8	A PROPOSED RESOLUTION
9	
10	IN THE COUNCIL OF THE DISTRICT OF COLUMBIA
11	
12 13 14	To declare the existence of an emergency to mitigate the impact and disruption to District residents who rely on Medicaid Managed Care by ensuring their access to adequate health care.
15 16	RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this
17	resolution may be cited as the "Medicaid Universal Contracting Emergency Resolution of 2021".
18	Sec. 2. (a) Department of Health Care Finance ("DHCF") is the District's State Medicaid
19	Agency. The mission of DHCF is to improve health outcomes by providing access to
20	comprehensive, cost-effective and quality healthcare services for residents of the District of
21	Columbia.
22	(b) In September 2019, DHCF announced that it would implement "universal
23	contracting" for critical providers in the District's health care market to "even the playing field
24	and improve access to needed health care providers for all Medicaid enrollees.".
25	(c) Effectuated through Medicaid Provider Agreements, the District requires each
26	managed care organization ("MCO") to cover beneficiaries' access to all acute care hospitals and
27	clinics designated as federally qualified health centers.
28	(d) In 2020, the District issued a request for proposals seeking up to three managed care
29	organizations to administer healthcare and pharmacy services to Medicaid and Alliance

- beneficiaries. Four MCOs placed acceptable bids on the contract: AmeriHealth, Medstar Family
  Choice, CareFirst, and Amerigroup. All but Amerigroup had contracts with Medstar's acute care
  hospitals which contravened the District's universal contracting policy.
  - (e) The District awarded Medicaid contracts to three managed care organizations: MedStar Family Choice, AmeriHealth, and CareFirst. Amerigroup protested the award, and the District's Contract Appeals Board ("CAB") ruled that the District violated procurement law and ordered the District to reevaluate the contract by September 30, 2021.
  - (f) On September 1, 2021, Mayor Bowser declared a public emergency to exercise the option year of the Medicaid contract due in part to MedStar's threats to withdraw from the District's Medicaid program if rate agreements were not renegotiated with AmeriHealth and CareFirst.
  - (g) Given the uncertainty of the District's Medicaid managed care contract, it is of vital importance to enact legislation to minimize adverse selection in any forthcoming procurement process, ensure that MCOs absorb risk and cost for high acuity patients equitably, and ensure that Medicaid beneficiaries have access to all acute care hospitals in the District.
  - Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Medicaid Universal Contracting Emergency Amendment Act of 2021 be adopted after a single reading.
- 49 Sec. 4. This resolution shall take effect immediately.
