**To:** Jack Evans <[REDACTED]>

**Subject:** 5501 Connecticut Avenue

Per my voicemail, please see attached plat and pictures – one of the alley at issue and one of the permit number (below).

Let me know asap what you think can be done to stop the work/curb installation that would prevent us from gaining access to the public alley.

Thanks!

**Subject:** 5501 permit sign

See below. I think the permit number is DCKA-2013-C-0007, but the last 4 digits are a bit obscured
