In FY21, in coordination with HSEMA and DHS, DMHHS will implement emergency response improvements to enhance the HHS cluster's ability to respond to emergencies. Specifically, DMHHS will work with HSEMA and HHS agencies to:  • Create a multi-agency response management platform that tracks resident's information during a displacement event and seamlessly refers them to needed resources. This will build off the Virtual Family Assistance Center (VFAC) set up during the COVID-19 response.  • Update the response playbook to ensure it clearly outlines the set protocol and that each response agency understands their specific role.	09-30-2021			Deputy Mayor for Health and Human Services	Add Initiative Update
