Accomplishment

Accomplishments	What is the accomplishment that your agency wants to highlight?	How did this accomplishment impact residents of DC?	How did this accomplishment impact your agency?
Art All Night (AAN)	This year marked the biggest AAN, to date, since the festival's 2011 inception with 22 Main Streets, 4 Bids, 6 DC Public Library branches, and UDC participating. AAN attracted residents and visitors to the District to celebrate the local artistic and small business community across all 8 wards, all while showcasing that the District is truly open for business. Hundreds of resident-owned businesses and artists were also able to showcase their products and talents on the main stage for all to see. In addition, AAN is often credited by many retailers for being one of, if not the, event where they achieve the highest grossing sales for the year.	This two-day festival furthered DSLBD's mission of supporting the development and growth of DC-based businesses and entrepreneurs. Additionally, as the agency continues to further its mission through an equity lens, attention and purposeful efforts were made to ensure that AAN was an event accessible to both local artists and residents across all 8 wards in the District.	
Food Waste Innovation Grant Program (FWIG)	Overall, restaurants benefiting financially from FWIG have directly helped the residents who work and run those businesses. Through the partnership with Food Rescue US and direct and indirect encouragement for businesses to donate edible food, the grantees have donated thousands of pounds of food to organizations serving vulnerable communities. This means more folks have had healthy, locally produced food at shelters, nonprofit feeding programs, and similar initiatives. Reducing food waste in the District reduces greenhouse gas emissions and the draw for urban rodents. This helps the District reach our resident-led priorities set in Sustainable DC 2.0. By supporting collaborative waste collection in commercial corridors (as both Blagden Alley in Shaw and Congress Heights have done), this grant is also moving these corridors towards a reduction of trucks and the associated noise, which benefits residents.	As the agency continues to make equity a paramount priority, the Food Waste Innovation Grants (FWIG) helped to address areas that touch on health equity, namely food access. In 2022, FWIG had shifted focus of a longstanding program to better serve businesses and agency partners by dramatically reducing costs of both food procurement and food disposal. It has driven agency innovation and creative grant management through the various in-kind training and services that grantees receive and directly contributes to the District's Zero Waste initiatives. Furthermore, the grant program has also built our partnerships with food business TA providers, particularly LEDC, and LEDC has now integrated topics of sustainability and food waste into all of their Food Venture Initiative training, which is a great example of how the agency can actually be driving District TA providers to align with the Mayor and the District's priorities.	
Inaugural Equity Impact Enterprise (EIE) Grant Program and Cohort Support	DSLBD awarded over 200 businesses with the inaugural Equity Impact Enterprise (EIE) grant. The grants allowed Certified Businesses Enterprises with the sub-designation "Equity Impact Enterprise" to help sustain their operations through the pandemic. DSLBD awarded up to \$5,000 to eligible business for reimbursement of expenses incurred including employee wages, rent, utilities, inventory, back-office supports, certifications, and equipment, among others.	The EIE grant program is a testament to the agency's ongoing commitment to ensuring equity for District-based resident-owned, small, and disadvantaged businesses. Accordingly, in 2022 the agency created the inaugural equity impact enterprise grants to further support the District's 589 Equity Impact Enterprises and their pathways towards the middle class. In addition, understanding the unique challenges encountered by EIEs, the agency continued to engage grant recipients with networking opportunities to further build a tailored ecosystem where they can feel supported.

Commercial Food Waste Innovation Grants (4 Initiative Update records)						
Commercial Food Waste Innovation Grants	In October, DSLBD coordinated with other city partners to support DMV Food Recovery Week, with Inno.ED hosting two key events. This all aligned with the relaunch of the Clean Cities program as the Food Waste Innovation Grants, which involved multi-stakeholder meetings with sister agencies and outreach from many District partners. We hosted online information sessions as well as in-person sessions in Ward 7 & 8, and visited over 100 restaurants in Rodent Hot Spots to provide information about the grant.	25-49%	High	Incremental		Q1
Commercial Food Waste Innovation Grants	The Food Waste Innovation Grants closed in January, with over 60 applications. Information sessions in multiple languages were a big part of recruitment, as well as multilingual flyers and outreach, particularly in partnership with MOLA and MOAPIA. 50 businesses were deemed eligible to receive Compost Credits. Review committees from across DC government and food waste specialists from the EPA reviewed the 40 applicants for the financial awards, and DSLBD was able to award 22 grants totaling \$320,000.	50-74%	High	Demonstrable		Q2
Commercial Food Waste Innovation Grants	The Food Waste Innovation Grant projects continue from last quarter with additional training and support for composting and funded projects coming on line from our program partners. All compost credit recipients and all project awardees were funded and have started their projects, to include a grant kick off event. Businesses are receiving certificates and window clings to have advertise that they are providing solutions to food waste. The agency was invited to apply to the international Milan Urban Food Policy Pack awards for this innovative program and submitted a full application package for the program to be recognized internationally. Additionally in Q3, All compost credit recipients and all project awardees were funded and have started their projects. As of July 11, all participants have composted over 30,000 lbs of food scraps, donated hundreds of meals, and together reduced over 38 tons of carbon dioxide emissions. We also hosted an Earth Week grant kickoff event including radio and podcast coverage.	75-99%	High	Demonstrable		Q3
Commercial Food Waste Innovation Grants	In the final quarter of the Food Waste Innovation Grants, all grantees were able to obtain their equipment, despite delays in supply chains and challenges obtaining large appliances this year. Participants report reductions in food waste generation, rodents, and food purchasing costs. Some businesses reported major changes in staff around quantities of food produced and an attunement to quantities per plate, based on waste generated. The agency was invited to speak at the Milan Urban Food Policy Pact annual summit, about the innovations of this grant. The training portions of the grant also bore fruit this quarter: Latino Economic Development Center incorporated strategies to minimize food waste into their new business accelerator, the Food Venture Initiative, and provided food waste audits and deep dive on strategies to reduce waste with 5 local businesses.	75-99%		Demonstrable		Q4

Increase Technical Assistance Through DC Library Anchor Partnership (4 Initiative Update records)						
Increase Technical Assistance Through DC Library Anchor Partnership	DSLBD's Inno.ED team provided weekly, in person technical assistance (TA) at the MLK library on Wednesdays, as well as a weekly hybrid in person and online lunch and learn trainings. This included some "industry days" to expand into evening programming using the library space for commercial kitchen matching making, cannabis business equity, and cooperative development. We also partnered with several area TA providers to anchor their own TA meetings with us in the space, including Life Asset, the Greater Washington Urban League, the Latino Economic Development Center, Washington Area Community Investment Fund, the DC Procurement Technical Assistance Center, and Capital Impact Partners. This engagement was curtailed in December 2022 with the rise of the Omicron variant of COVID-19.	0-24%	Medium	Incremental		Q1
Increase Technical Assistance Through DC Library Anchor Partnership	In person programming at the MLK Library was curtailed during January and February of 2022 due to COVID-19 related public health guidance. Innovation Pipeline Development (4 Initiative Update records)						
Innovation Pipeline Development	Made in DC established a partnership with the Hive 2.0 located in the Annacostia Art Center in Ward 8 to provide one-on-one TA for Marker businesses located east of the river. Providing in-person TA two times a month, with open walk-in opportunities. Inno.ED also established a partnership to provide TA, specifically for returning citizens, at Marshall Heights in Ward 7 twice per month. Inno.ED provided trainings and TA for food businesses both online and at the MLK Library to align with the District's Nourish grant and the Food Waste Innovation Grants. Trainings on food businesses pivoting during COVID and making the most of food were a part of the District Food Recovery Week, with media coverage of innovative businesses. In December, Inno.ED launched the Food Waste Innovation Grants, to align the trash compactor grant better with Sustainable DC 2.0 and Resilient DC priorities. Just Cannabusiness launched in October 2021 with an equity survey and monthly stakeholder gathering and networking events in October and November, bringing a range of government and industry speakers together in salon style gatherings. December's in person event was canceled due to public health considerations. In Quarter 1 DSLBD laid the groundwork to launch CBE Green, sustainable energy edition, by creating key internal and external partnerships for engaging with CBEs around Building Energy Performance Standards and the CBE opportunities that those entail. Cooperative support continues with a Q1 training and stakeholder event at the MLK library, a supported online training, and continued technical assistance to cooperative stakeholders in the District.	0-24%	High	Incremental		Q1
Innovation Pipeline Development	Made in DC continues the partnership with the Hive 2.0 offering T/A hour two times a month. Also developing a Makers Training series. Launched the Dream Pitch Program applications. Conducted 2 information sessions and weekly questions sessions via WebEx. Inno.ED offered several trainings specifically on barriers for food businesses, including trainings on food waste reduction, access to licensing, and access to capital through the Commercial Property Access Fund and the Food Access Fund. The Food Waste Innovation Grants were awarded to 22 businesses, with 40+ already accepting and using their Compost Credits. For Cannabusinesses, DSLBD is working closely with the Alcohol Beverage Regulation Administration and monitoring potential law changes that could impact the ability to make cannabis related grants. For CBE Green, DSLBD is working with the DCSEU to plan a procurement rally in early May. For cooperatives, DSLBD is working with the Greater Washington Employee Ownership Center at the Washington Area Community Investment Fund as they restructure following the departure of key personnel.	25-49%	High	Demonstrable		Q2

Participants received between \$10,000 and \$20,000 in pitch awards. Within that, DSLBD worked closely with DCRA Business Licensing and the Office of Tax and Revenue to support participants through difficulties in establishing and maintaining compliance with regulatory requirements for their businesses. WeAspire 2023 concluded with a fantastic series of preliminary pitches and the final Aspire Pitch Day hosted at the MLK Library. Participants won \$2,000 to \$10,000 as well as in-kind services for website and social media copywriting, graphic design services, and onsite photography. Within that, DSLBD worked with a CBE accounting firm to provide a strong foundation in money management and strategy for the participating businesses. The Food Waste Innovation Grants concluded with final reports of major waste reductions, cost savings, and thousands of pounds of food scraps composted. The Entrepreneurship & Food Jobs Working Group of the Food Policy Council has collaborated around an analysis of legacy food businesses in the District. The Cannabusiness initiative has culminated in support for a local CDFI to create a new lending facility that is anticipated to be operational in FY23 to provide lending to businesses denied capital even when non-plant touching for association with the industry. CBE Green Supported 41 CBEs into greater awareness and ability to pursue green infrastructure contracts through legal, accounting, and proposal development support. The Ward 8 Community investment fund support 30 Ward 8 businesses into grant supported loans. The DC Library Foundation funded build a Dream supported 24 new entrepreneurs with 12 hours of training and a \$500 pitch stipend to fuel their entrepreneurial endeavors. The DC Kiva Hub continued to offer first financing through zero fee, zero interest crowdfunded loans to support entrepreneurs on ramping into business financing.	Complete		Demonstrable		Q4

Ward 8 Community Investment Fund via the DC Community Development Consortium	Finalized the grant agreement with the named awardee, and the awardee operated the full program in quarter four. The program provided for competitive grants to support loans with partner lender Life Asset which effectuated the legislatively required matching funds. The grantee offered an information session and collected over 100 applications for 30 grants offered in 3 tiers of funding depending on the length in business for the Ward 8 business applicants. The grants were awarded through competitive process, and each of the 30 business grantees received their loan funds. Businesses will receive the grant amount, less any fees and interest, once they have paid back the principal of the microloan received. These guaranteed loans support additional access to capital by familiarizing businesses with the lending process, building their business credit, and strengthening the businesses immediately through the infusion of loan capital that will be non-dilutive. Develop strategic partnerships to assist small business development (1 Strategic Initiative)						
Create CBE Capacity Building Partnerships	DSLBD's certification and business opportunity divisions will foster partnerships with District Government agencies to increase the utilization of CBEs within procurement opportunities. The focus will be the areas in industries that have no to low CBE participation; or where CBEs are unable to participate due to capacity limitations. Some areas we have identified with no or low CBE participation are in Forestry at DDOT and Environmental Engineering at DOEE. The partnerships will identify capacity issues that may prevent CBEs from obtaining opportunities with certain agencies and will stimulate the growth in capacity for CBEs in specific industries. This initiative may also grow CBEs that maintain the SBE certification category in certain industries with the use of DSLBD's mentor protégé program within partnerships created with other agencies or organizations. This initiative will help grow the number of active CBEs and will open opportunities, that were otherwise unavailable, to CBEs.	50-74%	DSLBD's Business Opportunities division continues to respond to requests from Agencies, as they are received, including the Department of Health Care Finance . During this quarter, we requested a list of low-performing agencies from the DSLBD Data Team and will use that list to target agencies for outreach in FY 22. The Business Opportunities Division lost 75% of its personnel between the second and fourth quarters of this fiscal year but a reconstituted team will give DSLBD stronger resources for addressing this complex issue. In addition, DSLBD's certification division continued to work with DGS to launch the mentor protégé pilot program, to no avail. As this continues to be unsuccessful, DSLBD has decided to work with Primes that are awarded contracts directly to execute this initiative. The mentor protégé pilot program will roll over to FY22. DSLBD anticipate launching a pilot program in FY22. Build an Equity Framework for All DC-Businesses	DSLBD will develop a uniform, agency-wide equity framework for ongoing program evaluation utilizing the Disadvantaged Business Enterprise (DBE) sub-designation of the CBE law. DSLBD will build the framework for program evaluation through surveys, pilots, and stakeholder engagement and will collect data from both existing and new data sources to more fully understand the landscape of equity for District-based businesses.	50-74%	In Q4 DSLBD held an all staff "Unpacking Bias" training by DCHR to continue agency wide engagement in equity learning. DSLBD further volunteered to be part of the inaugural cohort of the cross-agency Racial Equity Pilot led by the DC Office of Racial Equity. As a part of that, a racial equity team within the agency was identified, and a representative participated in a two-day training by the Government Alliance for Racial Equity (GARE) along with other District Agencies and colleagues in county governments across the region. DSLBD looks forward to continuing this work in FY22.	This initiative continues as we are looking to build in more work through the Office of Racial Equity-led pilot that is a FY22 initiative.	09-30-2022

Capture additional requirements and incorporate additional functionality for the District Enterprise System (DES)	Continue capturing and fine tuning the requirements for Compliance (PPD), Small Business Technical Assistance (formerly Business Opportunities) and the Grants DES modules. For Compliance, automate the budget and payment data from the District Integrated Financial System (DIFS). Continue with the development of the Grants Monitoring processes and the development of the Grants Application processes. Both processes will include the internal work flows required by the DSLBD Grant staff as well as the capability for the Grant Applicants, Panel Reviewers, and the Grantees to be able to access the system and provide input.	09-30-2023
Target resources to attract, retain and prepare businesses for procurement and other opportunities (1 Strategic Initiative)		
Waiver Analysis	DSLBD's Business Opportunity Division will conduct a detailed review of all waivers granted within the past two (2) years to identify trends and opportunities. We will look for waivers which could be avoided if SBEs were able to change their business model to better fit the solicitation. Examples of changing a business model could include hiring certified staff or obtaining business certifications which are specified in solicitations. Other changes could include adding new product lines or gathering experience from other clients which would make an SBE better qualified for work with the District Government. DSLBD will produce workshops and provide one-on-one counseling with SBEs to share the results of this research. Through sharing information about opportunities, SBEs will be able to successfully compete for more contract opportunities with District agencies.	09-30-2023

Department of Small and Local Business Development (“DSLBD”)
Fiscal Year 2021 Year-End Report (pursuant to § 2–218.54)

Introduction

The mission of the Department of Small and Local Business Development (“DSLBD” or “Department”) is to support the development, economic growth, and retention of District-based businesses, and to promote economic development throughout the District's commercial corridors.

DSLBD envisions a business environment in which: District businesses are connected in real-time with local, federal, and global business opportunities; businesses navigate government quickly, confidently, and effectively; and every entrepreneur and business with a great idea and a great plan has the capital to make it happen.

Section 2354 of the Small and Certified Business Enterprise Development and Assistance Act of 2005, effective October 20, 2005 (D.C. Law 16-33; D.C. Official Code § 2-218.54) requires that DSLBD submit the following items to the Council on a semiannual basis:

1. A report on District agencies’ compliance with D.C. Code § 2-218.41;
2. A list of contracting opportunities for small business enterprises and certified business enterprises with District agencies;
3. A list of projects in the District that require a 35% minimum subcontracting requirement in accordance with D.C. Code § 2-218.46;
4. A list of beneficiaries, small business enterprises, certified business enterprises, or certified joint ventures that fail to meet the 35% minimum subcontracting requirements in accordance with D.C. Code § 2-218.46;
5. A list of projects in the District that have a 20% equity and development participation requirement in accordance with D.C. Code § 2-218.49a;
6. A list of beneficiaries that fail to meet the 20% equity and development participation requirements in accordance with D.C. Code § 2-218.49a;
7. A list of District government contracts or procurements and government-assisted projects that were granted waivers or modifications to the requirements set forth in D.C. Code § 2-218.46;
8. A list of District agencies that fail to meet the requirements set forth in D.C. Code § 2-218.41;
9. A list of small business enterprises and certified business enterprises; and
10. A list of joint ventures certified by the Department, including the number of compliance checks completed on the joint ventures and a summary of the results, and a list of joint ventures that met the requirements set forth in D.C. Code § 2-218.39a(i)

Note: The Department completed its FY21 small business enterprise (SBE) closeout process with all monitored agencies in June 2022 following the release of the 2021 Annual Comprehensive Financial Report.

Section 2354 of the Small and Certified Business Enterprise Development and Assistance Act of 2005, effective October 20, 2005 (D.C. Law 16-33; D.C. Official Code § 2-218.54), requires that DSLBD submit the following items to the Council on an annual basis:

11. A report on sports wagering licensee certified business enterprise compliance.

Lastly, Section 603 of the Streetscape Fund Amendment Act of 2010, effective April 8, 2011 (D.C. Law 18-370; D.C. Official Code § 1-325.191), requires that DSLBD submit the following items to the Council on an annual basis:

12. A report to the Council detailing all Streetscape Business Development Relief loans, grants, and sub-grants issued pursuant to this section, including information on the dollar amount disbursed, recipients of financial assistance, and whether the recipient is a certified business enterprise.

WR-0049	Child and Family Services Agency	2021	There is no scope for sub-contracting as CBEs do not provide RTC services for clients 8-12 years old.
WR2177	Child and Family Services Agency	2021	<p>CFSA utilizes Traditional Congregate Care services for clients who enter foster care due to abuse or neglect, and who are determined to be inappropriate for family-based care. The traditional congregate care placement is aimed at supporting stabilization and eventual stepdown to a family-based foster care setting.</p> <p>CFSA conducted a search of the DSLBD database of certified companies under NIGP Codes 952-29-500 (Youth Care Services). Of the eight (8) that were identified only one company, Umbrella Therapeutic Services is licensed by the OFL. This company currently provides congregate care services for youth for CFSA (Contract No. DCRL-2019-C4-0091) in a Traditional Congregate Care setting for male youth 13-21 years old. The remaining seven are not licensed by OFL. Therefore, unable to provide said services.</p> <p>In addition, the intensive services that the Contractor provides is specialized and offered by its in-house team of professionals who specialize in serving underserved youth, low-income teen parents, complex family issues. Approximately 81% of the budget consists of personnel, fringe benefits, occupancy costs such as rent and utilities, communication costs such as internet and cell phone service, a travel and transportation costs, such as mileage reimbursement and parking costs. The remainder of the budgetary costs are for expenses, typically considered business expenses and not a subcontractor providing goods and services within the scope of the contract.</p> <p>Most recently, CFSA conducted a search of the DSLBD database of certified companies under NIGP Codes 952-29-500 (Youth Care Services) qualified contractors to provide these services. Of the four that were identified none provided congregate care services for youth who are pregnant and or parenting youth in the foster care system and are a part of the abuse and neglect system. The intensive services that the Contractor will provide are specialized and offered by its in-house team of professionals who specialize in serving underserved youth, low-income teen parents, complex family issues. Over the past three years during the existing contract, the number of providers have been reduced and there are no known purveyors of the services under this proposed contract within the District, nor are there specific NIGP codes that meet the criteria for this service.</p> <p>CFSA has applied for and DSLBD has granted waivers for these services for the base year on 10/31/2018 and for option year one on 12/23/2019.</p>
WR2194	Child and Family Services Agency	2021	<p>There is no specific NIGP codes that meet the criteria for this service – Psychiatric Residential Treatment Facility. Currently, there are no Psychiatric Residential Treatment Facilities that are designated as CBEs. A search of the District’s Certified Business Database (Attachment A) identified eight (8) Certified Business Enterprises (CBEs) listed under commodity code 948-76-00 for Psychologists/Psychological and Psychiatric Services.</p> <p>Although there are CBE’s that may provide a portion of this service it would be impractical to request a contractor to use a psychiatrist or a psychologist to travel from DC to Orlando Florida to treat the client. As mentioned above these clients may have one or more of DSM IV diagnosis.</p> <p>The Contractor’s source of payment for the services rendered hereunder shall be in accordance with the DC Medical Assistance Program pursuant to Contractor’s agreement with the District of Columbia Department of Health Care Finance. The not-to-exceed amount for Psychiatric Residential Treatment Services will be billed to and paid by DC Medicaid.</p>

(“CBE Act”), which requires that all non-construction contracts in excess of \$250,000.00 have at least 50% of the dollar volume subcontracted to Small Enterprises or to Certified Business Enterprises, if there is an insufficient number of qualified number of qualified Small Business Enterprises to completely fulfill the requirements.</p> <p>The prime contractor will provide foster care placement and case management services for approximately four-hundred (400) children and youth in the District’s foster care system who will be placed with the Contractor in the State of Maryland in accordance with the Adoption and Safe Families Act of 1997 (Public Law 105-89), the LaShawn A. v Bowser Implementation and Exit Plan, and the Fostering Connections to Success and Increasing Adaptation Act of 2008 (Public Law 110-351). The Contractor must be licensed as a Child Placing Agency (CPA) by the Department of Human Services, Maryland.</p> <p>A search of the Department of Small and Local Business Development (DSLBD)’s website indicates that there are no certified business enterprises (CBEs) that provide placement and case management services in the State of Maryland. (Attachment 1). A search of the State of Maryland’s website indicates that there is a total of 31 companies licensed as CPAs. Of these 31 companies, 4 companies are located in the District but are not CBEs. Typically, child placing, and case management services are provided by not for profit entities that are not eligible to be certified as CBEs.</p> <p>The contractor is required to provide case management and placement services, tutoring, mentoring, school of origin transportation, mental health services.</p> <p>The solicitation prohibits the prime contractor from sub-contracting case management work which is approximately 80% of the required scope of work for this contract. For, tutoring services, mentoring, and school of origin transportation services the Contractor is required to refer the clients to CFSA’s contracted providers. CFSA’s tutoring and transportation contracts are with CBEs. For mental health services, the contractor is required to use contractors certified as Core Service Agencies (CSA), in Maryland, use providers that accept D.C. Medicaid or a CFSA contracted provider for many of the services. CFSA’s contracted mental health provider is a CBE.</p> <p>Approximately 54.50% of the budget consists of salaries of staff responsible for case management and management and associated fringe benefits; this activity cannot be contracted per the solicitation; 32% of the budget consists of room and board paid directly to the foster parents; and, 5% consists of occupancy cost. Based on the above approximately 91% of the estimated cost is not sub-contractable.</p>

WR2234	Child and Family Services Agency	2021	<p>The Child and Family Services Agency (CFSA) hereby requests a waiver of the 50% subcontracting requirements for the above mentioned solicitation as required in D.C. Official Code §2-218.46(a)(2) and 2-118-50(b)(1)(a), which requires that all non-construction contracts in excess of \$250,000.00 have at least 50% of the dollar volume subcontracted to Small Enterprises or to Certified Business Enterprises, if there is an insufficient number of qualified number of qualified Small Business Enterprises to completely fulfill the requirements.</p> <p>The prime contractor; Gulf Coast Treatment Centers, ("the Contractor"), will provide Psychiatric Residential Treatment Services twenty-four (24) hours per day, seven (7) days a week to emotionally disturbed wards of the District, hereinafter referred to as clients. Residential treatment which is part of a continuum of care, provides services at varying levels of intensity from the most too least restrictive. This continuum of care is dynamic; treatment services provided to the clients under this contract are geared toward improving the level of functioning so those clients progress to a less restrictive setting and increased levels of functioning. These services includes education, assessment, stabilization and evaluation services to CFSA clients as specified in Section C in the contract. The cost of these services is \$331,843.40.</p> <p>A search of the Department of Small and Local Business Development (DSLBD's) website indicates that there are no certified business enterprise (CBE) that provide In-Patient Psychiatric Residential Treatment Services.</p> <p>Gulf Coast Treatment Center is located in Ft. Walton Beach, Florida where they will provide these services.</p> <p>For the above-mentioned reasons, CFSA is requesting a waiver of the sub-contracting requirements.</p>
WR2253	Child and Family Services Agency	2021	<p>There are no Certified Business Enterprises (CBEs) that are designated as Therapeutic Residential Treatment Facilities and can provide inpatient residential treatment care for youth in the District of Columbia. CFSA conducted a search of the District's Certified Business Database and identified four (4) CBEs with commodity code 952-92-65 for Therapeutic Residential Care and Treatment. The four (4) CBE's are listed below.</p> <p>Valentine Community Services, LLC – Provides supported living services to adults with intellectual and developmental disabilities.</p> <p>Premier Health Services – Provides Skilled Nursing, Physical Therapy, Occupational Therapy, Speech Therapy, Homemaker Services, Personal Care Aids, Home Health Aides Medical Support Social Workers for adults.</p> <p>VanMar, Inc. – Provides Supported-Living Residential (SLR), Individual Transportation Service, Respite Services (RS), In-Home Support Services (IHS), Wellness - Physical Fitness (FIT) Environmental Accessibility Adaptation (EAA), Behavioral Support Services (BSS) for adults.</p> <p>KBEC Group - Provides education, training and job development, residential services and information technology services.</p> <p>For the above-mentioned reasons, it is recommended that the Contracting Officer not set aside this procurement as there are no CBEs that can provide the services which are the subject of the contract.</p>

			<p>The Child and Family Services Agency (CFSA) hereby requests a waiver of the 35% subcontracting requirements for the above-mentioned solicitation as required by D.C. Law 16-33; D.C. Official Code §2-218.46 and 2-218.51 et,seq. ("CBE Act"), which requires that all non-construction contracts in excess of \$250,000.00 have at least 35% of the dollar volume subcontracted to Small Enterprises or to Certified Business Enterprises, if there is an insufficient number of qualified number of qualified Small Business Enterprises to completely fulfill the requirements.</p> <p>The Prime contractor; Lutheran Social Services of the National Capital Area, was selected to provide residential foster care and social services to refugee, asylee, human trafficking and special immigrant juvenile (SIJ) youth who fall under the category of unaccompanied refugee minor (URM) and are placed in the custody of the District of Columbia, at a cost of \$1,519,271.90 for Option Year 4. These services and activities include the provision of foster care and health care services, social adjustment programs, and the development of vocational programs for unaccompanied refugee minors.</p> <p>For the purposes of this contract, the term "unaccompanied refugee minor" shall be defined as refugee children resettled in the United States without parents or other close relatives. These children have either been separated from their parents in the process of fleeing their country or, the parents have assisted their children to escape while out of their country while they remained, or their parents have been killed.</p> <p>The District of Columbia Child and Family Services Agency ("CFSA") has entered into an MOU with the District of Columbia's Department of Human Services ("DHS") for participation in the refugee minors' program. CFSA and DHS have been working in partnership to create a viable system for wraparound services that will be able to meet the unique needs of children and families served by the refugee minors within the child welfare system and work collaboratively with DHS, and other providers to meet the needs of the children.</p> <p>Additionally, the Contractor referenced above is the only vendor who can meet the District's minimum need without disruption at this time. Second, this provider can ensure the placement of unaccompanied refugee minor youths identified and referred by the United States Citizenship and Immigration Services (USCIS) to CFSA, as well as those youths identified as unaccompanied by CFSA and approved placement by the Federal Office of Refugee Resettlement.</p> <p>Lutheran Social Services of the National Capital Area has a well-known success rate in providing unaccompanied refugee minor services to youths to maintain themselves independently in the community. Finally, the contractor has an extensive experience in servicing the target population, which consists of children in the child welfare system. There are no qualified CBE in the District capable of providing these services.</p> <p>Lutheran Social Services of the National Capital is a private, nonprofit tax-exempt corporation incorporated in the District of Columbia, in accordance with D.C. Code § 2-218.51. They have been deemed qualified and responsible to provide these services to the District. They are not able to meet the 50% required subcontracting requirements since they are using their own staff and resources to provide the required services. Salaries and fringe accounts for 34%, clients cost accounts for another 52% of the total budget. The remaining 14% is for indirect overhead cost such as utilities, liability insurance, audit and accounting financial services associated with delivering the provisions of the contract and are considered business expenses and therefore is exempt from being counted towards the sub-contracting requirements.</p> <p>Failure to obtain this waiver would negatively impact the District's ability to protect and deliver critical government services to this population.</p>

The contractor is expected to provide Psychiatric Residential Treatment Services, Education and Diagnostic and Assessment Services to CFSA clients. These services are part of a continuum of care, which provides services at varying levels of intensity from the most to least restrictive. This continuum of care is dynamic; treatment services provided to the clients under this contract are geared towards the progression to a less restrictive and appropriate setting and to increase levels of functioning at a cost of \$944,818.47 for the base period.</p> <p>In addition, the contractor provides residential therapeutic treatment, education, diagnostic and assessment, stabilization and evaluation services to CFSA clients, ages 6 to 18, with moderate to severe social and emotional concerns, developmental delays; dysfunctional behavior patterns who warrant admissions into the diagnostic and short-term assessment services program. Some of the CFSA clients may also have medical needs, learning disabilities and behavioral problems that range from moderate to severe. The provision of diagnostic and short-term treatment services is geared towards obtaining comprehensive assessments, evaluations and recommendations so that clients under this contract can progress to the most appropriate setting, receive the appropriate services and increase levels of functioning.</p> <p>A market survey on the CBE SBE search page was conducted using NIGP service description for "In-Patient Psychiatric Residential Treatment Services?". WR2218	Department of Public Works	2021	None of the CBE's listed under the applicable NIGP codes have the facility to accommodate the District's waste disposal effort. This contract is a result of a sole-source procurement for the maintenance of Mettler-Toledo truck scales currently installed in the transfer stations. The manufacturer is the sole provider of these services, as the firm does not authorized resellers or OEM servicemen.
WR-3027	Department of Public Works	2021	This contract is a result of a sole-source procurement for Builtrite brand grapplers where Bullock Brothers is a authorized distributor. For continuity and standardization purposes, this brand of grapplers was selected. Uploaded is supporting documentation.
WR-3042	Department of Public Works	2021	This is a request to waive the subcontracting requirement for this upcoming solicitation. This solicitation is for a single contractor to provide commercial and residential recycling services. There are no subcontracting opportunities, but CBEs are encouraged to bid.
WR-3124	Department of Public Works	2021	The Office of Contracting and Procurement (OCP) on behalf of the Department of Public Works (DPW) is seeking authorized manufacturer dealer to provide 10 Lordstown Endurance Dedicated Electric Pick-up Trucks. The estimated amount of the procurement is over \$250,000.00 and as such, a waiver of the 50% mandatory CBE subcontracting is hereby requested. The District will be purchasing goods and services to the authorized manufacturer dealers that will be able to provide vehicles with warranties.
WR-3151	Department of Public Works	2021	A Search of the following NIGP Codes was conducted on DSLBD's website; 070-48-57 ? Trucks, pick-up, 3/4 ton, 072-02-12 ? Trucks, pick-up, 8600 GVWR, 3/4 ton, gasoline and 072-02-16 ? Truck, pick-up, hybrid gas/electric, full size, of which no CBEs were identified. As a result of this search, a waiver for the procurement of these vehicles is requested. Note, the solicitation uploaded is a draft, as it will be posted after receipt of a waiver.
WR-3181	Department of Public Works	2021	Due to the global pandemic, the entire auto industry is experiencing a shortage of semi-conductor chips which are critical in the manufacturing of new vehicles. This shortage has caused many of the major manufacturers to cut off production of new vehicles, thus creating a demand that far exceeds available supply. This shortage is expected to last until mid- to late 2022. Given these market findings, it can be determined that no vendor receiving an award in the coming months, CBE or other, would be able to obtain a sufficient number of vehicles to replace the approximately 477 vehicles in use, currently held by Acme Auto Leasing. Maintaining this contract is critical to the operations of the multiple agencies who utilize this contract. The Acme contract will be modified to reduce its total number of vehicles by the 96 which are slated for the set-aside award, once implemented. A waiver of the 50% mandatory certified business enterprise (CBE) subcontracting requirement is hereby recommended so the District can proceed in exercising option year two of the current contract with Acme Auto Leasing. The inclusion of the mandatory subcontracting requirements hampers the District's ability to exercise the option. Therefore, it is in the best interest of the District to waive the requirement.
WR-3359	Department of Public Works	2021	Waiver is required as the CBE identified under the NIGP codes 9687159-DISPOSAL SERVICES, SOLID WASTE, INCLUDING PICK-UP AND HAULING TO DISPOSAL SITE. SOLID WASTE TO CONSIST OF FOOD WASTE, RUBBISH, BULK TRASH, STREET DIRT, AND DEMOLITION WASTES and 9623902-HAULING SERVICES although can provide hauling and disposal services do not have the equipment functionality required to properly perform the contract (i.e., walking floor capable of moving loads inside the body to rear of vehicle for off loading and a tipper which is a vehicle have a platform that can be raised at the front end to enable its load to be discharged at the rear.
WR-0014	Department of Transportation	2021	The District-of Columbia Office of Contracting and Procurement, on behalf of the Department of Transportation requires Ziela to provide modular bus platforms which are compatible with protected bike lanes and related engineering and design guidance of DOT Design and Engineering Manual (2019) as well as compatible with the requirements and principles of Americans with Disabilities Act (ADA).

WR-3101	Department of Transportation	2021	This is a sole-source procurement for the purchase of nine (9) snow plow trucks. The Office of Contracting and Procurement (OCP) on behalf of the District Department of Transportation (DDOT) is seeking authorized manufacturer dealer to provide 12 Lordstown Endurance Dedicated Electric Pick-up Trucks. The estimated amount of the procurement is over \$250,000.00 and as such, a waiver of the 50% mandatory CBE subcontracting is hereby requested. The District will be purchasing goods and services to the authorized manufacturer dealers that will be able to provide vehicles with warranties.

WR-3245	Department of Transportation	2021	A waiver of the 50% mandatory certified business enterprise (CBE) subcontracting requirement is hereby requested because there is no certified business enterprise under NIGP commodity code 072-02-22 for Truck, pickup, crew cab, full size, 6 passenger, gasoline and diesel. Therefore, there are no subcontracting opportunities. The District needs to purchase the vehicles from authorized manufacturer dealers. CBE search under NIGP commodity codes 070-48-57 ? Trucks, pick-up, 3/4 ton, 072-02-12 ? Trucks, pick-up, 8600 GVWR, 3/4 ton, gasoline and 072-02-16 ? Truck, pick-up, hybrid gas/electric, full size resulted to zero CBE.
WR-3368	Department of Transportation	2021	UPDATE - On September 27, 2021, a CBE contacted me citing their firm could provide the requested vehicles. I responded on September 28, 2021 at 12:54PMEST requesting the firm submit by Thursday, September 30th by 3PM EST documentation from Lordstown, the manufacturer of the Electric Vehicles that the CBE is licensed by or otherwise authorized by Lordstown to sell, distribute, service and provide parts. As of October 7, 2021, I have not received a response from the CBE. As there is no way to verify whether the CBE is authorized by the manufacturer to provide these vehicles, I recommend DSLBD proceed with granting the waiver for these vehicles.
WR-3422	Department of Transportation	2021	The Office of Contracting and Procurement on behalf of the District Department of Transportation (DDOT) will be purchasing goods and services from authorized manufacturer dealers. The estimated amount of the procurement is over \$250,000.00, a waiver of the 50% mandatory CBE subcontracting is hereby requested. WR2262	Department of Youth Rehabilitation Services	2021	It is estimated that over 80% of the cost associated with the delivery of services are for direct care personnel. Therefore, subcontracting these essential services would not be safe for youth in the care of DYRS
			DYRS requires multiple providers to provide twenty-four (24) hour, seven (7) days a week (including holidays) residential treatment and educational services to the District youth. Residential Treatment Services will provide community-based support services for youth in the juvenile justice system for males and female youth between the ages of 10 and 18 who have been adjudicated in the District of Columbia's juvenile justice system and committed to DYRS' care and custody. The providers will also provide specialized and educational services while the detained youth are in their care. These youths have been identified by the District of Columbia Family Court and deemed appropriate for residential treatment alternatives to secure detention services.
WR-3012	Department of Youth Rehabilitation Services	2021	DYRS is seeking services for approximately (71) detained youth.
			The DYRS is responsible for the delivery of services to youth involved in the juvenile justice system, who have been arrested and/or have been unsuccessful under probation status. Typically, the youth possess varying degrees of emotional, behavioral, and psycho-social problems and as a result are court ordered into the temporary custody of DYRS and are considered wards of the D.C. The population served by DYRS are youth between the ages of 14 and 21, including pregnant youth or youth parent of one (1) child or two (2) children; or who are committed to DYRS' custody and who are eligible for alternatives to secure facilities; youth stepping down from committed custody after an extended stay in locked custody; youth in jeopardy of aftercare revocation

The proprietary equipment is manufactured by Bubble Technologies Industries and is designed to assist in coordination of emergency functions and will meet the customized environment for District protocols for maritime mobile detection systems. Bubble Tech has authority over manufacturing, delivery and discounting and is the exclusive supplier of the specialized goods. There are no CBEs who manufacture and can deliver the equipment that is required for the Mobile Detection System ? Maritime because it is exclusive to Bubble Technologies, Industries, Inc. The manufacturer is also the sole supplier for the training necessary for the specialized equipment. There are no alternates as the equipment must be compatible with the NCR entities for interoperability among neighboring jurisdictions for efficient deployment of emergency support resources.

WR-0073	Office of the Chief Technology Officer	2021	This is an option exercise, not new solicitation. We intend to exercise option year 3. and for the option year 1 and two, there is already waiver granted by DSLBD. Opportunities for Local, Small and Certified Business Enterprises were considered in the procurement planning, however after researching the manufacture website for certified re-sellers and their were no CBE listed on the manufacture website (attached list). It was determined that no CBEs were available to provide the requirements of the Infoblox Appliances. For the reasons stated above, the Office of Contracting and Procurement, on behalf of the Office of the Chief Technology Officer respectfully request approval of a waiver to waive 100% of the subcontracting requirement for Doc540366 - Infoblox Appliances.

WR-3188	Office of Unified Communications	2021	<p>The non-competitive procurement is necessary as a result of the manufacturer's business model which there is a sole reseller of GovCloud Salesforce Licenses. The Office of Unified Communications (OUC) utilizes the GovCloud Salesforce licenses to provide critical and efficient government service administration for the Next Generation (NG) 311 call center support. The vendor does not utilize subcontractors and is the sole supplier of the required services to upgrade, maintain and support the District's existing technology. The services are provided remotely except for training which the product is for continuation of technology, as needed upgrades and the cloud-based solution. Market research and verification from the manufacturer indicates that the District may not procure nor separate the GovCloud solution platform from the Salesforce branded licenses. The authorized and exclusive reseller of the manufacturer's technology is Carahsoft Technology Corporation resulting in no CBEs being available to meet the District's licensing and maintenance requirements.</p>

Q57 - DSLBD IT Systems

Certification Business Area

DES Certification Module

a. Detailed Description

- The DES Certification Module is mainly used by the DSLBD Certification Division (internal users) to process CBE applications and by the companies (external users) applying for CBE certification.
- Users
 - Applicants/Companies (external/public users)
 - Certification Specialists (internal users)
 - Certification Analysts (internal users)
 - Certification Manager (internal users)
 - DSLBD Legal team (internal users)
 - DSLBD System Administrators (internal users)
 - Various DSLBD Staff, OCP staff, other agency users, Public users (internal and external users accessing the CBE public search website)

b. System Age

- DES Certification was released on April 30, 2018. It was developed using the Salesforce platform by OCTO (Office of the Chief Technology Officer). The system is maintained by the DSLBD IT Staff – 1st level maintenance and OCTO Staff (2nd level maintenance). The Salesforce platform is cloud-based.
- Since the module was released in April 2018 minor maintenance has occurred to fine tune the system. There is a list of items that have been prioritized for development.
- In FY22 the following was completed:
 - To ensure that DSLD is being inclusive, the gender options have been updated. Gender is now a required field. Race is now a required field. We added new required fields: Business Gender Classification and Business Ethnicity Classification. These required fields have the option Prefer not to answer. We created a Minority Business Enterprise (MBE) field that helps us to more easily identify the Minority Businesses based on the ethnicity classification chosen. Released in Q1.
 - Due to new legislation for CBEs, the revenue feature was updated to collect 5 years instead of 3 years of revenue data. Released in Q4.
 - A certification NMSDC (National Minority Supplier Development Council) was updated to a required field in so the information could be captured for all CBEs. This update will assist DSLBD with collaboration with the DC businesses outside of DES (non-CBEs) that could benefit by becoming a CBE. Released in Q4.
- For FY23
 - To continue development of prioritized Certification updates and new requirements releasing throughout FY23.

c. Public Access

- There is a public facing webpage from the DSLBD website (**Find Certified Companies-accessible from the DSLBD Website**) that allows anyone to be able to search for an active CBE. Only part of the information in the DES Certification Module is available to the public through this webpage. The majority of the data is for Government use. The Active CBE data is also available through the open data site.

CBE Online Archive

a. Detailed Description

- Online (Archive) is mainly used by the DSLBD Certification Division and the DSLBD DES System Administrators (internal users) to research the history of CBE applications. The system is also used for FOIA requests as well as assisting the certification staff during renewal and certification of businesses. When DES was launched the Archive became functional.
- Users
 - DSLBD System Administrators (internal users)
 - Various DSLBD Staff (internal users)

b. System Age

- We began using it as an archive in 2018.
- The public does not access this system.
- The data is for Government use.

- To continue development of Compliance Public Private Development functionality releasing in Q4
 - Subcontract submission and modification
 - Budget plan submission and modification
 - Quarterly report submission and modification
 - The monitoring projects with multiple phase

c. Public Access

- Data is retrieved from the system and used for the Green book which is provided to the public through the Green Book website. The green book data is for the Public as well as the Waiver Portal for CBEs.

Agency Compliance Reporting Tool 2011-2015

a. Detailed Description

- Agency Compliance Reporting Tool 2011-2015 are Quickbase applications developed to monitor DC Agency compliance regarding operating and capital budgets. This data is kept for archiving purposes and is not available for the public. This functionality is currently in DES. DC Agencies have an annual goal of spending 50% of their expendable budgets with Certified Small Business Enterprises (CSBEs). The Compliance Division monitors all District government agencies listed in the annual District Government’s Proposed Budget and Financial Plan established by the Office of the Chief Financial Officer (OCFO). The Compliance staff manually inputs agency budgets into the QB application. After the budget information has been entered, the Agency CBE Compliance Officer (CCO) enters the following data into the application:

- Procurement Plan
- Annual Allocation Letter (QB Budget Form)
- Budget Exclusions (which are approved by Compliance Division)
- Quarterly and Annual Expenditures
- End of Year Narrative

The Compliance Staff monitors the information and looks for red flags. Red flags are then targeted for closer review.

- Users
 - DSLBD Compliance Team (internal users)

b. System Age

- This Quickbase application was developed in 2010. These systems contain data from FY11-15. Functional Requirements have been documented so this functionality can be captured in DES.

c. Public Access

This data is kept for archiving purposes and is not available for the public. This functionality is currently in DES.

FY16/FY17/FY18/FY19 DSLBD Agency Compliance Reporting System

a. Detailed Description

- FY16/17/18/19 Agency Compliance Reporting Tool are Quickbase applications developed to monitor DC Agency compliance regarding operating and capital budgets. This data is kept for archiving purposes and is not available for the public. This functionality is currently in DES. These systems contain data from FY 2016 through FY 2019. The applications provide data loads for the budget, procurement plans, and expenditures. With these systems, spreadsheets are being received from OCFO, OCP, and OCTO (Pipeline).
- Users

- DSLBD Compliance Team (internal users)
 - Agency CBE Compliance Officers (DC Govt users)
 - DC Govt Staff (for oversight and audits)
- b. System Age
 - These Quickbase applications are developed each fiscal year which started in FY15. The last application was developed for FY19 data. Functional Requirements have been documented so this functionality can be captured in DES.
 - The system receives data (SOAR initial budget and revised budget data as well as SOAR expenditure data and PCARD data) from OCFO and OCP. Also receives Pipeline data from OCTO. These data sets were loaded into Quickbase and displayed so agency users could more accurately record exceptions, determine their SBE Goals and show spend data as they were measured against their SBE Goals.
- c. Public Access
 - This data is kept for archiving purposes and is not available for the public. This functionality is currently in DES.

CBE Subcontracting Compliance Tool

- a. Detailed Description
 - The CBE Subcontracting Compliance tool is a Quickbase application developed to monitor DC Agency compliance regarding contracts in excess of \$250K. District Agency Contracting Officers are responsible for entering data into the application such as:
 - Solicitations
 - Waiver Requests (if at least 35% CSBE subcontracting on a contract cannot be achieved)
 - Prime Contractor Information
 - Contract Information
 - Subcontracting Plans
 - Quarterly Reports.

The Compliance Division reviews and assesses all information and approves or denies the waiver requests.
 - Users
 - Agency Compliance Officers (DC Govt users)
 - DSLBD Compliance Team (internal users)
 - Public (viewing the Waiver Report from the DSLBD Website)
 - DC Govt Staff (for oversight and audits)
- b. System Age
 - This Quickbase application was developed in 2012. Functional Requirements have been documented so this functionality can be captured in DES.
 - For FY20 Critical maintenance and enhancement actions occurred as needed.
- c. Public Access
 - The public accesses the waiver report through the DSLBD website. The majority of the data is for Government use. As we transition to the DES for waiver processing, this data is kept for archiving purposes and is available for the public to review past waivers. Once released, new waivers will be processed in DES.
 -

Compliance Monitoring (Development Projects)

- a. Detailed Description
 - The DSLBD Compliance Monitoring (Development Projects) tool is a Quickbase application developed to track and monitor development projects requiring 35%

subcontracting and/or 20% equity and/or development participation by local and small certified businesses. The developer currently sends project information by email and spreadsheets to the Compliance staff. The developer also must provide quarterly reports regarding CBE usage on the contract. Once this information is received, the Compliance staff enters the data into the Compliance Monitoring tool.

- o Users
 - DSLBD Compliance Team (internal)
 - DC Govt Staff (oversight and audits)
 - Funding Agencies (DMPED,DHCD,DCHFA) – (DC Govt users view mode)
- b. System Age

DSLBD Business Toolkit

- a. Detailed Description
 - **Business assistance resource** - resource name, resource type (e.g., publication, event, trainings, funding, program, regulation, app, coaching/counseling), source (agency, organization), point of contact, event detail (if applicable), attachment, URL,
 - **User information (All Users)** – name, phone, email, address, related entity (organization, agency, business)
 - **User information (just businesses)** – business address, contact information, type, issues of interests, commercial district if applicable, ecommerce site, business owner name, certifications and self-reported designations, matchmaking/networking preferences
 - **Agency and Nonprofit Service Provider Organization** -- name, mission/description, location, contact information, URL, email alert requests made
 - **DC Capital Connector** – receives event data from the Business Toolkit. The Capital Connector was developed by a 3rd party for small business owners to create and save their business profile and get daily personalized notifications that will connect them to local lenders, business support services, surety bonding agents, networking events, and DC government solicitations that match their businesses. The users are the DC businesses, lenders and surety bond agents.
- b. System Age
 - Launched 9/2018
 - For FY22 only critical updates occurred.
 - For FY23 no major updates planned.
- c. Public Access

The public can access most of the DC Business Toolkit including: all types of resource records, roadmaps, business listing and calendar of events.

There are additional features that the public may access if they are part of a specific user group (DC business, DC resident entrepreneur, agency or nonprofit service provider staff) and they register for a free user account profile. Those features are:

- **DC Businesses and DC Resident Entrepreneurs** -- Store saved resource records including roadmaps; create/update business listing (optional); and create Made In DC virtual storefront page (optional).
- **Agency and Nonprofit Service Provider Organization Staff** -- Update their entity description; add/edit resource records including events and roadmaps; send an email alert request; and submit quote request to businesses listed in Made In DC virtual storefront.

I. Please provide a detailed description of any new technology acquired in fiscal years 2022 and 2023, to date, including the cost, where it is used, and what it does. Please explain if there have there been any issues with implementation.

a. In FY22

- DSLBD acquired Canva Pro which is utilized by five divisions (InnoEd, Business Opportunities, Commercial Revitalization, Comms, and PTAC) for Eventbrite banners, infographics, and presentations. To date, there have been no issues with implementation of the tool. The cost is \$119.99/year.

b. In FY23

- DSLBD acquired Salesforce Public Sector Foundation to aid the developers with the in the development of our DES Grants Module. The Grants Module will be utilized by DSLBD divisions (InnoEd, Business Opportunities, and Commercial Revitalization) that process grants. The applicants will apply for the grants and the grantees are the awardees of the grants (external users).
- The tool was purchased FY23 Q1 and cost \$40K. The licenses will renew each year. There have been no issues with the tool, and it has helped us to develop the system quicker because the tool had many prebuilt processes.

OVERVIEW

Purpose

The Department of Small and Local Business Development (“DSLBD” or the “Department”) is the District’s regulatory body that is responsible for supporting the development, economic growth, and retention of District-based businesses, and promoting economic development throughout the District’s commercial corridors.

In addition to this mission, the Department is responsible for enforcing the Small and Certified Business Enterprise Development and Assistance Act of 2005 (“CBE Act”), effective October 20, 2005, as amended (D.C. Law 16-33; D.C. Official Code § 2-218.01 et seq.). This enforcement authority is delegated to the Compliance & Enforcement Division (the “Division”), which oversees compliance with the CBE Act for District agencies, government contracts, public private developments, and sports wagering operations.

This Standard Operating Procedure (“SOP”) describes the recurring operations and the processes implemented to ensure that compliance personnel carry out their duties in accordance with established procedures. By establishing these procedures, the Division intends to ensure the credibility of Certified Business Enterprise (“CBE”) Program.

The establishment of these procedures and requirements does not supersede or eliminate employees’ rights or responsibilities established pursuant the District of Columbia’s Municipal Regulations. Should any of these provisions conflict with District regulations, then the District’s municipal regulations shall be controlling authority.

Scope

This document applies to all employees at DSLBD with duties and responsibilities managed by the Compliance & Enforcement Division. The Division consists of three (3) subunits:

- Agency Compliance
- Public Private Development Compliance
- Investigations

Compliance Specialists are assigned to one specific subunit; however, Compliance Specialists may at times be called to perform duties of another subunit to meet the needs of the Division. For this reason, it is required and incumbent for all Compliance & Enforcement personnel to review this document and all addendums in their entirety to properly perform their primary responsibilities or other duties assigned.

AGENCY COMPLIANCE

The Agency Compliance subunit monitors District agencies' progress towards achieving the mandatory SBE Expenditure requirement per fiscal year and monitors all non-construction government-assisted projects. Additionally, the Agency Compliance subunit is responsible for reviewing and making recommendations to the Director for requests to waive the statutorily imposed subcontracting requirements.

1.0 MONITORING OF DISTRICT AGENCIES

The Agency Compliance subunit is responsible for monitoring each District agency's progress towards spending 50% of their adjusted expendable budget with Small Business Enterprises ("SBE") per fiscal year. To achieve this objective, the Agency subunit conducts a variety of tasks before, during, and after each fiscal year, to include: (1) conducting District-wide mandatory trainings; (2) establishing each agency's progress towards their SBE goal, including the review of special exceptions and expenditure adjustments; and reviewing requests to waive the statutorily imposed subcontracting requirements.

1.1 AGENCY TRAININGS FOR CBE COMPLIANCE OFFICERS

Agencies are responsible for assigning a staff member to be a DSLBD Liaison. The DSLBD Liaison is responsible for corresponding with the Department and providing relevant information or documentation regarding their agency's expenditures with CBEs.

To ensure CBE Compliance Officers have the most accurate information, the Agency subunit shall conduct District-wide mandatory trainings between the third and fourth quarter of each fiscal year. These trainings shall be designed to provide CBE Compliance Officers and other relevant personnel with the Department's reporting requirements, training on any software or systems used by the Department for monitoring agencies' SBE spend, an anticipated schedule for the fiscal year noting reporting deadlines, and other relevant information. *See Addendum A.*

Compliance Specialists are required to develop an in-depth understanding of the SBE Goal Setting Process that will allow each Compliance Specialist to serve as presenters for the mandatory trainings.

1.2 CONTACT RECORD KEEPING

To ensure that each agency has provided its most accurate contact information for CBE Compliance Officers or other relevant personnel, on August 1st of each year, the District Enterprise System ("DES") shall require the CBE Compliance Officer to either confirm the current contact records in DES are still valid or update contacts records to reflect the current CBE Compliance Officers and other relevant personnel.

Each agency shall be required to provide a contact record for its Director, Chief of Staff, and at least one DSLBD Liaison. Until each agency confirms their contact information is correct or provide an updated contact record for its Director, Chief of Staff, and at least one DSLBD Liaison, DES shall restrict the agency from all other functionality in the system until this exercise is completed.

1.3 ESTABLISHING SBE GOALS FOR AGENCIES

The Department has the authority to establish agencies' SBE Goals pursuant to D.C. Official Code § 2-218.41 and DCMR Title 27, Chapter 8. Pursuant to that authority, each agency is required to contract at least 50% of its expendable budget to SBEs. Compliance Specialist are required to carry out their duties (e.g., reviewing agency budgets, processing special exceptions, and processing budget adjustments) that will allow the Department to establish the SBE goals with sign offs from Agency Directors no later than September 30th of each fiscal year.

To determine each agencies' goal, the Department reviews the Office of Chief Financial Officer's ("OCFO") Operating Budget Chapters, Operating Appendix Tables, and the Financial Plan Report. This information is loaded into the District Enterprise System ("DES") by the IT Division.

The Department establishes an Adjusted Expendable Budget for each agency by deducting all personnel and fixed costs from each agency's Total Operating Budget. In addition, the Department permits agencies to submit budget adjustments and special exceptions. In these instances, the Adjusted Expendable Budget is calculated by using the following formula:

1. Appropriated Operating Budget + Appropriated Capital Budget = **Appropriated Total Monitored Budget (Gross Funds)**
2. Appropriated Total Monitored Budget (Gross Funds) – Automatic Exclusions (Personnel & Fixed Costs) - Total Approved Exclusions - Total Approved Special Exceptions = **Approved Expendable Budget**
3. Approved Expendable Budget / 2 = **Approved SBE Expenditure Target Goal**

1.4 REVIEWING BUDGET ADJUSTMENTS

Agencies are permitted to submit Budget Adjustments which are expenditures that an agency made to a SBE that were not captured as SBE Spend. The purpose of these adjustments is to record revenue and expenditure transaction changes to an agency's current budget.

Each Compliance Specialist is required to review their respective agencies' budget the third quarter of each fiscal year and review:

- The agency's budget line items and make sure that the new Q3 Budget Adjustments do not result in a Special Exception amount that is greater than the original budget amount. If the amount is greater than the original budget amount, then the Compliance Specialist must rectify the discrepancy by creating a negative adjustment.
- Approved Special Exceptions and Actual Transfer line items to make sure that there are no approved Special Exceptions on a line item that has already been transferred. If there are, then the Compliance Specialist must notify the Compliance Manager, the Chief of Staff, or the Deputy Director and have them deny the Special Exception.
- Each agency's Anticipated Transfer Special Exception line items and compare them to the Actual Transfer line items to determine the new value of the "Capital Anticipated Transfer Out" and "Operating Anticipated Transfer Out" fields.
- Anticipated Transfer Out values and email them to the Compliance Manager or the System Administrator so these values can be updated in the system by DSLBD's IT Team.

1.5 REVIEWING SPECIAL EXCEPTIONS

Pursuant to 27 DCMR 830.6, agencies are permitted to submit Special Exceptions. Special Exceptions are expenditures that the agency is requesting be excluded from their expendable budget. By approving special exceptions, the Department lowers the expendable budget, which ultimately reduces the CBE expenditure requirement.

Compliance Specialists assigned to the agency subunit are responsible for reviewing and making a recommendation to management to approve or deny special exceptions. See Addendum B. A specialist shall approve a Special Exception when:

- There are no SBEs available to provide the product or service.
- SBEs lack capacity to provide the goods or services sought.
- Restrictions are placed by Local or Federal law that controls the funds (*i.e.*, Medicaid Services, HCA, etc.);
- The products or services are proprietary in nature and require special licensure (*e.g.*, Lexis Nexus Subscription Service, Microsoft, etc.); and
- Specialized services that require specific expertise unique to a particular agency (*e.g.*, when a biologist supports watershed restoration efforts.).

In reviewing these submissions, Compliance Specialists shall ensure that the request is supported by sufficient documentation, which may include:

- Prior agreement (Contract, MOU, etc.) with specific language restricting the usage of funds.
- Prior waiver request with the most recent market analysis (within 30 days); and
- An official letter or memorandum from the Financial Officer, stating specific language restricting the usage of funds (Justification Document).

Once the Compliance Specialists recommends approval or denial for a special exception, management shall review that recommendation and issue a determination. The final determination is sent via email to the CBE Compliance Officer notifying the agency of the decision and the rationale.

Note: Waiver Requests should be submitted for contractual goods and services that exceed \$250,000 and cannot be performed by SBEs.

Anticipated Transfers are identified during the Special Exception Process. Agency Transfers will not be approved during the special exception process, but manually entered and evaluated throughout the year. Anticipated Transfers are Intra-Agency Transfer funds that an agency will transfer to another agency for services.

Because of budget adjustments, SBE Goals will fluctuate throughout the year (*i.e.*, re-programming, intra-agency transfers, etc.).

1.6 DIRECTOR SIGN-OFF OF SBE GOAL

Pursuant to 27 DCMR 831.1, each agency Director or a designee appointed by the Director must sign and acknowledge the agency’s Expendable Budget and SBE Minimum Expenditures for the fiscal year, by accepting or rejecting the Department’s recommended Adjusted Expendable Budget.

To do so, the agency user must log into the DES Agency User Interface. Once logged in, the agency user must click on "Manage Budget", this directs the agency user to the “Director Actions” page where the user is required to either select “Accept” or “Reject”. The agency user also has an option to leave a comment if a comment is needed.

By selecting accept, the agency Director acknowledges the requirement to allocate and expend 50% of its expendable budget with SBEs. Then the agency user closes out by selecting submit.

Compliance Specialist are responsible for ensuring all their agencies’ directors have signed and acknowledged the Expendable Budget and SBE Minimum Expenditure by a date established by Management.

1.7 FISCAL YEAR CLOSE OUT

The Agency Compliance subunit is responsible for reviewing and verifying each agency's spending with SBEs at the close of this fiscal year. This process is referred to as the “Fiscal Year Close-Out”.

During this process, Compliance Specialists are required to finalize all SBE accounting so that agencies can be credited for their SBE spend. This may require the Compliance Specialist to process special exceptions, budget adjustments, reconcile quarterly reports for non-construction government assisted projects, and work with CBE Compliance Officers to reconcile any issues that may arise.

The following tasks must be carried out in order to complete the Fiscal Year Close Out process:

Task No.	Description	Resource Used	Staff Responsible
1.	After the CAFR is published, IT downloads the 4 th Quarter Revised Budget and 4 th Quarter Expenditures. Following this, IT will load this data into DES. NOTE: The Department does not make any changes to the data that is received from the OCFO.	DES	IT Lead
2.	Compliance Specialists will review agencies’ budgets to determine if anticipated transfers are required.	DES	Compliance Specialists
3.	Agencies are provided an opportunity to submit any special exceptions or budget adjustments for processing.	DES	CBE Compliance Officers
4.	Compliance Specialist review all Special Exceptions and Budget Adjustments submitted by agencies and makes a recommendation (<i>i.e.</i> , approve or deny) to management.	DES	Compliance Specialists

5.	Compliance Manager and/or Deputy Director to review Compliance Specialists recommendations and provide final determination.	DES	Compliance Manager or Deputy Director
6.	When all processing is completed, CBE Compliance Officers to receive a notice that their agency director or designee can review and sign-off.	DES	Compliance Specialists
7.	Finalized budgets and SBE spend data is compiled into a report and provided to the Office of the Director.	DES	Compliance Manager or Deputy Director

Agencies that do not report by the deadline are sent a notice of infraction regarding their reporting performance by their assigned Specialist. These notices are sent at the direction of the Compliance Manager or Deputy Director.

Based on the narrative provided, the Division will provide guidance to the agencies. If there was a shortfall, the Division will work with the Business Opportunities Division to provide support and resources to the deficient agency. Guidance involves understanding that all possible good faith efforts were undertaken by the agency and how these shortfalls can be avoided in the following fiscal year. Guidance can include working with an agencies CBE Compliance Officer to determine whether reprogramming has occurred or if agency has unspent funds from prior fiscal year.

Once a review is completed, Specialist should email the agency stating that their narrative was received and reviewed.

The Division may also make recommendation to the Director to set aside a portion of an agency’s budget for any agency that consistently fails to meet the SBE Expenditure Requirement. *See* D.C. Official Code § 2–218.52. Compliance Specialist shall review each agency’s SBE Spend over at least a three-year period and determine if such recommendation is appropriate.

2.0 INITIATING REVIEW OF NON-CONSTRUCTION GOVERNMENT ASSISTED PROJECTS

The Department is required to monitor the performance and subcontracting requirements for all construction and non-construction government-assisted projects. The Agency Compliance subunit is responsible for monitoring all non-construction government assisted projects.

Compliance Specialists monitor non-construction government assisted projects based on the Compliance Specialists’ agency assignments (*i.e.*, Compliance Specialists are assigned to agencies at the beginning of each fiscal year, and they are required to monitor all contracts associated with their assigned agencies).

To monitor non-construction government assisted projects, the Compliance Specialists shall follow and complete the following tasks to ensure expenditures are properly accounted for throughout the life of the non-construction project:

Task No.	Description	Resource Used	Staff Responsible
1.	Receive an email correspondence from Contracting Officer (CO) who submits their request to DSLBD to monitor a subcontracting requirement through the compliance.enforcement@dc.gov shared email account.	Outlook	Sr. Compliance Specialist(s) or Compliance Manager
2.	Pull down all evidence provided in the email, such as the solicitation notice or contract agreement and review the contents. Save agency's contract on the I:/drive under this path. Save by agency and contract number.	I:\ Compliance & Enforcement\3 Agency Compliance\ Subcontracting Plans 250K Plus Monitor	Sr. Compliance Specialist(s); or Compliance Specialist(s)
3.	Compliance Specialists to review submitted documentation, including the prime contract, subcontracting plans, and subcontractor agreements and save these records into QuickBase.	QuickBase application called: <i>CBE Subcontracting Compliance Tool *Beta*</i> https://octo.quickbase.com/db/bg9qp376b	Sr. Compliance Specialist(s); or Compliance Specialist(s)
4.	Compliance Specialists assigns contract per agency selection	Outlook and QuickBase	Sr. Compliance Specialist(s) or Compliance Manager
5.	Conduct an initial review of evidence. Take up to five (5) business days from the receipt of all information needed to process. Follow-up with CO and Compliance Manager if there are any discrepancies in submitted data.	QuickBase and agency representatives	Sr. Compliance Specialist(s) and Compliance Specialist(s)
6.	Once all contract data has been reviewed and verified, contact the Prime Contractor to notify them of subcontracting requirements and to reach out to the Division if they experience any issues	Outlook	Sr. Compliance Specialists and Compliance Specialist
7.	Provide confirmation notices for receipt of the request or that there has been a delay in final determination.	QuickBase	Compliance Specialist(s)

2.0.1 REVIEWING SUBCONTRACTING PLANS

The Compliance Specialist shall review the subcontracting plan and ensure that (1) the document is signed by the contracting officer and beneficiary, (2) the value of all CBE subcontracts meets or exceeds the CBE subcontracting requirement and (3) a subcontractor agreement is on file for each CBE listed in the plan. The plan should be provided at the outset of the Compliance Division's monitoring efforts. Further, this document serves as the basis for what the Compliance Specialist will monitor in assessing the performance of the beneficiary and CBE subcontractors.

2.1 MONITORING SUBCONTRACTING REQUIREMENTS FOR NON-CONSTRUCTION GOVERNMENT ASSISTED PROJECTS

Compliance Specialists in the Agency Compliance subunit are required to monitor beneficiaries’ progress towards achieving the subcontracting requirement. Each beneficiary is required to submit a Quarterly Report and accompanying Vendor Verification Forms (“VVF”) no later than 30 days after the close of each quarter.

Compliance Specialists are required to review these quarterly reports and update QuickBase within ten (10) business days noting if the reports have been received or not. If the Quarterly Report have not been received within five (5) business days after the close of each quarter, the Compliance Specialist shall send the beneficiary a Notice of Non-Compliance and/or initiate a fine against the developer for failure to submit the required Quarterly Report.

The amount of the fine issued shall be issued in accordance with D.C. Official Code § 2–218.63(c)(1), which stipulates:

- \$5,000 for the first offense.
- \$15,000 for the second offense; and
- \$25,000 for each offense thereafter.

Furthermore, a beneficiary will be subject to a fine of 10% of the total dollar volume of the contract that was required to be subcontracted to CBEs if it fails to achieve the 35% requirement as discussed in Section 2.3.

2.2 REVIEWING QUARTERLY REPORTS & VENDOR VERIFICATION FORMS

Once Quarterly Reports and VVFs have been submitted, the Compliance Specialist shall examine the Quarterly Reports and Vendor Verification Forms to determine if the Developer and Vendor attest to paying CBEs the same value for work performed during the quarter, to ensure that only those CBEs that appear on the subcontracting plan are represented in the Quarterly Reports, and input this data into the QuickBase system to track the developer’s progress towards their established CBE Subcontracting Goal. The Compliance Specialist shall ensure that all assigned project expenditures are updated no later than the end of the succeeding quarter unless an alternative deadline is established by management.

Quarterly Reports and VVFs are due at the following times:

Report Due	Frequency	Period Covered	Due Date	Specialist Update Deadline
Quarter 1	Quarterly	10/1 to 12/31	January 31st	March 31st
Quarter 2	Quarterly	1/1 to 3/31	April 30th	June 30th
Quarter 3	Quarterly	4/1 to 6/30	July 31st	September 30th
Quarter 4	Quarterly	7/1 to 9/30	October 30th	January 31 st

2.3 CONTRACT CLOSE OUT

Contracts' performance periods typically do not align with the end of a quarter. Therefore, Compliance Specialists are required to meet with the beneficiary at least 90 days before the expiration of a performance period and determine if the beneficiary is likely to meet the subcontracting requirement.

The Compliance Specialist shall report to management at least 30 days before the expiration of a performance period their assessment if the beneficiary is likely to meet the subcontracting requirement. Based on this information, the Compliance Specialist and management shall contact the contracting officer to provide notice if the Department shall assess a fine for non-compliance prior to the execution of another option period or another award.

Should the Compliance Specialist determine that the subcontracting requirement will not be met by the close of the contract, the beneficiary will be subject to a fine of 10% of the total dollar volume of the contract that was required to be subcontracted to CBEs if it fails to achieve the 35% requirement (*e.g.*, if a subcontracting requirement is \$3,000,000 the assessed fine will be \$300,000, unless mitigating factors are taken into consideration by the Director). The Compliance Specialist shall draft a Notice of Fine and route the document to be reviewed by the:

1. Compliance Manager
2. Deputy Director or Chief of Staff
3. General Counsel
4. Director

The assigned Compliance Specialist shall send the Notice of Fine to the beneficiary within two (2) business days and shall send a separate notice to the contracting officer informing the contracting officer of DSLBD's assessment and requesting that no future options be exercised until the assessment has been resolved, pursuant to § 2-218.46(f).

The Notice of Fine shall outline the rights of the beneficiary, which shall include the beneficiary's ability to submit a Request for Reconsideration within ten (10) calendar days after service of this Notice of Fine. A beneficiary's Request for Reconsideration is an appeal to the Director of DSLBD to consider any mitigating or intervening factors that it believes contributed to the beneficiary's failure to meet the subcontracting requirement. Upon receipt of the Request for Reconsideration, the Compliance Specialist, with the guidance and input of management, shall draft a Final Decision Notification outlining the agency's final assessment.

A beneficiary may appeal DSLBD's Final Decision Notification by filing a written request for hearing at the District of Columbia Office of Administrative Hearing within ten (10) calendar days after service of a Final Decision Notification. If the beneficiary does not file a request for hearing within ten (10) calendar days after service of the Final Decision Notification, then the penalty assessment shall be final and paid immediately.

3.0 REQUEST TO WAIVE SUBCONTRACTING REQUIREMENTS

Agencies may request to waive subcontracting requirements pursuant to D.C. Official Code § 2-218.51. Waivers are time sensitive, and the agency shall strive to respond to requests within 20 days.

Waiver requests are processed in DES, and Compliance Specialists conduct the first-level review of waiver requests. Specifically, when a waiver is submitted, Compliance Specialists are required to review the agency's submission within 48 hours of receipt, confirming that the submission includes:

1. A justification memorandum, signed by the contracting officer.
2. A description of market research conducted to determine market capacity; and
3. A copy of the solicitation and/or contract.

If the submission does not contain this information, the waiver shall be marked as "Additional Information Required" and the Compliance Specialist shall consult with the contracting officer to obtain the proper documentation.

When all documentation is received, Compliance Specialists are responsible for posting the waiver to DSLBD's website for public comment for 10-days. Following this posting period, the Compliance Specialist shall review all information collectively and will make a recommendation to the Compliance Manager within six (6) days for approval or denial. *See Addendum C.*

The waiver request shall then be reviewed by the Compliance Manager, Deputy Director, General Counsel, and the Director (or their respective designee) for final determination.

PUBLIC PRIVATE DEVELOPMENT COMPLIANCE

The Public Private Development (“PPD”) sub-unit is responsible for processing and monitoring all construction government-assisted projects that receive any type of District benefit (as defined by statute) if the total budget is over \$250,000. The Department has the authority to require developers to subcontract at least 35% of the total development costs to Small Business Enterprises (SBE) certified by DSLBD unless a waiver was issued prior to the start of the project.

4.0 MONITORING OF PUBLIC PRIVATE DEVELOPMENTS

The PPD Compliance subunit is responsible for monitoring each PPD’s progress towards spending 35% of their adjusted expendable budget with Small Business Enterprises (“SBE”) by the end of each project’s development. To achieve this objective, the PPD subunit conducts a variety of tasks before, during, and at the close of each project, to include: (1) entering source documentation in QuickBase for compliance monitoring; (2) conducting initial compliance meetings; (3) gathering and reviewing quarterly reports (including vendor verification forms) submitted by developers; (4) conducting site visits; and (5) verifying and closing projects when development is complete.

4.0.1 EQUITY & DEVELOPMENT PUBLIC PRIVATE DEVELOPMENTS

Some PPD projects are also designated as Equity & Development (“E&D”) projects pursuant to § 2–218.49a. These projects require that small investors, disadvantaged investors, or certified equity participants shall invest a minimum of 20% of the total sponsor equity, excluding debt financing, mezzanine financing, or other equity contributions by limited or institutional investors.

E&D projects are noted in the CBE Agreement provided by the Office of General Counsel to the Compliance Division.

For each Quarterly Report submission, the prime contractor is required to submit a Synopsis of E&D Participation Form indicating the investment of each developer on the project and any distribution of payments to date. The Compliance Specialist shall monitor the investment and distribution of funds to ensure the E&D participant standards are achieved by the end of the project.

4.1 ENTERING SOURCE DOCUMENTATION INTO QUICKBASE

The Office of General Counsel works with developers to execute a CBE Agreement with the Department. Following the execution of this agreement, the Office of General Counsel notifies the Compliance Manager and/or Sr. Compliance Specialist of the new project and its monitoring requirements. Particularly, the Office of General Counsel will transmit the Adjusted Budget and a copy of the CBE Agreement.

The Compliance Manager and/or Sr. Compliance Specialist will assign the project to a Compliance Specialist. The assigned Compliance Specialist will review the source documentation and input the details into QuickBase, which will house all the expenditures and notes related to the project. See Addendum D.

4.2 CONDUCTING INITIAL COMPLIANCE MEETING

Assigned Compliance Specialists for a PPD shall conduct an Initial Compliance Meeting with the representatives for the project and any individuals that may be responsible for the reporting requirements. During this meeting, compliance specialists shall review the reporting requirements and deadlines as outlined in the CBE Agreement. The Compliance Specialist shall strive to conduct initial compliance meetings within 10 days of the execution of the CBE Agreement. See Addendum X – Training Manual for Public Private Developments.

4.3 REVIEWING QUARTERLY REPORTS

Each project developer is required to submit a Quarterly Report and Vendor Verification Forms (“VVF”) no later than 30 days after the close of each quarter. Compliance Specialists are required to review these quarterly reports and update QuickBase within five (5) business days noting if the reports have been received or not. If the Quarterly Report has not been received within five (5) business days after the close of each quarter, the Compliance Specialist shall send the developer a Notice of Non-Compliance and/or initiate a fine against the developer for failure to submit the required Quarterly Report. See also Addendum D.

Once Quarterly Reports and VVFs have been submitted, the Compliance Specialist shall examine the Quarterly Reports and Vendor Verification Forms to determine if the Developer and Vendor attest to paying CBEs the same value for work performed during the quarter, to ensure that only those CBEs that appear on the subcontracting plan are represented in the Quarterly Reports, and input this data into the QuickBase system to track the developer’s progress towards their established CBE Subcontracting Goal. The Compliance Specialist shall ensure that all assigned project expenditures are updated no later than the end of the succeeding quarter unless an alternative deadline is established by management in writing.

Due times for proper reporting:

Report Due	Frequency	Period Covered	Due Date	Specialist Update Deadline
Quarter 1	Quarterly	10/1 to 12/31	January 31 st	March 31 st
Quarter 2	Quarterly	1/1 to 3/31	April 30 th	June 30 th

Addendum D contains useful information regarding inputting expenditures into the QuickBase System.

4.4 PROJECT CLOSEOUT

A project, pursuant to the terms of the CBE Agreement, is eligible to be closed when construction on the development is completed and all payments for satisfactory performance have been made to CBEs that worked on the project. Therefore, when these requirements are met, the Compliance Specialist can begin to close the project. The Compliance Specialist shall retrieve the following information for consideration when drafting a closeout letter:

- the CBE Agreement or SBE Acknowledgement, as applicable.
- a copy of the contract between the Developer and General Contractor.
- the SBE Subcontracting Plan (including copies of all subcontracts).
- all Quarterly Reports (including fully executed VVF forms).
- the Final Project Budget.
- the Certificate of Occupancy, issued by DCRA, if applicable.
- contingent contribution, outstanding fine balance, and/or shortfall penalty, if applicable; and
- the Final Equity and Development Participation Forms detailing the equity participation and engagement with development, if applicable.

If the developer has met or exceeded the subcontracting requirement, the Compliance Specialist shall draft the Project Close Out Letter and route it to management no later than five (5) business days of receiving all necessary documents to close the project.

If the developer has not met the subcontracting requirement, the Compliance Specialist shall draft a Notice of Fine and route the notice to management no later than five (5) business days after receiving all necessary documents to close the project.

4.5 ISSUING A NOTICE OF FINE

When a developer fails to submit reports on time and/or fails to meet the subcontracting requirement, a fine may be issued by the Department. Developers are subject to fines as outlined in their CBE Agreements. However, generally, a developer will be subject to the following fine schedule for failure to submit required reports and/ or documentation pursuant to the Department's authority granted under D.C. Official Code § 2–218.63(c)(1), which stipulates:

- Fine of \$5,000 for the first offense
- Fine of \$15,000 for the second offense
- Fine of \$25,000 for the third and all subsequent offenses

Furthermore, a developer will be subject to a fine of 10% of the dollar volume of the contract that was required to be subcontracted to CBE if the developer fails to achieve the 35% requirement.

The Compliance Specialist shall draft a Notice of Fine and route the document to be reviewed by the:

1. Compliance Manager
2. Deputy Director or Chief of Staff

3. General Counsel
4. Director

The Compliance Specialist is required to issue the Notice of Fine within two (2) business days of the Director's approval of the fine unless an alternate date is established by management.

The Notice of Fine shall outline the rights of the beneficiary, which shall include the beneficiary's ability to submit a Request for Reconsideration. A beneficiary's Request for Reconsideration is an appeal to the Director of DSLBD to consider any mitigating or intervening factors that it believes contributed to the beneficiary's failure to meet the subcontracting requirement. Upon receipt of the Request for Reconsideration, the Compliance Specialist, with the guidance and input of management, shall draft a Final Decision Notification outlining the agency's final assessment.

The beneficiary may also file an appeal, pursuant to the process outlined in Section 2.3.

INVESTIGATIONS

The Investigations subunit is responsible for investigating both formal and informal complaints alleging a violation of the CBE Act against an applicant or certified business enterprise, or certified joint venture registered with the Department. In addition, the Investigations subunit is responsible for conducting spot checks to ensure each certified business enterprise continues to be in the District and is responsible for investigating all other allegations of fraud.

5.0 SPOT CHECKS

Compliance Specialists in the Investigations subunit are responsible for conducting spot checks to ensure that certified business enterprises' principal offices are in the District and that the primary managerial functions are carried out at the principal office.

The Sr. Compliance Specialist and/or Manager will provide Compliance Specialists with a list of CBEs that the Compliance Specialist is responsible for conducting a spot check on at the beginning of each fiscal year, and Compliance Specialists are responsible for ensuring that each CBE is contacted and a virtual and/or in-person spot check is conducted. When conducting spot checks, the Compliance Specialist shall verify that the business continues to meet the requirements to be designated a local business enterprise, that the highest-level managers work from the principal office located in the District, and that the business continues to be independently owned, operated, and controlled. For specifics on conducting spot checks, please review the Investigations Training Manual. See Addendum E.

Spot checks may be carried out in-person or virtually.

5.1 SITE VISITS

Formal and informal complaints may require a Compliance Specialist to conduct a site visit. The purpose of a site visit may be, but is not limited to, confirming commercially useful functions, to conduct interviews, to gather evidence, to follow-up non-payment of a fine, etc.

When conducting site visits, Compliance Specialist may reserve and utilize a government issued vehicle to travel to the site. An email must be sent to DSLBD Staff Assistant to reserve the vehicle. Once the vehicle has been reserved, it is the Compliance Specialist responsibility to sign the vehicle out and provide the date and mileage.

5.2 INVESTIGATIONS

Investigations are conducted by Compliance Specialists assigned to the Investigations subunit. Investigations may be either formal or informal and may be started based on an external complaint filed with the Department or may start internally through the course of the Department's monitoring of contracts, PPDs, or sports wagering licenses.

Formal Complaints

Any person may file a formal complaint against a CBE, and Compliance Specialist assigned to the Investigations subunit are responsible for investigating formal complaints.

A formal complaint, pursuant to D.C. Official Code § 2-218.63(e)(1)(A), is required to be made in writing, sworn by the complainant, and notarized. Based on the allegations made in the complaint, the Compliance Specialist is required to review the documentation submitted, conduct interviews with relevant parties (which may include contracting officers or personnel, the complainant, the accused CBE, etc.), site visits, and other tasks necessary to gather the relevant facts.

The Compliance Specialist conducts the formal investigation by visiting the CBEs principal office, meeting with the highest-level managers, and conducting interviews with relevant parties based on the allegations raised. Compliance Specialists shall complete formal investigations within 30 days unless an alternate deadline is established by management.

When concluding an investigation for a formal complaint, Compliance Specialists are required to draft a formal response either affirming the allegations made by the Complainant or dismissing the complaint as meritless. This recommendation is forwarded to the Compliance Manager, the Deputy Director, the Office of General Counsel, and the Director for final approval. These formal responses, following final determination issued by the Director are subsequently sent to the complainant.

Informal Complaints

Any person who suspects a violation of the CBE Program may file a complaint with the Department. Informal Complaint is any complaint that is not formal. Such complaints can be made via telephone to (202) 727-0019 or in writing to the Department but are not required to be sworn by the Complainant or notarized. Compliance Specialists shall strive to complete informal investigations within 30 days unless an alternate deadline is established by the Sr. Compliance Specialist or management.

When concluding an investigation for an informal complaint, Compliance Specialists are required to draft a Report of Investigation either affirming the allegations made by the complainant or dismissing the complaint. This recommendation is forwarded to the Compliance Manager for approval, and subsequently, the Deputy Director for final determination.

The Complainant shall be notified of the final determination and the Report of Investigation shall be sent to the accused file.

SPORTS WAGERING COMPLIANCE

Compliance Specialists may also be required to review sports wagering applications and monitor the progress towards achieving the mandatory SBE Expenditure requirement for approved Class A Operators, Class B Operators, and/or Management Service Providers (“MSP”) (collectively, “Licensees”).

6.0 REVIEWING APPLICATIONS

The Compliance Divisions review of an application is triggered when the Office of Lottery and Gaming (“OLG”) submits the application materials into Quickbase. When these documents are submitted, an email notification is transmitted to the Compliance Manager who assigns the application to a Compliance Specialist.

A completed application must contain the following:

1. Operating Budget
2. CBE Capacity Building Plan
3. CBE Subcontracting Plan
4. Audited Financials (if applicable)
5. Waiver Request (if applicable)

Compliance Specialist shall review these materials in accordance with the requirements established in [§ 2134 of the adopted rules and regulations](#) to implement provisions of the Sports Wagering Lottery Amendment Act of 2018, effective May 3, 2019 (D.C. Law 22-312; 66 DCR 1402 (February 1, 2019)).

Following the review of application materials, the Compliance Specialist in conjunction with the Compliance Manager, may consult with the applicant to address any deficiencies in the application materials. Following any proposed changes, the Compliance Specialist shall draft a Notice of Approval or Notice of Denial and route the memorandum to the following individuals for review:

1. Compliance Manager
2. Deputy Director or Chief of Staff
3. General Counsel
4. Director

The Compliance Specialist shall send the final notice to the applicant and relevant parties at OLG within two (2) business days of approval from the Director unless an alternate date is established by management.

6.1 MONITORING SUBCONTRACTING REQUIREMENTS FOR SPORTS WAGERING OPERATOR AND MSP LICENSEES

Compliance Specialists are required to monitor Operator and MSP licensees progress towards achieving the subcontracting requirement and capacity building activities. Each beneficiary is required to submit a Quarterly Report and accompanying Vendor Verification Forms (“VVF”) no later than 30 days after the close of each quarter.

Compliance Specialists are required to review these quarterly reports and update QuickBase within five (5) business days noting if the reports have been received or not. If the Quarterly Report has not been received within five (5) business days after the close of each quarter, the Compliance Specialist shall send the beneficiary a Notice of Non-Compliance and/or initiate a fine against the developer for failure to submit the required Quarterly Report.

The amount of the fine issued shall be issued in accordance with D.C. Official Code § 2–218.63(c)(1), which stipulates:

- \$5,000 for the first offense.
- \$15,000 for the second offense; and
- \$25,000 for each offense thereafter.

Furthermore, a beneficiary will be subject to a fine of 10% of the dollar volume of the contract that was required to be subcontracted to CBE if it fails to achieve the 35% requirement as discussed in Section 2.3.

6.2 REVIEWING QUARTERLY REPORTS & VENDOR VERIFICATION FORMS

Once Quarterly Reports and VVFs have been submitted, the Compliance Specialist shall examine the Quarterly Reports and Vendor Verification Forms to determine if the Licensees and CBE subcontractors attested to paying and receiving the same value for work performed during the quarter, to ensure that only those CBEs that appear on the subcontracting plan are represented in the Quarterly Reports, and input this data into the QuickBase system to track the developer’s progress towards their established CBE Subcontracting Goal. The Compliance Specialist shall ensure that all assigned project expenditures are updated no later than the end of the succeeding quarter unless an alternative deadline is established by management in writing.

Quarterly Reports and VVFs are due at the following times:

Report Due	Frequency	Period Covered	Due Date	Specialist Update Deadline
Quarter 1	Quarterly	10/1 to 12/31	January 31 st	March 31 st
Quarter 2	Quarterly	1/1 to 3/31	April 30 th	June 30 th
Quarter 3	Quarterly	4/1 to 6/30	July 31 st	September 30 th
Quarter 4	Quarterly	7/1 to 9/30	October 30 th	January 31 st

6.3 LICENSE CLOSE OUT

License periods typically do not align with the end of a quarter. Therefore, Compliance Specialists are required to meet with the licensee at least 90 days before the expiration of a license period and determine if the beneficiary is likely to meet the subcontracting requirement.

The Compliance Specialist shall report to management at least 30 days before the expiration of a license period their assessment if the beneficiary is likely to meet the subcontracting requirement.

Should the Compliance Specialist determine that the subcontracting requirement will not be met by the close of the license year, the licensee will be subject to a fine of 10% of the total dollar volume of the operating budget that was required to be subcontracted to CBEs if it fails to achieve the 35% requirement (*e.g.*, if a subcontracting requirement is \$3,000,000 the assessed fine will be \$300,000, unless mitigating factors are taken into consideration by the Director). The Compliance Specialist shall draft a Notice of Fine and route the document to be reviewed by the:

1. Compliance Manager
2. Deputy Director or Chief of Staff
3. General Counsel
4. Director

Compliance Specialist shall send the Notice of Fine within two (2) business days after the approval of the Director and the rights of the licensees shall comport with fines issued under Section 2.3.

Waiver Request ID#	Agency Name	Fiscal Year	Notes on contract services/waiver justification
WR-3451	Department of Public Works	2022	<p>On November 25, 2020, the District awarded a base year contract with four (4) option periods to Assured Telematics, Inc. (ATI) through sole source procurement for an estimated amount of \$249,760.00 each year. ATI, the sole source contractor shall provide these devices and tracking services through ATI's database and online portal which have been used to track District vehicles since 2014. Due to increase in the number of vehicles in the fleet, additional GeoTab devices from the same contractor needs to be installed to these vehicles therefore DPW is increasing the contract amount to \$500,270.00 for each option period.</p> <p>The Office of Contracting and Procurement hereby request for a waiver of the 50% mandatory certified business enterprise (CBE) subcontracting requirement for option year one. Due to the nature of the requirement, there are no alternate methods for acquiring the devices to be subcontracted in order to make it more amenable to being performed by CBEs. The inclusion of the mandatory subcontracting requirements hampers the ability to exercise option year one, therefore, it is in the best interest of the District to waive the requirement.</p>
WR-3453	Child and Family Services Agency	2022	<p>The intensive services that the Contractor will provide are specialized and offered by its in-house team of professionals who specialize in serving underserved youth, low-income teen parents with complex family issues. None of the eleven CBE's are licensed by CFSA's OFL for independent living programs.</p>
WR-3454	Child and Family Services Agency	2022	<p>Because the identified CBEs do not have the proper credentials or are at capacity, the contractor is commercially incapable of achieving the subcontracting requirement.</p>
WR-3455	Child and Family Services Agency	2022	<p>Consideration was not given to find alternate methods for procuring these services. Multiple CFSA youth are being placed in foster care services through Sasha Bruce Youthwork networks due to multiple factors. The main reasoning is that traditional foster homes being unwilling to house the youth due to age and behavior of the youths. Sasha Bruce has a lengthy history of dealing with cases such as this when they arise. This includes shelter, meals, therapy (individual, group, family). A search for vendors that provides Foster/ Home Adoption service in the District resulted in zero CBE vendors, mainly because CBE'S are for profit entities and foster care providers are not for profit entities.</p>
WR-3456	Office of the State Superintendent of Education	2022	<p>The purpose of this memorandum is to request that Frontline Education (Frontline) be waived from meeting the fifty percent (50%) subcontracting requirement for the base year of Contract CW93417 with the Office of the State Superintendent of Education (OSSE) for the support and maintenance of the Frontline Electronic Healthcare Claim File and Tracking System, specifically, the ROUTE and CLAIM software systems, which is the existing system that stores and manages all District special education service and transportation required data.</p> <p>Frontline Education is the sole owner of the intellectual property rights and is the sole distributor and service provider for its software, including Frontline's ROUTE and CLAIM solution. The licenses, hosting, and maintenance is not available through any other entity. Only Frontline personnel are able to provide, administer, maintain, and consult on the functionality of these systems and their proper usage and implementation.</p> <p>OSSE is requesting a waiver with the Department of Small and Local Business Development (DSLBD) because Frontline is unable to meet the 50% for subcontracting for the Contract's base year. The total amount of the Base Year is \$816,062.22 of which \$408,031.11 is requested to be waived. Should an opportunity arise in which subcontracting is suitable/available, OSSE will contact DSLBD for assistance.</p>
WR-3460	Child and Family Services Agency	2022	<ol style="list-style-type: none"> 1. There is only (1) CBE that is licensed pursuant to 29 DCMR Chapter 62 who already has a contract with CFSA. 2. Based on the approved budget there is no room for sub-contracting. 3. DSLBD previously approved waiver request WR2177 for this contract on November 13, 2020 for Option Year 1. There has been no change to the services performed under this contract nor its Statement of Work. Additionally, there has not been a change in the capability of CBEs, located on the DSLBD website, to subcontract for this contract.
WR-3463	Department on Disability Services	2022	<p>Federal RSA regulations require an "informed choice" be provided to the persons eligible to receive services from local RSAs. It is impossible to determine in advance or to control the percentage of how total dollars will be allocated amongst contractors because of the informed choice mandates.</p>

WR-3492	Department of Behavioral Health	2022	Because there are no qualified CBEs that can provide the required license or authority to provide specialized subject matter experts in the sustainability of DBH approved evidence-based practice models, the Contractor is commercially incapable of achieving the subcontracting requirement.
WR-3494	Department of Behavioral Health	2022	Market research indicates that a CBE would not be able to provide professional services, to include but not limited to application maintenance, licensing, and consultation in association with the Integrated Care Applications Management System (iCAMS) for Mental Health Rehabilitative Services (MHRS). The manufacturer restricts management of the proprietary system to technicians and staff who are trained by Credible Behavioral Health, Inc. The manufacturer is the only dealer/seller of the licenses associated with the District?s custom product. Therefore, a CBE is not capable to provide the necessary licenses, support and maintenance as the manufacturer retains full control, access and responsibility of services delivered for the District?s system.
WR-3495	Department of Behavioral Health	2022	The Contract Specialist assigned to this Project at my direction researched the Department of Small and Local Business Development (DSLBD) Website for Certified Business Enterprises (CBE) and the National Institute of Government Purchasing (NIGP) Code and found the following: No NIGP Codes were found for ?Support Residence?. NIGP Code 952-62-00 for Mental Health Services: Vocational, Residential, Etc., and NIGP Code 948-45-20 for HOME HEALTH CARE SERVICES had Twenty-Seven (27) CBEs. However, none of the CBEs can provide the necessary services and hold licenses, support, and maintenance to operate as a full time Support Residence provider. There are two known CBEs, Life Stride Inc. and MBI Health Services LLC, who hold DBH issued SR licenses.
WR-3497	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDDHCBs Waiver program are paid by DHCF under Medicaid provider agreement using local and federal-Medicaid match funding.
WR-3499	Department of Corrections	2022	Prior to submitting a subcontracting waiver request in their proposal, ZOLL conducted an extensive search in the DSLBD database to see if there were any SBE?s or CBE?s with the ability to provide a commercially useful subcontracting function for the manufacture, supply, or maintenance of its proprietary and critical lifesaving devices. ZOLL Medical Corporation certifies that it is the original equipment manufacturer (OEM) and sole-source distributor of parts for ZOLL?s Emergency Medical Services products. All parts are manufactured by ZOLL or by an outside supplier specifically for ZOLL. ZOLL requires its own field service team (known as ExpertCare Services) to service its products. ZOLL only uses OEM parts for repairs and has exclusive use of certain proprietary tools for diagnostics and repairs.
WR-3501	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.
WR-3508	Office of the Chief Financial Officer	2022	Because of the proprietary and non-severable nature of the services and the requirement for membership with the NAASPL, DSLBD has confirmed that there is market incapacity for these required services, leaving the contractor commercially incapable of achieving the subcontracting requirement.
WR-3511	Department of Public Works	2022	Public Works Solutions, LLC (PWS) shall provide software upgrade, management analysis of data, maintenance and support of Trakster software application which PWS developed and implemented for the District in 2006. It is a proprietary software and not sold by other vendors.
WR-3517	Child and Family Services Agency	2022	CFSA has historically been unable to identify any programs such as Streetlight, including during local and national searches. CFSA has concluded that Streetlight will provide trauma-informed, CSEC-informed treatment to the unique subset of CFSA youth who require this level of service. The services provided by Streetlight are not replicated elsewhere in the placement or treatment arrays used by CFSA and there are no Medicaid providers that provide similar services.

WR-3519	Department of Behavioral Health	2022	The acute inpatient psychiatric care services HCA was released (under DOC583544) on October 06, 2021 and closed on November 1, 2021. The solicitation did not receive any interest or response from any CBE and the two vendors they responded to the solicitation could not get a subcontractor. The services being procured are very specialized medical services they are only done by specialized medical institution and therefore can not be subcontracted.
WR-3526	Office of the Chief Financial Officer	2022	Based on the proprietary manufacturing and printing systems needed under the contracts and the security and confidentiality required in warehousing and distribution, DSLBD has determined that there are no subcontracting opportunities, leaving the contractor commercially incapable of achieving the CBE goal.
WR-3527	Office of the Chief Financial Officer	2022	Because all companies participating on this contract must be registered with the NAASPL and because no CBEs are registered with NAASPL, the Contractor is commercially incapable of achieving the subcontracting requirement.
WR-3537	Office of the Chief Technology Officer	2022	The Office of the Chief Technology Officer (OCTO), Citywide Information Security (CWITS), seeks a contractor to provide iBoss Content Filtering appliances, subscription for cloud nodes and mission critical support
WR-3543	Child and Family Services Agency	2022	CFSA will contract with a state of MD licensed child placement agency, currently providing family-based foster care and case management services, to provide intensive foster care services for children and youth in the District's foster care system.
WR-3546	Child and Family Services Agency	2022	Due to the demonstrated market incapacity, including the failure of CBEs to be responsive, the contractor is commercially incapable of achieving the subcontracting goal.
WR-3548	Department of Public Works	2022	<p>The Department of Public Works, Parking Enforcement Management Administration (DPW-PEMA) is responsible for enforcing all city parking ordinances. Vehicles that have outstanding debts to the city as a result of parking violations or automated traffic enforcement tickets may be eligible to be immobilized and/or towed. The agency has a limited number of staff dedicated to immobilizing and releasing vehicles five days a week. On average, the operation immobilizes (boots) 44 vehicles per day with an average of three "boot escapes" per week. More than 50% of the boots removed during Boot Escapes are either never recovered, left on the street or are so damaged that they are determined to be a total loss.</p> <p>To improve the process, DPW has a need for a more efficient practice to support the Boot Operation. The District's goal is to implement a new self-release immobilization system that will reduce the wait time for release, enrich the customer experience, improve communication and data flow between district agencies and increase the overall efficiency of the operation.</p> <p>The proposed solution for this RFP must be a Commercial Off-the-Shelf (COTS) solution capable of interfacing with internal and external district managed systems with minimal design impact; it can be configured to support the business processes for DPW-PEMA Boot Operation and must be scalable for future enhancements.</p> <p>The estimated contract amount is \$275,000. A waiver of the 35% mandatory certified business enterprise (CBE) subcontracting requirement is hereby requested because there is no certified business enterprise under NIGP commodity code 055-39-00 for Immobilizer Devices, Vehicle. Therefore, there are no subcontracting opportunities. And due to the nature of the requirement, there are no alternate methods for acquiring the immobilization boots, the services and monitoring system to be subcontracted in order to make it more amenable to being performed by CBEs. The inclusion of the mandatory subcontracting requirements hampers competition and the ability to make an award. Therefore, it is in the best interest of the District to waive the requirement.</p>
WR-3551	Not-For-Profit Hospital Corporation	2022	The Not-for-Profit Hospital Corporation, commonly known as United Medical Center ("Hospital") intends to contract with Ascot Underwriting Bermuda, LTD and Redwood Fire and Casualty Insurance Company for the provision of professional liability and workers' compensation insurance. It has come to our attention that a question arose about whether these contracts could be subcontracted pursuant to DC Code 2-218.46. As part of the NFPHC's due diligence analysis with its broker, NFPHC determined that its needs could not be met with a local and disenfranchised business because the market is so specialized, and the insurances are contracted directly with our broker. As the enclosed market analysis establishes, NFPHC's market needs could not be met with these small businesses. We share your passion for small and disenfranchised businesses, and continue to share the spirit of being a good neighbor to our patients and residents in the District.

WR-3556	Office of the Chief Financial Officer	2022	The OCFO accessed the DSLBD database for Armored Car Services and the following NIGP code was generated: 99-01000 ? Armored Car Services. However, no CBE?s were populated for this service (Attachment A).
WR-3558	Child and Family Services Agency	2022	Although there are eight CBE?s that fall under NIGP Code 9487600 Psychologists/Psychological and Psychiatric Services (Including Behavioral Management Services) none of the eight CBE's provides in-patient psychological residential treatment unlike the provider in Virginia.
WR-3562	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. WR-3573	Office of the Chief Financial Officer	2022	Due to the lack of market capacity for the services being provided, and the proprietary nature of the management and maintenance of the proposed cloud based CCaaS system, there are no subcontracting opportunities.
WR-3582	Metropolitan Police Department	2022	This contract will be processed via multi-year with five base years. Axon Enterprise is the sole owner and the sole distributor of TASER branded Electronic Control Devices, the Axon Body 2 BWC, Axon Body 3 BWC, and Axon Body docks. Axon is the only contractor qualified to undertake the requirements MPD has for both programs.
WR-3587	Office of the Chief Technology Officer	2022	Base on the above, there are zero (0) qualified small business enterprises that can fulfill the subcontracting requirement of contract CW80333 for the amount of \$487,150.00. For the reasons stated above, the Office of Contracting and Procurement, on behalf of the Office of the Chief Technology Officer respectfully request approval of a waiver for Contract CW80333 with Blackwood Associates, Inc.
WR-3595	Department of Behavioral Health	2022	OCP advised InfoMC of the subcontracting plan requirements and provided the link to the Department of Small and Local Business Development (DSLBD) website to allow the vendor to conduct its own search. The vendor?s search resulted in no known potential subcontractors to support this contract effort.

A&T Systems Inc. has been an AWS reseller since 2013. There is no portion of this contract that can be subcontracted. All of the work is performed by the prime vendor. Although the CBE/SBE vendors were invited, A&T Systems, Inc. was the only GSA FedRamp reseller for AWS that submitted a proposal.
WR-3832	Fire and Emergency Medical Services Department	2022	The Office of Contracting and Procurement on behalf of the Fire and Emergency Medical Services (FEMS) has a need for Patriot Fire LLC to provide reconditioning, modifications, rust proofing, and painting works in order to restore the Mack/Saulsbury Heavy Rescue Vehicle Search made to NIGP Codes 928- 47-56 ? Maintenance and Repair of Fire Trucks and Fire Apparatus. and no CBE were identified as a result of our search of firms on the DSLBD website. In 1998, Saulsbury Fire Trucks was purchased by Federal Signal Corporation, parent company of E-One in Florida. The Saulsbury name continued to appear in apparatus but was renamed E-One New York in 2003. In 2004, E-One announced the closure of the Saulsbury plant. E-One is now the owner of what was formerly, Saulsbury Fire Trucks and the firm is the sole supplier of the legacy parts. Patriot Fire LLC is the only authorized EOM serving the DMV for Saulsbury parts and related services. The Office of Contracting and Procurement hereby request for a waiver of the 35% mandatory certified business enterprise (CBE) subcontracting requirement for the base year of this contract with the total amount of \$350,000. Due to the nature of the requirement, there are no alternate methods for acquiring services to be subcontracted in order to make it more amenable to being performed by CBEs. The inclusion of the mandatory subcontracting requirements hampers the ability to award the contract, therefore, it is in the best interest of the District to waive the requirement.

All children and youth deserve a permanent home and the nurture and support of a loving family. Therefore, diligent efforts shall be made to secure such settings for both children and youth, not excluding those with special needs such as medical and mental health conditions, behavioral and emotional problems, learning disabilities, and teen parenting responsibilities. CFSA's vision is to ensure that consideration for placement in a foster home is first and foremost and that congregate care does not serve as a first placement setting, but as a response to specific needs of the child or youth under very limited circumstances. Each youth served is expected to receive the highest quality of supportive services in a living environment that best meet the needs of the youth (family foster home, group and apartment living arrangements). CFSA may request services for youth who have qualify for services from Department on Disability Services (DDS) but are not yet ready to be fully transition to DDS. CFSA strives toward placing all children and youth in family-based settings before seeking congregate care placement alternatives. As a result, CFSA is requiring that contractors of this service to have qualified, caring and appropriately trained staff that would be available on a 24-hour basis to provide information, education, skills training, parenting skills training(teen parents), and an array of community-based activities that would facilitate each individual?s development of parental relationships/bonding, friendships and other relationships, and personal abilities with respect to daily living(nutrition, health and wellness, vocational training and job coaching), parenting and personal tasks(e.g., eating; personal hygiene, cooking, cleaning), communication, socialization, health, recreation, and leisure, decision- making, money management, community travel, use of community resources(e.g. transportation, stores, banks, parks) and participation in referred aspects of civil life, (e.g. voting, church, support groups).</p> <p>The contractor is being expected to provide an array of living arrangements including group home and independent living arrangements with the requisite supportive services as outline in the youth Individual Transitional Independent Living Plan (ITILP) and consistent with the</p>

			<p>The Child and Family Services Agency (CFSA) hereby requests a waiver of the 50% subcontracting requirements for the above mentioned solicitation as required in D.C. Official Code §2-218.46(a)(2) and 2-118-50(b)(1)(a), which requires that all non-construction contracts in excess of \$250,000.00 have at least 50% of the dollar volume subcontracted to Small Enterprises or to Certified Business Enterprises, if there is an insufficient number of qualified number of qualified Small Business Enterprises to completely fulfill the requirements.</p> <p>The proposed prime contractor, Innovative Life Solutions, Inc. ("the Contractor" or ILS) is currently available to meet the immediate need of this CFSA's client. They have the staff necessary to address the client's behavioral and intellectual needs and are able to support her in de-escalation and overall management. In addition, the team is working to obtain approval for supports with the Department of Disability Services, which will serve as a long-term support, post-permanency. The client's behaviors include audio and visual hallucinations; verbal and physical aggression and threats of hurting herself. Her diagnoses include the following: Schizophrenia, Schizoaffective Disorder, Major Depression with Psychotic Features, and Attention Deficit Hyperactivity Disorder.</p> <p>The annual not to exceed cost of these services is \$540,133.88. 50% of this cost is for staffing and the remaining cost is for room and board and supplies for the youth. ILS will be using their current staff to provide the services as listed above with no sub-contracting opportunities. ILS intends to provide these services in a congregate care setting. This continuum of one to one 24 hours care is dynamic; treatment services provided to the clients under this contract are geared towards the progression to a less restrictive and appropriate setting and to increase levels of functioning.</p> <p>DSLBD previously approved WR#3205 for this contract. A search of NIGP Code 9529250 on April 10, 2022 (Attachment A), showed 10 CBE's listed under this code description. Given the nature of these services and the stability in the placement of these children, it would be in the best interest of the children to not create any disruption in their current placement and services with the contractor at this time and would also best interest of the District.</p>

WR-3887	Department of Behavioral Health	2022	The District of Columbia has been working to combat the opioid crisis through the LIVE.LONG.DC. 2.0 strategic plan, which focuses on creating a person-centered system of care, strengthening connections across the continuum of care, and using data to implement a targeted approach at the community level and with special populations. One such important component of the plan is to support the awareness and availability of, and access to, harm reduction services consistent with evolving evidence-based, best and promising practices. One of these harm reduction practices is the distribution of naloxone. Naloxone, is a safe and effective drug used to reverse an opioid overdose.
WR-3890	Department of Employment Services	2022	This is a task order contract against a GSA Federal Supply Schedule contractor and they aren't required to provide a separate subcontracting plan. Additionally, the services provided by the contractor are proprietary to the contractor and there are no qualified CBE/SBE vendors that have the knowledge, skills and abilities to provide the services.
WR-3900	Department of Behavioral Health	2022	As requested the Solicitation# RM-17-RFP-053-BY3-DJW was issued through in the open market and advertised in the Washington Times Newspaper, on the DBH website at www.dbh.dc.gov and on the OCP website at www.ocp.dc.gov on July 2, 2017 with July 25, 2017 as the date for receipt of proposals in response to the solicitation. Prior to issuing the solicitation, OCP determined that there are no SBEs or CBEs certified by the District as a free-standing mental health clinic that will function as a court urgent care clinic at the DC Superior Court. The District requested a waiver of the subcontracting requirement for the based year and option year one, both of which were approved. However due to funding issues, subcontracting waiver for option years two and three were not requested, as the agency only had partial funding for both option period which was less than \$250,000. Additionally, funding was not identified until halfway through the contract period. Attached is a copy of the final determination for option year 1.
WR-3911	Department of Insurance, Securities, and Banking	2022	OCP on behalf of DISB awarded a sole source contract to FELA, Inc. (FELA) in March 2021 with a base period and two one-year option periods to update the curriculum associated with the online financial tools which allows DISB to modernize the user experience, update the curriculum to reach specific target audiences, and migrate existing program users to the new platform. The initial award was under \$250,000.00. The option period one was initially exercised for \$150,000.00 and increased by \$80,000.00 to \$230,000.00 due to additional curriculum development requirements. DISB recently received additional Federal funding to expand the program which will enable the development of additional content, integration of the content into FELA's platform and the development implementation of a financial health playbook for returning citizens along with the development and launch of a program data and messaging portal. The expansion will increase the option period amount by additional \$150,000.00 to \$380,000.00 for the year. Since this is a software as a service purchased from provider of the proprietary software via a sole source award, the 35% subcontracting is not possible or required.
WR-3913	Department of Behavioral Health	2022	The Office of Contracting and Procurement (OCP) on behalf of the Department of Behavioral Health (DBH) has a need to continue services of a Contractor (Netsmart New York, Inc.) to provide software update and enhancement services to support the Avatar System which is the Electronic Health application. Maximum Quest Residential, Inc., is required to provide these services in accordance with the Family First Prevention Services Act of 2018 signed into law on 2/2/18, effective 10/1/19.</p> <p>Specifically, the contractor shall:</p> <p>Serve clients with a diagnosed adjustment disorder and/or behaviors that may include, but are not be limited to, poor impulse control, substance abuse, sexually reactive, abscondence, and aggression. The Contractor may serve clients with other DSM-V diagnoses if the CFSA or private child placing agency treatment team determines that traditional congregate care is designated for that client.</p> <p>Serve homosexual, bisexual and transgendered children and youth with targeted, appropriate programming. The Contractor shall ensure that each congregate care facility is biologically gender-specific to serve either males or females. Appropriate programing is geared towards meeting the specific needs as presented by the population to include but not limited to a safety plan. Appropriate programing shall be mutually agreed upon by the contractor, CFSA and the client.</p> <p>The Contractor shall ensure that the staff composition, capacity and qualifications comply with standards for licensing in the jurisdiction where the facility is located. The Contractor shall ensure that all social workers, supervisors and managers have a master's degree in social work and maintain current social work licenses in the District of Columbia or the jurisdiction where the facility is located. All staff members that provide direct services to these clients must have a clean FBI and District criminal background clearance and traffic record check before they can work on this contact.</p> <p>The traditional congregate care facility must also meet the licensing guidelines for a congregate care setting in accordance 29 DCMR Chapter 62. On June 7, 2022, a search was conducted on the District's Certified Business Enterprise Database under NIGP code 9527800; Safe Housing and 9529200, Transitional Living revealed that there is a total of five (5) CBES that is listed as providing these services.</p>

WR-3986	Department of Employment Services	2022	The amount of this proposed solicitation is over \$250,000.00. WR-3993	Department of Transportation	2022	A waiver of the 35% mandatory certified business enterprise (CBE) subcontracting requirement is hereby requested because there is no certified business enterprise and authorized dealer under NIGP commodity code 072-03-26 for Truck, pickup, crew cab, 6 passenger, gasoline and diesel. Therefore, there are no subcontracting opportunities. And due to the nature of the requirement, there are no alternate methods for acquiring the trucks to be subcontracted in order to make it more amenable to being performed by CBEs. The inclusion of the mandatory subcontracting requirements hampers competition and the ability to make an award. Therefore, it is in the best interest of the District to waive the requirement.
WR-3995	Fire and Emergency Medical Services Department	2022	The District of Columbia's Fire and Emergency Medical Services Department (FEMS) has a continuing need to contract with a qualified third-party ambulance company to provide pre-hospital medical care and transportation for Basic Life Support (BLS) calls for service; associated dispatch services; and to coordinate non-emergency medical/pharmacy-related transportation for 9-1-1 callers not requiring the response of a FEMS or third-party ambulance.

WR-4000	Child and Family Services Agency	2022	Currently, there are no PRTFs that are designated Certified Business Enterprises (CBEs). On July 8, 2022, a search of the District's Certified Business Database (Attachment A) identified two CBEs listed under commodity code 952-9265 for Residential Care and Treatment (Long Term). None of the CBEs are qualified to provide PRTF services based on their profiles in the DSLBD website. In addition, none of the CBEs possess a Medicaid Provider Approval Letter, issued by DC Healthcare Finance (DCHF) to provide PRTF Services.
WR-4003	Department of Insurance, Securities, and Banking	2022	OCP on behalf of DISB awarded a contract to United Planning Organization which is a non-profit through a competitive sealed bids process with an annual firm fixed price of \$249,579.00 for one base period and four one-year option periods on November 9, 2021. The agency received additional Federal funding to expand the program and add two additional financial counselors to the FEC to provide financial counseling to the returning citizens. The additional funding will increase the annual contract amount by \$123,750.00 to \$371,329.00 which will qualify the contract for DSLBD sub-contracting requirement. WR-4057	Child and Family Services Agency	2022	<p>contract as required by D.C. Law 16-33: D.C. Official Code §2-218.46 and 2-218.51 et,seq. (?CBE Act?), which requires that all non-construction contracts in excess of \$250,000.00 have at least 50% of the dollar volume subcontracted to Small Enterprises or to Certified Business Enterprises, if there is an insufficient number of qualified number of qualified Small Business Enterprises to completely fulfill the requirements.</p> <p>The prime contractor: KidsPeace National Centers, Inc., ("the Contractor") was selected to provide Psychiatric Residential Treatment Services, Education and Diagnostic and Assessment Services, twenty-four (24) hours per day, seven (7) days a week to emotionally disturbed wards of Child and Family Services Agency (CFSA). The contractor is expected to provide Psychiatric Residential Treatment Services, Education and Diagnostic and Assessment Services to CFSA clients. These services are part of a continuum of care, which provides services at varying levels of intensity from the most to least restrictive. This continuum of care is dynamic; treatment services provided to the clients under this contract are geared towards the progression to a less restrictive and appropriate setting and to increase levels of functioning at a cost of \$998,288.70 for Option Year 1.</p> <p>In addition, the contractor provides residential therapeutic treatment, education, diagnostic and assessment, stabilization and evaluation services to CFSA clients, ages 6 to 18, with moderate to severe social and emotional concerns, developmental delays; dysfunctional behavior patterns who warrant admissions into the diagnostic and short-term assessment services program. Some of the CFSA clients may also have medical needs, learning disabilities and behavioral problems that range from moderate to severe. The provision of diagnostic and short-term treatment services is geared towards obtaining comprehensive assessments, evaluations and recommendations so that clients under this contract can progress to the most appropriate setting, receive the appropriate services and increase levels of functioning.</p> <p>A search on the DSLBD database of all active certified business enterprises (CBEs) was conducted on 8/1/2022 using NIGP service description for ?In-Patient Psychiatric Residential Treatment Services?. The search revealed that there are no CBEs that provide these services. In addition, a search using NIGP code 9487640; psychiatric services, was also used and revealed one CBE. The CBE was contacted on 8/1/2022 and CFSA was informed that the CBE does not perform the said services ((see attachment A).</p> <p>Second, the contractor is located in Schnecksville, Pennsylvania, which is approximately 143 miles from the District. Therefore, even if there are CBEs that could provide portions of this service, it is impractical and extremely cost prohibitive to expect someone to travel 143 miles to provide services.</p>
WR-4058	Health Benefit Exchange Authority	2022	<p>NFP Health Services Administrators, LLC. has performed accounting functions as the Premium Billing provider to the Health Benefit Exchange Authority (HBX) since 2013. As one of few companies in the county that provides multi-carrier, multi- product premium billing for state-based and federal benefits health exchanges, we are highly specialized in managing the billings for different health care carriers on a single statement for individuals and employers, and then aggregating the appropriate portions of payments to the correct carriers. This skill set requires years of experience in the health care industry, accounting and intensive knowledge in the policy governing the Affordable Care Act.</p>
WR-4060	Health Benefit Exchange Authority	2022	<p>To accomplish this, Consumers? Checkbook/Center for the Study of Services (?CHECKBOOK/CSS?) will provide DCHBX license to the CHECKBOOK Plan Comparison Tool (?Plan Match?) and All Provider Directory Tool (?Provider Directory?) for use by users of DCHBX.</p>
WR-4062	Department on Disability Services	2022	<p>By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.</p>
WR-4063	Department of Health	2022	<p>Requesting waiver for option year 1. Waiver wasn't requested for the base period because it was an emergency procurement</p>

WR-4075	Office of the Chief Technology Officer	2022	<p>Pursuant to D.C. Official Code § 2-218.51 and the subcontracting requirements of D.C. Official Code § 2-218.46, subcontracting requirements may be waived only if there is insufficient market capacity for the goods or services that comprise the project and such lack of capacity leaves potential Offerors commercially incapable of achieving the subcontracting requirements at a project level. The agency seeking waiver is required to submit to DSLBD a request for waiver to include: (a) The number of certified business enterprises (CBE), if any, qualified to perform the elements of work that comprise the project; (b) a summary of the market research or outreach conducted to analyze the relevant market; and (c) the consideration given to alternate methods for acquiring the work to be subcontracted in order to make the work more amenable to being performed by CBEs.</p> <p>?</p> <p>QuickBase, Inc. is the creator of all QuickBase operated systems utilized in the District, and thus owns the intellectual property of QuickBase and is the only source of the maintenance and support for all existing QuickBase software and technology. Therefore, there are zero (0) qualified small business enterprises that can fulfill the subcontracting requirement of this contract, the base year is valued at \$2,175,000.</p> <p>For the reasons stated above, the Office of Contracting and Procurement, on behalf of the Office of the Chief Technology Officer respectfully request approval of a waiver for the base year for the proposed contract with QuickBase, Inc.</p>

WR-4098	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.
WR-4099	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.
WR-4101	Washington Convention and Sports Authority	2022	Due to the demonstrated market incapacity among CBEs, the contractor is commercially incapable of achieving the subcontracting goal.
WR-4102	Washington Convention and Sports Authority	2022	Because of the proprietary and non-severable nature of the services to be provided, the contractor is commercially incapable of achieving the subcontracting requirement.
WR-4103	Department of Transportation	2022	The Office of Contracting and Procurement on behalf of Department of Transportation is seeking an authorized dealer to provide twelve (12) Chevrolet Bolt EUV, Dedicated Electric or EQUAL
WR-4105	Metropolitan Police Department	2022	OCP has deemed the procurement exempt from competition in accordance with the Procurement Practice Reform Act (PPRA) of 2010, Section 413(8). Maintenance and support of existing software and technology to the extent that the creator of the intellectual property is still protected and is the only source of the maintenance and support of the existing software and technology. Software AG owns all rights, intellectual property rights, title, and interest in and services the current TACIS platform, including maintenance, modifications, improvements, and upgrades. Therefore, the opportunity to subcontract to the CBE community is impossible due to the intellectual property rights.
WR-4107	Department on Disability Services	2022	Federal RSA regulations require an "informed choice" be provided to the persons eligible to receive services from local RSAs. It is impossible to determine in advance or to control the percentage of how total dollars will be allocated amongst contractors because of the informed choice mandates
WR-4110	Child and Family Services Agency	2022	Brighter Days Family Services, LLC provides therapeutic (traditional) congregate foster care services for clients between thirteen (13) and twenty-one (21) years of age who are legal wards of the Child and Family Services Agency under the control of the District of Columbia. These clients deserve a permanent home and the nurturance and support of a loving family. In support of this objective, CFSA prioritizes family-based foster homes for clients of all ages. However, CFSA recognizes that the intimate setting of a traditional foster home is not appropriate for all clients due to a history of trauma, grief and loss that manifests in disruptive behavior and/or dis-regulated emotions. For such clients, a traditional congregate care setting may be indicated: to stabilize and regulate behavior and emotions so that the client is able to achieve their developmental, educational, social, and emotional goals.
WR-4112	Department of Public Works	2022	A waiver of the 35% mandatory certified business enterprise (CBE) subcontracting requirement is hereby requested because there is no certified business enterprise and authorized dealer registered under NIGP commodity codes 0703600; 0703300; 0711500, 0711700.
WR-4114	Department of Behavioral Health	2022	The District has a requirement for the DATA WITS services through FEL.com. There are limited to no sources for suppliers due to the below unique factors. a)The vendor is the federal government's sole contractor for the new collaborative focused concept. b)Substance Use Disorder IT products must be flexible and compliant with federal, state and local requirements. FEL.com, developed the original coding and methodology, in collaboration with SAMHSA for the federal government. c)FEL.com's product allows for cost sharing of system enhancements and changes. Normally a single user or owner of an IT system will require upgrades/enhancements throughout the product lifecycle. Such costs are absorbed by the system owner whereas the DATA WITS system supports a cost sharing model with the opportunity to collaborate with other jurisdictions.
WR-4115	Department of Transportation	2022	The Office of Contracting and Procurement on behalf of the District Department of Transportation is seeking an authorized licensed dealer to provide twenty-one Pickup truck - new 2022 -2023 Rivian R-IT Dedicated Electric Vehicle "OR EQUAL"

WR-4117	Department of Health Care Finance	2022	The licenses, maintenance and support of the software remains the intellectual property of Oracle. The renewal of, support and maintenance for the licenses, software subscription are proprietary only to Oracle and will be distributed to the District's program office directly by Oracle's Authorized Premiere Support Renewal Partners (APSRPs).
WR-4118	Office of the State Superintendent of Education	2022	PCG will continue providing licenses and maintenance of the SEDS, to which they have the sole ownership of the intellectual property rights. The licensed product and maintenance services are not available through any other entity. There are no other services being provided.
WR-4121	Child and Family Services Agency	2022	Sasha Bruce Youthwork provides Short Term Emergency Shelter (30 day) to children and youth suffering from abuse and neglect needing to be removed from their homes. Some of these clients will require a higher level of care due to their mental health and behavioral needs which requires them unsuitable for placement in a family-based setting or a traditional group home.
WR-4126	Department of Public Works	2022	<p>On November 25, 2020, the District awarded a base year contract with four (4) option periods to Assured Telematics, Inc. (ATI) through sole source procurement for an estimated amount of \$249,760 each year. ATI, the sole source contractor, provided these devices and tracking services through ATI's database and online portal which have been used to track District vehicles since 2014. Due to increase in the number of vehicles in the fleet, additional GeoTab devices from the same contractor needs to be installed to these vehicles therefore DPW increased the contract amount to \$500,270 for each option period. ATI was granted with a waiver request approval for option year one on November 19, 2021. (WR-3451)</p> <p>The Office of Contracting and Procurement hereby request for a waiver of the 35% mandatory certified business enterprise (CBE) subcontracting requirement for option year two. Search for CBE under NIGP commodity code 055-35-40 for Tracking devices, GPS (Brand listed or equal) resulted in zero vendor. Due to the nature of the requirement, there are no alternate methods for acquiring the devices to be subcontracted in order to make it more amenable to being performed by CBEs. The inclusion of the mandatory subcontracting requirements hampers the ability to exercise option year two, therefore, it is in the best interest of the District to waive the requirement.</p>
WR-4127	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal Medicaid match funding.
WR-4130	Department of Insurance, Securities, and Banking	2022	The Department of Insurance, Securities and Banking (DISB) sought a contractor to provide housing counseling services in support of their implementation of the District of Columbia Mortgage Servicer Settlement Agreement Fund Pursuant to: United States of America et al. v. Bank of America Corp et al., CA No. 12-0361 and provide housing counseling services from HUD certified housing counselors for District residents applying for and receiving Homeowners Assistance Funds (HAF) that were in financial distress before the COVID-19 pandemic or are repeat applicants for HAF pursuant to a Statement of Work Addendum and Memorandum of Understanding (MOU) with the Department of Housing and Community Development (DHCD) executed in June 2022 and terminating in 2026.
WR-4133	Department of Behavioral Health	2022	The Office of Contracting and Procurement (OCP) on behalf of the Department of Behavioral Health (DBH) is requesting a waiver of the subcontracting requirement of D.C. Official Code §2-218.46 for Intensive Rehabilitative Residence (IRR) for DBH consumers. One or multiple human care agreements (HCA) will be awarded pursuant to procedures set forth in 27 DCMR Chapter 19, Sections 1905 through 1908 under request for qualifications. This waiver request is applicable to the base year period of performance, from date of award through 12 months thereafter, of each awarded HCA.
WR-4141	Department of Transportation	2022	The estimated contract amount for the maximum quantity of ten is \$731,460. A waiver of the 35% mandatory certified business enterprise (CBE) subcontracting requirement is hereby requested because there is no certified business enterprise and authorized dealer under NIGP commodity code 070-48-63 (Trucks, pickup, crew cab, one ton). Therefore, there are no subcontracting opportunities. And due to the nature of the requirement, there are no alternate methods for acquiring the dump trucks to be subcontracted in order to make it more amenable to being performed by CBEs. The inclusion of the mandatory subcontracting requirements hampers competition and the ability to make an award. Therefore, it is in the best interest of the District to waive the requirement.

WR-4142	Office of Contracting and Procurement	2022	After conducting the market research on the DSLBD website for commodity codes 9188200 and 9614000, we discovered that the contractors listed did not include the necessary ballistics & firearm testing and latent fingerprint testing services we are seeking to procure. Additionally, these contractors did not have the needed credentials under the American National Standards Institute (ANSI) National Accreditation Board t (ANAB) to provide forensic laboratory and quality professional services. We reviewed similar contracts from other jurisdictions and found that while they conducted re-examination of evidence, the type of testing was not the same as our need. While we do believe that a CBE may be available to serve as the IPE/Prime Contractor for this solicitation, they will not be able to locate a local subcontractor who could perform the needed laboratory services. Additionally, a waiver for these same services was approved in the past for the District. Please see the attached previously submitted waiver request for these same testing services.
WR-4148	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.
WR-4149	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.
WR-4150	Department on Disability Services	2022	By Center of Medicare and Medicaid Services laws, these occupancy related items cannot be paid under the Waiver and must be paid by DDS through providers that have been determined qualified and eligible through DHCF to provide home and community-based services (HCBS) for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings under the Medicaid Waiver program. The support and services under the IDD HCBS Waiver program are paid by DHCF under Medicaid provider agreements using local and federal-Medicaid match funding.
WR-4156	Department of Behavioral Health	2022	(a)The Office of Contracting and Procurement (OCP) on behalf of the Department of Behavioral Health (DBH) is requesting a waiver of the subcontracting requirement of D.C. Official Code §2-218.46 for Mental Health Rehabilitation Services (MHRS) for DBH consumers as part of the District?s Behavioral Health provider network. Multiple human care agreements (HCA) will be awarded pursuant to procedures set forth in 27 DCMR Chapter 19, Sections 1905 through 1908 under request for qualifications. This waiver request is applicable to the base year period of performance, from date of award through 12 months thereafter, of each awarded HCA.
WR-4234	Department of Energy and Environment	2022	The purpose of this memorandum is to inform the Department of Small and Local Business Development (DSLBD) that market research within the DSLDB?s database in searching for companies to subcontract to for Request for Proposal (RFP) Solicitation DOC385856 ? FY19 Anacostia Rover Sediment been done with limited responses to adequately fulfill the 35% subcontracting participation as of the awarded contract date of April 15, 2019. DOEE is requesting a waiver a 100% wavier of the subcontracting requirement. Research has presented that there has been no change in the available vendor pool of candidates. The performance period for option year one is April 14, 2022 through April 15, 2023 with a value of \$6,639,970.73. This contract has a base period (three years) and two option years. As promised in the initial waiver request for the base year of contract CW66162, DOEE has conducted research and still determines that it will be unlikely to meet the 35% due to the lack of certified environmental laboratories, drillers, emergency response contractors, or sediment assessment and engineering expertise Certified Business Enterprises (CBEs) in Washington, DC.
WR-4152	Department of Behavioral Health	2023	The Office of Contracting and Procurement (OCP) on behalf of the Department of Behavioral Health (DBH) is seeking a Mental Health Rehabilitation Service (MHRS) and Adult Substance Abuse Rehabilitation Service (ASARS) certified Contractor to provide Behavioral Health Support and Care Coordination Services in the District of Columbia to individuals residing at Isolation and Quarantine (ISQA) and Pandemic Emergency Program for Vulnerable (PEP-V) locations.
WR-4154	Metropolitan Police Department	2023	Maintenance and support of existing software and technology.
WR-4155	Child and Family Services Agency	2023	While ten (10) companies were identified to perform youth services, only one company, Umbrella Therapeutic Services is licensed by the OFL. This company currently provides congregate care services for youth for CFSA (Contract No. DCRL-2019-C4-0091) in a Traditional Congregate Care setting for male youth 13-21 years old. The remaining nine are not licensed by OFL. Therefore, unable to provide said services.

WR-4160	Office of the Chief Financial Officer	2023	Due to demonstrated market incapacity and the lack of CBE response, the contractor shall be commercially incapable of achieving the subcontracting requirement.
WR-4171	Department of Behavioral Health	2023	The Office of Contracting and Procurement (OCP) on behalf of the Department of Behavioral Health (DBH) is requesting a waiver of the subcontracting requirement of D.C. Official Code §2-218.46 for Post-Acute Rehabilitation Medical Services. One human care agreement (HCA) will be awarded pursuant to D.C. Code §2-354.13 (2) and the Procurement Practices Reform Act, Section 413 (2). This purchase is exempt from competition because the District has been court ordered to provide inpatient treatment for three District residents at the current facility where they reside. This waiver request is applicable to the base year period of performance, from date of award through 12 months thereafter, of the awarded HCA.
WR-4183	Office of the Chief Financial Officer	2023	Based on the proprietary nature of the Instant Ticket services and the lack of capacity among the CBE community to provide these services, the contractor is commercially incapable of achieving the subcontracting requirement.
WR-4185	Office of the Chief Financial Officer	2023	Based on the proprietary nature of the Instant Ticket services and the market incapacity among CBEs to provide these services, the contractor is commercially incapable of achieving the subcontracting requirement.
WR-4186	Office of the Chief Financial Officer	2023	Based on the proprietary nature of the Instant Ticket services and the lack of certification to provide these services among the CBE community, the contractor is commercially incapable of achieving the subcontracting requirement.
WR-4187	Department of Health Care Finance	2023	The contractor shall provide operations and maintenance of the previously developed and deployed District Direct Mobile Application (Mobile App). The District issued a contract to a System Integrator for design and implementation of the Mobile App that was developed using the Diona Self Service Enterprise Mobility software platform. Diona (US) Inc, (Diona) provides all management supervision, labor, administrative support, reporting requirements, and associated support service to perform the work specified.
WR-4191	Department of Behavioral Health	2023	The Director of the Department of Behavioral Health (DBH), as the successor-in-interest to the Department of Mental Health, pursuant to the authority set forth in Sections 5113, 5117(10) and (13), and 5118 of the Department of Behavioral Health Establishment Act of 2013, effective December 24, 2013 (D.C. Law 20-0061; D.C. Official Code §§ 7-1141.02, 7-1141.06(10) and (13), and 7-1141.7 (2012 Repl.)), hereby gives notice of the adoption of Chapter 38 (Mental Health Community Residence Facilities) to Title 22 (Health), Subtitle A (Mental Health), of the District of Columbia Municipal Regulations (DCMR). The effective date of these rules will be 90 days after the date of publication of this notice in the D.C. Register to allow sufficient time for providers to comply with the new requirements.
WR-4192	Metropolitan Police Department	2023	The proprietary equipment is manufactured by ShotSpotter Inc. and is designed to assist in coordination of Emergency functions and will meet the customized environment for District radio transmission protocols
WR-4197	Department of Public Works	2023	There are no firms licensed and permitted to handle the District's Waste-to-Energy municipal solid waste within an area advantageous to the District's daily requirements.
WR-4199	Child and Family Services Agency	2023	The contractor shall provide a residential trauma facility which operates on a twenty-four (24) hours per day, seven (7) days a week to adolescent female wards of Child and Family Services Agency (CFSA) who have been identified by CFSA as confirmed victims or at high risk of Commercial Sexual Exploitation of Children (CSEC). Residential treatment is part of a continuum of care, which provides services at varying levels of intensity from the most to least restrictive.
WR-4206	Department of Human Services	2023	The rationale and justification for the request follows: the procurement requires the existing contractors to provide supplemental housing for consumers and their families who have contracted COVID-19 or have been exposed to COVID-19, are experiencing homelessness and require alternative housing and isolation as a result of their patient care requirements related to the COVID-19 virus.

The providers were given up until 2pm November 16, 2022, to give their feedback</p> <p>Out of the Hundred and Twenty-One (121) CBEs contacted by Contract Specialists at the deadline received, five (5) CBEs responded to the survey question that they are unable to provide end user licensing, maintenance, and technical support for the iCAMS. The research confirms there are no available CBE that can provide maintenance, licensing and support to the iCAMS system</p>

Waiver Request ID#	Agency Name	Fiscal Year	Notes on contract services/waiver justification
WR-4238	Department of Health	2023	DC Health requests a Certified Business Enterprise (CBE) waiver for option period one (1) as the continuation of services are needed from a uniquely qualified pharmacy benefits manager that provides a comprehensive service system to provide better access to pharmacy benefits, Pre-Exposure Prophylaxis (PrEP) assistance benefits, and improved healthcare outcomes for DC AIDS Drug Assistance Program (ADAP) participants.
WR-4248	Department on Disability Services	2023	Due to the sensitive nature of a particular disability, some people are placed by other District agencies with providers that are determined most appropriate to care for the person prior to being of age to be determined eligible to receive services under DDA. DDA begins coordination with the placing agency five years before the person reaches an age of eligibility to receive services from DDS. The decision to retain an out-of-state residential placement is made by the coordination team, which may include the placing agency, DDA, parents or guardians or reached by court order placement
WR-4252	Department of Behavioral Health	2023	Psychiatric nurses for temporary staffing.
WR-4253	Department of Health Care Finance	2023	The software's licenses, maintenance, and support remain the intellectual property of Oracle. The renewal of the support and maintenance for the licenses and software subscriptions are proprietary only to Oracle and will be distributed directly to the District's program office by Oracle's Authorized Premiere Support Renewal Partners (APSRPs). Oracle has authorized six companies as their APSRPs to distribute their renewal license software, none of which are the District's certified business enterprises (CBEs).
WR-4262	Department of Public Works	2023	The Department of Public Works ? Solid Waste Management Administration (DPW-SWMA) is seeking for a vendor to provide an app and web-based ticket issuance and service request management system that will support DPW-SWMA?s operation on sanitation enforcement.
WR-4267	Office of the Chief Financial Officer	2023	The purpose of the contract is to maintain the current software for the Unclaimed Property Management System which manages all aspects of unclaimed property, which is a Kelmar Associates software solution, that will continue to be used to manage the unclaimed properties in the District. Since Kelmar is the only company that can maintain the software, waiver of subcontracting requirement is requested.
WR-4268	Child and Family Services Agency	2023	Due to the lack of response and market incapacity among the CBE community to provide the required services under the solicitation, the contractor is commercially incapable of achieving the CBE subcontracting requirements.
WR-4273	Department of Public Works	2023	The Office of Contracting and Procurement (OCP) on behalf of the Department of Public Works, Solid Waste Management Administration (DPW-SWMA) has a continuing need for Public Works Solutions, LLC (PWS) to provide maintenance, enhancement and system integration of Trakster software currently being used by DPW-SWMA since the software was implemented for the District in 2006. The contract amount for option year one is not-to-exceed \$300,000.
WR-4277	Child and Family Services Agency	2023	Currently there are no CBE opportunities for Psychiatric Residential Treatment Facilities available because the facility is out of state in Orlando, Florida, seven hundred fifty-eight (758) miles away from the District. Although there are CBE's that may provide a portion of the service, it would be impractical to request a contractor located in Orlando, Florida to require the CBE to travel from DC to Orlando, Florida to treat a client.
WR-4278	Child and Family Services Agency	2023	Although there are eight (9) CBE's that fall under NIGP CODE 9487600 Psychologist/Psychological and Psychiatric Services (Including Behavioral Management Services), none of the nine CBE's provide in-patient psychological residential treatment services for twenty-four (24) hours per day, seven (7) days a week unlike the provider in Dunn Loring, Virginia.
WR-4285	Department of Behavioral Health	2023	Copyrighting software
