	This is the Third Modification of the First Addendum to an												
	existing original Memorandum of Understanding (MOU)				1					1			
	effective March 26, 2015, made by and between the				1					1			
	Office of the Chief Technology Officer (OCTO) and District												
	of Columbia Public Schools (DCPS), for the provision of				1					1			
	Internet and Wide Area Network (WAN) connectivity, and												
	which has been previously modified by a First Addendum				1					1			
	effective March 8, 2016. This Modification continues									1			
	DCPS' gateway of 10 Gbps (up from 3 Gbps) and the												
	access of all schools (from 100Mbps) to 1 Gbps during the												
	FY19 school year via the attached addedum to the original												
	MOU with the Office of the Chief Technolgy Officer												
	(OCTO). This modification to the addendum has been												
	initiated instead of a new MOU to ensure DCPS is using												
	services negotiated through the originally competed												
	solicitation for E-rate purposes, which in 2015, our WAN												
	and internet gateway services were awarded to OCTO's												
	DCNet and a MOU was established. The total \$3.9m and												
Procurement OCTO	DCPS pays \$594k.	Other MOU	\$ 427,080.00	10/01/21	09/30/22	2	\$ 427,080.00 \$	427,080.00	Ongoing	101 - General Fund	SY27	1227	
	The AirWatch application supports all DCPS mobile												
	devices. As students become more mobile with DCPS												
	issued technology we want to ensure that we can secure												
Procurement AT&T Airwatch	their family data and protect the devices themselves.  Funds to support Student Behavior Tracker (CAAS).	Other Firm Fixed Price	\$ 320,000.00	09/10/21	09/12/22	New	\$ 320,000.00 \$	320,000.00	Ungoing	7546 - Intra-District	SY27	1227	
	Combined lines from School Operations and IT.												
	Combined lines from school operations and fr.												
	Schools use this system to maintain their student building												
	access policies and the OCOS utilizes it to capture their												
	relevant student behavior data until Aspen can be built
