Third Party Liability Collection	0631	Fraudulent Medicaid claims; reimbursement from insurance companies.	Fines and penalties collected on findings of Medicaid fraud, as well as reimbursements for payments made by Medicaid that should have been paid by a third party insurance company.	The revenue received from Third Party Liability supports the contract with the vendor that collects the TPL. The revenue also offsets local funding for provider payment costs.	1,296,162	267,062	2,873,371	71,326	Supports the cost of salaries and TPL contract within Health Care Operations and Provider Payments
Health Benefit Grievance Plan	0632	Health Insurance Companies	Revenue generated from an assessment charged to all Health Insurance Companies.	The revenue received supports the costs in the Ombudsman's office that support Health Care Bill of Rights activities.	1,855,339	1,112,847	3,960	339,195	Supports the cost of running the Ombudsman's Office including salaries and operations cost
Recovery Auditing Contract	0633	erroneous billing which has been refunded by Medicaid providers.	Auditing of Medicaid providers to identify overpayments. The provider refunds the overpayment to the Medicaid program. Medicaid pays RAC contractor a percentage of the recovery.	The revenue received supports the contract with the vendor that audits various provider types and recoups fraudulent billing.	1,401	-	-	-	Offsets expenditures in the related Provider Payment category that the recoupment occurred.
Provider Screening and Enrollment Fees	0634	Health Care Providers	The revenue is generated by an enrollment fee that health care providers pay to enroll as providers in the Medicaid providers.	The revenue received offsets personnel costs within the Public and Provider Services activity in the Health Care Operations program.	15,344	15,344	-	16,056	Supports cost related to salaries and contract cost for the Provider Enrollment Division

complishments	Accomplishment	Impact on Agency	Impact on Residents
	Fee-for-Service (FFS) to Managed Care Transition: DHCF transitioned nearly 19,000 individuals currently in the FFS program to the Medicaid managed care program.	This change represents the first step in DHCF's ambitious plan to transform the Medicaid delivery system to improve health outcomes. Over the next five years, DHCF will move towards a fully managed Medicaid program in order to transform the managed care program into a more organized, accountable, and person-centered system that best supports the District's Medicaid beneficiaries in managing and improving their health.	This change will help expand access to car and improve health outcomes for District residents. The FFS population has high morbidity rates and on a per-beneficiary basis, their health care costs roughly four times more than their peers in managed care. Moving the population to managed care will give them access to care coordination and case management services not provided in the FFS program. This should improve health outcomes for the population and reduce health care costs.
	Implementation of the Behavioral Health Waiver: The District's first-in-the- national Behavioral Health Transformation Demonstration waiver will allow District Medicaid to pay for certain services provided by an institution for mental disease to Medicaid-eligible adults with serious mental illness (SMI)/serious emotional disorder (SED) or substance use disorder (SUD), and will add new community-based services designed to improve behavioral health treatment capacity and strengthen transitions from emergency, inpatient, and residential treatment.	The demonstration is part of a broader effort outlined in the District's Opioid Strategic Plan, Live.Long.DC — with goals to reduce opioid use, misuse and related deaths. The demonstration will expand the range of services offered, improve data collection and transitions, and create a new focus on improving community service delivery for both mental health and Substance Use Disorder (SUD) services. This is a first step in transforming Medicaid's delivery of behavioral health services toward a more person- centered model focused on treatment, recovery, and whole person care.	This waiver is expected to provide services for more than 80,000 District residents wh are enrolled in Medicaid and have a behavioral health diagnosis. Through this waiver, the District is transforming behavioral health services by expanding th array of evidence-based services to treat District residents with a serious mental illness or substance use disorder.
	Implementation of Changes Related to the Public Health Emergency: During the Public Health Emergency (PHE), DHCF worked to ensure access to coronavirus testing and treatment for beneficiaries; ongoing access to care for beneficiaries in the event of an emergency; and support for Medicaid providers in providing testing and treatment for coronavirus, and in continuing ongoing care delivery operations. To accomplish this, DHCF implemented a number of actions during the PHE, including automatically extending eligibility and waiving requirements to report changes for current enrollees in the Medicaid, Alliance, and the Immigrant Children's Program; conducting outreach to approximately 108,000 beneficiaries identified as high-risk for COVID-19; expanding access to telemedicine; and enhancing flexibility and financial support for providers.	These changes demonstrated DHCF's ability to be nimble and responsive during the ongoing PHE.	The changes implemented by DHCF durin the PHE helped ensure that beneficiaries could maintain their insurance coverage, received information and education on COVID-19, and could continue to access needed healthcare. Further, the enhanced flexibility and financial support for provide helped ensure that they were able to continue to provide the care that residents need during and after the PHE.

# 2020 Operations

Operations Header	Operations Title	Operations Description	Type of Operations
1 - Provide acc	ess to comprehe	nsive healthcare services for District residents. (4 Activities)	
HEALTH CARE POLICY & PLANNING SUPPORT	Eligibility	Based on the Federal guidelines for Medicaid and local laws for the Alliance program, DHCF provides healthcare to District residents according to the criteria of the programs offered. This requires the agency to create State Plans and rules that define the qualifications, along with working with other District agencies to ensure that qualified applicants are granted access to these healthcare programs.	Daily Service
MEDICAID INFORMATION SYSTEMS	DC Access System (DCAS)	DHCF is charged with implementing and overseeing a single, streamlined, no-wrong door eligibility and enrollment system for all health and human services assistance programs being offered by the District of Columbia.	Key Project
MANAGED CARE MGT	Benefits	DHCF establishes and administers healthcare benefits for DC residents primarily through two delivery systems: managed care and Fee -for- service (FFS). The benefit design is detailed through the Medicaid State Plan, waiver applications, rules, laws and transmittals.	Daily Service
INFORMATION TECHNOLOGY	Eligibility and Enrollment System	DHCF is charged with implementing and overseeing a single, streamlined, no-wrong door eligibility and enrollment system for all health and human services assistance programs being offered by the District of Columbia.	Daily Service
2 - Ensure the	delivery of high o	quality healthcare services to District residents. (2 Activities)	
MEDICAID INFORMATION SYSTEMS	Claims Processing	As beneficiaries utilize services with physicians, clinics, pharmacies, and hospitals, payments are remitted by those providing the services to DHCF for processing and payment. Federal regulations and local laws require prompt payment of claims submitted, so DHCF must first verify the eligibility of the beneficiary, the Medicaid enrollment of the provider, and the validity of the service being provided.	Daily Service
HEALTH CARE OPERATIONS SUPPORT	Provider Enrollment and Screening	In order to receive payments for services provided to Medicaid and Alliance patients, physicians, clinics, pharmacies, hospitals and other providers must first apply to be a qualified provider. DHCF screens providers to minimize future unscrupulous activities. Once enrolled, provider information is retained and utilized to accept and process future claims.	Daily Service
3 - Deter fraud	, waste, and abu	se by promoting integrity throughout the Medicaid program. (1 Activity)	
PERFORMANCE MANAGEMENT	Program Integrity	The DHCF promotes the integrity of Medicaid through audits, policy review and identification and monitoring of program vulnerabilities. These efforts are conducted on a daily basis by implementing proper policies and procedures as well as the development and implementation of a strategic plan and quality assurance.	Daily Service

Increase Ac	cess to Behavioral Health Services (4 Initiative Updates)					
Increase Access to Behavioral Health Services	During the first quarter of FY20, DHCF received formal approval from CMS for implementation of the BH Transformation Waiver and, with DBH, issued necessary guidance to support implementation of the first wave of Medicaid BH services, including IMD services, beginning January 1, 2020. DHCF continues to work with DBH on implementation of necessary guidance to support remaining services. DHCF will continue in FY20 to pursue additional implementation actions, including stakeholder outreach and education, refining guidance and rules, developing new State Plan Amendments to make certain services permanent, implementing an evaluation process, and reporting to CMS on key measures.	50-74%	Medium	Transformative		QI
Increase Access to Behavioral Health Services	DHCF has been diligently working with DBH this quarter to implement needed rulemaking and create new financial, quality and oversight reports in compliance with waiver requirements. Rollout of the transition planning services benefit needed to be delayed due to the need for additional policy decision making, so that benefit is now being implemented in August/September 2020 instead of June 2020. Due to the need to develop substantial policy changes in response to the COVID-19 public health emergency, the District is seeking approval from CMS to delay submission of SPAs until June of 2021.	50-74%	Low	Transformative		Q2
Increase Access to Behavioral Health Services	This quarter, DHCF and DBH effectuated legal authority to implement all services other than Transition Planning Services. The waiver team published a second version of Chapter 86, which authorizes new waiver services; Chapter 37, which created new authority for supported employment services; and submitted crisis stabilization and SUD services rules for publication. The District was authorized by the Centers for Medicare & Medicaid Services (CMS) to delay submission of its evaluation plan, monitoring protocol, in-person meeting, and Q1 reporting due to staffing issues related to COVID-19. Those will be required in future quarters.	75-99%	Medium	Transformative		Q3

	Promote Adoption and Meaningful Use of Electronic Health Records by Providing Incentive Payments to Providers and Otfering Outreach, Education and Technical Assistance	In FY19 DHCF will continue to promote the adoption and use of certified EHR technology through outreach and technical assistance efforts. Specially, technical assistance will be provided to at least 100 eligible providers to help them attest for meaningful use stages 2 and 3. Participation in the meaningful use program is an important building block towards continuous quality improvement and value-based purchasing (which seeks to pay for the value - improved health outcomes - rather than volume of services). Because outcomes in these payment models are generally assessed using validated quality measures that increasingly rely on electronic health data, a critical step in this direction is ensuring providers have technical assistance to use electronic medical records effectively. Increasing the technical capabilities of District, penefits Medicaid beneficiaries across all eight wards in the District.	50-74%	DHCF continues its partnership with eHealthDC to provide technical assistance (TA) to Medicaid Promoting Interoperability (PI) partners. In Program Year 2020, we expect 153 providers to attest, while providing TA to 450+ providers. To date, eHealthDC has assisted and confirmed that a total of 109 providers have met the program requirements for the current Program Year 2020, which represents an over 220% increase from Q3. The completed % reflects incremental progress by eHealthDC. DHCF received CMS emergency funding to support telemedicine engagement efforts in July 2020. In partnership with TA contractors, DHCF conducted outreach to 300+ provider organizations and will distribute approximately 400 laptops + data plans and approximately 400 HPAA compliant telehealth licenses to providers to support this effort.	Particularly with the advent of the COVID-19 pandemic, providers' resources were stretched thin, and some groups did not have bandwidth to engage in technical assistance. In addition, the ability to achieve the MEIP Incentives relies on system upgrades by providers, some of which were not completed in time.	12-31-2020

Strengthen the Overall Connectivity and Interoperability of the District's Current Healt Information Exchange	DHCF will extend the existing grant to Chesapeake Regional Information System for our Patients (CRISP)/DC Primary Care Association (DCPCA) to develop four Health Information Exchange (HEI) tools to do DHCF will continue to build on the recently developed HIE infrastructure and expand access to HIE tools to a broader set of physician practices, in addition to Fire Department nurses, Federally Qualified Health Centers (FQHCs), behavioral health providers (with DBH) and hospital emergency departments. DCHF will focus on continuously improving the timeliness and accuracy of data transmitted through the HIE. The DC HIE advances health and wellness for all persons in the District by providing actionable health-related information whenever and wherever it is needed.	50-74%	DHCF has several grants in progress for FY20: #1 supports 5 Core HIE capabilities for District Medicaid providers. #2 provides HIE onboarding support to "connect" providers with HIE Services. In Q4, about 92 provider organizations were connected to the DC HIE. #3, the Community Resource Information Exchange (CoRIE), supports screening for social needs/services, #4 "The Consent Management Grant" implements a consent management solution to exchange substance use disorder data pending consent. FEMS and other first responders continue to receive real time alerts in the event of exposure to COVID-19, and all public health and commercial labs share information on notifiable diseases or conditions with DC Health and the DC HIE. Finally, several hospitals and health plans are now connected and send send images (e.g. MRIs) and labs to CRISP.	This is a multi-year project. It is on track and is anticipated to be completed by the end of FY21, as outlined in the District's State Medicaid Health IT Plan.	09-30-2021	
HEALTH CARE	POLICY & PLANNING SUPPORT (2 Strategic initiatives	)				
Title VI of the Civil Rights Act of 1964 Provider Compliance	In FY19, DHCF will increase oversight and monitoring of provider compliance of Title VI of the Civil Rights Act of 1964 to ensure District residents have meaningful access to covered health services free from discrimination. DHCF will develop/launch a web-based database for providers to report quarterly data on encounters with limited or non-English proficient (LEP/NEP) Medicaid beneficiaries, language services offered, proof of availability, language services offered, proof of compliance. DHCF will also require, as a condition of enrolliment and re-enrollment, providers submit proof of compliance with Civil Rights requirements, including submission of its Civil Rights Compliance Plan. DHCF will also develop/launch a public facing portal for residents to submit complaints or allegations of discrimination. In accordance with its internal civil rights compliance policy, DHCF will investigate and appropriately respond to all complaints and allegations.	75-99%	Publishing of the regulation that would provide the requisite authority to enforce civil rights reporting standards was delayed due to the need to incorporate universal contracting standards by October 1, 2020. As last reported, DHCF expects publication in the quarter immediately following the end of the COVID-19 PHE declaration.	DHCF anticipates that the regulations will be published by the end of the 2020 calendar year, without further barriers.	12-31-2020	
Medicare Enhancement Initiative	In FY19 DHCF will implement a new initiative to improve identification and enrollment of Medicare eligible Medicaid beneficiaries to reduce the District's financial burden associated with individuals with substantial medical and long term care needs. The DHCF plans to contact at least 200 current Medicaid beneficiaries regarding possible Medicare eligibility and enrollment and enroll at least 100 current Medicaid beneficiaries into Medicare.	0-24%	The vendor was unable to initiate work on the project due to the need to execute new data agreements with federal agency partners (CMS and SSA) to facilitate identification of eligible beneficiaries. DHCF has been working with vendor to get agreements in place and vendor will initiate work on project once completed. Results are now projected for 2021.	The required data agreements have presented a barrier to initiation and completion of the annual goal because they require federal inputs and agreement. DHCF is working with the vendor to ensure the agreements are executed and to initiate work on the project as soon as they are finalized.	09-30-2021

DCAS R3 Non- MAGI Medicaid Caseworker Portal	DHCF is implementing DCAS functionality to enable eligibility determinations for the non-MAGI Medicaid population to occur in DCAS. DCAS will work to ensure high quality delivery of functionality and compliance with program rules and achieves the goal of streamlined enrollment.	25-49%	Requirement sessions are slated to begin in July 2020. Delay is due to COVID-19 efforts needed to be implemented to allow DHS SSRs to work remotely as efficiently as possible. The requirement sessions will allow for sufficient time to do all requirements gathering and development required to launch during September 2021.			
Amend Home Health Rate Methodology	In FY19, the DHCF's Office of Rates, Reimbursement & Financial Analysis (ORRFA) and Long Term Care Administration (LTCA) will work collaboratively to review the current service delivery and rate methodology for services provided under the Home Health umbrella. The agency will work with the Provider community and DC Health to align the rate methodology with the service delivery and expectations of the District.	0-24%	The project is on-going as we monitor changes in the program following the Fee- for-Service to Managed Care transition and other transition populations. This is in addition to the review of the current requirements for home health annual cost reporting.	Further changes in the Home Health regulatory requirements, changes in the long-term care delivery model, along with the availability of reliable cost data.	09-30-2021

Promote Adoption and Meaningful Use of Electronic Health Records by Providing Incentive Payments to Providers and Offering Outreach, Education and Technical Assistance	12-31-2020			DHCF continues its partnership with eHealthDC to provide TA to Medicaid Promoting Interoperability (PI) program partners. Each year the team sets new benchmarks for delivering effective, targeted that are needed to meet the Stage 3 PI objective required in FY20. By Q1, the team assisted 26 organizations in fully upgrading to 2015 CEHRT as required for Stage 3 of the PI Program, as well as approximately 450 individual providers to help them achieve overall improvements of their individual PI performance. Also by Q1, the team engaged and assisted all affiliated health systems to adopt DIRECT messaging and encourage secure transmission of Referrals across the District. The completed % reflects incremental progress by eHealthDC.	0-24%	Medium	Incremental	This work supports DHCF's strategic goal to " provide actionable health- related information whenever and wherever it is needed, to support person-centered care and improve health outcomes." Strengthen the Overall Connectivity and Interoperability of the District's Current Health Information Exchange	09-30-2021			To strengthen HIE connectivity and interoperability, HCRIA has several grants in progress for FY20: Grant 1 provides support for 5 Core HIE capabilities to District Medicaid providers, as part of which CRISP rolled out Fire/EMS data in Q1. Nearly 10,000 FEMS alerts were sent in December 2019, of which ~15% were accessed by providers through the health records app, a strong early indication of the utility of these data. Grant 2 provides HIE financial and technical onboarding support and training to "connect" Medicaid providers with HIE Services. Both are on target to achieve their grant aims. Grant 3, "The Community Resource Inventory Grant," will implement an HIE platform for assessing and referring individuals for social support services. This grant is pending final CMS approval.		High	Demonstrable	By end of Q1, 8,900+ Medicaid providers/practices were connected to HIE services in the District, representing a diverse array of provider types. This includes 70% of DC hospitals users and access to a patient lookup function that is available to 35% of District providers. FEMS alerts, among other tools, have resulted in uptick in use of HIE services. In FY20, Enlightened lnc. has contacted over 150 District providers for onboarding support and connected 40+ providers to the DCHIE, some of which are behavioral health providers.		Q1

Enhance and Expand the My Health GPS for Individuals with Chronic Physical Health Conditions to Improve Integration of Medical and Behavioral Health Care through a Health Homes Model				Based on claims data, the My Health GPS program has approximately 5,000 current enrollees. During Q3, DHCF implemented a set of changes to the program approved by the Centers for Medicare & Medicaid Services (CMS) on June 5, 2020 and retroactive to March 1, 2020. These changes are intended to ensure the program is focused on efficient, well- coordinated care delivery of care, rather than administrative reporting. Specific policy updates that have since been implemented are highly responsive to provider feedback, including: Consolidating the My Health GPS staffing model into one acuity tier; Transitioning payment from monthly to quarterly bundled payments; and Modifying the in-person requirements for the annual biopsychosocial assessment to allow tel-visits when appropriate.	50-74%	Medium	Incremental	Practices have demonstrated innovation and new approaches to care coordination that are promising. Addressing Barriers to Perinatal Care				On June 17, staff participated in CareFirst's virtual provider meeting & led discussion about barriers to pre/post- natal care, contraceptive care & use of telemedicine to address barriers. Providers stated the use of multiple modes of transportation is the main barrier to women attending all needed prenatal care visits, and telehealth helps eliminate this barrier. On April 27, CareFirst held it's bi-annual Maternity Listening Session with perinatal women to understand barriers to utilizing prenatal and postpartum care. The key takeaways were: • women expressed their concerns about their ability to access prenatal care; and • the need for more health education around the following: o preconception health healthy eating during pregnancy	Complete	High	None	DHCF to monitor whether increased use of telehealth for prenatal care has a positive impact on increasing the number of pregnant women who utilize needed prenatal care services. Operations Header	Operations Title	Operations Description	Type of Operations
1 - Provide acc	ess to comprehe	ensive healthcare services for District residents. (4 Activities)	
HEALTH CARE POLICY & PLANNING SUPPORT	Eligibility	Based on the Federal guidelines for Medicaid and local laws for the Alliance program, DHCF provides healthcare to District residents according to the criteria of the programs offered. This requires the agency to create State Plans and rules that define the qualifications, along with working with other District agencies to ensure that qualified applicants are granted access to these healthcare programs.	Daily Service
MEDICAID INFORMATION SYSTEMS	DC Access System (DCAS)	DHCF is charged with implementing and overseeing a single, streamlined, no-wrong door eligibility and enrollment system for all health and human services assistance programs being offered by the District of Columbia.	Key Project
MANAGED CARE MGT	Benefits	DHCF establishes and administers healthcare benefits for DC residents primarily through two delivery systems: managed care and Fee -for- service (FFS). The benefit design is detailed through the Medicaid State Plan, waiver applications, rules, laws and transmittals.	Daily Service
INFORMATION TECHNOLOGY	Eligibility and Enrollment System	DHCF is charged with implementing and overseeing a single, streamlined, no-wrong door eligibility and enrollment system for all health and human services assistance programs being offered by the District of Columbia.	Daily Service
2 - Ensure the	delivery of high	quality healthcare services to District residents. (2 Activities)	
MEDICAID INFORMATION SYSTEMS	Claims Processing	As beneficiaries utilize services with physicians, clinics, pharmacies, and hospitals, payments are remitted by those providing the services to DHCF for processing and payment. Federal regulations and local laws require prompt payment of claims submitted, so DHCF must first verify the eligibility of the beneficiary, the Medicaid enrollment of the provider, and the validity of the service being provided.	Daily Service

Operations Header	Operations Title	Operations Description	Type of Operations
HEALTH CARE OPERATIONS SUPPORT	Provider Enrollment and Screening	In order to receive payments for services provided to Medicaid and Alliance patients, physicians, clinics, pharmacies, hospitals and other providers must first apply to be a qualified provider. DHCF screens providers to minimize future unscrupulous activities. Once enrolled, provider information is retained and utilized to accept and process future claims.	Daily Service
3 - Deter fraud	, waste, and abu	ise by promoting integrity throughout the Medicaid program. (1 Activ	ity)
PERFORMANCE MANAGEMENT	Program Integrity	The DHCF promotes the integrity of Medicaid through audits, policy review and identification and monitoring of program vulnerabilities. These efforts are conducted on a daily basis by implementing proper policies and procedures as well as the development and implementation of a strategic plan and quality assurance.	Daily Service

# Strategic Initiatives

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date						
Benefits (4 Strategic initiatives)								
Community Resource Information Exchange (CoRIE) Project	In FY21, DHCF will design and implement the Community Resource Information Exchange (CoRIE) project to screen beneficiaries for social service needs, refer beneficiaries to social services, and monitoring follow ups in order to help address social determinant of health needs.	09-30-2021						
Postnatal Depression Screenings	By September 30, 2021, DHCF will work with Managed Care Organizations (MCOs) to ensure that 10% of births with each MCO will result in completion of a Postnatal Depression Screening within 90 days of delivery to increase access and utilization of/to postpartum behavioral health services within the recommended post-delivery timeframe. Collection of baseline data will be used to establish utilization patterns and recommendation of benchmarks to incorporate data-driven goals for DHCF's Quality Strategy in FY 2022.	09-30-2021						
Behavioral Health Integration Behavioral health services included in the Medicaid Managed Care contracts to include behavioral health services, currently carved-out of the managed care contracts, as part of a multi-year project to integrate physical and behavioral health. This integration will help improve coordination and increase the provision of whole person care.		09-30-2021						
Olmstead Community Integration Initiative-One Community for All (District-wide Olmstead Plan)	As part of the District-wide Olmstead plan, which supports the full inclusion of people with disabilities in the community with an emphasis on 3 priority areas: 1) Housing; 2) Employment; and 3) Healthcare, DHCF will implement the agency's approved goals with a focus on ensuring the delivery of quality home and community-based Medicaid long term care services and supports to DC residents who need them to stay in the community, and the expansion of Medicaid slots in new assisted living facilities under development. In FY21, DHCF will track and report a number of metrics as part of the Olmstead plan.	09-30-2021						
Claims Processing (1 Strategic Initiative)								
Enhanced Managed Care Programmatic Oversight	By January 1, 2021, DHCF will fully implement an automated process requiring all MCOs to submit 100% of their claims with a final disposition of "denied" directly into the Medicaid Data Warehouse within 30 days of action. This will ensure DHCF's ability to assess MCOs' compliance with paying 90% of all Clean Claims within 30 days of receipt. DHCF will develop and implement at least two managed care performance dashboards to monitor and track Managed Care Organization (MCO) performance and compliance with contractual obligations: The "Encounter Dashboard," which will monitor and track MCOs' payment of 90% of all Clean Claims within 30 days of receipt, and the "MCO Performance Dashboard," which will track and trend MCO performance within specific categories/service Grievances and Appeals (G&A).	01-01-2021						

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date
Eligibility (1 Str	rategic Initiative)	
Alliance Program Recertification Simplification and Eligibility Alignment Initiative	In FY21, DHCF will ensure compliance with the Alliance Program Recertification Simplification Act, including implementation of telephonic interview and recertification process once per year for Alliance beneficiaries, codification of exceptions to the face-to- face interview required at application and once per year for recertifications, and annual reporting on Alliance program experience. In addition, DHCF will update the Alliance eligibility requirements and methodology to align with the requirements and methodology used for Medicaid Childless Adults, implement a new Alliance eligibility group under the Unjust Convictions Act for individuals who were wrongly convicted and imprisoned in the District, and make other procedural changes needed to support automation of the program into the DCAS system.	09-30-2021
Program Integr	ity (2 Strategic initiatives)	
Communications Protocol	DHCF's Office of the State Medicaid Director will implement a formal communications protocol for all communication in order to strengthen its operational infrastructure. By December 31, 2020, DHCF will implement protocols for quasi-internal communication, public communication, and special publications, which will complement the protocols for provider and internal communication that were implemented in FY20.	09-30-2021
Strengthen Telemedicine to Expand Access	In FY21, DHCF will identify challenges and benefits of telehealth provided to Medicaid program beneficiaries based on utilization review, data analysis, provider outreach, and beneficiary input; continued review and modification of regulations and guidance; and collaboration with federal and state partners with oversight responsibilities and similar programs. This initiative is anticipated to increase the availability of services to Medicaid program beneficiaries, improve patient care, provide providers additional flexibility, and ensure telehealth services are provided in accordance Medicaid program rules and regulations.	09-30-2021
Provider Enroll	ment and Screening (4 Strategic initiatives)	
Exchange of Electronic Advance Directives via the HIE	In FY21, DHCF will facilitate the exchange of advance directive forms among providers using the Health Information Exchange (HIE). This initiative addresses one of the recommendations from the Mayor's Commission on Health Care Systems Transformation.	09-30-2021
CMS SUD Provider Capacity Grant	In FY21, DHCF will implement the CMS Substance Use Disorder (SUD) Provider Capacity Grant, which will include a SUD Needs Assessment, Consent Management project, Integrated Care Technical Assistance contract, and upgrades to DBH SUD system of record, DATAWits. This will help ensure a complete continuum of care for residents with substance use disorders.	09-30-2021
Designated DC HIE (CRISP) enhancements	Several projects are underway that will substantially enhance provider uses of the DC HIE tool to enhance use of population health analytics, inform clinical decision-making, and improve health outcomes. In FY21, DHCF will implement a suite of new population health analytic tools via CRISP Reporting Services, and a new approach to patient panel management, which will enable users are able to submit relevant patient data, and identify patient's care programs to support care coordination.	09-30-2021
Managed Care Alternative Payment Methodologies	Over the next 3 years, DHCF will continue the shift of health care delivery and reimbursement away from volume, towards value and quality through increasing value- based payment approaches. In FY21, DHCF will develop the framework for managed care organizations as they incorporate alternative payment methodologies that will support and incentivize providers in building a sustainable service delivery system focused on outcomes and efficiency. DHCF will publish the framework and offer support to providers during the transformation.	09-30-2021

This report provides data on enrollment in DHCF programs that include Medicaid, the DC Healthcare Alliance, and the Immigrant Children's Program. It is based on DHCF Medicaid Management Information System data as of January 25, 2021. Medicaid counts include CHIP-funded beneficiaries, who can be identified by their eligibility category. Information provided here may differ from other reports for a variety of reasons, including the populations analyzed, the definitions used to categorize beneficiaries, and the point in time at which data was extracted from DHCF systems. The most recent months are labeled as "preliminary" and users should be aware that enrollment will be undercounted until at least three full months have elapsed.

### Recent notable issues with regard to enrollment include:

Due to a continuous coverage requirement for Medicaid as of March 18, 2020, which applies under the federal Families First Coronavirus Response Act as a condition of receiving a 6.2 percentage point increase in federal matching funds during the federal public health emergency, beneficiaries can only lose Medicaid coverage due to non-residency in the District, death, or a request to disenroll. Under District policies, continuous coverage extends similarly to Alliance and ICP beneficiaries. In addition, for the duration of the District's public health emergency, modified eligibility and enrollment policies are in place (e.g., expanded self-attestation for all DHCF coverage and removal of the face-to-face interview requirement for Alliance coverage).
 To reconcile information across DHCF systems, routine periodic "sync" operations are undertaken that may lead to changes in enrollment. Most recently, decreases in enrollment noted for September 2019 and February 2020 were due in part to a system sync that identified ineligible individuals who were ultimately disenrolled after being notified of the need for documentation to support a continuation of their coverage.

Includes non-capitation, non-financial transaction, non-FQHC wrap claims paid by Medicaid; excludes the Immigrant Children's Program and Alliance.

Because individuals enrolled in managed care organization (MCO) coverage may have services paid on a fee-for-service (FFS) basis, data shown here includes both FFS and MCO beneficiaries.

FY2021 reflects a shift of approximately 17,000 beneficiaries from FFS to MCO coverage.

Source: DHCF Medicaid Management Information System (MMIS) data extracted March 5, 2021. Notes: Reflects claims by date of service.

Includes claims paid by Medicaid managed care plans; excludes the Immigrant Children's Program and Alliance.

Because individuals enrolled in managed care organization (MCO) coverage may have services paid on a fee-for-service (FFS) basis, data shown here does not include all services used by MCO beneficiaries. FY2021 reflects a shift of approximately 17,000 beneficiaries from FFS to MCO coverage.
