[Empty box for qualitative description or summary statement]

FY2024 Business Plan

Events DC is the District’s official convention and sports authority. Our mission is to create unique experiences that result in jobs, economic impact, and lasting memories for residents, tourists, and guests. Our events **entertain, employ, serve as an economic engine, and elevate everyone.**

In addition to deep commitments to the District through our Cultural Affairs and Community Engagement Divisions, Events DC is organized into three core lines of business. The **Conventions and Meetings Division** is responsible for the Walter E. Washington Convention Center and the historic Carnegie Library at Mount Vernon Square, now home to the Apple Global Flagship store. The **Sports and Entertainment Division** operates the Robert F. Kennedy Stadium Campus, including the Fields at RFK, the RFK Festival Grounds, the Skate Park, and the non-military functions of the DC Armory, as well as the Entertainment and Sports Arena, the Gateway DC Pavilion, and the R.I.S.E Demonstration Center on the St. Elizabeths East Campus. Lastly, the Emmy Award-winning **Creative Services Division** focuses on producing our own signature events and creating original content.

Conventions and Meetings Division Overview

The Conventions and Meetings Division manages and operates both the Walter E. Washington Convention Center and Carnegie Library promoting, developing, and maintaining our facilities as venues of choice for conventions, tradeshow, meetings, and special events that generate significant economic impact for the District of Columbia while assuring a successful experience for each guest who enters through our doors.

FY 23 represented the culmination of the ten-year project to position the Walter E. Washington Convention Center as one of the nation’s leading convention centers, nationally recognized and acclaimed as a well-operated venue capable of hosting the most prestigious events regionally, nationally, and internationally.

We also completed a \$16.5 million total refurbishment of our food and beverage operation with the opening of our Downtown Dining District, offering new food and beverage concepts as well as an elegant space for private meetings and receptions. In partnership with FedEx, we launched a revitalized Business Center that provides our guests with full FedEx printing, shipping, and related business services. We also rolled out Evolv physical security screening, offering expedited physical security screening for customers that desire or require screening of event attendees.

During our full return to events in FY23, we recognized the twentieth anniversary of the opening of the Walter E. Washington Convention Center (March 29, 2003). During those twenty years, we hosted 3200 events, welcomed nearly 20 million guests, and generated an economic impact of over \$6.6 billion for the District.

Situational Overview

The trends suggest that we will fully recover our major convention and tradeshow business, although with a modest decrease in attendance and occupancy. Our capital maintenance program has ensured that the public-facing areas of the convention center have remained in like-new condition since we opened in March 2003. That said: the convention center is twenty years old, with many building systems and technologies at end-of-life. Its building finishes will also continue to need continuous attention. We cannot remain in our hard-won position as one of the nation's leading convention centers without maintaining our venue as like-new or better.

While our industry will continue to face uncertainty and challenges, they are not daunting. We have successfully met the greatest challenges of our organization's history – the pandemic shutdown and restart, the rebuilding of our core business, and the cyberattack on our business systems -- which have prepared us for this next stage. We expect that we will succeed, we will meet these challenges as well, and we will remain well-positioned for the future.

Major Division-Wide Goals and General Objectives for FY24:

Convention Management Goals

- **Achieve the Division's FY24 Budget Goal.** The Event DC Sales Team generates and increases revenue by strategically layering Citywide (Priority 1) and Mini-wide (Priority 2) events with Events DC's bookings that occur within 18 months of the event. While typically there is a 60% increase of Priority 3 and 4 events within 18 months of the event actualizing, these revenues are about a quarter of the total revenues for the year.
- **Increase the number of events in FY24.** The Sales Team will actively solicit and pursue new business opportunities to include increasing the gala and corporate market.
- **Support Destination DC (DDC) with all future bookings at WEWCC and other Event DC Properties.** In FY23, we focused on retraining and nurturing the relationship between both Sales teams. Our top priority will be to continue to focus on confirming business years out in the future.
- **Create uniformity of the sales process across Events DC by all Sales Managers and teams.** There are different processes for booking business at each property. We will use best practices established at WEWCC to develop a sales process that can be successfully used at all venues.
- **Enhance the customer experience by marketing and sharing new achievements and activations in the Center.** This program would include promoting sustainability efforts that support industry and customer goals, new activations such as FedEx and the Event Planning Guide, and opportunities for AI (Artificial Intelligence) in the WEWCC.

Facility Management Goals

- **Enhance departmental/division communication and accountability.** Event Managers will continue to improve cross-departmental and divisional communication.
- **Continued Professional Development of Convention Management and SED Event Operations Staff.** We will implement a robust professional development plan for all team members.
- **Automate the Right of Entry (ROE) Process.** The Production Service Manager will oversee automating the ROE permit process, utilizing UBI and other computer systems.
- **Implement the Ungerboeck Room Diagramming portal.** The Department Ungerboeck representatives (Senior Event Manager or CMD Program Manager and Event Coordinator/Event Manager) will work with UBI to train and implement Department staff on the UBI room diagramming portal.
- **Create, update, and improve internal cross-department/cross-campus standard event reporting** (e.g., Ungerboeck standard reports, internal daily event reports, departmental work orders etc.), to make these operationally more effective reporting tools.

Public Safety Goals

- **Partner with Vice President of St. Elizabeth's East/RFK Stadium campuses** to develop an enhanced Security program for both campuses, combining the resources and capacities of all venue campuses (WEWCC, RFK, St. Elizabeths).
- **Establish a weapons screening program for the Walter E. Washington Convention Center for public events and select convention/exhibition events.** The program will include a revenue-generating rental program for customers transitioning from third-party programs to the convention center program.
- **Activate the interoperable radio channel** between the Walter E. Washington Convention Center and the Marriott Marquis.
- **Prepare staff to execute National Special Security Events** in anticipation of the North Atlantic Treaty Organization (NATO) anniversary celebration and 2025 Presidential Inaugural Balls at the Walter E. Washington Convention Center.
- **Recruit and hire all vacant Public Safety positions.**
- **Provide enhanced standardized First Aid kit bags for all venue campuses.** We will standardize the contents of First Aid kit bags and provide these standardized bags to the Public Safety staff of all campuses.
- **Establish headquarters files for personnel licensing, training and equipment issuance; and procurements.** Currently each campus Public Safety operation maintains independent files on personnel and procurement. All files will be consolidated to one headquarters office to ensure consistency of recordkeeping; timely notification of upcoming required actions; and efficient use of contractors across campuses

Quality Assurance Goals

- **Chair the Solution Committee**; continue developing viable solutions for Events DC and general service contractors working in the Walter E. Washington Convention Center.
- **Ensure that Aramark Food and Beverage meets Events DC's FY 24 revenue goals** for Food and Beverage.
- **Assist Aramark Food and Beverage with implementing Aramark's A2L and S2L programs** with Carlos Rosario International Public Charter School and DC Central Kitchen's Early Talent Program and Spring Demand Programs.
- **Assist Aramark Food and Beverage and SED leadership in branding existing retail locations** in the Entertainment and Sports Arena and revisiting the implementation of the Neighborhood Amenity Program at the Entertainment and Sports Arena.
- **Assist Aramark Food and Beverage with developing short- and long-term staffing solutions** for FY 24 that are consistent with the terms of Aramark's current collective bargaining agreements.
- **Develop processes that will better align core strengths and talent utilization** across Events DC's divisions.
- **Assist Aramark Environmental Services** with maintaining the convention center sustainability program.

Sports and Entertainment Division Overview

As a division of Events DC, the Sports & Entertainment Division (SED) serves as a leading force and innovator in the sports and live entertainment industry by creating economic impact for the region and attracting impactful opportunities for Washington, DC.

VISION: Our events entertain, employ, serve as an economic engine, and elevate everyone.

MISSION: Events DC, the official convention and sports authority of Washington, DC, creates unique experiences that result in jobs, economic impact and lasting memories for residents, tourists, and guests. As the official host for the Nation's Capital, Events DC showcases Washington, DC as a world-class, family-friendly destination.

CORE PILLARS: Events DC's Sports & Entertainment Division (SED) makes Washington, DC a world-class sports and entertainment destination by being the catalyst and innovator for venues, major events and opportunities that have a significant and measurable impact on the region's economy. It is the leader in creating and attracting global sports and live entertainment for the region.

SED prioritizes four core pillars serving the corporate mission of generating economic impact and community benefits for Washington, DC.

The FY24 Business Plan focuses the SED Team on four key deliverables for Events DC, including economic impact, net profit, community engagement, and access for youth. It states a clear vision for the division's fiscal year, a mission for which the team is charged, foundational core pillars and goals that motivate. It establishes the measurement of return on investment (ROI), key performance indicators (KPI), measurable objectives and specific actions to be achieved by the division or departments.

It begins with targeting and hosting the most impactful events around the globe, festivals that bring together the community, live events at the Entertainment & Sports Arena and so much more. Washington, DC is one of the premier destinations in the world, with backdrops and settings such as the National Mall, Pennsylvania Avenue, Capital One Arena, and additional iconic venues. Events DC makes these events happen.

- I. Host major sports and live entertainment events that raise the profile of Washington, DC as the Sports Capital and generate significant **economic impact** through marketing, tourism, and economic development.
- II. Drive net profit and financial success for **Events DC venues**. Activate the RFK Campus as a sports, entertainment, and recreation destination and activate the St. Elizabeths East Campus, specifically the Entertainment and Sports Arena, as a catalyst for growth in Wards 8.
- III. Serve as **influencers, leaders, collaborators** and **innovators** for regional sports and entertainment franchises, businesses, programs, events, venues, and institutions.
- IV. Promote and support **local and youth sports** by directly impacting and advocating for access to play, active and vibrant lifestyles, inclusion and sports, entertainment, and recreational programming.

DIVISION GOALS: SED approaches local to global opportunities as a cohesive sales team to create results establishing a measurable return on investment for the community:

- Generate millions of dollars of economic impact for Washington, DC.
- Host events that generate millions of dollars in net profit for Events DC venues.
- Strengthen corporate relationships to establish a regional group of influential business leaders.
- Engage thousands of youths in Washington, DC.
- Provide return on investment (ROI) on each dollar invested.
- Develop and implement a plan to improve the financial positioning of the Entertainment and Sports Arena.

SED will approach local to global opportunities as a cohesive sales team to generate economic impact for the region, exceed budgeted revenue for Events DC venues, host events that generate a significant net profit and strengthen corporate relationships engaging them in hosting major events.

Business Development Objectives:

- Bid or formally solicit more than 20 major events.
- Book more than a dozen major events during FY24, for current or future fiscal years.
- Engage more than 100 potential events prospects and opportunities.
- Secure events that generate more than \$30 million in economic impact.

Sports and Entertainment Booking Objectives:

- Book eight to ten events that gross more than \$100,000 for Events DC venues.
- Create competitive pricing for top five concert promoters, incentivizing them to book more successful concerts at the ESA filling more than 50% of the capacity.
- Book two new festivals in FY24 for the Festival Grounds at RFK in FY24 or FY25.
- Prioritize having more than six event promoters hosting concerts at ESA by the end of FY25, targeting a variety of music genres that will drive new ticket buyers and first-time attendees to ESA.

Strategic Business Operations Objectives:

- Set attainable KPI for SED.
- Drive a plan for ESA that increases revenue over the next three years.
- Create digital assets that increase inventory at SED venues by 100% over the next three years.

Strategic Business Operations Objectives:

- Establish the framework, processes, and resources needed to establish best-in-class economic impact evaluation and event evaluation tools.
- Use data to provide actionable insights and valuable recommendations that positively affect business strategy and inform business decisions.
- Be able to assign a numeric value to Events DC's economic impact through sports and entertainment.

Special Event Objectives:

- Continue building a team of professional event producers that set the highest standard for event execution.
- Collaborate with Business Development, Booking and Production teams from prospect to execution.
- Produce all Events DC events within budget.
- Lead SED in all sports and entertainment event concept development for visiting events.
- Serve as primary liaison between visiting partners and DC Government.

Events Production Objectives:

- Create and implement the operational strategy for in-house event productions and programs.
- Direct large scale live events with multiple agency, vendor, and client integration.
- Lead the charge on innovative design solutions to logistics and production.

- Operate as the leader of production services ensuring superior end-to-end event experiences.
- Create a more cost-effective platform at the Entertainment and Sports Arena for concerts.

Corporate Partnership Goals:

- Secure a naming rights partner at Entertainment & Sports Arena a priority.
- Generate a minimum of two new year-round high-level corporate partners and two event, venue or program-specific corporate partners in FY24.

Creative Services Division Overview

The mission of Events DC is “to generate economic and community benefits for the residents and businesses of the District of Columbia by creating the premier event experience in the nation’s capital, and through the promotion of Washington, DC as a world-class tourist destination.”

While other divisions facilitate existing events in a variety of ways across many categories, Creative Services was established in 2020 to oversee Events DC’s signature offerings and expand the company’s capability to produce original concepts. By leading the company’s original content production—now, for both digital media and live events—we maximize resources, extend our core businesses, and drive new business opportunities in an efficient and strategic, consolidated approach.

2020 – Present Accomplishments

- Not in the original business plan, launched a consumer-facing content platform, with over 225 programs produced to date.
- 17 live events
- Over 235 partnerships with local, national, international organizations, businesses, artists, and embassies, some for the first time in the company’s history.
- Content on Broadcast TV.
- 14 Awards + Nominations, including two Emmy Awards.

GATHER by Events DC

GATHER by Events DC launched in September 2020 and has quickly grown into a trusted destination to discover live events in DC via compelling video content. From event trailers for new festivals to behind-the-scenes stories about iconic DC events, GATHER has evolved to connect audiences to DC’s best experiences, year-round.

FY 2024 Priorities

- **Live Events** –
 - Expand our inaugural, internally created and wholly-owned International City Food Festival (ICFF) to become a true city-wide, destination festival; Secure new cultural partners and experiences to grow and enhance the festival’s offerings.
 - Create and execute one additional, signature event (specifically downtown) during non-peak season that drives visitors from all 8 wards, as well as become a destination for those in the region and beyond; Secure impactful partners from around the city, particularly in the immediate downtown region, to create strong network of support and guidance in identifying and activating during ideal non-peak seasonal timeframe.
 - Collaborate internally to understand parameters and other metrics to successfully develop a strong, community-based and broad-reaching annual event that is measurable and sustainable, wholly-developed and led by Events DC and produced at Events DC’s Entertainment and Sports Arena in FY25.
 - Deepen partnership on our annual UMBRELLA Art Fair with producers and the city to become signature launch event during September’s 202Creates month.
- **Produce One Signature Film** – Conceptualize, develop, and film one signature film reflective of the DC community in topic and/or subject with the goal of securing licensing revenue through streaming services or other major national distribution.
 - Develop and produce film of two lengths: one for national distribution (22-27 mins) and one edited for distribution on the film festival circuit (8-12 mins).
 - Research and secure industry agent to support and guide distribution search, as well as identify licensing revenue for streaming.
- **Continue Developing Significant GATHER Assets** – Develop strong programs that garner national distribution for increased revenue and brand recognition.

In conclusion, Events DC will remain focused on generating economic impact for District taxpayers, supporting the District’s hospitality and tourism industries, celebrating the District’s unique and diverse cultural heritage, and investing in community partners and events across all eight wards.
