The original fully executed MOA and the notification from Thurgood Marshall Academy requesting the extension are also attached to this routing form.	1/2/2024	8/30/2028
DC PCSB	The purpose of this MOU is for PCSB to provide funding to OSSE to support the operation of the common lottery system, to promote school choice to families through outreach strategies, and to facilitate a citywide public school fair (EdFEST).	1/3/2024	9/30/2024
Deputy Mayor for Education	DME and OSSE entered into an MOU on June 24, 2021 for funding related to the Elementary and Secondary School Emergency Relief Fund to enable the expansion of evidence-based summer enrichment programs. The Parties exercised the first option year for the MOU (titled Option Year Exercise Year 2 and Modification No. 2) on September 29, 2022. The Parties now desire to exercise an additional option year and to enter into this Modification Agreement for the services enumerated in the MOU. This funding will enable DME's Office of Out of School Time (DME OST) to expand its grant program for evidence-based summer enrichment programs to serve students who were disproportionately impacted by the COVID-19 pandemic.	1/3/2024	9/30/2024
Ombudsman	We are executing the option year for the ESSER-funded SPED Resource Center project.	1/3/2024	9/30/2024
Catholic University of America	The DC Futures Program aims to help address disparities in negative economic impacts by supporting DC residents as they complete their first associates or bachelor's degree by providing a last-dollar scholarship (tuition, fees, and cost of attendance) at three local universities, in addition to college coaching and support services that will address personal and financial barriers to completion. The support services include reimbursement for emergency fund requests and previous years' unpaid balance payments. DC Futures participants who enroll at the three partnering university (UDC, Catholic, Trinity) may request emergency funds to cover unexpected emergency expenses that would impact their ability to remain enrolled at the university they attend. Additionally, student can submit a one-time request to pay a previously unpaid balance at another university.	10/11/2023	9/30/2024

1 OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION

Mission: The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so District residents receive an excellent education and are prepared to achieve success in college, careers, and life.

Services: The Office of the State Superintendent of Education serves as the District of Columbia's State Education Agency (SEA). In this role, OSSE manages and distributes federal funding to education providers and exercises oversight responsibility over federal education programs and related grants administered in the District to ensure quality and compliance. OSSE also serves as the standard-bearer in education for the District of Columbia. OSSE develops state-level education policies and standards aligned with school, college, and workforce readiness expectations. OSSE further ensures that the District collects and reports accurate and reliable data. OSSE provides technical support to increase effectiveness among education providers, thereby improving outcomes for all students. OSSE also leads the Special Education Transportation (Agency Code GOO), Non-public Tuition (Agency Code GNO), and administers the District of Columbia Public Charter Schools Payments.

2 2024 OBJECTIVES

Strategic Objective

High quality and actionable data: OSSE will provide high-quality data and analysis that will empower Local Education Agencies (LEAs), Community-Based Organizations (CBOs), and providers to meet the needs of all learners and allow education partners to make informed policy decisions.

Quality and equity focus: OSSE will work with our education partners to set high expectations for program quality and align incentives to accelerate achievement for those learners most in need.

Responsive & consistent service: OSSE will provide responsive, consistent, and considerate customer service to free up LEAs, CBOs, and providers and allow them to focus on instruction and support for students.

Top notch talent: OSSE will attract, develop, and retain top-notch talent to build a highly effective state education agency that makes a meaningful contribution to DC education.

Create and maintain a highly efficient, transparent, and responsive District government.

3 2024 OPERATIONS

Operation Title	Operation Description	Type of Operation
High quality and actionable data: OSSE will provide high-quality data and analysis that will empower Local Education Agencies (LEAs), Community-Based Organizations (CBOs), and providers to meet the needs of all learners and allow education partners to make informed policy decisions.		
Key Education Issues	Conduct research and data analysis for key education issues for the District e.g., Student Mobility Report, Equity Reports, evaluations of key programs/projects, next generation assessment results, and fulfillment of additional data requests	Key Project
Continuous Improvement	Support accountability and continuous improvement across the District's education landscape. Manage state accountability system. Provide transparency on key education data	Daily Service
Technical Assistance and Support to LEAs	Provide technical assistance, oversight, and support to improve performance of low-performing schools and boost college- and career-readiness of students and equitable access to effective educators.	Daily Service
Reporting to the US Department of Education	Collect, validate and aggregate data for federal reporting from LEAs.	Key Project
Federal Meal Programs	Administer national school breakfast, national school lunch, and child and adult food care programs and federal meal programs designed to provide nutritious meals throughout the day, particularly for low income child and students.	Daily Service

Operation Title	Operation Description	Type of Operation
Implement Policy Agenda	Implement policy agenda, including coordinating with program offices to draft regulations and required reports. OSSE engages with LEAs and the public regarding proposed regulations through outreach and discussion with major stakeholder groups through means such as working groups, meetings, and public hearings. In addition, OSSE informs LEAs of new or updated regulations or policies through existing partner lists and coalitions or consortia, as well as through OSSE's weekly newsletter, the LEA Look Forward. OSSE provides a formal public comment period for proposed regulations (generally 30 days).	Daily Service
Transparent and Responsive Communications	Maintain transparent and responsive communications system to improve public outreach, inform the public and internal stakeholders about OSSE services, and provide access to critical data. osse.dc.gov learndc.org results.osse.dc.gov mcff.osse.dc.gov	Daily Service

4 2024 STRATEGIC INITIATIVES

Title	Description	Proposed Completion Date
High Impact Tutoring (HIT) for COVID Recovery	OSSE will expand access to high-quality, high-impact tutoring in schools and non-school sites across the District to support students who were disproportionately impacted by COVID and have historically been furthest from opportunity in order to help them overcome the effects of interrupted instruction and accelerate their learning. The initiative focuses on starting, strengthening, or expanding high-impact tutoring in 87 priority schools where at least 70% or more of the student body has been identified as at-risk and will provide additional, intensive supports to the schools identified by OSSE's accountability system as in the greatest need of additional supports. Because of how the program has been designed, Black students have participated in HIT at higher rates than the overall DC public school student population.	9/30/2024
Work-Based Learning Investments	Increase opportunities for critical work-based learning experiences through school-year internships for eligible career and technical education (CTE) students. In the 2023-24 school year, OSSE will ensure high quality execution of programming in the first year of operations at the permanent home of the Advanced Technical Center (ATC) at 1709 3rd St. NE. OSSE will leverage that experience to build a multi-year ATC sustainability plan, serving as a city-wide hub for CTE programming and innovation.	9/30/2024
DC Futures	Support 1500 DC residents to access postsecondary enrollment opportunities through direct financial support and coaching via the DC Futures Program. The coaching and financial support, including an emergency stipend and scholarship dollars to three District universities, support students from underrepresented backgrounds.	9/30/2024
Expanding the Teacher Pipeline	OSSE will expand and strengthen the educator pipeline by leveraging the grow your own (GYO) grant program and establishing a teacher apprenticeship program to attract, recruit, and develop DC residents and current paraprofessionals into fully-licensed educators. By the end of FY24, OSSE will award at least 2 grants to DC Educator Preparation Providers to support the GYO paraprofessional and baccalaureate pathways and establish the first citywide registered apprenticeship in teaching in the District.	9/30/2024
Course Data Collection Pilot	By the end of FY24, OSSE's Course Data Collection Pilot will compile a course catalog for the District of Columbia, collecting and mapping all public and public charter school course catalogs to the state course catalog, aligned to the School Courses for Exchange of Data standard.	9/30/2024

Council Oversight Hearings, FY2023

All data include students at all schools and LEAs where they were enrolled at any point in the 2022-23 school year, so numbers may not sum across tabs.

School: Count of students by school whose native language is not English

LEA: Count of students by LEA whose native language is not English

EL Status by Native Language: A breakdown of students whose native language is English by English Learner status at the state level

Language Counts: A state-level count of students whose native language is not English by native language

OSSE does not collect home language surveys. Instead, schools report native language in their school information system, which is used in these data as a proxy.

DC Council

DC Council

Provide student mobility rates at the state, LEA, and school levels for all students

Student mid year entry and exit from 2014-15 to 2022-23 at the school, LEA and STATE level.

In 2015, 2016, and 2017 if a student transits from a public school to a nonpublic school/juvenile justice school, the movement counts as an entry or exit. In 2018 onwards, if a student transits from a public school to a nonpublic school/juvenile justice school, the movement does not counts as an entry or exit.

Performance Oversight Hearing

- Overview: Details of file
 - Q45a: Dropout rates for ACGR 4-year cohorts
 - Q45b: Postsecondary enrollment rates for ACGR 4-year cohorts
- Disengaged refers to students in the cohort who did not graduate, are not currently enrolled, and did not receive an IDEA Certificate or State Diploma.
- Missing spaces indicate the schools did not offer 12th grade in those years due to either school expansion, contraction, or closure.
- Please note that postsecondary enrollment for FY23 will be provided once OSSE receives post-secondary enrollment data from the National Student Clearinghouse.
- Data are suppressed in accordance with OSSE's Data Suppression Policy, requiring the blinding of all denominators less than 10. In addition to suppressing these values, data are also secondarily suppressed (denoted by DS). This is done when only one value is suppressed while the total is provided, allowing for the suppressed value to be mathematically calculated. In order to avoid this, the next smallest N-size value is secondarily suppressed. Data that has been blinded in previous years will remain blinded to reflect historic suppression policies. For more information on OSSE's policies on data privacy and security, please visit: <https://osse.dc.gov/publication/osse-and-federal-privacy-laws>

All data are as of October 5, 2022.

Data are suppressed at $n < 10$. Secondary suppression is notated with a "DS".

Grades C1-C8 indicate high school-aged students with disabilities who are in an educational program to receive an IEP certificate, not a regular high school diploma.

G and I - Further breakdowns cannot be provided as a result of small n-sizes

K and related sheets - Students may have multiple types of related services prescribed, or none at all.

DC Council

(a) In table format, for School Years 2021-2022, and 2022-2023, how many DC students with IEPs graduated from high school with a diploma? With a certificate of completion? Please break down the numbers by LEA and students' nonpublic status. Please provide a reason for each student' exit without a diploma or certificate (e.g., transferred to another state, dropped out). (b) For each DCPS and public charter school, please provide outcomes data for students with disabilities transitioning out of school into adulthood, including the following data for School Years 2021-2022 and 2022-2023: (1) the number of students connected to a postsecondary pathway to graduation; and (2) the number of students attending college within a year of high school

2022_Q75A: IEP High School Diploma, Certificate, and Other Outcomes by LEA and Non-Public Status

2023_Q75B: IEP Students Enrolled in College and Other Postsecondary Pathways by School

(a) The methodology aligns with the universe of students who exited per federal reporting business rules (EdFacts FS009) . Only students aged 14 or older as of exit are included in these counts. Data are suppressed at $n < 10$.

The most recent available data are from SY2021 and SY2122 (as reported in January 2023).

(b) The universe of students who exited is consistent with EdFacts FS009 and IDEA Annual Performance Report (APR) Indicator 14, lagged by one year. Students who enrolled at a diploma-granting high school after their exit year are removed. Students who enrolled at an adult LEA were included under "training programs." Students can be counted in multiple types of outcomes. Data are suppressed at $n < 10$.

Please provide the following information, in table format, for the DC TAG program for fiscal years 2019-2020, 2021-2022, and 2023-2024:

- (a) Number of student participating in DC TAG: (1) overall; (2) broken down by ward; and (3) broken down by annual income level
- (b) Amount of funds expended through the program: (1) in total; and (2) broken down by ward of where students attend
- (c) Average DC TAG award amount for: (1) the District overall; and (2) broken down by ward.
- (d) Graduation rate for students receiving a DC TAG award.
- (e) List of institutions DC TAG students attend and the number of DC TAG students who attend each institution.

2023_Q94A(1)(2): Number of students participating in DC TAG overall and by ward

2023_Q94A(3): Number of students participating in DC TAG by income level

2023_Q94B: Total amount of funds expended and broken down by ward

2023_Q94C: Average DC TAG award amount overall and by ward

2023_Q94D: Graduation rates for students receiving DC TAG awards

2023_Q94E: List of institutions DC TAG students attend and number of attendees

2023_Q94E_Sup: List of institutions DC TAG students attend and number of attendees with data suppressed

The data presented here reflect DCTAG application, payment, and enrollment information as of 12/18/23. This file was shared with the PCE division, however, the data shared publicly (with Council) should be the suppressed version.

Ward-level data reflect the address students provided at the time of DC TAG application. Students who did not provide an address are reported as "unknown." Students may be assigned to a different ward across years, as they may report different addresses across years.

Similarly, students may enroll in different institutions across years and may count at multiple institutions.

The data presented here reflect the academic year rather than the fiscal year.

Graduation rates reflect the percentage of DC TAG students in the application cohort of the corresponding year who earned an advanced degree (e.g., MA, MD, Ph.D., etc.) within two years of application. Students who earned an advanced degree but do not have a BA or AA reported are assumed to have completed either a BA or AA within a two-year period. If a student is reported as earning an MA but does not have a BA reported, the BA graduation date was derived by deducting two years from the MA graduation date.

date. Students who earned a certificate or who are missing a degree-type are excluded from this analysis.

Numbers may not align with prior year reporting because of students may unenroll or have become ineligible after

Data for public release are suppressed in accordance with OSSE's Data Suppression Policy. For more information on
and security, please visit: <https://osse.dc.gov/publication/data-governance-and-privacy-osse>.
