

GOVERNMENT OF THE DISTRICT OF COLUMBIA
METROPOLITAN POLICE DEPARTMENT

February 23, 2026

The Honorable Brooke Pinto
Chair, Committee on the Judiciary and Public Safety
1350 Pennsylvania Avenue, NW
Washington, DC 20004

Dear Councilmember Pinto:

This letter is in response to the Committee questions in advance of the Metropolitan Police Department (MPD) Fiscal Year 2025 Performance Oversight Hearing.

Contents

Governance and Personnel (Questions 1-8).....	1
Finance and Budget (Questions 9-13).....	8
Operations (Questions 14-20)	9
Laws, Audits, and Reports (Questions 21-29).....	14
Data (Questions 30-31)	21
<i>Agency-Specific Questions</i>	23
Personnel, Staffing, and Training (Questions 32-73).....	23
Policing Practices and Training (Questions 74-129).....	44
Violent Crime and Crime Data (Questions 130-162).....	76
School Resource Officers and Policing on School Grounds (Questions 163-173).....	93
Oversight, Accountability, and Reporting (Questions 174-187).....	98
Specific Incidents (Questions 188-191)	106
Requests for Criminal Arrest Histories (Question 192)	107
Capital Budget Investments (Questions 193-195)	107
Fines and Fees (Questions 196-197)	108
Use of Artificial Intelligence (Questions 198-203).....	109

Governance and Personnel (Questions 1-8)

1. ***Please provide a complete and current organizational chart for the agency and each division and subdivision within the agency, including:***
 - a. ***The names and titles of all senior personnel;***

The requested organizational chart is attached, and the table below identifies the senior personnel (1a) and civilian vacancies (1d) that are funded and approved for hiring. It does not reflect sworn ‘vacancies’ as deployment is allocated according to the current staffing levels. All new recruits are assigned to patrol in the districts upon graduation from the

training academy, and veteran sworn members are allocated to address current and emerging issues as needed.

As of 1/27/2026	Title	Name	Sworn FTEs	Civilian FTEs	Civilian Vacancies
Executive Office of the Chief of Police	Interim Chief of Police	Jeffery Carroll	1	0	0
Office of the Chief of Staff	Chief of Staff	Carl Amritt	10	27	4
Office of the General Counsel	General Counsel	Mark Viehmeyer	7	33	2
Office of Resource Accountability	Director	Patricia Cambel	0	6	1
Office of the Specialized Operations Chief	Vacant		17	0	0
Office of the Patrol Operations Chief	Executive Assistant Chief	Andre Wright	3	1	0
<i>Youth & Family Engagement Division</i>	Commander	Sharde' Harris	150	19	3
<i>Cadets in YFED</i>	Inspector	Michael Jones		122	28
Subtotal			188	208	38
Homeland Security Bureau	Assistant Chief	Carlos Heraud	5	0	0
Analytical Services Division	Director	Brandy Cramer	0	24	4
Office of Homeland Security Intelligence	Acting Captain	Nicole Copeland	13	4	0
Real Time Crime Center Division	Captain	Kathleen Monahan	66	36	9
Special Operations Division	Commander	Jason Bagshaw	185	17	7
Subtotal			269	81	20
Internal Affairs Bureau	Assistant Chief	Tasha Bryant	4	3	0
Court Liaison Division	Director	Rhonda Robinson	8	8	1
Internal Affairs Division	Commander	John Knutsen	46	5	1
Risk Management Division	Commander	Randy Griffin	1	12	2
Subtotal			59	28	4

b. A description of the roles and responsibilities for each division and subdivision;

MPD operates through the following bureaus:

Executive Office of the Chief of Police (EOCOP) – provides management, oversight, and direction for the agency.

- Patrol Operations – oversees the Office of the Field Commander, Patrol Services North and South, and the Youth and Family Engagement Division;
 - Youth and Family Engagement Division – provides specialized and outreach services to youth, including students, at-risk youth, and youth offenders, investigates certain crimes against youth, manages the school safety services to the District of Columbia Public Schools and Public Charter Schools, and manages the Cadet Program;
- Specialized Operations – oversees the Executive Protective Unit and the Investigative Services Bureau, the Homeland Security Bureau, the Internal Affairs Bureau, the Professional Development Bureau, and the Technical Services Bureau;
- Office of the Chief of Staff – oversees internal and external communications, and community affairs;
- Office of the General Counsel – provides advice and counsel to the Chief of Police, represents the Department in administrative litigation, processes and responds to civil and criminal subpoenas, responds to requests under the Freedom of Information Act, oversees policy, legislative affairs, government relations, organizational performance management, and language access services; and
- Office of Resource Accountability – coordinates strategic budgeting, spending, procurement, and grants, and serves as the liaison to the Agency Fiscal Officer.

Patrol Services Bureaus, North and South – coordinates crime prevention and reduction efforts in the seven police districts. In addition to providing professional and effective patrol services throughout the District, this division responds to all calls for police service and coordinates police services to residents, visitors, and commuters.

- Patrol Services North comprises the Second, Third, Fourth, and Fifth Police Districts, as well as the Reserve Corps, Co-Response Team, and Special Liaison Branch; and
- Patrol Services South comprises the First, Sixth, and Seventh Police Districts.

¹ Through the U.S. Department of Justice (DOJ) Sexual Assault Kit Initiative, MPD was awarded two grant funded FTEs which are detailed to DFS. Although DFS is responsible for selecting and hiring these forensic scientists, the two FTEs remain in MPD's budget.

Investigative Services Bureau – works with the community to solve crimes, helps bring offenders to justice, supports the recovery of victims, and protects witnesses.

- Criminal Investigations Division (CID) – investigates homicides and sexual assaults, oversees specialized investigative units, and provides assistance to victims;
- District Investigations Division – centralizes investigations of crimes other than those under the purview of CID so that offenders are brought to justice; and
- Violent Crime Suppression Division – provides proactive, intelligence-driven criminal enforcement services so that citizens can live in neighborhoods free from illegal guns and drug-related crime.

Homeland Security Bureau – integrates intelligence and operational functions to ensure that the District is well protected, and that the government prevents and is prepared to respond to threats and critical incidents. The Bureau also works directly to support patrol operations to reduce crime and fear of crime with specialized patrol and tactical resources, and works constantly to improve information-sharing, process relevant information, and provide actionable intelligence to relevant personnel.

- Analytical Services Division – provides analytical support assisting in the crime prevention and the deployment of resources, closure of cases, and strategic planning;
- Real Time Crime Center – provides real-time tactical and strategic support to department personnel and public safety partners by co-locating personnel and leveraging technology and information systems; and
- Special Operations Division – provides specialized patrol, tactical, rescue, traffic, and security services to the public, businesses, and government in the District.

Internal Affairs Bureau – acts as the guardian of MPD’s reputation and ensures accountability through comprehensive investigations of alleged misconduct and uses of force.

- Court Liaison Division – coordinates officer appearances related to criminal and traffic cases;
- Internal Affairs Division – conducts general investigations into allegations of police misconduct and use of force by MPD personnel and EEO investigations; and
- Risk Management Division – serves as the liaison to the Office of Police Complaints (OPC) and recommends training and policy improvements for employees and supervisors who are exhibiting concerning behaviors.

Technical Services Bureau – provides operational support with innovative, secure, accessible, and resilient technological systems and modernized business processes.

- Technology Division – supports the agency’s IT and engineering infrastructure platform, supports all MPD hardware and desktop security, manages CCTV and body-worn camera programs, and maintains critical public safety applications and enterprise services;
- Records Division – maintains and provides police records and background checks to the public, local government agencies, and the criminal justice community, and manages registration and concealed carry licensing for lawful gun owners;

- Evidence Control Division – provides support in receiving and transferring evidence for MPD and other law enforcement agencies, and manages officer equipment, uniforms, and supplies for the Department; and
- Fleet Services Division – purchases and maintains MPD’s fleet.

Organization Culture and Wellness Bureau – supports organizational development and a thriving workforce, helps the Department strategically manage its human capital through recruiting, hiring, training, and personnel services.

- Human Resource Management Division – manages hiring processes for all MPD staff, retains staff, and makes appropriate duty status determinations for sworn personnel;
- Medical Services Division – manages the Police and Fire Clinic, and the medical services contract that provides medical care for sworn members who sustain occupational injuries and illnesses, and conducts medical examinations for sworn members and applicants;
- Disciplinary Review Division – reviews sustained misconduct cases for MPD employees, recommends discipline, and conducts resolution and adverse action hearings;
- Metropolitan Police Academy – develops and assesses evidenced-based curricula and instructional methodologies to facilitate excellence in MPD training, provides training to MPD recruits and agency personnel to create a capable, knowledgeable, and professional staff; and
- Recruiting Division – conducts outreach to attract qualified recruit candidates, conducts thorough and extensive background investigations for all applicants for sworn and professional staff, works with other units to support efficient hiring, and develops and manages the civil service promotional processes.

c. A narrative explanation of any changes to the organizational chart made in the last calendar year; and

With the departure of the Chief Administrative Officer in September 2025, the Office of the Chief Administrative Officer (OCAO) was abolished and the Office of Resource Accountability was created. Other OCAO offices were realigned within the Executive Office of the Chief of Police. Effective November 13, 2025, the Professional Development Branch was abolished and the Metropolitan Police Academy Division, Recruiting Division, and Disciplinary Review Division were realigned reporting to the Organizational Culture and Wellness Bureau. Additionally, as part of this move, the Office of Testing was moved to the Recruiting Division.

d. An indication of whether any positions in the chart are vacant.

Please see the response in question (1a).

- Please provide a complete, up-to-date list of contract workers working directly for your agency, ordered by program and activity, and including the following information for each position:***

- a. *Title of position;*
- b. *Indication that the position is filled or vacant;*
- c. *Date employee began in the position;*
- d. *Whether the position must be filled to comply with federal or local law;*
- e. *If applicable, the federal or local law that requires the position be filled;*
- f. *The entity from which they are contracted; and*
- g. *The contracted annual cost.*

Title of Position	Filled / Vacant	Start Date	Req'd by Law	PO Issued To	Employer of Record	Annual Cost
AWS Data Engineer	Filled	8/15/22	No	Computer Aid, Inc.	Enlightened	\$258,939

Totals	56	88	-32

4. *Does the agency conduct annual performance evaluations of all its employees? If so, who conducts such evaluations? What steps are taken to ensure that all office employees are meeting individual job requirements?*

The Metropolitan Police Department conducts annual performance evaluations for all employees in accordance with internal MPD policy. These evaluations are completed by each employee's immediate supervisor and reviewed and approved by the responsible manager to ensure accuracy, consistency, and alignment with established performance standards.

To further ensure that all employees are meeting their individual job requirements, the Human Resources Management Division began conducting audits in November 2025. Audit reports are provided to each division head for review and any necessary action.

5. ***Please provide the following for each collective bargaining agreement that is currently in effect for agency employees:***
- The bargaining unit (name and local number);***
 - The start and end date of each agreement;***
 - The number of employees covered;***
 - Whether the agency is currently bargaining;***
 - If currently bargaining, anticipated completion date;***
 - For each agreement, the union leader's name title and contact information; and***
 - A copy of the ratified collective bargaining agreement.***

Bargaining Unit	Duration	# Employees	Union Leader Contact	In Bargaining?
DC Police Union	Effective through FY26	2,943	Greggory Pemberton, Chairman 80 M Street, SE, Suite 450 Washington, DC 20003 gpemberton@dcpoliceunion.com 202-548-8300	No
AFGE Local 1403	Effective through FY26	1	Aaron J. Finkhousen, President afge1403president@gmail.com (202) 579-9763	No

Compensation Units 1 and 2, effective through FY25, covers the locals listed below:

Bargaining Unit	Duration	# Employees	Union Leader Contact	In Bargaining?
NAGE Local R3-05	Effective thru FY10; compensation covered by Comp Units 1 and 2; working conditions in holdover status.	566	Antonio Reed, President 441 4 th St NW #705 South Washington, DC 20001 antonio.reed@dc.gov 202-704-4853	Yes as to compensation, unknown completion date.
AFGE Local 1975	Effective thru FY95; compensation covered by Comp Units 1 and 2; working conditions in holdover status.	26	Michael Martin, Vice President michael.martin@afge.org 334-318-7124	Yes as to compensation, unknown completion date.
AFSCME Master Agreement, Local 2401	Effective thru FY10; compensation covered by Comp Units 1 and 2, working conditions in holdover status.	1	Roger Scott, President 100 M Street, SE Suite 250 Washington DC 20003 202-570-2948 roger.scott@afscme2401.org	Yes as to compensation, unknown completion date.

6. ***Please list all employees currently detailed to or from your agency. For each detailed employee, include:***

- a. *The reason for the detail;*
- b. *The job duties if detailed to your agency;*
- c. *The start date of detail;*
- d. *The agency the employee is detailed to/from; and*
- e. *The projected date of return.*

First Name	Last Name	Rank	To/Reason	Date of Assignment	Return Date
Christopher	Ritchie	Sergeant	DFS / crime scene	5/25/2025	TBD
Robert	McCollum	Officer	DFS / crime scene	8/3/2015	TBD
Tina	Ramadhan	SPO	DFS / crime scene	8/3/2015	TBD
Dustyn	Hugee	Officer	DFS / crime scene	11/24/2024	TBD
Jean	Paskalis	Officer	DFS / crime scene	3/11/2022	TBD
Sedric	Fowler	Officer	DFS / crime scene	11/24/2024	TBD
Thanh	Tieu	Officer	DFS / crime scene	11/24/2024	TBD

7. *Please provide a copy of your agency's Schedule A, as of the date of receipt of this questionnaire.*

The requested information is attached.

8. *Please provide a list and description of all memorandums of understanding and memorandums of agreement in effect during FY 2025 and FY 2026, to date.*

The requested information is being compiled and will be provided as soon as possible.

Finance and Budget (Questions 9-13)

9. *Please provide a status report, including timeframe of completion, for all projects for which your agency currently has capital funds available.*

The requested information is being compiled and will be provided as soon as possible.

10. *Please provide copies of all budget enhancement requests (The Form B or similar form) submitted in the formulation of the FY 2025 and FY 2026 proposed budgets.*

This request asks for information that is protected from disclosure by the deliberative process and executive privileges.

11. *Please list all budget enhancements in FY 2026 and provide a status report on the implementation of each enhancement.*

Description	Status
CCTV: Closed-Circuit Televisions (CCTVs) support criminal investigations and prosecutions, and deter crime. MPD will purchase approximately 200 cameras, bringing the total deployed to approximately 850 CCTVs by the end of FY26.	The contract is in place. Purchases are still being made for the FY25 cameras.
LPR: License Plate Readers (LPRs) assist MPD in a variety of ways, including locating stolen or carjacked vehicles, vehicles used in violent crimes, and missing persons. MPD will purchase 50 new LPRs.	MPD has sent the requisition to OCP.
Drones: Drones support multiple MPD functions including missing persons searches, traffic crash reconstructions, crowd management, and tactical situations such as barricades. MPD will purchase 5 indoor and 6 outdoor drones.	MPD has sent the requisition to OCP.
Specialized Vehicles: MPD will replace three 20-year-old vehicles that are critical to protecting the city during emergency situations: an Armored Personnel Carrier, a Bomb Response Vehicle, and a Total Containment Vessel.	MPD is finalizing the statement of work.
Critical Safety Gear: MPD will replace critical officer safety gear that has reached the end of its lifecycle and is no longer funded by federal grants, including HAZMAT suits, breathing apparatuses, and ballistic shields.	MPD has entered the requisition into PASS.

12. *Please fill out the attached spreadsheet titled “Question 12 Grants Received,” and list all federal and/or private grants received by your agency in FY 2025 and FY 2026 to date, current balances, and indicate any that lapsed during or at the end of FY 2025.*
- Please submit the completed document in both Excel and PDF formats.*
 - Please include your Agency Code in the filename (e.g., question_12_AB0_2026.xls).*

The requested information is attached.

13. *List all grants issued by your agency in FY 2025 and FY 2026, to date in the attachment labeled “Question 13 Grants Issued”.*
- Please submit the completed document in both Excel and PDF formats.*
 - Please include your Agency Code in the filename (e.g., Question_13_AB0_2026.xls).*

The requested information is attached.

Operations (Questions 14-20)

14. *Please provide the Committee with a list of all vehicles owned or leased by the agency; the purpose of the vehicle; the division the vehicle is assigned to, if applicable; and whether the vehicle is assigned to an individual employee.*

The requested information is attached.

15. *For each objective and activity in the agency’s FY 2025 Performance Plan, please list:*
- The measure of greatest improvement for the agency, and the actions the agency took to improve that measure’s outcome, efficiency or quantity; and*

MPD's FY25 performance plan objectives reflect consistent priorities to:

- Safeguard the District of Columbia and protect its residents and visitors;
- Provide the highest quality police service with integrity, compassion, and a commitment to innovation;
- Improve police service to the public through the integration of the Department's people, technology, and business systems; and
- Provide efficient, transparent, and responsive government.

Each division, as reflected in the list of performance plan activities, contributes to these objectives. This is illustrated by the tremendous work that went into combatting and reducing serious violent crime. When comparing FY25 to FY24 totals, the District experienced significant decreases in the DC Code Crime Index violent crime categories: homicides decreased by 21 percent, sex abuse by 48 percent, assault with a dangerous weapon by 18 percent, and robbery by 36 percent. (These differ from calendar year numbers usually used because the city performance plans run according to fiscal years, October 1 through September 30.)

Crime is correlated with a complex array of factors, so it is difficult to say exactly what led to such significant decreases in crime. In addition to law enforcement and criminal justice strategies, critical influences include socio-economic factors, cultural trends, community and other government action, and other factors. For MPD, we could point to a variety of comprehensive, often multi-year, efforts such as the spring 2024 launch of the state-of-the-art Real-Time Crime Center (RTCC). The RTCC assists officers on the scene of critical incidents by collecting and analyzing information from various sources to enhance situational awareness, facilitate decision-making, and improve the efficiency of crime prevention and response. The RTCC is able to leverage other key technology investments to amplify their impact, such as the purchase of a replacement helicopter, which provides critical support in situations where "eyes in the sky" help ensure a safe resolution for all. Additional strategies are discussed elsewhere in this letter, such as questions 79 through 82.

b. For all measures with missed targets (if any), explain the actions the agency is taking to improve that measure's outcome, efficiency, or quantity.

MPD's daily fleet availability in FY25 was 90 percent, short of our longstanding target of 95 percent. In FY24, MPD had a new contract for fleet services which has resulted in changes to service delivery. This may have also been impacted by changes to supply lines in 2025. We are continuing to work with the vendor to improve results. All other targets were met in FY25.

16. List all new objectives, activities and projects in the agency's FY 2026 Performance Plan and explain why they were added.

MPD's objectives and activities did not change in FY26. New projects are described in the table below.

Project Title	Project Description
Hiring and Retention	Hiring and retaining sworn officers remains one of MPD's top priorities. MPD will work to maximize hiring and minimize separations in order to reach a projected total of 3,244 sworn members by the end of FY26.
Closed-Circuit Televisions	Closed-Circuit Televisions (CCTVs) support criminal investigations and prosecutions, and deter crime. MPD will purchase approximately 230 cameras, bringing the total deployed to approximately 850 CCTVs by the end of FY26.
License Plate Readers	License Plate Readers (LPRs) assist MPD in a variety of ways, including locating stolen or carjacked vehicles, vehicles used in violent crimes, and missing persons. MPD will purchase 50 new LPRs.
Drones	Drones support multiple MPD functions including missing persons searches, traffic crash reconstructions, crowd management, and tactical situations such as barricades. MPD will purchase 5 indoor and 6 outdoor drones.
Specialized Vehicles	MPD will replace three 20-year-old vehicles that are critical to protecting the city during emergency situations: an Armored Personnel Carrier, a Bomb Response Vehicle, and a Total Containment Vessel.
Critical Safety Gear	MPD will replace critical officer safety gear that has reached the end of its lifecycle and is no longer funded by federal grants, including HAZMAT suits, breathing apparatuses, and ballistic shields.
Criminal Background Check Channeler	Improve customer service and use of MPD resources by establishing a channeler program for members of the public requiring criminal background checks.
Rap Back	Improve customer service and use of MPD resources by working with the Federal Bureau of Investigation (FBI) to establish a Rap Back Program, allowing for arrest alerts for individuals licensed or employed by the District who are subject to criminal background checks
Traffic Incident Management (TIM) training	Managing traffic crashes requires a shared understanding of the requirements for safe and quick clearance of scenes. Prompt, reliable, and open communication between police and other first responders is critical to successful management of these types of events. MPD will evaluate the current TIM training curriculum and coordinate with Fire and Emergency Medical Services to ensure that traffic incidents are handled in the best possible manner.
Traffic Safety Community Outreach	Community engagement and education are a critical component of traffic safety. MPD will conduct 10 outreach initiatives in partnership with the Highway Safety Office and Vision Zero Office.

- 17. Describe problems and challenges, including chronic maintenance issues and design flaws, in agency-owned or leased facilities.**
- a. What capital or operating projects arose from these issues in FY 2025 and FY2026 to date, including cost and actions taken?**

The age and maintenance of the Department's facilities remain a widespread and persistent issue. Multiple facilities require repairs for HVAC, plumbing, and leaks.

Location	Amount	Description
FY25		
1D	\$750,000	Upgrade HVAC system and provide building automation
5D	\$1,500,000	Mitigate flooding; renovate damaged areas including building façade, window replacements, gate repairs
7D	\$857,000	Roof repairs, HVAC de-humidification
FY26		
4D	\$1,500,000	Roof replacement and drainage mitigation

Location	Amount	Description
6D	\$400,000	HVAC
2D	\$600,000	Sewer and plumbing upgrades to address drainage backups
MPA	\$2,175,000	Leaks, bathroom / shower facilities, and plumbing infrastructure
Harbor Patrol	\$60,000	HVAC
Aviation Unknown	Unknown	Selective repairs and upgrades to leased space, potentially include helicopter pad resurfacing

- 18. Please list each new initiative implemented by the agency during FY 2025 and FY 2026 to date. For each new initiative, please provide:**
- A description of the initiative;*
 - Actual start date;*
 - Actual or anticipated end date;*
 - The funding required to implement the initiative;*
 - Whether the initiative was mandated by legislative action;*
 - Problems or challenges faced in the program's implementation;*
 - The metrics the agency is collecting to measure the initiative's success; and*
 - An assessment of the initiative's success thus far.*

The FY25 Performance Accountability Report highlights some new initiatives and is available at <https://oca.dc.gov/node/160652>. FY26 projects that are tied to funding and their status are listed in response to question 16. Other initiatives are law enforcement strategies implemented with current personnel, such as those highlighted in response to question 61. Most initiatives are undertaken with existing staff.

Evaluations were conducted of two traffic related initiatives, Operation Ride Right and the Traffic Safety Unit, to identify any correlation between the initiatives and the 2025 reduction in traffic fatalities. Operation Ride Right was launched in June 2024 to combat a proliferation of unregistered and unsafe operation of mopeds/scooters in DC. One sergeant, five officers, a senior police officer, and two professional staff members comprise the Traffic Safety Unit (TSU). The TSU was launched in September 2024 and oversees and manages the planning and implementation of MPD's citywide traffic plans, traffic safety education and outreach campaigns, citywide alcohol enforcement, and any grant funded Traffic Safety initiatives, all while conducting enforcement throughout the city.

Neither evaluation was able to demonstrate a strong correlation between these efforts and the reduction in traffic fatalities. Nevertheless, these programs seem to have strong support in the community because of a perception that visible enforcement deters at-risk behavior. Research generally confirms that high visibility enforcement has a positive impact on traffic safety. It is possible that the combined shift in enforcement posture by multiple law enforcement and regulatory agencies has had a cumulative impact on traffic safety. At this point, the Department intends to continue these efforts.

19. *Please list any legislation that impacts your agency from FY 2025 and FY 2026 and provide a status report on the agency's implementation related to each piece of legislation.*

Juvenile Curfew Emergency and Temporary Amendment Acts: These series of Juvenile Curfew Acts were implemented with executive orders and a training bulletin issued to all members. With each new declaration of a Juvenile Curfew Zone (JCZ), MPD hung up bright yellow placards around the perimeter, issued press releases, announced on social media, and notified relevant Ward Councilmembers. Prior to the start time, officers walked around in the zones alerting any groups of youth to the curfew. In 2025, 15 Juvenile Curfew Zones were declared. No zones have been declared so far in 2026.

Fiscal Year 2026 Budget Support Act – Subtitle E (Background Check and Rap Back): Last year, MPD worked to amend DC Code to authorize the agency to engage a channeler and initiate rap backs for third-party fingerprinting. The FBI, which will not review proposed legislation in advance, rejected the application based on the revised language. MPD is working with the Office of the City Administrator on a revised submission for the Budget Support Act.

Fraudulent Vehicle Tag Amendment Act: The Department published CIR-25-08 on Sept. 25, 2025, to inform members of the Act's newly defined offenses related to vehicle identification and tag display.

Peace DC Omnibus Amendment Act: MPD implemented the following:

- **Recruits can earn up to 20 college credits while completing initial training:** MPD signed a Memorandum of Understanding with the University of the District of Columbia (UDC) allowing recruits to earn 15 credits for completing MPD recruit training, which means new recruits need only have 45 credits to be hired, instead of 60. MPD updated its recruitment materials, which will hopefully help to increase the hiring pool. However, since only one other local jurisdiction requires any college credits for hire (Arlington, Virginia), MPD remains at a disadvantage in recruitment.
- **Probable Cause Arrests without Warrant Statute Amendments:** The DC Code was updated to clarify under what authority MPD may make an arrest without a warrant having previously been issued. The Academy is issuing an updated Training Bulletin this spring to provide refresher training on probable cause misdemeanors.
- **Clarifies the automatic and by-motion sealing timelines under the Second Chance Amendment Act (D.C. Code §§ 16-805, 806):** As MPD receives sealing orders from the court as the result of granted by-motion petitions, it is able to complete the record sealing process.

Residential Tranquility Amendment Act: Members of the Homeland Security Bureau, Special Operations Division (SOD) have been briefed on the provisions. Per standard practice, SOD responds to the scene of demonstrations in the city, so this is not enforced by patrol officers.

Second Chance Clarification Emergency and Temporary Amendment Acts: Although this emergency legislation was necessary to address approaching deadlines, it is not sufficient to resolve other issues with the underlying legislation. The Administration and federal partners in the District's criminal justice system continue to urge amendment of this costly legislation. In the meantime, MPD will continue to process by-motion sealings, but cannot act on the other provisions because of federal issues.

20. *Customer feedback*

- a. *How does the agency solicit feedback from customers (i.e., District residents served)? Please describe.***
- b. *What has the agency learned from this feedback?***
- c. *How has the agency changed its practices because of such feedback?***

All leaders in the Department frequently receive feedback directly from community members and other stakeholders, and use it to deploy officers, adapt practices, or make broader recommendations, such as for modifying policy or training. The Department is in a permanent posture of change.

Citizen Advisory Councils (CACs) operate in each police district and provide feedback to district commanders. Interim Chief Carroll has begun with the Chief's Advisory Council, which meets monthly includes members of the seven district CACs and other community members. He has also begun meeting with the Youth Advisory Council which meets monthly.

MPD also collects targeted feedback such as by providing feedback forms on our website on specific topics, including the curriculum page and the new firearms registration portal.

Laws, Audits, and Reports (Questions 21-29)

21. *Please identify any legislative modifications that would enable the agency to better meet its mission.*

As noted in response to question 19, MPD supports Mayor Bowser and our federal partners in calling for amendments to the Second Chance Amendment Act. Beyond that, MPD will, however, continue to work with the Mayor and Council on any future legislative initiatives that may support public safety or Department operational needs.

22. *Please identify any regulatory impediments to your agency's operations.*

At this time, the Department does not require any regulatory changes.

23. *Please list and describe any ongoing investigations, audits, or reports on your agency or any employee of your agency, or any investigations, studies, audits, or reports on your agency or any employee of your agency that were completed during FY 2025 and FY 2026 to date.*

Below is the list of internal audits conducted by the MPD Risk Management Division.

Subject	Status
2025	
Time and Attendance (4D)	Completed
Performance Audit – Fleet Management	Completed
Equipment and Supplies	Completed
Detention Journal	Completed
Drug Screening Program	Completed
Missing Person Reports	Completed
Reimbursable Details for ABC Establishments	Completed
Reimbursable Details for Police Escorts & Special Events	Completed
Use of CCTV to Combat Crime: 2025 Q1	Completed
Use of CCTV to Combat Crime: 2025 Q2	Completed
Chain of Command Verification Audit for Use of Force Incidents	Completed
Holding Facilities	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2024 Q2	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2024 Q3	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2024 Q4	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2025 Q1	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2025 Q2	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2025 Q3	Completed
Community Outreach (1D)	Completed

Reserve Corps	Completed
Traffic Enforcement Title VI Compliance	Completed
Use of CCTV to Combat Crime: 2025 Q3	Completed
Courts & Hearings	Completed
Pre-trial Hold/Conditions of Release	Completed
Use of CCTV Cameras During Special Events & First Amendment Activities: 2025 Q3	Completed
Community Outreach (1D)	Completed
Outside Employment: 2025 Q3	Completed

In addition, the table below lists external investigations and audits that were completed or are ongoing.

Agency	Subject	Status
US Attorney's Office – District of Columbia	Crime Classification	Complete
House Committee on Oversight and Government Reform	Crime Classification	Pending
DC Office of the Inspector General	Crime Classification	Open
Office of the DC Auditor	Staffing Relief Factors in Public Safety Agencies	Open

24. *Please identify and provide an update on what actions have been taken to address all recommendations made during the previous three years by:*
- a. *Office of the Inspector General;*

- b. D.C. Auditor;**
- c. Internal audit; and**
- d. Any other federal or local oversight entities.**

Attached please find information on open recommendations from the DC Auditor and the Office of Police Complaints (OPC). The Department does not track actions on closed recommendations.

25. Please list all pending lawsuits in which the agency, or its officers or employees acting in their official capacities, are named as defendants, and for each case provide the following:

- a. The case name;**
- b. Court where the suit was filed;**
- c. Case docket number;**
- d. Case status; and**
- e. A brief description of the case**

The following lawsuits were filed in calendar years 2025 and 2026 to date, as of February 2, 2026.

Case Name	Civil Action #	Claim(s)
<i>Anderson, Kenneth Leonard v. Jeffrey Clermont, et al.</i>	2024-CAB-007765	Fourth Amendment, Assault/Battery

CY2025-2026 Settlement Report of Grievances

Date	Issue
11/14/25	Health and Safety

28. *Please list all administrative complaints or grievances that the agency received in FY 2025 and FY26 to date. For each complaint, list:*
- The source of complaint;*
 - The process utilized to respond to the complaint or grievance;*
 - Any changes to agency policies or procedures that resulted from the complaint or grievance; and*
 - If resolved describe the resolution.*

Step 1 Grievances are filed with the member's commander whereas Step 2 and Class Grievances are filed with the Chief of Police.

CY25 – Step 1 Grievances

Category	Type	Granted	Denied	Settled	Total
Health and Safety	Group			1	1
Leave	Individual		1		1
Management Rights	Individual		17		17
Pay	Individual	1			1

CY26 – Step 1 Grievances

Category	Type	Granted	Denied	Settled	Total
Management Rights	Individual		4		4

CY26 – Step 2 Grievances: None.

29. *Is the agency currently party to any active non-disclosure agreements? If so, please provide all allowable information on all such agreements, including:[Viehmeyer]*
- The number of agreements;*
 - The department(s) within the agency associated with each agreement; and*
 - Whether any agreements are required for specific positions (please list each position by division and program and indicate whether the position is contracted)*

No, the Department is not party to any active non-disclosure agreements.

Data (Questions 30-31)

30. *In filterable and sortable spreadsheet, please list all electronic databases maintained by your agency, including the following:*
- A detailed description of the information tracked within each system;*
 - The age of the system and any discussion of substantial upgrades that have been made or are planned to the system; and*
 - Whether the public can be granted access to all or part of each system.*

The requested information is being compiled and will be provided as soon as possible.

31. Please provide a list of all studies, research papers, and analyses (“studies”) the agency or an agency’s employee requested, prepared, presented or contracted for during FY 2025. For each study please list:

- a. The status;**
- b. The purpose; and**
- c. A link (if published) to the study, research paper or analysis.**

The list is below. Except where noted, these evaluations have not been published.

Name	Purpose	Status
<u>Traffic Stop Data Analysis and Findings, 2019 – 2023</u> (University of Connecticut Institute for Municipal and Regional Policy)	DC’s Highway Safety Office engaged the researchers to conduct an independent analysis of MPD’s traffic stop data. The primary study methodology was the solar visibility methodology, also known as the veil of darkness methodology, recommended in The Lab@DC’s <u>Sample Learning Agendas and Measurement Guide for Reimagining Police Stops</u> . As noted in the study, “Overall, the findings are encouraging and indicate positive progress in reducing disparities over time. Using the most rigorous statistical methods, we found no evidence that MPD was more likely to stop Black or Hispanic drivers during daylight hours compared to darkness. While small disparities in stop outcomes, such as arrest and ticketing rates, were observed using a commonly applied but less rigorous test, these differences steadily declined throughout the study period....This report reflects MPD’s dedication to enforcing traffic laws fairly and equitably, setting a strong example for agencies across the country.” An update to the study is in process.	Complete
The Effect of Supply-Side Shocks on Personally Manufactured Firearm Recoveries (Internal)	To evaluate the effect of several supply-side shocks to the regional availability of Polymer80 “ghost guns” on recoveries by MPD (i.e., bans on sale to DC residents). Determine the feasibility of measuring PMF recoveries historically using MPD data systems. Utilized interrupted time series methods for rigorous correlational inference	Complete
Evaluation of Operation Ride Right (Internal)	Part of a general request to study the decline in fatal crash victims in CY2025. Specifically examined enhanced scooter enforcement (Operation Ride Right). Outcome variables considered were notices of infraction, crash reports, and fatal/major crash victims. Utilized a matching design for causal inference.	Complete

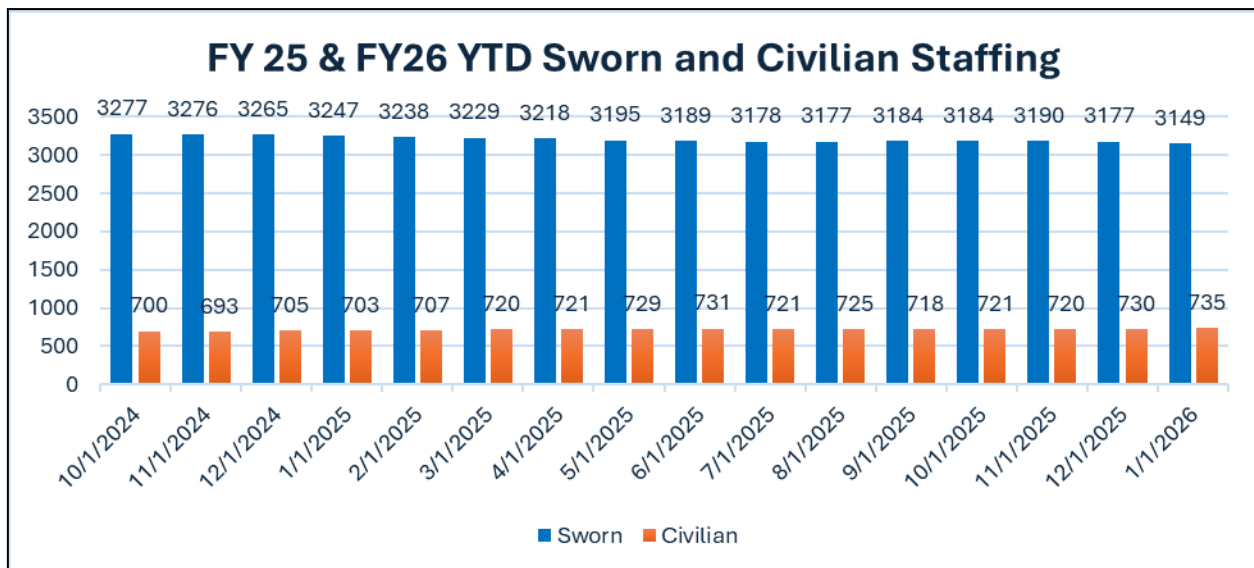

Name	Purpose	Status
Evaluation of Traffic Safety Unit (Internal)	Part of a general request to study the decline in fatal crash victims in CY2025. Specifically examined the creation of a Traffic Safety Unit as part of the Traffic Safety and Specialized Enforcement Section within the Special Operations Division. Outcome variables considered were notices of infraction, crash reports, and fatal/major crash victims. Utilized a propensity score weighting design for causal inference and interrupted time series methods for rigorous correlational inference.	Complete

Agency-Specific Questions

Personnel, Staffing, and Training (Questions 32-73)

32. *Please provide a graph displaying, by month and broken down by sworn and civilian, the total number of sworn and civilian employees at MPD from FY 2025 through FY 2026 to date. Please indicate how the monthly totals were calculated (e.g., a point-in-time count on the first day of the month, the monthly high or low).*

The figures below are a point-in-time count on the first day of each month.

33. *Please provide the agency's sworn staffing (meaning funded, filled positions), by rank and division, for each month in FY 2025 through FY 2026, to date.*

The requested information is attached.

34. *Please provide the race, ethnicity, gender, and residency of sworn and civilian personnel, by bureau (as applicable).*

The information below is as of January 21, 2026.

Sworn Race/Ethnicity:

Bureau	API	Black	Hispanic	White	Not Specified	Total

36. *Please provide table showing the number of all sworn staff, detectives, and civilian staff in the Youth and Family Engagement Division.*

Unit	FY25 (as of 9/30/25)	FY26 (as of 1/21/26)
YFED*	287	294
All Sworn	154	150
Detectives	31	35
Civilian	133	144

*YFED includes the cadets, who are civilian employees.

37. *Please provide an update on how the newly established Juvenile Investigative Response Unit (JIRU) has been operating, including the number of interactions between police and at-risk youth. Additionally, which partner agencies are currently involved in JIRU?*

During calendar year 2025–2026, JIRU engaged with 281 at-risk youth and partnered with the Office of the Attorney General (OAG), Department of Youth Rehabilitation Services (DYRS), Child and Family Services Agency (CFSA), District of Columbia Public Schools (DCPS) and Public Charter Schools (DCPCS), Child Support Services Division (CSSD), U.S. Marshals Service (USMS), Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), and the FBI.

- a. *What specific actions has the JIRU led MPD to take when it comes to identifying juvenile crime trends and preventing crimes? Has MPD identified any particular preventative measures through this unit that have led to positive outcomes? If so, please describe.*

JIRU has advanced MPD's adoption of pattern-based investigations, strengthened school partnerships, and implemented rapid re-engagement strategies for absconded youth. While JIRU contributed to individual positive outcomes, the 2025 trends in juvenile at-risk and criminal behavior were not headed in the right direction. Juvenile arrests increased 5 percent and the "teen take-overs" and other disruptive behaviors in large groups led to the emergency curfew legislative. MPD and JIRU will continue to work with partners in government and the community to help improve outcomes for youth in DC.

- b. *How does MPD measure the success of the JIRU in achieving its mission of preventing crime before it happens through targeted outreach and intervention; engaging at-risk youth with critical support services; strengthening partnerships between law enforcement, schools, and community organization; and reducing repeat offenses by prioritizing rehabilitation and accountability?*

The Department has heard positive feedback about JIRU from partners such as schools. JIRU involvement is certainly increasing referrals to support services. However, as noted above, this has not yet resulted in improved MPD metrics for youth safety.

38. *Please provide a table showing the agency's closure rates for FY 2024, FY 2025, and FY 2026 to date, broken down by violent and non-violent crimes.*

MPD's calendar year 2024 and 2025 closure rates for DC Index violent and property crimes are below. Please see the response to question 39 for more discussion on closure rates.

Offense	2024	2025
Homicide	60%	85%
Sex Abuse	73%	79%
ADW	59%	63%
Robbery	34%	48%
Violent Crime	44%	56%
Burglary	30%	42%
Motor Vehicle Theft	3%	4%
Theft from Auto	1%	1%
Theft	19%	19%
Arson	75%	75%
Property Crime	12%	13%
Total Index Crimes	16%	17%

39. *Please provide a table, by fiscal year, with closure rates for the listed offenses in FY 2024 through FY 2026 to date. In your responses, please include the closure rate (percentage)*

for offenses that were not cleared by “exceptional means,” as that term is used within the FBI’s Uniform Crime Reporting Program.

- a. Carjacking;*
- b. Sexual assault;*
- c. Assault with a dangerous weapon; and*
- d. Robbery.*

Clearance rates for Homicide, Sex Abuse, Assault with a Dangerous Weapon, and Robbery, as defined in D.C. Criminal Code, are below. Carjacking is a subset of robberies; therefore, it is not listed as a separate offense.

Cases are closed by exceptional means when, in certain situations, elements beyond the control of law enforcement or prosecutors may prevent an offender from being arrested and charged. Examples of such circumstances include the death of the offender, the imprisonment of the offender in another jurisdiction, or the victim declining to cooperate in the prosecution when the offender is known. Excluding cases closed by exception is inaccurate because it misses cases where the offender is conclusively known but the criminal justice process has proceeded as far as it can or will.

MPD’s violent crime closure rates consistently exceed the closure rates of comparably-sized cities (500,000 to 999,999 in population). For violent crimes overall, this has been true for at least the past decade. The only violent crime where MPD’s rates did not *exceed* comparable cities for a time was robbery, but MPD’s robbery clearance rates have outperformed these averages since 2016. MPD’s 2025 homicide closure rate was the highest since 2011.

When considering case closures, it is important to recognize that some crimes are easier to solve than others. For example, shootings on public space tend to be among the hardest cases to solve. People can shoot from a distance, so there is less likely to be eyewitnesses or DNA. Nevertheless, detectives are continuing to make good cases.

MPD calculates clearances using the methodology consistent with the FBI’s Uniform Crime Reporting (UCR) but based on the DC Code Index Crimes that have long been used as the parallel to the FBI Part I UCR offenses. The table below reflects MPD’s closure rates for CY24 and CY25 based on DC Code definitions.

Year	Clearance	Homicide	Sex Abuse	ADW	Robbery
2024	Offenses	187	143	1,026	2,113
	Exceptionally Cleared	33	53	136	189
	Non-Exceptionally Cleared	80	52	465	538
	Total Clearances	113	105	601	727
	Clearance Rate	60%	73%	59%	34%
2025	Offenses	127	102	922	1,324
	Exceptionally Cleared	20	43	95	139
	Non-Exceptionally Cleared	88	38	490	503
	Total Clearances	108	81	585	642
	Clearance Rate	85%	79%	63%	48%

40. *Please provide an update on the agency's efforts in FY 2025 and FY 2026 to date to increase closure rates for violent crime.*

The increase in violent crime closure rates in 2025 was achieved through a multi-faceted approach focusing on efficient case management, improved technology, and strong partnerships. The closure rate for DC Code Index violent crimes rose to 56 percent in 2025, compared to 44 percent in 2024.

A reduction in overall caseload, specifically of about 1,000 DC Index violent crimes when compared to the caseload in 2024, contributed to this achievement. This decline, driven in part by the strong work of patrol and specialized enforcement units, allowed detectives to dedicate more time to both current-year and prior-year investigations. With investigation units' staffing levels remaining steady, the lower caseload meant each detective could focus more attention on their assigned cases, directly contributing to the improved closure rate.

Technology enhancements have also played a critical role, including the RTCC's capacity to quickly identify suspects and assist with apprehensions from the moment a crime is committed. The ongoing expansion of license plate readers and crime cameras throughout the city has provided detectives with additional solvability factors, and this video evidence has proven instrumental in identifying suspects and closing cases.

Investigative support has been bolstered by the Office of Criminal Intelligence, which gathers vital intelligence that furthers criminal investigations.

Partnerships have also strengthened outcomes. The United States Attorney's Office (USAO) has taken a more aggressive approach to violent crime, processing and approving more arrest warrants more quickly and increasing criminal indictments for violent offenders. Federal partners have provided additional resources and staffing to support investigations into violent crimes.

Looking ahead to 2026, MPD anticipates that continued crime reductions, sustained investments in technology, and strong prosecutorial partnerships will help maintain or further improve violent crime closure rates.

41. *Please provide an update on Operation Trident in FY 2025 and FY 2026 to date. Is Operation Trident still an active joint operation?*

a. *MPD's performance oversight answers last year said that there were plans to conduct Operation Trident at least twice in calendar year 2025. Did that occur as planned? If so, please describe the outcomes from those operations.*

Operation Trident is a joint warrant service operation conducted in partnership with federal law enforcement agencies targeting individuals with outstanding warrants for violent crimes and other serious offenses.

Operation Trident 3.0 was successfully completed on March 25–26, 2025. The operation resulted in 61 total arrests, including 53 Trident-targeted arrests and eight Trident-adjacent arrests. Officers closed 57 warrants and filed 57 total charges.

The charges from Operation Trident 3.0 broke down as follows:

Warrant Type	# Served
Bench Warrant	22
Failure to Appear	13
Fugitive from Justice	8
Parole Violation	8
Probation Violation	3
Temporary Protection Order Violation	2
Custody Order	1

While MPD had initially planned to conduct Operation Trident at least twice in calendar year 2025, the federal enforcement surge that began in August incorporated Trident-style enforcement activities on an ongoing basis. This sustained joint enforcement effort made additional standalone Trident operations redundant. As a result, no further Operation Trident iterations are currently planned, though the operational model remains available should circumstances warrant its reactivation.

42. *For FY 2025 and FY 2026 to date, please provide, broken down by fiscal year and police district, a table with the number of officers deployed:*
- a. *In scout cars;*
 - b. *On bicycles, scooters, or similar vehicles; and*
 - c. *On foot patrol.*

The current deployment is in the table below. These are general patrol numbers spread across shifts in the districts.

District	Scout Cars	Bicycle / Scooter / Other	Foot Patrol
1D	178	11	4
2D	140	4	6
3D	157	2	17
4D	139	2	0
5D	159	5	0
6D	233	0	7
7D	234	4	4

43. *Please provide a table, broken down by sworn/civilian, funding source, purpose (e.g., special events, First Amendment Assemblies, automated traffic enforcement), police district, and fiscal year, of budgeted overtime, overtime hours worked, and expenditures for FY 2025 through FY 2026 to date. Identify any reprogrammings into or within the agency for that purpose during each fiscal year and whether the expenditures were eligible for federal reimbursement and/or were reimbursed.*

Please see MPD overtime reports for FY21 forward posted on MPD's public website at <https://mpdc.dc.gov/node/1666696>. Please note that sworn and civilian overtime is combined in these reports because civilian overtime is only a small portion of total overtime. For FY25, 5.9 percent of total overtime hours, or approximately 111,000 hours, was used by civilians.

Per the Office of the Chief Financial Officer (OCFO), there were four separate budget adjustments related to MPD overtime in FY 2025.

- In August, \$13,737,185 was added to MPD's Local Overtime budget as a supplemental appropriation.
- In September, MPD received additional local overtime budget through three separate reprogrammings:
 - \$1,400,000 from a citywide reprogramming,
 - \$16,275,722 from a citywide reprogramming, and
 - \$5,500,00 from other Public Safety and Justice Cluster agencies.

These overtime budget adjustments added a total of \$36,912,907 to MPD's local overtime budget in FY25. These amounts were for expenditures that were not eligible for federal reimbursement, and were not otherwise reimbursed.

a. If there have been any changes in applicable laws, MPD policies, or collective bargaining agreement provisions for determining, authorizing, and analyzing the agency's use of overtime, please provide those updates here.

A new collective bargaining agreement was approved providing retroactive increases to the pay scales for FY 24 – 25, as well as an increase to FY26, totaling 13 percent over the three years.

- 44. Please provide a breakdown of overtime costs over the last fiscal year, including how many officers and personnel were required and how many hours worked.***

During FY25, 3,761 employees, both sworn and professional staff, worked 1.8 million hours of overtime. Sworn members of the rank of captain and below and civilians of equivalent grades are generally eligible to earn overtime. Since the total number will include members that have separated or been promoted after a given pay period, the number earning overtime in a fiscal year may exceed the maximum number of employees of eligible ranks or grades in that fiscal year.

For details on the FY25 overtime hours and costs, please see the end of FY25 overtime report at <https://mpdc.dc.gov/node/1766591>.

- 45. How is overtime regulated? What is the maximum amount of overtime an individual can work overtime in one week?***

To regulate the use of overtime, members are directed in [EO-25-003 \(Limitations on Work Hours\)](#) to work no more than 18 hours within a 24-hour period, nor in excess of 98 hours

per 7-day calendar week (i.e., the “18-hour rule”). These limitations include all types of shifts including fixed shifts, court appearance overtime, department overtime, and police-related outside employment.

[EO-25-003](#) requires supervisors to excuse individuals from work, once the 18-hour limitation is reached, for a minimum of 6 hours. If this break period extends into the member’s next duty assignment, the member shall be granted administrative leave for all overlapping hours.

To avoid scheduling issues and mediate minimum staffing issues due to excessive overtime (and outside employment), sworn members are required to monitor their hours and avoid scheduling outside employment or voluntary overtime in excess of eight hours prior to their fixed shift.

Members are directed in [EO-16-005 \(Procedures for Documenting and Approving Compensatory Time and Overtime\)](#) to document overtime on the SF-1130 form, which requires review and approval by their watch commander, element commander, or designee. Members are required to include their shift, extra hours worked, the overtime code (if known), and the event/reason for the extra hours.

Overtime needs cannot always be forecasted, as they are driven by operational staffing requirements. District commanders have the discretion to use overtime to ensure their districts remain adequately staffed to meet mission demands. Major planned events or emergency incidents may require large activations, up to and including departmentwide activation.

In FY25, the Department conducted a series of ad hoc inspections across multiple units to assess overtime controls. Building on that work, the FY26 Annual Audit and Inspection Plan now includes the annual inspection for each of the seven police districts.

Senior leadership also reviews overtime reports each pay period to monitor spending patterns and develop projections that support the quarterly Financial Review Process submitted by the OCFO.

46. *Is MPD looking into ways to more efficiently allocate staff resources to minimize overtime? If so, what are some methods that MPD has found?*

The Department is reviewing initiatives and strategies that used overtime in FY25 and the first quarter of FY26 to identify efficiencies. The goal is to find improvements to communication and coordination that can reduce overtime while maintaining the positive public safety impact. We have seen some initial success, with a 22 percent reduction (approximately 9,800 hours) in local overtime hours for the most recent pay period, when compared to the same pay period last year.

In addition, MPD is reviewing functions to determine whether any can be more efficiently and appropriately carried out by other agencies with the necessary operational capacity.

Where such functions are identified, MPD will recommend their transfer to the responsible agencies. This approach will help reduce overtime expenditures for the city overall and allow police officers to focus on MPD's core public safety mission.

47. *Please provide a table listing MPD's top 25 overtime earners in FY 2024 to FY 2025, to date. For each, state the employee's name, position number, position title, program, activity, salary, fringe, the aggregate amount of overtime pay earned, and a breakdown of the funding sources.*

The requested information is attached.

48. *Please provide, for each month in FY 2025 through FY 2026 to date, the net number of sworn personnel who separated from and joined MPD.*

Cadet Rollover	2	1	1	3	7
Laterals	0	0	0	0	0
Senior Police	3	1	0	1	5
Reinstatements	0	0	0	2	2
Total	18	12	12	14	56

50. *How many sworn officers were promoted in FY 2025 through FY 2026 to date?*

In FY2025 and FY2026 to date (through January 21, 2026), 145 sworn members have been promoted to higher ranks. This includes:

- 1 Commander promoted to Assistant Chief
- 4 Inspectors promoted to Commanders
- 1 Captain promoted to Inspector
- 5 Lieutenants promoted to Captains
- 5 Sergeants promoted to Lieutenants
- 52 Officers promoted to Sergeants
- 77 Officers promoted to Detectives

51. *How many sworn officers transitioned to, or were rehired as, civilian employees in FY 2025 through FY 2026 to date?*

Ten sworn members transitioned to or were rehired as civilians in FY25 through FY26 to-date (as of January 21, 2026).

52. *How many officers were rehired as Senior Police Officers in FY 2025 through FY 2026 to date?*

Six officers were rehired as Senior Police Officers in FY2025 through FY2026 to-date (through January 21, 2026).

53. *How many officers retired in FY 2025 and so far in FY 2026?*

The table below represents all optional retirements of sworn members of all ranks.

Month	FY25	FY26 (thru 1/21)
October	5	8
November	6	6
December	18	11
January	2	3
February	6	
March	11	
April	12	
May	18	
June	6	
July	15	

Month	FY25	FY26 (thru 1/21)
October	5	8
August	4	
September	7	
Total	110	28

54. *Of those retired, how many officers were forced to retire due to the mandatory retirement age of 60 years old in FY 2025 and FY 2026 to date?*

Seven members were required to retire due to the mandatory retirement age.

55. *Please explain the hiring process for a sworn officer, including what would automatically disqualify a candidate.*

Individuals interested in becoming a police officer submit an application to the Metropolitan Police Department. The Recruiting Division reviews each application to confirm the minimum qualifications set forth in Section 873.2 of the D.C. Personnel Manual.

Qualified applicants then complete an entry-level written examination, a physical ability assessment, a medical examination, a psychiatric evaluation, a polygraph examination, and a comprehensive background investigation. Automatic disqualifying criteria are specified in Section 873.11 of the D.C. Personnel Regulations Manual.

56. *Please explain the role of polygraphing in the hiring process, including what would automatically disqualify a candidate.*

MPD administers a polygraph examination during the hiring process to assess an applicant's truthfulness and integrity. The examination provides additional insight into the accuracy and completeness of the applicant's responses.

Trained and certified polygraph examiners conduct all examinations in accordance with professional standards. The Department considers polygraph results as one component of the overall evaluation process; the results alone do not determine whether an applicant is hired or disqualified.

57. *Please provide an update on MPD's negotiations with an accredited college or university to partner with to grant college credits to those in the Department's initial training program, pursuant to B26-187, the Peace DC Omnibus Amendment Act of 2025.*

MPD entered into an MOU with UDC, offering applicants a new pathway to becoming a police officer. Applicants may now enter the academy with 45 college credits and earn 15 additional credits by completing the Recruit Officer Training Program at the Metropolitan Police Academy. Officers will then graduate from the academy with the required 60 credit hours. No recruits have been hired yet who are able to enter with 45 credits.

58. ***Please provide any updates to MPD's recruiting efforts in FY 2025 through FY 2026 to date.***
- a. Outline any updates to projects related to the promotion of the department to the public, including specific campaigns involving branding, marketing, and PR.***
 - b. List the organizations, firms, or individual vendors contracted to support the department's PR, marketing, and advertising goals, if any, as well as the amounts paid and the specific services provided.***

MPD implements a comprehensive recruiting strategy that integrates best practices in advertising, marketing, and recruitment. The approach combines traditional relationship-building and in-person recruiting with modern advertising tactics to attract a diverse and qualified pool of candidates.

MPD also leverages a data-driven approach to advertising, using targeted campaigns across multiple platforms including programmatic advertising and social media. In the past, MPD invested in out-of-home tactics such as LED box trucks, rideshare car wraps, and transit ads to build general awareness. While these tactics boost branding and awareness, the current strategy prioritizes highly focused digital advertising for better results. Reaching candidates through streaming TV, in apps, and on mobile devices ensures the Department meets them where they are, online. This targeted approach helps MPD connect with individuals most likely to pursue careers as police officers as compared to broader awareness efforts offered by out-of-home advertising.

MPD's in-house marketing team is skilled in graphic design, video production, and campaign development. By leveraging the in-house marketing team, the Department purchases ads directly from the Demand Side Platform (DSP), which allows MPD to secure the best pricing, expand its reach to more applicants, and optimize its campaigns for maximum impact rather than paying a marketing firm markup, which can reach 50 percent.

MPD's in-house marketing team develops and manages all creative aspects of Department recruitment efforts including campaign themes, videos, and graphics. This allows MPD to produce authentic content that reflects the Department's values and strategic priorities. The campaigns highlight the diversity within MPD by showcasing officers with varied experiences.

In 2025, our campaigns highlighted the diverse paths that lead to a career with MPD. We launched a series of ads showcasing the previous careers of officers before joining the department, emphasizing the unique experiences they bring to the force. To further illustrate these opportunities, we conducted interviews with officers and detectives to showcase a variety of career paths within MPD.

We also completed our sports-themed series with a video featuring MPD's hockey team, strategically timed to coincide with the NHL playoffs for maximum engagement. Additional campaigns spotlighted women in policing, specialized units, and even included a lighthearted, car-insurance-style ad to capture attention in a fun way.

Finally, we introduced a forward-thinking campaign focused on AI and that in an AI world, real people will always need real police officers, underscoring the stability and importance of a law enforcement career in an increasingly digital age.

Vendor	Amount	Description
Simpli.fi	\$300,000	Demand Side Platform for delivering ads
Indeed	\$25,000	Sponsored jobs
PoliceOne	\$7,875	Job posting and sponsored article
Mail Chimp Credits	\$4,000	Email marketing platform
QR Stuff	\$120	Custom dynamic, trackable QR codes
DC Military Magazine	\$4,979	Targeted emails and print campaign
Adobe Lightroom	\$126	Software license to edit recruiting photos

59. ***Please provide an update on the sworn recruitment team that was proposed in the most recent MPD Strategic Plan. In particular, please provide the number of employees/officers who are members of the recruitment team, the costs associated with the new initiative, the number of new recruits this new team has recruited, the number of those recruits who completed the police academy and became officers, any goals for further expansion of the team or its efforts, and any notable results from this new initiative. If this is no longer active, please explain why it was discontinued and what the Department is doing in place of this initiative.***

MPD's sworn recruitment team consists of six officers and one lieutenant. Since its inception, the team has focused on proactive outreach and relationship-building with schools, military institutions, faith-based organizations, and community partners to expand and diversify the applicant pool.

In 2025, the recruitment team successfully recruited 41 applicants who were hired. The Recruiting team spent \$41,549 on recruitment initiatives in FY2025. This includes event registration fees, travel expenses such as lodging and per diem, "swag" items, and any equipment purchases (tent, tables, signage, etc.).

Throughout 2025, MPD's Recruiting Outreach Branch advanced its mission through strategic partnerships, innovative engagement initiatives, and expanded recruitment programming. These efforts strengthened MPD's ability to attract high-quality candidates and maintain consistent engagement from initial interest through final hire.

While law enforcement recruitment remains a national challenge, MPD recognizes the importance of uniting multiple agencies to expand the applicant pool and offer prospective candidates a wide range of career options. In 2025, MPD held its first ever Law Enforcement Career Fair, a significant recruiting accomplishment. This event brought together more than 300 attendees to explore career opportunities within MPD and other law enforcement agencies.

MPD also expanded its partnership with Handshake, a leading university recruitment platform. Recruiters conducted monthly outreach campaigns and built relationships with students and campus communities nationwide.

MPD and the U.S. Army formalized a Memorandum of Understanding to strengthen co-recruitment efforts. This partnership includes joint recruitment events, shared marketing initiatives, and collaborative outreach strategies. After last year's partnership with the Army National Guard, this partnership aligns hiring standards and combines resources, as both organizations aim to expand their applicant pools and reach individuals committed to public service.

MPD also continued to develop its *Recruit & Retain Program*, which encourages sworn members to take an active role in identifying and mentoring future officers. Eligible members receive a \$500 referral bonus. Recruits referred by a current member are assigned to the same district as their referring officer upon graduation from the academy, fostering continuity, support, and stronger mentorship during the early stages of an officer's career.

The recruiting team continued to support applicants through established programs such as the Army Partnership for Your Success (PaYS), the Single Trip Entry Program (STEP), Virtual Officer Hours, the Ride-Along Program, Coffee with a Recruiter, and Physical Ability Test (PAT) practice sessions. These initiatives remain essential tools for fostering job-related understanding, strengthening individual applicant value, and engaging applicants through the hiring process, while new events and outreach strategies further broaden MPD's reach.

The Department continues to evaluate the effectiveness of the recruitment team and refine its strategies to support sustained hiring outcomes. At this time, the initiative remains active and continues to evolve in alignment with the Department's recruitment and staffing goals.

- 60. *Please provide an update on the take-home vehicles program that was proposed in the most recent MPD Strategic Plan. In particular, please provide the number of officers that have take-home vehicles, the costs associated with the program, any goals for further expansion, and any notable results from the program's implementation.***

The Department's longstanding take-home program allows patrol officers who live in the District to have a dedicated take-home vehicle. MPD has 134 take-home vehicles. A take-home vehicle program is a common incentive in other police forces recruiting from the same pool of applicants. Expanding the take-home vehicle program would require approximately \$100,000 per additional patrol vehicle. When an expansion of the take-home program was included in the Mayor's proposed FY23 budget, the funding was cut at the Council. No further expansion has been proposed.

- 61. *What is the starting salary for an MPD officer? What is the average salary?***

The starting salary for a new recruit is \$75,433. After successful completion of the 18-month probationary period, members earn \$78,601. Recruits begin earning their full salary upon entering the Academy. The average salary of all sworn members is \$114,148.

62. What is the sign-on bonus for an MPD officer?

a. How does that the sign-on bonus compare to other law enforcement agencies in the region?

The signing bonus for MPD is \$25,000. The bonus is distributed \$15,000 upon entering the academy and another \$10,000 upon successful completion of the academy. In the past year, many agencies have been increasing their hiring bonuses ranging from \$10,000-\$70,000. The distribution of the bonuses vary from at-hire to over a 4-year period. Regional and federal agency starting salary and hiring bonuses are below.

Agency	Starting Salary	Hiring Bonus
MPD	\$75,433	\$25,000
Alexandria PD	\$63,988.34	\$3,000 entry level \$5,000 laterals
Anne Arundel County PD	\$71,200 Lateral: Varies by exp with potentially exceeding \$83K.	\$10,000 \$1k -hire, \$4k- completion of Academy, \$5k-end of probation
Arlington County PD	\$72,013.50 increasing to \$90,012 on 7/1/2026 Max. starting salary for lateral up to 10 years \$97,978	Up to \$25,000
Baltimore City PD	\$65,705	Up to \$10,000- once you complete FTO
Baltimore County PD	\$71,632	\$10,00 Entry, \$15,000 Lateral, Plus \$2,000 military
Fairfax County PD	\$71,864.62	\$15,000
Howard County PD	\$67,517	\$10,000
Metro Transit PD	\$74,505- \$91,906	
Montgomery County PD	\$70,056- \$83,211	\$20,000
PG County PD	\$64,641	\$10,000 for new officer \$15,000-Experienced
US Capitol PD	\$83,362	N/A
Secret Service Uniform Division	\$75,134-129,251	\$50,000 divided over 4 years Specialized Unit Laterals: \$60,000
FBI Police (not hiring)	\$65,058	N/A
Supreme Court Police	\$83,362	\$50,000-\$60,000 \$20,000-\$25,000 after completion of training. \$15,000-\$20,000 after 1 year \$15,000 after 2 years
US Park Police	-Washington, DC: \$70,495 - New York, NY: \$72,608 - San Francisco, CA: \$77,022	\$70,000 (over 4 years)

63. What is the average length of service for MPD's sworn officers?

The average length of service for current sworn members is 12 years.

64. *Please provide the number of recruits hired, by fiscal year, in FY 2025 and FY 2026 to date. Please break down the data by the fiscal year they were hired and how many of these recruits—and what percentage—are still serving.*

FY	Recruits Hired	Still Active	% Active
FY25	152	136	89%
FY26 (Oct – Dec)	38	37	97%

65. *Please provide the number of cadets, by fiscal year, in FY 2024, FY 2025, and FY 2026 to date.*

Fiscal Year	Cadets
2024	120
2025	115
2026 (thru 1/23)	125

66. *Please provide updates on MPD’s efforts to hire lateral officers from neighboring jurisdictions for FY 2025 and FY 2026 to date.*

In connection to MPD’s general marketing and recruiting efforts, the Department emphasizes the numerous opportunities that a department this size has to offer an experienced police officer as compared to other agencies. MPD’s lateral officer program boasts a higher starting salary than entry-level officers and accelerated academy training. Lateral officers are also eligible for the \$25,000 hiring bonus and up to \$6,000 Housing Assistance Program. MPD conducts targeted marketing campaigns and recruiting efforts in New York City. We are currently revisiting the lateral officer qualifications and conducting a review of Military Police training to potentially consider those individuals for lateral positions as well.

67. *How many total current MPD employees—sworn and civilian—are current cadets and how many are former cadets?*

As of February 13, 2026, there are a total of 125 current cadets. In addition, 231 former cadets are employed as sworn members, and nine are currently serving as professional staff.

68. *Please provide the number of Reserve Corps Members, by level, for FY 2025 and FY 2026 to date.*

Reserve Corps	FY2025	FY2026
Level 1 (certified)	53	48
Level 2 (field training)	9	8
General (unarmed)	2	0
Recruit	4	5
Total	68	61

69. *How many officers applied to the Police Officer Retention Program in FY 2024 through FY 2026 to date, and how much has been awarded, by year? How much remained in the program's FY 2025 budget at the end of the fiscal year, and how much remains in the program's FY 2026 budget?*

FY2024:

- Applied: 84
- Awarded: 75
- Total Awarded: \$721,581.58

FY2025:

- Applied: 86
- Awarded: 72
- Total Awarded: \$689,585.30

FY2026 (through 1/21):

- Applied: 82
- The applications are still being processed

70. *How many officers applied to the Short- and Long-Term Housing Assistance programs in FY 2024 through FY 2026 to date, and how much has been awarded, by year? How much remained in the program's FY 2025 budget at the end of the fiscal year, and how much remains in the program's FY 2026 budget?*

		Long Term	Short Term	Total
FY24	# Officers	43	28	71
	Amount	\$190,412	\$64,553	\$254,965
FY25	# Officers	37	16	53
	Amount	\$128,587	\$31,716	\$160,303
FY26 (thru 1/28)	# Officers	21	1	22
	Amount	\$67,615	\$1,216	\$68,831

71. *Please describe what training, including frequency of training, MPD officers receive regarding how to effectively engage in policing activities while protecting individuals' civil liberties, especially in light of the recently enacted Residential Tranquility Amendment Act of 2025.*

The Metropolitan Police Academy's comprehensive training effectively prepares members for a multitude of public safety scenarios while upholding the Constitution and law. The Metropolitan Police Academy provides the introduction and foundation of policing in the District of Columbia through recruit training. Then, throughout every sworn member's career, they are required to attend in-person professional development training (PDT) each year, and complete various asynchronous trainings throughout the year. Annual topics may be identified by court decisions, legislative changes, or stakeholder feedback.

For example, training focused on the Fourth Amendment and provided refresher training on the Second Amendment. The 2025 PDT included a Fourth Amendment rights module. The Training covered the foundation of the Fourth Amendment, contacts and stops, reasonable articulable suspicion, protective pat downs, arrests, search warrants, and use of force. Every sworn full-duty member was required to complete the Fourth Amendment module. In addition, MPD released 12 roll call training topics throughout the year. Topics included but were not limited to: protective pat downs, plain view doctrine, consent searches, exigent circumstances, searches incident to arrest, and search warrants.

All these trainings equipped members with the knowledge and skills necessary to navigate the legal nuances surrounding the Fourth Amendment and balance effective policing with safeguarding individuals' rights.

The Academy also issued an online module on concealed carry laws in 2025. This training focused on the requirements, restrictions, and department procedures when encountering a concealed carry license holder.

Briefings on enforcing the Residential Tranquility Act for purposes of First Amendment Assemblies in residential neighborhoods has been narrowly focused on the Homeland Security Bureau, Special Operations Division (SOD). Per standard practice, SOD responds to any residential demonstrations in the city, so this is not enforced by patrol officers.

72. ***The September 2024 DC Auditor (ODCA) MPD Staffing Report titled “MPD Needs Improved Data Analysis, Targeted Deployment, and More Detectives” determined that MPD was short 65 Investigators/Officers, with the Criminal Investigations Division’s District Detectives Unit at the time with the greatest need for additional detectives. The report also noted that some of these roles could be filled in part by other job titles or professional staff. Please describe any steps the agency has taken to increase hiring of Investigators/Officers or fulfill these job duties through other personnel positions. Please describe any efforts the agency has undertaken or plans to undertake to evaluate what policies or practices would need to change to allow for fulfillment of administrative or other duties, such as non-investigative activities, to be fulfilled by other personnel.***

For a discussion of the successful work to increase closure rates, please see the response to question 40. In FY25 and FY26 to date, 77 officers have been promoted to detectives (see question 50).

The Department provided a thorough response to the ODCA on this recommendation, which is provided below. In addition to this, please note that investigators are not hired, they are developed from officers. The constraints on promoting officers are noted below, and recruitment issues are discussed in other responses in this letter (see, for instance, responses to questions 58 and 59).

Excerpt from the August 16, 2024 response to ODCA:

MPD agrees and supports the recommendation to add staff to the Investigative Services Bureau (ISB). At the same time, it is important to understand that the pipeline for detectives

comes from the officer ranks, most of whom are assigned to patrol. As noted above, MPD strongly disagrees with the assertion that patrol has adequate staffing. MPD will continue building up staffing at the officer level in order to be able to promote additional detectives while maintaining a high standard of service to the community.

In the past year, MPD was able to promote 57 new detectives (49 of which are currently assigned to CID), but as the study indicates, more are still needed given current workloads. MPD is currently running a promotional process for detectives, which will result in additional detectives being eligible for assignment. New detectives are typically assigned to a District Detective Unit (DDU), and a smaller number are assigned to the Youth and Family Engagement Bureau.

Of course, increasing staffing for detectives has a cascading effect. The detectives assigned to specialized units, like Homicide or the Sexual Assault Unit, typically come from the District Detectives. It follows that detectives needed to fill those District Detective positions must come from somewhere else in the organization, most commonly patrol. To try to mitigate the impact this has on patrol operations, MPD's practice has been to try to time new detective selections with recruit graduations so that any officers promoted out of a patrol district are replaced with new officers.

The current staffing for ISB units is based on detective caseload, which is different depending on the types of cases they handle. Homicides are more complex than the crimes investigated by District Detectives (like simple assaults or thefts), therefore Homicide detectives will carry a smaller caseload. The DDU lieutenants in each of the districts are responsible for monitoring the caseloads of their squads to distribute the workload, and the DDU caseloads are also reviewed periodically to balance the workload with the staffing across the DDUs.

MPD does leverage professional staff to support the work of ISB. In the past year, MPD hired seven new analysts to help expand MPD's capacity to conduct robust analysis around violent crime, repeat violent offenders, and emerging trends and patterns. These professionals directly support both detectives with investigations, and specialized units and patrol in deploying assets more strategically.² In addition, MPD's Victim Services Branch assists victims with getting necessary documentation from investigators related to property, insurance policies, police reports and referrals for relocation and emergency housing. They also support victims and witnesses by directing them to services and supporting them through the investigative process. While Victim Specialists dedicate their time to meeting the victim's needs, the detectives are able to focus on bringing them justice through the investigative process.

While the focus of this study is staffing, investments in technology are a critical force multiplier. In Fiscal Year 2023, MPD invested in a robust digital intelligence investigative platform to help detectives more quickly and accurately review the millions of pages of documents they receive each year in response to lawful searches of cell phones, social

² While these analysts fall under the Homeland Security Bureau's Analytical Services Division, their work directly supports the work of ISB staff.

media accounts, and other key evidence. Previously, this was all done by detectives manually reviewing huge quantities of data. In Fiscal Year 2024, MPD invested in the RTCC to help better leverage technology, such as the helicopter, CCTV cameras, license plate readers, and most recently, drones, to support targeted response and investigations. Mayor Bowser has committed to a substantial investment in more CCTV cameras to continue to enhance investigations and crime deterrence.

73. ***In last year’s performance oversight hearing responses, MPD stated that in regard to the ODCA MPD Staffing Report recommendations about officer time spent on HSB details, the Department was “working to implement advanced functionality in its timekeeping system and policy and training to support this change in order to enhance tracking.” What is the status of this implementation? Have there been any improvements to the timekeeping system or to the policy and training to support enhanced tracking in FY 2025 or FY 2026 to date?***

The Department had started this project in 2025, but due to staffing departures, work on it was paused. The new Chief Information Officer started in October 2025. This project is among the initiatives slated for his review and attention.

Policing Practices and Training (Questions 74-129)

74. ***What information are MPD officers required to include in an arrest report? Please include citations to the source of such requirements (e.g., MPD policy).***

Members are directed in [General Order \(GO\) 401.01 \(Field Reporting System\)](#) to include in all reports, regardless of any arrests that occur: the central complaint number (CCN); full names and demographic information of all victims, suspects, and witnesses; type of crime committed; time, date, and location of the event; what was used to commit the crime; evidence recovered; value of property associated with the report; any recovered stolen property; condition and location of the victim; how the crime was committed; circumstances surrounding the commission of the crime (e.g., motive, relationships between involved individuals); and current case status information.

The report writing curriculum can be found on our website:

https://mpdc.dc.gov/sites/default/files/dc/sites/mpdc/publication/attachments/3.1%20Basic%20Report%20Writing%20-%20IA_071625.pdf

Officers are required to include specific categories of information in an arrest report to properly document the arrest and establish probable cause for prosecution. These requirements are drawn from the MPD Basic Report Writing curriculum and governing MPD policy:

1. ***Identifying Information for Involved Persons:*** Officers must document identifying and contact information for all relevant parties, including defendants, victims, witnesses, and complainants: full name; address; date of birth; phone number; email address (if available); and relationships between involved persons.

2. *Defendant Information and Status:* In arrest reports, suspects are formally identified as Defendants (D-1, D-2, etc.) or Respondents for juveniles: defendant identifier (adult arrestee); juvenile respondent identifier, if applicable. Members are trained to provide clear differentiation between suspect vs. arrested person (defendant).
3. *Establishing Probable Cause:* An arrest report must establish probable cause through a clear, chronological narrative that explains how the officer reached the decision to arrest: who was involved; what occurred; when and where events occurred; how the events unfolded; and why the arrest was justified (if known). The narrative must unfold events chronologically, showing the progression from initial observation to arrest decision.
4. *Incident Details and Officer Observations:* officers must document all factual observations and perceptions, including: suspect description; officer observations and perceptions; statements or conduct relevant to the offense; and details of the underlying incident.
5. *Officer Actions and Law Enforcement Response.* The report must describe actions taken by the reporting officer; actions taken by assisting officers or other personnel; and investigative steps conducted prior to arrest.
6. *Injuries and Medical Treatment.* If applicable, officers must document any injuries observed or reported; medical treatment provided or requested; and any transport to medical facilities.
7. *Evidence and Property Information.* Arrest reports must reference evidence and property involved in the offense, including: description of evidence seized, recovered, stolen, or found; property damage, if any; and associated Property Record (PD-81), when applicable.
8. *Legal Classification of the Offense:* Officers must classify the offense accurately under applicable law using DC Code, DCMR, or U.S. Code offense classification, with appropriate charge based on facts and circumstances.
9. *Body-Worn Camera (BWC) Disclosure (When Applicable).* If body-worn camera footage was reviewed prior to report completion, officers must indicate whether BWC footage was reviewed and, if so, which camera footage was viewed.

In addition, GO 701.01 (Courts and Hearings) requires members to submit for all arrests: a complete arrest package including all forms required for the arrest (see table below) arrest or search warrants, photo arrays, crime scene examination reports, Office of Unified Communications (OUC) dispatch information, video statements, gun certifications, Gerstein, bond appearance dates, and any case-specific MPD forms completed in the course of the arrest.

Due to the limits on physical appearances for arrest papering during the COVID-19 emergency, members were directed in [EO 20-015 \(Coronavirus 2019 Arrest Packages in RMS\)](#) to scan and upload completed papering covering sheets and the following applicable paperwork into the electronic arrest report. Since some remote appearances are ongoing, these procedures remain in place and will be added to [GO 401.01 \(Field Reporting System\)](#).

Arrest Package Documents
Automated Fingerprinting Identification System (AFIS) disposition sheet (booking photo)
PD Form 256 (Quick Booking Form)
Washington Area Law Enforcement System (WALES) / National Crime Information Center (NCIC) results
Prepared PD Form 81C (Property Release)
Barring notices (unlawful entry cases)
Search warrants, arrest warrants, and affidavits

75. ***What information are MPD officers required to include in a Gerstein probable cause affidavit for an arrest made without a warrant? Please include citations to the source of such requirements (e.g., MPD policy).***

As explained in MPD's Custodial Arrest training materials, a Gerstein affidavit documents the facts that led to a particular defendant's arrest. The affidavit is used by the court during a judicial review of probable cause to determine if a defendant should be held prior to trial. MPD [General Order 701.01](#) reinforces this requirement by mandating that affidavits include the facts and circumstances establishing probable cause. These affidavits are required under Gerstein v. Pugh (1975) in which the Court held that individuals arrested without a warrant must receive a timely judicial determination of probable cause supported by facts.

The curriculum regarding Gerstein probable cause affidavits for arrest made without warrants can be found in Recruit Officer Training [Lesson Plan 3.1](#). For a warrantless arrest, an MPD Gerstein probable cause affidavit must include:

- Defendant identification
- Time, place, and circumstances of arrest
- A factual, chronological narrative establishing probable cause
- Identification of victims and witnesses
- Legal classification of the offense
- Officer actions and observations
- Evidence, injuries, or property information as relevant

All requirements are derived from MPD arrest reporting standards and structured to satisfy the constitutional mandate of Gerstein v. Pugh.

76. ***If an MPD officer is engaging with individuals in the community, and a federal agent who is not part of a joint patrol begins to interact with the MPD officer and/or the***

individuals with whom the MPD officer was engaging, is the MPD officer instructed to request identification (name, agency, and badge information) from the federal agent?

a. If yes, where is the officer instructed to record that information?

b. If no, why is this not required?

The nature of the incident and interaction would determine whether or not an MPD officer would request the information and document it on a report. For example, if the initial interaction did not require any type of report or documentation, such as a non-custodial police contact, the mere presence of a federal officer would not indicate that the contact needs to be documented. However, if a federal officer were a witness to a crime, then their presence would likely be documented.

- 77. *Please explain how MPD has trained officers how to interact with and communicate with the public with regard to the public's right to record police interactions with the public.***

The Department has a stand-alone policy, [General Order 304.19](#) (Video Recording, Photographing, and Audio Recording of MPD Members by the Public), recognizing that members of the public have a "First Amendment right to video record, photograph, and/or audio record MPD members while MPD members are conducting official business or while acting in an official capacity in any public space, unless such recordings interfere with police activity."

All Professional Development and Recruit Training include the roles, responsibilities and conduct of members. On this topic, the Academy reiterates in multiple trainings that members will potentially be recorded by bystanders. Academy scenarios are built where the public is recording. Members have been accustomed to understanding that the public will likely record positive and negative interactions with the MPD and to handle all matters with that in mind.

- 78. *Please explain how MPD has trained officers how to interact and communicate with the public during joint patrols with federal agents?***

a. Have MPD officers received specific instructions as to whether to respond to the public when asked for their name and badge number? If yes, please describe those instructions.

b. Have MPD officers received specific instructions as to whether to respond to the public when asked for the name and badge number of federal agents participating in a joint patrol with MPD officers? If yes, please describe those instructions.

General Order 201.26 ([Code of Conduct](#)) requires that:

- Every member, regardless of rank, grade, or assignment shall provide the highest quality of service by using courteous and professional communication skills when assisting individuals via telephone, email, and in person. When any person requests assistance or advice, or makes a complaint or report, all pertinent information shall be obtained in an official and courteous manner and properly and judiciously acted upon.

All members shall take personal responsibility for each contact and the corresponding request for service or information.

- When approached by a member of the public under normal circumstances, members should respond with prompt acknowledgement and a professional greeting (e.g., “How may I help you?”, “I’ll be with you in a moment”). Members should maintain a cordial demeanor and tone throughout the interaction, offer their full name, if appropriate, and be accountable for every information and service request, even if it is misdirected. If possible, and if appropriate, members should respond. If unable to resolve the request immediately, members should take a name and phone number in order to provide progress reports, or information, about the request resolution. Members should end the encounter courteously (e.g., “May I help you with anything else?”, “Have a nice day”, “It was a pleasure to help you.”)
- When requested to identify themselves, members shall state their first and last name and badge number in a respectful and polite manner. In accordance with GO-PER-110.11 ([Uniform, Equipment, and Appearance Standards](#)), members shall provide their business card upon request.

Thus, members are required to courteously and professionally respond to the member of the public, and to provide their business card upon request. However, the District of Columbia cannot compel federal officers to provide their name and badge number to the public and therefore cannot expect that an MPD member on patrol with federal officers would provide that to a member of the public. An appropriate response to a member of the public would be to politely relay that each federal agency determines whether its officers are required to provide their name and badge, and MPD members are not authorized to override that determination.

79. *Please provide an update on MPD’s efforts to employ hot-spot policing as part of an evidence-based policing strategy. Please also describe to what extent the agency has expanded its hot-spot policing efforts in FY 2025 and FY 2026 to date.*

MPD’s use of Drs. Lum and Koper’s Evidence-Based Policing model began in 2022 with the Sixth District. The model focuses attention on small areas (approximately four-square blocks) identified by data-driven analysis of non-domestic violent crime and sounds of gunshots every 90 days. In early 2024, MPD expanded this model into the Third and Fourth Districts.

The Third and Fourth Districts have continued to employ this model as a core component of its policing strategy. Hot-spot locations are identified through ongoing analysis of crime trends, gunshot detection data, and calls for service.

In CY2025, the model was refined. Rather than rotating hot-spots every 90 days, deployments are now adjusted only when data indicate a significant shift in crime density or gunshot patterns.

In the Third District, this focused approach, combined with complementary enforcement and engagement strategies, has contributed to a 46 percent reduction in robberies, a 39 percent reduction in homicides, and an overall 40 percent reduction in violent crime in 2025. Crime data are currently being reanalyzed to inform Third District hot-spot deployments for CY2026.

Similarly, in the Fourth District, hot-spot policing has been sustained for more than two years in locations demonstrating ongoing concentrations of violent crime and gunshot activity. Daily deployments occur during the evening and midnight shifts with dedicated supervisors and officers assigned to specific call signs and geographic areas. These locations experienced a 67 percent reduction in homicides, a 35 percent reduction in robberies, and a 25 percent overall reduction in violent crime in 2025.

Other districts use similar focused policing and specialized enforcement strategies such as THRIVE, ATLAS, and the Robbery Suppression Unit.

80. *Please provide an update on MPD's efforts to employ geographically targeted, problem-oriented policing as part of an evidence-based policing strategy, including:*

a. Updates on Targeted Homicide Reduction through Intervention and Violence Elimination ("Operation THRIVE") to reduce homicides 2025 and plans to continue this operation in 2026;

The THRIVE initiative uses data driven strategies to deploy MPD resources where they are most needed, targeting neighborhoods experiencing the highest levels of violent crime. Since its launch on January 13, 2024, THRIVE has concentrated efforts in Rosedale, Anacostia, Buena Vista, and Washington Highlands.

In 2025, MPD executed three successful phases of THRIVE, producing measurable public safety outcomes. Targeted areas experienced a 29 percent overall reduction in DC Code Index crimes, including a 47 percent decrease in homicides, a 37 percent reduction in violent crime, and a 26 percent decline in property crime.

Building on these results, in 2026 the THRIVE initiative will focus on Rosedale, Anacostia, Congress Heights, and Washington Highlands, reinforcing MPD's commitment to precision policing, accountability, and sustained crime reduction.

b. Any new geographically targeted, problem-oriented policing efforts in FY 2025 and FY 2026 to date.

Reported crimes are continuously monitored and analyzed in order to quickly respond to emerging crime trends by shifting and reallocating resources to specific areas facing an increase of reported criminal activity. Specifically, the Sixth District currently deploys officers to 10 geographic areas based on current and historical violent crime trends. These areas include, but not limited to, Deanwood, Ft. Dupont (including Stoddert Terrace), Mayfair, Benning Ridge (including Benning Terrace), Fairlawn, Benning, Kenilworth, NE Boundary, Central NE, and Marshall Heights.

In the Seventh District, strategic patrols and special mission units deploy in several geographic areas, including the Southwest Corridor, Mellon & Martin Luther King Jr., Woodland, Skyland, and the Wheeler Road Corridor.

Hot-spot policing strategies are used in the Third and Fourth districts (more information on that is included in the answer to #79).

81. *Please provide an update on MPD's Operation Peaceful Neighborhoods launched in fall 2023. To what extent is this effort still active in FY 2026?*

Operation Peaceful Neighborhoods remains active in 2026. The program identifies nuisance properties actively involved in narcotics distribution that do not have criminal cases associated with them. In many instances, these properties are homes belonging to vulnerable residents, such as elderly individuals or single mothers, whose residences have been taken over by drug dealers.

Through a referral process, the program connects these residents with services aimed at restoring safety to their homes and preventing further exploitation. In 2025, the program made two referrals for nuisance abatement and service coordination. While no referrals have been made to-date in 2026, the program remains operational and positioned to refer cases arising from ongoing enforcement efforts, including any that may emerge from federal task force activities.

82. *Several programs/initiatives to address violent crime and other crimes in the District were noted in the most recent Strategic Plan for MPD. For each of the programs/initiatives listed below, please provide an update for FY 2025 and FY 2026 to date on:*

(a) the number of employees/officers who are being used for these initiatives; (b) the costs and resource requirements associated with these initiatives; (c) any plans for further expansion of these programs/initiatives; (d) data on stops, arrests, closures, or other statistics related to these efforts; and (e) any notable results from these new programs/initiatives (e.g., reductions in crime, new partnerships with other agencies or groups):

a. The Robbery Suppression Initiative?

Question	Response
# Employees	3 lieutenants or captains, 9 sergeants and 45 officers
Costs & Resources	Uses existing resources*
Expansion Plans	Not at this time.
Data	From July 2023 to January 2026, there were 511 guns recovered, 142 stolen vehicles recovered and 777 arrests.
Notable Results	The Robbery Suppression Initiative focuses on violent crime with deployment based on real time crime data. This unit involves a collaborative effort from each district with assistance from Violent Crime Suppression Division and the RTCC. Robberies decreased by 37

Question	Response
	percent in CY2025.

* No additional staff or special purchasing required.

b. The Multiagency Nightlife Task Force?

Question	Response
# Employees	1 lieutenant (on split duty overseeing PSA 305), 2 sergeants and 19 active officers.
Costs & Resources	Uses existing resources.
Expansion Plans	Expansion is needed, but not currently feasible with current district staffing.
Data	CY2025 ended with a 38% reduction in violent crime and an overall reduction of 47% in total crime related to the U Street Corridor.
Notable Results	See above.

c. The Gun Violence Problem Analysis?

Question	Response
# Employees	This analysis, which identifies the individuals who are driving DC gun violence, is conducted by the Criminal Justice Coordinating Council (CJCC). A key strategy for combating violent gun crime is to monitor the individuals most likely to engage in it. Members involved in various parts of this initiative have included DYRS, OAG, CJCC, CSOSA, and USAO. The partners work together to monitor the Drivers of Gun Violence to mitigate the risk that they will perpetrate more violence in the community.
Costs & Resources	MPD uses existing resources.
Expansion Plans	We recommend raising this with CJCC.
Data	CJCC monitors the data.
Notable Results	None at this time

d. The Violent Crime Impact Team?

Question	Response
# Employees	13 MPD members partnering with the FBI, DEA, and National Guard.
Costs & Resources	MPD uses existing resources, as well as vehicles, equipment, and personnel provided by federal partners.
Expansion Plans	No current plans to expand this unit.
Data	VCIT is currently engaged in a long-term investigation in DC and has executed over 90 search warrants, reviewed months of camera footage, and made over 120 controlled narcotics purchases.
Notable Results	See above.

e. The Carjacking Task Force?

Question	Response
# Employees	1 lieutenant, 1 sergeant, 10 detectives, and 2 investigative analysts.

Question	Response
Costs & Resources	MPD uses existing resources, as well as vehicles, equipment, and personnel provided by the FBI.
Expansion Plans	As a result of the federal surge, the Carjacking Task Force is a participant in the Violent Crime Impact Team (VCIT) which includes agents from the FBI.
Data	In 2025 MPD made 140 carjacking arrests which closed 120 carjacking cases and achieved a 50% decrease in carjacking when compared to 2024.
Notable Results	Detectives from the Carjacking Task Force were assigned 325 violent crimes to investigate in 2025. In support of these investigations, detectives submitted 30 residential search warrants, 114 affidavits for arrest, and 103 affidavits for search warrants related to devices, social media, and cell towers.

f. The Juvenile Investigative Response Unit (JIRU)?

Question	Response
# Employees	2 sergeants, 3 detectives, 4 investigators.
Costs & Resources	MPD uses existing resources.
Expansion Plans	JIRU is committed to expanding partners with group homes and shelters to implement early-intervention strategies for at-risk youth. JIRU added an analyst to the team to leverage data analysis and mapping to identify areas with elevated rates of juvenile crimes and that will design a dashboard to monitor trends.
Data	JIRU successfully closed 32 cases involving juvenile offenders.
Notable Results	The unit collaborates with group homes and shelters to ensure compliance with court-ordered conditions and to support rehabilitation efforts.

83. *Please provide any updates on MPD's efforts to implement community policing strategies in FY 2025 and FY 2026, to date.*

MPD remains focused on implementing effective, responsive, and community-oriented policing strategies that will enhance our public safety ecosystem. Patrol districts continue to strategically monitor and deploy officers in designated locations based primarily on data-driven community harm indicators such as gun violence, robberies, and repeat calls for service.

All police districts employ community policing strategies by embedding proactive, relationship-based engagement into routine patrol operations and district-level outreach efforts. Community policing is treated as a core function of patrol, with officers and supervisors expected to engage residents, business owners, and community partners consistently and outside of enforcement-only interactions.

Across police districts, this approach includes foot patrols and supervisory co-walks, allowing managers and patrol officers to engage directly with community members in neighborhoods, business corridors, and nightlife areas. Districts also maintain dedicated

outreach personnel and business beat teams that plan and participate in community events, collaborate with community-based organizations, and work closely with local businesses to address recurring crime concerns and quality-of-life issues while maintaining open lines of communication.

In addition, districts have increased structured outreach through regular community meetings, expanded community email distribution lists used to share public safety information and prevention resources, and targeted engagement with youth and seniors. These efforts include mentorship partnerships with local high schools, coordination with Department of Parks and Recreation centers to support summer youth engagement, and recurring community safety classes hosted at senior residential buildings that focus on fraud prevention, personal safety, and wellness. Collectively, these initiatives support trust-building, transparency, and sustained partnerships between MPD and the communities we serve.

- 84. *Please provide an update on the Officer Friendly program, including number of youth engaged, types of educational programs offered, and any evaluation the agency has done on this initiative to date.***

The Officer Friendly program builds rapport among students, parents, and police officers through engagement at elementary schools across the District. MPD officers visit elementary schools throughout to present important age- and grade-appropriate safety lessons and life skills such as pedestrian safety, stranger awareness, bicycle safety, bullying, school violence, peer pressure, safety skills, and more. The Officer Friendly program uses interactive learning such as role-playing and storytelling.

Over the course of the program, Officer Friendly has visited tens of thousands of students. His new partner, Badger Bear, has visited 23 schools and served approximately 575-690 students. In addition, the Side-By-Side-Band has performed over 250 times to about 16,000 youth.

- 85. *Please provide an update on the agency's efforts to increase traffic enforcement and education in support of the Vision Zero initiative. Please include the number and location of high-visibility Traffic Safety Compliance Checkpoints in FY 2025 and FY 2026 to date and any enforcement actions taken as a result of the compliance checkpoints.***

In 2025, the District of Columbia experienced a significant reduction in crash fatalities, dropping from 52 fatalities in 2024 to 25 in 2025 (52% reduction).

To strengthen enforcement capabilities, several new members were added to the Traffic Safety and Specialized Enforcement Section (TSSSES), which manages the planning and implementation of MPD's citywide traffic plans, traffic safety education, outreach campaigns, alcohol enforcement, and grant-funded traffic safety initiatives.

- One new member added to the Traffic Safety Unit in 2025, the unit responsible for full-time traffic enforcement and traffic safety.
- One detective and one detective sergeant transferred to the Major Crash Investigations Unit, responsible for investigating and reconstructing motor vehicle collisions that result in fatalities or life-threatening injuries within the district.
- One new officer trained and assigned to the Motor Carrier Safety Unit, which conducts roadside safety inspections of commercial motor vehicles and drivers engaged in interstate commerce, while also responding to community complaints regarding commercial vehicle violations.

To support the Department's priority of reducing traffic fatalities, TSSSES conducted enhanced traffic enforcement operations throughout the city. These patrols emphasized traffic education and enforcement for all roadway users and were deployed at varying times and days of the week, with particular focus on Thursday, Friday, and Saturday evenings and nighttime hours. During these operations, a designated group of officers concentrated exclusively on traffic enforcement and education within targeted areas identified through citizen complaints, officer observations, and crash data. These initiatives included:

- Traffic Safety Compliance Checkpoints
- Scooter Enforcement (Operation Ride Right)
- Shoulder Enforcement
- Pedestrian Enforcement
- Bicycle Enforcement
- Impaired Driver Enforcement
- Commercial Vehicle Enforcement
- Scofflaw Enforcement

In calendar year 2025, the TSSSES conducted 60 Traffic Safety Compliance Checkpoints (TSCC) throughout the district. The locations of the TSCC are based on crash data and focus along the high-injury network. During the TSCCs, 3,261 vehicles were stopped, 4,232 Notice of Infractions were issued, 122 arrests were made, and six firearms were recovered. Below is a list of the checkpoints and their dates.

TSCC	Location
1/1/2025	2100 block of 14 th Street, NW
1/29/2025	2300 block of Connecticut Avenue, NW
2/19/2025	5500 block of Georgia Avenue, NW
2/26/2025	100 block of M Street, SW
3/5/2025	2600 block of North Capitol Street, NE
3/12/2025	4600 block of South Capitol Street, SE
3/17/2025	2800 block of Pennsylvania Avenue, NW
3/27/2025	1400 block of New York Avenue, NE
4/3/2025	1400 block of Minnesota Avenue, NE
4/9/2025	1600 block of Benning Road, NE
4/28/2025	2600 block of North Capitol Street, NE
5/1/2025	4600 block of South Capitol Street, SE
5/2/2025	2700 block of New York Avenue, NE

TSCC	Location
5/7/2025	1400 block of New York Avenue, NE
5/19/2025	2200 block of Rhode Island Avenue, NE
5/20/2025	2900 block of Bladensburg Road, NE
5/22/2025	2300 block of Connecticut Avenue, NW
5/23/2025	2700 block of New York Avenue, NE
5/28/2025	2600 block of North Capitol Street, NE
6/3/2025	3000 block of Alabama Avenue, NE
6/5/2025	1600 block of Benning Road, NE
6/12/2025	4200 block of Minnesota Avenue, NE
6/20/2025	2500 block of Rhode Island Avenue, NE
6/24/2025	100 block of M Street, SW

8/1/2025	3000 block of Alabama Avenue, SE
8/4/2025	1600 block of Benning Road, NE
8/6/2025	7100 block of Georgia Avenue, NW
8/7/2025	3000 block of M Street, NW
8/11/2025	2700 block of New York Avenue, NE
8/13/2025	2100 block of 14 th Street, NW
8/15/2025	101 block of M Street, SW
8/18/2025	1600 block of Benning Road, NE
8/20/2025	2700 block of New York Avenue, NE
8/25/2025	2600 block of North Capitol Street, NE
8/27/2025	2500 block of Rhode Island Avenue, NE
8/28/2025	1400 block of New York Avenue, NE
8/30/2025	7100 block of Georgia Avenue, NW
9/5/2025	4600 block of South Capitol Street, SE
9/9/2025	3000 block of Alabama Avenue, SE
9/26/2025	4000 block of Eastern Avenue, NE
9/27/2025	4600 block of S. Capitol Street, SW
10/7/2025	1600 block of Benning Road, NE
10/10/2025	2700 block of New York Avenue, NE
10/15/2025	101 block of M Street, SW
10/29/2025	2300 block of Connecticut Avenue, NW
10/31/2025	2100 block of 14 th Street, NW
11/5/2025	7100 block of Georgia Avenue, NW
11/14/2025	2700 block of New York Avenue, NE
11/21/2025	3000 block of Alabama Avenue, SE
12/11/2025	101 block of M Street, SW
12/18/2025	4600 block of South Capitol Street, SE
Total	60

86. *Please provide an update on the agency's efforts to strengthen District response to individuals with chronic or crisis behavioral health needs.*

As noted in response to question 87, below, Crisis Intervention Officers (CIO) and the Co-Response team are vital components in the Department's layered strategy for responding to individuals with chronic or crisis behavioral health needs. The Department of Behavioral Health (DBH) provides all recruits with its Mental Health First Aid for First Responders training. DBH continues to be available for quarterly CIO training, as needed. In addition, MPD chairs the interagency Prearrest Diversion Task Force, a group that will be providing a report with recommendations to the Mayor and Council later in 2026.

87. *Please describe the activities of the Co-Response Team in FY 2025 and FY 2026 to date. List how many officers are currently trained as Crisis Intervention Officers.*

CIOs are members who have received at least 40 hours of specialized training from DBH on response to individuals in our community facing chronic or crisis behavioral health needs. As of January 15, 2026, there are 932 trained CIOs. The majority of these members are in patrol for first response to an incident. In addition, members of some specialized units have all completed the CIO training, including the Emergency Response Team, School Resource Officers, and the Special Liaison Branch.

CIO training is a prerequisite for becoming a member of the Community Response (COR) Team, which serves as a vital resource for individuals navigating behavioral health crises within the District. By pairing MPD officers with DBH professionals, the program strengthens the city's ability to manage chronic mental health needs while actively reducing unnecessary arrests and hospitalizations.

In addition to immediate crisis intervention, COR teams carry out follow-up investigations based on referrals from various MPD bureaus. These efforts include conducting proactive home visits to ensure continued support for individuals identified as having potential behavioral health needs. The program further extends its impact by providing direct outreach to unhoused residents and participating in community events to connect potential consumers with essential services. Through this collaborative model and ongoing strategic expansion, COR continues to reshape the District's crisis response into a more compassionate and effective system.

From the launch in June 2023 through the end of CY2025, COR team have fielded 4,151 calls resulting in 1,978 interactions with mental health consumers. Of these, 49 percent were resolved on-scene (i.e., stabilizations or referrals), 45 percent resulted in hospitalization (33% emergency hospitalizations and 12% voluntary), and 3 percent resulted in arrests. Despite dealing with some potentially dangerous individuals, including those armed with knives and even a machete, only five scenes involved a use of force (only two of which were by a COR officer).

88. *Please describe MPD programs or initiatives that offer support to MPD officers who themselves are experiencing mental or behavioral health crises, especially due to the nature of their work.*

- *Metropolitan Police Employee Assistance Program (MPEAP):* The MPEAP is a free, independent, and confidential counseling service available to all sworn members and their spouses or significant others. MPEAP can be reached 24/7 to assist with personal or professional stressors. Services are provided at no cost and include counseling support for members and their families. Additionally, members involved in a critical incident are scheduled for up to six debriefing sessions, as determined by the MPEAP clinical director.
- *Inova EAP:* MPD members and their household family members have access to Inova EAP to support overall well-being. This program is available 24/7 and enhances MPD's employee support structure by addressing both everyday life challenges and critical mental health needs.
- *MPD Employee Well-Being Office (EWBO):* MPD has a dedicated Employee Well-Being Office and to support officers during mental or behavioral health challenges, recognizing the unique stressors of law enforcement work. Programs and services offered by the EWBO are included below.
- *Wellness Presentations:* The Employee Well-being Office conducts in-person and virtual health education presentations to both sworn and professional staff members. These presentations cover topics related to our six dimensions of wellness, including how to identify and address secondary trauma.
- *Professional Development/Trainings (roll call, Dispatch, etc.):* Roll-call portion: The EWBO team consults with the Curriculum Design and Curriculum & Instructional Branch to curate health and well-being content to be integrated into roll call trainings. This initiative aims to provide brief, actionable information that promotes physical, mental, and emotional health, ensuring wellness remains a consistent and accessible part of daily operations across the Department.
- *Headspace:* MPD's partnership with Headspace ensures that all members have access to an application that supports their mental and emotional well-being. Members have access to the full Headspace to support stress management, resilience-building, and the improvement of overall well-being. The app provides a variety of accessible wellness resources, including guided meditation, sleepcasts, mindfulness-based workouts, yoga exercises, focus-enhancing music, and calming audio designed to improve sleep quality.
- *Believe and Achieve:* BA Wellness partnered with MPD to roll out a wellness program across all seven districts. The seven-month program was created to help MPD members strengthen their physical, mental, and emotional well-being. Each month focused on a new wellness theme with activities focused on fitness, mindfulness, recovery, and

nutrition. The program was fully funded by CareFirst and open to all MPD members at no cost. Flyers and email were used to promote the program and boosts participation throughout the seven-month program.

- *Wellness Rooms:* MPD wellness rooms are spaces throughout the department that are equipped with calming amenities to help reduce stress, support mental clarity, and enhance overall well-being. Whether a member needs a quiet moment between shifts, a place to decompress, or meditate, the wellness rooms provide a place to encourage grounding and resilience.
- *Wellness Checks:* Members of the Employee Well-being Office contact sworn members via phone call, text message, and email when alerted of an injury or illness, or for members on extended sick leave. These contacts are simple contacts to check on the member's well-being and encourage them as they begin their journey back to full duty.
- *Chaplain Corps:* The MPD Chaplain Corps serves as a trusted and compassionate resource for Metropolitan Police Department officers and staff. Chaplains provide understanding, kindness, and emotional or spiritual support during difficult times, crises, and periods of stress. Their assistance is available to members and their families regardless of faith, belief, or background. By fostering a caring and supportive environment, the Chaplain Corps helps create a strong sense of community within the department.

89. *Has MPD implemented any new efforts to increase continuity in the assignment of patrol officers to particular "beats"?*

The Department recognizes the value in continuity in patrol assignments in supporting strong community relationships and effective policing. MPD supports continuity in beats by not randomly redeploying or reassigning officers. However, change is a natural function of operations in a major city police department. All recruits graduating from the Academy are assigned to patrol, so new faces can be a positive change. This is critical when members separate from MPD, or are out on extended leave, such as for military or family leave. Members in patrol also have a right to study and compete for civil service promotions or to apply for a specialized assignment. As a result, there will always be some fluidity in patrol personnel.

90. *Please provide an update on any types of cross-agency collaboration MPD has led or engaged in to address public safety concerns in FY 2025 and FY 2026 to date.*

As MPD continues to combat crime and the fear of crime, we have involved other agencies to achieve a whole of government approach. Some of the efforts are noted below.

Agency	Collaboration
DC Housing Authority	The Violent Crime Suppression Division, Criminal Investigations Division, District Investigations Division, and the Office of Criminal Intelligence work with Housing Police to investigate crimes in and around housing properties. The agencies coordinate efforts to issue and enforce barring notices, secure vacant units, and identify and remove offenders subject to barring notices and active warrants.
Department of Public Works (DPW)	MPD collaborates with DPW on quality-of-life issues, including addressing abandoned, untagged, and unregistered vehicles with excessive unpaid citations, and graffiti removal.
Department of Parks and Recreation (DPR)	MPD partners with DPR frequently. DPR hosts community engagement events and participates in MPD events aimed at positive impacts in the communities, including Late Night Hype, Beat the Street, and National Night Out.
Department of For-Hire Vehicle (DFHV)	DFHV has been instrumental in MPD's strategies for combatting motor vehicle thefts and carjackings targeting ride-share or food delivery drivers. DFHV increased enforcement and education efforts in an effort to reduce this type of victimization.
Alcoholic Beverage & Cannabis Administration (ABCA)	Partners with MPD to examine unlicensed cannabis shops, assist with closure requests following violent incidents at establishments, coordinate on-site inspections for venues hosting events deemed to be heightened risk for violence.
Various	MPD leads the Nightlife Task Force, which is a comprehensive collaboration among various agencies to proactively tackle public safety concerns within designated nightlife areas. ABCA, Department of Licensing and Consumer Protection, Department of Transportation (DDOT), DPW, Fire and Emergency Medical Services, Mayor's Office of Nightlife and Culture, and DFHV all participate in the Task Force. This collective effort recognizes and addresses the unique challenges associated with our vibrant nightlife areas, deploying a range of strategies to ensure a safe and enjoyable environment. MPD takes the lead in enforcing criminal violations and implementing preventative patrols and relies on collaborating agencies to conduct compliance checks, business checks, and manage traffic flow.
Mayor's Special Events Task Group	The Special Operations Division Planning and Logistics Section (SOD PLS) is an integral part of the Mayors Special Events Task Group and plays a key role in ensuring the safety and success of any special event to occur in the city whether it is a parade, road race, festival, or other event.
Various	USAO, FBI, and ATF have all assigned personnel resources to the Carjacking Task Force.
USAO	The Criminal Investigations Division, District Investigations Division, and Violent Crime Suppression Division collaborate closely with the USAO for prosecution of criminal cases. VCSD routinely partners with USAO attorneys to identify and build solid cases for prosecution that result in lasting reductions in violent crime.
ATF	MPD works closely with the ATF's Firearms Trafficking Team and High Intensity Drug Trafficking Area (HIDTA) teams. MPD's Firearms Trafficking Unit attends ATF-sponsored training on firearms trafficking investigations. Additionally, two ATF members are assigned to the Homicide Branch's Arson Task Force.
Drug Enforcement Administration	The DEA has assigned several of its members to work closely with MPD on long-term conspiracy cases that will result in multiple federal indictments.
Internal Revenue Service	The IRS has recently partnered and collaborated with MPD on long-term conspiracy cases that will result in multiple federal indictments.
U.S. Marshals Service	MPD routinely works with the USMS to locate and apprehend wanted fugitives in the District. Six detectives from MPD's Homicide Branch are assigned to the Capital Area Regional Fugitive Task Force. MPD also partnered with the USMS to launch Operation Trident, an organized large-scale fugitive apprehension initiative.
Court Services and Offender Supervision Agency	MPD works with CSOSA to locate and apprehend wanted fugitives, as well as maintaining accountability for those designated as Drivers of Gun Violence or People of Promise.

Agency	Collaboration
FBI	MPD maintains a close working relationship with the FBI's Safe Streets Task Force, Violent Crime Squad (CR-2), and Cross Borders teams. Two MPD members are currently assigned as full-time Safe Streets Task Force officers. The FBI routinely offers assistance and has been involved in several high-profile cases, including longer-term conspiracy investigations. MPD also participates in the FBI's Joint Terrorism Task Force, where law enforcement partners in the National Capital Region collaborate on cases with a potential terrorist nexus.
Montgomery County Police Department, Prince George's County Police Department, DDOT, Highway Safety Office	MPD's Traffic Safety and Specialized Enforcement Section (TSSSES) focuses on education and enforcement efforts related to all roadway users to support the Mayor's Vision Zero. TSSSES works with DDOT after each major crash to identify the cause and any improvements to be made to the roadway to reduce the likelihood of a similar event. Additionally, the TSSSES works hand-in-hand with the DC Highway Safety Office on traffic safety enforcement initiatives to include alcohol enforcement and training, pedestrian education, and enforcement campaigns, along with advertising to reduce drunk driving and increase awareness for safer driving. MPD works with Montgomery County Police and Prince George's County Police along mutual shared roads such as Western Avenue, Eastern Avenue, and Southern Avenue. MPD's Homicide Branch, Fugitive Unit, and Carjacking Task Force work closely with neighboring jurisdictions, including the WAVE unit and homicide units in Prince George's and Montgomery counties, to close cases. MPD also assists these jurisdictions with cases in their areas, including search warrants and surveillance. MPD partners with the Prince George's County Police Department to prevent crime and conduct enforcement efforts along the Southern Avenue border of DC and Maryland.
Enhanced Federal Partnership (Federal Surge)	Beginning in August 2025, MPD has participated in an enhanced federal partnership as part of the federal enforcement surge in the District. This collaboration integrates MPD units with federal law enforcement agencies across several investigative teams including: • Narcotics Investigation Team: MPD's Narcotics Enforcement Unit & Overdose Unit • Firearms Investigations Team: MPD's Robbery Suppression Unit and Firearms Trafficking Unit • Fugitive Investigation Team: MPD's Criminal Apprehension Unit • Violent Crimes Investigation Team: MPD's Carjacking Task Force • Homicide Investigation Team: MPD's Homicide Branch • Arrest Intake Team: MPD's Office of Criminal Intelligence • Patrol District Crime Suppression Teams are deployed with federal partners in three teams: a Targeted Enforcement Team, High Visibility Team, and Crime Patrol Team
Multi-Agency Public Safety Task Force	Comprised of ABCA, DOH, DBH, EOM, and DPW to address community-specific concerns beyond the scope of MPD. The Multi-Agency Public Safety Task Force conducts joint walks through high-priority corridors and hot spot zones to identify issues, such as blight, lighting deficiencies, illegal dumping, and business compliance. Immediate referrals and work orders for non-policing concerns (e.g., sanitation, code enforcement, health hazards) are quickly remedied through cross-agency collaboration and follow-up.

91. Please provide updates on the way MPD assigns officers to Police Service Areas (PSAs) to ensure that staffing correlates with the number of crimes and arrests in PSA, including an update on the planned realignment process and any rationale.

All newly graduated police officers are assigned to patrol, the backbone of the Department and where more than half of all officers are assigned. Calls for service and crime are the primary metrics used to deploy staff to police districts. (Patrol is also supported by centralized units focused on specific issues that are able to deploy anywhere in the city.) Redistricting attempts to normalize the proportion of crime and calls for service among districts on a large scale. That said, some districts are bound by geography that hinders rapid deployment (such as the Anacostia River and Rock Creek Park) and therefore MPD tries to limit the need to cross them. Plans for significant economic development are also considered in the planning process. There are no plans to redistrict this year, but staffing and workload balance is routinely monitored as decisions are made to assign new officers.

92. Please provide the following information regarding tips and rewards:

a. Total tips received by the Department in CY 2025 and CY 2026 to date;

RTCC received 4,499 tips in CY2025 and 214 tips in CY2026 (through 1/28/26).

b. Of those, the number of tips that were received via MPD's tip lines (phone line or 50411);

Year	Text Tips	Phone Tips
2025	4,365	134
2026 (through 1/28/26)	208	6

c. The number of, and amount of, rewards issued for tips in CY 2025 and CY 2026 to date; and

Year	Rewards Issued
2025	12
2026 (through 2/8 /26)	9

d. The percentage of the tips received in CY 2025 and CY 2026 that were anonymous.

All tips received by the MPD tip lines (phone and 50411/text) are anonymous unless the member of the public wishes to identify themselves. MPD's text tip line (50411) eliminates identifying information of the tipster. Therefore, all of the text tips were anonymous. The MPD phone tip line is not recorded and the tipster does not need to identify themselves. In CY25, all text and 62 percent of the phone tipsters asked to remain anonymous. In CY26 (through January 28), all text and 83 percent of phone tipsters have asked to remain anonymous.

93. Please provide an update on MPD's work with OAG to improve interactions between officers and young people.

To strengthen officer-youth interactions, MPD continues to collaborate with the OAG through joint training and engagement initiatives focused on de-escalation, trauma-informed practices, and community trust-building.

94. ***Please describe the training that officers receive on how to interact with young people, particularly with regard to enforcing the citywide juvenile curfew and the juvenile curfew zones. How often do officers get updated training on how to interact with young people?***

In prior years, officers have received training focused on working with youth. Officers receive updated training on youth interaction and curfew enforcement through required annual training, training bulletins, and policy updates issued by MPA, ensuring that guidance remains current as laws and community expectations evolve. MPD provides ongoing training to ensure officers are equipped to interact appropriately, lawfully, and effectively with young people, including in the context of enforcing the citywide juvenile curfew and juvenile curfew zones.

In 2025, all sworn members were required to complete a Community Policing training module. This module reinforces MPD's community policing framework, with an emphasis on building trust-based partnerships, engaging youth in a developmentally appropriate manner, and using communication strategies that prioritize de-escalation and voluntary compliance.

Additionally, in 2025, the Academy issued Training Bulletin 25-17, which provided officers with updated guidance on juvenile curfew zones and extended curfew hours. The bulletin addressed recent legislative and policy changes and clarified enforcement procedures to ensure consistency and compliance with District law.

95. ***How many Crisis Intervention Officers (CIOs) were active in MPD in FY 2025 and are active in FY 2026 to date? Are any CIOs working in schools or with other special populations?***

In 2023, MPD completed its two-year effort to ensure that all full-duty members have completed either Crisis Intervention training or Mental Health First Aid training, provided by DBH. Mental Health First Aid training has been incorporated into standard recruit training program and CIO training is offered quarterly.

In FY25, as of February 4, 984 members were CIO certified. In FY26, as of January 15, 932 members are certified. Because of CIO training is an advanced topic, members are required to have served for three years before participating in the training. All School Resource Officers, members of the Co-Response Team, the Special Liaison Branch, and the Emergency Response Team are CIO certified.

96. ***In last year's performance oversight responses, in response to a question regarding the CRT and ChAMPS, the Department said that "coordination between MPD and these programs is bidirectional – just as MPD calls on CRT and ChAMPS for behavioral health expertise, these teams also may request MPD's support when safety concerns arise or when police assistance is needed for transportation to a hospital or other facility." Please list how many times MPD has called on CRT and ChAMPS in FY 2025***

and so far in FY 2026 as well as how many times CRT and ChAMPS have requested MPD's assistance in FY 2025 and FY 2026, to date.

MPD coordinates with the DBH Community Response Team (CRT) and the Children and Adolescent Mobile Psychiatric Services (ChAMPS) program by requesting their assistance when additional behavioral health support is needed. These services operate separately from MPD's COR and should not be confused with it. MPD may call CRT to assist with de-escalation efforts, provide crisis intervention, or conduct assessments for an involuntary psychiatric hold (FD-12) when appropriate and if available. Similarly, MPD engages ChAMPS for behavioral health crises involving children and adolescents, ensuring they receive specialized care tailored to their needs.

Coordination between MPD and these programs is bidirectional—just as MPD calls on CRT and ChAMPS for behavioral health expertise, these teams also may request MPD's support when safety concerns arise or when police assistance is needed for transportation to a hospital or other facility.

The department cannot report on the number of calls as they may be made either through OUC, to CRT or CHAMPS, or directly to a known contact.

- 97. *How many Temporary Protection Orders ("TPOs") did MPD serve in Fiscal Year 2025 and so far in Fiscal Year 2026?***

FY	# TPOs
2025	1,180
2026 (as of 1/28)	87

- 98. *Prior to serving a TPO, does MPD conduct a gun registry check? If so, please explain that process. If not, what would need to be done in order for a gun registry check to be conducted prior to MPD service of each TPO?***

In CY2026, MPD members began conducting a check of the gun registry prior to serving all TPOs. That said, given the possibility that a respondent has an illegal firearm, caution is always used even when the legal gun registry check is negative.

- 99. *Prior to serving a TPO, does MPD conduct a background check to see if the respondent has a history of unlawful gun possession? If not, why not, given that every TPO includes an order to relinquish by statute?***

Yes, investigators conduct background investigations of respondents prior to TPO service.

- 100. *What protocols are in place to inform respondents about the relinquishment requirement at the time of service of the TPO?***

At the time of service, MPD members serving TPOs verbally inform respondents about the requirement to relinquish any and all firearms. Additionally, the relinquishment requirement is explained within the TPO documentation that is served.

101. *How is MPD checking to ensure that relinquishment is occurring? And what is the current MPD protocol for officers to receive a relinquished firearm at the time of service?*

If the investigating member believes the respondent may have a registered firearm at their residence, a firearms registration check is conducted through the Gun Registry Unit. If the check confirms the respondent has a registered firearm, the case is transferred to the Robbery Suppression Unit (RSU), which attempts to recover the firearm from the respondent.

Once a firearm is recovered, the weapon is taken into MPD custody and stored under the classification "Safekeeping." The respondent is provided with an MPD property receipt documenting the relinquishment. If the firearm is not recovered, the case remains with RSU for further follow-up and investigation to ensure compliance with the relinquishment requirement.

Beginning in 2026, MPD will conduct gun registry checks prior to serving all TPOs, which will enhance the department's ability to identify respondents with registered firearms and ensure appropriate relinquishment procedures are initiated at the outset of each case.

102. *How many firearms has MPD relinquished at the time of service of a TPO in Fiscal Year 2025 and so far in Fiscal Year 2026? How many firearms were collected within 24 hours of service?*

The TPO/CPO unit has not recovered any firearms while serving TPOs in 2025 and 2026.

103. *If a respondent walks into an MPD station or substation and seeks to turn in their gun due to the TPO, what is MPD's protocol for handling this? How is the gun collected, and how would a respondent prove to the court that they turned their gun in?*

MPD members at the district stations would take the firearm into custody and store the firearm under the 'safekeeping' classification and provide the respondent with an MPD property receipt.

104. *If a gun is relinquished pursuant to a TPO or final CPO and then the TPO or final CPO expires, how would the respondent get their firearm back?*

The respondent must submit a written application form to MPD's Evidence Control Division for the return of the firearm, along with evidence that the TPO or final CPO has expired. The Department will independently verify the respondent is eligible to possess the firearm and confirm no new orders are in place. MPD will also determine if the firearm was lawfully possessed. If eligible, the respondent may arrange to retrieve the firearm at

the Evidence Control Division, or, if they reside outside of the District, MPD will transfer the firearm through a licensed dealer in the respondent's home jurisdiction.

105. *In the domestic violence context, what is MPD's policy regarding mandatory arrests?*

Members are directed in [GO 304.11 \(Handing Intrafamily Offenses\)](#) to use all available facts, circumstances, and information obtained, along with the following factors that are common signs of an intrafamily offense, to assess whether an offense occurred and whether probable cause to arrest exists. This includes making warrantless arrests for intrafamily offenses in accordance with [DC Official Code § 16-1031\(a\)](#) and arresting for violations of protection orders and outstanding arrest warrants.

Common Signs of an Intrafamily Offense	
Existence, nature, and extent of visible and non-visible injuries and need for medical treatment	Suspect's prior history of violence (e.g., previous intrafamily offenses, reports, calls for service, or protection orders).
Demeanor of the victim, suspect, and witnesses	Threats made in the presence of the member or a credible witness.
Evidence of torn clothing	Evidence of furnishings in disarray.
Existence of a protection order	Presence or use of weapons.

106. *What MPD orders, policies, and protocols are currently in effect in relation to victims, alleged victims, and witnesses? Specifically, what official orders, policies, and protocols address the information received from and about victims, alleged victims, and witnesses? Please note if there have been any changes in policy since FY 2024-2025 performance oversight responses.*

Many MPD orders include procedures and protocols related to victims and witnesses. While this is not an exhaustive list of all MPD policies that mention victims and witnesses, the following orders are focused on victims and witnesses as a major theme of the procedures contained therein:

[GO 204.06 \(Victim/Witness Services\)](#)
[GO 304.11 \(Handing Intrafamily Offenses\)](#)
[GO 304.20 \(Civil Protection Orders and Criminal Restraining Orders\)](#)
[GO 304.06 \(Adult Sexual Assault Investigations\)](#)
[GO 309.06 \(Child Abuse and Neglect\)](#)
[SO-11-02 \(Bias-Related/Hate Crimes\)](#)
[EO 21-015 \(Sexual Assault Victims' Rights Amendment Act of 2019\)](#)

There have not been any changes to these policies since the FY2024-2025 performance hearings.

107. *What orders, policies, and protocols currently in effect determine the inclusion, coordination, or otherwise acceptance of federal law enforcement involvement in responding to reports and investigations related to sex offenses and intra-family offenses?*

There are no policies or protocols that prohibit MPD from working with federal law enforcement in investigating sex offenses and intrafamily offenses. MPD has a Memorandum of Understanding (MOU) that establishes a framework for cooperation and information sharing with the FBI and Homeland Security Investigations to collaboratively investigate and respond to federal crimes involving child exploitation, including but not limited to, child sexual abuse material, online exploitation, and human trafficking. The determination of whether conduct constitutes a federal crime rests with the USAO. The MOU does not create any legally binding obligations, nor does it supersede any existing laws, regulations, or authorities of either party. Each party operates within its own statutory and regulatory authority.

Federal partners are often critical to successfully investigating and solving some of these cases. For instance, the work of MPD's Internet Crimes Against Children is almost always in multiple jurisdictions, and ICAC works closely with the FBI. Thirty-two federal arrests were made last year for crimes with a nexus to the District of Columbia. The impact of ICAC's work is felt outside of DC, with 40 proactive leads turned over to the FBI last year, leading to 20 domestic and five international arrests in South Africa, the United Kingdom, and Australia.

- 108. Please provide updates on the Drug-Free Zones (DFZs), including:**
a. How many DFZs has the agency established in FY 2025 and FY 2026 to date, disaggregated by fiscal year, ward, and PSA?

MPD established 104 DFZs during calendar year 2025 and four DFZs in calendar year 2026 (through 1/12).

Ward	2025 DFZs	2026 DFZs (thru 1/12)

- c. ***Does the agency have data on drug activity and violent crime in the DFZs for the 3 to 6-month period before the DFZ was established and after? If so, please share.***

[Drug Free Zone data reports](#) are posted online on a rolling basis. The reports provide data on dangerous crimes, crimes of violence, and arrests for narcotics for the six months prior to and after the declaration of a DFZ. They also indicate whether there were any arrests for a violation of a DFZ while the zone was active. Since the evaluation detailed in the legislation has not yet been funded, MPD developed these reports to provide data to the public in the meantime. They are currently posted through November 2024.

- d. ***What is the agency doing to ensure that, in addition to establishing the zones, District government is providing services and conducting community outreach to help create a lasting impact, rather than just pushing illicit activity out of the area for a few days?***

The District government supports a comprehensive strategy that includes both enforcement, community support services, and community outreach. Agencies involved in the implementation of DFZs, such as MPD, DBH, and the Department of Human Services (DHS), work together to provide wraparound services including substance abuse treatment, mental health counseling, youth diversion programs, and job training initiatives with the focus on creating sustainable change in neighborhoods.

Targeted outreach initiatives help educate the public about DFZs and promote community-based solutions to reduce drug-related crime in these areas over the long term. These include collaborations with local community organizations, neighborhood leaders, and residents to ensure that people in these areas are not only aware of the DFZs but also have access to resources such as educational programs, career development opportunities, and housing support. The goal in partnering with local service providers is to reduce harm, offer alternatives, and create an environment where the community feels empowered to take part in the solution.

MPD works closely with DYRS to offer diversion programs specifically for youth. These programs aim to guide at-risk young people away from criminal activity, providing mentorship, support, and educational opportunities instead of criminal charges.

For example, MPD's outreach team hosted a Drug Free Zone Pop-up on January 5, 2026, in PSA 501 in which they shared information about drug abuse prevention, prescription drug safety, drug treatment and recovery, as well as celebrated stories of recovery shared by community members who stopped by the tent. These events promote police/community cohesion and highlight the multi-faceted work being done by law enforcement around the topic of drug use and abuse.

- 109. During each of the following time periods, please use the table format below to indicate the total number of federal agents, disaggregated by agency, participating in joint patrols with MPD: weekly from August 11 – December 14, 2025. An example is provided below, but please list any and all federal agencies participating in joint patrols, not only for the agencies listed in the example.**

The list of agencies is provided in question 122. MPD does not provide information on specific deployment numbers because of security considerations.

- 110. During each of the following time periods, please provide a table indicating the total number of arrests, disaggregated by offense category, made by MPD officers participating in joint patrols with federal agents: weekly from August 11 – December 14, 2025.**

MPD's arrest data captures arrests made when MPD was the arresting agency and would include arrests made that occurred while on a joint patrol with federal partners including standing/ongoing task forces, the 2025 federal surge task force, and the post-surge operation. However, MPD's data does not specifically capture the subset of arrests that occurred while a task force member was on the scene or on a joint patrol.

- 111. During each of the following time periods, please provide a table to indicate the total number of arrests, disaggregated by offense category, made by federal agents participating in joint patrols with MPD: weekly from August 11 – December 14, 2025.**

MPD does not track federal arrests and cannot report on them.

- 112. How many arrests for civil immigration violations were made by a federal agent during a joint patrol of MPD and a federal agent between August 11 – September 10, 2025, disaggregated by week?**

MPD does not track federal arrests and cannot report on them.

- 113. How many arrests for civil immigration violations were made by a federal agent during a joint patrol of MPD and a federal agent between September 11 – December 14, 2025, disaggregated by week?**

MPD does not track federal arrests and cannot report on them.

- 114. During a joint patrol, is an MPD officer provided, or instructed to request, the names, agencies, and badge information for federal agents with whom the MPD officer is assigned to patrol?**

Please see the response to question 78.

115. *Is Executive Order 25-005, effective on August 14, 2025, regarding immigration enforcement still in place? If so, what is the reason why it is still in effect?*

Yes, Executive Order (EO) 25-005 is still in effect. As an initial matter, it is important to know that in accordance with longstanding MPD policy, MPD officers do not ask individuals about immigration status, nor do they enforce civil immigration law. However, in order to facilitate cooperation on other law enforcement matters during the federal surge with federal officers who are now authorized to enforce immigration law, then-Chief Smith issued Executive Order 25-005 to clarify that MPD members can share information about individuals not in MPD custody (e.g., during traffic stops) and provide transportation for federal immigration agency employees and detained subjects.

Members of MPD's Crime Suppression Teams, which focus on reducing violent crime in neighborhoods, are still partnered with the federal law enforcement officers supporting DC as part of the DC Safe and Beautiful Task Force. Although ICE/ Enforcement and Removal Operations is not part of these deployments, the other federal officers, however, have been authorized to do civil immigration enforcement. As you know, the federal agents have conducted some immigration enforcement during the joint patrols. The Executive Order supports MPD officers in the field to ensure they can work safely and effectively with the federal partners without violating MPD policy. However, MPD members are still prohibited from conducting civil immigration enforcement.

We recognize this posture is much different than pre-emergency operations. We believe, however, MPD's long partnership with these federal agencies, and our ability to help direct their energies on violent crime reduction, has likely blunted some of the widespread focus on non-violent offenders we saw in the District during the Emergency and continue to see in other cities. It's worth emphasizing that working with DOJ agencies, as outlined in the Mayor's Order, is consistent with long-standing and effective practice for investigation, and ultimately prosecuting and holding violent criminals accountable.

116. *Since August 14, 2025, how many times have MPD officers shared information about persons not in MPD custody (e.g., during traffic stops), pursuant to EO-25-005?*

This information is not tracked so MPD cannot provide the requested data.

117. *Since August 14, 2025, how many times have MPD officers provided transportation for federal immigration agency employees, pursuant to EO-25-005?*

This information is not tracked so MPD cannot provide the requested data.

118. *Since August 14, 2025, how many times have MPD officers provided transportation for detained subjects of federal immigration agency employees, pursuant to EO-25-005?*

This information is not tracked so MPD cannot provide the requested data.

- 119. *EO-25-005 authorizes MPD officers to provide transportation for federal immigration agency employees and detainees. MPD and the Mayor have testified several times since the order was issued that there is no cooperation between ICE and MPD. However, at the December 4 JPS hearing, witnesses testified about ICE agents using MPD facilities and riding in MPD vehicles. Has updated guidance regarding EO-25-005 been provided to officers since August 14, 2025? If yes, please describe the updated guidance and include how and when this information has been transmitted (e.g., in writing, during roll call).***

There has been no update. However, consistent with prior statements, ICE/Enforcement and Removal Operations is not part of the Task Force deploying with MPD, but other federal law enforcement agencies are also authorized to enforce civil immigration laws. Civil immigration enforcement is not the purpose of the work, but there has been enforcement by these federal partners. Please see the response to question 115 for more information.

- 120. *Which federal agencies have general police power in the District, or authority to make arrests for violation of local laws in the District?***

The United States Park Police have and perform the same powers and duties as MPD under D.C. Code § 5-201. The United States Secret Serviced Uniformed Division possess privileges and powers similar to those of the members of MPD under 18 U.S. Code § 3056A(b)(2).

- 121. *Please list all federal agencies with which MPD currently has a cooperative agreement to assist MPD in carrying out crime prevention and law enforcement activities in the District of Columbia, pursuant to DC Code § 5–133.17.***

The following agencies have cooperative agreements with MPD pursuant to DC Code § 5–133.17: Amtrak, Bureau of Engraving and Printing, Defense Intelligence Agency, Defense Protective Service, Federal Bureau of Investigation Police, Federal Protective Services, Federal Reserve Board, General Services Administration, Pentagon Force Protection Agency, US Mint Police, and National Zoological Park Police. These agreements can be found here: <https://mpdc.dc.gov/page/cooperative-agreements>. Please note that these agencies are not the federal partners that have been working with the District for the federal surge.

- 122. *Please list all federal agencies that have participated in joint patrols with MPD between August 7 – December 16, 2025, that do not have an active cooperative agreement with MPD, or which did not have an active cooperative agreement at the time of the joint patrols.***

Federal agencies that have participated in joint patrols with MPD with MPD between August 7 – December 16, 2025 that do not have an active cooperative agreement with MPD, or which did not have an active cooperative agreement at the time of the joint patrols include: US Marshals, Immigration and Customs Enforcement (ICE)/Enforcement and

Removal Operations (only during the President’s Crime Emergency that ended on September 10, 2025), Immigration and Customs Enforcement/Homeland Security Investigations (HSI), ATF, FBI, DEA, U.S. Secret Service, the State Department Diplomatic Security Service, Internal Revenue Service Criminal Investigations, Customs and Boarder Protection, and the Court Services and Offender Supervision Agency.

- 123. According to DC Code § 5-302, federal officers enforcing local District law under a cooperative agreement “shall be subject to the restrictions imposed on MPD officers under the laws codified in Chapter 1 of [Title 5].” Please explain how the restrictions under this law have been communicated to federal officers operating under such cooperative agreements.**

The restrictions under this law would be communicated to federal officers operating under the authorized cooperative agreements through the DC Code training that is required by each agreement.

- 124. When there is an allegation that a federal officer has not complied with the restrictions imposed under Chapter 1 of Title 5, what is MPD’s policy to investigate and enforce such restrictions? Has MPD initiated any such investigations to date in 2025?**

There have been no allegations that a federal officer covered by a cooperative agreement (see response to question 121) pursuant to DC Code § 5–133.17 did not comply with the restrictions imposed under Chapter 1 of Title 5. If we were to receive or become aware of such an allegation, MPD would conduct any investigation into potentially criminal matters for referral to the USAO. If the USAO declines to prosecute, the relevant federal agency would conduct any administrative investigation.

- 125. Please provide a list of all incidents involving federal agents currently under investigation by Internal Affairs as well as any closed investigations that were initiated since August 11, 2025. Please include the federal agency involved, the date of the incident under investigation, a description of the allegation(s) being investigated, and the current status of the investigation.**

Date	Agency	Location	Type	Outcome
8/10/2025	Metro Transit Police*	1000 BLK 48 th St NE	Missed	USAO declination 8/11/2025, referred back to agency for administrative action
10/9/2025	Metro Transit Police, State Dept Diplomatic Security Services Special Agent	1432 Girard St NW #D207	Fatal (possible suicide, final autopsy report pending)	USAO declination 01/17/2025, referred back to agency for administrative action
10/17/2025	Homeland Security Investigations Agent	3908 Benning Rd NE	Missed	USAO declination 11/6/2025, referred back to agency for administrative action
11/13/2025	Homeland Security Investigations Agent	3400 Benning Rd NE	Missed	USAO declination 12/4/2025, referred back to agency for administrative action

Date	Agency	Location	Type	Outcome
11/26/2025	US Army West Virginia National Guard Major	839 17th St NW	Non-fatal	USAO declination 12/04/2025, referred back to agency for administrative action

*This investigation involves a Metro Transit Police Officer, but is related to the federal surge.

126. *Please explain MPD's process when an officer-involved shooting happens while MPD is present, but the officer is not a member of MPD. When is an internal affairs investigation started?*

The Internal Affairs Bureau's (IAB) Force Investigation Team (FIT) investigates fatal and non-fatal shootings resulting from the discharge of a firearm involving any on-duty sworn active law enforcement member from an outside law enforcement agency, acting under the color of law.

When MPD is notified of an outside agency officer-involved shooting, on-duty MPD officers, detectives, and officials, if not already on scene, immediately respond to assist with scene safety, rendering aid, securing the crime scene, and addressing any underlying crimes that preceded the use of force and any other immediate law enforcement/public safety needs. A notification is made to IAB/FIT to respond to the use-of-force investigation.

IAB/FIT will respond to the scene and liaise with the involved member and their agency officials regarding the investigative process. Physical evidence is collected from the scene and processed, including the involved member's firearm, shell casings and ballistic evidence, and any other relevant evidence. Photographs and scans of the scene are taken. A voluntary statement may be obtained from the members involved, and statements are sought from any law enforcement or civilian witnesses. Any relevant electronic evidence is collected and analyzed, such as Body Worn Camera and CCTV footage, 911 calls, radio transmissions, and ShotSpotter detections. Documentary evidence, such as MPD reports, medical records, and autopsy reports, is collected.

If applicable, an interview will be sought from the subject of force. If there is a fatality, IAB/FIT makes next-of-kin notifications, and the Office of the Chief Medical Examiner (OCME) responds to collect and document the decedent's remains and will conduct an autopsy.

IAB/FIT notifies the US Attorney's Office Fraud, Public Corruption, and Civil Rights (PCCR) section of the incident the same day or within 24 hours. The circumstances are presented to the USAO for prosecutorial review. IAB/FIT collaborates with the PCCR for any investigative needs while the matter is under their review or prosecution.

After receiving a letter of declination from the USAO, or upon the conclusion of a criminal prosecution, the matter becomes administrative. IAB/FIT provides an investigative report and materials to the outside agency for any administrative action it deems appropriate regarding its employees' actions.

- 127. *Under what circumstances can MPD participate in a federally initiated vehicular chase? Can MPD participate in a federally initiated vehicular chase if the chase would not have been authorized if MPD had initiated it?***

Pursuant to [GO 301.03 \(Vehicle Pursuits\)](#), MPD members cannot participate in a vehicle pursuit initiated by other law enforcement agencies operating within the District of Columbia or a vehicle pursuit initiated by officers of outside jurisdictions which enters or terminates in the District of Columbia. This does not preclude members from assisting in a non-pursuit support capacity during the pursuit and at the termination point.

- 128. *What is MPD's regular protocol when it comes to communicating relevant and new District laws to other law enforcement who have the authority to enforce District law, such as the Metropolitan Transit Police Department (MTPD) and federal agents?***

Each agency generally has its own person or office monitoring Council legislation. There is often communication concerning relevant legislation when it is under consideration. Moreover, when MPD develops training regarding major legislative changes – such as when marijuana was decriminalized and then legalized – the Department will often share it with the other agencies.

- 129. *What is MPD doing to rebuild trust with communities who have lost trust due to increased collaborations between MPD and federal officers?***

MPD understands that trust is earned through transparency, accountability, and meaningful community outreach, particularly in non-enforcement settings. To this end, MPD leadership regularly participates in Advisory Neighborhood Council and CAC meetings, which helps MPD understand and address community concerns. Additionally, our interactions with other community leaders, faith partners, local business owners, and residents we encounter organically promote similar public discourse and opportunities to collaborate.

The Department also supports our communities. For example, MPD participates in regular food drives for families in need, support services for victims of crime, and mentorship and enrichment programs with area students. This work helps the Department build lasting relationships with residents rooted in respect, collaboration, and shared responsibility for community safety.

Violent Crime and Crime Data (Questions 130-162)

- 130. *Violent Crime generally has been trending down in the District over the last two years. To what extent did reported incidents of domestic violence follow a similar or different trend in 2025? To the extent that the trend is different, please describe what factors may be contributing to the trends around reports of domestic violence, including whether there has been a differing trend since August 11, 2025, compared to before.***

The data below reflects DC Index violent crime and other assaults (simple and aggravated) that were marked as domestic violence-related in RMS. Certain property crimes, such as

burglaries, thefts, and motor vehicle thefts, can also be domestic-related and are included in the overall total below but not in any individual row.

It's important to note that domestic-violence offenses are captured based on the relationship between the victim and the suspect and are not classified as a distinct crime type. A domestic-related robbery is captured as part of the overall robbery statistics for general reporting purposes.

Domestic violence-related violent crime decreased in 2025 when compared to 2024. However, once the federal surge began (through the end of the year), ADWs increased by 21 crimes (25 percent) when compared to the same period in 2024. In comparison, for all motives, ADWs increased by only 19 crimes (5%), so domestic violence appears to have driven the increase. Overall, domestic violence decreased in both the surge period and the full year, but not at the same rate as violence as a whole.

MPD Domestic Violence-Related Cases by Top Offense*								
Offense Category	CY24	CY25	Net Ch	%Ch	8/11/24-12/31/24	8/11/25-12/31/25	Net Ch	%Ch
Homicide	28	28	0	0%	15	8	-7	-47%
Sex Abuse	57	36	-21	-37%	15	19	4	27%
ADW	226	221	-5	-2%	83	104	21	25%
Robbery	11	14	3	27%	1	8	7	700%
DC Index Violent Subtotal	322	299	-23	-7%	114	139	25	22%
Aggravated Assault	92	77	-15	-16%	21	22	1	5%
Felony Strangulation	218	295	77	35%	101	123	22	22%
Simple Assault	6,717	6,508	-209	-3%	2,560	2,521	-39	-2%
Other Assault Subtotal	7,027	6,880	-147	-2%	2,682	2,666	-16	-1%
Grant Total: All DV Offenses	9,556	9,216	-340	-4%	3,592	3,570	-22	-1%

*Explanatory Note: MPD Mark43/Data warehouse data queried as of 1/26/2026. Totals are based on the top offenses where the domestic violence flag was indicated by the reporting member in the RMS. The numbers provided are subject to change as we move forward with our validation process.

131. *How many rewards were issued for tips through the Firearm Tip Reward Program in FY 2025 and FY 2026 to date, and in what amount? What was the total value of rewards issued for tips relating to homicide cases?*

Year	2025	2026 (as of 2/7)
Firearms Tips	12	9
Firearms Amount	\$10,950	\$9,000
Homicide Tips	38	10
Homicide Amount	\$537,000	\$117,000

132. *How many total firearms has MPD recovered in Fiscal Year 2025 and so far in Fiscal Year 2026?*

The calendar year 2025 and 2026 firearms recoveries are below.

District	CY2025	CY2026*
1D	333	18
2D	231	8
3D	396	29
4D	210	18
5D	396	35
6D	507	38
7D	731	44
Unk	0	1
Total	2,804	191

*As of January 22, 2026

133. *Please provide the number and locations of all ShotSpotter devices in the District.*

The gunshot detection system is deployed for a total coverage area of 17 square miles within Washington, D.C. The gunshot detection system is scalable and can accommodate growth in square-mile coverage throughout Washington, DC. ShotSpotter will not provide a list or database of the precise location of sensors to police or the public.

134. *Please explain in detail how MPD uses ShotSpotter data to guide police dispatches, case closure, and any MPD strategic decisions or operations.*

ShotSpotter provides real-time gunfire analysis and alert services. After an explosive (or impulsive) sound triggers enough ShotSpotter sensors to detect and locate an incident, audio from the incident is sent to the ShotSpotter Incident Review Center (IRC) via secure, high-speed network connections for real-time qualification. Within seconds, a ShotSpotter professional reviewer analyzes audio data and recordings to confirm gunfire or explosions. The qualified alert is then sent directly to our dispatch center and mobile/patrol officers.

ShotSpotter also provides an on-demand report, Investigative Lead Summary (ILS). The ILS provides useful details about the approximate location, timing, and sequence of each shot fired during an incident. The ILS is valuable on scene, helping officers locate shell casings, corroborate witness accounts, and identify suspects. ILS reports are available immediately after an incident occurs via the mobile, web, or desktop ShotSpotter Respond application (machine-generated).

If requested, ShotSpotter will also provide a Detailed Forensic Report (DFR) for any ShotSpotter-detected incidents, including Reviewed Alerts. The DFR is intended to be a court-admissible document used by attorneys as part of a court case for the exact, verified timing, sequence, and location of each shot fired. Secondly, the DFR is available to law enforcement for obtaining a search warrant or investigating an officer-involved shooting.

135. *Please provide any updates on the composition, operations, and outcomes of the Robbery Intervention Task Force, including any trends associated with recent robberies.*

The Robbery Intervention Task Force (RITF) is a collaborative effort between MPD and several criminal justice partners including the Department of Forensic Sciences (DFS),

Office of the Attorney General (OAG), USAO, and the Metro Transit Police Department. The task force's mission is to identify and respond to emerging robbery patterns through a coordinated, data-driven approach. Deployment decisions are informed by analysis to ensure officers respond effectively to the latest trends. This partnership has contributed to a 42 percent reduction in robberies and a 14 percent increase in the robbery closure rate in 2025 compared to 2024.

Recent trends identified by the RITF include robberies targeting specific groups and types of valuables. School-aged youth wearing high-end clothing and shoe brands, such as Moose Knuckle, Canada Goose, Balenciaga, and premium Nike products, are frequently targeted. Additionally, individuals wearing high-end jewelry and watches are often victimized. The RITF remains committed to addressing these trends and ensuring a rapid, coordinated response to protect the community and reduce robberies.

136. How many individuals were arrested by MPD, by fiscal year, in FY 2025 through FY 2026 to date?

The below table presents the number of individuals arrested by MPD during each calendar year. The number of individuals arrested refers to the number of unique individuals, both adult and juvenile, arrested during the course of the year (e.g., an individual arrested twice during the year would only be counted once).

	CY24	CY25	2026 (thru 1/21)
# of Individuals Arrested	16,963	20,174	1,516

a. How many of the individuals arrested by MPD in FY 2025 and FY 2026 to date had been previously arrested by MPD? For a violent crime? For a crime involving a gun?

	CY24		CY25		2026 (thru 1/21)	
	#	%	#	%	#	%
# Arrested*	16,963	100%	20,174	100%	1,516	100%
# Previously Arrested**	7,967	47%	9,931	49%	878	58%
# w/Prev Violent Arrest^	1,529	9%	1,817	9%	168	11%
# w/Prev Gun Charge^^	1,687	10%	2,149	11%	194	13%

*Unique individuals arrested during the calendar year. One individual could have been arrested multiple times.

**Individuals previously arrested between 2018 and 2023 (for CY24) and 2018-2024 (for CY25) for any charge.

^Unique individuals previously arrested for a DC Index Code violent crime (homicide, sex abuse, ADW, or robbery). This does not correspond to all crimes of violence under DC Code 23-1331(4) but rather the subset of crimes that are commonly used as an index for tracking crime trends. This does not address whether the 2024 or 2025 arrests were for violent crimes.

^^Individuals previously arrested between 2018 and 2023 (for CY24) and 2018-2024 (for CY25) for a firearm-related charge. This does not address whether the 2024 or 2025 arrests were for gun crimes.

b. Please provide a table, broken down by month, showing the number of people who were taken into custody in FY 2025 and FY 2026 to date, a general description of

the offense or category of offense that was the basis of the arrest, the number of field arrest citations, and citation releases.

The total number of arrests by month for 2025 and 2026 (through 1/22), both adult and juvenile, where MPD was the arresting agency, are below. If more than one charge was present, only the most serious was counted ('top charge'). These counts represent each individual arrest made; if one person was arrested multiple times throughout the year, all of their arrests were counted.

Regarding citations, this term has a specific meaning within MPD as relates to field arrests. A field arrest citation, (non-custodial arrest process, also known as a criminal "ticket," or a Form 61D) and citation release (an option for disposing of an arrest) are two distinct processes. A broader discussion of the two processes is below, but in brief:

- Only charges prosecuted by OAG are eligible for a non-custodial arrest, which means of all marijuana charges, only public consumption of marijuana is eligible.
- Juveniles are never eligible for a 61D.
- There are many other disqualifiers for a 61D, such as if the individual is impaired / intoxicated or cannot be conclusively identified, or if there are other non-61D eligible charges in the arrest.
- Someone who receives a 61D still has choices in how they deal with the arrest – they may pay the fine or they may choose to go to court.

c. Of the individuals arrested by MPD in FY 2025 through FY 2026 to date, how many were released on citation?

A citation release is one way that an arrest can be disposed. If the arrestee wants their day in court and is otherwise eligible for release, they may be released immediately on citation. If they choose this option:

- The arrestee promises to go to court on the future date written on the citation. At that time, a prosecutor will decide whether to file a criminal case. If they do not go to court as directed, a bench warrant may be issued, and they can be arrested and charged with failing to appear even if the prosecutor decides to drop this case.
- As a condition of release on citation, they may be directed to stay away from and have no contact with a particular person or persons and/or to stay away from a particular place until the court appearance.

- If the prosecutor charges the individual with any crime, they will have a right to be represented by an attorney. If they cannot afford an attorney, one will be provided.
- If an arrestee is not eligible for citation release, he or she is subject to lock up until presentment in court the next day the court is open.

	CY24	CY25	2026 (thru 1/21)
Citation Releases	5,710	7,088	386

- 137. For FY 2025 and FY 2026 to date, please provide the total number of reported incidents occurring within District parks, District trails, federal parks, and federal trails located in the District, disaggregated by park or trail name, ward, PSA, police district, and month.**

MPD's Records Management System (RMS) requires an address that can be verified in the citywide Master Address Repository (MAR) to be entered on an offense report. Offenses that occur in a park, trail, or field will be coded to the nearest physical address which will not depict the exact location inside the park where the event occurred. Therefore, we are unable to provide summary statistics for these location types because offenses that occur at the nearest physical location would also be included, and there may be multiple of these alternate addresses used depending on the park and its surroundings.

It is important to note that this RMS requirement does not prevent a crime that occurs in a park, field, or trail from being reported or investigated, rather, summary statistics are unable to be provided.

- 138. For FY 2025 and FY 2026, please provide the incidents identified in the previous question disaggregated by offense category and offense type.**

Please see the response to question 137.

- 139. For each park or trail location with reported incidents, please provide the incident address or nearest block or other consistent geospatial identifier used by MPD when incidents occur within a park interior or along a trail segment.**

Please see the response to question 137.

- 140. For FY 2025 and FY 2026 to date, please identify the top 20 parks and top 20 trails with the highest number of reported incidents, and for each location, provide the total number of incidents, disaggregated by location and offense type.**

Please see the response to question 137.

- 141. For the same period, please identify the top 10 parks and trails with the highest number of violent crimes and the top 10 parks and trails with the highest number of gun-related incidents, disaggregated by location and offense type.**

Please see the response to question 137.

- 142. For FY 2025 and FY 2026 to date, please provide the number of incidents in parks and trails involving youth as a victim or suspect, disaggregated by location and offense type.**

Please see the response to question 137.

- 143. Please provide the number of incidents occurring on federal park or trail land to which MPD responded, the number transferred to a federal law enforcement partner, and the number resulting in MPD arrests, disaggregated by location and offense type for FY 2025 and FY 2026 to date.**

Please see the response to question 137.

- 144. How many individuals suffered fatal or non-fatal gunshot wounds in FY 2025 and FY 2026 to date? Of these, how many were juveniles?**

Information regarding fatal and non-fatal gunshot wound victims is below. The calendar year 2026 counts are as of January 22, 2026.

Offense Type	All Ages		Youth	
	CY25	CY26	CY25	CY26
Homicide – Fatal	106	1	12	0
Homicide - Non-fatal*	21	0	5	0
Assault with a Dangerous Weapon	341	12	51	3
Robbery	5	0	1	0
Total – Shooting Victims	473	13	69	3
Total - Incidents with Shooting Victims	381	9	64	1
Fatality %	22%	8%	17%	0%

- 145. Strangulation has been made a felony level offense in the District. Please describe how MPD response has changed and what protocols and policies have been modified or enacted in recognition of the severity of this specific offense.**

In 2025, the Metropolitan Police Academy launched a training module on strangulation awareness and MPD policy and procedures for responding to and handling domestic violence scenes.

- a. What additional training has been implemented for MPD officers on the offense of strangulation? How many officers have received the new strangulation-related training and in what time frame?**

All sworn full-duty members were required to take the module in 2025.

- 146. How many petitions for extreme risk protection orders were filed in FY 2025 and FY 2026 to date?**

There were 64 orders filed in CY2025 and two in CY2026 (as of 1/28).

a. *How many extreme risk protection orders were granted in FY 2025 and FY 2026 to date? Denied?*

There were 52 granted by the court in CY2025 and 12 denied by the court. There have been 2 granted so far in CY2026 (as of 1/28) and none were denied.

b. *How many firearms were seized pursuant to extreme risk protection orders? What types of firearms (e.g., pistol, rifle shotgun)? Please indicate whether any of the firearms were self-manufactured or a “ghost gun”.*

There were 5 firearms seized pursuant to extreme risk protection orders in 2025 and none so far in 2026 (as of 1/28). The types are as follows:

- (1) 9 MM Semi-Automatic
- (1) Glock 23 .40 caliber semi-automatic
- (1) SIG Sauer 9 MM Semi-Automatic
- (1) Glock 19 9 MM Semi
- (1) Glock 20 10 MM Semi

147. *Regarding the Real Time Crime Center (RTCC):*

a. *How many federal, state, and local government agencies are or will be contributing video feeds to the RTCC?*

Currently, five federal agencies contribute video feeds to the RTCC, and three local agencies contribute video feeds, not including MPD’s own crime cameras.

b. *How many total surveillance cameras have or will have feeds viewable from the RTCC, including all cameras owned and/or operated by MPD, cameras owned and/or operated by other local government agencies or by state agencies, cameras owned and/or operated by federal agencies, and cameras owned and/or operated by private parties?*

As of January 2026, MPD has 537 CCTV cameras, which includes 519 fixed CCTVs and 18 mobile trailers. The table below reflects cameras that may be viewed in the RTCC, consistent with DC regulations.

Partner Cameras	Count
DC Department of Transportation	155
Amtrak (at Union Station)	240
Capitol One Arena	50
NOMA BID	19
Golden Triangle BID	10
Capital Connect / private business	1,096
Total	1,570

c. How many of these cameras are owned and operated by Flock Safety?

Flock safety owns and operates nine fixed CCTVs. In addition, Flock owns 67 fixed LPRs and four mobile LPRs.

d. In FY 2025 and so far in FY 2026, how many new cameras have been purchased? How many have been replaced? How many net new cameras are there currently compared to this time last year?

During FY2025 and FY2026 (through Q1), 111 new cameras were purchased and deployed. All have been installed and are operational. There were no replacements.

The following have been purchased and are waiting for delivery:

- 12 additions of fixed cameras
- 16 replacements of fixed cameras
- 5 replacements of mobile trailers

e. How many total license plate readers (LPRs) does MPD have and how are they being used? Please describe any plans to acquire additional LPRs this fiscal year.

As of January 2026, there are 98 fixed LPRs (mounted on poles) and 68 mobile LPRs (mounted on vehicles or trailers). In FY26, MPD will purchase 51 LPRs.

f. List all the technologies that will be used by MPD and/or any partner law enforcement agency to enhance the effectiveness of the surveillance, including but not limited to facial recognition technology, person reidentification technology, and any form of artificial intelligence.

The RTCC uses the following surveillance technologies: Closed Circuit Television monitoring, Geographic Information System, Global Positioning System, Gunshot Detection, and Automatic License Plate Readers. Facial recognition, image recognition, and other forms of artificial intelligence tools are not currently enabled.

As MPD continues to modernize and leverage technology to combat crime, the department must ensure that its data platform evolves in tandem with the investigating techniques to solve crime. In compliance with Mayor's Order 2024-028 "*Articulating DCs Artificial Intelligence Values and Establishing Artificial Intelligence Strategic Benchmarks*," MPD obtained conditional approval from the Office of the Chief Technology Officer and the AI Taskforce on January 6, 2026, to deploy an MPD Data Platform that leverages Axon Fusus, to modernize situational awareness, incident response, and investigative outcomes for MPD. In MPD's RTCC, the MPD Data Platform would integrate video, cameras, dispatch data, license plate reader (LPR), geospatial information systems (GIS), and digital evidence into a real-time intelligence platform. MPD will develop and implement policies and trainings before launching any of these tools, to ensure appropriate controls are in place.

g. Please describe the implementation of and any notable outcomes from the RTCC in FY 2025 and FY 2026 to date. Please describe any quantitative metrics the agency is using to measure the impact of the RTCC and outcomes to date.

The RTCC has significantly accelerated the distribution of suspect lookouts, both internally and to the public, and facilitated rapid gathering and dissemination of information leading to suspect apprehension, stolen property recovery, and case closures.

Flash lookouts are sent directly to patrol members to improve the accuracy of stops and detentions while reducing misidentifications and preventable negative police-community interactions.

Verified images of suspects and suspect vehicles have been posted to MPD social media platforms within 10-20 minutes of an incident occurring. The RTCC has also provided direct support to MPD units on more than 13,000 calls for service and during 100 significant events, contributing to safe and successful investigations and case closures.

For example, RTCC investigators were instrumental in the arrest of three robbery suspects in March 2025. On March 7, two residents were victims of a robbery in the Third District. A stolen iPhone was tracked into Montgomery County, MD. RTCC investigators coordinated with the Montgomery County Police Department (MCPD) and provided updates on the stolen phone's location. MCPD located and apprehended three suspects.

148. Please list the offenses that are included in the daily Citywide Year-To-Date Crime Comparison published by MPD. Please also describe why these offenses are the focus of these reports and why other offenses, such as aggravated assault, are excluded.

The crimes that MPD reports in its DC Code Crime Index are generally the most serious offenses that the community is concerned about: homicide, sex abuse, assault with a dangerous weapon (ADW), robbery, burglary, motor vehicle theft, theft from auto, and theft. Each of these primary categories may have a number of crimes that may roll up into this general classification. For instance, ADW includes assault with intent to commit other violence crimes (e.g., assault with intent to kill). Carjackings are a subset of robberies.

MPD has been publicly reporting using this crime index for at least 25 years. An index can help simplify complex data, allowing for easier analysis, comparison, and communication. The crime index provides a quick and consistent perspective on the progress of the city, while additional analysis or different data can provide more information.

The Department does not have documentation of exactly when or how it developed its commonly used crime index. However, it appears to have been generally selected to reflect

the FBI Part I crime reporting categories that had been used for the Uniform Crime Reporting (UCR) program since the 1930s,³ but translated into rough equivalents in the DC Criminal Code. For instance, UCR refers to murder, for which the DC Code equivalent is homicide. UCR refers to aggravated assault. Although there is an aggravated assault charge in DC Code, assault with a dangerous weapon (ADW) is a much more common charge in DC, accounting for roughly three to four times as many crimes as aggravated assaults, on average, over the past eight years. Moreover, gun crimes have long been the top public safety concern in the District.

149. *Please describe how the daily Citywide Year-To-Date Crime Comparisons published by MPD are used by the agency to make strategic decisions.*

The daily citywide year-to-date crime comparison is the highest-level snapshot of the Daily Crime Report (DCR), which provides comparisons of the nine serious index crimes. This report is provided to the public on the MPD website and various other forms. The Department uses a more comprehensive report on these crimes across five different time periods, all seven police districts and citywide by weapon. It is one of many automated reports that are emailed each business day to executive staff, sworn supervisors, professional staff analysts, and others. The report allows for an at-a glance determination of trends. It supports managers and analysts quickly identifying where more information is needed – by offense, day of week/time of day, geographic location, and/or other metrics.

The index is an important tool, but it is also not relied on exclusively. This index, along with other information – such as case review, calls for service, arrests, sounds of gunshots, gun recoveries, and more – can help to inform discussion and decision making about the deployment of patrol personnel and resources from centralized units. It can also inform more in depth, long-term projects, such as redistricting.

150. *How does MPD track data on offenses which are not included in the Citywide Year-To-Date Crime Comparisons? Please describe how data on those offenses are used by the agency to make strategic decisions.*

All offense reports are captured in MPD's Records Management System (RMS). While the DC Code Crime Index is used as the high-level snapshot for tracking trends and making strategic and operational decisions, other crimes are frequently the focus of analysis and are used in planning.

For example, gun-related offenses such as endangerment with a firearm and carrying a pistol without a license are used when considering the selection of new THRIVE areas and deployment for the Robbery Suppression Initiative. Dangerous crimes and crimes of violence as defined in the DC Code, and narcotics arrests, are used to identify and enforce drug free zones. Quality-of-life offenses such as liquor and alcohol violations, disorderly conduct, narcotics violations, and unlawful entry are analyzed to make recommendations on programs such as pre-arrest diversion.

³ Murder, rape, robbery, aggravated assault, burglary, larceny theft, motor vehicle theft, and arson.

151. *Please describe the timing and frequency for which MPD officers are trained to classify crimes.*

Officers receive training on the classification of crimes as recruits in the academy. Additional training is provided in a variety of formats as needed, such as when new crimes are codified or a court decision changes interpretations. This training may be delivered as:

- Roll call training: Quick, targeted training, often scenario-based, delivered by sergeants and discussed with officers in daily roll calls. Five to six topics are covered on rotation each month.
- Training bulletin: Usually more in-depth than roll call training but designed and required to be reviewed by members on their own.
- Online training modules: Online training can be videos or interactive training lasting from 15 minutes to more than an hour. These modules present more in-depth information and sometimes function as prerequisites for classroom seminars in annual training.
- Professional Development Training (PDT): Each year, members receive at least 40 hours of training, which includes 16 hours of training on firearms requalification, use of force, de-escalation, and so forth. Training on legal matters will be incorporated into the other 24 hours that cover a variety of topics.
- Recruit Training: Changes to the criminal code will be incorporated into training for new recruits as appropriate.

152. *Please describe the process by which an incident is classified as a certain offense or series of offenses, including who makes the classification, where the alleged offenses are recorded once classified, processes for review of such classifications, and who is involved in the review process. Please include under what circumstances the Chief of Police is involved in the classification process.*

Reports are comprised of incident reports and offense reports in the Records Management System (RMS). Reports are classified based on elements of the crime if the incident is in violation of District or Federal law. Complaints in which multiple offenses have occurred are classified to reflect the most serious offense, as determined by penalty in the D.C. or U.S. Code. Members who initiate field reports are, most often, the first member on the scene. Reports are submitted through a two-level review to a supervisory official, often referred to as “Check-Off Official”. When a discrepancy is found in a report that surpasses minor corrections, the supervisor must advise the reporting member and require the member to make the necessary corrections in the RMS. Most reclassifications will end there. However, if someone reviewing the offense—detectives, officials, the Hate Crime Task Force, or others—identifies an error, they will generally follow up with a police district official for reclassification.

153. *If, during the review process, patrol was found to have misclassified an offense, what is the process to reclassify that offense?*

Members are directed in [General Order 401.01 \(Field Reporting System\)](#) to classify reports based on the elements of the crime reflecting the most serious offense as determined by the

penalty in the DC or US criminal code. Supervisors are directed to resolve any issues concerning report classifications with the reporting member, without making any classification changes themselves. When a discrepancy is found, supervisors are directed to advise the reporting member to make the necessary correction in the report. If someone reviewing the report—detectives, officials, the Hate Crime Task Force, or others—identifies an error, they will follow up with a police district official for reclassification who will contact the supervisor.

154. *Please describe the process by which MPD officers are trained to classify crimes.*

Initial recruit training at the Metropolitan Police Academy (MPA) is approximately 8 months long, and the topic of classifying crimes is intertwined through blocks of instruction, report writing, and scenarios, all practiced daily.

Training topics include Introduction to Crime, Criminal Offenses I, II, III and Complex Criminal Offenses I, II, Serious Criminal Offenses, and Traffic I and II. All instruction is based on DC Code and all lessons can be found online at <https://mpdc.dc.gov/page/mpd-academy-curriculum>.

The MPA is developing a new training on crime classification for all members with an anticipated launch date of March 2026.

155. *MPD officers are required to understand and be able to identify distinctions between similar categories of crime. As an example, please describe how an MPD officer would be trained to distinguish between the offenses of assault with a dangerous weapon (“ADW”) and endangerment with a firearm, as well as between burglary and unlawful entry.*

Training pertaining to different criminal offenses is provided during recruit training. Distinguishing between similar categories of crime is also addressed during mandatory annual in-service training. MPA is currently developing a new training on crime classification for all members with an anticipated launch date of March 2026.

156. *What are the specific distinctions between how crimes are classified at the FBI versus what MPD reports in the Citywide Year-To-Date Crime Comparison statistics? Of the offenses reported in the Citywide Year-To-Date Crime Comparisons, are there offenses that are defined differently in the DC Code from how the FBI defines those same offenses? Please list those offenses and explain how the definitions difference.*

The chart below shows the significant differences between DC Code and FBI National Incident-Based Reporting System (NIBRS) offense definitions as well as some of the significant differences in methodology.

DC Code Index Offense	NIBRS
Homicide, Sex Abuse, Assault with a Dangerous Weapon, Robbery, Burglary, Motor Vehicle Theft, Theft from Auto, Theft, Arson	NIBRS is based on 50 ‘Group A’ offenses and 10 ‘Group B’ offenses and records up to 10 offenses per incident.

DC Code Index Offense	NIBRS
DC Index counts are based on the report date	NIBRS counts are based on the offense date.
Homicide offenses are based on 'date declared'	Homicide offenses are based on offense date.
Records one offense per incident based on a hierarchy rule	Records ALL offenses occurring in an incident.
Totals are counted regardless of the RMS report status (Draft, Pending Approved, Completed)	NIBRS ONLY counts offenses with the RMS report status of 'Complete'.
Crimes Against Person and Crimes Against Property are counted per incident/event except for Homicide and Sex Abuse	Crimes Against Person are counted per person and Crimes Against Property are counted per incident/ event.
Homicide Clearances are counted per victim	NIBRS Clearances are counted per event and only includes prior year offenses and clearances after August 1, 2021.
Includes the following DC Code charges: Assault with a Dangerous Weapon (ADW) (DC Code 22-402), Assault w/Intent to Commit Mayhem (DC Code 22-402), Assault w/Intent to Kill (DC Code 22-401), Assault w/Intent to Murder (DC Code 22-401), Assault w/Intent to Commit Any Felony Except Murder (US Code 00113a2), Malicious Disfigurement (DC Code 406), and Mayhem (DC Code 406).	Counts ADWs and Aggravated Assaults regardless if a weapon was used or not.
Counts prior year offenses the year the offense was declared or ruled. Closures are added the year they were cleared.	Any offenses before July 31, 2021 for which charge updates or clearances were added after August 1, 2021, will not be included in the NIBRS totals.
Sex Abuse are counted per victim and reflects 1st and 2nd Degree Sex Abuse of adults and at-tempts of 1st and 2nd degree Sex Abuse	Sex Assaults are counted per victim and includes Adults and Juveniles. Sex Assaults offenses include 1st and 2nd degree as well as lesser Sex Assault offenses such as Fondling.

157. ***The FBI reports on different offenses than what is reported in the Citywide Year-To-Date Crime Comparisons. For example, the Citywide Year-To-Date Crime Comparisons track ADWs but not aggravated assault. Please explain the difference between ADW and aggravated assault. What would account for the difference in number of offenses for these two similar but different offenses?***

Aggravated assaults and ADWs are defined differently under DC Code. Further, the FBI uses a third definition which does not completely align with either, but is more closely aligned with the DC Code definition of ADW rather than aggravated assault.

Assault with a dangerous weapon (D.C. Code § 22-402): any unlawful assault in which a dangerous weapon is used in the commission of the crime. This offense is not classified by the resultant injuries and does not require injury as a result of the assault. Instead, it is any type of assault in which the offender uses a dangerous weapon, whether it is used to affect the assault or handled with reckless disregard for the safety of others. This crime includes pointing a weapon at the victim, shooting at and missing the victim, swinging a weapon in the direction of the victim, and actually striking the victim with the weapon.

Aggravated assault (D.C. Code § 22-404.01): Under circumstances manifesting extreme indifference to human life, that person intentionally or knowingly engages in conduct

which creates a grave risk of serious bodily injury to another person, and thereby causes serious bodily injury

The facts and circumstances of each assault are considered when classifying the crime as either ADW or aggravated assault.

For additional information on why MPD's ADW count differs from the FBI's aggravated assault count, please refer to the attachment submitted in response to question 156.

158. *Please provide data demonstrating the ratio of ADWs to aggravated assaults annually over the last 10 years.*

Please note, these figures will not match other sources of reported data. These figures are based on DC Code classifications, not FBI classification. The methodology used to compile these figures was based on all offenses reported, as opposed to the top offense hierarchy used in most official public reporting. In the event that an ADW and an aggravated assault were part of the same report, each offense was counted in its individual category. An average of 6 percent of reports each year contain an aggravated assault offense and a more serious DC Index violent offense, and would have been counted on the DC Crime Index under that offense category.

Offense	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025
ADW	2,365	1,935	1,774	1,673	1,718	1,773	1,496	1,518	1,103	987
Aggravated Assault	409	399	369	374	262	316	275	324	360	316
% ADW	85%	83%	83%	82%	87%	85%	84%	82%	75%	76%
% Aggravated Assault	15%	17%	17%	18%	13%	15%	16%	18%	25%	24%

159. *Please describe the process by which the daily Citywide Year-To-Date Crime Comparison public dashboard is maintained, including any layers of review.*

All offense reports are entered into MPD's Records Management System (RMS). The data is stored in a data warehouse which is the source for statistics and dashboards including the Daily Crime Report (DCR), from which the citywide year-to-date crime comparison is derived. The requirements for the report have been the same for at least 20 years and were provided to the Department's information technology (IT) team for automation and daily email distribution.

An automated IT process runs each night that refreshes the DCR and sends a feed to OCTO to update the Crime Cards application. This feed runs daily, including weekends. Both MPD and OCTO have notifications set up to identify any interruption in the feed; the issue is resolved by MPD's Data Engineering Team.

Regarding the daily crime comparison posted on MPD's website, this high-level information is taken from the DCR and sent to the Office of Communications, where it is manually uploaded each business day by 8:30 am.

The accuracy of these reports relies on correct data entry including supervisory review and approval of reports entered into RMS. If data is edited or corrected in RMS after the initial data entry, including being reclassified or unfounded, the reports will update when the data refreshes at 12:00 am daily.

- 160. *Please describe the process by which a crime is assigned for investigation by a detective and when such investigation begins. Please include a description of how the timeline for investigation runs in comparison to the timeline for reporting and classifying an offense.***

The first officer on the scene, typically the same officer who completes the initial report, is responsible for gathering the initial facts, classifying the offense, and submitting the report. A detective will respond to the scene of all crimes of violence (as defined in DC Code 23-1331(4)) at the time they are reported. For homicides, sexual assaults, and crimes against children, a detective from the respective specialized unit will also respond.

The detective responding to the initial scene is responsible for conducting all interviews with involved parties, ensuring evidence is properly identified and collected, documenting the scene, obtaining information on stolen or involved property, canvassing for witnesses, and locating and collecting all video evidence. The on-scene detective completes an Initial Case Resume documenting these efforts and is also responsible for preparing bulletins and arrest warrants for identified suspects when probable cause has been established.

For homicides and sexual assaults specifically, the case is assigned to the responding detective. For carjackings and pattern robberies, cases are reassigned to the Carjacking Task Force within 24 hours. All other offenses that are not closed on scene are reviewed and assigned to a detective for follow-up investigation within 24-hours of the initial report.

All offense reports are reviewed by an Investigative Review Officer, who assigns cases to detectives for investigation. Detectives are generally assigned cases by the general category: violent crime detectives investigate shootings and serious assault, robbery, burglary, and domestic violence detectives investigate those types of crimes, and other offenses are assigned to a 'general offense' detective

Detectives are required to follow up on violent crimes within 24 hours, other crimes against persons within 48 hours, and property crimes within 72 hours.

An investigative supervisor, such as a detective sergeant, is required to review investigative progress and monitor caseloads. Cases are reviewed by a sergeant at regular specified intervals and subsequently by a detective lieutenant to ensure proper case progression is occurring.

- 161. *For patrol officers in districts experiencing high crime or spikes in crime, what types of strategies are officers expected to deploy to reduce crime in their district? What kinds of support and resources are offered to patrol officers in those districts?***

Officials and supervisors continually track and respond to crime increases and crime patterns in their districts and PSAs using a variety of available information including the Daily Crime Report (DCR), proactive policing initiative activity reports (such as ATLAS, THRIVE, and Robbery Suppression Initiative), interactive web-based dashboards that track carjackings, arrests, gun recoveries, and more, analytical products tailored to specific geographic areas and issues, and bi-weekly briefings where information-sharing occurs.

The RTCC tracks and distributes information pertaining to emerging issues such as a series of carjackings and allows for immediate deployment of resources as necessary.

Ongoing proactive policing initiatives leverage data to identify specific geographic areas experiencing an increase in crime, allowing resources and strategies to be directed where they are most needed and re-evaluated as needed. These programs are designed to adapt as new data becomes available, ensuring a proactive and flexible approach to addressing public safety concerns across the city. Examples include Operation Ride Right, the Robbery Suppression Unit, and less formal approaches such as holiday-based retail theft prevention operations. Officers also engage in community policing, maintaining relationships with community members who frequently share essential information that can help close cases.

- 162. *MPD's daily year-to-date crime comparison has a statement at the bottom that says "these numbers are based on D.C. Code offense definitions, and do NOT reflect Part 1 crime totals as reported to the FBI's Uniform Crime Reporting (UCR) or National Incident-Based Reporting System (NIBRS)." Does MPD also keep track of crime data according to the FBI or National system standards? If so, how does MPD use that data?***

MPD captures crime for statistical reporting purposes in two ways. Public reporting and internal analysis uses offense categories that conform to the DC Code. These crimes are then categorized according to the FBI's National Incident-Based Reporting System (NIBRS) and submitted on a monthly basis as part of their effort to collect data nationwide in a uniform manner that allows for the tracking of trends.

School Resource Officers and Policing on School Grounds (Questions 163-173)

- 163. *Please describe the staffing and operations of the School Safety Division in FY 2024, FY 2025, and FY 2026 to date.***

The School Resource Officers (SROs) are assigned using a cluster deployment model whereby each officer supports several schools within a defined geographical area. In some cases, short beats are used, limiting an officer's coverage to no more than three schools to ensure adequate presence and responsiveness. This provides coverage for 61 schools citywide, including 35 public and 26 charter schools.

During SY24-25, there were a total of 32 SROs. Currently, during SY25-26, there are 30 SROs.

164. *How many hours of additional training do officers assigned to schools receive? What does the school resource officer additional training entail?*

SROs receive 40-hours of annual training specific to school-based policing. The School Safety Division (SSD) develops and administers this curriculum to ensure SROs are equipped to meet the unique needs of school environments.

The curriculum includes Child Development; Effective Communication Skills; Behavior Management; Conflict Resolution; Substance Abuse and its Effects on Youth; Availability of Social Services for Youth; District of Columbia Laws and Regulations; Constitutional Standards for Searches and Seizures Conducted by SROs on School Grounds; and Crew Violence Prevention. In addition, all SROs have also participated in the Crisis Intervention Officer training provided by DBH.

165. *How does the agency work with the Deputy Mayor for Public Safety and Justice, DC Public Schools, DC Public Charter Schools, the Office of the State Superintendent for Education to monitor and evaluate the effectiveness of SRO activities.*

The School Safety Division (SSD) works closely with the Deputy Mayor for Public Safety and Justice (DMPSJ), DCPS, DCPCS, and the Office of the State Superintendent of Education (OSSE).

This collaboration includes but is not limited to: a daily meeting with Metro Transit Police, Amtrak Police, DCPS/PCS leaders, MPD's Intelligence unit, DMPSJ and other external partners; a monthly DCPCS school board meeting; and a monthly principal's meeting.

During these meetings safety trends and operational needs are reviewed and recent incidents of concern are discussed. Additionally, the respective stakeholders coordinate safety planning, emergency response protocols, and Safe Passage initiatives. Further, this continuous feedback loop with school leaders assesses SRO effectiveness and identifies areas for improvement and collaboration. These partnerships ensure a unified, city-wide approach to overall school safety.

166. *How many allegations of SRO misconduct were there in FY 2025 and FY 2026 to date? Please describe with specificity any on-duty and/or off-duty criminal misconduct that involved a student. Please provide the status of any investigations and their results.*

In calendar year 2025, there were 24 allegations of misconduct involving School Resource Officers. None of the allegations involved criminal misconduct by a member involving a student.

Six allegations were investigated by OPC. Of these, four were dismissed, one was mediated, and one is still open.

Thirteen allegations were investigated by the member's chain of command. Of these, seven were sustained, five were unfounded or exonerated, and one remains open.

Five allegations were investigated by the Internal Affairs Division. Of these two were sustained and three are open.

In 2026, as of January 28, there has been one allegation of misconduct involving members of the School Safety Branch. The allegation did not involve criminal misconduct by a member involving a student. The allegation is being investigated by the member's chain of command and remains open.

167. *How many external threats to schools did police respond to in the last year?*

In the last year, MPD responded to 53 external threats at schools involving callers from disguised phone numbers and outside jurisdictions. These threats were captured in Suspicious Activity Reports (SARs) by MPD officers.

a. Of these, how many were prevented due to school police involvement?

School Resource Officers, in coordination with district patrol officers, supported schools that received threats by deploying resources along safe passage routes, on or near school campuses, and at nearby Metro stations. MPD collaborated closely with DCPS Police and Metro Transit Police to enhance overall safety. The DCPS Communications Team issued messaging to students and staff regarding the reported threats.

In addition, MPD distributed informational flyers and guidance to school leaders addressing robbery related incidents, with a focus on preventing the theft of high value items such as coats, shoes, and electronic accessories. The Youth Outreach Division also conducted school presentations to reinforce safety messaging for students and staff.

168. *How many non-officer-involved shootings have occurred on school grounds during school hours in School Years 2024-25 and 2025-26 to date? Please provide the following information for each shooting:*

- a. The school where the incident occurred;***
- b. Whether or not the shooter or suspected shooter and/or the victim, if any, was associated with the school (i.e., student or school personnel); and***
- c. The outcome of the shooting (i.e., number of victims, number of fatalities, if any).***

There were no non-officer-involved shootings on school grounds during school hours in School Years 2024-25 or 2025-26 to date.

169. *How many officer-involved shootings have occurred on school grounds during school hours in School Years 2024-25 and 2025-26 to date? Please provide details about the circumstances of each such shooting.*

There were no officer-involved shootings on school grounds during school hours in School Years 2024-25 or 2025-26 to date.

170. Please provide the number of students arrested on school grounds during School Years 2024-25 and 2025-26 to date and list the top charge that served as grounds for arrest.

This information includes DCPS and DCPCS. Events were determined to fall on school grounds if their location coordinates mapped within a school ground polygon generated by the Office of the Chief Technology Officer (OCTO) and based on the school location list provided by OSSE of schools that were open and in use during the 2024-2025 school year (SY24-25).

All events were limited to those that occurred Monday-Friday from 0700-1859 hours, between the first and last days of school and not on a federal holiday or school break for which the school was closed. First and last days, holidays and school breaks were determined by the SY24-25 DCPS calendar so may not completely align with the days all charter schools were open.

This data reflects arrests at school locations and school grounds. An arrest may be made at a school or on school grounds for an offense that occurred outside the school or school grounds. The age of the arrestee was limited to individuals age 20 or younger, though they may not be a student at the school.

The Maya Angelou Academy @ DC Jail is an alternative school for young adults housed within DC Jail's Central Detention Facility. With the high volume of arrests and other public safety incidents coded to this location, it could not be determined whether they were related to the school or the correctional facility, and therefore this location was excluded. Additionally, the Petworth Library at 4200 Kansas Ave NW falls within the grounds of MacFarland Middle School/Roosevelt High School. Incidents that occurred at the library were excluded. A manual review of all arrests occurring within these parameters was conducted to ensure as much accuracy as possible.

During SY24-25, 10 individuals age 20 or under were arrested at a school or on school grounds. A manual review was conducted to ensure that these arrests were associated with the school in some way. An additional 6 arrests of individuals age 20 or younger were made at an address matching a school that during the day of week/time of day parameters that, after a manual review, were determined to not be related to the school or students, and are not included in this analysis.

Top Charge	Count
Assault w/a Dangerous Weapon	2
Aggravated assault	1
Simple assault	2
Assault on a Police Officer	1
Weapons violation	2
Narcotics violation	1
Traffic violation	1
Total	10

171. *Please provide the number of stops and arrests of non-students conducted on school grounds during School Years 2024-25 and 2025-26 to date.*

This information includes both DCPS and DCPCS. Events were determined to fall on school grounds if their location coordinates mapped within a school ground polygon generated by the OCTO and based on the school location list provided by OSSE pertaining to schools that were open and in use during the 2024-2025 school years (SY24-25).

All events were limited to those that occurred Monday-Friday from 0700-1859 hours, between the first and last days of school and not on a federal holiday or school break for which the school was closed. First and last days, holidays and school breaks were determined by the SY24-25 DCPS calendar so may not completely align with the days all charter schools were open. The age of the arrestee and/or stopped individual was limited to those age 21 or older.

The Maya Angelou Academy @ DC Jail is an alternative school for young adults housed within DC Jail's Central Detention Facility. With the high volume of arrests and other public safety incidents coded to this location, it could not be determined whether they were related to the school or the correctional facility, and therefore this location was excluded. Additionally, the Petworth Library at 4200 Kansas Ave NW falls within the grounds of MacFarland Middle School/Roosevelt High School. Incidents that occurred at the library were excluded.

A manual review of all arrests as well as of stops that had something other than "School" as part of the event location type was conducted to ensure as much accuracy as possible.

During SY24-25, 30 individuals age 21 or older were arrested at an address matching a schoolground polygon. Of those, 23 arrests were determined to be related to the school in some way, and 7 were not.

During SY24-25, 95 stops of individuals age 21 and older were made at a location matching a schoolground polygon. Of these, 44 stops were determined to be related to a school and 51 were not.

172. *Provide an update on MPD's role in the implementation of the Juvenile Curfew Enforcement Pilot as well as the implementation of the Juvenile Curfew Emergency Amendment Act passed this Council Period. How many youth has MPD made contact with during these programs?*

During both the Juvenile Curfew Enforcement Pilot and the Juvenile Curfew Emergency Amendment Act legislation, officers have participated by engaging with youth found in violation of the curfew, dispersing them when appropriate, and conducting compliance checks in designated zones

MPD enacted 11 Juvenile Curfew Zones (JCZs) in 2025 (in addition to the four zones enacted through the Mayor's Order during the weekend of November 1-2). Of the 15 total

zones, officers encountered 18 youth who were in violation of the zone and would not come into compliance: 14 in the U Street zone declared under the Mayor's Order on November 1-2, and five youth in the U Street JCZ on November 29-30.

No youth were arrested for any offense in any of the curfew zones during the extended hours.

a. How many youth have been brought to the Youth Services Center (YSC) in FY 2025 and FY 2026, to date, due to enforcement of the juvenile curfew?

A total of 126 youth were transported to the Youth Services Center in CY2025 and one in 2026 (as of January 29).

173. Please provide a chart of all curfew violations for Fiscal Year 2025 and so far in Fiscal Year 2026, broken down by time of day and whether those violations occurred in a designated curfew zone.

Calendar Year 2025 Curfew Violations			
Hour	# Curf Viol	# in Mayor's Order Zone	# in JCZ
2100h	3	0	3 (U St, 11/15-16)
2200h	33	14 (U St, 11/1-2)	2 (U St, 11/15-16)
2300h	40	0	0
0000h	88	0	0
0100h	61	0	0
0200h	35	0	0
0300h	15	0	0
0400h	4	0	0

Oversight, Accountability, and Reporting (Questions 174-187)

174. Please provide the number of FOIA requests for FY 2025 and FY 2026 to date that were submitted to your agency. Include the number granted, partially granted, denied, and pending. In addition, please provide the average response time, the estimated number of FTEs required to process requests, the estimated number of hours spent responding to these requests, and the cost of compliance.

The numbers below represent the figures at the end of the given fiscal year. Figures for FY26 are as of January 28, 2026. BWC redactions are not included in staff salaries. Staff costs for processing and responding to FOIA requests for BWC footage are not tabulated (or tracked) separately from the costs of processing and responding to FOIA requests for other MPD records, e.g., police reports. All MPD FOIA Specialists process and respond to FOIA requests for BWC footage and process FOIA requests for other MPD records.

Category	FY25	FY26 (thru 1/28)
Total FOIA Requests Received	3678	1445
Total FOIA Requests Pending at Beginning of FY	18	61
Total FOIA Requests Pending at End of FY	61	134
Total FOIA Requests Closed	3369	1406

Category	FY25	FY26 (thru 1/28)
Total FOIA Requests Granted in Full	331	62
Total FOIA Requests Partially Granted	1080	346
Total FOIA Requests Denied	977	113
Total Duplicate Requests	N/A	N/A*
Total Requests Withdrawn	300	88
Total Requests Referred to Another Agency	186	25
Total Improper FOIA Request	N/A	N/A
Total Requests – No Records	178	141
Total Requests – Not Agency Record	N/A	N/A
Total Records – Not Reasonably Described	N/A	N/A
Total Records – Fee Related	N/A	N/A
Average Response Time (Days) – Simple Document Requests	N/A	N/A
Average Response Time (Days) – Complex Document Requests	N/A	N/A
Average Response Time (Days) – BWC Requests	N/A	N/A
Estimated number of hours spent responding to requests	21,280	7,040
Cost of Compliance (staff salaries plus cost of BWC redactions)	\$1,152,973.83	\$ 426,788
Estimated number of FTEs required to process FOIA requests	11	11

**The District implemented a new FOIA Management system (GovQA) in June 2024, and these fields, designated as “N/A” are not captured in the new system.*

- 175. How many FOIA requests to MPD are currently open? Please list the number of requests by age, including how many each are older than 90 days, 6 months, 1 year, and 2 years old or older for FY 2026 to date.**

Open FOIAs (as of 1/28/26)

Time Frame	Count
Older than 90 days	11
Older than 6 months	112
Older than 1 year	8
Older than 2 years	3
Total	134

- 176. What percentage of FOIA requests have been denied in FY 2025 and so far in FY 2026?**

In FY25, 26 percent of requests were denied, and 8 percent so far in FY26.

- 177. How many sworn officers were given notice of an adverse action, by fiscal year, in FY 2024 through FY 2026 to date?**

In CY2025, 271 members were issued a notice of adverse action and in 2025 306 members were issued a notice of adverse action.

- a. What was the reason for the adverse action (e.g., excessive force, arrest for criminal offense, violation of MPD policy)?**

Member disciplinary action can vary based on a variety of violations which can encompass administrative charges such as: Violation of Orders and Directives as issued by the Chief

of Police; Conduct detrimental to the reputation and order of the force; Neglect of Duty; and Conduct Unbecoming.

b. Was the conduct giving rise to the adverse action committed while on duty?

Members can commit violations of MPD policy in either on-duty or off-duty circumstances. Adverse Action discipline is issued in accordance with [GO 120.21 \(Code of Conduct\)](#) regardless of whether the misconduct occurred on or off duty.

c. What was the adverse action imposed?

Please refer to the response to question 178.

178. Please describe each instance in which MPD sought to discipline MPD personnel via adverse action in FY 2025 through FY 2026 to date, and for what reason(s).

The requested information is being compiled and will be provided as soon as possible.

a. Please describe each instance in which the Adverse Action Panel, trial board, or another entity responsible for reviewing proposed adverse actions departed from an MPD recommendation and the reason for that departure for FY 2025 through FY 2026, to date.

There was only one instance from FY25 to present (January 2026) wherein the Adverse Action Panel, trial board, or other entity responsible for reviewing proposed adverse actions departed from an MPD recommendation. Case DRD# 196-24, went before an Adverse Action panel for proposed termination. The panel found the member Not Guilty under two of the specifications with respect to the most serious administrative charge. The panel recommended a 50-day suspension and demotion in rank instead of termination.

b. Please indicate how many MPD personnel were dismissed or voluntarily resigned due to misconduct allegations or proceedings.

In CY25, there were 46 retirements, resignations, or terminations following an adverse action.

179. Please provide aggregate data on the number of use of force reviews, outcomes or dispositions, and adverse action or discipline imposed for FY 2024 through FY 2026 to date.

It's important to note that a use of force incident can involve multiple members and multiple types of force used. Therefore, the number of dispositions and findings will be greater than the number of unique incidents. That said, discipline is issued to the individual officer even if the officer used multiple types of force or engaged in multiple policy violations. The total number of Disciplinary Review Board penalties may then be fewer than the number of findings.

During CY2024 the Use of Force Review Board (UFRB) reviewed 117 uses of force involving 179 members. There was a total of 259 UFRB findings. Of those, 23 were found to be not justified or a violation of MPD policy, and the Disciplinary Review Division (DRD) assessed discipline to seven officers. The dispositions of these cases are listed below.

DRD #	Unjustified Use of Force	Final Penalty
0582-23	Service Pistol Discharge	Suspension; 30 days total; 25 days suspended without pay (SWOP); 5 days held in abeyance
0625-23	ECD Deployment	Education Based Development
0364-24	Hand Controls	Suspension; 9 total, plus training
0136-24	Straight Strike (First & Second)	Education Based Development
0365-24	Hand Controls	Suspension; 7 total, plus training
0805-23	ECD Deployment & Neck Restraint	Suspension; 4 SWOP
0797-23	ECD Deployment (Cartridge 1 and 2)	Suspension: 30 days suspension (24 days SWOP + 6 Days Held in abeyance for 1 year)

During CY2025 UFRB reviewed 63 uses of force involving 57 members. There was a total of 115 UFRB findings. Of those, seven were found to be either not justified or a violation of MPD policy and six officers received discipline imposed by DRD. One case is currently under appeal. The dispositions of these cases are listed below.

DRD#	Unjustified Use of Force	Final Penalty
0095-25	Negligent Discharge - Glock 17	12 Day suspension (2 days SWOP + 4 Days Leave forfeiture + 6 Days held in abeyance for one year)
0096-25	Knee Strike to Handcuffed Subject	Suspension; 3 days leave forfeiture + 3 held, plus training
0291-25	Vehicular Pursuit (Fatality)	Suspension; 30 days total; 10 days SWOP; 10 Days leave forfeiture; 10 days held in abeyance and training
0292-25	Hand Controls with Injury	Suspension: 30 total; 10 SWOP; 10 leave forfeiture; 10 held in abeyance
0306-25	Negligent Discharge of an Evidentiary Weapon	No discipline – Member Separated
0344-25	Straight Strike (One, Two and Three)	Total Suspension; 15 days; 10 SWOP + 5 held and training

180. How many sworn officers were arrested, by fiscal year, in FY 2025 through FY 2026 to date?

Twenty-one members were arrested in CY2025, and three members have been arrested in CY2026 to date (through 1/27).

a. How many were on duty at the time of their alleged offense?

One member was on duty.

b. How many were ultimately convicted of the conduct for which they were arrested? For which offense(s)?

Five were convicted:

- Impaired driving: 3
- Speeding: 1
- Carrying a gun without a license (Attempted): 1

c. Please indicate whether the Department pursued adverse action against the officers, and the status of the proposed adverse action.

Adverse actions were pursued against all 21 members. Eight investigations have been closed and 13 are open as of January 27, 2026.

181. Please provide an update on the status of MPD's investigation into each shooting of an individual by a sworn officer in FY 2025 and FY 2026 to date, including the investigation's anticipated completion date, any findings, and the employment status of the officer(s).

The status of each investigation in calendar year 2025 and 2026 (through 1/27) is below:

Incident Date	Injury Type	Findings	Completion Date	Officer Status
10/15/2024	Non-fatal	Not Justified	2/10/2025	Employed, Full Duty
1/13/2025*	Fatal	Justified	7/31/2025	Employed, Full Duty (3), Sick Leave - Injured in Incident (1)
2/18/2025	Fatal	Justified	6/30/2025	Employed, Full Duty
2/18/2025	Miss	Justified	6/30/2025	Employed, Non-Contact**
3/1/2025	Non-fatal	Justified	10/2/2025	Employed, Full Duty
6/14/2025	Miss	Not Justified	11/5/2025	Employed, Full Duty
9/16/2025	Fatal	Pending	Pending	Employed, Full Duty
11/14/2025	Fatal	Pending USAO Review	Pending USAO Review	Employed, Full Duty
11/17/2025	Fatal	Pending USAO Review	Pending USAO Review	Employed, Full Duty
1/18/2026	Non-fatal	Pending USAO Review	Pending USAO Review	Employed, Non-Contact

*This investigation was of four officers. Three are fully duty and one is on sick leave.

** The non-contact status relates to another matter.

182. How many special police officers are currently appointed by the Mayor under the Mayor's authority permitting the appointment of special police officers? Please explain the specific duties of these special police officers and the average number of days in which officers were employed by the District for this purpose in FY 2025 and FY 2026, to date.

The Department of Licensing and Consumer Protection (DLCP) is the primary regulatory agency for special police officers in the District of Columbia pursuant to authority set forth in D.C. Official Code § 5-129.02, Mayor's Order 2022-024 and Mayor's Order 2022-149. Special police officers are commissioned pursuant to rules promulgated in chapter 6-A11 of Title 6 in the District of Columbia Municipal Regulations. Please refer to DLCP for additional information.

183. *Using stop data collected pursuant to the NEAR Act, please provide the following information for FY 2025 and FY 2026 to date:*

The answers to these questions reflect data collected on stops made between January 1 – June 30, 2025. As of January 16, 2026, stop data for the second half of 2025 is still being generated.

a. How many, and what percentage of, stops resulted in the seizure of any weapon, and how many specifically resulted in the seizure of a firearm?

During the first half of 2025, one or more guns were recovered in 2.4 percent of stops. As a result, MPD was able to remove 1,341 illegal and dangerous guns from District streets. Although guns are recovered in a low proportion of stops, 73 percent of all guns recovered during the first six months of calendar year 2025 were related to a stop. (The overwhelming majority of stops – or of police interactions of any kind – are not related to violent crime or gun possession, so it would be misleading to characterize stops as ineffective if they do not result in the recovery of a gun.)

For a variety of reasons, MPD is not able to reliably tie other specific weapon types to stops at this time.

Notes:

- In order to accurately capture both the number of stops involving the seizure of a firearm and the number of actual firearms recovered during stops, MPD uses data from multiple sources including the stop dataset and firearms recovery dataset from its record management system (RMS).
- One stop can involve the recovery of multiple types of property. More than one gun or other weapon may have been recovered in a single stop.

b. How many, and what percentage of, stops did not result in a warning, ticket, or arrest? Please break down your response by the race/ethnicity of the subject.

In 8,233 stops (20%), during the first half of CY25, MPD did not issue a warning ticket, actual ticket, or make an arrest. However, contrary to how these are sometimes perceived or portrayed, this does not mean that the stop was inappropriate.

MPD members make stops to investigate a violation or crime. About 56 percent of stops made in the first half of CY25 was a traffic stop, mostly where an officer has seen a traffic violation, or is responding to a call for service or a crash. In contrast, non-traffic stops are conducted to determine if an officer has probable cause to make an arrest – in other words to investigate a crime, often that the officer did not see. During the first half of 2025, 41 percent of all non-traffic stops were in response to a call for service – in other words, something that an officer did not necessarily directly observe.

When an officer investigates, they may determine that no crime was committed or that the person stopped was not involved in the crime. In some circumstances, an officer may

determine that a crime was committed but may use their discretion to resolve without making an arrest. For example, with some shoplifting, survival theft, or trespassing, the proprietor may decide to issue a barring notice in lieu of an arrest. Or an officer may observe a drug transaction and only arrest the seller and not the purchaser. MPD has also been training officers for more than a decade that many disorder issues may be better resolved through education, mediation, or a referral for services. All of these may be more positive outcomes than an arrest.

Stops that resulted in neither an arrest nor a ticket (by race/ethnicity):

Race/Ethnicity	Total
American Indian/Alaska Native	4
Asian	23
Black	6,853
Hispanic	496
Multiple	131
Native Hawaiian/Pacific Islander	2
Other	34
Unknown	258
White	432
Total	8,233

- c. *How many, and what percentage of, stops involved a subject that was less than 18 years of age?*
- i. *Of those stops, how many resulted in the subject being searched?*
- ii. *Please break down your response by the race/ethnicity of the subject.*

Of the total number of stops conducted during this time frame, 2,276 or 5.6 percent, involved individuals under age 18. Of these, 424 stops involved a search or protective pat-down of person or property, for a total of 389 searches of a person conducted and 74 searches of property conducted. One stop can involve multiple types of searches.

Stops of Youth Involving Searches

Race/Ethnicity	Of a Person	Of Property
Asian	0	0
Black	365	65
Hispanic	9	2
Multiple	5	0
Unknown	6	2
Other	0	0
White	4	5
Total	389	74

184. *Please provide copies of all reports made pursuant to D.C. Official Code § 5-331.16(a) regarding riot gear use and the use of large-scale canisters of chemical irritants from FY 2025 through FY 2026 to date. If there are any uses of riot gear or large-scale*

canisters of chemical irritants for which a report is not available, please provide a table containing the dates, times, and locations of their use.

MPD did not use riot gear or large-scale canisters of chemical irritants in 2025 or 2026 to-date (as of January 27).

- 185. Please provide a table of all complaints received from FY 2025 and FY 2026 to date regarding the use of riot gear, rubber bullets, pepper spray, tear gas, chemical irritants, and any other protest control devices/weapons or tactics.**

There were no complaints received in calendar year 2025 or in 2026 (through 1/27) regarding the use of riot gear, rubber bullets, pepper spray, tear gas, chemical irritants, and any other protest control devices/weapons or tactics.

- 186. Please provide a list of all incidents where MPD personnel faced discipline in FY 2024, FY 2025, or FY 2026 to date based on a judge's finding that the officer violated the constitution. Please specify the case number for the case where the judge found the constitutional violation and the discipline imposed on the officer based on the violation.**

In 2022 CF2 006988, a judge found that officers lacked reasonable suspicion to stop a suspect who had fled from them but rejected the suspect's request to suppress a "ghost gun" recovered in the suspect's flight path. The members received additional training.

In 22-CR-219, a judge found that an officer lacked reasonable suspicion to stop an armed suspect who possessed narcotics who had fled from him. The member received a one-day suspension and additional training.

- 187. How many citizen complaints about MPD officers have been filed to MPD since August 11, 2025? Please list the topic of the complaints/allegations with the number of complaints associated with each topic.**

The table below reflects the citizen complaints filed from August 11, 2026 to-date (through January 16, 2026).

Investigation Allegation	Count
Abuse of Authority	3
Bias/Discriminatory	16
Conduct Unbecoming	14
How Am I Driving	14
Demeaning Language	104
Excessive Force/Use of Force/Unnecessary Force	26
Fail to Take Police Report	20
Failure to take Proper Police Action	7
Harassment	143
Illegal Search	1
Mishandling Property	1
Failure to Provide ID	11

Investigation Allegation	Count
Order/Directives Violation	2
Poor/lack of Police Service	102
Racial Profiling	0
Rude/Unprofessional	28
OPC Conduct	29
Willfully Disobeying Orders	1
TOTAL	522

Specific Incidents (Questions 188-191)

- 188. *What is the status of the Internal Affairs investigations into the incident on Benning Road, on October 17, 2025, in which a Homeland Security Investigations (“HSI”) officer shot at a driver?***

US Attorney Pirro for the District of Columbia has declined to prosecute the officer in this incident, so it has been turned over to HSI to address as an administrative manner.

- 189. *What is the status of the Internal Affairs investigations into the incident on Benning Road, on November 13, 2025, in which an HSI officer shot at a driver?***

US Attorney Pirro for the District of Columbia has declined to prosecute the officer in this incident, so it has been turned over to HSI to address as an administrative manner.

- 190. *Public witnesses at the December 4 JPS hearing discussed the incident at the DC Bilingual Public Charter School on September 25, 2025, where an MPD traffic stop turned into an immigration arrest. In several videos of the interaction, MPD appears to be working alongside several federal agents. Please explain under what authority MPD continued to engage in the interaction once the engagement stopped pertaining to a traffic stop and turned into federal immigration enforcement.***

MPD was working alongside federal partners for the DC Safe and Beautiful Task Force. While there is no specific authority requiring MPD officers to stay on the scene, officers may remain for a variety of lawful reasons. For instance, they help promote officer and public safety. To that end, MPD uses body-worn cameras (BWCs) to enhance community trust and as an accountability mechanism for documenting these kinds of incidents. The Department did open three investigations related to this incident, two of which remain open. The other case was closed by OPC via mediation.

- 191. *A public witness at the December 4 JPS hearing testified that on September 5, 2025, MPD and federal officers blocked an intersection in ANC 7C06 and alleged that the officers subsequently harassed attendees of a community cookout. Please provide additional information about this incident, including the purported reason for blocking the intersection and stopping to engage with community members at this event.***

The Department has not been able to corroborate that MPD was involved in this incident. Records for the MPD units that would have been most likely to have had a presence in the

Sixth District on September 5, 2025, have been reviewed and nothing of that nature was noted. This was during the White House’s declared crime emergency (August 11 – September 10, 2025) so it is possible that federal law enforcement was operating without MPD participation. If more information is provided, the Department can continue to try to identify any involvement in the incident.

Requests for Criminal Arrest Histories (Question 192)

192. Regarding requests for criminal arrest histories:

- a. *How many requests for police clearances and arrest histories did the agency receive in FY 2025 and FY 2026 to date?*
- b. *How many requests does the agency fulfill within two weeks for police clearances and within three weeks for arrest histories? What are the common reasons for delays in completing these requests within these timeframes?*

	2025	2026*
# Police Clearance Requests	18,200	966
# Completed w/in 2 Weeks	14,652	612
# Arrest History Requests	1,620	78
# Complete w/in 3 Weeks	1,205	21

*Through January 21, 2026

Capital Budget Investments (Questions 193-195)

193. In the Fiscal Year 2026 budget, the Mayor and the Council invested \$25,000,000 in FY 2026 to support the design and construction of a new 7th District Headquarters. Please provide an update on how these funds have been used so far in FY 2026 and what progress has been made.

The design process is roughly 90 percent complete. A general contractor was selected in December 2025. The Department is currently working with the design on protective and security design features and storage space needs and configurations.

194. The Committee made an enhancement to MPD’s capital budget by \$1,591,815.90 in FY 2026 and an additional \$952,467.97 across the financial plan for the renovation of the training academy facility. Please provide an update on how these funds have been used so far in FY 2026 and what specific projects will be fulfilled due to these funds in FY 2026.

The capital project for the joint MPD-Fire and Emergency Medical Services training academy is underway. The purchase order for the next phase of planning was issued in the first week of January and the design plans are in development. The project will require additional design phases and funding, which will take years to secure and complete.

MPD conducted a walk-through of the site with the Department of General Services (DGS) in January. During the visit, the Department identified several areas—mechanical, electrical, and plumbing—for improvement, which will require an additional cost assessment and prioritization plan.

195. The FY 2026 capital budget also included significant investments in vehicle replacements for MPD. Please provide an update on which vehicles have been ordered and received thus far in FY 2026 and which vehicles the Department plans on purchasing in FY 2026.

The FY2026 capital budget allotted for the ordering and specialty upfitting of 184 MPD police cruisers. The vehicles should arrive before the end of FY26, as FY25 orders are still being received due to factory build-out time.

Additionally, multiple specialized vehicle purchases have been authorized for FY26, including:

- Total Containment Vessel and a Response Vehicle for the Explosive Ordinance Disposal Unit: The Department is working with the manufacturer to determine whether the current unit can be rebuilt with modern components, which could save significant funds.
- Armored Personnel Carrier: Procurement in process.

Fines and Fees (Questions 196-197)

196. How much revenue comes from criminal and/or legal fines and fees? What are those funds being used for in MPD's budget?

As an initial matter, it is important for the community to know that there is no monetary incentive for any MPD enforcement efforts. MPD receives no funding or benefit from any fines for criminal offenses or civil violations. These are generally collected by the agency that adjudicates the offense or violation.

Per the OCFO, MPD collects local non-tax revenue associated with fingerprinting, reproduction of reports, transcription of records, and fees for firearm registration or concealed carry licensing. These fees are deposited into the District's General Fund; they are not used by MPD. The table below shows amounts collected for the "Charges for Services" Account Group 621100C in FY25 and FY26 (through Dec).

Account	Account Description	FY2025	FY2026 (through Dec)
6211008	Fingerprints, photos	\$839,599	\$175,575
6211017	Reproduction of reports	\$26,145	\$7,130
6211022	Transcription of records	\$123,498	\$34,505
6211026	Firearm user fee	\$605,930	\$146,227
Total		\$1,595,172	\$363,437

197. What government programs were funded in the Fiscal Year 2026 budget from the fees collected from traffic stops?

As noted in response to question 196, MPD does not receive any funding for fees or fines collected from traffic stops.

Use of Artificial Intelligence (Questions 198-203)

- 198. *Please list all software or programs used by MPD that utilize artificial intelligence or machine learning technologies.***

As MPD continues to modernize and leverage technology to combat crime, the department must ensure that its data platform evolves in tandem with the investigating techniques to solve crime. In compliance with Mayor's Order 2024-028 "*Articulating DCs Artificial Intelligence Values and Establishing Artificial Intelligence Strategic Benchmarks*," MPD obtained conditional approval from the Office of the Chief Technology Officer and the AI Taskforce on January 6, 2026, to deploy an MPD Data Platform that leverages Axon Fusus, to modernize situational awareness, incident response, and investigative outcomes for MPD. In MPD's Real-time Crime Center, the MPD Data Platform would integrate video, cameras, dispatch data, license plate reader (LPR), geospatial information systems (GIS), and digital evidence into a real-time intelligence platform. MPD will develop and implement policies and trainings before launching any of these tools, to ensure appropriate controls are in place.

- 199. *Please list which units, divisions, or roles within the department use AI-enabled tools, and for what primary purposes.***

The Office of Communications uses Adobe Creative Cloud Suite of applications (Photoshop, InDesign and Illustrator) in its graphic design work. The primary use is to expand photos of homicide decedents for the reward fliers. They are also utilized to touch up photographs for digital and print products.

- 200. *Please list all contracts and provide copies of contracts in place between MPD and contractors concerning the purchase, lease, or use of artificial intelligence or machine learning technologies.***

At this time, no contracts are in place.

- 201. *Please describe any testing, validation, or audit processes which were conducted before deployment of artificial intelligence or machine learning technologies to assess accuracy or bias.***

The Department has not conducted any such testing or validation.

- 202. *Have any independent third-party audits been completed regarding racial, gender, or geographic bias in Artificial Intelligence or Machine Learning tools? If yes, please provide copies.***

The Department has not commissioned any such audits.

- 203. *Please provide copies of any policies in place to prevent AI-generated information from being used as the sole basis for stops, searches, arrests, or use-of-force decisions.***

MPD abides by [Mayor's Order 2024-028 \(Articulating DC's Artificial Intelligence Values and Establishing Artificial Intelligence Strategic Benchmarks\)](#) regarding the use of AI technology. MPD does not use AI-generated information when conducting stops, searches, arrests, or when making use of force decisions.

I hope this information is helpful. Please do not hesitate to contact me with any further questions.

Sincerely,

A handwritten signature in black ink that reads "Jeffery W. Carroll". The signature is written in a cursive, flowing style.

Jeffery W. Carroll
Interim Chief of Police

cc: Muriel Bowser, Mayor
Lindsey Appiah, Deputy Mayor for Public Safety and Justice

Recommendations	Agency Action Reported Status	Action Dates, As Appropriate	Action Description / Explanation
NEAR Act Police Reforms Advance Procedural Justice but Data Initiatives Stall (September 14, 2023)			
1. MPD should convene a Community Policing Working Group of 10 to 15 members to operate on a continuous basis and examine national best practices in community policing.	Not Yet Started	Click or tap to enter a date.	Note: Chiefs Lanier, Newsham, and Contee all convened a Community Policing Working Group and issued reports from the groups, but they were not permanent working groups. The Chief of Police already hears regularly from many community groups, including a permanent Chief's Advisory Council.
2. The Community Policing Working Group should appoint its own leaders and create its own work plan in consultation with the Metropolitan Police Department.	Not Yet Started	Click or tap to enter a date.	Please see above.
Vision Zero Part II: Improvements Underway on Enforcement and Equity (June 5, 2024) All Recommendations Were Implemented			
MPD Needs Improved Data Analysis, Targeted Deployment, and More Detectives (September 12, 2024)			
1. Develop a workload-based staffing model for the Department consistent with the methodology of the current short-medium-and long-term workload requirements including: • The PS portion of the new model that allocates officers and professional staff to districts and shifts that reflect area needs, including the types and volumes of community service calls, crimes, and proactive policing functions. • The ISB portion of the new model that distributes Detectives within ISB based on the workload inputs described in the Study and additional inputs based on department and community needs. All portions of the new model ensure work-based inputs are based on complete and available data, less reliant on the assumptions of Bureau personnel, and Incorporate other recommendations that follow.	Not Yet Started	Click or tap to enter a date.	A staffing realignment is a major, year-long project, and the Department is not currently engaged in one. When one is planned, these recommendations on methodology will be considered.
4. Track the number of unique instances and hours for all personnel associated with each hospital guard detail in a manner sufficient for ongoing reporting (in aggregate) and analysis.	In Progress	Click or tap to enter a date.	The Department had started this project in 2025, but due to staffing departures, work on it had been paused. The new Chief Information Officer started in October 2025. This project will be among the key initiatives for his review and attention.

Recommendations	Agency Action Reported Status	Action Dates, As Appropriate	Action Description / Explanation
5. Update General Order 502-07 (Medical Treatment and Hospitalization of Prisoners) to reflect MPD and DOC protocol changes.	In Progress	10/7/2025	The draft order is being reviewed by the union.
6. Develop a plan for collecting standardized personnel and time usage data necessary for a comprehensive assessment of the Department's current workload-based components (e.g., HSB operations, hospital guard duties, and juvenile transports, report writing time, use of two officer units, time spent per ISB case, number of ISB case-related interviews and time spent per interview).	In Progress	Click or tap to enter a date.	The Department had started this project in 2025, but due to staffing departures, work on it had been paused. The new Chief Information Officer started on October 20, 2025. This project will be among the key initiatives for his review and attention.
9. Increase the proportion of professional staff (not including Cadets) from 14% to 20% 24 giving particular attention to increasing professional staff use in PS and ISB.	In Progress	Click or tap to enter a date.	For more than two decades, MPD has supported civilianization to reduce reliance on sworn members in non-operational roles and professionalize certain functions. However, when challenging budget cycles occur, funding for civilian positions is, understandably, targeted before sworn positions. For instance, in FY25 when House budget actions led to a hiring freeze for DC government, 43 of the 100 civilianization positions in MPD's FY25 budget were eliminated. MPD will continue to look for opportunities for civilianization each budget, but opts not to tie itself to unrealistic goals.
13. Collect data that allows a thorough, ongoing assessment of how often and how long members from each bureau are assigned to Homeland Security Bureau (HSB) Special Operations and other HSB short-term details.	In Progress	Click or tap to enter a date.	The Department had started this project in 2025, but due to staffing departures, work on it had been paused. The new Chief Information Officer started on October 20, 2025. This project will be among the key initiatives for his review and attention.
14. Develop a data-based assessment of long-term HSB staffing needs that minimizes dependence on personnel from other bureaus and resulting impact on the work of other bureaus.	In Progress	Click or tap to enter a date.	The Department had started this project in 2025, but due to staffing departures, work on it had been paused. The new Chief Information Officer started on October 20, 2025. This project will be among the key initiatives for his review and attention.
MPD Policies Curb Influence from Hate Groups March 18, 2025			
8. MPD should update GO 120.28's SSP Indicator Chart, to include OPC allegation categories.	Not Yet Started	Click or tap to enter a date.	The Department is replacing its Personnel Performance Management System (PPMS) and is holding policy changes until the new system is in place.

Recommendations	Agency Action Reported Status	Action Dates, As Appropriate	Action Description / Explanation
9. MPD should update the SSP system's indicator points for OPC sustained allegations to match the GO's SSP Indicator Chart.	Not Yet Started	Click or tap to enter a date.	The Department is replacing its Personnel Performance Management System (PPMS) and is holding policy changes until the new system is in place.
10. MPD should develop policies and procedures for documenting completed training and MPEAP sessions that include where the documentation should be retained and for how long.	Not Yet Started	Click or tap to enter a date.	Since the new system may facilitate tracking this, policy changes are not being considered until it is implemented.
MPD and the Use of Deadly Force: The Karon Hylton-Brown Case July 23, 2025			
6. The Implementation of UFRB Recommendations Should Be Tracked	In Progress		This recommendation was premised on the audit's incorrect assumption that because a UFRB recommendation was not implemented (in this case a change to our vehicle pursuit policy), it was not tracked. On the contrary, the recommendation was reviewed but not implemented because it was redundant with existing policy, GO 201.26 (Code of Conduct). However, we will be adding language to GO 901.07 (Use of Force) to codify that UFRB recommendations will be tracked by MPD's Risk Management Division.

THIS PAGE INTENTIONALLY LEFT BLANK

FY	OPC Report	OPC Recommendation	MPD Update
FY23	Presidential Executive Order 14074, 2/3/23	Although MPD has already established a robust policy for interactions with individuals suffering from mental health crises, including the establishment of its Crisis Intervention Officer program, MPD should continue to enhance its policy by reviewing and incorporating the best practices recommended by the Attorney General once they are disseminated.	Agree in Part. In Progress. The presidential executive order was rescinded on January 20, 2025. The DOJ and Department of Health report provides recommendations for law enforcement, as well as other government entities. MPD's practices align with a number of the law enforcement recommendations and will be bolstered when we publish our revised policy on interacting with individuals with physical and mental disabilities.
FY23	Policies and Procedures for Appropriate Use of Handcuffs During Investigatory Stops, 9/27/23	MPD must create a standalone general order on handcuffing. Consolidating and supplementing handcuffing guidance from the aforementioned MPD general orders into a single document will ease accessibility and provide instructions to help officers determine when it is reasonable to handcuff individuals. This general order should amalgamate instructions from other MPD general orders on handcuffing special populations such as mental health consumers, juveniles, pregnant, and physically handicapped individuals. Officers will be able to reference a single document for procedural instruction. This will alleviate confusion and allow for more seamless interactions with community members.	Agree in Part. In Progress. MPD is updating GO 304.10 (Field Contacts, Stops, and Protective Pat Downs) to include additional guidance on the use of handcuffs during stops.
		MPD should train officers on the new general order and other related guidance to ensure that officers understand when it is appropriate to apply handcuffs. The OPC cases indicate that MPD either does not provide training to its officers regarding when handcuffing is reasonable, or officers are generally unaware of such training. Training new and veteran officers would provide much needed clarity to officers regarding the appropriate use of handcuffs. MPD can accomplish this with roll-call training and by updating its training for new recruits.	Agree. In Progress. MPD will provide refresher training to members on handcuffing upon publication of the revised general order and will include the procedures for stops, as well as handcuffing persons with mental and physical disabilities, juveniles, and pregnant women in the training.
CY23	Use of Force Report	1. MPD should re-administer the mandated Use of Force Training to all officers who receive sustained allegations of unnecessary or excessive force. Although the Use of Force Review Board (UFRB) did not recommend all members who received unjustified determinations to receive use of force training, OPC encourages MPD to provide remedial or alternative training for these officers to prevent them from engaging in additional unjustified use of force incidents in the future.	Agree. In Progress. MPD agrees that officers found by the UFRB to have engaged in unjustified or excessive force should receive follow-up training in the form of an individualized scene review conducted by the Metropolitan Police Academy. Scene reviews allow tailored discussion and instruction based on the specifics of the use of force incident. MPD is adding this requirement to GO 901.07 (Use of Force).
FY24	Improved Guidance on Involuntary Emergency Hospitalization Procedures, 8/29/2024	1. MPD should update General Order 308.04 to include detailed guidance for members on recognizing signs of mental health crises, interacting with mental health consumers, when and how to lawfully detain someone for emergency hospitalization, and the liberty interests of those involuntary hospitalized. The updated version should include the exact language from D.C. Code Title 21, Chapter 5, Subchapter III. Emergency Hospitalization., and the FD-12 form, and should provide relevant definitions. Officers will then be able to	Agree in Part. In Progress. MPD is updating GO 308.04 (Interacting with Mental Health Consumers). We will ensure that all language regarding involuntary commitments is consistent with the DC Code, as well as with the courts' interpretations of that language. However, the FD-12 form is available to members via the MPD intranet and will not be included in the general order.

FY	OPC Report	OPC Recommendation	MPD Update
		reference a single document for procedural instruction. This will alleviate confusion and allow for more seamless interactions between officers, community members experiencing mental health crises, and their families.	
		2. MPD should provide updated training for all members to ensure they are familiar with the changes made to General Order 308.04. This can be accomplished through roll call training and by updating MPD's training for new recruits. MPD can also include a training module or add to an existing module on mental health at its annual professional development training.	Agree. In Progress. MPD will provide training to members on the updated GO 308.04 once it is published.
FY24	Differentiating Field Contacts from Investigatory Stops, 9/24/2024	1. MPD should add additional guidance to General Order 304.10 regarding specific police actions, suspect characteristics, and other factors that distinguish field contacts from stops. Furthermore, MPD should ensure the additional guidance is consistent with D.C. case law. The law in the District of Columbia is clear: when officers initiate encounters by surrounding citizens with either police vehicles or bodies, and subject citizens to repeated, insistent, or implicitly accusatory questioning, those encounters are not field contacts; they are stops. ²⁹ Training should reiterate that the distinction between a field contact and a stop depends on whether, under the particular circumstances, an individual could reasonably perceive that he or she is not free to leave the member's presence. Adding guidance from D.C. case law into General Order 304.10 would provide officers with factors that may differentiate a consensual encounter from a seizure, the latter requiring reasonable, articulable suspicion.	Agree in Part. In Progress. MPD is updating GO 304.10 (Field Contacts, Stops, and Protective Pat Downs) to include enhanced guidance on distinguishing contacts from stops and recent case law. Additionally, MPD devoted significant resources in 2024 and 2025 to providing members with the most current guidance on the Fourth Amendment including over a dozen roll call trainings on the Fourth Amendment, as well as training bulletins on recent court decisions.
		2. MPD should provide training to all sworn officers on the updates to GO 304.10. The OPC cases listed above indicate that MPD does not provide adequate training to its officers regarding the distinction between field contacts and stops. When MPD officers are unable to make this distinction accurately in the field, they run the risk of violating citizens' constitutional rights, and they risk overturned convictions tainted by unlawfully obtained evidence. ³⁰ Training new and veteran officers would provide much needed clarity to officers in the field. MPD can accomplish this by updating its training for new recruits and with roll-call training and annual professional development training.	Agree in Part. In Progress MPD will provide training to members on the updated GO 304.10 once it is published. However, as noted above, MPD devoted significant resources in 2024 and 2025 to providing members with the most current guidance on the Fourth Amendment.
FY24	Improved Guidance on Protective Pat Downs, 9/24/2024	2. MPD should reinforce to its members that General Order 304.10 requires officers to remove bags that are immediately separable from an individual before performing a frisk. The OPC cases indicate that MPD officers are generally unaware of the policy to remove immediately separable objects from individuals that are stopped. MPD can remind officers of this policy by including it in training for new recruits and with roll-call training and annual professional development training for more experienced officers.	Agree in Part. In Progress. In our draft update to GO 304.10, we are clarifying that if a member has sufficient reasonable suspicion to conduct a pat down, the pat down may extend to any part of the person's clothing or accessories (e.g., jacket, bag) that reasonably could contain a weapon. The updated policy will no longer require the removal of bags that are immediately separable. As noted above, MPD will provide training to members on the updated GO 304.10 once it is published.
