DPR conducts annual performance evaluations in compliance with Chapter 14 of the District Personnel Manual. The employee's manager creates, completes, and discusses the evaluation tool with the employee. DPR provides training related to performance management, including employee coaching. Managers are responsible for monitoring and coaching employees throughout the year to meet their individual job requirements.

In the event that an employee is not meeting their job requirements the agency considers placing the employee on a Performance Improvement Plan (PIP). A PIP may be established for 30, 60, or 90 days. 13. What has the agency done in the past year to make the activities of the agency more transparent to the public?

To make DPR's activities more transparent to the public, the agency undertook a variety of activities including:

- Participating in and hosting over 180 community meetings, groundbreaking events, and ribbon cuttings. These direct touch points allow residents to interact with DPR representatives in their own neighborhoods in informal, comfortable settings. Such gatherings set the stage for delivering information about DPR events, services, and programs.
- For those who we cannot reach in-person, DPR has stepped up its efforts to connect with residents online. DPR has expanded its “DPR.events” web portal, which is a consumer targeted website that informs the public about agency events through an interactive calendar, modernized newsletter, and captures RSVPs. The subscriber list for this content has doubled in the past year, from 24,000 to 55,000 subscribers.
- DPR has further intensified its social media presence. DPR operates in a proactive manner with around-the-clock communication and problem solving, making DPR's social media a destination for information and assistance.
- DPR's social media presence and influence improved in 2019 with Twitter followers increasing from 19,000 to over 21,000 and Instagram followers growing from 6,000 to over 8,000.
- DPR increased its interaction with media outlets, generating over 170 positive press clippings, including radio, print, and television in 2019.
- Lastly, DPR has elevated the impact of its signature events by investing in equipment, materials, and partnering with outside organizations, making our events bigger and better than ever. In FY19, DPR experienced record turnouts for events such as Fresh Start 5K, Black History Swim Meet, Chuck Brown Day, and Taste of the World.

14. How does the agency solicit feedback from customers? Please describe.

DPR obtains customer feedback in a variety of ways, for example: community meetings, social media (Twitter, Facebook, etc.), email, phone calls, in-person interactions at DPR facilities and offices, customer service surveys, program surveys, and community surveys regarding capital projects.

In FY19, the agency launched *DPR is Listening*—our new approach to data collection and customer experience outreach; designed to be more relatable and efficient than the average exit survey for a DC resident. To drive the point home that residents do have a voice in the programs, services, and amenities that they can see in their local rec center, DPR repackaged its online survey to reflect a posture of hearing resident's concerns, and overhauled the way in which we deploy resources to collect that information. The result was

a large increase in survey participation and actionable steps that will be taken to address consensus public wishes. DPR will continue this survey in FY20 and in subsequent years.

- **What is the nature of comments received? Please describe.**

DPR receives a wide variety of customer feedback. For example, DPR received an eighty-five percent satisfaction rating through customer service surveys in FY19. Specific comments generally related to maintenance requests, trash pick-up requests, questions about facility hours, and general feedback about DPR programs and services.

- **How has the agency changed its practices as a result of such feedback?**

The comments received from customers are shared with DPR managers to address any issues or concerns that might affect a guest's experience at a specific location or program. In response, DPR has devoted resources to carving out a new initiative within the Community Engagement division called “DPR Customer Care.” The DPR Customer Care initiative features a new customer care website, dprcustomer care.com, and a new central email address to gather direct customer feedback. This new system will be DPR's repository for all customer interactions and will streamline the agency's follow-up process, leaving patrons with a greater sense of satisfaction. In addition to these administrative measures, we've mobilized and empowered a select group of high-performing Customer Service Representatives to participate in a new Customer CARE Task Force, which works internally alongside senior leadership to develop and implement new customer care trainings for FY20.

15. What has the agency done to reduce agency energy use in FY 2019?

In FY19, DPR replaced an aging HVAC system at Ferebee Hope Recreation Center with a new, energy efficient system and also designed a new HVAC system for the Deanwood Aquatic Center that will be fully replaced in FY20. In FY19, DPR continued to reap energy savings from the new Marvin Gaye Recreation Center—the District's first center with integrated natural ventilation. When outdoor conditions and temperatures are optimal, this LEED Gold facility enters a natural ventilation mode, meaning the HVAC system goes into “neutral” allowing the facility to take advantage of the mild temperatures during the fall and spring. The facility also uses day-lighting strategies to further reduce energy consumption. DPR also installed a splash pad at Fort Davis Recreation Center that includes a wind sensor that shuts off water spray during high winds, helping to increase energy savings while reducing wasted water usage. In FY19, DPR also completed interior renovations at Anacostia Recreation Center, including the addition of natural ventilation in the basement areas as well as updated energy-efficient mechanical systems.

For any complaints or grievances that were resolved in FY19 or FY20, to date, describe the resolution.

All grievances follow the AFGE, Local 2741 agreed upon process, which allows for the grievance to be filed at the lowest supervisory level. For non-union employees, employees may file a grievance with the D.C. Department of Human Resources. The grievance is then forwarded to the agency for review and response.

- Employee J.H. (Grievance for being reassigned from the wrong position back to the current PD.)
- Employee R.A. (EEO Complaint filed for being reassigned to his PD duties from his past manager who allowed special duties.)
- Employee W.C. (EEO Complaint that his manger implemented unfair standard operating procedures.)
- Employee A.C. (Employee complained about her manager's implementation of a leave restriction and scheduled duties as assigned.)
- Employee K.O. (Employee complained of an insufficient ADA accommodation.)

All of the complaints were resolved. No appeals or further actions have been taken thus far and management's actions were sustained in each case.

D. PROGRAM-SPECIFIC QUESTIONS

I. Personnel and Customer Service

37. In FY 2017, DPR distributed a new Customer Service Handbook to DPR employees and started providing training on the Handbook. How many DPR employees have been trained on this new Handbook, and does DPR have any metrics indicating that DPR customer service has improved in FY 2019 and FY 2020 to date?

DPR measures and improves customer satisfaction by soliciting community input and feedback. In FY19, DPR increased the amount of customer service and program surveys conducted by more than 200%, conducting 2,848 customer service surveys and 2,251 program surveys. In FY19, all Customer Service Representatives and Aquatics Staff were trained on the new Customer Care Standards.

38. Given the significant effort DPR made in FY 2016 and FY 2017 to reclassify FTEs to correct their Schedule A position listings, does DPR foresee further significant reclassifications in the upcoming budget cycle?

DPR does not foresee further significant reclassifications in the upcoming budget cycle.

39. Does DPR give preference to DCPS school leagues or teams for the use of their facilities, especially when the league/team's normal facilities are closed for renovations or construction?

Yes, DPR gives preference to DC Public Schools (DCPS) and DC Public Charter Schools that request access to DPR's facilities, including when the league or team's normal facilities are closed for renovations or construction. Title 19, Chapter 7 of the DCMR instructs DPR regarding the order of priority for granting permits to use the agency's spaces. DCPS and DC Public Charter Schools place third, just after DPR-sponsored activities and partners with which DPR has a written agreement and before other outside groups. Please see § 717.2 below.

§ 717.2 If more than one (1) applicant is seeking a permit for the same permitted use or equipment at the same time, the Department shall establish the following priority:

- (a) Department-sponsored activities;
- (b) Non-profit partners such as Programmatic Partners, Park Partners, and Collaborative Partners or designated organizations recognized by the Department in a written agreement;
- (c) Athletic programs organized by DCPS, District public charter schools, or the DCSAA for competitive league play and not for intramurals;
- (d) Youth non-profit organizations, including schools, principally serving District residents;
- (e) Adult non-profit organizations principally serving District residents;
- (f) Other organizations, groups, or individuals for private use that are based in the District; and then
- (g) Others.

40. In FY 2019 and FY 2020 to date, how many times have DPR facilities, including swimming pools, opened late or closed? Please break down by facility and provide the length of each delay and why it occurred.

Please see Attachment 40A – FY19 DPR Recreation Delays and Closures and Attachment 40B – FY19 DPR Aquatic Delays and Closures.

In FY19, there were 42 delayed openings or closures at recreation centers. Of these 42, 23 were due to personnel, 14 were due to power loss or HVAC issues, and 5 were due external

factors from the immediate communities. In FY19, there were 95 facility delays or closures at aquatic centers. Of these 95 delays or closures, 4 were related to inclement weather, 21 were attributed to personnel, including staffing and water chemistry, 70 were the result of maintenance, such as HVAC issues, power loss, and miscellaneous repairs.

- **Has the Office for Labor Relations and Collective Bargaining finalized a new collective bargaining agreement to help decrease the number of delayed openings and closures, as recommended by the Committee in its FY 2017 and FY 2018 Budget Reports?**

DPR continues to work with OLRCB on language for a new agreement, which includes the opportunity for DPR managers to have earlier call-in times for employees to take emergency leave. DPR believes that this policy shift will help eliminate calls after the start of tour-of-duty, which results in late openings. At present, OLRCB is still in the process of finalizing a negotiated contract.

- **Has DPR changed its maintenance schedule so that indoor pools are closed for maintenance in the summer, rather than the winter, so that teams and residents can use the outdoor pools when their normal pools are closed?**

In FY19, DPR did not adjust the maintenance closure schedule to close indoor pools during the summer. DPR works with the Department of General Services (DGS) to provide pool maintenance at our aquatic facilities. The project plan for maintenance closures must be coordinated with DGS to ensure contractor and internal personnel availability. As such, this maintenance activity typically takes place during the Winter season when usage and program enrollment are generally lower. In FY20, however, we recognized previous public comments in our planning and organized closures within quarter 1, quarter 2, and quarter 4 of the fiscal year to complete outstanding work. By adjusting the closure schedule, this fiscal year we will utilize DPR's outdoor pool inventory to address a portion of indoor aquatic center maintenance during the summer. In FY19, we closed one indoor pool for one week during quarter 1—The Therapeutic Aquatic Center was closed for maintenance from March 10-17, 2019. Moving forward, we will not be closing any pools for scheduled maintenance in quarter 3 of FY20.

41. What progress did DPR make in FY 2019 in preparing necessary updates to DPR's Master Facility Plan? When will the updated Plan be completed?

In FY19, DPR hired a new Community Planner to facilitate work on the agency's new master plan. A significant amount of internal work has been done to plan for the public launch of the new master planning effort in Spring 2020. DPR's Community Planners have been working on a number of items in preparation for the launch, including: verifying and updating DPR's site and amenity inventory, creating new GIS layers for walkshed analysis, reviewing existing DC government plans and relevant policies, and reviewing other park master plans for best practices. DPR staff also worked with the Department of General Services to complete the first set of facility condition assessments of our indoor and outdoor amenities to inform the new master plan. Twenty-four assessments were completed in FY19, and we will continue this work in FY20. DPR anticipates that a Master Plan Vision Document will be finalized by the end of this fiscal year, and the new master plan is scheduled for completion by September 30, 2021.

42. Please provide a list of the outstanding maintenance requests for all DPR facilities, including the date each request was submitted.

Please see Attachment 42 – FY19 Open DGS Work Orders.

43. Please provide a cost estimate for opening one recreation center in each Ward on Sundays. Please provide the overall cost estimate, as well as an explanation of the costs, below.

To operate one recreation center in each ward on Sundays, DPR would need an additional \$342,000 annually in salary and fringe costs. However, to properly implement the expanded hours and ensure the agency is meeting staffing standards, such as the CBA requirement to provide employees with two consecutive days off, DPR would need to hire 40 new FTEs which would cost an estimated additional \$2.1 million annually.

II. Policies and Programming

44. Please provide a list of DPR programming and attendance in FY 2019 broken down by ward, facility, gender, and age group.

Please see Attachment 44 – FY19 DPR Program Participation.

- **What progress has DPR made in developing 2-year site plans for each facility?**

DPR will develop 2-year site plans based on its new Community Recreation model with three distinct types of facilities, based on size and capacity, District Centers, Community Centers, and Neighborhood Centers.

- **How does DPR identify gaps in programming at different DPR facilities?**

In FY19, DPR introduced a new program interest survey distributed annually to all DPR customers in our registration system, as well as publicized on DPR's public website and social media accounts. The survey helps DPR identify program gaps in the existing program landscape and newly developed program needs.

What are the reasons that DPR would cancel or discontinue programming at a DPR facility? Please provide a list of programs that have been discontinued in FY 2018 and FY 2019, to date, and provide the reason each program was discontinued.

Programs are generally cancelled for low enrollment and/or attendance. DPR reviews enrollment and attendance rates during each registration cycle and will cancel a program if the appropriate registration threshold has not been met.

DPR typically offers many of the same programs at each facility each season, and strives to maintain the same level of programs and services throughout the year. Customers generally know which locations they can visit for certain programs and come to expect that those programs will be available. DPR will only discontinue a program offering at a DPR facility if over the course of numerous seasons or years, the program has proven to be unsuccessful and has not had the enrollment necessary to keep the offering at that center. For example, in FY17, DPR discontinued our Tween Summer offering due to the low enrollment observed over the course of three to four summers.

In FY18, FY19, FY20 to date, DPR has not discontinued any program offerings.

- **What new programming ideas have emerged from the Teen Town Halls and other outreach to teens that DPR has conducted in FY 2019 and FY 2020, to date? Have these new programs led to a rise in teen participation in DPR programming?**

In FY18, DPR hosted five Teen Focus Groups. Using the data gathered from those focus groups, DPR developed a variety of program and special event ideas. Teen participants indicated that they enjoyed recreational trips in and around the city. Some of the trips organized following the focus groups included tubing/skiing, zip-lining, white water rafting, plays, and other off-site cultural art experiences.

Additionally, DPR introduced several new events for teens. These new events included DPR's "Law and Order" event, which educated teens on their rights, marijuana laws, and other DC laws that impact their daily lives. The event was attended by over 150 teens. In FY19, DPR offered a "Girls Night In" event with workshops centered on self-care, identity, and self-confidence. DPR also worked closely with the Mayor's Office on LGBTQ Affairs to develop the LGBTQ Teen Nights in FY19.

45. How does DPR enforce the nutrition standards and food marketing requirements set forth in the "Department of Parks and Recreation Fee-based Use Permit Authority Amendment Act of 2012"?

Through the Summer Meals Program and the At-Risk Afterschool Meals Program administered by the Capital Area Food Bank and Child Care Resources, DPR follows required nutrition requirements as set forth by the "Department of Parks and Recreation Fee-based Use Permit Authority Amendment Act of 2012." For example, nutritional standards are incorporated into the Food Vendor contract for the Summer Meals Program.

46. Please describe improvements made to DPR's online database of programming in FY 2019 and FY 2020, to date. Can residents now see the availability of DPR's amenities in real-time?

Yes, residents can view availability of DPR's amenities in real-time online. If a space is available and within the seasonal rotation, customers can immediately make and purchase reservations for most multipurpose rooms, fields, and courts.

Additionally, DPR continues to make improvements to our Recreational Management System to make it easier to register for programming online. For example, DPR improved the user experience by incorporating pictures that guide the customer to their programming group and online descriptions to help customers complete program registration. The agency also created a new Program Registration and Documentation Office to oversee administrative tasks for program registration. This office will increase accuracy and availability of program offerings and increase customer service support for DC residents. Finally, DPR has standardized its seasonal schedule to ensure timely program planning and registration dates.

47. Please provide an update on DPR's Greenhouse Cooperative. Where are the greenhouses funded through this program located and how many are operational? How many residents are participating in programming at each location?

As of FY19, all four DPR greenhouses are now fully functional. In FY19, using a Sustainable DC grant, DPR fixed the climate systems at the Lederer and Twin Oaks greenhouses. Both of these greenhouses will be used by DPR staff to grow seedlings for DPR programs and teach greenhouse classes. DPR's third greenhouse is located at the Arboretum Community Center and is used by their intergenerational gardening programs. The fourth greenhouse at the Theodore Hagens Cultural Center is used as a DPR Greenhouse Cooperative, which allowed eight different nonprofit organizations to grow seedlings in FY19 in exchange for leading on-site gardening programs for the senior garden at the Theodore Hagens Cultural Center.

- 48. The previous committee chair made a recommendation that DPR work with the National Park Service (NPS) to develop a streamlined system for transferring underutilized NPS small parks to the District so that they can be better maintained and fully used as community resources. Has DPR explored this recommendation and what progress has been made, if any?**

The "John D. Dingell, Jr. Conservation, Management, and Recreation Act" became law on March 12, 2019, which includes a provision to authorize collaborative management agreements between the District of Columbia and the Secretary of the Interior per § 101703 of Title 52 of the U.S. Code. Agreements enabled by this new law would allow for the joint management of National Park Service (NPS) spaces located in the District to facilitate more effective and efficient operations. Now that Congress has established this statutory authority, DPR will move forward in its conversations with NPS regarding collaborative management approaches to small NPS parks in the District, so that they may be better maintained and used as community resources.

- 49. Given the lack of a Senior Center in Wards 2, 3, and 4 west of Rock Creek, what efforts has DPR made to make senior programming available to seniors in these parts of the District?**

While there are no Senior Services Centers in Ward 2, DPR has dedicated senior spaces at four DPR sites located in Wards 3 and 4: Chevy Chase Community Center, Emery Heights Community Center, Fort Stevens Senior Center, and Lamond Recreation Center; and programmatic offerings for seniors, in non-dedicated spaces, at five Community Recreation Sites located in Wards 3 & 4: Guy Mason, Palisades, Petworth, Riggs LaSalle, and Takoma Community Center.

Historically, DPR's lack of senior programming in Ward 2 has been attributed to the space constraints posed by the facilities. In an effort to respond to the need for senior programming in Ward 2, the Senior Services Division is proposing "pop up park" activities and outdoor

health and wellness opportunities for seniors, targeting the open spaces at the Rose Park and Volta Park Recreation Centers.

III. Health and Environment

50. How is DPR promoting and growing the community gardens program? How many new community gardens did DPR open in FY 2019?

In FY19, DPR did not open any additional community gardens; however, DPR renovated three existing DPR community gardens to allow for increased participation: Taft Field Garden, Mother Peace Garden, and Benning Garden. DPR worked with multiple organizations to explore possible DPR community gardens at numerous new sites. In FY19 Oxon Run Urban Farm was identified as a new site, and this community garden will be installed in FY20.

- **Does DPR work with DGS to identify District-owned properties that would be suitable sites for community gardens?**

DPR has engaged with DGS to think through how DGS's land leasing initiative may be leveraged to identify new community outreach sites. At this time, however, we do not have the community involvement necessary to move forward. DPR will explore additional ways to work with DGS to support and grow our community garden efforts in FY20.

51. How has DPR Expanded urban beekeeping program in FY2019?

DPR is partnering with our beekeeping partner, the DC Beekeeper Alliance, to train new beekeepers, expand the number of beekeepers at each of our seven beekeeping sites, and explore new beekeeping sites.

52. How many residents participated in the Community Compost Cooperative Network in FY 2019? How many composting sites were established in FY 2019 and what is the total number of sites? Approximately how much organic waste did the program divert from the solid waste stream in FY 2019?

In FY19, we had approximately 1,000 active composters at 57 sites, processing about 348 tons of food and garden waste annually. In FY19, we also contracted with a partner to create a new Community Compost Data Collection Program to get better data on our Community Compost Cooperative Sites. Since then, DPR has launched a data collection pilot program, and we hope to have all sites participating by the Summer 2020.

- **Does DPR coordinate with DPW to send some of the leaves being collected by DPW to community composting sites?**

Yes, DPR coordinates with DPW so that Community Compost sites may benefit from waste collected by DPR. In FY19, two DPR Community Compost sites receive chipped Christmas trees woodchips from DPW.

53. How many meals did DPR serve in FY 2019 as part of the Summer Food Service Program? How does that compare with the number of meals served in FY 2018, FY 2017, and FY 2016? How many sites did DPR sponsor as part of the program?

Fiscal Year	Number of Sites	Meals Served
FY 2016	192	530,160
FY 2017	176	438,092
FY 2018	184	408,507
FY 2019	173	344,483

The chart above shows a continued decline in meals served in comparison to previous years. DPR sponsored 173 sites for FY19 for the Summer Food Service Program. Many different factors contributed to the decrease in the number of meals served.

To help identify the potential causes of decreased summer food service participation District-wide, the Office of the State Superintendent of Education partnered with D.C. Hunger Solutions in 2019 to host several focus groups with DC Free Summer Meals program sponsors. This engagement presented an opportunity for the District to hear directly from program sponsors on challenges they believe exist in increasing participation. The program sponsors identified the following barriers to reaching more children and youth with the Summer Meals Program:

- Difficulty recruiting and hiring high-performing staff to operate the program at meal sites;
- Lack of digital-based systems to more accurately count meals served in real time;
- Insufficient awareness among District families that community sites offer free meals during the summer;
- Self-consciousness among older children and teenagers to participate in the program and take a free summer meal (fear of bullying or shaming);

- Preferred independence among older children and teenagers to purchase their own meals and snacks with money they earn from summer employment;
- Changing demographics of District communities;
- Unaffiliated meal sites and the amount of administrative burden on program sponsors;
- Difficulty in reaching immigrant families and the chilling effect among immigrant families to participate in public assistance programs caused by recent federal government actions; and
- Distance of meal sites from children's homes and discomfort of parents or guardians allowing children to travel far from home to access a meal (safe passage and transportation availability).

The feedback from these focus groups has helped inform DPR's marketing and outreach plan for the Free Summer Meals Program in 2020. Read more about DPR's efforts here: <https://dpr.dc.gov/service/summer-and-afterschool-meals-program>.

- **How does DPR work with its food vendor to ensure that the food tastes good and is of high quality? Does DPR do any child satisfaction surveys related to the food served through the Summer Food Service Program?**

DPR works with the D.C. Office of Contracting and Procurement and the Office of the State Superintendent (OSSE) to ensure that the selected Food Vendor provides high quality food that tastes good with nutritional value according to the USDA Meal pattern standards. DPR typically hosts three food tasting events in partnership with OSSE and DC Hunger Solutions. During these events, children ages 18 years and younger taste menu options and complete satisfaction surveys. These surveys then inform the Food Vendor's choices as it finalizes the Summer Food Service Program menu options.

- **What challenges do children face in accessing the Summer Food Service Program, and how could DPR's program be improved to reach more children?**

DPR works closely with the Office of the State Superintendent (OSSE) to reduce challenges that children face in accessing the Summer Food Service Program. DPR is dedicated to improving standards and participation. As such, DPR consistently strives to improve the Summer Food Service Program experience with the goal of reaching more children through expanded partnerships, food tasting events, offerings at community recreation centers, and other events to help promote awareness of the program.

The Summer Food Service Program was improved by providing a larger variety of food menu options. In FY19, the menu was modified to improve food quality with options for food allergies in response to customer feedback. DPR hosted a food sampling testing event at three DPR recreation centers with children from local area schools and the local community. Satisfaction surveys were collected and used to finalize menu options. OSSE and DC Hunger Solutions provided free giveaways that advertised the summer meals program and locations. DPR engaged with customers using a variety of modes, including, social media, bus stop, and local radio ads, to increase awareness of the program.

DPR leverages various partnerships throughout the summer to expand our reach, for example DPR works with DC Central Kitchen to provide Saturday meal service using a mobile food truck at DPR's outdoor pools. In addition, DPR works with the DC Department of Human Services (DHS) to provide healthy summer meals at hotel shelter locations. DPR participated in local community events, such as the Annual DPW Truck Touch event at the RFK stadium. During this event, we served 300 meals to youth while OSSE orchestrated additional social media engagement using Instagram.

DPR also provides food safety training classes and onsite support for community site partners interested in participating in the program under DPR's sponsorship. DPR partnered with DHS's DC Supplemental Nutrition Assistance Program, Education Division to provide nutrition education classes at eight locations in Wards 1, 4, 5, 6, 7, and 8. This curriculum was developed in alignment with the Summer Meals menu options. Collectively, these partnerships help DPR address the challenges that children face in accessing the Summer Meals Program. For this reason, DPR plans to continue with these successful partnerships during FY20.

54. How many children and meals were served at DPR facilities in FY 2019 as part of the At-Risk Afterschool Meals Program? How many DPR locations participate in the program?

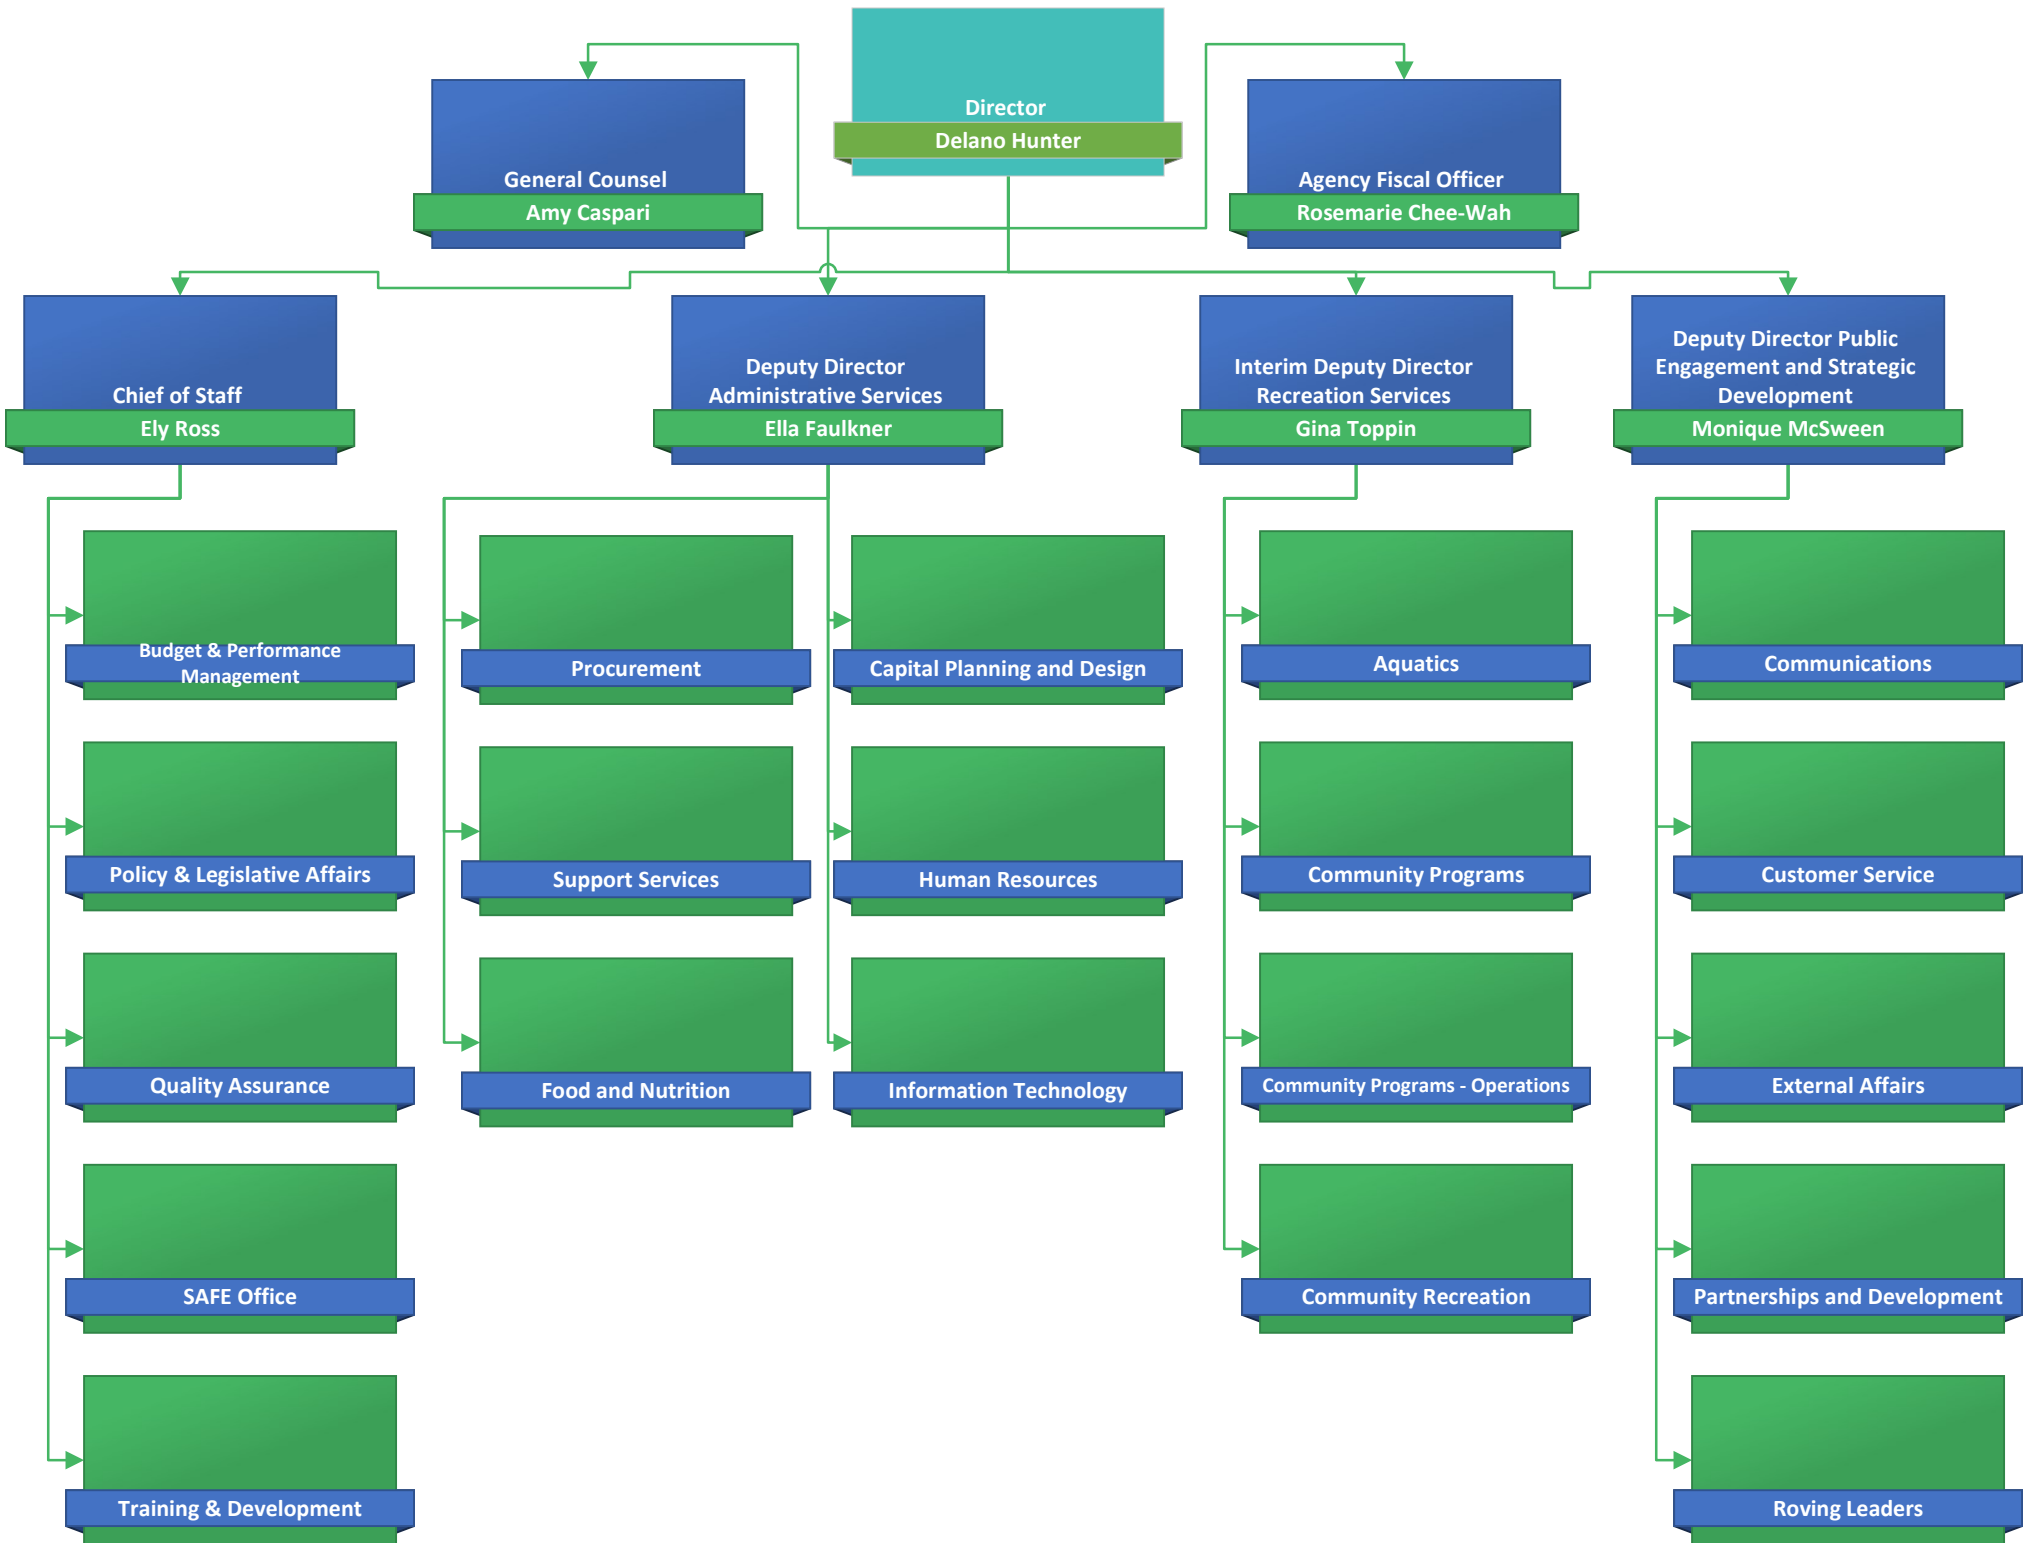

DPR served 42,403 meals to children 18 years and under as part of the At-Risk Afterschool Meals program at 17 DPR locations that participate in the program.

- **Of the meals served through this Program, how many are hot meals and how many are ready-to-eat snacks (i.e. granola bars)?**

A total of 15,172 meals were hot or fresh. These meals were sponsored and provided by Capital Area Food Bank. A total of 27,231 were shelf stable meals ready-to-eat snacks. These meals were sponsored and provided by Child Care Resources.

- **How many children participate in afterschool programs at DPR facilities and do not receive meals through the At-Risk Afterschool Meals Program?**

DPR had a total of 199 children who participated in DPR afterschool programs but did not receive meals through the At-Risk Afterschool Meals Program. These children did not receive meals because the locations where the afterschool programs are located are not eligible to participate in this federally funded program, sponsored by the Capital Area Food Bank and Child Care Resources.

PREAMBLE

This Agreement is entered into between the District of Columbia (hereinafter referred to as the Employer) and the American Federation of Government Employees, District of Columbia Locals (hereinafter referred to as the Union).

The Employer and the Union recognize the need to provide efficient service to the public and to maintain and increase the quality of service. Both parties further agree to the need for establishing and maintaining a sound labor-management relationship and mutually agree to continue working toward this goal. Each side has been afforded the opportunity to put forth all its proposals and to bargain in good faith. Both parties agree this Agreement expresses the results of their negotiations. Each party declares without reservation the contents of the Agreement. Therefore, to ensure the stability of the Agreement, no new provisions shall be proposed during the term of this Agreement, unless provided for elsewhere in this Agreement or such proposal is entertained by mutual agreement of the parties.

The Preamble is intended to provide the background and purpose of the collective bargaining agreement. Alleged violations of the Preamble per se will not be cited as contract violations.

ARTICLE 1 RECOGNITION

The District of Columbia Government (Metropolitan Police Department, Office of Planning, Office of Energy, Department of Administrative Services, Department of Recreation and Parks, and Department of Human Services), pursuant to the appropriate Employer recognition, certifications of the Public Employee Relations Board (PERB) and its predecessor, the Board of Labor Relations, hereby recognizes for the purposes of collective bargaining the following American Federation of Government Employees, District of Columbia Locals: 383, 2737, 2741, 3406, 3444 and 3871.

ARTICLE 2 GOVERNING LAWS AND REGULATIONS

SECTION 1:

In the event any D.C. Government-wide rule or regulation or Department rule, issuance or policy is in conflict with this Agreement, the terms of this Agreement shall prevail.

SECTION 2:

Except in emergency situations, the Department will consult with the Union prior to implementing any Department-wide rule, regulation or policy which is in conflict with this Agreement.

ARTICLE 3
UNION SECURITY AND DUES DEDUCTION

SECTION 1:

The terms and conditions of this Agreement shall apply to all employees in the bargaining unit without regard to Union membership. Employees covered by this Agreement have the right to join or refrain from joining the Union.

SECTION 2:

The Employer agrees to deduct Union dues from each employee's bi-weekly pay upon authorization of D.C. Form 277. Union dues withholding authorization may be canceled upon written notification to the Union and the Department thirty (30) days prior to each annual anniversary date (effective date) of this Agreement, regardless of the provisions of D.C. Form 277. When Union dues are canceled, the Department shall withhold a service fee in accordance with Section 3 of this Article. This provision shall supersede any other dues deduction agreement in effect prior to the effective date of this Agreement.

SECTION 3:

Because the Union is responsible for representing the interests of all bargaining unit employees without discrimination and without regard to Union membership, Management agrees to deduct a service fee from each non-Union member's bi-weekly pay, without written authorization. Upon the showing of the Local Union that sixty percent (60%) of the eligible employees in the bargaining unit for which it has certification, are Union members, the Department shall begin withholding, not later than the second pay period after this Agreement becomes effective and the showing of sixty percent (60%) is made, a service fee applicable to all employees in the bargaining unit(s) who are not Union members. The service fee and/or Union dues withheld shall be transmitted to the Union, minus a collection fee of five cents (\$.05) per deduction per pay period. The service fee withholding shall continue for the duration of this Agreement. Payment of dues or service fees through wage deductions shall be implemented in accordance with procedures established by the Department and this Article. Employees who enter the bargaining unit where a service fee is in effect shall have the service fee or Union dues withheld by the appropriate Department after the sixty percent (60%) showing is made.

SECTION 4:

The service fee applicable to non-Union members shall not exceed the amount of the Union dues. Payment of dues or service fees shall not be a condition of employment.

SECTION 5:

When a service fee is not in effect, the Union may require that an employee who does not pay dues or service fee shall pay all reasonable costs incurred by the Union in representing such employee(s) in grievance, adverse actions or appeal proceedings in accordance with the provisions of the Comprehensive Merit Personnel Act (CMPA).

SECTION 6:

The Union shall indemnify, defend and otherwise hold the Department harmless for any good faith errors, or omissions in carrying out the provisions of this Article.

SECTION 7:

Grievances may be settled informally at any step of the process. Therefore, the parties or their authorized representatives have the authority to settle a grievance at any stage of the grievance procedure.

B. Most grievances arise from misunderstandings or disputes which can be settled promptly and satisfactorily on an informal basis at the immediate supervisory level. The Employer and the Union agree that every effort will be made by Management and the aggrieved party(ies) to settle grievances at the lowest possible level. Inasmuch as dissatisfactions and disagreements arise occasionally among people in any work situation, the filing of a grievance shall not be construed as reflecting unfavorably on an

employee's good standing, his/her performance, or his/her loyalty or desirability to the organization. Reasonable time during working hours will be allowed for employees and the Union representative to discuss, prepare for and present grievances, including attendance at meetings with Employer officials.

C. All time limits may be extended by mutual consent.

SECTION 2 - SCOPE:

A grievance is any alleged violation of this Agreement or applicable provision of the Compensation Agreement, or any misapplication or misinterpretation of Personnel rules, regulations or statutes that affect terms and conditions of employment. It is agreed that EEO complaints shall not be grievable.

SECTION 3 - PRESENTATION OF GRIEVANCES:

A. This procedure is designed to enable the parties to settle grievances at the lowest possible administrative level.

B. Grievances not responded to by Management in a timely manner may be advanced to the next level by the Union.

C. Categories of Grievances:

1. **PERSONAL** - A grievance of a personal nature requires the consent of the aggrieved employee at Step 2 of this procedure even if the Grievant is represented by his/her Union. In the case of an individual Grievant proceeding without Union representation, the Union must be given an opportunity to be present and offer its views at any meeting held to adjust the grievance.

2. **GROUP** - A grievance involving a number of employees in the unit may be filed at whatever step resolution is possible.

3. **UNION/CLASS** - A grievance involving employees in the bargaining unit may be filed and signed by the Union President or designee directly at Step 3 of the grievance procedure. Grievances so filed will be processed only if the issue raised is common to bargaining unit employees. A class grievance must contain all information specified in Section 4 of the grievance procedure and the Administrator or his/her designee shall respond in writing within twenty-one (21) working days of receipt.

SECTION 4 - PROCEDURAL STEPS/PERSONAL AND GROUP GRIEVANCES:

A. STEP 1:

Grievances (except Adverse Action and Union/Class) shall first be taken up orally or in writing by the concerned employee or Union representative with the appropriate Employer representative in an attempt to settle the matter. Grievances must be presented within twenty (20) work days from the date the employee or Union became aware of the grievance. The Union representative must be present if the employee so desires. However, if an employee(s) presents a grievance directly to the Employer for adjustment consistent with the term of this Agreement, the Union shall have an observer present. The Employer representative shall communicate the decision within ten (10) working days from the presentation of the grievance. The Employer shall present a written response when the grievance is presented in writing and an oral response when the case is presented orally.

B. STEP 2:

If the matter is not satisfactorily settled at Step 1 of the presentation of grievance, the employee(s) or the Union representative may, within ten (10) working days, submit the matter in writing to the next level Employer representative. The Employer representative will meet with the Union representative and the aggrieved employee(s) within five (5) working days after receipt of the grievance. The Employer representative shall give the employee(s) and the Union her/his written response within five (5) working days after the meeting.

The grievance at this and at every further step shall contain:

1. A statement of the specific provision(s) of the Agreement alleged to be violated.
2. The date(s) on which the alleged violation occurred.
3. A brief description of how the alleged violation occurred.
4. The specific remedy or adjustment sought.
5. Authorization by the employee if Union representation is desired.

Should the grievance not contain the required information, the Grievant or Union representative shall be so notified and given fifteen (15) working days from receipt of notification to resubmit the grievance. Failure to resubmit the grievance within the fifteen (15) day period shall void the grievance.

C. STEP 3:

If the grievance is not settled at Step 2, the employee(s) or the Union may within ten (10) working days forward the grievance to the Department Head for further consideration. The Department Head will review the grievance, consult with the employee(s) and the Union, and give the employee(s) and the Union his/her written answer within ten (10) working days after receipt of the grievance.

D. STEP 4:

If the grievance is not satisfactorily settled at Step 3, the Union may refer the matter to arbitration.

SECTION 5 - ADVERSE ACTION GRIEVANCES:

A. STEP 1:

A grievance which involves an adverse action, a removal or reduction in grade based on unacceptable performance shall be presented in writing by the concerned employee and the Union representative with the Agency Head within forty-five (45) calendar days of the final notice of action. The Employer will have fifteen (15) working days in which to answer the complaint in writing.

B. STEP 2:

If the matter is not satisfactorily settled at Step 4, the Union can invoke arbitration within twenty (20) working days of receipt of the Employer's decision at the Step 4 level.

The Union may, prior to the implementation of the penalty, request that the deciding official consider delay of the implementation of the decision pending the outcome of the arbitration. The Union and Management agree that such arbitrations will be scheduled and heard within 30 days after the Agency Head's decision to delay implementation. A withdrawal of the arbitration or delay in scheduling of such arbitration by the Union will result in the immediate implementation of the penalty. If the Agency Head denies the request to consider the delay of the implementation of the penalty, then Steps 1 and 2 of this Section shall apply.

SECTION 6 - UNION/CLASS GRIEVANCES:

STEP 1: The Employer and the Local President or his/her designee will meet within five (5) working days after receipt of the grievance to discuss the grievance.

STEP 2: The Department Head shall give the Local President his/her written response within ten (10) working days after the meeting. If the grievance is not settled by this method, the Union may refer the matter to arbitration. Nothing herein will preclude

either party from attempting to settle such grievances informally at the appropriate level.

SECTION 7 - ARBITRATION:

A. SELECTION OF AN ARBITRATOR: The parties agree that a panel of arbitrators will be selected by the parties within thirty (30) working days of the signing of this Agreement to hear arbitrations. The panel will consist of seven (7) arbitrators who will be selected alternately to hear cases.

B. A committee of Union representatives and Management officials that are party to this agreement will meet quarterly to review the status of grievances, the selection of arbitrators and other issues related to this grievance procedure.

C. When mutually agreed by both parties, the following expedited arbitration procedures shall be used:

1. The arbitration will be held within thirty (30) working days of the request to arbitrate.

2. There shall be no stenographic record of the proceedings.

3. The hearing shall be conducted by the Arbitrator in whatever manner that will most expeditiously permit full presentation of the evidence and arguments of the parties. The Arbitrator shall make appropriate minutes of the proceedings. Normally, the hearing shall be completed within one (1) day. In unusual circumstances and for good cause shown, the Arbitrator may schedule an additional hearing to be held within seven (7) days.

4. There shall be no posthearing briefs.

5. Time of Award - The award shall be rendered promptly by the Arbitrator and unless otherwise agreed by the parties, no later than seven (7) days from the date of the closing of the hearing.

6. Form of Award - The award shall be in writing and shall be signed by the Arbitrator. If the Arbitrator determines that an opinion is necessary, it shall be in summary form.

D. The parties agree that arbitrations not heard under the expedited arbitration procedure will be scheduled and heard within ninety (90) days unless the parties mutually agree to extend the time limits.

SECTION 8 - GENERAL:

1. Witnesses shall be sequestered upon request of either party.
2. If either party desires a verbatim record of the proceedings, it may order such record. The party desiring the record shall make the record available to the other party and pay full costs of the transcript. Upon mutual agreement, the expenses may be shared.
3. The parties shall request that the arbitration award be in writing and set forth the Arbitrator's findings, reasoning and conclusions, within thirty (30) days after the conclusion of the hearing. Time limits may be extended by mutual agreement except in the case of expedited arbitrations.
4. The Arbitrator shall not have the power to add to, subtract from, or modify the provisions of this Agreement through the award.
5. The Arbitrator's award shall be binding upon both parties. Nothing in this Section prevents either party from appealing an award pursuant to the negotiated grievance procedure, in accordance with D.C. Code §1-605.2. Either party may submit the award for reconsideration by filing an Arbitration Review Request with the Public Employee Relations Board (PERB) within the time prescribed by law and regulation. Whenever an Arbitrator's decision is appealed, the decision shall remain in effect pending the outcome of the appeal process.
6. A statement of the Arbitrator's fee and expenses shall accompany the award. The fee and expense of the Arbitrator shall be born by the losing party. In cases where it is unclear whether or not a party has lost the case, the Arbitrator will make the determination.
7. Any dispute over the application of an Arbitrator's award, the Arbitrator shall retain jurisdiction.

SECTION 9 - APPEAL AND GRIEVANCE OPTIONS:

An aggrieved employee affected by a removal or reduction in grade based on unacceptable performance, or adverse action may at his/her option raise the matter under a statutory appellate procedure or the negotiated grievance procedure, but not both.

For the purpose of this Section and employee shall be deemed to have exercised his/her option under this Section when the employee files a notice of appeal under the appellate procedure or files a grievance in writing under the negotiated grievance procedure.

SECTION 10 - QUESTIONS OR GRIEVABILITY:-

In the event either party should assert a grievance non-grievable or non-arbitrable, the original grievance shall be considered amended to include this issue. Any dispute of grievability or arbitrability shall be referred to arbitration as a threshold issue(s).

Except as otherwise provided in this Agreement or the corresponding Compensation Agreement, the parties shall adhere to all applicable law and District government rules and regulations in the administration of leave. Annual leave must be requested reasonably in advance except in an emergency (unanticipated event). Employer's decision to grant or deny annual leave shall be made within 72 hours of the request, excluding Saturdays, Sundays, holidays, and any other day that the District government is closed and will be based solely on mission (including coverage) requirements. Except in emergency situations, the Employer shall not consider the reason for the annual leave request in making the leave determination. If requested by the employee, the supervisor shall discuss the reason for the denial of any request, and discuss when the employee will be able to take the requested leave. Requests for annual leave shall be approved when possible.

**ARTICLE 4
ALTERNATIVE WORK SCHEDULES**

Section 1 – Definitions:

A. Except as provided in this Article, the professional workday for full-time employees shall consist of eight (8) hours of work within a 24-hour period. The normal hours of work shall be consecutive except that they may be interrupted by a lunch period.

B. Professional Workweek:

Attorneys work a professional work week on a salaried basis consisting of a minimum of forty (40) hours. The normal workweek for full-time attorneys shall consist of five (5) consecutive days, at least eight (8) hours of work, Monday through Friday. Management may vary the workweek of attorneys in order to meet work load requirements or emergency situations and must provide the employees with at least a two (2) day advance notice, if possible. Attorneys are exempt from the overtime restrictions under the Fair Labor Standards Act. However, in the event an employee is asked to work more than 8 hours per day or 40 hours per week, management will attempt to give as much notice as possible and reasonably consider any request for compensatory time covered elsewhere in this agreement.

Section 2 Fair Labor Standards Act:

Attorneys are excluded from the overtime provisions of the Fair Labor Standards Act (FLSA) and no overtime pay or compensatory time is authorized for work performed unless authorized elsewhere in this Agreement.

Section 3 Flexible/Alternative Work Schedules:

Employer shall maintain, to the extent already in effect, or establish at least the following three Alternative Work Schedules (AWS) for covered employees: (1) a Flexible Work Schedule, (2) a Compressed Work Schedule, and (3) a Flexiplace/Telecommuting Schedule, including Ad Hoc Telecommuting. AWS may be combined, except that a Compressed Work Schedule may only be combined with Ad Hoc Telecommuting. The existing AWS policies of all agencies are hereby incorporated by reference into this Agreement provided that they include the three AWS described in this Section. In the event that any agency does not currently have an AWS policy that includes the three AWS described in this Section, the OAG Office Order # 2015-03 shall apply until such time as the agency establishes its policy. The normal work hours shall be adjusted, consistent with a supervisor's discretion set forth in the applicable Office Order or other governing policy, rule, regulation or law to allow for AWS schedules, with appropriate adjustments in affected leave. In deciding whether to grant an employee's request to use an alternative work schedule, the employee's supervisor shall consider, but is not limited to the following factors:

- A. The demands of the requesting individual's work;
- B. The need to maintain adequate staffing to handle unanticipated matters or cover

matters that are handled by the Office, Unit, Section, or Division, even if that assignment is not assigned to the requesting employee;

- (1) The needs of the work unit, including the need to ensure sufficient staffing levels during core hours and availability of office staff or government officials;
- (2) Whether granting an AWS request results in the denial of annual or sick leave to other members of the Office, Unit, Section, or Division;
- (3) The past performance of the requesting individual;
- (4) Equitable sharing of Office functions;
 - a. Whether work assignments can be performed effectively and efficiently by an employee on the type of AWS being requested;
 - b. Whether the requested AWS places an undue burden on others covered by this Office Order within a particular Unit, Section, or Division; and
 - c. Any other factor that may affect the quality or quantity of work accomplished by the Office, Unit, Section or Division.

Such schedules maybe appropriate where:

1. It is cost effective;
2. It increases employee morale and productivity; or
3. It better serves the needs of the public.

The Union shall be given advance notice when flexible/alternative work schedules are proposed and shall be given the opportunity to consult. A flexible/alternative work schedule shall not affect the existing leave system. Leave will continue to be earned at the same number of hours per pay period as for employees on five (5) day, forty (40) hour schedules and will be charged on an hour-by-hour basis.

Section 4 Flexiplace/Telecommuting:

Supervisors may permit employees to use flexiplace/telecommuting plans. Employees participating in flexiplace/telecommuting plans must be accessible and available during their entire tour of duty and for recall to physically appear in the office. Employees should make every effort to report as soon as possible, generally within 2 hours. Employees are solely responsible for completing assigned work after appropriate management review and shall comply with management's requirements with regard to advance review of drafts prior to a final deadline.

Section 5 Supervisor's Authority:

An attorney's request for AWS shall not be unreasonably denied. An immediate supervisor must provide written justification for the denial of an AWS request. An attorney may seek review of the denial of an alternative work schedule to the manager of his/her immediate supervisor. OAG employees may appeal a manager's denial of his/her AWS request to the Attorney General. Agency employees may appeal a manager's denial of his/her AWS request to the Director of the MOLC. A supervisor may require AWS participants to provide additional information about conformance with their approved tours, such as the use of sign-in sheets, or other time accountability systems or methods.

Section 6 Impact and Effect Bargaining:

The Attorney General shall not change its existing AWS Office Order # 2015-03 without advance notice to the union and an opportunity to engage in impact and effects bargaining. Agencies shall not implement an alternate work schedule policy without advance notice to the union, an opportunity to engage in impact and effects bargaining and an opportunity to make substantive suggestions to any AWS policy before the policy's effective date.

**ARTICLE 5
EMPLOYEE ASSISTANCE PROGRAM**

Section 1 – General:

The parties recognize that alcoholism, drug abuse, and emotional and mental illness are health problems that may affect job performance. To this end, the Employer will, at least annually, make employees aware of the District's Employee Assistance Program (DPM Chapter 20B, Section 2050, EAP) and available services provided under it. The provisions of the DPM govern except as provided below.

Section 2 - Use of Sick Leave:

Employees undergoing a prescribed program of treatment for alcoholism, drug abuse, emotional illness, or mental illness will be allowed to use available sick leave for this purpose on the same basis as any other illness with appropriate documentation of attendance.

**ARTICLE 6
UNION STEWARDS/OFFICAL TIME**

Section 1 - Number of Stewards:

A. The Union may designate, other than the Chief Steward, no more than five (5) stewards, or one (1) steward for every fifty (50) bargaining unit employees, whichever is greater.

B. The Union will endeavor, whenever possible, to limit the number of Union Representatives working in the same division, to a number that will not cause a significant work disruption in that work unit.

Section 2 - Designation of Representatives:

A. Union Officers, Stewards and Other Representatives

1. Union Officers and Stewards: The Union agrees to provide the Employer and the Office of Labor Relations and Collective Bargaining (OLRCB) with a written list of its officers and stewards within two (2) workdays after the date this Agreement is executed and within five (5) working days after each general election.
2. Other Representatives: The Union will also notify the Employer and OLRCB, in writing, of other Union representatives who may request official time, along with a description of their individual Union assignments.

B. Changes in the list will be submitted to the Employer's designated official(s) at least two (2) workdays prior to the assumption of representational responsibilities by any new officers, stewards or other representatives. If a Union official is not on the list of designated representatives and is needed prior to the two (2) days notice, the Union President shall notify the Employer's designated official(s) by phone and/or e-mail before the official will be recognized. The Employer shall recognize any Union official designated pursuant to this section.

C. The Employer will not recognize any Union official or representative who is not listed as required or for whom notification was not provided in accordance with this section.

D. Except where explicitly provided, this Agreement shall not be interpreted in any manner that interferes with the Union's right to designate representatives of its own choosing on any particular representational matter.

E. The Union will be notified prior to any change in tours of duty of duly appointed Stewards. The Union shall also be notified prior to the organization of tours of duty that would affect the members of the unit.

F. Employer recognizes that the Union may designate employee members, selected or appointed to a Union office or delegated to a Union function and agrees that, upon request, the employee may be granted annual leave or leave without pay for the period of time required to be away from his/her job. Such requests will be submitted as far in advance as possible, but not less than one (1) working day prior to the day the leave is to begin in the event the leave request is eight (8) hours or less, or five (5) working days in advance, in the event the leave request exceeds eight (8) hours. The Union shall be notified of a disapproval of leave in writing together with the Employer's justification. Leave contemplated under this article shall not be denied except for good cause.

Section 3 - Performance Appraisals:

A. No Union representative will be disadvantaged in the assessment of his/her performance based on his/her participation in Union activities and/or use of official time to conduct labor-management business authorized by this Agreement. However, performance problems unrelated to participation in Union activities and/or the use of official time may be addressed in accordance with other relevant provisions of this Agreement.

B. At the beginning of the rating year or when the Union representative is initially appointed, workload and performance expectations will be established that consider the actual use of official time and the impact on performance of the duties of the employee's position. Additionally, the designated supervisor and the Union representative will meet at least quarterly to discuss needed adjustments to workload and representational needs.

Section 4 - Official Time for Representational Activity:

A. Pursuant to the statutory right and responsibility of the Union to represent bargaining unit employees, representatives of the Union will be granted reasonable amounts of official time to investigate, prepare for, and conduct representational functions in accordance with the provisions of this Article as follows. The Union President will be assigned a caseload equal to no greater than 50% of the average caseload of an attorney with his or her grade level and experience in the Division which employs the Union President. The Union Vice President # 1 will be assigned a caseload equal to no greater than 80% of the average caseload of an attorney with his/her grade level and experience in the Division which employs the Union Vice President #1. The Union Vice President # 2 will be assigned a caseload equal to no greater than 85% of the average caseload of an attorney with his/her grade level and experience in the office which employs the Union Vice President #2. The Union represents that Union Vice President # 1 will primarily represent OAG employees and Union Vice President # 2 will primarily represent employees in subordinate agencies. No other Union members or officer will be assigned a reduced caseload. However, other Union members or officers shall be granted reasonable amounts of official time to investigate, prepare for, and conduct representational functions as needed, including necessary travel time. Employer will not be required to grant or approve official time for any Union shop steward, officer or other representative who has not complied with the Employer notification requirements of Section 2 of this Article.

B. For the purpose of this Article, "representational functions" means those authorized activities undertaken by employees on behalf of other employees or the Union pursuant to representational rights under the terms of this Agreement and District of Columbia law. Examples of activities for which reasonable amounts of official time will be authorized include:

- (1) collective bargaining negotiations;
- (2) discussions with Employer representatives concerning personnel policies, practices, and matters affecting working conditions;
- (3) any proceeding in which the Union is representing an employee or the Union pursuant to its obligations under this Agreement;

- (4) grievance meetings and arbitration hearings;
- (5) a disciplinary or adverse action oral reply meeting, if the Union is designated as representative of the employee;
- (6) any meetings for the purpose of presenting replies to the proposed termination of probationers, if the Union is designated as representative of the employee;
- (7) any meeting for the purpose of presenting reconsideration replies in connection with the denial of within-grade increases, if the Union is designated as representative of the employee;
- (8) attendance at an examination of an employee who reasonably believes he or she may be the subject of a disciplinary or adverse action;
- (9) informal consultation meetings between the Employer and the Union;
- (10) conferring with affected employees about matters for which remedial relief is available under the terms of this Agreement;
- (11) attendance at meetings of committees on which Union representatives are authorized members by the Employer or this Agreement;
- (12) attendance at labor-management committee meetings or other joint labor-management cooperative efforts;
- (13) attendance at Employer recognized or sponsored activities to which the Union has been invited;
- (14) attendance at public hearings of the District of Columbia City Council or other legislative/administrative bodies of the District or federal government relating to matters that affect either the Employer or labor relations/labor matters in the District of Columbia that impact or may impact the Union;
- (15) necessary travel to any of the activities listed above;
- (16) training related to the representational functions of Union officials and stewards which the parties agree is to their mutual benefit and for which management is given notice and provided with an agenda and course description; and
- (17) new employee orientation meetings.

C. Official time shall not include time spent on internal Union business, including, but not limited to:

- (1) Attending Local, Regional, or National Union meetings;
- (2) Soliciting members;
- (3) Collecting dues;

- (4) Posting notices of Union meetings; administering elections;
- (5) Preparing and distributing internal Union newsletters or other such internal documents; and,
- (6) Internal Union strategy sessions, except for representational functions.

Section 5 - Requesting Official Time:

A. All use of official time by any Union officer, official, steward or other representative must be recorded on the Employer-approved Official Time Report Form and submitted on a monthly basis to Employer's designee.

B. Official time for Union representatives should be requested on the approved "Official Time Report" form. The Union representative will request authorization for official time from his or her supervisor in advance and as is consistent with workload requirements except when circumstances do not allow for advance approval (e.g., unscheduled meetings called by management where the Union's attendance is requested; or representation of employees in investigatory interviews; or circumstances where the employee might be subject to discipline). Failure to properly request and obtain approval of official time may result in disciplinary action depending on the circumstances.

C. All advance requests for official time are understood to be estimates.

D. If a request for official time is denied, the manager or supervisor refusing such permission shall give the reasons for refusal in writing to the individual who was so denied, if the individual involved makes such a request.

E. Employee Union representatives, except the Union President, in light of his 50% reduced caseload, Vice President #1, in light of his or her 20% reduced caseload, and Vice President #2, in light of his or her 15% reduced caseload, will complete the "Official Time Report" form (attached to this Agreement as Exhibit "A") provided by the Employer to accurately depict the actual official time used in a timely manner each pay period.

F. Management shall not prevent Union representatives from representing employees at reasonable times consistent with the provisions of this Agreement. The Union and employees recognize that workload and scheduling considerations will not always allow for the immediate release of employees from their assignments. However, the Employer agrees that such permission for release shall not be unreasonably delayed or denied. Workload needs will be balanced with official time needs prior to approval based on the following standard: official time requests shall be granted unless they hinder the accomplishment of essential workload requirements that cannot otherwise be accommodated.

G. All affected employees (e.g., grievants, representatives, witnesses, and appellants) whose presence has been determined to be necessary, by either the Union or the Employer, as the case may be, at relevant proceedings (including hearings, meetings, arbitrations, oral replies, or other labor-management business) will receive necessary official/duty time to participate in and travel to and from the proceedings.

Section 6:

A. The parties agree that Union officials and stewards are entitled to take a reasonable amount of official time and the officials and stewards requesting/using official time shall be treated with civility and shall not be discriminated against because they participate in Union activities and/or take official time. Likewise, Union officials and stewards shall treat supervisors with civility in regard to their supervisors need to have information about the amount and type of official time being requested so that the supervisor can effectively manage their personnel and allotted workload. The parties agree that there is a need for flexibility to enable managers to effectuate the mission of the government and, at the same time, to enable Union officials and stewards of the bargaining unit to take care of Union business expeditiously.

B. In cases of alleged abuse of official time by the Union, or alleged improper restriction of official time or discrimination by the Employer, the parties shall endeavor to resolve the matter at the lowest possible level. If efforts to resolve the matter between the first line supervisor and the Union official or representative fail, then the party alleging the abuse or improper restriction shall bring the matter to the attention of the appropriate management and Union representatives. If the matter is not resolved then either party may seek assistance from the D.C. Office of Labor Relations and Collective Bargaining.

Section 7:

The parties shall conduct separate training concerning use of official time for members and managers and supervisors.

With notice to the Union, Employer may remove language or material that is defamatory or discriminatory.

Section 7:

**ARTICLE 12
CONTRACTING OUT/PRIVATIZATION**

Employer recognizes the Union's desire to retain all work regularly performed for the Employer, and the Union recognizes the Employer's need to maintain an efficient workplace; therefore, Employer will use its best efforts to continue to use bargaining unit employees and not subcontract work that has been traditionally and regularly performed by its employees. Decisions regarding contracting out are areas of discretion of the Employer. The impact and implementation of contracting out upon bargaining unit employees is a mandatory subject of bargaining. The Employer must notify the Union at least thirty (30) days in advance of any contracting out actions. The Union shall have full opportunity to make its recommendations known to the Employer who will duly consider the Union's position and give reasons in writing to the Union for any contracting out action. The Employer shall consult with the Union to determine if the needs of the Government may be met by means other than contracting out work traditionally performed by bargaining unit employees. Corrections or changes shall be made at the earliest opportunity after notification is received but in no case will changes be made retroactively, unless the Employer fails to deduct dues due to the Employer's action or inaction. This provision shall supersede any other dues deduction agreement in effect prior to the effective date of this Agreement.

Section 5 – Service Fees:

Section 8:

Payment of dues or service fees shall not be a condition of employment.

Section 9:

When a service fee is not in effect, the Union may require that an employee who does not pay dues or service fees to pay reasonable costs incurred by the Union in representing such employee in grievances, adverse actions or appeal proceedings within the provisions of the CMPA, provided the Union gives advance notice of said costs to the employee.

**ARTICLE 28
GRIEVANCE AND ARBITRATION PROCEDURES**

Section 1 – Definitions:

A grievance under this section is an allegation that the other party has violated a provision of this Agreement. RIFs, furloughs, disciplinary actions and performance rating appeals are excluded from the definition of grievance under this section and such disciplinary actions and ratings are not subject to challenge, review or arbitration under the grievance and arbitration procedures of this section. The grievability of disciplinary actions and performance evaluations is governed by other parts of this Agreement and the Compensation Agreement.

Section 2 – Performance Ratings:

Any performance rating may be appealed within thirty (30) calendar days of receipt by the employee to a three-person committee established by the Attorney General or the Mayor's Office of Legal Counsel. The committee shall be empowered to review the basis for a direct

supervisor's rating, conduct a hearing, receive written briefs, and issue a written decision which shall approve, modify, or reject a performance rating. Any decision by the Committee shall be appealable to the Attorney General or agency head, as applicable, within thirty (30) calendar days of receipt of the decision by the employee. The Attorney General's decision or agency head's decision, as applicable, shall be final and no further appeal shall be allowed under this Agreement. If the committee does not act within thirty (30) calendar days of the appeal, the evaluation may be appealed to the Attorney General or the agency head, as applicable who shall issue a decision within fifteen (15) calendar days thereafter. If the Attorney General or agency head, as applicable, does not act within fifteen (15) calendar days, unsatisfactory evaluations may be appealed under the provisions of this Article within fifteen (15) calendar days. The Attorney General and the Mayor's Office of Legal Counsel shall establish procedures for appeals under this Article to the committee and to the Attorney General and agency head, respectively.

Section 3 – General Provisions:

Any grievance that may arise between the parties involving an alleged violation of this Agreement shall be settled as described in this Article unless otherwise agreed to in writing by the Union President and the Attorney General or agency head, as applicable, or his/her designee.

Section 4 – Information Requests:

Both parties shall provide all information determined to be reasonable and needed by the other party for processing of a grievance after a request by the other party within a reasonable amount of time.

Section 5 – Procedure:

A. This procedure is designed to enable the parties to settle grievances at the lowest possible administrative level. Grievances must be filed at the lowest level where resolution is possible. Therefore, all grievances shall ordinarily be presented to the immediate supervisor unless it is clear that the immediate supervisor does not have authority to deal with the grievance and that it should be filed elsewhere. The Union may request a face-to-face meeting with the appropriate management representative who is delegated authority to deal with the grievance at each step. The parties agree to endeavor to engage in productive meetings to resolve a grievance.

B. Nothing in this Agreement shall be construed as precluding discussion between an employee, the Union and the appropriate supervisor over a matter of interest or concern to any of them prior to the initiation of a grievance. Once a matter has been made the subject of a grievance under this procedure, nothing herein shall preclude any party (the Union, the Employer or the Employee) from attempting to resolve the grievance informally at the appropriate level.

Step 1: The employee and/or the Union shall take up the grievance, in writing, with the employee's immediate supervisor within fifteen (15) business days from the date of the occurrence or when the employee or the Union knew or should have known of the occurrence. The written grievance shall be clearly identified as a grievance submitted under the provisions of this Article, and shall list the name of the grievant or grievants, the contract provisions allegedly

violated, the basic facts, issues, or concerns giving rise to the grievance, the date or approximate date and location of the violation and the remedy sought. The supervisor shall address the matter and shall respond, in writing, to the Steward and/or the employee within fifteen (15) business days after the receipt of the grievance.

Step 2: If the grievance has not been settled, or the supervisor has failed to respond, it may be presented in writing by the Union to the second level supervisor within ten (10) business days after the Step 1 response is due or received, whichever is sooner. The second level supervisor shall respond to the Union in writing within ten (10) business days after receipt of the written grievance.

Step 3: If the grievance is still unresolved, or the supervisor has failed to respond, it may be presented in writing by the Union to the Attorney General or agency head, as applicable, or his/her designee, within twenty (20) working days after the Step 2 response is due or received, whichever is sooner. The Attorney General or agency head, as applicable, or his/her designee, shall respond in writing to the Union within twenty (20) business days after receipt of the written grievance.

Step 4: If the grievance is still unresolved, or the Attorney General, or agency head, as applicable, or his/her designee has failed to respond, the Union may by written notice request arbitration within twenty (20) business days after the reply at Step 3 is due or received whichever is sooner.

A grievance filed by the Union on a matter involving more than one division within OAG, may be filed with the Attorney General or his/her designee at Step 3. The grievance must be filed within fifteen (15) business days from the date of the occurrence giving rise to the grievance or when the Union knew or should have known of the occurrence.

When mutually agreed by the parties, grievances on the same matter on behalf of two (2) or more employees may be processed as a single grievance for the purpose of resolving all the grievances.

A grievance filed by the Union which does not seek personal relief for a particular employee or a group of employees, but rather expresses the Union's disagreement with management's interpretation or application of the Agreement and which seeks an institutional remedy shall be filed at Step 3 within fifteen (15) business days from the date of the occurrence or when the Union knew or should have known of the occurrence to the extent reasonably possible.

A grievance filed by the Employer should be filed directly with the Union President within fifteen (15) business days from the date of the occurrence or when the Employer knew or should have known of the occurrence giving rise to the grievance. The Union President shall have fifteen (15) business days to respond. If the Employer's grievance is still unresolved, or the Union President or his/her designee has failed to respond, the Employer may by written notice request arbitration within twenty (20) business days after the Union's reply is due or received whichever is sooner.

A grievance concerning a continuing violation of this Agreement may be filed at any time during the existence of the alleged violation of this Agreement.

Section 6 - Selection of the Arbitrator:

The arbitration proceeding shall be conducted by an arbitrator selected by the Employer and the Union. The Federal Mediation and Conciliation Service (FMCS) shall be requested to provide a list of seven (7) arbitrators from which an arbitrator shall be selected within seven (7) calendar days after receipt of the list by both parties. Both the Employer and the Union may strike three (3) names from the list using the alternate strike method. The party requesting arbitration shall strike the first name. The arbitration hearing shall be conducted pursuant to the FMCS guidelines unless modified by this Agreement.

Section 7 – Authority of the Arbitrator:

The jurisdiction and authority of the arbitrator and his/her opinion and award shall be confined exclusively to the interpretation or application of the express provisions of this Agreement at issue between the Union and the Employer consistent with applicable law and regulation. He/she shall have no authority to add to, detract from, alter, amend, or modify any provision of this Agreement; or to impose on either party a limitation or obligation not explicitly provided for in this Agreement. The written award of the arbitrator on the merits of any grievance adjudicated within his jurisdiction and authority shall be final and binding on the aggrieved employee, the Union and the Employer, subject to either party's appeal rights to the Public Employee Relations Board and the Superior Court of the District of Columbia.

Section 8 - Decision of the Arbitrator:

The arbitrator shall be requested to render his/her decision in writing within thirty (30) calendar days after the conclusion of the arbitration hearing.

Section 9 - Expenses of the Arbitrator:

Expenses for the arbitrator's services and the proceeding shall be borne equally by the Employer and the Union. However, each party shall be responsible for compensating its own representatives and witnesses. If either party desires a record of the arbitration proceedings, it may cause such a recording to be made, providing it pays for the record and makes copies available without charge to the other party and the arbitrator.

Section 10 - Time Off For Grievance Hearings:

The employee, Union Steward and/or Union representative shall, upon request, be permitted to meet and discuss grievances with designated management officials at each step of the Grievance Procedure within the time specified consistent with Section 4 of Article 6 on Union Stewards.

Section 11 – Time Limits:

All time limits following the initiation of any grievance set forth in this Article may be extended by mutual consent, but if not so extended, must be strictly observed. If the matter in dispute is not resolved within the time period provided for in any step, the next step may be invoked. The appropriate representative of either party shall not unreasonably deny a request for an extension of time if the request is made in writing by the original deadline date. The parties may mutually agree in writing to waive Steps 1 and/or 2 of the procedure described in this Article.

Section 12 – Termination of Grievance:

A grievance shall terminate when either party terminates its own grievance, when both parties consent or for failure to meet contractual time limits. The termination of a grievance shall not prejudice either party from reinstating a grievance at a later date.

Section 13 – Exclusions:

Matters not within the jurisdiction of the Employer will not be processed as a grievance under this Article unless the matter is specifically included in another provision of this Agreement or the Compensation Agreement.

**ARTICLE 29
DISCIPLINE AND DISCHARGE**

Section 1 -- Disciplinary Actions:

A. Assistant Attorneys General ("AAG") in the bargaining unit are appointed to serve the District of Columbia consistent with the provisions of the Legal Service Act. An AAG may be subject to disciplinary action, including reprimand, suspension (with or without pay), reduction in grade or step, or removal for unacceptable performance or for any reason that is not arbitrary or capricious. Disciplinary actions shall be processed in accordance with Section 3614, Chapter 36 of the D.C. Personnel Regulations. The Employer shall provide the Employee with ten (10) calendar days advance notice, consistent with the notice provisions of Chapter 36 of the D.C. Personnel Regulations, of any proposed discipline, with the exception of summary removal. The proposed notice of discipline will also be sent to the Union.

B. Notwithstanding Section 1A herein, the Attorney General or an agency head, may summarily suspend or remove a bargaining unit member, in accordance with Sections 1616 and 1617 of the DPM, when the employee's conduct:

1. Threatens the integrity of government operations;
2. Constitutes an immediate hazard to the agency, to other District employees, or to the employee; or

3. Is detrimental to public health, safety, or welfare.

C. Upon request, an employee subject to any disciplinary action shall be allowed access to his or her office, at a mutually agreeable time, to retrieve personal items.

D. If there is no appeal pursuant to the provisions herein, the Attorney General's decision or agency head's decision, as applicable, shall be the final agency decision.

Section 2 -- Appeal Procedures:

After the Attorney General or agency head issues an administrative decision in accordance with §3614, Chapter 36 of the D.C. Personnel Regulations, the Union, on behalf of the Employee, may appeal the Attorney General's or agency head's suspensions of ten days or more, including demotions and terminations, within ten (10) business days of the Attorney General's or agency head's decision. This time limit may be extended by mutual consent of the parties, but if not so extended, must be strictly observed. An appeal to the nonbinding arbitrator shall stay the time limits for invoking a review by the Mayor under Section 3614, Chapter 36 of the D.C. Personnel Regulations. The Attorney General's or the agency head's decision in connection with a suspension of less than ten days or any other corrective action is final and not subject to appeal.

Section 3 -- Stay of Disciplinary Action:

The filing of an appeal shall not serve to stay or delay the effective date of the Attorney General's or agency head's final administrative decision.

Section 4 -- Standard of Review and Authority of the Arbitrator:

A. The arbitrator's jurisdiction and authority and opinion shall be confined exclusively to suspensions of ten days or more, and shall be an advisory, nonbinding decision concerning whether the Employer's decision to discipline is: (1) a result of the Employee's unacceptable performance, (2) for any reason that is not arbitrary or capricious in accordance with § 106.56(a) of the Legal Service Act, or (3) both.

B. The arbitrator does not have authority to modify, amend, or rescind any disciplinary action or to impose any back-pay or other financial obligation on the Employer resulting from the disciplinary action.

Section 5 -- Time Limits:

All time limits set forth in this Article must be strictly observed. If the Union fails to pursue any step within the time limit then it shall have no further right to continue the appeal.

Section 6 -- Extension of Time Limits:

All time limits set forth in this Article may be extended by mutual consent, but if not so extended, must be strictly observed. If the matter in dispute is not resolved within the time

period provided for in any step, the next step may be invoked. However, if a party fails to pursue any step within the time limit, then he/she shall have no further right to continue the grievance. The appropriate representative of either party shall not unreasonably deny a request for an extension of time if such request is made in writing by the original deadline date. The parties may mutually agree in writing to waive Steps 1 and or 2 of the procedure described in this Article.

Section 7 -- Substitution of Binding Arbitration Procedures:

In the event that the Council of the District of Columbia legislatively establishes a binding arbitration process concerning discipline and discharge for any unit employees in the Legal Service, the parties agree to reopen negotiations solely to rescind this Article to the extent of any conflict and incorporate the binding arbitration process into this Agreement to the maximum extent possible.

**ARTICLE 30
SAVINGS CLAUSE**

SECTION 1:

In the event any article, section or portion of this Agreement is held to be invalid and unenforceable by any court or other authority of competent jurisdiction, such decision shall apply only to the specific article, section, or portion thereof specified in the decision; and upon issuance of such a decision, the Employer and the Union agree to immediately negotiate a substitute for the invalidated article, section or portion thereof to the extent possible.

SECTION 2:

The terms of this Agreement supersede any subsequently enacted D.C. laws, District Personnel Manual (DPM) regulations, or departmental rules concerning non-compensation covered herein for the term of this agreement.

**ARTICLE 31

2019 Strategic Initiatives

Strategic Initiative Title	Strategic Initiative Description	Reporting Quarter	% Complete	Status Update	If not 100% complete, please explain why this initiative wasn't completed:	Status of Impact	Explanation of Impact
Aquatic Facilities and Programs (1 Strategic Initiative)							
Extension of Outdoor Pool Operating Hours Pilot	In FY19, DPR will pilot an expansion of pool operating hours at ten (10) outdoor pool locations. As requested by many communities, these select pools will open to the public at 10:00 AM during weekday operations.	Q3	Complete	DPR has launched the pilot for expanded hours at the 10 identified outdoor pools on June 17th.		Incremental	This initiative offers residents the opportunity increased leisure and recreation pool time during the summer season. Observationally, DPR is seeing good participation during the extended time.
Information Technology (1 Strategic Initiative)							
DPR Fun Pass	In FY18, DPR piloted the DPR Fun Pass, which allows customers to scan into DPR's aquatic and recreation facilities. This new process tracks customer entry and program attendance at DPR locations. In FY19, DPR will review the pilot and expand the process to all DPR aquatic centers.	Q4	75-99%	DPR has successfully initiated the Fun Pass at 80% of its indoor aquatic facilities. DPR staff has been trained and begun using the Fun Pass to check-in guests. With the remaining locations, DPR experienced some technical challenges. The agency is assessing the needs for IT improvements at these locations.	During the implementation of the initiative at the final locations, the agency experienced significant IT issues. The agency is working to assess for IT improvements needed at these locations.	Incremental	DPR has anecdotally noticed that the the check-in process has improved for customers and is collecting more accurate data.
Parks Policy and Programs (1 Strategic Initiative)							

Natural Resource Management Projects at DPR	In FY 19, DPR will develop two (2) new natural resource management projects with partners to improve environmental conditions in DC's parklands. Tentative projects may include, but not limited to, improving existing rain gardens at recreation centers to improve storm water run-off, installing pollinator gardens in The District to increase wildlife habitat, and building or improving trail systems in DPR's portfolio.	Q4	Complete	DPR has exceeded the original goal by completing an additional eleven (11) natural resource projects with various community partners or environmental organizations in Q4. In total, the agency completed twelve (12) natural resource projects.		Incremental	These projects will have positive impacts on wildlife, water, and human health. The improvement of these resources will help to clean our local waterways, provide habitat for local animals in urban ecosystems, and respond to resident's requests for beautification and maintenance of natural spaces theircommunity. Trail improvement projects will increase recreational access to nature areas improving health and wellbeing, fitness opportunities, and environmental stewardship
Planning and Design (1 Strategic Initiative)							
New Meditation/Zen Gardens	In FY18, DPR built its first meditation/zen gardens in the District. In FY19, DPR will plan and design two (2) new meditation/Zen gardens in the District. DPR will work in partnership with DGS, the implementing agency, to build these new gardens.	Q4	0-24%	DPR continues to work with the community on a final design for one of the identified locations. The other location is awaiting finalization of contracts due to DGS procurement delays.	DPR has learned that the projects are awaiting finalization of contracts due to DGS procurement delays.	None	No impact realized at this time.
Recreation Centers and Programs (6 Strategic initiatives)							
Expand site hours for Safer Stronger Summer	In support of Mayor Bowser's Safer Stronger Summer, DPR will expand the evening hours at select recreation centers in city focus areas in FY19. DPR has historically played a crucial role in the city's efforts to engage youth in positive behavior and be a space for essential programs to occur. Having these centers opened later in the day during the summer months would provide the District government greater opportunities to engage youth and families while providing more structured opportunities in these communities.	Q3	Complete	DPR has successfully expanded the late night hours of six locations across the city in support of the Safer Stronger Summer. These locations remain open until 11:00 PM to provide recreational activities and opportunities for residents. Additionally, in support of Mayor Bowser's Ward 7 & 8 Initiative, the agency is providing Family Game Night and Teen Nights events at centers in the two ward to engage residents in these communities each week during the summer.		Incremental	Observationally, DPR had good participation at these extended hours for the summer.

Pilot Expansion of Fitness Center Hours	For many residents, especially working adults, early morning is the most convenient, if not only, time to visit DPR's fitness centers. In support of the Mayor's FitDC Initiative, DPR will pilot the expansion of the hours of operation at select recreations with a fitness center. DPR will hire three (3) part-time employees (1.5 FTEs) year-round to add staffing at these locations.	Q4	75-99%	DPR has successfully opened two of the three locations. The final location identified plans to open in Q1 of FY 2020.	The final identified location that will have early morning hours will be a new center that plans to be opened in Q1 of FY 2020.	Incremental	The initiative offers residents the opportunity to improve their health and physical fitness during early morning hours.
Opening of Capper Community Center	In FY19, DPR will take over operations of the Arthur Capper Community Center. DPR will begin operations in January 2019. As part of this initiative, DPR will facilitate a small renovation of the center, staff the facility, and provide recreational programming.	Q1	Complete	DPR opened Arthur Capper on January 2, 2019. The center is fully operational and recreation programming has begun.		Demonstrable	The center has opened to the public and programs have begun.
Creation of Art Space East of the River	In FY19, DPR will create a centralized art space east of the Anacostia River where a current programmatic gap in cultural arts programming has been identified. In this space, high-quality art classes such as painting and pottery will be offered. Creating this space would help to close that gap and provide more equitable services across the city.	Q4	Complete	DPR has successfully introduced multiple new art classes in the at Hillcrest Recreation Center in Ward 7. These classes include Watercolor, Drawing and Painting Studio, Intro to Drawing, ballet, and Kreative Kids. All classes are fully enrolled.		Demonstrable	DPR has created 10 new programs at the center that has over 120 program participants.
Summer Camp Expansion using DCPS Facilities	Each year, DPR sees in increase in demand for summer camps. However, due to limited available physical space in DPR's inventory, the agency has been unable to expand to meet this demand. In FY19, DPR will partner with DCPS to expand DPR summer camp opportunities to select DCPS schools across the District.	Q3	Complete	DPR has successfully expanded Summer Camp opportunities at eight DCPS schools across the District.		Demonstrable	DPR was able to add around 1,000 new camp slots at these expanded camps across the city.
LGBTQ Teen Night	In partnership with the Mayor's Office on LGBTQ Affairs, DPR will host LGBTQ Teen Nights. These events, will serve teens from the LGTBQ community throughout the District. DPR will host at least four (4) events in FY19.	Q4	75-99%	DPR held two additional events in Q4. The final event is scheduled for the upcoming months.	Due to timing constraints, the agency had to postpone the final event to later in 2019.	Incremental	Teens associated with the LGBTQ community were afforded an opportunity to participate in programs, activities and events that were inclusive, held in safe spaces and had specific youth developmental outcomes that attributed to their overall development in such areas of identity and ability.

Letter Report: Potentially Wasteful Pool Maintenance Contracts Need Review, Oversight

Dear Chairman Mendelson:

The Office of the District of Columbia Auditor (ODCA) examined swimming pool operations at the Department of Parks and Recreation (DPR) and the Department of General Services (DGS). This review was initiated at the discretion of the D.C. Auditor. The results of our examination are presented here.

Background

DPR operates 11 indoor and 19 outdoor pools. These pools are staffed by DPR employees, including a site manager, assistant managers, customer service representatives, and lifeguards. The pools provide a range of recreational, exercise, and therapeutic services to residents of the District and surrounding jurisdictions. These services include swimming classes, recreational and lap swimming, water aerobics and, other such courses.

Lifeguards, site managers and assistant managers perform many basic pool cleaning and maintenance tasks as part of their daily duties. For example, they monitor the water quality on an hourly basis, noting pH levels, the amount of chlorine in the water, and many other indicators. In addition, they perform various functions to maintain and clean the pool, from using skimmers and pool vacuums to checking and cleaning hair strainers and other basic equipment. These duties are typically performed by lifeguards but site managers or assistant managers also carry them out as needed. Department of Health (DOH) regulations require all public pools to have a certified pool operator on duty at all times. In order to obtain this license, operators must pass a test and demonstrate knowledge of public pools, including demonstrating their ability to maintain and use pool equipment, handle and administer common chemicals used in maintaining water quality, and respond to changing water quality circumstances. At DPR pools, the site manager is typically a certified pool operator.

The Department of General Services (DGS) is responsible for overall facility maintenance at the pools. DGS currently has contracts with two pool services companies to provide maintenance services at District swimming pools. One of the contracts, with High Sierra Pools, Inc., provides for routine maintenance and monitoring, with twice-weekly visits to each pool.¹ This contractor is also authorized to

¹ This contract has a “Not to Exceed” (NTE) amount of \$580,120. This means that High Sierra is not entitled to receive more than that amount, no matter how much labor is actually involved in performing the work called for in the contract. This amount includes a minimum of \$112,120 for “scheduled maintenance” with up to \$468,000 to be paid for chemicals and repair services on a cost reimbursement basis.

purchase and administer the various chemicals needed to maintain water quality at the pools. The other contract, with Millennium Pool Services, is for annual shutdown services, performed at each of the outdoor pools at the close of each summer season.

Objectives, Scope and Methodology

The objectives of this examination were to determine whether:

1. The Department of Parks and Recreation (DPR) has implemented adequate controls to ensure that fees at swimming pools are collected properly; and
2. DPR and the Department of General Services (DGS) perform water quality and maintenance of DPR's swimming pools in an effective, efficient and economic fashion.

The original scope of our examination was DPR and DGS operations at indoor pools during fiscal year 2015 (October 1, 2014 - September 30, 2015). Later in the project, we expanded the scope to include pool maintenance contracts from 2009 to 2015 for both indoor and outdoor pools.

The Office of the District of Columbia Auditor (ODCA) conducted unannounced visits to eight indoor DPR swimming pools in March 2015. The eight pools visited were:

- Wilson
- Ferebee-Hope
- Barry Farm
- William H. Rumsey
- Takoma
- Deanwood
- H.D. Woodson
- Turkey Thicket

During our visits, we met with staff, reviewed logbooks and other records, toured the facilities, and observed DPR's process for admitting patrons to the facility. We also obtained copies of various documents, including water quality records, and patron sign-in sheets. We asked questions about how patrons check in and pay to use the pool, and how pool maintenance and water quality monitoring is accomplished.

We reviewed pool maintenance contracts between DGS and Millennium Pool Services and High Sierra Pools, Inc., including all modifications, amendments, attachments, and other associated documents. We also obtained and reviewed invoices sent by both vendors to DGS for payment under these contracts.

Our interviews included management and staff at DPR and DGS, including personnel from DPR's Aquatics Division and both the Contracts and Procurement Division and the Facilities Management Division at DGS.

We researched District regulations pertaining to public swimming pools and pool operators². To learn more about how nearby jurisdictions handle pool maintenance at their public pools, we visited pools

² Regulations pertaining to swimming pools, referenced throughout this report, are found in Title 25, Chapter 64 of the D.C. Municipal Regulations.

and met with officials from the following locations: Arlington County, Alexandria City, Fairfax County, and Prince George's County. We obtained copies of various documents during these interviews, including copies of pool maintenance contracts, pool inspection checklists, and other relevant documents.

We did not conduct the examination as an audit as defined by the Government Accountability Office's Government Auditing Standards.

Results of the Auditor's Examination

Fee Collection

We are pleased to note that based on our limited review, DPR's fee collection procedures at the pools appear to be well designed. DPR does not accept cash from patrons wishing to use the pools. Since cash collection is often a high-risk area of operations, this decision significantly reduces the overall risk to DPR. Instead, customer service representatives handle only credit card or money order payments. In addition, swimmers may use their credit cards online in advance of their visit to the pool, and simply show their receipt upon checking in.

Fee collection at the pool is handled using an online system so all transactions result in an electronic record being generated in DPR's centralized system. This helps to reduce the risk of errors that can come from transferring information from one source, such as paper forms, to another.

In addition, since access to the pools for lap swim or open swim is free for District residents, there are actually very few fee collections that are typically made at a given pool on a given day. Most of the pools we visited had not seen a single non-District patron that day and most site managers confirmed that non-District visitors were rare.

We did note one weakness of this system. Currently, site managers (or anyone else at the pools) do not reconcile their sign-in sheets with payments actually received. The system into which payments are entered is integrated across all swimming pools and is also used by online customers who are registering for swimming and other classes. Customer service representatives we spoke with were unaware of how to look at payments just from their facility for a given day. While site managers do send a copy of their patron sign-in sheets to DPR Aquatics headquarters every day, it is unclear whether anyone is attempting to match the number of payments received with the number of non-District residents who use the facility. This represents a weakness. However, as we have noted, very few non-District residents use these facilities. Thus, the overall risk remains low.

Pool Maintenance

The District's practice of hiring outside contractors to perform routine pool water quality operations and equipment maintenance is wasteful and out of line with common practice at other jurisdictions. In addition, DGS has failed to adequately monitor and review invoices submitted by pool maintenance contractors, creating a corresponding increase in the risk that the District is paying more than it should under these contracts.

Pool maintenance contracts are wasteful.

- The District is spending \$178,520 a year on contracted services that DPR/DGS employees could provide.

Figure 1, below, summarizes the annual fixed costs DGS will pay its two pool maintenance contractors under existing contracts. High Sierra's contract includes three areas of fixed payments. The first, "Scheduled Maintenance," includes twice weekly visits to all indoor pools and once weekly visits at all outdoor pools. "Opening Services" are listed separately in the contract. These services are to be provided once per year at the outdoor pools and involve activities to get the pools ready for the summer

swimming season. “Closing Services” are also provided once per year at the outdoor pools, and involve draining the pools and otherwise preparing all equipment for winter. Millennium’s contract includes maintenance and inspection items that appear to duplicate work that also is performed by High Sierra per their contract. They are to provide inspection and maintenance services to ten indoor pools, all of which are also included in High Sierra’s contract. Millennium is to be paid a base amount of \$80,400 for this work. The contract is silent as how frequently or when the work is to be performed. In addition, the contract allows for the contractor to perform unscheduled “repair” work, at an hourly rate.

DPR pool operators are capable of performing, and often do perform, many of the same daily and weekly maintenance tasks that are contained in the contracts with Millennium Pool Services and High Sierra Pools, Inc. District regulation requires a certified pool operator to be present at every pool while it is open. The Department of Health certifies pool operators who pass an exam and receive training and demonstrate knowledge of pool water quality, filtration equipment, basic maintenance of pumps, and other devices used at the pool, and the proper storage and application of pool chemicals. Therefore, pool operators have the knowledge and competence to perform many of the tasks that are in the maintenance contracts.

Figure 1

All of the neighboring jurisdictions that we visited had their own employees perform basic maintenance functions, including cleaning the pool, administering chemicals, checking systems and making basic repairs up to and including replacing motors and fixing leaks. They all routinely hire contractors to perform more complicated repairs or replacements as needed. None have the kind of contracts in place that the District does, where the contractor comes twice weekly to each pool, regardless of whether significant work needs to be done.

In addition, we learned that local jurisdictions typically have their own employees handle closing services at their outdoor pools at the end of the season. Many do hire contractors to help with opening those pools at the beginning of the summer.

During our examination, DPR and DGS officials stated that pool maintenance was previously performed by government employees. It is unclear exactly how long the operations have been outsourced, but the signed contracts we were able to obtain indicated that it has been since at least 2012. At more than one point during our examination, we asked both DPR and DGS officials to explain why they privatized pool maintenance. Some DGS staff claimed that prior to privatization, there had allegedly been instances of

DPR employees incorrectly applying pool chemicals which resulted in injuries to at least one member of the public. Neither DPR nor DGS provided documentation of this incident nor could they show that there had been a pattern of mistakes that might justify a decision to outsource. Another explanation provided by DPR and DGS was that the statute creating DGS authorized them to perform maintenance at District-owned facilities. A review of the statute, however, shows that it does not require DGS to hire outside contractors to perform such maintenance.³ This maintenance could be performed by DGS employees. After weeks of trying to obtain a more complete answer, we met with agency officials, including general counsel from both agencies, the head of the Aquatics Division at DPR, and the Deputy Director of DGS. We asked again why the decision had been made to privatize. No one could provide an answer to our question. Instead, they offered hypothetical answers and stated that they were not with the agency when the decision was made. They asked if they could have additional time to provide us with an answer. After two more weeks, they provided no additional information and repeated answers that had previously been given.

In addition, District procurement law requires that agencies seeking to privatize services must provide to the Council of the District of the Columbia a written determination and findings. A determination of findings demonstrates that the privatization contract will provide savings of at least 5 percent over the duration of the contract, in terms of total cost or the unit cost of providing the goods or services.⁴ Neither DGS nor DPR provided evidence that such a determination had ever been provided to the Council.

- The District is overpaying for pool chemicals.

Existing pool maintenance contracts at DGS include the purchase and administration of all swimming pool chemicals. Although current contracts are somewhat unclear on the subject, it has been DGS practice to allow contractors to mark-up the price of materials purchased by 10 percent.

In addition, the contracts do not include a fixed, agreed upon price for any chemicals except chlorine under the High Sierra contract. These features expose the District to great risk of paying more than necessary for these critical components of water quality at DPR swimming pool facilities.

District practice, with regard to the purchase and application of pool chemicals, is out of line with common practice in other nearby cities and counties. Surrounding jurisdictions do not allow their maintenance contractors to purchase pool chemicals on their behalf. Instead, all of the neighboring jurisdictions we visited contract for the purchase of chemicals directly with local suppliers. In some cases, they hire multiple vendors to provide separate chemicals. In other cases, one distributor is hired and tasked with providing all the chemicals needed.

Therefore surrounding jurisdictions have much more control over the price paid for the necessary chemicals and site managers are more directly involved in the purchase and application of these chemicals.

We strongly recommend that DGS and DPR consider contracting directly with distributors for the purchase of chemicals. The District should not be paying a markup to contractors, especially without having a negotiated and agreed price for each chemical in place. The risk is very high that the District is

³ D.C. Code § 10-551.01 et seq.

⁴ D.C. Code § 2-352.05.

overpaying for pool chemicals using the current contract structure. In addition, by having these outside vendors purchase pool chemicals, there is the added risk that the quantity of chemicals purchased is greater than might actually be needed.

Pool maintenance contracts are not being adequately monitored.

- DGS records do not support payments made to vendors under pool maintenance contracts.

We obtained copies of approximately 30 invoices and all supporting documentation submitted for payment to DGS by High Sierra Pools, Inc. and Millennium Pools per their pool maintenance contracts.⁵ We then conducted detailed reviews of two High Sierra invoices and seven Millennium invoices. During our review of these documents, we found numerous causes for concern. It appears that DGS has in some cases overpaid their contractors and in other cases has allowed the contractors to be paid despite missing supporting documentation for the submitted invoices. Together, the issues we discovered raise significant concerns about the agency's ability to properly monitor these pool maintenance contracts, which, in turn, means an increased risk that District tax revenue is being spent inefficiently.

For example, High Sierra's contract⁶ required them to submit job work tickets with the invoices. Job work tickets are forms filled out at each job site showing what work High Sierra personnel performed at each visit. They would normally be signed by a representative of the District government to verify that the work had been done. We did not find job work tickets for either of the two High Sierra invoices we reviewed. The same contract also requires that High Sierra submit invoices from the supplier for materials or supplies they purchased and used in their work. High Sierra was required to submit these invoices on the supplier's letterhead showing what High Sierra was charged. The two invoices we examined totaled \$23,090.50. Of that amount, \$19,729 was for materials, chemicals, or other supplies used by the vendor that was likely purchased from a third party supplier. Neither of the two invoices we examined included invoices on a supplier's letterhead.

In addition, there are numerous charges on High Sierra's invoices that appear to be billed at a flat rate, rather than by the hour. For example, on one invoice there is a \$595 charge for "temp adjustment at pool," with no indication of how many hours or mechanics were involved. High Sierra's contract includes an hourly rate for mechanics and for mechanic's helpers, but does not include any pricing information for specific tasks, such as adjusting the temperature at a pool.

We also found at least one instance where High Sierra appears to have submitted the same job twice for payment. Other concerns include charges for chemicals by High Sierra that appear substantially higher than what is charged by Millennium for the same chemicals and delivery charges for chemicals with no provision in the contract for such charges.

Questionable and unsupported charges in the two High Sierra invoices we reviewed totaled \$17,679.50 (out of \$23,090.50 billed).

Supporting documentation for payments to Millennium Pools, as required by their 2012 -2014 contract, was also lacking. Many of the same issues we found when reviewing High Sierra's invoices also existed in the Millennium invoices. For example, DGS was missing much of the documentation showing what

⁵ The contract signed in 2012 included two option years, both of which were used to extend the contract through September 30, 2014. The new contract signed in August 2014 became effective October 1, 2014.

⁶ Contract number DCAM-14-NC-0178.

Millennium paid their suppliers for pool chemicals, parts, and other materials. These documents are necessary (and required by the contract) to support the charges made to DGS. When we asked the contract administrator for evidence showing how much Millennium paid for pool chemicals, he said that Millennium had those records and that he did not.

Even when Millennium had submitted proper documentation, such as charges submitted on a subcontractor's letterhead showing what they had been billed by that subcontractor, there were other problems. We found more than one instance where Millennium appeared to be routinely marking up pool chemicals and subcontracted work by 20 percent and in some cases up to 30 percent. While their 2012 -2014 contract allowed for a 20 percent markup on materials and supplies, it did not allow for any markup of subcontracted work.⁷ As with the High Sierra invoices, we also found instances of apparent double-billing, billing at flat rates where no flat rates are indicated in the contract, and subcontracted work billed without supporting documentation from the subcontractor. Questionable and unsupported charges in the seven Millennium invoices we reviewed totaled \$149,517.11 (out of \$248,167.43 billed).

⁷ These invoices were paid under contract number DCAM-12-NC-0109, no longer in effect. Millennium's current contract with DGS is DCAM-14-NC-0168. This contract allows for a ten percent markup of both materials and sub-contracted work.

Conclusion

Our review of pool maintenance operations at DGS/DPR revealed serious questions about the efficiency and economy of the decision to outsource. We learned that DGS has contracted with two local companies to provide routine maintenance, chemical purchase and application, opening and closing services, as well as more extensive repairs and servicing of the pools and associated mechanical equipment. In a review of neighboring jurisdictions, we found that no other local government has outsourced their pool maintenance and upkeep in such a complete manner. All of them maintain existing contracts with pool service companies to perform extensive repairs and servicing as needed but these other government units are able to perform regular maintenance and repairs in-house. In addition, they all purchase their pool chemicals directly from distributors and have their certified pool employees monitor water quality and apply the chemicals as needed. These arrangements save a good deal of money, as the District of Columbia is paying contractors a markup for all chemicals that they purchase and apply. The pool maintenance contractors are also allowed to markup the price of subcontracted work, something that other jurisdictions are able to routinely avoid.

We also learned that District law requires a certified pool operator, capable of applying pool chemicals, maintaining pool equipment, and performing minor repairs to be on duty at all public pools. DPR is in compliance with this requirement. Interviews with pool employees reveal that they are currently performing daily some of the same water quality monitoring and simple pool maintenance duties that hired contractors are being paid to do twice a week.

In addition, our review of invoices paid under pool maintenance contracts reveals numerous problems of overpayments, lack of supporting documentation for reported work, markups above those allowed by the contracts, and other problems in oversight.

Neither DGS nor DPR was able to provide evidence of having prepared a determination of findings, required whenever an agency of the District of Columbia government chooses to outsource an activity previously performed by government employees. This determination would include an assessment of the cost-effectiveness of outsourcing government activity. We strongly recommend that DGS/DPR perform a cost-benefit analysis of their existing pool maintenance contracts as soon as possible. We did not conduct an analysis of DGS's (or DPR's) existing personnel to determine whether either agency might need to hire additional staff in order to bring all pool maintenance activities back in-house. The two agencies should conduct this analysis, as well as examine the questions we have raised in this report about duplicated effort, unnecessary markups involved in purchasing chemicals through a third party, and other costs associated with overseeing a large service contract. After conducting this analysis, if there is not a clear financial benefit to outsourcing pool maintenance, DGS should consider modifying or cancelling their existing maintenance contracts. In order to make better use of District residents' tax dollars, regular maintenance should be performed in the most economical and efficient manner.

Issues and Recommendations Summary

Issue

Pool maintenance contracts are wasteful.

- The District is spending \$178,520 a year on contracted services that DPR / DGS employees could provide.
- The District is overpaying for pool chemicals.

Pool maintenance contracts are not being adequately monitored.

- DGS records do not support payments made to vendors under pool maintenance contracts.

Recommendations:

- DGS and DPR should perform a cost / benefit analysis of their existing pool maintenance contracts and consider modifying or cancelling their existing maintenance contracts if no clear benefit can be shown.
- DGS and DPR should consider contracting directly with distributors for the purchase of pool chemicals.

Agency Comments

On January 19, 2016, we sent a draft copy of this report to the Directors of the Department of Parks and Recreation (DPR) and the Department of General Services (DGS) for review and written comment. On February 2, 2016, we received written comments from both agencies. Those comments are included, in their entirety, with this report.

The Office of the District of Columbia Auditor appreciates the commitment on the part of both DPR and DGS to review, within the next 90 days, the costs associated with the pool maintenance contracts.

Further, per the request of both agencies, we have changed the title of the draft report so that the final title will be "Potentially Wasteful Pool Maintenance Contracts Need Review, Oversight."

Dear Ms. Patterson,

DPR is in receipt of your draft report entitled "Pool Maintenance Contracts Represent Unnecessary Cost to District Taxpayers." We appreciate your office providing DPR an opportunity to review the findings and comment. Along with the ODCA, DPR and our partners at DGS are committed to efficient and transparent government operations. After reviewing the findings and recommendations in the draft report, below are a few comments and responses that we have coordinated with DGS for your consideration.

First, we respectfully request that ODCA reconsider the title of the audit report. Given the actual findings, we believe that the title of the report implies that ODCA found that the existing contracts cannot show a benefit when you actually recommend that we analyze the benefit.

Recommendation #1: DGS and DPR should perform a cost/benefit analysis of their existing pool maintenance contracts and consider modifying or canceling their existing maintenance contracts if no clear benefit can be shown.

Response: DPR and DGS work closely on pool maintenance projects and tasks. As you know, the District of Columbia has the largest inventory of pools per capita in the nation with over 50 aquatic facilities serving more than 400,000 users per year. Given the safety sensitive nature of swimming pool operations, including both Department of Health and Department of Energy and Environment pool chemical and handling restrictions and public health and disease prevention, both agencies strongly feel that the third party contractor has proven that the government requirements are being met in a safe and efficient manner. What we can commit is that both agencies will re-review the current contract over the next 90 days to identify potential increasing efficiency with those of other municipalities of like size and function.

Recommendation #2: DGS and DPR should consider contracting directly with distributors for the purchase of pool chemicals.

Response: DPR will work closely with our partners at DGS to evaluate the feasibility of contracting with distributors directly. There are several elements to this decision to include safety system redundancy, certification and permits of chemical transport operation, as well as accountability. Both agencies will ensure that costs are analyzed but the decisions made will be lead with safety as the highest priority.

Re: DGS Response to Draft Letter Report Entitled “*Pool Maintenance Contracts Represent Unnecessary Cost to District Taxpayers*”

Dear Ms. Patterson,

Thank you for the opportunity to review the draft letter report from the Office of the District of Columbia Auditor (ODCA) entitled “*Pool Maintenance Contracts Represent Unnecessary Cost to District Taxpayers.*” Although this letter report did not result from a formal, scheduled audit of DGS operations, DGS appreciates the opportunity to constructively review DGS contracts and operations with the objective of ensuring contracting efficiency and improving contract administration. We look forward to collaboratively working with our sister agency, the Department of Parks and Recreation (DPR), and the ODCA to address any issues identified by the review. In response to the issues and recommendations offered by the ODCA, DGS offers the following:

ODCA Issue #1:

Pool maintenance contracts are wasteful.

- The District is executing \$178,520 a year on contracted services that DPR / DGS employees could provide.
- The District is overpaying for pool chemicals.

Recommendations:

- DGS and DPR should perform a cost / benefit analysis of their existing pool maintenance contracts and consider modifying or cancelling their existing maintenance contracts if no clear benefit can be shown.

- DGS and DPR should consider contracting directly with distributors for the purchase of pool chemicals.

DGS Response:

Although DGS does not concur with the ODCA's finding that pool maintenance contracts are wasteful (such finding is pre-mature since the analysis has not yet occurred), DGS does agree that there may be some benefit to conducting a cost-benefit analysis to ensure that contracts are not unnecessarily duplicative of available resources and that they present the greatest economic benefit while also balancing the District's primary interest of protecting the public safety. DGS and DPR have agreed to conduct this analysis within the next 90 days. This analysis would also include a review of the contract structure and consideration of paying for chemicals directly. Any analysis regarding the purchase of chemicals directly from distributors must necessarily include consideration of risk, storage, volume, as well as cost. The ODCA has compared DGS/DPR pool maintenance/contracting practices with that of surrounding jurisdictions. However, comparisons to other jurisdictions, without consideration of similarities and differences in facilities, demand, population, recreational program structure, and overall pool inventory, can easily lead to inaccurate conclusions.

ODCA Issue #2:

Pool maintenance contracts are not being adequately monitored.

- DGS records do not support payments made to vendors under pool maintenance contracts.

DGS Response:

ODCA has indicated that its review of pool maintenance contracts revealed numerous problems of overpayments, lack of documentation, markups above those allowed by contract and other oversight issues. The letter report generally refers to 30 invoices paid under the 2012-14 contract. Although the ODCA report did not offer specific recommendations to address this issue or request a DGS response to this issue, DGS takes its contract administration responsibility very seriously and recognizes its obligation to ensure proper oversight of contract actions. We have thus proactively taken various actions prior to the ODCA review which would address these issues. Beginning in FY 2015, DGS assigned pool maintenance contract oversight responsibilities to a single employee within our Facilities Division who ensures contract compliance and oversight. This employee is, in turn, supervised in the execution of his responsibilities. Review and approval of all invoices now includes three layers of review prior to payment to ensure proper documentation.

Therefore, we do not believe that ODCA's review of the 2012-14 contract and invoices is reflective of DGS current contract administration practices.

I look forward to meeting with you to discuss current contract oversight and management changes implemented that would specifically address the ODCA's specific observations related to contract oversight.

Thank you again for the opportunity to provide comments to the draft letter report. Please do not hesitate to contact Camille Sabbakhan, General Counsel, at 202.727.2800 if you have questions or require additional information. Please note that this letter has been coordinated with Director Keith Anderson of the Department of Parks and Recreation.

LOOKING FORWARD
TO THE CHANCE TO MEET
WITH YOU - V/R
W.

Sincerely,

Christopher Weaver
