ARTICLE 7 OVERTIME

SECTION A: Overtime Work:

Hours of work authorized in excess of an employees assigned tour of duty in a day or forty (40) hours in a pay status in a work week shall be overtime work for which an employee shall receive either overtime pay or compensatory time unless the employee has used unscheduled leave during the forty (40) hour work week. The unscheduled leave rule will not apply when an employee has worked (back-to-back shifts) and takes unscheduled leave for an eight (8) hour period following the back-to-back shift or where an employee has indicated his/her preference not to work overtime and the Employer has

no other option but to order the employee to work overtime. Scheduled leave is leave requested and approved prior to the close of the preceding shift.

SECTION B: Compressed, Alternate and Flexible Schedules:

1. Compressed, Alternate and Flexible schedules may be jointly determined within a specific work area that modifies this overtime provision (as outlined in Section A of this Article) but must be submitted to the parties to this contract prior to implementation. This Agreement to jointly determine compressed schedules does not impact on the setting of the tour of duty.

2. When an employee works a Compressed, Alternate, and Flexible schedule, which generally means (1) in the case of a full-time employee, an 80-hour biweekly basic work requirement which is scheduled for less than 10 workdays, and (2) in the case of a part-time employee, a biweekly basic work requirement of less than 80 hours which is scheduled for less than 10 workdays, the employee would receive overtime pay or compensatory time for all hours in a pay status in excess of his/her assigned tour of duty, consistent with the 2004 District of Columbia Omnibus Authorization Act, 118 Stat. 2230, Pub. L. 108-386 Section (October 30, 2004).

3. The purpose of this Section is to allow for authorized Compressed, Alternate, and Flexible time schedules which exceed eight (8) hours in a day or 40 hours in a week to be deemed the employee's regular tour of duty, and not be considered overtime within the confines of the specific compressed work schedule and this Article. Bargaining unit members so affected would receive overtime or compensatory time for all hours in pay status in excess of their assigned tour of duty.

SECTION C:

Subject to the provisions of Section D of this Article, an employee who performs overtime work shall receive either pay or compensatory time at a rate of time and one-half (1-1/2) for each hour of work for which overtime is payable.

SECTION D:

Bargaining Unit employees shall receive overtime pay unless the employee and the supervisor mutually agree to compensatory time in lieu of pay for overtime work. Such mutual agreement shall be made prior to the overtime work being performed.

SECTION E:

Paramedics and Emergency Medical Services Technicians employed by the Fire and Emergency Medical Services Department and represented by the American Federation of Government Employees, Local 3721 shall earn overtime after they have worked 40 hours in a week.

SECTION B:

SECTION C:

Time off pursuant to a sick leave incentive award shall be selected by the employee and requested at least three (3) full workdays in advance of the leave date. Requests for time off pursuant to an incentive award shall be given priority consideration and the employee's supervisor shall approve such requests for time off unless staffing needs or workload considerations dictate otherwise. If the request is denied, the employee shall request and be granted a different day off within one month of the date the employee initially requested. Requests for time off shall be made on the standard "Application for Leave" form.

SECTION D:

All incentive days must be used in full-day increments following the leave year in which they were earned. The Employer will notify the employee of their sick leave incentive day(s) no later than March of each year. The incentive day(s) will also be credited to the employee's leave account no later than the end of April of each year. Incentive days may not

be substituted for any other type of absence from duty. There shall be no carryover or payment for any unused incentive days.

SECTION E:

Part-time employees are not eligible for the sick leave incentive as provided in this Article.

SECTION F:

This program shall be in effect in Fiscal Years 2022, 2023, 2024 and 2025.

SECTION A:

Each department or agency shall eliminate or reduce to the lowest level possible all hazards, physical hardships, and working conditions of an unusual nature. When such action does not overcome the hazard, physical hardship, or unusual nature of the working condition, additional pay is warranted. Even though additional pay for exposure to a hazard, physical hardship, or unusual working condition is authorized, there is a responsibility on the part of a department or agency to initiate continuing positive action to eliminate danger and risk which contribute to or cause the hazard, physical hardship, or unusual working condition. The existence of pay for exposure to hazardous working

Where the agreement is for a newly certified collective bargaining unit assigned to an existing compensation unit, the parties shall proceed promptly to negotiate simultaneously any working conditions, other non-compensatory matters, and coverage of the compensation agreement. There should not be read into the new language any intent that an existing compensation agreement shall become negotiable when there is a newly certified collective bargaining unit. Rather, the intent is to require prompt negotiations of non-compensatory matters as well as application of compensation (e.g., when pay scale shall apply to the newly certified unit).
