1 OFFICE OF LABOR RELATIONS AND COLLECTIVE BARGAINING

Mission: The mission of the Office of Labor Relations and Collective Bargaining (OLRCB) is to effectively represent the District as the principal management advocate in the administration of a comprehensive labor management program.

Services: Representing management before the Public Employee Relations Board (PERB) in negotiation matters, unit determinations, unfair labor practices, negotiability appeals, arbitration appeals and impasse proceedings; Advising and representing the Mayor and District departments, offices and agencies in matters involving collective bargaining, working conditions and compensation agreements and the impact and effects of changes in conditions of employment; advising the Mayor and District departments, offices and agencies concerning all aspects of labor relations; Developing and presenting cases before third party in mediation and arbitration proceedings; Representing the Mayor on joint labor management committees and work groups; Training labor liaisons, managers, supervisors and management officials concerning their rights and obligations under the Comprehensive Merit Personnel Act (CMPA), applicable collective bargaining agreements (CBAs) and applicable labor law, policies and procedures; and Developing, implementing and administering citywide labor initiatives.

2 2024 ACCOMPLISHMENTS

Accomplishment	Impact on Agency	Impact on Residents
OLRCB achieved 100% of collective bargaining agreement matters where the first negotiation session was held within 60 days of receiving the demand.	This accomplishment demonstrates OLRCB's efficiency in managing labor relations and its commitment to meeting key performance targets. By adhering to strict timelines, OLRCB strengthens its reputation as a responsive and proactive agency, capable of handling labor negotiations swiftly and effectively, which further enhances its overall performance.	Timely negotiations help ensure that labor agreements are reached without delays, minimizing disruptions to public services. Residents benefit from uninterrupted government operations, as timely agreements lead to stable work environments, which support ongoing public service delivery and a more effective government workforce.
OLRCB successfully closed 42 litigation matters without litigation, an increase from the previous year, showing a growing ability to resolve issues through means other than formal legal proceedings.	This accomplishment underscores OLRCB's ability to find alternative dispute resolution methods, improving the agency's overall operational efficiency. It not only reduces legal expenditures but also builds a more cooperative relationship with labor partners, contributing to a healthier working environment, and thus improving labor relations.	By resolving cases without litigation, OLRCB prevents the District government from incurring excessive legal costs and delays. This efficient use of resources ensures that more public funds can be allocated to essential services for DC residents, promoting a more efficient and effective government.
OLRCB successfully met its training goals by holding 4 labor liaison trainings and over exceeded its other training goals by hosting 9 agency labor relations trainings in FY24, focusing on educating DC Government staff and management on labor laws, collective bargaining agreements, and the Comprehensive Merit Personnel Act (CMPA).	This accomplishment enhanced OLRCB's internal capabilities, improving the agency's ability to manage labor relations and enforce policies effectively. The success of these training programs helps strengthen OLRCB's role in maintaining a compliant and knowledgeable workforce, ultimately boosting its performance and the quality of its services.	By ensuring that labor liaisons and managers in unionized environments are well-trained in labor laws and procedures, OLRCB can better manage labor relations within the District government. This leads to smoother negotiations and quicker resolution of issues that impact public services, ultimately benefiting DC residents through more efficient and fair government operations.

1 INTRODUCTION

This document is the Fiscal Year 2025 Performance Plan for the Office of Labor Relations and Collective Bargaining.

This Performance Plan is the first of two agency performance documents published each year. The Performance Plan is published twice annually – preliminarily in March when the Mayor's budget proposal is delivered, and again at the start of the fiscal year when budget decisions have been finalized. A companion document, the Performance Accountability Report (PAR), is published annually in January following the end of the fiscal year. Each PAR assesses agency performance relative to its annual Performance Plan.

Performance Plan Structure: Performance plans are comprised of agency Objectives, Administrative Structures (such as Divisions, Administrations, and Offices), Activities, Projects and related performance measures. The following describes these plan components, and the types of performance measures agencies use to assess their performance.

Objectives: Objectives are statements of the desired benefits that are expected from the performance of an agency's mission. They describe the goals of the agency.

Administrative Structures: Administrative Structures represent the organizational units of an agency, such as Departments, Divisions, or Offices.

Activities: Activities represent the programs and services an agency provides. They reflect what an agency does on a regular basis (e.g., processing permits).

Projects: Projects are planned efforts that end once a particular outcome or goal is achieved.

Measures: Performance Measures may be associated with any plan component, or with the agency overall. Performance Measures can answer broad questions about an agency's overall performance or the performance of an organizational unit, a program or service, or the implementation of a major project. Measures can answer questions like "How much did we do?", "How well did we do it?", "How quickly did we do it?", and "Is anyone better off?" as described in the table below. Measures are printed throughout the Performance Plan, as they may be measuring an objective, an administrative structure, an activity, or be related to the agency performance as a whole.

Measure Type	Measure Description	Example
Quantity	Quantity measures assess the volume of work an agency performs. These measures can describe the inputs (e.g., requests or cases) that an agency receives or the work that an agency completes (e.g., licenses issued or cases closed). Quantity measures often start with the phrase "Number of...".	"Number of public art projects completed"
Quality	Quality measures assess how well an agency's work meets standards, specifications, resident needs, or resident expectations. These measures can directly describe the quality of decisions or products or they can assess resident feelings, like satisfaction.	"Percent of citations issued that were appealed"

(continued)

Measure Type	Measure Description	Example
Efficiency	Efficiency measures assess the resources an agency used to perform its work and the speed with which that work was performed. Efficiency measures can assess the unit cost to deliver a product or service, but typically these measures assess describe completion rates, processing times, and backlog.	"Percent of claims processed within 10 business days"
Outcome	Outcome measures assess the results or impact of an agency's work. These measures describe the intended ultimate benefits associated with a program or service.	"Percent of families returning to homelessness within 6-12 months"
Context	Context measures describe the circumstances or environment that the agency operates in. These measures are typically outside of the agency's direct control.	"Recidivism rate for 18-24 year-olds"
District-wide Indicators	District-wide indicators describe demographic, economic, and environmental trends in the District of Columbia that are relevant to the agency's work, but are not in the control of a single agency.	"Area median income"

Agencies set targets for most performance measures before the start of the fiscal year. Targets may represent goals, requirements, or national standards for a performance measure. Agencies strive to achieve targets each year, and agencies provide explanations for targets that are not met at the end of the fiscal year in the subsequent Performance Accountability Report. Not all measures are associated with a target. For example, newly added measures do not require targets for the first year, as agencies determine a data-informed benchmark. Additionally, change in some quantity or context measures and District-wide indicators may not indicate better or worse performance, but are "neutral" measures of demand or input, or are outside of the agency's direct control. In some cases the relative improvement of a measure over a prior period is a more meaningful indicator than meeting or exceeding a particular numerical goal, so a target is not set.

2 OFFICE OF LABOR RELATIONS AND COLLECTIVE BARGAINING OVERVIEW

Mission: The mission of the Office of Labor Relations and Collective Bargaining (OLRCB) is to effectively represent the District as the principal management advocate in the administration of a comprehensive labor management program.

Summary of Services: Representing management before the Public Employee Relations Board (PERB) in negotiation matters, unit determinations, unfair labor practices, negotiability appeals, arbitration appeals and impasse proceedings; Advising and representing the Mayor and District departments, offices and agencies in matters involving collective bargaining, working conditions and compensation agreements and the impact and effects of changes in conditions of employment; advising the Mayor and District departments, offices and agencies concerning all aspects of labor relations; Developing and presenting cases before third party in mediation and arbitration proceedings; Representing the Mayor on joint labor management committees and work groups; Training labor liaisons, managers, supervisors and management officials concerning their rights and obligations under the Comprehensive Merit Personnel Act (CMPA), applicable collective bargaining agreements (CBAs) and applicable labor law, policies and procedures; and Developing, implementing and administering citywide labor initiatives.
