Events DC

Variance Explanation

FY2019-FY2020

- A. FY2019 operating revenues were under budget by \$1.8 million of 6%. This was mainly due to a revenue shortfall of \$2.5 million or 35% in the Sports & Entertainment Division (SED). SED hosted fewer festivals and a Rugby Match as anticipated in the budget. Conventions & Meetings exceeded the revenue budget by \$688,789 or 3%. The Convention Center held 151 events in FY2019 of which seventeen (17) were City-Wide events. Revenue generated from ancillary services such as electrical, rigging, telecommunication, audiovisual and digital signage were higher than projected in the budget.
- B. FY2019 operating expenses were under budget by \$15.9 million or 20%. Personal service expenses were under budget by \$4.7 million mainly due to 42 positions that were vacant as part of a restructure inclusive of staffing the ESA, the Authority continued to ramp up its staffing in FY2019. FY2019 Nonpersonal services expenses were below budget by \$11 million mainly due to savings in professional/contractual services and Utilities. Actual spending in Strategic Initiatives Projects, Insurance, Engineering Services, Financial Management, Human Resources, and legal services were lower than projected in the budget. Savings in Utilities are because of lower payments for DC Clean Rivers Impervious Area Charges for the Sports and Entertainment Division.
- C. Non-operating revenues exceeded the budget by \$2.3 million or 2% in FY2019 mainly due to higher Interest Income and the 0.3% Hotel tax transfer to Destination DC offset by lower than projected Dedicated Taxes. Interest Income was higher than projected because of an increase in the short-term interest rate and investing debt service reserve funds at higher rates for longer terms.
- D. Non-operating services expenses were over budget by \$47 million mainly due to fund transfers to the District. Events DC transferred \$47,846,715 to the District's General Fund for the excess funds for fiscal years 2017 and 2018. District Legislation (D.C. Code § 10-1202.13, Transfer of Excess Cash), requires that if at the end of a fiscal year the Authority's balance of cash and investments in its Convention Center Operating Fund exceeds the balance of current liabilities, reserves, and any amounts the Authority will need to purchase or redeem its outstanding indebtedness during the upcoming fiscal year, the Authority must transfer the excess, in cash, to the District's General Fund.
- E. FY2020 operating revenues were over budget by \$1.1 million or 8%. The delay in the demolition of the RFK Stadium allowed limited building operations to continue as a result, advertising and office rental activities continued throughout FY2020. The RFK Fields were also reopened in July to host events such as ParkUp DC which generated additional event revenue. Conventions and Meetings Division's operating revenue exceeded the budget mainly due to Building rental revenue from the Alternate Care Facility (temporary hospital) for COVID 19 set up in the Convention Center since April 2020.
- F. FY2020 operating expenses were under budget by \$7.9 million or 11%. Personal services expenses were under budget due to proactive expense management: 35 unfilled positions were frozen for the last six months of the fiscal year, and the total budget for Personal services was reduced by \$2.4 million or 7 % to reflect the suspension of operations due to the COVID 19 pandemic. Nonpersonal services expenses were under budget due to lower spending in utilities and contractual services. Utilities expenses were below budget because of

savings from the suspension of operations in all venues after March 2020 due to the COVID 19 pandemic. Contractual services savings were in the areas of Insurance, Event Operations, Sales, Financial Services, Janitorial services, Creative services, Human resources, Marketing, Contracts and Procurement as well as legal services. As part of this effort, the Authority significantly reduced its Capital Expenditure Program, inclusive of both Strategic Initiative projects and facility maintenance, to offset significant revenue shortfalls as noted.

- G. FY2020 Non-operating revenues exceeded the budget by \$8 million or 11%. This was due to higher than projected Dedicated Taxes transfer to the Convention Center and Interest Income offset by the revenue shortfall in the 0.3% hotel tax transfer to Destination DC.
- H. FY2020 Non-operating expenses were under budget by \$307,667 or 1%. This was due to proactive expense management: lower spending in Marketing fund offset by higher than projected Possessory Interest Tax expenses for the Entertainment and Sports Arena. Marketing fund expenses were lower than budgeted due to savings in Partnership agreement payments, Internal marketing and Opportunity fund after the COVID pandemic suspension of operations.
- I. The other category is primarily composed of our one-time extraordinary relief efforts inclusive of: Cultural Institutions Grants, the Hospitality and Marketing Relief budget. The Hospitality & Marketing Relief budget included Hotel, Restaurant and Undocumented workers relief budget of \$5 million each and Reopen DC marketing budget of \$3 million. The savings are mainly from the Hotel and Reopen DC marketing portion of the relief budget (marketing dollars have been deferred to FY21).

Executive Summary of FY21 Business Plan Conventions and Meetings Division

Goals and Objectives of Division

Division Operational Focus

Our purpose is to manage and operate the Walter E. Washington Convention Center and continue with our responsibility to promote, develop and maintain our facility as a venue of choice for conventions, trade shows, meetings and special events. The core of this goal continues to be the generation of significant economic impact for the District of Columbia while assuring a successful experience for each guest who enters through our doors.

Situational Overview

At the beginning of FY20 the Convention and Meetings Division had substantially completed a multi-year program for the Walter E. Washington Convention Center to be nationally recognized as one of the top-managed convention centers in the US. The Division had achieved:

- Four years of sustained revenue growth
- Six consecutive quarters of meeting or exceeding customer satisfaction goals
- Reduction/elimination of churn in key management and staff positions
- Full staffing of all management and key customer engagement positions with experienced professionals
- Onboarding of a new food service operator prepared to invest over \$16M in upgrading convention center food operations and generate over \$30M in revenue to Events DC through a unique profit-sharing contract
- Widespread national industry recognition from recent prestigious awards

Our momentum was broken in March 2020 with the interruption of convention center operations due to the outbreak of COVID-19. What was originally expected to a brief two-week reset required by potential contamination during the AIPAC event became the leading edge of the worldwide shutdown of normal business. Expectations of a manageable interruption with a gradual resumption of regular business late in the fiscal year faded with the realization that simple adjustments would not yield a meaningful resumption of business, or of normal life activities. The worldwide pandemic continues; although some business sectors have been able to resume in manners that approximate pre-March operations the meetings, hospitality and entertainment sectors remain largely stalled with no significant positive change expected during FY 21.

Since the cessation of regular operations Conventions and Meetings Division leadership has pivoted to play key roles in:

- Supporting and building out the District's Alternate Care Facility in the nowunused exhibit halls;
- Securing GBAC-STAR certification for the three primary Events DC venues;
- Completing the meeting industry's most comprehensive return to work customer update; and
- Supporting the standing-up of the hybrid production studio, Studio 801.

Management has also continuously reviewed ongoing operating costs, seeking operational efficiencies through effective resource management (primarily in the cross-deployment of staff between the convention center, RFK and St. Elizabeth's campuses to reduce the dependence of operations and maintenance on contract services.

The key operational activities of the last half of FY 20 were to prepare the major Events DC venues to resume event operations at the earliest permissible opportunity. This objective has been met: the venues are operationally ready and independently certified to resume event operations at the highest cleaning, disinfection, and infectious disease prevention standards.

Major Division-Wide Goals and Objectives for FY21:

Convention Management, Facility Management and Public Safety Goals

Convention Management Goals

- Safety Guidelines and Protocols. Event Managers will integrate the safety guidelines and protocols described in our *Back to Business* plan into all FY 21 event operations plans, including hybrid and virtual meetings. (Ongoing)
- Promote and communicate the convention center Back to Business plan to all FY 21-22 customers; communicate customer feedback to all Division and Service Partner leaders to ensure that required action is completed in a timely manner. (Ongoing)
- Focus on Virtual and Hybrid. Virtual and hybrid events require significantly more
 planning and coordination than live events. Event Managers will promote Studio
 801 and the planned smaller studio to all customers, encouraging these as options
 for smaller short-term meetings, and will refer all leads to Sales for follow-up and
 closing. (Ongoing)
- Reduce Operating Costs and Increase Revenues Where Possible. Event Managers will contribute to cost reduction efforts by:
 - Maintaining a strict schedule for timely receipt and turnaround of customer information required to prepare internal planning documents
 - Issuing event planning information sufficiently in advance to allow Managers and Directors to efficiently schedule staff and resources

- Conducting any on-site tours and planning meetings on set days, strict schedules, and tour routes, limiting the need for continuous operation of building systems
- Plan and book all FY 22 travel well in advance to secure the most favorable travel and lodging rates
- Reducing or eliminating comp time accrual during assigned live events

Event Managers will contribute to revenue enhancement efforts by:

- Upselling Events DC and Service Partner revenue-generating services whenever possible
- Recommending Service Partners for nontraditional services that fall within the Partners' general scope of services
- Work with Sales leadership to ensure that Sales and Convention Management teams work together cohesively to execute all future and rescheduled events, through participation in the daily Sales review and partnering with Sales managers on customer calls. (Ongoing)
- Support Service Partners in the transition to hybrid and live event operations. We will support the onboarding of new Service Partner staff and the reboarding of returning staff to ensure smooth integration with our evolving safety and recovery protocols. Event Managers will also proactively bring Service Partner customer representatives into the early.

Facility Management Goals

- Maintain state of the art facilities while enforcing strict energy management protocols. Energy costs are the highest ongoing costs to operate the building, as we have typically run building systems round-the-clock to support event operations. As we are no longer obligated to operate 24/7 to support core business activities, we anticipate realizing significant savings.
- Promote and enhance best practices in facilities management across Events DC campuses. We successfully partnered with our ESA and RFK colleagues to develop the enterprise-wide facility operations pandemic response plan. That initial project has led to ongoing partnerships in bringing the responses online at the campuses and to sharing Best Practices.
- **Capital project management.** We will manage the revised approved capital project plan for the convention center.
- Aramark Food and Beverage Construction. We will continue to support
 Aramark's FY 21 food and beverage construction projects, including the
 substantial completion of Uptown Food District, Food Show renovations (with
 the exception of the areas under license to the Alternate Care Facility), the Hall A
 (Concourse) Exchange, the Mobile Ordering, the Corner Market and Grand Lobby
 coffee project, all expected to be completed by Q2.

Public Safety Goals

- Operations Policy Update and Creation. The Division recently merged the Transportation and Security Services Departments into one unified Department under the Director of Security Operations. The Director will oversee the development of standard operating procedures and documentation to ensure consistency and continuity of operations. (Deliver by Q3)
- Update and Maintain Personal Protective Equipment. Purchase face shields and
 other personal protective equipment (PPE) required for the safe operation of
 thermal scanning equipment and the performance of all duties requiring staff or
 public contact. Staff will be equipped with all serviceable PPE equipment,
 including gloves, hand sanitizer, face masks and eye protection required for the
 performance of assigned duties. (Deliver by Q1)
- Create Budget Management Process w/in Microsoft Teams. In collaboration with the Technology Management Division, Division leadership will use Microsoft Teams and other collaborative platforms to work collaboratively on critical Division documents, e.g. budget documentation. (Ongoing)

Sales Goals

The division's goals encompass sales objectives for the Walter E. Washington Convention Center such as:

- Virtual/Hybrid Events. Sales Managers will aggressively market the Studio 801 production studio to produce virtual and hybrid events for local and national clients. Studio 801 will be an official partner site for PCMA Convening Leaders in January, broadcasting to other Connect Campus Initiative sites. (Ongoing)
- **Virtual Site Tours.** Sales staff are assisting Marketing staff with the production of a fully immersive virtual site tour of the convention center. (Ongoing)
- Identify strong regional recovery markets. In cooperation with Destination DC, staff is targeting 200 DMV trade, member, and professional associations with strong membership bases within a 4 ½ hour drive radius of the District. Sales will pursue purse short-term, local market business and long-term Citywide business in the corporate (Board meetings), Pharma, Cybersecurity, Policy/Regulatory, Event Marketing, Embassy and Federal agency sectors. (Ongoing)
- **Domestic Virtual Sales Blitz.** The Sales team will leverage Studio 801 and the virtual site tour package to engage the current client base (convention center Sales and DDC sales) to showcase the Back in Business protocols and develop short-term business consistent with District staging guidelines. (Ongoing)
- **Utilize stakeholders as sales partners.** The Sales team will partner with smaller hotels that require significant, physically distanced function space. The team will also use our Marketing Partners to prospect short term business:

- The DC Chamber of Commerce's corporate membership database to solicit small corporate business
- The National Cherry Blossom Festival for virtual event programming opportunities (e.g., Pink Tie Party, virtual Parade, etc.)
- The Greater Washington Hispanic Chamber of Commerce to solicit Latin American embassy opportunities
 - Finally, we will partner with our Service Partners to present and market Studio 801. (Ongoing)
- Enterprise-Wide Sales Strategy. The Sales team is developing a stronger partnership with SED Sales, meeting bi-monthly to share best practices and leads. (Ongoing)
- Revised Space Allocation Strategy. In conjunction with DDC and Convention Management, the Sales Division is developing a strategy to manage group space allocation based on physical distancing guidelines. (Deliver by Q2)

Key sales projects planned for FY21 include the following:

- License Agreement Revision. In consultation with the Office of the General Counsel, we will review and revise the Force Majeure and Cancellation Policy clauses to align these with the challenges raised by COVID-related cancellations. We will also revise the timeline for License Agreement execution, allowing us to issue and execute License Agreements for major events earlier than the current 18-24-month timeline. (Deliver by Q2)
- Website Development. We will continue working with Marketing to launch the new convention center website during Q2. We will add Sales section enhancements that include a lead generation system and a floor plan design enhancement that includes photos, virtual tours, and suggested floor plans. (Deliver by Q1)
- **Ungerboeck Implementation.** We have now totally migrated into the Ungerboeck system as our primary booking enhancement system. Sales staff lead the organization's transition and training. During FY 21 we will add training for DDC staff as well as Events DC staff. (Deliver by Q3)
- **GATHER by Events DC Integration.** We are presenting and demonstrating Gather by Events DC at all Studio 801 client events, digital road shows and site tours. In conjunction with Creative Services we are developing strategies to monetize GATHER products for our live event clientele. (Ongoing)
- Back to Business Document. We are using the Back to Business recovery document as a model for booking business during the pandemic and recovery. (Ongoing)

Executive Summary of FY21 Business Plan Sports and Entertainment Division

The Sports & Entertainment Division (SED) of Events DC continues to expand its role as a leading force in the local and live entertainment industry, as it faces the challenges of rebuilding business during the pandemic.

The **FY2021 Playbook** sets forth to maximize the potential, awareness and sustainability of the organization, division and the community. It states a clear **vision** for the division's future, a **mission** for which the team is charged and **core pillars** that are foundational. Next, it establishes broad organizational **goals** that will be accomplished, followed by **strategies** and actions that will be used to achieve specific and measurable **objectives** for the division or departments.

Championship sports and iconic events are a critical part of Washington, DC's identity, playing a major role in the region rebounding from COVID-19. Events DC has set the standard for safety and innovation in reopening venues, providing opportunities for passionate sports fans and the community's vibrant lifestyle to return within the guidelines of the City, CDC and the health experts.

The Sports & Entertainment Division of Events DC is built on core pillars that focus on generating economic impact, developing dynamics venues for the community, serving as leaders in the industry and providing opportunity for local youth. From festivals on the RFK Campus to the Mystics at ESA to once in a lifetime events, Washington, DC is where it happens, and Events DC makes it happen.

VISION: Events DC and the Sports & Entertainment Division (SED) will be Washington, DC's leader in the global sports and live entertainment industry.

MISSION: Make Washington, DC a world-class destination for sports and live entertainment industry by being the catalyst and innovator for major events and opportunities that have a significant impact on the region economy.

CORE PILLARS: Events DC's Sports & Entertainment Division focuses on four core pillars serving the corporate mission of generating economic impact and community benefits for Washington, DC.

- I. Host major sports and live entertainment events that raise the profile of Washington, DC as the Sports Capital and generate significant **economic impact** through marketing, tourism and business development.
- II. Drive the success of **Events DC venues**. Re-imagine the RFK Campus as a sports, entertainment and recreation destination, activate the St. Elizabeths East Campus, specifically the Entertainment and Sports Arena (ESA), serving as a catalyst for growth in Wards 7 and 8 and advocate for future venues.
- III. Serve as **influencers**, **leaders**, **conveners** and **innovators** for local sports and entertainment franchises, businesses, programs, events, venues and institutions.
- IV. Promote and supports local and youth sports by directly impacting and advocating for access to play, active and vibrant lifestyles, inclusion and sports, entertainment and recreational programming.

This plan sets forth to achieve the following goals and eight objectives by FY2021 and beyond.

GOALS: The Sports & Entertainment Division (SED) will enhance its role as a powerful leader in Washington, DC's sports and live entertainment industry as the region seeks to overcome the pandemic. It's strategies and actions will drive the region's economic return by expanding the number and profitability of events it hosts, significantly increase sponsorships and business partnerships, create a more collaborative organization to increase efficiencies and capacity to host major events, provide more access to sports for youth and raise the bar on all SED venues.

Eight Key Objectives:

OBJECTIVE I: Exit the COVID-19 pandemic with strong client relationships, improved internal processes, increased revenue from the private sector and more business for Events DC venues and the region.

STRATEGY: Focus on improving the SED team's productivity and be an innovator in creating event opportunities that can safely operate within the constraints of COVID-19.

OBJECTIVE II: Business Development will execute of a long-term strategy to land international and national high-profile sports and entertainment events for Washington, DC.

STRATEGY: Leadership will execute on a clear Events DC vision for prioritizing, evaluating, attracting, securing, and creating opportunities during this fiscal year and in the future that have a significant impact on the region.

OBJECTIVE III: The Sports & Entertainment Booking Department (SEB) will drive high profile and profitable opportunities to Events DC venues, booking more than 60 event dates events through FY2021 and FY2022.

STRATEGY: SEB will focus on a sales approach that will deliver on profitable events that are good fits for Events DC and its campuses, along with collaboration within the regions sports and entertainment industries.

OBJECTIVE IV: SED Marketing & Communications will drive a compelling message to national and international event owners, as well as driving more regional attendees to Events DC venues and events.

STRATEGY: Connect the Events DC brand to the relevance, passion and positive impact behind sports and live entertainment, which plays a critical role in the active and vibrant lifestyle of Washington, DC.

OBJECTIVE V: Events DC and SED will annually increase access to competitive and recreational sports and activities for thousands of Washington, DC youth and adults.

STRATEGY: Align Events DC's strategy for having a significant impact on the region's youth with existing and successful programs both locally and nationally.

OBJECTIVE VI: SED venues will improve their net financial performance over each of the next five years.

STRATEGY: Prioritize events with higher revenue potential and review financials, pricing structure, agreements and incentives that are currently provided on Events DC campuses.

OBJECTIVE VII: The RFK and St. Elizabeths Campuses will continue to raise their performance on operations, customer service and prioritizing investments.

STRATEGY: Collaborate with Strategic Initiatives and other departments to develop a vision for the next five years at the Entertainment & Sports Arena, DC Armory and other Events DC venues, including developing a business plans, reviewing past performance of the venue, prioritizing event prospects, new business partnerships, needed investment and maximizing relationship with the National Guard.

OBJECTIVE VIII: The Corporate Partnerships Department will diversify revenue for Events DC and increasing capacity to fund future major events.

STRATEGY: Maximize the impact of Corporate Partnership by increasing its capacity to generate revenue for Events DC venues, events and organizational priorities, while strengthening corporate relationships in the region and creating a new long-term relationship with a sponsorship a

Executive Summary of FY21 Business Plan Creative Services Division

OUR MISSION

The mission of Events DC is "to generate economic and community benefits for the residents and businesses of the District of Columbia by creating the premier event experience in the nation's capital, and through the promotion of Washington, DC as a world-class tourist destination."

Creative Services Division (CSD) centralizes these efforts by managing content development and original productions to extend the core businesses and drive new business opportunities within a consolidated strategy and vision, thereby maximizing efficiencies and promoting consistent theming. Motivated by a strong commitment to accessibility, purpose, and diversity, CSD develops programming that challenges the norm and leads the charge in generating great economic impact through innovative and engaging events.

CSD creates at the intersection of virtual and physical, designing programs and events that are distributed both online on our new GATHER by Events DC website and live, in person. This past year saw us shift primarily to GATHER due to the pandemic, which afforded us the opportunity to fully develop this unique content creation and distribution platform. The online component represents a significant shift from traditional lines of business (i.e., localized space rental and services model) to a scalable media and content platform. As we support DC's phased reopening, GATHER will continue to serve as both a virtual venue and content creator to augment in-person experiences to extend the reach of our experiences and showcase the richness of our local culture and community.

OUR PILLARS

Integral to our success is a strategic and focused implementation of the three pillars of our 2021-2022 Business Plan: Internal, divisional collaborations; Content production on GATHER; and Original live events production. These activities will intersect with one another to support, enhance, and extend the experience.

PILLAR 1

We believe in being nimble and mobile in service to and collaboration with our internal partners, in positively influencing by modeling behavior, and embracing mindful and purposeful development of our events to the benefit of Events DC, our partners, and the city.

Creative Services will manage the creation and production of new events. We will also collaborate closely cross-divisionally with internal partners to create value for their core activities, including augmenting conventions with new means to holding meetings and events and sports events with specialized programming. Many opportunities to cross-pollinate will enable us to be confident

that we are always looking at the broader impact of our activities and ensure that opportunities are not lost.

- Support Conventions & Meetings and Sales divisions with Virtual Venue as a resource for virtual and hybrid events, further supplemented with bespoke, creative programming for the client, facilitated and housed on GATHER. Develop additional support through strategic partnerships with subject-matter experts such as Aspen Institute to provide curated services to our conventions clients.
- Conduct market research and develop business plan for monetizing Studio 801 as a venue for general public as a hybrid space (production stage + studio audience.)
- Collaborate with Sports & Entertainment and eSports of Strategic Initiatives on integrating original programming from events into GATHER to reflect Event DC's wide array of experiences, including signature football and soccer activations across DC.
- Partner with Marketing & Communications and Corporate Sponsorships in deepening funding partnerships, notably around creating marketable content for GATHER and extending the reach of community engagement efforts with supplemental activations.
- Continue plans to develop a permanent, professional production studio.

PILLAR 2

We believe in bridging people, time, and place through meaningful events that represent the best of who we are and want to become, that draw us together at a multitude of venues and special spaces where we commune, and that celebrate the diversity of our great city.

Creative Services will revitalize Events DC's existing programming and develop new solutions to expand our reach to a broader audience and create demand for our world-class venues and beyond through our new digital content platform, GATHER by Events DC. Through engaging, and thoughtful programs that could also potentially be scaled as hybrid events, we will demonstrate that the District of Columbia is the premier destination for unparalleled events that generate economic and community benefits, and extend the reach to new audiences beyond DC.

- Finalize refinement of GATHER's web design to reflect the evolution of our new platform.
- Continue to partner with external partners who have significant marketing capacity on unique programming that will further expand our reach and grow new audience.
- Produce and post 25 programs slated for development in 2021 on GATHER, with considerations for how some may/will be hybrid.

- Finalize programs produced specifically to distribute through other platforms, including streaming services, to not only extend our reach, but create new revenue streams.
- Finalize plan for monetizing GATHER, including possibilities for delivering content through:
 - Paid upgrade;
 - Subscription-based;
 - Ad supported;
 - Corporate sponsorships; and/or
 - White-labeling.

PILLAR 3

We believe in the transformative power of shared experiences, of gathering together during events that are planned with purpose, reflect and build community, and contribute back to the sustainable economy of our unique city.

Creative Services will develop programs that educate, entertain, and inspire through experiences that enrich our understanding of the city and the world in which we live. We will strive to provide socially impactful experiences in order to affirm who we are in relation to each other. We will deliver events that are sustainable, scalable, and always reflect best in class innovation, technology, and creative collaboration.

- While we will not know the city's re-opening plans until well into the 2021 fiscal year, we will actively develop 20 events as live and in-person experiences.
- Expand partnerships with local and national organizations to execute programs in development that have scalability.
