1 INTRODUCTION

This document is the Fiscal Year 2025 Performance Plan for the Office of the Deputy Mayor for Education.

This Performance Plan is the first of two agency performance documents published each year. The Performance Plan is published twice annually – preliminarily in March when the Mayor’s budget proposal is delivered, and again at the start of the fiscal year when budget decisions have been finalized. A companion document, the Performance Accountability Report (PAR), is published annually in January following the end of the fiscal year. Each PAR assesses agency performance relative to its annual Performance Plan.

Performance Plan Structure: Performance plans are comprised of agency Objectives, Administrative Structures (such as Divisions, Administrations, and Offices), Activities, Projects and related performance measures. The following describes these plan components, and the types of performance measures agencies use to assess their performance.

Objectives: Objectives are statements of the desired benefits that are expected from the performance of an agency’s mission. They describe the goals of the agency.

Administrative Structures: Administrative Structures represent the organizational units of an agency, such as Departments, Divisions, or Offices.

Activities: Activities represent the programs and services an agency provides. They reflect what an agency does on a regular basis (e.g., processing permits).

Projects: Projects are planned efforts that end once a particular outcome or goal is achieved.

Measures: Performance Measures may be associated with any plan component, or with the agency overall. Performance Measures can answer broad questions about an agency’s overall performance or the performance of an organizational unit, a program or service, or the implementation of a major project. Measures can answer questions like “How much did we do?”, “How well did we do it?”, “How quickly did we do it?”, and “Is anyone better off?” as described in the table below. Measures are printed throughout the Performance Plan, as they may be measuring an objective, an administrative structure, an activity, or be related to the agency performance as a whole.

Measure Type	Measure Description	Example
Quantity	Quantity measures assess the volume of work an agency performs. These measures can describe the inputs (e.g., requests or cases) that an agency receives or the work that an agency completes (e.g., licenses issued or cases closed). Quantity measures often start with the phrase “Number of...”.	“Number of public art projects completed”
Quality	Quality measures assess how well an agency’s work meets standards, specifications, resident needs, or resident expectations. These measures can directly describe the quality of decisions or products or they can assess resident feelings, like satisfaction.	“Percent of citations issued that were appealed”

(continued)

Measure Type	Measure Description	Example
Efficiency	Efficiency measures assess the resources an agency used to perform its work and the speed with which that work was performed. Efficiency measures can assess the unit cost to deliver a product or service, but typically these measures assess describe completion rates, processing times, and backlog.	"Percent of claims processed within 10 business days"
Outcome	Outcome measures assess the results or impact of an agency's work. These measures describe the intended ultimate benefits associated with a program or service.	"Percent of families returning to homelessness within 6-12 months"
Context	Context measures describe the circumstances or environment that the agency operates in. These measures are typically outside of the agency's direct control.	"Recidivism rate for 18-24 year-olds"
District-wide Indicators	District-wide indicators describe demographic, economic, and environmental trends in the District of Columbia that are relevant to the agency's work, but are not in the control of a single agency.	"Area median income"

Agencies set targets for most performance measures before the start of the fiscal year. Targets may represent goals, requirements, or national standards for a performance measure. Agencies strive to achieve targets each year, and agencies provide explanations for targets that are not met at the end of the fiscal year in the subsequent Performance Accountability Report. Not all measures are associated with a target. For example, newly added measures do not require targets for the first year, as agencies determine a data-informed benchmark. Additionally, change in some quantity or context measures and District-wide indicators may not indicate better or worse performance, but are "neutral" measures of demand or input, or are outside of the agency's direct control. In some cases the relative improvement of a measure over a prior period is a more meaningful indicator than meeting or exceeding a particular numerical goal, so a target is not set.

2 OFFICE OF THE DEPUTY MAYOR FOR EDUCATION OVERVIEW

Mission: The Office of the Deputy Mayor for Education (DME) develops and advances the Mayor's vision for educational and workforce excellence in the District of Columbia. DME listens to residents, and actively coordinates government agencies, non-profit and private sector partners to maintain a high-quality education and workforce continuum from birth to adulthood. The office works tirelessly to create a city where all children, youth, and adults thrive; every child knows joy, feels safe, and is ready to learn; every student attends a high-quality school; and every youth and adult has opportunities for strong continuing education and family-sustaining jobs.

Summary of Services: The function of the DME is to plan, coordinate, and supervise all public education and education-related policies and activities under its jurisdiction. This includes developing and supporting policies to improve the delivery of educational services and opportunities from early childhood to the post-secondary education level; innovating and managing strategies for addressing the needs of children and families; and coordinating interagency initiatives targeted at supporting students and schools.

Objectives:

1. Community Engagement and Impact
2. District-Wide Planning
3. Strategic Coordination
4. Agency Support
5. Racial Justice and Equity
6. Efficient, Transparent, and Responsive Government

Structures:

1. DME Main
2. Office of Education through Employment Pathways
3. Office of Out of School Time Grants and Youth Outcomes

4 ADMINISTRATIVE STRUCTURES

4.1 DME MAIN

Activities under DME Main:

1. Interagency Coordination: The Office of the Deputy Mayor for Education will enhance interagency coordination to streamline communication and collaboration among existing programs focused on youth safety.

Related Measures	Measure Type	Directionality	FY2023	FY2024	FY2025 Target
Number of interagency engagements	Quantity	Up is Better	New in 2025	New in 2025	10

2. Data Resources: Publish visualization and data resources on DCPS and Public Charter Schools. Planning, Data, and Analysis team.
3. Racial Justice and Equity Action Plan (REAP): A comprehensive strategic plan outlining the DME's commitment to achieving racial justice and equity. The REAP will provide a landscape analysis of DME community engagement, strategic documents, and data sources that inform the DME's current project priorities and use those learnings to determine strengths and gaps within our system to inform best practices for implementing a racial justice and equity approach with fidelity.
4. School Communication: Facilitate cross-sector engagements with school communities to address and respond to their safety concerns.
5. Working Group: Per DC Official Code § 38-2911(a)(1), a UPSFF Working Group with representatives of DCPS, DC public charter schools, PCSB, the public, and government representatives to solicit input and recommendations for a final report regarding revisions to the formula.
6. SCDC Coordinating Committee: Develop recommendations for strengthening education and workforce development policies, procedures and programs for students in District care via a collaborative multi-stakeholder/agency process.
7. Communication Engagement: Monthly engagement efforts across channels in service of illustrating the Mayor's vision for academic excellence and a high-quality education continuum.
8. Virtual Course Hub: The Virtual Course Hub will provide high school students access to high-quality, rare courses not typically offered in high school or ones that are harder to staff and sustain based on individual school enrollments.

Related Measures	Measure Type	Directionality	FY2023	FY2024	FY2025 Target
Number of students enrolled in Virtual Course Hub courses	Outcome	Neutral	New in 2024	443	210

9. Every Day Labs: Scaling evidence-based attendance strategies in schools utilizing attendance letters and/or technology to reduce chronic absenteeism.

Related Measures	Measure Type	Directionality	FY2023	FY2024	FY2025 Target
Number of students contacted through Every Day Labs	Outcome	Neutral	51,075	163,499	42,000

4.2 OFFICE OF EDUCATION THROUGH EMPLOYMENT PATHWAYS

DHS					
Truancy Reduction Pilot	The DHS Truancy Reduction Pilot is a new program for FY25 that refers high school students who accrue 15 unexcused absences to DHS for truancy reduction education, external referrals, and supportive case management rather than referring them to Court Social Services.	FY24: n/a FY25: 5	Youth aged 14-17 who have accrued 15 unexcused absences and are enrolled at one of five participating pilot high schools (Anacostia, KIPP Legacy College Prep, Eastern, Digital Pioneers, and H.D. Woodson)	215	n/a; an interim report is scheduled to be completed by 3/31/25
Alternatives to Court Experience (ACE)	ACE receives both truancy and low-level delinquency diversions. Attendance-related services are available to all youth. Many (FY24 70%; FY 25 to date 64%:)) of the youth diverted for delinquency are also truant. Attendance-related services are available to all youth	FY 24: 75 schools (DCPS and public charters) FY 25: 47 schools (DCPS and public charters)	Youth who have allegedly committed status or low-level delinquency offenses in DC are diverted to ACE by MPD or OAG; Youth diverted to ACE are 12-17 years old.	FY24: 325 youth FY25: (10/1/24-01/31/25): 161 youth	<p>In FY24: 162 out of 180 youth (90%) that completed ACE in FY 24 improved their functionality (decrease in CAFAS score); 174 of the 180 youth (97%) that completed ACE in FY24 did not have additional legal involvement (an additional arrest or prosecution) during their participation in ACE; 64 of the 124 youth (52%) who completed ACE in FY24 with identified truancy issues improved their attendance while in ACE.</p> <p>In FY25: (10/1/24-01/31/25): 38 of the 41 youth (93%) that completed ACE in FY25 improved their functionality (decrease in CAFAS score); 41 of the 41 youth (100%) that completed ACE in FY25 did not have legal involvement (an additional arrest or prosecution) during their participation in ACE; 21 of the 30 youth (70%) with identified truancy issues who completed ACE in FY25 improved their attendance while in ACE.</p>

Parent and Adolescent Support Services (PASS)	PASS receives community, CFSA, school, and in-house referrals for youth who are truant, disobedient, or in need of intensive support. *Note: ACE and PASS were combined for FY20, with all NPS moved into ACE. This amount reflects PASS's full PS funding from both local and intradistrict sources.	FY24: 54 FY25: (10/1/24- 1/31/25): 48	PASS programs work with District youth ages 10-17 years old who are truant, extremely disobedient, or in need of intensive support. The ICM Program provides intensive case management services to identify and address the underlying causes of status offenses, and it connects youth to services to get back on track. The FFT program serves those that are at risk for and/or presenting with delinquency, violence, substance use, Conduct Disorder, Oppositional Defiant Disorder, or Disruptive Behavior Disorder. It has also been used for adolescents at risk for foster care placement. DCPS					
Attendance Counselors	Attendance POCs provide school-based support to improve student attendance. The objective of this role is to monitor and support the school’s compliance with DCPS attendance policies and procedures and implementation of truancy and attendance improvement strategies.	FY 24: All schools have an attendance POC FY25 (10/1/24-1/31/25): All schools have an attendance POC	All students.	N/A	N/A
Attendance Team	There are several programs supported by this team, including central specialists providing support to schools on data, policies, and improvement strategies. The team provides district wide support such as attendance letters, robo-calls and data collection and analysis. Some anticipated initiatives include "nudge notices to a subset of families of students who missed 5% or more of school days the previous school year, and Postcard Initiative, which ensures parents receive communication about not only the number of student absences but also what content learning was lost as a result.	All schools (117) receive central supports	All schools.	All students and schools are supported by districtwide central attendance support.	N/A

OSSE					
Truancy Prevention Guide distribution	OSSE prints and mails truancy prevention information and resources to parents with students who have been identified by LEAs as having accumulated 10+ unexcused absences. Based on other analyses, up to 18,500 should be sent each year. OSSE is required to provide the families of truant students with a truancy prevention resource guide (see D.C. Code § 38-2602).	All DC Public/Public Charter Schools and five private schools	Students who have accumulated 10 or more unexcused absences and their parents/caregivers		Outcome or evaluation data is not conducted for the truancy packets program.
Attendance Reports	OSSE publishes an Attendance Report each November, as Council requires. The report summarizes attendance trends by demographics and geography and analyzes trends. In SY23-24, OSSE found that: 1) A 10-percentage point increase in a student's in-seat attendance was associated with an average increase of 2.8 percentiles on their ELA SGP and 3.2 percentiles on their math SGP. 2) Students were, on average, 4.5 percentage points more likely to be absent on early dismissal days compared to regular school days. 3) There was a significant relationship between pre-kindergarten and kindergarten attendance. 4) There was no statistically significant relationship observed between high school students' travel times and absenteeism. 5) On average, chronic absenteeism decreased by 3.9 percentage points and chronic truancy decreased by 6.6 percentage points. 6) Throughout the year, the proportion of chronically absent students was lower than the past two years for every month. 7) Middle school chronic truancy rates decreased by 7.3 percentage points and high school chronic truancy rates decreased by 15.8 percentage points. 8) Profound chronic absence (missing 30%+) jumps from 5.5% to 27.3% between 8th grade and 9th grade.	n/a	n/a	n/a	n/a

Show Up, Stand Out (SUSO)	Show Up, Stand Out (SUSO) is a community-based truancy reduction program that helps parents/caregivers get their children to school every day. The program partners with schools to work with families of elementary and middle school students. SUSO serves as a first step intervention when students show early warning signs of attendance issues. SUSO grantees works directly with youth, parents, and caregivers to strengthen school attendance by providing them with the opportunity to receive case management and targeted resources to meet their needs.	13 DC Public Schools and 1 Charter School	Students in grades K-8 students with 3-5 consecutives unexcused absences Students in grades K-8 students with 5-9 total unexcused absences	SY 2023-2024 (as of 01/31/2024) 399 students referred and 129 students engaged in services, however, 111 parents/caregivers of students declined or was nonresponsive to program engagement.	Process and Outcome evaluations of SUSO program on student outcomes during SY 22-23 is underway, a report of analysis and findings is scheduled for completion in April 2024. SY 2023-2024 (as of 1/31/2024) 129 students were engaged in the SUSO program, Over 150 services were provided to students and their families; the top services provided included supports to address transportation, child attitudes or behaviors and food insecurity. Only 17 referrals were made to support needs not provided by SUSO program providers.

Draft Framework to Foster Effective Cross-Agency and Community Collaboration

Working Draft: June 18, 2024

1. Establish a Shared Vision and Mindset

- 1.1. Align on the nature, scale, and urgency of the problem.
- 1.2. Develop a shared, positive vision and goal for the work, including a focus on equity.
- 1.3. Obtain commitments from key leaders with authority and establish a shared priority.
- 1.4. Identify concrete points of entry for each stakeholder to address problem.

2. Build Infrastructure and Trust for Collaboration

- 2.1. Identify and engage critical partners from across government.
- 2.2. Engage key community stakeholders, including those most proximate.
- 2.3. Identify interests and roles of each key partner, including benefits of collaboration.
- 2.4. Establish clear roles and capacity to lead and support collaboration.
- 2.5. Convene and engage key partners on an ongoing basis to share and coordinate knowledge and activities.
- 2.6. Develop shared documents, operations, and procedures, as appropriate.

3. Develop and Implement a Shared Theory of Action

- 3.1. Review research, data, evidence, experience, stakeholder input, and other key information.
- 3.2. Develop a shared theory of action and priority strategies to achieve the goal.
- 3.3. Map existing initiatives, assets, and gaps.
- 3.4. Align roles and incentives to promote collaboration.
- 3.5. Develop measurable objectives and milestones and leverage existing (or gather new) data to achieve set goal.
- 3.6. Assess current data infrastructure and outline future data needs.
- 3.7. Confirm who will lead the collaboration.
- 3.8. Establish clear roles and responsibilities for partner agencies.

4. Commit Capacity and Resources

- 4.1. Identify and support personnel in each entity focused on collaboration as a core element of their work.
- 4.2. Determine what continued and additional resources are needed to successfully execute core strategies.
- 4.3. Assess what resources are currently available and how additional resources may be pursued, as appropriate.
- 4.4. Identify champions for the initiative in government, non-profits, business, communities, etc.

5. Promote Accountability and Continuous Improvement

- 5.1. Utilize formal communication channels to share progress toward milestones and goals.
- 5.2. Periodically review and continuously improve strategies based on data, evidence, feedback, judgment, etc.
- 5.3. Share progress of collaboration with key stakeholders and the community.
- 5.4. Regularly invite community members to deliver feedback on progress of collaborative initiatives and adapt to maximize impact.

1. Recommendations to Establish a Shared Vision and Mindset

- **Building on directional alignment that already exists, host time-bound conversation(s) to sharpen a shared vision and goal** to guide collective action toward reducing chronic absenteeism and establish strong structures and cultures for attendance.

- **Work with the Mayor's Office to convene agency leaders** to align on the urgency of attendance priorities, establish an ongoing engagement structure, and enhance accountability.
 - Develop clear roles and establish/revise MOUs and SOPs among agencies and organizations, including to better share data and resources to create more responsive attendance interventions.

2. Recommendations to Build Infrastructure and Trust for Collaboration

- **Strengthen infrastructure and capacity for collective action (“EDC 2.0”). Examples:**
 - **Ensure that the EDC Task Force includes full array** of critical agencies and organizations, and that leadership is committed to supporting emergent solutions.
 - **Establish a Steering Committee with members** from the most essential agencies to guide strategy development, work plans, and continuous improvement.
 - **Re-convene Working Groups with members and chairs** from different agencies and organizations, meeting monthly to develop strategies, designed around elements of a comprehensive framework (**as recommended in Slide 13**), with clear reporting mechanisms to the broader EDC Task Force and Steering Committee.
 - **Maintain quarterly Task Force meetings** open to full membership, supplemented with more frequent working sessions on specific attendance challenges involving a smaller set of relevant agencies.

- **Deepen and formalize engagement with key stakeholders (students, families, educators, etc.) to elevate their lived experiences, needs, and roles in strategy implementation. Examples:**
 - **Councils of students and parents/caregivers**, led by community and school-facing agencies, to provide insights on root causes, priority-setting, and engagement/support strategies. **These councils should be compensated for their time.**
 - **Student and parent representatives** on the Task Force.
 - **Workshops led by school leadership teams and/or educators** to highlight promising practices or on-the-ground perspectives on the efficacy of interventions.
 - **Ongoing focus groups** across the city, targeted in areas of greatest need.

3. Recommendations to Develop a Shared Theory of Action and Strategy

- **Develop a shared framework to enhance and continuously improve a more collective,** comprehensive strategy to address chronic absenteeism and achieve the shared vision/goal. **This should build on programs and strategies already in place.**
- **Use literature on the science of learning and development,** as well as evidence and lived experience to inform comprehensive strategy.

- **Building on the mapping to date, create a fuller, living inventory of active attendance promotion programs** to inform a comprehensive plan, including ways to best leverage federal funding.
- **Empower each working group in core areas** to review current strategies, determine best roles, streamline/enhance delivery (including what we should do and stop doing), identify and address gaps, etc.
- **Prioritize and advance early, evidence-based actions in each area.** (See Appendix for examples.)

4. Recommendations to Improve Commitment of Capacity and Resources

- **Ensure that each member agency has the capacity for dedicated staff who serve on the Task Force and are directly tied to agency leadership.**
- **Craft policy and budgetary recommendations to share with the Mayor, Council, and other District education leaders.** As a body that convenes relevant stakeholder agencies, the EDC Task Force should actively participate in policy development and follow the city's budget cycle to coordinate requests, elevate successful initiatives, and scale practices.

- **Use the EDC/collective action mechanism to curate professional development opportunities and technical assistance for Task Force members.** Leverage partnerships with school leaders and community-based and national organizations for one-off engagements as well as deeper, sustained learning over a series of sessions. In coordination with working groups, topics might include:
 - Mobilizing private financial resources
 - Improving the use of data
 - Determining and addressing systemic factors
 - Developing practices for improving the school environment
 - Individualizing strategies for improving attendance

5. Recommendations to Promote Accountability and Continuous Improvement

- **Establish objective measures of progress** within the elements of the EDC's comprehensive strategy to track impact of interventions on attendance. Provide regular reports of Task Force actions to the public, including relevant data, progress on goals, and future projections.

- **Create a self-assessment mechanism, through member surveys or reflective working sessions,** to continuously improve the collaborative structure of the EDC Task Force.
- **Establish a real-time attendance data mechanism and increase the frequency of reporting attendance data relevant to goals.**
 - Create a digital, public-facing dashboard to project key data points.
 - Schedule regular data presentations by agency leads during EDC Task Force meetings to support timely decision-making and strategy adjustments.

Roll-Up of Top 20 Draft Recommendations

1. Establish a Shared Vision and Mindset

1. Shift mindset to collective action, based on a shared framework.
2. Gather and ensure ongoing leadership commitment.
3. Establish a more defined, shared vision/goal.

2. Build Infrastructure and Trust for Collaboration

4. Strengthen EDC capacity/ infrastructure for coordination.
5. Establish Steering Committee.
6. Re-convene Working Groups.
7. Optimize EDC Task Force membership.
8. Supplement quarterly Task Force meetings with more frequent working sessions.
9. Formalize mechanisms for ongoing student, family, and educator engagement & support.

3. Develop and Implement a Shared Theory of Action

10. Use a shared framework to develop a more comprehensive strategy to address chronic absenteeism.
11. Consider science, evidence, and lived experience in an ongoing manner.
12. Create a fuller map/ inventory of key initiatives aligned to shared framework.
13. Empower each Working Group to consider best initiatives, roles, improvements, etc.
14. Advance early actions in each area.

4. Commit Capacity and Resources

15. Ensure capacity at each agency/entity, connected to leadership.
16. Use convening authority to provide ongoing technical assistance and elevate field experience.
17. Craft policy and budget recommendations through Working Groups.

5. Promote Accountability and Continuous Improvement

18. Establish objective, sequenced measures of progress.
19. Establish more real-time data mechanisms.
20. Create self-assessment mechanisms, such as through surveys.
