GENERAL QUESTIONS

1. Please provide the Commission's mission statement.

The mission of the Commission is to advise the Mayor, the Council of the District of Columbia, and the Director of the DC Office on Returning Citizen Affairs on the process, issues, and consequences of the reintegration of returning citizens into the general population.

2. Please list all reporting requirements in the District of Columbia Code or Municipal Regulations that the Commission is required to complete in FY 22 and FY 23, to date. For each requirement, please list the date the report was required and the date it was produced. If the Commission did not produce the report on the mandated timeline, please explain why.

Per DC Code 24-1303(b)(6) Section 2 the DC Office on Returning Citizen Affairs is responsible for the public record of Commission meetings and agendas for public review.

3. What are the Commission's top five priorities? Please explain how the agency expects to address these priorities in FY 23.

The Commission's FY 23 five priorities are below with recommendations on how the Commission plans to address these priorities:

- I. Create a training component for Community Based Organization through the Office on Returning Citizen Affairs. The Commission agrees there are several resources and services that are currently being provided through CBO's that could fill in the GAPS that government is unable to service. Through the bridging of the relationship between CBOs and ORCA this will be able to strength the community in whole. The overall goal is to assure that every client of ORCA is given individual services that could be provided even outside the agency.
- II. Through the Subcommittee on Women Reentry Affairs, the Commission will gather the data provided through federal and local agencies on the conditions of DC women who are currently incarcerated. We would like to present the outcome of this research to be presented to the Director of Bureau of Prisons on behalf of the Mayor to begin the conversation on how we can build a relationship with the BOP and the District.
- III. Through the Commission's Ex-Officio, the Department of Employment Services, and the Office of Returning Citizen Affairs, intends to generate set aside employment in the DCHR/American Job Service Center, for returning citizens with a focus on positions that are gender neutral. Using the DSLBD model of CBE business set -aside, the Commission, DOES and ORCA will work to create requirements and suggestion to create this new workforce development tool.
- IV. Through the Subcommittee on Violence/Recidivism, Ex-Officio, The Office of Neighborhood and Public Safety (ONES), the Commission will hold open meetings where suggestions from returning citizens can provide suggestions on "lived experience", can be a tool to be used in combating the increase in violence in the District. These forums will offer community leaders, and stakeholders an opportunity to speak to ways in how we can be apart of the solution.
- V. Through the Subcommittee on Housing, and the Office of Returning Citizen Affairs, the Commission will address the overlapping of services, and seek to get actual housing options that works for a diverse population of returning citizens. The recommendation of additional housing vouchers with larger family sizes are of what is needed currently.

4. Please describe any new initiatives or programs that the Commission implemented in FY 22 and FY 23, to date, to improve the operations of the Commission. Please describe any funding utilized for these initiatives or programs and the results, or expected results, of each initiative.

The Commission created a subcommittee structure to the operation of the Commission. The subcommittees are chaired by a Commissioner, and responsible for meeting outside the monthly meeting, and expected to report on recommendations, initiatives, and findings at each monthly meeting. No funding was utilized for this initiative.

5. Please list all pending lawsuits that name the Commission as a party. Identify which cases on the list are lawsuits that potentially expose the District to financial liability or will result in a change in Commission practices and describe the current status of the litigation. Please provide the extent of each claim, regardless of its likelihood of success.

The Commission is not named in any lawsuits

6. Please list all settlements entered into by the Commission and judgments against the Commission (or by the District on behalf of the Commission) in FY 22 or FY 23, to date, and provide the parties' names, the amount of the settlement or judgment, and if related to litigation, the case name and a brief description of the case. If unrelated to litigation, please describe the underlying issue or reason for the settlement (e.g. administrative complaint, etc.).

The Commission is not listed in any lawsuits, settlements and/or judgements

7. Please provide the number of FOIA requests for FY 22, and FY 23, to date, that were submitted to your Commission. Include the number granted, partially granted, denied and pending. The Commission has not been notified of any ongoing investigations, audits or reports for the Commission or any of its member for FY22 and none as of 01/30/2023.

9. Please provide a list of all studies, research papers, reports, and analyses that the Commission prepared or funded during FY 22 and FY 23, to date. Please submit a hard copy to the Committee of any study, research paper, report, or analysis that is complete.
