Todd,

This issue is important to try to get an answer today – the owner of the property at 5501 Connecticut Avenue says that the curb cut leading to an alley is to be closed off (see the photo attached) so that tenants will no longer be able to access the parking lot behind the building. And it's supposed to happen today. Can you please check into this and let me know something this morning if possible? It doesn't make sense to block the entrance to an alley. Councilmember Evans told the owner he would get back to him today. Thank you.

Sherri Kimbel

Per my voicemail, please see attached plat and pictures – one of the alley at issue and one of the permit number (below).

Let me know asap what you think can be done to stop the work/curb installation that would prevent us from gaining access to the public alley.

Thanks!

Subject: 5501 permit sign

See below. I think the permit number is DCKA-2013-C-0007, but the last 4 digits are a bit obscured
