This list does not include our seasonal vacancies. BOE hires upwards of 50+ temporary workers during an election cycle. The temporary workers are classified as "WAE" employees. Funding under Comp Source Group (CSG) 12 is used to hire these temporary workers.

The request for full funding from the Council is ongoing and DCBOE works closely with the Oversight Chair to demonstrate its needs. For example, when DCBOE decided to mail ballots for the 2022 Election Cycle, we requested additional funding. The funds for the Primary came from the Mayor’s Contingency Fund. DCBOE later submitted an additional budget enhancement for the General Election. There is no mechanism in place for DCBOE to request additional federal funding. The</p>

				federal funding that DCBOE has received comes directly from the U.S. Election Assistance Commission and is a formula-based appropriation.
2. The DCBOE should audit the content and usability of the website to ensure it meets voters’ needs including (1) clear information on what actions voters must take to “cure” their ballot if there is an issue that might prevent it from being counted; (2) showing voters which locations are closest or most convenient for them and updating the mapping feature with wait times on Election Day; (3) allocating staff to actively monitor and respond to any inaccurate posts to provide correct information.	<p>[Following the audit] DCBOE’s PIO has begun a comprehensive review of the current website and plans to launch a more-user-friendly version in early 2022.²</p> <p>DCBOE will ensure this information [for curing a ballot] is on the website with information about tracking ballots.³</p> <p>We [DCBOE] recognized the importance of launching a searchable map. We do not provide wait</p>	Implemented	3/1/2022	DCBOE launched an updated website in March 2022 that eliminated duplicative and confusing information. A more robust splash page replaced the homepage ahead of the 2022 Election Cycle. Voters have the ability to easily register to vote, track their ballots, and review important deadlines. The searchable voting location map continues to be available along with separate pages providing Mail Ballot Drop Box, Early Vote Center, and Vote Center locations, sorted by ward. (See Appendix 1 for a screenshot of the splash page.) Information about signature verification and ballot curing is included on the page. (See Appendix 2 for screen shots of posted ballot curing information.) DCBOE modified the information about tracking ballots to make it clearer. (See Appendix 3 for an example of the new ballot tracking messaging.) DCBOE does not provide

Wait times are only provided during Early Voting.⁴</p> <p>While DCBOE will make every effort to correct misinformation in the 2022 Election Cycle, we have not been staffed to provide a dedicated staff member to actively monitor and respond to inaccurate posts to provide correct information. The high turnout on Election Day does not allow a reasonable process for election workers to continuously update wait times while assisting voters in the Vote Center. Finally, DCBOE quickly corrects misinformation posted on social media. (See Appendix 4 for example of DCBOE correcting misinformation.)</p>

DCBOE’s ongoing outreach efforts will continue to include collaboration with community leaders and stakeholders to increase awareness about voting and voting accessibility for seniors and individuals with disabilities. (See Appendix 5 for examples of flyers that were distributed to promote these events.) DCBOE also solicited feedback from the public regarding Mail Ballot Drop Box locations and Vote Center locations before they were finalized.
4. DCBOE should invest in IT infrastructure and ensure sufficient time and resources to develop, implement and test new applications.	DCBOE agrees that online registration should be enhanced and easier to use. An effective online registration system is under development and will be available during the 2022 Election Cycle. ⁷	Implemented	9/28/2021	DCBOE launched its new voter registration management tool, Voter Focus, in September 2021. Additionally, DCBOE launched an “online voter registration portal” to make it easier for voters to register to vote or change their registration information. (See Appendix 6 for screenshots of Voter Focus and the online portal.) Voters can also connect to the registration portal via a QR code, which was featured in DCBOE’s communications outreach

				efforts. (See Appendix 7 for a graphic of a yard sign using the QR code.)
5. DCBOE should send periodic address confirmation mailings to all voters with adequate time for response and follow-up.	DCBOE generally agrees with the recommendation. In fact, DCBOE mailed out address confirmation cards to all registered voters during the 2020 Election Cycle. However, DCBOE is not properly staffed and resourced to provide additional mailers on a periodic basis. ⁸	No Action Will Be Taken; Management Accepts Risk	Click or tap to enter a date.	As noted, DCBOE is not properly staffed or funded to execute this recommendation. However, DCBOE uses various external communications platforms to encourage voters to check and update voter registration information. (See Appendix 8 for a social media post, a brochure, a newspaper advertisement, a social media post, and a postcard mailer that encourage voters to review their registration information.)
6. DCBOE should work with all voter registration agencies (VRA) to ensure they are effectively fulfilling their obligations to inform voters about registration opportunities and assist in looking for ways to integrate agency systems into the District’s registration system.	We will continue to work with VRAs and provide training. We have sent letters outlining VRA responsibilities to each agency. We are also working on an informational video that will assist in our training efforts. ⁹	Implemented	6/1/2022	DCBOE produced a training manual, videos, and other materials that were shared during training sessions with Department of Parks and Recreation, DC Public Libraries, Department of Health, Department of Disability Services, Department of Motor Vehicles, Department of Corrections, the Health Benefit Exchange Authority, DC Public Schools, Department of Health Care Finance, Department of Human Services, and Department of Youth Rehabilitation Services. Plans for 2023 include

				<p>scheduling meetings with each VRA separately. Further, DCBOE will notify VRAs if their monthly reporting form is not submitted. DCBOE will periodically visit each VRA to observe their voter registration procedure for compliance with the NVRA. Finally, DCBOE will schedule at least one mid-year audit with each VRA to review their voter preference forms. (All of the materials cited above can be found on DCBOE’s website: https://www.dcboe.org/About-Us/NVRA/Resources.)</p>
<p>7. DCBOE should work with other stakeholders to expand opportunities to register to vote and update voter registration including agencies and community organizations that residents regularly interact with and work with community leaders well ahead of elections to inform and update voters on the voting process. This</p>	<p>DCBOE has a very robust Voter Education and Outreach unit that conducts voter registration drives. We will continue to look for ways to work with new agencies and community organizations that interact with residents.¹⁰</p> <p>DCBOE will continue education and outreach efforts</p>	<p>Implemented</p>	<p>6/1/2022</p>	<p>DCBOE cultivated a productive and positive relationship with D.C. Public Library, a Voter Registration Agency, to provide opportunities for District residents to register to vote and to learn about the voting and electoral processes. In partnership with D.C. Public Library, DCBOE hosted voter education workshops and voter registration drives at several library branches across the District. To celebrate National Voter Registration Day (September 20, 2022), DCBOE and D.C. Public Library co-hosted two outreach events to engage and educate District residents about</p>

However, DCBOE will not focus efforts solely on areas with low voting rates. As previously stated, voter turnout is not part of the agency’s mission. DCBOE will use a variety of effective communication tools, taking into account the demographic makeup of the District.¹¹</p>		<p>voting and to register residents to vote in advance of the 2022 General Election. Additionally, DCBOE works closely with other agencies and community organizations, including D.C. Public Schools and all of the local colleges and universities. As noted in response #3, DCBOE works closely with the senior citizen community in its outreach efforts. (See Appendix 9 for flyer promoting National Voter Registration Day created by DCPL.) DCBOE’s Events calendar (https://www.dcboe.org/Community-Outreach/Events) shows all the outreach events that have been held.</p>

I received a letter informing me of an issue with my voted mail ballot. What is "curing" a ballot? What do I do?

If there is an issue with a voted mail ballot, the voter will receive a letter from DCBOE that specifies the problem with the ballot. The voter will have up to seven days to resolve the issue (cure the ballot).

The most frequent issues requiring a ballot to be cured:

- **Signature mismatch.** The signature on the ballot return envelope does not match what we have on file from the voter's registration application, and/or a subsequent update to the registration application. (DCBOE recognizes that signatures can change over time and we account for that.)
- **Missing signature.** The voter forgot to sign their ballot return envelope.

In either of these circumstances, the voter can sign the certificate included with the initial letter and can return it by emailing it to dcabsentee@dcboe.org or mailing/delivering it to DCBOE at 1015 Half Street, SE, #750, Washington, DC, 20003.

- **Proof of residency required.** Valid proof of District residency must be provided.

In this instance, the voter needs to provide valid proof of residency ([see acceptable forms of proof here](#)) by either emailing it to dcabsentee@dcboe.org or mailing/delivering it to DCBOE, at

BOE EXECUTIVE DIRECTOR'S NOVEMBER 2021 REPORT (EXECUTIVE DIRECTOR EVANS)

 - Due to the recent COVID surge, we have had to modify our operating status. Until further notice, our offices are open by appointment only; this will help us limit the number of people in our office at any given time.

 - On January 6, Executive Director Evans testified at a hearing for the Elections Modernization Act. The legislation introduced by Councilmember Allen is co-sponsored by a majority of the Council.

 - The Board takes no position on specific legislation, but the Executive Director did provide comments regarding the impact the legislation would have on the Board.

MINUTES OF THE BOARD OF ELECTIONS REGULAR MEETING

February 2, 2022

The District of Columbia Board of Elections (the Board) held its Regular Monthly Meeting on Wednesday, February 2, 2022, via Zoom. Board Chairman Gary Thompson, Board Member Karyn Greenfield and Board Member Mike Gill were present. The Board's Executive Director, Monica Evans, the Board's General Counsel, Terri D. Stroud, the Director of the Office of Campaign Finance (OCF), Cecily Collier-Montgomery, and OCF's General Counsel, William Sanford were also present.

CALL TO ORDER (10:34 a.m.)

ASCERTAINMENT OF QUORUM

- Board Chair Thompson and Board Members Greenfield and Gill constitute a full quorum to conduct business.

ADOPTION OF AGENDA/APPROVAL OF MINUTES

- **BOARD ACTION:** The Board unanimously adopted the agenda and minutes from the last meeting held on January 12, 2022.

BOARD MATTERS

- Board Chair Thompson expressed excitement regarding the upcoming election season after having an opportunity to participate in a voting registration event conducted by the Board at Duke Ellington High School.

BOE EXECUTIVE DIRECTOR'S JANUARY 2022 REPORT (EXECUTIVE DIRECTOR EVANS)

• General Information

- Until further notice, our offices are open by appointment only; this will help us limit the number of people in our office at any given time. Appointments can be made by calling our main number, (202)727-2525.

• Voter Outreach

- During the month of January, the Voter Education and Outreach Division (VEOD) participated in five outreach events on behalf of the agency, including the Ellington outreach event at which the Board registered roughly 40 students.

- **Voter Registration**

- We are currently processing new registrations in Voter Focus and producing registration reports. In January, we registered 1,573 new voters and processed 2,288 address changes. In total, we mailed 3,861 voter registration cards.
- Our online voter registration portal went live in January and can be accessed from our website. Those registering to vote using the portal may register and sign using a smart phone, touch screen device, or computer mouse. They can also upload their signatures. All that is required is a device with internet service. To date, the Board has successfully registered 133 voters using the portal.
- The Board encourages voters to review and update their voter registration information regularly. The Board conducts a canvass after every General Election, a process that can result in voters being moved from active to inactive status. We are currently reviewing files to move voters from active to inactive status. There were some delays in the finalization of the last canvass due to the migration of information to a new voter registration system, but we do want to be responsible with our efforts. This process takes time.
- We realize the challenges faced generating accurate lists of registered voters in the District. D.C. is a transient city; many residents frequently move to different jurisdictions within the DMV, and some leave the area altogether.
- We also have a large population of college students. We are developing a process to work with the universities to ensure we get returned mail for students who no longer live in university housing.

- **Redistricting**

- The ward redistricting process is complete. Our systems have been updated to reflect changes to the wards.
- 22,817 active voters changed wards:
 - 8,548 voters moved from Ward 6 to Ward 2
 - 1,501 voters moved from Ward 2 to Ward 6
 - 7,952 voters moved from Ward 6 to Ward 7
 - 4,426 voters moved from Ward 6 to Ward 8
 - 190 voters moved from Ward 6 to Ward 5
- The Council is currently engaged in the ANC redistricting process.

- **Overview of Process for Primary Election**

- The Primary Election will be held on June 21, 2022.
- Offices on the ballot:
 - Delegate to the House of Representatives from the District of Columbia
 - Mayor

- Chairman of the Council
 - At-Large Member of the Council
 - Ward Member of the Council (Wards 1, 3, 5, 6)
 - Attorney General for the District of Columbia
 - U.S. Representative
 - State Board of Education Members ((Wards 1, 3, 5, 6)
 - Local Party Committees
 - We have received money from the Mayor's Contingency Fund to mail a ballot to every registered voter in the District of Columbia for the June primary.
 - Our tentative plan is to begin mailing ballots on May 16.
 - Vote Centers will open for early voting from June 10 through June 19 from 8:30 a.m. to 7:00 p.m. There will be no in-person voting on June 20 in observation of the Juneteenth holiday.
 - 40 Vote Centers will be open during early voting. 90 Vote Centers will be open on Election Day, June 21 from 7:00 a.m. to 8:00 p.m.
 - BOE owns 55 mail ballot drop-boxes which will open on [date]. Voters can also deposit ballots at any Vote Center during early voting and on Election Day.
- **Petitions**
 - Candidate pickup can happen in person by appointment or online. The documents are also available on our website. Candidates can request electronic petitions and circulate them electronically; this process is explained on our website.
 - Candidates may make an initial and supplemental filing. As of today, there are no modifications to the signature requirements based on the pandemic.
 - All petition sheets and ballot access documents must be submitted by March 23.
- **Election Worker Recruitment and Training**
 - We are currently recruiting election workers. January 25 was National Poll Worker Recruitment Day. We engaged in several outreach activities, including a Twitter chat. Our goal is to recruit and train between 2,000 and 2,500 election workers for the Primary Election.
 - Election worker training will begin on March 22. We will have an online training portal available to supplement the four-hour in-person training sessions. The online training may be viewed before the in-person training classes or as a refresher after the in-person training is completed.
- **Communications**
 - We are in the process of revising our current website to make it more user-friendly. We want to ensure that information is clear and easily found.

- Messaging has begun asking voters to review their voter registration information for accuracy.
- We will continue to monitor DC mandates and CDC guidelines with respect to the pandemic; changes to our election plan will be made as needed.

BOE OGC JANUARY 2022 REPORT (GENERAL COUNSEL STROUD)

- **The Historically Black Neighborhood Act**
 - Proposer irrevocably withdrew the proposed initiative measure. Accordingly, we will not hold a proper subject matter determination hearing regarding the proposed measure as planned.

- **Rulemaking to Title 3 of the DC Municipal Regulations**
 - Final Rulemaking
 - Title 3, Chapters 10 through 11 and Chapters 14 to 17 of the DCMR will be amended. These amendments reflect statutory provisions that permit electronic petition circulation. The emergency and proposed rule-making was published in the D.C. Register on Friday, December 17th, and the comment period ended on January 16.
 - This rule-making took away some language in the Board's regulations that did not facilitate electronic circulation of petitions.
 - There was a correction to a typographical error, but no substantive comments were received.
 - **BOARD ACTION:** Unanimously approved the motion for the final rulemaking to be submitted to the D.C. Register for publication.

- **Litigation Status**
 - **Long v. D.C. Board of Elections**
 - This matter was filed in D.C. Superior Court on July 2, 2021 and is a civil complaint seeking \$10,000 in damages. Mr. Long claims negligence and unjust enrichment, and alleges that the Board issued him a check without informing him not to deposit it, then had payment of the check stopped, causing him to have a negative balance and a returned check fee.
 - The Board is being represented in this matter by the Office of the Attorney General (OAG), which serves as counsel for the Office of Finance and Resource Management (OFRM), the entity that handled the issuance of poll worker checks for the Board.
 - There was an initial hearing on August 9, 2021. The matter has been continued to February 14, 2022.

- **Henderson v. D.C. Board of Election**
 - Kathy Henderson filed a Recall Petition against Sydelle Moore, Advisory Neighborhood Commissioner for Single-Member District 5D05. The petition was rejected due to an insufficient number of signatures.
 - Ms. Henderson appealed the matter to the DC Court of Appeals.
 - On January 19, the Court issued an order indicating this matter would be referred to the mediation coordinator for mediation screening.

- **Public Interest Legal Foundation (PILF) v. D.C. Board of Elections**
 - This matter was filed in USDC for the District of Columbia under the National Voter Registration Act (NVRA).
 - The suit alleges that the Board is out of compliance with the NVRA's public records provision.
 - PILF requested records from the Board, which were denied due to requested records not being subjected to public disclosure.
 - The OAG will file a motion to dismiss tomorrow.

PUBLIC MATTERS

- **Nicole McClure**
 - Expressed concerns regarding mail-in voting. Ms. McClure noted that states that have high levels of success with mail-in ballots have rigorous rules and regulations in place to ensure transparency and confidence in the election. D.C. does not meet this threshold, as it has no rules or regulations in place. It is in no one's interest to adopt a new voting system without a full, open, public debate. D.C. deserves a modernization of voting methods decided in the public square, not back offices.
 - **Board Response:** Executive Director Evans explained that the Board will make every effort to be transparent with all of our decision-making. Everything regarding the Board's plans is on the record, including testimony provided in oversight hearings. Board Chair Thompson also noted that there is a bill pending before the D.C. Council to make mail balloting a permanent means of voting in D.C. The Council will be holding hearings for public comment in that regard. The Board follows the laws and regulations as they're passed.

- **Rachel Dolan**
 - Raised concerns regarding the nearly 68,000 voters who have not actually voted since 2016. Expressed particular concern with the initiative process and petitioning during the pandemic.
 - **Board Response:** Board Chair Thompson explained that systematic voter roll maintenance process is always an ongoing process; people are always moving on and off of the District's voter registry; sometimes people self-report their address changes, sometimes they don't. One of the most critical aspects of it being to keep voters registered if that's their intent, and with the use of notices, identify that

intent and respect it. It's important for the maintenance to be updated and revised to keep the voter rolls as accurate as possible.

- Board Member Gill noted the need for the Council to change the regulations. He continued to comment that there's a balance, but it really does disadvantage people that are trying to get signatures for petitions.

- **Adam Eiding**

- Raised concerns regarding the inability to circulate electronic initiative petitions. Noted specific regulation changes that he felt could fix some of the issues previously raised by Ms. Dolan. He also raised concerns regarding the inability to receive complete voting data.
- **Board Response:** General Counsel Stroud informed Mr. Eiding that initiative petitions can be circulated electronically. Board Chair Thompson noted that even in the absence of action from the Council, the Board is still working extremely hard to maintain as accurate a voter registry as possible.

- **Ryan O'Leary**

- Raised many of the concerns noted by Mr. Eiding. Specifically, Mr. O'Leary noted that the Board needs to be more diligent with respect to moving people from active to inactive so that ballot initiative proposers don't need to collect far more than five percent of active registered voters' signatures, especially during a pandemic.
- **Board Response:** Executive Director Evans acknowledged that the Board has a responsibility to ensure it's moving voters from active to inactive status in a timely manner. She also noted that the Board recognizes it does have voters registered at non-residential addresses and that isn't necessarily an error. The Board engages in targeted outreach to reach homeless populations. If they sleep in front of 1600 Pennsylvania Avenue, they can actually use that as their registration address when they register, or other public facilities, park locations or homeless shelters. That may contribute to the reasons we're seeing what appear to be nonresidential addresses on the Board's voter rolls.

- **Nikolas Schiller**

- Raised various concerns regarding the accuracy of the Board's voter rolls, specifically those that should be designated as inactive voters.
- **Board Response:** Executive Director Evans indicated that the Board is committed to following up and ensuring it makes every effort to have the most accurate voter rolls possible. General Counsel Stroud noted that the Board is exploring best practices in other jurisdictions.

○ **Dorothy Brizill**

- Raised various concerns, including about the Board’s preparations for the upcoming elections. Ms. Brizill also asked OCF Director Collier-Montgomery to comment on the FEP, as well as the recent Office of the DC Auditor (ODCA) report regarding the same. Ms. Brizill inquired as to when the Board is going to start a public information campaign to inform the press and the public about the upcoming elections, including the location of Vote Centers. Ms. Brizill also noted that there have been long-standing issues with the voter rolls in the District.
- **Board Response:** Executive Director Evans commented that the Board had previously committed to making its 2022 election cycle plans public, and that the Board will post proposed Vote Center locations on its website so that it can get input from the public regarding these locations before they are finalized. The Board is also developing a comprehensive communications plan.
OCF Director Collier-Montgomery commented that she had received the final audit report on the FEP from the D.C. auditor, but that she has not yet had the opportunity to completely review the report. She indicated that she intends to offer a complete report regarding the audit report at the March Board Meeting.

DCBOE EXECUTIVE DIRECTOR'S FEBRUARY 2022 REPORT (EXECUTIVE DIRECTOR MONICA EVANS)

- **General Information**
 - Because of the sharp decline in the Omicron variant, the Mayor has lifted mask mandates for businesses effective March 1, 2022. DCBOE will retain the mask requirement, but will no longer require an appointment to our offices.
- **Voter Education and Outreach (VEOD)**
 - During February 2022, the VEOD conducted 17 outreach events, including events at Phelps High School, Howard University, and the Department of Aging and Community Living.
- **Voter Registration**
 - We are currently processing new voter registrations through Voter Focus. In February, we registered 3,246 new voters and processed 2,850 address changes. In total, we mailed out 6,096 voter registration cards. We modified voter registration forms to properly capture required information from incarcerated DC residents.
- **Online Voter Registration:**
 - Our online portal went live at the end of January. It can be accessed through the DCBOE website. Use of the portal is gaining in popularity. Those registering to vote using the portal can complete the process using a cell phone, tablet, laptop, or desktop. So far, 932

voters have registered using this portal. We are making preparations to mail ballots for the June primary. DCBOE encourages voters to review and update their voter registration information if necessary.

- We recently moved 10,000 voters from “active” to “inactive” status. The remainder who are eligible to be moved will be moved within the next two weeks.
- **Redistricting:**
 - The US Census Bureau was set to release information to states by March 31, 2021 but, due to COVID delays, DC didn’t receive redistricting data until August and September 2021. The Redistricting Task Force has completed the ward redistricting process, and we have new ward boundary lines. The Council’s Ward Task Force is currently engaged in the Advisory Neighborhood Commission (ANC) redistricting process.
 - Yesterday, emergency legislation that amended the Redistricting Procedure Act of 1981 was passed. The bill extends the deadline for submission of ward task force reports on the redistricting of ANCs and Single Member Districts (SMDs). We will work closely with the Council to make sure provisions of this bill provide a timeline that allows us to complete the ANC and SMD redistricting process ahead of the pickup of ballot access documents for the office of Advisory Neighborhood Commissioner in July.
- **Update on Preparations for the June 21, 2022 Primary Election:**
 - The primary election is on June 21. Candidate pick-up began on January 28, and petitions are being circulated. All petition sheets must be submitted by March 23. We will mail a ballot to every registered DC voter for the June primary.
 - A contract for mail ballots has been awarded to K & H. DCBOE used them to mail ballots for the 2020 general election. We were pleased with their service and expect the same during this election cycle.
 - We tentatively plan to begin mailing ballots on May 16. Final mailing of ballots will occur on or around June 10.
 - Early vote centers will be open from June 10 through June 19. There will be no in-person voting on June 20 because of the Juneteenth holiday. A total of 40 vote centers will be open during early voting. A total of 90 vote centers will be open on election day. We have finalized the locations of the 40 early vote centers, and the election day voting centers will be finalized this week.
 - DCBOE owns 55 mail ballot drop boxes and are finalizing where these drop boxes will be located. We posted proposed locations on our website for public comment, and made adjustments based on feedback we received. With the help of the Department of General Services (DGS) and the Department of Public Works (DPW), we plan to open mail ballot drop boxes on May 27. Voters can also deposit ballots at any vote center during early voting and on Election Day.
- **Election Workers:**
 - We are currently recruiting election workers, and election worker training begins on March 22. Our goal is to recruit and train between 2000-2500 election workers for the primary. The online training portal (which will be available on our website) is finished and will supplement the in-person training.

- We have revised portions of our website to make it more user-friendly. We have also requested Personal Protective Equipment (PPE) and plexiglass for use in our vote centers, and will review DC mandates and monitor CDC guidelines with respect to the pandemic. Changes and adjustments to our plan will be made as needed.

DCBOE GENERAL COUNSEL'S FEBRUARY 2022 REPORT (TERRI STROUD):

- **Rulemaking to Title 3 of DCMR**
 - **Emergency and Proposed Rulemaking**
 - Title 3, Chapters 5, 7, 10, 14-15 and 99 will be amended
 - Assuming the rulemaking is published in the DC Register on March 11, the public can submit comments on or before April 11. We ask that the Board approve the submission of the rulemaking to the DC Register.
 - **BOARD ACTION:** The Board unanimously approved the motion for the emergency and proposed rulemaking to be submitted to the DC Register for publication.
- **Litigation Status:**
 - **Long vs. DCBOE:**
 - This matter was filed in DC Superior Court on July 2, 2021, and is a civil complaint seeking \$10,000.00 in damages. Petitioner claims negligence and unjust enrichment stemming from the 2020 election cycle, and alleges that the Board issued him a check without informing him not to deposit it, then had the payment stopped, causing him a returned check fee and a negative balance. The Office of Financial Resource Management (OFRM) handled payments to poll workers in this matter.
 - The Board is being represented in this matter by the Office of the Attorney General (OAG), which serves as counsel for OFRM.
 - The next hearing is set for March 25.
 - **Henderson vs DCBOE:**
 - Kathy Henderson filed a recall petition against Sydelle Moore, the ANC Commissioner for SMD 5D05. The petition was rejected because of an insufficient number of signatures.
 - Ms. Henderson appealed the matter to the DC Court of Appeals.
 - On January 19, the Court issued an order indicating this matter would be referred to the mediation coordinator for mediation screening. We are awaiting next steps.
 - **Public Interest Legal Foundation (PILF) vs. Monica Evans:**
 - This matter was filed in the United States District Court for the District of Columbia under the National Voter Registration Act (NVRA).
 - The suit alleges that the Board is out of compliance with the NVRA's public records provision.
 - PILF requested records from the Board, and the request was denied due to the requested records not being subject to public disclosure pursuant to federal law.
 - The OAG filed a motion to dismiss on February 3, and PILF filed their opposition on February 17. A reply is due by March 17.

PUBLIC MATTERS

- Dorothy Brizill:
 - Expressed frustration that information isn't clearly and easily posted on the DCBOE website. She stated that she had to hunt for today's meeting and agenda information, and requested that the Board make the site more user-friendly. She also requested that the Board do a better job of providing information to the public.
 - Board Response: Executive Director Evans explained that the Board meeting agenda is posted on our website and that we are working with an outside vendor to update our website and make it more user-friendly. Executive Director Evans also explained that, as a result of Ms. Brizill's comments at the Board's previous meeting, the Board made certain that the requested information (including proposed locations for vote centers and mail ballot drop boxes) was posted on the agency website and made available on social media platforms. She further stated that the Board has no intention of making decisions in secret.
 - Stated that she was taken aback that the OCF Director did not mention the final audit report regarding OCF issued by the Office of the DC Auditor (ODCA) in her report.

ADJOURNMENT (12:01 PM)

MINUTES OF THE BOARD OF ELECTIONS REGULAR MEETING
April 6, 2022

The District of Columbia Board of Elections (“the Board”) held its Regular Monthly Meeting on Wednesday, April 6, 2022 via Zoom and in the Board’s Hearing Room, located in Suite 750, 1015 Half Street, SE, Washington, D.C. 20003. Board Chair Gary Thompson and Board Members Karyn Greenfield and Mike Gill were present. The Board’s Executive Director Monica Holman Evans (“Director Evans”), General Counsel Terri Stroud, Director of the Office of Campaign Finance (“OCF”) Cecily Collier-Montgomery, and OCF General Counsel William SanFord were also.

CALL TO ORDER (10:37 a.m.)

ASCERTAINMENT OF QUORUM

- Board Chair Thompson and Board Members Greenfield and Gill constituted a quorum.

ADOPTION OF AGENDA/APPROVAL OF MINUTES

- **BOARD ACTION:** The Board unanimously adopted the agenda and minutes from the last meeting held on March 2, 2022.

BOARD MATTERS

- The Chair offered a resolution acknowledging the contributions to the Board of former Chair D. Michael Bennett and thanking Mr. Bennett for his years of outstanding public service in support of the Board.

BOARD ACTION: The Board unanimously adopted the foregoing resolution.

- Hearing on Appeal from Adverse Preliminary Determination of Eligibility for Ballot Access (Lori Furstenburg). Lori Furstenburg appealed a decision by Executive Director Evans finding that Ms. Furstenburg’s petition for the office of Mayor in the June 21, 2022 Republican Primary Election contained insufficient signatures to qualify her for ballot access. While acknowledging that she received from Board staff a list of 28,900 registered voters and that she needed signatures from 1% of that pool of voters, Ms. Furstenburg insisted that she was never told that she needed 290 signatures and she expressed uncertainty about the accuracy of the voter roll used to determine the necessary signature requirements for her contest. She argued that the inaccuracies in the D.C. voter rolls combined with the 1% determination is vague, unconstitutional, and discriminatory, and amounts to voter suppression under the Voter Rights Act and the Constitution.

BOARD ACTION: The Chair moved to accept the recommendation of the General Counsel to affirm the preliminary determination. The Board unanimously agreed and denied the appeal.

- **Petition Verification Results for Initiative Measure No. 82: “District of Columbia Tip Credit Elimination Act of 2021”** Director Evans reported that the Board staff found that the petition for Initiative No. 82 contains the minimum number of signatures necessary to qualify for the ballot. Director Evans explained that the required minimum is five percent of the registered voters in D.C. and in five of the eight wards based on the number of voters as of December 31, 2021. After determining that the petition had sufficient numbers and an initial random sampling, Director Evans stated that the signatures for Wards 1, 3, and 4 were accepted, the signatures for Wards 5, 7, and 8 were rejected, and no decision could be made as to Wards 2 and 6. Following additional random sampling of Wards 2 and 6, it was determined that Ward 2 could be accepted but that there was still no decision as to Ward 6. Further sampling still resulted in no decision for Ward 6. Thereafter, the Data Management Division (“DMD”) of the Office of Planning recommended that the entire universe of Ward 6 signatures be tested. Director Evans stated that, at the time of the recommendation, Ward 6 contained 4,656 otherwise valid signatures. On review Board staff, Director Evans reported that the signatures for Ward 6 was 5,135 and that all 5,135 signatures were reviewed for signature authentication. The results of the review of Ward 6 were provided to DMD for statistical analysis, and DMD concluded that the results supported acceptance in five of the eight wards. She noted that the petition review was conducted based on the District’s wards prior to redistricting. Director Evans recommended, based on the results of the petition verification process, that Initiative Measure No. 82 be found numerically sufficient and should be certified for ballot access.

General Counsel Stroud advised that, pursuant to D.C. Official Code § 1-1001.16(p)(1), the initiative will appear on the ballot for the general election.

BOARD ACTION: The Board unanimously found the petition for Initiative Measure No. 82 to be numerically sufficient and certified it for ballot access. The Board also unanimously adopted a written memorandum opinion of its decision.

DCBOE EXECUTIVE DIRECTOR’S APRIL 2022 REPORT (EXECUTIVE DIRECTOR MONICA EVANS)

- **Voter Education and Outreach Division (VEOD)**
 - During the month of April, VEOD conducted 26 outreach or recruitment events on behalf of the agency. VEOD conducted an additional 22 events that targeted seniors. Twenty-one events were held in Wards 7 and 8. In addition to providing voter education and engagement services, VEOD conducted Election Worker Recruitment and Voter Registration events.
- **Voter Services Division (VSD)**
 - The Voter Services Division discontinued use of the Integrity voter registration system as of April 1. Since then, it has used its new system, Voter Focus, to process and maintain voter information. Voter Services is currently processing new voter registrations. To date, it has registered 1,910 new voters, processed 700 voter registration changes, and mailed out 2,610 voter registration cards.
 - Because we are within the 90-day window before the June primary, no voters will be moved from ‘active’ status to ‘inactive’ status until after the election.

- **Online Voter Registration**
 - The Board’s online portal gives the same functionality as a mobile app. Residents can use a cell phone, tablet, laptop, or desktop computer to register to vote. To date, 3,933 voters have used the portal.
 - Under the National Voter Registration Act (“NVRA”), voter registration agencies (“VRAs”) must provide voter registration services to make it easier for all Americans to register to vote and to maintain their registration. The Board has reached out to all 16 of the District’s VRAs, and has trained staff in 13 of them.

- **Update on Preparations for the June 21, 2022 Primary Election**
 - The Board received 23 challenges to the nominating petitions submitted by candidates vying to be placed on the ballot for the June 21, 2022 Primary Election (“the Primary Election”). Determinations have been made in all of them and orders are available on the Board’s website.
 - Mail-in ballots for the Primary Election will be sent out to every registered voter affiliated with the four major parties. The Board will continue to work with K & H Mail House to prepare the ballots for mailing.
 - The ballot lottery was held on Friday, April 29, and ballot proofing took place on Saturday, April 30. The ballot was finalized and sent to K & H Mail House for processing, and should be mailed out to voters beginning on May 16. Final ballot mailing should occur by June 10. Anyone who does not receive their ballot by June 16 should plan to vote in person.
 - There will be 40 early vote centers, and 90 election day vote centers. Residents should check the Board’s website for more details. Early voting takes place from June 10-19. There is no voting on June 20 in observance of the Juneteenth holiday.
 - Mail-in ballot drop boxes will be open beginning on May 27. Voters can deposit ballots at any vote center during early voting and on election day, or they can send their ballots to the Board via the U.S. Postal Service.
 - Election worker training began on March 22. The Board plans to recruit and train between 2,000-2,500 election workers for the Primary Election. To date, the Board has trained 1,435 election workers. Election workers are using the Board’s online training portal to supplement in-person training.
 - A “Ready. Set. Vote” mailer went out in March. Households should have received them as of last week. The Board will mail a total of three postcards to every voter for the June primary. The “Hill Rag” newspaper featured a full page

advertisement regarding the June primary. The voter guides go to the printer on May 9. The Board is creating additional content for print, radio, and TV advertising.

DCBOE GENERAL COUNSEL’S APRIL 2022 REPORT (TERRI STROUD)

- **Adoption of the Petition to Recall of Holly Muhammad, Advisory Neighborhood Commissioner for Single Member District (“SMD”) 8A01**
 - Mr. Donohue filed an Intent to Recall Commissioner Muhammad on March 22, and Commissioner Muhammad timely filed her response on April 1. Both submissions were within word count limitations. D.C. Official Code § 1-1001.17(e) requires the Board to prepare a petition that the proposer must then adopt as his own. Mr. Donohue adopted the petition as prepared by the Board. Assistant Registrar of Voters Marissa Corrente informed Mr. Donohue of the deadline by which to file the petition and the signature requirements for ballot access. The Board entertained comments from Mr. Donohue, Commissioner Muhammad, and others regarding the recall effort.

- **Motion to Intervene in the Challenge to Initiative Measure No. 82 filed by James Bagwell (Attorney: Richard Bianco)**
 - A challenge was filed alleging that the petition submitted in support of Initiative Measure No. 82 did not contain enough valid signatures of duly registered voters in Wards 2, 5, 7 and 8, and that the measure was therefore ineligible for ballot access. Attorney Richard Bianco filed a motion to intervene in the challenge, claiming that his client did not have the opportunity to inspect the petition during the challenge period. Through counsel, Initiative Measure No. 82 proposer Ryan O’Leary filed an opposition to the motion to intervene. Andrew Kline, counsel for challenger Valerie Graham, indicated his support for the intervention and Mr. Bianca’s request for another 10-day period to inspect the petition.
 - The Board indicated that it would vote to enter into Executive Session to deliberate on the motion to intervene after completing all items on the agenda.

- **Rulemaking to Title 3 of DC Municipal Regulations**

The General Counsel requested that the Board approve the submission of the following rulemaking measures to the DC Register for publication:

- Final Rulemaking
 - Amend Chapters 5, 7, 10, 14-15, and 99 to conform regulations to the provisions in the Initiative and Referendum Process Improvement Amendment Act of 2020. (A notice of emergency and proposed rulemaking with respect to this rulemaking was published in the DC Register on March 11. The Board did not receive any written comments,

and no substantive changes were made to the regulations as proposed.)

- **Emergency and Proposed Rulemaking**
 - Amend Chapters 7, 8, and 99 to have them more accurately reflect the Board’s current election and post-election practices and procedures.
 - Amend Chapter 30 (Campaign Finance Operations: Committees, Candidates, Constituent Service Programs, Statehood Funds) to place it into conformance with the Campaign Finance Reform and Conflict of Interest Public Disclosure Amendment Act of 2011, effective April 27, 2012 (D.C. Law 19-124, 59 DCR 1862 (March 9, 2012)); as amended by the COVID-19 Response Supplemental Emergency Amendment Act of 2020, effective April 10, 2020 (D.C. Act 23-286; 67 DCR 4178 (April 17, 2020)).
 - **BOARD ACTION:** In response to General Counsel Stroud’s request, the Board unanimously moved to approve the submission.
- **Litigation Status**
 - **Long vs DCBOE**
 - This matter was filed in D.C. Superior Court on July 2, 2021, and is a civil complaint seeking \$10,000.00 in damages. Petitioner Jason Christopher Long claims negligence and unjust enrichment stemming from the 2020 election cycle. He alleges that the Board issued him a check without informing him not to deposit it, then had the payment stopped, causing him a returned check fee and a negative balance.
 - The Office of Financial Resource Management (“OFRM”) handled payments to poll workers in this matter. The Office of the Attorney General (“OAG”), which serves as counsel for OFRM, represents the Board in this matter. The hearing has been continued until June 17.
 - **Henderson vs DCBOE**
 - Kathy Henderson filed a recall petition against Sydelle Moore, ANC Commissioner for SMD 5D05. The petition was rejected because of an insufficient number of signatures. Ms. Henderson appealed the matter to the D.C. Court of Appeals (“DCCA”). On March 23, the DCCA issued an order requesting that the Board submit a designation of record by May 23.
 - **Public Interest Legal Foundation (PILF) vs Monica Evans**
 - This matter was filed in the United States District Court for the District of Columbia under the National Voter Registration Act (“NVRA”). The suit

alleges that the Board is out of compliance with the NVRA's public records provision.

- PILF requested records from the Board. The Board denied this request because federal law prohibited public disclosure of the types of records sought.
- The OAG filed a motion to dismiss on February 3, and PILF filed their opposition on February 17. A reply was timely filed on March 17. The Board is waiting to hear next steps in this matter.
- **McDuffie vs DCBOE**
 - On April 21, Mr. Kenyan McDuffie appealed to the DCCA the Board's April 18 order upholding a qualifications-based challenge filed by Bruce Spiva against Mr. McDuffie's petition submitted in support of his candidacy for the office of Attorney General in the Primary Election. The Board upheld the challenge based on its determination that Mr. McDuffie did not meet the qualifications to hold the position of Attorney General. Mr. Spiva intervened in the matter on April 22. Between April 25 and 26, the matter was fully briefed, which included the Board's submission of a motion for summary affirmance of its order. On April 27, a three-member panel heard oral argument. On April 28, the DCCA granted the Board's motion for summary affirmance. On that same date, Mr. McDuffie filed a petition for a rehearing *en banc* and a motion to stay the DCCA's order. On April 29, the Board and intervener filed responses to the petition, and on April 30, the DCCA denied the petition for rehearing *en banc*, and denied the motion for stay as moot.
- **Candon vs DCBOE**
 - This appeal was filed in the DCCA in response to an April 22 Board order upholding the challenge filed by Denise Reed to the nominating petition submitted by MaryEva Candon in support of her candidacy for the office of National Committeewoman to the Democratic State Committee for the Primary Election. The Board upheld the challenge on the grounds that the petition did not contain the requisite number of signatures for ballot access. Ms. Candon filed her appeal on April 25. On April 26, the DCCA directed her to file a statement outlining how the Board erred in rejecting her nominating petition by 4 p.m. that day. Ms. Candon did not meet that deadline. On April 27, the DCCA denied her appeal. Ms. Candon filed a motion to reinstate the matter, but the DCCA denied that motion on April 28.

- **Jenkins v DCBOE**
 - This was a consolidated appeal filed in the DCCA in response to two Board orders issued on April 22 upholding challenges filed by Lisa Gore and James Harnett to Leniqua'Dominique Jenkins' nominating petition in support of her candidacy for the office of At-Large member of the DC Council for the Primary Election. The Board upheld the challenges on the grounds that the petition did not contain the requisite number of signatures for ballot access. Ms. Jenkins filed her appeal on Apr 27. On the same day, the Board filed a motion to dismiss the appeal as untimely. On April 28, the DCCA dismissed her appeal.

PUBLIC MATTERS

- Calvin Gurley:
 - Asked for help with identifying rules indicating how voters are designated as inactive.
 - Expressed that a voter who signs a petition should be considered active for purposes of signature validation, since they have the right to choose not to vote.
 - Board Response: This kind of question would seem to broaden the scope of the Board's authority but warrants another discussion.
- Sandra Seegars:
 - Stated that the 10-day period during which changes of address can be submitted in response to a challenge should begin when the candidate receives notice of the challenge instead of at the point when the challenge is filed.
 - Board Response: This would require a legislative change through the Council.

 - Asked whether the Board has engaged a PR or communications firm to help the Board with this year's elections.
 - Executive Director Evans indicated that the Board has hired a senior communications consultant.

 - Board Response: The Board indicated that it would take this request under advisement.

Motion to Intervene in the Challenge to Initiative Measure No. 82 filed by James Bagwell (Attorney: Richard Bianco) (cont.)

After completing the items on its agenda, the Board unanimously voted to enter into Executive Session to deliberate on the motion to intervene. After reconvening the meeting, the Board denied the motion on the grounds that the intervener was and is adequately represented by the existing challenger who has able counsel involved, and the facts as presented do not indicate a denial of reasonable access to the petition during the challenge period. The Board stated that a written order would follow.

DCBOE EXECUTIVE DIRECTOR’S MAY 2022 REPORT (EXECUTIVE DIRECTOR EVANS)

- **Voter Education and Outreach Division (VEOD)**
 - During the month of May, VEOD conducted 25 outreach events on behalf of the agency. Most events were in-person but two were virtual events. Director Evans attended the ANC7B meeting on May 19 to share the vote plan for the primary election and answer voters’ questions.
- **Voter Services Division (VSD)**
 - VSD registered 3,104 new voters and processed 6,937 registration changes. In total, 10,041 registration cards will be mailed.
 - Because we are within the 90-day window before the June primary, no voters will be moved from ‘active’ status to ‘inactive’ status until after the election.
- **Online Voter Registration**
 - The Board is continuing to register voters using our website portal which provides the same functionality as a mobile app. So far, we have registered over 10,000 voters using the portal.

- **Update on Preparations for the June 21, 2022 Primary Election**
 - The Board will mail a ballot to every registered voter affiliated with the four major parties. K & H Mail House began mailing ballots on May 16. To date, we have mailed 402,108 ballots. 10,235 ballots have been returned.
 - We are continuing to process new voter information and transmit that information to K & H Mail House for additional mailings. The final mailing of ballots will occur on June 10.
 - Anyone who does not receive their ballot by June 16 should plan to vote in person.
- **Vote Centers**
 - Early vote centers and election day vote center locations are listed on our website. Early voting begins June 10 and ends June 19. There is no voting on June 20 in observance of the Juneteenth holiday, but vote centers will re-open on June 21, which is Primary Election Day.
- **Mail-In Drop Boxes**
 - Mail-in ballot drop boxes opened on May 27. We are collecting ballots twice per day. The boxes are open to allow ballots to be deposited, but each box has multiple locks to safeguard votes. Voters can place their ballots into each box without issue, and can do so at any vote center during early voting and on election day. Voters can also mail their ballots to the Board via the U.S. Postal Service.
- **Election Worker Training**
 - The Board met its election worker training goal of training 2,100 election workers for the June primary. We are wrapping up site coordinator training this week. Trained election workers are using the Board’s online training portal to supplement the in-person training they received.
- **Communications**
 - The first two postcard mailers for the “Ready. Set. Vote.” campaign have already gone out. The third and final postcard mailer is scheduled to go out this week. We began mailing the voter guide out the week of May 9, and it is also posted on our website.
 - We are placing yard signs and distributing door hangars and are developing additional content for print, radio, and TV advertising. Advertisements have run in the DCist, East of the River, Hill Rag, El Tiempo and the Informer newspapers. Our vote plan will run in the Washington Post next week. We have conducted radio interviews with WTOP and WPGC. Radio advertisements are also running on Praise,

WHUR, WPGC, and will also run on WTOP. Our TV commercial is airing on the OWN, MSNBC and CNN networks, and will start running on Channel 7 in the near future.

- We mailed ballots to all eligible voters housed in the federal Bureau of Prisons (BOP). The Department of Corrections (DOC) will also be used as a vote center. We are delivering ballots to them today, and will conduct in-person voting there for three days.

DCBOE GENERAL COUNSEL'S MAY 2022 REPORT (GENERAL COUNSEL STROUD)

- **Hearing on the Challenge to Petition Filed in Support of Initiative Measure No. 82, the "District of Columbia Tip Credit Elimination Act of 2022"**

Procedural History: The measure was filed with the Board on June 22, 2021. On August 31, 2021, the measure was deemed a proper subject for an initiative measure. On February 22, a petition was filed in support of the measure. Once a petition is filed, the Board has 30 days to conduct an independent review and determine whether the petition meets both numerical and ward distribution requirements. In this case, two processes took place simultaneously regarding this measure. The Board conducted the 30-day review, as well as a review prompted by the March 7 challenge filed by Valerie Graham.

On March 24, the Board held a meeting to determine the sufficiency of the petition. The Board determined that Wards 1, 2 3 and 4 had a sufficient number of signatures. Wards 5 and 7 were found to have an insufficient number of signatures. No decision was made regarding whether Ward 6 had enough signatures. Based on feedback from the Office of Planning, the Board undertook to evaluate the signatures in all of Ward 6.

On March 28, the Board held a hearing on the matter where the parties agreed to defer consideration of the Ward 2 challenge pending the outcome of the determination with respect to Ward 6. On April 6, the Board held a meeting where it determined that Ward 6 was sufficient in terms of both the numerical and ward distribution requirements. On April 8, the Board issued a written order memorializing the April 6 oral order.

On April 29, the Board's Office of the General Counsel ("OGC") held a pre-hearing conference regarding the challenge. Earlier the same day, the challenger identified 500 signatures she determined should not have been accepted. These signatures were included in the challenge filed on March 7, but the challenger highlighted these and stated that they should not be accepted for various reasons.

On May 9, the OGC issued a pre-hearing conference order outlining the issues that would be before the Board at today's hearing. Neither party objected to the issues as they were outlined in the pre-hearing conference order. Those issues are:

1. Whether the Board should construe the challenges coded in the March 7 challenge to include challenges to actual signatures under the Board's regulations, specifically Title 3 D.C.M.R § 1007.1(i), on the grounds that the signature was not signed by the person who it purports to be. (The original challenge grounds were: that the signer was not registered to vote at the time the petition was signed (designated as "NR" in the challenge); that, according to the Board's records, the signer was not registered to vote at the address listed on the petition at the time the petition was signed ("WA"); that some signatures were duplicates ("DUP"); and that the sole signer was also the circulator on the same petition where the signature appears ("SSC").)
2. Whether the Board, if it does not construe the above challenges to include challenges to actual signatures under 3 D.C.M.R § 1007.1(i), should alternatively grant Ms. Graham leave to amend the challenge to include challenges to each of the 500 signatures pursuant to 3 D.C.M.R § 1007.1(i).
3. Whether the December 30, 2021 monthly report of voter registration statistics was the proper official count to be used for evaluating the validity of the petition.

Assistant Registrar of Voters, Marissa Corrente, read VSD's memorandum detailing its findings regarding the challenge into the record. The VSD found that the number of valid challenges to the 500 Ward 2 signatures was insufficient to render Ward 2 numerically insufficient.

Counsel for the Challenger, Andrew Kline, argued that the central issue before the Board was the third issue listed in the prehearing conference order: which official count should be used to determine the validity of the petition. He repeated his argument that the Board erred in using the December 31, 2021 monthly report as the official count, and insisted that the Board should have instead used the January 31, 2022 report, which included updated redistricting data.

Counsel for the Petitioner, Joe Sandler, argued that the challenge as filed could not reasonably be construed to mean that signatures were being challenged on the basis that voter signatures were forged, and that the challenger should not be granted leave to amend their challenge. He stated that, at any rate, each signature the Board reviewed at the prehearing conference that the challenger identified as being invalid under 3 D.C.M.R § 1007.1(i) matched a signature card on file with the Board. He also argued that the election statute supports the Board's use of the December 31, 2021 monthly report.

At the conclusion of the hearing, the Board unanimously voted to enter into Executive Session to deliberate on the challenge after it had completed all of items on its agenda

and to reconvene to give its oral ruling later in the day. Attorney Kline requested that the Board comply with the District's Sunshine laws and conduct an open session instead. In response, Chair Thompson cited D.C. Official Code § 2-575(b)(13) in support of the Board's authority to enter into Executive Session to deliberate on a decision in an adjudicative action.

○ **Adoption of the Petition to Recall Amber Gove, Advisory Neighborhood Commissioner for Single Member District 6A04**

- Alexandra Kelly filed a Notice of Intent to Recall Commissioner Amber Gove on April 28. Commissioner Gove's response was filed on May 9. The Board prepared an original recall petition form which Ms. Kelly adopted. Ms. Kelly was advised that she had until 5:00 pm on August 1 to circulate and submit her petition to the Board, that all petition pages must be double-sided, and that she could pick the petition sheets up from the Board.
- Assistant Registrar of Voters Marissa Corrente read a memorandum into the record that detailed the next steps regarding the recall process.

○ **Litigation Status**

- Jason Christopher Long v. D.C. Board of Elections
 - This matter was filed in D.C. Superior Court on July 2, 2021, and is a civil complaint seeking \$10,000.00 in damages. Petitioner Jason Christopher Long claims negligence and unjust enrichment stemming from the 2020 election cycle. He alleges that the Board issued him a check without informing him not to deposit it, then had the payment stopped, causing him a returned check fee and a negative balance. The next hearing in this matter is scheduled for June 17.
- Kathy Henderson v. D.C. Board of Elections
 - Kathy Henderson filed a recall petition against Sydelle Moore, Advisory Neighborhood Commissioner for Single-Member District ("SMD") 5D05. The petition was rejected because of an insufficient number of signatures. Ms. Henderson appealed the matter to the D.C. Court of Appeals ("DCCA"). On March 23, the DCCA issued an order requesting that the Board submit a designation of record by May 23, and the Board complied with that request on May 23.
- Public Interest Legal Foundation v. Monica Evans
 - This matter was filed in the United States District Court for the District of Columbia under the National Voter Registration Act ("NVRA"). The suit alleges that the Board is out of compliance

with the NVRA's public records provision. PILF requested records from the Board. The Board denied this request because federal law prohibits public disclosure of the types of records sought. All pleadings have been filed, we are just awaiting next steps.

OCF MAY 2022 REPORT (DIRECTOR COLLIER-MONTGOMERY)¹

- **2022 Election Cycle Debates**
 - The OCF conducted debates in the contested races for the offices of Mayor, Attorney General, and At-Large Member of the Council on May 16, 17, and 19. Recordings will remain online through the remainder of the calendar year.

- **FAIR ELECTIONS PROGRAM DIVISION (FEP)**
 - During the 2022 Election Cycle, the total sum of \$10,349,186.80 has been authorized for disbursement in base amount and matching payments to the 33 Candidates certified in the FEP to participate in the June 21 Primary Election, and the two candidates certified in the November 8 General Election.
 - During the month of May, no Candidates were certified in the FEP for the 2022 Election Cycle.
 - OCF authorized the disbursement of 35 matching payments from the Fair Elections Fund to participating candidates, as well as the second half and final base amount payments to 26 previously certified candidates who are running for contested offices and qualified for the ballot.

- **REPORTS ANALYSIS AND AUDIT DIVISION (RAAD)**
 - **Remitted funds**
 - There has been no change in amount of remitted funds from Candidates who participated in the 2020 election cycle, or for those who are participating in the 2022 primary election cycle.
 - **Ongoing Post Election Full Field Audits**
 - Two final audit reports were issued on April 7 for two post-election audits of campaign operations for Candidates who participated in the November 2020 General Election (both were compliance audits):
 - Friends of Allister Chang Principal Campaign Committee

¹ These minutes contain a condensed version of the OCF May 2022 Report. The full version of this report can be found at <https://ocf.dc.gov/release/office-campaign-finance-statistics-may-2022>.

- Committee to Elect Eboni-Rose Thompson for DC State Board of Education (Ward 7) Principal Campaign Committee
- **PUBLIC INFORMATION AND RECORDS MANAGEMENT DIVISION (PIRM)**
 - There were three filing deadlines for Reports of Receipts & Expenditures (“R & E Reports”):
 - Fair Elections Candidate Committees (optional) – due April 30
 - Legal Defense Committees – due May 1
 - Fair Elections Candidate Committees – due May 10
 - New Candidates/Committees
 - One new candidate, Melvin Lawson, registered as a write-in Candidate on May 23 for the Office of Mayor in the June Primary Election.
 - There were no new registrations in the FEP.
 - One new Political Action Committee (“PAC”), the Green New Deal for DC Action, registered on May 23.
 - Fifteen candidates and treasurers complied with the mandatory entrance conference in May.
- **OCF GENERAL COUNSEL REPORT (GENERAL COUNSEL WILLIAM SANFORD)**
 - **Intake/Output Report**
 - 6 referrals received
 - 17 informal hearings completed
 - 19 informal hearing orders issued (17 orders in which a total of \$17,825 in fines were issued, and two orders revoking the certifications of FEP candidates Kenyan McDuffie and Bradley Thomas pursuant to orders issued by the Board and affirmed by the DCCA that denied ballot access to these candidates)
 - One fine of \$50 collected from former candidate Dorothy Douglas
 - No Open Investigations
 - No Show Cause Proceedings
 - No Requests for Interpretive Opinions
 - The General Counsel noted that, pursuant to the US Supreme Court’s decision in *Federal Election Commission v. Ted Cruz for Senate, et al.* (Case No. 21-12), it is

unconstitutional to impose limits and time periods on the amounts that may be recovered from candidates for personal loans they make to their own political campaigns. This ruling, by extension, renders D.C. Official Code § 1-1163.10.10(a) unconstitutional. Accordingly, OCF will no longer enforce that provision.

PUBLIC MATTERS

- **Dorothy Brizill**
 - When the Board posts a meeting's agenda on its website, it should also post detailed information about matters that will be before the Board at such meetings.
 - Board Response: The Board will look into improving how we relay information, especially regarding complex issues, to the public.
- **Nicholas Schiller**
 - The challenger for Initiative 82 argues that the official roll should be published every day. However, all interested parties were informed that December 31 was the data from which the signatures results would be pulled from.

RECESS AT 12:08 TO DELIBERATE RE: HEARING ON THE CHALLENGE TO PETITION FILED IN SUPPORT OF INITIATIVE MEASURE NO. 82, THE "DISTRICT OF COLUMBIA TIP CREDIT ELIMINATION ACT OF 2022" (12:08 pm)

RE-CONVENING OF HEARING ON THE CHALLENGE TO PETITION FILED IN SUPPORT OF INITIATIVE MEASURE NO. 82, THE "DISTRICT OF COLUMBIA TIP CREDIT ELIMINATION ACT OF 2022"

- Upon reconvening the meeting at 12:31 pm, the Board issued an oral ruling rejecting the challenge to Initiative 82. This decision was primarily based on the fact that the Board finds that the December 31, 2021 monthly report was the proper official count to use to evaluate the validity of the petition. The Board also found that the March 7 challenge did not include challenges to actual signatures under 3 D.C.M.R § 1007.1(i), and declined to grant Challenger Graham leave to amend the challenge to include such challenges. The Board indicated that a written order that addressed the challenge would soon issue.

MINUTES OF THE BOARD OF ELECTIONS REGULAR MEETING

The District of Columbia Board of Elections (“the Board”) held its Regular Monthly Meeting on Tuesday, September 6, 2022 via Zoom. Board Chair Gary Thompson and Board Members Karyn Greenfield and Mike Gill were present. The Board’s Executive Director, Monica Holman Evans (“Director Evans”), General Counsel, Terri Stroud, the Director of the Office of Campaign Finance (“OCF”), Cecily Collier-Montgomery, and OCF General Counsel, William Sanford, were also present.

CALL TO ORDER (11:04 a.m.)

ASCERTAINMENT OF QUORUM

- o Board Chair Thompson and Board Members Greenfield and Gill constituted a quorum.

ADOPTION OF AGENDA/APPROVAL OF MINUTES

- o **BOARD ACTION:** The Board unanimously adopted the amended agenda and the minutes from the last meeting held on August 3.

BOARD MATTERS

- o NONE

DCBOE GENERAL COUNSEL’S AUGUST 2022 REPORT (GENERAL COUNSEL STROUD)

o **NOMINATING PETITION CHALLENGE HEARINGS**

• **Kathy Henderson v. Salvador Saucedo-Guzman, Candidate for Advisory Neighborhood Commissioner, Single Member District (SMD) 5D05**

o The Registrar of Voters (“the Registrar”) determined that Mx. Saucedo-Guzman’s petition had two signatures below the 25 required for ballot access. Mx. Saucedo-Guzman testified under oath that they inadvertently put the wrong date on the circulator affidavit on a petition sheet, an error that invalidated five otherwise valid signatures. Because no substantial evidence was presented that the circulator acted in a manner inconsistent with the circulator’s oath, the Board waived Mx. Saucedo-Guzman’s error and credited their petition with the five otherwise valid signatures.
BOARD ACTION: Ballot access granted.

• **Kathy Henderson v. Carrie Dellesky, Candidate for Advisory Neighborhood Commissioner, SMD 5D06**

o The Registrar determined that Ms. Dellesky’s petition had 24 signatures over the 25 required for ballot access, despite Ms. Henderson alleging, among other things, that 45 signatures were not made by the persons whose signatures they were purported to be. Ms. Henderson did not produce any voter who signed Ms. Dellesky’s petition and denied having done so, and did not offer credible forensic evidence calling into question the validity of the signatures, such as testimony from

a handwriting expert. Accordingly, the Board had no basis upon which to overrule the Registrar's findings.

BOARD ACTION: Ballot access granted.

• **Kathy Henderson v. Rebecca Ryan, Candidate for Advisory Neighborhood Commissioner, SMD 5D01**

o The Registrar determined that Ms. Ryan's petition had two signatures over the 25 required for ballot access, despite Ms. Henderson alleging, among other things, that 65 signatures were not made by the persons whose signatures they were purported to be. Ms. Henderson asked the Board to rely on a previous Board ruling, *Williams v. District of Columbia Bd. of Elections and Ethics*, 804 A.2d 316 (D.C. 2002), to invalidate Ms. Ryan's petition. The Board declined to do so, finding *Williams* distinguishable from this matter as there was no basis for imputing any inappropriate conduct to Ms. Ryan, much less circulator conduct of the criminal nature indicated in *Williams*.

BOARD ACTION: Ballot access granted.

• **Kathy Henderson v. Juan McCullum, Candidate for Advisory Neighborhood Commissioner, SMD 5D07**

o The Registrar determined that Mr. McCullum's petition had four signatures over the 25 required for ballot access, despite Ms. Henderson alleging, among other things, that 20 signatures were not made by the persons whose signatures they were purported to be. Ms. Henderson did not produce any voter who signed Mr. McCullum's petition and denied having done so, and did not offer credible forensic evidence calling into question the validity of the signatures, such as testimony from a handwriting expert. Accordingly, the Board had no basis upon which to overrule the Registrar's findings.

BOARD ACTION: Ballot access granted.

• **Clayton Aristotle Rosenberg v. Edward Daniels, Candidate for Advisory Neighborhood Commissioner, SMD 8F04**

o The Registrar determined that Mr. Daniels' petition had one signature below the 25 required for ballot access. Mr. Daniels asked that the Board credit to his petition one signature that was found to be invalid because it had a hatch, or ditto, mark in the field for entry of the signer's address. Mr. Daniels had previously indicated to the Registrar that that hatch mark was meant to signify the building address, as opposed to the unit address, associated with the immediately preceding signer entry on the form. With that information, the Registrar was able to match a voter in the Board's records to the printed name on the petition. However, because the address at issue was for an apartment building and the hatch mark was meant to signify the same address as the immediately preceding entry, and that entry included an apartment number that did not match the voter's apartment number, the Registrar continued to discount the entry.

Board Members Thompson and Greenfield felt that, in the context of an apartment building, the hatch or ditto mark should be interpreted as signifying the address of the building alone and not the specific apartment number included in the preceding

entry, and voted accordingly. Board Member Gill found that the hatch or ditto mark should be applied literally and that therefore the apartment number included in the prior entry should apply to the signature at issue, and voted accordingly. Accordingly, the majority of the Board found that the Board contained a sufficient number of signatures for ballot access.

BOARD ACTION: Ballot access granted.¹

DCBOE GENERAL COUNSEL’S SEPTEMBER 2022 REPORT (GENERAL COUNSEL STROUD)

- **Public Hearing**
 - **Kathy Henderson v. D.C. Office of Campaign Finance**
 - This matter involved a request for a hearing *de novo* pursuant to 3 DCMR § 3709.12 with respect to OCF’s July 22, 2022 Second Amended Order in OCF 2022 F-008 in which Ms. Henderson was fined \$550.00 for filing the March 10, 2022 R & E Report late. In the OCF Order, OCF’s Director rejected a request by Kathy Henderson, Treasurer of Our Committee to Elect Kathy Henderson, to waive a fine for the late-filing of a report.
 - Ms. Henderson characterized her failure to file timely the March 10, 2022 R & E Report as “excusable neglect.” While she acknowledged that she had attended OCF’s Entrance Conference and that that conference would have covered the FEP report filing deadlines, she objected to being treated as an experienced candidate based on the filing of her first FEP report in that new program. Although Ms. Henderson acknowledged that she did not have the March 10th report prepared at the time that it was due and did not attempt to log into OCF’s filing portal until a month later, she maintained that her late filing was due to technical difficulties. She also offered documentation of emails between her and representatives of OCF for the purported purpose of

demonstrating that her history of late Traditional Program R&E Report filings was the result of technical issues with OCF's online filing portal. Noting that she "did not memorize the filing calendar," Ms. Henderson insisted that she should have been allowed to rely on email reminders of her filing obligation. Ms. Henderson repeatedly asserted that she had always been compliant with OCF's directives and argued that no purpose would be served by imposing a fine on her, given that, *inter alia*, she received no FEP public funding. She chastised OCF for fining her, claiming that the process was "horribly unfair" and "an abuse of authority."

- OCF General Counsel SanFord noted that compliance with the FEP's reporting obligations is not contingent upon whether the candidate receives any public funds. He also commented that OCF offers a computer and in-person assistance to filers at its offices. He denied that anyone at OCF was out to get Ms. Henderson and urged the Board to uphold OCF's order imposing a \$550 fine on Ms. Henderson.
- OCF Public Affairs Manager Wesley Williams testified that, during the candidates' entrance conference, slides are presented that show all filing dates, including the one for the report at issue. Mr. Williams also testified that OCF sent notifications to Ms. Henderson via e-mail on February 17, 2022 and March 8, 2022 notifying her of the requirements for filing the March 10, 2022 R&E report.
- The Board announced that it would leave the record open for a day to allow the parties to submit any further documentation. The Board advised that, after the submission of any such further documentation and Board review of that material, it would meet to announce its decision.

- **Valerie Graham v. DC Board of Elections I and II (Consolidated)(DC Court of Appeals)**

- On August 31, the court issued an order granting the Board's and intervenors’ motions for summary affirmance of the Board's June 1 order and affirming the D.C. Superior Court’s order dismissing their claims regarding I82.
- On September 2, Ms. Graham filed a petition for a hearing *en banc*. The Board filed a response to the petition on September 6, 2022, and the DCCA denied the petition on September 8, 2022.

DCBOE GENERAL COUNSEL’S DECEMBER 2022 REPORT (GENERAL COUNSEL STROUD)

- **Rulemaking to Title 3 (Elections and Ethics) of the D.C. Municipal Regulations**
 - Emergency and Proposed Rulemaking
 - Title 3, Chapters 30, 33, 37, and 42 are proposed to be amended to achieve consistency between the regulations and existing legislation. The changes require that political action committees establish non-contribution accounts for the purpose of making independent expenditures. These accounts must be segregated from the other accounts those tax years. The Board previously approved other amendments that allow the continuation of OCF on-line training, limit campaign contributions from government contractors, impose fines for failure to remit unexpended campaign funds, and adjust the basis upon which Fair Election matching funds are calculated. OCF is seeking re-approval because the prior approval granted by the Board expired at the end of September of 2022.
 - **BOARD ACTION:** Voted 2-0 to adopt the Emergency and Proposed Rulemaking, amending Chapters 30, 33, 37 and 42 which places the Board's regulations into conformity with the Campaign Finance Reform and Conflict of Interest Public Disclosure Amendment Act of 2011, as well as the Board of Ethics and Government Accountability Establishment and Comprehensive Ethics Reform Amendment Act of 2011 as amended by the COVID-19 Response Supplemental Emergency Amendment Act of 2020.
- **Litigation Status**
 - **Kathy Henderson v. D.C. Board of Elections (D.C. Court of Appeals)**

 - On November 10, 2022, the Court issued an order directing the parties to file briefs by November 25, 2022 addressing whether or not the case was moot in light of the November 8, 2022 General Election.
 - In its brief, the Board contended that the case was effectively moot since a recall election could not be scheduled before Moore's term expire on

January 2, 2023. On December 6, 2022, the Court issued an order dismissing Ms. Henderson's appeal as moot, and the matter is now closed.

- **Dorothy Douglas v. D.C. Board of Elections (D.C. Court of Appeals)**

 - Ms. Douglas alleges that she lost votes as a result of voters in SMD 7C07 being given ballots for SMD 7D03.
 - On December 2, 2022, the Court ordered that Ms. Douglas' petition be filed and that the case be expedited. The court directed the Board to file a designation of record by January 11, 2023, and Ms. Douglas to file a motion for summary reversal of the election results by January 23, 2023, with the Board's response due seven days after that.
