On **Tuesday, July 2, 2024 and Wednesday, July 3, 2024**, Councilmember Brianne K. Nadeau, Chairperson of the Committee on Public Works and Operations, will convene a public hearing to consider B25-0639, the “Licensing for Accountability of Management Properties Amendment Act of 2023” and B25-0749, the “Amplified Sound Mitigation Act of 2024.” The hearing will be held in person in the John A. Wilson Building and virtually via the Zoom platform beginning at 10:00am.

All public witnesses will testify on Tuesday, July 2, 2024. Upon completion of the public witness testimony, Chairperson Nadeau will recess the hearing, and reconvene for government witnesses at 10:00am on Wednesday, July 3, 2024.

**B25-0639**, the “Licensing for Accountability of Management Properties Amendment Act of 2023,” would require entities that provide property management services in the District of Columbia to be licensed pursuant to applicable District laws. Currently, DC Code §47-2853.183 requires individual property managers to obtain a professional license from the Real Estate

Commission, but the organization that operates as a property management company or entities that provide such services are not required to obtain a specific licensure as a real estate organization. Absent a licensing requirement for an entity that provides management services, there is no mechanism to hold such entity accountable for any wrongdoing or violation of business law, and those innocent victims are left without recourse for the wrongs done against them.

**B25-0749**, the “Amplified Sound Mitigation Act of 2024,” would make a number of changes to the current sound requirements, including: establish decibel levels for amplified sound, such as street performances; allow for faster and fairer enforcement by measuring decibels at the source of amplification; gives the Department of Licensing and Consumer Protection authority to enforce the sound levels (DLCP already enforces other types of noise regulations); allows performers to remedy a violation before being given a fine and allows anyone issued a fine to enter a payment plan; and, updates the sound meter devices used for enforcement to modern standards. (D.C. sound regulations have not been updated since the 1970s).

Those who wish to testify must register using the Council’s Hearing Management System at <https://lims.dccouncil.gov/hearings> by **5:00 p.m. on Sunday, June 30, 2024**.
