JUN 1 1970

MEMORANDUM FOR GILBERT HAHN
Chairman, City Council

SUBJECT: Proposed Revision in Permit and Certificate Fees

Attached for the Council's consideration is a revised fee schedule for licenses, permits and certificates issued by the Department of Economic Development.

The Bureau of Licenses and Inspection of the Department of Economic Development has the statutory responsibility to make biennial cost studies and revisions in fees for all licenses, permits, certificates and transcripts of records. (Part VI of Reorganization Order No. 55, D.C. Code, Title I, Appendix.)

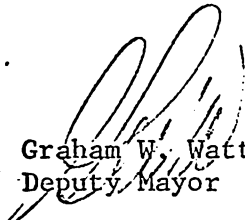

The increase in the fee schedule proposed here is based on the mandatory pay increases that have taken place since the last fee revision and which have resulted in a 32% increase in the cost of issuing permits and certificates. The 32% increase was applied across-the-board to all permit and certificate fees.

Under the D.C. Code, the Mayor has the authority for changing certain fees and the Council has the authority for certain other fees. Those needing Council approval are the following:

- Fuel Burning Boiler & Pressure Vessel Permit Fees
- Boiler & Pressure Vessel Annual Inspection Certificate Fees
- Plumbing Permit Fees
- Refrigeration & Air Conditioning Permit Fees
- Electrical Fees
- Elevator Permit, Certificate & License Fees
- Public Space Permit Fees
- Riparian Permit Fees

For your information, the proposed fee schedule for those fees requiring the Mayor's approval is also included. The Mayor proposes to take affirmative action on the fees requiring his approval concurrently with the action by the Council.

Notice of intended action on these fees was published in the D.C. Register Supplement dated May 25, 1970.

Resolution

of the

District of Columbia City Council

TITLE RESOLUTION REGARDING ACQUISITION OF SQUARE 515, DOWNTOWN URBAN RENEWAL AREA

-----Mr. Sterling Tucker----- Presents the following Resolution:

1 WHEREAS, with the approval of the District of Columbia Council, the District
2 of Columbia Redevelopment Land Agency (RLA) submitted an application to the U. S.
3 Department of Housing and Urban Development (HUD) for Federal financial assistance
4 for the first action year of a Neighborhood Development Program (NDP) under Title I
5 of the Housing Act of 1949, as amended, and applicable laws and regulations of the
6 District of Columbia; and

7
8 WHEREAS, the said application designated as a first action year activity the
9 acquisition of an improved 5.2 area parcel of land located in the north end of the
10 Downtown urban renewal area, bounded by 4th, 5th, K & L Streets, N. W., and known
11 as "Square 515"; and

12
13 WHEREAS, said application designated Square 515 as a "high cost property" to
14 be acquired by RLA during the first action year of the NDP and the duly adopted and
15 approved urban renewal plan for Downtown urban renewal area and ancillary documents
16 constituted part of the aforesaid NDP application submitted to HUD; and

17
18 WHEREAS, because of the passage of time and other factors it now appears
19 that the cost of acquiring Square 515 in accordance with the approved urban renewal
20 plan referred to above may be substantially in excess of original estimates for this
21 activity; and

22
23 WHEREAS, the Council is informed that HUD has expressed doubts as to the
24 prudence of devoting financial resources of such magnitude to the acquisition of this
25 5.2 acre tract in light of competing priorities in the District of Columbia urban renewal
26 program; and

27
28 WHEREAS, HUD has requested that this body reconsider those priorities and
29 their relative importance and determine by resolution whether, notwithstanding its
30 high cost, acquisition of Square 515 is a critical urban renewal activity which must
31 proceed and, if so, whether acquisition of the Square and all other activities originally
32 approved by HUD for the first NDP action year could be carried out within the fund
33 allocations originally made available by HUD for those activities; and

--2 of 2--

1 WHEREAS, the Council finds that acquisition of Square 515 and all other
2 activities originally approved by HUD for the first NDP action year could be carried
3 out within the fund allocations which were originally approved by HUD for those
4 activities;

5
6 WHEREAS, the basis for the Council's approval in January 1969 of the
7 aforesaid urban renewal plan and first year action program, including acquisition
8 of Square 515, known at that time to be a "high cost property", remains unchanged.

9
10 NOW, THEREFORE, BE IT RESOLVED by the District of Columbia Council that:

11
12 Section 1. Acquisition of Square 515 is a critical NDP activity which must
13 be carried out immediately notwithstanding the potentially high acquisition cost of
