## 2 2022 ACCOMPLISHMENTS

Accomplishment	Impact on Agency	Impact on Residents
MPD led the effort to develop a Nightlife Task Force to address primarily the U Street nightlife corridor. This Task Force deployed a whole of government approach to tackling increasing challenges associated with this nightlife area with great success. The presence of multiple city services helped decrease patterns of violent crime experienced in this area and showed residents the effects of government working together.	MPD led the effort to develop this taskforce which helped decrease violent crime in nightlife areas.	Decreasing patterns of violent crime in nightlife areas is vital to ensuring the safety of the residents of the District of Columbia and demonstrating the effects of government entities working together.
A Chief Equity Officer was hired to be responsible for leading the department's efforts in diversity, equity, and inclusion (DEI). She will develop strategies and plans to ensure that DEI issues remain a priority in the department and provide an organizational channel for department-wide accountability.	In order to ensure the department's continued emphasis on transparency, a professional visionary and strategic thinker who could identify and define equity disparities and develop action plans to make positive impacts on the disparities is crucial.	The hiring of the new Chief Equity Officer is a promise to our members and to our community to transfer excellence in our daily efforts.

The Labor Agreement between the Fraternal Order of Police and MPD was a considerable achievement for all involved. The agreement represents an important step in recognizing the critical contributions of MPD's rank and file to the safety and success of the District. Key provisions in the contract—including a 10 percent raise over three years and a five percent Base Retention Differential at five years—clearly demonstrate Mayor Bowser's support for MPD's union members and are essential tools to support retention and recruitment.	Retention and recruitment of police officers is critical to ensuring the safety of the residents of the District of Columbia.	This agreement provides essential tools to support retention and recruitment of police officers to ensure the safety of the residents of the District of Columbia.

## 5 2022 STRATEGIC INITIATIVES

In FY 2022, Metropolitan Police Department had 8 Strategic Initiatives and completed 50%.

Title	Description	Completion Update to Date	Explanation for Incomplete Initiative
-------	-------------	---------------------------	---------------------------------------

<p>Automate some standard communication with victims of crime</p>	<p>Currently, collating and disseminating critical but standard information (report number, relevant points of contacts, service providers, regular updates, etc.) to victims can be a manual and time-consuming process that involves compiling information from different sources. Given the pace of technology and communications today, most community members expect immediate responses and acknowledgement which can be logistically difficult given the manual process. MPD will procure a software-as-a-service to automate this process, improving customer service and alleviating the significant workload on the investigative teams as staffing drops and workload increases.</p>	<p>Complete</p>	<p>Messaging language is being drafted and go-live is expected in FY23.</p>
<p>Establish a well-being framework for MPD officers</p>	<p>MPD's newly hired Director for Well-being Support will develop a comprehensive wellness strategy to focus on health outcomes and health behaviors to support officers in coping with the challenges and sometimes unique stresses of law enforcement.</p>	<p>Complete</p>	<p>During Q4, 144 wellness checks were conducted on officers who sustained an injury or illness on duty, bringing the wellness check total to 571 since July 1, 2021. An internal wellness website was launched. The first cohort of Chaplains completed initial training and the second selection process for additional Chaplains was completed. A pilot training on suicide prevention was delivered to 270 members.</p>

<p>Commission an organizational health assessment on equity</p>	<p>MPD will work with a national organization to conduct an organizational health assessment to review MPD's policies and practices related to diversity, inclusion, and equity in multiple areas, including race, gender, and sexual orientation, in functional domains such as recruiting and training, supervision, promotional processes, EEO processes, and internal investigations. External to the agency, the review will focus on the delivery of police services and ensuring unbiased policing efforts. The review will include a specific focus on extremism, hate speech, and white supremacy - assessing processes and practices to eliminate the impacts of each within the Department. A report on this assessment will be made public.</p>	<p>75-99%</p>	<p>The Federal Workplace Survey was administered. PERF's final report with recommended actions is expected in late November/early December 2022.</p>	<p>PERF's final report with recommended actions is expected in late November/early December 2022.</p>
<p>Launch a pilot of e-bikes for patrol officers</p>	<p>During FY22, MPD will purchase a limited number of e-bikes with the necessary infrastructure at each of the 7 district stations as well as at the Metropolitan Police Academy.</p>	<p>Complete</p>	<p>The Department is in receipt of the 23 bikes covered by the FY22 funding. Bikes are deployed to each district and to the Community Focused Patrol Unity.</p>	
<p>Build a new Seventh District police station</p>	<p>The FY22 capital budget funds the construction of a new police station in the Seventh Police District (Ward 8) to replace the outdated building. This investment supports both the health and safety of employees while providing a modernized facility for use by the community. In FY22, DGS and MPD will complete the design phase of the project and submit regulatory permits.</p>	<p>0-24%</p>	<p>This project continues to be in development and the RFP for design services is expected to go out before the end of CY2022.</p>	<p>The initiative is in development and continues to progress.</p>
<p>Expand the Cadet Program</p>	<p>Increase the size of the Cadet Corps from 100 to 150 cadets, with one-third of new hires being from Ward 7 or 8.</p>	<p>50-74%</p>	<p>As of September 30th, 71 new cadets had been hired in FY22, 60% of which were from Wards 7 or 8. FY22 ended with 96 cadets, 49 of which are women. On October 19, 2022, Mayor Bowser and Chief Contee opened a new Cadet Training Center. The Cadet Corps has increased recruitment engagements including workshops, job fairs, and focused outreach and has collaborated with the Special Liaison Branch and School Safety Division to reach various communities in all Wards.</p>	<p>This initiative continues to progress</p>

<p>Procure a new police helicopter</p>	<p>The FY22 budget funds a replacement for MPD's 20-year-old helicopter with a new model that provides enhanced safety features, ensuring the safety of its operators and the availability of this critical tool for District residents. In FY22, MPD will conduct the procurement process, with delivery likely in FY23.</p>	<p>25-49%</p>	<p>OCP has not finalized the package for Council review as of Q4.</p>	<p>This initiative is expected to be delivered in FY23 and is currently pending OCP.</p>
<p>Hire a Behavioral Health Initiatives Coordinator</p>	<p>Hire an MPD Behavioral Health Initiatives Coordinator to help strengthen collaboration between MPD, the Department of Behavioral Health (DBH), and other government and community partners to best serve the needs of District residents facing behavioral health challenges. This includes aligning policies and practices and developing and supporting training for the 911 Alternative Response project with DBH and the Office of Unified Communications (OUC).</p>	<p>Complete</p>	<p>The BHIC attended two conferences focused on crisis intervention and crisis models and is collaborating with DBH to implement lessons learned. Additionally, the BHIC continues to participate in behavioral health-focused interagency working groups.</p>

## Metropolitan Police Department – FY23 Strategic Initiatives

Title	Description
Maximize hiring of officers in FY2023	Use funding for the \$20,000 recruit hiring bonus, \$10,000 Cadet conversion bonus, and \$6,000 temporary housing stipend for new recruits moving to DC to maximize hiring of officers and begin stabilizing sworn staffing.
Procure & implement a digital intelligence investigative platform	Deploy a robust digital intelligence investigative platform that will help detectives more quickly and accurately review the millions of pages of documents they receive each year in response to lawful searches of cell phones, social media accounts, and other key evidence. The platform will help to quickly analyze large volumes of data to identify patterns and connections with greater speed and accuracy, allowing police to identify incriminating or exculpatory information related to serious crimes.
Use data and analytics to enhance investigations & strategic deployment	Hire six intelligence analysts to help expand MPD's capacity to conduct robust analysis around violent crime, repeat violent offenders, and emerging trends and patterns. These professionals would directly support detectives with investigations and specialized units and patrol in deploying assets more strategically.
Invest in the future of MPD by strengthening leadership development	During FY23, MPD will develop and deliver a multi-part leadership series focusing on the development of mid-level leaders (Lieutenants and Captains). This series will focus on building formal leadership skills and bring in expertise from multiple disciplines to help prepare future generations of MPD leaders.
Strengthen employee wellbeing program	In FY22, MPD's newly hired Director for Well-being Support developed a comprehensive wellness strategy for employees. In FY23, two new program staff members will help to implement the strategy to support MPD officers in coping with the challenges and stresses of law enforcement.
Engage employees in DEI strategic planning	MPD's new Chief Equity Officer will conduct a diversity, equity, and inclusion (DEI) cultural assessment of MPD informed by a Voices Tour, a series of listening sessions throughout the Department with sworn and professional employees of all ranks to ensure that the views of employees are incorporated into DEI strategic planning.

1	OPC	Personal Use of Social Media	2/10/2020	MPD should issue a comprehensive new stand-alone General Order on social media.	Complete	GO-SPT-302.03 (Social Media) was published on July 13, 2022.
2	OPC	Personal Use of Social Media	2/10/2020	MPD should create training for members on social media usage to support the new General Order.	Complete	MPD provided training on our updated social media policy in the fall of 2022.
3	OPC	Lawful Firearms	6/1/2020	MPD should update General Order 902.01 (Firearms Registration and Receipt of Abandoned or Found Weapons) to reflect current firearms registration laws and regulations in the District. This updated guidance should specifically include that firearms registrations do not expire and that concealed-carry permits are lawful, among any other changes that MPD incorporates into the updated guidance.	In Progress	MPD is currently revising GO 902.01 to include information regarding enforcement procedures for firearms registration and concealed carry permits.
4	OPC	Lawful Firearms	6/1/2020	Updated training should be provided for all MPD members to ensure they are familiar with the current firearms laws and regulations and the changes that are made to General Order 902.01, so that the members can perform their duties in accordance with current law.	In Progress	MPD will ensure that roll call training is provided to our members once the policy is updated.
5	OPC	Automated License Plate Readers	9/25/2020	MPD must ensure there is an easily identifiable and clear process for community members to obtain ALPR collected information about themselves. This can be accomplished through the existing FOIA process or some other means. The process should be outlined publicly on the MPD website, as the process for obtaining BWC footage currently is.	Complete	The process for submitting FOIA requests for license plate reader (LPR) data can be found on our website at <a href="https://mpdc.dc.gov/page/open-government-and-foia-mpdc">https://mpdc.dc.gov/page/open-government-and-foia-mpdc</a> .
6	OPC	Automated License Plate Readers	9/25/2020	MPD must publicly identify any third parties that have access to the ALPR data and information, including other law enforcement agencies and private parties, and ensure all third parties adhere to the same principles as MPD in obtaining and deleting this information. MPD must also share publicly any ALPR databases, other than their own, to which MPD has access.	Agree in Part Complete	MPD does not share its LPR data with any private entities, nor do we currently have access to any private LPR databases. With the exception of the MOUs that we have with the US Secret Service and the SU Capitol Police, other law enforcement agencies do not have direct access to our LPR database. We only share LPR information with other law enforcement agencies upon request regarding ongoing criminal investigations and subject to the restrictions outlined in our policy.
7	OPC	Automated License Plate Readers	9/25/2020	MPD must be transparent with the community about all aspects of ALPR data collection. MPD must disclose how many systems and collection point receivers MPD has and what types; what, if any, safeguarding systems are in place to prevent the misuse of data (such as an audit schedule to detect any unauthorized access or sharing); whether any persons have been investigated and disciplined for noncompliance with ALPR policies, and costs associated with the purchase, operation, maintenance, and any data sharing. This information should be posted on the MPD website.	Agree in Part Complete	MPD's general order regarding the use of our LPR system provides the public with an appropriate overview of our LPR program. The policy discusses authorized use of the system and the types of LPRs that the department uses. While we believe it is important to share our policies so that the public understands MPD operations, we do not believe the specific items mentioned in the recommendation would be of benefit.

8	OPC	Automated License Plate Readers	9/25/2020	MPD must revise General Order 303.09 to further define "official law enforcement purpose." Given that multiple protests occur constantly in the District, MPD must specifically state in the General Order that using ALPR data to track those at a protest is not an acceptable "official law enforcement purpose".	Agree in Part Complete	MPD amended GO 303.09 (License Plate Reader Program) in October of 2020 to include the following language: "LPR systems shall not be used for the purpose of tracking or identifying the presence of individuals participating in First Amendment assemblies who are not engaged in unlawful conduct." In lieu of a definition for "official law enforcement purposes," MPD provides multiple examples of official law enforcement purposes in our general order to provide guidance on the appropriate use of LPRs.
9	OPC	Stop and Frisk Data Review	10/5/2021	MPD must immediately make public any steps already taken to initiate a comprehensive analysis of the stop data. This should include entities MPD has consulted with on their plan, and what issues, if any, have caused the delay in starting the analysis.	Complete	MPD recognizes the importance of the comprehensive analysis, which is why we asked respected, independent organizations, Georgetown University and Howard University, in partnership with The Lab @ DC, to lead this effort. While we could have perhaps produced internal work more quickly, District residents deserve an independent, rigorous product from experts in the field. As such, we were not at liberty to announce the work of our partners until they were ready.
10	OPC	Stop and Frisk Data Review	10/5/2021	MPD must continue to keep the public apprised of the progress of this comprehensive analysis through regular updates to the Stop Data Report page on the MPD website. While it is understandable that an examination of the data may be a time-consuming process, MPD must be as transparent as possible about the status of this work, including any existing partnerships undertaken to analyze data. This should include, at a minimum, identifying the entities performing the review, the cost of the review, and the expected date of completion.	Complete	As reported to MPD by the groups coordinating this effort, the draft deliverables, the "Reimagining Police Stops Workshop: A White Paper, Policy Recommendations for Reducing Harm, a Learning Agenda and Measurement Guide," were shared with the workshop participants in August 2022 for their input. Representatives from The Lab, Howard University, and Georgetown University worked this fall to incorporate feedback from participants, and the documents are now undergoing final editing and formatting. They expect to release the documents in 2023.
11	OPC	Discipline	10/14/2020	OPC should provide disciplinary recommendations with their sustained complaints, and the Police Complaints Board should make a determination if we can't come to agreement.	Agree in Part In Progress	We agree that OPC should make recommendations for discipline based on sustained OPC complaints. However, MPD should retain the final authority for determining discipline against our members. The "Comprehensive Policing and Justice Reform Amendment Act of 2022," as passed by Council, provides for the OPC executive director to provide disciplinary recommendations for sustained OPC complaints, but allows the chief of police to make the final determination of discipline and requires documentation for deviation from OPC's recommendation.
12	OPC	Marijuana Trained Drug Detection Canines	7/8/2021	MPD should not deploy canines trained in marijuana detection for sweeps or searches of persons or vehicles.	Agree in Part Complete	MPD no longer deploys patrol canines trained to detect marijuana for drug detection/sweeps. However, as noted in our original response, we may assign dogs trained in marijuana detection to our Violent Crime Suppression Division (VCSD) to support significant narcotics investigations. As always, their handlers will be trained in constitutional operations.

#	Entity	Report Title	Publication Date	Recommendation	Status	Notes
13	OPC	Marijuana Trained Drug Detection Canines	7/8/2021	After probable cause has been established, MPD may deploy marijuana trained canines for a sweep, but probable cause must be established prior to and independently from utilizing a canine trained in marijuana detection.	Agree in Part Complete	As described above, MPD no longer deploys patrol canines trained to detect marijuana for drug detection/sweeps, but we do not want to preclude assigning dogs to VCSD to support more significant narcotics investigations in the future.
14	OPC	Marijuana Trained Drug Detection Canines	7/8/2021	MPD should no longer train canines in marijuana detection at the academy, and any certification processes should no longer be dependent on the canine's ability to detect marijuana.	Agree in Part Complete	MPD will no longer train our patrol canines in marijuana detection. However, MPD may acquire and train dogs that would be assigned to VCSD to support more significant narcotics investigations in the future.
15	OPC	Marijuana Trained Drug Detection Canines	7/8/2021	Any canines trained in marijuana detection that are currently employed by the MPD Canine Patrol Unit should be retired or repurposed for other departmental purposes and no longer be used as drug detection dogs.	Complete	The four canines in patrol that remain in-service that were trained to detect marijuana were repurposed. They are no longer used as drug detection dogs.
16	OPC	Marijuana Trained Drug Detection Canines	7/8/2021	Any canine that has the ability to distinguish between the legal and illegal possession of marijuana and the possession of other illegal drugs would not be subject to this policy recommendation. However, the canine should undergo more frequent recertification processes and it should not be recommended to deploy them for sweeps, acting in an abundance of caution to protect against any risk of infringing on the reasonable expectation of privacy that DC residents have to lawfully possess marijuana.	N/A	MPD does not currently have drug detection dogs that are trained to distinguish between legal and illegal possession of marijuana.
17	OPC	Marijuana Trained Drug Detection Canines	7/8/2021	MPD should update General Order 306.01 and General Order 901.07 to reflect the above recommendations to ensure that the rights of community members who are abiding by the District's Special Order 15-07 are protected and are uncompromised by drug detection canine deployment.	Agree in Part In Progress	MPD is working on an update to General Order 306.01 (Canine Teams) to reflect updated procedures.
18	OPC	Use of Hair Holds by MPD Officers	9/27/2022	MPD should update General Order 901.07, Use of Force, to either prohibit the use of hair holds or discuss their appropriate use.	Agree in Part In Progress	MPD agrees that providing guidance and adding discussion of hair holds, and their appropriate use, will be beneficial for both our members and the public. However, we do not believe a policy change is required, and we believe training on this topic is more appropriate. Discussion of the use of hair holds has been incorporated into the 2023 Professional Development Training (PDT) use of force training and is also being added to recruit training.
19	OPC	Use of Hair Holds by MPD Officers	9/27/2022	MPD should provide updated training to all members with respect to the use of hair holds and include hair holds in its use of force trainings for new recruits.	Agree in Part In Progress	As outlined above, discussion of the use of hair holds has been incorporated into the 2023 Professional Development Training (PDT) use of force training and is also being added to recruit training as well.

20	OPC	Improved Guidance on Communicating with Deaf and Hard of Hearing Community Members	9/27/2022	MPD should update General Order 304.14 and SO-00-19 to comply with all DOJ guidelines for interacting with D/HH community members. The guidelines provide a strong foundation for ensuring ADA compliance. While General Order 304.14 provides some helpful guidance when interacting with D/HH civilians, integrating the more thorough guidelines suggested by the DOJ could help MPD become a nationwide leader and model agency with respect to being a D/HH-friendly police department.	Agree in Part In Progress	MPD is updating GO 304.14 and our ADA policies to ensure that we are providing the latest information to support the best police response. However, we would note that some guidance is better framed in training than as policy.
21	OPC	Improved Guidance on Communicating with Deaf and Hard of Hearing Community Members	9/27/2022	MPD should update General Orders 901.07, 304.14, and SO-00-19 to require that officers take meaningful steps to ensure any perceived non-compliance by a community member is not the result of a disability before using any level of force unless there is an immediate threat to the health and safety of another member of the community or the officer.	In Progress	When GO 901.07 (Use of Force) was republished on January 1, 2022, additional guidance was added to our discussion of de-escalation about using force against community members who may have a disability. We will include reference to this language when we update GO 304.14 and SO-00-19.
22	OPC	Improved Guidance on Communicating with Deaf and Hard of Hearing Community Members	9/27/2022	MPD should reissue the updated version of SO-00-19 as a standalone general order. In the alternative, MPD should update General Order 100.14, Compliance with Title I of the Americans with Disabilities Act, to incorporate the policies and procedures outlined in the updated version of SO-00-19 into a unified directive on compliance with the ADA.	In Progress	MPD will issue updated policy guidance regarding the ADA.
23	OPC	Improved Guidance on Communicating with Deaf and Hard of Hearing Community Members	9/27/2022	MPD should provide updated training for all members to ensure they are familiar with the best practices for interacting with members of the D/HH community and the changes made to General Orders 901.07, 304.14, and SO-00-19. This can be accomplished through roll call trainings and by offering a training module at MPD's annual Professional Development Training.	In Progress	MPD will ensure members are trained once the policy updates are complete.
24	OPC	Improved Guidance on Communicating with Deaf and Hard of Hearing Community Members	9/27/2022	MPD should offer ASL and Signed English trainings to its officers outside of the DHHU and incentivize its officers to attend. More officers in the field who know ASL, even if it is at a rudimentary or beginner level, will help ensure effective communication and reduce delays caused by obtaining interpreters. This need is heightened by D.C.'s large D/HH population. Avoiding such delays not only benefits the civilians who otherwise would be detained longer than necessary, but also helps officers get the information they need quicker and more efficiently.	Agree In Part In Progress	In October 2020, MPD launched a mobile app that provides a direct link to video American Sign Language (ASL) interpretation services. Each officer having immediate access to ASL interpretation services ensures that there are no delays in communicating with our DHH community members. While we support our officers learning ASL, MPD does not have the expertise to offer this course, and would not expect that the demand would be sufficient to develop and maintain the necessary qualifications to formally train in ASL. We will explore with the director of the Mayor's new Office of Deaf, Deafblind, and Hard of Hearing, the best opportunities to leverage for officers to attend suitable training. In the meantime, the DHHU officers will continue to demonstrate basic emergency signs (e.g., need help, hospital, police, etc.) during the trainings and discussions they conduct with officers.

25	OPC	Enabling Sound During Pre-Event Buffer on Body -Worn Cameras	9/27/2022	MPD should enable sound during the entire two-minute pre-event buffer on all department issued BWCs.	Disagree with Recommendation	MPD's BWC policy requires activation as soon as officers receive a call for service, as well as at the beginning of any self-initiated police action, thereby removing discretion and ensuring officers capture their interactions with the community. Our current policy strikes the appropriate balance of requiring the recording of police activity without recording every conversation that an officer has, and any conversation they are in the vicinity of, throughout their work day.
26	OPC	Warrantless Misdemeanor Arrests	5/27/2022	MPD should issue additional guidance for its members with respect to warrantless misdemeanor arrest procedures.	Complete	GO-PCA-702.01 (Arrests Warrants) was published on July 13, 2022.
27	OPC	Warrantless Misdemeanor Arrests	5/27/2022	Updated training should be provided for all MPD members to ensure they are familiar with the law and regulations for warrantless misdemeanor arrests and the changes that are made to General Order 201.26, General Order 304.10, or the standalone general order so that the members can perform their duties in accordance with current law. In addition, MPD should ensure that supervisor members are properly trained to advise officers when they are making decisions regarding a warrantless arrest.	Complete	Roll call training was provided on warrantless misdemeanor arrests and DC Code § 23-581 in November 2021.
28	OPC	Warrantless Misdemeanor Arrests	5/27/2022	MPD should encourage its members to review D.C. Code § 23-581 using their Mobile Data Terminals or their department issued cellular phones prior to making the decision to arrest any suspect for a misdemeanor that they did not contemporaneously witness. Specifically, MPD should advise its members to verify that the crime is an arrestable offense under D.C. Code § 23-581 prior to making any warrantless misdemeanor arrest. This can be accomplished with roll call training.	Complete	Roll call training was provided on warrantless misdemeanor arrests and DC Code § 23-581 in November 2021.
29	ODCA	Everything is Scattered... The Intersection of Substance Use Disorders and Incarcerations in the District	8/25/2020	DBH, MPD, and other Pre-Arrest Diversion (PAD) administrators should work to increase police officer participation in and support of PAD by providing ongoing opportunities for feedback; updating policies based on officer feedback; and implementing pre-arrest referrals so that officers can divert someone from arrest without handcuffing them or bringing them to a police station.		DBH no longer supports the Pre-Arrest Diversion Program. They provide other support through the Community Response Team. MPD is also working with DBH on a number of initiatives, including launching the DC Sobering and Stabilization Center, the 911 Call Diversion pilot, and a new Joint Response Team pilot to be launched later in 2023.
30	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	IAD Should Broaden Its Investigation and Analysis of Use of Force Incidents. This includes investigating and presenting to the UFRB risk management issues, the adequacy of training, and analysis of the events leading up to, and following, the incident.	Complete	IAD implemented in practice during the summer of 2021, and the recommendation was incorporated into GO 901.07 (Use of Force), which was published on 1/1/22.
31	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	IAD Should Enhance the Training of IAD Investigators who Handle Serious Use of Force Cases. MPD should restructure IAD so that it contains specialists in conducting use of force investigations. MPD should provide the use of force specialists with comprehensive, specialized training similar to the training that was provided to the Force Investigation Team (FIT) when it was formed in 1999.	Complete	MPD re-instituted the Force Investigation Team on June 15, 2021. Prior to that, the agents received specialized training on their duties. The recommendation was also incorporated into GO 901.07 (Use of Force), which was published on 1/1/22 and the FIT Manual which was published on 1/10/22.

32	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	The UFRB Should Conduct a More Thorough Decision Point Analysis as Part of Its Review. UFRB should carefully scrutinize the various decision points faced by the officers involved in the incident.	Complete	The UFRB implemented this recommendation in the fall of 2021, and the recommendation was added to GO 901.07 (Use of Force), which was published on 1/1/22.
33	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	The UFRB Should Provide Specific Recommendations Related to Training, Policy, and Best Practices. Even where the UFRB does not believe a formal "tactical improvement opportunity" classification is warranted, UFRB should still make a practice of providing soft feedback and training recommendations where warranted (i.e., remind officers of best practices). Even in cases where there is no clear violations of policy or training by MPD members, it is critical that the UFRB identify breakdowns in communications, process, and tactics to MPD leadership, the MPA, and OUC to ensure it does not happen again.	Complete	In July 2021, the UFRB added a scribe to take notes and document the Board's feedback. Additionally, the Board developed a memorandum incorporating any feedback or recommendations related to the case that is now sent to the Chief of Police after each hearing (if there are any recommendations).
34	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	IAD Should Designate and Train Force Investigation Specialists. We recommend that MPD provide intensive, specialized training to a select group of IAD investigators who can serve as the lead investigator in all serious use of force incidents. IAD should craft training (and re-training) programs for all investigators assigned to use of force incidents that includes conducting a thorough tactical analysis; reviewing the decisions that led to the use of force, not merely the use of force itself; and analyzing policy, training, and equipment issues in each incident.	Complete	MPD re-instituted the Force Investigation Team on June 15, 2021. Prior to that, the agents received specialized training on their duties. The recommendation was also incorporated into GO 901.07 (Use of Force), which was published on 1/1/22 and the FIT Manual, which was published on 1/10/22.
35	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	MPD Should Release IAD's Final Investigative Report and the UFRB's Conclusions to the Public. We recommend that MPD make its own Internal Affairs Division Final Investigative Report, as well as the document setting forth the UFRB's conclusions, public in some form. We recognize that this raises sensitive issues for MPD, particularly given the comprehensive analysis we advise in our other recommendations. Nevertheless, at present, there is no public disclosure of the details or findings of the investigation. This information gap leads to a lack of public confidence in MPD's investigations, and can lead to public speculation and erroneous allegations of misconduct.	Complete	Draft update to GO 901.07 (Use of Force) complete. MPD began posting public releases in November 2021.

36	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Improve UFRB's Use of Force Classifications. MPD Should Require the UFRB to Make Five Findings in all Serious Use of Force Cases. The findings are: 1) Identify the allegations of use of force with specificity and classify them as: "Supported by the Preponderance of the Evidence" or "Not Supported by the Preponderance of the Evidence." 2) Determine whether the use of force was justified—i.e., whether the actions of the officer were objectively reasonable in the circumstances. 3) Determine whether the use of force incident (and the events surrounding it) were consistent with MPD policy. 4) Determine whether the officer requires "tactical improvement endeavors" or more formal re-training. 5) Provide additional recommendations related to: (a) areas for policy and training improvements; (b) risk management issues; (c) equipment concerns; and (d) areas for officer improvement that do not require formal re-training.	Complete	The recommendation was incorporated into GO 901.07 (Use of Force), which was published on 1/1/22.
37	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Scope of IAD Investigations. IAD investigators should be provided guidance that the scope of their investigations is broader than the actions of the officer at the point serious or deadly force is used. The actions, tactics, and decisions of all participants in the event, from the call taker to the responding supervisors, should be assessed against MPD policy requirements and best practices.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was incorporated into GO 901.07 (Use of Force), which was published on 1/1/22.
38	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Document De-escalation in Investigations. IAD investigators should explore the possibilities for de-escalation in every investigation and in every interview of an officer engaged in a serious use of force.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was incorporated into GO 901.07 (Use of Force), which was published on 1/1/22.
39	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Involvement of Academy Personnel in Tactical Review. In all serious use of force cases, the lead investigator should seek assistance from MPA staff responsible for tactical and physical skills training when conducting the investigation's tactical analysis. IAD should also consider tactical review by Emergency Response Team (ERT) supervisory personnel when there is an attempted high-risk entry.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was incorporated into GO 901.07 (Use of Force), which was published on 1/1/22.
40	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Decision Point Analysis. The Decision Point Analysis Matrix should provide a meaningful independent analysis of the decision points faced by all participants in the event, including, but not limited to, call takers, dispatchers, assisting officers, and the officer or group of officers using force. The analysis should address not only the decisions made by the officer who used force, but the decisions made by any officer that is relevant to the use of force. Where appropriate, the analysis should identify any policy, training, equipment, or tactical concerns raised by the actions of participants.	Complete	The UFRB implemented this recommendation in the fall of 2021, and the recommendation was added to GO 901.07 (Use of Force), which was published on 1/1/22.

41	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Follow-up Interviews. IAD agents should conduct follow-up interviews with important witnesses after the agents have had the opportunity to evaluate initial interviews, BWC footage, and other evidence.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was incorporated into the FIT Manual, which was published on 1/10/22.
42	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	More Rigorous Review and Oversight of Investigations. The UFRB and supervisors in IAD must more carefully scrutinize the recommendations and conclusions of the IAD investigator, and if necessary return the investigation to IAD for additional work. The IAD supervisor should periodically (weekly or bi-weekly) review the investigative file and document each review in writing. The log of reviews should be included as part of the completed investigation file.	Complete	IAD has implemented in practice. Draft update to GO 901.07 (Use of Force) complete. Currently negotiating with FOP on impact and effects bargaining.
43	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	No Leading Questions. IAD supervisors should caution investigators not to use leading questions during interviews of civilian or sworn witnesses of the involved officers. That is especially important when addressing state of mind issues.	Complete	IAD implemented in practice during the summer of 2021, and the recommendation was incorporated into GO 901.07 (Use of Force), which was published on 1/1/22.
44	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Transcription of All Interviews. In serious use of force incidents, all statements from involved officers, witness officers, and civilians should be recorded, transcribed, and included in the investigative file, as required by MPD policy.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was also included in GO 901.07 (Use of Force), which was published on 1/1/22, and the FIT Manual, which was published on 1/10/22.
45	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Check Vital Signs. MPD should remind officers of the requirement that they check vital signs of people who have been subjected to uses of force, especially deadly force, whenever an officer can safely do so.	Complete	The recommendation was incorporated into GO 901.07 (Use of Force) and GO 901.04 (Less-Lethal Weapons), which were published on 1/1/22.
46	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	No Group Interviews. Whenever possible, group interviews should be avoided. If a group interview is unavoidable, the investigator should attempt to supplement the interview with subsequent individual interviews whenever possible.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was also incorporated into GO 901.07 (Use of Force), which was published on 1/1/22, and the FIT Manual, which was published on 1/10/22.
47	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Examine All Uses of Force in Incident. Even in cases when an initial use of force is justified, investigators should carefully examine whether subsequent uses of force are also justified and in conformance with MPD policy.	Complete	IAD implemented in practice during the summer of 2021. The recommendation was also incorporated into GO 901.07 (Use of Force), which was published on 1/1/22, and the FIT Manual, which was published on 1/10/22.
48	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Immediate Reporting. MPD should reinforce as part of in-service training the responsibility of officers and supervisors to report use of force incidents immediately in the aftermath of a serious use of force incident. The training should emphasize the importance of timeliness, as well as incident scene and evidence preservation.	Complete	MPD's use of force training that is delivered two times each year as part of semi-annual pistol requalification has been modified to include an emphasis on reporting force immediately and scene and evidence preservation.
49	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	More Complete UFRB Documentation. The UFRB should keep a more detailed record of its deliberations in each case. The record should reflect the specific issues discussed by the Board and their specific findings.	Complete	In July 2021, the UFRB added a scribe to take notes and document the board's feedback. Additionally, the Board developed a memorandum incorporating any feedback or recommendations related to the case that is now sent to the Chief of Police after each hearing (if there are any recommendations). This recommendation was also added to GO 901.07 (Use of Force), published 1/1/22.

50	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Clarify Definition of Vehicular Pursuit. MPD should re-visit its definition of "vehicular pursuit" and establish easy to understand, objective criteria for when a pursuit occurs. The definition should not be contingent on factors such as whether the officer activates emergency equipment or whether the officer has an adequate basis to pursue the individual.	Complete	GO 301.03 (Vehicle Pursuits) was published on 12/30/21.
51	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Clarify Responsibilities of Off-Duty Officers. MPD should consider whether it has in place adequate policies governing what its officers can and should do when confronted with criminal activity when they are in off-duty status. Its policy on this important issue has not been updated since 2004. In particular, MPD should clarify in policy and training the full applicability of its use of force principles, including de-escalation, when MPD members are off-duty.	Complete	EO-21-032 (Off-Duty Service Firearms and Police Action) was published on 12/30/21.
52	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Barricades. MPD should consider enacting or clarifying its policy related to circumstances when a barricade should be ordered and ERT (or other tactical support) should be contacted.	Complete	EO-21-033 (Barricaded Subjects/Hostage Situations and Other Unusual Incidents) was published on 12/30/21.
53	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Deployment of Ballistic Shields. MPD should review its policy on the deployment of ballistic shields and consider adding requirements that when an officer requests a shield: (1) a supervisor be notified and (2) the supervisor should respond to the scene of the incident to assess the conditions and decide if ERT should be called.	Complete	EO-22-002 (Ballistic Shield Deployment) was published in February 2022.
54	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Training on Use of Ballistic Shields. MPD should ensure that all officers are adequately trained on how to use the ballistic shield, including how the deploying officer is to handle his pistol while holding the shield and the tactical formations to be employed when a shield is being used.	In Progress	Training on the use of ballistic shields is included in CY 2022 Professional Development Training (PDT), which is ongoing.
55	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Training on Breaching Doors. MPD should review training on how to breach a door, including training on when and how to do so, and the proper equipment to use. Training should be provided on each relevant breaching device available to the officer before the officer is authorized to use it.	In Progress	Training on breaching doors is included as part of CY 2022 PDT, which is ongoing.
56	ODCA	The Metropolitan Police Department and the Use of Deadly Force: Four Case Studies 2018-2019	3/23/2021	Dealing with Armed Subjects within Buildings. MPD should provide and reinforce tactical training at regular intervals to relevant MPD personnel on how to approach a location where entry is contemplated and there is indication that an armed subject is within the premises to be entered. The training should address being in the line of fire, stacking, the "fatal funnel," and seeking cover.	In Progress	Training on dealing with armed subjects in buildings is included as part of CY 2022 PDT, which is ongoing.

Disagree in part In progress	The ODCA's finding that the Administration failed to implement the provision on the Community Crime Prevention Team (CCPT) is contrary to Council action on that provision. As part of the FY 2018 Budget, Mayor Bowser proposed that Council accept the plans for the Pre-Arrest Diversion Pilot in lieu of the CCPT. The Committee accepted the plan and chose to fund it. Per the "Report and Recommendations of the JPS Committee on the FY2018 Budget for Agencies under Its Purview" (May 18, 2017, pp. 138-139): The budget provides \$970,544 to launch a new arrest diversion program to support individuals in crisis due to problems associated with substance abuse, mental health, or homelessness. The program is intended to satisfy the requirements of Section 105 of the NEAR Act... although its structure is different. . . . It is the Executive's intention to develop intervention strategies by service agencies with expertise in these areas, and the Mayor's Errata Letter recommends transferring the funds to DBH. . . . The Committee supports the intent of this proposal . . ." The Executive suggested that ODCA should recommend to Council that the NEAR Act be amended to reflect what it had agreed in the Committee report and budget. This would appropriately lodge responsibility for developing and reporting on behavioral health diversion programs with DBH rather than MPD. That said, DBH is now partnering with MPD to develop a Joint Resonse Team that will be launched in 2023.

This action will help reduce the risk of returning poor performers to the force while protecting the due process rights of District employees.	In Progress	The "Comprehensive Policing and Justice Reform Amendment Act of 2022," as passed by Council, will codify the removal of discipline from the collective bargaining process.
66	ODCA	36 Fired MPD Officers Reinstated; Receive \$14 Million in Back Pay	10/6/2022	The D.C. Agree in Part In Progress	A revised table of penalties was published as part of GO 120.21 (Sworn Employee Discipline) on November 27, 2022. However, we think that using rulemaking to further codify the table of penalties is more appropriate than legislation. MPD will publish disciplinary rules, including the revised table of penalties, to govern sworn members, similar to Chapter 16 of the District Personnel Manual that currently applies to civilians. Rulemaking will allow the public to comment on proposed penalties and provide transparency as to the Department's penalty ranges and prove timely and less rigid than the legislative process, affording the chief of police flexibility to address emerging misconduct priorities as they arise.

Complete	GO 120.21 (Sworn Employee Discipline) was revised to reflect updated procedures and was published on November 27, 2022. The revised order does not contain the language at issue in this recommendation, which occurred in termination cases between 2007 to 2011, and were based on a prior arbitration decision that supported this practice. In Progress	OAG and MPD have met, and OAG has developed draft criteria to which MPD provided comments. OAG is currently reviewing MPD's comments on the draft criteria.
71	ODCA	36 Fired MPD Officers Reinstated; Receive \$14 Million in Back Pay	10/6/2022	MPD should stop ignoring court orders and reinstate terminated employees in a timely fashion.	Complete	MPD agrees with this recommendation. The case files included in this report's index illustrated the egregious misconduct engaged in by the 37 terminated members. MPD's efforts in fully pursuing the appeal process after an unfavorable arbitration decision reflects its efforts to prevent reinstatement of individuals who were unsuitable to serve as law enforcement officers. However, once the appeal process is exhausted, MPD has and will continue to timely comply with an order of reinstatement.
72	ODCA	36 Fired MPD Officers Reinstated; Receive \$14 Million in Back Pay	10/6/2022	As part of the required annual report on misconduct and grievances, MPD should analyze the disciplinary data from the prior year to assess trends in misconduct and guide initiatives that reduce misconduct. # **Analysis of Special Operations Division Cases: Strategies to Promote Racial Equity**

**BRIEFING MEMORANDUM**

March 2022

## BRIEFING MEMORANDUM

**TO:** Robert J. Contee III, Chief, Metropolitan Police Department

**THROUGH:** Marvin Haiman, Chief of Staff, Metropolitan Police Department  
Inspector Kimberly Dickerson, Metropolitan Police Department

**FROM:** Amber Hewitt, Chief Equity Officer, Office of the City Administrator

**DATE:** March 21, 2022

**SUBJECT:** Analysis of Special Operations Division Cases: Strategies to Promote Racial Equity

---

### I. Purpose

This report provides a high-level analysis of discrimination complaints between 2009 and 2020 by six Black women that allegedly occurred within the Special Operations Division (SOD) of the Metropolitan Police Department (MPD) in Washington, D.C. The Office of Racial Equity, which is housed within the Office of the City Administrator, completed this analysis at the request of MPD. This memo proposes best practices and nine actionable policy recommendations that aim to promote racial equity, through an intersectional lens, within MPD.<sup>1</sup>

### II. Historical Context and Background

#### Historical Context

The Equal Employment Opportunity Commission (EEOC) enforces Title VII of the 1964 Civil Rights Act and other federal law, regulation, and agency guidance which broadly form U.S. anti-discrimination policy. Specific to race, Title VII makes it:

*unlawful to discriminate against any employee or applicant for employment because of race or color in regard to hiring, termination, promotion, compensation, job training, or any other term, condition, or privilege of employment. Title VII also prohibits employment decisions based on stereotypes and assumptions about abilities, traits, or the performance of individuals of certain racial groups.*<sup>2</sup>

Since 1997, race-based discrimination charges have been one of the largest categories of EEOC filings, comprising between 30—37% of charges annually. While there has been a slight dip in race-based charges in recent years, this has been accompanied by a rise in color-based charges. EEOC also contemplates intersectional charges; while not exhaustive, the Commission cites seven major cases involving Black women since 2007 as illustrative of an ongoing, systemic culture of gendered racial discrimination in the U.S. workplace.<sup>3</sup> Research also demonstrates that

<sup>1</sup> Intersectionality is defined as the interconnected nature of social categorizations such as race, class, and gender, regarded as creating overlapping and interdependent systems of discrimination or disadvantage.

“plaintiffs who make intersectional claims are only half as likely to win their cases as plaintiffs who allege a single basis of discrimination.”<sup>4</sup>

### Background

The analysis presented in the following section is based on the review of investigative memoranda, incident summary sheets, and reports conducted by the Internal Affairs Bureau at MPD. The case files of six Black female Senior Police Officers were reviewed; they are referred to in this report as SPO1, SPO2, SPO3, SPO4, SPO5, and SPO6. **It is not the intended purpose of this document review to substantiate findings from the investigations, but rather to shore up themes and trends that could inform policy solutions and best practices.** It is also beyond the scope of this review to provide a comprehensive critique of employment and antidiscrimination laws. However, the intersectional nature of select claims do not fit narrowly into the Title VII antidiscrimination frameworks.

The analysis and subsequent recommendations were informed by the following guiding questions:

- What were the protection and accountability mechanisms in place to address complaints?
- How do the complaints connect back to department culture?
  - What role, if any, do gendered racial microaggressions and gendered racism play?<sup>5</sup>
- What trends emerge that could potentially speak to the overall treatment of Black, Indigenous, and People of Color (BIPOC) officers in this department?
- What opportunities exist for MPD to address internal culture and refine EEO policies and procedures?

### **III. Analysis**

Five themes emerge from reviewing the aforementioned documents: (1) unique lived experiences of Black women police officers, (2) presence of male-dominated culture and endorsement of gendered racial stereotypes, (3) potential chilling effect due to perceived retaliation, (4) opportunity to increase transparency and consistency in the EEO process and (5) lack of balance between evidence presented in Internal Affairs investigations. This review is not the first time that these issues have been brought to the surface either internally or externally.

#### Theme 1. Unique Lived Experiences of Black Women Officers

All cases reviewed as part of this analysis were filed by SOD officers who identify as Black women. Research asserts that Black women face unique stereotypes and biases that neither white women nor Black men face in the workplace.<sup>6</sup> Intersectionality theory, popularized by legal scholar Dr. Kimberlé Crenshaw, helps to explain this phenomenon. Crenshaw states that intersectionality is a framework that can be used to “critique antidiscrimination laws and policies for failing to properly acknowledge compounded forms of discrimination based on the intersection of two or more protected categories, such as race and sex.”<sup>7</sup> Black women continue to face challenges when filing

<sup>5</sup> Gendered racism refers to the simultaneous experience of both racism and sexism. Gendered racial microaggressions are defined as “subtle and everyday verbal, behavioral, and environmental expressions of oppression based on the intersection of one’s race and gender.

intersectional claims, despite experiencing high rates of discrimination and harassment. Furthermore, the EEOC offers limited guidance to navigate intersectional claims given that a common employer defense is that the race claim fails because Black men are not discriminated against and the sex claim fails because white women are not discriminated against.

Navigating intersectional claims and determining a course of action can be complex, especially if there is insufficient evidence to support a legal finding of discrimination. For example, there may be a threshold of evidence which would still require corrective action by IAD, even if a claim of discrimination under the law failed. This challenge also raises questions around the use of comparative evidence given the lack of white women officers in the SOD. Because Title VII prohibits discrimination against Black women even if the employer does not discriminate against white women or Black men, a discrimination finding may still be possible if there are no white women in the environment who may provide comparative evidence. This means that the EEOC acknowledges the unique lived experience of Black women due to their identity being at the intersection of being Black and being women.

### Theme 2. Challenging Male-Dominated Culture and Gendered Racial Stereotypes

Undertones related to the impact of male-dominated work culture were present throughout the documents. Historically, police departments have been male-dominated and can be considered to have a “traditionally masculine subculture.”<sup>8</sup> See Table 1 for a description of the race, ethnicity, and gender makeup of the SOD division.

	<b>Male</b>	<b>Female</b>	<b>Total</b>
<b>Asian</b>	12	0	12
<b>Black</b>	73	14	87
<b>Hispanic</b>	10	4	14
<b>Native American</b>	1	0	1
<b>White</b>	95	7	102
<b>Totals:</b>	191	25	216

This theme speaks to the interplay between male-dominated culture and gendered racial stereotypes. It also underscores the results of a 2020 qualitative study of women in law enforcement which concluded that “the mere presence of more female officers is not sufficient to overcome the hypermasculine work environment, and a concerted effort to modify the subculture itself must be undertaken and sustained to effectuate change.”<sup>8</sup> Characteristics of a hypermasculine work environment are not always overt. In fact, the more subtle and everyday expressions of discrimination and oppression (i.e., gendered racial microaggressions) based on a person’s race and gender may also impact individuals’ experiences in a given culture. Recent research demonstrates that common themes of gendered racial microaggressions include: (a) expectations of the angry Black woman, (b) struggle for respect, (c) invisibility, and (d) silence and marginalization.<sup>10</sup> These

findings present an opportunity for MPD to examine its departmental culture for the effects of stereotypes in the workplace.<sup>11</sup>

### Theme 3. Potential Chilling Effect Due to Perceived Retaliation

According to MPD's General Order which establishes the EEO program,

*Employees of the MPD shall not be subjected to any form of retaliation, disciplinary or corrective action, transfers, or changes in assignment solely because the employee opposed what he/she believed to be an unlawful employment practice or made a charge, testified, assisted, or participated in an investigation, proceeding, or hearing under Title VII and the D.C. Human Rights Act.*

Notwithstanding, there are several examples of perceived retaliation in the cases reviewed. Examples from case files highlight occurrences where Black women officers expressed experiences of invalidation and having a targeted status. The cumulative effect of these experiences could potentially lead to a chilling effect (e.g., lack of open communication related to claims of discrimination) or complainants seeking a more serious course of action.

### Theme 4. Opportunities to Increase Transparency in the EEO Process

As in the previous theme of perceived retaliation, complainants alluded to a lack of transparency in the EEO process. There is an opportunity for MPD to increase transparency by mandating training for all employees on EEO processes and antidiscrimination laws. The U.S. Department of Justice states that “any law enforcement agency should ensure the organization appropriately trains all members, supervisors, and managers in the purpose and process of internal affairs—including outcomes—and that the agency’s expectations are articulated clearly.”<sup>12</sup>

Examples from case files raise questions around how witnesses are identified, what determines a complete investigation, how to ensure balance and diversity among witnesses, and the potential benefit of an independent alternative dispute resolution office. Best practice describes a “complete investigation” as one that includes all relevant information required to meet the goals of the review with respect to “good faith professional judgement.”<sup>13</sup> There is an opportunity for MPD to expand upon the current General Order to include supplementary information that addresses these concerns.

### Theme 5. Lack of Balance Between Evidence Presented in Internal Affairs Investigations

There are three types of evidence typically reviewed in EEO cases: direct evidence, circumstantial, and statistical evidence.<sup>14</sup> This analysis points to a lack of statistical evidence to investigate discrimination claims. Standard statistical analysis in discrimination cases would compare the treatment of the unprotected group to the treatment of the protected group to determine whether there is a statistically significant difference.<sup>15</sup> There is an opportunity for MPD to consider which investigations would benefit from the incorporation of statistical evidence in addition to testimony and evidence. There are limitations to such analysis since “intersectional claims of discrimination by

definition involve smaller groups of individuals, having sufficiently large samples to conduct relevant statistical analyses may pose an obstacle to both plaintiffs attempting to establish evidence of discrimination and employers looking to conduct proactive analyses.”<sup>16</sup>

#### **IV. Best Practices**

The Office of Racial Equity (ORE) presents the following best practices for responding to EEO complaints regarding race and gender, listed in random order, which were informed by reviewing case files of six SOD officers and conversations with MPD personnel. The recommendations in the following section are informed by the best practices presented below. Also, please see the Appendix section for case studies from other jurisdictions.

General Best Practices: Best EEO practices typically seek to mitigate incidents and avoid escalation to an employee EEOC complaint and/or charge. In 1998, EEOC coordinated a task force to gather private sector EEO best practices; the task force surveyed nearly 250 companies, civil rights organizations, and labor unions, in addition to government commissions and committees responsible for labor issues.<sup>17</sup> The report finds the most successful organizations adopt a “SPLENDID” framework for equal employment opportunity and diversity. The acronym stands for:

- S Study the laws and standards which define employer responsibilities. Understand racial inequity root causes and other barriers facing BIPOC employees. Train managers and employees in EEO rights and responsibilities.
- P Plan for equity by developing a vision statement and anticipating potential employment burdens, barriers, and resolutions.
  - Note: MPD is part of the District’s inaugural racial equity pilot cohort and the department is currently drafting a racial equity vision statement.
- L Lead by ensuring management at all levels is modeling and enforcing EEO best practices and championing diversity.
- Encourage this behavior by structuring reward systems to promote diversity and equity and enforce compliance. E.g., tying EEO evaluations to management performance standards and managerial compensation.
- Notice the impact of policies and practices through ongoing monitoring and evaluation of progress and compliance, including via staff feedback.
- Discuss the moral, legal, and business imperative of diversity, equity, and inclusion. Organizations should not assume a common, baseline staff understanding. Train staff and seek buy-in.
- Inclusion. White staff, especially white males, need to be included in these processes. All staff must understand their shared stakes in progress. Planning and implementation groups (e.g., DEI working groups) should reflect the diversity of all staff.
- Dedication to long-term success by weathering difficult moments/cases and ensuring DEI efforts are fully and properly resourced for success.

Best Practices on Dispute Resolution: In the event an incident does escalate to an employee complaint, the 2017 EEOC task force report recommends “alternative dispute resolution” (ADR) methods which range from internal discussion with direct supervisors or HR to establishing peer

<sup>16</sup> <https://blog.dciconsult.com/eec-seeks-assurance-of-protections-in-intersectional-sex-age-discrimination-claim>

<https://www.eeoc.gov/best-practices-private-sector-employers>.

review, panel, or ombudsman processes. The ADR process could address the need for more transparency and open communication. It creates an additional path to resolve issues, especially for those issues (e.g., labor management) that might be outside the scope of EEO processes.

The internal third-party mediator design appears to be a common option among both public and private entities. Their functions can range from those similar to a Human Resources office, to an independent investigative body, to a full adjudicative body. Should MPD consider establishing an ombudsman or other ADR office, ORE strongly counsels against instituting a binding arbitration agreement policy for employees. While such agreements are increasingly common, they create a chilling effect on reporting discrimination and ultimately do not protect the employer from litigation of the case by EEOC as a matter of public interest.<sup>18</sup>

Another option for dispute resolution is the adoption of restorative practices.<sup>19</sup> Three principles of fair process underlie restorative practices: (1) engagement that permits participants to share their views and be involved in the decision-making process; (2) explanation that provides participants with the reasons for the decisions made and (3) expectations that ensure everyone clearly understands what is expected of them in the future.<sup>20</sup>

## V. Recommendations

One of the clearest recommendations across all sources is to have current, explicit policies which describe and prohibit discrimination on the books for most supervisory functions. Once a complaint has been lodged or a charge filed, MPD must ensure supervisors are doing everything possible to prevent reprisal, which can create a secondary complaint. The 2005 General Order is clear in its description of antidiscrimination protections; however, ORE recommends updating the Order, developing supplemental materials, and adopting the following actions:

1. Update the General Order based on the best practices described above and identified gaps by staff.
  - a. Align all references of retaliation with the [2016 Enforcement Guidance on Retaliation and Related Issues](#).
  - b. Include examples of conduct that may result in disciplinary action.
  - c. Frame antidiscrimination goals in affirmative terms and where applicable avoid negative terms such as “avoiding discrimination against protective groups,” and consider adopting language that promotes an inclusive culture and open communication.
2. The Chief of Police should consider developing a messaging strategy for each new hire and manager highlighting the Department’s commitment to an inclusive culture. This approach would lay the groundwork for subsequent messaging and training such as mandating training on EEO policy for all members of the Department. As stated in the MPD General Order,

<sup>19</sup> The DC Human Rights Amendment Act established mandatory mediation, effective October 1, 1997. Mediation is an alternative dispute resolution (ADR) process that is used by the DC Office of Human Rights (OHR) as an alternative to investigation and is available to claimants if desired. Complaints that are not resolved in mediation are forwarded to an investigator as mandated by the DC Human Rights Act (Act) to be completed in no more than 120 days.

<sup>20</sup> <http://legalnews.com/oakland/1484292>

“supervisors shall ensure that all employees are treated according to these guidelines. Every employee of the Department, sworn and civilian, regardless of rank, title or position, shall be held responsible for the contents of this Directive.” Mandatory training, and inclusion of this mandate in an updated General Order, would help achieve this goal. Further, educating personnel and correcting behavior should be the goal of an agency’s disciplinary policy.<sup>21</sup> Anti-discrimination, retaliation, and harassment trainings should be in person, involve real case studies, and include interactive scenarios in which managers practice the skills discussed.

Specifically, ORE recommends adopting the following language as part of the updated General Order. This language is inspired by the San Francisco Police Department’s [General Order](#).

Suggested Language:

*MANDATORY TRAINING To ensure that all members are informed of the Department’s EEO policy and in an effort to prevent discrimination, harassment (including sexual harassment) and retaliation from occurring, the Department shall provide mandatory, discrimination, harassment, and retaliation prevention training to all members as follows:*

*A. All new Department hires shall complete mandatory training within 30 days of hire.*

*B. All Department sworn (sergeants and above) and civilian supervisors shall attend mandatory training within the first 30 days of appointment to a supervisory position.*

*C. All Department members shall complete mandatory training each year.*

*D. Supervisors and managers are mandated to conduct annual (calendar year) discussions with their staff regarding the prevention of discrimination, harassment (including sexual harassment), and retaliation.*

3. Seek additional guidance on how to better navigate and ultimately investigate intersectional (i.e., race and sex) claims of discrimination. The EEOC offers free technical assistance and resources for employers to ensure that they understand their responsibilities and adhere to investigative best practices. 4. Evaluate the impact of EEO policies and practices through ongoing monitoring and evaluation of progress and compliance, including via staff feedback. To accomplish this, the Department first needs to determine priority areas for measurement (e.g., number of new hires and managers trained on EEO policies). The Department could also consider pre- and post-training surveys to measure change in knowledge and awareness of policies.
  5. There is an opportunity for the Department to build upon existing structures, within Human Resources, to consider a formal path for alternative dispute resolution in appropriate cases.

**ORE recommends that the following materials are created in collaboration with our office:**

6. Develop a standalone fact sheet on retaliation and EEO activities based on the 2016 EEOC guidance. See [here](#) and [here](#) for examples.
7. Develop a standalone fact sheet and workshop for managers on gendered racial microaggressions.
8. Institute on-demand webinars which reinforce the above policies, ideally with an interactive component (i.e., scenario-based) which assess employee comprehension and compliance with the training module.

## **VI. Conclusion**

This report provided a high-level analysis of EEO complaints between 2009 and 2020 by six Black female officers that allegedly occurred within the Special Operations Division (SOD) of the Metropolitan Police Department (MPD) in Washington, D.C. Considering this analysis, the Office of Racial Equity (ORE), within the Office of the City Administrator, proposed eight actionable policy recommendations that aim to redress past harms, address gaps in policy and practice, and promote racial equity, through an intersectional lens. In addition to these recommendations, it is imperative that MPD take an organizational learning approach at this critical juncture.<sup>24</sup> MPD must define its antidiscrimination goals: is the department focused on addressing the root causes of discrimination through the promotion of learning and change at the individual and organizational level? ORE stands ready to assist MPD in tackling these questions and implementing the proposed recommendations.

### Case Studies from Other Jurisdictions

Most successful and settled cases of individual or class action employment discrimination lawsuits against police departments result in monetary damages for the plaintiff. In some cases, however, judges also require policy changes to address discriminatory organizational cultures. See examples of several such cases below.

#### Prince George's County, MD (2021)

In December 2018, a group of 12 Black and Latino police officers in Prince George's County, Maryland filed a suit against the county's police department alleging racial discrimination in hiring, discipline, promotions, and general conduct.<sup>25</sup> An expert report included in the filing outlined allegations against specific officers as well as information about the department's culture and was released to the public in partially redacted form to encourage transparency during the case.<sup>26</sup>

At the same time that the report was released, the judge ordered the department to make changes to their promotion system. The case settled for \$2.3 million in 2021, and the terms of the settlement required the following internal departmental policy changes:<sup>27</sup>

- Policy changes aimed at increasing promotion process fairness
- Clear, written guidance on punishments for department personnel engaging in “racist or discriminatory conduct”
- Not allowing officers to use race or other demographic factor to make policing decisions
- Revised policies to clarify discipline if managers do not properly fulfill their duties during use of force reviews
- Revised equal employment opportunity policy to cover anti-discrimination, anti-retaliation and bias-free policing to ensure thorough and fast resolution of internal complaints
- Creation of a new Office of Integrity and Compliance to manage complaints

### Fort Collins, CO (2017)

In April 2016, two Latino members of the Fort Collins, CO Police Services filed a lawsuit against the department alleging discrimination on the basis of race and nationality, as well as retaliation for making discrimination claims over the course of their employment. The plaintiffs alleged discrimination in discipline, hiring, and promotion processes, as well as a lack of action on the part of department leadership in addressing racial discrimination.<sup>35</sup>

The case was settled in 2017 for \$425,000 (an amount which included attorney's fees). Policy changes required as part of the settlement included the following:

- “Conduct follow-up investigations on alleged policy violations that emerged during an independent investigation and take action if employees are found to have violated policies.
- Provide a process separate from police management to report complaints of discrimination, retaliation and create an independent office within the city manager's office that will field and resolve complaints.
- Work with the FOP to deliver a training strategy that educates police employees about how to address harassment, discrimination and retaliation in the workplace.
- Work to achieve within five years a police workforce that "reflects the diversity of the community" and is subject to city review in terms of hiring, promotion and pay. Recruitment strategies will also be studied to determine whether new ways exist to reduce any "unconscious bias."
- Track progress and, on a biannual basis, convene the police chief, city leadership and members of the FOP to discuss potentially emerging issues.”<sup>36</sup>

### Salt Lake City, UT (2015)

In September of 2015, three white female police officers in the Salt Lake City, UT Police Department filed a sexual harassment suit against individual supervisors, the police department, and the city.<sup>37</sup> In suit claims which were supported by an Internal Affairs review, the officers alleged sexual harassment by the city's former Deputy Police Chief.

The lawsuit was dismissed in October of 2015 after the group settled out of court. Each plaintiff received \$85,000 in damages, and the Salt Lake City Police Department committed to the following internal actions:<sup>38</sup>

- Modify internal sexual harassment policies in consultation with the three plaintiffs
- Hire more female officers
- Increase anti-harassment training courses by adding a new course with the city's human resources department and a new course with an outside expert
- Require that the police department consult with the city's human resources department and counsel to determine an appropriate course of action
- Establish a new position to provide a resource for discussion of sexual harassment concerns

The Metropolitan Police Department (MPD) is the primary law enforcement agency for our nation's capital. Therefore, the MPD must be able to continue its operations even when it has been seriously impacted by a crisis. To ensure this is possible, the MPD engages in on-going planning and exercises to ensure that MPD will be able to maintain continuity of its operations.

The information contained in this document is **confidential**. The disclosure of the information in this plan could compromise the safety and privacy of MPD personnel, the security of MPD's essential equipment, services, and systems, and the ability of MPD to continue its operations following a crisis. This document contains sensitive information and is to be used for emergency response and recovery purposes only.

# PHASE I: OVERVIEW

## **EXECUTIVE SUMMARY**

### **FULFILLMENT OF MPD'S MISSION**

Regardless of what crisis has occurred or is occurring, MPD must be able to carry out its mission of safeguarding the District of Columbia and protect its residents and visitors with the highest regard for the sanctity of human life. Mission Statement: It is the mission of the Metropolitan Police Department to safeguard the District of Columbia and protect its residents and visitors with the highest regard for the sanctity of human life. We will strive at all times to accomplish our mission with a focus on service, integrity, and fairness by upholding our city's motto *Justitia Omnibus* -- Justice for All.

### **PERFORMANCE OF ESSENTIAL FUNCTIONS**

Because the precise impact of any particular crisis on MPD itself cannot be predicted with any certainty, planning for operations under adverse conditions must be conducted in order to ensure that, regardless of what happens, MPD will be able to continue its operations and perform its essential functions.

This Continuity of Operations Plan (COOP) is designed to provide a guide for resuming and sustaining essential functions—and the fulfillment of MPD's mission—as quickly as possible during and after a catastrophic event. As soon as emergency response personnel have stabilized the situation and have done what they can do to minimize injury, loss of life, and property damage, this COOP for MPD should be implemented. The primary objectives of this plan are to:

- (1) Ensure that MPD can carry out its essential functions and maintain continuity of its operations even if one or more of its major facilities have been rendered unusable, and;
- (2) Protect MPD's facilities, equipment, records, and assets both during and after a crisis.

### **ACTIVATION & RELOCATION**

This COOP for MPD should be activated in response to an emergency situation wherein the Chief of Police, or his designee, has determined that at least one major police facility has been rendered unusable for performing essential functions.

If a primary MPD facility is rendered unusable, a call-back list for MPD personnel should be used to notify personnel by telephone, email, text messaging, social media, etc., that they must relocate to a pre-designated Alternate Facility. The Bureau heads will be responsible for notifying all personnel in their Bureaus.

### **ORDER OF SUCCESSION**

If the Chief of Police becomes incapacitated or in any way is unable to perform their duties, MPD will implement an Order of Succession for its executive leadership as outlined in General Order 101.08 (Command Succession to Acting Chief of Police).

## **RECONSTITUTION**

After the emergency has ended, and once MPD facilities have been restored to normal operational capability, each unit will be reconstituted. The Chief of Police, or his designee, will decide, based on the circumstances, the order and schedule of each Bureau and Division's return to normal operations. If a particular facility cannot be brought back into use, the Bureau or units which normally use that facility should operate from their alternate facility until a long-term alternative location is identified.

## **TRAINING & EXERCISES**

This COOP is a living document; therefore, MPD personnel must perform training and exercises based on the plan and its contents in order to keep it current and effective.

**This plan is not designed to replace the initiative and common sense of MPD members who are carrying out the mission of MPD during an emergency situation. This COOP is intended to provide them with useful information and guidance.**

## INTRODUCTION

If MPD operations are seriously disrupted for any reason (e.g., natural disaster, catastrophic fire, civil unrest), they must be resumed as quickly and efficiently as possible. In order to be able to maintain continuity of operations, MPD has developed this Continuity of Operations Plan (COOP), which supports the District of Columbia's Response Plan (DRP) and its Emergency Operating Procedures, such as any evacuation plans, and shelter-in-place plans. The information in this COOP applies to MPD personnel and contractors, and provides guidance for them during an event that adversely impacts their ability to function. The information contained in this COOP is available to MPD personnel with a need to know, and other key District, and federal government personnel who have a need to know.

### A. Purpose

The purpose of establishing this plan is to ensure continuity of operations for MPD following an emergency, be it man-made or natural. The Plan should achieve the following:

1. Ensure the succession of MPD leadership, if required, on a temporary basis, and maintain or re-establish command and control of MPD;
2. Ensure continuous performance of, and mitigate disruptions to, essential functions and operations,
3. Maintain communications capabilities within MPD as well as with other District, state, and federal agencies.
4. Protect facilities, equipment, records, and other assets;
5. Establish Alternate Facilities, from which MPD operations can be conducted.
6. Achieve a timely and orderly recovery from the emergency and resumption of normal operations.

### B. Applicability and Scope

This COOP is applicable to all MPD personnel. This plan applies to all man-made and natural emergencies and threats. The plan provides for resuming operational capability as soon as possible and sustaining essential operations for a period of up to 30 days. In addition, this plan addresses issues related to recovery after COOP activation and provides detailed plan maintenance procedures. However, the plan does not present a detailed recovery strategy for return to normal operations.

### C. How to Use This Plan

The plan is organized into three major sections which are labeled **Phase I: Activation**; **Phase II: Site Operations**; and **Phase III: Recovery**. Following these sections is a section on Exercise Planning and COOP Distribution. The Plan includes Appendices, which offer references.

## CONCEPT OF OPERATIONS

The District of Columbia has adopted five operational levels to classify the estimated impact of an emergency event on the operations of the District government. To determine an operational level, the

District of Columbia Homeland Security and Emergency Management Agency (HSEMA) makes an initial determination of emergency event impact. As information about an incident is gathered and the situation is better understood, the level may be modified. The temporary loss of use of a facility would be the loss of use for five (5) days or less. The long-term loss of use of a facility would be the loss of use for over 5 days.

**OPERATION LEVEL 1:** Level One is the normal posture of District agencies as they carry out daily activities, in the absence of an emergency situation, to ensure readiness. During the course of normal operations, agencies are engaged in preparedness, training, and exercise activities to ensure continual readiness.

*Actions:*

- Review/update agency emergency plans.
- Check emergency equipment and supplies.
- Train personnel and conduct drills.

**OPERATION LEVEL 2:** Level Two is triggered by a small event or the potential for a small event requiring the response of a few District agencies. A level two event would consist almost entirely of field operations and command without an area command supporting the event at the Emergency Operations Center (EOC).

*Examples:*

- Two-alarm fire.
- Inoperable heating/air conditioning in extreme weather.
- Severe weather watch (e.g., tornado, snow, thunderstorm, flash flooding etc.).
- Minor civil unrest with minor incidents.

*Actions:*

- HSEMA provides regular status alerts on the threats.
- Agencies review their emergency plans.
- Agencies check emergency equipment and supplies.
- Work shifts of emergency crews may need to be extended.

**OPERATION LEVEL 3:** Level Three is typically triggered by an event or threat that requires most or all District agencies to respond or prepare to respond to a localized event that threatens life, property, or the environment. A level three event consists almost entirely of field operations and command without an area command supporting the event at the Emergency Operations Center.

*Examples:*

- Severe weather.
- Major Infestation.
- Special event or demonstrations.
- HAZMAT response for a small population.

*Actions:*

- HSEMA provides regular status alerts.
- HSEMA alerts those District agencies and Emergency Support Functions (ESF) that would need to take action if the event or threat escalates.

**OPERATION LEVEL 4:** Level Four is triggered by highly probable hazardous conditions and a strong potential for property damage or loss of life. A level four event or threat could have regional implications and might stretch the District's resources.

*Examples:*

- Significant power outage.
- Major snow event.
- Major flooding.

*Actions:*

- All ESF primary agencies are notified.
- The EOC is activated and staffed with HSEMA personnel and the necessary ESF representatives.

**OPERATION LEVEL 5:** Level Five is triggered by a high probability of hazardous conditions that are imminent or occurring. A level five event is likely to have regional implications and will likely require a request for regional or federal resources to support the District's response.

*Examples:*

- Terrorist incident.
- Hurricane force winds and flooding.

*Actions:*

- The EOC is on full activation with 24-hour staffing by HSEMA personnel and all necessary ESF Liaison Officers.
- All primary and support agencies under the District Response Plan are notified.
- A full activation of the Consequence Management Team is required.

## NOTIFICATION & RELOCATION

This section provides an overview of how MPD personnel will be notified that the COOP has been implemented. Please note that COOP implementation occurs only after the response to an emergency has been initiated and the situation has been stabilized. For details on emergency response, please refer to relevant MPD policies on evacuation, designated assembly areas, and shelter-in-place procedures.

### **STEP 1: ALERT PERSONNEL**

#### **Primary System: MPD Call-Back Roster**

The MPD Call-Back Roster will be utilized to notify personnel that the COOP has been implemented and that they should report to pre-determined Alternate Facility. The roster can be used to call personnel and also to send text messages and e-mails to their cell phones. Social media and commercial broadcast outlets can also be used to get the message out to MPD personnel.

Once the notification process has been completed, Relocation Group (RG) personnel— those MPD employees who have been designated to carry out the task of relocating MPD equipment from a Primary Facility that has been rendered unusable to the Alternate Facility will carry out their task.

- **THERE ARE FREQUENT CHANGES TO CONTACT INFORMATION FOR MPD PERSONNEL, AND CALL-BACK ROSTERS MUST BE UPDATED QUARTERLY.**

### **STEP 2: RELOCATION TO ALTERNATE FACILITY**

1. The head of each Bureau should ensure that all their personnel are accounted for and are prepared to resume essential functions.
2. Based on the situation and circumstances of the event, the Bureau head or his/her designee will evaluate the capability and capacity levels required to support essential functions of the Bureau's divisions.
3. When it is determined that relocation will occur, the Bureau head will notify the RG personnel.
4. RG personnel **must** report as quickly as possible and begin the task of relocating to the alternate facility in order to resume essential functions.
5. Each Bureau head should notify the Chief of Police once Bureau's RG personnel have completed their task.
6. All RG personnel should have prepared go-kits and should ensure that they are complete, with equipment required to carry out essential functions.
7. RG personnel should ensure that they have their Personal Go-Kits, Vital Equipment Go-Kits, and any other supplies necessary to carry out essential functions at the alternate facility.
8. Specific instructions on relocation should be provided at the time of activation. Generally, civilian positions within the Police Districts can be detailed to another facility.
9. Some civilian personnel not relocating to the alternate facility may be directed to proceed to their homes to await further instructions.

## **Essential Employees**

Personnel, who are designated by an Agency Head in advance and in writing (within one day of the designation) as essential to the continuity of medical facilities, public safety, emergency services, or other crucial operations and who must report to work in the event of a declared emergency. All MPD Sworn personnel are considered essential employees. Those civilians that have been deemed essential are reflected as such in the internal personnel resource tracking tool known as PRT.

## **Emergency Employees**

Employees designated by an Agency Head either ahead of time, or on a case-by-case basis. Depending on the nature of the emergency, the Agency Head will notify the emergency employee to report to work, stay at work, or Telecommute during a declared emergency. Emergency employees perform duties an Agency Head deems vital to the continuity of operations and mission critical functions, and include, but are not limited to, subject matter experts and members of the Agency Head's executive staff. When practical, an agency shall notify an employee designated as an emergency employee, in writing, or by any other means the Agency Head deems appropriate (for example: by telephone, text message, or electronic mail, if the employee is not at work when the emergency is declared). Written notification shall follow a non-written notification.

## **Records and Documents**

1. All RG personnel will gather the vital assets required for the performance of essential functions that will not be available to them at the alternate facility, i.e., create a vital equipment "Go-Kit".
2. Each Bureau head should take appropriate measures to ensure the security of the Bureau's essential equipment or records remaining in the building that has been rendered unusable.

# PHASE II: SITE OPERATIONS

## ESSENTIAL FUNCTIONS

**DEFINITION:** Essential functions are those functions that should not be interrupted due to an emergency and must be resumed as soon as possible and maintained for as long as possible, depending on available resources, following the emergency.

### INSTRUCTIONS:

1. Essential functions are ranked according to their priority so that personnel know which functional capabilities they must focus on, and in what order.
2. Critical processes are the tasks that must be performed to maintain the essential function.
3. Essential functions of each element should be explained to all personnel.

Tier	Division/Are	Function	Description
<i>Tiers range from Tier I (functions that must be resumed immediately after an emergency) to Tier IV (those that can be resumed after normal operations have continued).</i>			
<b>TIER I</b>

## ORDER OF SUCCESSION

### *DEFINITIONS:*

**ORDER OF SUCCESSION:** The Order of Succession provides for an orderly and pre- determined transfer of leadership and decision-making authority, if necessary, for the period of the COOP activation.

When an individual in a leadership position is not available during the COOP event, their successor takes over all of that position's leadership roles. All leadership responsibilities of that position are transferred to the successor for the duration of the COOP event.

The policy of the MPD is to ensure that continuity of command exists under all circumstances.

### *PROCEDURAL GUIDELINES*

- A. The order of succession to the Chief of Police in the event the Chief is unable, for any reason, to perform the duties of his/her office, is governed by MPD General Order 101.08. Order of succession is determined by seniority on the MPD within rank and grade. As of the date of this plan, the order would be as follows:
1. Executive Assistant Chief
  2. Assistant Chief, Patrol Services North;
  3. Assistant Chief, Patrol Services South;
  4. Assistant Chief, Investigative Services Bureau;
  5. Assistant Chief, Homeland Security Bureau;
  6. All remaining Assistant Chiefs in order of succession;
  7. Commanders in order of succession; and
  8. Inspectors in order of succession.
- B. The Acting Chief of Police shall have all of the authority of the Chief of Police and the responsibility for making necessary decisions and issuing appropriate orders for the MPD and to its members.
- C. The Acting Chief of Police shall keep this delegated authority until the Chief of Police returns to duty. If the Chief of Police is unable to return to duty, the Acting Chief of Police shall keep the delegated authority until the Mayor appoints an Interim or permanent Chief of Police.

## COMMUNICATION PLAN

**PUBLIC INFORMATION OFFICER (PIO):** A single point of contact who is designated to disseminate information to the Incident Command Team, all employees, the media, public and external stakeholders.

**EMERGENCY COMMUNICATIONS EQUIPMENT:** During an emergency and the activation of the COOP, communications with all stakeholders will be necessary but may not be available through regular means. Emergency communications equipment should be interoperable and redundant.

## ALTERNATE FACILITIES

### ***DEFINITION:***

ALTERNATE FACILITY: An Alternate Facility is a pre-determined location, separate and apart from the primary facility, that can be used to carry out essential functions in the event that the primary facility is rendered unusable, temporary or long-term.

When COOP activation requires relocation to an alternate site, the Chief of Police or his designee will evaluate the situation and notify personnel to prepare the facility for arrival of MPD personnel. MPD personnel will then begin moving essential equipment to the alternate facility in order to be able to continue essential functions at the alternate facility.

## RECOVERY

### DEFINITION:

**Recovery:** After the emergency is under control, each unit will begin to transition back to its normal operating status. Recovery actions will include:

1. Returning the unit to pre-incident operational levels; and
2. Assessing the COOP activation response and documenting the lessons learned.

### PROCEDURES:

Recovery procedures will commence when the Chief of Police determines that the emergency situation has ended and is unlikely to recur. Once this determination has been made, one or more of the following options may be implemented, depending on the situation.

1. Continue to perform essential functions at the alternate facility for up to thirty (30) days;
2. Begin an orderly return to MPD facilities and reconstitute full operations; and/or
3. Begin to establish a reconstituted MPD facility elsewhere.

The order to enter or reoccupy a primary or alternate facility will be issued once the Chief of Police, or his designee, has received a confirmation of safety from the Director of the Office of Property Management, Fire & Emergency Medical Services Department, or the Mayor's Office.

Each bureau or unit will designate a person to oversee the orderly transition of all MPD functions, personnel, equipment, and records from the alternate site back to the primary facility or to the new facility. The designated MPD employee will oversee the call-back program to inform personnel to return to work at a new facility or at the restored facility.

When necessary equipment is in place at the primary facility, the personnel remaining at the alternate site will transfer essential functions and resume normal operations.

### RECOVERY CHECKLISTS:

PERSONNEL ISSUES: Recovery may include the following personnel issues:

- Handling depleted manpower;
- Additional training and supervision.

**EQUIPMENT AND SUPPLIES:** Re-stocking and rehabilitating emergency resources after deployment must be done to return MPD to its pre-COOP activation status. This may include:

- Returning the equipment and supplies to pre-incident readiness;
- Replacing lost or damaged equipment;
- Re-stocking supplies and response kits;
- Investigating and documenting property loss.

## EXERCISE PLANNING AND COOP DISTRIBUTION

### EXERCISE AND MAINTENANCE OF PLAN

#### *DEFINITIONS:*

**Exercise:** Exercises consist of a variety of simulated disasters designed to keep this plan viable. The exercise portion of a plan may call for activation several times throughout a year to evaluate the state of readiness of the District government to respond to different incidents. The Homeland Security Exercise and Evaluation Program (HSEEP) define eleven types of exercises, each of which is discussions- based or operations-based.

- **Discussions-based exercises** familiarize participants with current plans, policies, agreements, and procedures, or may be used to develop new plans, policies, agreements, and procedures. Types of discussion-based exercises include:
- **Seminar.** A seminar is an informal discussion, designed to orient participants to new or updated plans, policies, or procedures (e.g., a seminar to review a new Evacuation Standard Operating Procedure).
- **Workshop.** A workshop resembles a seminar, but is employed to build specific products, such as a draft plan or policy (e.g., a Training and Exercise Plan Workshop is used to develop a Multi-year Training and Exercise Plan).
- **Tabletop exercise (TTX).** A tabletop exercise involves key personnel discussing simulated scenarios in an informal setting. TTXs can be used to assess plans, policies, and procedures.
- **Game.** A game is a simulation of operations that often involves two or more teams, usually in a competitive environment, using rules, data, and procedure designed to depict an actual or assumed real-life situation.
- **Operations-based exercises** validate plans, policies, agreements and procedures, clarify roles and responsibilities, and identify resource gaps in an operational environment. Operations-based exercises include:
- **Drill.** A drill is a coordinated, supervised activity usually employed to test a single, specific operation or function within a single entity (e.g., a fire department conducts a decontamination drill).
- **Functional exercise (FE).** A functional exercise examines and/or validates the coordination, command, and control between various multi-agency coordination centers (e.g., emergency operation center, joint field office, etc.). A functional exercise does not involve any "boots on the ground" (*i.e.*, first responders or emergency officials responding to an incident in real time).
- **Full-Scale Exercise (FSE).** A full-scale exercise is a multi-agency, multi- jurisdictional, multi-discipline exercise involving functional (e.g., joint field office, emergency operation centers, etc.)

and "boots on the ground" response (e.g., firefighters decontaminating mock victims).

- **Training:** To maintain a viable Plan, it is vital to train and educate personnel about the plan and its activation. In order for personnel to understand their responsibilities during activation, it is necessary to conduct formal training on a regular basis. Training also should be provided at any new employee orientations.
- **Multiyear Strategy and Program Management Plan (MYSPMP):** A plan that defines long-term goals for improving and managing the COOP. The MYSPMP should include:
  - A reference to the general COOP planning requirements.
  - A description of the elements that ensure a viable COOP capability.
  - Identification of the resources required to establish each element.
  - Discussion of organization-specific management and policy issues (e.g., resource requirements, internal policies).
  - A schedule for establishing COOP capability and plan approval.
  - An endorsement sheet signed by the agency leader.
  - The budget required to accomplish the strategy.

## LIFE CYCLE OF THE COOP

The COOP follows the life cycle displayed below:

## UNSCHEDULED MAINTENANCE

### **DEFINITION:**

**Unscheduled Maintenance:** Maintenance to the plan may need to occur at unscheduled times. Unscheduled maintenance may be necessitated by a change in the organization, personnel, operations, or equipment. When a change does occur that will affect the plan, the plan **must be updated** to ensure that it is still viable.

When determining the extent of the update needed, the following factors should be considered:

- Are the goals and objectives still applicable?
- Have the priorities of the organization changed?
- Do existing essential functions need to be re-prioritized for implementation?
- Are the essential functions appropriate for the available resources or facilities?
- Have there been any changes in the laws that affect the functions of the organization?

Instructions:

- Assign a position to be responsible for each action.
- Insert position and name within the chart.
- Change Plan information as needed.
- Disseminate updated Plan.

## AFTER-ACTION REPORT / IMPROVEMENT PLAN (AAR/IP)

### **DEFINITION:**

An After-Action Report/Improvement Plan (AAR/IP) is the final product of an exercise. The AAR/IP has two components: an **AAR**, which captures observations and recommendations based on the exercise objectives as associated with the capabilities and tasks; and an **IP**, which identifies specific corrective actions, assigns them to responsible parties, and establishes targets for their completion. The lead evaluator and the exercise planning team draft the AAR and submit it to conference participants prior to an After-Action Conference. The draft AAR is distributed to conference participants for review no more than 30 days after the exercise. After the conference, an IP will be created and will be disseminated to participants no more than 60 days after the exercise. The IP should contain a matrix such as the one below that lists each capability along with the associated

observations, recommendations, corrective actions, capabilities, responsible agency and point of contact (POC), and start and completion dates:

**Improvement Plan Matrix**

<b>Capability</b>	[Capability 1: Capability Name]	
<b>Observation</b>	1. Observation 1

- Command Information Center (CIC)

**SECURITY REMINDER**

The COOP contains confidential and sensitive information. When determining the proper storage location, particularly with regard to off-site storage, remember that the COOP should be accessible, but **secure**.

## APPENDIX

### APPENDIX A: PLANNING CONSIDERATIONS AND ASSUMPTIONS

#### GENERAL ASSUMPTIONS

This COOP is based on the following assumptions:

- Not all MPD facilities are going to be destroyed or rendered unusable at the same time. One or two or perhaps even three major MPD facilities may be knocked out at the same time (for example, Headquarters and the Fifth District HQ) but the rest of MPD's facilities will be fully functional;
- MPD will not sustain catastrophic personnel losses;
- Emergencies or threatened emergencies may adversely affect MPD's ability to carry out its essential functions and provide support to the operations of external agencies;
- Personnel and other resources from MPD and other organizations outside of the area affected by the emergency or threat will be made available if required to continue essential operations;
- MPD is susceptible to having its operational capabilities impaired by a wide range of hazards, both man-made and natural;
- MPD alternate facilities (many of which are other MPD facilities) will be available for use during the crisis;
- When a COOP event is declared, implementing the COOP would ensure the continuity of minimal essential MPD operations, and allow the gradual build-up to the performance of critical functions during the crisis. At a minimum level of operations, the alternate facilities will enable MPD leadership to maintain communications with all units/divisions and handle basic patrol operations;
- Pre-established priorities for the resumption of essential functions may need to be changed once the actual extent of the threat has been identified;
- MPD will continue essential functions for as long as possible;
- All MPD personnel (other than those on pre-scheduled leave) are available for work;
- MPD computer systems are backed up regularly, and access to vital systems will be available at the alternate facilities;
- MPD vital records will be available or recoverable if this COOP is implemented.

**COOP ACTIVATION: The following is assumed:**

- Activation of the COOP may be required at any time of day or night.
- The Chief of Police or his designee is responsible for all pre-activation measures.
- The Chief of Police or his designee will be responsible for COOP activation.
- The head of each MPD division will act under the leadership of the Chief of Police and will be responsible for coordinating COOP activities for their respective division.
- The COOP is a guide for MPD, but it must be remembered that authority for emergency response activities also rests with other local public safety and emergency responders.

**ALTERNATE FACILITIES: The following is assumed:**

- The COOP will be accessible at all times and in all primary and alternate locations, including MPD Headquarters and any identified alternative facilities.
- Alternate facilities are compatible with all needed telecommunications, internet systems, mail services, and public access.
- When COOP activation necessitates relocation to an alternate site, the Chief of Police, his designee, or each division head will evaluate the situation and notify relevant personnel.
- The District of Columbia Office of Property Management (OPM) is responsible for securing and maintaining the operational status of all primary and alternate facilities prior to, during, and following an emergency event.
- MPD personnel will retrieve the necessary stored equipment to complete essential functions at the alternate site.

**COMMUNICATIONS: The following is assumed:**

- Interoperable communication service providers for MPD and each division are operating.
- The Public Information Officer (PIO) will be the primary person communicating with the media and the public.

**TRAINING AND EXERCISES: The following is assumed:**

- Appropriate funding and resources will be provided to support COOP planning, training, and exercises.
- Based on planning, training, and exercises, the COOP will be modified and updated.
- Cross-training will be provided within units to the fullest extent possible.
- It is suggested that each employee be responsible for creating and stocking his/her own Go-Kit, which is designed to last for 72 hours during a shelter-in-place situation.
- Communication between MPD and external stakeholders will be maintained to ensure the integrity of the COOP materials.

## I. PURPOSE

The purpose of this order is to establish new policies, rules, and procedures for handling discipline relating to sustained misconduct of sworn employees in a manner that is consistent with the mission of the Metropolitan Police Department (MPD) and District of Columbia (DC) law concerning disciplinary appeals. Penalties imposed under this new policy are not bound or limited by any prior outcomes that occurred under the previously negotiated disciplinary process or resulting arbitration.

The policy of the MPD is that sworn employees shall be subject to disciplinary action for cause. The department recognizes the distinction between those misconduct matters that warrant a serious disciplinary response at the department level, and those types of misconduct that may be handled effectively by the member's assigned element or that permit non-disciplinary action such as counseling and performance improvement. Discipline shall be prompt, consistent, fair, and equitable, and the department shall use progressive discipline as appropriate. Members shall have the opportunity to present a response, or a defense, and to appeal disciplinary actions.

## II. PROCEDURES

### A. General

- Disciplinary action shall be administered by the department for sustained misconduct in a manner, and at a level, appropriate with the member's past record and the seriousness of the offense, giving due consideration to mitigating and aggravating factors. Notwithstanding any other provisions contained in this order, the chief of police is the designated final authority with respect to discipline. Such authority may

be delegated.

2. The department issues two types of disciplinary action: corrective action and adverse action. Both types of discipline shall be considered in the relevant year’s performance evaluation, may be considered in personnel assignment decisions, and shall be considered in deciding greater degrees of disciplinary action for offenses pursuant to the table below from the date of issuance.

Disciplinary Action		
Type	Definition	Time Period for Consideration
Corrective action	Unit-level, progressive discipline that ranges from the administration of a PD Form 750 (Dereliction Report), to a letter of reprimand (LOR), to an official reprimand (OR).	PD Form 750 – 1 year
		LOR – 2 years
		OR – 3 years
Adverse action	Department-level discipline that includes any fine, suspension, reduction in rank or pay, or termination. The procedures for adverse action <b>do not</b> apply to allegations of unsatisfactory performance or misconduct on the part of probationary members. Allegations involving probationary members shall be handled in accordance with the applicable provisions in <a href="#">GO-PER-201.07 (Police Officer Probationary Board)</a> .	Adverse action for the purpose of deciding greater degrees of disciplinary action for similar conduct – no time limit, but time since last occurrence shall be weighed in the Douglas Factor analysis  Adverse action for all other purposes – 3 years

3. The department also administers education-based development (EBD) in lieu of discipline, when appropriate. EBD shall be administered as outlined in Part II.B.5 of this order.

Education-Based Development	
Education-based development	Alternative to discipline in lieu of corrective action or a recommended suspension of one to 10 business days. The program focuses on re-training the member and may be offered in one or more of the following methods as selected by their commanding officer or the Disciplinary Review Division (DRD) director: <ol style="list-style-type: none"> <li>a. Completing in-person or online training offered by the Metropolitan Police Academy (MPA);</li> <li>b. Reviewing relevant MPD policy with a commanding officer or his or her designee; and</li> <li>c. Attending specified, free, outside training (e.g., courses offered by the DC government).</li> </ol>

4. No disciplinary action against a sworn employee shall be commenced more than 90 or 180 business days, as applicable in accordance with [DC Official Code §5-1031 \(Commencement of corrective or adverse](#)

[action](#)), not to include Saturdays, Sundays, or legal holidays, after the date that the MPD has notice of the act or occurrence allegedly constituting cause.

- a. For the purposes of this order, the “notice of the act or occurrence allegedly constituting cause” is the date MPD generates an internal incident summary (IS) tracking number for the act or occurrence.
  - b. In the event that there is an ongoing criminal investigation into the act constituting cause by the MPD or any other law enforcement agency with jurisdiction within the United States, the United States Attorney’s Office, or the DC Office of the Attorney General, or is the subject of an investigation by the Office of the Inspector General, the Office of the DC Auditor, or the Office of Police Complaints (OPC), the 90 or 180 business day time period, as applicable, shall be tolled until the conclusion of the investigation.
5. When determining the appropriate level of disciplinary action, the department uses a table of penalties (TOP) (Attachment A) as a guide to ensure fairness and consistency. Members shall receive the presumptive penalty listed for the offense, but consistent with the TOP, appropriate consideration shall be given to aggravating or mitigating circumstances that, when weighed, would require disciplinary action at the appropriate aggravated or mitigated penalty.
  6. Investigations sustaining misconduct shall be reviewed by the investigating member’s commanding officer to determine the recommended disciplinary action based on the TOP.
  7. No disciplinary action shall be rescinded for error in the department’s application of its rules, regulations, or policies if the department can demonstrate that the error was harmless. Harmless error shall mean an error in the application of the department’s procedures, which did not cause substantial harm or prejudice to the employee’s rights and did not significantly affect the department’s final decision to take the action.

## B. Disciplinary Process

1. The Internal Affairs Bureau (IAB) shall forward all sustained investigations where adverse action is the appropriate level of disciplinary action to DRD. DRD will coordinate all disciplinary direction and monitor all cases up through any final agency action.
2. Prior to the imposition of discipline, members may elect to participate in a resolution conference. Members’ participation in a resolution conference is voluntary. If the member elects not to have a resolution conference the proposed penalty shall be imposed. A member may appeal discipline to the chief of police or his or her designee pursuant to Part II.B.12 of this order.

3. Resolution conferences shall be scheduled within 20 business days whenever practical and in all cases within 30 business days. Resolution conference officials shall notify the subject member of the conference date. Resolution conference officials shall be designated pursuant to the following:

<b>Resolution Conference Officials</b>	
Corrective action	Conference conducted by members' chain of command official the rank of captain or above or civilian command staff member.
Proposed suspensions for 10 business days or less	Conference conducted by members' chain of command official the rank of inspector or above or civilian command staff member.
Proposed suspensions for more than 10 business days, termination, or disciplinary action recommended by the OPC, or by a commanding officer other than the one to whom the member is permanently assigned	Conference conducted by DRD director or designee the rank of inspector or above.

4. Commanding officers are authorized to issue corrective action or impose education-based development, consistent with the range specified in the TOP, after holding a resolution conference consistent with this order. Members shall have the option to hold the conference in-person or remote.
5. Education-Based Development
- a. EBD may be offered to members by their commanding officer or the DRD director as an alternative to discipline in lieu of recommended corrective action or a recommended suspension of one to 10 business days.
  - b. Members' participation in EBD shall be in lieu of, and not in addition to, receiving corrective action or serving the proposed suspension. Members shall only be eligible to participate in EBD one time within a three-year period for similar conduct regardless of who issued the EBD (e.g., OPC, DRD, Use of Force Review Board). The issuing official shall ensure MPA is notified via the MPA Adminbox of any training-related EBD to be held at MPA upon issuance for scheduling purposes.
  - c. Participation in EBD by a member is voluntary. However, once a member agrees to EBD and signs the resolution conference worksheet, he or she must successfully complete the agreement to include training and any required written examination.
  - d. EBD is a duty assignment, and members who need to

- reschedule their EBD due to emergency circumstances shall contact their watch commander for approval.
- e. Absent exigent circumstances (e.g., availability of training), EBD shall be completed within 15 business days of the member signing the worksheet. Commanding officers shall ensure a signed copy of the resolution conference worksheet and the completed EBD worksheet are emailed within 30 business days of the signing to the DRD director.
  - f. Completion of EBD in lieu of discipline shall be entered in the Personnel Performance Management System (PPMS). Completion of training-related EBD shall be entered in Acadis.
  - g. Participation in EBD shall be removed from PPMS three years after the incident date as long as the member does not engage in similar conduct resulting in a sustained investigation. However, member's participation in EBD shall be maintained in the member's training record in accordance with the department's records retention schedule.
  - h. During the three years that EBD is in the PPMS, the EBD may be considered in applicable selection processes for specialized assignments or programs with the exception of participation in the Motor Vehicle Take Home Program.
  - i. Members who fail to successfully complete EBD by the assigned deadline without approval shall receive the original discipline and may be subject to an administrative investigation. The EBD official shall notify the DRD director when a member fails to successfully complete EBD by the assigned deadline. The DRD director shall determine if IS numbers should be obtained. The member's element shall be responsible for completing the administrative investigation for failure to successfully complete EBD.
6. In cases where adverse action is recommended, commanding officers shall forward the investigation to the DRD director through the chain of command, but shall not specify, recommend, or suggest a penalty or penalty range. The only exception is when commanding officers recommend a reduction in rank, or removal from a specialized position/unit; in those cases, commanding officers shall articulate the reason for these recommendations.
  7. The DRD director shall review investigative reports with disciplinary recommendations for completeness and accuracy. The DRD director may recommend that cases be returned for further investigation or for other disciplinary action as the director deems appropriate, or recommend that the charges be dismissed due to extenuating circumstances.

8. When the DRD director determines adverse action is appropriate he or she shall assess the appropriate penalty based on the TOP. The DRD director shall have sole discretion to determine applicable disciplinary charges and specifications. In cases where adverse action is recommended, the DRD director shall issue a notice of adverse action (NAA) to the subject member. Electronic service is authorized. NAAs shall contain:

<b>Notice of Adverse Action (NAA) Requirements for Non-Termination Cases</b>
a. Charges – specific policies alleged to have been violated;
b. Specifications – the dates and locations of the alleged acts or omissions, and a statement of the alleged acts or omissions;
c. The adverse action to be imposed;
d. Copy of the investigative report;
e. The opportunity to have a resolution conference before the action becomes final;
f. The effective date of the adverse action if the member elects to waive the resolution conference; and
g. The member’s rights to appeal a final adverse action to the chief of police or his or her designee, and the Office of Employee Appeals, as applicable.

9. Members may review the NAA (if applicable) and investigative report of the subject incident prior to the resolution conference. Upon request, members shall be granted administrative leave to review case materials as outlined in the table below. If the member requests the assistance of a union representative, the representative shall be granted official time within his or her regularly scheduled hours up to the same amount of time as the member he or she is representing.

<b>Administrative Leave for Case Review</b>
a. Up to ten hours to prepare for his or her defense against any proposed suspension of more than 30 business days
b. Four hours to prepare his or her defense against any proposed fine or suspension of ten through 30 business days
c. Two hours to prepare his or her defense against any proposed fine or suspension of less than 10 business days

10. Resolution conference officials shall attempt to resolve disciplinary matters during resolution conferences with affected members and their union representative, unless the member voluntarily waives representation. Transfer, reassignment, change of days off, and nontraditional remedies that include, but are not limited to, community service, counseling, training, or professional assistance, may be employed when voluntarily agreed to by a member during a resolution conference. Resolution conference officials are authorized to reduce the retention period for a corrective action as part of the agreement with the member.
11. In cases involving adverse action, resolution conference officials may elect to have an additional three business days after the conference to consider information provided during the conference before rendering their decision. In these cases, officials shall notify the affected member

and their union representative of their decision in writing. Email notification is authorized.

12. In cases where no agreement is reached, the subject member may appeal corrective actions to their bureau head and adverse action to the chief of police or his or her designee. Appeals must be submitted in writing within 25 business days of the resolution conference.
13. The deciding official shall respond to the appeal within 15 business days and may affirm or modify the findings and the penalty imposed, or remand the case to a previous step in the process, as he or she deems appropriate.
14. Members may request to forfeit accrued annual leave or compensatory time (not including sick leave) in lieu of suspension for any period up to 10 business days in discipline cases. Members may not work extra duty to compensate for suspended days.
15. Discipline held in abeyance shall be held for a minimum of 12 months from the date the agreement was reached or from the date of the letter from the chief of police, or designee, imposing the discipline.
16. If, upon review by the chief of police or his or her designee, a disciplinary recommendation should be reduced to any level of corrective action, the DRD director shall impose such action and ensure the member is served with the appropriate documentation. If, upon review, a disciplinary recommendation is for adverse action, the Human Resources Management Division (HRMD) director shall impose such action and have the member served with the appropriate documentation. In both instances, a final decision of the penalty imposed will be forwarded to DRD for appropriate disciplinary record retention.

### C. Termination Cases

1. In cases where the DRD director determines that termination is the appropriate recommended penalty, he or she shall issue an NAA to the subject member as follows:

<b>Notice of Adverse Action (NAA) Requirements for Termination Cases</b>
a. Charges – the specific policies alleged to have been violated;
b. Specifications – the dates and locations of the alleged acts or omissions, and a statement of the alleged acts or omissions;
c. Proposed adverse action;
d. Copy of the investigative report;
e. The opportunity to have a resolution conference before the action becomes final;
f. Initial hearing date, hearing waiver, and the name and rank of each hearing panel member;

g. Notice that the member has a right to be represented by an attorney licensed to practice in the District of Columbia or by a union representative at all steps of a hearing;
h. Hearing procedures to be used;
i. Statement that the accused member must furnish any pertinent documents, or copies thereof, that he or she wishes to offer as evidence;
j. Statement that the names of any witnesses he or she wishes to testify on his or her behalf must be submitted, in writing, to the DRD not less than five business days prior to the time set for the hearing; and
k. The effective date of the adverse action if the member elects to waive the resolution conference and/or hearing, as applicable.

2. In cases where the alleged misconduct threatens the integrity of department operations, the department may use an enforced leave/suspension pending removal action. If the member requests the assistance of a union representative, the representative shall be granted official time within his or her regularly scheduled hours up to the same amount of time as the member he or she is representing.
4. The subject member may elect to have a resolution conference with the DRD director before the first termination hearing date consistent with the procedures outlined in Part II.B of this order.
5. Termination Hearings
  - a. To support the operation of termination hearings, the DRD director shall issue a manual setting forth the authority of hearing panels and hearing procedures. The DRD director is authorized to schedule hearings, grant continuances, administer the oath of office to members of the hearing panel with authority to delegate the same, and order any department member to appear before him or her, or before any person designated by him or her, to give testimony and to produce all official books, records, papers, or documents pertaining to the case.
  - b. Termination hearings shall be conducted by a hearing panel as a

fact-finding forum to make a non-binding recommendation to the chief of police or his or her designee to sustain or dismiss the charges and specifications along with a recommended penalty consistent with the TOP for any sustained charges. The panel shall include documentation supporting their recommendations for mitigated or aggravated penalties.

- c. Hearing panels shall consist of a member the rank of commander or inspector who shall serve as the chairperson and two members the rank of captain. Members shall be selected by the DRD director. Members currently assigned to DRD, the Internal Affairs Division (IAD), and the HRMD are ineligible to serve as hearing panel members.
- d. Hearing panels are empowered to do the following:

<b>Termination Hearing Panel Authority</b>

(2) Enter into the record pleas of guilty or not guilty to the charges and specifications, which may be with or without extenuating circumstances. Hearing panels shall have no authority to agree to any penalty in exchange for a guilty plea or otherwise, nor shall any such agreement have any binding force or effect upon the department;
(3) Grant continuances;
(4) Make or cause depositions to be taken;
(5) Add, alter, and/or amend charges and specifications that are not compatible with the evidence; provided the accused has an opportunity to respond to the charges before the hearing concludes;
(6) Rule on all questions at issue in taking testimony, or submitting evidence, but may have exceptions noted to the rulings;
(7) Make findings of fact and penalty recommendations consistent with governing regulations;
(8) Revoke the privilege extended for the attendance of any counsel during a proceeding for sufficient cause. This action shall in no way prevent the accused from substituting other counsel;
(9) Require respectful conduct on the part of all persons in attendance. Chairpersons are empowered to resolve any dispute, and shall make record of their action in any such case; and
(10) Close any hearing to the public for good reason making a record of such reason.

- e. At the conclusion of a hearing, the hearing panel shall prepare a memorandum with: (1) a recommendation to sustain or dismiss each charge and specification, (2) documentation of the aggravating and mitigating factors for each charge and specification, and (3) a recommended penalty for each sustained charge consistent with the TOP. In cases where the panel is recommending other than the presumptive penalty, the panel shall document the facts and circumstances supporting an aggravated or mitigated penalty.
- f. The hearing panel's recommendation shall be served on the

affected member within 25 business days. The subject member shall have 15 business days to submit a written appeal to the chief of police or his or her designee.

- g. The chief of police or his or her designee shall review the panel's recommendation, the member's appeal (if one is submitted), and make a final determination within 15 business days. He or she may remand the case to the same or different panel or issue a final decision affirming, reducing, or setting aside the action, as originally proposed in the NAA.
- h. The HRMD director shall ensure disciplinary suspensions are scheduled as soon as possible after the issuance of the final decision. If the member is to be terminated, the HRMD director shall ensure a date is established for separating the member.

#### D. Disposition of OPC Merits Determinations

1. Upon receipt of an OPC finding of fact and merits determination (collectively, "merits determination") that sustains an allegation of police misconduct, the DRD director shall determine if the merits determination is supported by a preponderance of the evidence and that the misconduct warrants discipline or termination.
2. If the DRD director concludes that the misconduct warrants discipline or termination, he or she shall make a determination, factoring in any recommendations from OPC, as to the appropriate resolution within 20 business days and forward a copy of the recommended action to the MPD OPC liaison. Discipline and termination shall be handled pursuant to Parts II.B and C.
3. The MPD OPC liaison shall notify the complainant, in writing, of the staff recommendation and the intent to take disciplinary action no later than five business days after receiving the recommendation from the DRD director. The MPD OPC liaison shall ensure the complainant is afforded an opportunity to file a written response to the recommendation within 10 business days and ensure any response received from the complainant is forwarded to the DRD director upon receipt.
4. The DRD director shall ensure full consideration is given to the response received from the complainant before deciding whether to proceed with the disciplinary action.
5. A member may appeal discipline to the chief of police or his or her designee pursuant to Parts II.B and C. His or her decision shall be forwarded to the MPD OPC liaison.
6. Upon receipt of the discipline imposed for an OPC merits determination sustaining an allegation of police misconduct the MPD OPC liaison

shall notify the OPC and the complainant and provide a copy of the decision within 10 business days of:

- a. An agreement regarding discipline between a member and the DRD director; **or**
- b. Discipline is imposed by the chief of police or his or her designee.

NOTE: For the purposes of this notification, discipline is considered "imposed" when the chief of police or his or her designee has rendered a final decision, even if the member may pursue subsequent reviews or appeals.

7. If the DRD director concludes, with supporting reasons, that the merits determination clearly misapprehends the record before the complaint examiner, and is not supported by substantial, reliable, and probative evidence in that record, the DRD director shall:
  - a. Prepare, within 10 business days, a proposal for the chief of police to return the merits determination to the OPC executive director for review by a final review panel, as set forth in DC Law 12-208 [\[DC Official Code § 5-1112\(c\)\]](#); and
  - b. Ensure the recommendation does not propose the supplementation of the evidentiary record before the complaint examiner.
8. If the chief of police agrees with the recommendation of the DRD director, the chief of police shall return the merits determination to the OPC executive director for review by a final review panel. A copy of the decision of the final review panel shall be transmitted to the OPC executive director, the complainant, the subject police officers, and the chief of police.
  - a. If the final review panel concludes that the merits determination sustaining one or more allegations of the complaint should be reversed in its entirety, the OPC executive director shall dismiss the complaint, and notify the parties and the chief of police in writing of such dismissal.
  - b. If the final review panel concludes that the merits determination should be upheld as to any allegation of the complaint that the determination has sustained, the MPD OPC liaison shall forward the review panel's decision to the DRD director. The DRD director shall, within 15 business days of receipt of the panel's decision, issue a supplemental decision as to the imposition of discipline upon the subject officer or officers that is fully consistent with the panel's decision.

- (1) The supplemental decision of the DRD director shall be in writing and shall set forth a concise statement of the reasons therefor.
- (2) The DRD director shall notify the complainant, police officer or officers and the MPD OPC liaison of the action taken, and shall include in such notice a copy of the supplemental decision.
- (3) The supplemental decision of the DRD director shall be a final decision with no further right of administrative review, except that the chief of police may reopen any closed matter in the interests of fairness and justice or the subject, police officer, may have a right to a post-termination hearing as provided in [DC Official Code § 5-1114\(f\)](#).

## I. BACKGROUND

The purpose of this order is to establish policies, rules and procedures for handling discipline relating to the alleged misconduct of sworn members in a manner that is consistent with the mission of the Department, applicable labor agreements, and District of Columbia law concerning disciplinary appeals. Any provision for the review of corrective and adverse actions negotiated between the Department and the labor organization shall take precedence over the provisions of the D.C. Comprehensive Merit Personnel Act for members in the collective bargaining unit, to the extent that there is a difference. This order does not apply to the disciplinary process relating to civilian members.

## II. POLICY

The policy of the Metropolitan Police Department is that members shall be subject to disciplinary action for cause. The Department recognizes the distinction between those misconduct matters that warrant a serious disciplinary response at the Department level, and those types of misconduct that may be handled effectively at the assigned element, and that permit non-disciplinary action or performance improvement action.

Discipline shall be prompt, consistent, fair, and equitable, and the Department shall utilize progressive discipline as appropriate. Members shall have the opportunity to present a response, or a defense, and to appeal disciplinary actions. (CALEA 26.1.1)

**III. DEFINITIONS**

When used in this directive, the following terms shall have the meanings designated:

  - a. A conviction (including a plea of *nolo contendere*) of a felony;
  - b. A conviction (including a plea of *nolo contendere*) of any crime (regardless of punishment). No relationship need be established between the crime, and the member's position in the case of sworn members of the Department;

11. Officials – Sworn members the rank of sergeant or above, and civilian equivalents who supervise sworn and/or civilian members.
12. Official Reprimand – A Commanding Officer’s formal written censure for specific misconduct.

15. Suspension – A temporary cessation of pay and police authority, with or without a definite date of restoration.
16. Termination or Removal – Dismissal from the Metropolitan Police Department for cause in accordance with due process.

**IV. RULES**

- A. The Chief of Police is the designated final authority with respect to discipline. Such authority may be delegated.
- B. The Chief of Police shall review and decide all appeals of disciplinary actions. The decision of the Chief of Police, or his/her designee, on appeals of Corrective Actions shall be the final administrative review of these actions.
- C. All disciplinary actions are subject to the provisions of GO-PER-201.22 (Fire and Police Disciplinary Action Procedure Act of 2004), which sets forth the internal timelines governing the handling and commencement of Corrective Action or Adverse Action against sworn or civilian members of the Department in order to comply with the 90-day requirement as set forth in D.C. **V. REGULATIONS**

- A. Members shall immediately notify supervisors upon observing, or becoming aware of, an alleged violation of Department policies, laws, rules, regulations, or directives. (CALEA 26.1.5)
- B. All Officers (including supervisors and managers who learn of evidence of possible misconduct through their review of an Officer's work) shall notify the Office of Professional Responsibility (OPR) within one hour of any conduct by other Officers that reasonably appears to constitute any of the following:

  2. A false arrest, or filing of false charges;
  3. An unlawful search or seizure;
  4. Unlawful discrimination;
  5. An intentional failure to complete use of force reports required by MPD policies, and in accordance with procedures;

## Equal Employment Opportunity

The Metropolitan Police Department is committed to providing a workplace free of any demeaning, derogatory, or abusive language, actions, and/or gestures, relating to a person's race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, family responsibilities, genetic information, disability, matriculation, political affiliation, status as victim or family member of a victim of domestic violence, a sexual offense, or stalking, or credit information. The cases listed below are those in which evidence of a complaint is corroborated after initial contact with the EEO Counselor. In those cases, MPD's EEO Office refers the complaint for full internal investigation by MPD's Internal Affairs Division after obtaining an incident summary number (IS#).

A complainant may allege multiple bases for the complaint. Bases are protected categories defined by the District of Columbia Human Rights Act. The complainant may reasonably perceive and thus allege that he or she was discriminated against based on more than one protected class (e.g., gender and sexual orientation).

# Executive Summary

---

The Metropolitan Police Department (MPD) provides this report on disciplinary actions, grievances, and Equal Employment Opportunity (EEO) investigations for calendar year 2021, pursuant to the Omnibus Public Safety Agency Reform Act of 2004, Title V (Sec. 503, Act 15-463; D.C. Official Code § 5-1032). The Department recognizes it has a core responsibility to the community to hold employees accountable if they do not meet the agency's standards of practice and behavior. We are also responsible to our employees for ensuring our investigations of allegations of misconduct, or response to other internal concerns, are fair and thorough. Because this is so essential to the success of the Department and the safety of the city, Chief of Police Robert J. Contee III has hired a Chief Equity Officer to help ensure that the agency reflects fair and inclusive values. We strive every day to meet these expectations in order to earn community trust and cultivate an agency environment where employees will want to work.

The attached report on disciplinary actions includes sustained misconduct investigations referred to MPD's Disciplinary Review Division that resulted in adverse action in 2021. Adverse actions include any fine, suspension, removal from service, or reduction in rank or pay of any member who is not serving a probationary period. The Department's disciplinary process is detailed in the attached MPD policy, General Order 120.21 Disciplinary Procedures and Processes. In 2021, for sworn members, 50 percent of adverse actions resulted in a suspension of 10 days or fewer, 38 percent resulted in suspension between 11 and 30 days, and 2 percent resulted in termination.

The grievance report includes Step 1 grievances, which are filed with the member's commanding officer, and Step 2 grievances, which are filed directly with the Chief of Police and reported to the MPD's Labor Relations Branch, in calendar year 2021. The grievance process covers individual, group (five or more similarly situated employees), and class (all members of the bargaining unit) grievances. At the informal grievance step, the employee seeks to resolve the issue with a management representative at the lowest level capable of resolving the grievance. If that is unsuccessful, the employee may file a written Step 1 Grievance with his or her commanding officer. If the parties are not able to resolve the matter, the employee may file a written Step 2 grievance with the Chief of Police. If the grievance is denied, the union may elect to pursue the matter to arbitration. This list does not include informal grievances which are settled or otherwise resolved in frequent meetings between union and MPD leadership. The joint commitment to these regular, on-going meetings has been helpful in resolving disputes and improving union-management relations.

The Equal Employment Opportunity (EEO) Complaint Report includes five EEO allegations investigated by the MPD's Equal Employment Opportunity Investigations Division in calendar year 2021, which are found to have an EEO nexus and referred for internal investigation for misconduct. Outlined in the report are the bases or reason for the alleged discrimination based on protected category, as defined by the District of Columbia Human Rights Act. The complainant may allege that he or she was discriminated against based on more than one protected class.

# Grievances

---

**Step 1 Grievances.** Per the Metropolitan Police Department (MPD) labor agreements, if grievances are not resolved informally by managers, employees shall submit a written grievance to their commanding officers within seven business days following the informal response. The written grievance contains a statement of the specific alleged violation; the manner in which it was purported to have been violated; the date; and the specific remedy sought. The commanding officer shall respond in writing to the grievance within seven business days of its receipt. The written response contains affirmation or denial, analysis, and the remedy.

**Step 2 Grievances.** If the grievance is not resolved at Step 1, the employee shall submit a written grievance directly to the Chief of Police within seven business days following receipts of the commanding officer's response. The Chief of Police shall respond in writing to the grievance within seven business days of the receipt. An employee against whom corrective action is taken has the right to contest the action through Step 2 of the grievance procedure.

## Equal Employment Opportunity Cases

The Metropolitan Police Department (MPD) is committed to providing a workplace free of any demeaning, derogatory, or abusive language, actions, and/or gestures, relating to a person's race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, family responsibilities, genetic information, disability, matriculation, political affiliation, status as victim or family member of a victim of domestic violence, a sexual offense, or stalking, or credit information. The cases listed below are those in which evidence of a complaint is corroborated after initial contact with the EEO Counselor. In those cases, MPD's EEO Office refers the complaint for full internal investigation by MPD's Internal Affairs Division.

A complainant may allege multiple bases for the complaint. Bases are protected categories defined by the District of Columbia Human Rights Act. The complainant may reasonably perceive and thus allege that he or she was discriminated against based on more than one protected class (e.g., gender and sexual orientation).

Basis	Classification	Complainant		Disposition
		Race	Sex	
Sex	Sexual Harassment	Black	Female	Insufficient Facts
Matriculation and Sex	Sexual Harassment, Disparate Treatment	Black	Female	Insufficient Facts
Sexual Orientation, Color/Race, Personal Appearance, Sex	Disparate Treatment	White	Male	Unfounded
Sex	Sexual Harassment, Harassment, Hostile Work Environment	Black	Female	Four members: <ul style="list-style-type: none"> <li>• Member 1: 1 allegation unfounded, 3 exonerated</li> <li>• Members 2-4: 2 allegations insufficient facts</li> </ul>
Age, Color/Race, National Origin, Retaliation	Harassment	Black	Male	Sustained

## Misconduct Resulting in Adverse Action (2021)

**Note for Penalty:** Total days represent the number of days assessed to be suspended without pay (SWOP). This does not necessarily mean that all of the days will be served. In some cases, the employee may be allowed to forfeit days of accrued annual leave ("leave forfeiture") in exchange for SWOP days. More commonly, some days of penalty may be held in abeyance for a year. If the employee is involved in additional misconduct during that time, he or she will be required to serve those SWOP days. This is reflected as "days held" for current cases, or as "plus some days from prior case." The total days spent suspended without pay = total days - days held - days leave forfeiture + any days from prior case.

## Misconduct Resulting in Adverse Action (2022)

**Note for Penalty:** Total days represent the number of days assessed to be suspended without pay (SWOP). This does not necessarily mean that all of the days will be served. In some cases, the employee may be allowed to forfeit days of accrued annual leave ("leave forfeiture") in exchange for SWOP days. More commonly, some days of penalty may be held in abeyance for a year. If the employee is involved in additional misconduct during that time, he or she will be required to serve those SWOP days. This is reflected as "days held" for current cases, or as "plus some days from prior case." The total days spent suspended without pay = total days - days held - days leave forfeiture + any days from prior case.

 Crowd Management Tactics and Munitions Deployment on Saturday,  
 August 29, 2020

On Saturday, August 29, 2020, at approximately 2140 hours in the 1500 block of H Street, NW, I authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets, shields, and Rapid Response protective uniforms after a large, riotous crowd began to commit assaults against MPD members maintaining established police lines in the area. I observed that a substantial number of rioters were throwing illegal fireworks, bricks, concrete, glass bottles, and other improvised impact devices directly toward CDU members. I also noted that rioters were throwing unknown chemical agents directly at established police lines causing MPD members to experience burning eyes, throat, and difficulty breathing. Further, I personally noted that a substantial number of this riotous group were in immediate possession of impact weapons to include baseball bats, metal poles, wooden sticks, and metal umbrellas with sharpened tips.

---

Prior to the authorization, one (1) MPD member sustained an injury. After authorizing this deployment, four (4) MPD members sustained injuries, which were deemed minor to serious, which included a serious eye injury sustained by the unlawful use of a laser device.

In addition to authorizing the utilization of CDU protective equipment, I authorized the deployment of smoke, oleoresin capsicum (OC), and crowd control munitions against the riotous crowd. The riotous crowd, estimated at 100 or more persons, was acting in concert to cause grave risk of bodily injury and substantial property damage that included setting fires in near

proximity to vehicles and occupied structures to include several substantially occupied hotels. I particularly note that by utilizing the protective equipment, CDU crowd management tactics, and munitions deployment, MPD was able to reduce the risk to innocent bystanders and hotel occupants in the area, to include further property damage.

The Joint Operations Command Center (JOCC) captured a “running resume” of the deployments by MPD members, and summary of the sustained injuries by MPD members because of this riotous crowd.

**SUBJECT:** Authorization and Utilization of Civil Disturbance Unit Protective Equipment, Crowd Management Tactics and Munitions Deployment on Sunday August 30, 2020

On Sunday, August 30, 2020, at approximately 2320 hours in the 1600 block of H Street, NW, Inspector Robert Glover authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets, shields, and Rapid Response protective uniforms after a large, riotous crowd began to commit assaults against MPD members, who had escorted the group marching through the city. The rioters also assaulted MPD members maintaining established police lines in the area. A substantial number of rioters were throwing illegal fireworks, concrete, glass bottles, and other improvised impact devices directly toward CDU members. The rioters were throwing balloons full of urine and spitting directly at MPD members on established police lines, causing MPD members and their equipment to be contaminated. A substantial number of this riotous group were in immediate possession of impact weapons to include baseball bats, lacrosse sticks, metal poles, wooden sticks, and metal umbrellas

with sharpened tips. The group members were also wearing helmets, gas masks, shields and protective equipment.

In addition to authorizing the utilization of CDU protective equipment, Inspector Glover authorized the deployment of smoke, oleoresin capsicum (OC), and crowd control munitions against the riotous crowd. The riotous crowd, estimated at 100 or more persons, was acting in concert to cause grave risk of bodily injury and substantial property damage that included spray painting private and public property, setting off illegal, explosive and rocket style fireworks in near proximity to vehicles and occupied residences as well as throwing biohazard materials, glass bottles, explosive fireworks and other material at MPD members. Inspector Glover noted that by utilizing the protective equipment, CDU crowd management tactics, and munitions deployment, MPD was able to reduce the risk to innocent bystanders and hotel occupants in the area, to include further property damage.

The Joint Operations Command Center (JOCC) captured a "running resume" of the deployments by MPD members, and summary of the sustained injuries by MPD members because of this riotous crowd.

# SPECIAL ORDER

DISTRICT OF COLUMBIA

<b>Title</b>	<b>Cell Phone Recovery Process</b>
<b>Number</b>	<b>15-08</b>
<b>Effective Date</b>	<b>April 14, 2015</b>
<b>Related to:</b>	GO-SPT-601.1 (Recording, Handling, and Disposition of Property Coming into the Custody of the Department)

I.	Background	Page 1
II.	Regulations	Page 1
III.	Procedures	Page 2
IV.	Cross Reference	Page 4

## I. BACKGROUND

The vast majority of citizens in the District of Columbia carry some type of cell phone which may be targeted for theft by criminals. Criminals also tend to carry their own cell phones which may be used to communicate with other criminal associates, document their crimes via video or photograph, or send incriminating text messages. Cell phone GPS data and cell site data can also place a cell phone (and presumably the person who has the cell phone) at a specific location during a specific time frame.

Therefore, a suspect's electronic device may have information of evidentiary value, or a stolen cell phone found in a suspect's possession may link him or her to the theft. In these cases, cell phones contain evidentiary information that may be used to solve criminal offenses or assist in the prosecution of the offender. The Metropolitan Police Department (MPD) purchased cell phone investigative kiosks which allow users to extract data from cell phones and put it into a report for use by investigators.

The purpose of this order is to outline procedures for the recovery of cell phones and seized cell phone locations, and for the use of the Department's cell phone investigative kiosks.

## II. REGULATIONS

A. Members shall not attempt to locate or track a seized cell phone's location or search digital information on a cell phone seized from an individual who has been arrested unless:

1. A search warrant is obtained;

2. Exigent circumstances exist; or
  3. The arrestee grants consent for the search. If the arrestee grants consent for the search, members shall use the PD Form 781 (Consent to Search) or their notebook to document the consent and the time the consent was given.
- B. When consent has been given to search a cell phone, the member should ask the arrestee for the password and/or other access information. When consent has not been given, but the arrestee has waived his Miranda rights, the member should ask for the password and/or other access information.
  - C. Only those members who have received training and are authorized by a captain of the Criminal Investigations Division in the Investigative Services Bureau shall use the cell phone investigative kiosk.
  - D. There may be other electronic devices that have cell service and contain information of evidentiary value. If a suspect has such a device, members shall follow the same rules of recovery for a cell phone as outlined in this order. In such cases, a detective will determine the necessary course of action after the device is recovered.
  - E. Members handling a cell phone or other electronic device that has cell service as evidence shall note the chain-of-custody on the PD Form 81 (Property Record).
  - F. Under no circumstances shall any member use a cell phone investigative kiosk to search any device for personal reasons.
  - G. Members shall ensure that all requests for searches are related to an official MPD investigation.

### **III. PROCEDURES**

- A. When members recover cell phones as “Found Property”, absent any circumstances or evidence indicating the cell phone is linked to a criminal offense, they shall handle the cell phones in accordance with GO-SPT-601.1 (Recording, Handling, and Disposition of Property Coming into the Custody of the Department). In these cases, members can conduct a peripheral search of the phone to try to identify the owner, but shall not attempt to “unlock” a phone that is password-protected.
- B. When members recover cell phones from arrestees, and there is no reason to believe the phone has any evidentiary value or is stolen,

members shall handle the cell phones as "Prisoner's Property" in accordance with GO-SPT-601.1.

- C. When members recover cell phones from arrestees who are charged with any felony offenses, theft-related offenses, or any offenses in which there is reason to believe the device has evidentiary value:
1. The recovering member shall:
    - a. Seize the cell phone as evidence.
    - b. Not answer the phone if it rings unless the member can identify an exigency that requires the phone to be answered. However, if the phone rings, members may document the incoming phone number when it is visible on the screen (i.e., in "plain view").
    - c. Place the cell phone in airplane mode if the member believes there is potential for the cell phone to be remotely wiped of data.
    - d. Complete a PD Form 81 and list the phone as "Evidence" on the Property Book.
    - e. Deliver the cell phone along with a copy of the PD Form 81 to a detective of the member's respective element who shall be responsible for storing the phone in the cell phone investigative kiosk storage locker, or in cases involving crimes investigated by units outside of the District Investigations Branch (e.g. Homicide Branch, Sexual Assault Unit), ensure the cell phone is delivered to a detective of that unit. If a detective is unavailable:
      - (1) The member shall ensure the phone is secured with the respective District Property Clerk or if after hours, with station personnel.
      - (2) The member shall notify the lieutenant assigned to the respective detective unit via email of the cell phone recovery.
  2. Detectives receiving the phone shall note on the property book when the phone is placed in the cell phone investigative kiosk storage locker.

3. Detective lieutenants who receive notification of a cell phone recovery shall ensure the cell phone is retrieved from the Property Office and stored in the cell phone investigative kiosk storage locker pending a search warrant and recovery of evidentiary information.
4. Assigned detectives shall:
  - a. Ensure the cell phone is seized as evidence.
  - b. Ensure the phone is turned off.
  - c. Ensure an application for a search warrant or court order is presented for the cell phone as soon as possible but no later than 48 hours after the recovery.
  - d. Upon receipt of a search warrant, give a copy of the warrant to the cell phone investigative kiosk Technician.
5. The cell phone investigative kiosk technician shall:
  - a. Process the phone.
  - b. Turn over the completed report along with the cell phone to the assigned detective.
6. After the cell phone investigative kiosk technician returns the phone, the assigned detective shall turn the cell phone over to the District property clerk for handling according to the appropriate category (e.g., "Found Property," "Evidence").
