

Regulation

District of Columbia

Charles T. ...

Present the following regulation

Regulation No. 69-12

Passed by the District of Columbia Council

January 28, 1969

Attest: Stephen C. Swain Secretary, D. C. Council

Attest: John W. ... Chairman, D. C. Council

Presented by me to the Mayor of the District of Columbia

January 28, 1969

Stephen C. Swain Secretary, D. C. Council

Approved and signed by me February 7, 1969

Walter ... Mayor

WHEREAS, on December 3, 1968, the Council adopted a regulation amending the Police Manual to clarify the right of police officers to join organizations and to press grievances within the Department; and

WHEREAS, it was the conviction of the Public Safety Committee that in pressing such grievances it is in the public interest that organizations be permitted to discuss policy problems through the public media; and

WHEREAS, in permitting officers to bring grievances of a policy nature to the public for discussion it was not the Committee's intention to encourage any individual officer to seek publicity for a particular grievance, but rather it is the Council's intent to encourage all officers to utilize proper grievance procedure in the first instance. In view of the revised and greatly improved police department grievance procedure which Chief Layton has just instituted, the Public Safety Committee would like to amend further Chapter 2 of the Police Manual to clarify that we wish to permit proper public discussion of policy grievances only and not of the many individual complaints which officers inevitably will have in such a large organization.

NOW, THEREFORE, BE IT ENACTED by the District of Columbia Council, that:

Section 1. Section 15 of Chapter 2 of the Police Manual is amended to read as follows:

"Members of the force shall not, directly or indirectly, seek publicity concerning any specific matter that is or may be involved in a coroner's inquest, trial board procedures, grand jury hearing, grievance proceeding or criminal prosecution."

Section 2. This regulation shall take effect immediately upon passage.

AIR QUALITY CONTROL REGULATIONS

WHEREAS, the Congress has instructed the D.C. City Council to enact regulations to control emissions of certain substances into the air in the District of Columbia; and

WHEREAS, the City Council recognizes the pressing need to take positive action to eliminate the deleterious physical, economic and aesthetic effects of air pollution; and

WHEREAS, these regulations meet the requirements of Public Law 90-440 in being as stringent as the recommendations made by the Secretary of Health, Education and Welfare to the interstate air pollution abatement conference in January, 1968; and

WHEREAS, the City Council feels these regulations will enable the District of Columbia to establish an effective air pollution control program.

NOW, THEREFORE BE IT ENACTED by the District of Columbia Council, that:

Section 1. Title 8, Chapter 2, Part 7 of the District of Columbia Health Regulations read as follows:

TITLE 8. HEALTH REGULATIONS

CHAPTER 2. REGULATIONS OF GENERAL APPLICATION

Part 7. Air Quality Control Regulations

§ 8-2:701 PURPOSE AND SCOPE

(a) Purpose. The purpose of the regulations in this Part is to prevent or minimize emissions which are likely to be injurious and hazardous to people, animals, vegetation or property and thereby protect and enhance the quality of the District air resources so as to promote the public health and welfare of the people in the District.

(b) Scope. The regulations in this Part shall apply to all operations in the District, including Federal operations, where consistent with the terms of the Clean Air Act, as amended, regulations promulgated thereunder, and Executive Order No. 11282, entitled "Prevention, Control, and Abatement of Air Pollution by Federal Activities".

§ 8-2:702 INDEPENDENCE OF SECTIONS

Each section and every part of each section of this Part is declared independent of every other section or part thereof, and the finding or holding of any section or part thereof to be void or ineffective for any cause shall not be deemed to affect any other section or part thereof.

§ 8-2:703 DEFINITIONS

When used in this Part, each of the following terms shall have the meaning ascribed to it unless the context clearly indicates a different meaning:

Air Contaminant means dust, fumes, gas, mist, smoke, vapor, odor, or particulate matter or any combination thereof excluding uncombined water present in the atmosphere.

Air Pollution means the presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is or is likely to be injurious to public welfare, to the health of human, plant or animal life, or to property, or which interferes with the reasonable enjoyment of life and property.

Commissioner means the Commissioner of the District of Columbia.

Control Devices means any device which has the function of controlling the emissions from a process, fuel-burning, or refuse-burning device and thus reduces the creation of, or the emission of air contaminants into the atmosphere, or both.

Department means the Department of Public Health of the District of Columbia.

Director means the Director of the Department of Public Health or his duly authorized agent.

District means the District of Columbia.

Fuel-burning Equipment means any equipment, device, or contrivance and all appurtenances thereto, including ducts, breechings, fuel feeding equipment, ash removal equipment, combustion controls, stacks and chimneys, used primarily but not exclusively, to burn any fuel for the purpose of indirect heating in which the material being heated is not contacted by and adds no substance to the products of combustion.

Incinerator means any equipment, device, or contrivance and all appurtenances thereof used for the destruction by burning of solid, semi-solid, liquid, or gaseous combustible wastes.

Multiple Chamber Incinerator means any incinerator consisting of three or more refractory lined combustion chambers in series, physically separated by refractory walls, interconnected by gas passage ports or ducts and employing adequate design parameters necessary for maximum combustion of the material to be burned. The combustion chambers shall include as a minimum, one chamber principally for ignition, one chamber principally for mixing, and one chamber for combustion.

Opacity means the obscuration to an observer's view produced by smoke of any color that is equal to an obscuration by smoke of a shade specified in the Ringelmann Smoke Chart published by the United States Bureau of Mines.

Particulate Matter means finely divided material, except uncombined water, which is a liquid or a solid at standard conditions of temperature at 68° F. and pressure at 14.7 pounds per square inch absolute.

Person means any individual, firm, partnership, company, corporation, trustee, association, or any other private or public entity.

Process means any action, operation, or treatment of materials, including handling and storage thereof, which may cause discharge of an air contaminant, or contaminants, into the atmosphere, but excluding fuel burning and refuse burning.

Refuse means matter consisting of garbage, rubbish, ashes, street debris, dead animals, abandoned vehicles, industrial wastes, demolition wastes, construction wastes, special wastes, or sewage treatment residue.

Smoke means small gas borne particles resulting from incomplete combustion, consisting predominantly, but not exclusively, of carbon, ashes, or other combustible material.

Source means any physical arrangement, condition or structure which may emit air contaminants.

Stack means any chimney, flue, conduit, or duct that is arranged, or used, to conduct a gaseous or particulate effluent, or both, to the open air.

U. L. means Underwriters Laboratories located at 207 East Ohio Street, Chicago 11, Illinois.

COMBUSTION OF FUEL AT STATIONARY SOURCES

§8-2:704 USE OF CERTAIN FUEL OILS FORBIDDEN

No person shall use, cause the use of, or permit the use of, fuel oil which contains more than 1.5% sulfur by weight in the District. No person shall purchase, sell, offer for sale, store, or transport any fuel oil which contains more than 1.5% sulfur by weight in the District, if such fuel oil is to be used in the District. On July 1, 1969, the allowable sulfur content stipulated in this section shall be reduced to one percent (1%).

§8-2:705 USE OF CERTAIN COAL FORBIDDEN

No person shall use, cause the use of, or permit the use of coal which contains more than 1% sulfur by weight in the District. No person shall purchase, sell, offer for sale, store, or transport any coal which contains more than 1% sulfur by weight in the District, if such coal is to be burned in the District. The provisions of this section shall become effective on and after July 1, 1969. Notwithstanding the other provisions of this section, any person may burn coal of a higher sulfur content at a stationary source of combustion in the District: Provided, The Director has certified in writing that the combustion-gas desulfurization system used at the stationary source of combustion results in sulfur oxide emissions no greater than the emissions normally resulting from the burning of coal with 1% sulfur.

§8-2:706 FUEL-BURNING PARTICULATE EMISSION

No person shall cause, suffer, or allow to be emitted into the outdoor atmosphere from any fuel-burning equipment or premises, or to pass from a stack, particulate matter in flue gases to exceed 0.60 pounds per 1,000,000 BTU heat input for installations using less than ten million BTU per hour total input. For installations using more than ten million BTU per hour total input, the particulate emission limitation will be allowed to vary between existing installations and new installations and shall decrease as the rate of heat input increases according to the scales in Figure No. 1, contained hereinafter as Appendix No. 1.

SOLID WASTE DISPOSAL AND SALVAGE OPERATION§ 8-2:707 INCINERATORS

(a) Existing Incinerators. Three years after the date of promulgation of this Part the use of single chamber and flue-fed incinerators is prohibited and no person shall be permitted to use an incinerator unless it is of multiple chamber design, or a design approved by the Director. Such incinerators shall meet the requirements of §8-2:711 and subsection (b) of this section.

(b) New Incinerators. All incinerators installed after the promulgation of these regulations shall be equipped with gas cleaning devices if necessary to meet the following emission standards:

- (1) Incinerators with a rated refuse burning capacity of 200 or more pounds per hour, shall not emit more than 0.20 grain of particulate matter per standard dry cubic foot of exhaust gas corrected to 12 percent carbon dioxide (without the contribution of auxiliary fuel).
- (2) All other incinerators shall not emit more than 0.30 grain of particulate matter per standard dry cubic foot of exhaust gas corrected to 12 percent carbon dioxide (without the contribution of auxiliary fuel).

§8-2:708 OPEN BURNING

No person on and after May 1, 1969 shall engage in, or allow, a fire for the destruction of waste matter, in which any material is burned in the open, or in a receptacle other than a furnace, incinerator, or other equipment connected to a stack.

§ 8-2:709 LANDFILL

No person shall conduct a landfill in the District without taking all necessary precautions to minimize air pollution, including the creation of dust or other emissions into the atmosphere.

§ 8-2:710 HANDLING, TRANSPORTATION AND STORAGE OF MATERIAL

No person shall cause, or permit the handling, transportation or storage of any material, and no person shall cause or permit any premises or its surroundings to be constructed, used, repaired or demolished in a manner which allows, or likely to allow, unnecessary amounts of particulate matter to become airborne.

VISIBLE, PROCESS AND EXHAUST EMISSIONS

§ 8-2:711 VISIBLE EMISSIONS

No person shall cause, suffer, or allow to be emitted into the outdoor atmosphere visible discharges from stationary sources, including incinerators, above a maximum limit of density of 20 percent equivalent opacity: Provided, That discharges not exceeding 60 percent opacity shall be permitted for 4 minutes in any 60-minute period and for an aggregate of 40 minutes in any 24-hour period until December 31, 1972 in existing stationary sources. Where the presence of uncombined water is the only reason for failure of an emission to meet the requirements of this section, its provisions shall not be applicable.

§ 8-2:712 PROCESS EMISSIONS

No later than June 30, 1969 no person shall cause, suffer, or allow discharges of particulate matter into the atmosphere from any process which exceeds the emission limits set forth in the table contained hereinafter as Appendix No. 2.

§ 8-2:713 EXHAUST EMISSIONS

(a) Gasoline Powered Motor Vehicles. No person shall cause smoke emissions from gasoline powered motor vehicles at the exhaust pipe except that emissions of 20 percent equivalent opacity shall be permitted for not more than 5 continuous seconds.

(b) Diesel Powered Motor Vehicles. No person shall cause smoke emissions from diesel powered motor vehicles at the exhaust pipe to exceed a density of 20 percent equivalent opacity except that emissions of 40 percent equivalent opacity shall be permitted for not more than 10 consecutive seconds.

§ 8-2:714 CONTROL DEVICES AND PRACTICES

(a) Motor Vehicles. No person shall remove or cause or permit to become inoperative those devices required by Federal Regulations to be installed by motor vehicle manufacturers for the purpose of controlling emissions.

(b) Stationary Sources. No person shall remove or cause or permit to become inoperative devices or practices provided for control of air contaminants being discharged from stationary sources.

ODOROUS OR OTHER AIR CONTAMINANTS

§8-2:715 INJURIOUS CONTAMINANTS

No person shall cause, suffer, or allow an emission into the atmosphere of odorous or other air contaminants from stationary sources in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to the public welfare, to the health of human beings, to plant or animal life, or which interferes with the reasonable enjoyment of life and property. An odor occurrence shall be deemed a nuisance when the Director shall find the occurrence objectionable and of sufficient duration or frequency so that he can make two measurements of Scintometer No. 2 odor strength within a period of one hour, these measurements being separated by at least 15 minutes.

§8-2:716 SAMPLING, TESTS AND MEASUREMENTS

(a) General. The Director may conduct or cause to be conducted tests of emission of air contaminants from any source. Upon request of the Director, the person responsible for the source to be tested shall provide necessary holes in stacks or ducts and such other safe and proper sampling and testing facilities, exclusive of instruments and sensing devices as may be necessary for proper determination of the emission of air contaminants. The Director may take or cause to be taken samples of any fuel by any appropriate means, in any quantity which he feels necessary for purposes of determining compliance with these regulations.

(b) Particulate Matter. Stack tests for particulate matter shall be undertaken by generally recognized standards or methods of measurement. Methods found in the American Society of Mechanical Engineers Test Code for Dust Separating Apparatus, PTC 21-1941, the American Society of Mechanical Engineers Test Code for Determining Dust Concentration in Gas Streams, PTC 27-1957, and the Los Angeles County Source Testing Manual shall be used, but these may be modified or adjusted by the Director to suit specific sampling conditions or needs based upon good practice, judgment and experience.

(c) Sulfur. The method for determining the sulfur content of fuel oil shall be that described in American Society for Testing and Materials D-129-64 "Standard Method of Test for Sulfur in Petroleum Products and Lubricants by the Bomb Method." The method for determining the sulfur content of coal shall be that described in American Society for Testing and Materials D-271-64 "Laboratory Sampling and Analysis of Coal and Coke." Equivalent methods may be approved by the Director. The methods specified in this subsection are hereby made a part of the regulation by reference.

(d) Visible Emissions. The Ringelmann Smoke Chart published and described in the U. S. Bureau of Mines Information Circular 8333, or any other chart, recorder, indicator or device for the measurement of plume density approved by the Director, shall be used in determining the grade of shade or opacity of visible air contaminant emissions.

(e) Odor. Odor measurements shall be made with a Scintometer as manufactured by the Barnebey-Cheney Company or any other instrument, device or technique designated by the Director as producing equivalent results.

(f) Availability of Publications. The publications containing standards of measurement etc. mentioned in this section shall be kept on file in the Office of the Director and shall be made available in said office.

§ 8-2:717 PLAN REVIEW

When any fuel-burning equipment or any other equipment capable of emitting air contaminants, except: (1) Oil-fired fuel-burning equipment burning No. 1 and No. 2 fuel oil when U.L. listed commercial equipment is used; (2) Gas-fired fuel-burning equipment when U.L. listed commercial equipment is used; (3) Solid-fuel fired fuel-burning equipment when U.L. listed commercial equipment is used and the maximum fuel input will not exceed 350,000 BTU per hour; (4) Equipment not permanently installed in a stationary building or structure; and (5) Repairs and minor alterations to previously approved equipment or to equipment installed prior to the effective date of this Part, is hereafter constructed, reconstructed, installed, or altered to the extent that a permit is required, properly prepared plans and specifications for such construction, reconstruction, installation or alteration shall be submitted with the application for the permit. Such plans and specifications shall be submitted by the Department of Licenses and Inspections to the Department of Public Health for review and approval or disapproval. No permit for construction, reconstruction, installation or alteration of such fuel-burning equipment or other equipment capable of emitting air contaminants shall be issued unless such construction, reconstruction, installation or alteration is approved by the Director as meeting the requirements of this Part.

§ 8-2:718 REPORTING OF INFORMATION

When required by the Director, any person engaged in operations which may result in air pollution, or handling products the use of which may result in air pollution, shall file with the Department reports containing information as to: (1) location and description of source; and (2) such other information as the Department may request.

§ 8-2:719 EMERGENCY PROCEDURE

Notwithstanding any other provision of this Part or of any other regulation, if the Director finds that any person or persons is causing or contributing to air pollution so as to create an emergency which requires immediate action to protect the public health or safety, he shall order such person or persons to reduce or discontinue immediately the air pollution and such order shall be complied with immediately. Upon the issuance of any such order, the Director, if requested by the person so ordered, shall fix a time and place for a Hearing, such Hearing to be held within a reasonable time after the request. Not more than 24 hours after the conclusion of such Hearing the person shall be notified that the order has been affirmed, modified or set aside.

§ 8-2:720 VARIANCES

Any person engaged in operations which may result in air pollution, or handling products the use of which may result in air pollution, at the time of the promulgation of this Part, shall be excused by the Director from the performance of any Act required by the provisions of this Part either in whole or in part upon a finding by the Director that the full performance of such act would result in exceptional or undue hardship by reason of excessive structural or mechanical difficulty, or practicability from bringing the operation into full compliance with the requirements of this Part: Provided, That a variance

shall be allowed only where and to the extent necessary to ameliorate such exceptional or undue hardship, and only when compensating factors are present which give adequate protection to the public health and public welfare, and only where and to the extent such variance can be granted without impairing the intent and purpose of P.L. 90-440 and of this Part: Provided further, That a record, open to inspection to the public, shall be maintained in the Department of each and every variance allowed under the terms of this section.

§ 8-2:721 INSPECTION

The Director is authorized and empowered to and shall make such inspections of any premises, or of any records of operation, as may be required in the enforcement of the District of Columbia Air Pollution Control Act (P.L. 90-440, approved July 30, 1968) and these regulations.

§ 8-2:722 ORDERS FOR COMPLIANCE

Whenever the Director has reason to believe that a violation of any provision of this Part or P.L. 90-440 has occurred, he may cause written notice to be served upon the alleged violator: Provided, That the Director of Motor Vehicles of the District of Columbia shall cause written notice to be served on the alleged violator, when he has reason to believe that a violation of the provisions of § 8-2:713, or § 8-2:714, has occurred. The notice shall specify the provision of the law or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may order that the necessary corrective action be taken within a reasonable time. When any such order has been served on the alleged violator, he may, within five (5) days after the date such order is served, request in writing a Hearing before the Director.

§ 8-2:723 CONFIDENTIALITY OF RECORDS AND INFORMATION

Data secured as the result of the application of these regulations, or other provisions of law, which relate to production, sales figures, or processes of any owner or operator, shall not be disclosed publicly by the District in such manner as to affect the competitive position of such owner or operator; except in or following a Public Hearing, or except as necessary in case of a public health emergency. Nothing herein shall be construed to prevent the use of such records or information by the District in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: Provided, That such analyses or summaries do not identify any owner or operator or reveal any information otherwise confidential under the provisions of this section.

§ 8-2:724 APPEAL AND HEARING

Any person aggrieved by any action of the Director in the enforcement of the regulations of this Part may file an appeal in writing with the Board of Appeals and Review. Such appeal shall be filed within the period specified in the notice of violation for compliance therewith, but in no case more than thirty days after the date of service of such notice: Provided, That where a request for a variance has been submitted to the Director in accordance with the provisions of § 8-2:720 of these regulations such appeal shall be filed within ten days after the date of the service of the notice of the final determination on such request for such variance: And provided further, That there shall be no appeal to the Board of Appeals and Review from a final order issued after a Hearing held according to the provisions of § 8-2:719. The decision of the Board of Appeals and Review sustaining, modifying, or vacating notices issued under the authority of these regulations shall be final.

§8-2:725 PENALTY

Any person who fails to comply with any provision of these regulations, or who refuses, interferes with, or prevents any inspection authorized by these regulations, shall be punished by a fine of not to exceed \$300 or imprisonment not to exceed ninety days, or both. In the event of any violation of, or failure to comply with, these regulations, each and every day of such violation, or failure, shall constitute a separate offense and the penalties described herein shall be applicable to each such separate offense.

Title _____

Councilman _____ Presents the following regulation

1 A Regulation to Amend Section 8 of the Police Regulations of the District
2 of Columbia, Regarding the Maximum Rates of Interest for Pawnbroker Loans.

3
4 WHEREAS, Section 402 of the Reorganization Plan No. 3 of 1967 trans-
5 fers to the District of Columbia Council function (72), to wit, "Determining or
6 fixing a maximum rate of interest for pawnbroker loans and redetermining and
7 refixing any such maximum rate under D.C. Code, sec. 2-2009;" and
8

9
10 WHEREAS, the District of Columbia Council, in pursuance of said
11 function and in accordance with subsection (a) of D.C. Code sec. 2-2009, has
12 provided a hearing and considered thereafter "the economic conditions and other
13 factors;" and
14

15
16 WHEREAS, the District of Columbia Council has found that, while the
17 present level of pawnbroker business is adequate to meet the need of "indi-
18 viduals seeking such loans at reasonable rates of interest," the licensees' re-
19 turn upon the assets is not fair and reasonable, as it is not adequate to meet
20 increased costs of the business and to finance such business.
21

22
23 NOW, THEREFORE, BE IT ENACTED by the District of Columbia Council
24 that:

25
26 Section 1: Subsection (a) of section 8 of the Police Regulations of the
27 District of Columbia is hereby amended to read as follows:

28
29 "(a) The maximum rates of interest for which a pawnbroker may con-
30 tract and which he may receive are as follows:

31
32 3% per month or fraction thereof on the first \$500,
33 2% per month or fraction thereof on the next \$500, and
34 8% per year on loans of more than \$1,000,
35 PROVIDED, that the pawnbroker may exercise an option
36 to ask, demand, and receive a charge of \$1.00 per month
37 in lieu of interest."
38
39

40
41 Section 2: Subsection (b) of section 8 of the Police Regulations of the
42 District of Columbia is hereby repealed.
43

44
45 Section 3: Subsection (c) of section 8 of the Police Regulations of the
46 District of Columbia is hereby relettered "(b)", the entire section 8 now to
47 consist of two subsections, (a) as stated above and (b) consisting of the text
48 of the subsection until now lettered "(c)".

Councilman Mr. Daugherty

Department of Highways & Traffic
Presents the following regulation

1 Regulation to permit use of highway rights-of-way by private persons and
2 organizations for small gardens or parks.

3
4 WHEREAS, the Department of Highways and Traffic from time-to time
5 receives requests from private persons and organizations for permission to develop
6 into small gardens or parks portions of land under the jurisdiction of the Depart-
7 ment of Highways and Traffic and located within the rights-of-way of highways and
8 streets; and
9

10
11 WHEREAS, the Corporation Counsel of the District of Columbia advises
12 there is no legal objection to the adoption by the Government of the District of
13 Columbia of regulations allowing private persons or organizations to use land und-
14 er the control of the Department of Highways and Traffic, at no additional expense
15 to the District for small gardens or parks, if, as a matter of policy the District of
16 Columbia wants to allow such activity; and
17

18
19 WHEREAS, allowing private persons or organizations, operating under a
20 Cooperative Agreement between any such person or organization and the District
21 of Columbia, to beautify small portions of land located within highway rights-of-
22 way would benefit the people of the District by improving the appearance of the
23 city.
24

25
26 NOW, THEREFORE, BE IT ENACTED by the District of Columbia Council
27 that:

28
29 Section 1. Article 4 of the Police Regulations of the District of Columbia,
30 "Occupation of Public Space", is amended by adding thereto the following new
31 section:
32

33
34 "Sec. 29. (a) Private persons and organizations may beautify
35 public space areas located within highway rights-of-way in the
36 District of Columbia, exclusive of tree space and sidewalk areas,
37 with small gardens and parks, at locations approved for such use
38 by the Director, Department of Highways and Traffic. The use of
39 public space areas as provided hereunder shall be in strict accordance
40 with the provisions of a Cooperative Agreement to be entered into
41 between any such private person or organization and the Director,
42 Department of Highways and Traffic.
43
44

45 (b) The Cooperative Agreement shall include, but not be limited

person or organization desiring to occupy public space for the purposes described in this section:

- (1) all plans for the beautification of public space areas authorized hereunder shall be submitted to and approved by the Department of Highways and Traffic.
- (2) all beautification work undertaken in public space areas shall be performed in strict accordance with the approved plan.
- (3) authorization to beautify public space areas shall require that such public space areas be maintained in accordance with acceptable standards; i. e. , the areas shall not be permitted to become overgrown with weeds, littered with trash or other debris, or otherwise become unsightly thereby creating a nuisance to the general public.
- (4) all work involved in beautifying public space areas shall be performed in a manner which will not endanger the public health, safety and comfort.
- (5) the District of Columbia reserves the right to remove forthwith, without prejudice to the District, any dangerous condition resulting from such beautification project in public space, and to discontinue the use of such space for such purpose whenever the space is required for highway or other public purposes. City Corporation Counsel

Title

Councilman Mr. Daugherty Presents the following regulation

1 WHEREAS, under Public Law 87-408 of March 2, 1962, the Commissioners
2 are authorized to increase water rates by amounts up to 25% of the rates in effect
3 on January 1, 1961, and to increase the sewer charge up to a maximum of 75% of
4 water charges,

6 WHEREAS, the present water and sewerage charge rates are below the
7 percentage allowable by Public Law 87-408 of March 2, 1962,

10 WHEREAS, under Reorganization Plan No. 3 of 1967, Section 402 (Sec.
11 325, 326, Public Utilities), the power to increase water and sewer rates have
12 been transferred to the City Council,

14 WHEREAS, additional water and sewer rates are needed for (1) rising
15 operating costs and increasing debt services, (2) new capital outlay program for
16 expanding the water system to meet future demands, (3) new capital outlay
17 program for expanding and increasing the treatment capability over the next five
18 years of the Water Pollution Control Plant as required by new water quality
19 standards approved for the Potomac within the District of Columbia,

22 NOW, THEREFORE, BE IT ENACTED by the District of Columbia City
23 Council, that:

26 Section 1 (a) Water and Water Service Rates and Charges. The following
27 rates and charges shall be applicable for water and water services on and after
28 April 1, 1969:

31 (1) Rates and Charges for Metered Service. The minimum
32 rate for water furnished any premises through a metered service shall be eight
33 dollars and seventy-five cents (\$8.75) semiannually for the use of up to 3,600
34 cubic feet (26,928 gallons) of water, payable in advance, and for water furnished
35 during such period in excess of that quantity the rate shall be fifteen (15) cents
36 per one hundred (100) cubic feet of water.

38 (2) Rates and Charges for Unmetered Service.

41 (a) Domestic Use - The rate for domestic purposes
42 shall be charged according to stories and front feet. On all tenements two
43 stories high or less, with a front width of sixteen (16) feet or less, a semi-annual
44 flat rate of ten dollars and forty-three cents (\$10.43) will be charged and for each
45 additional front foot or fraction thereof greater than one-half, sixty-six cents
46 (\$.66). For each additional story or part thereof, one-third of the charges as
47 computed above will be added. When the frontage of a house is greater than the

- 2 -

depth the rate will be based upon the lesser dimension."

(b) "Business Use - Where a dwelling house or tenement is occupied for business purposes, or vice versa, the regular semi-annual charge for domestic purposes according to the above rates shall be made and, in addition thereto, a special business rate will be charged semi-annually based on the following:

- (1) Fixtures in Business Houses
\$7.34 each fixture (Code 12)
- (2) Apartments - \$10.42 each (Code 30)
- (3) Miscellaneous Usage - \$.59 to \$26.47 (Code 31)

Where a story is used entirely for business purposes, it will not be reckoned in the charge for domestic purposes."

(c) Sanitary Sewer Service Rates and Charges. The charge for sanitary sewer service furnished any premises in the District of Columbia shall be seventy-five per centum (75%) of the charge for water or water service furnished any such premises from the District of Columbia Water Supply System and shall be collected in the same manner and at the same time as water charges are collected. When water is supplied any such premises from a source or sources other than the District of Columbia Water Supply System, the charge for sanitary sewer service shall be the same in amount as would be charged if the same quantity of water were furnished such premises for the District of Columbia Water Supply System through metered service. The sanitary sewer charge shall be added as a separate item on the bill, if any, for water and water service furnished such premises.

(d) Payment of Rates and Charges. All rates for water and water service and the charges for sanitary sewer service hereby established shall be payable at least once semiannually. When the computation of the amount of any bill for any of such services results in a fraction of one-half cent or more, the next highest amount not containing a fraction shall be charged.

Section 2. Penalties. "The penalties to be imposed for failure to pay bills for water and sewer service after the expiration of thirty days from the date of rendition thereof, and the payment of any costs incurred by the District of Columbia in connection with discontinuing and restoring the water supply to any premises, shall be as provided by sections 43-1521a and 43-1609 of the District of Columbia Code."

Section 3. Change of Ownership or Occupancy. Any person who desires a statement of the account of any water or sewer service charge to the date of the acquisition of any premises shall make a written request to the Water Registrar on or before the date of such acquisition. Provided, That the authority to enforce payment of water and sewer service charges by shutting off the water supply or by refusing to restore the water supply may be exercised without regard to any change of ownership or occupancy of any such premises. The Water Registrar shall have access to all premises furnished water or sewer service, and if any such premises is vacant, any request for a statement of account shall contain a fixed time at which a representative of the Water Registrar may obtain access.

Section 4. Effective Date. This Regulation shall take effect immediately upon passage.

COOPERATIVE AGREEMENT
BETWEEN
THE DISTRICT OF COLUMBIA GOVERNMENT
DEPARTMENT OF HIGHWAYS AND TRAFFIC
AND

RELATING TO THE BEAUTIFICATION OF PUBLIC SPACE LOCATED AT:

This Cooperative Agreement, made and entered into this _____
day of _____, 19____, by and between the District of Columbia
Government, acting by and through the Director, Department of Highways and
Traffic, and _____
_____ (one or more individuals or
an organization acting by and through its elected officers), hereinafter referred
to as the Permittee.

WHEREAS, the Department of Highways and Traffic has administrative
responsibility for the subject public space, and

WHEREAS, it is the policy of the Department of Highways and Traffic
to make available public space for the maximum use of the people of a community,
and

WHEREAS, the Permittee desires to beautify subject public space at this
time,

NOW, THEREFORE, it is agreed as follows:

ARTICLE I.

The Director shall provide:

- (1) All materials and supplies such as fertilizer, lime, seed, mulch, bulbs, plants, shrubs and hose.
- (2) For removal from the area of trash and debris stockpiled or placed in trash containers on a regular basis or as needed.
- (3) Technical and craftsmanship assistance and advice while work is being performed, and continuing periodic inspections to insure acceptable standards of maintenance.

ARTICLE II.

The Permittee shall provide:

- (1) Sufficient organized manpower equipped with proper hand-tools to perform initial development, such as grading, planting, and watering for plants to develop root systems.
- (2) Organized manpower to perform regular maintenance of area, such as gathering trash for pick-up, grass cutting and care of plants and shrubs.
- (3) Protection from vandalism by prompt notification to the appropriate District of Columbia Metropolitan Police Precinct if damage appears imminent or has occurred.

ARTICLE III.

The work to be accomplished under Articles I and II of the Agreement shall be in accordance with, and subject to, the following conditions:

- (1) The District Government assumes no responsibility whatever for any injury, accident, loss, or damage that may result from the exercise of the responsibilities referred to in this Agreement. The Permittee, and any others who assist in the development and improvement of the public space, agree to hold such Government, its assigns, officers, agents, and employees harmless from any and all claims arising therefrom.
- (2) The Permittee shall not allow the participation of any individual in this project until he or she has signed the Signature Sheets attached hereto and made a part hereof. By such signature, each person participating in the beautification project shall indicate his or her willingness to abide and be bound by the provisions of this Agreement.
- (3) The nondiscrimination conditions contained in "Enclosure A" which is used in Government contracts and permits is made a part of this Agreement and shall be complied with.
- (4) Any instructions pertaining to this project issued by the Director shall be complied with.
- (5) All participants shall exercise normal and reasonable safety precautions and shall protect public property.
- (6) The District of Columbia reserves the right to remove forthwith, without prejudice to the District, any dangerous condition resulting from beautification work in public space.
- (7) This Agreement is revocable at the discretion of either party.

(8) Wherever the term "Director" is used herein, it shall be deemed to include his duly authorized representatives.

IN WITNESS WHEREOF, the parties hereto have subscribed their names and affixed their seals the day, month, and year aforesaid.

Water Pollution Control
Title

Councilman Polly Shackleton Presents the following regulation

1 WHEREAS, the Water Quality Act of 1965 amended the Federal Water Pollution
2 Control Act to provide for the establishment of water quality standards for all
3 interstate and costal waters; and
4

5 WHEREAS, pursuant to the provisions of the above stated Act, the District
6 Government submitted to the Secretary of the Interior the District's water quality
7 standards and these were approved by the Secretary January 1969; and
8
9

10 WHEREAS, it has been demonstrated that as part of the plan for implementation
11 of these standards there is need for control of water pollution resulting from
12 excessive soil erosion; and
13

14 WHEREAS, the authority to promulgate such regulations is contained in
15 Section 1-226 of the D.C. Code, 1967 edition, and Section 402-1-(4) of Re-
16 organization Plan No. 3 of 1967,
17
18

19 NOW, THEREFORE, BE IT ENACTED, that Title 8 of the Health Regulations,
20 Chapter 2, be amended to include a part 8 which shall read as follows:
21
22

23 8-2:801 Purpose and Scope

24
25 (a) Purpose. The purpose of this Part is to prevent and control the pollution
26 of the Potomac River and its tributaries,
27

28
29 (b) Scope This Part is applicable to all sources of pollution affecting the
30 Potomac River and its tributaries within the District of Columbia and includes,
31 but is not limited to, pollution carried by storm water run off, sources of sedi-
32 ment, wastes from vessels or other floating construction and domestic and
33 industrial wastes.
34

35 8-2:802 Independence of Sections

36
37 Each section of this Part, and every part of each section, is hereby declared
38 independent of every other, and the holding of any section, or part hereof, to
39 be void or ineffective for any cause shall not be deemed to affect any other
40 section, or part thereof.
41
42

43 8-2:803 Prevention of the Generation of Sediment

44
45 No permit for a plan for land clearing, demolition, or construction
46 activities shall be issued until, in the opinion of the Commissioner or his

designated agent, such a plan contains adequate erosion prevention measures for the site in question.

(b) Land clearing, demolition, and construction operations shall be conducted in such a manner as to prevent when possible and otherwise minimize the contamination of water courses by sediment bearing materials or other pollutants. Excavation, borrow pits, stockpiled earthwork, graded or ungraded slopes or other areas, which may create a potential erosive condition, shall be maintained in such a manner as to prevent or minimize sedimentation of any water course. In the event of suspension of all or a portion of any construction operation, effective erosion control shall be maintained for the duration of said suspension. Where storm water flows away from any exposed land, the owner shall provide effective erosion control during the period said land is exposed.

(c) Storm water drainage shall not be allowed to be discharged in such a manner as to erode any land.

8-2:804 Penalty

Any person who violates any of the provisions of this Part, shall, upon conviction, be punished by a fine of not more than \$300.00. Each day shall be considered a separate violation.

8-2:805 Effective Date

The regulations in this Part shall become effective one year after the date of approval thereof.

Vaccination of Dogs Against Rabies
Title

Councilman Polly Shackleton Presents the following regulation

1 WHEREAS, the Commissioner of the District of Columbia has been notified
2 by the Director of Public Health of said District that, notwithstanding the fact
3 that immunization of dogs within the District of Columbia and other restrictive
4 measures have curbed the disease of rabies in said District, said disease may
5 spread within the District unless said measures are continued in force because
6 the rabies virus is present in the Metropolitan Area and may exist from time to
7 time in transient animals passing through the District;
8
9

10 WHEREAS, in accordance with provisions of § 1-230 of the District of
11 Columbia Code, 1967 ed., and by virtue of the powers vested in it by Reorganiza-
12 tion Plan No. 3 of 1967, the District of Columbia Council is empowered to re-
13 quire certain measures to be taken in the control of rabies.
14
15

16 NOW, THEREFORE, BE IT ENACTED by the District of Columbia City Council
17 that:
18

19 Section 1. The District of Columbia Council does hereby proclaim that:
20
21

22 1. (a) During the period between April 28, 1969, and May 3, 1969, both
23 dates inclusive, every person owning or keeping or having custody of a dog of
24 the age of three months or over in the District of Columbia shall have such dog
25 vaccinated against rabies by a licensed veterinarian with anti-rabies vaccine
26 of a type and strength approved by the Director of Public Health, except that if
27 any dog within the District during the vaccination period prescribed above has
28 been vaccinated against rabies within twelve months immediately preceding
29 April 15, 1969, by a licensed veterinarian such dog need not be vaccinated
30 again until twelve months after date of the last vaccination: Provided, That the
31 owner, keeper, or person having custody of the dog has secured and kept a
32 valid vaccination certificate and a numbered vaccination tag for such dog;
33
34

35 (b) Such vaccination may be done either at the expense of the District
36 by veterinarians designated for that purpose, or by a private veterinarian at the
37 expense of the person owning, keeping, or having custody of a dog;
38
39

40 2. (a) Upon such vaccination, the veterinarian administering the vaccine
41 shall execute a certificate upon the form adopted by the Commissioner, which
42 certificate shall be furnished to the owner or other person presenting a dog for
43 vaccination, the stub of such certificate to be retained by said veterinarian and
44 disposed of as directed by the Director of Public Health;

(b) Every veterinarian practicing in the District shall furnish to the Director of Public Health such reports concerning dogs vaccinated by him against rabies as the Director of Public Health may require.

3. Veterinarians shall, upon vaccinating a dog against rabies, furnish to the owner or other person presenting such dog a numbered vaccination tag.

4. (a) Every person owning, keeping, or having custody of a dog in the District of Columbia shall affix and keep affixed to the collar or harness of such dog the vaccination tag provided for in this proclamation;

(b) No person owning, keeping, or having custody of a dog in the District shall affix or permit to be affixed to the collar or harness of such dog any tag other than a current tax tag, vaccination tag, or owner's identification tag;

(c) No person owning, keeping, or having custody of a dog in the District shall affix or permit to be affixed to the collar or harness of such dog a vaccination tag unless such vaccination tag was issued for such dog;

(d) No veterinarian licensed to practice in the District shall issue a certificate or vaccination tag for any dog unless such dog has been vaccinated by him against rabies.

5. The owner, keeper, or person having custody of any dog within the District which reached the age of two months after the effective date of this proclamation shall have such dog vaccinated against rabies within one month of the date upon which such dog reaches the age of two months. Such dog may be vaccinated either at the expense of the owner, keeper, or person having custody thereof by a licensed veterinarian, or at the expense of the District of Columbia at such times and locations as the Director of Public Health shall specify.

6. The owner, keeper, or person having custody of any dog brought into the District after April 15, 1969, shall have such dog vaccinated against rabies within fifteen days after its arrival herein. Provided, That if any such dog has been so vaccinated subsequent to April 15, 1969, and the owner, keeper, or person having custody of such dog has a valid certificate from the veterinarian who performed the vaccination and a vaccination tag for such dog, such dog need not be vaccinated again until twelve months after the date of the last vaccination.

Section 2. This proclamation shall become effective upon enactment, and shall continue in effect through April 15, 1970.

Title _____

Public Welfare Moving Cost for Recipients

Councilman Mrs. Polly Shackleton Presents the following regulation of Public Assistance

1 Regulation to authorize the Department of Public Welfare to pay
2 moving costs to enable public assistance recipients to obtain public housing.

3
4 WHEREAS, the District of Columbia Council believes that assistance
5 should be given to the extent necessary to enable public assistance recipients
6 to benefit from public housing; and

7
8 WHEREAS, the Crisis Assistance and Services Program, authorized by
9 Commissioners' Order No. 65-1409, dated September 30, 1965, as hereinafter
10 amended, provides for financial assistance to meet crisis situations; and

11
12 WHEREAS, pursuant to paragraphs 83 and 84 of Section 402 of
13 Reorganization Plan #3 of 1967, the District of Columbia is authorized
14 to establish rules and regulations to carry out the provisions of the
15 District of Columbia Public Assistance Act of 1962, and to approve regula-
16 tions under which shall be determined the amount of public assistance which
17 any person shall receive.

18
19 NOW, THEREFORE, BE IT ENACTED by the District of Columbia Council
20 that:

21
22 Section 1. The Department of Public Welfare shall authorize
23 funds under the Crisis Assistance and Service Program to pay for moving
24 costs when necessary to enable a public assistance recipient to move into
25 public housing.

26
27 Section 2. The payment may be authorized

- 28 (1) as a money payment to the recipient when he makes
- 29 his own arrangements for moving, or
- 30
- 31 (2) as a vendor payment to the moving firm when arrange-
- 32 ments must be made by the Department.
- 33
- 34

35 Section 3. Section 2 of Commissioners' Order No. 65-1409 is
36 hereby amended to read as follows:

37
38 "Operate a Crisis Assistance and Services Program for
39 individuals or families in need of financial aid and
40 appropriate social services to help them meet a crisis
41 situation. The following criteria will be applied in
42 determining persons eligible to receive services:

- 43 (1) The applicant must be faced with a temporary and
- 44 immediate financial crisis which, if left unre-
- 45 solved, would lead to deprivation of basic neces-
- 46 sities and, ultimately, to a state of dependency.
- 47
- 48

Council Chairman

- 2 -

- (2) The applicant will be able to function independently if the immediate financial crisis is resolved expeditiously.
- (3) The applicant must not be receiving assistance or services from the Child Welfare Division or the Public Assistance Division of the Department, except that a recipient of Old Age Assistance, Aid to the Blind, Aid to Families with Dependent Children, Aid to the Permanently and Totally Disabled or General Public Assistance may receive Crisis Assistance to pay the cost of moving into public housing.
- (4) The applicant must cooperate fully in the determination of the nature of the crisis, of the extent of temporary need, and of eligibility."

Section 4. This regulation is effective upon passage.

Regulation No. 69-20

May 16, 1969
Enactment Date

Regulation

of the
District of Columbia

TITLE Anti-theft Devices

Mr. Philip I. Daugherty Presents the following regulation:

1 WHEREAS, the high rate of unauthorized use and theft of motor vehicles in
2 the District of Columbia requires the assistance of all measures designed to prevent
3 crimes involving motor vehicles being used without permission of the owners thereof;
4 and

5 WHEREAS, certain automobile accessory manufacturers have designed suitable
6 sound devices which become operative upon an attempt at tampering with, or attempts
7 to use without permission the motor vehicles of owners thereof; and

8
9
10 WHEREAS, provisions have been adopted by other jurisdictions allowing the
11 use of anti-theft devices which are designed to prevent the unlawful use of or attempts
12 at thefts from motor vehicles; and

13
14 WHEREAS, such sound devices are in the public interest in preventing or deterring
15 unauthorized use of or thefts of property from motor vehicles;

16
17 NOW, THEREFORE, BE IT ENACTED by the District of Columbia Council that:

18
19 Section 1. Part I, Article XV, Section 143, of the Traffic and Motor Vehicle
20 Regulations of the District of Columbia be amended by adding the following subsection:

21
22 "(d) Upon approval by the Director, any vehicle may be equipped
23 with a sound device designed to be used solely as a theft alarm system
24 which must be so arranged that it cannot be used or controlled by the driver
or other person for any purpose other than as such alarm system".

Section 2. This regulation becomes effective immediately upon enactment.
