Encampmen	ts (1 Strategic Initiative)						
CARE Program	Following the one year pilot of the CARE Program in FY22, DMHHS will continue to implement CARE in FY23. Building off of a year of experience that included compiling an evaluation/report that detailed successes, failures, areas for improvement, and lessons learned, along with qualitative and quantitative analysis, the encampment team will continue to actively engage targeted encampments + residents and work to help them access housing.	09-30-2023					
	Year 2 implementation is pending approval of the CARE Program following a review of the pilot.						
Inter-agency	and special initiatives (3 Strategic Initiative records)						
Opioid Use Services / Reporting	DMHHS will continue to work with DBH to create the structures and processes for regular updates to OCA regarding opioid use, spikes in overdoses, and overall reporting on this pressing issue. Progress is being made to stem overdoses and overdose deaths in the District, though there still is a lot of room for improvement which can be made through greater collaboration and information sharing facilitated by DMHHS.	09-30-2023					Add Initiative Update
	A portion of this work will focus on bringing more attention to the updates and projects that are discussed during the monthly DC Opioid Working Group. This group brings together employees from across District Government to share data, insights, news, projects, and updates. The goal of this work is to decrease the morbidity and mortality from opioid use and addiction in the District of Columbia through a multi-disciplinary approach. Government wide collaboration will continue to be vital to reaching the goals of DBH and the Opioid Working Group.						
No Shots, No School	In FY23, DMHHS will continue ongoing work on the No Shots, No School program for school year 2022-2023.	09-30-2023					Add Initiative
	District law and regulations require all schools to verify student compliance with the immunization requirements as part of school attendance. With thousands of students behind on routine immunizations, there has been a push by EOM and District wide agencies to get students in compliance. While DC Government hopes no student misses time due to non- compliance, enforcement of the immunization attendance policy is the best mechanism to reach full compliance. With enforcement set to begin in Q1 – FY23, this multi-agency effort will come under intense scrutiny. DMHHS, in collaboration with DC Health and CFSA within the cluster, along with DME, OSSE, DCPS, and DCPCSB, will work to reach full student compliance with as few exclusions as possible.						Update
CFSA Transition	DMHHS will support CFSA as the agency makes the transition from a child welfare agency to a child and family well-being system.	09-30-2023					Add Initiative
	This work towards an agency transition was a major factor in bringing an official end to LaShawn A. v. Bowser. LaShawn was a 31-year-old class action lawsuit whose closure also meant the exit of federal court oversight over CFSA. DMHHS will now work to assist a post-LaShawn CFSA as the agency works to transform from a child welfare agency to a child and family well-being system. With the development of the Four Pillars strategic framework; approval of the District's federal Fue-Year Family First Prevention Plan; and implementation of Families First DC, CFSA has steadfastly laid the groundwork for a system transformation. With additional, cross-government projects like a 311 warmline, community based response model, and neglect						Update
	statute updates being discussed, DMHHS will work to support the agency and facilitate new these new ideas / projects.						
New Hospita	Il (1 Strategic Initiative)						
New Hospital	DMHHS will continue to co-lead, with DHCF, the work to build the new hospital (Cedar Hill Regional Medical Center, GW Health) on the Saint Elizabeth's East campus. In FY23, DMHHS will continue to conduct community and stakeholder engagement. DMHHS will also engage partner organizations with a focus on further expansion of services that will be offered on the campus. The goal is to create a high-quality integrated health care system east of the Anacostia River.	09-30-2023	~				
Office of Mig	rant Services (1 Strategic Initiative)						
Office of Migrant Services	In FY23, DMHHS will support DHS as it works to stand up the Office of Migrant Services. Established by the Mayor at the end of FY22 via a public emergency declaration, and codified by emergency leg passed by Council, the Office of Migrant Services was created to meet the needs of migrants being bused to DC. Whether it's receiving the buses / having a reception center, facilitating onward travel, short-term respite, longer-term temp accommodations, meals, healthcare, social services to fill these gaps. As codified, this will be separate from the homeless services system. DMHHS will continue to	09-30-2023

Sobering an	d Stabilization Center (1 Strategic Initiative)						
Sobering and Stabilization Center	DMHHS will support the Department of Behavioral Health (DBH) as the agency works to launch the District's first Sobering and Stabilization Center (SSC). The SSC will require an outside operator and collaboration between numerous District agencies to ensure seamless, successful, and impactful operations.	09-30-2023					
	Launching the SSC and establishing the ongoing operations of the center will improve the healthcare system in the District, save lives of individuals addicted to alcohol, opioids and other drugs and will have an immediate positive impact on ED and FEMS patient loads and response times. The SSC will also fill a gap in services currently offered by the District and divert people that may have ended up in MPD custody otherwise.						
	After the launch of the SSC, DMHHS will support DBH as the agency uses lessons learned from the first SSC to open a second center in a different part of the District (most likely Ward 1).
