PROJECT TITLE:	Charles Hamilton Houston Bronze Statue
PROJECT NO:	CHH04C
BUDGET:	\$300,000
EXPENDITURES TO DATE:	\$0
AVAILABLE BUDGET:	\$300,000

PROJECT DESCRIPTION

The project will commission an artist to design, fabricate, and install a bronze statue commemorating African American attorney, Charles Hamilton Houston for his lifetime of achievements and contributions to the American civil rights movement, education, and the legal profession. He is recognized as the architect behind the legal doctrine that ultimately caused the demise of legalized racial segregation and “separate but equal” in the United States. During his tenure as Dean of the Howard University School of Law, he developed the school’s reputation as a major national center for training black lawyers, and as the first special counsel for the NAACP, he led litigation strategies to attack racial housing covenants and segregated schools.

CURRENT STATUS

The first phase of the project was to identify the site where the statue will be installed. After considering a number of locations around the District, including sites on or near Howard Law School and Dunbar High School where he attended, the consensus was to place the statue on Indiana Avenue NW across from the H. Moultrie Courthouse and his law office. The proposed property is owned by the National Park Service (NPS). On May 19, 2021, Senior Advisor Beverly Perry wrote to NPS Area Director Kym Hall to formally request a Transfer of Jurisdiction of the property, a process that is used when the property remains useful and attractive to the federal government, but has unique value to the District of Columbia, or in situations where the property is useful, but the federal government has no immediate plans to use or develop the property. On November 29, 2021, NPS Area Director Hall responded to Senior Advisor Perry’s letter, stating that NPS could move forward with a potential transfer. The process has many steps that involves consultation with numerous interested parties, compliance with the National Environmental Policy Act and the National Historic Preservation Act, and approvals by both the National Capital

Planning Commission and the Council of the District of Columbia. The entire transfer process typically takes between one and two years.

At the start of the New Year funds are loaded into the system which will allow us access to FCMS and shows how many landlines and mobile phones that are currently being used by the agency. Monthly inventory checks are completed. This recertifies numbers that are active in the agency and the ones that are no longer in use are submitted through a Request for

Telephone Service (RTS) then disconnected and the number removed so that the agency is no longer charged for it.

32. Please describe each step of the grant review and approval from grant application, staff review, evaluation panels, Commission committee review and approval, and Commission review and approval. Specifically describe what information is available to reviewers and approvers at each step, such as who applied for the grant.

CAH strives for a grantmaking process that is competitive, fair and balanced, with no prejudice and with support from as many knowledgeable parties as possible. CAH adheres to the processes set forth by the Citywide Grants Manual and Sourcebook along with guidance from the Office of the City Administrator Grants Management Division. The grant application review process is as follows:

1. Applications are reviewed by CAH staff for compliance with the requirements set forth by the associated grant guidelines. Applicants that are disqualified prior to the panel process will be identified to the executive director with the appropriate rationale noted. The Grants and Panels Committee will be notified of this information. Applicants will then be notified of their disqualification by CAH staff.
2. Prior to or concurrent with the aforementioned step, a public call to panelists is released. CAH grants staff develops a peer review advisory panel for applicants according to grant program, working ensure a diverse and inclusive panel assembly. CAH staff present confirmed panelists to the executive director and, upon his/her approval, submits the slate of panelists to the Grants and Panels Committee for review and approval. CAH staff confirms participation with prospective panelists. Confirmed panelists will receive application materials to begin evaluation no less than three (3) weeks in advance of the in-person panel date and be instructed to insert pre-scores, when applicable.
3. Concurrent with the above steps, commissioners will elect panel date(s) of their choosing when each is available to convene said panel.
4. On the date of the panel, a commissioner convener ensures that each panelist voices feedback on the applications from the panelists and solicits and monitors any conflict of interest among panelists. During the panel deliberations:
 - Commissioner convener and CAH staff are to remain impartial;
 - Commissioner convener and CAH staff abstain from adjudicating applications or offering extraneous information about an applicant;
 - Commissioner convener and CAH staff will not voice personal opinions on an applicant or add additional information on the applicant; and,
 - Commissioner convener with an identified conflict of interest with any applicant will exit the panel session during deliberation of said applicant.
5. CAH staff collect preliminary scores from the peer review advisory panel before the panel assembly day. For project or fellowship panels that do not include in-person applicant participation (live work sample, presentation, etc.), CAH may propose to dismiss the lowest scoring applications in the preliminary ranking from discussion during the in-person panel. If panelists unanimously consent, then any or all of the proposed applications may be dismissed from further discussion. The advisory panel then evaluates, scores and ranks proposals based upon the published review criteria.

After panelists submit final scoring in the panel session, CAH staff will review the final applicants ranking with the panelists. Conveners will not solicit input on or engage in funding recommendations from panelists at any time since such conversations will not be considered in the final funding recommendations.

6. To ensure impartiality, CAH staff will develop funding recommendations with the organization/individual names hidden. Applicant ward, discipline, and budget, when

applicable, will remain visible. Afterwards, staff will present funding scenarios to the executive director based on the applicant score and the grant program budget limitations. The executive director will review the recommended funding scenarios against agency strategic initiatives.

7. Prior to a subsequent Grants Committee meeting, staff may solicit updated conflict of interest forms from Grants Committee members. Staff will then present funding recommendation(s) to the members, with the commissioner convener noted, to the Committee in a meeting with a quorum of designated Committee members. Occasionally, applicants may have compliance issues that need to be brought to the Committee's attention. In these instances, staff is to note the applicant with concerns by highlighting the recommendation. The Grants Committee may opt to discuss the rationale for the concern (e.g, failure to submit interim or final reports or non-compliance with previous award stipulations). Further action may be warranted, including the removal of that prospective grantee from consideration.

All applicants will be presented to the Grants Committee, including those that were deemed ineligible and those that were dismissed on panel day due to low preliminary scores. Applicant names continue to be hidden from view to ensure impartiality. The Grants Committee will agree upon recommendations and, at that point, the funding recommendation list with the organization/individual names will be made visible. In the event that an adjustment is requested by a commissioner, a majority vote of the Grants Committee is necessary to approve an amendment to the funding recommendations. The final slate of grant funding recommendations will be presented to the full body of commissioners at a subsequent meeting.

8. Prior to the full Commission meeting, staff will send each commissioner the slate of grant funding recommendations that are to be presented at the upcoming meeting. The slate will include details on the award, the ranking and other pertinent details without disclosing applicant name. Commissioners are expected to review this information prior to arriving at the full Commission meeting.
10. In a publicly open meeting of the full Commission, CAH staff and the Grants Committee Chair will present the slate of recommended grant awards to commissioners. The chair of the Board of Commissioners will announce any known conflicts of interest prior to each panel cohort and request any commissioner with a conflict to recuse themselves through the discussion of each slate of recommended grant awards. The remaining commissioners then deliberate the recommendations in order to reach majority approval of the final grant funding allocation.
11. Subsequently, CAH staff will notify awardees and administer grant agreements according to established policies and procedures.

33. What efforts has CAH made to increase grant support to Go-Go artists? What grants are available to Go-Go artists?

Eligible Go-Go artists can apply to any grant program for individuals, including the Arts and Humanities Fellowship Program (AHFP), Projects, Events, and Festivals (PEF), and the Sister Cities Grant (SCG).

Within AHFP, we have designated a special cohort exclusively for Go-Go artists. This is now the second year of that cohort, and in both years the number of applications received has been less than ten.

CAH is required by statute to award grants “competitively to individuals and organizations based in and primarily serving the District” (D.C. Official Code § 39-204.(3)). Many individual Go-Go artists, who likely would otherwise be qualified, are not eligible for CAH grant programs because they live outside of the District.

CAH continues to make efforts to support Go-Go artists outside of traditional grant funding, such as through event sponsorships. CAH is also involved in ongoing work with Howard University in developing a partnership around folk/traditional arts support and programming, a key component of which is Go-Go, with funding from the National Endowment for the Arts.

34. What efforts has your agency made in the past year to increase transparency? Explain.

CAH continues to livestream the regular monthly meetings and any special meetings of the Commission to YouTube, as a way to increase transparency and accessibility for constituents. We have also presented several “teletownhalls” over the past year. These online, virtual townhalls provide an opportunity for us to communicate news and updates, as well as answer questions and receive feedback from our stakeholders.

Over the past year, CAH developed a new three-year strategic plan for the agency, as well as an update to our Public Art Master Plan. The process for developing both documents involved extensive community engagement through surveys, interviews, and focus groups. Drafts of both plans were published online for public comment before finalizing the documents.

35. What efforts will your agency be making to increase transparency? Explain.

Commission meetings will continue to be livestreamed to be more accessible and transparent. The agency is currently in the process of revising and updating grant application guidelines. As part of this process, CAH will engage with stakeholders to receive suggestions and feedback on how to make these documents more accessible, understandable, and actionable.

36. Please identify any legislative requirements that your agency lacks sufficient resources to properly implement. Explain.

The agency does not lack sufficient resources to properly implement any legislative requirements at this time.

37. Please identify any statutory or regulatory impediments to your agency's operations.

There are no statutory or regulatory impediments to the agency's operations at this time.

38. Did your agency receive any FOIA requests in fiscal year 2021? If yes, did the agency file a report of FOIA disclosure activities with the Secretary of the District of Columbia? If available, please provide a copy of that report as an attachment. Also state here the total cost incurred by your agency for each fiscal year 2020, 2021, and 2022 (as of January 31) related to FOIA.

Please see Attachment 4.

39. For CBE agency compliance purposes, what is your agency's current adjusted expendable budget; how much has been spent with SBEs; and what percent of your agency's expendable budget was spent with SBEs? Further, where SBEs were not available, how much has been spent with CBEs, and what percent of CBE spending, relative to your current expendable budget? How many CBE waivers (including dollar amount) did the agency submit? What efforts has the agency taken to reduce the number of CBE waivers submitted? What is the CBE spending goal for your agency per the DSLBD SBE Opportunities Guide (Green book)? Give this answer for fiscal years 2020, 2021 and 2022 (as of January 31).

Due to the percentage of agency funds allocated for personnel and grants, CAH remains committed to spending its contractual services portion of the budget with eligible CBE vendors (when possible). Unfortunately, some contracts remain specialized in nature or are contracts for proprietary services.								

40. Please provide, as an attachment, a copy of your agency's current annual performance plan as submitted to the Office of the City Administrator.

Please see Attachment 5.

41. (a) What are your agency’s key performance indicators and what has been your agency’s performance (for each of these KPIs) in fiscal year (or calendar year) 2020, 2021, and 2022 (through the first quarter).

CAH's key performance indicators (KPIs) in fiscal years 2019 and prior were developed through consultation and process with DMPED. That process was discontinued in fiscal year 2020 with the re-establishment of CAH as an independent agency. CAH has re-engaged with the Office of the City Administrator to establish the KPIs below for fiscal year 2022. Some KPIs are continuations of previous measures last fully reported on in FY19.

FY 2022 Key Performance Indicators

Measure	New Measure/ Benchmark Year	Directionality	FY2022 Target	FY 2022 Quarter 1
Percent of grant payments processed within six to eight weeks	no	Up is Better	100%	100%

Number of professional development sessions for artists and organizations presented	yes	Up is Better	New in 2022	Needs Update
Number of public art projects completed	no	Up is Better	10	Annual Measure

(b) What KPIs have been dropped (or changed) since 2020? List each specifically and explain why it was dropped or changed.

The KPI “per capita spending on the arts in the District” was dropped because CAH's annual budget is funded by a dedicated percent of sales tax revenues received. Furthermore, CAH's annual budget allocations are legislatively mandated and cannot be changed by the agency. Therefore, this KPI does not measure the agency's performance as the result cannot be controlled or affected by the agency

The KPI “number of subsidized days provided to the community at the Lincoln Theatre” was dropped because the number of subsidized days provided for the community was previously established per the terms of the Lincoln Theatre lease agreement, making this KPI largely irrelevant as a measure of the agency's performance.

42. What are your top five priorities for the agency? Please provide a detailed explanation for how the agency expects to achieve or work toward these priorities in fiscal years 2021 and 2022.

1. Exploring opportunities for affordable living/workspace for artists and BIPOC-led organizations

The availability of affordable living, studio, rehearsal, and performance spaces in the city continues to be of significant concern to many artists and humanities practitioners. In the past four years, CAH has continued its commitment to supporting individual practitioners by increasing both the number and size of general operating awards (Art and Humanities Fellowship Program) to them and through relief and recovery program grants. The agency has also built out its Facilities and Buildings (FAB) program to support organizations as they purchase and renovate space. More recently, in FY 2021, the FAB grant was expanded to offer mortgage and rent relief to organizations. The application window for a second year of relief programming closes on March 4th.

CAH is keen to establish an even more significant footprint for arts and humanities organizations and individuals in the city and has begun exploring the possibility of creating a collective impact initiative around space for organizations that have been traditionally marginalized and/or under-resourced in the area of property ownership. CAH plans to work with sister agencies, including DMPED and OCP, to identify opportunities and collaborate on similar initiatives in place at those agencies. CAH also plans to engage the community in an authentic way to assess needs and to best craft a collective impact initiative to meet those identified needs.

2. Integration of Inclusion, Diversity, Equity and Access Values and Practices

In June 2020, former Chairperson Kay Kendall and Commissioner Cora Masters Barry formed the Task Force for Equity and Belonging. CAH commissioners, staff and community members engaged in a six-month discussion facilitated by current Chairperson Reggie Van Lee to examine Inclusion, Diversity, Equity and Access (I.D.E.A.) values and their incorporation in CAH's grant making practices.

A total of 45 recommendations spanning multiple agency departments was presented by the Task Force and adopted by the Board of Commissioners at the January 2021 regular meeting. CAH's three-year Strategic Plan and Public Art Master Plan updates were also completed within that period and included most of these recommendations in their scope. The recommendations are a mix of internal and external strategies, intended to improve or increase equitable practices in CAH's grantmaking as well as encouraging our grantees to improve or increase diversity, equity and inclusion practices within their organizations. CAH is currently engaged in implementation of these recommendations. We made immediate progress on some actionable goals. Other goals are in process, and still others are iterative and require benchmarking and data. In consultation with Commissioners and the arts and humanities communities, CAH will continue to implement existing recommendations and look to incorporate others that strengthen our intent to remove barriers, improve communications and outreach, and support access to CAH grant programs. By creating a framework that embeds I.D.E.A. values in our grant making, we

aim to amplify the gains through the work of our grantees and ultimately create the kind of collective impact that will ensure resilience and solvency for the District's arts and culture ecosystem.

3. Aiding in post-pandemic recovery of the District's Arts and Culture sector

Economic studies and reports indicate that cultural and creative sectors locally, nationally and globally are among the hardest hit by the COVID-pandemic and its multiple aftershocks. Creative workers have experienced unemployment, organizations have lost revenue streams and income and job losses for nonprofit arts organizations is three times worse than the average for all nonprofits. Despite current advances in vaccine availability and mass inoculation, full operations and mass gatherings have yet to regain levels considered normal before the pandemic. All this points to the critical role CAH must play in providing relief funding and further bolstering the strength and capacity of arts and humanities organizations and practitioners to survive, adjust and ultimately, thrive.

Given the District's diverse creative ecosystem, which includes a broad range of artistic disciplines, organizational budget sizes, and geographic location, we need to understand the unique impact the pandemic has had on specific neighborhoods, art forms, employment types and communities. From fiscal year 2020 to date, CAH has taken steps to extend support to individual artists and organizations through relief and recovery grants, removing matching dollar requirements, adjusting grant scopes and timelines and creating rent and mortgage relief opportunities. In addition, in January 2022, CAH commissioned a research study to assess the economic impact of COVID-19 on the District's arts and cultural sector which will be completed in summer 2022. This study and the recommended strategies on aiding in the recovery of the sector will provide data-driven research to inform our grantmaking and best ensure the sector's resilience and solvency into the future. The study will also contribute to similar efforts to collect data and inform policy by local, state, jurisdictional and national bodies such as DMPED and Americans for the Arts.

4. Arts and Humanities Nonprofits Organizational Capacity Building

CAH is committed to stabilizing and strengthening organizations, so they are able to continue to provide excellent services and programming to District residents and visitors. As part of this commitment, CAH has launched a pilot capacity building initiative around identified areas of organizational priority/need. During the latter half of FY 2022, ninety (90) organizations will work together in small "communities of practice" with industry experts to gain knowledge and skills in these identified areas. Areas include: Creating an organizational access and inclusion plan; Building an organizational framework for I.D.E.A.; and Developing a marketing strategies plan for performing arts organizations. The work done in this pilot initiative will help guide CAH staff in developing a new capacity building project-grant program to launch in FY 2023.

CAH continues to offer capacity building support to individual artists and humanities practitioners through its Business of the Arts and CAH in the Community programs, along with professional development opportunities for artists working with children and

youth in its arts education program.

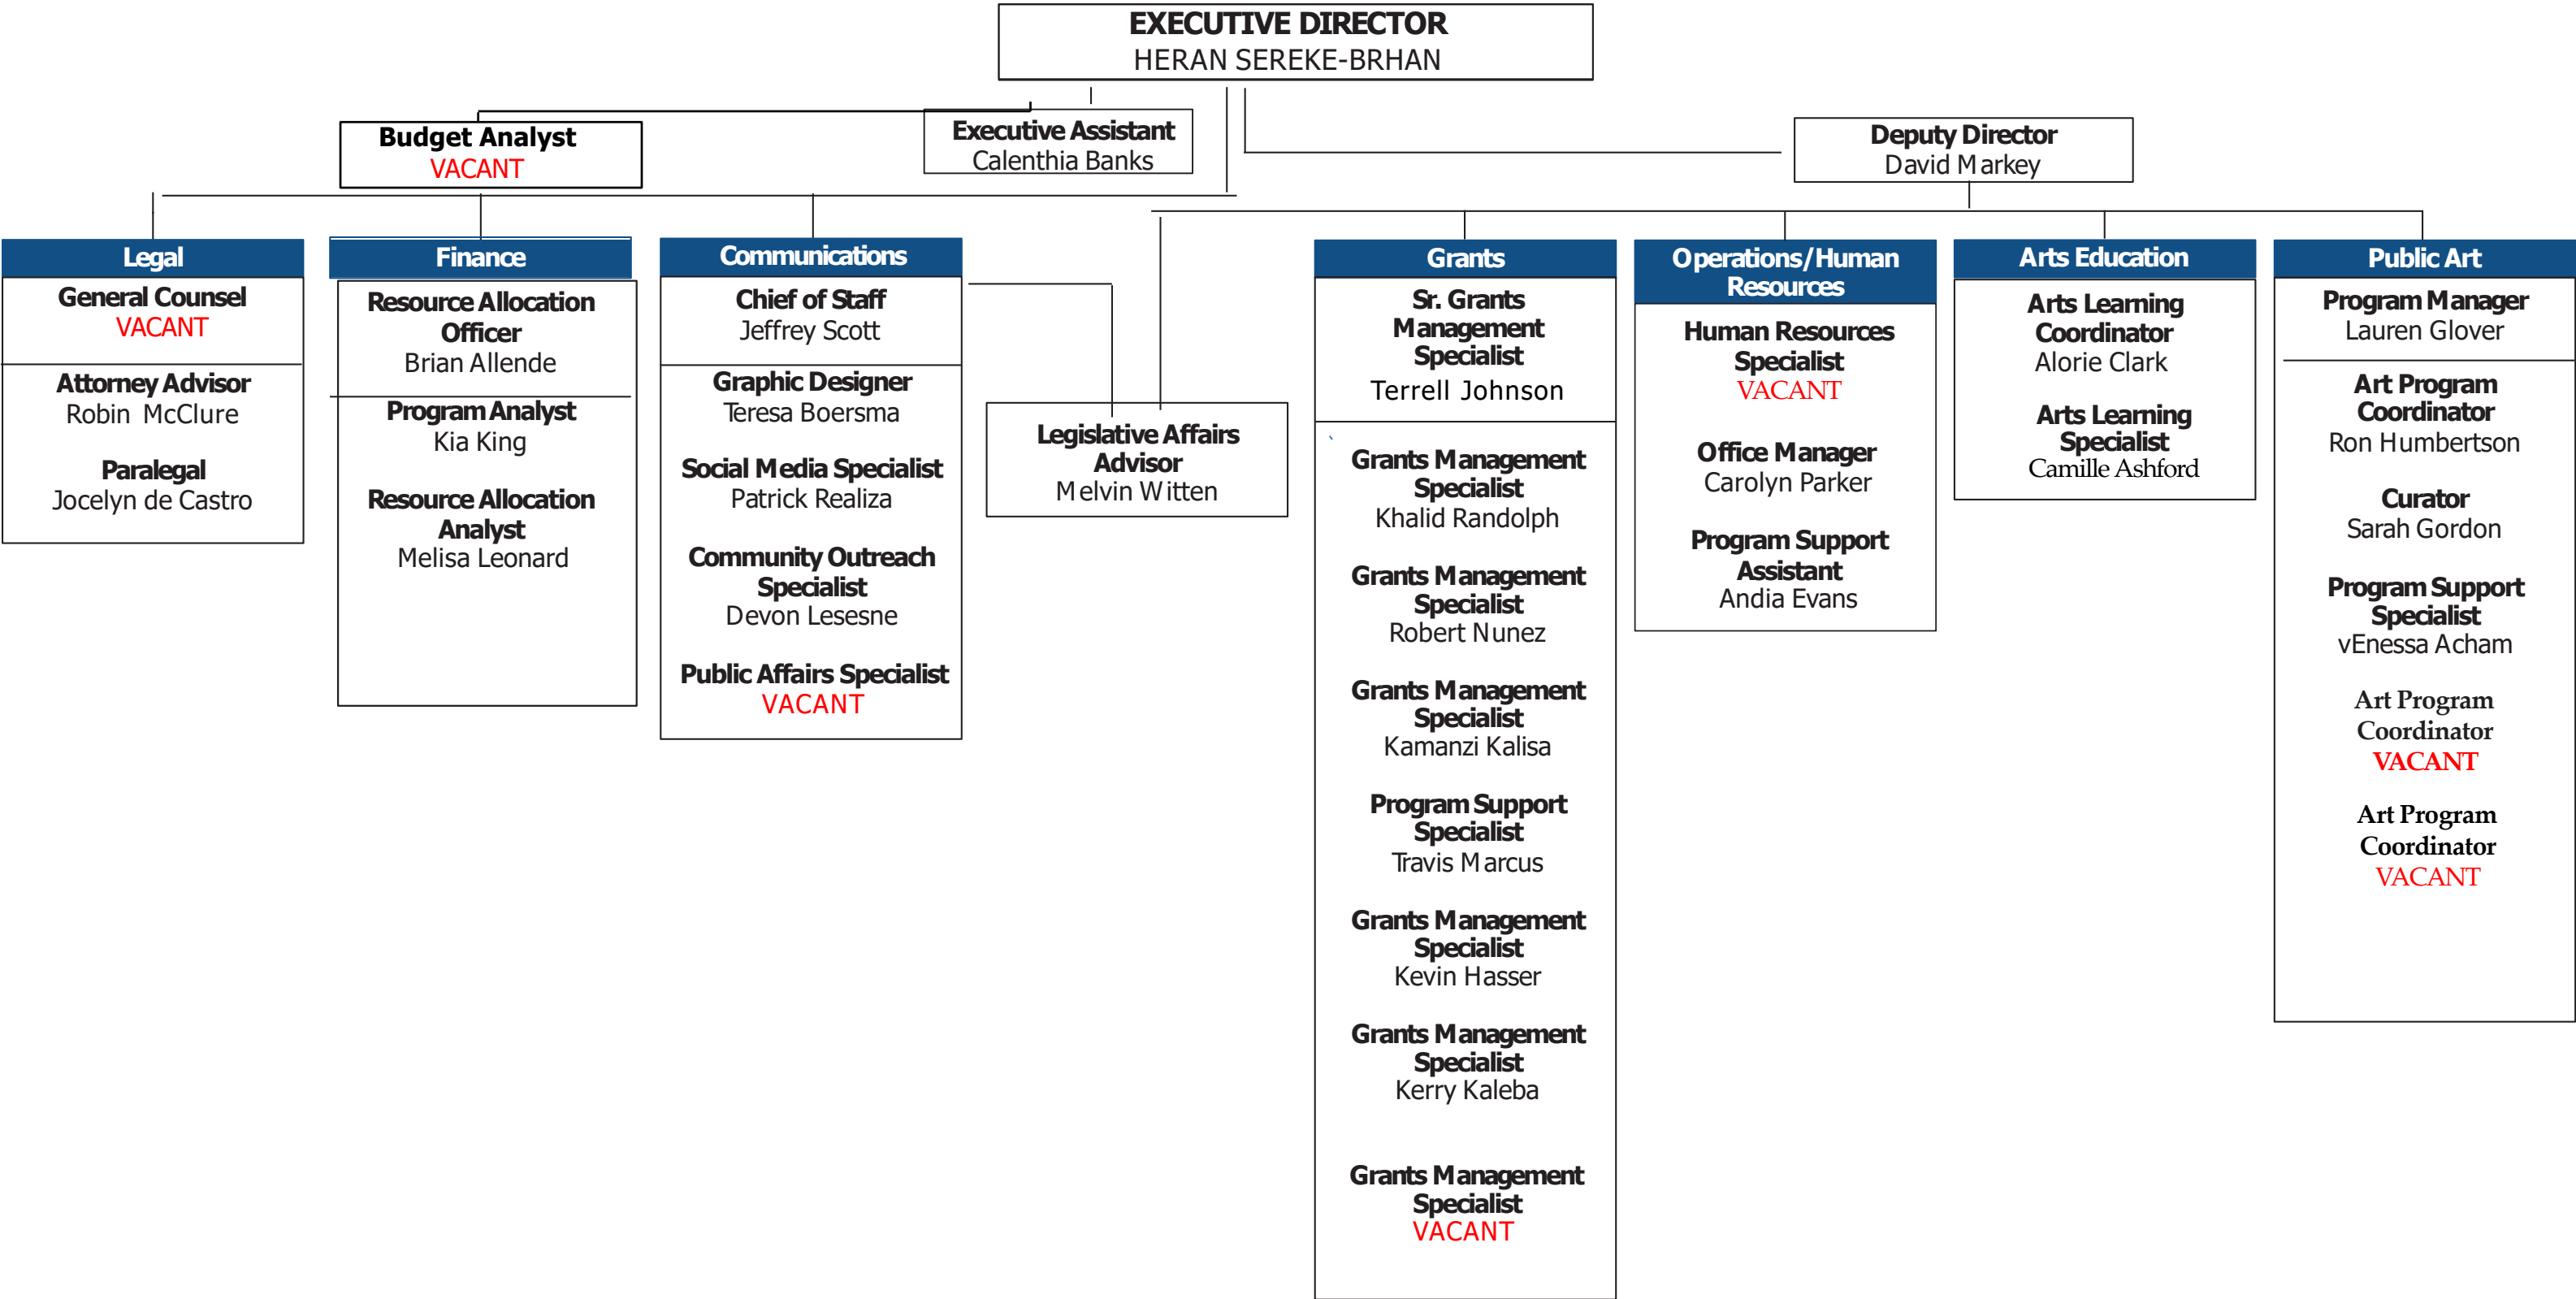

5. Cultural Plan Steering Committee

When the DC Cultural Plan was released in March 2019, certain elements of the Plan were not well-received by the arts and cultural sector. Shortly thereafter, CAH began the transition to an independent agency, which was followed by the pandemic and resultant state of emergency, all of which hindered any additional action regarding implementation of the Plan.

The Cultural Plan for the District Act of 2015 mandates that a Cultural Plan Steering Committee be formed to assist in the implementation of the Plan. CAH has begun the process of engaging with the various stakeholders named in the legislation to be a part of this Steering Committee with the hope of beginning regular quarterly meetings as soon as possible.

The DC Cultural Plan is extensive and multi-faceted, and while some elements of the Plan may not be viable for various reasons, we believe that there are many aspects that have the potential to be of benefit for the sector and the District. Many of the issues covered by the Plan continue to exist, and some have likely been exacerbated over the last two years. The Steering Committee will be able to re-assess the Plan and identify actionable and impactful strategies and recommendations to implement. The Plan could ultimately play a key role in informing the recovery efforts for the District's and cultural sector.

DC Cultural Plan Steering Committee	The DC Cultural Plan was completed in the spring of 2019. The Cultural Plan for the District Act of 2015 (D.C. Law 21-36 § 1072; D.C. Official Code § 39-231) stipulates that a Cultural Plan Steering Committee be formed in the first quarter after the submission of the Plan to the Mayor and the Council to assist in the implementation of the Plan. CAH's re-establishment as an independent agency from FY 2019 to FY 2020, and the subsequent COVID-19 public health emergency delayed the formation of the Cultural Plan Steering Committee. By the end of Q2 FY22, will convene the first meeting of the Committee, and convene subsequent meetings each quarter. This will re-activate the Cultural Plan and begin the rollout of the Plan's various recommendations, which will ultimately benefit residents and their quality of life.	03-31-2022	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	no	Deputy Mayor for Planning and Economic Development	Add Initiative Update

Grantmaking Process Update	CAH will collaborate with the Grants Management Division, OCA, on a complete revision of CAH's Request for Applications (RFA) template. This revision will incorporate latest best practices and will be more consistent with RFAs produced by other District grantmaking agencies. It should also improve processing of grants paperwork and allow for grantees to receive funds in less time. The new template will be deployed for use in Q2 FY22. Because it will visually look significantly different from the current RFA template, CAH plans to host workshops that will provide an explanatory walkthrough of the new RFA and provide technical assistance support to prospective grant applicants.	03-31-2022	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	no	Deputy Mayor for Planning and Economic Development	Add Initiative Update
Space and capacity building for BIPOC arts organizations	CAH will engage organizations in Wards 7 and 8 that identify as BIPOC nonprofit arts and humanities organizations in a series of community discussions to identify a collective impact initiative to address the need for space. CAH will then develop and issue a two-part Request for Proposals (RFP) for BIPOC arts organizations to plan for the purchase or long-term lease of space that would collectively house their organizations and programming in Ward 7 or 8. (Q1 - focus group discussions) Part 1 of the RFP will award planning grants for interested groups in Q2 FY22. Part 2 of the RFP would follow in Q3-Q4 FY22 with larger grants to be used for purchase or long-term lease of space.	09-30-2022	✓	<input type="checkbox"/>	<input type="checkbox"/>	yes	Deputy Mayor for Planning and Economic Development	Add Initiative Update
