Variance is due to the impact of Adult Protective Services (APS) on the Medicaid reimbursement, IT, and Fleet MOU underspending. Please note that Agency Management lines may show under or overspend in the program area, however, these are accounted for in other activity lines across program areas for the entire agency.

Please note that Consumer Information Assistance & Outreach Program lines may show under or overspend in the program area, however, these are accounted for in other activity lines across program areas for the entire agency. The spending variance is due to Personnel allocation across programs. The PS overspent in 9200 is offset by the underspent in 1000. <p>Safe Reopening of Community Dining Sites In FY21, DACL worked with its lead agencies and grantee partners to reopen community dining sites and incrementally transition emergency meal delivery clients to in-person dining or appropriate long-term programs. In-person activities resumed in July 2021 in addition to the ongoing virtual activities.</p>	<p>DACL partnered closely with grantees to ensure appropriate safety protocols and promote safe in-person dining. DACL created systemwide process to assess all participants in emergency COVID-19 meal delivery to connect them to the most appropriate long-term resources.</p>	<p>Older District residents were able to maintain access to key nutritional support and socialization programming throughout the PHE and a return to full-service programs and much needed in-person socialization in a safe manner, by encouraging vaccinations and implementing safety standards.</p>
<p>Virtual and Hybrid Outreach In FY21, DACL increased outreach from FY20, by more than 50% by successfully adapting its outreach to changing COVID-19 restrictions. This included more than 120 virtual and hybrid events, four drive-up Older Americans Month celebrations, citywide social events livestreamed over public access television and social media sites, Pride Month activities at all Senior Wellness Centers, and Centenarian celebrations provided through individual home visits. In addition, the agency launched a volunteer effort to call more than 200 homebound seniors over the holidays. DC residents were provided with more opportunities to engage with the agency through multiple formats, including in-person, online, via phone, through safe socially distanced home visits, and drive-up activities. DACL's traditional outreach format has been expanded through these offerings and the agency will continue to utilize these options for future engagement including more hybrid activities such as Mayor's Annual Senior Holiday Celebration and the Mayor's Annual Senior Symposium, which will be presented both in-person and online with home meal delivery to allow homebound seniors to fully participate.</p>	<p>DACL's traditional outreach format has been expanded through these offerings and the agency will continue to utilize these options for future engagement including more hybrid activities such as Mayor's Annual Senior Holiday Celebration and the Mayor's Annual Senior Symposium, which will be presented both in-person and online with home meal delivery to allow homebound seniors to fully participate.</p>	<p>DC residents were provided with more opportunities to engage with the agency through multiple formats, including in-person, online, via phone, through safe socially distanced home visits, and drive-up activities.</p>
<p>Increased access to technology In FY21, DACL distributed close to 500 iPads to District residents in all eight wards and provided technical support and trainings for residents to increase access to technology for older residents at risk of social isolation.</p>	<p>DACL, through a partnership with WildTech and DCPL, continues to provide ongoing technical support and trainings for program participants. In addition, DACL continues to provide virtual programs in addition to its in-person offerings.</p>	<p>Preliminary survey results indicate self-reported increase in social connections with friends and family due to this program (74% of the 246 respondents), increased participation in community activities such as church (54%), and increased access to health care (37%) as well as overall satisfaction with the program (83%).</p>

COMMUNITY OUTREACH AND SPECIAL EVENTS (1 Strategic Initiative)						
Planning for New Ward 7 Caregiver Oasis Complex.	In FY20, DACL will work in partnership with DPR on the planning of a new Ward 7 Caregiver Oasis Complex. DACL will work with the community to do community outreach to get feedback and ideas for activities and programs. The complex is expected to be operational in FY22. This initiative in FY20 will achieve the community engagement necessary in the planning phase through town halls, meetings with caregiver stakeholder groups, and focus groups with caregivers.	0-24%	In Q4, DPR's contractors were required to revise the concept plan due to budget constraints. DACL continues to work with DPR to determine the appropriate spaces to be allocated to caregivers in the new site. DACL will postpone community outreach until the dedicated spaces are determined.	KPI was not met in FY20 due to delays in securing a contractor for the site by DPR and revision of the concept plan in late Q4.		
SENIOR WELLNESS CENTER/FITNESS (2 Strategic Initiatives)						
Planning for New Senior Wellness Center in Ward 8	In FY20, DACL will work in partnership with DGS, seniors, and community partners to explore activities for a brand new senior wellness center in Ward 8, with a ribbon cutting in 2022. In FY20, DACL will focus on the community engagement needed to create an innovative model representative of the community's preferences. DACL will conduct 8 community town halls and use the feedback to draft an RFA in FY21 to select a provider that can operate the new center in Ward 8.	25-49%	Outreach was postponed to FY21, due to the PHE and DCPS request. DACL participated in one town hall with Ward 8 seniors to provide an update of the project and receive feedback in late September. DACL was also able to identify a site with DGS. DACL is currently waiting on initial drawings from DGS to confirm that the site at Kramer is appropriate for a SWC (DGS provided assurance that the current Kramer MS renovation plans would be intact with the addition of a SWC on site).			
Expansion of Senior Wellness Centers (SWCs) in Wards 5 and 8 and Refreshers for all SWCs.	In FY20, DACL will work with DGS towards the expansion of Model Cities Wellness Center (Ward 5) and Congress Heights Senior Wellness Center (Ward 8). DGS and DACL will work with seniors at both centers to ensure participation and engagement in the expansions. In addition, DACL will work with DGS to complete refreshers at all six SWCs. Refreshers and expansions are expected to be completed by the end of FY20.	50-74%	DGS has submitted the permits to build expansions at both senior wellness centers and are awaiting approval from DCRA. All refreshers are completed at the six wellness centers with only punch list items to be finish by DGS's contractor.		03-31-2021

- I. **Call to Order**
Chairperson Bobo called the meeting to order at 10:03 am.

- II. **Review and Approval of Minutes**
The March meeting minutes were approved without correction.

- III. **Presentations**
 - a. **Tony Robinson, DC Housing Authority**
Mr. Robinson reported that DC Housing Authority (DCHA) held vaccination events for the seniors at their senior properties. They also had a series of vaccination events with DPR and the Department of Health and Human Services in Ward 5. DC is closing the vaccination registration for those with vouchers because it is now open for everyone. They are still serving those seniors who are homebound. If someone is a voucher holder but not in a public housing unit, they will have to get the vaccine on their own.

DCHA will be going for their budget hearing later in the summer and will request \$50,000,000 for capital funding. DCHA recently started receiving capital funding, over the past three years they received about \$90,000,000. It was used in a variety of locations; the most prominent use of the funding was the Judiciary House. Judiciary House will not be taking on new residents until the renovations are done.

Aisha Thompson from DCHA's Voucher Program informed the Commission that the waiting list for Section 8 is closed; however, there are "local" senior specific vouchers. These vouchers go through other agencies that DCHA partners with.

Vice Chairwoman Matthews asked if Section 8 was eliminated. Ms. Thompson stated that it was not eliminated, the waitlist still exists, but it is closed. It will open as funding becomes available. She also stated that the name changed to the "Housing Choice" voucher program. The program is federally funded.

Commissioner Hersh asked why not let the waiting list continue to grow instead of closing it. Ms. Thompson stated that by regulation the District must have a waiting list when it comes to federal vouchers. The vouchers are based on preferences. The District preference is homelessness. The waiting list is based on order and time. The District has a list of about 30,000. There is currently not enough housing and funding.

Commissioner Hair asked if there was a waiting list specifically for seniors. Ms. Thompson stated there was not, there was only one waiting list. If DCHA receives funding specifically for a certain group, then people who fall into that group would be pulled. An example of this is the Mainstream vouchers, targeted to people with disabilities ages 18 to 61. They do not normally know when they will receive funding until HUD discloses what kind of funding they have available.

Ms. Thompson informed the Commission of the Shallow Subsidy program. The program is not a voucher but is for seniors to help with rent. Seniors can receive up to \$600 monthly or 30% of your income; however, the seniors cannot receive any other rental assistance.

Chairman Bobo & Vice Chairwoman Matthews voiced concerns about safety. Mr. Richardson indicated that people could reach out to him and he would speak with the public safety team.

b. **Laura Newland, DACL**

Director Newland stated the biggest thing DACL is working on is getting back to in-person programming. She'd been dropping into town hall meetings, meeting with seniors and grantees to discuss how in-person programming should look. She'd also been speaking with Director Nesbitt at DC Health to ensure the agency was doing things safely. She reminded the Commission that in-person activity will look different for a while. She does not know how long it will take to get back to pre-COVID participation rates. She asked that people be kind because this is a first for everyone.

Vaccinations will not be a requirement to participate in citywide programming. There will be a "booking" system to ensure that there is equity in participation. Seniors potentially will not be able to stay at the senior wellness centers all day as they have done in the past, because space will be limited.

Director Newland informed the Commission that Chief Operating Officer, Christian Barrera, will be departing the agency, so the agency will be adjusting.

Heather Foote asked the director what lessons were learned during the pandemic. The Director stated there were many lessons learned, one them is that it is hard if a person is not digitally connected. This is true for all ages. It is not just a technology challenge; it is a digital socialization challenge. It is more than providing someone with technology, you must work with them to overcome whatever issues they have with using technology.

She reminded the Commission about the iPad project the agency launched. She acknowledged that DCPL was helping the agency with the project and expressed how wonderful it was to work with them. She also boasted about some of the many programs DCPL has.

Director Newland also stated the biggest challenge has been social isolation and the agency is focusing its programmatic efforts to address it.

DACL's budget oversight hearing is June 22nd.

- I. **Call to Order**
Chairperson Bobo called the meeting to order at 10:04 am.
- II. **Review and Approval of Minutes**
The April meeting minutes were approved without correction.
- III. **Presentations**
 - a. **Laura Newland, DACL**
Director Newland stated she's been working with senior wellness center directors and grantees to discuss in-person activities. On May 24th and 25th DACL hosted drive-up celebrations at four senior wellness centers. Senior wellness centers have begun having small outdoor in-person activities. Beginning June 1st senior wellness centers will be open for seniors to come in; by the end of June wellness centers will be operating 40 hours per week. The days and times may look different than pre-pandemic days and times.

Director Newland discussed the budget with the commissioners. She informed them that Mayor Bowser would be releasing the budget on May 27th. DACL's budget is a small part of the Mayor's overall budget, and there were a couple notable changes.

The agency's budget will increase to support community outreach and community connection support services. Director Newland would like the lead agencies to focus on providing a stronger community presence.

The agency is reviewing its intake and assessment process. The current process is complex; it involves many players and unfortunately some people do not receive all the services they need if they do not know what to ask for.

The focus for FY'22 is to expand the lead agencies' community presence and to fix the intake and assessment process, creating a multi-disciplinary approach to complex issues.

The Mayor will also increase funding for senior villages, expand the ConnectorCard program, and expand virtual wellness offerings. DACL's Budget Oversight Hearing will take place on June 22nd.

Director Newland also talked about home delivered meals. When the Public Health Emergency (PHE) ends, the agency plans to go back slightly to pre-pandemic requirements, focusing on homebound seniors who do not have access to other food sources. The PHE is currently scheduled to end of July 15th.

Chairman Bobo asked if Seabury would still be administering the ConnectorCard. Director Newland responded that they would if Seabury wanted to. She further explained that Seabury currently has about one and half-staff running the program. She's currently in talks with Seabury about how the expansion would look. The program is currently funded at \$500,000; with the Mayor's increase it would be funded at \$1,500,000. The additional funding will allow an additional 1,000 people to be served.

Director Newland believes there are two major challenges for the District's seniors: social isolation and loneliness, and senior hunger. The agency's new initiatives will focus on those challenges. There are other agencies focusing on areas like housing for the District as a whole.

IV. **New Business**

Chairman Bobo initiated a discussion for commissioners to provide feedback on where they believed housing was at the 2019 vs now. The consensus was there was a lack of affordable housing inventory. Commissioners also discussed the need for larger housing to accommodate things like wheelchairs and rollators. They also mentioned the lack of help for applying for housing.

Chairman Bobo stated that the Commission would wrap up its focus on housing and move on to discussing mental health.

V. **Ward Reports**

None

VI. **Ex-Officio Reports**

DC Council: Councilmember Bonds commented that the District has a robust upcoming housing budget. She stated it was difficult to meet the challenges for affordable housing. She briefly discussed the constraints of spending the funding.

Councilmember Bonds also discussed the concerns with people getting the vaccination. She asked the Commission if they had thoughts on how to reach communities needing vaccinations. Some of the responses included: getting the family members to pressure the unvaccinated to get vaccinated, that it was a waiting game – people were waiting to see the affects of the vaccine on those who already got it, also people had concerns about the companies who developed the vaccines already have a record of producing cancer causing medicines.

DHCD: Danilo Pelletiere told the Commission about frontdoor.dc.gov, DHCD's first attempt at getting a handle on the various housing programs in the District. DHCD is starting with homeownership programs.

DCPL: David Quick informed the Commission starting June 1st more DCPL locations will be open. Also, on June 3rd the library will celebrate its 125th birthday. soon.

DDOT: Chairman Bobo had concerns about a new island put up at 7th and Alabama Ave. There was no signage to warn people of the new traffic patterns and people were riding over top it. Nana Bailey Thomas stated she would follow up with him. Councilmember Bonds agreed that signs should be put up warning drivers of the new traffic patterns.

Vice Chairwoman Matthews still had concerns about scooters laying around. Cesar Barreto stated he could help her file a claim.

Public Comment

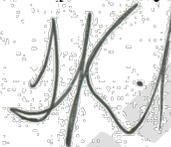

Carolyn Punter from DC Housing Authority (DCHA) recapped DCHA's voucher programs. She will provide a breakdown of the percentage of seniors who received part of the 18,000 vouchers.

II. **Review and Approval of Minutes**

October meeting minutes were approved without correction.

III. **Presentations**

a. **Laura Newland, DACL**

Since COVID-19, APS referrals have not increased, they remain steady. DACL sent out mailers to over 80,000 seniors in the District. The new elder abuse office in the Office of the Attorney Generals office has been busy. There has been an increase in fraud and financial abuse cases. Most of these referrals are coming from banks and financial institutions.

DACL sent out a half-page mailer to the District's seniors. The mailing list was consisted of seniors 60+ who were registered to vote and DACL's client list. The mailer included contact information for Adult Protective Services, Child Protective Services, and the Domestic Violence Hotline.

Director Newland addressed why there is a difference in age for services. DACL considers anyone 60+, this comes from the federal Administration for Community

Living age. DACL uses this age because they receive funding from the federal government.

The second month of FY21 has started. DACL is working with its grantees to setup for a successful fiscal year and to ensure that they remain engaged with their participants. There has been a lot of focus on virtual activities; however, on 20% - 25% of the participants are engaging.

For Thanksgiving, there will be a client calling list. The meal participants will get a special Thanksgiving meal. DACL is thinking ahead toward the other holidays.

Commissioner Matthews mentioned there are a lot of activities happening simultaneously and some are not comfortable or do not know how to sign on. She believes a hinderance is not knowing how to access the virtual platforms. Director Newland's responded that it may be time for a technology refresher course.

Chairperson Bobo commented that Ward 8 has a contest and that seems to encourage more participants to get online.

Commissioner Hersh said that Iona has a biweekly newsletter that offers technology refresher information.

Commissioner Matthews brought up that depression, mental health issues and other aspects are holding some seniors back. Director Newland is having the grantees do a mini assessment to see which participants need higher touches.

Councilmember Bonds noted that isolation is a factor. She offered to help in any way she could.

IV. **New Business**

- a. Chairperson Bobo reminded the commissioners they needed to attend at least 70% of the meetings to be compliant. Vice Chairperson Matthews reminded the Commission that they must complete the agenda set forth at the 2019 retreat.

V. **Committee Reports**

Commission needs to revamp the committees. There is currently no one on the governance committee. Hattie Pierce offered to work on the housing committee with Commissioner Miranda. If there are any commissioners interested on working on any of the committees contact someone already on that committee.

VI. Ward Reports

Ward 1: Concern about the mental health of the seniors. Weatherization and LIHEAP programs are very successful.

Ward 5: Commissioner Lewis stated her church has over 2,000 members and the members contact each other to make sure they all are doing well.

Commissioner Pierce mentioned that she has taken on six seniors to help get them food and she makes calls at least 12 seniors. There are other members in the Fort Lincoln community who have done the same. She encourages other Commissioners to contact seniors.

Ward 7: Commissioner Taylor has been delivering food on Saturdays to seniors who cannot get out.

Ward 8: Chairman Bobo mentioned that Ward 8 Councilmember White will be taking donations for turkey give away on Wednesday November 25th. United Medical Center has a van that does COVID-19 testing senior centers. Several other Commissioners mentioned they'd seen the van throughout all wards.

VII. Ex-Officio Updates

D.C. Council: Councilmember Bonds updated that 350 turkeys will be given away on Monday November 23rd. Councilmember Bonds suggests that everyone do whatever they can to reach out to someone, even if only for a few moments. It really helps people, even those who are not shut in.

She also mentioned that oversight hearings will begin in a couple of months. They will be done differently, this year. In addition to the numbers and other information that are normally requested, the Council will drill down to discover what can really be done to make a difference in the population we serve.

Councilmember Bonds asked if the Commission had looked into the type of housing seniors would like in their community. Is it senior only buildings, or seniors mixed in with other families, low-level townhomes, etc.? She also asked what feedback the Commissioners were getting for assisted living and parking.

Vice Chair Matthews said it was a combination of accommodations. More assisted living is needed for seniors. Chairman Bobo agreed with Vice Chair Matthews. He also discussed there being more housing units and not adequate parking. He mentioned there

should be some units dedicated to people with wheelchairs and similar devices. As a real estate agent, Commissioner Miranda has found that people are seeking multigenerational living, quality air circulation, and outdoor spaces. She stated she would follow up with Councilmember Bonds on housing/real estate.

DHCD: Danilo Pelletiere informed the Commission that the Emergency Rental Assistance is available, it is administered through the Department of Human Resources. You do not need to be evicted to receive funding. Residents can apply multiple times. The COVID-19 Housing Assistance Program (CHAP) can fund up to 80% median family income; however, most people are extremely low-income.

The Fortitude and Delta Towers will have a ribbon cutting ceremony. DHCD has closed on two senior projects, Abrams Hall, on former Walter Reed campus, and Spring Flats. DHCD is surveying the landlords as to what they need for assistance so that they can maintain their properties and mortgages. He will follow-up in November's meeting.

Danilo will send a list of senior projects that they have and send it to Tanya Reid.

DOH: Veronica Longstreth followed up on Councilmember Bonds' housing discussion, she noted that housing should be affordable and meet wheelchair regulation. She also discussed COVID fatigue, people are not as vigilant as they need to be. People in long-term care facilities have not seen their families in a long time. She reminded Commissioners they can go to coronavirus.dc.gov to find the available testing sites.

DHS: Dr. Sheila Jones discussed the need for affordable assisted living. There are many seniors who have no place to go. DHS along with other partners have established three sites where older adults who are medically vulnerable with no place to go can come, but it is only temporary. Some have home health aides and it would be great to have affordable housing with room for the home health aides.

DDOT: Vivian Guerra provided updates from the Age Friendly City Taskforce meeting. She mentioned DDOT was able to increase the timing of pedestrian crossings at almost 100 intersections. They focused on areas where older adults said there was not enough time to cross the street. They also engaged with the bicycle advisory council on older adult bicycle management about things such as adaptive bikes. WAMTA is looking to increase scooter corals around metro stations. They completed the pilot on "No Right Turn on Red", at this time it is unknown if it will continue. The Department for Hired Vehicles has added some local grocery stores within DC borders to the Transport DC program. DFHV through the Senior MedExpress program they added deliveries of meals and food items. The Circulator will continue to suspend fares.
