DISTRICT OF COLUMBIA

OFFICE OF THE STATE SUPERINTENDENT OF

EDUCATION

August 7, 2018

Dr. Amanda Alexander
Interim Chancellor
District of Columbia Public Schools
1200 First St. NE
Washington, DC 20002

Re: Federal Fiscal Year (FFY) 2016 IDEA Part B LEA Performance Determination

Dear Dr. Alexander:

The Individuals with Disabilities Education Act of 2004 (IDEA) requires the Office of the State Superintendent of Education (OSSE) as the State educational agency (SEA) to make determinations annually about the performance of local educational agencies (LEAs). OSSE is required to use the same categories that the United States Department of Education, Office of Special Education Programs (OSEP) uses for state determinations as outlined in Section 616(d) of IDEA. In making such determinations, OSSE will assign LEAs one of the following determination levels:

1. Meets Requirements
2. Needs Assistance
3. Needs Intervention
4. Needs Substantial Intervention

OSSE has determined that, under IDEA section 616(d), for FFY 2016 District of Columbia Public Schools (DCPS) **needs intervention** in implementing the requirements of Part B of IDEA. OSSE's determination is based on the totality of the LEA's data and information, including the LEA's:

1. History, nature and length of time of any reported noncompliance; specifically, the LEA's performance on Indicators 4b, 9, 10, 11, 12 and 13 as outlined in the State Performance Plan (SPP) and FFY 2016 Annual Performance Report (APR);
2. Information regarding timely, valid and reliable data;
3. On-site compliance monitoring, focused monitoring and dispute resolution findings;
4. Sub-recipient audit findings;
5. Other data available to OSSE regarding the LEA's compliance with the IDEA, including, but not limited to, relevant financial data and compliance with the Funding for Public Schools and Public Charter School Amendment Act of 2011;
6. Performance on selected SPP results indicators; and
7. Evidence of correction of findings of noncompliance, including progress toward full compliance.

Enclosure 1 explains the criteria for each element and the way existing data provided by LEAs were used to make determinations. Not all elements are applicable to each LEA; for example, some LEAs do not have data for Indicator 12, as they do not serve children within the applicable age range (3 years old). Enclosure 2 describes how DCPS's determination level was calculated. It includes a chart that summarizes each required element, its corresponding rating, the total number of points earned by the LEA and the percentage of applicable points earned by the LEA.

The LEA's FFY 2015 and FFY 2014 determinations were needs intervention. In accordance with IDEA section 616(e)(2)(B) and 34 CFR §§300.600(a) and 300.604, if an LEA is determined to need intervention for three or more consecutive years, OSSE must: require a corrective action plan or improvement plan; require the LEA to enter into a compliance agreement; recover funds; withhold further payments; and/or refer the matter for appropriate legal enforcement action. **As a result of DCPS remaining in needs intervention status for three or more consecutive years, OSSE will continue to direct the use 5% of DCPS's FFY 2018 IDEA 611 Part B grants funds and will require DCPS to submit a corrective action plan.**

Directed Used of Funds

OSSE will continue to direct the use of 5% of DCPS's FFY 2018 IDEA 611 Part B grant funds, in total, to continue to accelerate DCPS improvement in the area of compliance with secondary transition requirements. Although OSSE recognizes DCPS's efforts to strengthen its systems and supports to ensure compliance with secondary transition requirements and appreciates the LEA's collaboration with OSSE in this area, additional improvements are needed. We look forward to our continued work together in the upcoming year and to seeing continued progress.

The amount of 5% represents a significant commitment of resources targeted to ensure that DCPS takes the necessary action to ensure appropriate postsecondary plans are developed and implemented for students aged 16 and older. Please note that these funds cannot be taken from DCPS's equitable services set-aside or its Coordinated Early Intervention Services (CEIS) set-aside.

DCPS will be notified via the Phase II application process of the amount required to satisfy the 5% set-aside requirement outlined above. DCPS must develop, within the application, a budget and spending plan that outlines how it will spend its directed use of funds for the required purposes. OSSE will track the expenditures of the set aside through two processes: 1) through the review of grant reimbursement workbooks submitted by DCPS; and 2) through the submission of Corrective Action Plan (CAP) progress reports to OSSE.

Corrective Action Plan (CAP)

OSSE is requiring DCPS to review Enclosure 2, identify areas of noncompliance, access technical assistance, and develop and complete a corrective action plan that addresses the area(s) of

noncompliance identified in the determination. Within 60 days of receipt of this letter, DCPS must complete the following steps:

1. Conduct a review of data and complete a root cause analysis to inform improvement planning. Based on this analysis, develop a CAP that is anchored in the results of the root cause analysis, which must outline activities that will address identified areas of noncompliance, including due dates for completion of these activities and the evidence that will demonstrate completion of the activities. The CAP must reflect that all corrective actions will be completed no later than June 30, 2019 and must include a description of key strategies DCPS will use to increase compliance and outcomes in this area. The description of each strategy should include the data and/or theory of action that support the identification of the strategy as a high impact activity. For each activity, DCPS shall include an explanation of how each of the activities will result in improved compliance; the estimated costs associated with each activity; the individual responsible for implementing the activity, a projected timeline for implementing the activity, and the documentation that will be used to demonstrate completion.

In addition, the CAP must include a spending plan that outlines how the 5% of directed FFY 2018 IDEA 611 Part B funds will be used to address longstanding noncompliance in the area of secondary transition.

2. Submit a copy of the root cause analysis and CAP for approval to your OSSE LEA monitor, Ms. Debra Melville, at Debra.Melville@dc.gov.

Required Reporting on the Implementation of the CAP

In accordance with the schedule specified below, DCPS is required to report on the status of implementation of the CAP in four progress reports.

CAP Progress Report	CAP Progress Report Due	Reporting Period
First CAP Progress Report	October 19, 2018	August 1, 2018 – September 30, 2018
Second CAP Progress Report	January 18, 2019	October 1, 2018 – December 31, 2018
Third CAP Progress Report	April 19, 2019	January 1, 2019 – March 31, 2019
Fourth CAP Progress Report	July 19, 2019	April 1, 2019 – June 30, 2019

In the submission of each progress report DCPS should provide the status of completion for each improvement activity, and an explanation of whether or not the specified benchmark has

been met for that period. Subsequent to the submission of each progress report, OSSE may require a teleconference or in-person meeting to discuss implementation progress and identify supports that can be provided to the LEA to address any implementation challenges.

Any LEA that believes that a specific element reviewed in the determination process is inaccurate may appeal its assigned determination level. The appeal must be made within 30 calendar days of the date of receipt of this letter. The request for appeal must include the submission of all information necessary for OSSE to reconsider the original determination level. Additional information regarding appeals may be found in Enclosure 1.

OSSE is committed to supporting DCPS's efforts to improve results for children and youth with disabilities and looks forward to working with DCPS over the next year. As part of OSSE's ongoing effort to provide useful information to District of Columbia stakeholders, OSSE will be making determination results available to the public after the close of the appeals process. If you have questions about the determinations process or this letter, please contact me at Sharon.Gaskins@dc.gov or (202) 654-6112.

Sincerely,

Sharon Gaskins
Deputy Assistant Superintendent of Accountability, Performance and Support
Division of Systems and Supports, K-12

DISTRICT OF COLUMBIA
OFFICE OF THE STATE SUPERINTENDENT OF

EDUCATION

December 21, 2018

Dr. Amada Alexander
Interim Chancellor
District of Columbia Public Schools
1200 First Street N.E.
Washington, DC 20002

Auditee:	District of Columbia Public Schools ("DCPS")
Federal Funding Agency:	U.S. Department of Agriculture
CFDA Numbers:	10.553, 10.555, 10.556 and 10.559
Compliance Requirement:	Eligibility
Audit Number:	2017-006 (Prior Year Finding #2016-003)
Audit Period:	October 1, 2016 through September 30, 2017

Dear Chancellor Alexander:

Based on the single audit conducted by BDO, USA, 8401 Greensboro Drive, Suite 800, McLean, VA 22102, for the audit period October 1, 2016 through September 30, 2017, the Office of the State Superintendent of Education ("OSSE") is issuing its Management Decision Letter (MDL), as required by 2 CFR § 200.331(d)(3) and 2 CFR § 200.521(b) of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements.

Audit Finding

Finding Number 2017-006 (Prior Year Finding Numbers 2015-003 and 2016-003). Below are selected excerpts of the finding. A complete copy of the finding is attached for your reference:

Program

U.S. Department of Agriculture, Child Nutrition Cluster – CFDA Numbers: 10.553 "School Breakfast Program", 10.555 "National School Lunch Program", 10.556 "Special Milk Program for Children", and 10.559 "Summer Food Service Program for Children."

Condition

We selected a sample of 120 students and 40 Community Eligibility Program (CEP)

schools in fiscal year 2017 to test DCPS' compliance with eligibility requirements. The sample of 120 consisted of 60 students who were determined to be eligible through the application process, and 60 students who were directly certified through participation in other federal assistance programs. During our testwork over the eligibility requirement for the Child Nutrition Cluster, we noted deficiencies in DCPS' eligibility determination process. These deficiencies also affected DCPS' ability to report complete and accurate meal count claims for reimbursement to the Office of the State Superintendent of Education (OSSE). Specifically, we noted the following:

- I. For schools not participating in CEP, claim reimbursement is based on the individual student level. For nine (9) students, per the students' account history in WebSMARTT, the students were served a meal on a day that the students' attendance record documented them as absent.
- II. For schools participating in CEP, claim reimbursement is based on total meals served on a daily basis. For two (2) instances in two (2) schools, the production records and edit check summary showed that the school claimed more meals than what was actually served. For one (1) instance in one (1) school, the production records and edit check summary showed the school claimed fewer meals than what was actually served.

Questioned Costs

Known amount is \$85.

Auditor's Recommendation

We recommend DCPS establish adequate controls over eligibility and reporting that ensure compliance with the requirements of the Child Nutrition Cluster. This includes (1) Data corrections are properly recorded in WebSMARTT; and (2) Enhance controls at the point of sale to improve the accuracy of identifying the student as they are served the meal.

Related Noncompliance

Material noncompliance.

Views of Responsible DCPS Officials and Planned Corrective Actions

DCPS agrees with the conditions and recommendations of this finding. The District's corrective action is described in the Management's Corrective Action Plan included as Appendix B of the attached Management's Section.

Determination of OSSE

OSSE agrees with the reasoning of the auditor, sustains the finding, and concurs with the auditor's recommendation.

OSSE acknowledges the effort that DCPS has taken thus far to resolve this finding, which the auditor has now defined as material noncompliance due to the prolonged period of deficiency (4 years+).

After reviewing all of the documentation and information provided by DCPS, including the corrective action plan, OSSE concludes that DCPS has failed to establish effective internal controls to ensure compliance with Federal statutes, regulations, and the terms and conditions of the Federal award in accordance with 2 CFR § 200.303 and 7 CFR § 210.8(a). In order to resolve and prevent its recurrence, OSSE requires DCPS to design and implement controls that are effective in remedying the noncompliance, and ensuring the accuracy of monthly claims for reimbursement.

OSSE also observed through its many technical assistance interactions with DCPS that there is a noticeable disconnect among the various responsible units, which prohibits the elevated level of attention and urgency required to address this repeated noncompliance. Accordingly, DCPS should develop and implement the appropriate information technology (IT) capability to establish internal controls across units which ensure the accuracy of lunch counts prior to the submission of the monthly claim for reimbursement to OSSE.

As the pass-through entity, OSSE is required to ensure that its subawards are used for authorized purposes, in compliance with Federal statutes, regulations, and conditions of the subaward. 2 CFR § 200.331(d). This includes requiring subrecipients take timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means. 2 CFR § 200.331(d)(2). Accordingly, pursuant to the authority conferred to OSSE under 2 CFR § 200.207 and 2 CFR § 200.338 to impose specific conditions, as needed, when a subrecipient has a history of noncompliance, OSSE is imposing the following requirements:

1. During the development of the aforementioned IT capability and until its full implementation, beginning fiscal year 2019, DCPS shall implement a per claim verification process whereby each monthly lunch count is verified, and the supporting documentation must accompany each monthly claim reimbursement submitted to OSSE before the claim reimbursement is processed and paid by OSSE.
2. DCPS shall provide OSSE with quarterly updates on the development and implementation of the IT capability.
3. DCPS shall prepare and submit to OSSE, within 30 days of the date of this correspondence, a policy and procedure effectuating these conditions.

In regard to the known questioned costs of \$85, the USDA permits State agency to disregard an overpayment that does not exceed \$600. 7 CFR § 210.19(d).¹ Accordingly, OSSE does not require DCPS to repay the questioned costs.

Thank you for your cooperation in the resolution of this finding. If you have any questions or concerns regarding this matter, please contact Carol D'Avilar-Etkins at carol.davilar-etkins2@dc.gov or by phone at (202) 481-3845.

Sincerely,

A handwritten signature in black ink, appearing to be 'Hanseul Kang', written in a cursive style.

Hanseul Kang
State Superintendent
District of Columbia Office of the State Superintendent of Education

¹ The School Breakfast Program (7 CFR § 220.15(c)) and the School Milk Program for Children (7 CFR § 215.13(c)) have the same threshold.

Monitoring Team: (names and titles)	
Debra Melville	Education Program Specialist
Cristi Purnell	Senior Financial Analyst
Renu Chatter	Tool Improvement Initiatives Manager
Cristina Parris	Tool Improvement Grants Manager
Giana Button	Program Analyst
Sheran Cohen	Administrative Management Officer
Ma'el Penned	Financial Program Analyst
Marie Butkins	Program Analyst
Mildred Washington	Program Analyst
Aren Moran-Monaldson	Supervisor Education Program Specialist
Caron Gasins	Deputy Assistant Superintendent of Accountability Performance and Culture
Rachel Stafford	Special Assistant to the Deputy Assistant Superintendent
Carlene Gallo	Management Analyst
Melissa Rose	Education Specialist Correctional Facilities
NiCa Harris	Professional Development Specialist English Language Acquisition Programs EL2
Nela Finner	State Manager/Educator Quality Initiatives Division
Teri Hamilton	Director Community Learning and Tool Culture
Britney Mea	Program Analyst

Introduction:

The State Education Department for the District of Columbia is the office of the State Superintendent of Education who is responsible for the distribution and oversight of state-administered federal education funds. The Superintendent is responsible for providing guidance, policies and technical assistance related to the local and federal statutes, regulations and non-regulatory guidance to govern its federal education funds.

In addition to compliance monitoring, progress is designed to provide assurance of meaningful feedback to improve the quality and implementation of their educational programs and to ultimately raise student achievement in the District of Columbia.

In the fulfillment of these responsibilities, the Department conducted an on-site monitoring review.

Section I: Overview

Scope of the Review

The Department conducted a comprehensive review of the Department's administration of the grants listed above during its on-site visit. The monitoring activities included a review of documentation, interviews and observations.

The Department issues a monitoring report after the on-site visit. It determines compliance, non-compliance and recommendations. The monitoring report also delineates corrective actions and improvement activities necessary for the Department to correct/implement the state requirement. The initial report that the Department releases is the preliminary monitoring report. This report summarizes the results of the monitoring visit and any outstanding items needed to determine compliance. Following the release of the preliminary report, the Department has ten days to receive the information and share any additional information that may demonstrate compliance. Within ten days after the monitoring event, the Department releases a final monitoring report. This report summarizes the results of the monitoring visit and any corrective actions that must be taken by the Department to address non-compliance.

Response to Final Report

Non-compliance is identified in the final report requires the to correct the non-compliance as soon as possible ideally in 30 days of identification but in no case later than one year after the identification of the non-compliance

As it identifies non-compliance may be required to submit a corrective action plan our has been identified as needing to submit a P this requirement is noted above the enclosed attachment for the attached P template in the P the must provide a projected timeline for the completion of all corrective actions still refer to the P and determine if the P is sufficient to address the identified findings will provide feedback on the closed P in 30 days of receipt

The follow-up sections provide the results of the monitoring process information related to each grant's monitoring indicators is delineated in the follow-up report Please note that for correction of findings takes place in the district of Columbia corrective action training system or all other grants our respective grant manager will be the point of contact for submitting corrections of findings

Timeline

On-site monitoring includes the following defined steps for the 2018 year

- 1 Identification for monitoring
- 2 Notification of monitoring selection
- 3 Pre-site activities Pre-site documentation submission and site visit and/or on-site monitoring visit and activities
- 4 Preliminary monitoring report issued in 30 days of visit
- 5 Final monitoring report issued in 30 days of visit
- 6 Correction of non-compliance
- 8 Verification of correction of non-compliance
- 9 Closure of findings of non-compliance

Uniform Administrative Requirements at 2 CFR Part 201 apply to all grants and non-continuing continuations including arr... funds made on or after September 2021... audit requirements at 2 CFR Part 201... fiscal years beginning on or after September 2021

Indicator	Guiding Statement	Citation	Evidence	Determination	Remarks
			Pre-audit documents or these documents must be submitted to the auditor in advance of the monitoring visit.	In-audit documents or these documents must be made available to the auditor during the monitoring visit.	
1	The grantee can provide evidence that expenditures are paid in accordance with the Promissory Note.	2 CFR 200.313	Financial management procedures.	Met Requirements	
Indicator 2: Compensation for Personnel Services					
2.1	The grantee can provide a payroll schedule and certifications for those employees funded from a single federal cost objective or those employees that work on multiple cost objectives.	2 CFR 200.811 2 CFR 200.311	Time and effort documentation such as semi-annual certifications or PRS must be submitted.	Finding of Noncompliance	<p>Finding: The grantee failed to provide evidence to support the distribution of the employees' salaries or wages identified on the audit expenditure sample among specific activities or cost objectives.</p> <p>Citation: As required by 2 CFR 200.811, the grantee must be based on records that accurately reflect the work performed. These records must be able to support the distribution of the employees' salaries or wages among specific activities or cost objectives if the employee works on more than one federal award, a federal award and non-federal award, an indirect cost activity and a direct cost activity, or more indirect activities. They are allocated using different allocation bases for an unallowable activity and a direct or indirect cost activity.</p> <p>Required Action: The grantee must submit payroll evidence to support the distribution of the employees' salaries or wages identified on the audit expenditure sample among specific activities or cost objectives. The payroll evidence must include time and effort documentation such as semi-annual certification or PRS.</p>
2.2	The grantee can provide documentation of evidence that demonstrates that internal controls exist for payroll in regard to the following areas: <ul style="list-style-type: none"> Internal controls are in place that forbid and prevent the issuance of a payroll check prior to time and attendance being tracked. Internal controls are in place and utilized in order to prevent the continual payment to an employee who has been terminated and no longer works for the grantee and Internal controls are in place that demonstrate separation of duties in regards to payroll or employee payroll checks are distributed to someone other than the persons who prepare payroll for the employees. All the time reports for the employees.	2 CFR 200.312, 200.313 and 200.311	Payroll Policy	Met Requirements	

FISCAL MANAGEMENT AND ADMINISTRATION						
Indicator	Guiding Statement	Citation	Evidence		Determination	Remarks
			Pre-audit documents must be submitted to the monitor the monitor visit	Post-audit documents documents must be made available to during the monitor visit		
23	The surrogate can provide evidence that personnel expenditures are allocated to the appropriate grant and consistent with the expenditure sampling plan requested samples of expenditures including supporting documentation such as payroll reports and checks	2 CFR 201.312-201.313 and 201.314	Expenditure sample supporting documentation list of state aid or federal funds	Payroll reports/ checks/ payroll accounting system	Met Requirements	
Indicator 3: Equipment and Technology / Property Management						
31	The surrogate can provide evidence to support the purchase of equipment with federal funds. The purchase should be reasonable, allowable and allocable. Equipment must be properly tagged, stored, and protected from unauthorized access or use and located where indicated on the inventory list. Inventory list must contain the following information: - Description of the item - Serial number or other identification number - Funding source including the account - Date of purchase - Acquisition date - Cost including percentage of federal participation in the cost - Location - Use and condition - Disposition data including the date of disposal and sales price or the method used to determine current fair market value.	2 CFR 201.312-201.314 and 201.315	Inventory Policy		Met Requirements	
32	The surrogate can provide evidence to show that equipment management and control policies over inventory and property are in place and demonstrates that it safeguards all assets purchased with federal funds to include value and/or mobile items including technology and items less than \$5,000. Policies must detail that actions the surrogate takes when property is lost, damaged or stolen.	2 CFR 201.312-201.313 and 201.314	Inventory Policy	Equipment inventory reports	Met Requirements	
33	The surrogate can provide evidence to show that it maintains policies related to equipment use and disposition. The surrogate's equipment use policies must describe the extent to which other programs or projects may use equipment purchased with federal funds. The surrogate's equipment disposition policies must describe its sales procedures in order to ensure the best possible return.	2 CFR 201.313-201.314	Inventory Policy		Met Requirements	
34	The surrogate can provide evidence that its equipment policy includes maintenance procedures to keep property in good condition.	2 CFR 201.313-201.314	Inventory Policy		Met Requirements

1	The surogate can provide evidence of a written standards of conduct for an employee involved in the award or administration of contracts including conflicts of interests, anti-trust, etc.	2 CFR 20318	Conflict of Interest Policy		Met Requirements	
1	The surogate can provide evidence and verification showing contractors are not on the Excluded Parties List and are in good standing	2 CFR 20212	Screening of contractors as of the date that the surrogate was issued same to verify that the vendor has not on the Excluded Parties List		Met Requirements	
Indicator 5: Audits/Reports						
1	The surogate can provide a copy of the single audit/annual financial statement audit for the monitoring period (in reference to the most recent single audit report) available to surrogates that extend at least 60 days of federal funds	2 CFR 20001	File at		Met Requirements	
2	The surogate can provide an reports issued of the surogate available to the monitoring period (in reference to)	2 CFR 20001	File at		Met Requirements	

In 2012-13, the district of Columbia corrective action system was based on a plan to train all compliance and the correction of non-compliance on the results of the portion of our most recent on-site monitoring visit are released via the following section of this consolidated on-site monitoring report is on for informational purposes and is intended to provide the district a summary of the results of the most recent on-site monitoring visit all activities regarding the correction of identified non-compliance must be completed in the following

The plan was assessed using the following link: <https://data.scedis.com/>

The results included in the Practice section are based on the results of the student file review portion of the on-site monitoring visit less than 8 percent of the files reviewed for each area are deemed compliant. The district must complete an additional action plan. Please note that the action plan corrective actions are in addition to an individual student level corrective actions that are required in the student level section of the report below to resolve student level corrective actions there are two states or provisions of Provision 1 and Provision 2 correction must occur as soon as possible but no later than one year from the date of notification of non-compliance to complete the Provision 1 correction. When an individual receives written notification of a finding of non-compliance through the district must first correct the individual student level non-compliance. The district must demonstrate that it is not correcting implementation of the state regulator requirement. The district determines through the Provision 2 review to complete Provision 2 review requires additional data through another file review in the following

Districts must provide the following part of their document submission. Please refer to the district notification letter for the required submission date.
 Student Discipline Records for students identified as Monitor
 Student Attendance Records for students identified as Monitor
 Schedules for students identified as Monitor

In 2012-13, the LEA uses the District of Columbia Correctional System's case-based application to track compliance and the correction of non-compliance on the local level. The results of the most recent on-site monitoring visit are released via the District of Columbia's consolidated on-site monitoring report is only for informational purposes and is intended to provide the LEA with a summary of the results of the most recent on-site monitoring visit. All activities regarding the correction of identified non-compliance must be completed in the LEA.

The LEA uses the following link to access the LEA's website: [http://www.lea.gov](#)

The LEA's monitoring of students placed in correctional education programs of the responsible educational entity must provide the following:

- Procedures to identify and assess eligible students to make a disability determination if not previously identified
- Insurance notification letter and consent form
- Student interview forms returned to families if applicable
- Procedures for out-of-school or safety and/or medical reasons to receive comparable services based on their IEP
- Procedures for out-of-school attendance at school as early as possible or to receive comparable services if a student enrolls in school at school/PEP and
- Credentials for all special education staff/teachers if necessary
- Student Discipline Records for students identified as Monitor
- Student Attendance Records for students identified as Monitor
- Schedules for students identified as Monitor

The Parent/Student Interview, Notification Letter/Interview, Consent Form must be sent out to all known parents/guardians at minimum one week prior to the LEA's on-site visit.

The results included in the LEA Practice section are based on the results of the student file review. Portion of the on-site monitoring visit less than 8 percent of the files reviewed for each area are deemed compliant. The LEA must complete an additional action plan for corrective action. Please note that the action plan for corrective actions are in addition to an individual student level corrective actions that are required in the student level section of the LEA report. The LEA must resolve student level corrective actions there are two states for. For states of Pron 1 and Pron 2, correction must occur as soon as possible but no later than one year from the date of notification of non-compliance. The LEA must complete the Pron 1 correction within an appropriate written notification of a finding of non-compliance through the LEA. The LEA must first correct the individual student level non-compliance. The LEA must demonstrate that it is no longer implementing the state/regulator requirement. The LEA determines through the Pron 2 review to complete Pron 2. The LEA must provide additional data through another file review in the LEA.

LEA PROGRAM MANAGEMENT AND ADMINISTRATION

Indicator	Guiding Statement	Citation	Number of Student Level Findings	Determination	Remarks
Least Restrictive Environment (LRE) (LEA-level)					
1 LEA 00001	The LEA has a continuum of alternative placements available including instruction in regular classes, special classes, special schools, home instruction and instruction in hospitals and institutions.			Finding of Noncompliance	The LEA must develop a plan to provide a continuum of alternative placements consistent with the regulator requirement.
Individual Education Program (IEP) (LEA-level)					
2 LEA 00002	Students do not attend the regular school because of safety or medical reasons receive comparable services based on their IEP.	300R 0303013003 and 30010001		Met Requirements	
3 LEA 00003	Students attend the school at the facility or PEP or IEP at the earliest possible time or receive comparable services if a student enrolls in the school unless documentation is available showing neither option is possible for the student as at court or hearing on the date.	300R 0300103002 and 300323000		Met Requirements

1000 0001	Curriculum sources were used to determine eligibility	300R 3030000	0	Met Requirements	
Individualized Education Program (IEP) (Student-level)					
1000 0001	Parent/student was invited to the most recent IEP meeting	300R 30322a01	1	Finding of Noncompliance	Provide evidence that the parent/student attended the meeting or refused to attend the meeting. Parent/student was not invited/reconvene IEP meeting without invitation to the parent/student
1000 00018	Parent/student was notified of IEP meeting early enough to ensure they will have an opportunity to attend	300R 30322a01	2	Finding of Noncompliance	Not correctable at the student level
1800 0001	Is evidence of parent participation in the individualized IEP meets the definition of "parent" in 300R 30300	300R 30300	0	Met Requirements	
1000 0002	General education teacher unless excused attended the IEP meeting	300R 30321a0 and 30321e0	0	Finding of Noncompliance	Not correctable at the student level
2000 00021	Special education teacher unless excused attended the IEP meeting	300R 30321a0 and 30321e0	3	Finding of Noncompliance	Not correctable at the student level
2100 00022	The IEP designee unless excused attended the IEP meeting	300R 30321a0 and 30321e0	0	Finding of Noncompliance	Not correctable at the student level
2200 00023	In individual case an interpret evaluation results to make a member of the team described in indicators 1021 attended the IEP meeting unless excused	300R 30321a0 and 30321e0	0	Finding of Noncompliance	Not correctable at the student level
2300 0002	IEP includes a Present level of academic achievement and Functional Performance. IEP that states core disability affects involvement in general curriculum ages 21 or core the disability affects student's involvement in appropriate activities ages 3000	300R 3032a01	2	Finding of Noncompliance	Convene an IEP meeting or amend the student's IEP so that it includes a Present level that demonstrates core disability affects involvement and progress in general curriculum
2000 0002	The IEP contains a statement of measurable annual goals aside from related services goals designed to meet the student's needs that result from his/her disability	300R 3032a0200	0	Met Requirements	

LEA PROGRAM MANAGEMENT AND ADMINISTRATION					
Indicator	Guiding Statement	Citation	Number of Student Level Findings	Determination	Remarks
200000000200	In the event that the student's behavior impedes the learning of the student or other students, the IEP team considered the use of positive behavioral interventions and supports and other strategies to address the behavior.	3000R 0300320a020000	2	Finding of Noncompliance	Provide evidence that the IEP team considered the use of positive behavioral supports and behavioral interventions and other strategies to address behavior including de-escalation and IEP interventions. No evidence is available to recommend the IEP team or amend the IEP to document consideration of the use of positive behavioral supports and behavioral interventions and other strategies to address behavior including de-escalation and IEP interventions.
200000000200	The IEP contains a statement of measurable annual related services goals in the areas of counseling or IEP designed to meet the student's needs that result from his/her disability.	3000R 0300320a02000000	0	Met Requirements	
200000000280	File contains evidence that IEP was determined on an individual basis.	3000R 0300100a0200	0	Finding of Noncompliance	Provide evidence that IEP was determined on an individual basis. No evidence can be provided. The IEP team must convene or amend the IEP to complete the IEP criteria for set and determine the appropriate amount of compensatory education if the student requires compensatory education.
280000000300	The IEP team determines that the child must take an alternate assessment. The IEP contains benchmarks or short-term objectives.	3000R 0300320a020000		Not Applicable	
200000000200	The IEP contains a description of how the child's progress toward meeting the annual goals will be measured.	3000R 0300320a030000	0	Met Requirements	
300000000300	The IEP contains a statement of when the parents will be regularly informed of progress toward the goals.	3000R 0300320a030000	0	Met Requirements	
310000000310	The IEP contains a statement of special education and related services and supplementary aids and services.	3000R 0300320a0000	2	Finding of Noncompliance	Convene an IEP meeting or amend the student's IEP so it includes a statement of special education and related services and supplementary aids and services.
320000000000	The IEP contains an explanation of how to ensure that the student will not participate in nondisabled students in regular education.	3000R 0300320a0000	0	Met Requirements	
330000000330	The IEP team determines that the child must take an alternate assessment. The IEP for this student contains a statement of how the student cannot participate in the regular assessment.	3000R 0300320a00000000		Not Applicable	
300000000300	The IEP includes the projected date for the beginning of services and modification and the anticipated frequency, location and duration of those services and modifications.	3000R 0300320a0000	0	Met Requirements	

LEA PROGRAM MANAGEMENT AND ADMINISTRATION					
Indicator	Guiding Statement	Citation	Number of Student Level Findings	Determination	Remarks
3000 00032	The IEP includes a statement that the student has been informed of his/her rights that will transfer to the student on re-enrollment at a majority	300R 30032	0	Finding of Noncompliance	Obtain and file documentation of notification to student
3000 00033	The IEP was developed within 30 days of a determination that the student needs special education and related services	300R 300323	0	Met Requirements	

LEA PROGRAM MANAGEMENT AND ADMINISTRATION					
Indicator	Guiding Statement	Citation	Number of Student Level Findings	Determination	Remarks
3000 0000300	Related services were delivered to the student in accordance with IEP in the period specified in the report	300R 3003230020	12	Finding of Noncompliance	Deloan that addresses missed related services or specialized instruction hours
38 00 0000380	The student's IEP is reviewed periodically all but not less than annually to determine whether the annual goals for the student are being achieved	300R 30032000100	1	Finding of Noncompliance	Continue the IEP team to review and re-evaluate the student's IEP
Indicator 11: Least Restrictive Environment (LRE) (Student-level)					
3000 0000300	In selecting the LRE there was consideration of an individual's effects on the student or on the quality of services needed	300R 30011000	0	Finding of Noncompliance	Reconvene IEP team or amend IEP to include documentation in the justification section of the IEP that individual effects were considered by the IEP team
0000 000000	Supplemental aids and services were used before removing the student from the regular education environment	300R 30011000200	0	Met Requirements	
01 00 0000020	The student's placement is based on IEP	300R 3001100020	0	Met Requirements	
Indicator 12: Discipline					
02 00 0000030	The parent and relevant members of the IEP team met within 10 school days of the decision to remove the student to determine if the behavior was a manifestation of the student's disability	300R 30003000		Not Applicable	
03 00 0000000	In the date that a decision was made to make a removal that constitutes a change of placement the parent was notified and provided with a copy of the procedural safeguards	300R 30003000		Not Applicable	
0000 0000000	IEP provided during suspension	300R 300110000 and 30003000		Not Applicable	
Indicator 13:					
0000 000000000	Provision of IEP and comparable services to students between the ages of 18-22 at the local level are required for their IEPs	300R 300323000 and 020		Finding of Noncompliance	The IEP must design and submit a master class schedule and station plan that will ensure that students at local level between the ages of 18 and 22 are being provided an appropriate education in accordance with their IEPs

			Pre-written documents/These documents must be submitted to in advance of the monitoring visit		
2.1	The school has a current approved graduation plan that all required components	1112	in file at	Met Requirements	
2.2	The school complies with required statutes/sets aside or parental involvement or any that relates in title funds	1118	in file at	Met Requirements	
2.3	The school complies with the required 20 set aside or priority and other tools classification	1113	in file at	Met Requirements	
2.4	The school complies with the required 20 set aside or priority and other tools classification	1113	in file at	Met Requirements	
2.8	Compliance with the services to non-dominant students requirements (DCPS only) identify the school compliance requirements related to allocation funds to eligible school attendance areas or schools in random order	1112	1. School compliance requirements or title related to the plan design and implementation of services to eligible private school children their teachers and their families consultation as required between the school and private school officials or its representatives regarding services for private school children prior to the main decision Consultation meeting documentation includes: signed meeting minutes; supplemental handouts Signed affirmations of consultation Program evaluation Detailed services deliver plan Private school and/or 2. School has policies and procedures for implementing and written affirmation from either private school officials or representatives Signed affirmations of consultation	Finding of Noncompliance	Finding (1): The school failed to provide written affirmations that consultation meetings occurred with eligible private school and that such meetings covered all elements required in the law. The school also failed to provide service deliver plans. Citation: Is required 112. The school must enable in timely and meaningful consultation with private school officials during the design and development of programs. These meetings shall occur before the school makes any significant decisions about service delivery and continue throughout implementation and assessment of services. Consultation meetings shall include a discussion of service delivery mechanisms. The school shall maintain in the attendance records and provide to the state educational agency a written affirmation signed by officials of each participating private school that the consultation required in this section was occurred. Action Required: The school must provide evidence that it developed service deliver plans including the school will deliver services to eligible private school children in a timely manner. The school must provide evidence that all required elements of consultation were met. The evidence must include a signed form that indicates that all required elements of consultation were discussed during a meeting. An agenda presentation or a follow-up communication. The school also represented a detailed program of services. The school must provide the names of the schools represented on the affirmation of consultation or on another document certifying that the school represented services. The school must provide evidence that the school is invited to a consultation meeting.
2.8	CONTINUED	CONTINUED	CONTINUED		Finding (2): The school failed to provide evidence that it evaluated all programs serving private school students or that necessary modifications were made to program delivery based on the evaluation findings. Citation: Is required 112. The school shall ensure timely and meaningful consultation with local education agency officials to consult with private school officials during the design and development of services under this part on issues such as to the services will be a deemed assessed and to the results of that assessment will be used to improve those services. Action Required: The school must provide evidence that it evaluated each eligible program delivered in each school that the evaluation results were shared with the school and that the evaluation results were used to modify program delivery as applicable. The school must provide documentation that it articulated a plan of action. The evidence of non-compliance is discovered during monitoring visits. Additional Recommendation: The complaint process is listed in the eligible services and/or other recommendations that also include the process on the agenda of the school consultation meetings in order to ensure that all schools are aware of the process.
2.8	CONTINUED	CONTINUED	CONTINUED		Documentation that all teachers and/or para-professionals employed by the school provide services to private school children meet the state law ensure and certification requirements Policies of certification fees Identify or reported training Written agreement Sample of method used to calculate certification data Documentation of an evaluation of all programs serving private school students and that modifications are made as necessary Monitoring process observations and considerations evaluation Monitoring reports and notes of meeting minutes Policies and procedures to ensure the maintenance of records for third party contractors and notes from the third party contractor Policies of contracts or each service provider on file Policies of notes representing contractor

In accordance with the commitments made in the 2018 Transition Plan to the District Student Needs Committee, the District of Columbia Public Schools (DCPS) Priorities and Focus Schools Planning Group conducted a review of the Anacostia High School's needs assessment, Comprehensive School Plan (CSP), and monitoring artifacts as part of the monitoring process. The school conducted a second year of school-based site visits to the Priority and Focus Schools selected during the 2018 crisis-based monitoring cycle. The purpose of the visits were to observe strategies outlined in the school improvement plans for each school and review the progress of each school's improvement planning process in comparison to the last monitoring cycle.

As a part of the visit, the observers visited classrooms and spoke with stakeholders (school leaders, teachers, parents, and age-appropriate students) about the planning process. Focus Group participants engaged in a discussion around school improvement planning, stakeholder involvement, monitoring supports and communication in preparation for the full implementation of the District Student Needs Committee process. The information regarding the on-site school visit in the table below outlines the observations, recommendations, and other school planning alignments identified.

**SCHOOL IMPROVEMENT PLAN MONITORING
Anacostia High School**

DOMAIN	OBSERVATIONS	REVIEW FEEDBACK
<p>GGG GGG</p>	<p><i>Does the school engage in a comprehensive school improvement planning process?</i></p>	
<p>School Improvement Planning</p>	<p>Members of the Academic Leaders Team stated that the plan was developed with the feedback from stakeholders. The team indicated that goals were reviewed during stakeholder meetings and the facilitated focus groups to discuss the priorities outlined on the Comprehensive School Plan (CSP). The team also indicated that a draft of the plan was submitted in August 2018. Members of the team noted that the team periodically monitors the four focus areas outlined in the CSP. The team stated that the needs assessment process began with the leaders and team. The team indicated that it reviewed past quantitative and qualitative data to identify challenges and areas for improvement. The team described how the different teams (attendance, school climate, initiative) and discussed components of the CSP and student performance to solicit feedback for the needs assessment.</p>	<p>Future ESSA Requirements</p> <p>For reference to the school improvement planning requirements outlined in the plan, the school will be required for schools that are identified under the state's new accountability system in 2018/2019.</p>

SCHOOL IMPROVEMENT PLAN MONITORING
Anacostia High School

G □□□□□□	<i>Does the school and LEA have a system for monitoring student progress?</i>	
Monitoring Student Progress	<p>The team stated that the team conducts instructional walkthroughs to support the development of tiered professional development based on the most salient needs. A member of the team noted that the team relies on teacher observation and student performance data to determine the impact of professional development. The administrators and instructional coaches conduct qualitative peer observations of teachers and assess current performance against predetermined goals. The team reported that the school climate team conducts peer meetings to review student attendance and the team utilizes a student behavior tracker to monitor suspensions. The team also reported that the college and career coordinator meets with students and surveyed students to ensure that all students had a free and cost-free graduation plan. Teachers indicated that the team discusses students' academic and non-academic performance during their advisory meetings. The teachers stated that the team utilizes formative and summative assessments and student data to determine if students need interventions. The students indicated that the team supports the set goals for themselves and measure achievement against the goals after completion assignments.</p>	

In accordance with the commitments made in the 2018-2020 Transition Plan to the Parent Student Council, the school conducted a review of the District of Columbia Public Schools' Priority and Focus Schools Planning Process. A review of each school's needs assessment, Comprehensive School Plan (CSP), and monitoring artifacts was conducted. The school also conducted a second year of school-based site visits to the Priority and Focus Schools selected during the 2018-2019 risk-based monitoring cycle. The purpose of the visits was to observe strategies outlined in the school improvement plans for each school and relate the progress of each school's improvement planning process in comparison to the last monitoring cycle.

As a part of the visit, the school observed classrooms and spoke with staff members, school leaders, teachers, parents, and a representative group of students about the planning process. The school also participated in a discussion around school improvement planning with the school improvement monitoring supports and communication in preparation for the full implementation of the Parent Student Council. The information regarding the school's feedback on the on-site school visit in the table below outlines the observations, recommendations, and the school's planning actions.

SCHOOL IMPROVEMENT PLAN MONITORING

Walker-Jones Education Campus

DOMAIN	OBSERVATIONS	REVIEW FEEDBACK
<p>Goal</p>	<p>Does the school engage in a comprehensive school improvement planning process?</p>	
<p>School Improvement Planning</p>	<p>Members of the Academic Leaders' team stated that the planning process began with a review of the 2018-2020 end-of-year data prior to setting goals for school year 2018-2019. The school stated that the Comprehensive Planning Process (CSP) needs assessment and development plans with the principal and the two assistant principals were noted that it worked together to determine the focus areas of the CSP. The literacy plan was based on the needs assessment results. The school indicated that the focus on literacy was not a focus area on the Comprehensive School Plan (CSP) as it remained a focus during the review process and the technology-based interventions. The team member noted that the data related to the goals on the CSP are reviewed.</p>	<p>Future ESSA Requirements</p> <p>For reference, the Parent Student Council 111(d)(2) requires that the school improvement plan be based on indicators in the state's accountability system including student performance against long-term goals. The school improvement planning requirements outlined in the plan will be required for schools that are identified under the state's accountability system in 2018-2019.</p>

SCHOOL IMPROVEMENT PLAN MONITORING

Walker-Jones Education Campus

<p>G □□□□□□</p>	<p><i>Are the appropriate stakeholders involved in plan development and implementation?</i></p>	
<p>Stakeholder Involvement</p>	<p>The data indicated that the team was comprised of 13 members: the principal, two assistant principals, the instructional coaches, and representation from each grade level and discipline taught in the school. A member of the data team noted that the team relies on data during their meetings and updates the SIP according to the administrators and the teachers reported that the information from the data meetings is shared via the grade level chairs with the grade level teams. While some teachers confirmed participation on the data team, there is no evidence that the school's staff or parents were made aware of the school's classification as a focus school.</p>	<p>Recommendation While the parents expressed that they were not aware of the school's classification status, a parent representative was aware that special education was an area in need of improvement because it is embedded in the school. It is recommended that the data team engage parents throughout the school improvement planning process through the needs assessment and plan development and engage it with stakeholders after the plan is completed. It is also recommended that the team be required to conduct the needs assessment and develop the SIP include a parent representative not embedded in the school.</p> <p>Future ESSA Requirements For reference, 1111(d)(1) requires that the school partner with stakeholders including principals and other school leaders, teachers, and parents to fully develop and implement the school improvement plan. The stakeholder engagement process outlined in the bill is required for schools that are identified under section 1111(d)(1) as a county-level system in 2018/2019.</p>
<p>G □□□□□□</p>	<p><i>Does the school and LEA have a system for monitoring student progress?</i></p>	
<p>Monitoring Student Progress</p>	<p>The data stated that the team conducts data meetings to review attendance data and academic data. The team maintains evidence from the data review in a book for each meeting. The data team described the process of the different teams (i.e., RPP, grade level, departmental) review and monitor student and teacher data towards established goals. Members of the data team stated that all teachers are expected to reflect and update lesson plans based on data analyzed each week. The teachers confirmed that they receive feedback based on observations to improve instructional practice for students. The teachers noted that they receive support via coaching and collaboration. Data analysis, data walks, modeled coaching, and access to resources from both administrators and colleagues. The teachers reported utilizing various methods to collect data and monitor student progress including assisting students to set goals and monitor their own data. The teachers stated that they utilize data trackers, data notebooks, and data calls to make monitoring interactive for students and parents.</p>	<p>Recommendation While the data indicated that math remained a focus of the data team during the data meetings, it still is not clear whether the core literacy addressed students with disabilities in mathematics. The reason for the focus school designation during the monitoring process.</p> <p>Future ESSA Requirements For reference, 1111(d)(2) requires the school to monitor and periodically re-evaluate the implementation of strategies and interventions outlined in the plan. The process bill is required for schools that are identified under section 1111(d)(1) as a county-level system in 2018/2019.</p>

SCHOOL IMPROVEMENT PLAN MONITORING

Walker-Jones Education Campus

<p>G G</p>	<p>Are the school's communications to internal and external stakeholders effective?</p>	
<p>Communication</p>	<p>The representative stated that information is shared with stakeholders through the administrative meeting and trade level meetings and trade level leads then shared with their team. The representative indicated that the information is shared with a monthly and supports the goals outlined in the P. Members of the representative noted that all information including answers to the P are maintained on a Google Docs spreadsheet and is accessible to all members of the administrators and the teachers stated that the utilized various modes of communication to share information with parents including one calls, academic Parent Teacher Team P conferences, school community newsletters and classroom one parents indicated that the school shares information via a school bulletin one calls text messages emails classroom one and P conferences. Parent representative noted that the school creates opportunities for parents to engage with the school community and to offer feedback on their student's progress.</p>	<p>Recommendation The representative continued to report using a communication and planning approach. The representative plan and then share information with the staff and then with the parents and students. The representative continues to recommend that the school leaders engage with the major stakeholders including all parents who are not enrolled in the school throughout the planning and development of the improvement plan. The representative also noted that the school also share the school's state accountability status which still is not clear whether the feedback solicited from parents is considered or utilized in the school's initiatives.</p>
<p>G G</p>	<p>How have the LEA and SEA supported the school improvement planning process and has the support been helpful to the school?</p>	
<p>SEA/LEA School Improvement Planning Support</p>	<p>The representative noted that the SEA provides various supports to the school. The representative continues to assist the central office staff to provide data and targeted support for the initiatives including those on the P implemented at the school. The representative indicated that the SEA provides data reports for the RRI Read and attendance. The representative noted that the received feedback and support from the continuous improvement team with the needs assessment and P planning process. The representative stated that the Principal leaders of the academic reviewed the P and provided feedback prior to submitting the plan. The representative and teachers also stated that the SEA created a professional development calendar for the P district provide training for the school leaders and the representative noted that it was provided the delegate to align the professional development calendar to the needs of the school. The representative stated that the administrators department chairs trade level leads and P coaches support their professional growth via observations, feedback and collaboration. The representative indicated that the school community as overall support for the professional and personal.</p>	<p>Future ESSA Requirements For reference, the 111 d 2020 some schools that do not perform successfully may be required to identify resource inequities which may include a review of local education agency and school level budgeting to support the implementation of the plan. This process will be required for schools that are identified under the state accountability system in 2022.</p>

Entities are required to use the following format when developing their proposed plan to address identified findings of non-compliance. The entity is expected to submit its proposed plan within 30 days of receipt of this report. The entity will respond to the plan within 30 days after receipt of the response. The response will be captured in the column titled "Response to CAP." All proposed activities are approved. The entity will indicate this in its response and the entity should be in implementation and will establish the return for CAP reporting. The entity is unable to approve the CAP as written. The entity will provide feedback and offer to set up a technical assistance session.

<p>Title I (Program) 2.8</p> <p>Finding (1) The LEA failed to provide written affirmations that consultation meetings occurred at the appropriate school and that such meetings covered all elements required by the law. The LEA also failed to provide service delivery plans.</p> <p>Action Required: The LEA must provide evidence that it developed service delivery plans including how the LEA will deliver services to eligible private school children. The return method of schools services evaluation etc. The LEA must provide evidence that all required elements of consultation were met. The evidence may include a signed form that indicates that all required elements of consultation were discussed during a meeting, an agenda, a presentation or a follow-up communication. The private schools represented a selected group of schools. The LEA must provide the names of the schools represented on the affirmation of consultation or on another document certifying that the private schools represented such schools and that schools were given the opportunity to participate but opted not to participate. The LEA must provide evidence that the schools were invited to a consultation meeting.</p>					
<p>Title I (Program) 2.8</p> <p>Finding (2) The LEA failed to provide evidence that it evaluated all programs serving private school students or that necessary modifications were made to program delivery based on the evaluation findings.</p> <p>Action Required: The LEA must provide evidence that it evaluated each available program delivered in each school that the evaluation results were shared with the private school and that the evaluation results were used to modify program delivery as applicable. The LEA must provide documentation that it appropriated follow-up visits to create a plan for corrective action when evidence of non-compliance is discovered during monitoring visits.</p>					
<p>Title I (Program) 3.1</p> <p>Finding: There is no evidence that the LEA disseminated parents' complaint policy to the parents or students. In addition, the LEA did not make representatives available for interviews related to this requirement as planned in the original schedule for the monitoring visit.</p> <p>Action Required: The LEA must submit evidence that it disseminated parents' complaint policy to the parents or students in the 2011-12 school year.</p>					
<p>Title I (Fiscal) 1.4-F-Title</p> <p>Finding: The LEA submitted a "Fund Distribution Rate and Federal Funds Allocation" document that summarizes how title and funds are distributed to schools and the LEA's central office. The document does not include a methodology for how non-federal state and local funds are distributed to schools in a title neutral manner.</p> <p>Action Required: Prior to the monitoring visit, representatives stated that the LEA was utilizing the LEA methodology to comply with the requirement. This is the case. The LEA must submit its written methodology for distributing non-federal state and local funds to schools in a title neutral manner during the 2011-12 school year.</p>					
<p>Title I (Fiscal) 1.5-F-Title</p> <p>Finding: The LEA submitted a "Fund Distribution Rate and Federal Funds Allocation" document that summarizes how title and funds are distributed to schools and the LEA's central office. The document does not include a methodology that explains how non-federal state and local funds are distributed to schools in a title neutral manner.</p> <p>Action Required: The LEA must submit its written methodology for distributing non-federal state and local funds to schools in a title neutral manner during the 2011-12 school year.</p>
