Cold Emergency Alert activation and that crews are in place for non-shelter interventions under Section III.

## 6.14 Deputy Mayor for Health and Human Services (DMHHS)

---

DMHHS will:

1. Oversee the coordination of its cluster agencies and ensure appropriate cross-cluster collaboration.
2. Ensure that all cluster agency provider contracts and human care agreements are updated to reflect the activity required by the Cold Emergency Plan and collect relevant contact information and data in an electronic format.
3. Support updating and maintenance of HSEMA intranet site dedicated to the Cold Emergency Plan with the Office of the Deputy Mayor for Public Safety and Justice. Content on the site will include the Cold Emergency Plan, individual agency plans and processes, and contact information for all District government staff and contractors responsible for any part of the Cold Emergency Plan.

## 6.15 Deputy Mayor for Public Safety and Justice (DMPSJ)/Deputy City Administrator

---

DMPSJ will:

1. Oversee the coordination of all cluster agencies and ensure appropriate cross-cluster collaboration.
2. Ensure that all cluster agency contracts are updated to reflect the activity required by the cold emergency plan and collect relevant contact information and data in electronic format.
3. Support updating and maintenance of HSEMA intranet site dedicated to the Cold Emergency Plan with the Office of the Deputy Mayor for Health and Human Services. Content on the site will include the Cold Emergency Plan, individual agency plans and processes, and contact information for all District government staff and contractors responsible for any part of the Cold Emergency Plan.

## 6.16 Executive Office of the Mayor (EOM)

---

EOM will ensure that public information be disseminated through electronic media, social media, print, radio, and television which explains the dangers of extreme cold and provides messaging regarding the Hypothermia or Cold Emergency Alert activation.

## 6.17 Fire and Emergency Management Services (FEMS)

---

FEMS will:

1. Should any member of FEMS respond to a call for service and notice the residence has no heat or other utility; this is to be reported to the HSEMA operations center by calling 202-727-6161.
2. Coordinate availability of FEMS bus to be used as a Warming Bus when appropriate.

## 6.18 Homeland Security and Emergency Management Agency (HSEMA)

---

HSEMA will:

1. Coordinate annual review and updates of the Cold Emergency Plan by September 1 of each year and develop a plan of operation to include updated point of contact information, identification of sites, equipment, and personnel.
2. Coordinate the implementation of the Cold Emergency Plan.
3. Verify weather reports, activate a Hypothermia and/or Cold Emergency Alert and make appropriate notifications to operational agencies as part of the plan and provide messaging through the emergency alert system to the public regarding the Cold Emergency Plan Level.
4. Convene any meetings or conference calls necessary to ensure District-wide coordination during Alert activation (this is to include community providers and contractors, as appropriate) and will call after-action meetings.
5. Organize and coordinate the activation of the Warming Centers and Warming Buses.
6. Request assistance as needed from the American Red Cross.

## 6.19 Metropolitan Police Department (MPD)

---

MPD will:

1. Mobilize authorized officers to assess individuals refusing to move to a warm and safe setting for potential involuntary transportation to CPEP or another mental health facility for emergency physical and mental health evaluation in accordance with provisions of the Ervin Act (78 Stat. 944; D.C. Official Code § 21-521)
2. Mobilize additional resources sufficient to assist the Department of Behavioral Health with transportation of individuals who have been determined to need a mental health evaluation to CPEP or other facilities.
3. Mobilize additional resources to patrol non-shelter intervention sites such as Warming Centers and Warming Buses.
4. If any member of MPD responds to a call for service and notices the residence has no heat or other utility, the member should report the outage to the HSEMA command center by calling 202-727-6161.

## 6.20 Office of Cable Television (OCT)

---

OCT will be responsible for disseminating messaging about Cold Emergency activation on its government cable channels, pre-empting scheduled programming if needed or appropriate.

## 6.21 Office of the Chief Medical Examiner (OCME)

---

OCME is responsible for making official notification of cold weather-related deaths to both the Office of the Deputy Mayor for Public Safety and Justice (DMPSJ) and the Office of the Deputy Mayor for Health and Human Services (DMHHS). The OCME is also responsible for notifying the HSEMA Command Center to ensure the death is included in related situation reports.

## 6.22 Office of the Chief Technology Officer (OCTO)

---

OCTO will be responsible for posting a message about the activation of the Cold Emergency Alert on all websites on the Drupal platform. OCTO will be notified of the need to post the information by the Mayor's Office of Communications. OCTO will also work with the Department of Human Services and partners as assigned to expand Hotline capacity as needed.

## 6.23 Office of the City Administrator (OCA)

---

OCA will:

1. Oversee the coordination of their cluster agencies and ensure appropriate cross-cluster collaboration.
2. Ensure that all cluster agency provider contracts and human care agreements are updated to reflect the activity required by the Cold Emergency Plan and collect relevant contact information and data in an electronic format.

## 6.24 Mayor's Office of Community Relations and Services (MOCRS)

---

The MOCRS will provide information to residents during the Cold Emergency Alert. They will also provide appropriate agency referrals of special needs residents who may be impacted and need space heaters or other forms of aid. The MOCRS will:

1. Maintain an accurate list of contact information, including emails and telephone numbers, for ANCs and community leaders and post that information on the Hypothermia/Cold Emergency intranet site.
2. Communicate directly with the ANCs, community leaders, and neighborhood electronic community discussion lists, sharing the Alert status, official statements, DC Shelter Hotline contact information and cold prevention tips and encouraging them to pass the information along to their constituents.
3. Refer residents to the appropriate agency for any services and supports they require, such as DDOE for space heaters and DHS for the Red Cross.

## 6.25 Office of the State Superintendent of Education (OSSE) Division of Student Transportation (DOT)

---

OSSE DOT will make school buses available to transport residents to warming and hypothermia centers and for increased transportation capacity when appropriate. OSSE DOT will also provide staff with Commercial Driver's Licenses (CDL) to provide support to the Department of Public Works (DPW) for snow removal.

## 6.26 Office of Unified Communication (OUC)

---

OUC will mobilize resources as necessary for 311 and 211 in order to handle increased volume during Cold Emergency Alerts. Call takers will field and triage calls to the DC Shelter Hotline, transfer those regarding homeless individuals and use 311 and 211 to provide non-homeless residents with other cold-related resource information.

OUC 911 will continue to coordinate emergency services and increase the availability of increased staffing to assist with the volume.

## 6.27 Protective Services Police Department (PSPD)

---

PSPD will make notifications to contract officers under their authority that Cold Emergency Alert activation has taken place.

## 6.28 Serve DC

---

Serve DC will provide volunteer support during Cold Emergency Alert activations, if requested by DHS or other district agencies.

# 7.0 DATA REPORTING

During a Cold Emergency Alert event, data shall be reported to HSEMA for each 12-hour period from 7:00 am to 7:00 pm and 7:00 pm to 7:00 am, as follows:

## 7.1 7:00 am to 7:00 pm

---

1. Emergency Department visits for hypothermia, frostbite, and carbon monoxide poisoning shall be reported by DOH Health and Medical Coalition (DC HMC)
2. DC Shelter Hotline call volume shall be reported by DHS as reported to them by the DC Shelter Hotline contractor;
3. Calls to 311 and 211 that are routed to the DC Shelter Hotline shall be reported by OUC;
4. Calls to 311 and 211 for heat outages and/or electrical outages shall be reported by OUC; and
5. FD-12 admissions to CPEP and other Emergency Departments shall be reported hourly by DBH.

## 7.2 7:00 pm to 7:00 am

---

1. Emergency Department visits for hypothermia, frostbite, and carbon monoxide poisoning shall be reported by DOH Health and Medical Coalition (DC HMC)
2. DC Shelter Hotline call volume shall be reported by DHS as reported to them by the DC Shelter Hotline contractor;
3. Calls to 311 and 211 that are routed to the DC Shelter Hotline shall be reported by OUC;
4. Calls to 311 and 211 for heat outages and/or electrical outages shall be reported by OUC;
5. FD-12 admissions to CPEP and other Emergency Departments shall be reported hourly by DBH;
6. Usage of warming buses shall be reported hourly by DHS;
7. Usage of overflow shelters shall be reported hourly by DHS; and
8. Transports to overflow shelters and warming buses by the DC Shelter Hotline contractor, DHS and DBH homeless outreach teams and supplemental transportation (i.e., OSSE and WEHTS) shall be reported by the DC Shelter Hotline contractor.

## 8.0 APPENDICES

- A. Cold Emergency Agency Contacts
- B. Shelter Locations
  - B-1: Youth Providers
