1 OFFICE OF CONTRACTING AND PROCUREMENT

Mission: OCP's mission is to procure quality goods, services, and construction through a streamlined procurement process that is transparent and responsive to the needs of government agencies and the public, and ensures all purchases are conducted fairly and impartially.

Services: OCP manages the purchase of \$5.6 billion in goods, services and construction annually, on behalf of over 77 District agencies. In its authority under the Procurement Practices Reform Act of 2010 (PPRA), OCP is responsible for both establishing procurement processing standards that conform to regulations, and monitoring the effectiveness of procurement service delivery. Procurement processing and management is enhanced by OCP specialists who are assigned to agency worksites to directly collaborate with program staff throughout the entire procurement process. OCP core services include the DC Supply Schedule, Purchase card (P-Card) program, and the surplus property disposition and re-utilization program. And, OCP's learning and certification programs support on-going development of staff proficiency and procurement service quality.

2 2023 ACCOMPLISHMENTS

| Accomplishment | Impact on Agency | Impact on Residents |
|--|--|---|
| <p>In FY 23, OCP earned over \$8.76 million from all surplus property sales. This includes 126 auctions closed during FY23 for total gross sales of \$7.58 million. The website received a total of 1.58 million hits—an average of 507 per auction and 307 unique visitors per auction. The revenue was generated by leveraging partnerships with key agencies such as OCTO, OCFO, DGS, DPW, and MPD to acquire and dispose of assets in high demand, worldwide. Also, OCP earned \$1.18 million in scrap from 1,975 vehicles.</p> | <p>OCP continues to partner with key agencies like OCTO and OCFO to leverage the latest technology to train staff on asset-management industry best practices in receiving, deployment, tracking, and disposal. OCP has also built a strong relationship with the U.S. General Services Administration and other federal agencies, giving the District first-look opportunities for federal surplus property that District agencies can use to support their missions.</p> | <p>OCP’s online auction platform is the public gateway to acquiring District government assets. Residents can bid on District auctions as they follow them in real time. Auctions earn additional revenue for the District’s general fund and further demonstrate transparent government-asset disposition. OCP also has 150 District-based non-profits certified to participate in the surplus property program. Further, OCP’s reutilization program is saving District taxpayers millions of dollars by prolonging the useful life of District government assets.</p> |
| <p>In FY 23, OCP assisted with the close out of the District’s COVID-19 pandemic response. OCP staff tracked nearly 10,000 COVID-19 emergency-related transactions in goods and services and expended more than \$800 million dollars on COVID-19 response-related goods and services. Contracts associated with contingency or federal reimbursement have been closed out. The remaining contracts are for demobilization efforts. OCP demobilized all District testing centers and vaccination sites. Additionally, four out of five DHS emergency pandemic sites have been successfully demobilized. All rental equipment and vehicles have been returned. OCP also assisted DHS in identifying and transitioning to new funding for ongoing emergency support. OCP conducted an after-action review with District-agency partners to review lessons learned and reinforce relationships with these agencies.</p> | <p>Lessons learned from OCP’s pandemic operations inform its pre-disaster contract development. These contracts, along with the agency’s intragovernmental partnerships, will be strengthened by pandemic operations and will enable the District to provide efficient and collaborative emergency services to residents in future.</p> | <p>Since the COVID-19 emergency, many District agencies have incorporated the use of personal protective equipment (PPE) and safe workplace materials into routine operations. The Strategic Logistics Center (SLC) continues to provide those materials, as well as continuing routine operations. Accordingly, the SLC team has experienced an expansion of its roles and responsibilities since the COVID-19 public emergency and has built robust warehouse operations, with data tracking and customer service as priorities. OCP is also working with partner agencies to develop pre-disaster contracts.</p> |

(continued)

| Accomplishment | Impact on Agency | Impact on Residents |
|---|---|--|
| <p>In FY23, OCP increased client agency customer satisfaction by 23.6% year-over-year to 70.6%, and increased industry partner customer satisfaction by 41.6% year-over-year to 83.3%. This was achieved through a multifaceted approach that included internal OCP training on better engagement with client agencies, an increase in engagements with client agencies by OCP management and staff, providing training for new executives and their teams at client agencies, as well as improving the communication and outreach with the vendor community.</p> | <p>Increased customer satisfaction improves the quality of services provided to District residents.</p> | <p>The increase in customer satisfaction highlights OCP's focus on improving engagement and collaboration with both client agencies and industry partners. This engagement and collaboration improves the efficiency of the procurement process and quality of goods and services procured by the District government.</p> |

3 2023 OBJECTIVES

Strategic Objective

Promote excellence in OCP contracting and Strategic Logistics Center (SLC) services.

Promote continuous innovation to achieve operational excellence and transparency.

Promote a culture of learning to sustain a more efficient workforce.

Enhance outreach and increase collaboration with both industry and client agencies.

Create and maintain a highly efficient, transparent, and responsive District government.

4 2023 OPERATIONS

| Operation Title | Operation Description |
|---|--|
| Promote excellence in OCP contracting and Strategic Logistics Center (SLC) services. | |
| Surplus Property: Daily Service | The District gains cost savings through the repurposing and redistribution of surplus property. OCP will auction surplus property no longer needed, generating additional revenue for the District |
| P-Card Utilization: Daily Service | The District of Columbia uses the P-Card Program as a fast and effective way for agencies to procure goods and services under \$5,000 for single purchases. The P-Card Program serves as an alternative method of procurement that reduces the processing cost and delivery time for small purchases. Over 75 agencies within the District use the P-Card Program as a vehicle for small purchases. |
| Warehouse: Daily Service | Warehouse stores supplies for citywide distribution. |
| Acquisition and Procurement Planning: Key Project | All agencies under the authority of the Chief Procurement Officer (CPO) annually submit planned procurements to help OCP anticipate types of purchases, cycle times and resource allocation requirements. Contract Officers use milestone planning to define key tasks and processing requirements, inter-agency coordination, deliverables, and timelines for performing functions through project completion. The acquisition process is monitored throughout the procurement life cycle to identify constraints and implement appropriate technical assistance to keep activities on track. |
| Contracting & Procurement: Daily Service | OCP conducts all contracting and procurement functions for agencies under the authority of the Chief Procurement Officer (CPO) |
| Promote continuous innovation to achieve operational excellence and transparency. | |
| Contract Transparency & Contractor Performance: Key Project | OCP publishes/posts newly awarded and active contracts \$100,000 and above on the OCP web site for public access. OCP also maintains a contractor performance evaluation system. |
| Systems, Data & Performance Division (SDPD): Key Project | The SPDP Team develops and maintains server applications and SQL databases, updates both Internet and Intranet sites and improves IT functionality, creates and maintains dashboards, conducts data analyses, and oversees records management |
| Office of Integrity and Compliance (OPIC): Key Project | In order to align management decisions with audit functions, a specific audit committee has been formed. |
| Promote a culture of learning to sustain a more efficient workforce. | |
| Procurement Training Institute (PTI): Key Project | Core training on District procurement rules, regulations, policies, and procedures is required for all procurement staff operating under authority of the Chief Procurement Officer (CPO). |
| Human Resources: Daily Service | The Office of Human Resources (OHR) provides human resource management services that position the Office of Contracting and Procurement to attract, develop and retain a well-qualified and diverse workforce. Establishing and maintaining HR policies and procedures helps maintain the integrity of OCP operations. |
| Enhance outreach and increase collaboration with both industry and client agencies. | |
| Customer Service and Communications: Key Project | OCP will continue its series, "OCP in the Wards," which represents business outreach and engagement designed to demystify District procurement practices. DC Buys, a reverse vendor trade fair, monthly vendor workshops and other outreach events will occur. |

(continued)

| Operation Title | Operation Description |
|---|---|
| Office of the Ombudsman: Daily Service | The OCP Office of the Ombudsman supports contractors and subcontractors, operating under a valid District contract, to communicate their complaints, concerns and suggestions related to OCP's contracting and procurement matters. |

5 2023 STRATEGIC INITIATIVES

In FY 2023, Office of Contracting and Procurement had 4 Strategic Initiatives and completed 0%.

| Title | Description | Update |
|--|---|---|
| Enhance OCP's Comprehensive Training Program | In FY 23, OCP will enhance the quality of procurement training for all District procurement professionals, as required by District law, by: 1) publishing a consolidated agency training policy covering certification/recertification requirements, on-boarding, supervisor feedback, PASS access, warranting, and other relevant topics; 2) reviewing the current training curriculum with an eye toward adding guest lectures from senior procurement professionals, eliminating non-value-added redundancies, incorporating external training, improving the training catalog, and making training materials readily available online; 3) building upon the success of the new Contract Management Organizational Capability course to enhance OCP's tiered training program; and 4) enhancing the use of job aids and desktop reference materials. | Completed to date: 50-74% OCP is currently in the implementation phase and is actively reviewing and revising course offerings to further enhance the knowledge and skills of the procurement staff. This includes updating the training curriculum, materials, and job aids, as well as overhauling the current tiered training programs and facilitating the Contract Management Organizational Capability course. The Procurement Training Institute (PTI) has updated the current training policy, which is under review by the executive team. The 3rd cohort session of CMOC was successfully completed prior to the end of Q4. Due to transitions in management at the CPO and Training Manager levels, this initiative will be finalized in the next fiscal year. |

Upgrade the District's Contracting Management System - Phase 2

OCP is transitioning the District's 18+ year old contract management system (PASS) to a modern cloud-based system (the Cloud). Moving to the Cloud will not only improve efficiency for contract professionals, but it will also improve the user experience for industry partners and agency clients. For example, PASS Cloud will be compatible with mobile devices, making it easier and more secure to log into the system and conduct business. New functionality will also include enhancements to data and reporting, making it easier to track the status of procurement actions for contract professionals, industry partners and agency clients. In FY 23 OCP will prepare PASS Cloud to go live in FY 24 by completing, but not limited to, the following actions: 1) configuring the Cloud to meet the District's requirements; 2) integrating the Cloud with other District systems; 3) system testing; 4) communicating updates with all stakeholders; and 5) facilitating training for all PASS users and vendors.

Completed to date: 50-74%

The instability of the District's new financial system, DIFS, adversely affected the PASS Cloud project schedule and budget. The same subject matter experts that are solving the daily crises of DIFS are the people required to configure and integrate PASS Cloud. As a result, the PASS Cloud project had to be delayed another year and will not go live in FY 24. Despite the delay due to DIFS, OCP completed the baseline configuration/build without integrations and started preparations for functional User Acceptance Testing and training.

The instability of the District's new financial system, DIFS, adversely affected the PASS Cloud project schedule and budget.

Integration and Updates of All OCP Systems to Support the PASS Cloud Implementation Best Practices

In conjunction with transitioning the District's 18+ year old contract management system (PASS) to a modern cloud-based system (the Cloud), OCP will work to improve other District systems that support the Cloud so that the maximum effectiveness of industry best practices in data reporting and transparency can be achieved. In FY 23, OCP will redesign the agency's data warehouse to provide additional data for dashboards that can be used by procurement professionals and client agencies to improve the management and oversight of the procurement of goods and services. Further integration and updates will be included to the Contractor Performance Evaluation System, Contracts and Procurement Transparency Portal, and OCP's document management system and archives, which will ultimately improve the transparency and data reporting for contract professionals, industry partners and agency clients.

Completed to date: 50-74%

The instability of the District's new financial system, DIFS, adversely affected the PASS Cloud project schedule and budget. The same subject matter experts that are solving the daily crises of DIFS are the people required to configure and integrate PASS Cloud. As a result, the PASS Cloud project had to be delayed another year and will not go live in FY 24. Despite the delay due to DIFS, OCP analyzed and compared PASS Cloud APIs and out-of-the-box reports with OCP's existing data architecture in preparation for the move to the Cloud next year. Additionally, OCP started gathering user requirements for PASS Cloud reporting. OCP also configured a Spend Analysis module to better analyze historical purchase order data to better inform future procurements.

The instability of the District's new financial system, DIFS, adversely affected the PASS Cloud project schedule and budget.

Analyze and Document the Path forward for the Maturation of the District's Strategic Logistics Center

In FY23, OCP will analyze and document the path forward to continue the maturation of the District's Strategic Logistics Center by: 1) maturing the work with HSEMA to continue acquisition and logistics planning for all of the most common District public emergencies; 2) developing and implementing comprehensive training for agency property officers on the full lifecycle asset management process with an emphases on the disposal and resource recovery/reutilization to maximize District revenue; 3) maturing the expansion central receiving and distribution services to agencies with large or critical projects and equipment refresh programs, improving asset accountability; 4) maturing the gathering and improvement of inventory data to improve budgeting, utility, and decreasing spoilage of commonly used commodities in the District.

Completed to date: 50-74%

OCP's has compiled information on other jurisdictions' pre-disaster contract development toward all-hazard response readiness for snow, flooding, pandemic, civil unrest, and fire - the most common public emergencies. OCP is also continuing work on debris-removal contracts. FEMA has offered to assist with this if needed. OCP has begun the process of identifying potential contracts to leverage during emergency operations as well as continuing work on its draft emergency-contacts guidebook. OCP is in the final stages of completing this initiative.

6 2023 KEY PERFORMANCE INDICATORS AND WORKLOAD MEASURES

Key Performance Indicators

| Measure | Directionality | FY 2021 | FY 2022 | FY 2023 Q1 | FY 2023 Q2 | FY 2023 Q3 | FY 2023 Q4 | FY 2023 | FY 2023 Target | Was 2023 KPI Met? | Explanation of Unmet KPI |
|---|----------------|---------|---------|----------------|----------------|----------------|----------------|---------|----------------|-------------------|---|
| Promote excellence in OCP contracting and Strategic Logistics Center (SLC) services. | | | | | | | | | | | |
| Percent of contractor performance evaluations that are completed | Up is Better | 60.5% | 60.3% | Annual Measure | Annual Measure | Annual Measure | Annual Measure | 46.5% | 80% | Unmet | OCP has continued to engage with client agencies on completing contractor performance evaluations. However, OCP continues to experience issues with Contract Administrators completing the initial contractor evaluations. In FY23, OCP has engaged with OCA on strategies to improve response rates by converting this metric into a citywide KPI. |
| Promote continuous innovation to achieve operational excellence and transparency. | | | | | | | | | | | |
| Percent of awarded contracts over \$100,000 publicly posted | Up is Better | 90.8% | 89.2% | Annual Measure | Annual Measure | Annual Measure | Annual Measure | 92.7% | 100% | Nearly Met | While the year-end target was not met, OCP was able to improve its FY 23 year end percentage by about 4 percentage points. As OCP migrates to the new PASS Cloud system, it is exploring the possibility of creating new reporting on contract and procurement metrics. |
| Enhance outreach and increase collaboration with both industry and client agencies. | | | | | | | | | | | |
| Percent of client agencies that are satisfied with OCP services | Up is Better | 57.6% | 57.1% | Annual Measure | Annual Measure | Annual Measure | Annual Measure | 70.6% | 75% | Nearly Met | While the year end target was not met, OCP was able to improve its FY 23 year end percentage by about 13 percentage points. OCP is considering a revamp of its customer service survey, to include new strategies for distribution and collection. |

2024 Operations

| Operations Header | Operations Title | Operations Description | Type of Operations | Add Workload Measure | Add Strategic Initiative |
|--|--|--|--------------------|----------------------|--------------------------|
| 1 - Promote excellence in OCP contracting and Strategic Logistics Center (SLC) services. (5 Activity records) | | | | | |
| Strategic Logistics Center (SLC) | Surplus Property | The District gains cost savings through the repurposing and redistribution of surplus property. OCP will auction surplus property no longer needed, generating additional revenue for the District | Daily Service | Add Workload Measure | Add Strategic Initiative |
| Strategic Logistics Center (SLC) | P-Card Utilization | The District of Columbia uses the P-Card Program as a fast and effective way for agencies to procure goods and services under \$5,000 for single purchases. The P-Card Program serves as an alternative method of procurement that reduces the processing cost and delivery time for small purchases. Over 75 agencies within the District use the P-Card Program as a vehicle for small purchases. | Daily Service | Add Workload Measure | Add Strategic Initiative |
| Strategic Logistics Center (SLC) | Warehouse | Warehouse stores supplies for citywide distribution. | Daily Service | Add Workload Measure | Add Strategic Initiative |
| Contracting & Procurement | Acquisition and Procurement Planning | All agencies under the authority of the Chief Procurement Officer (CPO) annually submit planned procurements to help OCP anticipate types of purchases, cycle times and resource allocation requirements. Contract Officers use milestone planning to define key tasks and processing requirements, inter-agency coordination, deliverables, and timelines for performing functions through project completion. The acquisition process is monitored throughout the procurement life cycle to identify constraints and implement appropriate technical assistance to keep activities on track. | Key Project | Add Workload Measure | Add Strategic Initiative |
| Contracting & Procurement | Contracting & Procurement | OCP conducts all contracting and procurement functions for agencies under the authority of the Chief Procurement Officer (CPO) | Daily Service | Add Workload Measure | Add Strategic Initiative |
| 2 - Promote continuous innovation to achieve operational excellence and transparency. (3 Activity records) | | | | | |
| Contracting & Procurement | Contract Transparency & Contractor Performance | OCP publishes/posts newly awarded and active contracts \$100,000 and above on the OCP web site for public access. OCP also maintains a contractor performance evaluation system. | Key Project | Add Workload Measure | Add Strategic Initiative |
| Systems, Data & Performance Division (SDPD) | Systems, Data & Performance Division (SDPD) | The SPDP Team develops and maintains server applications and SQL databases, updates both Internet and Intranet sites and improves IT functionality, creates and maintains dashboards, conducts data analyses, and oversees records management | Key Project | Add Workload Measure | Add Strategic Initiative |
| Operations | Office of Integrity and Compliance (OPIC) | In order to align management decisions with audit functions, a specific audit committee has been formed. | Key Project | Add Workload Measure | Add Strategic Initiative |
| 3 - Promote a culture of learning to sustain a more efficient workforce. (2 Activity records) | | | | | |
| Operations | Procurement Training Institute (PTI) | Core training on District procurement rules, regulations, policies, and procedures is required for all procurement staff operating under authority of the Chief Procurement Officer (CPO). | Key Project | Add Workload Measure | Add Strategic Initiative |
| Operations | Human Resources | The Office of Human Resources (OHR) provides human resource management services that position the Office of Contracting and Procurement to attract, develop and retain a well-qualified and diverse workforce. Establishing and maintaining HR policies and procedures helps maintain the integrity of OCP operations. | Daily Service | Add Workload Measure | Add Strategic Initiative |
| 4 - Enhance outreach and increase collaboration with both industry and client agencies. (2 Activity records) | | | | | |
| Operations | Customer Service and Communications | OCP will continue its series, "OCP in the Wards," which represents business outreach and engagement designed to demystify District procurement practices. DC Buys, a reverse vendor trade fair, monthly vendor workshops and other outreach events will occur. | Key Project | Add Workload Measure | Add Strategic Initiative |
| Operations | Office of the Ombudsman | The OCP Office of the Ombudsman supports contractors and subcontractors, operating under a valid District contract, to communicate their complaints, concerns and suggestions related to OCP's contracting and procurement matters. | Daily Service | Add Workload Measure | Add Strategic Initiative |

2024 Strategic Initiatives

| Strategic Initiative Title | Strategic Initiative Description | Proposed Completion Date |
|--|---|--------------------------|
| Contracting & Procurement (2 Strategic Initiative records) | | |
| Increase Outreach to CBEs | Each year, the District contracts with over 500 Certified Business Enterprises (CBEs) located within DC. Ensuring DC residents and businesses are getting a fair shot, Mayor Bowser has made supporting local businesses a key goal. In support of this goal, OCP plans to encourage more CBE participation in OCP solicitations by hosting CBE outreach events with a focus on CBE businesses in FY 24. OCP will host at least three workshops focused on CBEs throughout the fiscal year. | 09-30-2024 |
| Disparity Study Review | In April 2023, the District of Columbia Disparity study was released. In FY 24, OCP will participate in a cross-government committee consisting of various agency representatives to review the study and recommendations provided to the District. Upon review, the committee will provide a report on the feasibility of the recommendations and develop an implementation plan for the District. | 09-30-2024 |
| Systems, Data & Performance Division (SDPD) (2 Strategic Initiative records) | | |
| Upgrade the District's Contract Management System - Phase 2 | Due to unforeseen delays with the District's new financial system (DIFS), the PASS Cloud project will now go live in FY 25. OCP is transitioning the District's 18+ year old contract management system (PASS) to a modern cloud-based system (the Cloud). Moving to the Cloud will not only improve efficiency for contract professionals, but it will also improve the user experience for industry partners and agency clients. New functionality will also include enhancements to data and reporting, making it easier to track the status of procurement actions for contract professionals, industry partners and agency clients. In FY 24 OCP will prepare PASS Cloud to go live in FY 25 by completing, but not limited to, the following actions: 1) configuring the Cloud to meet the District's requirements; 2) integrating the Cloud with other District systems; 3) system testing; 4) communicating updates with all stakeholders; and 5) facilitating training for all PASS users and vendors. | 09-30-2024 |
| Integration and Updates of All OCP Systems to Support the PASS Cloud Implementation Best Practices | In conjunction with transitioning the District's 18+ year old contract management system (PASS) to a modern cloud-based system (the Cloud), OCP will work to improve other District systems that support the Cloud so that the maximum effectiveness of industry best practices in data reporting and transparency can be achieved. In FY 24, OCP will redesign the agency's data warehouse to provide additional data for dashboards that can be used by procurement professionals and client agencies to improve the management and oversight of the procurement of goods and services. Further integration and updates will be included to the Contractor Performance Evaluation System, Contracts and Procurement Transparency Portal, and OCP's document management system and archives, which will ultimately improve the transparency and data reporting for contract professionals, industry partners and agency clients. | 09-30-2024 |
| Warehouse (1 Strategic Initiative) | | |
| Expand Surplus Property Collections, Reutilization, and Sales from Reeves Center Move | With several District agencies relocating from the Reeves Center in FY 24, OCP will partner with those agencies to expand the collection of surplus property to increase reutilization and sales of District property. OCP will screen, tag, and retrieve the surplus property for either reutilization or for surplus auctions. | 09-30-2024 |

FY23 Reprogrammings**

| To Agency | From Agency | Primary Doc Key | Amount | Date Complete | Rationale |
|---------------------------------------|---------------------------------------|------------------------------|------------|---------------|---|
| Office of Contracting and Procurement | Office of Contracting and Procurement | Reprogramming Adjustment 333 | 240,000.00 | 8/21/23 | Funds were reprogrammed from personnel services (Account #7011001 and 7014007) to contractual services budget (Account #7131009). <i>This funded contractor resources to help with ARPA procurements.</i> The original obligation should have gone directly to this account initially. That did not happen, hence the reason for the reprogramming. |
| Office of Contracting and Procurement | Office of Contracting and Procurement | Reprogramming Adjustment 388 | 136,500.00 | 10/13/23 | Funds were reprogrammed from personnel services (Account #7011001 and 7014007) to contractual services budget (Account #7131009). <i>This funded contractor resources to help with ARPA procurements.</i> The original obligation should have gone directly to this account initially. That did not happen, hence the reason for the reprogramming. |
| Office of Contracting and Procurement | Office of Contracting and Procurement | Reprogramming Adjustment 389 | 200,000.00 | 10/16/23 | Funds were reclassified from IT Software acquisition Account #7171009 to to contractual services 7131009 to meet contractual obligations for PASS Cloud. <i>The original obligation was in the wrong account.</i> |

**OFFICE OF CONTRACTING
& PROCUREMENT**

Nonprofit Compensation

**Negotiated Indirect Cost Rate
Agreements**

Nonprofit Compensation

- **A Negotiated Indirect Cost Rate Agreement (NICRA)**
 - A Negotiated Indirect Cost Rate Agreement (NICRA) reflects an indirect cost rate negotiated between the federal government and a grant or contract awardee, which is used to calculate an awardee's compensation by federal agencies for indirect costs.

Nonprofit Compensation

- **If the Nonprofit has a current NICRA**
 - Nonprofit organizations shall be compensated for indirect costs incurred in provision of goods or performance of services within the terms of any grant or contract with the District pursuant to the nonprofit organization's unexpired NICRA.

Nonprofit Compensation

- **If there is no current NICRA**
 - If a nonprofit organization does not have an unexpired NICRA, the nonprofit organization may elect to be compensated for indirect costs:
 - (1) As calculated using a de minimis rate of 10% of all direct costs under the grant or contract;
 - (2) By negotiating a new percentage indirect cost rate with the awarding agency;
 - (3) As calculated with the same percentage indirect cost rate as the nonprofit organization negotiated with any District agency within the past 2 years; however nonprofit organizations may request to renegotiate indirect costs; or
 - (4) As calculated with a percentage rate and base amount, determined by a certified public accountant using the nonprofit organization's audited financial statements from the immediately preceding fiscal year, pursuant to the OMB Uniform Guidance, and certified in writing by the certified public accountant.

Indirect Cost Compensation Clause

- **Required Contract Clause**
 - Each contract and grant awarded by the District shall include an indirect cost compensation clause that obligates the contractor or grantee to pay indirect costs to any nonprofit organization subcontractor or subgrantee at the same rate as the nonprofit organization would receive as a contractor or grantee with the District.

Office of the Director

MEMORANDUM

TO: District Agency Directors
District Agency General Counsels

FROM: George Schutter 
Chief Procurement Officer

DATE: June 29, 2022

RE: Nonprofit Fair Compensation Act of 2020

Please be advised that on January 31, 2021, the Council passed the Nonprofit Fair Compensation Act of 2020 (NFCA), effective March 16, 2021 (D.C. Law 23-185; D.C. Official Code § 2-222.01). The NFCA requires the District to compensate a nonprofit organization for indirect costs incurred in provision of goods or performance of services within the terms of any grant or contract with the District. Nonprofits are required to be compensated at the same rate the nonprofit has negotiated with the federal government for a current federal contract or grant, known as a Negotiated Indirect Cost Rate Agreement or NICRA. If the nonprofit organization does not have a NICRA, the nonprofit may elect to be reimbursed at a 10 percent *de minimis* rate, at a new rate negotiated with the awarding agency, at a rate negotiated with any District agency in the previous 2 years, or at a rate determined by a certified public accountant in accordance with the requirements of the NFCA.

By way of background, indirect costs are costs that are not directly accountable to a particular contract, grant or project. Examples of indirect costs include overhead expenses, building rent, utilities, and salaries of administrative personnel. Direct costs, by comparison, are those costs that are incurred in the performance of a contract or for purposes of a grant. An indirect cost rate is simply a mechanism for determining what proportion of an organization’s administration costs can be allocated to a contract.

OCP is committed to making District contracting more accessible to the nonprofit community. Since the NFCA became effective, OCP has worked to implement the NFCA to District contracts regardless of value even though the NFCA allows for a phased in approach over a 5-year period according to the following schedule:

| Value of the Contract Base Period | Date NFCA Applies |
|--|-------------------|
| At or below \$1 million | October 1, 2021 |
| At or below \$5 million but greater than \$1 million | October 1, 2022 |
| At or below \$10 million but greater than \$5 million | October 1, 2023 |
| At or below \$25 million but greater than \$10 million | October 1, 2024 |
| Greater than \$25 million | October 1, 2025 |

OCP is currently working with the Office of the City Administrator and Executive Office of the Mayor to promulgate rules to implement this law as well as other initiatives to facilitate implementation across the District. We appreciate your efforts in educating your staff about the NFCA and its impact on any new grants or contracts to be awarded directly by your agency or on your agency’s behalf.

If you have any questions, please contact Keysha Taylor, OCP General Counsel, at keyshta.taylor@dc.gov or 202-724-4365.

Nonprofit Fair Compensation Act of 2020

Listening Session: April 13, 2023

Nonprofit Fair Compensation act

On January 31, 2021, the Council passed the Nonprofit Fair Compensation Act of 2020 (NFCA).

The NFCA requires the District to compensate nonprofit organizations for *indirect costs* incurred in the provision of goods or performance of services within the terms of any grant or contract with the District.

What are indirect costs?

Costs associated with being in business, including administration and overhead costs, that pertain to the operation of the business as a whole and cannot be assigned directly to a particular contract, grant or project.

- Sample indirect costs:
 - Administrative staff salaries
 - Training
 - Research
 - Strategic Planning
 - Auditing
 - Infrastructure costs
 - Maintenance
 - IT support
 - Utilities
 - Rent

NFCA Compensation Rates

The NFCA authorizes non-profit organizations to be compensated at any of the following rates:

1. At the same rate the non-profit has negotiated with the federal government for a current federal contract or grant, known as a Negotiated Indirect Cost Rate Agreement (NICRA),
2. If the nonprofit organization does not have a NICRA, at a 10 percent de minimis rate,
3. At a rate negotiated with any District agency in the previous 2 years, or
4. At a rate determined by a certified public accountant in accordance with the requirements of the NFCA.

NFCA: Five Year Phased Implementation

| Value of the District Contract/Grant Base Period | Date NFCA Applies |
|--|-------------------|
| At or below \$1 million | October 1, 2021 |
| At or below \$5 million but greater than \$1 million | October 1, 2022 |
| At or below \$10 million but greater than \$5 million | October 1, 2023 |
| At or below \$25 million but greater than \$10 million | October 1, 2024 |
| Greater than \$25 million | October 1, 2025 |

NFCA: Budget Implementation

Any proposed law that involves financial compensation needs to be reviewed by the District's budget team to assess its potential impact on the District budget, as well as ensuring that there are sufficient funds available to cover any new costs associated with the law's implementation.

A cost analysis was not conducted by the District's Office of Budget and Performance Management before implementing the NFCA to determine the financial impact it would have on the District's budget.

NFCA: Phased Implementation

DISTRICT CONTRACTS

OCP works with program agencies to apply the NFCA to all contracts regardless of the contract value, however some program agencies may need to adhere to the NFCA implementation schedule.

DISTRICT GRANTS

Each grant-making agency determines whether to follow the NFCA implementation schedule or apply the NFCA requirements to all grants administered by the agency.

Nonprofit Fairness Analysis

The Fiscal Year 2021 Budget Support Act of 2020 contained Title I, Subtitle I, the “Nonprofit Fairness Analysis” directing OCP to conduct a study by April 1, 2021:

The Analysis was meant to:

- 1) assess indirect cost funding on grants and contracts with District nonprofits over the last three fiscal years,
- 2) determine the extent to which the District government has retained indirect costs on federal pass-through funding, and
- 3) to develop recommendations for systems improvements and training for agency contract and grant staff.

Nonprofit Fairness Analysis - Status

- OCP developed and released an RFP on June 3, 2021, to the firms on the District's Supply Schedule to complete the study, however budget allocation for completion of the study did not align with cost estimates provided by vendors.
- The completion of the analysis does not impact the District's efforts to implement the requirements of the Nonprofit Fair Compensation Act.
- In partnership with the Office of Budget and Performance Management, the Assistant City Administrator's Office will be conducting a survey to obtain/collect agency information related to the implementation of the NFCA.

NFCA: Implementation to date

The District has been working on implementation of the NFCA since 2020 to include:

- Communications to District leadership and staff
- Training for District staff
- Updates to contracting and grant documentation
- Ongoing engagement and discussions with District nonprofits

NFCA: Implementation to date

- December 30, 2020, the Internal Services – Grants Division team presented the NFCA timeline and requirements summary to District government grant managers.
- January 28, 2021, the Internal Services – Grants Division team highlighted again the NFCA timeline summary to District government grant managers for awareness.
- March 16, 2021, Law became effective without financial impact assessment.
- October 2021, the Internal Services – Grant Division team joined the District Government General Counsel quarterly meeting to share grants updates, including the NFCA implementation.

NFCA: Implementation to date

- December 9, 2021, the Internal Services – Grant Division team conducted a meeting with District government grant managers to review NFCA requirements, proposed regulations, expectations and implementation.
- June 29, 2022, the Office of the Contracting and Procurement distributed a memorandum to District government executive agency directors and their general counsels regarding the NFCA and its requirements.
- June 30, 2022, the Office of Contracting and Procurement sent a communication to agency contracting officers regarding the requirements of the NFCA.
- July 7, 2022, the Office of Contracting and Procurement hosted a training session for contracting officers, where implementation of the NFCA (i.e. updated contract clauses) and the requirements of the NFCA were discussed.

NFCA: Implementation (Ongoing Efforts)

- The Office of Contracting and Procurement in partnership with the Assistant City Administrator's Office will be conducting two listening sessions regarding the District's implementation of the NFCA on March 28th and April 13th.
- In partnership with the Office of Budget and Performance Management, the Assistant City Administrator's Office will be conducting a survey to obtain/collect agency information related to the implementation of the NFCA.
- The District will work to issue NFCA regulations for public review and comment.

Questions and Answers

Please place your question in the virtual chat.
